**NOTES:**

1. Considering the present Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its circular dated May 5, 2020 read together with circulars dated April 8, 2020 and April 13, 2020 (collectively referred to as "MCA Circulars") permitted convening the Annual General Meeting ("AGM" / "Meeting") through Video Conferencing ("VC") or Other Audio Visual Means ("OAVM"), without the physical presence of the members at a common venue. In accordance with the MCA Circulars, provisions of the Companies Act, 2013 ('the Act') and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), the AGM of the Company is being held through VC / OAVM. The deemed venue for the AGM shall be the Registered Office of the Company.
2. Generally, a member entitled to attend and vote at the meeting is entitled to appoint a proxy to attend and vote on a poll instead of himself and the proxy need not be a member of the Company. Since this AGM is being held through VC / OAVM pursuant to the MCA Circulars, and SEBI Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated may 12, 2020, physical attendance of

members has been dispensed with. Accordingly, the facility for appointment of proxies by the members will not be available for the AGM and hence the Proxy Form and Attendance Slip are not annexed hereto.

However, in pursuance of section 113 of the Act and rules framed thereunder, the corporate members are entitled to appoint authorized representatives for the purpose of voting through remote e-voting or for participation and e-voting during the AGM, through VC/OAVM. Institutional shareholders (i.e. other than individuals, HUF, NRI etc) are required to send scan copy (PDF/JPG format) of the relevant board resolution/power of attorney/appropriate authorization letter together with attested specimen signature(s) of the duly authorized signatory(ies) who are authorized to vote, to the scrutinize through email at [lnjoshics@gmail.com](mailto:lnjoshics@gmail.com) with a copy marked to [helpdesk.evoting@cdslindia.com](mailto:helpdesk.evoting@cdslindia.com).

3. **Members attending the AGM through VC or OAVM shall be counted for the purpose of reckoning the quorum under section 103 of the Companies Act, 2013.**
4. An Explanatory statement pursuant to Section 102 of the Companies Act, 2013 (the "Act") in respect of item no. 3 of the notice set out above, is annexed hereto.
5. Register of Members and Share Transfer Books of the Company will remain closed from **23<sup>rd</sup> September, 2020 to 30<sup>th</sup> September, 2020** (both days inclusive)
6. The requirement to place the matter relating to appointment of Auditors for ratification by members at every Annual General Meeting is done away with vide notification dated May 7, 2018 issued by the Ministry of Corporate Affairs, New Delhi. Accordingly, no resolution is proposed for ratification of appointment of Auditors, who were appointed in the Annual General Meeting held on 28<sup>th</sup> September, 2019.
7. Details of Directors retiring by rotation / seeking appointment / re-appointment at the ensuing Meeting are provided in the "Annexure" to the Notice pursuant to the provisions of (i) the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and (ii) Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.
8. In terms of circulars issued by Securities and Exchange Board of India (SEBI), it is now mandatory to furnish a copy of PAN card to the Company or its RTA in the following cases viz. deletion of name, transmission of shares and transposition of shares.
9. In terms of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, securities of listed companies can only be transferred in demat form w.e.f. April 1, 2019, except in case of request received for transmission or transposition of securities. In view of the above, Members are advised to dematerialise the shares held in physical form.
10. Members who are holding equity shares in physical form are advised to submit particulars of their bank account, viz. name and address of the branch of the bank, MICR code of the branch, type of account and account number to our Registrar and Share Transfer Agent, Sarthak Global Limited, 170/10, Film Colony, R.N.T. Marg, Indore (MP) 452001.
11. In case of Joint-holders, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote during the AGM.
12. Members seeking any information with regard to the accounts or any matter to be placed at the AGM, are requested to write to the Company at least 10 days before the meeting (i.e. on or before September 20, 2020) through email on [anik@anikgroup.com](mailto:anik@anikgroup.com). The same will be replied by the Company suitably.
13. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Act, the Register of Contracts or Arrangements in which the directors are interested, maintained under Section 189 of the Act, and the relevant documents referred to in the Notice will be available electronically for inspection by the members during the AGM.
14. All documents referred to in the Notice will also be available electronically for inspection without any fee by the members from the date of circulation of this Notice up to the date of AGM. Members seeking to inspect such documents can send an email to [anik@anikgroup.com](mailto:anik@anikgroup.com).
15. In accordance with the MCA Circulars and the said SEBI Circular dated May 12, 2020, the Notice of the AGM alongwith the Annual Report of the Company for the financial year ended March 31, 2020, is being sent only through e-mail, to those Members whose e-mail addresses are registered with the Company or the Registrar and Share Transfer Agent (the "RTA"), i.e., M/s. Sarthak Global Limited or the Depository Participant(s). The Notice and the Annual Report for the financial year ended March 31, 2020 shall be available on the websites of the Company viz., [www.anikgroup.com](http://www.anikgroup.com) and of the Stock Exchanges where Equity Shares of the Company are listed. The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. [www.evotingindia.com](http://www.evotingindia.com).
16. Since the AGM will be held through VC or OAVM, no Route Map is being provided with the Notice.
17. (a) The amount of dividend that is unclaimed for a period of seven years are required to be transferred to the Investor Education and Protection Fund (IEPF) of the Central Government. The Company has transferred the unpaid or unclaimed dividends for the financial year 2009-10 to the Investor Education and Protection Fund (IEPF). No dividend has been declared by the Company after financial year 2009-10.  
(b) In compliance with the provisions of Sections 124 and 125 of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016 ('IEPF Rules') as amended from time to time, since no shares were eligible to be transferred, the Company has not transferred any shares to the IEPF Authority.

(c) Shares on which dividends remains unclaimed for seven consecutive years will be transferred to the IEPF as per Section 124 of the Companies Act, 2013 and the applicable rules. Members are advised to visit the web link: <http://www.anikgroup.com/Details%20of%20equity%20shares%20liable%20to%20transfer%20IEPF-Anik.pdf> to ascertain details of shares liable for transfer in the name of IEPF Authority.

18. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

## 19. Voting through Electronic Means (E-Voting) and E-Voting during AGM

Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations & Disclosure Requirements) Regulations 2015 (as amended), and MCA Circulars dated April 08, 2020, April 13, 2020 and May 05, 2020 the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. ### Segment-wise Business Performance:

#### Trading Business

On Trading business front the financial year under review was slightly disappointed as the turnover from this business decreased substantially, however, the losses booked in the financial year are also on higher side due to additional provisioning of receivables / advances considering the Covid-19 situation, as a precautionary measure your company prompted to increase the provision. However, your company is confident of recovering maximum part of the provision made from debtors / advances, in the times to come.

#### Real Estate Business

The real estate segment of your company has also performed satisfactory during the financial year 2019-20. The integrated township project 'Active Acres' at Kolkata by M/s. Mahakosh Property Developers, a partnership firm wherein your Company is partner with major stake, is continuously getting proper response from all segments of public even in the phase of recession in the real estate sector. Out of 6 residential towers, 5 towers have been completed and the 5<sup>th</sup> completed tower is also almost booked and process of handing over possession is in progress. Construction work of 6<sup>th</sup> tower is also in progress. Thousands of happy and satisfied customers are already residing in the township. In addition to that one Commercial Tower is also completed with approx. 240000 sq. ft. saleable area, various famous brands have already booked space in the said commercial building on lease/sale basis.

New project of the company comprising of service apartments and luxury residences in the name of 'One Rajarhat' at Kolkata with 320 apartments is performing well. Company has received a very good response and around 230 units have already been booked.

#### Mining Business

On Mining Business front, the year under review can be termed as satisfactory as the process of getting necessary permissions from forest and environment department for one major mineral mine having substantial area in Balaghat, MP, has further progressed, which your company expect to take atleast one more year subject to resuming of normal operations by Government Departments due to Covid-19. Thereafter, operations from the said mine can be started. Your Company is optimistic of overcoming these hurdles. Better profitability and turnover is expected from mining activities in future.

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

### A. INDUSTRY STRUCTURE AND DEVELOPMENTS

The Indian economy grew at 4.2 per cent in 2019-20, lower than the 6.1 per cent figure registered in 2018-19, as the Covid-19 pandemic adversely impacted economic activity in the last month of the fiscal year, especially manufacturing and construction. The GDP growth in 2019-20 is lowest in last 11 years.

Economists expect a massive contraction in the first quarter of 2020-21 due to lockdown situation in starting months of 2020-21 but it is expected that situation will change with availability of treatment and with mass population and powerful purchasing power, India will surely come out of current phase. The Covid-19 pandemic has also badly affected the global economy which is under big pressure but with the decreasing cases worldwide it is also expected to return on track in current financial year.

Your Company is primarily engaged in the business of Trading of Agri- Commodities, Edible oil & Vanaspati, Realty & Wind power Generation.

In terms of wind power installed capacity, India is amongst top five countries in the world. India has rapidly grown in the Wind Power Energy Sector. The unexploited resource has the potential to sustain the growth of wind energy in future.

### B. OPPORTUNITIES & THREATS

#### (I) Wind Power:

With the initial encouraging policy for renewable energy, this sector has shown great growth pace which helped India to become the new “Wind Superpower”. The Company has Two Wind Power projects at Nagda Hills, Dewas (M.P.) and Jaisalmer (Rajasthan) are successfully generating energy. After sale of Dairy business, your Company is in process of entering in long term arrangement of sale of electricity generated from Dewas (MP) wind mill with MP Power Management Company Ltd., hence, no income can be generated from Wind Mill Dewas during 2019-20 due to unavailability of purchaser, however, efforts are continue to get minimum price of electricity to MPPKVVCL where electricity supplied.

#### (II) Real Estate:

On the front of Real Estate business, The integrated township project ‘Active Acres’ at Kolkata is continuously getting good response from all segments of public with 5 completed towers are almost fully booked/sold and thousands of happy customers are already residing therein. Construction work of 6<sup>th</sup> tower is also in progress. In addition to that one Commercial Tower is also completed with approx. 240000 sq. ft. saleable area, various famous brands have already entered in contract for getting space in the said commercial building on lease/sale basis.

New project of the company comprising of service apartments and luxury residences in the name of ‘One Rajarhat’ at Kolkata with 320 apartments is also performing well with booking of around 230 units. Both the projects will surely result in good profitability to company in coming years.

#### (III) Others:

With favourable monsoon spread over all over India, good quality & quantity of agri commodities is expected. With the imports of Vanaspati and Bakery shortenings and handsome margins in sale of the same in India, your company is expecting to return on track in current financial year after disappointed financial year 2019-20 in trading segment. The symptoms of global commodity business are favorable for coming future and suitable steps of Government and Reserve Bank of India will also keep lower movement in exchange rates. The Company proposes to continue to recognize the full potential in agro commodities, edible oils & Vanaspati in the coming period.

Few years back your Company has diversified in mining business. One of the major mineral mine allotted to your Company is still in process of getting necessary permissions/ approvals to start commercial production in short span of time.

However, with the applicability of the stringent provisions of Mines & Minerals (Development and Regulation) Amendment Act, 2015 plenty of obstacles have come across which is going to affect mining industry to substantial extent. Further due to Covid-19 Government Departments are also not running normally, which is causing delay in getting necessary permissions.

The future performance of your Company would depend to a large extent on its ability to successful diversification, market of commodities. We are hopeful that through the combination of market developments and expansion activity, there will be healthy growth over the next few years.

### C. SEGMENT-WISE OR PRODUCT-WISE PERFORMANCE

The company has disclosed business segment as the primary segment. Based on the criteria mentioned in Ind AS 108 “Operating Segment” the company has identified its reportable segments. The various segments identified by the company comprised as under: -

|                 |   |   |
|-----------------|---|---|
| Real Estate     | - | Construction and Development of Housing Project     |
| Wind Power Unit | - | Wind Turbine Power Unit                             |
| Others          | - | Trading of Coal, Agri Commodities, Edible Oils Etc. |

The segment wise performance in detail is given in **Note 39** to the audited accounts of the Company as available in this annual report.

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

### D. OUTLOOK

The Wind Power Projects of the Company are generating electricity satisfactorily. We see ecological power generation as the sunrise industry of tomorrow and have positioned ourselves to save the nature and to reap the reward for our stakeholders.

In current year monsoon improved in all over India. The symptoms of global commodity business are favorable for coming future and suitable steps of Government and Reserve Bank of India will also keep lower movement in exchange rates. The Company proposes to continue to recognize the full potential in agro commodities, edible oil & vanaspati in the coming period.

With our re-focus on core business activities and our competitive position in present conditions, better performance is expected in the years to come.

### E. RISK AND CONCERNS

The major risks and concerns attributed to the performance of the Company are:

- The Company is exposed to risks from market fluctuation of foreign exchange. Hence the erratic movement in foreign exchange rates and international prices of agri-products and edible oil may influence the performance of the Company. Change in duty structure may affect adversely.
- Increase in costs, change in tax structure, change in interest rates, changes in govt. policies/ laws of land, development and stability of Indian economy against the negative external and internal forces may also impact the overall performance of the Company.
- Profitability may be affected on account of competition from existing and prospective importers of edible oils & Vanaspati as well as developers in real estate sector.

### F. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Your Company has a good and effective internal control system in respect of efficiency of operations, financial reporting, proper recording and safeguarding of assets, compliance with applicable laws and regulations etc.

Pursuant to Section 134 of the Companies Act, 2013, the Board, through the Operating Management has laid down Internal Financial Controls and procedures to be followed by the Company. The adequacy of the same has been reported by the statutory auditors of your Company in their report.

#### Certificate on Corporate Governance

To

The Members of

**ANIK INDUSTRIES LIMITED**

CIN- L24118MH1976PLC136836

We have examined the compliances of conditions of corporate governance by Anik Industries Limited ('the Company') for the year ended March 31, 2019 as stipulated in regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C and D of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

We have examined the compliances of conditions of corporate governance by Anik Industries Limited ('the Company') for the year ended March 31, 2020 as stipulated in regulations 17 to 27 and clauses (b) to (i) of Regulation 46(2) and para C and D of Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations").

The compliance of the conditions of Corporate Governance is the responsibility of the management. Our examination was limited to a review of procedures and implementation thereof, as adopted by the Company for ensuring compliance to the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, and the representations made by the Directors and the management, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI Listing Regulations for the year ended on March 31, 2020.

We further state that such compliance is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

## INDEPENDENT AUDITORS REPORT

To

The Members of

**ANIK INDUSTRIES LIMITED**

**Report on the Standalone Financial Statements**

### **Opinion**

We have audited the standalone financial statements of **Anik Industries Limited** ("the Company"), which comprise the balance sheet as at 31st March 2019, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

We have audited the standalone financial statements of **Anik Industries Limited** ("the Company"), which comprise the balance sheet as at 31st March 2020, and the statement of Profit and Loss (including other comprehensive income), statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with accounting principles generally accepted in India, of the state of affairs of the company as at 31<sup>st</sup> March, 2020, and its loss (including other comprehensive income), the changes in equity and its cash flows for the year ended on that date.

### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of Matter**

We draw attention to the note 47 for the financial statement year ending 31<sup>st</sup> march 2020 which describes the impact of the outbreak of COVID 19 pandemic on the business operations of the company. In view of the highly uncertain economic environment, a definitive assessment of the impact on the subsequent period is highly dependent on circumstances as they evolve.

Our report is not modified in respect of this matter.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Key Audit Matters  | Auditor's Response   |
|--|--|
| <b>Adoption of Ind AS 116 – Leases</b><br>The Group has adopted Ind AS 116, which is effective from April 1, 2019 and applied the standard to its leases, using Modified Retrospective approach.<br>Accordingly, the company has not restated comparative information, instead the cumulative effect of initial applicable standard has been recognised as an adjustment to the opening balance of retained earnings as on April 1, 2019.<br>Ind AS 116 introduces a new lease accounting model, wherein lessees are required to recognize a right-of-use (ROU) asset and a lease liability arising from a lease on the balance sheet. The lease liabilities are initially measured by discounting future lease payments during the lease term as per the contract / arrangement. Adoption of the standard involves significant judgments and estimates including, determination of the discount rates and the lease term. | <b>Principal Audit Procedures</b><br>Our audit procedures on adoption of Ind AS 116 include: <ul style="list-style-type: none"> <li>Assessed the Group's procedure and evaluation on the identification of leases. It was based on the contractual agreements and our knowledge of the business.</li> <li>Assessed and tested controls in respect of the lease accounting standard (Ind AS 116);</li> <li>Evaluated the method of transition and related adjustments as at 1 April 2019: Tested completeness of the lease by reconciling the Group's operating lease commitments to computing ROU asset and the lease liabilities.</li> <li>On a statistical sample, we have assessed the key terms and conditions of each lease with the underlying lease contracts.</li> <li>Assessed and tested the presentation and disclosures relating to Ind AS 116 including, disclosures relating to transition.</li> </ul> |
| <b>Evaluation of uncertain tax positions</b> The Group operates in multiple jurisdictions and is subject to periodic challenges by local tax authorities on a range of tax matters during the normal course of business including direct and indirect tax matters. These involve significant management judgment to determine the possible outcome of the uncertain tax positions, consequently having an impact on related accounting and disclosures in the consolidated financial statements.   | Our audit procedures include the following substantive procedures: <ul style="list-style-type: none"> <li>Obtained understanding of key uncertain tax positions; and</li> <li>We along with our internal tax experts –</li> <li>Read and analysed select key correspondences, external legal opinions / consultations by management for key uncertain tax positions;</li> <li>Discussed with appropriate senior management and evaluated management's underlying key assumptions in estimating the tax provisions; and Assessed management's estimate of the possible outcome of the disputed cases</li> </ul>   |

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- a. Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- b. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- c. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- d. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- e. Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

## INDEPENDENT AUDITORS REPORT

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Other Matter

The comparative financial information of the Company for the year ended 31st March 2019 are based on the financial statements audited by the predecessor auditor whose report for the year ended 31st March, 2019 dated 28.06.2019 expressed an unmodified opinion on those financial statements.

Our opinion on the financial statements above is not modified in respect of these matter.

## Annexure B To the Independent Auditor's Report

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Anik Industries Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The Shares of the company are listed at the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE).

### A. Significant accounting policies

#### i. Statement of compliance

The separate financial statements have been prepared in accordance with Indian Accounting standards ("IND AS") notified, under section 133 of the Companies Act, 2013 ('Act') read with the rules notified under the relevant provisions of the Act.

#### ii. Basis of Preparation

The financial statements have been prepared on accrual basis and under the historical cost convention except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III to the Companies Act, 2013. The Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

#### Functional and presentation currency

These separate financial statements are presented in Indian rupees, which is the Company's functional currency. All amounts have been rounded to the nearest Rupees in lacs unless otherwise indicated.

#### iii. Use of Estimates, Judgments and Assumptions

The preparation of financial statements in accordance with IND AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

All the assets and liabilities have been classified as current or non-current as per the company's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013.

Significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have significant effect on amount recognized in the financial statements are:

- i. Allowance for bad and doubtful trade receivable.
- ii. Recognition and measurement of provision and contingencies.
- iii. Depreciation/Amortisation and useful lives of Property, plant and equipment / Intangible Assets.
- iv. Recognition of deferred tax.
- v. Income Taxes.
- vi. Measurement of defined benefit obligation.
- vii. Impairment of Non-financial assets and financial assets.

#### iv. Revenue

##### Recognition

The company recognised revenue i.e. account for a contract with a customer only when all of the Following criteria are met:

- (a) the parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;
- (b) the entity can identify each party's rights regarding the goods or services to be transferred;
- (c) the entity can identify the payment terms for the goods or services to be transferred;
- (d) the contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- (e) it is probable that the entity will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and intention to pay that amount of consideration when it is due. The amount of consideration to which the entity will be entitled may be less than the price stated in the contract if the consideration is variable because the entity may offer the customer a price concession.

##### Measurement

When (or as) a performance obligation is satisfied, company recognise as revenue the amount of the transaction price (which excludes estimates of variable consideration that are constrained) that is allocated to that performance obligation.

The transaction price is the amount that the entity expects to be entitled to in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (for example, some taxes on sales). The consideration promised may include fixed amounts, variable amounts, or both.

##### a. Sale of goods

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns, if

any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Further, the revenue amount is adjusted for the time value of money if that contract contains a significant financing component.

Revenue from sale of power is recognized when delivered and measured based on contractual arrangements after giving allowances for wheeling and transmission loss.

**b. Income from Projects**

The Company recognises revenue from real estate projects where performance obligation is satisfied over time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Expected losses, is recognised in the period in which such losses become probable based on the expected total contract cost as at the reporting date.

**c. Interest and Dividend**

Interest income is recognized on accrual basis using the effective interest method. Dividend income is recognised in profit or loss on the date on which the company's right to receive payment is established.

**v. Inventories**

Inventories are valued at lower of cost and net realizable value. Cost of inventory is arrived at by using Weighted Average Price Method. Cost of inventory is generally comprises of cost of purchases, cost of conversion and other cost incurred in bringing the inventories to their present location and condition.

The cost of construction material is determined on the basis of Weighted Average price method. Construction work in progress include cost of land, premium for development rights, construction cost and the allocation of interest and manpower cost and expense incidental to the project, undertaken by the company.

**vi. Property, Plant and Equipment**

**a. Recognition and measurement**

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses (if any) except for Freehold land which is not depreciated.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, acquisition or construction cost including borrowing costs, any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit or loss.

**b. Subsequent expenditure**

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company.

**c. Depreciation**

Depreciation on property, plant and equipment is provided using Straight line method (SLM) as per the useful life of the assets in the manner as specified in Schedule II to the Companies Act, 2013. The estimated useful life of assets and estimated residual value is taken as prescribed under Schedule II to the Companies Act, 2013.

Depreciation on additions during the year is provided on pro rata basis with reference to date of addition/installation. Depreciation on assets disposed/discarded is charged up to the date on which such asset is sold.

The estimated useful lives, residual value and depreciation method are reviewed at the end of each balance sheet date, any changes therein are considered as changes in estimate and accordingly accounted for prospectively.

**d. Capital Work In progress**

Assets under erection/installation are shown as "Capital work in progress", Expenditure during construction period are shown as "pre-operative expenses" to be capitalized on erection/installations of the assets.

**vii. Intangible Assets**

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

**a. Recognition and measurement**

Computer software's have finite useful lives and are measured at cost less accumulated amortisation and any accumulated impairment losses.

**b. Subsequent expenditure**

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates or when the development stage is achieved. All other expenditure, including expenditure on internally generated goodwill and brands, when incurred is recognised in statement of profit or loss.

**c. Amortisation**

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives and is generally recognised in statement of profit or loss. Computer software are amortised over their estimated useful life of 3 years.

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted, if required.

## viii. Employee benefits

### a. Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

### b. Defined benefit plans

The liability for gratuity a defined benefit plan is determined annually by a qualified actuary using the projected unit credit method. The company pays gratuity to the employees who have completed five years of service with company at the time when the employee leaves the company as per the payment of gratuity act 1972.

The gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees.

Remeasurement of the net defined benefit plans in respect of post-employment are charged to other comprehensive income. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit and loss.

### c. Other employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of obligation as at the Balance sheet date determined based on an actuarial valuation.

### d. Defined Contribution Plan

The company's payments to the defined contribution plans are recognized as expenses during the period in which the employees perform the services that payment covers. Defined contribution plan comprise of contribution to the employees' provident fund with government, Employees' State Insurance and Pension Scheme.

## ix) Income Tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to the other comprehensive income (OCI) or a business combination or items recognised directly in equity.

### a) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if, the Company:

- has a legally enforceable right to set off the recognised amounts; and
- intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

### b. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

The carrying amount of deferred tax assets and liabilities are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

Deferred tax assets and liabilities are offset only if:

- the entity has a legally enforceable right to set off deferred tax assets against deferred tax liabilities; and
- the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

## x. Segment Accounting policies

- The company has disclosed business segment as primary segment. Based on the criteria mentioned in IND AS-108 "Operating segment" the company has identified its reportable segments.

The chief operating decision maker (CODM) evaluated the company's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and Gross profit as performance indicator for all of the operating segments. The various segments identified by the company comprised as under:

- Segment revenue, segment results, segment assets and segment liabilities include respective amounts directly identified with the segment and also an allocation on reasonable basis of amounts not directly identified. The expenses which are not directly relatable to the business segments are shown as unallocated corporate cost. Assets and liabilities that cannot be allocated between the segments are shown as unallocable corporate assets and liabilities respectively.

The company has identified geographical segments as the secondary segment. Secondary segments comprise of domestic and export market.

## **xi. Foreign currency transactions**

Transactions in foreign currencies are translated into the respective functional currencies of the company at the exchange rates prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Difference arising on settlement of monetary items are recognised in statement of profit and loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalized as cost of assets.

Non-monetary items that are measured based on historical cost in a foreign currency are not translated. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Exchange difference arising out of these transactions are generally recognised in statement of profit and loss.

## **xii. Borrowing cost**

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset are capitalised as part of the cost of that asset till the date it is ready for its intended use or sale. Qualifying asset are the assets that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss in the period in which they are incurred.

## **xiii. Cash and Cash Equivalent**

Cash and cash equivalent includes the cash and Cheques in hand, bank balances, demand deposits with bank and other short term, highly liquid investments with original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdraft are shown within borrowings in current liabilities in the balance sheet and forms part of financing activities in the cash flow statement. Book overdraft is shown within other financial liabilities in the balance sheet and forms part of operating activities in the cash flow statement.

## **xiv. Cash Flow Statement**

Cash flows are reported using indirect method, whereby profit/ (loss) before tax is adjusted for the effect of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flow. The cash flow from operating, investing and financing activities of the company is segregated based on the available information.

## **xv. Earnings Per Share**

i. Basic earnings per shares is arrived at based on net profit / (loss) after tax available to equity shareholders divided by Weighted average number of equity shares, adjusted for bonus elements in equity shares issued during the year (if any) and excluding treasury shares.

ii. Diluted earnings per shares is calculated by dividing Profit attributable to equity holders after tax divided by Weighted average number of shares considered for basic earning per shares including potential dilutive equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Potential ordinary shares shall be treated as dilutive when, and only when, their conversion to ordinary shares would decrease earnings per share or increase loss per share from continuing operations.

## **xvi. Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognised when there is a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability. The Company does not recognize a contingent liability but discloses its existence in the financial statements

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are not recognized, but its existence is disclosed in the financial statements

## **xvii. Leases**

### **As a Lessee**

#### **Leases**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As per the requirements of Ind AS 116 the company evaluates whether an arrangement qualifies to be a lease. In identifying a lease the company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

#### **Company as a lessee**

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

#### **Right of Use Assets**

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the lease term. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable and impairment loss, if any, is recognised in the statement of profit and loss.

Lease hold land are considered as Right of Use assets per Ind AS 116 and classified accordingly.

## **Lease Liability**

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications. The company recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the re-measurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

## **Operating leases**

The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right-of-use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

On transition, the Company recognised a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessee's incremental borrowing rate as at April 1, 2019.

## **xviii. Impairment of Non-Financial Assets**

The company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the company estimates the amount of impairment loss.

For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets is considered as cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset / cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in statement of profit and loss and reflected in an allowance account. When the company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been in place had there been no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in Statement of Profit and Loss.

## **xix Financial Instruments**

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts, interest rate swaps and currency options; and embedded derivatives in the host contract.

### **i. Financial assets**

#### **Classification**

The Company classifies financial assets in the following measurement categories:

- a. Those measured at amortised cost and
- b. Those measured subsequently at fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

#### **Initial recognition and measurement**

All financial assets are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset are adjusted to fair value in the case of financial assets not recorded at fair value through profit or loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the company commits to purchase or sell the asset.

#### **Measured at amortised cost**

A financial asset is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

## **Measured at fair value through other comprehensive income (FVOCI)**

A financial asset is measured at FVOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Financial assets included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the profit and loss.

On derecognition of the non derivative debt instruments designated at FVOCI, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Whereas on derecognition of the equity instruments designated at FVOCI, cumulative or loss previously recognised in OCI is reclassified from the equity to retained earning.

Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

## **Financial Asset at fair value through profit and loss (FVTPL)**

FVTPL is a residual category for financial asset. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL.

In addition, the company may elect to classify a financial asset, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

## **Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognised (i.e. removed from the company's balance sheet) when:

- i. The rights to receive cash flows from the asset have expired, or
- ii. The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the company has transferred substantially all the risks and rewards of the asset, or (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- iii. When the company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the company continues to recognise the transferred asset to the extent of the company's continuing involvement. In that case, the company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the company has retained.
- iv. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the company could be required to repay.

## **Impairment of financial assets**

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables.

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- i. Trade receivables which do not contain a significant financing component.  
The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.
- ii. For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

## **ii. Financial liabilities**

### **Classification**

The Company classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

### **Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or amortised costs.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The company's financial liabilities include trade and other payables, loans and borrowings, financial guarantee contracts and derivative financial instruments.

## **Financial liabilities at fair value through profit or loss.**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

## **Gains or losses on liabilities held for trading are recognised in the profit or loss.**

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind-AS 109 Financial instruments are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not subsequently transferred to P&L. However, the company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

## **Loans and borrowings**

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to interest-bearing loans and borrowings.

## **Derecognition**

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

## **Derivative financial instruments**

The company uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

## **Offsetting**

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and when the company has a legally enforceable right to set off the amount and it intends either to settle then on a net basis or to realize the asset and settle the liability simultaneously.

## **Measurement of fair values**

The Company's accounting policies and disclosures require the measurement of fair values, for financial instruments.

The Company has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

**NOTE - 44 Financial risk management objectives and policies**

In its ordinary operations, the companies activities expose it to the various types of risks, which are associated with the financial instruments and markets in which it operates. The company has a risk management policy which covers the foreign exchanges risks and other risks associated with the financial assets and liabilities such as interest rate risks and credit risks. The risk management policy is approved by the board of directors. The following is the summary of the main risks:

**a) Market risk**

Market risk is the risk that changes in market prices, such as foreign exchange rates (currency risk) and interest rates (interest rate risk), will affect the companies income or value of it's holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

**i) Interest rate risk**

Interest rate risk is the risk the the fair value or future cash flow of a financial instrument will fluctuate because of changes in market interest rate. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing financial instrument because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing financial instrument will fluctuate because of fluctuations in the interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to the borrowing from banks. Currently company is not using any mitigating factor to cover the interest rate risk.

**(b) Credit risk**

Credit risk is the risk that arises from the possibility that the counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Financial assets that are subject to such risk, principally consist of trade receivables, Investments and loans and advances. None of the financial instruments of the company results in material concentration of credit risk.

Financial assets are written off when there is no reasonable expectation of recovery, however, the Company continues to attempt to recover the receivables. Where recoveries are made, these are recognised in the Statement of Profit and Loss.

The impairment for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each balance sheet date.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the Ind AS. An explanation for each level is given below.

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

**ANIK INDUSTRIES LIMITED**

### **Report on the Consolidated Financial Statements**

**We have audited the accompanying consolidated financial statements of Anik Industries Limited** (hereinafter referred to as “the Holding Company”) and its subsidiary (the Holding and its subsidiary together referred to as “the Group”) and its associate, comprising the Consolidated Balance Sheet as at 31st March, 2020, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated financial statements”).

### **Opinion**

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors on separate financial statements/financial information of the subsidiary and associate referred to below in Other Matter paragraph, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its associate entities as at 31st March, 2020, and their consolidated loss, including consolidated other comprehensive income, consolidated statement of changes in equity and their consolidated cash flows for the year ended on that date.

### **Basis for Opinion**

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, its associates and jointly controlled entities in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Companies Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Emphasis of Matter**

We draw attention to the note 49 of the consolidated financial statement year ending 31<sup>st</sup> March 2020 which describes the impact of the outbreak of COVID 19 pandemic on the business operations of the group. In view of the highly uncertain economic environment, a definitive assessment of the impact on the subsequent period is highly dependent on circumstances as they evolve.

Our report is not modified in respect of this matter.

### **Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

| Key Audit Matters  | Auditor’s Response   |

| <b>Adoption of Ind AS 116 – Leases</b><br>The Group has adopted Ind AS 116, which is effective from April 1, 2019 and applied the standard to its leases, using Modified Retrospective approach.<br>Accordingly, the company has not restated comparative information, instead the cumulative effect of initial applicable standard has been recognised as an adjustment to the opening balance of retained earnings as on April 1, 2019.<br>Ind AS 116 introduces a new lease accounting model, wherein lessees are required to recognize a right-of-use (ROU) asset and a lease liability arising from a lease on the balance sheet. The lease liabilities are initially measured by discounting future lease payments during the lease term as per the contract / arrangement. Adoption of the standard involves significant judgments and estimates including, determination of the discount rates and the lease term. | <b>Principal Audit Procedures</b><br>Our audit procedures on adoption of Ind AS 116 include: <ul style="list-style-type: none"> <li>Assessed the Group’s procedure and evaluation on the identification of leases. It was based on the contractual agreements and our knowledge of the business.</li> <li>Assessed and tested controls in respect of the lease accounting standard (Ind AS 116);</li> <li>Evaluated the method of transition and related adjustments as at 1 April 2019: Tested completeness of the lease by reconciling the Group’s operating lease commitments to computing ROU asset and the lease liabilities.</li> <li>On a statistical sample, we have assessed the key terms and conditions of each lease with the underlying lease contracts.</li> <li>Assessed and tested the presentation and disclosures relating to Ind AS 116 including, disclosures relating to transition.</li> </ul> |
| <b>Evaluation of uncertain tax positions</b> The Group operates in multiple jurisdictions and is subject to periodic challenges by local tax authorities on a range of tax matters during the normal course of business including direct and indirect tax matters. These involve significant management judgment to determine the possible outcome of the uncertain tax positions, consequently having an impact on related accounting and disclosures in the consolidated financial statements.   | Our audit procedures include the following substantive procedures: <ul style="list-style-type: none"> <li>Obtained understanding of key uncertain tax positions; and</li> <li>We along with our internal tax experts –</li> <li>Read and analysed select key correspondences, external legal opinions / consultations by management for key uncertain tax positions;</li> <li>Discussed with appropriate senior management and evaluated management’s underlying key assumptions in estimating the tax provisions; and Assessed management’s estimate of the possible outcome of the disputed cases</li> </ul>   |

## Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## Responsibilities of Management for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, the Consolidated Statement of Changes in Equity and consolidated cash flows of the Group including its associate, in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

## Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and jointly controlled entities to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

# INDEPENDENT AUDITORS REPORT ON CONSOLIDATED FINANCIAL STATEMENT

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Other Matter

- a. We did not audit the financial statements of one subsidiary whose financial statements reflect total assets of Rs. 13782.75 Lacs as at 31st March, 2020, total revenues of Rs. 629.91 lacs, net loss (including other comprehensive income) of Rs. 4.14 Lacs and cash outflows amounting to Rs. 0.07 lacs for the year ended on that date as considered in the consolidated financial statements. The Consolidated financial statements also include the Group's share of net profit (including other comprehensive income) of Rs. 113.98 lacs in respect of an associate for the year ended 31<sup>st</sup> March, 2020 as considered in the consolidated financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amount and disclosures included in respect of this subsidiary and our report in terms of sub-section (3) and (11) of section 143 of the Act, insofar as it relates to the aforesaid subsidiary and its associate, is based solely on the reports of the other auditor.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/information certified by the Management.

- b. The comparative financial information of the Group for the year ended 31st March 2019 included in these consolidated financial statement are based on the financial statement audited by the predecessor auditor whose report for the year ended 31st March, 2019 dated 28.06.2019 expressed an unmodified opinion on those consolidated financial statements.

Our opinion is not modified in respect of above matter.

## Report on Other Legal and Regulatory Requirements

1. As required by section 143 (3) of the Act, we report, to the extent applicable that:
- We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
  - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as appears from our examination of those books and reports of the other auditor.
  - The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated statement of changes in equity and the Consolidated Cash Flow Statement dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
  - In our opinion, the aforesaid consolidated financial statements comply with the Indian accounting standards specified under section 133 of the Act, read with rules framed thereunder.
  - On the basis of the written representations received from the directors of the Holding company, as on 31<sup>st</sup> March 2020 taken on records by the Board of Directors of the Holding Company and the reports of the statutory auditor of its subsidiary company incorporated in India, none of the directors of the Group companies incorporated in India, is disqualified as on 31<sup>st</sup> March, 2020 from being appointed as a director in terms of section 164(2) of the Act.
  - With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company and its Subsidiary Company incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure A"; and
  - With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 in our opinion and to the best of our information and according to the explanations given to us:
    - The consolidated financial statements disclosed the impact of pending litigations on the consolidated financial position of the Group – refer note 34 to the consolidated financial statements;
    - The Group did not have any long term contract including derivative contract for which there were any material foreseeable losses.
    - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding company and its subsidiary company incorporated in India.
  - With respect to the matter to be included in the Auditor's report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us and based on the reports of the statutory auditors of such subsidiary company incorporated in India which were not audited by us, the remuneration paid during the current year by the Holding Company and its subsidiary company incorporated in India to its directors is in accordance with the provisions of Section 197 read with schedule V to the Act.

## **Annexure A To the Independent Auditor's Report**

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31<sup>st</sup> March, 2020, we have audited the internal financial controls over financial reporting of Anik Industries Limited ("the Holding Company") and its subsidiary company which are companies incorporated in India, as of that date.

#### **Management's Responsibility for Internal Financial Controls**

The respective Board of Directors of the Holding company and its subsidiary company which are companies incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Holding Company and its Subsidiary which are companies incorporated in India, internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and obtained by other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

#### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Holding Company and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## **INDEPENDENT AUDITORS REPORT ON CONSOLIDATED FINANCIAL STATEMENT**

### **Other Matters**

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to one subsidiary company, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

### Functional and presentation currency

These consolidated financial statements are presented in Indian rupees, which is the group's functional currency. All amounts have been rounded to the nearest Rupees in lacs unless otherwise indicated.

### iii. Use of Estimates, Judgments and Assumptions

The preparation of consolidated financial statements in accordance with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in any future periods affected.

All the assets and liabilities have been classified as current or non-current as per the group's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013.

Significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have significant effect on amount recognized in the consolidated financial statements are:

- Allowance for bad and doubtful trade receivable.
- Recognition and measurement of provision and contingencies.
- Depreciation/Amortisation and useful lives of Property, plant and equipment / Intangible Assets.
- Recognition of deferred tax.
- Income Taxes.
- Measurement of defined benefit obligation.
- Impairment of Non-financial assets and financial assets.

### iv. Revenue

#### Recognition

The group recognized revenue i.e. account for a contract with a customer only when all of the following criteria are met:

- the parties to the contract have approved the contract (in writing, orally or in accordance with other customary business practices) and are committed to perform their respective obligations;
- the entity can identify each party's rights regarding the goods or services to be transferred;
- the entity can identify the payment terms for the goods or services to be transferred;
- the contract has commercial substance (i.e. the risk, timing or amount of the entity's future cash flows is expected to change as a result of the contract); and
- It is probable that the entity will collect the consideration to which it will be entitled in exchange for the goods or services that will be transferred to the customer. In evaluating whether collectability of an amount of consideration is probable, an entity shall consider only the customer's ability and intention to pay that amount of consideration when it is due. The amount of consideration to which the entity will be entitled may be less than the price stated in the contract if the consideration is variable because the entity may offer the customer a price concession.

#### Measurement

When (or as) a performance obligation is satisfied, group recognize as revenue the amount of the transaction price (which excludes estimates of variable consideration that are constrained) that is allocated to that performance obligation.

The transaction price is the amount that the entity expects to be entitled to in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties (for example, some taxes on sales). The consideration promised may include fixed amounts, variable amounts, or both.

**(a) Sale of goods**

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the group expects to receive in exchange for those goods. Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery of goods, based on contracts with the customers.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Further, the revenue amount is adjusted for the time value of money if that contract contains a significant financing component.

Revenue from sale of power is recognized when delivered and measured based on contractual arrangements after giving allowances for wheeling and transmission loss.

**(b) Revenue from Projects**

The group recognizes revenue from real estate projects where performance obligation is satisfied over time; revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

Expected losses, is recognised in the period in which such losses become probable based on the expected total contract cost as at the reporting date.

**(c) Interest and Dividend**

Interest income is recognized on accrual basis using the effective interest method. Dividend income is recognised in profit or loss on the date on which the group's right to receive payment is established.

**v. Inventories**

Inventories are valued at lower of cost and net realizable value. Cost of inventory is arrived at by using Weighted Average Price Method. Cost of inventory is generally comprises of cost of purchases, cost of conversion and other cost incurred in bringing the inventories to their present location and condition.

The cost of construction material is determined on the basis of Weighted Average price method. Construction work in progress include cost of land, premium for development rights, construction cost and the allocation of interest and manpower cost and expense incidental to the project, undertaken by the company.

**vi. Property, Plant and Equipment**
**(a) Recognition and measurement**

Items of property, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses (if any) except for Freehold land which is not depreciated.

The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, acquisition or construction cost including borrowing costs, any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management, initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit or loss.

**(b) Subsequent expenditure**

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the group.

**(c) Depreciation**

Depreciation on property, plant and equipment is provided using Straight line method (SLM) as per the useful life of the assets in the manner as specified in Schedule II to the Companies Act, 2013. The estimated useful life of assets and estimated residual value is taken as prescribed under Schedule II to the Companies Act, 2013.

Depreciation on additions during the year is provided on pro rata basis with reference to date of addition/installation. Depreciation on assets disposed/discarded is charged up to the date on which such asset is sold.

The estimated useful lives, residual value and depreciation method are reviewed at the end of each balance sheet date, any changes therein are considered as changes in estimate and accordingly accounted for prospectively.

**(d) Capital Work In progress**

Assets under erection/installation are shown as "Capital work in progress", Expenditure during construction period are shown as "pre-operative expenses" to be capitalized on erection/installations of the assets.

**vii. Intangible Assets**

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the group and the cost of the asset can be reliably measured. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

**(a) Recognition and measurement**

Computer software's have finite useful lives and are measured at cost less accumulated amortisation and any accumulated impairment losses.

**(b) Subsequent expenditure**

Subsequent expenditure is capitalised only when it increases the future economic benefits embodied in the specific asset to which it relates or when the development stage is achieved. All other expenditure, including expenditure on internally generated goodwill and brands, when incurred is recognised in statement of profit or loss.

**(c) Amortisation**

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values using the straight-line method over their estimated useful lives and is generally recognised in statement of profit or loss. Computer software are amortised over their estimated useful life of 3 years.

Amortisation methods, useful lives and residual values are reviewed at each reporting date and adjusted, if required.

## viii. Employee benefits

### (a) Short term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

### (b) Defined benefit plans

The liability for gratuity a defined benefit plan is determined annually by a qualified actuary using the projected unit credit method. The group pays gratuity to the employees who have completed five years of service with group at the time when the employee leaves the group as per the payment of gratuity act 1972.

The group pays gratuity liability amount is contributed to the approved gratuity fund formed exclusively for gratuity payment to the employees.

Remeasurement of the net defined benefit plans in respect of post-employment are charged to other comprehensive income. Net interest expense and other expenses related to defined benefit plans are recognised in statement of profit and loss.

### (c) Other employee benefits

Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognized as a liability at the present value of obligation as at the Balance sheet date determined based on an actuarial valuation.

### (d) Defined Contribution Plan

The group's payments to the defined contribution plans are recognized as expenses during the period in which the employees perform the services that payment covers. Defined contribution plan comprise of contribution to the employees' provident fund with government, Employees' State Insurance and Pension Scheme.

## ix. Income Tax

Income tax expense comprises current and deferred tax. It is recognised in profit or loss except to the extent that it relates to the other comprehensive income (OCI).

### (a) Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates enacted or substantively enacted at the reporting date. Current tax also includes any tax arising from dividends.

Current tax assets and liabilities are offset only if, the Group:

- has a legally enforceable right to set off the recognised amounts; and
- intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

### (b) Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax asset and liabilities are not recognised at the temporary differences arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit

The carrying amount of deferred tax assets and liabilities are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

Deferred tax assets and liabilities are offset only if:

- the entity has a legally enforceable right to set off deferred tax assets against deferred tax liabilities; and
- the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority on the same taxable entity.

## x. Segment Accounting policies

- The Group has disclosed business segment as primary segment. Based on the criteria mentioned in IND AS-108 "Operating segment" the group has identified its reportable segments.

The chief operating decision maker (CODM) evaluated the group's performance and allocates resources based on an analysis of various performance indicators by operating segments. The CODM reviews revenue and Gross profit as performance indicator for all of the operating segments. The various segments identified by the group comprised as under:

| Name of Segment | Comprised of  |
|-----------------|---|
| Wind Power      | - Wind Turbine Power Unit                             |
| Real Estate     | - Construction and Development of Housing project     |
| Others          | - Trading of Coal, Agri Commodities, Edible Oils etc. |

- Segment revenue, segment results, segment assets and segment liabilities include respective amounts directly identified with the segment and also an allocation on reasonable basis of amounts not directly identified. The expenses which are not directly relatable to the business segments are shown as unallocated corporate cost. Assets and liabilities that cannot be allocated between the segments are shown as unallocable corporate assets and liabilities respectively.

**xi. Foreign currency transactions**

Transactions in foreign currencies are translated into the respective functional currencies of the group at the exchange rates prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Differences arising on settlement of monetary items are recognised in statement of profit and loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets which are capitalized as cost of assets.

Non-monetary items that are measured based on historical cost in a foreign currency are not translated. Non-monetary assets and liabilities that are measured at fair value in a foreign currency are translated into the functional currency at the exchange rate when the fair value was determined. Exchange differences arising out of these transactions are generally recognised in statement of profit and loss.

**xii. Borrowing cost**

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying asset are capitalised as part of the cost of that asset till the date it is ready for its intended use or sale. Qualifying asset are the assets that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss in the period in which they are incurred.

**xiii. Cash and Cash Equivalent**

Cash and cash equivalent includes the cash and Cheques in hand, bank balances, demand deposits with bank and other short term, highly liquid investments with original maturity of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are shown within borrowings in current liabilities in the balance sheet and forms part of financing activities in the cash flow statement. Book overdraft is shown within other financial liabilities in the balance sheet and forms part of operating activities in the cash flow statement.

**xiv. Cash Flow Statement**

Cash flows are reported using indirect method, whereby profit/ (loss) before tax is adjusted for the effect of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments and items of income or expenses associated with investing or financing cash flow. The cash flow from operating, investing and financing activities of the group is segregated based on the available information.

**xv. Earnings Per Share**

(a) Basic earnings per shares is arrived at based on net profit / (loss) after tax available to equity shareholders divided by Weighted average number of equity shares, adjusted for bonus elements in equity shares issued during the year (if any) and excluding treasury shares.

(b) Diluted earnings per shares is calculated by dividing Profit attributable to equity holders after tax divided by Weighted average number of shares considered for basic earning per shares including potential dilutive equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Potential ordinary shares shall be treated as dilutive when, and only when, their conversion to ordinary shares would decrease earnings per share or increase loss per share from continuing operations.

**xvi. Provisions, Contingent Liabilities and Contingent Assets**

Provisions are recognised when there is a present legal or constructive obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation, or the amount of the obligation cannot be measured with sufficient reliability. The group does not recognize a contingent liability but discloses its existence in the consolidated financial statements

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group. Contingent assets are not recognized, but its existence is disclosed in the consolidated financial statements

**xvii. Leases**

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As per the requirements of Ind AS 116 the group evaluates whether an arrangement qualifies to be a lease. In identifying a lease the group uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

**Group as a lessee**

The Group accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

**Right of Use Assets**

The Group recognizes right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located.

The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets are depreciated using the straight-line method from the commencement date over the lease term. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable and impairment loss, if any, is recognised in the statement of profit and loss.

Lease hold land are considered as Right of Use assets per Ind AS 116 and classified accordingly.

## Lease Liability

The Group measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses incremental borrowing rate. For leases with reasonably similar characteristics, the Group, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole.

The lease liability is subsequently re-measured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications. The group recognises the amount of the re-measurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Group recognizes any remaining amount of the re-measurement in statement of profit and loss.

The Group has elected not to apply the requirements of Ind AS 116 Leases to short-term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognized as an expense on a straight-line basis over the lease term.

## Operating leases

The Group has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right-of-use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. The Group has used a single discount rate to a portfolio of leases with similar characteristics.

On transition, the Group recognized a lease liability measured at the present value of the remaining lease payments. The right-of-use asset is recognised at its carrying amount as if the standard had been applied since the commencement of the lease, but discounted using the lessee's incremental borrowing rate as at April 1, 2019.

## xviii. Impairment of Non-Financial Assets

The Group assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the group estimates the amount of impairment loss.

For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or group of assets is considered as cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset / cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognized in statement of profit and loss and reflected in an allowance account. When the group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognized, then the previously recognized impairment loss is reversed through profit or loss.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been in place had there been no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in Statement of Profit and Loss.

## xix. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts, interest rate swaps and currency options; and embedded derivatives in the host contract.

### (a) Financial assets

#### Classification

The Group classifies financial assets in the following measurement categories:

- Those measured at amortised cost and
- Those measured subsequently at fair value through other comprehensive income or fair value through profit or loss on the basis of its business model for managing the financial assets and the contractual cash flow characteristics of the financial asset.

#### Initial recognition and measurement

All financial assets are recognised initially at fair value. Transaction costs that are attributable to the acquisition of the financial asset are adjusted to fair value in the case of financial assets not recorded at fair value through profit or loss. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the group commits to purchase or sell the asset.

#### Measured at amortised cost

- A financial asset is measured at the amortised cost if both the following conditions are met:
- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.
- After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss. This category generally applies to trade and other receivables.

#### Measured at fair value through other comprehensive income (FVOCI)

A financial asset is measured at FVOCI if both of the following criteria are met:

- The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and

- b) The asset's contractual cash flows represent SPPI.

Financial assets included within the FVOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the profit and loss.

On derecognition of the non derivative debt instruments designated at FVOCI, cumulative gain or loss previously recognised in OCI is reclassified from the equity to profit and loss. Whereas on derecognition of the equity instruments designated at FVOCI, cumulative or loss previously recognised in OCI is reclassified from the equity to retained earnings.

Interest earned whilst holding FVOCI debt instrument is reported as interest income using the EIR method.

## **Financial Asset at fair value through profit and loss (FVTPL)**

FVTPL is a residual category for financial asset. Any financial asset, which does not meet the criteria for categorization as at amortized cost or as FVOCI, is classified as at FVTPL.

In addition, the group company may elect to classify a financial asset, which otherwise meets amortized cost or FVOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Financial assets included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

## **Derecognition**

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the group's balance sheet) when:

- i. The rights to receive cash flows from the asset have expired, or
- ii. The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the group has transferred substantially all the risks and rewards of the asset, or (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.
- iii. When the group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the group continues to recognize the transferred asset to the extent of the group's continuing involvement. In that case, the group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the group has retained.
- iv. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the group could be required to repay.

## **Impairment of financial assets**

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, and bank balance.
- b) Trade receivables.

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- i. Trade receivables which do not contain a significant financing component.  
The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.
- ii. For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognizing impairment loss allowance based on 12-month ECL.

## **(b) Financial liabilities**

### **Classification**

The Group classifies all financial liabilities as subsequently measured at amortised cost, except for financial liabilities at fair value through profit or loss. Such liabilities, including derivatives that are liabilities, shall be subsequently measured at fair value.

### **Initial recognition and measurement**

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss or amortised costs.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group financial liabilities include trade and other payables, loans and borrowings, financial guarantee contracts and derivative financial instruments.

### **Financial liabilities at fair value through profit or loss.**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the group that are not designated as hedging instruments in hedge relationships as defined by IND-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

### **Gains or losses on liabilities held for trading are recognised in the profit or loss.**

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IND-AS 109 Financial instruments are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not subsequently transferred to P&L. However, the group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

## Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

This category generally applies to interest-bearing loans and borrowings.

## Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

## Derivative financial instruments

The Group uses derivative financial instruments, such as forward currency contracts, interest rate swaps and forward commodity contracts, to hedge its foreign currency risks, interest rate risks and commodity price risks, respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

## Offsetting

Financial assets and financial liabilities are offset and the net amount is presented in the balance sheet when, and when the Group has a legally enforceable right to set off the amount and it intends either to settle then on a net basis or to realize the asset and settle the liability simultaneously.

## Measurement of fair values

The Group's accounting policies and disclosures require the measurement of fair values, for financial instruments.

The Group has an established control framework with respect to the measurement of fair values. The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of IND AS, including the level in the fair value hierarchy in which such valuations should be classified.

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The group recognizes transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

## xx. Basis of Consolidation

a) The Consolidation financial statements relate to Anik Industries Ltd (the Company) and its subsidiaries and associates as under:

**NOTE - 45**
**Financial risk management objectives and policies**

In its ordinary operations, the companies activities expose it to the various types of risks, which are associated with the financial instruments and markets in which it operates. The company has a risk management policy which covers the foreign exchanges risks and other risks associated with the financial assets and liabilities such as interest rate risks and credit risks. The risk management policy is approved by the board of directors. The following is the summary of the main risks:

**a) Market risk**

Market risk is the risk that changes in market prices, such as foreign exchange rates (currency risk) and interest rates (interest rate risk), will affect the companies income or value of its holding of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

**i) Interest rate risk**

Interest rate risk is the risk the the fair value or future cash flow of a financial instrument will fluctuate because of changes in market interest rate. Fair value interest rate risk is the risk of changes in fair value of fixed interest bearing financial instrument because of fluctuations in the interest rates. Cash flow interest rate risk is the risk that the future cash flows of floating interest bearing financial instrument will fluctuate because of fluctuations in the interest rates.

The Company's exposure to the risk of changes in market interest rates relates primarily to the borrowing from banks. Currently company is not using any mitigating factor to cover the interest rate risk.

**ii) Foreign currency risk**

The Company enters into transactions in currency other than its functional currency and is therefore exposed to foreign currency risk. The Company analyses currency risk as to which balances outstanding in currency other than the functional currency of that Company. The company enters in to derivative financial instrument such foreign currency forward contract to mitigate the risk of changes in exchange rate on foreign currency exposure.

Following table analysis foreign currency assets and liabilities on balance sheet date.

## (b) Credit risk

Credit risk is the risk that arises from the possibility that the counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

Financial assets that are subject to such risk, principally consist of trade receivables, Investments and loans and advances. None of the financial instruments of the company results in material concentration of credit risk.

Financial assets are written off when there is no reasonable expectation of recovery, however, the Company continues to attempt to recover the receivables. Where recoveries are made, these are recognised in the Statement of Profit and Loss.

The impairment for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each balance sheet date.

### Trade and other receivables

To Manage trade and other receivables, the company periodically assesses the financial reliability of customers, taking in to account the financial conditions, economic trends, analysis to historical bad debts and ageing of such receivables.

The ageing analysis of the trade receivables has been considered from the date the invoice falls due

### Investments

The Company limits its exposure to credit risk by generally investing in liquid securities and only with counter-parties that have a good credit rating. The Company does not expect any losses from non-performance by these counter-parties apart from those already given in financials, and does not have any significant concentration of exposures to specific industry sectors or specific country risks.

### Cash & Cash Equivalent

The Company holds cash & cash equivalent with credit worthy banks of Rs. 197.70 lacs as at March 31, 2020 (Rs. 308.89 lacs as at March 31, 2019). The credit worthiness of such banks is evaluated by the management on ongoing basis & is considered to be good.

## (c) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due.

The Company has obtained fund and non-fund based working capital lines from various banks. The company's treasury department is responsible for liquidity, funding as well as settlement management. In addition, process and policies related to such risk are overseen by senior management. Management monitors the company's net liquidity position through rolling forecasts on the basis of expected cash flows.

To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into three levels prescribed under the Ind AS. An explanation for each level is given below.

Level 1: Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2: Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3: Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.
