From the Chairman's Desk

Dear Shareholders,

FY 2014-15 has been a year of recovery for the Indian Economy at large and the Automotive Sector in particular. Riding on the wave of a gradual rise in market sentiments, excise duty cuts and the opening up of the mining and infrastructure sectors, the Indian Domestic Automotive Industry posted an overall growth of 7.2 percent in fiscal year 2014-15. All vehicle categories other than Commercial Vehicles have shown positive growth and passenger car sales have returned to the black after three years, posting a 5 percent increase in sales in FY 2014-15. The two-wheeler segment has also posted an encouraging 8.1 percent growth.

The impact of low economic activity in the preceding years, however, is only gradually wearing off. Consequent to a host of financial liquidity constraints arising out of under utilized investments in the past 3 years fuelled by an overall low economic activity during the same period, your Company has posted a slight decline in turnover in the current year. By virtue of the professional approach and the best practices adopted by your Company, we were however able to optimize this decline in a year that showed signs of turnaround.

The Company however has earned a significant Profit after Tax on account of selling its stake in FCC Rico Limited, a Joint Venture Company, thereby recording a one-time capital gain.

As we take on a new year, we are hopeful that the business climate will only improve. Initiatives such as "Make in India" unveiled by the government to improve the investment environment in the country are being seen as likely growth drivers. The "Make in India" theme is particularly expected to bring long term results with foreign companies looking at India as their manufacturing hub. With vehicle consumption showing a growth in the last few months the stage has been set for cautious optimism as we expect the Auto Component Industry to grow in the range of 6-8 percent in the current fiscal 2015-16, while the economy as a whole is projected to grow at 7.9 percent.

Your Company is well poised to leverage this change in the economic climate to step up growth and enhance shareholder value. The first quarter results of the current fiscal are only indicative of these trends.

Let me take this opportunity to thank our valued customers, associates, vendors, bankers & stakeholders for reposing their faith in us. I would also like to extend my gratitude to all our employees for their single-minded dedication.

OUTLOOK FOR CURRENT YEAR

The Unaudited Financial Results for the first quarter ended 30th June, 2015, already announced, show a gross turnover of Rs.236.45 crores for the first quarter of the current year against a turnover of Rs.229.97 crores in the corresponding quarter of the previous year. Steps are being taken to further improve the turnover and margin during the remaining part of the year.

NEW PLANTS AND FACILITIES

The Company continues its efforts towards expansion of its domestic and overseas customer base by first utilizing the existing available capacities and also implementing new facilities to enhance capacity by acquiring new technologies and also de-risking its operations geographically. The Company is working for setting-up its:

A. Bawal Plant

This plant has been set up for High Tonnage High Pressure Die Casting work with full automation and controls and High Precision Machining for auto parts and assembly. The Company is now gearing up for higher volumes for our esteemed customers namely BMW, Renault, GKN, Eaton and Tata Motors.

B. Chennai Plant

The Company has set up a manufacturing plant for supply of HPDC parts to Renault – Nissan in Chennai. The plant and machinery has been installed and production trials are in progress. Commercial production is expected to start in 3rd Quarter of current financial year.

C. Pathredi (Bhiwadi) Plant

Site development work has been completed. The building construction is expected to commence in the last quarter of the current financial year.

D. Sanand Plant

In view of low demand by Tata Motors Limited for the components for the Nano Car, supply is being made from the Company's Gurgaon Plant. Efforts are being made to add more customers so the Plant capacity can be utilized. Re-starting of the Sanand Plant is under discussion with Tata Motors for manufacturing new parts for their new models. Further discussions are in progress with Hero Motocorp and Maruti Suzuki for supplies to their up-coming plants in Gujarat and other states.

ANNEXURE TO DIRECTORS' REPORT

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Rico Auto Industries Limited (RICO) is amongst the leading players in the Indian Auto Components Industry. RICO supplies Aluminium and Ferrous Machined Components and Assemblies to Original Equipment Manufacturers (OEMs) and Tier-I Customers across the globe.

INDUSTRY STRUCTURE AND DEVELOPMENTS

According to a joint study by ACMA and Ernst & Young, the Indian Auto Component Industry will grow at a Compounded Annual Growth Rate (CAGR) of 11 percent through 2011-21. Not only meeting domestic demand, India is poised to scale new heights in terms of exports as well. The said report estimates that exports would grow at a CAGR of 18.8 percent through the forecast period.

FY 2014-15 numbers reveal all vehicle categories other than commercial vehicles were in positive territory and passenger car sales have returned to the black after three years. Riding on the back of a gradual uplift in market sentiments, excise duty cuts continuing through to December 2014 and the opening up of the mining and infrastructure sectors, the Indian domestic automotive industry posted an overall growth of 7.2 percent in fiscal year 2014-15, marking an improved performance over the previous fiscal. The crucial passenger car sector has posted an increase of 5 percent with sales of 1.87 million units and overall the passenger vehicle segment posted 3.9 percent growth with 2.6 million units. The commercial vehicles posted a negative growth of 2.9 percent at 615,000 units mainly being dragged down by light commercial vehicles. The two wheeler segment posted 8.1 percent growth with 16 million units primarily on back of stupendous 25 percent growth in the scooters and mere 2.5 percent growth on the motorcycles.

In FY 2014-15 overall auto exports have also risen 14.9 percent with Passenger Vehicles, Commercial Vehicles and Two-wheelers up 4.4 percent, 11.3 percent and 17.9 percent respectively.

The Indian Auto Component Industry turnover stood close to US\$ 38.5 Billion for the year 2014-15 over the previous year turnover of US\$ 35.1 Billion, an increase of 9.69 per cent in Dollar terms. However, in Rupee terms this has increased by 11 per cent. Exports of Auto Components from India during the financial year 2014-15 increased to US\$ 11.2 Billion from US\$ 10.2 Billion compared to previous year 2013-14 recording a growth of 9.8 percent.

With the Make in India initiative by the government and many other steps which are being taken to improve the investment environment in the country we feel the overall manufacturing sector will get a boost in coming years. The Automotive Sector holds huge investment potential and require huge investment from Indian and Global Players. Auto Component Industry largely depends on the OEMs in the sectors, most of them have set up and are also setting up their base in India to cater the domestic as well as export market.

With the automotive sector being a key driver of the economy and growth returning to vehicle consumption in the last few months, we expect the component industry to grow in the range of 6-8 percent in the current fiscal 2015-16.

ECONOMIC OUTLOOK

Indian Economy is now seventh largest in the world by nominal GDP and third largest by Purchasing Power Parity (PPP). India is one of the world's most attractive markets for Companies in the automotive sector. The country is now the fastest growing economy and

continues to grow at one of the highest rate in the world. The GDP growth is 7.3 percent in 2014-15 against the last year GDP of 6.9 percent. With the various government policy initiatives including "Make in India" the GDP growth is likely to be higher at 7.9 percent in the current financial year 2015-16.

The guidance for the current year pegs the economy to grow at 7.9 percent but has a down side risk due to deficient monsoon and volatility in currency market and overall situation in China. Global oil prices remain at very reasonable level to the advantage of India. With inflation remaining in control it is expected that the further interest rate moderation will happen in the second half of financial year 2015-16. This will help growth in the industry.

OPPORTUNITIES, THREATS AND BUSINESS OUTLOOK

To cater the domestic and export markets, your Company constantly looks at the opportunities in the sector and expects to continue with its growth momentum.

The last fiscal saw recovery in automotive industry, the primary sector serviced by your Company, witnessed a 7.2 percent growth in domestic sales. The key factors for the growth of industry performance were the decline in fuel prices, softening of interest rate, aggressive discounts, improving consumers sentiments and also new launches by the OEMs.

Your Company is well poised to benefit from opportunities available in the auto component industry because of its reputation of being a reliable source of complex components and assemblies, multiple fully integrated production facilities that can offer complete spectrum of services from designing to development of tools, casting and precision machining and assembly of the components.

Your Company, with a view to explore opportunities with existing and new customers, has, (a) developed dedicated account teams to focus on specific customers; (b) kept pace with the latest technological developments; (c) adopted quality standards in line with the global standards to meet its commitments; and (d) adopted best practices for global distribution of its products.

Many of the new projects won by your Company in the last year will see start of realization from the 1st and 2nd Quarter which will further improve our sales. We are committed to utilize our current resources optimally while minimizing investment in new capex in this year. We are also working towards lean operations and rationalizing our cost structure.

Exports has always been a focus area for your Company and it is continuously engaging with its global customer to win new programs and launch them as per the customer requirements. In FY 2014-15 new business was added from BMW, GKN, Musashi, Honeywell & Renault. The Company has aligned its strategy to build infrastructure and capability for more complex and bigger parts thus giving more value add to the customers and increasing its segment competitiveness. However sales at CAT USA & Eaton Brazil suffered due to lack of demand of their products and thus our increase in exports with other customers was nullified.

The market in US & Europe is stabilizing and your Company is expected to grow by around 15-20 percent in FY 2015-16. Your Company is working towards leveraging this up trend and has launched critical programs in the 1st quarter which will continue to strengthen its position.

Your Company has strengthened its export orientation with appointment of Sales Representative Company in Europe which will further help us to penetrate the Luxury Car segment like Daimler, Audi, BMW etc. In FY 2014-15 your Company was able to maintain the export sales of Rs.192.64 crores. There are positive signals emerging from NAFTA & European markets and we should be able to catch on and consolidate our position and post healthy growth this year.

In past few years there has been a continuous endeavor to add new products and customers in our portfolio across the globe. Your Company is focusing on certain key value added categories like the Ferrous Differential Cases and Higher Tonnage Aluminum parts like oil pans, transmission housings & covers. Ramp up of newly launched BMW & Renault parts will further help to improve the plant efficiencies. In order to support the last mile operations as well as deliveries your Company has tied up with external agencies for warehousing operations in North Carolina & in Germany. General Motors has also expressed their intent to work with your Company in the export arena again and has already nominated your Company recently for new businesses.

Your Company believes that a de-risked business model, strong emphasis on design and engineering capabilities, emphasis on productivity improvement, efficient utilization of assets, reduction in working capital and lean manufacturing will help in creating opportunities and maintaining our competitive advantage in the auto component industry.

SEGMENT WISE PERFORMANCE

The Company is operating mainly in the Auto Components business segment.

FINANCIAL PERFORMANCE

8. Fixed Assets

Net decrease to gross block has been Rs.377.81 crores during the financial year ended 31st March, 2015, which has decreased the total gross block to Rs.669.35 crores (Refer Note to Balance Sheet for additional details). Net decrease to Plant & Machinery of Rs.366.33 crores comprises 45 percent of the total Plant & Machinery during the year. Ratio of gross sales to gross block has increased from 0.99 times to 1.41 times in the financial year 2014-15. Ratio of net sales to net block has increased from 1.86 times to 2.68 times in the financial year 2014-15. The impact of decrease in gross block will reflect better results by improved ratios. The decrease in gross block is due to the sale of divisions (Plant & Machinery) to the Subsidiary Company as stated in the Directors' Report.

RISKS AND CONCERNS

The Company is exposed to external and internal risks associated with the business.

The operations of the Company are directly dependent on the Automotive Industry and the cyclical nature of the industry affects us. General economic conditions impact the automotive industry and in turn our operations as well. To counter these risks, we continue to broaden our product portfolio, increase our customer profile and geographic reach.

The Company is exposed to strong competitive pressures, both domestic and overseas. Company's established reputation, close customer relationships, ability to provide higher level of engineering, design support and relentless drive for improvement gives us a competitive edge. We are also exposed to financial risk from changes in interest rates, foreign exchange rates, and commodity prices.

We are fully aware of other risks and are therefore implementing a structured risk management system. The Company is taking steps to ensure the effective risk management including risk identification and its mitigation through proper insurance covers and other strategies.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has effective and adequate internal control systems commensurate with the size and scale across all areas of operations to ensure compliance of applicable laws and regulations. The internal control systems are periodically reviewed and updated by the Internal Auditors. A system exists for periodic monitoring and reporting of the results of internal audits and internal control self-assessments. The Audit Committee and Board of Directors in their meetings review the progress of implementation of the recommendations of internal audits. The Company has appointed an independent consultant to suggest the ways and means to further improve and strengthen the internal control system.

HUMAN RESOURCES

At RICO, our people have always been our most valued resource. We support our people with continuous in-house and external training. Our relations with employees are cordial at all Company locations.

There are 2812 employees including 1392 contractual employees in the Company as on 31st March, 2015.

ENVIRONMENT, HEALTH AND SAFETY MANAGEMENT

The Company is committed to continuous improvement in Environment, Health and Safety Systems (EHS) in the organisation and ensuring compliance with all applicable legal and customer requirements. Behavior based safety and Clean Development Mechanism (CDM) Projects are new initiatives taken to inculcate safe working culture and to reduce carbon emission.

Emergency preparedness through periodic drills, safety and health awareness through competitions, campaigns and event celebrations are part of regular EHS Practice which enhance employee involvement.

Different trainings and tool box talks on EHS are making employees aware on different aspects of safety, health, and environment. Continuous training on various topics is imparted to improve employees' competence in EHS. This strategy will help to improve EHS performance indicators e.g. Near Miss Reporting, reduction in Lost Time Injury Frequency Rate (LTIFR) and Severity Rate.

We believe that health is wealth, so regular health camps and awareness sessions are incorporated in the EHS plan. The Company is committed to continual improvement in the ISO-14001 and OHSAS-18001 Systems through periodic audits by one of the World's Leading Certification Agency-American Systems Registrar (USA).

INFORMATION TECHNOLOGY

RICO is continually acquiring state-of-the-art technology and information resources. Continuous improvement in terms of availability and security of information is our prime motto. Technologies like Private Cloud and Cloud Storage are helping us protect vital information in the event of any disaster. The Organization is moving more towards generating business intelligence reports using IT Infrastructure.

CAUTIONARY NOTE

This report contains certain forward looking statements. All such statements are subject to risks and uncertainties. Actual results could differ materially from those expressed or implied.

ANNEXURE TO DIRECTORS' REPORT

CORPORATE GOVERNANCE REPORT

Corporate Governance aims to maximize long-term stakeholders value. INDEPENDENT AUDITORS' REPORT

To the Members of
Rico Auto Industries Limited

Report on the Standalone Financial Statements

1. We have audited the accompanying standalone financial statements of Rico Auto Industries Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2015, the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements, that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act; safeguarding the assets of the Company; preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a

true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2015, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

9. As required by the Companies (Auditor's Report) Order, 2015 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
10. As required by Section 143(3) of the Act, we report that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. the standalone financial statements dealt with by this report are in agreement with the books of account;
 - d. in our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended);
 - e. on the basis of the written representations received from the directors as on March 31, 2015 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015 from being appointed as a director in terms of Section 164(2) of the Act;
 - f. with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) as detailed in Note 32(I) to the standalone financial statements, the Company has disclosed the impact of pending litigations on its standalone financial position;
 - ii) the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and

- iii) there has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure to the Independent Auditor's Report of even date to the members of Rico Auto Industries Limited, on the financial statements for the year ended March 31, 2015

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) All fixed assets have not been physically verified by the management during the year, however, there is a regular program of verification once in every three years, which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.
- (ii) (a) The management has conducted physical verification of inventory at reasonable intervals during the year, except for goods-in-transit and stocks lying with third parties. For stocks lying with third parties at the year-end, written confirmations have been obtained by the management.
- (b) The procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the Company and the nature of its business.
- (c) The Company is maintaining proper records of inventory and material discrepancies noticed on physical verification have been properly dealt with in the books of account.
- (iii) The Company has granted unsecured loans (short term and long term) to companies covered in the register maintained under Section 189 of the Act; and with respect to the same:
- (a) in relation to short term unsecured loan, the principal amounts are repayable on demand and since the repayment of such loans has not been demanded, in our opinion, receipt of the principal amount is regular; and; in relation to long term unsecured loan, the principal amount is not due for repayment currently; and
- (b) there is no overdue amount in respect of loans (short term and long term) granted to such companies.
- (iv) In our opinion, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit, no major weakness has been noticed in the internal control system in respect of these areas.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products/services and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii)(a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, wealth tax, service tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues, as applicable, have not been regularly deposited with the appropriate authorities and there have been significant delays in a large number of cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable;
- (b) The dues outstanding in respect of income-tax, sales-tax, wealth tax, service tax, duty of custom, duty of excise, value added tax and cess on account of any dispute, are as follows:

Summary of Significant Accounting Policies and other Explanatory Notes for the year ended March 31, 2015

Note 1 – CORPORATE INFORMATION

Rico Auto Industries Limited was incorporated in India on March 7, 1983. Rico supplies a broad range of high-precision fully machined aluminum and ferrous components and assemblies to Original Equipment Manufacturers across the globe. Its integrated services include design, development, tooling, casting, machining, assembly and research and development across aluminium and ferrous products. The Company is in the business of manufacturing and sale of auto components for two wheelers and four wheelers.

Note 2 – SIGNIFICANT ACCOUNTING POLICIES

i) Basis of Preparation

The financial statements have been prepared on going concern basis under the historical cost basis, in accordance with the generally accepted accounting principles in India and in compliance with the applicable accounting standards as specified under section 133 of Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Companies Act, 2013. The accounting policies have been consistently applied by the Company.

ii) Use of Estimates

The preparation of financial statements in conformity with the principles generally accepted in India requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Any revision to accounting estimates is recognised in the current and future periods.

iii) Revenue Recognition

a) Revenue from Sale of Goods

Revenue from sale of goods is recognised upon transfer of significant risks and rewards incident to ownership and when no significant uncertainty exists regarding realisation of the sale consideration. Sales are recorded net of sales returns, rebates, trade discounts and price differences and are inclusive of excise duty.

b) Revenue from Sale of Services

Service income comprising technical and other support services fee is recognised as per the terms of the agreement. Revenue in respect of time and material contracts are recognised based on time spent in accordance with the contractual terms.

c) Duty Draw Back and Export Incentive

Export benefit entitlements are recognised in the Statement of Profit and Loss when the right to receive benefit is established in respect of the exports made.

d) Interest Income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

e) Dividend Income

Dividend on investments is recognised when the right to receive dividend is established.

iv) Fixed Assets and Intangibles

a) Tangible Assets

Tangible fixed assets are stated at cost less accumulated depreciation. Cost includes all expenses, direct and indirect, specifically attributable to its acquisition and bringing it to its working condition for its intended use.

Incidental expenditure pending allocation and attributable to the acquisition of fixed assets is allocated/capitalised with the related fixed assets.

b) Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Initial recognition of intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

v) Depreciation and Amortisation

Till the year ended March 31, 2014, depreciation rates prescribed under Schedule XIV of Companies Act, 1956 were used for charging depreciation. From the current year, schedule XIV has been replaced by Schedule II of Companies Act, 2013. Schedule II of Companies Act, 2013 prescribed the useful lives of fixed asset which, in many cases, are different from lives prescribed under Schedule XIV.

Depreciation on building and plant and machinery is provided on the straight-line method, computed on the basis of useful life, on a pro-rata basis from the date the asset is ready to put to use subject to transitional provisions of Schedule II. However for certain categories of plant and machinery depreciation is provided using straight line method over a period of 20 years.

Summary of Significant Accounting Policies and other Explanatory Notes for the year ended March 31, 2015 (Contd.)

Depreciation on other fixed assets is provided on written down value method, computed on the basis of useful life prescribed in Schedule II to the Companies Act, 2013, on a pro-rata basis from the date the asset is ready to put to use subject to transitional provisions of Schedule II.

Depreciation on dies and moulds is provided based on useful life of the items ascertained on a technical estimate by management.

Intangible assets are being amortised on written down value method over the useful life of 5-10 years, as estimated by management to be the economic life of the assets over which economic benefits are expected to flow.

vi) Investments

Long term investments are stated at cost of acquisition inclusive of expenditure incidental to acquisition. A provision for diminution is made to recognise a decline, other than temporary in the value of long term investments.

Current investments are stated at lower of cost and fair value determined on an individual basis.

vii) Inventories

Inventories are valued as follows:

a) Raw Materials and Loose Tools

Lower of cost or net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis.

b) Work in Progress

Work in progress is valued at cost up to the stage of completion. Cost includes direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity.

c) Finished Goods

Finished goods are valued at lower of cost or net realisable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost of finished goods includes excise duty.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion to make the sale.

viii) Employee Benefits

Wages, salaries, bonuses, paid annual leave and sick leave are accrued in the year in which the associated services are rendered by employees of the Company. The Company also provides benefit of compensated absences under which un-availed leaves are allowed to be accumulated and can be availed in future.

The Company has three post-employment benefit plans in operation viz. Gratuity, Provident Fund and Employee State Insurance scheme.

a) Provident Fund and Employee State Insurance Scheme

Provident fund benefit and Employee State Insurance benefit are defined contribution plans under which the Company pays fixed contributions into funds established under Employee Provident Fund and Miscellaneous Provision Act, 1952 and Employee State Insurance Act, 1948 respectively. The Company has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. The contributions recognised in respect of defined contribution plans are expensed as they accrue. Liabilities and assets may be recognised if underpayment or prepayment has occurred and are included in current liabilities or current assets, respectively, as they are normally of a short term nature.

b) Gratuity

Gratuity is a post-employment benefit and is in the nature of defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation as at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses. Gratuity Fund is administered through Life Insurance Corporation of India. The defined benefit obligation is calculated at the balance sheet date on the basis of actuarial valuation by an independent actuary using projected unit credit method. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recorded in the Statement of Profit and Loss in the year in which such gains or losses arise.

c) Compensated Absences

The Company also provides benefit of compensated absences to its employees which are in the nature of long term benefit plan. The compensated absences comprises of vesting as well as non-vesting benefit. Liability in respect of compensated absences becoming due and expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefits expected to be availed by the employees. Liability in respect of compensated absences becoming due and expected to be availed more than one year after the balance sheet date

Summary of Significant Accounting Policies and other Explanatory Notes for the year ended March 31, 2015 (Contd.)

is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recorded in the Statement of Profit and Loss in the year in which such gains or losses arise. Leave encashment fund is administered through Life Insurance Corporation of India and India First Life Insurance Company Limited.

ix) **Research and Development Expenses**

Revenue expenditure on research is expensed off under the respective heads of account in the year in which it is incurred.

Expenditure on development activities, whereby research findings are applied to a plan or design for the production of new or substantially improved products and processes, is capitalised, if the cost can be reliably measured, the product or process is technically and commercially feasible and the Company has sufficient resources to complete the development and to use and sell the asset. The expenditure capitalised includes the cost of materials, direct labour and an appropriate proportion of overheads that are directly attributable to preparing the asset for its intended use. Other development expenditure is recognised in the Statement of Profit and Loss as an expense as incurred.

Fixed assets used for research and development are depreciated in accordance with the Company's policy on fixed assets as stated above.

x) **Borrowing Costs**

Borrowing costs directly attributable to acquisition, construction or erection of fixed assets, which necessarily take a substantial period of time to be ready for the intended use are capitalised. Capitalisation of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended use are complete.

Other borrowing costs are recognised as an expense in the Statement of Profit and Loss in the year in which they are incurred.

xi) **Foreign Currency Transactions**

a) *Initial Recognition*

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

b) *Subsequent Recognition*

Foreign currency monetary assets and liabilities are reported using the closing rate as at the reporting date.

Non-monetary items, which are carried in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

c) *Exchange Differences*

Exchange differences arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year or reported in previous financial statements, are recognised as income or expense in the year in which they arise, except for exchange differences arising on foreign currency monetary items.

Exchange differences arising on long term foreign currency monetary items in so far as it relates to the acquisition of depreciable capital assets are added to the cost of such assets.

xii) **Derivative Instruments**

The Company uses foreign exchange forward contracts to hedge its exposure towards underlying assets or liability or for highly probable and forecasted transactions. These foreign exchange forward contracts are not used for trading or speculation purposes.

a) *Forward Contracts taken for Highly Probable/Forecast Transactions*

Such forward exchange contracts are marked to market at the balance sheet date if such mark to market results in exchange loss such exchange loss is recognised in the statement of profit and loss immediately. Any gain is ignored and not recognised in the financial statements in accordance with the principles of prudence enunciated in Accounting Standard 1- Disclosure of Accounting Policies notified under the Companies Act, 2013.

b) *Forward Contracts where an underlying Asset or Liability exists*

In such case, the difference between the forward rate and the exchange rate at the inception of the contract is recognised as income or expense over the life of the contract.

Profit or loss arising on cancellation or renewal of a forward contract is recognised as income or expense in the year in which such cancellation or renewal is made.

xiii) **Taxation**

Tax expense comprises current tax and deferred tax.

a) *Current Tax*

Provision for current income tax is made on the assessable income at the tax rate applicable to the relevant assessment year.

Summary of Significant Accounting Policies and other Explanatory Notes for the year ended March 31, 2015 (Contd.)

b) *Deferred Tax*

Deferred income taxes are recognised for the future tax consequences attributable to timing differences between the financial statement determination of income and their recognition for tax purposes. The effect on deferred tax assets and liabilities of change in tax rates is recognised in income using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. However, in the case of brought forward tax losses and tax depreciation, deferred tax assets are recognised only when there is virtual certainty supported by convincing evidence that such assets will be realised.

c) *Minimum Alternative Tax*

Minimum Alternative Tax credit ("MAT credit") is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income tax during the specified period.

xiv) **Leases**

a) *Operating Leases*

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

b) *Finance Leases*

Assets acquired on lease where the Company has substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalised at the inception of the lease at the lower of fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period. The resultant interest cost is charged to the Statement of Profit and Loss on accrual basis.

xv) **Provisions and Contingencies**

The Company creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may but probably will not require an outflow of resources. Disclosure is also made in respect of a present obligation that probably requires an outflow of resources, where it is not possible to make a reliable estimate of the related outflow. Where there is a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

xvi) **Earnings Per Share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue and share split.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, except where results would be anti-dilutive.

xvii) **Impairment of Assets**

The Company on an annual basis makes an assessment of any indicator that may lead to impairment of assets. If any such indication exists, the Company estimates the recoverable amount of the assets. If such recoverable amount is less than the carrying amount, then the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is charged to the Statement of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

Summary of Significant Accounting Policies and other Explanatory Notes for the year ended March 31, 2015 (Contd.)

Note 53 – As per the transfer pricing norms applicable in India, the Company is required to use certain specified methods in computing arm's length price of transactions between the associated enterprises and maintain prescribed information and documents related to such transactions. The appropriate method to be adopted will depend on the nature of the transactions/class of transactions, class of associated persons, functions performed and other factors, which have been prescribed. The Company is in the process of conducting a transfer pricing study for the current financial period. However, in the opinion of the management the same would not have a material impact on these financial statements. Accordingly, these financial statements do not include any adjustments for the transfer pricing implications, if any.

Note 54 – Previous year's amounts have been regrouped/ reclassified, wherever considered necessary to make them comparable with those of the current year.

This is the summary of significant accounting policies and other explanatory information referred to in our report of even date.

CONSOLIDATED FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR 2015

INDEPENDENT AUDITOR'S REPORT

To the Members of Rico Auto Industries Limited

Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of Rico Auto Industries Limited, ("the Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and jointly controlled companies, which comprise the Consolidated Balance Sheet as at March 31, 2015, the Consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ("the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group and its jointly controlled companies, in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). The Holding Company's Board of Directors, and the respective Board of Directors of the subsidiaries included in the Group and of its jointly controlled companies are responsible for the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. Further, in terms with the provisions of the Act, the respective Board of Directors of the Holding Company and its subsidiary and jointly controlled companies, which are incorporated in India are responsible for maintenance of adequate accounting records; safeguarding the assets; preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements, which have been used for the purpose of preparation of the consolidated financial statements by the directors of the Holding Company, as aforesaid.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

4. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the auditor's report under the provisions of the Act and the Rules made thereunder.

5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Holding Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.
7. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 9(a) of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on the financial statements of the subsidiaries and jointly controlled companies as noted below, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its jointly controlled companies as at March 31, 2015, and their consolidated profit and their consolidated cash flows for the year ended on that date.

Other Matter

9. a) We did not audit the financial statements of five subsidiaries and two jointly controlled companies, included in the consolidated financial statements, whose financial statements reflect total assets (after eliminating intra-group transactions) of Rs. 126.65 crores as at March 31, 2015, total revenues (after eliminating intra-group transactions) of Rs. 480.36 crores and net cash flows amounting to Rs. (5.39) crores for the year ended on that date. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and jointly controlled companies, and our report in terms

CONSOLIDATED FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR 2015

of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries and jointly controlled companies, is based solely on the reports of the other auditors.

- b) Statement on the matters specified in paragraphs 3 and 4 of the Order, given as annexure to this report does not include, matters relating to one jointly controlled company, FCC Rico Limited, since during the year the Holding Company sold all of its shares in the jointly controlled company and therefore at the year end, FCC Rico Limited, ceased to be either a jointly controlled company or an associate.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done by and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

10. As required by the Companies (Auditor's Report) Order, 2015 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, and based on the comments in the auditor's reports of the subsidiary companies and jointly controlled companies incorporated in India, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
11. As required by Section 143(3) of the Act, and based on the auditor's reports of the subsidiaries and jointly controlled companies not audited by us, we report, to the extent applicable, that:
- We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - The consolidated financial statements dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended);
 - On the basis of the written representations received from the directors of the Holding Company as on March 31, 2015 taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiary companies and jointly controlled companies incorporated in India, none of the directors of the Group companies and jointly controlled companies,

incorporated in India is disqualified as on March 31, 2015 from being appointed as a director in terms of Section 164 (2) of the Act.

- f) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- As detailed in Note 35(I), the consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and its jointly controlled companies;
 - The Group and its jointly controlled companies did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the subsidiary companies and jointly controlled companies incorporated in India.

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE TO THE MEMBERS OF RICO AUTO INDUSTRIES LIMITED, ON THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2015

Based on the audit procedures performed for the purpose of reporting a true and fair view on the consolidated financial statements of the Holding Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit and based on the comments in the auditor's reports of the subsidiary companies and jointly controlled companies incorporated in India (to the extent applicable) (collectively hereinafter referred to as the "Indian entities of the Group"), we report that:

- The Holding Company, five subsidiary companies and one jointly controlled company, having fixed assets, have maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
 - The Holding Company, five subsidiary companies and one jointly controlled company which have fixed assets have a regular program of physical verification of its fixed assets under which the fixed assets of the Holding Company and

CONSOLIDATED FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR 2015

two subsidiary companies are verified in a phased manner over a period of three years and the fixed assets of the three subsidiary companies and one jointly controlled company are physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion and the opinion of other auditors, the frequency of verification of the fixed assets is reasonable having regard to the size of these companies and the nature of its assets.

- (ii) a) Two subsidiary companies incorporated in India do not have any tangible inventory. Accordingly, the provisions of clause 3(ii) of the Order are not applicable to them. The management of the Holding Company, three subsidiary companies and one jointly controlled company incorporated in India has conducted physical verification of inventory at reasonable intervals during the year.
- b) The procedures of physical verification of inventory followed by the management of Indian entities of the Group referred to in (ii)(a) above, are reasonable and adequate in relation to the size and the nature of their business.
- c) Entities referred to in (ii)(a) above, are maintaining proper records of inventory and no material discrepancies between physical inventory and book records were noticed on physical verification.
- (iii) Five subsidiary companies and one jointly controlled company incorporated in India have not granted any loans, secured or unsecured, to companies, firms or other parties covered in the Register maintained under Section 189 of the Companies Act, 2013 in the respective entities. Accordingly, the provisions of clauses 3(iii)(a) and 3(iii)(b) of the Order are not applicable. However, Holding Company has granted unsecured loans (short term and long term) to companies covered in the register maintained under Section 189 of the act, which have been eliminated upon consolidation; and with respect to the same:
 - a) in relation to short term unsecured loan, the principal amounts are repayable on demand and since the repayment of such loans has not been demanded, in our opinion, receipt of the principal amount is regular; and; in relation to long term loan, the principal amount is not due for repayment currently; and
 - b) there is no overdue amount in respect of loans (short term and long term) granted to such companies.
- (iv) Owing to the nature of its business, two of the subsidiary companies incorporated in India do not maintain any physical inventories or sells any goods or services. Further, there are no transactions pertaining to purchase of fixed assets or sale of services in respect to one of the aforementioned subsidiary companies. Accordingly, clause 3(iv) of the Order with respect to purchase of inventories and sale of goods and services is not applicable to both the subsidiaries and not applicable to one of aforementioned subsidiary with respect to purchase of fixed assets. In opinion of the auditor of the subsidiary company, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for

the purchase of fixed assets. During the course of our audit, no major weakness has been noticed in the internal control system in respect of this area.

In our opinion and on consideration of the comments in the reports of the other auditors, in respect to the Holding Company, three subsidiary companies, and one jointly controlled company incorporated in India; there is an adequate internal control system commensurate with the size of respective companies and the nature of their business for the purchase of inventory and fixed assets and for the sale of goods and services. During the course of our audit and on consideration of the comments in the reports of the other auditors, no major weakness has been noticed in the internal control system in respect of these areas.

- (v) None of the Indian entities of the Group have not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable to them.
- (vi) To the best of our knowledge and belief, the Central Government has not specified maintenance of cost records under sub-section (1) of Section 148 of the Act, in respect of products of three subsidiary companies incorporated in India. Accordingly, the provisions of clause 3(vi) of the Order are not applicable to them. We, in case of the Holding Company and one of the Subsidiary Company, incorporated in India and other auditors in case of Jointly Controlled Company and one Subsidiary Company, incorporated in India, have broadly reviewed the books of account maintained by the respective Companies pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, they had not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, wealth tax, service tax, duty of custom, duty of excise, value added tax, cess and other material statutory dues, as applicable, have been regularly deposited with the appropriate authorities except in case of Holding Company and one subsidiary company incorporated in India wherein there have been significant delays in a large number of cases and slight delay in case of one subsidiary company. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they become payable.
- b) There are no dues in respect of income-tax, sales-tax, wealth tax, service tax, duty of customs, duty of excise, value added tax and cess that have not been deposited with the appropriate authorities on account of any dispute in five subsidiary companies and one jointly controlled company incorporated in India. Disputes in respect of Holding Company are as follows:

CONSOLIDATED FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR 2015

- c) The holding Company has transferred the amount required to be transferred to the investor education and protection fund in accordance with the relevant provisions of the Companies Act, 1956 (1 of 1956) and rules made thereunder within the specified time. The subsidiary companies and jointly controlled companies incorporated in India did not have any dues on account of Investor Education and Protection Fund.
- (viii) The Holding Company and jointly controlled company incorporated in India has no accumulated losses at the end of the financial year and they have not incurred cash losses in the current and the immediately preceding financial year. In respect of four subsidiary companies incorporated in India, the accumulated losses at the end of the financial year are more than fifty percent of its net worth and the accumulated losses of one subsidiary company incorporated in India at the end of the financial year are less than fifty percent of its net worth. Two subsidiary companies incorporated in India have incurred cash losses in the current and the immediately preceding financial year. Three subsidiary companies incorporated in India have not incurred cash losses in the current year but had incurred cash losses in the immediately preceding financial year.
- (ix) Three subsidiary companies incorporated in India have no dues payable to a financial institution or a bank or debenture-holders during the year. Accordingly, the provisions of clause 3(ix) of the Order are not applicable to them. One jointly controlled company and two subsidiary companies incorporated in India have not defaulted in repayment of dues to any bank or to financial institutions during the year. These companies have no dues payable to debenture holders during the year. The Holding Company has no dues payable to debenture-holders. The Holding Company has defaulted in repayment of dues to the following banks and financial institutions:

Summary of Significant Accounting Policies and other Explanatory Information to the Consolidated Financial Statements for the year ended March 31, 2015 (Contd.)

Note 1 – NATURE OF OPERATIONS

Rico Auto Industries Limited ("the Parent Company" or "the Parent" or "the Company"), a public limited company, together with its subsidiaries and joint ventures (hereinafter collectively referred to as "the Group") is engaged in the business of manufacturing and sale of auto components for two wheelers and four wheelers.

The Parent Company's shares are listed on the National Stock Exchange Limited and BSE Limited in India.

Note 2 – BASIS OF PREPARATION

The Consolidated financial statements have been prepared on going concern basis under the historical cost basis, in accordance with the generally accepted accounting principles in India and in compliance with the applicable accounting standards as specified under section 133 of Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). All assets and liabilities have been classified as current or non-current as per the Group's operating cycle and other criteria set out in the Companies Act, 2013. The accounting policies have been consistently applied by the Group.

Note 3 – CONSOLIDATION PROCEDURE

The Consolidated financial statements are prepared in accordance with Accounting Standard (AS-21) "Consolidated Financial Statements" and Accounting Standard 27 'Financial Reporting of Interests in Joint Ventures (as applicable) notified under The Companies Act, 2013 ("the Act"). The financial statements of the Parent and its subsidiaries are combined on a line by line basis by adding together sums of like nature, comprising assets, liabilities, income and expenses and after eliminating intra-group balances/ transactions. Financial interest in joint ventures has been accounted for under the proportionate consolidation method.

The excess/deficit of cost to the Parent Company of its investment over its portion of net worth in the consolidated entities at the respective dates on which the investment in such entities was made is recognised in the financial statements as goodwill/capital reserve. The Parent Company's portion of net worth in such entities is determined on the basis of book values of assets and liabilities as per the financial statements of the entities as on the date of investment.

The financial statements of foreign subsidiaries are prepared by them on the basis of generally accepted accounting principles, local laws and regulations as prevalent in their respective countries and such financial statements are considered for consolidation.

For the purpose of preparation of the Consolidated financial statements the foreign currency assets, liabilities, income and expenditure are translated as per Accounting Standard (AS-11) on "Accounting for the Effects of Changes in Foreign Exchange Rates", notified under the Act. Exchange differences arising are recognised in the statement of profit and loss or in the Foreign Currency Translation Reserve classified under Reserves and Surplus as applicable, under the above mentioned Accounting Standard.

List of Subsidiaries and Joint Venture considered for consolidation is as follows:

Summary of Significant Accounting Policies and other Explanatory Information to the Consolidated Financial Statements for the year ended March 31, 2015 (Contd.)

Note 4 – USE OF ESTIMATES

The preparation of consolidated financial statements in conformity with the principles generally accepted in India requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and the disclosure of contingent liabilities on the date of consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

Note 5 – SIGNIFICANT ACCOUNTING POLICIES

i) Revenue Recognition

a. Revenue from sale of goods

Revenue from sale of goods is recognised upon transfer of significant risks and rewards incident to ownership and when no significant uncertainty exists regarding realization of the sale consideration. Sales are recorded net of sales returns, rebates, trade discounts and price differences and are inclusive of excise duty.

b. Revenue from sale of services

Service income comprising technical and other support services fee is recognised as per the terms of the agreement. Revenue in respect of time and material contracts are recognized based on time spent in accordance with the contractual terms.

c. Duty draw back and export incentive

Export benefit entitlements are recognised in the statement of profit and loss when the right to receive benefit is established in respect of the exports made.

d. Interest income

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

e. Dividend income

Dividend on investments is recognised when the right to receive dividend is established.

ii) Fixed Assets and Intangibles

a. Tangible assets

Tangible fixed assets are stated at cost less accumulated depreciation. Cost includes all expenses, direct and indirect, specifically attributable to its acquisition and bringing it to its working condition for its intended use.

Incidental expenditure pending allocation and attributable to the acquisition of fixed assets is allocated/capitalized with the related fixed assets.

b. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Initial recognition of intangible assets is carried out at cost less accumulated amortization and accumulated impairment losses, if any.

iii) Depreciation and Amortisation

Till the year ended March 31, 2014, depreciation rates prescribed under Schedule XIV of Companies Act, 1956 were used for charging depreciation. From the current year, schedule XIV has been replaced by Schedule II of Companies Act, 2013. Schedule II of Companies Act, 2013 prescribed the useful lives of fixed asset which, in many cases, are different from lives prescribed under Schedule XIV.

The useful life of fixed assets has been reassessed and computed depreciation as provided in Schedule II to the Companies Act, 2013.

Description	Period	Method
Building (Road)	5-60 years	Straight line method
Plant and machinery	10-20 years	Straight line method
Furniture and fixtures	10 years	Written down value method
Office equipment	5 years	Written down value method
Vehicles	8 years	Written down value method

Depreciation on dies and Moulds is provided based on useful life of the items ascertained on a technical estimate by the management. Depreciation on fixed assets acquired/disposed off during the year is recorded on a pro-rata basis with reference to the date of acquisition/disposal.

The cost of leasehold land is being amortised over the period of the lease

Intangible assets are being amortised on written down value method over the useful life, not exceeding 10 years, as estimated by

management to be the economic life of the asset over which economic benefits are expected to flow.

iv) Inventories

Inventories are valued as follows:

a. Raw materials and loose tools

Lower of cost or net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis.

b. Work in progress

Work in progress is valued at cost up to the stage of completion. Cost includes direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity.

c. Finished goods

Finished goods are valued at lower of cost or net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity. Cost of finished goods includes excise duty.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion to make the sale.

v) Investments

Long term investments are stated at cost of acquisition inclusive of expenditure incidental to acquisition. A provision for diminution is made to recognize a decline, other than temporary in the value of long term investments.

Current investments are stated at lower of cost and fair value determined on an individual basis.

vi) Employee Benefits

Wages, salaries, bonuses, paid annual leave and sick leave are accrued in the year in which the associated services are rendered by employees of the Group. The Group also provides benefit of compensated absences under which un-availed leaves are allowed to be accumulated and can be availed in future.

The Group has three post-employment benefit plans in operation viz. Gratuity, Provident Fund and Employee State Insurance scheme.

a. Provident fund and Employee State Insurance scheme

Provident fund benefit and Employee State Insurance benefit are defined contribution plans under which the Group pays fixed contributions into funds established under Employee Provident Fund and Miscellaneous Provision Act, 1952 and Employee State Insurance Act, 1948 respectively. The Group has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. The contributions recognised in respect of defined contribution plans are expensed as they accrue. Liabilities and assets may be recognised if underpayment or prepayment has occurred and are included in current liabilities or current assets, respectively, as they are normally of a short term nature.

b. Gratuity

Gratuity is a post-employment benefit and is in the nature of defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit obligation as at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses. Parent Company maintains Gratuity Fund which is administered through Life Insurance Corporation of India. The defined benefit obligation is calculated at the balance sheet date on the basis of actuarial valuation by an independent actuary using projected unit credit method. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recorded in the statement of profit and loss in the year in which such gains or losses arise.

c. Compensated Absences

The Group also provides benefit of compensated absences to its employees which are in the nature of long term benefit plan. The compensated absences comprises of vesting as well as non-vesting benefit. Liability in respect of compensated absences becoming due and expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefits expected to be availed by the employees. Liability in respect of compensated absences becoming due and expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary using the projected unit credit method as on the reporting date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are recorded in the statement of profit and loss in the year in which such gains or losses arise. The Parent Company maintains Leave encashment fund which is administered through Life Insurance Corporation of India and India First Life Insurance Company Limited.

vii) Research and Development Expenses

Revenue expenditure on research is expensed off under the respective heads of account in the year in which it is incurred.

Expenditure on development activities, whereby research findings are applied to a plan or design for the production of new or substantially improved products and processes, is capitalized, if the cost can be reliably measured, the product or process is technically and commercially feasible and the Group has sufficient resources to complete the development and to use and sell the asset. The expenditure capitalized includes the cost of materials, direct labour and an appropriate proportion of overheads that are directly attributable to preparing the asset for its intended use. Other development expenditure is recognised in the Statement of Profit and Loss as an expense as incurred.

Fixed assets used for research and development are depreciated in accordance with the Group's policy on fixed assets as stated above.

viii) Borrowings Costs

Borrowing costs directly attributable to acquisition, construction or erection of fixed assets, which necessarily take a substantial period of time to be ready for the intended use are capitalized. Capitalization of borrowing costs ceases when substantially all the activities necessary to prepare the qualifying assets for their intended use are complete.

Other borrowing costs are recognised as an expense in the statement of profit and loss in the year in which they are incurred.

ix) Foreign Currency Transactions

a. Initial recognition

Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount, the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

b. Subsequent recognition

Foreign currency monetary assets and liabilities are reported using the closing rate as at the reporting date.

Non-monetary items, which are carried in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

c. Exchange differences

Exchange differences arising on the settlement of monetary items at rates different from those at which they were initially recorded during the year or reported in previous financial statements, are recognised as income or expense in the year in which they arise, except for exchange differences arising on foreign currency monetary items.

Exchange differences arising on long term foreign currency monetary items in so far as it relates to the acquisition of depreciable capital assets are added to the cost of such assets.

x) Derivative Instruments

The Parent Company uses foreign exchange forward contracts to hedge its exposure towards underlying assets or liability or for highly probable and forecasted transactions. These foreign exchange forward contracts are not used for trading or speculation purposes.

a. Forward contracts taken for highly probable/ forecast transactions

Such forward exchange contracts are marked to market at the balance sheet date if such mark to market results in exchange loss such exchange loss is recognised in the statement of profit and loss immediately. Any gain is ignored and not recognised in the financial statements in accordance with the principles of prudence enunciated in Accounting Standard 1- Disclosure of Accounting Policies notified under the Companies Act, 1956.

b. Forward contracts where an underlying asset or liability exists

In such case, the difference between the forward rate and the exchange rate at the inception of the contract is recognised as income or expense over the life of the contract.

Profit or loss arising on cancellation or renewal of a forward contract is recognised as income or expense in the year in which such cancellation or renewal is made.

xi) Taxation

Tax expense comprises current tax and deferred tax.

a. Current tax

Provision for current income tax is made on the assessable income at the tax rate applicable to the relevant assessment year.

Summary of Significant Accounting Policies and other Explanatory Information to the Consolidated Financial Statements for the year ended March 31, 2015 (Contd.)

b. *Deferred tax*

Deferred income taxes are recognised for the future tax consequences attributable to timing differences between the financial statement determination of income and their recognition for tax purposes. The effect on deferred tax assets and liabilities of change in tax rates is recognised in income using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. However, in the case of brought forward tax losses and tax depreciation, deferred tax assets are recognised only when there is virtual certainty supported by convincing evidence that such assets will be realized.

Minimum Alternative Tax credit ("MAT credit") is recognized as an asset only when and to the extent there is convincing evidence that the Group entities will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance note issued by the Institute of Chartered Accountants of India the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement. The Group entities reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Group entities will pay normal income tax during the specified period.

xii) **Leases**

a. *Operating leases*

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets are classified as operating leases. Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

b. *Finance leases*

Assets acquired on lease where the Group has substantially all the risks and rewards of ownership are classified as finance leases. Such assets are capitalized at the inception of the lease at the lower of fair value or the present value of minimum lease payments and a liability is created for an equivalent amount. Each lease rental paid is allocated between the liability and the interest cost, so as to obtain a constant periodic rate of interest on the outstanding liability for each period. The resultant interest cost is charged to the Statement of Profit and Loss on accrual basis.

xiii) **Provisions and Contingencies**

The Group creates a provision when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may but probably will not require an outflow of resources. Disclosure is also made in respect of a present obligation that probably requires an outflow of resources, where it is not possible to make a reliable estimate of the related outflow. Where there is a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

xiv) **Earnings per Share**

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The weighted average numbers of equity shares outstanding during the period are adjusted for events of bonus issue and share split.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, except where results would be anti-dilutive.

xv) **Impairment of Assets**

The Group on an annual basis makes an assessment of any indicator that may lead to impairment of assets. If any such indication exists, the Group estimates the recoverable amount of the assets. If such recoverable amount is less than the carrying amount, then the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is charged to the Statement of Profit and Loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

Note 48 – Effective from April 1, 2014, the Group has charged depreciation based on the revised remaining useful life of the assets as per the requirement of Schedule II of the Companies Act, 2013. Further, based on transitional provision provided in Note 7(b) of Schedule II, an amount of Rs. 3.15 crores (depreciation of Rs. 4.54 crores, related tax impact of Rs. 1.39 crores) has been adjusted against retained earnings. Based on the technical estimate and history of usage, the Company has retained useful life of certain categories of plant and machinery which is higher than the useful life as indicated in Schedule II. Owing to aforementioned change in estimate (except for certain categories of plant and machinery where the earlier useful life is retained), depreciation charge for the year is higher by Rs. 1.67 crores.

Note 49 – IMPAIRMENT OF BUSINESS DIVISIONS

As required by Accounting Standard 28, "Impairment of Assets", Company has tested for impairment of its Aluminium Unit – Sanand and Ferrous Foundry Unit – Gurgaon & Manesar (hereinafter referred to as divisions) during the year and has determined that the recoverable amount of these divisions are less than their carrying amount. According, an impairment provision amounting to Rs. 174.12 crores has been recorded in the consolidated financial statements.

a. Aluminium Division - Sanand

The unit caters to aluminium casting business to supply to a single original equipment manufacturer (OEM) in Sanand, Gujarat. There was lower than anticipated demand for the products of the OEM due to poor market response. As a result, order flow to the plant was lower than expected. Plant has been operating at very low capacity utilisation in the year and sales outlook was considered bleak by the management. The management performed a detailed impairment assessment internally by engaging an independent valuer for its division and determined that the recoverable amount of the division is less than its carrying cost. The carrying amount of plant was reduced by Rs. 21.47 crores in current year.

b. Ferrous Foundry Division – Gurgaon & Manesar

The unit is engaged in manufacturing ferrous parts for various original equipment manufacturers. The order flow of the division has been falling over the years and due to lack of orders from customers. The management performed a detailed impairment assessment internally by engaging an independent valuer for its division and determined that the recoverable amount of the division is less than its carrying cost. The carrying amount of plant has been reduced by Rs. 152.15 crores.
