About JTEKT Corporation Japan

About JTEKT Corporation

(Company Background)

- ❑ JTEKT Corporation was established in January 2006 through the merger of Koyo Seiko Co. Ltd., a world-class bearing manufacturer, and Toyoda Machine Works, Ltd., a machine tool manufacturer excelling in world-leading technologies. Combining the most advanced technologies and the manufacturing passion of the two companies, JTEKT is now a trusted systems supplier of automotive components, bearings and machine tools, providing customers with world-class products.
- ❑ JTEKT pioneered the successful development and mass production of electric power steering systems, and they still hold No.1 share in the global market today. They were also the first manufacturer in Japan to develop high-precision, durable bearings capable of reliable performance in severe environments such as steel rolling mills, where temperatures exceed 1,200°C, thereby contributing to the expansion of various industries.
- ❑ JTEKT has 151 subsidiaries in 28 countries across the Globe supported by a strong team of approximately 49000 employees and having an annual revenue of 1.52 trillion JPY (approx. Rs. 995 billion)
- ❑ **Company Philosophy:** Seek to contribute to the happiness of people and the abundance of society through product manufacturing that wins the trust of society.
