INVESTOR PRESENTATION

Q3 & 9M FY2026

This presentation and the accompanying slides (the “Presentation”), which have been prepared by **Yasho Industries Limited** (the “Company”), have been prepared solely for information purposes and do not constitute any offer, recommendation or invitation to purchase or subscribe for any securities, and shall not form the basis or be relied on in connection with any contract or binding commitment what so ever. No offering of securities of the Company will be made except by means of a statutory offering document containing detailed information about the Company.

This Presentation has been prepared by the Company based on information and data which the Company considers reliable, but the Company makes no representation or warranty, express or implied, whatsoever, and no reliance shall be placed on, the truth, accuracy, completeness, fairness and reasonableness of the contents of this Presentation. This Presentation may not be all inclusive and may not contain all of the information that you may consider material. Any liability in respect of the contents of, or any omission from, this Presentation is expressly excluded.

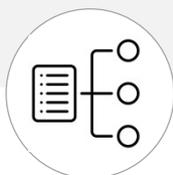

Certain matters discussed in this Presentation may contain statements regarding the Company’s market opportunity and business prospects that are individually and collectively forward-looking statements. Such forward-looking statements are not guarantees of future performance and are subject to known and unknown risks, uncertainties and assumptions that are difficult to predict. These risks and uncertainties include, but are not limited to, the performance of the Indian economy and of the economies of various international markets, the performance of the industry in India and world-wide, competition, the company’s ability to successfully implement its strategy, the Company’s future levels of growth and expansion, technological implementation, changes and advancements, changes in revenue, income or cash flows, the Company’s market preferences and its exposure to market risks, as well as other risks. The Company’s actual results, levels of activity, performance or achievements could differ materially and adversely from results expressed in or implied by this Presentation. The Company assumes no obligation to update any forward-looking information contained in this Presentation. Any forward-looking statements and projections made by third parties included in this Presentation are not adopted by the Company and the Company is not responsible for such third party statements and projections.

COMPANY OVERVIEW

Leading specialty and performance chemicals manufacturer

Yasho Industries is a pioneer in specialty and fine chemicals manufacturing, incorporated in 1985 by Mr. Vinod Jhaveri. Equipped with a dedicated research and development centre and state-of-the-art manufacturing facilities, we manufacture 148 products across five business verticals - Food Antioxidants, Aroma Chemicals, Rubber Chemicals, Lubricant Additives, and Specialty Chemicals. Our diverse product portfolio helps us serve a dynamic and far-reaching customer base across the world including the United States of America (USA), Europe, Asia, and the Middle East, securing around 65% of revenue from exports.

Diversified product Portfolio ready to capture growing demand

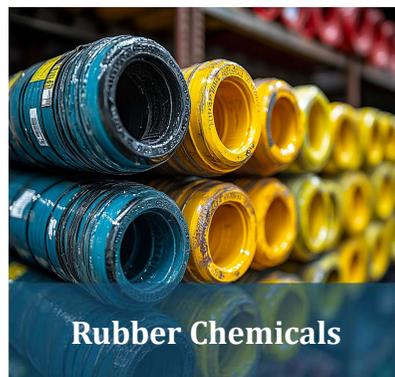

Business Verticals

Food Antioxdants

Aroma Chemicals

Rubber Chemicals

Lubricant Additives

Specialty chemicals

Consumer Division

Applications

- Flavours and fragrances; personal care products - cosmetics & toiletries
- Agro chemicals & Pharmaceutical products
- Oral care preparations
- Edible oil, Confectioneries & food stuff, Animal feed, Vitamin premix, Nutraceutical

Industrial Division

Applications

- Tyres, Automobile components, Conveyor belts, surgical gloves, latex gloves, condoms, balloons
- Hydraulic, turbine, engine & gear oils, metal working fluids & greases
- Stabilisers for acrylics, printing inks/coating, UPR resins and fibre composite resins

Unlocking Global Opportunities with Our New State-of-the-Art Facility at Pakhajan

Strategic location

Optimized logistics and transportation connectivity

Technological Advancements

Leveraging cutting-edge technology for enhanced efficiency and productivity

Compliance and regulatory adherence

Built-in measures to ensure compliance with industry regulations and standards

Safety

Prioritizing employee and environmental safety with robust measures and protocols

Enhanced sustainability

Environmentally friendly practices and reduced carbon footprint

Improved quality control

Enhanced processes for superior product quality

Research & Development

Business Rationale

Enabling continuous process improvements, in-house testing, and robust quality control while driving new chemistries and a strong pipeline of portfolio-aligned products to strengthen long-term value creation.

Location

The newly commissioned R&D Centre in Pakhajan is our inhouse testing facility that marks a strategic investment in innovation and future growth.

Instruments

Modern quality control methods and sophisticated instrumentation such as: AAS(Atomic Absorption Spectrophotometer), CHNS Analyzer, Differential Scanning Calorimeter (DSC), FTIR (Fourier Transforms Infrared Spectrophotometer), GC (Gas Chromatography), HPLC (High-Performance Liquid Chromatography), UV Spectrophotometer

Number of chemists

More than 40 experienced chemists contributing to accelerated innovation and future growth

Certifications & Accreditation

FSSAI Certification

STAR KOSHER
Certification

ecovadis Certified

FSSC 22000
Certification

NSF Certified

FAMIQS Certification

HALAL Certification

Q3 & 9MFY26 Results Highlights

Performance Update – Q3 & 9MFY26

Revenue Performance:

Revenue: Q3FY26 - ₹201.83 crores & 9MFY26 ₹583.76 crores, reflecting a 10% Q-o-Q growth and 35% growth Y-o-Y; driven by:

- Strong quarterly volume growth of 33.0%,
- Product mix optimisation,
- Strategic geographical expansion to diversify market exposure and tap demand in new regions.

EBITDA Performance:

EBITDA margin: Q3FY26 - 16.65% & 9MFY26 - 17.06% ; supported by

- disciplined cost management,
- operational efficiency improvements across plants,
- scale leverage from higher volumes,
- improved sourcing efficiency,
- enhanced plant-level productivity

Operational Update:

Pakhajan facility operated below optimal utilisation levels throughout the quarter.

- Nevertheless, our efforts in product mix refinement, improved throughput efficiency, and tight cost control helped mitigate the impact on margins.

Research & Development Centre – Growth Driver

- **New Research & Development** Centre at Pakhajan spread over 25,000 square feet in now fully functional.
- ~50 dedicated scientists and research team continued to advance multiple differentiated chemistry programs remains central to the plan of launching new products and improve process efficiency.
- Working on several enquires from marquee MNC Customers with large revenue potential.
- Successful track record of developing All the products of the Company.

Strategic Manufacturing Project with Large MNC

- Initiated in October 2025 and is under progress as planned.
- Total Project Cost outlay estimated at Rs. 85 ~ Rs. 90 Crores will be fully funded by the Customer.
- Advance received of Rs. 19.90 Crores as on date.
- Equipment deliveries are expected to start in Q2 FY27.
- Commercialization to start from Q1 FY28.

Capability Building

Two New Manufacturing Lines

- Deployed Rs. 25.9 Crores towards installing two new manufacturing lines for Product categories where we see strong visibility for growth, expanding customer interest, and new opportunity pipelines.
- Trial runs are expected to commence in March 2026
- Commercial production planned from Q1 FY27

Future Potential

- After the commissioning of the two new manufacturing lines in FY26 and Capex for the Long Term Supply Agreement in FY27, the company will have capacity to deliver revenue potential of INR 1500 Crores ~ utilisation of 40% of the available space at Pakhajan.
- Our Pakhajan facility has infrastructure in place to support long term growth of 15~25% annually. We expect a 4:1 revenue to capex ratio for incremental capex.
