Management Comment

Commenting on the results, Mr Dilip Jiwrajka stated, "The limited reviewed financial results for the fifth quarter of 2012-13 are in line with our expectation. We are intensifying efforts in curtailing operating costs, increasing efficiencies and reducing gearing. The decline in Alok's stock price over the last couple of quarters has been disappointing to all of us. But Alok is strong and we will continue to do what we do best, i.e. manufacture world class textile goods. Matters such as foreign exchange rates and even certain costs are beyond our control, but what we do control is creating sustainable and innovative products. We will continue to focus on long-term objectives and we remain very optimistic about the future."
