Batliboi Limited Announces its 4QFY26 and FY26 Results

One of India's leading Engineering Pioneer continues to forge ahead

Mumbai:20th May 2026: Batliboi Limited (“Batliboi”, “BL” or the “Company”), a reputed engineering company with a strong legacy in Machine Tools, Air Engineering, and Textile Machinery, has further expanded its portfolio through the merger with Batliboi Environmental Engineering Limited, now operating as the Environmental Engineering Group. The Company today announced its financial results for the fourth quarter and fiscal 2026, marking a significant milestone in its journey towards integrated engineering solutions across diverse sectors.

Consolidated Financial Highlights – 4QFY26:

Revenue from operations of Rs 126cr

EBITDA of Rs 9cr and PAT of Rs 5cr.

Consolidated Financial Highlights – FY26:

Revenue from operations of Rs 440cr

EBITDA of Rs 28cr

PAT of Rs 7cr. (After consideration of impact of the labour code)

Our performance was driven by improvement in all our business segments, despite challenges faced in textile industry and global geopolitical challenges.

Our strategic efforts continue to drive strong order inflows. In FY26, we recorded a healthy order inflow of Rs 988 cr, including Rs 165 cr in 4QFY26.

As of March 2026, our order backlog was approximately Rs 593 cr.

In FY26, we have incurred a cumulative capex of Rs 27 cr and plan to incur additional capex of around Rs 10 cr in FY27.

Commenting on the result, Mr Sanjiv Joshi, Managing Director

In FY26 we delivered a 7% growth in topline revenue, reaching Rs 440 crores, while successfully maintaining stable EBITDA margins despite headwinds from global supply chain disruptions and broader macro uncertainty. We recorded profits of Rs7 crores. However, our bottom-line growth was impacted by two non-recurring items — provisioning necessitated by the four new labor codes notified by the Government of India in November 2025, and the accounting impact arising from the merger completed in Q1 FY26. We view these as one-time adjustments that do not reflect the underlying earnings trajectory of the business.

Our order book remains robust. We secured order inflows of ~Rs 988 crores in FY26, in line with guidance, and our order backlog stood at Rs 593 crores as of March,2026 significant improvement from a backlog of Rs.339 crores as of March 2025 providing strong revenue visibility for the periods ahead. On the balance sheet, we continue to deliver on our deleveraging commitment, with our Debt-to-Equity ratio now at a comfortable 0.28x, a level we intend to sustain going forward.

Looking ahead to FY27, we reiterate our guidance of ~10% sustainable topline growth with stable margins supported by healthy backlog, pipeline of international business opportunities and driving operational synergies, to deliver enhanced value to all our shareholders. This is subject to not having any further adverse impact, if any, on the global and Indian economy in the event of a prolonged conflict in the middle east

Certain statements that are made in the Press Release may be forward-looking statements. Such forward-looking statements are subject to certain risks and uncertainties like significant changes in economic environment in India and overseas, tax laws, inflation, litigation, etc. Actual results might differ substantially from those expressed or implied. Batliboi Limited will not be in any way responsible for any action taken based on such statements and discussions; and undertakes no obligation to publicly update these forward-looking statements to reflect subsequent events or circumstances.
