Corporate Overview

Our Vision & Mission

We aspire to be the most preferred organization for all stakeholders through environment friendly, sustainable solutions that can make the world a better place

We will

Develop and deliver cost-effective, safe, clean and reliable solutions that will maximize prosperity of our customer

We will

Invest and partner in development and realization of new ideas recognizing the risks and working to mitigate them

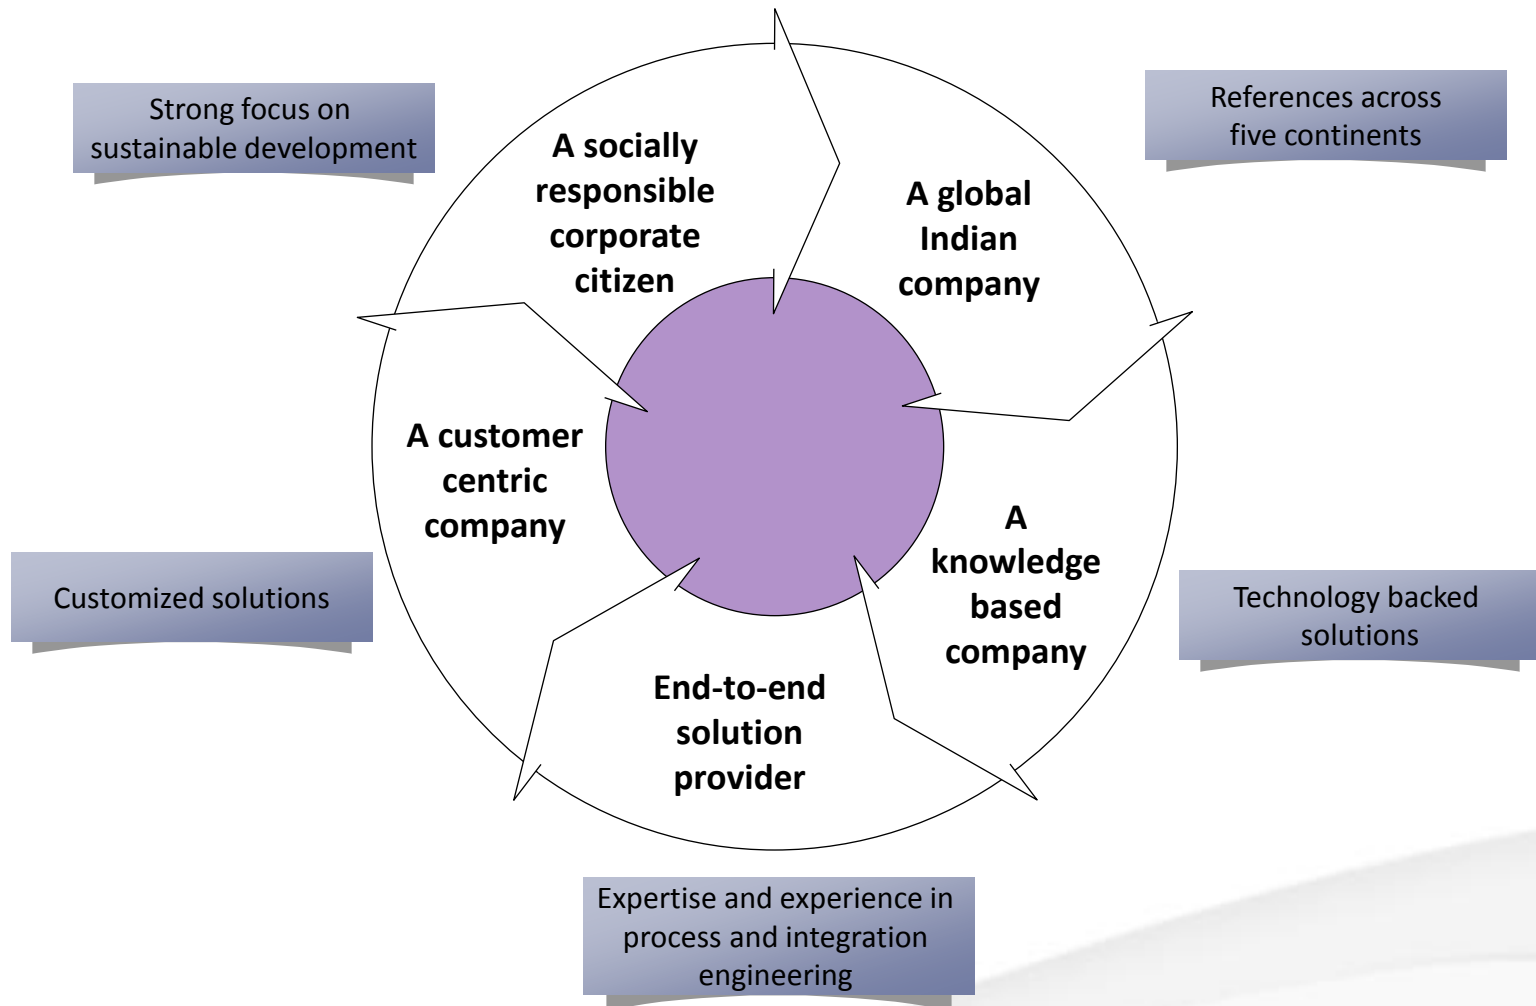

We will

Be a socially responsible corporate citizen

We will

Create wealth for our stakeholders

Who We Are

Key Highlights

- + Creating sustainable technology platform for past three decades
- + Established 1984 by first generation technopreneur , Pramod Chaudhari (Executive Chairman)
- + Over 500 references in more than 50 countries
- + Zero Debt Company
- + Significant domestic and global market share
- + **Aims at significant play in water & wastewater treatment segment**
- + **Developing a commercial demo plant for cellulosic biomass to ethanol production**
- + **Launched next set of biobased products – the livestock health & nutrition range**

Sustainable Solution Provider

Business Verticals

- Alcohol/ Ethanol plants
- Brewery plants

Water and
Wastewater
Treatment Systems

- Critical Process Equipment & Systems
- Hygienic Process Equipment & Systems

- IBPP
- Distillery bioconsumables
- LHN
- Biochemicals

Technology, Engineering & Projects

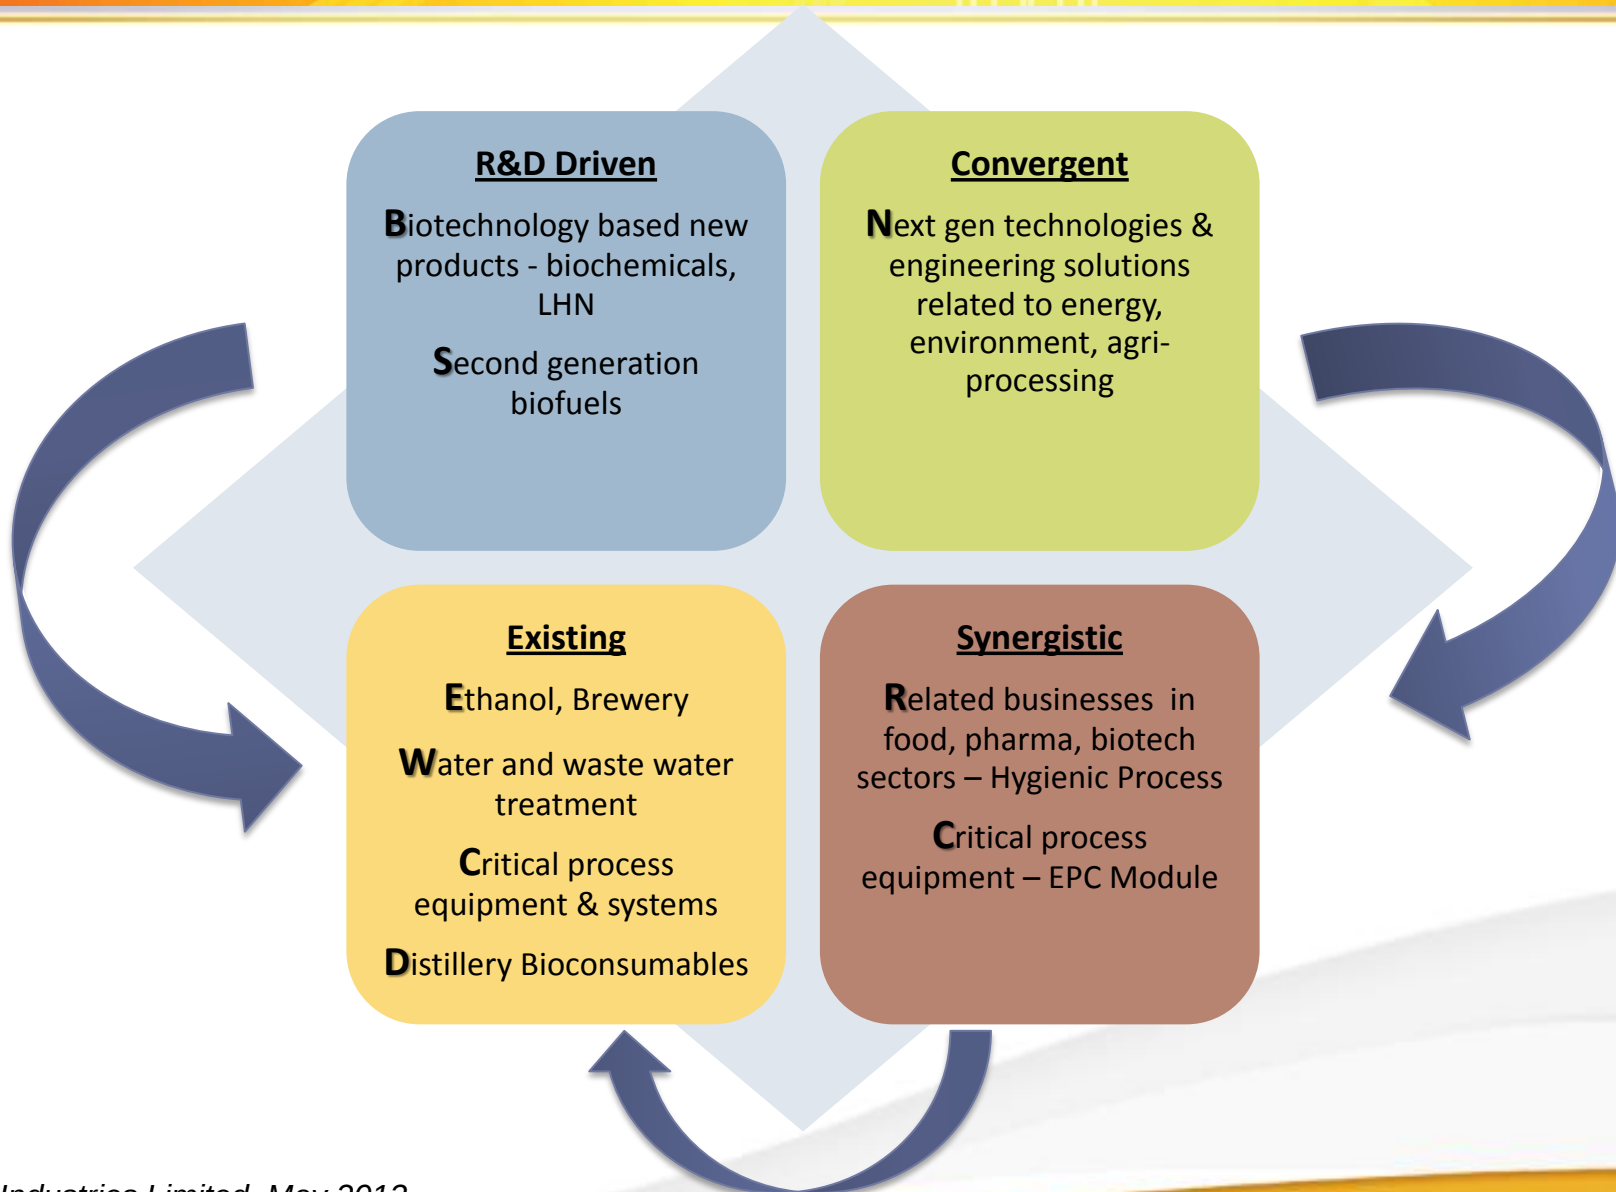

Solutions

Integrated solutions provider through technology, engineering, projects and critical equipment manufacturing

Way Ahead : 2012-17

Strategic Direction : Businesses

Evolving Praj...

Drivers

1st gen alcohol & brewery plants

- Mandate intensity in select geographies
- Sustained growth of beverage alcohol & beer in emerging economies

2nd gen biofuels & Biorefinery

- Mandates for 2nd Gen
- Fast developing market for environmentally correct biochemicals

Water & wastewater treatment Critical process, equipment & systems

- Hygienic industry
- Oil & gas, Petrochem, Fertilizer sector growth

Industrial bio-based products & processes

- Consumption led market opportunity
- Market in South and South East Asia CAGR of 10%

Key Differentiators

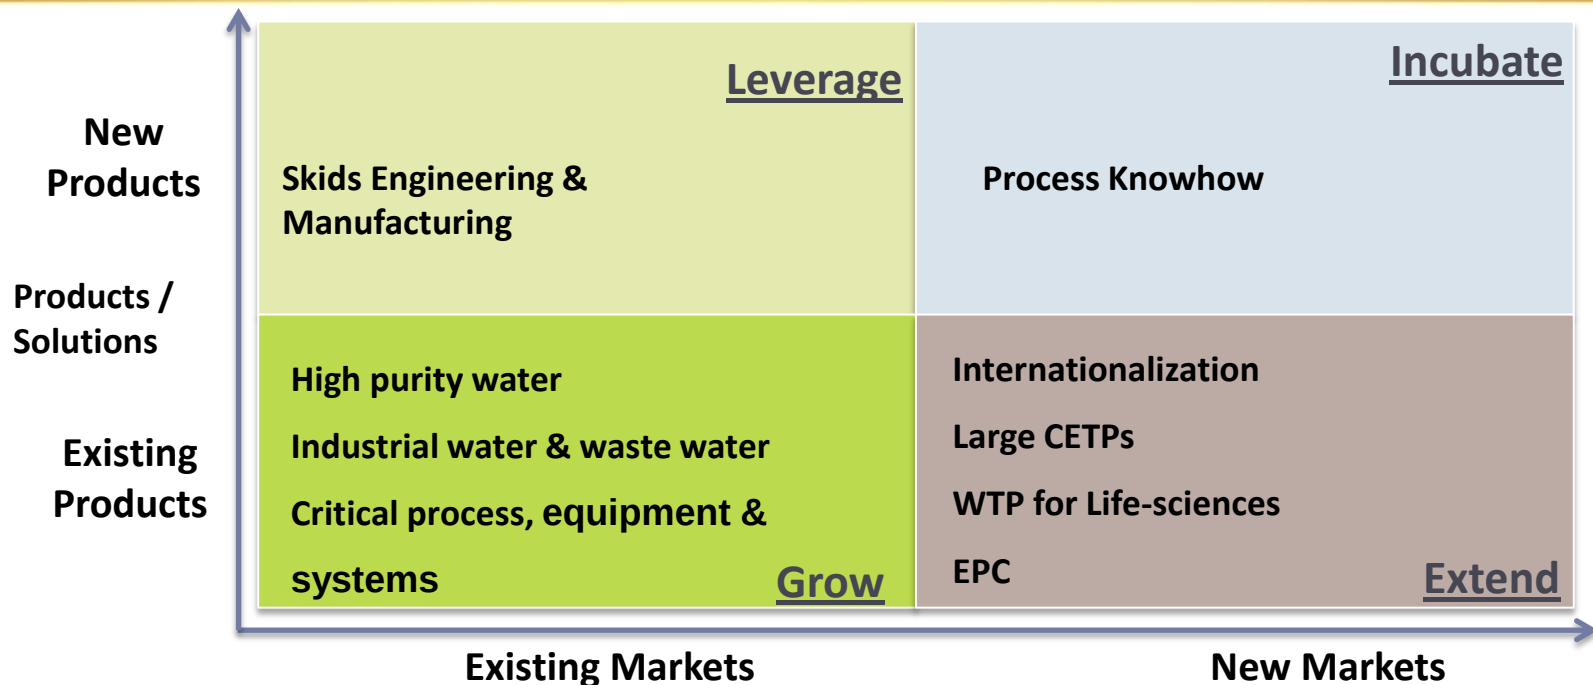

- Tech solutions for energy integration
- High value co-product

Integrated technologies

- Reduce ,recycle, reuse
- ZLD technologies in WWT
- Critical manufacturing capabilities

Praj Matrix product line up

Roadmap : Emerging Businesses

Financial

Non ethanol businesses to contribute more than 30% to the revenues in CY 2013
 Leapfrog emerging business with sustainable Operating Cash Flow

Expansion

Internalization of newer business lines beyond India
 Scale up of 2nd generation

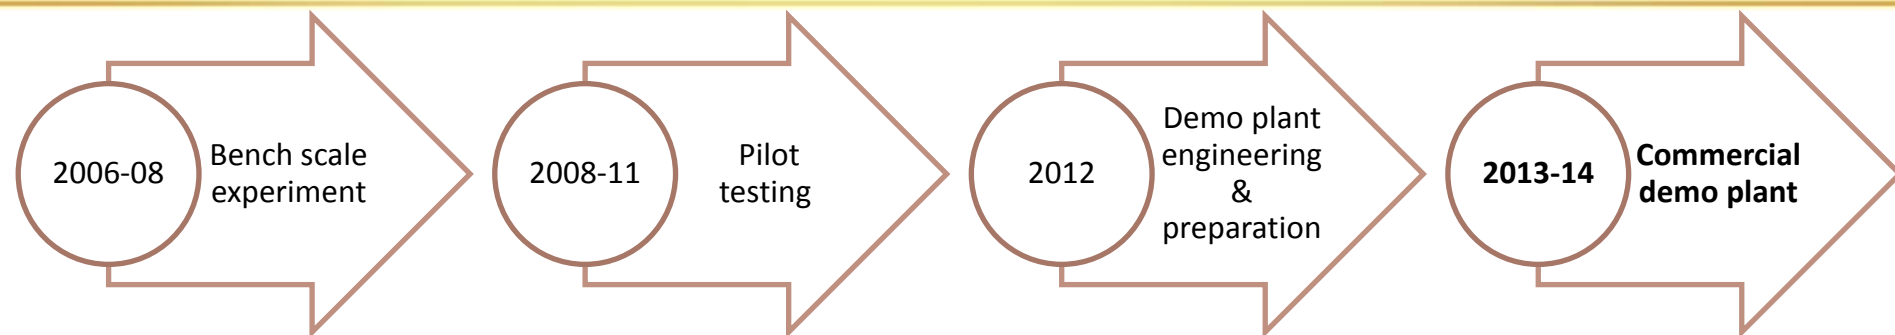

Brand Equity

Company with unique ability to blend technology and execution
 Significant play in the global clean-tech space with footprints in sustainable solutions

Recent Developments

Second Gen Demo Plant

● An inflexion point in the global ethanol industry – A game changer!!

● Praj's commercial demo plant :

- Location : India (client site identified)
- Ground breaking in Q2-Fy14
- Investment : Rs 125-150 cr (US\$ 25-30 mln)
- Feedstock : Corn cob, corn stover, bagasse, cane trash
- To go on-stream by mid 2014

The future of global ethanol industry will expand with second generation biorefinery!

Industrial Biobased Products & Processes

Launch of Livestock Health & Nutrition Additives

- Extension of expertise in biotechnology combined with experience in agri-processes
- Utilization of co-products from alcohol and brewery industry
- Product portfolio : Amino acids, Vitamins ,Pre & Probiotics, Enzymes and more
- Opportunity size : over Rs. 10,000 Cr (US\$ 2,000 mln) in South and South East Asia growing at a CAGR of 10%
- Industries : Dairy, Poultry and Aqua
- Dedicated manufacturing facility

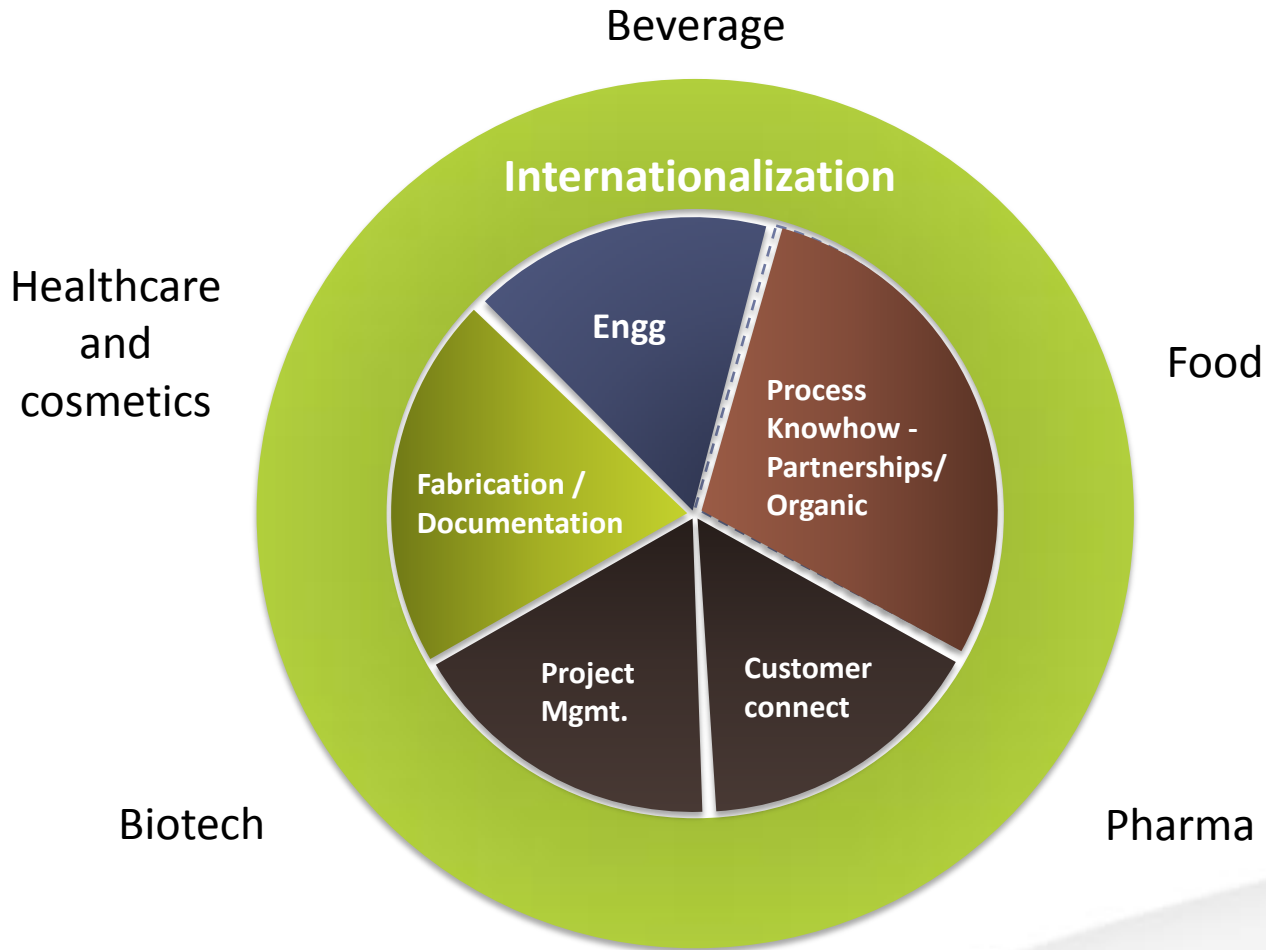

Hygienic Process & Systems Business

Neela-Praj association aims at specific opportunities in the hygienic sector with global footprints in the Pharmaceuticals, Food & Beverages, Biotech and Cosmetics industries. The size of the Indian hygienic space is estimated to be Rs 2500 cr (US\$ 500 mln) by the year 2018.

Other Highlights

Our Presence

Key Customers

Our Resources

Experience & Expertise

R & D

Strong biotech R&D
Best in class facility
and resources

Process Technology

Patented technologies with a
strong pipeline with in-house
developed process know-how

Multi-disciplinary engineering & Project Management

Over 6000 man-years of
experience in engineering
Multi project capability

Manufacturing

Multi locational
manufacturing facilities
with experience in varied
industries and global
standard compliances

Our Resources

**“At the lab level, Praj Matrix ranks up with almost any facility in the world.
What is unique is the Labs, Pilot and the Scale up facilities are all at one location.”**

-Vinod Khosla, former Sun Micro Systems co-founder and Praj shareholder
