11 February 2016

Alstom T&D India Limited announces Q3, 2015-16 results

Alstom T&D India Limited ("Alstom T&D India"), a GE Group Company, announced its financial results, for the third quarter ended December 2015, following approval by the Company's Board of Directors.

For Q3, 2015-16

Sales	: 7,437 MINR
Profit/(Loss) After Tax	: (182) MINR

For 9 Months ended December 2015

Sales	: 24,420 MINR (Y-O-Y + 4%)
Profit After Tax	: 476 MINR (Y-O-Y -28%)
Order Backlog	: 79,043 MINR (Y-O-Y -6%)

During the third quarter, Alstom T&D India announced key contract wins that include orders by Power Grid for 765kV transformers and reactors for Orai and Jabalpur substations. It also won orders from Power Grid to supply 400/220 kV extension AIS and GIS substations at Bongaigaon and Salakati respectively, both situated in the state of Assam. The Company also secured an order from OPTCL to supply a 145kV GIS at Mancheshwar in Odisha.

During the quarter, the Company commissioned several projects, out of which major ones were 220 kV GIS substation at Dharampur for WBSETCL, three 765 Generator Transformers at Anpara D for UPPCL, 2nd bank of 765 reactors at Power Grid Gaya Substation, 765 kV substation at Bareilly for Power Grid, 110 kV Gas Insulated substation (GIS) at Kozhikode for KSEB and 132/33 kV AIS substation at Bordubi for Assam Electricity Grid Corp Limited.

Rathin Basu, Managing Director, Alstom T&D India said, "The market continues to be difficult due to lack of new investments from private sector and increasing bank NPAs which impact the cash flows from the customers. The announcement of "UDAY" scheme for discoms is positive news which, hopefully, would result in better cash flows and new investments in state T&D networks and eventually in the IPPs in the future. We had a difficult quarter due to delayed sales impacted by Chennai flood and higher material costs/expenses in some contracts as well. We continue to lead the market and our backlog continues to be at a good level."

***Important Note:**

On 2nd November 2015, GE indirectly acquired Alstom T&D India as a part of its global acquisition of Energy business activities of ALSTOM. Until further update, Alstom T&D India will continue to operate under the name of Alstom T&D India Limited.
