The manufacturing activities at factory premises was suspended with effect from March 25, 2010 and accordingly "Lay Off" was declared.

Thereafter the company had submitted a Modified Rehabilitation Scheme to Hon'ble BIFR so that the company could resume its operations and come out of sickness. As per the scheme, the company has to pay only the principal past dues of Commercial Tax Department, PICUP and Paschimanchal Vidyut Vitran Nigam Ltd (PVVNL) over a period of 12 years.

Based on these developments the company resumed its manufacturing operations in its Vanaspati unit on a limited scale. However, no production was carried out in the unit during the previous two years as the plant requires technological up gradation and addition of new equipment so as to economize on the cost of production based on the prevailing industry standards. Otherwise company would have incurred more losses.

As a part of the rehabilitation scheme the company diversified into potable liquor sector and decided to set up a grain based Distillery unit with Bottling Plant for IMFL at Sandila, Dist. Hardoi, Uttar Pradesh. The Bottling Unit of the Company was commissioned during the year under review and started commercial production from 17 July 2020.

The Company has entered into an agreement with M/s United Spirits Ltd for leasing a portion of its plant capacity for the bottling of IMFL at its Bottling Plant set up at Sandila, Dist. Hardoi. Under the agreement with USL, the company is bottling IMFL Brands of USL on Contract Manufacturing basis..

The construction work for the Distillery Unit has commenced and orders have been placed for the major plant and equipment. The Company expects to commission the Distillery unit in first quarter of FY 2022-23.

INDEPENDENT AUDITOR'S REPORT

**TO,
THE MEMBERS OF SHRI GANG INDUSTRIES AND ALLIED PRODUCTS LTD**

I. Report on the Audit of the Financial Statements**1. Opinion**

- A. We have audited the accompanying Standalone Financial Statements of **SHRI GANG INDUSTRIES AND ALLIED PRODUCTS LTD ("the Company")**, which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Financial Statements").
- B. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (accounting standards) Rules, 2006, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the loss, changes in equity and its cash flows for the year ended on that date.

2. Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements

3. Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements of the current period. These matters were addressed in the context of our audit of the Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. There are no specific matters to be communicated in our report.

4. Information Other than the Financial Statements and Auditor's Report Thereon

- A. The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the Financial Statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- B. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Financial Statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

5. Management's Responsibility for the Financial Statements

- A. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Financial Statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of standalone financial statements by the Board of Directors of the Company, as aforesaid.
- B. In preparing the Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

6. Auditor's Responsibilities for the Audit of the Standalone Financial Statements

- A. Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.

- B. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- i. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - ii. Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
 - iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- C. Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Financial Statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Financial Statements.
- D. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- E. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- F. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Financial Statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

II. Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, based on our audit we report that:
 - A. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - B. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - C. The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - D. In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

 - F. With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to financial statements.
 - G. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

Annexure “B” to the Independent Auditors’ Report of the even date on the Financial Statements of SHRI GANG INDUSTRIES AND ALLIED PRODUCTS LTD**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of Shri Gang Industries & Allied Products Limited (“the company”) as of March 31, 2021 in conjunction with our audit of Standalone IndAS Financial Statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED ON 31ST MARCH 2021**1. SIGNIFICANT ACCOUNTING POLICIES****I. BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

The company has adopted Indian Accounting Standards (Ind AS) with effect from 1st April 2017, with transition date of 1st April 2016, pursuant to notification issued by Ministry of Corporate Affairs dated 16th February 2015, notifying the Companies (Indian Accounting Standards) Rules, 2015. Accordingly, the financial statements comply with Ind AS prescribed under section 133 of the Companies Act, 2013 (the "Act"), read together with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements upto and for the year ended on 31st March 2017 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended), as notified under section 133 of the Act (Previous Indian GAAP) and other relevant provisions of the Act.

The financial statements are prepared on the historical cost convention, except for certain financial instruments which are measured at fair value.

The financial statements were authorised for issue by the Board of Directors of the company on 29.06.2021.

FAIR VALUE MEASUREMENT

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between the market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

II. CURRENT VERSUS NON CURRENT CLASSIFICATION

All assets and liabilities are classified into current and non-current.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- a) it is expected to be realized in, or intended for sale or consumption in, the company's normal operating cycle;
- b) it is held primarily for the purpose of being traded;
- c) it is expected to be realized within twelve months after the reporting period; or
- d) it is cash or cash equivalent unless it restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current assets.

Liabilities

A Liability is classified as current when it satisfies any of the following criteria:

- a. it is expected to be settled in the Company's normal operating cycle;
- b. it is held primarily for the purpose of being traded;
- c. it is due to be settled within twelve months after the reporting period; or
- d. the company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Terms of liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current liabilities.

Deferred tax liabilities and assets are classified as non-current liabilities and assets.

III. USE OF ESTIMATES

The preparation of financial statements in conformity with Ind AS requires management to make estimates and assumptions that affect the reported amounts of Revenue, Expenses, Assets and Liabilities and disclosure of contingent liabilities at the end of the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized.

IV. RECOGNITION OF INCOME AND EXPENDITURE

- 1) Revenues/Incomes and Costs/Expenditure are generally accounted on accrual, as they are earned or incurred in accordance with the generally accepted Accounting principles and Accounting Standards as applicable in India.
- 2) In case of sales & purchase, accrual is deemed to have taken place on actual delivery of goods.
- 3) In case of interest, income is recognized in relation to period to which it pertains.
- 4) In case of uncertainties as to the risks & rewards, the conservative accounting policy is adopted by way of making suitable provisions for expenses and deferring the recognition of revenues.

V. EXCISE DUTY

Excise Duty has been accounted on the basis of both payments made in respect of goods cleared and also provision made for goods lying in factory premises. Cenvat credit is accounted on accrual basis on purchase of materials.

VI. EMPLOYEES BENEFITS

- i. Retirement benefits in the form of Provident fund and Family Pension fund is a defined contribution scheme and the contributions are charged to the statement of profit and loss account of the year when the contributions to the respective funds are due. There are no other obligations other than the contribution payable to the respective funds.
- ii. Gratuity is a defined benefit obligation. Gratuity liability is accrued and provided for on the basis of an actuarial valuation on the projected unit credit method made at the end of the financial year.

- iii. Long term compensated balances in the form of leave encashment are provided for based on actuarial valuation at the end of the financial year. The actuarial valuation is done as per projected unit credit method.
- iv. Actuarial gains/losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

VII. PROPERTY, PLANT AND EQUIPMENT

Recognition and measurement

The cost of an item of property, plant and equipment is recognized as an asset if, and only if:

- 1. it is probable that future economic benefits associated with the item will flow to the entity; and
- 2. the cost of the item can be measured reliably.

Property, Plant and Equipments ('PPE') are stated at cost of acquisition or construction including any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management less accumulated depreciation and cumulative impairment losses & net of recoverable taxes (net of Cenvat and VAT credit wherever applicable).

Subsequent Costs

Subsequent expenditure related to an item of PPE is added to its carrying amount or recognized as a separate asset, if appropriate and carrying amount of replacement parts is derecognized at its carrying value.

Spare parts or stores meeting the definition of PPE, either procured along with equipment or subsequently, are capitalized in the asset's carrying amount or recognized as separate asset, if appropriate. However, cost of day to day servicing are recognized in profit or loss as incurred. Cost of day to day service primarily include costs of labor, consumables and cost of small spare parts.

An item of PPE is derecognized upon disposal or when no future economic benefits are expected to arise from continued use of the asset. Any gain or loss arising on the disposal or retirement of Property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the assets and is recognized in profit or loss.

Transition to Ind AS

For transition to Ind AS, the company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at 1st April, 2015 measured as per previous GAAP and use that carrying value as the deemed cost of Property, Plant & Equipment.

Depreciation / amortization

- i. Depreciation on items of PPE is provided on straight line method in accordance with the useful life as specified in Schedule II to the Companies Act, 2013.
- ii. Depreciation on additions to assets or on sale/discard of assets is calculated pro-rata from the date of such addition or up to the date of such sale/ discardment

- iii. No amounts are written off against Leasehold Land by way of amortization.
- iv. Assets residual values and useful lives are reviewed and adjusted, at the end of each reporting period.
- v. Assets residual values and useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period.

Intangible Assets

Intangible assets are recognized when it is probable that the future economic benefits that are attributable to the assets will flow to the Company and the cost of the asset can be measured reliably. Intangible assets are recorded at the consideration paid for acquisition and are amortized over their estimated useful lives on a straight-line basis, commencing from the date the asset is available to the company for its use. The estimated useful life of the intangible assets and the amortization period are reviewed at the end of each financial year and the amortization method is revised to reflect the changed pattern.

Intangible assets acquired separately are measured on initial recognition at cost. Subsequently intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses, if any.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is de-recognized.

For transition to Ind AS, company has elected to continue with the carrying value of all of its Intangible Assets recognized as at 1st April, 2015 measured as per previous GAAP and use that carrying value as the deemed cost of Intangible Assets.

Capital Work in Progress

The cost incurred on assets, which are not yet ready to use and capital inventory are disclosed under capital work-in-progress.

Expenditure incurred during the period of construction including all direct expenses (including finance cost) attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management is carried forward. On completion, the costs are allocable to the respective fixed assets. All costs attributable to respective assets are capitalized to the assets. Other expenses are capitalized to Plant and Machinery in proportion of the value of the assets

VIII. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Asset

Initial Recognition and measurement

A financial asset is recognized in the balance sheet when the Company becomes party to the contractual provisions of the instrument. At initial recognition, the Company measures a financial asset (which are not measured at fair value through profit or loss) at its fair value plus

or minus transaction costs that are directly attributable to the acquisition or issue of the financial asset.

Subsequent measurement

For purpose of subsequent measurement, financial assets are classified into:

1. Financial assets measured at amortized cost;
2. Financial assets measured at fair value through profit or loss (FVTPL); and
3. Financial assets measured at fair value through other comprehensive income (FVTOCI).

The Company classifies its financial assets in the above mentioned categories based on:

- A. The Company's business model for managing the financial assets, and
- B. The contractual cash flows characteristics of the financial asset.

A financial asset is measured at amortized cost if both of the following conditions are met:

- a. The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- b. The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

Financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the profit or loss. The losses arising from impairment are recognized in the profit or loss.

A financial asset is measured at fair value through other comprehensive income if both of the following conditions are met:

- A. The financial asset is held within a business model whose objective is achieved by both collecting the contractual cash flows and selling financial assets and
- B. The asset's contractual cash flows represent SPPI.

A financial asset is measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income. In addition, the Company may elect to designate a financial asset, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

IX. VALUATION OF INVENTORIES

<i>Particulars / Item Type</i>	<i>Method of Valuation</i>
1. Raw Material, Packing Material & Consumables (including in transit)	At Cost including direct procurement Overhead / Taxes.
2. Finished Goods (including in transit)	At cost or net realisable value, whichever is lower
3. Stock in process	At cost
4. By Products	At net realisable value
5. Loose Tools	At cost and charged off when discarded
6. Shares / Securities (Quoted)	At lower of cost or net realizable value

In the above, cost is arrived at by FIFO cost method. In case of Finished Goods and Stock in Process, it also includes manufacturing & related establishment overheads, depreciation etc.

All the spares, which are primarily meant to be used for capitalization (except consumables and maintenance stores), are considered as part of the plant & machinery and shown accordingly.

X. INVESTMENTS

Long-term investments are stated at cost price. Any diminution of permanent nature in the value of the long-term investments is suitably provided for by charging off to revenue. Current (Short-term and stock in trade) investments are stated at lower of cost or net realisable value.

In case of unquoted shares, the diminution in value of shares is arrived on the basis of breakup value as per latest available audited balance sheet of the respective company.

XI. FOREIGN CURRENCY TRANSACTIONS

Functional and presentation currency

The management has determined the currency of the primary economic environment in which the company operates i.e., functional currency, to be Indian Rupee (INR). The financial statements are presented in Indian Rupee, which is company's functional and presentation currency.

Transactions and balances

Foreign Currency transactions during the year are recorded at rates of exchange prevailing on the date of transaction in the functional currency. Foreign currency monetary assets and Liabilities are translated at using the year-end exchange rate. Exchange gains and losses are duly recognised in the Statement of profit and loss.

All monetary assets and liabilities in foreign currency are restated at the end of the accounting period.

In case of forward contracts, the difference between the forward rate and the exchange rate on the date of the transaction is recognised as income or expense over the life of the contract.

XII. TAXATION

- i. Provision for current Income Tax is made on the basis of estimated taxable income after taking into consideration, estimates of benefits admissible under the provisions of Income Tax, 1961. The company provides for deferred tax liability (after netting off deferred tax assets), based on the tax effect of temporary difference resulting from the recognition of items in the financial statements.
- ii. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits, any unused tax losses and deductible temporary differences. Deferred tax assets are recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, the carry forward of unused tax credits and unused tax losses can be utilized, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects

neither the accounting profit nor taxable profit or loss. Deferred tax assets (after, netting of deferred tax liabilities), are generally not recognized unless there exist strong circumstances for its adjustment/realization in near future.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

- iii. Provision for Wealth Tax is made on the basis of estimated taxable wealth after taking into consideration, estimates of benefits admissible under the provisions of Wealth Tax Act, 1957.
- iv. Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which MAT credit becomes eligible to be recognised as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the statement of profit and loss and shown as MAT Credit Entitlement. The company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that company will pay normal Income Tax during the specified period.

XIII. IMPAIRMENT OF ASSETS

Consideration is given by the management of the company at each balance sheet date to determine whether there is any indication of impairment of the carrying amount of assets. If any indication exists, impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is greater of the net selling price and value in use. Reversal of impairment losses recognised in prior years is recorded when there is indication that the impairment losses for the assets are no longer exist.

XIV. FINANCE LEASE

Assets taken on lease are capitalized at fair value or net present value of the minimum lease payments, whichever is lower.

Depreciation on assets taken on lease is charged at the rate applicable to similar type of Property, Plant and Equipment as per accounting policy of the company for depreciation as above. If the leased assets are returnable to lessor on the expiry of the period, depreciation is charged over its useful life or lease period whichever is shorter.

Lease payments are apportioned between the finance charge and the reduction of the outstanding liability in respect of assets taken on lease. Sub-lease payments received/recoverable are recognized as other income.

XV. OPERATING LEASES

Where the Company is the Lessee:

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased assets are classified as operating leases. Operating lease payments are recognized as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Where the Company is the Lessor:

Assets subject to operating leases are included in Property, Plant and Equipment. Lease income is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs including depreciation are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

XVI. EARNINGS PER SHARE

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for the events of bonus issue and share split.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

XVII. PROVISIONS

A Provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on management estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current management estimates.

XVIII. CONTINGENT LIABILITIES

A disclosure is made for a contingent liability when there is a:

- a) possible obligation, the existence of which will be confirmed by the occurrence/non-occurrence of one or more uncertain future events, not fully within the control of the Company;
- b) present obligation, where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation;
- c) present obligation, where a reliable estimate cannot be made.

XIX. SEGMENT REPORTING

During the quarter ended 30.09.2020 the company commenced commercial operations in the IMFL Bottling Unit set up at Sandila, Dist. Hardoi, Uttar Pradesh. The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other financial liabilities and other financial instruments approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for the expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.
