MANAGEMENT DISCUSSION AND ANALYSIS REPORT

INDUSTRY STRUCTURE AND DEVELOPMENTS

The FMCG sector has grown at a modest rate during the year. Government's move of Demonetization created serious challenges during the year as FMCG distribution business sells through large number of retail outlets and sudden move created huge shortage of currency. However, the move coupled with GST implementation will help the industry in long run as organized players will tend to benefit significantly.

Growing Income, easier access, and changing lifestyles have been the key growth drivers for the consumer market. FMCG is the fourth largest sector in the Indian economy. GST implementation from 1st July will enable the growth of industry in a big way. It will bring efficiency in logistics cost and improve demand in long run.

Your Company is engaged in the business of distribution of FMCG products of Hindustan Unilever Limited (HUL) in Surat, Gujarat. Our product portfolio includes (a) personal care products; (b) home care products; and (c) food and drinks products. We primarily supply above products to 3500 retailers and wholesalers of Surat.

We have established good reputation with the trade and our experience in managing this business will help us in expansion with distribution of products of other large companies.

OPPORTUNITIES

We are expecting to build relationship with other FMCG majors for this region. With GST implementation, logistics will become very important and new area of opportunity you company will explore.

Your company has invested strategically into D technology Private Limited, an independent R & D company focused on Technological solutions in the food sector. This company has been working on solutions to many problems food sector faces today. We are hoping to explore opportunities out of their portfolio for further expansion.
