## Chairman's Message

Albert David Limited is a trusted, flagship Pharmaceutical Company of Kothari Group which is a prominent, highly diversified business group headquartered in Kolkata with operations across India and overseas.

### The Year Gone By

The Indian economy is undergoing a planned transformation over the past few years. In the last two years we have witnessed two major initiatives by the Government of India – demonetization and introduction of GST, the largest indirect tax reform in India since Independence. Both these landmark reforms are expected to be major game changers in the mid to long term. After the initial hiccups, the Indian economy showed positive signs of growth towards the latter quarters ending with a handsome above 7% GDP growth at the year end. We also saw a revival of major global economies in 2017.

Like the other industries, the Indian Pharma industry too was temporarily negatively impacted by the GST transition, with the maximum impact in the 'April-June' quarter. Albert David Limited too experienced this hit but we have bounced back strongly in the subsequent quarters.

### Structural Change

Mr. H P Kabra, Head Exports and Commercial, and Executive Director has retired in end March 2018, after an extended superannuation, after 44 years of long service at Albert David Limited. We appreciate his valuable services and contribution.

Mr. Tarminder Singh Parmar, CEO of Albert David Limited, has been inducted as a full time Director on the Board of the Company from 1st April 2018 and re-designated as Managing Director & CEO subject to your approval in the ensuing Annual General Meeting.

### Dividend

Confident of the strategic changes being taken and the positive future outlook, the Albert David Limited Board has proposed a dividend of Rs. 5.50/- per equity share of Rs.10/- each.

### Future Outlook

The Global as well as Indian economy is bouncing back. The impact of the key changes recently taken in the Indian Pharma Market too seems to be stabilizing. We, at Albert David Limited, are re-aligning ourselves to the changed market scenario. I, thus, am confident that Albert David Limited will show renewed growth in the coming years.

I, on behalf of the Albert David Limited Board, express my appreciation and gratitude to all our shareholders and we look forward to your continued trust and support.

**A K Kothari**

Executive Chairman

## Managing Director & CEO's Message

*Dear Shareholders,*

It gives me great pleasure to address you after a full year with Albert David Limited.

### **The Market Scenario**

As anticipated, the year 2017-18 continued to be a challenging year for us in the Indian Economy. While there was a notable rebound in the global economy, as per IMF and other agencies, the Indian economy had to face the double, back to back impact of demonetization (in 2016-17) and GST roll-out (in 2017-18). Both these initiatives are expected to generate greater positivity in the system in the long term, but the transition had temporarily, adversely impacted the otherwise stable Indian Pharma Market. The primary impact was felt in the 'April-June' quarter. There was a significant 'inventory balancing' at the various trade tiers in 'April-June' that seriously impacted most pharma companies and we too were majorly affected. This was followed by a post GST settling in period in the 'July-Sept' quarter. During this period our trade partners, and even we ourselves, were getting used to the new GST system and stabilizing our IT and related operations accordingly. Expanding list of NLEM (National List of Essential Medicines) products and DPCO/NPPA impacted products, increasing 'Generics' competition etc. were few of the additional challenges in 2017-18.

### **Our Current Status**

We, as a company, proactively took many initiatives to address the changing business environment. This helped us to quickly stabilize our post GST operations in Quarter-2 and then move on in Quarter-3 & Quarter-4 of 2017-18.

We also took many strategic initiatives in 2017-18, derived from our in-depth pan Corporate / pan Function review, and aligned to our future strategic and growth plans. A few of our key initiatives taken are as follows:

- i. Introduction of a new ERP system in Albert David Ltd. – This GST/Ind AS compliant ERP system development and implementation was done successfully in a record time
- ii. Strengthened the SOPs, across functions, to support sustained and robust growth
- iii. Streamlined the 'exports' operations and re-christened it as EMB (Emerging Markets Business)
- iv. Decided to focus on our core, profitable business – we thus took a strategic decision on our Mandideep operations and other unsustainable business operations.

### **The Way Forward**

The Indian economy has recently become the sixth largest economy in the world, growing at an encouraging +7% growth. The IPM (Indian Pharma Market) too is expected to grow from \$30bn currently to \$55bn by 2020, thus elevating us to the sixth position (by value) even in the global pharma market.

On the domestic front we expect fresh changes due to the announcement of NHPS (National Health Protection

Scheme) and Jan Aushadhi schemes by the Government of India, besides the other market and competition related development.

We are tracking these changes and are preparing ourselves for the same. Few of the key areas / initiatives we are working on are:

- i. Firming up our 'mid-long term' Strategic Plan
- ii. Improving our overall operational efficiency through right identification and optimization of all resources
- iii. Identifying & tapping available market potential through an efficient, re-structured approach
- iv. Further re-alignment of our EMB operations.

I, on behalf of Albert David Limited, can re-assure you that we are updating & upgrading ourselves towards a stronger and brighter future. I am thankful to all members of our Albert David Limited family – our customers, partners, fellow employees and above all you, our shareholders, for your continued faith and support.

- ii) Free telephone facility at residence.

In case of no profits or inadequate profits in the financial year, remuneration and perquisites payable to Mr. A. K. Kothari shall be subject to the limits as prescribed under Section-II of Part-II of Schedule V of the Companies Act, 2013 or such other limit as may be prescribed by the Central Government from time to time as minimum remuneration.

The Executive Chairman, so long as he functions as such, shall not be paid any sitting fees for attending meetings of the Board of Directors or Committee thereof.

The Agreement dated 13th April, 2018 sets out the mutual rights and obligations of the Company and the Executive Chairman and details of powers and duties of the latter and can be terminated by either party by giving three months notice in writing. A copy of the agreement will be available for inspection by the Members at the registered office of the Company on all working days except Saturdays between 10.00 a.m. and 1.00 p.m. upto 31st August, 2018 and will also be available for inspection at the meeting.

Disclosure required under Section 196 (4) of the Companies Act, 2013, Regulation 36(3) of Listing Regulations and Secretarial Standard-2 is set out as an annexure to this Notice.

Pursuant to provisions of Section 102(1) of the Companies Act 2013, the extent of shareholding of Mr. A. K. Kothari and his relatives is provided below:

<b>Name of Director/KMP/Relatives</b>	<b>Extent of shareholding in the Company (%)</b>
Mr. Arun Kumar Kothari	102,000 (1.79%)
Mrs. Prabhawati Devi Kothari	12,500 (0.22%)
Mr. Anand Vardhan Kothari	553500 (9.70%)

Apart from Mr. A. K. Kothari, Smt. Prabhawati Devi Kothari and Mr. Anand Vardhan Kothari, none of the Directors, Key Managerial Personnel of the Company or their relatives are concerned or interested, financially or otherwise, in the aforesaid re-appointment and remuneration except to the extent of their shareholding.

Considering the valuable contribution of Mr. A. K. Kothari in the growth of the Company, the Board recommends passing of the resolutions as special resolution as set out in Item No. 4 of the Notice.

The above may be regarded as an abstract of the contract containing terms of reappointment of the Executive Chairman under section 190 of the Companies Act, 2013.

## **ITEM NO. 5 & 6**

The Board of Directors in their meeting held on 28th March, 2018, on recommendation of Nomination and Remuneration Committee of the Company, had appointed Mr. Tarminder Singh Parmar (DIN: 05118311) as an Additional Director who will hold office till the date of this Annual General Meeting. The Board had also appointed Mr. Parmar as Managing Director & CEO of the Company for a period of five years from 1st April, 2018 to 31st March, 2023, subject to approval by the members in the ensuing Annual General Meeting of the Company on the terms and conditions as per Agreement dated 13th April, 2018 entered into by and between the Company and Mr. Tarminder Singh Parmar.

In terms of Section 161(1) of the Companies Act, 2013, Mr. Tarminder Singh Parmar holds office upto the date of the ensuing Annual General Meeting of the Company and is eligible for appointment as a Director, subject to the approval of the shareholders. Requisite consent, pursuant to Section 152 of the Act has also been submitted by him to act as Director, if appointed.

A notice under Section 160(1) of the Companies Act, 2013 has been received from a Member, signifying his intention to propose the appointment of Mr. Tarminder Singh Parmar as a Director of the Company, which is available for inspection by the members at the Registered Office of the Company on any working day except Saturdays from 10.00 a.m. to 1.00 p.m. upto 31st August, 2018 and will also be available for inspection at the Meeting.

Pursuant to notification by Ministry of Corporate Affairs regarding amendments in Schedule-V to the Companies Act, 2013, w.e.f. September 12, 2016 in case of a managerial person who is functioning in a professional capacity, no approval of Central Government is required for payment of remuneration exceeding the limits fixed under

Schedule-V of the Companies Act, 2013 if such managerial person is not having any interest in the capital of the Company or its holding Company any direct or indirect interest or related to the directors or promoters of the Company or its holding company or any of its subsidiaries at any time during the last two years before or on or after the date of appointment and possess graduate level qualification with expertise and specialized knowledge in the field in which the Company operates.

Since Mr. Tarminder Singh Parmar satisfies the above criteria, his appointment and remuneration is governed under Para-B of Section-II of Part-II of Schedule-V of the Companies Act, 2013. Further, proviso to Schedule-V states that a special resolution is required to be passed under Para-B of Section-II of Part-II of Schedule-V of the Companies Act, 2013.

### INDUSTRY STRUCTURE & DEVELOPMENTS :

The pharmaceutical industry is one of the fastest growing industries in the world and it is one of the biggest contributors to the world economy. India enjoys an important position in the global pharmaceutical sector and it is the largest provider of generic drugs with the Indian Generics accounting for 20 percent of global exports in terms of volume. According to Equity Market Report, Indian Pharmaceutical Industry is third largest in term of volume and it is number thirteen in terms of value in the world market.

There are approximately 250 large units and about 8000 small units which form the core of the pharmaceutical industry in India.

The domestic pharmaceutical market is estimated to bounce back and register an improved growth in 2018-19 on the back of increasing demand for healthcare medicines with greater penetration in rural markets.

### OUTLOOK

The Outlook of Indian Pharmaceutical Industry remains positive. The Indian Pharmaceutical market is expected to grow to US\$ 100 billion by 2025 driven by healthcare spending, rapid urbanization and growing healthcare insurance among others. Pharma Sector revenues are expected to grow by 9 percent year-on-year through fiscal 2020.

### OPPORTUNITIES AND THREATS

India is among the top five pharmaceutical emerging market. In view of increasing sale of generic medicines, continued growth in chronic therapies, greater penetration in rural market, growing exports, increase in the

penetration of health insurance, improvement in medical infrastructure and initiatives taken by the Government to promote pharmaceutical sector, there are ample opportunities for the pharma industries.

The pharmaceutical industry in India, however, is an extremely highly fragmented market with severe price competition from large number of small scale manufacturers leading to mis-matched, complex competitive scenario.

## **RISK & CONCERN**

The Indian pharmaceutical industry is a highly regulated industry and any failure to comply with applicable regulation may adversely effect the operations and business growth.

Risks of sudden ban by Indian Government on the manufacture and sale of fixed dose combination drugs, unabated expansion of the price control by National Pharmaceutical Pricing Authority (NPPA) etc. are the areas of concern.

## **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY**

The internal control system of the Company is adequate and transparent, commensurate with the size of the Company. It is based on laid down policies, guidelines, authentications and approved procedures. Reputed firms of Chartered Accountants carry out audit throughout the year. The Internal Audit Report, the progress in implementation contained in the audit report and adequacy of internal controls are reviewed by Audit Committee of the Board on regular basis.

## **HUMAN RESOURCES DEVELOPMENT AND INDUSTRIAL RELATIONS**

The Company believes that the quality of its employees is the key to its success in the long run and is committed to providing necessary human resource development and training opportunities to equip them with skill, enabling them to adapt to contemporary technological advancements. Industrial relations during the year continued to be cordial and the Company is committed to maintain good industrial relations through effective communication, meetings and negotiation.

The total strength of the employees of the Company as on 31st March, 2018 stood at 1364.

During the year the Company had to shut down the operations of Mandideep Unit of the Company as it had become commercially unviable. The Company had offered Voluntary Retirement Scheme to the workers/staffs and as agreed, the Company had paid requisite statutory dues / compensation to all the workers/staffs based at Mandideep unit of the Company.

## **SEGMENT-WISE PERFORMANCE**

Performance of the Company is not segmentable in business or geographical terms for reason(s) referred to in Note No. 3.17 of the Financial Statement.

## **CAUTIONARY STATEMENT**

The Management Discussion and Analysis Report may contain certain statements that might be considered forward looking. These statements are subject to certain risks and uncertainties. Actual results may differ materially from those expressed in the statement with the cropping up of unforeseen predicaments in the sphere of Government policies, local, political and economic development, risk inherent to the Company and other factors.

## INDEPENDENT AUDITORS' COMPLIANCE CERTIFICATE

**To**

**The Members of Albert David Limited,**

We have examined the compliance of conditions of Corporate Governance by Albert David Limited, for the year ended 31st March 2018, as stipulated in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The compliance of conditions of Corporate Governance is the responsibility of the management. Our examination is limited to procedures, and implementation thereof, adopted by the Company for ensuring compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion, and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

We state that all investor grievances were redressed within 30 days of lodgment of grievance and as on 31st March 2018 no investor complaint is pending against the company as per the records maintained by the Stakeholders Relationship/Grievance Committee.

We further state that such compliance is neither an assurance as to the future viability of the company, nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

# Independent Auditors' Report

To

The members of ALBERT DAVID LTD.

## **I. REPORT ON THE INDIAN ACCOUNTING STANDARDS (IND AS) FINANCIAL STATEMENTS**

We have audited the accompanying IND AS financial statements of Albert David Limited ("the Company"), which comprise the Balance Sheet as at 31st March 2018, the statement of profit and loss (including other comprehensive income), the statement of changes in Equity and the cash flow statement for the year then ended and a summary of significant accounting policies and other explanatory information.

## **II. MANAGEMENT'S RESPONSIBILITY FOR THE INDIAN ACCOUNTING STANDARDS (IND AS) FINANCIAL STATEMENTS**

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these IND AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, the statement of changes in Equity and cash flows of the Company in accordance with the Accounting principles generally accepted in India, including the Indian Accounting Standards (IND AS) specified under section 133 of the Act, read with relevant rules issued there under. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of IND AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

## **III. AUDITOR'S RESPONSIBILITY**

Our responsibility is to express an opinion on these IND AS financial statements based on our audit. We have taken into account the provisions of the Act, and the Rules made there under including the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there-under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India (ICAI). Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the IND AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the IND AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the IND AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the IND AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by Company's Directors, as well as evaluating the overall presentation of the IND AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the IND AS financial statements.

#### IV. OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid IND AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including IND AS of the state of affairs of the Company as at 31st March 2018, and its profits (Financial Performance including other comprehensive income), its changes in equity and its cash flows for the year ended on that date.

#### V. REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure-2 a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
  - c) The Balance Sheet, Statement of Profit and Loss, (including other comprehensive its changes), statement of changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
  - d) In our opinion, the aforesaid IND AS financial statements comply with the IND AS Standards specified under Section 133 of the Act, read with relevant rules issued there under.
  - e) On the basis of the written representations received from the directors as on 31st March 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2018 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) Our separate report on adequacy of internal financial control system and operating effectiveness of such controls is enclosed in **Annexure-1**.
3. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules 2014, in our opinion and to the best our information and according to the explanations given to us:
  - a) The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 38.1 to the financial statements.
  - b) The Company did not have any long-term contract including derivative contract which may lead to any material foreseeable loss.
  - c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

## Annexure-1

### **REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (i) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT") REFERRED TO IN PARA V (2) (F) OF OUR REPORT OF EVEN DATE.**

We have audited the internal financial controls over financial reporting of **Albert David Limited** ("the Company") as of 31st March 2018 in conjunction with our audit of IND AS financial statements of the Company for the year ended on that date.

### **MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the "Guidance Note on Audit of Internal Financial Controls over Financial Reporting" issued by the Institute of Chartered Accountants of India.

These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **AUDITORS' RESPONSIBILITY**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India.

Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of IND AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### **MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance

regarding the reliability of financial reporting and the preparation of IND AS financial statements for external purposes in accordance with generally accepted accounting principles.

**A company's internal financial control over financial reporting includes those policies and procedures that:**

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **OPINION**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS

### 1. CORPORATE AND GENERAL INFORMATION

Albert David Limited ("the Company") is a public limited company incorporated in 1938 and domiciled in India and has its listing on the BSE Limited and National Stock Exchange of India. The Company belongs to a renowned industrial house of Kolkata, the "Kothari Group". The registered office of the Company is situated in Kolkata. The Company's principal business is manufacturing and trading of Pharmaceutical Formulations, Infusion Solutions, Herbal Dosage Forms, Bulk Drugs and Disposable Syringes & Needles.

### 2. BASIS OF PREPARATION & PRESENTATION OF FINANCIAL STATEMENT

#### 2.1. Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards ("Ind AS") as prescribed by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 (as amended), other relevant provisions of the Act and other accounting principles generally accepted in India.

The financial statements for all periods up to and including the year ended 31st March, 2017, were prepared in accordance with Generally Accepted Accounting Principles (GAAP) in India, which includes the accounting standards prescribed under section 133 of the Act read with Rule 7 of the Companies (Accounts) Rules, 2014 and other provisions of the Act (collectively referred to as "Indian GAAP"). These financial statements for the year ended 31st March, 2018 are the first Ind AS Financial Statements with comparatives, prepared under Ind AS. The Company has consistently applied the accounting policies used in the preparation of its opening Ind AS Balance Sheet at 1st April, 2016 throughout all periods presented, as if these policies had always been in effect and are covered by Ind AS 101 "First Time Adoption of Indian Accounting Standards".

An explanation of how the transition to Ind AS has affected the previously reported financial position, financial performance and cash flows of the Company is provided in Note No. 47. Certain of the Company's Ind-AS accounting policies used in the opening Balance Sheet differed from its Indian GAAP policies applied as at 31st March, 2016 and accordingly the adjustments were made to restate the opening balances as per Ind-AS. The resulting adjustment arising from events and transactions before the date of transition to Ind-AS were recognized directly through retained earnings as at 1st April, 2016 as required by Ind- AS 101. The financial statements of the Company for the year ended 31st March, 2018 has been approved by the Board of Directors in their meeting held on 29th May 2018.

#### 2.2. Basis of Measurement

**The Company maintains accounts on accrual basis following the historical cost convention, except for followings:**

- Certain Financial Assets and Liabilities is measured at Fair value/ Amortised cost (refer accounting policy regarding financial instruments);
- Derivative Financial Instruments measured at fair value;
- Defined Benefit Plans – plan assets measured at fair value.

#### 2.3. Functional and Reporting Currency

The Financial Statements are presented in Indian Rupee (INR), which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates. All financial information presented in INR has been rounded off to the nearest lakhs as per the requirements of Schedule III, unless otherwise stated.

#### 2.4. Use of Estimates and Judgements

The preparation of financial statements in conformity with Ind AS requires judgements, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized.

### 2.5. Presentation of Financial Statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III (Revised) to the Companies Act, 2013 ("the Act"). The Statement of Cash Flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, and various stipulations of Ind AS or any other act are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended).

### 2.6. Operating Cycle for current and non-current classification

All assets and liabilities have been classified as current or non-current depending on the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1. The Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

#### An asset is classified as current when it is:

- Expected to be realized or intended to sold or consumed in normal operating cycle;
- Held primarily for the purpose of trading;
- Expected to be realized within twelve months after the reporting period; or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All the other assets are classified as non-current.

#### A liability is current when:

- It is expected to be settled in normal operating cycle;
- It is held primarily for the purpose of trading;
- It is due to be settled within twelve months after the reporting period; or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current. Deferred Tax Assets and Liabilities are classified as non-current assets and liabilities respectively.

### 2.7. Measurement of Fair Values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the input that is significant to the fair value measurement as a whole:

- **Level 1:** Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- **Level 2:** Inputs other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- **Level 3:** Inputs which are unobservable inputs for the asset or liability.

External valuers are involved for valuation of significant assets & liabilities. Involvement of external valuers is decided by the management of the company considering the requirements of Ind AS and selection criteria include market knowledge, reputation, independence and maintenance of professional standards.

### 3. ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the financial statements are as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

#### 3.1. INVENTORIES

Inventories are valued at the lower of cost and net realizable value (NRV). Cost is measured by including, unless specifically mentioned below, cost of purchase and other costs incurred in bringing the inventories to their present location and condition. NRV is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

**Cost formulae are as follows:**

Particulars	Cost Formula
Raw Material, Consumable Stores, Spares, Packing Materials and Trading Goods	On FIFO basis.
Finished Goods & Work-in-Progress	At cost of input (on FIFO basis) plus labour and related manufacturing overhead including depreciation.
Scrap Materials	At net realizable value.

#### 3.2. CASH AND CASH EQUIVALENTS

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

For the purpose of the statement of cash flows, cash and cash equivalents includes cash on hand, term deposits and other short-term highly liquid investments, net of bank overdrafts/cash credit as they are considered an integral part of the Company's cash management. Bank overdrafts/cash credit are shown within short term borrowings in the Balance sheet.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

### 3.3. INCOME TAX

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Current and deferred tax is recognised in the statement of profit & loss, except to the extent that it relates to items recognised in other comprehensive income or directly attributable to other equity. In these cases, the tax is also recognised in other comprehensive income or in statement of change in other equity, respectively.

#### 3.3.1. Current Tax:

Current tax liabilities (or assets) for the current and prior periods are measured at the amount expected to be paid to (recovered from) the taxation authorities using the tax rates (and tax laws) that have been enacted or substantively enacted, at the end of the reporting period.

#### 3.3.2. Deferred Tax

- Deferred Tax assets and liabilities is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.
- Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes (i.e., tax base). Deferred tax is also recognized for carry forward of unused tax losses and unused tax credits.
- Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.
- The carrying amount of deferred tax assets is reviewed at the end of each reporting period. The Company reduces the carrying amount of a deferred tax asset to the extent that it is no longer probable that sufficient taxable profit will be available to allow the benefit of part or that entire deferred tax asset to be utilized. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.
- Deferred tax relating to items recognized outside the Statement of Profit and Loss is recognized either in other comprehensive income or in statement of change in equity. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.
- Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

### 3.4. PROPERTY, PLANT AND EQUIPMENT

#### 3.4.1. Tangible Assets

##### 3.4.1.1. Recognition and Measurement:

- Property, plant and equipment held for use in the production or/and supply of goods or services, or for administrative purposes, are stated in the balance sheet under cost model i.e., cost, less any accumulated depreciation and accumulated impairment losses (if any), except for freehold land which are carried at historical cost.
- Cost of an item of property, plant and equipment acquired comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting any trade discounts and rebates, any

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

directly attributable costs of bringing the assets to its working condition and location for its intended use and present value of any estimated cost of dismantling and removing the item and restoring the site on which it is located. Such costs includes borrowing cost if recognition criteria are met.

- If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.
- Profit or loss arising on the disposal of property, plant and equipment are recognized in the Statement of Profit and Loss.

### 3.4.1.2. Subsequent Measurement:

- Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognized when replaced.
- Major Inspection/ Repairs/ Overhauling expenses are recognized in the carrying amount of the item of property, plant and equipment as a replacement if the recognition criteria are satisfied. Any Unamortized part of the previously recognized expenses of similar nature is derecognized.

### 3.4.1.3. Depreciation and Amortization:

- Depreciation on Property, Plant & Equipment is provided on Straight Line Method in terms of life span of assets prescribed in Schedule II of the Companies Act, 2013 or as reassessed by the Company based on the technical evaluation.
- In case the cost of part of tangible asset is significant to the total cost of the assets and useful life of that part is different from the remaining useful life of the asset, depreciation has been provided on straight line method based on internal assessment and independent technical evaluation carried out by external valuers, which the management believes that the useful lives of the component best represent the period over which it expects to use those components.
- Depreciation on additions (disposals) during the year is provided on a pro-rata basis depending on the usage period of assets since/ up to the date of installation / disposal.
- Depreciation on assets built on leasehold land, which is transferrable to the lessor on expiry of lease period, is amortized over the period of lease.
- Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

### 3.4.1.4. Disposal of Assets

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between net disposal proceeds and the carrying amount of the asset and is recognized in the statement of profit and loss.

### 3.4.1.5. Capital Work in Progress

Capital work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

### 3.5. LEASES

#### 3.5.1. Determining whether an arrangement contains a lease

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

#### 3.5.2. Company as lessor

- **Finance Lease**

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as finance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognized as revenue in the period in which they are earned.

- **Operating Lease**

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating leases is recognized on a straight-line basis over the term of the relevant lease except where scheduled increase in rent compensates the Company with expected inflationary costs.

#### 3.5.3. Company as lessee

- **Finance Lease**

Finance Leases, which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease Payments under such leases are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are charged directly to the statement of profit and loss. Lease management fees, legal charges and other initial direct costs are capitalized.

If there is no reasonable certainty that the Company will obtain the ownership by the end of lease term, capitalized leased assets are depreciated over the shorter of the estimated useful life of the asset or the lease term.

- **Operating Lease**

Assets acquired on leases where a significant portion of risk and reward is retained by the lessor are classified as operating leases. Lease rental are charged to statement of profit and loss on a straight-line basis over the lease term, except where scheduled increase in rent compensates the Company with expected inflationary costs.

### 3.6. REVENUE RECOGNITION

Revenue is recognised based to the extent it is probable that the economic benefit will flow to the company and revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment, and excludes taxes & duties collected on behalf of the Government and is reduced for estimated customer returns, rebates and other similar allowances.

#### 3.6.1. Sale of Products:

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and significant risk and reward incidental to

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

sale of products is transferred to the buyer, usually on delivery of the goods. Accruals for sales return, chargebacks and other allowances are provided at the point of sale based on the past experience.

### 3.6.2. Rental Income:

Rental income from operating lease is recognized on a straight line basis over the term of the relevant lease unless the payments are structured to increase in line with expected general inflation to compensate for the company's expected inflationary cost increases.

### 3.6.3. Other Income:

**3.6.3.1.** Interest Income: For all debt instruments measured either at amortized cost or at fair value through other comprehensive income (FVTOCI), interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset.

**3.6.3.2.** Dividend Income: Dividend income is accounted in the period in which the right to receive the same is established.

**3.6.3.3.** Other Income: Other items of income are accounted as and when the right to receive such income arises and it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably.

## 3.7. EMPLOYEE BENEFITS

### 3.7.1. Short Term Benefits

- i) Short term employee benefit obligations are measured on an undiscounted basis and are expensed as the related services are provided. Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within twelve months after the end of the period in which the employees render the related service are recognized in respect of employees' services up to the end of the reporting period.
- ii) ESI is provided on the basis of actual liabilities accrued and paid to authority.

### 3.7.2. Other Long Term Employee Benefits

The liabilities for earned leaves that are not expected to be settled wholly within twelve months are measured as the present value of the expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation. Remeasurements as the result of experience adjustment and changes in actuarial assumptions are recognized in statement of profit and loss.

### 3.7.3. Post Employment Benefits

**The Company operates the following post employment schemes:**

- **Defined Contribution Plan**

Defined contribution plans such as Provident Fund, Employee State Insurance etc. are charged to the statement of profit and loss as and when incurred and paid to Authority.

- **Defined Benefit Plans (Gratuity)**

The liability or asset recognized in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The Company's net obligation in respect of defined benefit plans is calculated separately for each plan by estimating the amount of future benefit that employees have earned in the current and

## **NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)**

prior periods. The defined benefit obligation is calculated annually by Actuaries using the projected unit credit method.

The liability recognized for defined benefit plans is the present value of the defined benefit obligation at the reporting date less the fair value of plan assets, together with adjustments for unrecognized actuarial gains or losses and past service costs. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. The benefits are discounted using the government securities (G-Sec) at the end of the reporting period that have terms approximating to the terms of related obligation.

Remeasurements of the net defined benefit obligation, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling, are recognized in other comprehensive income. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to the statement of profit and loss.

### **3.8. GOVERNMENT GRANTS**

Government grants are recognised at their fair value, where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed.

The grant relating to the acquisition/ construction of an item of property, plant and equipment are included in non-current liabilities as deferred income and are credited to profit or loss on the same systematic basis as the respective assets are depreciated over their expected life and are presented within other operating income.

### **3.9. FOREIGN CURRENCY TRANSACTIONS**

- Foreign currency (other than the functional currency) transactions are translated into the functional currency using the spot rates of exchanges at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rate of exchanges at the reporting date.
- Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities are generally recognized in profit or loss in the year in which they arise except for exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those qualifying assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings, the balance is presented in the Statement of Profit and Loss within finance costs.
- Non monetary items are not retranslated at period end and are measured at historical cost (translated using the exchange rate at the transaction date).

### **3.10. BORROWING COSTS**

- Borrowing Costs consists of interest and other costs that an entity incurs in connection with the borrowings of funds. Borrowing costs also includes foreign exchange difference to the extent regarded as an adjustment to the borrowing costs.
- Borrowing costs directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of the cost of that asset that necessarily takes a substantial period of time to complete and prepare the asset for its intended use or sale.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

- Transaction costs in respect of long term borrowing are amortized over the tenure of respective loans using Effective Interest Rate (EIR) method. All other borrowing costs are recognized in the statement of profit and loss in the period in which they are incurred.

### 3.11. FINANCIAL INSTRUMENTS

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### 3.11.1. Financial Assets

- **Recognition and Initial Measurement:**

All financial assets are initially recognized when the company becomes a party to the contractual provisions of the instruments. A financial asset is initially measured at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

- **Classification and Subsequent Measurement:**

For purposes of subsequent measurement, financial assets are classified in four categories:

- Measured at Amortized Cost;
- Measured at Fair Value Through Other Comprehensive Income (FVTOCI);
- Measured at Fair Value Through Profit or Loss (FVTPL); and
- Equity Instruments designated at Fair Value Through Other Comprehensive Income (FVTOCI).

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

- **Measured at Amortized Cost:** A debt instrument is measured at the amortized cost if both the following conditions are met:
  - The asset is held within a business model whose objective is achieved by both collecting contractual cash flows; and
  - The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortized cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade receivables, cash and bank balances, loans and other financial assets of the company.

- **Measured at FVTOCI:** A debt instrument is measured at the FVTOCI if both the following conditions are met:
  - ◀ The objective of the business model is achieved by both collecting contractual cash flows and selling the financial assets; and
  - ◀ The asset's contractual cash flows represent SPPI.

Debt instruments meeting these criteria are measured initially at fair value plus transaction costs. They are subsequently measured at fair value with any gains or losses arising on remeasurement recognized in other comprehensive income, except for impairment gains or losses and foreign exchange gains or losses. Interest calculated using the effective interest method is recognized in the statement of profit and loss in investment income.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

- ◀ Measured at FVTPL: FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as FVTPL. In addition, the company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss. Equity instruments which are, held for trading are classified as at FVTPL.
- ◀ Equity Instruments designated at FVTOCI: For equity instruments, which has not been classified as FVTPL as above, the company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable. In case the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment.

- **Derecognition:**

The Company derecognizes a financial asset on trade date only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

- **Impairment of Financial Assets:**

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS – 109 requires expected credit losses to be measured through a loss allowance. The company recognizes impairment loss for trade receivables that do not constitute a financing transaction using expected credit loss model, which involves use of a provision matrix constructed on the basis of historical credit loss experience. For all other financial assets, expected credit losses are measured at an amount equal to the 12 month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

### 3.11.2. Financial Liabilities

- **Recognition and Initial Measurement:**

Financial liabilities are classified, at initial recognition, as at fair value through profit or loss, loans and borrowings, payables or as derivatives, as appropriate. All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

- **Subsequent Measurement:**

Financial liabilities are measured subsequently at amortized cost or FVTPL. A financial liability is classified as FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest rate method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any gain or loss on derecognition is also recognized in profit or loss.

- **Financial Guarantee Contracts:**

Financial guarantee contracts issued by the company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

loss allowance determined as per impairment requirement of Ind AS 109 and the amount recognized less cumulative amortization.

- **Derecognition:**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

### 3.11.3. Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the counterparty.

### 3.11.4. Derivative financial instruments:

The Company enters into derivative financial instruments viz. foreign exchange forward contracts, to manage its exposure to foreign exchange rate risks. The Company does not hold derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered into and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in profit or loss immediately.

### 3.12. Earnings Per Share

Basic Earnings per share (EPS) amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of equity shares outstanding during the year. Diluted EPS amounts are calculated by dividing the profit attributable to equity holders adjusted for the effects of potential equity shares by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

### 3.13. Impairment of Non-Financial Assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. An asset is treated as impaired when the carrying cost of the asset exceeds its recoverable value being higher of value in use and net selling price. Value in use is computed at net present value of cash flow expected over the balance useful lives of the assets. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (Cash Generating Units – CGU).

An impairment loss is recognized as an expense in the Statement of Profit and Loss in the year in which an asset is identified as impaired. The impairment loss recognized in earlier accounting period is reversed if there has been an improvement in recoverable amount.

### 3.14. Provisions, Contingent Liabilities and Contingent Assets

#### 3.14.1. Provisions

Provisions are recognized when there is a present obligation (legal or constructive) as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost.

### 3.14.2. Contingent Liabilities

Contingent liability is a possible obligation arising from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events but is not recognized because it is not possible that an outflow of resources embodying economic benefit will be required to settle the obligations or reliable estimate of the amount of the obligations cannot be made. The Company discloses the existence of contingent liabilities in Other Notes to Financial Statements.

### 3.14.3. Contingent Assets

Contingent assets usually arise from unplanned or other unexpected events that give rise to the possibility of an inflow of economic benefits. Contingent Assets are not recognized though are disclosed, where an inflow of economic benefits is probable.

## 3.15. Intangible Assets

### 3.15.1. Recognition and Measurement

Software which is not an integral part of related hardware is treated as intangible asset and are stated at cost on initial recognition and subsequently measured at cost less accumulated amortization and accumulated impairment loss, if any. Internally generated intangibles including research cost are not capitalized and the related expenditure is recognized in the statement of profit and loss in the period in which the expenditure is incurred. Development cost is recognized as asset when all the recognition criteria are met. However intangible assets are capitalised subject to satisfaction of basic criteria thereon i.e., identifiability, control and future economy benefit to flow concerned asset.

### 3.15.2. Subsequent Expenditure

Subsequent costs are included in the asset's carrying amount, only when it is probable that future economic benefits associated with the cost incurred will flow to the Company and the cost of the item can be measured reliably. All other expenditure is recognized in the Statement of Profit & Loss.

### 3.15.3. Amortization

- Intangible assets are amortized over a period of five years.
- The amortization period and the amortization method are reviewed at least at the end of each financial year. If the expected useful life of the assets is significantly different from previous estimates, the amortization period is changed accordingly.

### 3.15.4. Intangible Assets under Development

Intangible Assets under development is stated at cost which includes expenses incurred in connection with development of Intangible Assets in so far as such expenses relate to the period prior to the getting the assets ready for use.

## 3.16. Non-Current Assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Non-current assets are not depreciated or amortised.

### 3.17. Operating Segment

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. The chief operating decision maker of the Company is responsible for allocating resources and assessing performance of the operating segments and accordingly is identified as the chief operating decision maker.

The Company has identified one reportable segment "Pharmaceuticals" based on the information reviewed by the CODM.

### 3.18. New Standards / Amendments to Existing Standard issued but not yet effective upto the date of issuance of the Company's Financial Statement are disclosed below:

On 28th March, 2018, the Ministry of Corporate Affairs (MCA) has notified Ind AS 115 - Revenue from Contracts with Customers and certain amendment to existing Ind AS. These amendments shall be applicable to the Company from 1st April 2018.

#### a) Ind AS 115-Revenue from Contracts with Customers

Ind AS 115 supersedes Ind AS 11, Construction Contracts and Ind AS 18, Revenue. Ind AS 115 requires an entity to report information regarding nature, amount, timing and uncertainty of revenue and cash flows arising from contract with customers. The principle of Ind AS 115 is that an entity should recognise revenue that demonstrates the transfer of promised goods and services to the customers at an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services.

Based on preliminary assessment performed by the Company, the impact of the application of the standard is not expected to be material.

#### b) Amendment to Existing issued Ind AS

- i. Ind AS 12 - Income Taxes
- ii. Ind AS 21 - The Effects of Changes in Foreign Exchange Rates
- iii. Ind AS 28 - Investment in Associates and Joint Ventures
- iv. Ind AS 112 - Disclosure of Interests in Other Entities

The impact of the above standards on the financial statements, as assessed by the Company, is not expected to be material.

## 4. SIGNIFICANT JUDGEMENTS AND KEY SOURCES OF ESTIMATION IN APPLYING ACCOUNTING POLICIES

Estimates and judgements are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Information about Significant judgments and Key sources of estimation made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements is included in the following notes:

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

- **Recognition of Deferred Tax Assets:** The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the Company's future taxable income against which the deferred tax assets can be utilized. In addition, significant judgment is required in assessing the impact of any legal or economic limits.
- **Classification of Leases:** The Company enters into leasing arrangements for various assets. The classification of the leasing arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.
- **Defined Benefit Obligation (DBO):** Employee benefit obligations are measured on the basis of actuarial assumptions which include mortality and withdrawal rates as well as assumptions concerning future developments in discount rates, medical cost trends, anticipation of future salary increases and the inflation rate. The Company considers that the assumptions used to measure its obligations are appropriate. However, any changes in these assumptions may have a material impact on the resulting calculations.
- **Provisions and Contingencies:** The assessments undertaken in recognising provisions and contingencies have been made in accordance with Indian Accounting Standards (Ind AS) 37, 'Provisions, Contingent Liabilities and Contingent Assets'. The evaluation of the likelihood of the contingent events is applied best judgment by management regarding the probability of exposure to potential loss.
- **Impairment of Financial Assets:** The Company reviews its carrying value of investments carried at amortized cost annually, or more frequently when there is indication of impairment. If recoverable amount is less than its carrying amount, the impairment loss is accounted for.
- **Allowances for Doubtful Debts:** The Company makes allowances for doubtful debts through appropriate estimations of irrecoverable amount. The identification of doubtful debts requires use of judgment and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.
- **Fair value measurement of financial Instruments:** When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the Discounted Cash Flow model. The input to these models are taken from observable markets where possible, but where this not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.
- **Sales Return:** The Company accounts for sales returns accrual by recording an allowance for sales returns concurrent with the recognition of revenue at the time of a product sale. This allowance is based on the Company's estimate of expected sales returns. The Company deals in various products and operates in various markets. Accordingly, the estimate of sales returns is determined primarily by the Company's historical experience in the markets in which the Company operates.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

### 44.2.2 Provident Fund

Provident Fund (other than government administered) as per the provisions of the Employees Provident Funds and Miscellaneous Provisions Act, 1952.

### 44.2.3 Risk Exposure

Through its defined benefit plans, the company is exposed to a number of risks, the most significant of which are detailed below:

<b>ASSET VOLATILITY</b>	The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. The Company has made investment in Plan Asset through Life Insurance Corporation in Qualified Insurance Policy.
<b>CHANGES IN BOND YIELDS</b>	A decrease in bond yields will increase plan liabilities, although this will be partially offset by an increase in the value of the plans' bond holdings.
<b>SALARY GROWTH RISK</b>	The present value of defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of plan participants will increase the plan liabilities.
<b>LIFE EXPECTANCY</b>	The plan liability are to provide benefits for the life of the member, so increases in life expectancy will result in an increase in the plans' liabilities. This is particularly significant where inflationary increases result in higher sensitivity to changes in life expectancy.

### 44.2.9 Asset-Liability Matching Strategy

The Company's investments are being managed by Life Insurance Company and at the year end interest is being credited to the fund value. The company has not changed the process used to manage its risk from previous periods. The Company's investments are fully secured and would be sufficient to cover its obligations.

### 44.2.10 Actuarial Assumptions

(Rs. in Lacs)

Particulars	Gratuity	
	2017-18	2016-17
<b>Financial Assumptions</b>

Withdrawal Rate	4.00%	4.00%

**44.2.11** The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

**44.2.12** At 31st March 2018, the weighted average duration of the defined benefit obligation was 5.2 years (previous year 6.94). The distribution of the timing of benefits payment i.e., the maturity analysis of the benefit payments is as follows:

(Rs. in Lacs)

Expected benefits payment for the year ending on	Gratuity
31st March 2019	158.10
31st March 2020	774.20
31st March 2021	348.40

31st March 2023	424.20
31st March 2024 to 31st March 2028	1606.63

**44.2.13** The Company expects to contribute Rs.845.52 Lacs (previous year Rs.608.67 Lacs) to its gratuity fund in 2018-19.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

### 44.2.14 Sensitivity Analysis

The sensitivity analyses below have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period. Reasonably possible changes at the reporting date to one of the relevant actuarial assumptions, holding other assumptions constant, would have affected the defined benefit obligation by the amounts shown below:

(Rs. in Lacs)

Particulars	Gratuity	
	2017-18	2016-17
Effect on DBO due to 1% increase in Discount Rate	(207.88)	(215.59)
Effect on DBO due to 1% decrease in Discount Rate	234.34	244.91
Effect on DBO due to 1% increase in Salary Escalation Rate	224.87	199.76
Effect on DBO due to 1% decrease in Salary Escalation Rate	(205.96)	(188.86)

Although the analysis does not take account of the full distribution of cash flows expected under the plan, it does provide an approximation of the sensitivity of the assumptions shown.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

### 47. TRANSITION TO IND AS

#### 47.1 Basis for Preparation

For all period up to and including the year ended March 31, 2017, the Company has prepared its financial statements in accordance with generally accepted accounting principles in India (Indian GAAP). These financial statements for the year ended March 31, 2018 are the Company's first annual IND AS financial statements and have been prepared in accordance with IND AS.

The accounting policies set out in note 3 have been applied in preparing the financial statements for the year ended 31 March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS balance sheet at 1 April 2016 (the date of transition). This note explains the principal adjustments made by the Company in restating its financial statements prepared in accordance with previous GAAP, and how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

#### 47.2 Exceptions and Exemptions Applied

IND AS 101 "First-time adoption of Indian Accounting Standards" (hereinafter referred to as Ind AS 101) allows first time adopters certain exemptions from the retrospective application of certain IND AS, effective for April 1, 2016 opening balance sheet. In preparing these consolidated financial statements, the Company has applied the below mentioned optional exemptions and mandatory exceptions.

##### 47.2.1 Optional Exemptions Availed

##### a Property Plant and Equipment, Intangible Assets and Investment Properties

As permitted by para D5-D8B of Ind AS 101, The Company has elected to measure items of property, plant and equipment and intangible assets at its carrying value at the transition date except for certain class of assets which are measured at fair value as deemed cost.

##### b Determining whether an arrangement contains a Lease

Para D9-D9AA of Ind AS 101 includes an optional exemption that permits an entity to apply the relevant requirements in Appendix C of Ind AS 17 "Leases" for determining whether an arrangement existing at the date of transition contains a lease by considering the facts and circumstances existing at the date of transition (rather than at the inception of the arrangement). The Company has applied the above transition provision and has assessed all the arrangements at the date of transition.

##### c Designation of previously recognised financial instruments

Para D19B of Ind AS 101 permits an entity to designate particular investments in equity instruments as at fair value through other comprehensive income (FVOCI) based on facts and circumstances at the date of transition to Ind AS (rather at initial recognition). The Company has opted to avail this exemption to designate its investments in equity instruments (other than investment in subsidiaries and associates) as FVOCI on the date of transition.

##### 47.2.2 Mandatory Exceptions

##### a Estimates

As per para 14 of Ind AS 101, an entity's estimates in accordance with Ind AS at the date of transition to Ind AS at the end of the comparative period presented in the entity's first Ind AS financial statements, as the case may be, should be consistent with estimates made for the same date in accordance with the previous GAAP unless there is objective evidence that those estimates were in error. However, the estimates should be adjusted to reflect any differences in accounting policies.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

As per para 16 of the standard, where application of Ind AS requires an entity to make certain estimates that were not required under previous GAAP, those estimates should be made to reflect conditions that existed at the date of transition or at the end of the comparative period.

The Company's estimates under Ind AS are consistent with the above requirement. Key estimates considered in preparation of the financial statement that were not required under the previous GAAP are listed below:

- Fair Valuation of financial instruments carried at FVTPL and/ or FVOCI.
- Impairment of financial assets based on the expected credit loss model.
- Determination of the discounted value for financial instruments carried at amortized cost.

### **b De-recognition of financial assets and liabilities**

As per para B2 of Ind AS 101, an entity should apply the derecognition requirements in Ind AS 109, "Financial Instruments", prospectively for transactions occurring on or after the date of transition to Ind AS. However, para B3 gives an option to the entity to apply the derecognition requirements from a date of its choice if the information required to apply Ind AS 109 to financial assets and financial liabilities derecognized as a result of past transactions was obtained at the initially accounting for those transactions. The company has elected to apply the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

### **c Classification and measurement of financial assets**

Para B8 - B8C of Ind AS 101 requires an entity to assess classification of financial assets on the basis of facts and circumstances existing as on the date of transition. Further, the standard permits measurement of financial assets accounted at amortized cost based on facts and circumstances existing at the date of transition if retrospective application is impracticable.

Accordingly, the company has determined the classification of financial assets based on facts and circumstances that exist on the date of transition. Measurement of the financial assets accounted at amortized cost has been done retrospectively.

### **47.3 Impact of Transition to Ind AS**

The following is a summary of the effects of the differences between IND AS and Indian GAAP on the Company's total equity shareholders' funds and profit and loss for the financial periods previously reported under Indian GAAP following the date of transition to IND AS.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

### 47.3.7 Notes to First Time Adoption

#### a Fair valuation as deemed cost for Property, Plant and Equipment

The Company have considered fair value for property, viz land admeasuring over 7.46 acres, situated in India, with impact of Rs. 3391.46 lacs in accordance with stipulations of Ind AS 101 with the resultant impact being accounted for in the reserves.

#### b Fair valuation of Financial Assets

i Under the previous GAAP, investments in equity instruments and mutual funds were classified as long-term investments or current investments based on the intended holding period and realisability. Long-term investments were carried at cost less provision for other than temporary decline in the value of such investments. Current investments were carried at lower of cost and fair value. Under Ind AS, these investments are required to be measured at fair value. The resulting fair value changes of these investments (other than equity instruments designated as at FVOCI) have been recognised in retained earnings as at the date of transition and subsequently in the profit or loss for the year ended 31 March 2017

Fair value changes with respect to investments in equity instruments designated as at FVOCI have been recognised in FVOCI – Equity investments reserve as at the date of transition and subsequently in the other comprehensive income for the year ended 31 March 2017.

ii Under previous GAAP, the interest free security deposit were carried at cost. Under Ind AS the same are measured at fair value on initial recognition and subsequently measured at amortised cost.

#### c Fair Valuation of Derivative Instrument

Under previous GAAP, in case of forward contracts covered under AS 11, difference between forward rate and spot rate was recognised in profit or loss over the term of contract. Under Ind AS, derivative financial instruments are measured at fair value through profit & loss.

#### d Expected Credit Loss Model

Under previous GAAP, the Group had created provision for doubtful debts based on specific amount for incurred losses. Under Ind AS, the allowance for doubtful debts has been determined based on expected credit loss model.

#### e Provision for Expected Sales Return

The Company has recognised provision for expected sales return on account of breakage and expiry of goods. The same has resulted in decrease in revenue and increase in provisions.

#### f Deferred Tax

Indian GAAP requires deferred tax accounting using the income statement approach, which focuses on differences between taxable profits and accounting profits for the period. Ind AS 12 requires entities to account for deferred taxes using the balance sheet approach, which focuses on temporary differences between the carrying amount of an asset or liability in the balance sheet and its tax base. The application of Ind AS 12 approach has resulted in recognition of deferred tax on new temporary differences which was not required under Indian GAAP.

In addition, the various transitional adjustments lead to different temporary differences. According to the accounting policies, the company has to account for such differences. Deferred tax adjustments are recognized in correlation to the underlying transaction either in retained earnings or a separate component of equity.

### 47.3.7 Notes to First Time Adoption (Contd.)

#### g Remeasurements of post-employment benefit obligations

Under the previous GAAP, these remeasurements were forming part of the profit or loss for the year. Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of profit or loss.

#### h Reclassification between Previous GAAP and Ind AS

- i. Excise duty has been reclassified from revenue to other expenses.
- ii. Cash discounts to customers has been reclassified from other expenses to revenue.

#### i Retained Earnings

Retained earnings as at April 1, 2016 has been adjusted consequent to the above Ind AS transition adjustments.

### 50.2 Fair Valuation Technique

Investments in mutual funds are measured using quoted market prices at the reporting date multiplied by the quantity held.

The fair value of derivative financial instruments is determined based on observable market inputs including currency spot and forward rates, yield curves, currency volatility etc. These derivatives are estimated by using the pricing models, where the inputs to those models are based on readily observable market parameters, contractual terms, period to maturity, maturity parameters and foreign exchange rates. These models do not contain a high level of subjectivity as the valuation techniques used do not require significant judgement, and inputs thereto are readily observable from market rates. The said valuation has been carried out by the counter party with whom the contract has been entered with and management has evaluated the credit and non-performance risks associated with the counterparties and believes them to be insignificant and not requiring any credit adjustments.

**50.3** During the year ended March 31, 2018 and March 31, 2017, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfer into and out of Level 3 fair value measurements.

### 50.4 Explanation to the fair value hierarchy

The Company measures financial instruments, such as, quoted investments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

**50.4.1 Level 1** Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments, traded bonds and mutual funds that have quoted price. The fair value of all equity instruments (including bonds) which are traded in the stock exchanges is valued using the closing price as at the reporting period. The mutual funds are valued using the closing NAV.

**50.4.2 Level 2** The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**50.4.3 Level 3** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration included in level 3.

## 51 FINANCIAL RISK MANAGEMENT: OBJECTIVE AND POLICIES.

Financial management of the Company has been receiving attention of the top management of the Company. The management considers finance as the lifeline of the business and therefore, financial management is carried out meticulously on the basis of detailed management information systems and reports at periodical intervals extending from daily reports to long-term plans. Importance is laid on liquidity and working capital management with a view to reduce over-dependence on borrowings and reduction in interest cost. Various kinds of financial risks and their mitigation plans are as follows:

### 51.1 Credit Risk

The credit risk is the risk of financial loss arising from counter party failing to discharge an obligation. The credit risk is controlled by analysing credit limits and credit worthiness of customers on continuous basis to whom the credit has been granted, obtaining necessary approvals for credit and taking security deposits from trade channels.

## NOTES: FORMING PART OF THE FINANCIAL STATEMENTS (Contd.)

### a. Provision for expected credit losses

The Company measures Expected Credit Loss (ECL) for financial instruments based on historical trend, industry practices and business environment in which the Company operates.

For financial assets, a credit loss is the present value of the difference between:

- (i) the contractual cash flows that are due to an entity under the contract; and
- (ii) the cash flows the entity expects to receive.

The Company recognises in profit or loss, the amount of expected Credit Losses (or reversal) that is required to adjust the loss allowance at the reporting date in accordance with Ind AS 109.

In determination of allowances for credit losses on trade receivables, the Company has used a practical expedience by computing the expected credit losses based on ageing matrix, which has taken into account historical credit loss experience and adjusted for forward looking information.

### b. The movement of Trade Receivables and Expected Credit Loss are as follows:

Loss allowance on 31 March 2017	38.79
Changes in loss allowance	(25.95)
Loss allowance on 31 March 2018	12.84

## 51.2 Liquidity Risk

The Company determines its liquidity requirement in the short, medium and long term. This is done by drawings up cash forecast for short term and long term needs.

The Company manage its liquidity risk in a manner so as to meet its normal financial obligations without any significant delay or stress. Such risk is managed through ensuring operational cash flow while at the same time maintaining adequate cash and cash equivalent position. The management has arranged for diversified funding sources and adopted a policy of managing assets with liquidity monitoring future cash flow and liquidity on a regular basis. Surplus funds not immediately required are invested in certain mutual funds and fixed deposit which provide flexibility to liquidate. Besides, it generally has certain undrawn credit facilities which can be assessed as and when required; such credit facilities are reviewed at regular basis.

- d** The amounts are gross and undiscounted, and include contractual interest payments and exclude the impact of netting agreements (if any). The interest payments on variable interest rate loans in the tables above reflect market forward interest rates at the respective reporting dates and these amounts may change as market interest rates change. The future cash flows on derivative instruments may be different from the amount in the above tables as exchange rates change. Except for these financial liabilities, it is not expected that cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts. When the amount payable is not fixed, the amount disclosed has been determined with reference to conditions existing at the reporting date.

### 51.3 Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three type of risks: Foreign Exchange Risk, Interest Rate Risk and Other Price Risk.

#### 51.3.1 Foreign Exchange Risk

Foreign Exchange Risk is the exposure of the Company to the potential impact of movements in foreign exchange rates. The Company imports various raw materials viz. chemicals, drugs, API, packing materials viz. granules, items of stores and spares and capital goods as per its requirements from time to time and also borrows funds in foreign currencies. This results in foreign currency risk to the Company. Similarly, company's exports are also exposed to foreign currency risks.

For the Foreign Exchange exposures risk management, the Company's Policy is to adopt a flexible approach in hedging its risk. For this, the Company from time to time takes the view from banks and foreign exchange experts and based upon the same and also considering macro-economic factors, forms a view and whenever deemed necessary, hedges its foreign exchange risk. The hedging strategies are taken after careful study/analysis of foreign exchange market to minimize to the extent possible, any effect of the fluctuation in foreign exchange rates.

#### a Exposure to currency risk

The Company's exposure to foreign currency risk at the end of the reporting period expressed in INR, are as follows:

### 51.3.2 Interest Rate Risk

The Company is exposed to risk due to interest rate fluctuation on long term borrowings. Such borrowings are based on fixed as well as floating interest rate. Interest rate risk is determined by current market interest rates, projected debt servicing capability and view on future interest rate. Such interest rate risk is actively evaluated and is managed through portfolio diversification and exercise of prepayment/refinancing options where considered necessary.

The Company is also exposed to interest rate risk on surplus funds parked in fixed deposits and interest bearing investments. To manage such risks, such investments are done mainly for short durations, in line with the expected business requirements for such funds if any.

### 51.3.3 Other Price Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market rates. the Company do not have any long-term debt obligations. Moreover, the short-term borrowings of the Company do not have a significant fair value or cash flow interest rate risk due to their short tenure.

However, the Company is also exposed to interest rate risk on surplus funds parked in mutual funds (debt oriented) measured at fair value through Profit and Loss.

### 51.3.4 Other Price Risk

The Company is exposed to equity price risk, which arises from mutual fund (equity oriented) measured at fair value through Profit and Loss. In order to deploy the surplus funds, necessary planning is done by the Finance & Accounts Department after considering the fund planning of subsequent months and overall fund position. Various investments options are evaluated within the investment options allowed by the Board to arrive at proper decision.

The Investment so made are reviewed every fortnight. To spread the concentration of funds as well as risks, investments in Mutual Funds are scattered and utmost care and vigilance is undertaken before deployment of funds for investment purpose to ensure credit worthiness of the investment and availability of such surplus invested funds to meet any unforeseen situation that may arise.

### 52 CAPITAL MANAGEMENT

The Company objective to manage its capital is to ensure continuity of business while at the same time provide reasonable returns to its various stakeholders but keep associated costs under control. In order to achieve this, requirement of capital is reviewed periodically with reference to operating and business plans that take into account capital expenditure and strategic Investments. Sourcing of capital is done through judicious combination of equity/internal accruals and borrowings, both short term and long term. Net debt ( total borrowings less cash and cash equivalents) to equity ratio is used to monitor capital.
