DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to the provisions of Section 134(5) of the Companies Act, 2013 with respect to the directors' responsibility statement, it is hereby confirmed that:

- in the preparation of the annual accounts for the year ended March 31, 2023 the applicable Accounting standards had been followed along with proper explanation relating to the material departures;
- (b) the directors of the Company had selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company, as at March 31, 2023 and loss of the Company for the year ended March 31,2023.
- (c) the directors of the Company had taken proper and sufficient care for the maintenance of proper accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (d) the directors of the Company had prepared the accounts of the Company for the financial year ended March 31, 2023 on a going concern basis and;
- (e) the directors of the Company had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

RISK MANAGEMENT

The Company, like any other enterprise, is exposed to business risk which can be an internal risks as well as external risks. Any unexpected changes in regulatory framework pertaining to fiscal benefits and other related issue can affect our operations and profitability. However the Company is well aware of the above risks and as part of business strategy has formulated a Risk Management Policy.

The Risk Policy approved by the Board, clearly lays down the roles and responsibilities of the various functions in relation to risk management covering a range of responsibilities, from the strategic to the operational. These role definitions, inter alia, provide the foundation for your Company's Risk Management Policy and Framework that is endorsed by the Board and is aimed at ensuring formulation of appropriate risk management procedures, their effective implementation across the Company and independent monitoring and reporting by Internal Audit. Backed by strong internal control systems, the Company is in the process of implementing the current Risk Management Framework that consists of the following key elements:

- The Corporate Risk Management policy facilitates the identification and prioritization of strategic and operational risks, development of appropriate mitigation strategies and conducts periodic reviews of the progress on the management of identified risks
- A combination of risk policy and unit wise evolved procedures brings robustness to the process of ensuring that business risks are effectively addressed.
- Appropriate structures are in place to proactively monitor and manage the inherent risks in businesses with unique / relatively high risk profiles.
- A strong and independent Internal Audit function at the corporate level carries out risk focused audits
 across all businesses, enabling identification of areas where risk management processes may need to be
 strengthened. The Board of Directors reviews Internal Audit findings, and provides strategic guidance on
 internal controls. The Board of Directors closely monitors the internal control environment within the
 Company including implementation of the action plans emerging out of internal audit findings.
- At the Business level, Internal Audit Department personnel continuously verify compliance with laid down policies and procedures, and help plug control gaps by assisting operating management in the formulation of control procedures for new areas of operation.
- The periodical planning exercise requires all units to clearly identify their top risks and set out a mitigation plan with agreed timelines and accountability. Top Management and Unit heads confirm

periodically that all relevant risks have been identified, assessed, evaluated and that appropriate mitigation systems have been implemented.

The combination of policies and processes as outlined above is expected to adequately address the various risks associated with your Company's businesses.

Annual evaluation by the Board

The evaluation framework for assessing the performance of Directors comprises of the following key areas:

- i. Attendance of Board Meetings and Board Committee Meetings
- ii. Quality of contribution to Board deliberations
- iii. Strategic perspectives or inputs regarding future growth of Company and its performance
- iv. Providing perspectives and feedback going beyond information provided by the management
- v. Commitment to shareholder and other stakeholder interests

The evaluation involves Self-Evaluation by the Board Member and subsequently assessment by the Board of Directors. A member of the Board will not participate in the discussion of his / her evaluation.

BOARD COMMITTEES:

The Company has the following Committees of the Board:

1. Audit Committee

Name of Committee members	Category	Date of Appointment
Raj Mohta	Whole Time Director	30-05-2017
Pramila Bansal	Non-Executive - Independent Director, Member	30-09-2015
Rahul Poddar	Non-Executive – Independent Director, Member	24-12-2022

2. Nomination and Remuneration Committee

Name of Committee members	Category	Date of Appointment
Naren Kumar Joshi	Non-Executive - Independent Director	24-12-2020
Pramila Bansal	Non-Executive - Independent Director, Chairperson	30-09-2015
Rahul Poddar	Non-Executive - Independent Director, Member	24-12-2022

Stakeholders Relationship Committee

Name of Committee members	Category	Date of Appointment
Pramila Bansal	Non-Executive - Independent Director, Chairperson	30-09-2015
Raj Mohta	Executive Director, Member	30-05-2017
Rahul Poddar	Non-Executive - Independent Director, Member	24-12-2022

BOARD INDEPENDENCE:

Our definition of 'Independence' of Directors is derived from SEBI (LODR), Regulations, 2015 and Section 149(6) of the Companies Act, 2013. Based on the confirmation/disclosures received from the Directors and on evaluation of the relationships disclosed, the following Non-Executive Directors are Independent in terms of Regulation 27 of SEBI (Listing Obligation and Disclosure Requirement) Regulation, 2015 and Section 149(6) of the Companies Act, 2013

CORPORATE SOCIAL RESPONSIBILITY (CSR)

Social Welfare Activities has been an integral part of the Company since inception. The Company is committed to fulfill its social responsibility as a good corporate citizen. The Companies Act, 2013, pursuant to the provision of Section 135, has laid down the requirement for constitution of Corporate Social Responsibility Committee, which shall be responsible for laying down the CSR Policy, to a certain class or classes of Companies. However, our Company does not fall under the requisite criteria and thus the compliance with the relevant provision of the Companies Act, 2013 is not applicable.

VIGIL MECHANISM / WHISTLE BLOWER POLICY

The Board of Directors of Dalmia Industrial Development Limited is committed to maintain the highest standard of honesty, openness and accountability and recognize that employees have important role to play in achieving the goal.

The Company's Whistleblower Policy encourages Directors and employees to bring to the Company's attention, instances of unethical behavior and actual or suspected incidents of fraud or violation of the conduct that could adversely impact the Company's operations, business performance and / or reputation. The Policy provides that the Company investigates such incidents, when reported, in an impartial manner and takes appropriate action to ensure that the requisite standards of professional and ethical conduct are always upheld. It is the Company's Policy to ensure that no employee is victimized or harassed for bringing such incidents to the attention of the Company. The practice of the Whistleblower Policy is overseen by the Board of Directors and no employee has been denied access to the Committee. The Whistleblower Policy is available on the Company's website www.dalmiaindustry.in.

INTERNAL FINANCIAL CONTROL

The Company believes that internal control is a necessary concomitant of the principle of prudent business

governance that freedom of management should be exercised within a framework of appropriate checks and balances. The Company remains committed to ensuring an effective internal control environment that inter alia provides assurance on orderly and efficient conduct of operations, security of assets, prevention and detection of frauds/errors, accuracy and completeness of accounting records and the timely preparation of reliable financial information.

The Company's independent and Internal Audit processes, both at the Business and Corporate levels, provide assurance on the adequacy and effectiveness of internal controls, compliance with operating systems, internal policies and regulatory requirements. The Financial Statements of the Company are prepared on the basis of the Significant Accounting Policies that are carefully selected by management and approved by the Board. These, in turn are supported by a set of divisional Delegation Manual & Standard Operating Procedures (SOPs) that have been established for individual units/ areas of operations.

The Company has in place adequate internal financial controls with reference to the Financial Statements. Such controls have been tested during the year and no reportable material weakness in the design or operation was observed. Nonetheless the Company recognizes that any internal financial control framework, no matter how well designed, has inherent limitations and accordingly, regular audit and review processes ensure that such systems are reinforced on an ongoing basis. The Company is in process of appointing an internal auditor to oversee the internal audit mechanism and the same will be done at the earliest.

AFFIRMATION ON COMPLIANCE OF SECRETARIAL STANDARDS:

The Company hereby affirms that during the year under review, the Company has complied with all the applicable Secretarial Standards i.e. SS-1 and SS-2, relating to 'Meetings of the Board of Directors' and 'General Meetings' respectively (including any modifications or amendments thereto) issued by the Institute of Company Secretaries of India.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT:

Management discussion and Analysis Report for the year under review, as required under Regulation 34 read with Schedule V of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements), Regulations, 2015 (SEBI LODR 2015), is forming part of this Annual Report as **Annexure 2**.

PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES:

There was **NIL** Related Party Transaction as required to be disclosed in compliance with the Accounting Standard 18 "Related Party Disclosures" issued by the Institute of Chartered Accountants of India (ICAI).

CORPORATE GOVERNANCE:

The Report on Corporate Governance as per the requirement of SEBI LODR 2015 forms part of this Annual Report as **Annexure 3**.

NO. OF MEETINGS OF THE BOARD:

The intervening gap between any two meetings was within the period prescribed by the Companies Act, 2013. The maximum interval between any two meetings did not exceed 120 days as prescribed under the Companies Act, 2013.

The Board of Directors met 06 (Six) times during the financial year i.e. on 30/05/2022, 10/08/2022, 30/08/2022, 12/11/2022, 24/12/2022 and 14/02/2023.

The details of Directors attendance in the Board Meeting is stated below:

DECLARATION BY INDEPENDENT DIRECTORS

The Company has received necessary declaration from each independent director under Section 149(7) of the Companies Act, 2013, that he/she meets the criteria of independence laid down in Section 149(6) of the Companies Act, 2013 and Regulation 27 of SEBI (Listing Obligation and Disclosure Requirement) Regulation, 2015.

BOARD EVALUATION

Regulation 27 of SEBI (Listing and Obligation Requirement) Regulations, 2015 mandates that the Board shall monitor and review the Board evaluation framework. The Companies Act, 2013 states that a formal annual evaluation needs to be made by the Board of its own performance and that of its committees and individual directors. Schedule IV of the Companies Act, 2013 states that the performance evaluation of independent directors shall be done by the entire Board of Directors, excluding the director being evaluated. The evaluation of all the directors and the Board as a whole was conducted based on the criteria and framework adopted by the Board. The Board approved the evaluation results as collated by the nomination and remuneration committee.

AUDITORS AND REPORTS:

The matters related to Auditors and their Reports are as under:

STATUTORYAUDITOR

ANNEXURE- 1

FORM NO. MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2023

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Dalmia Industrial Development Ltd 2A,
Ganesh Chandra Avenue 9th Floor,
Room No: 8E Kolkata WB 700013 IN.

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Dalmia Industrial Development Ltd (CIN: L74140WB1982PLC035394) (hereinafter called "the company"). The secretarial audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of Dalmia Industrial Development Ltd books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of the Secretarial Audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2023 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Dalmia Industrial Development Limited for the financial year ended on 31st March, 2023 according to the provisions of:

- 1. The Companies Act, 2013 (the Act) and the rules made thereunder;
- 2. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- 3. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- 4. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings; - (During the period under review, the Company has not entered into any transaction requiring compliances with the Foreign Exchange Management Act, 1999 and rules made thereunder)
- 5. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

Para B: MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Forward-Looking Statements:

This Report contains forward – Looking Statements. Any, statement that address expectations or projections about the future, including but not limited to statements about the Company's strategy and growth, product development, market position ,expenditures and financial results, are forward looking statements. Forward looking statements are based on certain assumptions and expectations of future growth. The Company cannot guarantee that these assumptions are accurate and will be realized. The Company's actual results, performance or achievements could thus differ materially from those projected in any such forward-looking statements. The Company assumes no responsibility to publicly amend, modify or revise any forward-looking statements, on basis of any subsequent developments, information or events.

Overview:

During the financial year under review, the Company has incurred a profit of Rs. 3,69,219.90/- Lacs as compared to the previous year's of Net loss Rs. (5,86,333.98)/- Lacs.

Outlook:

The Company is mainly engaged in the business of trading in sarees and stocks and investments in order to yield greater revenue for its stakeholders. The Company is planning to expand and diversify the operational activities in the coming years ahead in order to tap higher revenues

Risk and Concerns:

Due to stiff competitions in the finance field where the company's activities are centered in, the overall margins are always under pressure, but maintainable with the constant effort and good services rendered by the company.

Internal Control Systems and their Adequacy:

An Audit Committee of the Board of Directors of the Company has been constituted as per provisions of the Companies Act, 2013 and SEBI (LODR), 2015.

The Internal Audit Function is looked after internally by the finance and accounts department, and reviewed by the audit committee and the management at the regular intervals. The Internal Auditors Reports dealing with Internal Control Systems are considered by the Audit Committee and appropriate actions are taken, whichever necessary.

Development on Human Resource Front:

Our human resources are critical to our success and carrying forward our mission. With their sustained, determined and able work efforts we were able to cruise smoothly through the hard time of the economic volatility and rapidly changing market conditions.

The requirement of the markets given the economic scenario has made this even more challenging. Attracting newer talent with the drive, training and upgrading existing skill sets and getting all to move in a unified direction will definitely be task in the company.

Plans to execute the mandate on this count are already underway and we should see it impacting the results from the third quarter of the next financial year. By creating conducive environment for career growth, company is trying to achieve the maximum utilization of employee's skills in the most possible way.

There is need and the company is focused on retaining and bringing in talent keeping in mind the ambitious plans despite the market and industry scenario. The company also believes in recognizing and rewarding employees to boost their morale and enable to achieve their maximum potential. The need to have a change in the management style of the company is one of the key focus areas this year.

<u>Details of significant changes (i.e. change of 25% or more as compared to the immediately previous financial</u> year) in key financial ratios, along with detailed explanations therefore, including:

NIL

Industrial Relations:

Industrial Relations throughout the year continued to remain very cordial and satisfactory.

<u>Disclosure as per SEBI (LODR), Regulations, 2015 in Respect Demat Suspense Account/Unclaimed Suspense</u> Account

ANNEXURE-3

REPORT ON CORPORATE GOVERNANCE

ADDITIONAL INFORMATION TO BE PROVIDED AS PER SCHEDULE V OF SEBI (LODR) REGULATIONS, 2015

CORPORATE GOVERNANCE

In accordance with SEBI (LODR) Regulations, 2015 as entered with the Stock Exchange and some of the best practices followed internationally on Corporate Governance, the report containing the details of corporate governance systems and processes is as follows: At Dalmia Industrial Development Limited, Corporate Governance is all about maintaining a valuable relationship and trust with all stakeholders. We consider stakeholders are playing very important role in our success, and we remain committed to maximizing stakeholder value, be it shareholders, employees, suppliers, customers, investors, communities or policy makers. This approach to value creation emanates from our belief that sound governance system, based on relationship and trust, is integral to creating enduring value for all. We have a defined policy framework for ethical conduct of businesses. We believe that any business conduct can be ethical only when it rests on the nine core values of Honesty, Integrity, Respect, Fairness, Purposefulness, Trust, Responsibility, Citizenship and Courage. The corporate governance is an important tool for the protection of shareholder and maximization of their long term values. The objective of Corporate Governance is to achieve excellence in business thereby increasing stakeholders" worth in the long term which can be achieved keeping the interest of stakeholders" and comply with all rules, regulations and laws. The principal characteristics of Corporate Governance are Transparency, Independence, Accountability, Responsibility, Fairness, and Social Responsibility along with efficient performance and respecting interests of the stakeholders and the society as a whole.

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

The Company's philosophy on corporate governance is been founded on the fundamental ideologies of the group viz., Trust, Value and Service. Obeying the law, both in letter and in spirit, is the foundation on which the Company's ethical standards are built. On adopting corporate governance, the Company shall make a constant endeavor to achieve excellence in Corporate Governance on continuing basis by following the principles of transparency, accountability and integrity in functioning, so as to constantly striving to enhance value for all stakeholders and the society in general. As a good corporate citizen, the Company will maintain sound corporate practices based on conscience, openness, fairness, professionalism and accountability in building confidence of its various stakeholders in it thereby paving the way for its long term success. We are making continuous efforts to adopt the best practices in corporate governance and we believe that the practices we are putting into place for the company shall go beyond adherence to regulatory framework. The Company's corporate governance philosophy has been further strengthened by adopting a Code of Fair Practice in accordance with the guidelines issued by Reserve Bank of India from time to time.

APPLICABILITY

As per the SEBI (LODR), 2015 (i) companies with equity share capital of less than Rs 10 crores, (ii) companies having net worth not exceeding of Rs 25 crores, and (iii) companies listed on SME and SME-ITP platforms of the stock exchanges has to comply with the provision of SEBI (LODR) Regulation, 2015. Since the Paid Share Capital of the Company is below the Limit specified under the SEBI (LODR) Regulations, 2015, the provision / requirements of Corporate Governance as laid down under the SEBI (LODR) Regulations, 2015 is not applicable to the Company. However, the Company itself follow the standards of Corporate Governance, but the disclosures required to be done under Regulation 27 (2) of SEBI (LODR) Regulations, 2015 is not applicable to the Company.

Independent Auditors Report on the Quarterly and Year to Date Audited Standalone Financial Results of the Company pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015, as amended

To,
Board of Directors of
The DALMIA INDUSTRIAL DEVELOPMENT LIMITED

Report on the Audit of the Standalone Financial Results

Opinion

We have audited the accompanying standalone financial results of The **DALMIA INDUSTRIAL DEVELOPMENT LIMITED** (hereinafter referred to as the "the Company") for the quarter and year ended 31st March, 2023 attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI(Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ('Listing Regulations').

In our opinion and to the best of our information and according to the explanations given to us these standalone financial statements:

- are presented in accordance with the requirements of Regulation 33 of the Listing Regulations in this regard; and
- 2. give a true and fair view in conformity with the applicable accounting standards, and other accounting principles generally accepted in India, of net profit and other comprehensive income and other financial information of the Company for the quarter and year ended 31st March, 2023.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 ("Act"). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Results" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note to the standalone financial results, which describes the uncertainties and potential impact on the company's operations and results as assessed by the management. The actual results may differ from such estimates depending upon future developments. Our opinion is not modified in respect of this matter.

Board of Directors' Responsibilities for the Standalone Financial Results

These Standalone financial results have been prepared based on the standalone annual financial statements. The Company's Board of Directors are responsible for the preparation and presentation of these standalone

financial results that give a true and fair view of the net profit and other comprehensive income and other financial information of the company in accordance with the Indian Accounting Standards prescribed under Section 133 of the Act read with relevant rules issued there under and other accounting principles generally accepted in India and incompliance with Regulation 33of the Listing Regulations. The Board of Directors of the Company are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial results, the Board of Directors of the Company are responsible for assessing the ability of the Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors of the Company are also responsible for overseeing the financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the standalone financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with AS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial results, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence
 that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that
 are appropriate in the circumstances. Under Section 143(3)(i) of the Act. We are also responsible for
 expressing our opinion on whether the company has adequate internal financial controls with reference
 to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors use of the going concern basis of accounting
 and, based on the audit evidence obtained, whether a material uncertainty exists related to events or
 conditions that may cast significant doubt on the ability of the company to continue as a going concern.
 If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's

report to the related disclosures in the standalone financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the standalone financial results, including the
disclosures, and whether the standalone financial results represent the underlying transactions and
events in a manner that achieves fair presentation.

We communicate with those charged with governance of the Company, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33(8) of the Listing Regulations, as amended, to the extent applicable.

The standalone financial Results include the results for the quarter ended 31st March 2023 being the balancing figure between the audited figures in respect of the full financial year and the published unaudited year to date figures up to the third quarter of the current financial year which were subject to limited review by us.

6. Company Overview

Dalmia Industrial Development Limited ("the Company") is a Public Company domiciled in India and incorporated under the provisions of the Companies Act applicable in India. Its shares are listed on National Stock Exchange of India (NSE), Bombay Stock Exchange (BSE), Calcutta Stock Exchange (CSE) and Multi Commodity Exchange (MCX). The registered office of the Company is located at 9 India Exchange Place, 8th Floor, Kolkata - 700 001, West Bengal, India.

The Company is primarily engaged in wholesale trading of textile fibres, construction material and iron and steel parts.

2. Basis of Preparation of Financial Statements and Significant Accounting Policies

2.1 Basis of Preparation of financial statements and compliance with Indian Accounting Standards "Ind-AS"

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

For all periods up to and including the year ended March 31, 2017, the Company had prepared its Standalone financial statements in accordance with accounting standards notified under section 133 of the Companies Act 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended, to the extent applicable) [Previous GAAP].

These financial statements for the year ended March 31, 2017 are the first the Company has prepared in accordance with "Ind-AS". Further, in accordance with the Rules, the Company has restated its Balance Sheet as at April 1, 2016 and financial statements for the year ended and as at March 31, 2017 also as per Ind-AS. For preparation of opening balance sheet under Ind-AS as at April 1, 2016, the Company has availed exemptions and first time adoption of policies in accordance with Ind-AS 101 ""First-time Adoption of Indian Accounting Standards"", the details of which have been explained thereof in Note 26.

The financial statements have been prepared on a going concern basis under historical cost convention and on accrual method of accounting, except for certain financial assets/ liabilities measured at fair value as described in accounting policies regarding financial instruments. The financial statements are presented in INR (which is the Company's functional and presentation currency).

2.2 Current v/s Non Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current / non-current classification. An asset is classified as current when it is:

- a. expected to be realised or intended to be sold or consumed in the normal operating cycle,
- b. held primarily for the purpose of trading,
- c. expected to be realised within twelve months after the reporting period, or
- d. cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- a. it is expected to be settled in the normal operating cycle,
- b. it is held primarily for the purpose of trading,
- c. it is due to be settled within twelve months after the reporting period, or
- d. There is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

Notes to the standalone financial statements as at and for the year ended March 31, 2023

2.3 Summary of Significant Accounting Policies

a) Property, Plant and Equipment

Under Previous GAAP, all the items of property, plant and equipment were carried at historical cost less accumulated depreciation, impairment loss, if any. The Company has elected to regard those values as deemed cost as at April 1, 2016 being the date of transition to Ind AS.

All items of property, plant and equipment are stated either at historical cost i.e. cost of acquisition / construction or at deemed cost less accumulated depreciation, impairment loss, if any. Such cost includes the cost of acquisition, construction and improvement made, which are inclusive of freight, duty (net of Cenvat / Goods and service tax), taxes, incidental expenses and borrowing costs if the recognition criteria are met.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced component is de recognised when replaced. All other repairs and maintenance are charged to the statement of profit and loss during the reporting period in which they are incurred, if any.

Capital work in progress is stated at cost, net of accumulated impairment loss, if any.

Depreciation on property, plant and equipment is provided under the written down value method over the useful lives of assets as prescribed in Part C of Schedule II to the Companies Act 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

b) Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Reversal of impairment losses recognized in prior years is recorded when there is an indication that the impairment losses recognized for the assets no longer exist or have decreased.

c) Revenue Recognition

Revenue is measured at the fair value of the consideration received or receivable, net of returns, discounts, volume rebates, outgoing sales tax including goods and service tax and other indirect taxes excluding Excise Duty. The Company has concluded that it is the principle in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company regardless of when the payment is being made and specific criteria have been met for each of the Company's activities as described below.

Sale of Products

Revenue from the sales is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration

received or receivable, net of returns and allowances, trade discounts and volume rebates. Notes to the standalone financial statements as at and for the year ended March 31, 2023

d) Inventories

Inventories are valued at the lower of cost and net realisable value after providing for obsolescence, if any. Costs incurred in bringing each product to its present location and conditions are accounted for as follows:

- (i) Finished goods: These are valued at lower of cost and net realisable value. Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity.
- (ii) Scrap: Scrap is valued at Net Realisable Value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

e) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial recognition and measurement:

The Company recognizes a financial asset in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement:

For subsequent measurement, the Company classifies a financial asset in accordance with the below criteria:

- i. The Company's business model for managing the financial asset and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

- i. Financial assets measured at amortized cost
- ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)
- iii. Financial assets measured at fair value through profit or loss (FVTPL)

i. Financial assets measured at amortized cost:

A financial asset is measured at the amortized cost if both the following conditions are met:

- a) The Company's business model objective for managing the financial asset is to hold financial assets in order to collect contractual cash flows, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Company (Refer Note 38 for further details). Such financial assets are subsequently measured at amortized cost using the effective interest method. Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest income over the relevant period of the financial asset. The same is included under other income in the Statement of Profit and Loss.

The amortized cost of a financial asset is also adjusted for loss allowance, if any.

ii. Financial assets measured at FVTOCI:

A financial asset is measured at FVTOCI if both of the following conditions are met:

- a) The Company's business model objective for managing the financial asset is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes to the standalone financial statements as at and for the year ended March 31, 2023

On Derecognition of such financial assets, cumulative gain or loss previously recognized in OCI is not reclassified from the equity to Statement of Profit and Loss. However, the Company may transfer such cumulative gain or loss into retained earnings within equity.

iii. Financial assets measured at FVTPL:

A financial asset is measured at FVTPL unless it is measured at amortized cost or at FVTOCI as explained above.

This is a residual category applied to all other investments of the Company excluding investments in subsidiary companies (Refer Note 38 for further details). Such financial assets are subsequently measured at fair value at each reporting date. Fair value changes are recognized in the Statement of Profit and Loss.

Derecognition:

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized (i.e. removed from the Company's Balance Sheet) when any of the following occurs:

- i. The contractual rights to cash flows from the financial asset expires;
- ii. The Company transfers its contractual rights to receive cash flows of the financial asset and has substantially transferred all the risks and rewards of ownership of the financial asset;
- iii. The Company retains the contractual rights to receive cash flows but assumes a contractual obligation to pay the cash flows without material delay to one or more recipients under a 'pass-through' arrangement (thereby substantially transferring all the risks and rewards of ownership of the financial asset);
- iv. The Company neither transfers nor retains substantially all risk and rewards of ownership and does not retain control over the financial asset.

In cases where Company has neither transferred nor retained substantially all of the risks and rewards of the financial asset, but retains control of the financial asset, the Company continues to recognize such financial asset to the extent of its continuing involvement in the financial asset. In that case, the Company also recognizes an associated liability. The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On Derecognition of a financial asset [except as mentioned in (ii) above for financial assets measured at FVTOCI] difference between the carrying amount and the consideration received is recognized in the Statement of Profit and Loss.

Impairment of financial assets:

The Company applies expected credit losses (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables and lease receivables
- ii. Financial assets measured at amortized cost (other than trade receivables and lease receivables)
- iii. Financial assets measured at fair value through other comprehensive income (FVTOCI)

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets (listed as ii and iii above), the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has increased, an amount equal to lifetime ECL is measured and recognized as loss allowance. Subsequently, if the credit quality of the financial asset improves such that there is no longer an increase in credit risk since initial recognition, the Company reverses the impairment loss allowance.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all

the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

Notes to the standalone financial statements as at and for the year ended March 31, 2023

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward-looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'.

Financial Liabilities

Initial recognition and measurement:

The Company recognizes a financial liability in its Balance Sheet when it becomes party to the contractual provisions of the instrument. All financial liabilities are recognized initially at fair value minus, in the case of financial liabilities not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial liability.

Subsequent measurement:

All financial liabilities of the Company are subsequently measured at amortized cost using the effective interest method (Refer Note 38 for further details).

Under the effective interest method, the future cash payments are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial liability over the relevant period of the financial liability to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest expense over the relevant period of the financial liability. The same is included under finance cost in the Statement of Profit and Loss.

Derecognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference between the carrying amount of the financial liability derecognized and the consideration paid is recognized in the Statement of Profit and Loss.

f) Fair Value

The Company measures financial instruments at fair value in accordance with the accounting policies mentioned above. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

Investment in Subsidiary Companies

The Company has elected to recognize its investments in subsidiary companies at cost in accordance with the option available in Ind AS 27, 'Separate Financial Statements'. The details of such investments are given in Note 6. Impairment policy applicable on such investments is explained in the note above.

g) Income Taxes

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Notes to the standalone financial statements as at and for the year ended March 31, 2023

Current Income tax:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax:

Deferred income tax is provided, using the Balance sheet method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction that at the time of the transaction affects neither accounting profit/loss nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Current and deferred tax is recognised in statement of profit and loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, if any. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Presentation of current and deferred tax:

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

h) Provisions and Contingencies

The Company recognizes provisions when a present obligation (legal or constructive) as a result of a past event exists and it is probable that an outflow of resources embodying economic benefits will be required to settle such obligation and the amount of such obligation can be reliably estimated. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

i) Cash and Cash Equivalents

Cash and Cash equivalents for the purpose of Cash Flow Statement comprise cash and cheques in hand, bank balances and demand deposits with banks where the original maturity is three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Notes to the standalone financial statements as at and for the year ended March 31, 2023

j) Employee Benefits

Short Term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized as an expense at the undiscounted amount in the Statement of Profit & Loss of the year in which related service is rendered.

k) Events after Reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

I) Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders are divided with the weighted average number of shares outstanding during the year after adjustment for the effects of all dilutive potential equity shares.

3. Key Accounting Estimates & Judgements

The preparation of the Company's financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

a. Income taxes

Deferred tax assets are recognised for unused tax losses / MAT carry forward to the extent is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies including amount expected to be paid / recovered for uncertain tax positions (Refer Note 9). Property, Plantand Equipment and UsefulLife of PPE and Intangible Assets

b. Property, Plant and Equipment and Useful Life of PPE and Intangible Assets Property, Plant and Equipment represent a significant proportion of the asset base of the Company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of Company's assets are determined by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The life based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technical or commercial obsolescence arising from changes or improvements in production or from a change in market demand of the product or service output of the asset.

c. Fair value measurement of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on

quoted prices in active markets, their fair value is measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

The management assessed that the fair value of cash and cash equivalents, trade receivables, derivative instruments, trade payables and other current financial assets and liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

25 Financial Risk Management Objectives and

A Policies:

The Company's principal financial liabilities comprises trade and other payables and other financial liabilities. The main purpose of these financial liabilities is to finance and support the operations of the Company. The Company's principal financial assets include trade and other receivables, loans and cash and cash equivalents that derive directly from its operations.

The Company's business activities are exposed to a variety of risks including liquidity risk, credit risk and market risk. The Company seeks to minimize potential adverse effects of these risks on its financial performance and capital. Financial risk activities are identified, measured and managed in accordance with the Company's policies and risk objectives which are summarized below and are reviewed by the senior management.

(A) Credit risk

Credit risk refers to risk of financial loss to the Company if customers or counterparties fail to meet their contractual obligations. The Company is exposed to credit risk from its operating activities (mainly trade receivables).

(i) Credit risk

management

(a) Trade

Receivables

Customer credit risk is managed by the Company through its established policies and procedures which involve setting up credit limits based on credit profiling of individual customers, credit approvals for enhancement of limits and regular monitoring of important developments viz. payment history, change in credit rating, regulatory changes, industry outlook etc. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 7. Outstanding receivables are regularly monitored and an impairment analysis is performed at each reporting date on an individual basis for each major customer. On account of adoption of Ind AS 109, the Company uses expected credit loss model to assess the impairment loss or reversal thereof.

(B) Liquidity Risk

Liquidity risk implies that the Company may not be able to meet its obligations associated with its financial liabilities. The Company manages its liquidity risk on the basis of the business plan that ensures that the funds required for financing the business operations and meeting financial liabilities are available in a timely manner and in the currency required at optimal costs. The Management regularly monitors rolling forecasts of the Company's liquidity position to ensure it has sufficient cash on an ongoing basis to meet operational fund requirements.

(C) Market Risk

Market risk is the risk that the fair value of future cash flow of financial instruments may fluctuate because of changes in market conditions. Market risk broadly comprises three types of risks namely foreign currency risk, interest rate risk and price risk (for commodities). The above risks may affect the Company's income and expense and profit.

26	First-time	adoption	of	Ind	AS
	These are the Company	's first financial statements prepar	red in accordance with Ind A	AS. The accounting policies set	out in Note 2 have
	been applied in prepari	ing the financial statements for	the year ended March 31,	, 2022 and the comparative p	period information.

For all periods upto and including the year ended March 31, 2017, the Company prepared its financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in India and complied with the accounting standards as notified under Section 133 of the Companies Act, 2013 read together with Rule 7 of the Companies (Accounts) Rules, 2014, to the extent applicable, and the presentation requirements of the Companies Act, 2013 (Previous GAAP). The transition to Ind AS was carried out in accordance with Ind AS 101, with April 1, 2016 being the date of transition. This note explains the exemptions on the first-time adoption of Ind AS availed in accordance with Ind AS 101 and an explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows.

Exemptions availed and mandatory exceptions Ind AS 101 First-time Adoption of Indian Accounting Standards allows first-time adopters certain exemptions from retrospective application of certain requirements under Ind AS. Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

Ind AS optional exemptions

A. Deemed cost for property, plant and equipment and intangible assets

The Company has elected to continue with carrying value as recognised in its Indian GAAP Financial Statements of following items as deemed cost at the transition date, viz., April 1, 2016 in accordance with Ind-AS 101- First-time Adoption of Indian Accounting Standards. i) Property Plant and Equipment

B. Designation of previously recognised financial instruments

Ind AS 101 allows an entity to designate investments in equity instruments at FVOCI on the basis of the facts and circumstances at the date of transition to Ind AS.

C. Investments in subsidiaries

Ind AS 10	1 permits a f	first-time adopt	er to measure its	s investments	in subsidiaries	s at deemed cost	. The deeme	ed cost of such an inv	/estment
could					be				either
(a)	its	fair	value	at	the	date	of	transition;	or
(b) previou	is GAAP ca	rrying amount a	at that date.						

The option may be exercised individually and separately for each item of investment.

Accordingly, the Company has opted to measure its investments in subsidiaries at previous GAAP carrying amount as its deemed cost.

D) Other Comprehensive Income (net of tax)	-
E) Total Comprehensive Income	369,219.90

Footnotes to the reconciliation

Note 1

Dies, Spares and inventory

As per Ind AS 16, Property, plant and equipment (PPE) are tangible items that are held for use in the production or supply of goods or services and are expected to be used during more than one accounting period.

Note 2

Deferred Tax

In the financial statements prepared under Previous GAAP, deferred tax was accounted as per the income statement approach which required creation of deferred tax asset/liability on temporary differences between taxable profit and accounting profit. Under Ind AS, deferred tax is accounted as per the Balance

Sheet approach which requires creation of deferred tax asset/liability on temporary differences between the carrying amount of an asset/liability in the Balance Sheet and its corresponding tax base. The application of Ind AS has resulted in recognition of deferred tax on new temporary differences which were not required to be recognised under Previous GAAP.

Note 3

Revenue

Under previous GAAP, revenue is measured at transaction value. Under Ind AS revenue is recognized at fair value of consideration received or receivable which require adjustment of all discounts and rebates as netted from revenue. Accordingly, discounts earlier grouped under other expenses is netted off with revenue.

29. Standards issued but not effective

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective.

The Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2017 and Companies (Indian Accounting Standards) Amendment Rules, 2018 amending the following standards:

Ind AS 115 Revenue from Contracts with Customers

This clause is not applicable to the company.

Amendments to Ind AS 12 Recognition of Deferred Tax Assets for Unrealised Losses

The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

These amendments are effective for annual periods beginning on or after 1 April 2018. These amendments are not expected to have any impact on the Company as the Company has no deductible temporary differences or assets that are in the scope of the amendments.

Amendments to Ind AS 112 Disclosure of Interests in Other Entities, Ind AS 40 Investment Property and Ind AS 28 Investments in Associates and Joint Ventures are not applicable to the Company.
