MANAGEMENT DISCUSSION AND ANALYSIS

ANNEXURE - 1

I. INDUSTRY STRUCTURE AND DEVELOPMENTS

The Management has learnt that the Indian Renewable Energy Sector is the fourth most attractive renewable energy market in the world as per the Renewable Energy Attractiveness Index 2018. The installed renewable power generation capacity has increased at a fast pace over the past few years, posting a CAGR of 19.78 per cent between FY 14-18. Power generation from renewable energy sources in India reached 101.84 billion units in FY 2018 and 116.79 billion units during April 2018 - February 2019. As of October 2018, India ranked 5th in installed renewable energy capacity. India ranked second among the emerging economies to lead to transition to clean energy in 2018.

As of April 2019, total renewable power installed capacity (excluding large hydro) in the country stood at 79.03 GW. Overall, India added 8.62 GW of grid interactive renewable energy capacity in FY19.

Solar capacity has increased by eight times between FY 2014-18. India added record 11,788 MW of renewable energy capacity in 2017-18.

As on date Our Company has installed Windmill with a capacity of 7.6 MW and 2MW in Solar.

II. OPPORTUNITIES AND THREATS

We can see that Renewable Energy is fast gaining focus for its potential to meet India's growing energy needs. The ambitious target for renewable energy by the Government to achieve 175 GW by 2022, with further plans to expand the capacity and energy generation has spurred the market to drive for renewable in all the available sources. The introduction of enabling policies and implementation plans for wind and solar, both at the national level and across various states, is a welcome development for the developers and socialists who see that as radical change in reducing the pollution.

Wind energy has immense potential in India and can be a significant clean energy source. The Government's initial policies and constant changes had already made India as the fifth-largest wind energy producer in the world with an installed capacity of 29 GW. Yet, there is tremendous opportunity for improvement, particularly in the light of India's target to achieve 60 GW of wind capacity by 2022.

The Government of India has also set a target of increasing the national solar generation capacity to 100 GW by 2022. There is immense opportunity to harness solar energy given the country's abundant solar potential and availability of solar source throughout the year.

India is on the path to greatly expanding its renewable energy capacity. As renewable energy sector grows, more cost-competitive and increasingly contribute power to electric grids, the challenges of integrating variable generation like wind and solar are becoming more prominent. Strengthening grid integration strategies and grid operations will help to manage these challenges.

Your Company is constantly evaluating the possible measures to harness the potential opportunities and identified many other good businesses like Agricultural products, Jewellery retailing and manufacturing. The management will take all necessary action to increase the profitability of the Company by adopting the best strategies.

The Renewable Energy Sector has in the recent past saw a setback in the state of Andhra Pradesh with the State Government has ordered through the Discoms directing developers, who entered into Power Purchase Agreements ("PPAs") with them to revise the power tariff. This has triggered a panic amongst the developers who has invested money on the basis of those PPAs. The Wind Power Association, the Ministry for New and Renewable Energy has advised the State Government to consider revising the plan of reducing the tariff or cancelling the PPAs. The matter has reached the High Court and the developers are expecting an order in their favor.

Demand for electricity is seeing a steady growth with a pick-up in the economy, especially manufacturing activity, as well as favorable government policy. The government has implemented various progressive measures to maximize power generation capacity and improve distribution.

India's rapid growth over the past decade has increased power demand, which is still largely unmet. With the robust outlook of the sector, it is expected that India will see foreign participation in the development and financing of generation and transmission assets, engineering services, equipment supply and technology partnership in nuclear and clean coal technologies going forward.

V. RISKS AND CONCERNS

INDEPENDENT AUDITOR'S REPORT

To the Members of KKV Agro Powers Limited (Formerly known as Nachas Wind Energy Private Limited)

Report on the Audit of Financial Statements

Opinion

We have audited the accompanying financial statements of KKV Agro Powers Limited ("the Company") which comprises the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss and the Cash Flow Statement for the year ended on that date, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, (hereinafter referred to as "the Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013, ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including the Accounting Standards prescribed under section 133 of the Act read with Rule 7 of the Companies (Accounting) Rules, 2014, of the state of affairs of the Company as at March 31, 2019, and its profit and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, for example, Board's Report including Annexures to Board's Report, but does not include the financial statements and our auditor's report thereon. The other information is expected to be made available to us after the date of our audit report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information, as stated above, which is expected to be received after the date of our audit report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take necessary actions, as applicable under applicable laws and regulations.

Responsibility of Management for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other matter

The comparative figures and financial information of the company for the year ended 31st March 2018 included in these financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounts) Rules, 2014 audited by the predecessor auditor whose report for the year ended 31st March 2018 dated 25th May 2018 expressed an unmodified opinion.

Our Opinion is not modified in respect of this matter.

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the Internal Financial Controls over Financial Reporting of KKV Agro Powers Limited (Formerly known as Nachas Wind Energy Private Limited) ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (" the Act ")

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanation given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.
