Dear Sir / Madam,

**Sub: Annual General Meeting, Record Date, Date of Book Closure & Remote E-Voting**

This is to inform you that the 30<sup>th</sup> Annual General Meeting (“AGM”) of the Company is scheduled to be held on Friday, 23<sup>rd</sup> September, 2022 at 3.30 p.m. through Video Conferencing (“VC”)/Other Audio Visual Means (“OAVM”).

Pursuant to the relevant provisions of the Companies Act, 2013 and SEBI (Listing Obligations and Disclosure Requirements), Regulations, 2015 (Listing Regulations), the Register of Members and Transfer Books of the Company will remain closed from Saturday, 17<sup>th</sup> September, 2022 to Friday, 23<sup>rd</sup> September, 2022 (both days inclusive), for the purpose of AGM. Further, the Dividend on Equity Shares, if declared at the AGM, will be paid to those Members, holding shares in physical or in dematerialization form, as on record date i.e. Friday, 16<sup>th</sup> September, 2022.

We wish to further inform you that in compliance with the provisions of Section 108 of the Companies Act, 2013, Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time and Regulation 44 of the Listing Regulations, the Company is pleased to provide members facility to cast their votes on all resolutions set forth in the Notice of the AGM using electronic voting system provided by Central Depository Services Limited (CDSL). Detailed procedure for remote e-voting at AGM is provided in the Notice of the AGM. The remote e-voting period will commence from Tuesday, 20<sup>th</sup> September, 2022 at 9.00 a.m. and ends on Thursday, 22<sup>nd</sup> September, 2022 at 5.00 p.m. The remote e-voting module shall be disabled by CDSL for voting thereafter. The voting rights of Members shall be in proportion to the equity shares held by them in the paid-up equity share capital of the Company as on Friday, 16<sup>th</sup> September, 2022 (cut-off date).

The copy of Annual Report for the financial year 2021-22 is enclosed herewith.

This disclosure is resubmitted after affixing Digital Signature Certificate as per the guidance note issued by BSE Limited. Please take the same on record.

Thanking you,

Yours faithfully,

**21) Voting through electronic means:**

- I. In compliance with provisions of section 108 of the Act, read with Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time and the provisions of Regulation 44 of Listing Regulations, the Company is pleased to provide to its Members, facility to exercise their right to vote on resolutions proposed to be considered at the ensuing AGM by electronic means and the business may be transacted through e-voting services.
- II. The remote e-voting will be provided by CDSL which will commence from Tuesday, 20th September, 2022 and end on Thursday, 22nd September, 2022. During this period, Members of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of Friday, 16th September, 2022 may cast their vote by remote e-voting. The remote e-voting module shall be disabled by CDSL for voting thereafter. The Members who have cast their vote by remote e-voting prior to the AGM may also participate the AGM through VC/OAVM but shall not be entitled to cast their vote again. The facility for voting during the AGM will also be made available. Members present in the AGM through VC/OAVM and who have not cast their vote on the resolutions

---

through remote e-voting and are otherwise not barred from doing so, shall be eligible to vote through the e-voting system during the AGM. Once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently.

III. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to at least 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Relationship Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.

### THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

(i) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting.

(ii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

**Step 1** Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iii) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to abovesaid SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode CDSL/NSDL is given below:

| Type of shareholders  | Login Method  |
|---|---|
| Individual Shareholders holding securities in Demat mode with CDSL  | <ol style="list-style-type: none"><li>1) Users who have opted for CDSL Easi / Easiest facility, can login through their existing user id and password. ## EXPLANATORY STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE ACT IS GIVEN BELOW:

### Item No. 4

M/s. R. A. Maru&Associates, Chartered Accountants (Firm registration No. 141917W), were appointed as the Auditors of the Company at the 25th Annual General Meeting (AGM) of the Company held on 22nd September, 2017 for a term of five years to hold office till the conclusion of 30th AGM. Accordingly, the present term of M/s R. A. Maru & Associates expires on conclusion of the ensuing Annual General Meeting.

The Board of Directors, has based on the recommendation of the Audit Committee at its meeting held on 26th May, 2022, considering the experience, expertise and independence of M/s R. A. Kuvadia & Co., proposed the appointment of M/s. R. A. Kuvadia & Co., (Firm Registration No. 105487W) as the Statutory Auditors of the Company for a period of 5 years, to hold office from the conclusion of this AGM till the conclusion of the 35th AGM at a remuneration of Rs. 2,10,000 P.A which the Board of Directors may revise from time to time. There is no material change in the fee payable to M/s R A Kuvadia & Co. from that paid to M/s R.A. Maru & Associates.

The brief profile of the statutory auditor i.e M/s. R. A. Kuvadia & Co. is as under:

M/s R. A. Kuvadia & Co is a firm of Chartered Accountants established in 1987. The firm has long standing experience in various areas of practice.

The firm also provides wide range of services Viz. Internal Control System, Internal Audit, Statutory Audit, Tax Audit and Financial & Management Consultation to corporates.

M/s. R. A. Kuvadia&Co., Chartered Accountants, have consented to the said appointment as Statutory Auditors and have confirmed that if appointed, their appointment will be in accordance with section 139 read with section 141 of the Act. They have also confirmed that as required under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), they hold a valid certificate issued by the Peer Review Board of the Institute of Chartered Accountants of India.

The Board of Directors recommends the Ordinary Resolution as set out at Item No. 4 for approval of the Members.

None of the Directors and Key Managerial Personnel of the Company or their relatives are concerned or interested financially or otherwise, in the proposed resolution.

### Item no. 5

Pursuant to the provisions of Section 188 of the Companies Act, 2013 ("the Act"), read with the Companies (Meetings of Board and its Powers) Rules, 2014 ('Rules'), the Company is required to obtain consent of the Board of Directors and approval of the members by way of resolution, in case certain transactions with related parties exceeds such sum as is specified in the said Rules.

Further, pursuant to Regulation 23 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations), as amended from time to time, approval of the members through a resolution is required for all material related party transactions, even if they are in the ordinary course of business and on arm's length basis. For this purpose, a transaction is considered material, if the transaction/transactions to be entered into individually or taken together with previous transactions during a financial year exceeds Rs. 1,000 Crore or 10% of the annual consolidated turnover of the Company, as per the last audited financial statements of the Company, whichever is lower.

All the Related Party Transactions to be entered into by the Company are on arm's length basis and in the ordinary course of business and approval including omnibus approval of the Audit Committee/ Board, wherever required, is obtained.

Considering the present business opportunities, your Company expects growth in business volumes with certain related parties which may exceed the materiality threshold as prescribed under Regulation 23 of the Listing Regulations. Thus, these transactions would require the approval of the Members by way of Resolution.

All the entities mentioned in the below table are 'Related Party' as per definition under the Act and other applicable Regulations. Accordingly, the Audit Committee and Board recommended to seek the approval of the Members to approve all existing

## MANAGEMENT DISCUSSION AND ANALYSIS

### ***Cautionary Statement***

*Statements made under this section describing the Company's projections, estimates and expectations may be "forward-looking statements" within the meaning of applicable securities laws and regulations. Important factors that could make a difference to the Company operations include, among others, economic conditions affecting demand/supply and price conditions in the domestic and overseas markets in which the Company operates, changes in government regulations, tax laws and other statutes and incidental factors. The information provided in Economy Outlook and Industry Scenario Outlook section is based on our internal study, which is not prejudice.*

*Although the expectations are based on reasonable assumptions, the actual results might differ.*

### **Economy Outlook**

New mutations of the coronavirus caused fresh outbreaks in 2021, leading to mobility disruptions. A slowdown in industry operations, port lockdowns, shortage in shipping containers, unfavorable weather conditions, and backlogs affected global trade. Together, these factors hindered global recovery and created a supply-demand mismatch. Rising inflation, driven by supply side constraints, labour market factors and high commodity prices, created a challenge for governments and industries across countries. The geopolitical tension between Ukraine and Russia has set back global recovery. Commodity prices reached all time high and are likely to remain uncertain in the short term. Supply chain disruptions intensified further due to the ongoing war. According to IMF, global growth is expected to slow significantly in 2022 to 3.6% from the earlier projections of 4.4%.

Unlike in other economies, India's supply side reforms in response to the pandemic not only kept inflation under control but also facilitated long-term growth prospects. Compared to a contraction of 6.6% in FY2021, the Indian economy is expected to grow by 8.9% in FY2022, as per the Second Advance Estimates of National Income of the National Statistical Office (NSO) of India.

### **Industry Scenario Outlook**

Although the Indian economy made a smart comeback in FY2022, it is likely to face some headwinds in FY2023 due to geopolitical tensions, high commodity prices, supply chain bottlenecks, threat of surging COVID-19 cases and global slowdown. The current war between Ukraine and Russia and the consequent surge in crude oil and other commodity prices have triggered a round of downward revisions in India's real GDP growth projections by various agencies. The RBI in April 2022, revised down its GDP growth projection for FY2023 to 7.2% from its earlier projection of 7.8%.

During the second wave of pandemic in this financial year, companies in India and around the world continue to reel from previously unimaginable restrictions on global business. The IT projects were stopped, staff and workers were furloughed or laid off, and governments were forced to announce enormous rescue packages for various industries and individuals impacted by the restrictions. As a result, we are noticing a reluctance to pursue IT projects or deals as companies are taking stock of the situation and cautiously waiting to see what would unfold. Most projects which had not yet started are shelved, either temporarily or permanently, while corporate priorities are being reassessed and liquidity is prioritized in the uncertain environment. Luckily, most

companies chose to continue ongoing projects to avoid additional costs, but with almost everything managed remotely.

Mining is an essential industry that will provide key materials needed for the country's infrastructure development. Mining is one of the core sectors and growth driver of Indian economy. Demand from the major sectors such as infrastructure, construction, renewables and automobile, Oil refinery, etc. is expected to be strong. Your Company focuses on businesses like trading of minerals, mineral based pharmaceutical intermediates and information technology services through its subsidiaries.

### **Segment-wise Performance**

Segment wise Performance of the Company is provided above and included in the performance of subsidiaries of the Company.

### **Opportunities, Threats, Risks and Concerns**

Aeon Procare Private Limited is continuously working on development of new products for pharma, food and cosmetic application which presents a good opportunity for growth. Further, products of the Company are natural products obtained from different mines, heavy metals are naturally present in different quantity, tightening regulations around heavy metals limit per ppm poses a challenge for qualification and approval in few regulated countries. However, to tackle this challenge the Company have sourcing team is always on the lookout for raw material sources from which we get desirable quality material.

SAP and AWS Managed Services business will continue to grow in coming years post pandemic as SAP has launched a new ERP product S/4 HANA and all the customers must migrate their old ECC products by the end of 2025. Moreover, more than 80% of the world business runs on ERP and cloud applications like SAP and AWS which presents a scalable market for AMS services. With the significant increase in remote working, companies realized that cloud-based services are far more scalable and affordable than their on-premises counterparts. It would be surprising not to find an increase in investment in cloud-based services and storage, which would in turn increase the pressure to remove costly on-premise data centers in favor of a cloud-only approach. This will translate into the need for data management products that embrace cloud storage and make the critical data of SAP on AWS environment and various other cloud-based platforms. IT Service business of the subsidiary viz. Aeonx Digital Solutions Pvt. Ltd. are highly experienced at moving infrastructure to the cloud in the most seamless and transparent way possible.

The Company is looking out to augment its Mineral Trading activity but volatile market scenario and war like situation, has affected the supply chain. Nevertheless, the Company will continue to pursue Mineral trading opportunities which is within the spear of its competencies.

### **Financial Performance**

## Independent Auditor's Report

### INDEPENDENT AUDITOR'S REPORT

To  
**The Members of**  
**ASHOK ALCO-CHEM LIMITED**

### Report on Audit of the Standalone Financial Statements

#### Opinion

We have audited the accompanying standalone financial statements of **ASHOK ALCO-CHEM LIMITED** ("the Company"), which comprise the Balance Sheet as at 31st March, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2022, the loss and total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to be communicated in our report.

#### Other Information

The company's management and Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Company's Annual Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information, and in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material

misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

#### Responsibility of Management and Those Charged with Governance for the Standalone Financial Statements

The company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objective is to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances under section 143 (3) (i) of the Act. We are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained,

# ASHOK ALCO-CHEM LIMITED

whether a material uncertainty exists related to events or conditions that may cast significant doubt on the company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have compiled with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that are of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when in extremely rare circumstances we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the order") issued by the Central Government of India in terms of Section 143 (11) of the Act, we give in "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3), we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the company so far as it appears from our examination of those books.
  - c) The standalone Balance Sheet, the statement of Profit and Loss including Other Comprehensive Income, the standalone statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of accounts.
  - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
  - e) On the basis of the written representations received from the directors as on 31st March, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2022 from being appointed as a director in terms of section 164 (2) of the Act.

of the Act.

- f) With respect to the adequacy of the internal financial controls over financial reporting of the company and the operating effectiveness of such controls, refer to our separate report in "Annexure B".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us:
  - i) The company has disclosed the impact of pending litigations on its financial position in its standalone financial statements (Refer Note 27 to the Standalone Financial Statements).
  - ii) The company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
  - iii) There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Funds of the Company.
- iv) a) The Management has represented that, to the best of its knowledge and belief (Refer Note 36 (h) to the Standalone Financial Statements), no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- b) The Management has represented that, to the best of its knowledge and belief (Refer Note 36 (i) to the Standalone Financial Statements), no funds have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding Parties or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- c) Based on the audit procedures performed that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) of Rule 11(e) mentioned above contain any material mis-statement.
- v) The dividend declared and paid during the year by the Company is in compliance with Section 123 of the Act.

- h) In our opinion and according to the information and explanations given to us, the company has not paid any remuneration to its directors during the current year and hence compliance with the provisions of Section 197 of the Act is not applicable. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

**“Annexure – B” to the Auditors' Report****Report on the Internal Financial Controls under Clause (i) of Sub-section 3  
of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **ASHOK ALCO-CHEM LIMITED** (“the Company”) as of 31<sup>st</sup> March 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also,

---

projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

**2.1 Property, Plant and Equipment (PPE)**

- PPE is recognised when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. PPE (other than Freehold land and Capital Work-in-progress) are stated at cost less accumulated depreciation and impairment losses, if any. The initial cost of an asset comprises its purchase price, non-refundable purchase taxes and any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any. Cost includes qualifying assets, borrowing costs capitalised in accordance with the company's accounting policy.
- If significant parts of an item of PPE have different useful lives, then those are accounted as separate items (major components) of PPE.
- Material items such as spare parts, stand-by equipment and service equipment are classified as and when they meet the definition of PPE, as specified in Ind AS 16 on "Property, Plant and Equipment".
- The carrying amount of an item of PPE is derecognised upon disposal or when no future economic benefit is expected to arise from its continued use. Any gain or loss arising on the derecognition of an item of PPE is determined as the difference between the net disposal proceeds and the carrying amount of the item and is recognised in Statement of Profit and Loss.

**Capital Work-in-Progress**

Property, Plant and Equipment which are not ready for intended use on the date of balance sheet are disclosed as capital work-in-progress. It is carried at cost, such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets will be provided on the same basis as other property assets are ready for their intended use.

**2.2 Depreciation**

The Company depreciates Property, Plant and Equipment on Straight Line Method except for Computers, Vehicle & Office where depreciation is provided on Written Down Value Method over the estimated useful life prescribed in Schedule II to the Companies Act, 2013 from the dates the assets are ready for intended use after considering residual value.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

**2.3 Intangible Assets and Amortisation**

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised at 25% for 4 years on a straight line basis.

The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

**2.4 Impairment of Non-Financial Assets**

At the end of each reporting period, the Company reviews the carrying amounts of its tangible and intangible assets to

determine whether there is any indication that those assets may have been impaired. If any such indication exists, the recoverable amount, which is the higher of its value in use or its fair value less costs of disposal of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

An impairment loss is recognised immediately in the Statement of Profit and Loss. When impairment subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but upto the amount that would have been determined, had no impairment loss been recognized for that asset or cash generating unit. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

## 2.5 Inventories

- Inventories are valued at lower of cost and net realizable value.
- Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.
- Cost of raw materials, packing materials, including materials in transit, work in process and finished goods are arrived at on the First in first out method of valuation, net of Input Tax Credit under Goods & Service Tax Act, including manufacturing overheads wherever applicable.
- Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

## 2.6 Statement of Cash Flows

Cash flows are reported using the indirect method, whereby net profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents include cash on hand, cash at banks, other short-term deposits and highly liquid investments with original maturity of three months or less that are readily convertible into cash and which are subject to an insignificant risk of changes in value, as reduced by bank overdrafts.

## 2.7 Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

## 2.8 Provisions, Contingent Liabilities and Contingent Assets

Provision is recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provision is not recognised for future operating losses.

Provision is measured at the present value of management's best estimate of the expenditure required to settle the present

obligation at the end of the reporting period. If the effect of the time value of money is material, the amount of provision is discounted using an appropriate pre-tax rate that reflects current market assessments of the time value of money and, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A Contingent liability is disclosed in case of a present obligation arising from past events, when it is either not probable that an outflow of resources will be required to settle the obligation, or a reliable estimate of the amount cannot be made. A Contingent Liability is also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent Assets are not recognised but where an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

## **2.9 Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits of a transaction will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

### **Sale of Goods**

Revenue from sale of goods is recognised upon transfer of significant risks and rewards of ownership of the goods to the customer, while neither continuing managerial involvement nor effective control over the goods sold is retained. Sales include excise duty but exclude Goods and Service Tax (GST). It is measured at fair value of consideration received or receivable, net of returns, rebates and discounts.

### **Rental Income**

Rental Income is accounted as and when accrues.

### **Interest Income**

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a timely basis, by reference to the principal outstanding and at the effective interest rate applicable. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

### **Dividends**

Dividend Income is accounted for when Company's right to receive income is established.

## **2.10 Leases**

At the inception of an arrangement, it is determined whether the arrangement is or contains a lease and based on the substance of the lease arrangement, it is classified as a finance lease or an operating lease.

### **Finance Leases:**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership to the lessee.

Assets under finance leases are capitalised at the commencement of lease at the fair value of the leased property or, if lower, the present value of the minimum lease payments and a liability is created for an equivalent amount. Minimum lease payments are apportioned between finance

---

charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.

**Operating Leases:**

Lease agreements where risk and rewards incidental to ownership of an assets, substantially vests with the Lessor, are classified as operating lease.

**2.11 Employee Benefits**

**(i) Short term employee benefits**

Employee benefits such as salaries, wages, short term compensated absences, expected cost of bonus and ex-gratia falling due wholly within twelve months of rendering the service are classified as short-term employee benefits and are recognised as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.

**(ii) Long-term benefits:**

**• Defined Contribution Plan:**

**Provident and Family Pension Fund:**

The eligible employees of the Company are entitled to receive post-employment benefits in respect of provident and family pension fund, in which both employees and the Company make monthly contributions at a specified percentage of the employee's eligible salary (currently 12%). The contributions are made to AACL Trust -Provident Fund Trust. Provident Fund classified as Defined Contributions Plans as the Company has no further obligation beyond making the contribution. The Company's contribution is charged to the statement of profit and loss as incurred.

**• Defined Benefit Plan:**

**Gratuity:**

The Company has an obligation towards gratuity, a defined benefits retirement plan covering eligible employees. The plan provides a lump sum payment to vested employees at retirement or death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. The Company makes contribution to AACL Gratuity Fund Trust based thereon.

Remeasurement, comprising actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability or asset) is reflected immediately in the Balance Sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or Loss. Past service cost is recognised immediately for both vested and the non-vested portion. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation, as reduced by the fair value of scheme assets. Any asset resulting from this calculation is limited taking into account the present value of available refunds and reductions in future contributions to the schemes.

**Compensated Absences:**

The Company provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The liability is recognized based on number of days of unutilized leave at each balance sheet date on the basis of an independent actuarial valuation. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the statement of profit and loss in the period in which they arise.

**2.12 Taxes on Income**

Income tax expense represents the sum of the tax currently payable and deferred tax.

**Current Tax**

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

**Deferred Tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when deferred income tax assets and liabilities relate to the income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

**Current and Deferred Tax for the year**

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

**2.13 Earnings Per Share**

The basic earnings per share are computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting period. Diluted earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

**2.14 Foreign Currency Transactions**

Transactions in foreign currencies are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date.

Non-monetary items that are measured at historical cost denominated in a foreign currency are translated using the exchange rate as at the date of initial transaction. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

## 2.15 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

### **Initial Recognition:**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value through Profit or Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in the Statement of Profit and Loss.

### **Classification and Subsequent Measurement: Financial Assets**

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- the entity's business model for managing the financial assets; and
- the contractual cash flow characteristics of the financial assets.

#### **Amortised Cost:**

A financial asset shall be classified and measured at amortised cost, if both of the following conditions are met:

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **Fair Value through Other Comprehensive Income:**

A financial asset shall be classified and measured at FVOCI, if both of the following conditions are met:

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **Fair Value through Profit or Loss:**

A financial asset shall be classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

### **Classification and Subsequent Measurement: Financial liabilities:**

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

#### **Financial Liabilities at FVTPL:**

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

#### **Other Financial Liabilities:**

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

**Impairment of Financial Assets:**

The impairment provision for Financial Assets is based on assumptions about risk of default and expected cash loss rates. The company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Credit Policy approved by the Company for bad debts considering past history of bad debts, instead of recognising allowance for expected credit loss based on provision matrix, which uses an estimated default rate, the Company makes provision for doubtful debts based on specific by Board. The Company will reassess the model periodically and make the necessary adjustments for loss allowance.

**Derecognition of Financial Assets:**

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expires, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Company retains an option to repurchase part of a transferred asset), the Company allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

**Financial Liabilities and Equity Instruments:**

- Classification as debt or equity:

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

- Equity instruments:

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

---

Equity instruments issued by a Company are recognised at the proceeds received.

**Derecognition of Financial Liabilities:**

The Company derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired. The Company also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different.

**Offsetting:**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

**Derivative Financial Instruments:**

The Company enters mainly into foreign exchange forward contracts to mitigate the foreign currency exposure risk.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Statement of Profit and Loss depends on the nature of the hedge relationship.

**2.16 Research and Development:**

Revenue expenditure on Research and Development is charged to Statement of Profit and Loss in the year in which it is incurred. Capital expenditure on Research and Development is considered as an addition to Property, Plant and Equipment/ Intangible Assets.

**2.17 Critical Accounting Judgments and Key Sources of Estimation Uncertainty**

The preparation of the financial statements requires the management to make judgements, estimates and assumptions in the application of accounting policies and that have the most significant effect on reported amounts of assets, liabilities, incomes and expenses, and accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

**Key estimates, assumptions and judgements**

The key assumptions concerning the future and other major sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

**Income taxes**

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions as also to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits. Also, Refer Note 34.

**Property, Plant and Equipment/Intangible Assets**

Property, Plant and Equipment/ Other Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Company's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The depreciation/amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortised/depreciable amount

is charged over the remaining useful life of the assets.

#### **Employee Benefit Plans**

The cost of the defined benefit gratuity plan and other-post employment benefits and the present value of gratuity obligations and compensated absences are determined based on actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

#### **Impairment of Financial Assets**

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculations, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Company reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

#### **Recoverability of Trade Receivables**

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

#### **Fair Value measurements of Financial Instruments**

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets (Net Assets Value in case of units of Mutual Funds), their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

#### **Impairment of Assets**

The Company has used certain judgements and estimates to work out future projections and discount rates to compute value in use of cash generating unit and to access impairment. In case of certain assets independent external valuation has been carried out to compute recoverable values of these assets.

#### **Provisions & Contingent liabilities**

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgment to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

#### **2.18 Disclosure pursuant to Ind-AS 27 “Separate Financial Statements”**

Investment in subsidiary company is accounted at cost.

### **iii. Forward foreign exchange contracts/ Options/Derivatives**

It is the policy of the Company to enter into forward foreign exchange contracts/Options to cover foreign currency payments in USD. The Company enters into contracts with terms upto 90 days. The Company's philosophy does not permit any speculative calls on the currency. It is driven by conservatism which guides that company follow conventional wisdom by use of Forward contracts in respect of Trade transactions.

The Company will alter its hedge strategy in relation to the prevailing regulatory framework and guidelines that may be issued by RBI, FEDAI or ISDA or other regulatory bodies from time to time. Based on the outstanding details of import payable and exports receivable (on event basis) the net trade exposure is arrived at (i.e. Imports - Exports = Net trade exposures).

Forward cover or options covers is obtained from Banks or Merchant House for each of the aggregated exposures and the Trade deal is booked. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity are by actual delivery of the hedged currency for settling the underline hedged trade transaction.

### **b. Credit Risk**

Credit risk is the risk that counter party will not meet its obligation leading to a financial loss. The Company is exposed to credit risk arising from its operating activities primarily from trade receivables, financing activities and relating to parking of surplus funds as Deposits with Banks. The Company considers probability of default upon initial recognition of assets and where there has been a significant increase in credit risk and on an ongoing basis throughout the reporting period..

The carrying amount of Financial Assets represents the maximum credit exposure:

#### **Financial Instruments and Cash Deposit:**

Credit risk from balances with Banks and Financial Institutions is managed by the Company's finance department. Investments of surplus funds are made only with approved counter parties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and thereby mitigate financial loss through counterparty's potential failure to make payments.

#### **Trade Receivables**

The Marketing department has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, and in some cases bank references. Sale limits are established for each customer and reviewed periodically. Trade Receivables of the Company are typically unsecured, except export receivable which is covered through ECGC and to the extent of the security deposits/advances received from the customers or financial guarantees provided by the market organizers in the business. Credit risk is managed through credit approvals and periodic monitoring of the credit worthiness of customers to whom credit terms in the normal course of business are provided. The allowance for impairment of Trade receivables is created to the extent and as and when required, based on the actual collectability of accounts Receivables. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and operate in largely independent markets.

The Company measures the expected credit loss of trade receivables and loans from customers based on historical trend, industry practises and the business environment in which the entity operates. Loss rates are based on actual credit loss exposure and past trends.

### **c. Liquidity Risk**

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The company maintains a cautious liquidity strategy, with a positive cash balance throughout the year. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows. Cash flow from operating activities provides the funds to service and finance the financial liabilities on a day-to-day basis.

## B. Defined Benefit Plans

### a. Gratuity

The Company operates a gratuity plan covering qualifying employees. Under the gratuity plan, the eligible employees are entitled to post retirement benefit at the rate of 15 days salary for each year of service until the retirement age of 58, subject to a payment ceiling of ₹ 20 lakhs. The benefit vests upon completion of five years of continuous service as per "The Payment of Gratuity Act" and once vested it is payable to the employee on retirement or on termination of employment. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

#### Gratuity is defined benefit plan and Company is exposed to following Risks:

**Investment risk** - The funds are invested by LIC and they provide returns basis the prevalent bond yields, LIC on an annual basis requests for contributions to the fund, while the contribution requested may not be on the same interest rate as the bond yields provided, basis the past experience it is low risk.

**Interest Risk** – LIC does not provide market value of assets, rather maintains a running statement with interest rates declared annually – The fall in interest rate is not therefore offset by increase in value of Bonds, hence may pose a risk.

**Mortality Risk** - Since the benefits under the plan is not payable for the life time and payable till retirement age only, plan does not have any longevity risk.

**Salary risk** - The liability is calculated taking into account the salary increases, basis past experience of the Company's actual salary increases with the assumptions used, they are in line, hence this risk is low risk.

#### Note on Sensitivity Analysis

- Sensitivity analysis for each significant actuarial assumptions of the Company which are discount rate and salary assumptions as of the end of the reporting period, showing how the defined benefit obligation would have been affected by changes is called out in the table above.
- In presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.
- There is no change in the method from the previous period and the points /percentage by which the assumptions are stressed are same to that in the previous year.

#### b. Privilege Leave Encashment (Unfunded)

Under the compensated absences plan, leave encashment is payable to all eligible employees on separation from the Company due to death, retirement, superannuation or resignation at the rate of last drawn daily salary, as per current accumulation of leave days.

## ASHOK ALCO-CHEM LIMITED

Annual Report 2021-2022

### Note 35

#### Financial Instruments

The fair values of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

##### Valuation

All financial instruments are initially recognised & subsequently re-measured at fair value as described below

- i. The fair value of Forward Foreign Exchange contracts is determined using forward exchange rates at the balance sheet date.
- ii. The fair value of over the counter Foreign Currency Options contracts is determined using the mark-to-market from Bank.
- iii. The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Company does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

##### Fair Value measurement hierarchy

The fair value of financial instruments as referred below have been classified into three categories depending on the inputs used in the valuation technique.

The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market;

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data.

**The carrying amounts and fair values of financial instruments by class are as follows:**

## Consolidated Independent Auditor's Report

To  
**The Members of**  
**ASHOK ALCO-CHEM LIMITED**  
Report on Audit of the Consolidated Financial Statements

### Opinion

We have audited the accompanying consolidated financial statements of **ASHOK ALCO-CHEM LIMITED** (hereinafter referred to as "the Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March, 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date, and a summary of the Consolidated significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and other financial information of the subsidiary, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the company as at 31st March, 2022, the consolidated profit and other comprehensive income, consolidated statement changes in equity and its consolidated cash flows for the year ended on that date.

### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

### Other Information

The Holding Company's management and Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

### Responsibility of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the Ind AS specified under section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other accounting principles generally accepted in India. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the companies included in the Group are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the company's financial reporting process of the Group.

### Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is

not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances under section 143 (3) (i) of the Act. We are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors such other auditors remain responsible for the direction, supervision and performance of the audit carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entity included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have compiled with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, related safeguards.

From the matters communicated with those charged with governance, we

determine those matters that are of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when in extremely rare circumstances we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Other Matters:

We did not audit the financial statement/financial information of subsidiaries, whose financial statement/financial information reflect total assets of Rs. 1658.6 lacs as at 31st March, 2022, total revenues of Rs. 961.16/- lacs total net profit after tax of Rs. 131.76/- lacs, total comprehensive income of Rs. 131.61/- lacs and net cash outflows of Rs. 18.21/- lacs for the year ended March 31, 2022 as considered in the consolidated financial statements. The financial statement/financial information are audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on reports of such other auditors.

Our opinion on the consolidated financial statements above, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the report of the other auditors and the financial statements and other financial information certified by the management.

## Report on Other Legal and Regulatory Requirements

- 1) As required by Section 143(3) of the Act, based on our audit and on the consideration of report of the other auditors on separate financial statements and the other financial information of subsidiaries as noted in the 'other matters' paragraph, we report, to the extent applicable, that:

  - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company incorporated in India and the operating effectiveness of such controls, refer to our separate Report in "**Annexure A**".
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements of the subsidiary as noted in the 'Other Matter'

paragraph:

- i) The consolidated financial statements disclosed the impact of pending litigations on its consolidated financial position of the group. (Refer Note 30 to the consolidated financial statements)
- ii) The Group has made provision in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Funds by the Holding Company, its subsidiary incorporated in India during the year ended 31st March, 2022.
- iv) a) The Management has represented that, to the best of its knowledge and belief (Refer Note 39h to the Consolidated Financial Statements), no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Holding Company or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.  
b) The Management has represented that, to the best of its knowledge and belief (Refer Note 39i to the Consolidated Financial Statements), no funds have been received by the Holding Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company shall directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever ("Ultimate Beneficiaries") by or on behalf of the Funding
- c) Based on the audit procedures performed that we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) of Rule 11(e) mentioned above contain any material mis-statement.
- v) The dividend declared and paid during the year by the Holding Company is in compliance with Section 123 of the Act.
- h) With respect to the matter to be included in the Auditor's report under section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the Holding Company has not paid any remuneration to its directors during the current year and hence compliance with the provisions of Section 197 of the Act is not applicable.. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

2) With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO" / "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us and the auditors of respective companies included in the Consolidated Financial Statements to which reporting under CARO is applicable, as provided to us by the Management of the Holding Company, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the Consolidated Financial Statements.

**“Annexure – A” TO THE INDEPENDENT AUDITORS' REPORT  
on Consolidated Financial Statements**

**Report on the Internal Financial Controls over Financial Reporting under Clause (I)  
of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

In conjunction with our audit of consolidated Ind AS financial statements of the company as of and for the year ended 31<sup>st</sup> March, 2022, we have audited the internal financial controls over financial reporting of **ASHOK ALCO-CHEM LIMITED** (“the Holding Company”) and its subsidiary (the holding company and its subsidiary together referred to as “the Group”) for the year ended on that date.

**Management's Responsibility for Internal Financial Controls**

The respective Board of Directors and its subsidiary which are incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by these entities considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

**Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated Ind AS financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting with reference to these consolidated Ind AS financial statements.

**Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting with reference to these consolidated Ind AS financial statements is a

---

process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated Ind AS financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, to the best of our information and according to the explanations given to us and based on the consideration of reports of the other auditors as referred to in the Other Matters paragraph the Holding Company and its Subsidiary have in all material respects, an adequate internal financial controls system over financial reporting with reference to these consolidated Ind AS financial statements and such internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements were operating effectively as at 31 March 2022, based on the internal control over financial reporting criteria established by these entities considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### **Other Matters**

Our aforesaid reports under section 143 (3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over the financial reporting in so far as it relates to subsidiary company, which is the Company incorporated in India, is based on the corresponding reports of the auditors of such Company incorporated in India.

Annual Report 2021-2022

## **Capital Work-in-progress**

Property, plant and equipment which are not ready for intended use on the date of balance sheet are disclosed as capital work-in-progress. It is carried at cost, such properties are classified and capitalised to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, will be provided on the same basis as other property assets are ready for their intended use.

### **2.2 Depreciation**

The Company depreciates Property, Plant and Equipment on Straight Line Method except for Computers, Vehicle & Office Equipment where depreciation is provided on Written Down Value Method over the estimated useful life prescribed in Schedule II to the Companies Act, 2013 from the dates the assets are ready for intended use after considering residual value.

The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The Group's has assessed the estimated useful lives of its PPE and has adopted the useful lives and residual value as prescribed therein.

### **2.3 Intangible Assets and Amortisation**

Intangible assets are stated at acquisition cost, net of accumulated amortisation and accumulated impairment losses, if any. Intangible assets are amortised at 25% for 4 years on a straight line basis.

The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

### **2.4 Impairment of non-financial assets**

At the end of each reporting period, the Group's reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets may have been impaired. If any such indication exists, the recoverable amount, which is the higher of its value in use or its fair value less costs of disposal, of the asset or cash-generating unit, as the case may be, is estimated and impairment loss (if any) is recognised and the carrying amount is reduced to its recoverable amount. When it is not possible to estimate the recoverable amount of an individual asset, the Group's estimates the recoverable amount of the cash generating unit to which the asset belongs.

In assessing the value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

An impairment loss is recognised immediately in the Statement of Profit and Loss. When impairment subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, but upto the amount that would have been determined, had no impairment loss been recognized for that asset or cash generating unit. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

### **2.5 Inventories**

- Inventories are valued at lower of cost and net realizable value.

- ? Inventories comprise all costs of purchase, conversion and other costs incurred in bringing the inventories to their present location and condition.
- Cost of raw materials, packing materials, including materials in transit, work in process and finished goods are arrived at on the First in first out method of valuation, including manufacturing overheads where applicable.
- Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

**2.6 Statement of Cash Flows**

Cash flows are reported using the indirect method, whereby net profit for the period is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Groups are segregated.

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents include cash on hand, cash at banks, other short-term deposits and highly liquid investments with original maturity of three months or less that are readily convertible into cash and which are subject to an insignificant risk of changes in value, as reduced by bank overdrafts.

**2.7 Segment Reporting**

- The Group's identifies primary segments based on the dominant source, nature of risks and returns and the internal organisation and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit / loss amounts are evaluated regularly by the Chief Operating Decision Maker (CODM) in deciding how to allocate resources and in assessing performance.
- The accounting policies adopted for segment reporting are in line with the accounting policies of the Group's.
- Segment revenue, segment expenses, segment assets and segment liabilities have been identified to segments on the basis of their relationship to the operating activities of the segment. Revenue, expenses, assets and liabilities which relate to the Group's as a whole and are not allocable to segments on reasonable basis have been included under "unallocated revenue/expenses/assets/liabilities" respectively.

**2.8 Borrowing Costs**

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consists of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

**2.9 Provisions, Contingent Liabilities and Contingent Assets**

Provision is recognised when the Group's has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of obligation. Provision is not recognised for future operating losses.

Provision is measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. If the effect of the time value of money is material, the amount of provision is discounted using an appropriate pre-tax rate that reflects current market assessments of the time value of money and,

---

when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

A Contingent liability is disclosed in case of a present obligation arising from past events, when it is either not probable that an outflow of resources will be required to settle the obligation, or a reliable estimate of the amount cannot be made. A Contingent Liability is also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group's.

Contingent Assets are not recognised but where an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

## **2.10 Revenue Recognition**

Revenue is recognised to the extent that it is probable that the economic benefits of a transaction will flow to the Group's and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

### **Sale of Goods**

Revenue from sale of goods is recognised upon transfer of significant risks and rewards of ownership of the goods to the customer, while neither continuing managerial involvement nor effective control over the goods sold is retained. Sales include excise duty but exclude Goods and Service Tax (GST). It is measured at fair value of consideration received or receivable, net of returns, rebates and discounts.

### **Rental Income**

Rental Income is accounted as and when accrues.

### **Interest Income**

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group's and the amount of income can be measured reliably. Interest income is accrued on a timely basis, by reference to the principal outstanding and at the effective interest rate applicable. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

### **Dividends**

Dividend Income is accounted for when Group's right to receive income is established.

## **2.11 Leases**

At the inception of an arrangement, it is determined whether the arrangement is or contains a lease and based on the substance of the lease arrangement, it is classified as a finance lease or an operating lease.

### **Finance Leases:**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards incidental to ownership to the lessee.

Assets under finance leases are capitalised at the commencement of lease at the fair value of the leased property or, if

lower, the present value of the minimum lease payments and a liability is created for an equivalent amount. Minimum lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability.

Assets given under a finance lease are recognised as a receivable at an amount equal to the net investment in the lease. Lease income is recognised over the period of the lease so as to yield a constant rate of return on the net investment in the lease.

**Operating Leases:**

Lease agreements where risk and rewards incidental to ownership of an assets, substantially vests with the Lessor, are classified as operating lease.

**2.12 Employee Benefits****(i) Short term employee benefits**

Employee benefits such as salaries, wages, short term compensated absences, expected cost of bonus and ex-gratia falling due wholly within twelve months of rendering the service are classified as short-term employee benefits and are recognised as an expense at the undiscounted amount in the statement of profit and loss of the year in which the related service is rendered.

**(ii) Long-term benefits:****• Defined Contribution Plan:  
Provident and Family Pension Fund:**

The eligible employees of the Groups are entitled to receive post-employment benefits in respect of provident and family pension fund, in which both employees and the Group's make monthly contributions at a specified percentage of the employee's eligible salary (currently 12%). The contributions are made to AACL Trust - Provident Fund Trust. Provident Fund classified as Defined Contributions Plans as the Group's has no further obligation beyond making the contribution. The Group's contribution is charged to the statement of profit and loss as incurred.

**• Defined Benefit Plan:  
Gratuity:**

The Group's has an obligation towards gratuity, a defined benefits retirement plan covering eligible employees. The plan provides a lump sum payment to vested employees at retirement or death while in employment or on termination of employment of an amount equivalent to 15 days salary payable for each completed year of service. Vesting occurs upon completion of five years of service. the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuations being carried out at each Balance Sheet date. The Group's makes contribution to AACL Gratuity Fund Trust based thereon.

Remeasurement, comprising actuarial gains and losses and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability or asset) is reflected immediately in the Balance Sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Remeasurement recognised in other comprehensive income is reflected immediately in retained earnings and is not reclassified to profit or Loss. Past service cost is recognised immediately for both vested and the non-vested portion. The retirement benefit obligation recognised in the Balance Sheet represents the present value of the defined benefit obligation, as reduced by the fair value of scheme assets. Any asset resulting from this calculation

---

is limited taking into account the present value of available refunds and reductions in future contributions to the schemes.

**Compensated absences:**

The Group's provides for encashment of leave or leave with pay subject to certain rules. The employees are entitled to accumulate leave subject to certain limits for future encashment / availment. The liability is recognized based on number of days of unutilized leave at each balance sheet dateon the basis of an independent actuarial valuation. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to the statement of profit and loss in the period in which they arise.

**2.13 Taxes on Income**

Income tax expense represents the sum of the tax currently payable and deferred tax.

**Current Tax**

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using applicable tax rates that have been enacted or substantively enacted by the end of the reporting period and the provisions of the Income Tax Act, 1961 and other tax laws, as applicable.

**Deferred Tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current income tax assets against current income tax liabilities and when deferred income tax assets and liabilities relate to the income tax levied by the same taxation authority on either the same taxable entity or different taxable entities where there is an intention to settle the balances on a net or simultaneous basis.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient future taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group's expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

**Current and Deferred Tax for the year**

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

**2.14 Earnings Per Share**

The basic earnings per share are computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting period. Diluted earnings per share is computed by dividing the net profit attributable to the equity shareholders for the year by the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except where the results would be anti-dilutive.

**2.15 Foreign Currency Transactions**

Transactions in foreign currencies are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date.

Non-monetary items that are measured at historical cost denominated in a foreign currency are translated using the exchange rate as at the date of initial transaction. Exchange differences on monetary items are recognised in profit or loss in the period in which they arise.

**2.16 Financial Instruments**

Financial assets and financial liabilities are recognised when the Group's becomes a party to the contractual provisions of the instruments.

**Initial Recognition:**

Financial assets and financial liabilities are initially measured at fair value. Transaction costs those are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at Fair Value through Profit or Loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised in the Statement of Profit and Loss.

**Classification and Subsequent Measurement: Financial Assets**

The Group's classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVOCI") or fair value through profit or loss ("FVTPL") on the basis of following:

- ? the entity's business model for managing the financial assets; and
- ? the contractual cash flow characteristics of the financial assets.

**Amortised Cost:**

A financial asset shall be classified and measured at amortised cost, if both of the following conditions are met:

- ? the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows, and
- ? the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

**Fair Value through Other Comprehensive Income:**

A financial asset shall be classified and measured at FVOCI, if both of the following conditions are met:

- ? the financial asset is held within a business model whose objective is achieved by both collecting contractual

cash flows and selling financial assets, and

- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### **Fair Value through Profit or Loss:**

A financial asset shall be classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI. All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### **Classification and Subsequent Measurement: Financial liabilities:**

Financial liabilities are classified as either financial liabilities at FVTPL or 'other financial liabilities'.

#### **Financial Liabilities at FVTPL:**

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or Losses on liabilities held for trading are recognised in the Statement of Profit and Loss.

#### **Other Financial Liabilities:**

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

#### **Impairment of financial assets:**

The impairment provisions for Financial Assets are based on assumptions about risk of default and expected cash loss rates. The Group's uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

The Credit Policy approved by the Group for bad debts considering past history of bad debts, instead of recognising allowance for expected credit loss based on provision matrix, which uses an estimated default rate, the Group's makes provision for doubtful debts based on specific by Board. The Group's will reassess the model periodically and make the necessary adjustments for loss allowance.

#### **Derecognition of financial assets:**

The Group's derecognises a financial asset when the contractual rights to the cash flows from the asset expires, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group's neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group's recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Group's retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group's continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds

received.

On derecognition of a financial asset in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset.

On derecognition of a financial asset other than in its entirety (e.g. when the Group's retains an option to repurchase part of a transferred asset), the Group's allocates the previous carrying amount of the financial asset between the part it continues to recognise under continuing involvement, and the part it no longer recognises on the basis of the relative fair values of those parts on the date of the transfer. The difference between the carrying amount allocated to the part that is no longer recognised and the sum of the consideration received for the part no longer recognised and any cumulative gain or loss allocated to it that had been recognised in other comprehensive income is recognised in profit or loss if such gain or loss would have otherwise been recognised in profit or loss on disposal of that financial asset. A cumulative gain or loss that had been recognised in other comprehensive income is allocated between the part that continues to be recognised and the part that is no longer recognised on the basis of the relative fair values of those parts.

**Financial liabilities and equity instruments:****• Classification as debt or equity:**

Debt and equity instruments issued by the Groups are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

**• Equity instruments:**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities.

Equity instruments issued by a Group's are recognised at the proceeds received.

**Derecognition of financial liabilities:**

The Group's derecognizes a financial liability when its contractual obligations are discharged or cancelled or expired. The Group's also derecognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different.

**Offsetting:**

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

**Derivative Financial Instruments:**

The Group's enters mainly into foreign exchange forward contracts to mitigate the foreign currency exposure risk.

Derivatives are initially recognised at fair value at the date the derivative contracts are entered and are subsequently remeasured to their fair value at the end of each reporting period. The resulting gain or loss is recognised in Statement of Profit and Loss immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in Statement of Profit and Loss depends on the nature of the hedge relationship.

## 2.17 **Research and Development:**

Revenue expenditure on Research and Development is charged to Statement of Profit and Loss in the year in which it is incurred. Capital expenditure on Research and Development is considered as an addition to Property, Plant and Equipment/Intangible Assets.

## 2.18 **Critical Accounting Judgments and Key Sources of Estimation Uncertainty**

The preparation of the financial statements requires the management to make judgements, estimates and assumptions in the application of accounting policies and that have the most significant effect on reported amounts of assets, liabilities, incomes and expenses, and accompanying disclosures, and the disclosure of contingent liabilities. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

### **Key estimates, assumptions and judgements**

The key assumptions concerning the future and other major sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

#### **Income taxes**

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions as also to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits. Also, Refer Note 33.

#### **Property, Plant and Equipment/Intangible Assets**

Property, Plant and Equipment/ Other Intangible Assets are depreciated/amortised over their estimated useful lives, after taking into account estimated residual value. The useful lives and residual values are based on the Group's historical experience with similar assets and taking into account anticipated technological changes or commercial obsolescence. Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation/amortisation to be recorded during any reporting period. The depreciation/amortisation for future periods is revised, if there are significant changes from previous estimates and accordingly, the unamortised/depreciable amount is charged over the remaining useful life of the assets.

#### **Employee Benefit Plans**

The cost of the defined benefit gratuity plan and other-post employment benefits and the present value of gratuity obligations and compensated absences are determined based on actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases, attrition and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

#### **Impairment of Financial Assets**

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Group's uses judgement in making these assumptions and selecting the inputs to the impairment calculations, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting

---

period.

The Group's reviews its carrying value of investments carried at amortised cost annually, or more frequently when there is indication for impairment. If the recoverable amount is less than its carrying amount, the impairment loss is accounted for.

### Recoverability of Trade Receivables

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

### Fair Value measurements of Financial Instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets (Net Assets Value in case of units of Mutual Funds), their fair value is measured using valuation techniques including the Discounted Cash Flow (DCF) model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

### Impairment of Assets

The Group's has used certain judgements and estimates to work out future projections and discount rates to compute value in use of cash generating unit and to access impairment. In case of certain assets independent external valuation has been carried out to compute recoverable values of these assets.

### Provisions & Contingent liabilities

Provisions and liabilities are recognised in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

It is driven by conservatism which guides that group follow conventional wisdom by use of Forward contracts in respect of Trade transactions.

The group will alter its hedge strategy in relation to the prevailing regulatory framework and guidelines that may be issued by RBI, FEDAI or ISDA or other regulatory bodies from time to time. Based on the outstanding details of import payable and exports receivable (on event basis) the net trade import exposure is arrived at (i.e. Imports - Exports = Net trade exposures). "

Forward cover or options covers is obtained from Banks or Merchant House for each of the aggregated exposures and the Trade deal is booked. The forward cover deals are all backed by actual trade underlines and settlement of these contracts on maturity are by actual delivery of the hedged currency for settling the underline hedged trade transaction.

### b. Credit Risk

Credit risk is the risk that counter party will not meet its obligation leading to a financial loss. The Company is exposed to credit risk arising from its operating activities primarily from trade receivables, financing activities and relating to parking of surplus funds as Deposits with Banks. The Company considers probability of default upon initial recognition of assets and where there has been a significant increase in credit risk and on an ongoing basis throughout the reporting period..

The carrying amount of Financial Assets represents the maximum credit exposure:

### **Financial Instruments and Cash Deposit:**

Credit risk from balances with Banks and Financial Institutions is managed by the Company's finance department. Investments of surplus funds are made only with approved counter parties and within credit limits assigned to each counterparty. The limits are set to minimise the concentration of risks and thereby mitigate financial loss through counterparty's potential failure to make payments.

#### **Trade Receivables**

The Marketing department has established a credit policy under which each new customer is analysed individually for credit worthiness before the group's standard payment and delivery terms and conditions are offered. The group review includes external ratings, if they are available, and in some cases bank references. Sale limits are established for each customer and reviewed periodically. Trade Receivables of the Company are typically unsecured, except export receivable which is covered through ECGC and to the extent of the security deposits/advances received from the customers or financial guarantees provided by the market organizers in the business. Credit risk is managed through credit approvals and periodic monitoring of the credit worthiness of customers to whom credit terms in the normal course of business are provided. The allowance for impairment of Trade receivables is created to the extent and as and when required, based on the actual collectability of accounts Receivables. The group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

The group measures the expected credit loss of trade receivables and loans from customers based on historical trend, industry practises and the business environment in which the entity operates. Loss rates are based on actual credit loss exposure and past trends.

#### **c. Liquidity Risk**

Liquidity risk is the risk that the group will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The group maintains a cautious liquidity strategy, with a positive cash balance throughout the year. Management monitors the group's liquidity position through rolling forecasts on the basis of expected cash flows. Cash flow from operating activities provides the funds to service and finance the financial liabilities on a day-to-day basis.

##### B. Defined Benefit Plans

###### a. Gratuity

The Group operates a gratuity plan covering qualifying employees. Under the gratuity plan, the eligible employees are entitled to post retirement benefit at the rate of 15 days salary for each year of service until the retirement age of 58, subject to a payment ceiling of E 20 lakhs. The benefit vests upon completion of five years of continuous service as per "The Payment of Gratuity Act" and once vested it is payable to the employee on retirement or on termination of employment. The Group makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.

###### Gratuity is defined benefit plan and Company is exposed to following Risks:

**Investment risk** - The funds are invested by LIC and they provide returns basis the prevalent bond yields, LIC on an annual basis requests for contributions to the fund, while the contribution requested may not be on the same interest rate as the bond yields provided, basis the past experience it is low risk.

**Interest Risk** - LIC does not provide market value of assets, rather maintains a running statement with interest rates declared annually – The fall in interest rate is not therefore offset by increase in value of Bonds, hence may pose a risk.

**Mortality Risk** - Since the benefits under the plan is not payable for the life time and payable till retirement age only, plan does not have any longevity risk.

**Salary risk** - The liability is calculated taking into account the salary increases, basis past experience of the Company's actual salary increases with the assumptions used, they are in line, hence this risk is low risk.

#### Note on Sensitivity Analysis

- Sensitivity analysis for each significant actuarial assumptions of the Group which are discount rate and salary assumptions as of the end of the reporting period, showing how the defined benefit obligation would have been affected by changes is called out in the table above.
- In presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.
- There is no change in the method from the previous period and the points /percentage by which the assumptions are stressed are same to that in the previous year.

#### b. Privilege Leave Encashment (Unfunded)

Under the compensated absences plan, leave encashment is payable to all eligible employees on separation from the Company due to death, retirement, superannuation or resignation at the daily rate of last drawn basic salary, as per current accumulation of leave days.

## ASHOK ALCO-CHEM LIMITED

Annual Report 2021-2022

### Note 38

#### Financial Instruments

The fair values of the financial assets and liabilities are defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

#### Valuation

All financial instruments are initially recognised & subsequently re-measured at fair value as described below

- i. The fair value of Forward Foreign Exchange contracts is determined using forward exchange rates at the balance sheet date.
- ii. The fair value of over the counter Foreign Currency Options contracts is determined using the mark-to-market from Bank.
- iii. The carrying amount of financial assets and financial liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the Group does not anticipate that the carrying amounts would be significantly different from the values that would eventually be received or settled.

#### Fair Value measurement hierarchy

The fair value of financial instruments as referred below have been classified into three categories depending on the inputs used in the valuation technique.

The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market;

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data.

#### The carrying amounts and fair values of financial instruments by class are as follows:
