Annual Report 2017-18

Forward looking statements

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Challenges are opportunities, when determination is great.

This is one reality that we have always lived with. It enables us to build our competencies and rebound strongly after every downturn. It makes us a leading dyes and pigments manufacturer and a brand of trust. It allows us to win the respect of some of the world's leading downstream chemical companies and vindicate the faith of all our stakeholders.

We proved this true once again in a challenging FY2017-18, when prices were volatile, input costs surged, raw material availability was disrupted, and rupee appreciated. Instead of waiting for things to turn positive, we responded with the only way we know – **courage and determination.**

We focused on scaling capacities and expanding geographic footprint, improving relations and adding new clients, strengthening operational efficiencies and optimising costs.

With our revitalization, we are now confident of a better future and rebound strongly when the market revives.

A CHALLENGING YEAR. AN INSPIRING PERFORMANCE.

FY2017-18 was challenging...

Raw material prices continued to witness rising trend.

Finished goods prices remained low throughout.

Rupee appreciation resulted in lower realisations.

...but our performance remained inspiring

We recorded 19% growth in sales volumes

We won prestigious awards for our export performance:

- Best Manufacturer Exporter (Medium) from the ECGC-Indian Exporters' Excellence Awards 2017
- SME Business Excellence Awards in two categories i.e. Best Global Business and Chemicals & Pharmaceuticals by Dun and Bradstreet (RBL Bank)
- Trishul Award for outstanding export performance in Panel I: Dyes and Dye Intermediates from CHEMEXCIL

We added three new clients opening up scope to enhance future business

We became a ZERO debt Company

FROM THE DESK OF THE CHAIRPERSON

"ADVERSITIES KNOCK US, BUT THEY ARE GREAT TEACHERS. THE ABILITY TO LEARN FROM DIFFICULTIES TO BECOME STRONGER, WISER AND MORE MATURE IS A VIRTUE UNPARALLELED. IT IS A RESULT OF THIS SUSTAINED LEARNINGS FROM PAST EXPERIENCES THAT DESPITE ALL EXTERNAL CHALLENGES, WE REMAINED RESILIENT. OUR CLIENTS STAYED WITH US AND THE DEMAND FOR OUR PRODUCTS WAS STRONGER."

Dear Shareholders,

During FY18, there was significant headwinds that hold back our performance. Our revenue just grew by 6%. However, looking at our volume growth which stood at ~20%, we feel demand for our product remained robust, despite weakness in the business environment which impacted realisations. Moreover; Environmental clampdown in China led to disruptions in raw material availability. A surge in input costs led by high volatility of crude prices along with appreciation of Indian rupee impacted our margins. Even in such conditions, we continued to build our business and reported an 8.41% growth in production.

None the less FY18 ended on the good note as we were able to increase our wallet share from the existing customers and started 3 new relationships. Historically, we have had Strong Relationship with the customers for more than 2 decades.

This reinforces the fact that AksharChem has become a brand of choice. Our performance in exports won us prestigious awards from ECGC, Dun & Bradstreet and CHEMEXCIL, which exhibits

that we have outperformed the industry.

Some would say that our performance in FY2017-18 could have been better, I would rather say this year's performance was satisfactory. It manifests the strength of our foundation and the business model. To better underlay the depth of this performance it is important to move beyond the realm of financial performance.

Coming to our financial performance, I would say that the performance was satisfactory, though not at par with that of the previous year's. Again, it is important to understand that in FY2016-17, we had recorded an exceptional performance on the backs of an environmental clampdown in China, which created a global shortage in the availability of dye intermediates and hence led to a surge in their prices. We benefited from the situation and recorded strong growth in realizations. But this year as input prices rose considerably our realization declined. Irrespective of this, our net revenues grew by 6% to ₹26,425.87 lakhs. EBITDA and PAT declined by 46.22% and 42.14% respectively to ₹4,167.34 lakhs and ₹3,061.69

lakhs respectively. However, our profitability could have been lower had it not been for our continuous efforts to keep overheads under control. Continuous efforts to improve shop floor performance and hard work put in by the team resulted in a higher capacity utilization, enabling us to better cover overheads.

Our overseas business continues to show strong momentum. In North America and South East Asia, we reported double-digit growth in sales and in the regions across Europe and the Far East we recorded steady growth.

Consolidating for a better future

Our endeavor and focus is always towards building a sustainable future. In order to achieve this, our R&D efforts focus on continuous improvement in products and processes. Our products comply with all international quality standards and environment protection norms. Recently, we made choices and investments in few of the project which will shape the future and ensure our Company's continuing success. Our major focus is to create value added and sustainable products like CPC green and precipitated silica. Currently our CPC Green capacity is 1,920 tonnes and post our expansion our capacity will be 2,400 tonnes which we expect to start utilizing from this year. Another diversified line of expansion of speciality chemical grade precipitated silica is expected to be completed by the end of this year. This product would be used in the tyre industry. We maintained steady focus to ensure all our expansion projects i.e, 480 MTPA CPC Green, 1200 MTPA H Acid and 10,000 MTPA precipitated silica were largely on track.

We focused on strengthening brand goodwill and applied for trademark registration of AksharChem logo and Pigment Green 7 product, which we acquired during the year. This will result in enhanced visibility of our brand and more inquiries from newer companies. We intend to capitalise on this and add more clients.

H Acid project has already been completed and is getting ready for trial production. I am happy to state that the entire funding for this project was done from equity and internal resources, enabling us to remain debt free and retain the health of our balance sheet. With this, we have managed to achieve one of the lowest working capital cycles at 14 days. The Company has also raised funds from Qualified Institutional Buyers by issue of Equity Shares through QIP Issue. We are confident of completing the rest of the projects with internal funding as well.

Our major strength lies in holding the quality certifications of ISO 14001:2015 and ISO 9001:2015 and the process automation technologies which we possess, enables us to utilize our expertise in providing best quality reliable products. We stand at zero product return in the history of the Company.

We continue to undertake sustained efforts to reduce costs. And towards this, our focus on energy efficiency system will be a key. We have undertaken initiatives to enhance processes with less consumption of water and smarter use of effluent treatment to reduce expenses. We have been spending

consistently for the pollution treatment expenses and we spent around ₹12 crores in FY18. We have internationally recognized processes that ensure minimum waste generated per unit. With adhering to the stringent environmental norms we would not be affected in case of consolidation which may happen in future in the industry. We would be at an advantage in that case.

We have focused on wider market section and expanding product portfolio to scale-up business and continue with double digit growth in regions like America, Asia and India.

Outlook

There would not be a better way than to say that the future belongs to us. There are significant opportunities. Increased demand from the end-user industries and tightened global supply due to stringent environmental norms in China will open up growth opportunities for domestic specialty chemicals companies.

With our quality and service reliability, competitive pricing, strong relations and adherence to environmental norms we would stand advantaged to make the most of this opportunity. Further, the

completion and stabilization of all our expansion plans would kickstart a new cycle of growth for the Company.

I thank all our stakeholders for their trust and support. It would be unwise if I do not complement the efforts put in by our employees. They have rightly been the performance driver of our organization. We would continue to provide them with an engaging and facilitative workplace and help them build a better career. As we move forward, I seek the support of all our stakeholders to make this organization even greater. Together, we can do wonders.

Warm wishes

Paru M. Jaykrishna
Chairperson.

PREPARING FOR A BETTER FUTURE...

BY **INVESTING** IN TOMORROW'S POSSIBILITIES

As the global economic scenario keep improving, the demand from various end user industries is surging and there is an increasing trend in the adoption of specialty chemicals. In such the scenario, our quality and service reliability is leading to an unprecedented demand for our products.

AT AKSHARCHEM, we understand that rising demand warrants adding more capacities to service customers and avoid opportunity loss. And along with adding more capacities would be the necessity to have better control over raw material availability. To ensure our future readiness to cater demand, we have

undertaken the following initiatives:

Scaling without stressing balance sheet

With our improved market credibility and growing customer base, the demand for our products is rising steadily. We proactively chose to scale capacities in a phased manner leveraging our strong internal

cash flows. This will enable us to grow our revenues without stressing our balance sheet. With strong investments, deployment of right resources and planning we have ensured scheduled execution of all expansion programmes, timely completion of which will enable us capitalise on the rising demand.

Widening portfolio

Our new capacity addition project includes a precipitated silica plant, which is a specialty chemical and will enable us to widen our product offerings and tap new clients.

The members are advised to send their requests for payment of unpaid dividend pertaining to the financial years 2012-13 to 2016-17 to our Registrar and Share Transfer Agent for payment before the same becoming due for transfer to IEPF.

8. Transfer of Shares to demat account of IEPF Authority

The members may kindly note that pursuant to the provisions of Section 124 of the Companies Act, 2013 read with Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended ("IEPF Rules"), all shares in respect of which dividend has remained unclaimed/unpaid for seven consecutive years or more shall be transferred by the Company to the demat account of Investor Education and Protection Fund Authority ("IEPF Authority").

9. Updation of Permanent Account Number (PAN) and Bank details and discontinuation of transfer of shares in physical form

9.1 As per circular dated April 20, 2018 issued by the Securities and Exchange Board of India ("SEBI"), the listed companies are required to obtain copy of PAN card and bank account details (original cancelled cheque leaf/ attested bank passbook showing the name of account holder) of all securities holders holding shares in physical form. Accordingly, the Share Transfer Agent of the Company has communicated individually to the shareholders of the Company who are holding shares in physical form to submit the aforesaid documents alongwith the duly filled-in format sent with the said communication, for updation of records. The members holding shares in physical form, who have not yet submitted these documents to the Company / Share Transfer Agent, are requested to submit the same to the Share Transfer Agent of the Company.

9.2 In pursuance of SEBI notification dated June 8, 2018, with effect from December 5, 2018, requests for transfer of shares shall not be processed unless the shares are held in dematerialized form

with a depository. However, transmission or transposition of shares in physical form shall continue to be allowed. Therefore, the members holding equity shares of the Company in physical form are advised to dematerialise their shareholding.

10. Dispatch of documents through electronic mode / Registration of E-mail addresses

In pursuance of the provisions of the Companies Act, 2013 and the Rules made there under, the Company proposes to send documents like notice of general meeting, Annual Report, etc. to the shareholders through electronic mode. The members who have not registered their e-mail address so far, are requested to register their email address (or change therein, if any) with their Depository Participant (where the shares are held in dematerialized form) or our Registrar and Share Transfer Agent (where the shares are held in physical form) by submitting the E-communication Registration Form.

11. Voting through electronic means

In compliance with the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 as amended and Regulation 44 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standards on General Meeting (SS2) issued by the Institute of Company Secretaries of India, the Company is pleased to provide the facility to members to exercise their right to vote at 29th Annual General Meeting by electronic means (e-voting) and the business may be transacted through e-Voting Services.

The Members desiring to vote through electronic mode may refer to the detailed procedure on remote e-voting given hereinafter.

Voting Options

11.1 The Company has engaged National Securities Depository Limited ("NSDL") to provide the facility of casting the votes by the members using an electronic voting system from a place other

than the venue of Annual General Meeting ("Remote E-voting").

11.2 The facility for voting through ballot paper shall also be made available at the Annual General Meeting and the members attending the Annual General Meeting who have not cast their vote by Remote E-voting shall be able to exercise their right at Annual General Meeting.

11.3 The members who have cast their vote by Remote E-voting prior to Annual General Meeting may also attend the Annual General Meeting but shall not be entitled to cast their vote again at Annual General Meeting.

11.4 The way to vote electronically on NSDL e-Voting system consists of "Two Steps" which are mentioned below:

Step 1: Log-in to NSDL e-Voting system at <https://www.evoting.nsdl.com/>

Step 2: Cast your vote electronically on NSDL e-Voting system.

11.4.1 Details on Step 1 is mentioned below:

11.4.1.1 Visit the e-voting website of NSDL. Open web browser by typing the following URL: <https://www.evoting.nsdl.com/>

STATEMENT PURSUANT TO SECTION 102 (1) OF THE COMPANIES ACT, 2013

As required under section 102 (1) of the Companies Act, 2013, the following Statement set out all the material facts relating to the Special Business mentioned in Item No. 4 to 6 of the accompanying Notice.

Item No. 4

Mr. Jigar M. Patel (DIN: 05291605) was appointed as an Additional Director and Non-executive Independent Director of the Company with effect from December 11, 2017 by the Board of Directors. In terms of Section 161(1) of the Companies Act, 2013, Mr. Jigar M. Patel holds office upto the date of this Annual General Meeting but is eligible for the appointment as a Director. The Company has received a Notice from a Member in writing under Section 160 of the Act, proposing his candidature for the office of Independent Director, to be appointed as such under Section 149 of the Act.

The Company has received a declaration from Mr. Jigar Patel to the effect that he meets the criteria of independence as provided in the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations").

Accordingly, it is proposed to appoint Mr. Jigar M. Patel as Non-Executive Independent Director for a term of 5 (five) consecutive years with effect from December 11, 2017 upto December 10, 2022 pursuant to Section 149, and other applicable provisions of the Act and the Rules made thereunder. He will not be liable to retire by rotation.

Mr. Jigar M. Patel is graduated with LL.M. Honors in International Taxation from the prestigious NYU School of Law. He has rich experience working as an International Tax Attorney with PricewaterhouseCoopers at New York. He is currently the Executive Director of International Tax & Investment Consultants at Ahmedabad. He has addressed several public forums and participated in TV discussions. He was awarded 'Upcoming speaker 2016' by the All India Federation of Tax Practitioners.

In the opinion of the Board, Mr. Jigar M. Patel fulfills the conditions specified in the Act and the Rules thereunder and the Listing Regulations and is independent of the Management.

Accordingly, the Board recommends the passing of the Ordinary Resolution as set out in the Item no. 4 of the Notice for appointment of Mr. Jigar M. Patel as an Independent Director, not liable to retire by rotation.

A statement containing his profile is given as per annexure to the notice.

Except Mr. Jigar M. Patel, being an appointee, none of the Directors

and Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No.4.

The Board of Directors recommends the resolution set out at item No. 4 for approval of the members.

Item No. 5

Mr. Munjal M. Jaykrishna was reappointed as Joint Managing Director of the Company for a further period of 5 years with effect from March 24, 2014 at the 25th Annual General Meeting held on September 25, 2014. Considering his involvement in the business operations as well as corporate affairs of the Company and to focus on implementing growth strategies and expansion plan and based on the recommendations of the Nomination and Remuneration Committee, the Board of directors at their meeting held on February 14, 2018 has changed the designation of Mr. Munjal M. Jaykrishna from Joint Managing Director to Joint Managing Director & CEO with effect from February 14, 2018 for the remaining period of his tenure. The terms and conditions of his appointment including remuneration as approved by the members at the 25th Annual General Meeting remains the same.

Though members consent is not required for the above re-designation, however as a good corporate governance practice, the Board recommends the resolution set out in Item No. 5 of the notice for approval of the members.

None of the Directors, Key Managerial Personnel or their relatives except Mrs. Paru M. Jaykrishna, Chairperson & Managing Director of the Company and Mr. Gokul M. Jaykrishna, Director of the Company being relatives of Mr. Munjal M. Jaykrishna may be deemed to be interested or concerned in the resolution set out at Item No. 5 financially or otherwise, to the extent of their equity shareholding in the Company.

Item No. 6

In order to augment resources inter alia, for financing capital expenditure and / or for general corporate purposes, the Company may offer or invite subscription for secured and / or unsecured, bonds, Commercial Paper ("CP") or any other Debt securities in one or more series / tranches on private placement basis.

Pursuant to the provision of Section 42 and any other applicable provisions of the Companies Act, 2013 read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014, a Company shall not make a private placement of its securities unless the proposed offer of securities or invitation to subscribe securities has been previously approved by the members of the Company by

a Special Resolution for each offer or invitation. Further, the sub rule (2) of the said Rule 14 states that in case of an offer or invitation to subscribe for non-convertible debentures on private placement, the Company shall obtain previous approval of the members by means of special resolution only once in a year for all the offers or invitations for such debentures during the year.

Accordingly, consent of the members is sought for passing a Special Resolution as set out under this item no. 6 of the Notice. This resolution enables the Board of Directors of the Company / its duly authorised Committee to offer or invite subscription for debt securities, including but not limited to non-convertible debentures, commercial paper, bonds, etc., whether in rupee denominated or denominated in foreign currency, in one or more series or tranches aggregating up to ₹300 crores (Rupees Three Hundred Crores Only), as deemed fit, from time to time, during the period commencing from the date of passing of special resolution till completion of one year thereof or the date of next Annual General Meeting to be held in calendar year 2019, whichever is earlier within a period of one year within the overall Borrowing limits of the Company, as approved by

the Members from time to time.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the resolution set out at Item No. 6.

VI. PENALTIES / PUNISHMENT/ COMPOUNDING OF OFFENCES:

There were no instances of any penalties/punishment/compounding of offences for the year ended March 31, 2018

OVERVIEW

AksharChem (India) Limited is one of the leading organic chemicals manufacturing company based in India with a focus on exports to over 20 countries. Our product offerings fall into two categories being dyes and pigments, within the organic chemical spectrum. We are specialised in manufacturing Vinyl Sulphone and CPC Green which have multiple applications in textile, inks, rubber, plastics, paints and leather industries. For both these products, we are one of the key manufacturers and have been recognised as Star Export House by the Government of India. We believe that we have built strong reputation in our markets, over 28 years of experience that has translated to a customer base.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Our manufacturing facility is located in Gujarat, with installed manufacturing capacity of 9,720 MTPA, as of March 31, 2018. Our facility is fully integrated and equipped to manage products from the stage of chemical treatment to dispatch, lending us competitive advantages such as cost effectiveness and maintenance of quality standards. Our facility includes automated and cost-efficient systems and quality control and quality assurance laboratories, among others.

The demand for Dyes & Pigments are increasing as the Indian colorants industry is expected to grow higher than its end- users on the back of increasing demand for high-grade paints & coatings which contain more volume of pigments, increasing demand for high-quality textiles, low per capita consumption and commercialisation of 3D printing to boost plastics usage, a high-growing packaging industry to drive high-value specialty inks market and strong growth in the end-user industries like textiles, paint & coating industry.

Post China situation, this industry has seen some development both in India as well as globally. Developments such as Stricter environment norms i.e. tightening of environmental compliances, Increase demand for less and zero toxic colorants, both by Indian & global players. Looking at this scenario, we believe that there is structural shift in the industry and that next 8-10 years for chemical industry belongs to India. Indian players with an integrated business model, strong R&D, focus on less or non-toxic products & processes, with better effluent treatment plants are expected to gain significantly in the coming years and It is also expected that upcoming years will be strong for the domestic specialty chemicals sector on anticipation of a continued increase in demand from end-user industries and tight global supply because of these stringent environmental norms in China. Specialty chemical end-user industries such as textile and application-driven segments such as surfactants, paints, coatings and colorants would experience high growth in the medium-term.

OPPORTUNITIES AND THREATS

The company has announced the Capex plan of ₹175 Crores in Specialty Chemicals, Dyes & Intermediates and Organic Pigments. During the year the Company has raised ~₹69 Crores through QIP

(Qualified Institutional Placement) to fund its Capital Expenditure. Also three new customers were added in our customer portfolio, though currently they are negligible to our revenue share, we expect to leverage our relationship in the long run by providing them our quality products.

The main concern about the profitability was increase in the prices of key raw materials for Vinyl Sulphone due to China situation compared to the last financial year.

OUTLOOK AND STRATEGY

FY18 was quite challenging year for the Company due to Increase Volatility in Crude Prices, Currency Depreciation and Volatility, Disruptions in the key inputs price for our Raw material because of on-going China environmental issues. However, we had put lot of efforts and continue to focus on delivering performance and the Company has also performed well on the Volume front. Our Business continues to grow on Volume basis which made the year more sustainable. For the year, the total Volume stands at 8,813 MTPA which shown the growth of 19% compared to last year. This gives us confidence that the demand for our product is intact. Also, we build up strength to increase the production capacity utilisation level from 80% to 85% which give more confidence to deliver even better in future. Also because of our best quality reliable products we were able to maintain relationship with the biggest dye stuff houses in the world for more than 2 decades.

Going forward, the Company plans to create value by adding capacity in existing product for CPC Green, add similar product of dye intermediate H acid to serve the varieties of stuff to same customers. Also, Company has diversified product portfolio and add inorganic specialty chemical named as a precipitated silica.

RISKS AND CONCERNS

Revenue of the Company keeps fluctuating due to high volatility in the realisations, movement in Foreign Currency Rate, some disruptions in the key inputs availability of our raw material along with high volatility in the crude prices because of Chinese clampdown which resulted in increase our raw material costs.

We expect the prices to stabilize going forward. Once the prices stabilize we will be confident and will be able to convince the end customers for the price increase. In the situations where price fluctuations were very high, we are of the belief that we should continue to maintain relationships with our Customers and work out on a long-term pricing that is a win-win for both the parties.

FINANCIAL AND OPERATIONAL PERFORMANCE

The financial performance of the year 2017-18 was affected largely because of increase in the prices of key raw materials for Vinyl Sulphone due to China situation compared to the last financial year. Considering the market conditions and the dollar-rupee rate, the revenue for FY18 remained flat. The overall performance of the Company is satisfactory. Below are the Financial Figures for the financial year 2017-18.

13.14. Share Transfer System

(i) Trading in equity shares of the Company through recognized

Stock Exchanges can be done only in dematerialised form. The Registrar and Transfer Agent deal with Share Transfer both in Physical and dematerialised Mode. The Demat shares are transferable through the depository system. Shares in physical form are processed by the Registrar and Transfer Agent and the share certificates are generally return to the transferee within a period of fifteen days from the date of receipt of transfer provided the transfer documents lodged with the Company are complete in all respects.

In compliance of the relevant provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the share transfer system of the Company is audited every six months by a Practicing Company Secretary and a certificate to that effect is issued by him.

SEBI has decided that securities of listed companies can be transferred only in dematerialised form, from a cut-off date i.e. December 5, 2018. Members are therefore requested to get dematerialised their physical shares during this transitional period.

(ii) Correspondence regarding change of address:

Shareholders are requested to ensure that any correspondence of Change of Address, change of Bank Mandates should be signed by the first named shareholder. Shareholders who hold shares in dematerialized form should correspond with the Depository participant with whom they opened Demat Account.

(iii) Green Initiative for Paperless Communication:

The Ministry of Corporate Affairs (MCA) has taken a "Green Initiative in Corporate Governance" by allowing service of documents by a Company to its members through electronic mode. The move of the ministry allows public at large to contribute to the green movement. Keeping in view the underlying theme, the Company will continue to send various communication and documents in electronic form in the email address provided by the members to the Depositories or to the Company.

(iv) Pending Investors' Grievances:

Any shareholder whose grievance has not been resolved to his/her satisfaction may kindly write to the Company Secretary at the Registered office of the Company with a copy of earlier correspondence.

To the Members of AksharChem (India) Limited

Report on the Standalone Indian Accounting Standards (Ind AS) Financial Statements

We have audited the accompanying standalone Ind AS financial statements of AKSHARCHEM (INDIA) LIMITED ("the Company") which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income and cash flows of the Company in accordance with the Indian Accounting Standards (IAS) specified under Section 133 of the Act, of the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under and the Order issued under section 143(11) of the Act.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the standalone Ind AS

financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances.

An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018 and its Profit, (including other comprehensive income,) its cash flows and the changes in equity for the year ended on that date.

Other Matter

The comparative financial information of the Company for the year ended March 31, 2017 and the transition date opening balance sheet as at April 1, 2016 included in these standalone Ind AS financial statements, are based on the previously issued statutory financial statements prepared in accordance with the Companies (Accounting Standards) Rules, 2006 audited by the predecessor auditor whose report for the year ended March 31, 2017 and March 31, 2016 dated July 05, 2017 and August 22, 2016 respectively expressed an unmodified opinion on those standalone financial statements, as adjusted for the differences in the accounting principles adopted by the Company on transition to the Ind AS, which have been audited by us.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by section 143 (3) of the Act, based on our audit, we report, to the extent applicable that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

"ANNEXURE-A" TO THE INDEPENDENT AUDITOR'S REPORT ON THE EVEN DATE ON THE FINANCIAL STATEMENTS OF AKSHARCHEM (INDIA) LIMITED

Report on the Internal Financial Controls under Clause (1) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of AksharChem (India) Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the Standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls systems over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's Judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the

Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purpose in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting was operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal controls stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reports issued by the Institute of Chartered Accountants of India.

NOTES

1. Company Information

AksharChem (India) Limited (the 'Company') is a public limited Company domiciled in India with its registered office at 166/169, Village Indrad, Kadi Kalol Road, Dist. Mehsana, Gujarat - 382 715 (India).. The equity shares of the Company are listed on BSE Limited and National Stock Exchange of India Limited and Ahmedabad Stock Exchange Ltd. (ASE).

The Company is principally engaged in the business of manufacturing & export of Dyes and Pigments.

The financial statements as at March 31, 2018 present the financial position of the Company.

The financial statements for the year ended March 31, 2018 were approved by the Board of Directors and authorized for issue on May 30, 2018.

2. Significant Accounting Policies

2.1 Basis of Preparation of Financial Statements

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented.

The Company has adopted the Indian Accounting Standards ('Ind AS') in accordance with Ind AS 101 – First Time Adoption of Indian Accounting Standards. The Company has transitioned from its previous GAAP as defined in Ind AS 101 with necessary disclosure relating to reconciliation of Shareholders equity under Previous GAAP and Ind AS and of the net profit as Previous GAAP and Total Comprehensive Income under Ind AS.

(i) Statement of Compliance with Ind-AS

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (referred to as "IND AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2017. These financial statements have been prepared in accordance with IND AS as prescribed under Section 133 of the Companies Act, 2013 read together with the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto with the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto.

The Financial Statement for the year ended March 31, 2018 is the first Financial Statement, the Company has prepared in accordance with IND AS.

(ii) Basis of Preparation and presentation

The financial statements have been prepared and presented on the going concern basis and at historical cost basis considering the applicable provisions of Companies Act 2013, except for the following items that have been measured at fair value as required by relevant IND AS.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

- a) Certain financial assets/liabilities measured at fair value (refer accounting policy regarding financial instruments) and

- b) Any other item as specifically stated in the accounting policy.

(iii) Functional and Presentation Currency

The financial statements are presented in Indian Rupees, which is the functional currency of the Company and the currency of the primary economic environment in which the Company operates.

(iv) Classification of Assets and Liabilities as Current and Non-Current

All assets and liabilities are classified as current or non-current as per the Company's normal operating cycle, and other criteria set out in Schedule III of the Companies Act, 2013. Based on the nature of products and the time lag between the acquisition of assets for processing and their realisation in cash and cash equivalents, 12 months period has been considered by the Company as its normal operating cycle.

(iv) Rounding off amounts

The financial statements are presented in INR and all values are rounded to the nearest Lakhs (INR 1,00,000) as per the requirement of Schedule III, unless otherwise stated.

2.2 Use of Estimates

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Continuous evaluation is done on the estimation and judgments based on historical experience and other factors, including expectations of future events that are believed to be reasonable.

2.2.1 Critical accounting estimates

- a. Useful lives and residual values of Property, plant and equipment represent a material portion of the Company's asset base. The periodic charge of depreciation is derived after estimating useful life of an asset and expected residual value at the end of its useful life. The useful lives and residual values of assets are estimated by the management at the time the asset is acquired and reviewed periodically, including at each financial year end. The lives are based on various external and internal factors including historical experience, relative efficiency and operating costs and change in technology.

b. Income taxes

The Company's tax jurisdiction is India. Significant judgments are involved in determining the provision for income taxes including amounts to be recovered or paid for uncertain tax positions. Management judgment is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

c. Defined benefit obligations

Defined benefit obligations are measured at fair value for financial reporting purposes. Fair value determined by actuary is based on actuarial assumptions. Management judgement is required to determine such actuarial assumptions. Such

assumptions are reviewed annually using the best information available with the Management.

d. Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that are possible but not probable of crystallising or are very difficult to quantify reliably are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not recognised.

2.3 Property, Plant and Equipment (PPE) (IND AS 16)

These tangible assets are held for use in production, supply of goods or services or for administrative purposes. Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment losses except for freehold land which is not depreciated. Cost includes purchase price after deducting trade discount/rebate, import duties, non-refundable taxes, Net of Cenvat and VAT credit/GST input credit wherever applicable, cost of replacing the component parts, borrowing costs and other directly attributable cost of bringing the asset to its working condition in the manner intended by the management.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

The cost of an item of PPE is recognised as an asset if, and only if, it is probable that the economic benefits associated with the item will flow to the Company in future periods and the cost of the item can be measured reliably. Expenditure incurred after the PPE have been put into operations, such as repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred.

Items such as spare parts, standby equipment and servicing equipment are recognized as PPE when it is held for use in the production or supply of goods or services, or for administrative purpose, and are expected to be used for more than one year. Otherwise such items are classified as inventory.

Expenditure on acquisition of PPE for Research and Development (R&D) is included in PPE and depreciation thereon is provided as applicable.

The Company adjusts exchange differences arising on translation difference/settlement of long term foreign currency monetary items outstanding and pertaining to the acquisition of a depreciable asset to the cost of asset and depreciates the same over the remaining life of the asset. The depreciation on such foreign exchange difference is recognised from first day of its financial year.

De-recognised upon disposal

An item of PPE is derecognised on disposal or when no future economic benefits are expected from use or disposal. Any gain or loss arising on derecognition of an item of property, plant and equipment is determined as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss when asset is

derecognised.

Treatment of Expenditure during Construction Period

Expenditure, net of income earned, during construction (including financing cost related to borrowed funds for construction or acquisition of qualifying PPE) period is included under capital work-in-progress, and the same is allocated to the respective PPE on the completion of construction. Advances given towards acquisition or construction of PPE outstanding at each reporting date are disclosed as Capital Advances under "Other Non-Current Assets".

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognized as at April 1, 2017 measured as per the previous GAAP and use that carrying value as the deemed cost of the PPE.

Depreciation

The depreciable amount of an asset is determined after deducting its residual value. Where the residual value of an asset increases to an amount equal to or greater than the asset's carrying amount, no depreciation charge is recognized till the asset's residual value decreases below the asset's carrying amount. Depreciation of an asset begins when it is available for use, i.e., when it is in the location and condition necessary for it to be capable of operating in the intended manner. Depreciation of an asset ceases at the earlier of the date that the asset is classified as held for sale in accordance with IND AS 105 and the date that the asset is derecognised. Depreciation is calculated on a straight-line basis over the estimated useful life of the assets as prescribed under Part C of Schedule II of the Companies Act, 2013. The identified component of fixed assets are depreciated over the useful lives and the remaining components are depreciated over the life of the principal assets. Depreciation on fixed assets added/disposed off during the period is provided on pro-rata basis with reference to the date of addition/disposal.

The assets residual values, useful lives and methods of depreciation are reviewed at each financial year end and adjusted prospectively, if appropriate.

Leasehold Land is amortised over the primary period of the lease.

2.4 Intangible assets (IND AS 38)

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Amortisation is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

Internally Generated Intangible Assets - Research and Development Expenditure:

Expenditure incurred on development is capitalised if such expenditure leads to creation of any intangible asset, otherwise, such expenditure is charged to the Statement of Profit and Loss. PPE procured for research and development activities are capitalised.

2.5 Leases (IND AS 17)

At the inception of a lease, the lease arrangements is classified as either a finance lease or an operating lease, based on the substance of the lease arrangement.

As a Lessee:

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowing or other financial liabilities as appropriate.

Each lease payment is allocated between the liability and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from lessor) are charged to profit or loss on straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a Lessor:

Lease income from operating leases where the Company is a lessor is recognised in other income on straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

Deposits provided to Lessor:

The Company is generally required to pay refundable security deposits in order to obtain property leases from various lessors. Such security deposits are financial assets and are recorded at fair value on initial recognition. The difference between the initial fair value and the refundable amount of deposit is recognised as lease prepayments. The initial fair value is estimated as the present value of the refundable amount of security deposit, discounted using the market interest rates for similar instruments.

Subsequent to initial recognition, the security deposit is measured at amortised cost using the effective interest method with carrying amount increased over the lease period up to the refundable amount. The amount of increase in the carrying amount of deposit is recognised as interest income. The lease repayment is amortised on straight-line basis over the lease term as lease rentals expense.

2.6 Inventories (IND AS 2)

Inventories consisting of stores and spares, raw materials, work in progress, stock in trade, goods in transit and finished goods are valued at lower of cost and net realisable value. However, materials held for use in production of inventories are not written down below cost, if the finished products are expected to be sold at or above cost.

The cost is computed on FIFO basis and is net of credits under GST/CENVAT/VAT.

Goods and materials in transit include materials, duties and taxes (other than those subsequently recoverable from tax authorities) labour cost and other related overheads incurred in bringing the inventories to their present location and condition.

Traded goods includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition.

2.7 Borrowing Cost (IND AS 23)

Borrowing cost includes interest expense, amortisation of discounts, ancillary costs incurred in connection with borrowing of funds and exchange difference, arising from foreign currency borrowings, to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs that are attributable to the acquisition or construction or production of a qualifying asset are capitalised as part of the cost of such asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation. All other borrowing cost are recognised in the Statement of Profit and Loss in the period in which they are incurred.

2.8 Impairment of Assets (IND AS 36)

At the end of each reporting period, the Company reviews the carrying amounts of its PPE and other intangible assets to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. Where it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit (CGU) to which the asset belongs. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. The resulting impairment loss is recognised in the Statement of Profit and Loss. Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value

of money and the risks specific to the asset.

In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

Where an impairment loss subsequently reverses, the carrying amount of the asset or CGU is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or CGU in prior years. A reversal of an impairment loss is recognised in the Statement of Profit and Loss.

2.9 Government Grants (IND AS 20)

Government grants are recognized when there is reasonable assurance that the Company will comply with the conditions attached to them and that the grants will be received. When the grant relates to an expense item, it is recognised in the Statement of Profit and Loss by way of a deduction to the related expense on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognized as income on a systematic basis over the expected useful life of the related asset.

2.10 Taxes (IND AS 12)

Income tax expense represents the sum of tax currently payable and deferred tax. Tax is recognized in the Statement of Profit and Loss, except to the extent that it relates to items recognized directly in equity or in other comprehensive income.

a) Current Tax

Current tax includes provision for Income Tax computed under Special provision (i.e., Minimum alternate tax) or normal provision of Income Tax Act. Tax on Income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments/appeals.

b) Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences.

Deferred tax assets are generally recognised for all deductible temporary differences, unabsorbed losses and unabsorbed depreciation to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, unabsorbed losses and unabsorbed depreciation can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates

that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the balance sheet date. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

c) Minimum Alternate Tax (MAT):

MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the MAT credit becomes eligible to be recognised, it is credited to the Statement of Profit and Loss and is considered as (MAT Credit Entitlement). The Company reviews the same at each Balance Sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal Income Tax during the specified period. Minimum Alternate Tax (MAT) Credit are in the form of unused tax credits that are carried forward by the Company for a specified period of time, hence, it is presented as Deferred Tax Asset.

2.11 Employees Benefits (IND AS 19)

a) Employee Benefits

All employee benefits payable wholly within twelve months of rendering services are classified as short term employee benefits. Benefits such as salaries, wages, short-term compensated absences, performance incentives etc., are recognized during the period in which the employee renders related services and are measured at undiscounted amount expected to be paid when the liabilities are settled.

b) Post-employment obligations

The Company operates the following post-employment schemes:

- (i) Defined benefit plans such as gratuity and;
- (ii) Defined contribution plans such as provident fund.

(i) Defined benefit plans-Gratuity obligations

The liability or assets recognized in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligations at the end of the reporting period less the fair value of plan assets.

The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The benefits which are

denominated in currency other than INR, the cash flows are discounted using market yields determined by reference to high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Re-measurement gains and losses arising from experience adjustments and change in actuarial assumptions are recognized in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognized immediately in profit or loss as past service cost.

(ii) Defined contribution plans

The Company pays provident fund contributions to publicly administered funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognized as employee benefit expense when they are due.

2.12 Provisions, Contingent Liability and Contingent Assets (IND AS 37)

Disputed liabilities and claims against the company including claims raised by fiscal authorities (e.g. Sales Tax, Income Tax, Excise, GST etc.) pending in appeal / court for which no reliable estimate can be made and or involves uncertainty of the outcome of the amount of the obligation or which are remotely poised for crystallization are not provided for in accounts but disclosed in notes to accounts. However, present obligation as a result of past event with possibility of outflow of resources, when reliable estimation can be made of the amount of obligation, is recognized in accounts in terms of discounted value, if the time value of money is material using a current pre-tax rate that reflects the risk specific to the liability. No contingent asset is recognized but disclosed by way of notes to accounts.

2.13 Trade and Other Payables

These amounts represent liabilities for goods and services provided to the company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognized initially at their fair value and subsequently measured at amortized cost using the effective interest method.

2.14 Revenue Recognition (IND AS 18)

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account

contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Sale of Goods

Revenue from sale of goods is recognized, when all significant risks and rewards are transferred to the buyer, as per the terms of the contracts and no significant uncertainty exists regarding the amount of the consideration that will be derived from the sale of goods. It includes excise duty and excludes value added tax/sales tax/GST. It is measured at fair value of consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

Rendering of Services

Revenue from rendering of services is recognized as per the terms of the contract with customers when related services are performed and when the outcome of the transactions involving rendering of services can be estimated reliably.

Dividend Income

Dividend Income is accounted for when the right to receive the same is established, which is generally when shareholders approve the dividend.

Interest Income

Interest Income on financial assets measured at amortised cost is recognised on a time-proportion basis using the effective interest method.

Other Income

Other income is recognised when no significant uncertainty as to its determination or realisation exists.

2.15 Cash Flows and Cash and Cash Equivalents (IND AS 7)

Statement of cash flows is prepared in accordance with the indirect method prescribed in the IND AS 7. For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, cheques and drafts on hand, deposits held with Banks, other short term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and book overdrafts. However, Book overdrafts are shown within borrowings in current liabilities in the balance sheet for the purpose of presentation

2.16 Earnings per share (IND AS 33)

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- The profit attributable to owners of the Company
- By the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- The after 'income-tax' effect of interest and other financing costs associated with dilutive potential equity shares, and
- The weighted average number of additional equity shares that

would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.17 Segment Reporting (IND AS 108)

Based on "Management Approach" as defined in IND AS 108 – Operating Segments, the Management evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments.

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

2.18 Foreign Currency Transactions (IND AS 21)

In preparing the financial statements of the Company, transactions in foreign currencies, other than the Company's functional currency are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary assets and liabilities denominated in foreign currencies are translated at the rate prevailing at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency, are not retranslated.

Exchange differences on monetary items are recognised in the Statement of Profit and Loss in the period in which these arise except for:

- exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings; and
- exchange differences on transactions entered into in order to hedge certain foreign currency risks.

2.19 Fair Value Measurement (IND AS 113)

The Company measures financial instruments, such as investments (other than equity investments in Subsidiaries, Joint Ventures and Associates) and derivatives at fair values at each Balance Sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

In the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset

in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

2.20 Recognition of dividend income, interest income or expense

Dividend income is recognized in profit or loss on the date on which the company's right to receive payment is established.

Interest income or expense is recognized using the effective interest method. The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- the gross carrying amount of the financial asset; or
- the amortized cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortized cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortized cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

2.21 Events occurring after the balance sheet date (IND AS 10)

Assets and liabilities are adjusted for events occurring after the reporting period that provides additional evidence to assist the estimation of amounts relating to conditions existing at the end of the reporting period.

Dividends declared by the Company after the reporting period are not recognized as liability at the end of the reporting period. Dividends declared after the reporting period but before the issue of financial statements are not recognized as liability since no obligation exists at that time. Such dividends are disclosed in

the notes to the financial statements.

2.22 Financial Instruments (IND AS 109)

i. Recognition and initial measurement

All financial assets and financial liabilities are initially recognized when the Company becomes a party to the contractual provisions of the instrument.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

ii. Classification and subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at

- amortized cost;
- Fair Value through Other Comprehensive Income (FVOCI) – equity investment; or
- Fair Value Through Profit and Loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

On initial recognition of an equity investment that is not held for trading, the Company may irrevocably elect to present subsequent changes in the investment's fair value in OCI. (designated as FVOCI – equity investment). This election is made on an investment-by-investment basis.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. This includes all derivative financial assets. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI or at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial liabilities

Financial liabilities are classified as measured at amortized cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in profit or loss. Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in profit or loss. Any

gain or loss on de-recognition is also recognized in profit or loss

De-recognition

Financial assets

The company de-recognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the company enters into transactions whereby it transfers assets recognized on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

Financial liabilities

The company de-recognizes a financial liability when its contractual obligations are discharged or cancelled, or expire. The company also de-recognizes a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognized at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognized in profit or loss.

Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realize the asset and settle the liability simultaneously.

2.23 First time adoption of IND AS – Mandatory exceptions / Optional exemptions (IND AS 101)

Overall principle

The Company has prepared the opening balance sheet as per Ind AS as of April 1, 2017 (the transition date) by recognizing all assets and liabilities whose recognition is required by Ind AS, not recognizing items of assets or liabilities which are not permitted by Ind AS, by reclassifying certain items from Previous GAAP to Ind AS as required under the Ind AS, and applying Ind AS in the measurement of recognized assets and liabilities. However, this principle is subject to certain mandatory exceptions and certain optional exemptions availed by the Company as detailed below:

- De-recognition of financial assets and financial liabilities

The Company has applied the de-recognition requirements of financial assets and financial liabilities prospectively for transactions occurring on or after April 1, 2016 (the transition date).

- Classification of debt instruments

The Company has determined the classification of debt instruments in terms of whether they meet the amortised cost

criteria or the fair value through other comprehensive income (FVTOCI) criteria based on the facts and circumstances that existed as of the transition date.

2.24 Cash Dividend to Equity Holders of the Company:

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.25 Recent accounting pronouncements

In March 2018, the Ministry of Corporate Affairs (MCA) issued the Companies (Indian Accounting Standards) Amendment Rules, 2018, notifying Ind AS 115 - Revenue from Contract with Customers, Appendix B to Ind AS 21 - Foreign currency transactions and advance consideration and amendment to certain existing Ind AS.

These amendments shall be applicable to the Company from April 01, 2018.

The company will be adopting the amendments from their effective date.

(a) Issue of Ind AS 115 - Revenue from Contracts with Customers

Ind AS 115 will supersede the current revenue recognition guidance including Ind AS 18 Revenue, Ind AS 11 Construction Contracts and the related interpretations. Ind AS 115 provides a single model of accounting for revenue arising from contracts with customers based on the identification and satisfaction of performance obligations.

Application of above standard is not expected to have any material impact on the Company's Financial Statements.

(b) Appendix B to Ind AS 21 - Foreign currency transactions and advance consideration

The Appendix clarifies that the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the asset, expense or income (or part of it) is the date on which an entity initially recognizes the non-monetary asset or non-monetary liability arising from the payment or receipt of advance consideration towards such assets, expenses or income. If there are multiple payments or receipts in advance, then an entity must determine transaction date for each payment or receipts of advance consideration.

The impact of the Appendix on the financial statements, as assessed by the Company, is expected to be not material.

2.26 Research and Development

Expenditure on research is recognized as an expense when it is incurred. Expenditure on development which does not meet the criteria for recognition as an intangible asset is recognized as an expense when it is incurred.

Items of property, plant and equipment and acquired intangible assets utilized for research and development are capitalized and depreciated / amortized in accordance with the policies stated for Property, Plant and Equipment and Intangible Assets.

2.27 Goods and Service Tax / Service Tax input Credit:

Goods and Service tax / Service tax input credit is accounted for in the books in the period in which the underlying service received is accounted and when there is reasonable certainty in availing / utilising the credits.

46. Financial Risk Management - Objectives and Policies

The Company's financial liabilities comprise other than derivatives mainly of borrowings, trade payables and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets, other than derivatives, include trade and other receivables, other balances with banks, loans, investments and cash and cash equivalents that arise directly from its operations.

The Company's activities are exposed to Credit risk, Liquidity Risk and Market risk.

The Board of directors of the Company are overall responsible for the establishment and oversight of the company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

The Company's audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

46.1 Credit Risk Management

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the company's receivables from customers and loans. The carrying amounts of financial assets represent the maximum credit risk exposure.

Trade receivables and loans

The company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base. The company has established a credit policy under which each new customer is analyzed individually for creditworthiness before the company's standard payment and delivery terms and conditions are offered. Sale limits are established for each customer and reviewed quarterly. Any sales exceeding those limits require approval from the management of the company.

The company limits its exposure to credit risk from trade receivables by establishing a maximum payment period of 120 days for customers. More than 85% of the company's customers have been transacting with the company for over four years, and none of these customers' balances are credit-impaired at the reporting date.

Confirmation of balances from Debtors & Loans and Advances have been received and the same is being reconciled.

Cash and cash equivalents

The company holds cash and cash equivalents of ₹ 393.19 Lakhs at March 31, 2018 (March 31, 2017: ₹364.09 Lakhs). The cash and cash equivalents are held with bank and cash on hand.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED ON MARCH 31, 2018

46.2 Liquidity Risk

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation. The company uses process costing to cost its products, which assists it in monitoring cash flow requirements and optimizing its cash return on investments.

46.3 Market risk

Market risk is the risk that changes in market prices – such as foreign exchange rates and interest rates – will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

46.4 Interest rate risk

Interest rate risk is the risk that fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize the company's position with regards to the interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

The company is not exposed to significant interest rate risk as at the specified reporting date.

46.5 Foreign currency risk

The company operates internationally and is exposed to currency risk on account of its receivables in foreign currency. The functional currency of the company is Indian Rupee. The company uses forward exchange contracts to hedge its currency risk, most with a maturity of less than one year from the reporting date.

The company does not use derivative financial instruments for trading or speculative purposes.

47. Capital management

For the purposes of the Company's capital management, capital includes issued capital and all other equity reserves. The primary objective of the Company's Capital Management is to maximise shareholder value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirement of the financial covenants.

The company monitors capital using gearing ratio, which is net debt divided by total equity plus debt.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED ON MARCH 31, 2018

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest bearing loans and borrowing in the current period.

As at March 31, 2018, the Company has only one class of equity shares. No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2018 and March 31, 2017.

48. In the opinion of the Board, the current assets, loans and advances are approximately of the value stated in the balance sheet, if realised in the ordinary course of the business. Provision for depreciation and all known liabilities have been made in accounts.

49. In terms of Ind As 36 – Impairment of Assets issued by ICAI, the management has reviewed its fixed assets and arrived at the conclusion that impairment loss which is difference between the carrying amount and recoverable value of assets, was not material and hence no provision is required to be made.

50. Financial Instruments - Fair Values & Risk Management

50.1 Accounting Classifications & Fair Value Measurements

The fair values of the financial assets and liabilities are measured at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

All financial instruments are initially recognized and subsequently re-measured at fair value as described below :

1. The fair value of investment in quoted equity shares and mutual funds is measured at quoted price or NAV.
2. Fair values of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short-term maturities of these instruments.
3. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on the evaluation, allowances are taken to account for the expected losses of these receivables.
4. The fair value of forward foreign exchange contracts and currency swaps is determined using forward exchange rates and yield curves at the balance sheet date.
5. The company uses the following hierarchy for determining and disclosing the fair values of financial instruments by valuation technique:

Level 1 : Quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 : Inputs other than the quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.

51. First time adoption of IND AS

The Company has prepared financial statements for the year ended March 31, 2018 are the first financial statements prepared by the company in accordance with Ind AS. For periods up to and including the year ended March 31, 2017, the company prepared its financial statements in accordance with accounting standards notified under Section 133 of the Companies Act, 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Previous GAAP).

Accordingly, the company has prepared financial statements which comply with Ind AS applicable for periods ending on or after March 31, 2018, together with the comparative period data as at and for the year ended March 31, 2017, as described in the summary of significant accounting policies. In preparing these financial statements, the Company's opening balance sheet was prepared as at April 1, 2016, the Company's date of transition to Ind AS. This note explains the principal adjustments made by the Company in restating its Indian GAAP financial statements, including the balance sheet as at April 1, 2017 and the financial statements as at and for the year ended March 31, 2017. The transition to Ind-AS has resulted in changes in the presentation of the financial statements, disclosures in the notes, accounting policies and principles.

Exemptions availed on first time adoption of Ind-AS 101:

Ind-AS 101 allows certain optional exemptions and mandatory exemptions on first time adoption of Ind-AS from the retrospective application of certain provisions of Ind-AS. The Company has accordingly applied the following exemptions:

A. Ind AS optional exemptions:

Deemed Cost for Property, Plant and Equipment and Intangible Assets

Ind-AS 101 permits, a first time adopter to elect to continue with the carrying values for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind-AS 38 and Investment properties covered by Ind-AS 40. Accordingly, the Company has elected to measure all of its Property, Plant and Equipment, Investment Properties and Intangible Assets at their previous GAAP carrying value.

B. Ind AS mandatory exceptions:

Estimates

An entity's estimates in accordance with Ind-AS at the date of transition to Ind-AS shall be consistent with estimates made for the same

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED ON MARCH 31, 2018

date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is an objective evidence that those estimates were in error. Ind-AS estimates at April 1, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP.

Classification and measurement of financial assets

Ind-AS 101 requires an entity to assess classification and measurement of financial assets (investment in debt instruments) on the basis of the facts and circumstances that exist at the date of transition to Ind-AS.
