15. Members may note that the Income Tax Act, 1961, as amended by the Finance Act, 2020, mandates that dividend paid or distributed by a Company after April 01, 2020 shall be taxable in the hands of the Shareholders. The Company shall, therefore, be required to deduct Tax at Source (TDS) at the time of making payment of Final Dividend, if declared by the Shareholders. In order to enable the Company to determine the appropriate TDS rate as applicable, Members are requested to submit the documents in accordance with the provisions of the Income Tax Act, 1961.

Notice (Contd..)

- a) For Resident Shareholders, TDS shall be deducted under Section 194 of the Income Tax Act, 1961 at rate in force (at present 10%) on the amount of Dividend declared and paid by the Company for the Financial Year 2021-22, provided Permanent Account Number (PAN) is registered by the Shareholder. If PAN is not registered, TDS would be deducted at rate in force (at present 20%) as per Section 206AA of the Income Tax Act, 1961.

However, no tax shall be deducted on the Dividend payable to a resident individual if the total dividend to be received by such resident individual during the Financial Year 2021-22 does not exceed ₹ 5,000/-. Please note that this includes future dividends, if any, which may be declared by the Company during the Financial Year 2021-22. Separately, in cases where a Shareholder provides Form 15G (applicable to any resident person other than a company or a firm) / Form 15H (applicable to a resident individual above the age of 60 years), provided that the eligibility conditions are being met, no TDS shall be deducted.

- b) For Mutual Fund Shareholders, TDS is exempt under Section 10(23D), provided Mutual Funds provide SEBI Registration / Central Board of Direct Taxes (CBDT) notification and a declaration that their income is exempt under Section 10(23D) of the Income Tax Act, 1961.
- c) For Foreign Institutional Investors (FII) / Foreign Portfolio Investors (FPI), tax will be deducted under Section 196D of the Income Tax Act, 1961, at applicable rate, including surcharge and cess.
- d) For Other Non-Resident Shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 of the Income Tax Act, 1961, at the rates in force. However, as per Section 90 of the Income Tax Act, 1961, the Non-Resident Shareholder has the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) between India and the country of tax residence of the Shareholder, if they are more beneficial to them. For this purpose, i.e., to avail the Tax Treaty benefits, the Non-Resident Shareholder will have to provide the following:
- Self-attested copy of Tax Residency Certificate (TRC) obtained from the tax authorities of the country of which the Shareholder is resident;
 - Self-declaration in Form 10F;
 - Self-attested copy of the Permanent Account Number (PAN) Card allotted by the Indian Income Tax authorities;
 - Self-declaration, certifying the following points:
 - i. Member is and will continue to remain a tax resident of the country of its residence during the Financial Year 2021-22;
 - ii. Member is eligible to claim the beneficial DTAA rate for the purposes of tax withholding on dividend declared by the Company;
 - iii. Member has no reason to believe that its claim for the benefits of the DTAA is impaired in any manner;
 - iv. Member is the ultimate beneficial owner of its shareholding in the Company and dividend receivable from the Company; and
 - v. Member does not have a taxable presence or a permanent establishment in India during the Financial Year 2021-22.

Please note that the Company is not obligated to apply the beneficial DTAA rates at the time of tax deduction / withholding on dividend amounts. Application of beneficial DTAA rate shall depend upon the completeness and satisfactory review by the Company, of the documents submitted by Non- Resident Shareholder.

16. Shareholders may make an online submission of Form 15G / 15H and Form 10F, along with the requisite supporting documents as mentioned above, as applicable, on the website of M/s. Bigshare Services Pvt. Ltd. (at www.bigshareonline.com). The Shareholders may also download these forms from RTA's website and send physical copies of the duly filled forms/documents to RTA's Registered Office at Office No S6-2, 6th Floor, Pinnacle Business Park, Next to Ahura Centre, Mahakali Caves Road, Andheri (East) Mumbai – 400093, Maharashtra, India. The aforesaid declarations and documents need to be submitted by the Shareholders on or before Monday, September 05, 2022 by 11.59 p.m. (IST) to M/s. Bigshare Service Pvt. Ltd. It may please be noted that Forms received after the said date and incomplete or incorrect forms shall not be considered and shall not be eligible for non-deduction or lower deduction of tax.
17. It may be further noted that in case the tax on said dividend is deducted at a higher rate in absence of receipt of the aforementioned details / documents from a Shareholder, there would still be an option available with such Shareholder to file the return of income and claim an appropriate refund, if eligible.

The Company/RTA shall arrange to e-mail the soft copy of TDS certificate to a Shareholder on its registered email ID in due course, post payment of the said Dividend.

| Notice | <p>18. Shareholders can avail the facility of nomination in respect of shares held by them in physical form, pursuant to the provisions of Section 72 of the Companies Act, 2013 read with the Rules framed thereunder. Members desiring to avail of this facility may send their nomination in the prescribed Form No. SH-13 duly filled in to M/s. Bigshare Services Pvt. Ltd. Members holding in electronic form may contact their respective Depository Participants for availing this facility.</p> |
| Directors' Report | <p>19. The Securities and Exchange Board of India ("SEBI") has made it mandatory for all listed companies to use the Bank Account details furnished by the Depositories and the Bank Account details maintained by the RTA for payment of Dividend through Electronic Clearing Service (ECS) to investors wherever ECS and Bank details are available. In the absence of ECS facilities, the Company will print the Bank Account details, if available, on the payment instrument for distribution of Dividend. The Company will not entertain any direct request from Members holding shares in electronic mode for deletion of / change in such Bank Account details. Further, Instructions if any, already given by them in respect of shares held in physical form will not be automatically applicable to shares held in the electronic mode. Members who wish to change such Bank Account details are therefore requested to advise their Depository Participant(s) about such change, with complete details of Bank Account.</p> <p>20. Shareholders holding the shares in electronic mode may please note that their dividend would be paid through National Electronic Clearing System (NECS) or Electronic Clearing Services (ECS) at the available RBI locations or NEFT. The dividend would be credited to their bank account as per the mandate given by the Shareholders to their Depository Participant(s). In the absence of availability of NECS/ECS/NEFT facility, the dividend would be paid through warrants and the Bank details as furnished by the respective Depositories to the Company will be printed on their dividend warrants as per the applicable Regulations. For Shareholders who have not updated their bank account details, Dividend Warrants / Demand Drafts will be sent to their registered addresses upon normalization of the postal services.</p> |
| Annexures to Directors' Report | <p>21. Shareholders are requested to send their Bank Account particulars (viz. Account No., Name & Branch of the Bank and the MICR Code) to their Depository Participants (DPs) in case the shares are held in electronic mode or to Bigshare Services Pvt. Ltd., the Registrar and Share Transfer Agent in case the shares are held in physical mode for printing on dividend warrant to ensure that there is no fraudulent encashment of the warrants.</p> <p>22. The Securities and Exchange Board of India (SEBI) has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in dematerialized form are, therefore, requested to submit their PAN to the Depository Participant(s) with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to Bigshare Services Pvt. Ltd.</p> <p>23. Shareholders holding shares in electronic form are hereby informed that bank particulars registered against their respective depository accounts will be used by the Company for payment of dividend. For the safety and interest of the Shareholders, it is important that bank account details are correctly provided to the Depository Participants and registered against their demat account.</p> |
| Standalone Financial Statements | <p>24. Shareholders holding shares in physical mode, who have not provided the information regarding bank particulars, are requested to register/update their Bank details (e.g. name of the bank and the branch, bank account number, 9 digits MICR number, 11 digit IFS Code and the nature of account) online with Bigshare on its website (at www.bigshareonline.com) along with the copy of the signed request letter mentioning the name and address of the Shareholder, scanned copy of the Share Certificate (front and back), self-attested copy of the PAN Card, and self-attested copy of any document (eg.: Driving License, Election Identity Card, Passport) in support of the address of the Shareholder along with a copy of latest cancelled cheque with the Shareholder's name. Shareholders holding shares in electronic mode are requested to register their Bank details with the relevant Depository Participant.</p> <p>25. SEBI has mandated those securities of listed companies can be transferred only in dematerialized form from April 01, 2019, except in case of transmission and transposition of securities. In view of the same and to avail various benefits of dematerialization, Shareholders are advised to dematerialize shares held by them in physical form and for ease in portfolio management. Shareholders can contact the Company or Bigshare Services Pvt. Ltd. for assistance in this regard. Shareholders holding shares in more than one folio in the same name(s) are requested to send the details of their folios along with share certificates so as to enable the Company to consolidate their holding into one folio.</p> |
| Consolidated Financial Statements | <p>26. The Board of Directors have appointed Mr. Shashank Ghaisas (Membership No. FCS F11782) Partner of M/s. AVS & Associates, Practicing Company Secretaries as the Scrutinizer to scrutinize the votes cast through the e-voting system at the meeting and remote e-voting process in a fair and transparent manner.</p> <p>27. The Scrutinizer shall submit his report to the Chairman of the Meeting or any person authorized by him within 48 hours of the conclusion of the AGM. The Results declared along with the report of Scrutinizer shall be placed on the website of the Company www.indoaminesltd.com and on website of CDSL immediately after declaration of results by the Chairman or person authorized by him in this behalf. The Company shall simultaneously forward the results to BSE Limited and National Stock Exchange of India Limited, where the shares of the Company are listed.</p> |

Notice (Contd..)

28. The Members, whose names appear in the Register of Members / list of Beneficial Owners as on Monday, September 05, 2022 ("Cut-off date"), are entitled to avail the facility of remote e-voting as well as e-voting system as on the date of the AGM. Any recipient of the Notice, who has no voting rights as on the Cut-off date, shall treat this Notice as intimation only.
29. The Company has fixed Monday, September 05, 2022 as the 'Record Date' for determining entitlement of members to final dividend for the financial year ended March 31, 2022, if approved at the 29th AGM. If the final dividend, as recommended by the Board of Directors, is approved at the 29th AGM, payment of such dividend subject to deduction of tax at source will be made on or before Wednesday, 12th October, 2022.
30. A person who has acquired the shares and has become a member of the Company after the dispatch of the Notice of the 29th AGM and prior to the Cut-off date i.e. Monday, September 05, 2022 shall be entitled to exercise his/her vote either electronically i.e. remote e-voting or e-voting system on the date of the AGM by following the procedure mentioned below.
31. The remote e-voting period will commence at 9.00 a.m. on Friday, September 09, 2022 and will end at 5.00 p.m. on Sunday, September 11, 2022. In addition, the Members attending the 29th AGM who have not cast their vote by remote e-voting shall be eligible for e-voting at the 29th AGM. The Members desiring to vote through remote e-voting are requested to refer to the detailed procedure given hereinafter.
32. The Register of Directors and Key Managerial Personnel and their Shareholding maintained under Section 170 of the Companies Act, the Register of Contracts or Arrangements in which Directors are interested maintained under Section 189 of Companies Act, and all other documents referred to in the Annual Report, will be available in electronic mode. Members can inspect the same by sending an email to shares@indoaminesltd.com
33. **Instructions to members for Remote E-voting:**

- (i) The voting period begins at 9.00 a.m. on Friday, September 09, 2022 and will end at 5.00 p.m. on Sunday, September 11, 2022. During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date of Monday, September 05, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders /retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iii) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings for Individual shareholders holding securities in Demat mode is given below:

Annexures to Directors' Report (Contd..)**Annexure III****Management Discussion And Analysis Report****GLOBAL ECONOMY OVERVIEW**

After a long war against the COVID-19 virus and its new strains, the world economy is gradually reviving. After a contraction of 3.50% in 2020, global Real Gross Domestic Product rebounded and reached its pre-pandemic peak in the second quarter of 2021. The global economy grew by 5.90% in 2021 – the most robust post-recession growth pace recorded in 80 years. However, the recovery was uneven amid unequal COVID-19 vaccine access and differences in policy support across the globe. Growth in developed economies was registered at 5.00% in 2021, driven by a strong recovery in the US while the GDP in the emerging markets grew by 6.50%, driven by China and India. The world's economic progress was thwarted by the spread of Omicron, although its impact was short-lived. The outlook is clouded by the ongoing geopolitical tension between Russia and Ukraine. Disruptions, sanctions and higher commodity, fuel and food prices bear the potential of troubling global value chains. Global supplies are at risk and seem unlikely to be rescinded any time soon. The world economy is expected to slow a little with the GDP growth expected to drop to 4.1% in 2022. (Source: World Economic Outlook (imf.org))

INDIAN ECONOMY OVERVIEW

The impact of the pandemic has mainly been disruptive in terms of economic activities and the loss of human lives. With most sectors adversely affected, the economy witnessed a contraction of 7.30% during 2020-21. Both the Central and State Governments came out with a series of responses to protect lives and livelihoods, improve healthcare facilities, ramp up vaccinations, and undertook measures for social protection. Economic reform packages were also announced to quickly bring the economy back on its growth course. As a result, GDP growth of India has rebounded to 8.7% in 2021-22. India's underlying economic fundamentals are strong, and despite the short-term turbulence, the impact on the long-term outlook is expected to remain marginal. The economic resurgence was fueled by timely fiscal and policy-led support by the Government, vaccination drives across urban, semi-urban and rural India and supported by the private sector which continued to operate while adhering to Covid-protocols and restrictions. India witnessed a gradual resumption of economic activity. Agriculture and allied services increased by 3.9%, the Industrial segment increased by 11.8% as did the services sector which grew by 8.2%. Majority of the High-Performance Indicators crossed their pre-covid benchmark which reflected a more holistic economic recovery. India's merchandise exports increased to a record \$419.65 billion, but imports increased higher to \$611.89 billion, leaving a deficit of \$192.24 billion. India's total tax revenue in FY22 scaled by 34% to C27.07 lakh crore in FY22 – it was even higher than the budget estimate for FY22. India's sovereign rating outlook by Moody's to "Stable" from "Negative" and affirmed the country's rating at "Baa3". Moreover, several spillover effects of geopolitical conflicts between Russia and Ukraine are likely to enhance India's status as a preferred alternate investment destination. A growing number of global in-house centers and multinationals are preferring India over Eastern European markets (especially those that are on the borders of Ukraine) to shift their current operations or open new facilities. In keeping with the prevailing volatility and inflationary pressures, the Government has to rework on its estimates keeping in view all possibilities of the on-going war, its duration and its impact on Indian economy. The Reserve Bank of India has reduced its estimate for the India's GDP growth in FY23 – to 7.2% from the earlier 7.8%. (Source: World Bank & RBI)

GLOBAL CHEMICAL INDUSTRY:

The global chemical industry outlook in 2022 is expected to be cautiously optimistic. The industry grew ~6% in FY 2021-22 driven by strong demand recovery post pandemic and gradual easing of supply chains towards the end of the year. In 2022, the industry faces pressure from rising inflation (increase in energy and raw material costs), supply chain disruptions, ongoing geopolitical tensions and conflict in Europe. While risks to the global economy remain, the global chemical industry is expected to grow in 2022 mainly led by Asia and America. Brazil, China, India and South-East Asian countries ('SEA') will emerge as the fastest-growing markets due to the rise in pent-up demand. The US Chemical Industry will continue to recover following the pandemic recovery and supply chain recovery. The European Chemical Council estimates that the output will slow down due to sharp rise in energy prices and continued supply chain disruptions caused by sanctions. The Association of the German Chemical Industry (VCI) forecasts that in 2022 production of chemicals (excluding pharmaceuticals) in Germany will increase by 1.5%. The output growth of Chemical Industry is mainly supported by the continued recovery of the global economy and rising demand in downstream sectors. Most forecasts note that the expected recovery in the automotive industry, along with growth in the agriculture, construction, consumables, consumer durables and health and nutrition sectors, should underpin global chemical demand. A key feature of the global chemicals market is the shifting nature of its value streams, driven by demand for new products in a range of industries i.e. materials for microelectronics, advanced materials for construction applications, recycling technologies, Electric Vehicles (EV) and solar applications and new solvent cleaning technologies. Most of the sub sectors are expected to grow in 2022 with Agrochemicals at ~2.3%, Consumer Chemicals ~3%, Inorganic Chemicals ~3.9%, Bulk Petrochemicals and Organic Chemicals ~3.8% and Specialty Chemicals at ~4%.

Sustainability has increasingly become a focus for the chemical industry and many companies are responding with shift to green chemistry and commitments to decarbonisation, recycling and resource recovery. Large companies are leading the way to net-zero greenhouse gas emission commitments. Initiatives such as European plastic tax and green hydrogen stimulus packages in the US, Canada and Europe are accelerating the adoption of sustainable practices and goals. Industry players are showing heightened focus

on new and innovative technologies such as Carbon Capture and Utilization (CCU). In addition, companies continue to advance work on chemical recycling, green hydrogen, etc. These will boost usage of renewables, improve energy efficiency, reduce emissions and create new market for carbon and other by-products as part of an increasingly circular economy. Chemical companies are likely to focus on repositioning their asset portfolios and balancing trade-offs between different strategic options with critical considerations such as scale, the scope of products and growth opportunities. To deliver strong growth and improve financial performance, firms may consider looking into few activities like investment in high value added opportunities, consumer preference, etc. **(Source: Various industry reports (Deloitte Chemical Industry Outlook 2022, C&EN World Chemical Outlook, etc.)**

INDIAN CHEMICAL INDUSTRY:

The Indian Chemical industry has a huge role to play to make India a US \$5 trillion economy by contributing around US \$300 billion to the GDP by 2025. The industry is growing with CAGR of 9.3% and is expected to attract investments of ₹ 8 lakh crore by 2025. As the sector plays a significant role in enabling the growth of the Indian economy, the country needs to build a competitive landscape for the chemical industry. Already facing contracting gross margin due to soaring raw material cost and increasing operating costs due to higher freight during the second half of 2021, Indian chemical industry is re-orienting its strategy to regain the lost ground. The opportunities are knocking the door as US is likely to slap investment and export sanctions against more Chinese chemical companies. This will result in a shift for chemical majors to explore reliable alternative. According to industry experts, this emerging scenario has created grand opportunities for Indian chemical companies that are well positioned to benefit from this shift and garner a major chunk of the pie. Indian chemical industry should also experience increased capital expenditure as major players have focused on building capacity and expanding their reach into new and emerging markets. While the growth of the Indian chemical industry is on the right trajectory, these companies will also have to focus on sustainability and decarbonisation. This becomes more necessary as the US and European Union are speeding up sustainability for the chemical industry and Indian chemical companies will have to align themselves with the sustainability goals. Most of these companies have already charted out their plans for increased investment in green, recycling technology, R&D, digitization etc to achieve their sustainability goals. On the policy front, Production Linked Incentives (PLI) is a good measure as it incentivizes the industry to quickly put up investment and start commercializing sales. Chemical industry also needs to be incentivized to push making India a global manufacturing hub. **(Source : IBEF Chemicals Industry Report February 2022)**

INDUSTRY STRUCTURE AND DEVELOPMENT:

Your company is a global manufacturers and suppliers of Fine & speciality chemicals. Your Company is one of the leading players in the industry which has a balanced portfolio of technical along with backward integration for some products. Availability of technically trained manpower, seasonal domestic demand and production capacities for generics built to cater to overseas markets are the other reasons for strong exports. Exports account for more than 57% of the company production. Your Company is a leading manufacturer of Specialty Chemicals with diversified end uses into Agrochemicals, Pharmaceuticals, High Performance Polymers, Paints, Pigments, Printing Inks, Rubber Chemicals, Additives, Surfactants, Dyes, Flavors & Fragrances, Home & Personal Care applications, etc. Your Company makes continuous efforts to explore and innovate new products & processes in all segments. This diversified end-user base helps the Company to reduce its risk from downturn in any individual business segment and also to capitalize on the growth opportunities in each of the end-user segments. With setting up new manufacturing facilities in Dhule (Maharashtra) your company will be able to expand its market share in the specialty chemicals. The Company had upgraded its various manufacturing units into Zero Liquid Discharge Units (ZLD) and also has put in place various processes to control/limit generation of effluents and improve the treatment of the same. As part of the Risk Management policy, the relevant parameters for all manufacturing sites are analyzed to minimize risk associated with protection of environment, safety of operations and health of people at work and monitored regularly with reference to statutory regulations and guidelines defined by the Company. The Company fulfills its legal requirements concerning emission, waste water and waste disposal. Improving work place safety continued to be top priority at all manufacturing sites. OPPORTUNITIES & THREATS:

The Chemical Industry is critical for the economic development of our country providing products and enabling technical solutions in virtually all sectors of the economy. The demand for our products is steadily increasing both in India and abroad. Key drivers for success in the chemical sector include proximity to strong growth markets, greater ease in doing business and the continued development of petroleum, chemicals and petrochemical investment. Your Company is ready to take the challenges of increased demand by continuously adding capacities, adding new products and investing in upgradation of its manufacturing capacities. The in-house R&D Department has been developing quality products and is also striving for achieving cost efficiencies. The industries in which our products have application are growing at a reasonable pace. We have a fair chance of improving our position as a reliable supplier of good quality chemicals to these industries. Our Core Competence in chemical handling and manufacturing supported by an able technical team, should provide a lot of opportunities and scope to the company to improve its performance. We enjoy leadership position in some of the products in domestic market, driven by strong in-house technology, diversified product portfolio and customer base. The commodity nature of some of our products makes them susceptible to fluctuations in raw material prices and exchange rates. Petroleum based raw materials are subject to international gas/crude oil price fluctuation. Being a global player, we are also exposed to competition not only from domestic players but also large international players. Cheap imports have posed problems, which are being addressed by consistency in quality of the products and improving production efficiencies and also by initiating anti-dumping investigations.

SPECIALITY CHEMICALS:

Specialty Chemicals is one of the fastest-growing industries in India, known worldwide for its quality, compliance, raw material availability, and skilled labour. Specialty Chemicals account for 22% of India's entire Chemicals and Petchem market. The Indian Specialty Chemicals market is expected to increase at a CAGR of 12.40%, from US\$ 32 billion in 2019 to US\$ 64 billion by 2025. Various factors that are expected to support growth in the Specialty Chemicals segment, including tailwinds from global supply shifts and a recovery in demand from the end-user industry. Chemical companies are betting big on Specialty Chemicals as they present tremendous export opportunities in the open market. The demand for sustainable and environment-friendly products is gradually increasing, allowing businesses to capitalize on the opportunities created by this trend. Skilled labour, cost effectiveness, quality, and knowledge help Indian manufacturers stand out in such conditions (Source: <https://www.crisil.com>)

INTERNAL CONTROL SYSTEMS:

The Company has comprehensive internal control systems commensurate with the nature of its business and size and complexity of its operations. They provide reasonable assurance on effectiveness and efficiency of its operations, reliability of financial reporting and compliance with the applicable laws and regulations. The internal control systems that deploy an amalgam of modern and traditional processes are routinely tested and upgraded for both design and operational effectiveness by the Management and the same is audited by the Statutory Auditors. The Company has an in-house Internal Audit department which includes professionals from finance, data analytics and engineering disciplines and is also working with reputed audit firms specializing in internal audits and assurance domain. The annual internal audit plan is reviewed and approved by the Audit Committee in beginning of the financial year to ensure adequate coverage. Together, they have the responsibility to bring in excellence in the function, continuously identify areas of operations requiring strengthening and introduce best processes and practices to manage a growing business which comprises subsidiary, joint venture and associate entities. The Company has further strengthened its Internal Audit department for improved focus on retail processes, data analytics and technical audit. Progress of internal audit plan, significant observations noted during internal audits and status of identified actions and recommendations are reviewed by the Management periodically and by the Audit Committee on quarterly basis.

RESEARCH AND DEVELOPMENT (R&D):

Over the years, the company has launched several new products by establishing an DSIR approved In-House R&D unit that innovates products and helps to attain better production efficiencies. We have a dedicated team of experienced scientists who provide us with a strong base for introducing new products, and process development, quality, safety standards and environmental protection. We will continue to invest towards technological development that not only improves our product and process, but also helps us to minimize the impact of climate change.

INDUSTRIAL RELATIONS:

The company maintains very cordial & healthy industrial relationship. Company undertakes various measures to get view of the employees on safety, performance improvements, employee benefit schemes etc. This ensures employees participation in the day to day operations of the company. Imparts training both internal & external to its employees which keeps them refresh with the new changes taking place & improves their efficiency. Your Company is continuously striving to create appropriate environment, opportunities and systems to facilitate identification, development, and utilization of their full potential and inculcating a sense of belongingness. Your Company's industrial relations continued to be cordial & harmonious during the year under review.

HUMAN RESOURCES:

Your Company is a strong proponent of the belief that its people are an organization's most valuable resource. Our human resources (HR) department is in charge of effectively managing our workforce. Since the COVID-19 outbreak in 2020, companies the world over have faced the unique challenge of ensuring the health and safety of their employees while maintaining business continuity. As a result, meaningful touch points with the workforce have become the need of the hour. Your Company too launched a unique Employee Wellbeing and Assistance programme under the employee engagement platform, Enable | Engage | Empower. This included employee counselling and well-being programmes, self-help tools and the like. These programmes have continued to help our employees immensely and also strengthen their morale and bonding in the current year. The Company also continued to conduct virtual Connect sessions (Managing Director's town hall) with various sets of employees to ascertain the work-from-home and pandemic-related challenges faced by them. In addition, we organized vaccination drives for employees and their families to ensure that they were protected from the second wave of the pandemic that hit the country during the year. We also implemented all Covid-safety behavior and protocols while managing the return to the workplace after a significant gap. Moreover, we undertook significant initiatives such as long service awards and training and development sessions to motivate and retain our talented workforce. We also continued to maintain a cordial and amicable relationship with workers at all our sites. The total number of employees on the rolls of the Company, as on March 31, 2022, was 512 as against 458 on March 31, 2021.

Your Directors wish to acknowledge the sincere and dedicated efforts of the employees of the company and would like to thank them for the same.

SAFETY, HEALTH & ENVIRONMENT:

Industrial safety is being considered as very important aspect. At each location one person is specifically designated to see that proper rules of safety are observed & no compromise is made from safety angle. Periodically industrial safety seminar is organized to train employees on safety rules. We conduct safety audit both internal & external to trace out any loop holes from safety point of view and the changes, new measures recommend is implemented on priority. All safety equipment's such as fire extinguisher, sparklers etc. are always keep in proper condition. There were no major accidents during the year under review.

POLLUTION CONTROL MEASURES:

Your company is very sensitive towards environment & pollution control. The Company sets a strong focus on continuously steering its environmental performance towards increased sustainability and setting new environmental benchmarks though leading edge operations and innovation. With our vision to become climate neutral by 2050, we have set ourselves ambitious targets that allow us to measure our success based on clearly defined metrics and milestones. All sites undergo a regular aspect, impact review of their environmental and necessary control measures are implemented to the mitigate and control the possible impacts. The sites stringently monitor and ensure compliance with all the State Pollution Control Board requirements. Additionally, Company has set up the goal to achieve implementation of sustainable water management systems at all sites in areas of high-water stress. A water risk assessment annually is conducted to identify sites located in water risk regions and measures required to mitigate the risks. The Company has undertaken sustainable initiatives on clean technology, energy efficiency, renewable energy, etc. We have identified savings potential through detailed analysis of energy consumption across operations and oversees all forms and usages of energy at the Company – electricity, heating and cooling, steam, natural gas, nitrogen. By implementing this program, many improvement projects are being identified to optimize our energy usage across all sites. Some of them are as under: -

- Agro-Mass Briquettes, being the most economical fuel, are used to produce 95% of steam required on site
- VFD installation for pumps, blowers etc.
- Improvement of cooling water supply system efficiency
- Use of transparent roof sheets and Solar Tubes for natural lights thereby leading to reduction in energy consumption
- Increased usage of energy efficiency of new equipment's

Annexures to Directors' Report (Contd..)

- Use of Turbo Ventilators for extraction of heat from the building
- Use of LPG instead of Furnace oil for clean environment.

The Company's emissions, effluents and wastes are within the permissible limits set by State Pollution Control Boards of respective States.

RISKS & CONCERNS:

Business is all about taking risks with the objective of capitalizing on emerging opportunities. As such, INDO AMINES LIMITED takes calculated risks in identifying the products and processes which are commensurate with present industry standards. The Company identifies risks which could impact business operations and address them ahead of time leveraging root cause analysis. The Company focuses on early identification of probable risks based on the dynamic and evolving external ecosystem and believes in mitigating risk early with the objective of minimizing business disruptions. The Audit Committee and Management team work in tandem to identify the risks and mitigate them. Following are some of the major risks and migratory responses for the Company: -

1) Environmental Risk :

Change in climate plays an essential role in driving the Company's business. The demand for the Company's various products is highly based on climatic changes. Your Company manufactures Specialty Chemicals, which exposes it to significant environmental concerns. Effluent discharge, hazardous pollutants, inappropriate waste management, and resource depletion are only a few of the primary risks that the Company's business is exposed to.

Mitigation Measure :- Your Company has built a long-term business with decades of experience by adhering to all the applicable rules and regulations. The Company ensures that all of its operations and environmental responsibilities are taken good care of. The Company has invested in environmentfriendly methods that include 'Zero Discharge Plant' and moved towards utilization of bio fuel energy and is further adding more to grow its sustainable footprints while being responsible.

2) Changes in Government Policies :

The Company's business and decision making may get affected due to certain Government interventions and new policies. The Company follows established regulations but the risk of the Company's products failing to meet compliance standards can negatively impact its business operations and sales.

Mitigation Measure :- Your Company enjoys a strong global presence and a rich clientele across Home, Personal Care and Performance Chemicals, Textiles, Agro chemicals, etc. The Company proactively ensures that its business follows all the regulatory standards, financial frameworks and conducts audit at periodical intervals.

The Company has aligned its policy on risk assessment to that of the global approach and risk assessment reports are reviewed at regular intervals. The Company has also adopted a focused approach toward risk management in the form of a corporate insurance program. The goal of this program is to optimize the financing of insurable risks by using a combination of risk retention and risk transfer. The program covers all potential risks relating to the business operations of the Company at its various locations. As part of the global policy, the relevant parameters for all manufacturing sites are analyzed to minimize the risk associated with the protection of the environment, the safety of operations, and the health of people at work. These are then monitored regularly concerning statutory regulations prescribed by government authorities and guidelines defined by the group. The Company fulfills its legal requirements concerning emission, wastewater, and waste disposal. Improving workplace safety continues to be the top priority at all manufacturing sites. The Company continues its focus on compliance in all areas of its business operations by rationalizing and strengthening controls. This is also an important component of our Code of Ethics. The Company has set in place the requisite mechanism for meeting the compliance requirements and periodic monitoring to avoid any deviation. We aim to set exemplary and sustainable standards, not only through products, services, and performance but also through integrity and behavior. As part of continuing efforts to ensure that we maintain such exemplary standards and to provide employees with a good understanding of the Anti-Trust/Competition laws, we have launched and imparted training on the aforesaid topics. The business operations of the Company are exposed to a variety of financial risks such as market risk (foreign exchange risk, interest rate risk, and price risk), credit risk, liquidity risk, etc. The risk management program focuses on the unpredictability of financial markets and seeks to reduce potential adverse effects on financial performance. The Company's business - critical software is operated on a server with regular maintenance and backup of data and is connected to a centralized computer center with physically separated server parks operated by the group. The system's parallel architecture overcomes failures and breakdowns. The global communication network is managed centrally and is equipped to deal with failures and breakdowns.

CORPORATE SOCIAL RESPONSIBILITIES:

OUTLOOK:

The Company has established a leading position in domestic market and a presence in international market with a reputation for reliable service and quality products. For the financial year 2022-23, our focus will continue on sustainable growth by taking measures for increasing our market share of existing products and also introducing new products. Increased competition from global and domestic players, are putting pressure on sales prices. Increase in prices of raw materials and other inputs is also putting pressure on contribution. However, with the global growth of chemicals focused more on Asia, it is

expected that there will be further growth in chemical industry. With the growing demand for Company's products, the capacity of sites in Maharashtra is being enhanced. During the financial year 2022-23, we expect our investments in various other projects to add to both our top-line and bottom-line. We will continue with our efforts for improving our bottom-line by expanding our product-range, while re-looking at business strategies and models, wherever necessary. We will continue our efforts for improving efficiencies and margins.

Corporate Governance Report

1) COMPANY'S PHILOSOPHY:

Indo Amines Limited ("**The Company**" or "**Indo**") stems from the set of principles and framework embedded in its values and global best practices which are based on transparency, accountability and integrity. Corporate Governance is integral to the existence of a company and a critical factor in its success. It is a set of systems and practices to ensure that the affairs of the Company are being managed in a manner that ensures accountability, transparency, disclosure and fairness in all its transactions in the widest sense and meets its stakeholders' aspirations and societal expectations.

Good governance practices stem from the culture and mindset of the organization and the Company is committed to meet the aspirations of all its stakeholders. This demonstrates in Shareholders' returns, governance processes and an entrepreneurial performance focused work environment. The Company's customers have benefited from high quality products delivered at the most competitive prices. The Company believes to grow and be successful by following systems, protocols, policies and practices which are ethical and sustainable while being competitive.

The Company strongly believes that good Corporate Governance leads to corporate growth and long-term gain in Shareholder value. The Company is committed to maintaining the highest standards of Corporate Governance in its conduct towards Shareholders, employees, customers, suppliers and other stakeholders.

This report is prepared in accordance with the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations or Listing Regulations") and the report contains the details of Corporate Governance systems and processes at Indo Amines. There are no non-compliances with any requirements of the Corporate Governance Report, as per sub-paras (2) to (10) of Schedule V Part C of the SEBI Listing Regulations.

2) BOARD OF DIRECTORS:

A truly diverse Board will include and make good use of differences in the skills, regional and industry experience, background, gender and other distinctions between directors. These differences will be considered in determining the optimum composition of the Board and when possible, will be balanced appropriately. The Board is the focal point and custodian of corporate governance for the Company. The Company recognizes and embraces the benefits of having a diverse Board and sees increasing diversity at Board level as an essential element in maintaining a competitive advantage.

i. Composition:

The Board of Directors of the Company consists of 16 Directors with required blend of Executive and Non-Executive Directors including Independent Directors and Woman Director in line with the provisions of the Companies Act, 2013 ("the Act") and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations or Listing Regulations") as amended from time to time with different qualities of Directors in terms of qualifications, competence, professional experience and expertise. Since in our Company, the Chairman of the Board is a Non-Executive Director, one third of the Board should comprise of Independent Directors.

The composition of the Board of Directors as on 31st March, 2022 and as on the date of this Report is summarized below: -

During the year, the Company has applied for direct listing at NSE after approved by the Board of Directors in meeting held on 24th January, 2022 and the company received the listing approval on 29th April, 2022. So the company is also now listed at NSE.

19) OTHER DISCLOSURES:

1. Related Party Transactions:

The Related Party Transactions undertaken by the Company were in compliance with the provisions set out in the Companies Act, 2013 read with the rules made there under and Regulation 23 of the SEBI Listing Regulations. There are no material related party transactions during the year under review that have conflict with the interest of the Company. Transactions entered into with related parties during FY 2021-2022 were in the ordinary course of business and at arms' length basis and were duly approved by the Audit Committee. The details of Related Party Transactions are set out in the Notes to Financial Statements forming part of this Annual Report. The Company is in compliance with the applicable Accounting Standard for related party disclosures in the Financial Statements. The Board's approved policy for related party transactions is uploaded on the website of the Company can be accessed at <https://www.indoaminesltd.com/investors>.

During the year, SEBI introduced substantial changes in the related party transactions framework, inter alia, by enhancing the purview of the definition of related party, and overall scope of transactions with related parties. Considering the changes to the Listing Regulations relating to related party transactions, the Company's 'Policy on dealing with and materiality of related party transactions' was suitably amended to align the same with the new requirements prescribed by SEBI. The said Policy can be accessed on the Company's website at <https://www.indoaminesltd.com/investors>.

Consequently, the Company also amended the framework for Related Party Transactions which is followed for identifying, entering into and monitoring related party transactions. The deviations, if any, to the said process have been brought to the attention of Audit Committee suitably. The Audit Committee reviews at least on a quarterly basis, the details of related party transactions, if any, entered into by the Company pursuant to the omnibus approval granted.

There are no materially significant Related Party Transactions of the Company which have potential conflict with the interests of the Company at large.

2. Penalty or Strictures:

The Company has complied with the requirements of the Stock Exchanges, SEBI and other statutory authorities on all matters relating to capital markets.

However, the Company paid fine of ₹ 21,240/- (i.e. ₹ 18,000 for fine plus ₹ 3240 for GST) to BSE as advised as per mail dated 02nd June, 2021 for not taking the shareholder approval of Age limit of Mr. Nishikant Sule, Independent Director as per provisions of Regulations 17(1A) of SEBI LODR Regulations. Further, the Company has received the resignation letter from Mr. Nishikant Sule and the same has been informed and uploaded at BSE.

Except the above instance, no penalty/stricture was imposed on the Company by SEBI or any other authority, or any matter related to capital markets, during the last three years.

3. Vigil Mechanism and Whistle Blower Policy:

The Company is committed to highest standards of ethical, moral and legal business conduct. Standalone Independent Auditor's Report

To the Members of Indo Amines Limited

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the standalone financial statements of Indo Amines Limited ("the Company"), which comprise the balance sheet as at 31st March 2022, and the statement of profit and loss, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its profit, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Description of Key Audit Matter	Description of Auditor's Response
Capitalization of Property, Plant and Equipment including Capital Work in Progress. (CWIP)	Our audit procedures included but were not limited to the following:
Company has incurred additional capital expenditure of ₹ 3701.90 lakhs during the year.	1. Understanding the company's processes with regard to capitalization of property, plant and equipment.
Significant level of judgement is involved to ensure that capitalization of Property, Plant and Equipment as well as Capital Work in Progress meet the recognition criterias of Ind AS 16 – Property, Plant and Equipment.	2. Conducting audit procedures to verify the relevant documents including representation by concerned departmental head.
Accordingly, the same is considered as a key audit matter.	3. To ensure that capitalization of Interest is properly done in compliance with Ind AS 23.
	4. Conducting audit procedures to check calculation of depreciation charged by the company.

Other Information i.e. Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report, but does not include the financial statements and our auditor's report thereon. The Directors' Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Directors' Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and to the Members of the Company.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making

Standalone Independent Auditor's Report (Contd..)

judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF INDO AMINES LIMITED

INDEPENDENT AUDITORS' REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of Indo Amines Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting:

These Financial statements are the separate financial statements of the Company (also called standalone financial statements) prepared in accordance with Indian Accounting standards (Ind AS), notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standard) Rules, 2015.

The financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except certain financial assets and financial liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been applied consistently over all the periods presented in these financial statements.

Defined benefit plans assets measured at fair value.

Functional and Presentation Currency

The financial statements are presented in Indian Rupees ('INR') which is the functional currency for company.

Rounding of Amounts

All amounts disclosed in the financial statements and notes have been rounded off to nearest lakhs (INR 00,000) except otherwise stated.

B. Use of Estimates:

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Difference between actual results and estimates are recognized in the period in which these are materialized.

C. Current/Non Current Classification:

The assets and liabilities in the balance sheet are presented based on current / non- current classification.

An asset is current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle or
- Held primarily for the purpose of trading or
- Expected to be realised within twelve months after reporting period, or
- Cash or Cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

An liability is current when it is:

- Expected to be settled in normal operating cycle or
- Held primarily for the purpose of trading or
- Due to be settled within twelve months after reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are treated as non -current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in schedule III to the Companies Act., 2013. Based on the nature of products and time between acquisition of asset for

Standalone Notes to the Financial Statement for the Year ended 31st March, 2022 (Contd..)

processing and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current / non-current classification of assets and liabilities.

D. Inventories

Inventories are stated at lower of cost and net realizable value. The cost of inventories are arrived at as follows:

Raw Materials, Packing Material & fuel :- Valued on FIFO basis.

Work In Progress :- At Raw Material Cost, Labour plus estimated overheads.

Finished Goods :- At Raw Material Cost, Labour plus estimated overheads.

Traded Finished Goods :- At lower of Cost or net realizable value.

E. Property, Plant and Equipment: (Ind AS 16)

Items of Property, plant and equipment are carried at historical value . Cost of acquisition is inclusive of any other cost attributable to bringing the same to their working condition less accumulated depreciation and amortization.

Freehold land is carried at cost of acquisition.

Property, plant and equipment acquired in a business combination are recognised at fair value at the acquisition date

Measurement at recognition: An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Expenses directly attributable to new manufacturing facility during its construction period are capitalized if the recognition criteria are met. Expenditure related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant heads of property, plant and equipment if the recognition criteria are met. Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred. The Company had elected to consider the carrying value of all its property, plant and equipment appearing in the Financial Statements prepared in accordance with Accounting Standards notified under the section 133 of the Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and used the same as deemed cost in the opening Ind AS Balance Sheet prepared on 1st April, 2015.

Capital work in progress and Capital advances: Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation: Depreciation on each part of an item of property, plant and equipment is provided using the Straight-Line Method based on the useful life of the asset as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. The estimate of the useful life of the assets has been assessed based on technical advice which considers the nature of the asset, the usage of the asset, expected physical wear and tear, the operating conditions of the asset, anticipated technological changes, manufacturers warranties and maintenance support, etc. The estimated useful life of items of property, plant and equipment is mentioned below:

Particulars	Years
Building	30
Plant & Equipment	15
Motor Vehicles	8
Office Equipments	5
Furniture & Fixtures	10
Computer & computer Software	5
Goodwill	5
Licenses	5

Standalone Notes to the Financial Statement for the Year ended 31st March, 2022 (Contd..)

Freehold land is not depreciated. Leasehold improvements are amortized over the period of the lease.

Depreciation on Property, Plant & Equipment is provided on Straight Line method considering the useful life of assets as specified in Scheduled II to the Companies Act, 2013.

Derecognition: The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

F. Intangible Assets:

Measurement at recognition:

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business combination are measured at fair value as at date of acquisition. Internally generated intangibles including research cost are not capitalized and the related expenditure is recognized in the Statement of Profit and Loss in the period in which the expenditure is incurred. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.

Amortization: Intangible Assets with finite lives are amortized on a Straight Line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognized in the Statement of Profit and Loss. The estimated useful life of intangible assets is mentioned below:

Particulars	Years
Computer & computer Software	5
Licenses	5

The amortization period and the amortization method for an intangible asset with finite useful life is reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Derecognition: The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

Goodwill

Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. Goodwill is initially measured at cost, being the excess of the consideration transferred over the net identifiable assets acquired and liabilities assumed, measured in accordance with Ind AS 103, 'Business Combinations'

For the purpose of impairment testing, goodwill acquired in a business combination, is from the acquisition date, allocated to each of the Company's cash generating units (CGUs) that are expected to benefit from the combination. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Each CGU or a combination of CGUs to which goodwill is so allocated represents the lowest level at which goodwill is monitored for internal management purpose and it is not larger than an operating segment of the Company.

A CGU to which goodwill is allocated is tested for impairment annually, and whenever there is an indication that the CGU may be impaired, by comparing the carrying amount of the CGU, including the goodwill, with the recoverable amount of the CGU. If the recoverable amount of the CGU exceeds the carrying amount of the CGU, the CGU and the goodwill allocated to that CGU is regarded as not impaired. If the carrying amount of the CGU exceeds the recoverable amount of the CGU, the Company recognizes an impairment loss by first reducing the carrying amount of any goodwill allocated to the CGU and then to other assets of the CGU pro-rata based on the carrying amount of each asset in the CGU. Any impairment loss on goodwill is recognized in the Statement of Profit and Loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

On disposal of a CGU to which goodwill is allocated, the goodwill associated with the disposed CGU is included in the carrying amount of the CGU when determining the gain or loss on disposal.

Goodwill is initially recognised based on the accounting policy for business combinations and is tested for impairment annually. In addition to that Goodwill is amortised over a period of 5 years as per policy consistently followed by Company.

G. Revenue recognition

Revenue is measured as the fair value of consideration received or receivable and excluding GST, rebates and various discounts.

Standalone Notes to the Financial Statement for the Year ended 31st March, 2022 *(Contd..)*

Sale of goods

When the property and all significant risks and rewards of ownership are transferred to the buyer and no significant uncertainty exists regarding the amount of consideration that is derived from the sale of goods.

Other Income

Interest income is considered as income on a time proportion basis taking into account the outstanding principal and the relative rate of interest.

Dividend income is considered as income from investments in shares on establishment of the Company's right to receive.

H. Foreign exchange transactions

- I. The functional currency and presentation currency of the company is Indian Rupees.
- II. Transactions in currencies other than the company's functional currency are recorded on initial recognition using the exchange rate at the transaction date. At each Balance Sheet date, foreign currency monetary items are reported using the closing rate. Non-monetary items that are measured in terms of historical cost in foreign currency are not retranslated. Exchange Differences that arise in settlement of monetary items or on reporting of monetary item at each Balance Sheet date at the closing spot rate are recognized in profit or loss in the period in which they arise. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

I. Government Grants and Subsidies

- i. Government grants and subsidies are recognized when there is reasonable assurance that the conditions attached to them will be complied and grant/subsidy will be received.
- ii. Where the Government grant/subsidies relates to revenue, it is recognized as income on a systematic basis in the statement of profit & loss of the period in which the right to receive such grant/ subsidy is established. Government grants and subsidies receivable against an expense are deducted from such expense. The government grants have been accounted on accrual basis every year and is forming a part of other income.

J. Investments :

Long term Investments are carried at cost including related expenses, Provision for diminution being made, if necessary, to recognize a decline, other than temporary, in the value thereof.

Current investments are valued at lower of cost or fair value.

K. Employee benefits - Ind As 19

Short Term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

Post-Employment Benefits:

I. Defined contribution plans:

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and superannuation scheme for eligible employees. Recognition and measurement of defined contribution plans:"

Contribution to Defined contribution plan namely employer's contribution to Provident fund & Pension Plan is charged to Profit and Loss Account

II. Defined benefit plans:

The employees gratuity fund scheme managed by Life Insurance Corporation of India is defined benefit plan. The present value of obligation is determined on Actuarial Valuation & it is fully provided for.

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan. All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability/asset), are recognized in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

Standalone Notes to the Financial Statement for the Year ended 31st March, 2022 (Contd..)

The Company presents the above liability/ (asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary;

Actuarial Gain / (Loss) : The remeasurement gain /(loss) on net defined benefit plan is recognised in Other Comprehensive Income.

L. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are added to the cost of those assets until such time as the assets are substantially ready for their intended use.

All other borrowing costs are recognized in Statement of Profit & Loss in the period in which they are incurred.

M. Earning Per Share

Basic and diluted earning per share are computed in accordance with Ind AS 33.

Basic earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is calculated as follows:-

The net profit attributable to equity shareholders and the weighted average of number of shares outstanding are adjusted for the effect of all dilutive potential equity shares from the exercise of options on unissued share capital. The number of equity shares is the aggregate of the weighted average number of equity shares and the weighted average number of equity shares which would be issued on the conversion of all the dilutive potential equity shares into equity shares.

N. Research and Development

Research and Development expenditure on revenue account is charged to profit & loss account under the relevant heads of account in the year in which it is incurred.

O. Provisions, Contingent Liabilities and Contingent Asset:-

Provisions

A provision is recognized, when the company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reasonable estimate can be made of the amount of the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent Liabilities

A contingent liability is a possible obligation that arise from past events whose existence will be confirmed by occurrence or non- occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that outflow of resources will be required to settle the obligation.

A contingent liability also arises in extremely rare cases, where there is a liability that can not be recognized because it can not measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements unless the probability of resources is remote.

Contingent Assets

A Contingent Asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the entity.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Standalone Notes to the Financial Statement for the Year ended 31st March, 2022 *(Contd..)*

P. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating segment of the Company.

Q. Investment in Subsidiary Companies

The Company has elected to recognize its investment in subsidiary companies at historical cost in accordance with the option available in Ind As 27, 'Separate Financial statement'.

R. Income Taxes

Income tax expense for the year comprises of current tax expenses and deferred tax expenses. Current and deferred taxes are recognized in Statement of Profit & Loss., except when they relate to items that are recognized in other Comprehensive Income or Directly in equity , in which case , the current and deferred tax are also recognized in Other Comprehensive Income or directly in equity respectively.

Current Tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income tax Act, 1961.

Deferred Tax

Deferred tax is recognized using the Balance sheet approach on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred Tax adjustments are recognised in the statement of Profit & loss for the year.

S. Risk Analysis :

Commodity Price risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the on going purchase or continuous supply of raw commodities. Therefore the company monitors its purchases closely to optimize the price.

Management of Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty fails to meet its contractual obligations.

Trade Receivables

Concentrations of credit risk with respect to trade receivables are limited, due to the customer base being large, diverse and across sectors. All trade receivables are reviewed and assessed for default on a quarterly basis.

Historical experience of collecting receivables of the Company is supported by low level of past default and hence the credit risk is perceived to be low.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include borrowings, investments, trade payables, trade receivables and derivative financial instruments.

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Since the company has significant interest bearing borrowings, the exposures to risk of changes in market interest rates is minimal. The Company has not used any interest rate derivatives "

Foreign Exchange risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The Group enters into forward exchange contracts with average maturity of less than one month to hedge against its foreign currency exposures relating to the recognised underlying liabilities and firm commitments (trade payables). The Group's policy is to hedge its exposures above predefined thresholds from recognised liabilities and firm commitments that fall due in 20-30 days. The Group does not enter into any derivative instruments for trading or speculative purposes. The Company is mainly exposed to changes in USD. The below table demonstrates the sensitivity to a 5% increase or decrease in the USD against INR, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Group as at the reporting date. 5% represents management's assessment of reasonably possible change in foreign exchange rate."

Liquidity risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the company's reputation.

Capital Management For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

T. Expected Credit Loss (ECL)

The Company has a Policy of calculating the provisions using its own historical trends and the nature of its receivables & do impairment testing every year for those receivable which are due for a substantial period. Considering the historical trends and market information, the Company estimates that the provision amount computed on its trade receivables is not materially different from the amount to be computed using Expected Credit Loss (ECL) method prescribed under Ind As 109.

U. Financial Assets

The Company recognize a financial assets in its Balance sheet when it becomes the party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value.

V. Impairment

Impairment Assets that have an indefinite useful life, for example goodwill, are not subject to amortization and are tested for impairment annually and whenever there is an indication that the asset may be impaired.

Assets that are subject to depreciation and amortization and assets representing investments in subsidiary and associate companies are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The recoverable amount of an asset is the greater of its fair value less cost to sell and value in use. To calculate value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and the risk specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the asset belongs. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Impairment losses, if any, are recognized in the Statement of Profit and Loss and included in depreciation and amortization expense. Impairment losses, on assets other than goodwill are reversed in the Statement of Profit and Loss only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized

W. Business Combination

Business combinations are accounted for using the acquisition method. At the acquisition date, identifiable assets acquired and liabilities assumed are measured at fair value. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. The consideration transferred is measured at fair value at acquisition date and includes the fair value of any contingent consideration. However, deferred tax asset or liability and any liability or asset relating to employee benefit arrangements arising from a business combination are measured and recognized in accordance with the requirements of Ind AS 12, Income Taxes and Ind AS 19, Employee Benefits, respectively. Where the consideration transferred exceeds the fair value of the net identifiable assets acquired and liabilities assumed, the excess is recorded as goodwill. Alternatively, in case of a bargain purchase wherein the consideration transferred is lower than the fair value of the net identifiable assets acquired and liabilities assumed, the Company after assessing fair value of all identified assets and liabilities, record the difference as a gain in other comprehensive income and accumulate the gain in equity as capital reserve. The costs of acquisition excluding those relating to issue of equity or debt securities are charged to the Statement of Profit and Loss in the period in which they are incurred.

NOTE 41:- EMPLOYEE BENEFITS AS PER IND AS 19:-

The Company has classified various employee benefits as under

a) Provident Fund

b) State Defined Contribution Plans

The Provident Fund and the State Defined Contribution Plans are operated by the Regional Provident Fund Commissioner, the Gratuity Fund is administered by the LIC of India, as applicable, for all eligible employees. Under the schemes, the Company is required to contribute a specified percentage of payroll cost to the retirement benefit schemes to fund the benefits. These funds are recognised by the Income Tax Authorities

c) Defined benefit gratuity plan (Funded)

The Company has defined benefit gratuity plan for its employees, which requires contributions to be made to a separately administered fund. It is governed by the Payment of Gratuity Act, 1972. Under the Act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age."

Aforesaid post-employment benefit plans typically expose the Company to actuarial risks such as: investment risk, interest rate risk, longevity risk and salary risk.

- A. **Investment Risk:** These Plans invest in long term debt instruments such as Government securities and highly rated corporate bonds. The valuation of which is inversely proportionate to the interest rate movements. There is risk of volatility in asset values due to market fluctuations and impairment of assets due to credit losses.
- B. **Interest Risk :** The present value of the defined benefit liability is calculated using a discount rate which is determined by reference to market yields at the end of the reporting period on Government securities. A decrease in yields will increase the fund liabilities and vice-versa
- C. **Salary Escalation Rate:** The present value of the defined benefit liability is calculated by reference to the future salaries of plan participants. As such, an increase in salary of the plan participants will increase the plan's liability.
- D. **Longevity Risk:** The present value of the defined benefit liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability

Consolidated Independent Auditor's Report

To the Members of Indo Amines Limited

REPORT ON THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Opinion

We have audited the accompanying consolidated financial statements of Indo Amines Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated Balance Sheet as at March 31, 2022, and the consolidated statement of Profit and Loss, the consolidated statement of changes in equity and the consolidated cash flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, of consolidated profit, consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in India in terms of the Code of Ethics issued by ICAI and the relevant provisions of the Companies Act, 2013, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED FINANCIAL STATEMENTS OF INDO AMINES LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of Indo Amines Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the of the Holding company and its subsidiary companies which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note

Consolidated Independent Auditor's Report (Contd..)

on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Holding Company's and its Subsidiary Companies' internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to two subsidiary companies, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Note 2 - SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting:

These Consolidated Financial statements are the separate financial statements of the Company (also called standalone financial statements) prepared in accordance with Indian Accounting standards (Ind AS), notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standard) Rules, 2015.

B. Use of Estimates:

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of financial statements and the reported amount of revenues and expenses during the reporting period. Difference between actual results and estimates are recognized in the period in which these are materialized.

C. Current/Non Current Classification:

The assets and liabilities in the balance sheet are presented based on current / non-current classification. An asset is current when it is:

Consolidated Notes to the Financial Statement for the Year ended 31st March 2022 *(Contd..)*

- Expected to be realized or intended to be sold or consumed in normal operating cycle or
- Held primarily for the purpose of trading or
- Expected to be realised within twelve months after reporting period, or
- Cash or Cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

An liability is current when it is:

- Expected to be settled in normal operating cycle or
- Held primarily for the purpose of trading or
- Due to be settled within twelve months after reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are treated as non -current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities respectively.

All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in schedule III to the Companies Act, 2013. Based on the nature of products and time between acquisition of asset for processing and their realization in cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current / non-current classification of assets and liabilities.

D. Inventories

Inventories are stated at lower of cost and net realizable value. The cost of inventories are arrived at as follows:

Raw Materials, Packing Material & fuel	:- Valued on FIFO basis.
Work In Progress	:- At Raw Material Cost, Labour plus estimated overheads.
Finished Goods	:- At Raw Material Cost, Labour plus estimated overheads.
Traded Finished Goods	:- At lower of Cost or net realizable value.

E. Property, Plant and Equipment: (Ind AS 16)

Items of Property, plant and equipment are carried at historical value . Cost of acquisition is inclusive of any other cost attributable to bringing the same to their working condition less accumulated depreciation and amortization.

Freehold land is carried at cost of acquisition.

Property, plant and equipment acquired in a business combination are recognised at fair value at the acquisition date

Measurement at recognition: An item of property, plant and equipment that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses.

The Company identifies and determines cost of each part of an item of property, plant and equipment separately, if the part has a cost which is significant to the total cost of that item of property, plant and equipment and has useful life that is materially different from that of the remaining item.

The cost of an item of property, plant and equipment comprises of its purchase price including import duties and other non-refundable purchase taxes or levies, directly attributable cost of bringing the asset to its working condition for its intended use and the initial estimate of decommissioning, restoration and similar liabilities, if any. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of a plant and equipment if the recognition criteria are met.

Expenses directly attributable to new manufacturing facility during its construction period are capitalized if the recognition criteria are met. Expenditure related to plans, designs and drawings of buildings or plant and machinery is capitalized under relevant heads of property, plant and equipment if the recognition criteria are met. Items such as spare parts, stand-by equipment and servicing equipment that meet the definition of property, plant and equipment are capitalized at cost and depreciated over their useful life. Costs in nature of repairs and maintenance are recognized in the Statement of Profit and Loss as and when incurred. The Company had elected to consider the carrying value of all its property, plant and equipment appearing in the Financial Statements prepared in accordance with Accounting Standards notified under the section 133 of the Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and used the same as deemed cost in the opening Ind AS Balance Sheet prepared on 1st April, 2015.

Consolidated Notes to the Financial Statement for the Year ended 31st March 2022 (Contd..)

Capital work in progress and Capital advances:

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Depreciation:

Depreciation on each part of an item of property, plant and equipment is provided using the Straight-Line Method based on the useful life of the asset as estimated by the management and is charged to the Statement of Profit and Loss as per the requirement of Schedule II of the Companies Act, 2013. The estimate of the useful life of the assets has been assessed based on technical advice which considers the nature of the asset, the usage of the asset, expected physical wear and tear, the operating conditions of the asset, anticipated technological changes, manufacturers warranties and maintenance support, etc. The estimated useful life of items of property, plant and equipment is mentioned below:

Particulars	Years
Building	30
Plant & Equipment	15
Motor Vehicles	8
Office Equipments	5
Furniture & Fixtures	10
Computer & computer Software	5
Goodwill	5
Licenses	5

Freehold land is not depreciated. Leasehold improvements are amortized over the period of the lease.

Depreciation on Property, Plant & Equipment is provided on Straight Line method considering the useful life of assets as specified in Scheduled II to the Companies Act, 2013.

Derecognition :

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

F. Intangible Assets:

Measurement at recognition:

Intangible assets acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business combination are measured at fair value as at date of acquisition. Internally generated intangibles including research cost are not capitalized and the related expenditure is recognized in the Statement of Profit and Loss in the period in which the expenditure is incurred. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any.

The Company had elected to consider the carrying value of all its intangible assets appearing in the Financial Statements prepared in accordance with Accounting Standards notified under the section 133 of the Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 and used the same as deemed cost in the opening Ind AS Balance sheet prepared on 1st April, 2016.

Goodwill

Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. Goodwill is initially measured at cost, being the excess of the consideration transferred over the net identifiable assets acquired and liabilities assumed, measured in accordance with Ind AS 103, 'Business Combinations'

For the purpose of impairment testing, goodwill acquired in a business combination, is from the acquisition date, allocated to each of the Company's cash generating units (CGUs) that are expected to benefit from the combination. A CGU is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or group of assets. Each CGU or a combination of CGUs to which goodwill is so allocated represents the lowest level at which goodwill is monitored for internal management purpose and it is not larger than an operating segment of the Company.

A CGU to which goodwill is allocated is tested for impairment annually, and whenever there is an indication that the CGU may be impaired, by comparing the carrying amount of the CGU, including the goodwill, with the recoverable amount of the CGU.

Consolidated Notes to the Financial Statement for the Year ended 31st March 2022 *(Contd..)*

If the recoverable amount of the CGU exceeds the carrying amount of the CGU, the CGU and the goodwill allocated to that CGU is regarded as not impaired. If the carrying amount of the CGU exceeds the recoverable amount of the CGU, the Company recognizes an impairment loss by first reducing the carrying amount of any goodwill allocated to the CGU and then to other assets of the CGU pro-rata based on the carrying amount of each asset in the CGU. Any impairment loss on goodwill is recognized in the Statement of Profit and Loss. An impairment loss recognized for goodwill is not reversed in subsequent periods.

On disposal of a CGU to which goodwill is allocated, the goodwill associated with the disposed CGU is included in the carrying amount of the CGU when determining the gain or loss on disposal.

Goodwill is initially recognised based on the accounting policy for business combinations and is tested for impairment annually. In addition to that Goodwill is amortised over a period of 5 years as per policy consistently followed by Company.

G. Revenue recognition

Revenue is measured as the fair value of consideration received or receivable and excluding GST, rebates and various discounts.

Sale of goods

When the property and all significant risks and rewards of ownership are transferred to the buyer and no significant uncertainty exists regarding the amount of consideration that is derived from the sale of goods.

Other Income

Interest income is considered as income on a time proportion basis taking into account the outstanding principal and the relative rate of interest.

Dividend income is considered as income from investments in shares on establishment of the Company's right to receive.

H. Foreign exchange transactions

- I. The functional currency and presentation currency of the company is Indian Rupees.
- II. Transactions in currencies other than the company's functional currency are recorded on initial recognition using the exchange rate at the transaction date. At each Balance Sheet date, foreign currency monetary items are reported using the closing rate. Non-monetary items that are measured in terms of historical cost in foreign currency are not retranslated. Exchange Differences that arise in settlement of monetary items or on reporting of monetary item at each Balance Sheet date at the closing spot rate are recognized in profit or loss in the period in which they arise. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured.

I. Government Grants and Subsidies

- i. Government grants and subsidies are recognized when there is reasonable assurance that the conditions attached to them will be complied and grant/subsidy will be received.
- ii. Where the Government grant/subsidies relates to revenue, it is recognized as income on a systematic basis in the statement of profit & loss of the period in which the right to receive such grant/ subsidy is established. Government grants and subsidies receivable against an expense are deducted from such expense. The government grants have been accounted on accrual basis every year and is forming a part of other income.

J. Investments :

Long term Investments are carried at cost including related expenses, Provision for diminution being made, if necessary, to recognize a decline, other than temporary, in the value thereof.

Current investments are valued at lower of cost or fair value.

K. Employee benefits - Ind As 19

Short Term Employee Benefits:

All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

Post-Employment Benefits:

I. Defined contribution plans:

Defined contribution plans are employee state insurance scheme and Government administered pension fund scheme for all applicable employees and superannuation scheme for eligible employees. Recognition and measurement of defined contribution plans:

Consolidated Notes to the Financial Statement for the Year ended 31st March 2022 (Contd..)

Contribution to Defined contribution plan namely employer's contribution to Provident fund & Pension Plan is charged to Profit and Loss Account

II. Defined benefit plans:

The employees gratuity fund scheme managed by Life Insurance Corporation of India is defined benefit plan. The present value of obligation is determined on Actuarial Valuation & it is fully provided for.

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability/asset), are recognized in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

The Company presents the above liability/ (asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary;

Actuarial Gain / (Loss) : The remeasurement gain /(loss) on net defined benefit plan is recognised in Other Comprehensive Income.

L. Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are added to the cost of those assets until such time as the assets are substantially ready for their intended use.

All other borrowing costs are recognized in Statement of Profit & Loss in the period in which they are incurred.

M. Earning Per Share

Basic and diluted earning per share are computed in accordance with Ind AS 33.

Basic earning per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

Diluted earnings per share is calculated as follows:-

The net profit attributable to equity shareholders and the weighted average of number of shares outstanding are adjusted for the effect of all dilutive potential equity shares from the exercise of options on unissued share capital. The number of equity shares is the aggregate of the weighted average number of equity shares and the weighted average number of equity shares which would be issued on the conversion of all the dilutive potential equity shares into equity shares.

N. Research and Development

Research and Development expenditure on revenue account is charged to profit & loss account under the relevant heads of account in the year in which it is incurred.

O. Provisions, Contingent Liabilities and Contingent Asset:-

Provisions

A provision is recognized, when the company has a present obligation (legal or constructive) as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reasonable estimate can be made of the amount of the obligation. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent Liabilities

A contingent liability is a possible obligation that arise from past events whose existence will be confirmed by occurrence or non- occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that outflow of resources will be required to settle the obligation.

A contingent liability also arises in extremely rare cases, where there is a liability that can not be recognized because it can not measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements unless the probability of resources is remote.

Consolidated Notes to the Financial Statement for the Year ended 31st March 2022 *(Contd..)*

Contingent Assets:

A Contingent Asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the entity.

Provisions, contingent liabilities, contingent assets and commitments are reviewed at each balance sheet date.

Particulars	Expected tax liability in respect of indirect taxes (₹ In Lakh)
Balance as at April 1, 2021	100
Additional provision during the year	-
Provision used during the year	100
Provision reversed during the year	-
Balance as at March 31, 2022	-

P. Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM) of the Company. The CODM is responsible for allocating resources and assessing performance of the operating separate of the Company.

Q. Investment in Subsidiary and Associate Companies

The Company has elected to recognize its investment in subsidiary and associate companies at historical cost in accordance with the option available in Ind As 27, 'Separate Financial statement'.

R. Income Taxes

Income tax expense for the year comprises of current tax expenses and deferred tax expenses. Current and deferred taxes are recognized in Statement of Profit & Loss., except when they relate to items that are recognized in other Comprehensive Income or Directly in equity, in which case, the current and deferred tax are also recognized in Other Comprehensive Income or directly in equity respectively.

Current Tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income tax Act, 1961.

Deferred Tax

Deferred tax is recognized using the Balance sheet approach on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred Tax adjustments are recognised in the statement of Profit & loss for the year.

S. Risk Analysis :

Commodity Price risk

The Company is affected by the price volatility of certain commodities. Its operating activities require the on going purchase or continuous supply of raw commodities. Therefore the company monitors its purchases closely to optimize the price.

Management of Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty fails to meet its contractual obligations.

Trade Receivables

Concentrations of credit risk with respect to trade receivables are limited, due to the customer base being large, diverse and across sectors. All trade receivables are reviewed and assessed for default on a quarterly basis. Historical experience of collecting receivables of the Company is supported by low level of past default and hence the credit risk is perceived to be low.

Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk. Financial instruments affected by market risk include borrowings, investments, trade payables, trade receivables and derivative financial instruments.

Consolidated Notes to the Financial Statement for the Year ended 31st March 2022 (Contd..)

Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates. Since the company has significant interest bearing borrowings, the exposures to risk of changes in market interest rates is minimal. The Company has not used any interest rate derivatives.

Foreign Exchange risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate due to changes in foreign exchange rates. The Group enters into forward exchange contracts with average maturity of less than one month to hedge against its foreign currency exposures relating to the recognised underlying liabilities and firm commitments (trade payables). The Group's policy is to hedge its exposures above predefined thresholds from recognised liabilities and firm commitments that fall due in 20-30 days. The Group does not enter into any derivative instruments for trading or speculative purposes. The Company is mainly exposed to changes in USD. The below table demonstrates the sensitivity to a 5% increase or decrease in the USD against INR, with all other variables held constant. The sensitivity analysis is prepared on the net unhedged exposure of the Group as at the reporting date. 5% represents management's assessment of reasonably possible change in foreign exchange rate.

Liquidity risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risk to the company's reputation.

Capital Management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

T. Expected Credit Loss (ECL)

The Company has a Policy of calculating the provisions using its own historical trends and the nature of its receivables & do impairment testing every year for those receivable which are due for a substantial period. Considering the historical trends and market information, the Company estimates that the provision amount computed on its trade receivables is not materially different from the amount to be computed using Expected Credit Loss (ECL) method prescribed under Ind As 109.

U. Financial Assets

The Company recognizes a financial asset in its Balance sheet when it becomes the party to the contractual provisions of the instrument. All financial assets are recognized initially at fair value.

V. Impairment

Impairment Assets that have an indefinite useful life, for example goodwill, are not subject to amortization and are tested for impairment annually and whenever there is an indication that the asset may be impaired.

Assets that are subject to depreciation and amortization and assets representing investments in subsidiary and associate companies are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The recoverable amount of an asset is the greater of its fair value less cost to sell and value in use. To calculate value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and the risk specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the asset belongs. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Impairment losses, if any, are recognized in the Statement of Profit and Loss and included in depreciation and amortization expense. Impairment losses, on assets other than goodwill are reversed in the Statement of Profit and Loss only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized.

W. Business Combination

Business combinations are accounted for using the acquisition method. At the acquisition date, identifiable assets acquired and liabilities assumed are measured at fair value. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition date fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. The consideration transferred is measured at fair value at acquisition date and

includes the fair value of any contingent consideration. However, deferred tax asset or liability and any liability or asset relating to employee benefit arrangements arising from a business combination are measured and recognized in accordance with the requirements of Ind AS 12, Income Taxes and Ind AS 19, Employee Benefits, respectively.

Where the consideration transferred exceeds the fair value of the net identifiable assets acquired and liabilities assumed, the excess is recorded as goodwill. Alternatively, in case of a bargain purchase wherein the consideration transferred is lower than the fair value of the net identifiable assets acquired and liabilities assumed, the Company after assessing fair value of all identified assets and liabilities, record the difference as a gain in other comprehensive income and accumulate the gain in equity as capital reserve. The costs of acquisition excluding those relating to issue of equity or debt securities are charged to the Statement of Profit and Loss in the period in which they are incurred.
