INTEGRITY AND QUALITY

We provide sound advice and adopt the finest practices keeping the welfare of our customers in mind. Total customer satisfaction and growth are our objectives. Every member of the Group is responsible for upholding our principles in the workplace. We rigorously adhere to applicable laws, rules, regulations, codes and standards of good business practices.

SOCIAL RESPONSIBILITY

We promote sustainable development, responsibility towards the environment and upliftment of local communities in areas we operate. We identify and promote local talent. We believe in respecting the individual and encourage continuous learning.

OUR PEOPLE

We believe that people are our strength. Fostering teamwork, nurturing creativity, encouraging hard work, dedication, commitment and rewarding excellence are key elements of our human resource initiatives.

MANAGING DIRECTOR'S STATEMENT

Muthoot Pappachan Group's financial services vertical is envisioned to serve the lower income groups of our country. Muthoot Microfin is our touch point to the Bottom of Pyramid section of the society and I am extremely proud that the company is doing a commendable job in executing our vision.

The financial figures and ratios of the company, which you'll read more upon in the coming sections, will prove that our company is a highly sustainable and profitable enterprise. However, I get more excited when I see the impact we make in our society. As on March 31, 2018 MML has 12,09,781 women entrepreneurs as active clients and our services are rendered at the doorsteps of these customers.

In the period under review, Muthoot Microfin disbursed loans worth ₹3,036.30 crores to the low-income households of India, a 49.68 %

growth over the previous year's disbursements of ₹2028.55 crore. MML's Asset Under Management rose to ₹2,920.29 crore from ₹1,955.86 crore in the previous fiscal, a growth of 49.31 % year on year. Revenue of the company also surged from ₹243.84 crore to ₹459.41 crore from the previous fiscal, a hike of 88.41%. Subsequently, net profit (PAT) of the company for the FY 2017 - '18 surged 105.24% to hit ₹76.01 Cr from ₹37.04 crores in FY 2016 - '17.

We believe we have maintained a strong track record of financial performance and operating efficiency over the years through high customer retention rates, geographical expansion, improved staff productivity, increase and diversification of our loan portfolio, lower credit cost and growth in our customer base led by distribution network expansion. Furthermore, we believe that our deep penetration in rural markets, leveraging on Muthoot Fincorp's branch network, has helped us achieve lower operating expense ratios.

We believe that we have a well-diversified funding profile that underpins our strong liquidity management system, credit rating and brand equity. We have historically secured, and seek to continue to secure, cost effective funding through a variety of sources, including banks, mutual funds, insurance companies and other financial institutions, together with pass through certificates and direct assignment of loans.

The accolades we received during the Financial Year is proof that we represent the brighter side of a social business. Muthoot Microfin received the Client Protection Certification from the international agency Smart Campaign. This is a recognition of the alignment of the institution's management systems, policies and processes with the Client Protection Principles. MML also received the illustrious Golden Peacock Business Excellence Award by the Institute of Directors and Most Trusted Microfinance Brand Award by IBBA, during the period.

Apart from the financial services we provide, more than 5,000 women entrepreneurs directly benefitted from our community outreach initiatives comprising of financial literacy sessions, skill training workshops, market linkage fairs and healthcare camps. Our employees ensured seamless interaction with

the communities we operate and continuously analysed and implemented outreach activities that are beneficial for the region.

Muthoot Microfin has immense potential within the organisation. The company has been a rampant recruiter of talent, we have 5,583 employees as on March 31st of which 1547 jobs were created in the fiscal. Our company has a strong foothold in southern states of India, however, we are yet to tap the potential of business growth from the northern states of the country. We have already made strategies to enter into north India in the new Financial Year and this will help our business grow in the long term.

Muthoot Microfin has ensured the highest standards of corporate governance. The institution continues to strengthen its internal control and audit framework and has ensured total compliance with all the statutory regulations mandated by Ministry of Corporate Affairs, Reserve Bank of India and other regulators. We are very positive on the central government's measures and intervention to boost the MSME sector. Implementation of GST is expected to improve the quality of books of accounts, and therefore improving

the creditworthiness of MSMEs, easing credit appraisal and boosting MSME credit growth in the coming years.

I work very closely with my microfinance team and I am confident about their commitment and passion for excellence. They continue to surprise me with accolades, milestones and the overall growth story. Moving forward, we have big things planned for the 2018-19 Financial Year. I am sure that our company will make remarkable progress in this period and will earn many more honors and awards by accomplishing our goals for women empowerment and larger financial inclusion.

CEO'S REVIEW

Ours is a growth story!

Over the last eight years of microfinance operations - under Muthoot Pappachan Group - we have seen various challenges of life cycle growth, and your company demonstrated exceptional management skills and tact to overcome all these challenges successfully, each time propelling the company to new heights and a newer growth trajectory. The Financial year 2017-18 was no different, but this time we faced with the impact of some macroeconomic events. Due to the sudden shortage of currency, the impact was felt across the industry, however, I am happy to inform that your company managed to maintain excellent 'portfolio quality' across the country.

Not only the company was able to overcome the macro-economic challenges; but it registered a handsome growth. Muthoot Microfin also used this opportunity to propel more cash less

disbursements across the country, as a result, almost 50% of the last year disbursements were direct bank transfers into the customers bank account.

In the FY 2017-'18, the company disbursed loans worth ₹3,036.30 crore, a 49.68 % growth over the previous year's disbursements of ₹2028.55 crore. MML's Asset Under Management rose to ₹2,920.29 crore from ₹1955.86 crore in the previous fiscal, a growth of 49.31 % year on year. Revenue of the company also surged from ₹243.84 crore to ₹459.41 crore from the previous fiscal, a hike of 88.41%. Subsequently, net profit (PAT) of the company for the FY 2017 - '18 surged 105.24% to hit ₹76.01 Cr from ₹37.04 crores in the previous fiscal. We also hit the milestone of 1 million active clients during the period.

The return on assets ("RoA") of 3.86% by Muthoot Microfin was the highest among the top 10 players in the NBFC-MFI industry. The comparison of return on equity among the top ten NBFC-MFIs also shows that Muthoot Microfin has the highest RoE of 18.91%.

Though the industry was going through a difficult phase, we continued to expand our operations by entering 4 new states in India (Rajasthan, Bihar, West Bengal and Jharkhand). We opened 69 new branches during the Financial Year taking the overall branch tally to 467 as on March 31, 2018. We plan to selectively expand our business operations into regions where we expect that the individual borrowers are underserved, have lower penetration by micro-finance companies, and we believe that there will be an opportunity for us to service an increased customer base. We expect that a significant portion of our future geographic expansion will include rural areas of India and intend to grow our branches in eight key states including Uttar Pradesh, Gujarat, Bihar, Rajasthan, Jharkhand, Odisha, Punjab and West Bengal.

With a clear plan to cruise ahead, during the financial year we raised adequate funds to boost our disbursement. In the period, the promoters infused ₹250 crore capital into the company reiterating their trust and confidence in the company's operations. The company executed ₹1,276.97 crore of Direct Assignment

transactions, ₹75 crore of NCDs and raised term loans worth ₹1,000.88 crore. Our capital adequacy ratio is 34.83% of risk-weighted assets as of March 31, 2018 which is well above the requirement of 15.00% of risk-weighted assets prescribed by the RBI. We believe that these factors provide us with a competitive advantage when borrowing funds for our operations. Meanwhile, CRISIL assigned highest COCA grading and 'A-/Stable' rating to NCDs & debt instruments of MML. Employee strength of the company also grew to 5,583 from 4,329 employees in the previous fiscal.

A part from the financial performance, this year your company received a few remarkable accolades. Muthoot Microfin has been certified in 'Client Protection' by the international agency 'Smart Campaign'. This achievement demonstrates the strong commitment from management to promote growth and institutional development within a client protection framework. And this certification is a proof that we stick to the fundamentals of our business, which is being client centric. In the period, MML also received illustrious 'Golden Peacock Business Excellence Award' by the Institute of Directors and 'Most Trusted Microfinance Brand' by IBBA.

In Financial Year 2018-19, we are aiming to be one among the top 3 MFIs in India. MML will also introduce larger technological advancements in software and system. The industry has almost recovered from macro-economic events and it will reflect in the quality of our portfolio.

Inspired by the government's digitalisation initiatives in the financial sector and to support the initiative, we motivated our clients to open bank accounts and the microfinance loans were directly disbursed to their bank accounts. Eventually, Muthoot Microfin played a significant role in bank disbursement in the MFI industry with over 50% of the disbursement done through customer bank accounts.

As the organisation grew, we continuously and effectively redesigned and implemented the internal control and audit framework based on best practices in the industry. The company actively engaged with industry associations and Self-Regulatory Organisations (SRO) of NBFC-MFIs. We have also ensured highest level of compliance with all regulatory bodies and industry norms.

Government of India has been playing a significant role and has given exclusive focus in promoting financial inclusion in the country. The government has been carrying out multifaceted experiments with innovation for rural economic transformation. The use of technology solutions to address important social and economic issues will also empower the rural communities. These efforts are very positive and supportive for the microfinance industry which is closely aligned with the rural community.

I believe, we have set a very strong and credible platform for our future business. We have already started reaping the rewards of all the hard work of the last 8 years. The accolades have started coming in, our company transcends a unique vibe of growth and opportunities and it's evident all around.

There are bigger things planned for the Financial Year 2018-19. With the visionary promoters, efficient management and committed employees – I am sure that Muthoot Microfin will scale new heights and fulfil all its vision and mission.

CUSTOMER SUCCESS STORIES

Magudeeswari, a 43-year-old housewife from Shanmughapuram in Pollachi, Tamil Nadu has been weaving coconut leaves for the past 25 years. The craft has been passed on through generations. She is amongst the very few in her area to continue this artisan job.

Magudeeswari availed 2 cycles of microfinance loans from Muthoot and utilised the amount to build a proper storage facility near her home to buy fresh coconut leaves in bulk. With the fresh stock of leaves, she crafted more items for everyday life including mats, hats, baskets, bags and decorative pieces.

Good stock of raw materials helped her take big orders (for marriage pandals (sheds)) which increased her revenue. She says "The dry coconut-palm leaves are used only in villages and even today it is an integral part of village marriages. I am happy that Muthoot is not only providing financial support but also is helping to survive this age old tradition."

MANAGEMENT DISCUSSION & ANALYSIS

We are one of the leading micro-finance institutions focused on providing micro-loans to women customers with a focus on rural regions of India. We are the fifth largest NBFC-MFI in India in terms of gross loan portfolio, as of March 31, 2018, according to CRISIL Research. We have 1.2 million active borrowers, who are served by our 467 branches across 168 districts in 16 states and union territories in India, as of March 31, 2018. Our gross loan portfolio was ₹ 29,202.97 million, while our gross loan portfolio in South India was ₹ 24,856.50 million, our gross loan portfolio was serviced by 5,583 employees, as of March 31, 2018.

We are part of the Muthoot Pappachan Group, which is one of the leading business conglomerates in South India, with presence across financial services, automotive, hospitality, real estate, healthcare, information technology, precious metals and alternate energy sectors. We believe that our relationship with the Muthoot Pappachan Group provides us with a strong brand recall and we continue to derive significant marketing and operational benefits from our relationship. We also believe there are significant synergies between the financial services business of the Group, and our micro-finance business.

We have built our branch network with an emphasis on under-served rural markets with growth potential, in order to ensure ease of access to borrowers. Our branches are connected to our IT networks and are primarily located in commercial spaces which we believe are easily accessible by our customers. Our wide range of lending products are aimed at catering to the life-cycle needs of rural households. We provide loans for income generating purposes to women entrepreneurs living in rural areas. Our loan products comprise of (i) group loans for livelihood solutions such as income generating loans and dairy loans, as well as individual loans such as sewing machine loans; (ii) life betterment solutions including emergency loans, mobile phones loans, solar lantern loans, solar fan and education loans; and (iii) health and hygiene loans such as water purifier loans and induction stove loans. We have adopted a joint liability group model which caters exclusively to women in lower income households and is premised on the fact that if such individuals are given access to credit, they will be able to identify new opportunities and supplement and grow their existing income. We believe that the history of the Muthoot Pappachan Group in working with customers in the bottom of the economic pyramid, helps us better address needs of women in rural households and design lending products to cater to their requirements.

We have received several awards and certifications in recognition of our approach of integrating social values in the conduct of our business, including the 'Golden Peacock Award for Business Excellence' by the Institute of Directors; the 'MFIN Microfinance' award under 'microfinance plus activities'; and the 'Most Trusted Microfinance Brand' by India Best Brand Series and Awards, all in 2018.

Financial Year 2018 Compared to the Financial Year 2017

Our results of operations for the financial year 2018 and 2017 were particularly affected by the following factors:

- an increase in the number of our active borrowers to 1,209,781 as of March 31, 2018 from 765,541 as of March 31, 2017 and a corresponding increase in our total outstanding loan portfolio to ₹ 17,329.47 million as of March 31, 2018 from ₹ 9,918.87 million as of March 31, 2017. Our loan disbursements were ₹ 30,363.01 million for the financial year 2018 compared to ₹ 20,285.55 million for the financial year 2017;
- impact of the transition and transfer of the microfinance business from MFL to our Company, in a staggered manner during the financial year 2017 which did not significantly impact our results of operations in the financial 2018. For a part of financial year 2017 our Company commenced incurring expenses such as lease payments for our branches and employee benefits expenses, which were transferred prior to a corresponding transfer of the loan portfolio and interest income from loans given.
- reduction in the interest rates charged by us in line with a reduction in our cost of funds as required by RBI regulations;
- an increase in our provisions to 1.50% for the financial year 2018 from 1.00% for the financial year 2017 due to a change in provisioning policy due to a change in our accounting policies;
- the Government announcement of demonetization of bank notes, in November 2016, which affected our operations and the microfinance industry generally, including fresh disbursements and repayments on loans already disbursed. Our results of operations for the financial year 2017 and 2018 were affected by demonetization and our provisions and write-offs increased to 236.51 million for the financial year 2018 from 57.39 million for the financial year 2017.

Income

Revenue from Operations

Our revenue from operations increased by 85.02% to ₹4,511.44 million for the financial year 2018 from ₹ 2,438.42 million for the financial year 2017, primarily due to an increase in our interest income on loans given and excess interest spread on securitization and direct assignment of loans.

Our interest income on loans given increased to ₹ 2,921.00 million for the financial year 2018 from 1,357.62 million for the financial year 2017 due to an increase in the number of our active borrowers to 1,209,781 as of March 31, 2018 from 765,541 as of March 31, 2017 and our total outstanding loan portfolio to ₹ 17,329.47 million as of March 31, 2018 from ₹ 9,918.87 million and March 31, 2017. This growth was in line with an increase in loan disbursements to ₹ 30,363.01 million for the financial year 2018 compared to ₹ 20,285.56 million for the financial year 2017 and increase in our branches to 467 as of March 31, 2018 from 399 as of March 31, 2017.

Our excess interest spread on securitization and direct assignment of loans increased by 45.82% to ₹ 1,028.04 million for the financial year 2018 from ₹ 705.00 million for the financial year 2017, partially due to an increase in volume and outstanding amounts on our securitized and assignment loans. We securitized or assigned loans of ₹ 12,769.68 million for the financial year 2018 compared to ₹ 10,969.19 million for the financial year 2017. Further, our excess interest spread on securitization and direct assignment of loans increased due to increasing proportion of direct assignment transactions to securitization transactions in the financial year 2018 compared to the financial year 2017. We receive higher margins on direct assignment transactions due to lower or no cash collateral or guarantee, and related costs, as well as due to higher interest rates received on direct assignment transactions.

Our loan processing fees increased by 49.54% to ₹ 303.70 million for the financial year 2018 from ₹ 203.09 million for the financial year 2017, primarily due to an increase in total loan disbursements.

Our commission income increased by 49.51% to ₹ 168.31 million for the financial year 2018 from ₹ 112.57 million for the financial year 2017, primarily due to an increase in commissions received from manufacturers or distributors due to increased disbursement of loans for purchase of specified products by us and commissions received on loans arranged under the business correspondence arrangement with our Promoter, MFL and the business correspondence agreement for microfinance products with YES Bank Limited.

Other Income

Other income increased to ₹ 82.72 million for the financial year 2018 from ₹ 0.03 million for the financial year 2017. The increase was primarily due to net profit on sale of investments in mutual funds amounting to ₹ 80.99 million for the financial year 2018.

Expenditure

Employee benefits expense

Employee benefits expense increased by 58.67% to ₹ 1,035.02 million for the financial year 2018 from ₹ 652.31 million for the financial year 2017, primarily due to an increase in salaries and wages by 57.6% to ₹ 917.13 million for the financial year 2018 from ₹ 581.79 million for the financial year 2017. Our contribution to provident and other defined contribution funds increased by 64.7% to ₹ 91.62 million for the financial year 2018 from ₹ 55.62 million. The increase in salaries and wages and contribution to provident and other defined contribution funds resulted primarily from an increase in our total number of employees to 5,583 as of March 31, 2018 from 4,017 as of March 31, 2017, as result of the expansion of our business operations and branch network, and an annual increase in salaries and bonuses for our employees.

Finance Costs

Finance costs increased to ₹ 1,647.08 million for the financial year 2018 from ₹ 817.86 million for the financial year 2017 primarily the result of an increase in interest expenses to ₹ 1,590.76 million for the financial year 2018 from ₹ 747.37 million for the financial year 2017. The increase in interest expenses was primarily the result of an overall increase of 86.7% in our annual average outstanding borrowings to ₹ 14,414.28 million for the financial year 2018 from ₹ 7,720.84 million for the financial year 2017, in line with our business expansion and increased borrowings for disbursements to our borrowers. Our costs of funds reduced to an average rate of 6.76% for the financial year 2018 from an average rate of 7.17% for the financial year 2017, based on monthly average rates during the period.

Other borrowing costs decreased by 16.38% to ₹ 54.25 million for the financial year 2018 from ₹ 64.88 million for the financial year 2017, primarily due to lower arranger fees paid by us.

Provision for Loan Losses and Write-offs

Our provisions for loan losses and write-offs increased to ₹ 236.51 million for the financial year 2018 from ₹ 57.39 million for the financial year 2017, primarily due to a change in our provisioning policy under which our provision increased to 1.5% of the outstanding portfolio. Our provisions and write-offs were also impacted by the Government announcement of demonetization of bank notes, in November 2016, which resulted in increased NPAs being recognized in the financial year 2018 and resulted in write-offs of ₹ 76.98 million during the financial year 2018 compared to nil in the financial year 2017 together with the NBFC-ND-SI Master Directions which required us to provide an additional provision of 0.4% of the non-qualifying portfolio.

Depreciation and Amortization

Depreciation and amortization costs increased by 89.2% to ₹ 18.41 million for the financial year 2018

from ₹ 9.73 million for the financial year 2017. The increase was primarily due to an expansion of our business and corresponding increase of 85.5% in our tangible fixed assets such as computers, furniture and office equipment to ₹ 131.03 million for the financial year 2018 from ₹ 70.63 million for the financial year 2017 in line with increase in the number of our branches to 467 as of March 31, 2018 from 399 as of March 31, 2017.

Other Expenses

Other expenses increased by 56.5% to ₹ 514.79 million for the financial year 2018 from ₹ 32 million for the financial year 2017, primarily due to an increase in rent and amenities, travelling, conveyance and lodging expenses and cash management charges.

Cash management charges increased by 53.0% to ₹ 200.92 million for the financial year 2018 from ₹ 131.32 million for the financial year 2017, primarily due to an increase in total collections and disbursements by 60.3% to ₹ 37,449.82 million for the financial year 2018 from ₹ 23,357.20 million for the financial year 2017 and corresponding increase in payments made to MFL pursuant to a cash management agreement.

Rent and amenities increased to ₹ 76.21 million for the financial year 2018 from ₹ 30.04 million for the financial year 2017, primarily due to an increase in the number of branches and regional offices to 467 and 9 as of March 31, 2018 from 399 and 6 as of March 31, 2017, respectively.

Travelling, conveyance and lodging expenses increased to ₹ 71.03 million for the financial year 2018 from ₹ 33.81 million for the financial year 2017, primarily due to our expansion to new territories which required employees in our existing regions to travel to new areas.

Miscellaneous expenses increased by 97.3% to ₹ 31.16 million for the financial year 2018 from ₹ 15.79 million for the financial year 2017, primarily due to an increase in subscription and membership fees for credit reports and analysis and postage and office expenses.

Net Profit before Tax

Our net profit before tax, as restated, increased by 99.6% to ₹ 1,142.35 million for the financial year 2018 from ₹ 572.22 million for the financial year 2017.

Tax Expense

Current tax or minimum alternate tax increased by 90.8% to ₹ 417.37 million for the financial year 2018 from ₹ 218.72 million for the financial year 2017, primarily due to an increase in taxable income to ₹ 1,165.49 million for the financial year 2018 from ₹ 631.98 million for the financial year 2017.

As a result of timing differences in making provisions for loan assets, gratuity and leave encashment, we have deferred tax charges of ₹ 35.09 million as of March 31, 2018.

Net Profit after Tax

Our net profit after tax, as restated, increased to ₹ 760.07 million for the financial year 2018 from ₹ 370.38 million for the financial year 2017.

Financial Position

Our net worth increased to ₹ 6,148.04 million as of March 31, 2018, from ₹ 1,890.16 million as of March 31, 2017.

Assets

The table below sets forth the principal components of our assets as of March 31, 2018 and 2017.

Sub-Total	17,884.00	10,597.58

Total Assets	24,753.56	14,652.81
---------------------	------------------	------------------

We had total assets of ₹ 24,753.56 million as of March 31, 2018, compared to ₹ 14,652.81 million as of March 31, 2017, primarily due to an increase in loan book during the year and advances and bank balances at the end of the year.

Tangible Assets

Our tangible assets increased by 85.5% to ₹ 131.03 million as of March 31, 2018, from ₹ 70.63 million as of March 31, 2017, primarily due to the addition of branches leading to increase in furniture and fixtures of ₹ 54.69 million and office equipment of ₹ 12.13 million.

Deferred Tax Assets, Net

We have accumulated deferred tax credits of ₹ 69.92 million as of March 31, 2018 and ₹ 34.83 million as of March 31, 2017.

Loans and Advances

Our total outstanding loan portfolio was ₹ 17,329.46 million, or 99.1% of total loans and advances as of March 31, 2018 compared to ₹ 9,918.85 million, or 99.6% of our total loans and advances as of March 31, 2017.

Loan Receivables

Our total loan receivables increased by 74.7% to ₹ 17,329.46 million as of March 31, 2018, from ₹ 9,918.85 million as of March 31, 2017. This increase was primarily due to the increase in unsecured loans (considered good) to joint liability groups ("JLGs") during the financial year 2018 of ₹ 16,365.10 million as compared to ₹ 9,372.05 million during the financial year 2017 resulting primarily from an increase in income generating loans disbursed.

Our long-term loans and advances increased to ₹ 150.74 million as of March 31, 2018 from ₹ 34.00 million as of March 31, 2017. This increase was primarily due to the increase in advance income tax during the financial year 2018 of ₹ 84.50 million as compared to nil during the financial year 2017.

The table below shows the breakdown of our loans and advances by type of loans as of March 31, 2018 and 2017:

Total	9,456.20	7,486.16	8,059.04	3,827.16	17,515.24	11,313.32

Our long-term borrowings increased by 54.8%, to ₹ 17,515.24 million as of March 31, 2018 from ₹ 11,313.32 million as of March 31, 2017, primarily as a result of new loans from banks and other financial institutions amounting to ₹ 10,008.8 million, as well as a fresh issue of debentures amounting to ₹ 750.00 million, during the financial year 2018.

Our interest coverage ratio (defined as cash profit after tax plus interest paid divided by interest paid) as of March 31, 2018, 2017 and 2016 was 1.64, 1.59 and 1.77, respectively.

Other Current Liabilities

Our other current liabilities increased by 73.0% to ₹ 8,882.72 million as of March 31, 2018 from ₹ 5,134.50 million as of March 31, 2017, primarily due to increase in other current liabilities from banks.

Provisions

Our provisions for standard and non-performing assets were ₹ 260.09 million as of March 31, 2018, compared to ₹ 100.56 million as of March 31, 2017. Our total outstanding non-performing loan portfolio increased to ₹ 595.04 million as of March 31, 2018 from ₹ 28.75 million as of March 31, 2017. Gross NPA ratios were 3.43% and 0.29% as of March 31, 2018 and March 31, 2017, respectively. Net NPA ratios (i.e., net of loan loss provisions) were 1.97% and 0.26% as of March 31, 2018 and March 31, 2017, respectively. The ratio of provision on standard and non-performing assets to our total outstanding loan portfolio was 1.50% as of March 31, 2018 and 1.01% as of March 31, 2017.

Shareholders' Funds

Our shareholders' funds (net of debit balance in our profit and loss account) was ₹ 6,148.04 million as of March 31, 2018, representing 24.8% of our total assets, compared to ₹ 1,890.16 million as of March 31, 2017, representing 12.9% of our total assets. The increase in shareholders' funds in the financial year 2018 was primarily due to a fresh issue of equity and preference shares which raised ₹ 3,500.00 million representing capital infusion from the promoters and certain private equity investors and an increase in accumulated profits.

Capital to Risk Asset Ratios

The NBFC-SI Master Directions require all NBFC-MFIs to maintain a capital adequacy ratio consisting of Tier I and Tier II capital that is not less than 15.0% of their aggregate risk-weighted assets. Our capital to risk assets ratio as of March 31, 2018 and March 31, 2017 was 34.83% and 18.32% respectively.

Our capital adequacy information as March 31, 2018 and 2017 is follows:

	As at 31 March	
	2018	2017
	(₹ in million)	
Tier I capital ⁽¹⁾	6,049.69	1,678.08
Tier II capital ⁽²⁾	173.55	174.47
Total Tier I and Tier II capital	6,223.24	1,852.55
Total risk weighted assets	17,865.73	10,112.17
Tier I capital to risk assets ratio (%)	33.86	16.59
Tier II capital to risk assets ratio (%)	0.97	1.73
Total capital to risk assets ratio ⁽³⁾ (%)	34.83	18.32

Notes:

- (1) Tier I capital means owned funds as reduced by investment in shares of other NBFCs and in shares, debentures, bonds, outstanding loans and advances, including hire purchase and lease finance made to and deposits with subsidiaries and companies in the same group exceeding, in aggregate, 10% of the owned fund.
- (2) Tier II capital includes preference share capital, revaluation reserves, general provisions and loss reserves, hybrid debt capital instruments and subordinate debts to the extent the aggregate does not exceed Tier I capital.
- (3) The total capital to risk assets ratio is calculated as capital funds (Tier I capital plus Tier II capital) divided by risk-weighted assets (the weighted average of funded and non-funded items after applying the risk weights as assigned by the RBI).

A woman with dark skin and short black hair, wearing a pink and gold patterned sari over a maroon blouse, stands behind a handloom. She is looking directly at the camera. The handloom is in the foreground, with many threads stretched across it. To the right, a large spool of white thread is visible. The background is a plain, light-colored wall.

CUSTOMER SUCCESS STORIES

Kuthampulli, a small village situated at Thiruvillamala on the Palakkad-Thrissur border in Kerala is a weaving village known for its brand of handloom textiles. 50 year old Saraswathy Rajendran, a traditional weaver in the village, was among the very few people who didn't leave their traditional job despite the industry's poor performance. Saraswathy knew she can still earn a decent income from the sector as the demand for traditional handloom textiles remain high.

Saraswathy availed microfinance loans from Muthoot and upgraded her loom to increase production; she also acquired enough raw materials with the money. She worked on 'piece rate' and weaved other dress materials apart from sarees. Gradually, her income climbed many folds. Her success story has inspired many from her village to continue with their traditional job.

Independent Auditor's Report

To the Members of Muthoot Microfin Limited

Report on the Financial Statements

1. We have audited the accompanying financial statements of Muthoot Microfin Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on these financial statements.

Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2018, and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

9. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order.
10. Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:
 - a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c. the financial statements dealt with by this report are in agreement with the books of account;
 - d. in our opinion, the aforesaid financial statements comply with the Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended);
 - e. on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164(2) of the Act;
 - f. we have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as on 31 March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date and our report dated 03 May 2018 as per Annexure B expressed an unmodified opinion.;
 - g. with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company does not have any pending litigation which would impact its financial position
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
 - iv. the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016 which are not relevant to these financial statements. Hence, reporting under this clause is not applicable.

Annexure A to the Independent Auditor's Report of even date to the members of Muthoot Microfin Limited, on the financial statements for the year ended 31 March 2018

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The fixed assets have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the fixed assets is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The Company does not hold any immovable property (in the nature of 'fixed assets'). Accordingly, the provisions of clause 3(i)(c) of the Order are not applicable.
- (ii) The Company does not have any inventory. Accordingly, the provisions of clause 3(ii) of the Order are not applicable.
- (iii) The Company has not granted any loan, secured or unsecured to companies, firms, Limited Liability Partnerships (LLPs) or other parties covered in the register maintained under Section 189 of the Act. Accordingly, the provisions of clauses 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the Order are not applicable.
- (iv) In our opinion, the Company has not entered into any transaction covered under Sections 185 and 186 of the Act. Accordingly, the provisions of clause 3(iv) of the Order are not applicable.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) The Central Government has not specified maintenance of cost records under sub-section (1) of Section 148 of the Act, in respect of Company's products/ services. Accordingly, the provisions of clause 3(vi) of the Order are not applicable.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited to the appropriate authorities, though there has been a slight delay in a few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.
- (b) There are no dues in respect of income-tax, sales-tax, service tax, duty of customs, duty of excise and value added tax that have not been deposited with the appropriate authorities on account of any dispute.
- (viii) In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of loans or borrowings to any financial institution or a bank or government or any dues to debenture-holders during the year.
- (ix) The Company did not raise moneys by way of initial public offer or further public offer (including debt instruments). In our opinion, the term loans were applied for the purposes for which the loans were obtained, though surplus funds which were not required for immediate utilisation have been invested in liquid investments, payable on demand.
- (x) No fraud by the Company or on the company by its officers or employees has been noticed or reported during the period covered by our audit, except for misappropriation of cash aggregating to ₹3,131,388 through manipulation of 1,134 customers' accounts by the employees

of the Company identified by the management during the year as stated in note 32 to the financial statements. The Company has initiated disciplinary action against such employees, including termination of their employment contract and recovery of the amounts. The Company has recovered ₹499,451 out of such amounts as at the year end and the balance amount of ₹2,631,937 is disclosed under “Loan receivables”. The Company has provided for the balance amount outstanding as at 31 March 2018 and is taking necessary steps to ensure recovery of such amounts.

- (xi) The Company has not paid or provided for any managerial remuneration. Accordingly, the provisions of Clause 3(xi) of the Order are not applicable.
- (xii) In our opinion, the Company is not a Nidhi Company. Accordingly, provisions of clause 3(xii) of the Order are not applicable.
- (xiii) In our opinion all transactions with the related parties are in compliance with Sections 177 and 188 of Act, where applicable, and the requisite details have been disclosed in the financial statements, as required by the applicable accounting standards.
- (xiv) During the year, the Company has made preferential allotment of equity shares and compulsorily convertible preference shares. In respect of the same, in our opinion, the Company has complied with the requirement of Section 42 of the Act and the Rules framed thereunder. Further, in our opinion, the amounts so raised were applied for the purposes for which these securities were issued, though surplus funds which were not required for immediate utilisation have been invested in liquid investments, payable on demand.
- (xv) In our opinion, the Company has not entered into any non-cash transactions with the directors or persons connected with them covered under Section 192 of the Act.
- (xvi) The Company is required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934 and such registration has been obtained by the company.

Annexure B to the Independent Auditor's Report of even date to the members of Muthoot Microfin Limited, on the financial statements for the year ended 31 March 2018

Independent Auditor's report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. In conjunction with our audit of the standalone financial statements of Muthoot Microfin Limited ("the Company") as at and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting (IFCoFR) of the Company as at that date.

Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India ("ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India (ICAI) and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such controls were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”).

Muthoot Microfin Limited
Summary of significant accounting policies and other explanatory information
(All amounts are in Indian Rupees, unless otherwise stated))

1 GENERAL INFORMATION

a Background

“Muthoot Microfin Limited (‘the Company’) was incorporated as a private limited company in the year 1992 under the erstwhile Companies Act, 1956. Effective 18 March 1998, the Company was registered as a non-deposit accepting Non Banking Financial Company (‘NBFC-ND’) under the rules and regulations framed by the Reserve Bank of India (‘the RBI’). In accordance with the Notification issued by the RBI vide reference no. RBI/2011-12/290, DNBS.CC.PD. No.250/03.10.01/2011-12, dated 2 March 2011, the Company has obtained registration under the category of Non-Banking Financial Company - Micro Finance Institutions (‘NBFC-MFI’), w.e.f 25 March 2015. The Company’s non-convertible debentures are listed on the Bombay Stock Exchange (‘BSE’).

The operations of the Company are based on the Grameen model of lending. It is designed to promote entrepreneurship among women and inclusive growth. The Company provides financial assistance through micro loans to women engaged in small income generating activities. The company also facilitates entrepreneurship development and harnesses entrepreneurship skills through skill development workshops and financial literacy classes for its clients.

In addition to the core business of providing micro-credit, the Company uses its distribution channel to provide loans to the members for the purchase of productivity-enhancing products such as solar lamps, mobile phones and water purifiers.

b Comparatives

All amounts in the financial statements are presented in Indian Rupees except share data and as otherwise stated. Figures for the previous year have been regrouped / re-classified wherever considered necessary to conform to the figures presented in the current year.

2 Significant Accounting Policies

a Basis of preparation of financial statements

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the Accounting Standards notified under section 133 of the Companies Act 2013 (‘the Act’), read together with rule 7 of the Companies (Accounts) Rules, 2014 and the provisions of the RBI as applicable to a NBFC-MFI and Systemically Important NBFC-ND. The financial statements have been prepared on an accrual basis and under the historical cost convention, except in the case of Non Performing Assets (‘NPAs’), where interest is recognised upon realisation.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The management evaluates all recently issued or revised accounting standards on an ongoing basis.

b Use of estimates

“The preparation of the financial statements in conformity with Indian GAAP requires management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and reported amounts of income and expenses during the period. Examples of such estimates include provisions for doubtful loans and advances, provision for loss assets,

loan receivables, future obligations under employee retirement benefit plans, income taxes and the useful lives of fixed assets. Further the classification of assets and liabilities into current and non-current is based on the estimation of the operating cycle of the Company.

Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

c Property, plant and equipment

Property, plant and equipment are carried at cost of acquisition or construction less accumulated depreciation and impairment losses, if any. Cost comprises the purchase price, including duties and other non-refundable taxes or levies and any directly attributable cost of bringing the asset to its working condition for its intended use.

Gains or losses arising on the disposal of property, plant and equipment are determined as the difference between the disposal proceeds and the carrying amount of the assets and are recognised in the statement of profit and loss within other income or other expenses, as the case may be.

Depreciation is provided using straight line method at the rates of depreciation prescribed in Schedule II of the Companies Act, 2013.

d Intangible assets

Acquired computer software licences are capitalised on the basis of the costs incurred to acquire and install the specific software. These assets are amortised over their estimated useful lives on a straight line basis, commencing from the date the assets is available to the Company for its use. After initial recognition, intangible assets are carried at its cost less any accumulated amortisation and any accumulated impairment losses.

When an intangible asset is disposed of, the gain or loss on disposal is determined as the difference between the disposal proceeds and the carrying amount of the asset, and is recognised in the statement of profit and loss within other income or other expenses, as the case may be.

The useful life of the assets is reviewed at each balance sheet date. If the expected useful life of the asset is significantly different from the previous estimates, the amortisation period is changed accordingly. If there has been a significant change in the expected pattern of economic benefit from the asset, the method of amortisation is changed to reflect the changed pattern. Such changes are accounted in accordance with Accounting Standard (AS) 5, Net Profit or Loss for the Period, Prior Period Items and Changes in Accounting Policies.

e Impairment

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. Recoverable amount is the higher of the asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life.

If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the statement of profit and loss. If at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost.

f Operating lease

Where the Company is a lessee, payments on operating lease agreements are recognised as an expense on a straight-line basis over the lease term. Associated costs such as maintenance and insurance are expensed as incurred.

g Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the collectability is reasonably assured.

- i. Interest on loans is recognised on accrual basis, except in the case of Non Performing Assets (“NPAs”), where interest is recognised upon realisation.
- ii. Interest income on deposits with banks is recognized on time proportion basis taking into account the amount outstanding and the rate applicable.
- iii. Loan processing fees is accounted up-front as and when it becomes due.
- iv. Excess interest spread on securitization direct assignment represents income from receivables securitized / assigned is accounted in accordance with the relevant guidelines issued by the RBI. The losses arising are recognized in the Statement of Profit and Loss immediately upon receipt of sale consideration and the gains arising from the transaction are amortized over the tenor of the transaction. Interest retained under assignment of loan receivables is recognised on realisation basis over the life of the underlying loan portfolio.
- v. Commission income is recognised on an accrual basis on the completion of the service in accordance with the terms of the agreement.
- vi. All other income is recognised on an accrual basis.

h. Securitization/assignment of loans and advances

Transactions relating to transfers of loans and advances through securitization/assignment with other financial institutions and banks are accounted for in accordance with the relevant guidelines issued by the RBI. Such transferred loans and advances are de-recognised from the financial statements and gains/losses are accounted for only where the Company surrenders rights and obligations specified in the loan contract in favour of the counter parties.

i. Asset classification and provisioning

The Company follows the asset classification and provisioning norms as per the NBFC Master Directions, 2016 for Non-Banking Financial Company – Micro Finance Institutions (NBFC-MFIs).

Asset category	Classification
Standard assets	Asset in respect of which no default in repayment of principal or payment of interest is perceived and which does not disclose any problem nor carry more than normal risk attached to the business.
Non-performing assets**	Asset for which, interest/principal payment has remained overdue for a period of 90 days or more.

** RBI vide Notification No. DBR.No.BP.BC.37/21.04.048/2016-17 dated November 21, 2016 and vide Notification No. DBR.No.BP.BC.49/21.04.048/2016-17 dated December 28, 2016 has given additional 90 days dispensation for classification of non-performing assets in the wake of demonetisation. The dispensation will apply to dues which were payable between November 1, 2016 and December 31, 2016.

Provisioning upto 31st March 2017

Higher of a) 1% of the outstanding loan portfolio or b) 50% of the aggregate loan instalments which are overdue for more than 90 days and less than 180 days and 100% of the aggregate loan instalments which are overdue for 180 days or more.

Provisioning from 01 April 2017

Higher of:

- a) 1.50% of the outstanding loan portfolio; or

b) Aggregate of:

- i) 0.4% of the standard assets which do not meet the qualifying asset criteria;
- ii) 50% of the aggregate loan instalments which are overdue for more than 90 days and less than 180 days; and
- iii) 100% of the aggregate loan instalments which are overdue for 180 days or more.

j Borrowing cost

Borrowing cost includes interest incurred in connection with the arrangement of borrowings. Borrowing costs directly attributable to the construction of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective asset. All other borrowing costs are expensed in the period they are incurred.

k Employee benefits

- (i) **Defined contribution plan** :The Company makes contribution to statutory provident fund in accordance with Employees Provident Fund and Miscellaneous Provisions Act, 1952. Eligible employees receive benefits from the provident fund, which is a defined contribution plan. Both the employee and the Company make monthly contributions to the provident fund plan equal to specified percentage of the covered employee's basic salary. The Company has no further obligations under the plan beyond its monthly contributions. Contributions to provident fund are charged to the statement of profit and loss on accrual basis.
- (ii) **Gratuity** :The Company provides gratuity, a defined benefit retirement plan covering eligible employees. Liabilities related to the gratuity plan are determined by an independent actuarial valuation carried out using projected unit credit method as at the balance sheet date. Actuarial gain or loss is recognized immediately in the statement of profit and loss.
- (iii) **Compensated absences** :Compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred.

l Taxation

Provision for tax for the year comprises current income tax and deferred tax.

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Deferred income taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantially enacted at the reporting date. Deferred tax assets are recognised only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. Unrecognised deferred tax assets of earlier years are re-assessed and recognised to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized.

In computing current taxes the Company takes into consideration the benefits admissible under the provisions of the Income Tax Act, 1961. In cases wherever the tax liability computed as per above is less than the Minimum Alternate Tax, the Company is liable to pay the Minimum Alternate Tax (MAT), in accordance with Section 115JB of the Income Tax Act, 1961. MAT credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in guidance

Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of profit and loss account and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

m. Earnings per equity share

The basic earnings per equity share ("EPS") is computed by dividing the net profit / loss after tax for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. For the purpose of diluted earnings per share, the net profit / loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for effects of all dilutive potential equity shares.

n. Provisions, contingent liabilities and contingent assets

The Company creates a provision when there is present obligation as a result of past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. The amount of provision recognised are best estimates of expenditure that are required to settle the obligation at the balance sheet date. The estimates are not discounted to their present value.

A disclosure for a contingent liability is made when there is possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognized nor disclosed in the financial statements.

o. Securities issue expenses

Securities issue expenses and redemption premium, if any, are adjusted against the securities premium account as permissible under the Act, to the extent balance is available for utilisation in the securities premium account.

p. Cash flow statement

Cash flows are reported using the indirect method, whereby profit / loss before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, financing and investing activities of the Company are segregated based on the available information. Cash comprises of cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

q. Share based payments

Measurement and disclosures in relation to employee share-based payment plans are done in accordance with the Guidance Note on Accounting for Employee Share-based Payments, issued by the Institute of Chartered Accountants of India. The Company measures compensation cost relating to employee stock options using the intrinsic value method. Compensation expense is amortised over the vesting period of the option on the straight line basis.

8 Employee benefits

i) Compensated absences

The Company permits encashment of compensated absences accumulated by their employees on retirement, separation and during the course of service. The liability in respect of the Company, for outstanding balance of privilege leave at the balance sheet date is determined and provided on the basis of actuarial valuation performed by an independent actuary. The Company maintains plan assets with LIC to fund its obligation towards compensated absences.

Principal actuarial assumptions used :

Discount rate	8.00%	8.00%
Long-term rate of compensation increase	7.00%	7.00%
Attrition rate	20.00%	20.00%
Average remaining service period (in years)	32.37	32.80
Expected return on plan assets	8.00%	8.00%

ii) Gratuity

In accordance with applicable Indian laws, the Company provides for gratuity, a defined benefit retirement plan ("the Gratuity Plan") covering eligible employees. The Gratuity Plan provides for a lump sum payment to vested employees on retirement (subject to completion of five years of continuous employment), death, incapacitation or termination of employment that are based on last drawn salary and tenure of employment. The Company has taken a group gratuity policy for its employees with the Life Insurance Corporation of India ("LIC").

The following table set out the status of the gratuity plan as required under Accounting Standard (AS) - 15 - Employee benefits and the reconciliation of opening and closing balances of the present value of the defined benefit obligation and fair value of plan assets.

CUSTOMER SUCCESS STORIES

Indhirani, a 46-year-old small time tea vendor from 'Sami Pillai Thottam' in Pondicherry moved her tea stall into a better infrastructure after availing a microfinance loan from Muthoot Microfin. With the first cycle loan of ₹ 20,000, she advanced her business with more food items and better facilities for customers.

Gradually, her customer base and business largely improved. She now even employs a neighbour at peak times. She keeps her tea stall open until 7 PM to generate more sales. Indhirani is proud of what she accomplished for her family. She now saves a certain amount each day to further develop her business in long term.
