Message from the Chairman

Dear Shareholders,

I trust this message finds you well and in good spirits. It gives me great pleasure to share that your company has steadily grown at a satisfactory pace, with the best use of available opportunities in this competitive era. I am happy to share that your company has crossed the INR 150 crore level.

Amid continued elevated levels of uncertainty, the Management remained successful in restoring confidence, predictability, and sustainability.

I reiterate that our expansion into the East African market is giving better results and delivering highly promising outcomes. Through our step-down subsidiary, Quantum Lubricants E.A. Ltd (Manufacturing Unit), we enjoy exclusivity for our premium lubricants and allied products across Uganda, Tanzania, and Rwanda.

As regards growth compared to the previous fiscal year, the company's total income has surged to INR 189 crore, with 13.64% growth in EBITDA and 2.19 % growth in PAT.

Maximus has successfully maintained a stable growth trajectory throughout all the quarters of FY 26, demonstrating its ability to overcome challenges while remaining profitable since its inception. As a leading manufacturer and distributor of speciality lubricants, with a robust presence in African and Middle Eastern markets, the company is well-positioned to capitalize on new opportunities and achieve even greater success.

I am sure that the future looks exceptionally promising, supported by our solid financial performance, stable financial position, unwavering compliance, and strong corporate governance.

In conclusion, I would like to extend my deepest gratitude to all our shareholders for your unwavering support and confidence in our journey. Together, we will continue to explore new horizons, seize opportunities and build a brighter future for your company.

Yours sincerely,

Dipak Raval
Chairman & Managing Director

Message from the desk of the CFO

Dear Shareholders,

FY 2025-26 was a year of strong performance and purposeful investment for Maximus International Limited. We delivered healthy growth across our business segments while simultaneously strengthening our operating platform and balance sheet, positioning the Company for sustainable growth in the years ahead.

On a consolidated basis, Revenue from Operations grew 18% to ₹1,848 Mn, compared with ₹1,569 Mn in the previous year. EBITDA increased 14% to ₹173 Mn, while Profit Before Tax stood at ₹111 Mn, compared with ₹103 Mn in FY 2024-25. Our Net Worth increased by 20.78% to ₹871 Mn, reflecting continued strengthening of the Company's financial foundation.

Alongside our business growth, we continued to deploy capital strategically towards **modernization, automation, capacity enhancement, and infrastructure development**, with a clear focus on building a more efficient and scalable operating platform. During the year, we strengthened our manufacturing capabilities through investments in automated batch blending, advanced solubilization and grease manufacturing systems. We also expanded bulk storage and tank farm capacity, enhanced warehousing infrastructure, and high-speed automated filling lines. These initiatives are expected to improve production throughput, process consistency, quality control, and operational efficiency, while enabling greater flexibility to cater to evolving customer requirements. Collectively, these investments strengthen our manufacturing base and provide the capacity and infrastructure required to support the Company's growth across its **automotive, industrial, and speciality product businesses** in the years ahead.

Our international expansion remains an important component of our growth strategy. We expect to commission a grease manufacturing facility at our Kenya plant in Q3 FY 2026-27. We also plan to expand into the Tanzania market through a phased approach, initially establishing warehousing and distribution capabilities and subsequently evaluating local manufacturing as the market matures.

As we enter the new financial year, our priorities remain clear: profitable growth, operational excellence, prudent capital allocation, and disciplined expansion. The investments undertaken during the year have strengthened our foundation and enhanced our ability to capture emerging opportunities across markets.

We remain confident that our strengthened balance sheet, expanded capabilities, and focused growth strategy will enable us to create sustainable long-term value for our shareholders.

I sincerely thank our shareholders, customers, employees, business partners, and all stakeholders for their continued confidence and support.

With best regards,

CFO

મેક્સિમસ ઇન્ટરનેશનલ લિમિટેડના ચેરમેન અને મેનેજિંગ ડિરેક્ટર શ્રી દિપક રાવલે જણાવ્યું:

“અમે નાણાકીય વર્ષ ૨૦ની શરૂઆત

મજબૂત રીતે કરી છે, જેમાં કામગીરીમાંથી આવક વાર્ષિક ધોરણે ૧૧.૫૮% વધી છે, જ્યારે EBITDA અને EBITમાં અનુક્રમે ૧.૮૧% અને ૧.૫૮%નો વધારો થયો છે. મિડલ-ઇસ્ટમાં જિયોપોલિટિકલ પરિસ્થિતિના કારણે માર્જિન પર અસર પડી હતી, જેના પરિણામે કાચા માલ અને પરિવહન ખર્ચમાં વધારો થયો હતો, ખાસ કરીને યુએઈમાં, તેમ છતાં આ પડકારો વચ્ચે સારી કાર્યકારી નફાકારકતા ટકાવી રાખવાની અમારી ક્ષમતા અમારા બિઝનેસ મોડેલ, અમલીકરણ ક્ષમતાઓ અને બજાર કુશળતાની મજબૂતાઈને દર્શાવે છે. અમને ખાતરી છે કે આ બાબ દબાણ હળવું થતાં માર્જિનમાં સુધારો થશે.

અમે તાત્કાલિકામાં એક વેરહાઉસ અને ડિસ્ટ્રિબ્યુશન કેસિલિટી બનાવવાની યોજના સાથે આગળ વધી રહ્યા છીએ, જે નાણાકીય વર્ષ ૨૦ના ત્રીજા ત્રિમાસિક સુધીમાં કાર્યરત થવાનું લક્ષ્ય છે અને તે જ સમયગાળા દરમિયાન અમારા કેમ્પા પ્લાન્ટમાં ગ્રીસ મેન્યુફેક્ચરિંગ પ્લાન્ટ શરૂ કરવાની પણ યોજના છે.

સાથે મળીને, આ તમામ પહેલ આંતરરાષ્ટ્રીય બજારમાં અમારી ઉપસ્થિતિને મજબૂત કરવા, અમારા ડિસ્ટ્રિબ્યુશન વ્યાપને વિસ્તૃત કરવા અને ટકાઈ, લાંબા ગાળાના વિકાસ માટે એક મજબૂત પ્લેટફોર્મ બનાવવા માટે ડિઝાઇન કરવામાં આવેલ છે.”

Maximus International Closes FY26 with 18% Revenue Growth and Record Q4 Performance

Mumbai, Maximus International Limited (BSE: 540401), a premier manufacturer and distributor of specialty lubricants and petroleum products, announced its Board-approved audited financial results for the quarter and financial year ended 31st March 2026 on 28th May 2026. Maximus International Limited delivered a strong financial performance during the period, driven by higher business activity across its operating segments. The overall performance indicates solid expansion, characterized by double-digit growth in consolidated revenue and profitability metrics on both a Year-on-Year (YoY) and Quarter-on-Quarter (QoQ) basis. Operational efficiencies supported this expansion, while the company's asset base and future growth capabilities were simultaneously strengthened through strategic

capital expenditure investments focused on modernization and infrastructure development.

Key Financial Highlights: FY 2025-26 Highlights - On a Consolidated basis, the full financial year performance recorded robust upward movement compared to the previous fiscal year.

Revenue: Revenue from Operations grew by 18% to Rs. 1848 Mn for the year ended 31st March 2026, up from Rs. 1569 Mn in the previous year.

EBITDA: EBITDA expanded by 14%, reaching Rs. 173 Mn compared to Rs. 152 Mn in Previous FY. PBT: Profit Before Tax (PBT) reached Rs. 111 Mn, marking a growth of 7% over the Rs. 103 Mn posted in the previous year. Strong Capitalization and Balance Sheet Expansion

During the financial year ended 31st March 2026, the company made substantial strategic capital investments. The investment was primarily driven by the modernization of plant and equipment and infrastructure expansion. These investments are aimed at enhancing operational efficiency, improving logistics capabilities, supporting future business growth and creating long-term value for stakeholders.

મેક્સિમસ ઇન્ટરનેશનલ નાણાકીય વર્ષ ૨૦ના ત્રીજા ત્રિમાસિકમાં ૧૫%ની વાર્ષિક આવક વૃદ્ધિનો અહેવાલ; રેકોર્ડ-બ્રેકિંગ વાર્ષિક કામગીરીની અપેક્ષા

મેક્સિમસ ઇન્ટરનેશનલ લિમિટેડ (BSE: 540401), સ્પેશિયાલિટી લુબ્રિકન્ટના અગ્રણી મેન્યુફેક્ચરર અને નિકાસકારે, ૩૧ માર્ચ ૨૦૨૫ના રોજ પૂરા થયેલા ત્રિમાસિક અને નવ મહિના માટે તેના સમીક્ષા કરાયેલા નાણાકીય પરિણામો જાહેર કર્યા છે. વૈશ્વિક બજારમાં જટિલતા હોવા છતાં, કંપનીએ સતત વૃદ્ધિ અને કાર્યકારી પદ્ધતિને જાળવી રાખી છે.

મુખ્ય સંકલિત નાણાકીય મુદ્દાઓ ત્રિમાસિક પ્રદર્શન (ના.વ. ૨૦૨૫ની ત્રીજા ત્રિમાસિક વિ. ના.વ. ૨૦૨૪ની ત્રીજા ત્રિમાસિક) આવાક: રૂ. ૭૩૫ મિલિયન પર સ્થિર રહી, જે સતત બજાર માંગને દર્શાવે છે.

ખર્ચ કાર્યક્ષમતા: કુલ ખર્ચમાં ૧૨૦ મિલિયન (૫%)નો ઘટાડો થયો, જે શિસ્તબદ્ધ સંચાલનની વ્યવસ્થા દર્શાવે છે.

નફાકારકતા: કરવેરા પછીના નફા (પીએટી) અને કરવેરા પહેલાનો નફો (પીબીટી)એ સારું પ્રદર્શન કર્યું; કુલ સર્વશ્રાલી આવક રૂ. ૨૭૦ મિલિયન સુધી પહોંચી, જે અનુકૂળ ફોરેન એક્સચેન્જ લાભ થકી મજબૂત બની.

વર્ષ-દર-વર્ષ વૃદ્ધિ (ના.વ. ૨૦૨૫ની ત્રીજી ત્રિમાસિક વિ. ના.વ. ૨૦૨૪ની ત્રીજી ત્રિમાસિક)

આવક વધારો: આંતરરાષ્ટ્રીય બજારમાં મજબૂત કામગીરીને કારણે ૧૬૮ મિલિયન (૧૫%)નો વધારો થયો.

સ્થિર વળતર: ચોખ્ખો નફો પાછલા વર્ષ જેટલો જ રહ્યો, કાર્યક્ષમતામાં વધારો કરીને ઊંચા ખર્ચને સંતુલિત કર્યો.

સર્વશ્રાલી આવક: ૧૫ મિલિયન (૧૭%)નો વધારો થયો, પોઝિટિવ એક્સચેન્જ (FX) ટ્રાન્સલેશનની મદદ મળી.

In compliance with the provisions of the Companies Act, 2013 ("Act"), amended provisions of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), MCA Circulars and Secretarial Standard on General Meetings issued by The Institute of Company Secretaries of India ('SS-2'), the 11th AGM of the Company will be held on 30th September, 2026 at 2:00 P.M. through VC/OAVM. The venue of the meeting shall be deemed to be the Registered Office of the Company situated at Registered Office Address 301-304, Sears II, East Wing, Gotri-Sevasi Road, Sevasi, Vadodara - 391101, Gujarat.
2. Pursuant to the provisions of the Act, a member entitled to attend and vote at the AGM is entitled to appoint a proxy to attend and vote on his / her behalf and the proxy need not be a member of the company. Since this AGM is being held pursuant to the MCA Circulars through VC / OAVM, the requirement of physical attendance of members has been dispensed with. Accordingly, in terms of the MCA circulars, the facility for appointment of proxies by the members will not be available for this AGM and hence the proxy form, attendance slip and route map of AGM are not annexed to this Notice.
3. The attendance of the Members attending the AGM through VC / OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Act.
4. The Explanatory Statement pursuant to Section 102(1) of the Act with respect to the Ordinary/Special Business to be transacted at the meeting set out in the Notice is annexed hereto. The brief details of the persons seeking appointment/re-appointment as Directors as required under Regulation 36(3) of the SEBI Listing Regulations and Secretarial Standard on General Meetings issued by the ICSI, is also annexed to this Notice.
5. The Members can join the AGM in the VC / OAVM mode 15 minutes before and 15 minutes after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice.
6. In line with the aforesaid MCA Circulars and SEBI Circulars, printing and dispatch of physical Annual Reports of Financial Year 2025-26 to the shareholders has been dispensed with. Hence, the Notice of AGM ('Notice') along with Annual Report 2025-26 is being sent only through electronic mode to those Members whose email addresses are registered with the Company/RTA/Depositories, unless any member has requested for a physical copy of the same. Member may note that Notice and Annual Report 2025-26 will also be available on the Company's website at www.maximusinternational.in, website of the Stock Exchange i.e. BSE Limited at www.bseindia.com and on the website of CDSL, the e-voting agency at www.evotingindia.com. Furthermore, in addition to above and in compliance with Regulation 36 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations, 2015"), Company shall send a letter to the Shareholders who have not registered their email addresses, providing the web-link, including the exact path, where complete details of the Annual Report are available.
7. Members are requested to intimate changes, if any, pertaining to their name, postal address, Email IDs, telephone / mobile numbers, PAN, registering of nomination, power of attorney registration, Bank Mandate details, etc., to their Depository Participant (DP).
8. The Company has fixed Wednesday, 23rd September, 2026 as the "Record Date"(Cut-off date) for the purpose of determining the entitlement of Members for remote e-voting as well as e-voting of shareholders holding shares in dematerialized form.
9. Central Depository Services (India) Limited (CDSL), will be providing facility for voting through remote e-voting, for participation in the 11th AGM through VC/OAVM facility and e-voting during the AGM.

10. Members who would like to express their views or ask questions during the AGM may register themselves as a speaker by sending their request from their registered Email ID mentioning their Name, DP ID and Client ID / Folio number, PAN, Mobile Number at info@maximusinternational.in . Only those Members who have registered themselves as a speaker will be allowed to express their views / ask questions during the AGM. THE INSTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

Step 2: Access through CDSL e-Voting system in case of shareholders holding shares in physical mode and nonindividual shareholders in demat mode.

(i) The e-voting period begins on Sunday, 27th September, 2026 at 9.00 a.m. (IST) and ends on Tuesday, 29th September, 2026 at 5.00 p.m. (IST). During this period, shareholders of the Company holding shares either in physical form or in dematerialized form, as on the cut-off date i.e. Wednesday, 23rd September, 2026 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.

(ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.

(iii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

(iv) In terms of SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility

For computing the thresholds stated above, the annual consolidated turnover shall be determined based on the last audited financial statements of the Company.

All the Material Related Party Transaction shall require approval of shareholders by means of an Ordinary Resolution. The said limits are applicable even if the transactions are in the ordinary course of business of the concerned Company and at an arm's length basis. The amended Regulation 2(1)(zc) of the SEBI Listing Regulations has also enhanced the definition of related party transaction which now includes a transaction involving a transfer of resources, services or obligations between a listed entity or any of its subsidiaries on one hand, and any other person or entity on the other hand, the purpose and effect of which is to benefit a related party of the listed entity or any of its subsidiaries, with effect from April 1, 2023 regardless of whether a price is charged and a "transaction" with a related party shall be construed to include a single transaction or a group of transactions in a contract.

In furtherance of its business activities, the Company and its Subsidiaries proposes to enter into contract(s)/ arrangement(s)/ transaction(s) with "Related Parties" as mentioned below, which are in the ordinary course of business.

The annual consolidated turnover of the Company is less than INR 20000 Crore. Further, the estimated value of the proposed transaction is likely to exceed the said threshold limit of 10% of the annual consolidated turnover of the Company as per the last audited financial statements of the Company and therefore may exceed the materiality threshold as prescribed under Regulation 23

of the SEBI Listing Regulations. Thus, these transactions would require the approval of the Shareholders by way of Special Resolution.

Accordingly, the related party transactions as approved by the Audit Committee and the Board of Directors at their respective meetings are hereby placed before the Shareholders for their approval by way of Special Resolution to enable the Company/Subsidiary Companies to enter into the following Related Party Transactions in one or more tranches. The transactions under consideration are proposed to be entered into by the Company/Subsidiary Companies with the following related parties in the ordinary course of business and at arms' length basis.

SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2026

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members

MAXIMUS INTERNATIONAL LIMITED

CIN: L51900GJ2015PLC085474

301-304, Sears II, East Wing,
Gotri-Sevasi Road, Sevasi,
Vadodara-391101,
Gujarat, India.

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **MAXIMUS INTERNATIONAL LIMITED (hereinafter called “the Company”)**. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts / statutory compliances and expressing my opinion thereon.

Based on my verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of the Secretarial Audit, I hereby report that in my opinion, the Company during the audit period covering the **financial year ended on 31st March, 2026**, has complied with the statutory provisions listed hereunder and also that the Company has proper board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:-

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2026 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the Rules made thereunder (Including any statutory modification (s) or re-enactments (s) thereof, for the time being in force);
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the Rules made thereunder (Including any statutory modification (s) or re-enactments (s) thereof, for the time being in force);
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder (Including any statutory modification (s) or re-enactments (s) thereof, for the time being in force);
- (iv) Foreign Exchange Management Act, 1999 (FEMA) and the Rules and Regulations made there under to the extent of Foreign Direct Investment (FDI), Overseas Direct Investment (ODI) and External Commercial Borrowings (ECB) (Including any statutory modification (s) or re-enactments (s) thereof, for the time being in force);
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’) (Including any statutory modification (s) or re-enactments (s) thereof, for the time being in force): -
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 – **Not applicable during Audit Period**;

(d) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 – **Not applicable during Audit Period;**

(e) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021:- **Not applicable during Audit Period;**

(f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; -

(g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021 – **Not applicable during the Audit Period;**

(h) The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018 – **Not applicable during the Audit Period;**

(vi) **Other applicable laws:** Based on the information provided and the representation made by the Company and its officers and also on the review of the compliance reports taken on record by the Board of Directors of the Company, in my opinion, adequate systems and process exist in the Company to monitor and ensure compliances under other applicable Acts, Laws and Regulations as applicable to the Company.

I have also examined compliance with the applicable clauses of the following: -

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India with respect to the Board and General Meeting;
- (ii) The Listing Agreements entered into by the Company with **Bombay Stock Exchange Limited (BSE)** read with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI LODR Regulations').

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines and Standards, etc. as mentioned above.

I further report that: -

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act and SEBI LODR Regulations.

Adequate notice is given to all the Directors / Committee Members to schedule the Board / Committee Meetings, agenda and detailed notes on agenda were sent at least seven days. It was observed that the meeting of the Board of Directors held on 05th December 2025 was convened and conducted at shorter notice, in compliance with the provisions of the Companies Act, 2013, and Secretarial Standards issued by the ICSI, after obtaining the requisite consent from all directors in advance and a system exists for seeking and obtaining further information and clarifications on the agenda items before the Meeting and for meaningful participation at the Meeting.

Majority decisions are carried out unanimously as recorded in the minutes of the meeting of the Board of Directors.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with the applicable Laws, Rules, Regulations and Guidelines, etc.

I further report that during the audit period, following major event/action having a major bearing on the Company's affairs occurred in pursuance of the above referred Laws, rules, regulations and guidelines, standards etc.

1. On 30th September, 2025, at the Annual General Meeting, the members of the company have approved the following major agenda items by passing Special resolution(s):

- Approval For Material related Party Transaction(s) for Financial year 2026-27;
- To Approve Conversion of Prospective Loans into Equity Shares.

ANNEXURE:6
MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Indian economy is growing driven by domestic players across expanding industries and an accelerating finance & service sectors. India is the world's sixth-largest economy in 2026, with a GDP of \$4.15 trillion and the fastest-growing major economy at 6.5% growth.

The Government's initiatives, supported by political stability, have yielded positive outcomes, allowing us to effectively engage with various segments of society and business.

GLOBAL ECONOMIC CONDITIONS & OUTLOOK

Global growth in 2026 is projected around 3.0–3.1%, with uneven recovery across regions amid geopolitical tensions, energy market volatility, and technological shifts.

The war in the Middle East and ongoing geopolitical fragmentation are key downside risks, potentially disrupting energy supplies, trade flows, and financial markets. Restoring confidence, predictability, and sustainability remains a key policy priority.

Overall, 2026 is expected to be a year of cautious recovery, with policymakers, businesses, and investors needing to balance growth opportunities against persistent geopolitical and economic risks.

(Source: IMF)

Outlook

Global growth is projected at 3.0 percent for 2026 and 3.4 percent for 2027, broadly unchanged cumulatively from the April 2026 World Economic Outlook. The outlook is uneven: The war shock is weighing on energy importers and vulnerable economies, while AI-driven demand is lifting countries integrated into the global technology value chain.

Global disinflation has stalled. Risks are more balanced than in April, but downside risks from renewed conflict and financial market repricing persist. Policymakers should preserve price stability, rebuild fiscal space, and strengthen adaptability.

OPPORTUNITIES & THREATS**OPPORTUNITIES**

The following factors present distinct opportunities across our various business segments:

- a) Growing Customer Demand;
- b) Significant Market Potential;
- c) Expansion into New Markets

THREATS

Despite being part of a global industry, the Lubricants and Oils sector faces several significant threats to our businesses:

- a) Intensifying competition from various domestic and international importers, exporters, manufacturers, and traders;
- b) A growing number of competitors offering products similar to ours;
- c) Ongoing pressure to deliver high-quality, consistent, and timely products, along with value-added services;
- d) Increased competition from both small and large players in the lubricant oils and agro-products industry
- e) The war in the Middle East and ongoing geopolitical fragmentation are key downside risks which need to be considered.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company maintains an internal control system that is well-suited to its size and the nature of its business, aimed at achieving operational efficiency and optimal resource utilization. These controls ensure the safeguarding of assets, the reduction and detection of fraud and errors, the adequacy and completeness of accounting records, and the timely preparation of reliable financial information. Regular internal audits are conducted within the Company to uphold these standards.

RISKS AND CONCERNS

Every business inherently carries both risk and return, and these elements are inseparable. As a responsible management team, our primary focus is to maximize returns. The Company remains committed to minimizing expenses through comprehensive analysis and consultation with experts. Senior management regularly identifies and monitors risks, continually developing processes and systems to manage and mitigate them. Through regular checks and evaluations, business risks can be anticipated to the greatest extent possible, allowing for timely corrective measures.

HUMAN RESOURCES

Human resources are a vital asset to any organization. Our employees have played a crucial role in supporting management's efforts to elevate the Company to new heights. As at 31st March, 2026, the Company had 16 employees. The Company places a strong emphasis on enhancing the skills of its workforce, and continuous training is a standard practice to ensure that employees' skills and knowledge are consistently updated.

CAUTIONARY STATEMENT

Statements in this Report that describe the Company's objectives, projections, estimates, expectations, or predictions may constitute "forward-looking statements" as defined by applicable securities laws and regulations. Actual results could differ significantly from those expressed or implied.

INDEPENDENT AUDITOR'S REPORT

To the members of Maximus International Limited Report on the audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **Maximus International Limited** ("the Company"), which comprise the standalone balance sheet as of 31st March 2026, the standalone statement of Profit and Loss (including other comprehensive income), standalone statement of cash flows, standalone statement of changes in equity for the year ended and notes to the standalone financial statements, including a summary of material accounting policies and other explanatory information. (Hereinafter referred to as "Standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rule, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2026, its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statement.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the following key audit matters to be communicated in our report.

Sr. No	Key Audit Matter	Auditor's Response
1.	The Company has a substantial exposure in investment and loan given to subsidiaries: The company has made Investment of Rs. 373.07 lakhs (AED 21.00 lakhs) and Rs. 74.38 lakhs (USD 1.00 lakhs) and has given loan of Rs. 1511.89 lakhs (AED 58.70 lakhs) and 1964.08 lakhs (USD 20.75 lakhs) in its wholly owned subsidiaries Maximus Global FZE (hereinafter referred to as "MGF") and MX Africa Limited (hereinafter MX Africa) respectively. The above exposure to subsidiaries forms a substantial portion of the net worth of the company. Refer note no 8 and 9 standalone financial statement.	How the matter was addressed in our audit: For the exposure in the Wholly Owned Subsidiaries Maximus Global FZE (hereinafter referred to as "MGF") and MX Africa Limited (hereinafter MX Africa): - We have evaluated the relevant terms and conditions agreed between the parties, statutory approval and filing for the same. - We have perused the audited financial statements of MGF and MX Africa to assess the diminution, if any, of the investment and recoverability of the loan as per agreed terms. - We have perused and taken on record the management's representation for the above

		related to the future business plans of MGF and MX Africa.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report including annexures to Board's Report, Corporate Governance and shareholder's information but does not include the standalone financial statements and our auditor's report thereon. The above-referred information is expected to be made available to us after the date of this audit report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions necessitated by the circumstances & the applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's management and Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity & cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error;

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so;

That Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation;

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

Annexure-B: Report on the Internal Financial Controls under Clause (i) of sub section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Maximus International Limited** (“the Company”) as of 31st of March, 2026 in conjunction with our audit of the standalone financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the guidance note on audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2026, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

- Statement of Changes in Equity
- Statement of Cash Flow
- Notes to Financial Statements

3. Material Accounting Policy Information and Other Explanatory Notes

3.1 Material Accounting Policies

A. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading.
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Company has identified twelve months as its operating cycle for the purpose of current / non-current classification of assets and liabilities.

B. Property, Plant and Equipment:

Recognition and measurement:

All items of property, plant and equipment are stated at cost, which includes capitalized borrowing costs, less accumulated depreciation, and impairment loss, if any. Cost includes purchase price, including non-refundable duties and taxes, expenditure that is directly attributable to bring the assets to the location and condition necessary for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located, if any.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for, as separate items (major components) of property, plant and equipment. Any gains or losses on their disposal, determined by comparing sales proceeds with carrying amount are recognized in the Statement of Profit or Loss.

Subsequent Expenditure:

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Company.

De-Recognition:

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected to arise from its use. Any gain or loss arising from its de-recognition is measured as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss when the asset is de-recognized.

Depreciation methods, estimated useful lives and residual value:

Depreciation on property, plant and equipment is provided using the straight-line method based on life and in the manner prescribed in Schedule II to the Companies Act, 2013. The estimated useful lives of assets are as follows:

Asset	Useful Lives (Years)
Office buildings	60 years
Furniture and fixtures	10 years
Office equipment	5 years
Computer equipment	3 years
Vehicles	8 years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

Capital Work-in-Progress:

Plant and properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying asset, borrowing costs capitalized in accordance with the Company's accounting policies. Such plant and Properties are classified and capitalized to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the asset are ready for their intended use.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under "Other Non-Current Assets" and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Intangible assets

Intangible assets if any, are stated at cost less provisions for amortisation and impairments. Intangible assets are de-recognised either on their disposal or where no future economic benefits are expected from their use.

Intangible Assets under development

Intangible assets consisting of development expenditure of certain products, are evaluated for potential impairment on an annual basis or when there are indications that the carrying value may not be recoverable.

C. Investment Property:

Property that is held for long-term rental yields or for capital appreciation or both, is classified as investment property.

Recognition and measurement:

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs.

Subsequent Expenditure:

Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

De-Recognition:

When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Depreciation methods, estimated useful lives and residual value:

Investment properties are depreciated using straight-line method over their estimated useful lives.

D. Impairment of Non-financial assets:

At the end of each reporting period, the Company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash generating unit (CGU) to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual CGU, or otherwise they are allocated to the smallest group of CGU for which a reasonable and consistent allocation basis can be identified.

The Company's corporate assets do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis. Moreover, when an impairment loss subsequently reverses, the carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognised in the statement of Profit & Loss immediately.

E. Inventories:

Inventories of the company consists of only Traded goods. Inventories are measured at lower of cost and net realizable value. Cost of inventories is determined on the basis of Weighted average cost method, after providing for obsolescence and other losses as considered necessary. Cost includes expenditure incurred in acquiring the inventories, reduction and conversion costs and other costs incurred in bringing them to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The comparison of cost and net realizable value is made on an item-by-basis.

F. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets:

Initial recognition, classification and measurement:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financials Assets at Amortised Cost:

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- Financial assets at fair value through Other Comprehensive Income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- Financial assets at fair value through Profit or Loss (FVTPL)

Financial assets which are not classified in any of the above categories are subsequently fair valued through profit or loss.

Equity Instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to Statement of Profit and Loss. Dividends from such investments are recognized in Statement of Profit and Loss as other income when the Company's right to receive payment is established.

Changes in the fair value of financial assets at fair value through profit and loss are recognized in other gain/losses in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognized (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - (a) the company has transferred substantially all the risks and rewards of the asset, or
 - (b) the company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets:

In accordance with Ind AS 109, the company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are measured at amortized cost e.g., loans, deposits, trade receivables and bank balance
- b) Trade receivables or any contractual right to receive cash or another financial asset.

Financial Liabilities:

Initial recognition and Measurement:

The Company's financial liabilities include trade and other payables, loans and borrowings. Financial liabilities are classified, at initial recognition, as at fair value through profit and loss or as those measured at amortised cost.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

- Financial liabilities at fair value through Profit and Loss

Financial liabilities at fair value through profit and loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial recognition at fair value through profit and loss.

- Financial liabilities measured at Amortised Cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method except for those designated in an effective hedging relationship.

Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or material costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

De - Recognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Off-setting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

G. Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

H. Cash Flow

Cash flows are reported using the Indirect Method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

I. Cash dividend:

The Company recognizes a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

J. Foreign Currency Translation:**Initial Recognition:**

Foreign currency transactions are recorded in the reporting currency by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Conversion:

Foreign currency monetary items, which are unsettled are reported using the closing rate. Differences arising on settlement or conversion of monetary items are recognised in the statement of profit & loss. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

K. Revenue Recognition:

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company assesses promises in the contract that are separate performance obligations to which a portion of transaction price is allocated.

Sale of Traded Goods:

Sales are recognized, at point in time net of returns and trade discounts & applicable duties & taxes if any, on transfer of significant risks and rewards of ownership to the buyer.

Export Benefits/Incentives:

The benefits accrued under the duty drawback scheme / Road tap scheme as per the Import and Export Policy in respect of exports made under the said scheme has been included under the head 'Other Operating Income'.

L. Other Income:

i. Interest income:

Interest income from the financial assets is recognized on a time basis, by reference to the principal outstanding using the effective interest method provided it is probable that the economic benefits associated with the interest will flow to the Company and the amount of interest can be measured reliably. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

ii. Dividends:

Dividend income is recognized when the unconditional right to receive the income is established.

All Other income is accounted for an accrual basis for except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

M. Employee benefits:

All Employee benefits are payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, wages, bonus, allowances, etc are recognised as actual amounts due in period in which the employee renders the related services.

Long-term Employee Benefits:

Defined Gratuity Benefit Obligation Plan:

The service cost and the net interest cost are charged to the Statement of Profit and Loss. Actuarial gains and losses arise due to differences in the actual experience and the assumed parameters and also due to changes in the assumptions used for valuation. The Company recognizes these re-measurements in the Other Comprehensive Income (OCI).

Short-term Employee Benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

N. Borrowing costs:

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. All other borrowing costs are expensed in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

O. Income taxes:

The tax expense comprises of current income tax and deferred tax.

Current income tax:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current Income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax:

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

P. Provisions and Contingent liabilities and contingent assets:

a) Provisions:

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are reviewed at each balance sheet and adjusted to reflect the current best estimates.

b) Contingent Liabilities and Contingent assets:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

A contingent asset is not recognized unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the financial statements.

Contingent liabilities and contingent assets are reviewed at each balance sheet date.

Q. Earnings per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares if any are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

R. Lease:

Company as a lessee

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Lease Liability

At the commencement date, the Company measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using incremental borrowing rate.

Right-of-use assets

Initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

Subsequent measurement

Lease Liability

Company measure the lease liability by (a) increasing the carrying amount to reflect interest on the lease liability; (b) reducing the carrying amount to reflect the lease payments made; and (c) remeasuring the carrying amount to reflect any reassessment or lease modifications.

Right-of-use assets

Subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

Impairment

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

Short term Lease:

Short term lease is that, at the commencement date, has a lease term of 12 months or less. A lease that contains a purchase option is not a short-term lease. If the company elected to apply short term lease, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Company as a lessor

Leases for which the company is a lessor are classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The lease income from operating leases is recognised on either a straight-line basis over the lease term or another systematic basis. The lessor shall apply another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

S. Segment reporting:

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, evaluates the Company's performance and allocates the resources based on an analysis of various performance. The analysis of geographical segments is based on the geographical location of the customers wherever required.

Unallocable items include general corporate income and expense items which are not allocated to any business segment.

Segment Policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

3.2 Use of Judgments, Estimates and Assumptions:

The preparation of the Company's separate financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions:

The key assumptions concerning the future and other sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the separate financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

a. Determination of the estimated useful life of tangible assets

Useful life of tangible assets is based on the life prescribed in schedule II of the companies act, 2013. In cases, where the useful life are different from that prescribed in schedule II, they are based on technical advice, taking into account the nature of asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support.

b. Taxes:

There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts initially recorded, such differences will impact the current and deferred tax provisions in the period in which the tax determination is made. The assessment of probability involves estimation of a number of factors including future taxable income.

c. Fair value measurement of financial instruments:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financials instruments.

d. Impairment of financial assets:

The Company assesses impairment based on expected credit losses (ECL) model on trade receivables and other financial assets. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables and other financial assets. The provision matrix is developed based on its historically observed default rates if any, over the expected life of the trade receivable and other financial asset. At every reporting date, the historical observed default rates, if any, are updated and changes in the forward-looking estimates are analyzed.

e. Impairment of non-financial assets:

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

These calculations are corroborated by valuation multiples, quoted share price for publicly traded subsidiaries or other available fair value indicators.

f. Other Provisions:

Significant estimates are involved in the determination of provisions. Legal proceedings often involve complex legal issues and are subject to substantial uncertainties. Accordingly, considerable judgment is part of determining whether it is probable that there is a present obligation as a result of a past event at the end of the reporting period, whether it is probable that such a Legal Proceeding will result in an outflow of resources and whether the amount of the obligation can be reliably estimated.

3.3 Ministry of Corporate Affairs ("MCA") notifies new amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2026, MCA has notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, Ind AS 1 - Presentation of Financial Statements, Ind AS 7 - Statement of Cash Flows, Ind AS 107 - Financial Instruments: Disclosures and Ind AS 12, International Tax Reform – Pillar Two Model Rules. The company has reviewed the new pronouncements and based on its evaluation given necessary impact (including additional disclosures) as applicable.

Valuations of defined benefit plan are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the Company is exposed to various risks in providing the above benefit plans which are as follows:

Interest Rate Risk: The plan exposes the Company to the risk of a fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will, therefore, lead to an increase in the value of the liability (as shown in the financial statements).

Liquidity Risk: This is the risk that the Company may not be able to meet short-term gratuity payouts. This may arise due to non-availability of sufficient cash/cash equivalents to meet the liabilities or due to illiquid assets not being sold in time.

Salary Escalation Risk: The present value of the defined benefit plan is calculated based on the assumption of a future salary increase rate for plan participants. Any deviation in the actual rate of salary increase from the rate used in determining the present value of obligations will have an impact on the plan's liability.

Demographic Risk: The Company has used certain mortality and attrition assumptions in the valuation of the liability. The Company is exposed to the risk of actual experience being less favorable than the assumptions made.

Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of changes in regulations requiring higher gratuity payouts (e.g., an increase in the maximum limit on gratuity of ₹20,00,000 in absolute terms).

(I) Fair value hierarchy

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between levels 1 and 2 during the year.

The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels at the end of the reporting period.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted analysis.

The carrying amount of trade receivables, cash and cash equivalents loan, trade payables, borrowings and other financial liabilities are considered to be the same as their fair value, due to their short - term nature.

48. FINANCIAL RISK MANAGEMENT

The Company's Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework.

The Company's risk management policies are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

(A) Credit risk

Credit risk is the risk of financial loss to the company if customers or counter party to a financial instruments fails to meet its contractual obligations and arises principally from the company's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the company grants the credit terms in the normal course of business. The company establishes an allowance for doubtful debts and impairment that represents its estimates of current losses in respect of trade and other receivables.

(i) Credit risk management

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer and including the default risk of the industry, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- I. Actual or expected significant adverse changes in business;
- II. Actual or expected significant changes in the operating results of the counterparty;

- III. Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations;
- IV. Significant increase in credit risk on other financial instruments of the same counterparty;
- V. Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

ii) Trade Receivable

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer, demographics of the customer, default risk of the industry and country in which the customer operates. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. The Company has used expected credit loss model for assessing the impairment loss.

iii) Cash and Cash Equivalent

As at the year end, the Company held cash and cash equivalents of Rs. 30 Lakhs (PY Rs. 102.68 Lakhs). The cash and cash equivalents, other bank balances are held with banks having good credit rating.

(k) Return on investment	Net Return on Investment	Cost of Investment	NA	NA	NA

Note: Ratio of FY. 2024-25 are changed due to regrouping, reclassification and rearrangement of transaction in 2025-26

Reason for variation of more than 25% in abovementioned ratios

a. Current Ratio

The ratio has declined on account of an increase in current liabilities, mainly due to availment of short term loan facilities and increase in advances from customers and trade payables, coupled with a reduction in cash and cash equivalents and advance from supplier resulting in lower current assets during the year under consideration.

b. Debt-Equity Ratio

The ratio has increased on account of higher borrowings availed during the year, partly offset by accretion to shareholders' equity through profits earned during the year.

c. Debt Service Coverage Ratio

The ratio has improved on account of a substantial increase in profit after tax during the year.

d. Return on Equity Ratio

The ratio has improved significantly on account of a substantial increase in profit after tax during the year.

e. Inventory turnover ratio

The ratio has increased on account of a lower average inventory held during the year, coupled with higher cost of goods sold consequent to increased volume of operations.

f. Trade Receivables turnover ratio

The ratio has increased on account of improved recovery of trade receivables during the year, resulting in a lower average balance of trade receivables.

g. Trade Payable turnover ratio

The ratio has increased mainly on account of lower average balance of trade payables.

h. Net capital turnover ratio

The ratio has increased on account of reduction in average working capital employed.

i. Net profit ratio

The ratio has improved substantially on account of a significant increase in profit after tax during the year.

j. Return on Capital employed

The ratio has increased significantly on account of higher earnings before interest and taxes during the year, resulting in improved returns on the capital employed.

k. Return on investment

There are no investment outstanding during the year and hence return on investment is NIL.

53. The standalone financial statements were authorized for issue in accordance with a resolution passed by the Board of Directors on 28th May, 2026. The financial statements as approved by the Board of Directors are subject to final approval by its Shareholders.

54. The figures of previous year have been rearranged, reclassified and regrouped wherever necessary to make them comparable with those of the current year.

INDEPENDENT AUDITOR'S REPORT**TO THE MEMBERS OF****MAXIMUS INTERNATIONAL LIMITED****Report on the audit of the Consolidated Financial Statements****Opinion**

We have audited the accompanying consolidated financial statements of **Maximus International Limited** ("the company"), and its foreign subsidiaries (collectively referred to as "the Group"), which comprise the consolidated Balance Sheet as at March 31, 2026, the consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated Statement of Cash Flows, the statement of changes in equity for the year ended summary of material accounting policies and other explanatory information. (hereinafter referred to as "the Consolidated Financial Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2026, the profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the independence requirements that are relevant to our audit of the Consolidated financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current period. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to be communicated in our report.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management discussion and analysis, board's report including Annexure to Board's Report, Corporate Governance and Shareholder's information, but does not include the Consolidated financial statements and our auditor's report thereon.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, considers whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the information, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate actions necessitated by the circumstances & the applicable laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Consolidated financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so;

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Groups.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the consolidated financial statements of such entities included in the consolidated financial statements of which we are the independent auditor. For the other entities included in the consolidated financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decision of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our works; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charges with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

1. We did not audit the financial statement/financial information of two foreign subsidiaries, whose financial statements reflect total assets (before consolidation adjustments) of Rs. 17045.59 lakhs as at 31 March 2026, total income (before consolidation adjustments) of Rs. 17993.73 Lakhs and total net profit after tax (before consolidation adjustments) of Rs. 599.16 Lakhs, total comprehensive income (before consolidation adjustments) of Rs. 599.16 lakhs and net cash inflow of Rs 13.21 lakhs for the year ended on that date, as considered in the consolidated financial statement. These subsidiaries are located outside India whose financial statements/financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors in accordance with generally accepted auditing standards available in their respective countries. The Holding Company's Management has converted the financial statements/financial information of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Company's Management.

Our opinion, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the audit reports of the other auditors and the conversion adjustments prepared by the management of the Company and audited by us.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Group so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The consolidated Balance Sheet, the consolidated Statement of Profit and Loss (including other comprehensive income), and the consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on 31st March 2026 taken on record by the Board of Directors of the Holding Company, none of the directors is disqualified as on 31st March 2026 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) As per the Guidance Note on 'Audit of Internal Financial Controls over financial Reporting' issued in September 2015 by the Institute of Chartered Accountants of India, since the subsidiaries are not incorporated in India, no reporting on the adequacy of the internal financial controls over financial reporting of the said subsidiaries and the operating effectiveness of such controls is required. With respect to the adequacy of the internal financial controls over financial reporting of the Holding company and the operating effectiveness of such controls, refers to our report in Annexure 'B' of the standalone financial statement;
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the holding company has not paid any managerial remuneration to its directors in holding company; and

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclosed the impact of pending litigations on its financial position in its consolidated financial statements – Refer Note 41 to the consolidated financial statements.
 - ii. The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. There has been no such instance requiring transfer of any amounts to the Investor Education and Protection Fund by the Group.
 - iv. The Holding Company Management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by

the Holding Company, its subsidiaries and its associates to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, its subsidiaries and its associates ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

The Holding Company Management has represented, that, to the best of its knowledge and belief, no funds have been received by the Holding Company, its subsidiaries and its associates from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company, its subsidiaries and its associates shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and

Based on such audit procedures that we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.

V. There is no dividend declared or paid during the period by the Company.

Vi. Based on our examination which included test checks, performed by us on Holding Company, which is incorporated in India whose financial statement have been audited under the act, the holding company have used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Further, the audit trail has been preserved by the Company as per the statutory requirements for record retention to the extent it was enabled and recorded in the previous year.

2. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, we report that the subsidiaries company included in consolidation are foreign subsidiaries, to which reporting under CARO is not applicable, and therefore no separate reporting has been done by us on above matter.

Principles of Consolidation:

The consolidated financial statements of the Group have been prepared on the following basis:

1. The Financial Statements of the Company and its subsidiary have been consolidated on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses.
2. Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances except where it is not practicable to do so.

ii. Historical cost convention

The consolidated financial statements have been prepared on a historical cost basis, except the following:

- Certain financial assets and liabilities that are measured at fair value;

iii. Functional and presentation currency

These consolidated financial statements are presented in Indian Rupees, which is the Company's functional currency, and all values are rounded to the nearest lakhs, except otherwise indicated.

iv. Composition of consolidated financial statements

The consolidated financial statements are accordance with Ind AS presentation. The consolidated financial statements comprise:

- Consolidated Balance sheet
- Consolidated Statement of Profit and Loss
- Statement of changes in Equity
- Consolidated Statement of Cash Flow
- Notes to consolidated financial statements

3. Material Accounting Policy Information and Other Explanatory Notes

3.1 Material Accounting Policies

A. Current versus non-current classification

The Group presents assets and liabilities in the consolidated balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
 - It is held primarily for the purpose of trading
 - There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
- The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Based on the nature of products and the time between acquisition of assets for processing and their realization in cash and cash equivalents, the Group has identified twelve months as its operating cycle for the purpose of current / noncurrent classification of assets and liabilities.

B. Property, Plant and Equipment:

Recognition and measurement:

All items of property, plant and equipment are stated at cost, which includes capitalized borrowing costs, less accumulated depreciation, and impairment loss, if any. Cost includes purchase price, including non-refundable duties and taxes, expenditure that is directly attributable to bring the assets to the location and condition necessary for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located, if any.

Properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees, and for qualifying assets, borrowing costs capitalized in accordance with the Group's accounting policies. Such properties are classified to the appropriate categories of property, plant and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the assets are ready for their intended use.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for, as separate items (major components) of property, plant and equipment. Any gains or losses on their disposal, determined by comparing sales proceeds with carrying amount, are recognized in the Statement of Profit or Loss.

Subsequent Expenditure:

Subsequent expenditure is capitalized only if it is probable that the future economic benefits associated with the expenditure will flow to the Group.

De-Recognition:

An item of property, plant and equipment is de-recognized upon disposal or when no future economic benefits are expected to arise from its use. Any gain or loss arising from its de-recognition is measured as the difference between the net disposal proceeds and the carrying amount of the asset and is recognized in Statement of Profit and Loss when the asset is de-recognized.

Depreciation methods, estimated useful lives and residual value:

Depreciation on property, plant and equipment is provided using the straight-line method based on life and in the manner prescribed in Schedule II to the Companies Act, 2013. The estimated useful lives of assets are as follows:

Asset	Useful Lives (Years)
Office buildings	20 - 60 years
Furniture and fixtures	4 - 10 years
Office equipment	5 - 8 years
Computer equipment	3 - 5 years
Vehicles	4 - 8 years
Plant & Machinery	8 -10 years

Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate.

Capital Work-in-Progress:

Plant and properties in the course of construction for production, supply or administrative purposes are carried at cost, less any recognized impairment loss. Cost includes professional fees and, for qualifying asset, borrowing costs capitalized in accordance with the Group's accounting policies. Such plant and Properties are classified and capitalized to the appropriate categories of Property, Plant and Equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property assets, commences when the asset are ready for their intended use.

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under "Other Non-Current Assets" and the cost of assets not put to use before such date are disclosed under 'Capital work-in-progress'.

Intangible assets

Intangible assets if any, are stated at cost less provisions for amortisation and impairments. Intangible assets are de-recognised either on their disposal or where no future economic benefits are expected from their use.

Intangible Assets under development

Intangible assets consisting of development expenditure of certain products, are evaluated for potential impairment on an annual basis or when there are indications that the carrying value may not be recoverable.

C. Investment Property

Property that is held for long-term rental yields or for capital appreciation or both, is classified as investment property.

Recognition and measurement:

Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs.

Subsequent Expenditure:

Subsequent expenditure is capitalized to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred.

De-Recognition:

When part of an investment property is replaced, the carrying amount of the replaced part is derecognized.

Depreciation methods, estimated useful lives and residual value:

Investment properties are depreciated using straight-line method over their estimated useful lives.

D. Impairment of Non financial assets:

At the end of each reporting period, the Group reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the assets is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the group estimates the recoverable amount of the cash generating unit (CGU) to which the asset belongs. When a reasonable and consistent basis of allocation can be identified, corporate assets are also allocated to individual CGU, or otherwise they are allocated to the smallest group of CGU for which a reasonable and consistent allocation basis can be identified.

The Group's corporate assets do not generate independent cash inflows. To determine impairment of a corporate asset, recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss. Impairment loss recognized in respect of a CGU is allocated first to reduce the carrying amount of any goodwill allocated to the CGU, and then to reduce the carrying amounts of the other assets of the CGU (or group of CGUs) on a pro rata basis. Moreover, when a impairment loss subsequently reverses, the carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years. A reversal of an impairment loss is recognised in the statement of Profit & Loss immediately.

E. Inventories:

Inventories of the Group consists of Traded goods, Raw Material , Packing Materials and Finished Goods. Inventories are measured at lower of cost and net realizable value. Cost of inventories is determined on the basis of Weighted average cost method, after providing for obsolescence and other losses as considered necessary. Cost includes expenditure incurred in acquiring the inventories, reduction and conversion costs and other costs incurred in bringing them to their present location and condition.

Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and selling expenses.

The comparison of cost and net realizable value is made on an item-by-basis.

F. Financial Instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets:

Initial recognition, classification and measurement:

All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement:

For purposes of subsequent measurement, financial assets are classified in three categories:

- Financials Assets at Amortised Cost:

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- Financial assets at fair value through Other Comprehensive Income (FVOCI)

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

- Financial assets at fair value through Profit or Loss (FVTPL)

Financial assets which are not classified in any of the above categories are subsequently fair valued through profit or loss.

Equity Instruments

The Group subsequently measures all equity investments at fair value. Where the group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to Statement of Profit and Loss. Dividends from such investments are recognized in Statement of Profit and Loss as other income when the Company's right to receive payment is established.

Changes in the fair value of financial assets at fair value through profit and loss are recognized in other gain/losses in the Statement of Profit and Loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

De-Recognition:

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is primarily derecognized (i.e. removed from the group's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - (a) the group has transferred substantially all the risks and rewards of the asset, or
 - (b) the group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets:

In accordance with Ind AS 109, the group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are measured at amortized cost e.g., loans, deposits, trade receivables and bank balance
- b) Trade receivables or any contractual right to receive cash or another financial asset.

ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the group does not reduce impairment allowance from the gross carrying amount.

Financial Liabilities:

Initial recognition and Measurement:

The group's financial liabilities include trade and other payables, loans and borrowings. Financial liabilities are classified, at initial recognition, as at fair value through profit and loss or as those measured at amortised cost.

Subsequent measurement:

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through Profit and Loss

Financial liabilities at fair value through profit and loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial recognition at fair value through profit and loss.

Financial liabilities measured at Amortised Cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method except for those designated in an effective hedging relationship.

Loans and borrowings:

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or Material costs that are an Integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

De-Recognition:

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires.

Off-setting of financial instruments:

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

G. Cash and cash equivalents:

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

H. Cash Flow

Cash flows are reported using the Indirect Method, whereby profit for the year is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

I. Cash dividend:

The group recognizes a liability to make cash distributions to equity holders when the distribution is authorized and the distribution is no longer at the discretion of the group. As per the corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

J. Foreign Currency Translation:

Initial Recognition:

Transactions in foreign currencies entered into by the group are accounted at the exchange rates prevailing on the date of the transaction or at rates that closely approximate the rate at the date of the transaction.

Conversion:

Foreign currency monetary items, which are unsettled are reported using the closing rate. Differences arising on settlement or conversion of monetary items are recognised in the statement of profit & loss. Non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction and non-monetary items which are carried at fair value or other similar valuation denominated in a foreign currency are reported using the exchange rates that existed when the values were determined.

K. Revenue Recognition:

Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the group expects to be entitled in exchange for those goods or services. The group assesses promises in the contract that are separate performance obligations to which a portion of transaction price is allocated.

Sale of Traded Goods:

Sales are recognized, at point in time net of returns and trade discounts & applicable duties & taxes if any, on transfer of significant risks and rewards of ownership to the buyer.

Export Benefits/Incentives:

The benefits accrued under the duty drawback scheme/ Roadtap scheme as per the Import and Export Policy in respect of exports made under the said scheme has been included under the head 'Other Operating Income'.

L. Other Income:

i) Interest income:

Interest income from the financial assets is recognized on a time basis, by reference to the principle outstanding using the effective interest method provided it is probable that the economic benefits associated with the interest will flow to the group and the amount of interest can be measured reliably. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of that financial asset.

ii) Dividends :

Dividend income is recognized when the unconditional right to receive the income is established.

All Other income is accounted for an accrual basis for except where the receipt of income is uncertain in which case it is accounted for on receipt basis.

M. Employee benefits:

All Employee benefits includes short term employee benefits, contribution to defined contribution schemes , contribution to defined benefit plan and Compensated absences.

Long-term Employee Benefits:

Defined Gratuity Benefit Obligation Plan:

The service cost and the net interest cost are charged to the Statement of Profit and Loss. Actuarial gains and losses arise due to difference in the actual experience and the assumed parameters and also due to changes in the assumptions used for valuation. The Company recognizes these re-measurements in the Other Comprehensive Income (OCI).

Short-term Employee Benefits:

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognized in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Appropriate provisions and payments are made towards defined contribution schemes, defined benefit plans, and compensated absences, in accordance with the respective country's law and regulation and employment contract.

N. Borrowing costs:

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalized during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale. All other borrowing costs are expensed in the period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

O. Income taxes :

The tax expense comprises of current income tax and deferred tax.

Current income tax:

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. Current Income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax:

Deferred income tax assets and liabilities are recognized for all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

P. Provisions and Contingent liabilities and contingent assets:

a) Provisions:

Provisions are recognized when the group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are reviewed at each balance sheet and adjusted to reflect the current best estimates.

b) Contingent Liabilities and Contingent assets:

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The group does not recognize a contingent liability but discloses its existence in the consolidated financial statements.

A contingent assets is not recognized unless it becomes virtually certain that an inflow of economic benefits will arise. When an inflow of economic benefits is probable, contingent assets are disclosed in the consolidated financial statements.

Contingent liabilities and contingent assets are reviewed at each balance sheet date.

Q. Earnings per Share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period.

Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. The dilutive potential equity shares are adjusted for the proceeds receivable had the equity shares been actually issued at fair value (i.e. the average market value of the outstanding equity shares). Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted retrospectively for all periods presented for any share splits and bonus shares issues including for changes effected prior to the approval of the financial statements by the Board of Directors.

R. Lease:

Group as a lessee

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Lease Liability

At the commencement date, the group measures the lease liability at the present value of the lease payments that are not paid at that date. The lease payments shall be discounted using incremental borrowing rate.

Right-of-use assets

Initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives.

Subsequent measurement :

Lease Liability

Group measure the lease liability by (a) increasing the carrying amount to reflect interest on the lease liability; (b) reducing the carrying amount to reflect the lease payments made; and (c) remeasuring the carrying amount to reflect any reassessment or lease modifications.

Right-of-use assets

Subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated from the commencement date on a straight line basis over the shorter of the lease term and useful life of the underlying asset.

Impairment

Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

Short term Lease:

Short term lease is that, at the commencement date, has a lease term of 12 months or less. A lease that contains a purchase option is not a short-term lease. If the company elected to apply short term lease, the lessee shall recognise the lease payments associated with those leases as an expense on either a straight-line basis over the lease term or another systematic basis. The lessee shall apply another systematic basis if that basis is more representative of the pattern of the lessee's benefit.

Group as a lessor

Leases for which the company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. The lease income from operating leases is recognised on either a straight-line basis over the lease term or another systematic basis. The lessor shall apply another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

S. Segment reporting:

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, evaluates the group's performance and allocates the resources based on an analysis of various performance. The analysis of geographical segments is based on the geographical location of the customers wherever required.

Unallocable items includes general corporate income and expense items which are not allocated to any business segment.

Segment Policies:

The group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the consolidated financial statements of the group as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

3.2 Use of Judgments, Estimates And Assumptions:

The preparation of the group's consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the group. Such changes are reflected in the assumptions when they occur.

a. Determination of the estimated useful life of tangible assets

Useful life of tangible assets is based on the life prescribed in schedule II of the companies act, 2013. In cases, where the useful life are different from that prescribed in schedule II, they are based on technical advice, taking into account the nature of asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support.

b. Taxes:

There are many transactions and calculations undertaken during the ordinary course of business for which the ultimate tax determination is uncertain. Where the final tax outcome of these matters is different from the amounts initially recorded, such differences will impact the current and deferred tax provisions in the period in which the tax determination is made. The assessment of probability involves estimation of a number of factors including future taxable income.

c. Fair value measurement of financial instruments:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgment is required in establishing fair values. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments.

d. Impairment of financial assets:

The group assesses impairment based on expected credit losses (ECL) model on trade receivables and other financial assets. The group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables and other financial assets. The provision matrix is based on its historically observed default rates if any, over the expected life of the trade receivable and other financial assets. At every reporting date, the historical observed default rates if any, are updated and changes in the forward-looking estimates are analyzed.

e. Impairment of non-financial assets:

The group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessment of the time value of money and the risk specific to the asset. In determining fair value less cost of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used.

These calculations are corroborated by valuation multiples, quoted share price for publicly traded subsidiaries or other available fair value indicators.

f. Other Provisions:

Significant estimates are involved in the determination of provisions. Legal proceedings often involve complex legal issues and are subject to substantial uncertainties. Accordingly, considerable judgment is part of determining whether it is probable that there is a present obligation as a result of a past event at the end of the reporting period, whether it is probable that such a Legal Proceeding will result in an outflow of resources and whether the amount of the obligation can be reliably estimated.

3.3 Ministry of Corporate Affairs ("MCA") notifies new amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2026, MCA has notified amendments to Ind AS 21 - The Effects of Changes in Foreign Exchange Rates, Ind AS 1 - Presentation of Financial Statements, Ind AS 7 - Statement of Cash Flows, Ind AS 107 - Financial Instruments: Disclosures and Ind AS 12, International Tax Reform – Pillar Two Model Rules. The company has reviewed the new pronouncements and based on its evaluation given necessary impact (including additional disclosures) as applicable.

Valuations of defined benefit plan are performed on certain basic set of pre-determined assumptions and other regulatory framework which may vary over time. Thus, the Company is exposed to various risks in providing the above benefit plans which are as follows:

Interest Rate Risk: The plan exposes the Company to the risk of a fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will, therefore, lead to an increase in the value of the liability (as shown in the financial statements).

Liquidity Risk: This is the risk that the Company may not be able to meet short-term gratuity payouts. This may arise due to non-availability of sufficient cash/cash equivalents to meet the liabilities or due to illiquid assets not being sold in time.

Salary Escalation Risk: The present value of the defined benefit plan is calculated based on the assumption of a future salary increase rate for plan participants. Any deviation in the actual rate of salary increase from the rate used in determining the present value of obligations will have an impact on the plan's liability.

Demographic Risk: The Company has used certain mortality and attrition assumptions in the valuation of the liability. The Company is exposed to the risk of actual experience being less favorable than the assumptions made.

Regulatory Risk: Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of changes in regulations requiring higher gratuity payouts (e.g., an increase in the maximum limit on gratuity of ₹20,00,000 in absolute terms).

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. This includes listed equity instruments that have quoted price. The fair value of all equity instruments which are traded in the stock exchanges is valued using the closing price as at the reporting period.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

There are no transfers between levels 1 and 2 during the year.

The group's policy is to recognize transfers into and transfers out of fair value hierarchy levels at the end of the reporting period.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted analysis.

The carrying amount of trade receivables, cash and cash equivalents loan, trade payables, borrowings and other financial liabilities are considered to be the same as their fair value, due to their short - term nature.

50. Financial risk management

The group's Board of Directors has overall responsibility for the establishment and oversight of the group's risk management framework.

The group's risk management policies are established to identify and analyze the risks faced by the group, to set appropriate risk limits and controls and to monitor risks. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the group's activities.

(A) Credit risk

Credit risk is the risk of financial loss to the group if customers or counter party to a financial instruments fails to meet its contractual obligations and arises principally from the group's receivables from customers. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the group grants the credit terms in the normal course of business. The group establishes an allowance for doubtful debts and impairment that represents its estimates of current losses in respect of trade and other receivables.

i) Credit risk management

The group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. The demographics of the customer and including the default risk of the industry, also has an influence on credit risk assessment. Credit risk is managed through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the group grants credit terms in the normal course of business.

The group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the group compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- I. Actual or expected significant adverse changes in business;
- II. Actual or expected significant changes in the operating results of the counterparty;
- III. Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations;
- IV. Significant increase in credit risk on other financial instruments of the same counterparty;
- V. Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the group. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

ii) Trade Receivable

The group's exposure to credit risk is influenced mainly by the individual characteristics of each customer, demographics of the customer, default risk of the industry and country in which the customer operates.
