Dear Stakeholders,

When the pandemic hit us two years ago, little did we know that our lives were going to change so drastically. While it has been a challenging time emotionally where we have lost loved ones to COVID-19 and our lives have been disrupted in various ways, we have also emerged stronger by discovering the resilience within ourselves. At ASM, we powered through this period of uncertainty and successfully managed to keep operations running in this new normal.

From enabling our workforce to remain productive while working remotely to supporting our manufacturing teams to safely continue on site work under compliance, we are proud of the dedication of every member of the ASM family.

Since the past two years, we have ensured business continuity so our customers continue to benefit from our offerings and also set up a 24x7 support helpline for our employees in these trying times. These adaptations, which demonstrate our flexibility and agility, have allowed us to unravel a new realm of our true potential and set the stage for a very exciting future for the company.

Strong Growth and Robust Revenues

2021-22 was a strong year for ASM in terms of both revenues and growth. This is all thanks to our ongoing focus on innovation, financial discipline, and constant investment in talent development. We earned a net income of Rs.139.01 Mn. on revenues of Rs. 1916.73 Mn.

versus Rs. 86.02 Mn. net income on revenues of Rs. 1373.88 Mn in 2020-21. A 61.60% increase in our net income is the result of our commitment to manage costs and reflects strong performance across all our business lines.

We have also grown our market share, particularly in three business lines: High Tech, Automotive and Product R&D. In addition, we scaled up our investments in people and technology which have helped us expand our operational footprint to several new geographies and our engineering workforce to over 1200 engineers. At the same time, we also maintained credit discipline and a healthy balance sheet that bodes well for the company's future.

Over the past year, we have also achieved tangible growth in all our core competencies. Here are the key highlights:

Engineering Services

In 2021, we continued to grow our presence in Engineering Services across multiple industry verticals. In the high-tech space, we have strengthened our foothold in the semi and electronics industries. We have also scaled our offerings in manufacturing services from our existing capabilities like workholding solutions, laser technology and precision machining to the digital expertise of automation, robotics and vision systems, all with a comprehensive software stack.

Our Value Engineering efforts began with an investment in manufacturing several samples for customer qualification. In the past year, we have

expanded to working with over 25 global equipment manufacturers to provide Value Engineering services through enhancements and upgrades with robust field support. Some of the new geographies in this vertical include Vietnam, Thailand, Brazil, and Japan.

To build further expertise and credibility in this field, ASM has collaborated with the Centre for Nano Science and Engineering (CeNSE) at the Indian Institute of Science (IISc) as part of its Industry Affiliate Program. ASM benefits from participating in joint R&D activities with CeNSE and from receiving training in semi processes, technology and systems from CeNSE faculty. Another huge benefit is that we get access to the facilities at CeNSE to innovate for our customers.

In the automotive industry, we have increased our footprint in the area of electric mobility with design led manufacturing of controllers along with the corresponding software stack and embedded engineering capabilities.

ASM has also entered into a joint venture partnership with Hind High Vacuum Company Pvt. Ltd. called ASM-HHV Engineering Pvt Ltd. The focus of this venture would be the semi and solar industries. The combined capabilities and infrastructure of our companies include ISO 7 and ISO 8 clean rooms, lithography labs, extensive metrology testing facilities, and gas management for pyrophoric gases. These capabilities pave the way for us to rapidly grow our design-led manufacturing initiative.

Product R&D

Our Product R&D work focuses on innovation-led growth where we work with industry leaders and pioneers to bring innovative solutions for real-world challenges and use cases. Our existing work with Netherlands-based EclecticIQ, a leader in the cybersecurity space, has now grown to a Managed Service Provider partnership for their Endpoint Detection and Response (EDR) technology. This partnership combines the expertise of the two firms and enables us to grow in the cybersecurity space. It also allows us to provide additional competencies to our current and prospective customers.

We are also pleased to share that Airtel acquired 25% of Lavelle Networks which is a part of the ASM Ventures portfolio. We have been supporting Lavelle Networks for several years with our robust product engineering offerings.

Future Outlook

We plan to increase our Engineering Research and Development (ER&D) spend, increase our global presence with decentralised/remote ER&D teams, and

implement new procedures to streamline our hybrid work model. In addition, ASM will continue to tap into a global talent pool to nurture future leaders and to increase the scalability of our ER&D ecosystem.

We will also gradually adopt globally-accepted ESG (Environmental, Social, Governance) standards to show our commitment to socially responsible investing, environmental, sustainability, and diversity, equity, and inclusion (DE&I).

Supply chain disruptions continue to challenge our industry. To deal with this challenge and maintain robust business growth, ASM plans to set up a high-functioning ecosystem to better engage with our partners and key technology providers and to strengthen our innovation and delivery capabilities.

As we continue to carry the momentum from 2021 into the current year, we aim to build more co-created customer-centric products by leveraging our design-led manufacturing facilities. We are setting up labs with customer equipment for continued development and prove outs. We are confident that the synergy within our engineering services teams will enable us to upsell our expanded capabilities to our comprehensive customer base. To facilitate these plans for growth, we have expanded our state-of-the-art digital engineering services facility in Bengaluru by an additional 35,000 square feet and also opened a second design-led manufacturing facility with the latest machines and tools in Chennai. We've also taken a move in the direction of an ESG approach. In order to meet our needs and lower our carbon footprint, we have installed solar power roof panels in our manufacturing facility. We've invested in 17 KW of solar power capacity up to this point.

On behalf of the company management and leadership, I take this opportunity to thank:

- Our esteemed customers, stakeholders, vendors, business partners, advisors and consultants for their support,
- Employees for their valuable contributions, sustained efforts, and dedicated spirit,
- State Bank of India, Incube Branch, HSBC Bank Limited, Axis Bank Limited, Bangalore, Indian Bank, Singapore, HSBC Bank, New York, USA and Premier Bank, Ohio, USA for support
- Central and State Government, Customs, Reserve Bank of India, Software Technology Parks (STPI) and NASSCOM for their guidance.

MANUFACTURING ENGINEERING

DEAR FELLOW SHAREHOLDER,

This year marks the 50th year of Forms & Gears - An ASM Technologies Limited Company. Forms and Gears has been a pioneer on the fixture building front and at the forefront of a number of landmark projects in India and abroad for over five decades now. The company is one of the country's oldest and best known fixture building companies designing and manufacturing fixtures to 9 countries across the globe.

The year 2021-22 was a year of recovery for the auto industry and its ancillaries. However there were a few bumps along the way with Chennai implementing a strict lockdown for four weeks from early May to early June 2021. This disrupted our operations in the factory and also those of our Chennai based vendors.

EXPORTS

We bagged a repeat order from a company in Thailand and we also designed and manufactured a series of large size fixtures used to build CNC Machines for one of the worlds largest machine makers based in Japan.

LANDMARK PROJECTS

We bagged repeat orders to build cylinder block and head fixtures from an Italian Machine Tool Maker as part of their turnkey to produce engines for one of India's largest automobile companies.

We designed and manufactured a 3 ton, 2.5 meter, 3 position Indexing fixture common for 12 and 16 Cylinder Blocks. The Indexing arrangements were

done by rack and pinion arrangement and with over 500 elements assembled onto this fixture we were able to maintain assembly dimension tolerances of less than 10 microns.

We also made a foray into the earthmoving and infrastructure segement by bagging orders from two companies - one a UK based earthmoving MNC and the other a US based MNC. We also bagged an order from the world's leading manufacturer of concrete mixers and concrete transport systems.

Towards the 3rd quarter of last year a US based company that is the world leader in commercial duty automatic transmissions and hybrid propulsion systems approached us to develop a large number of fixtures for their plant in India. This project is currently being successfully implemented and we hope to bag repeat orders from them in the coming fiscal year.

UNIT - 2 EXPANSION

During the past year we have undertaken a major expansion by setting up a second state of the art manufacturing facility in Guindy. We have added a battery of Machining centres from Mazak, Fanuc and DMG Mori along with CNC Turning Centres, Grinders,

Temperature controlled inspection facilities equipped with Zeiss CMMs and a whole range of other inspection equipment. This is part of a four phase expansion project that we have envisioned to increase our market share and presence in the electronics segment over the next few years.

ELECTRONICS SECTOR

We have also bagged orders from MNCs in the Electronics segment and have supplied fixtures to plants in India and China. We have developed and supplied highly intricate and accurate fixtures for assembly and welding of PCB boards of various shapes, sizes, intricacies and tolerances.

For one of India's leading consumer electronics brand that specialises in audio-focused consumer electronics, including wireless earbuds, wired headphones, wireless speakers, home audio equipment, smart watches etc, we developed a series of fixtures to assemble ear pods and charging cases.

ISO 27000

Cyber security and internal data security has been an important issue with the increasing amount design related IP being generated at Forms and Gears and also the enhanced engagement from clients worldwide who are leaders in their various industry segments.

We are in the process of implementing an Information Security Management System (ISMS) consisting of 23 polices and 27 procedures. We plan to apply for an external audit in Oct 2022 along with the renewal audit for ISO 9001 - 2015 for Quality Management Systems.

SmartFix4.0[®]

SMARTFIX 4.0

This year, our in-house product, SmartFix 4.0 went through a process of evolution. What started off as an industry 4.0 solution for fixtures has now been expanded to enable intelligence on legacy machines, test rigs, automation, special equipment etc. For one of the worlds leading electronic companies we enabled even ordinary nut runners with intelligence which would give data on missed operations, screw alignment, torque etc and communicate this in real time with the operator.

SmartFix 4.0 has grown over the past year both in depth and breadth. While we continued to contribute to deliver analytical insights to industry leaders, the cross disciplinary effort of design, hardware and software helped conceive new use cases for us.

Finally, the machines at our own unit at Forms and Gears is now connected with SmartFix 4.0 which allows us to gain better insights on our production metrics as well.

OSS - AMC

We now provide Onsite Service support to over twenty special equipment manufacturers from China, USA, Japan, Germany, Taiwan, Malaysia and Singapore.

These equipments range from Vison Systems, Laser Equipment, Glue Dispensing, Assembly, Testing, Packing and Wrapping. Our Onsite Service Support team now consists of 150 engineers operating in India, Thailand, Vietnam and Brazil.

REJI VARGHESE

CSR BENEFICIARIES

Sri Sathya Sai Sarla Memorial Hospital

Sri Sathya Sai Baba always propounded that children are the future of the society, the nation and the world, and therefore every child born on earth is entitled to three fundamental rights absolutely free: the right to nutrition, the right to education, and the right to good health. These three rights are fundamental to every child born in any country to any race, religion, caste, creed, it does not matter. They are the seeds that are to be sown in order to have the harvest tomorrow. Therefore, it is a responsibility of the society to collectively look after its future, which are the children. This is the premise behind all the services at the Sri Sathya Sai Sarla Memorial Hospital being offered totally FREE of any charges.

Sadguru Sri Madhusudhan Sai, "Identifying the gaps in societal needs and addressing it in a holistic and sustainable way to have a lasting impact, is our approach to service in all our institutions. This is why our endeavours are focussed in the remote rural parts of India bringing care to the very doorsteps of the needy, without any discrimination whatsoever."

ASM Technologies as a part of the CSR initiative has contributed towards the purchasing of medical equipment for the hospital in effort to bring relief and the right to High Quality Free Medical Care for One and All.

DVG Higher Primary School OSAAT Educational Charitable Trust

ASM Technologies in association with OSAAT Educational Charitable Trust is building a classroom & Kitchen along with benches & desks at Government DVG Higher Primary School, Mulbagal town, Kolar district, Karnataka, India as to honour, preserve and cherish the memory of Shri D V Gundappa (DVG), the doyen of modern Kannada literature.

Dr. R.P. Shenoy award for Excellence in Science - Kendriya Vidyalaya, DRDO

ASM Technologies Ltd. instituted the 'Dr. R. P. Shenoy award for Excellence in Science' in memory of its former Director, Late Dr. R. P. Shenoy, a Distinguished Scientist of Defence Research & Development Organization (DRDO) of the Government of India.

The award is extended to 8th and 9th grade students of Kendriya Vidyalaya, DRDO, Bangalore, who have secured A1 Grade in Science.

Dr. S Srikantan Memorial Award - SUSIEC, IETE

The Institution of Electronics & Telecommunication Engineers (IETE) Bangalore Centre has been organising Summer School in Electronics & Computers (SUSIEC) over the last three decades for 8th, 9th and 10th standard students, during their summer vacations with a motto of "catch them young" and motivate them to choose the fascinating field of Electronics and Telecommunication as their chosen profession/career.

SUSIEC- Starting from the year 2017- 2018, ASM as part of CSR decided to sponsor part of the course fee & equipments and the prizes and awards for SUSIEC as "Dr. S Srikantan Memorial Award/s" instituted in memory of its former Chairman Late Dr. S Srikantan.

Dr. Kailasavadi Sivan (Chairman, ISRO Satellite Centre, Bangalore / Secretary Dept of Space, Govt of India), Padma Sri Dr. Mylswamy Annadurai (Director, ISRO Satellite Centre, Bangalore), Dr. Ajit T Kalghatgi (Former Director (R&D) Bharat Electronics Ltd., Bangalore), Dr. K D Nayak (Former Director General, DRDO),

Dr. MVKV Prasad (Director of Aeronautical Development Establishment, Bangalore) and Prof. B. S. Sonde (Former Vice Chancellor, Goa University & Former IETE President, Bangalore) have been the chief guests of the previous Dr. S. Srikantan Memorial Awards.

GoSports Foundation - Rahul Dravid Athlete Mentorship Programme

GoSports Foundation is a non-profit venture working towards the development of some of India's most talented emerging and elite athletes, competing in Olympic and Paralympics disciplines. We have been supporting the foundation through our contributions towards their Rahul Dravid Athlete Mentorship Programme for the training of athletes, executing the vision of former Indian cricket captain Rahul Dravid.

We have been extending our support to the athletes of the Rahul Dravid Athlete Mentorship Programme as part of our CSR initiative.

HIGHLIGHTS OF THE YEAR

ASM Digital - New facility expansion at Whitefield, Bangalore

ASM Technologies new facility at Salem, Tamilnadu

ASM Technologies and Hind High Vacuum form a Joint Venture for Semiconductor Equipment Manufacturing

ASM Technologies does a follow on investment in Lavelle Networks

The education sector in India has evolved substantially over the years and providing universal and quality education has been some of the challenges. With the Companies Act 2013 providing for mandatory contributions towards CSR and education being specified as an eligible activity the company spearheaded its CSR activities with education as its main thrust. However in the past year with the outbreak of Covid -19 pandemic the education sector was severely affected, calling for schools to be shut down and shifting classrooms to digital platforms. This brought about uncertainty in two of our projects and we identified new projects, the Committee keeping in mind the main thrust being education and to support society at pandemic decided to support the project in Sri Sathya Sai Sarla Memorial Hospital* and One School At A Time(OASST)**

*Sri Sathya Sai Sarla Memorial Hospital- ASM in association with Sathya Sai Sarla Memorial Hospital will support Multi Specialty Hospital dedicated with ICU oxygenated & HDU beds , Hub for medical and para medical education and training located in Muddenahalli Village, Chikkabalapura

**One School At A Time (OSAAT)- ASM Technologies in association with OSAAT Educational Charitable Trust is building a classroom along with benches & desks at Government DVG Higher Primary School, Mulbagal town, Kolar district, Karnataka, India as to honour, preserve and cherish the memory of Shri D V Gundappa (DVG), the doyen of modern Kannada literature

7. Amid this transitions and pandemic-related uncertainties, the well-being of our employees has become a critical focal point. Through concentrated efforts we facilitated Company-sponsored vaccination drives in India for employees and all their dependents. We arranged vaccination centres at our campuses in India for the benefit of employees.
8. The CSR Committee, hereby confirms that the implementation and monitoring of CSR Policy is in compliance with CSR objectives and Policy of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Overview

ASM along with its subsidiaries has been providing world class consulting and product development services in the areas of Engineering Services and Product R&D with successful Offshore Development & Support Centers in India and Overseas for its global clientele. The company is a public limited company incorporated in India and having its registered office in Bengaluru, Karnataka, India. The company's shares are listed with BSE Limited.

The Ministry of Corporate Affairs (MCA) vide notification dt February 16,2015,notified the Ind AS applicability to certain classes of companies. Ind AS has replaced the existing Indian GAAP prescribed under Section 133 of the Companies Act 2013, read with Rule 7 of the Companies (Accounts) Rules 2014. For ASM group Ind AS is applicable from 1st April 2017.

1. Industry Structure and Development

Coming out of the pandemic, we are witnessing gradual but steady uptick in global Engineering Research and Development (ER&D) spend. During the 2020 Pulse Survey, India were focusing on 'ensuring business continuity' and 'ability to drive scale'. However, the 2022 survey made it clear that the attention has now shifted to 'driving innovation out of the centre'. Compared with the 2021 budget, 80 percent of the surveyed companies expect their global engineering R&D spend to increase this year. 85 percent companies also indicated a continued upward trajectory in budget over the next three years. Although creating customer-centric, connected products is a top investment priority for ER&D organisations, building a technology ecosystem to better engage with a large set of technology providers is next on the agenda. In addition, adopting Environmental, Social, and Governance (ESG) standards, globalising R&D footprint through new Global Capability Centres (GCCs) or Engineering Service Providers (ESPs) and tapping into a global talent pool are the other top investment priorities. Given the rapidly evolving technology and push to shorter innovation cycles and faster time to market, co-creation is emerging as the new innovation model of choice, with 70 percent of the respondent companies exploring (or already involved in) co-creation with either start-ups or ESPs. About 85 percent of the surveyed organisations already leverage a GCC for their ER&D activities, with 75 percent of such centres being located in India. More companies are expected to establish or increase their India presence in the next few years owing to increasing comfort levels with decentralised/remote ER&D teams and proven ER&D ecosystem that India offers.

2. Opportunities

Digitisation, technologies and innovation will fuel growth with new opportunities in the years ahead. Technologies such as artificial intelligence (AI), Industry 4.0, augmented reality, virtual reality, machine learning (ML), big data analytics are providing numerous new opportunities for large enterprises as much as they are aiding the start-ups in developing new products and service lines, improving efficiency, productivity, and competence levels, giving thrust to the economic growth of the country. ER&D companies have to adopt these new technologies in a big way by skilling their employees and by taking risks in building products around these technologies. The focus of the government to expand the domestic market through a focus on indigenisation and self-reliance has led to capability building among Indian organizations for future relevant domains such as Software Development, Product management and Manufacturing Engineering.

We believe in our competitive strengths and with our Global Delivery Model and core competencies consider to address the changing economic scenarios as an opportunity to provide greater value to existing clients and add new clients. Our specific industry, domain and technology expertise allows us to enable clients to transform their businesses through innovative strategies and solutions. Our process driven engineering and planning ensures in delivering quality products in the optimum time and cost. ASM is a pioneer in Semiconductor and Electronic Equipment, Automotive and Product R&D industries.

3. Outlook

This has been provided elsewhere in the Annual Report.

4. Risks and Concerns

a. Competition Risk

In this highly competitive global business environment only firms that continually upgrade their capabilities and offerings in line with emerging technologies and market imperatives can hope to survive and even prosper in this environment. Capability building and continual upgrading are essential for organizational survival and growth.

Technologies are moving rapidly from traditional technologies to Analytics, Big data, Artificial Intelligence and Robotics. The Company stays invested in enhancing the value proposition for its customers by way of deepening its domain expertise, technological capabilities and customer engagement. We compete with other technology service providers in response to requests for proposals and in certain services there is increased competition resulting in pressures in pricing. The company's capability to offer innovative and value added solutions and services by integrating its diverse domain knowledge. The unrivaled blend of engineering culture and technology skills adopted by the company and its strategic acquisitions and management resources adds to its capability to offer innovative and value added solutions and services by integrating its diverse domain knowledge experience.

b. Financial Risk.

The ER&D sector would have to re-adopt technology disruptions by reshaping enterprises and focus on technology-led platforms, as the currency volatility and innovative technologies such as artificial intelligence, automation, etc have disrupted the sector's traditional products and solutions. With a significant portion of the company's revenues coming from exports, volatility in exchange rates may impact Company's business adversely. The company however mitigates the risks with robust accounts receivable management, centralised framework to control expenses and currency hedging strategies by the management. The company has a defined policy for managing its foreign exchange exposure. The company tracks the foreign exchange markets closely and takes appropriate hedging decisions from time to time if need be. The risk policy of the Board covers some of this large macro level risk and the remedial measures taken by the company to face and mitigate some of these risks.

c. New Technologies and Business Models

Engineering Research & Development continues to be the fastest growing segment, driven by global majors. India continues to be the core for digital innovation with a rich ecosystem of start-ups, tech providers and services providers engaging in global delivery and investing in IP, solutions and Centers of Excellence (CoEs). Digital became mainstream during the year, with the industry increasingly investing in digitized solutions to drive future growth opportunities. The Indian ER&D companies need to speed up the process of adopting technology in order to stay future proof as today, the Industry is fraught with challenges and opportunities, with Artificial Intelligence (AI), automation and machine learning having permeated every facet of a business. As a System Design House, ASM is fully equipped to handle complex Software, Electronics, Mechanical and Embedded software design and development to complete the product under one roof. Further, working prototype and manufacturing results in the entire product realization for the client. In our effort to step up non-linear growth, some of the key designs by the Engineering Services group are being prototyped and will be manufactured in limited quantities through partner companies and delivered to strategic customers. The company also regularly audits and verifies its compliance with security and disaster recovery measures. The impact of investments in Innovation and R&D has accelerated growth of ASM and has set the company into the forefront of Product Development, whilst getting a global recognition. The initiative has therefore been on developing the products of the future, to align with the changing technologies, market and customer demands.

d. Geography Risk

Business environment in the past year has been volatile and uncertain given the current pandemic. The company has insulated its overall performance from the impact of market exigencies and vagaries with a domestic international spread of business and combinations of its various solutions and

services. The company's well honed skills enable it to spread efficiently its business across various geographies. The company moreover derives most of the revenues from off shoring business resulting in a healthier bottom line and protection from risks from any downward spiral in any economy. The company's growth is not dependent on any specific geographic area or specified industry segment.

5. Internal Control System and their adequacy

The Internal Control System has been designed to ensure that assets and interest of the company are protected and dependability of accounting data and its accuracy are ensured with proper checks and balances. The internal control systems adopted by the company are adequate and appropriate to its operations so as to ensure uninterrupted functioning of its business. The system has been designed to ensure that assets and interest of the company are protected and dependability of accounting data and its accuracy are ensured with proper checks and balances. The existing internal control systems and their adequacy are frequently reviewed and improved upon to meet the changing business environment.

The Company has internal audit to examine and evaluate the adequacy and effectiveness of Internal Control system. The internal audit ensures that the system designed and implemented to provide adequate internal control commensurate with the size and operations of the company. The Audit Committee of the company chaired by the independent director and consisting of other non-executive independent directors, periodically review and commend the quarterly, half yearly and annual financial statement of the company. A detailed note on the functioning of the audit committee forms part of the chapter on Corporate Governance in this Report.

The management duly considers and takes appropriate action on the recommendations made by the statutory auditors, internal auditors and independent Audit Committee of the Board of Directors.

REPORT ON CORPORATE GOVERNANCE

(Pursuant to Schedule V (C) of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015

I COMPANY'S PHILOSOPHY ON CODE OF CORPORATE GOVERNANCE

Corporate Governance is an ethically driven business process that is committed to values aimed at enhancing an organization's brand and reputation. These values and principles set the context to manage our Company affairs in a fair and transparent manner. We at ASM believe, that sound corporate governance is critical to enhance and retain investor trust and consider it our inherent responsibility to disclose timely and accurate information regarding our financials and performance of the Company.

Effectual Corporate governance requires a clear understanding of the respective roles of the Board and the senior management and their relationships with others in the corporate structure. During the year under review, the Board continued its pursuit of achieving these objectives through the adoption and monitoring of corporate strategies, prudent business plans, monitoring of major risks of the company's business and ensuring that the company pursues policies and procedures to satisfy its legal and ethical responsibilities. At the core of its corporate governance practice is the board, which is responsible for safeguarding and advancing the interests of the shareholders, acting as their representative in establishing corporate policies and reviewing management's execution of those policies. The Board of Directors fully support and endorse Corporate Governance practices and attempt to go beyond the statutory requirements.

INDEPENDENT AUDITOR'S REPORT

To the Members of ASM Technologies Limited Report on Audit of the Standalone Financial Statements

Opinion:

We have audited the standalone Ind AS Financial Statements of ASM Technologies Limited (“the Company”) which comprise of balance sheet as at March 31, 2022, the statement of profit & loss, statement of changes in equity and the cashflow statement for the year then ended, notes to Ind AS financial statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, profit, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion:

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013 (“the Act”). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matters	How our audit addressed the key audit matter
Adoption of Ind AS 115 - Revenue from Contract with Customers as described in note 2 a. and note 17 of the financial statements:	
The Company has accounted revenue as per Ind AS 115 - Revenue from Contracts with Customers.	As part of our audit procedures, our procedures included the following: <ul style="list-style-type: none">- We have read the accounting policy for revenue recognition and assessed compliance of the policy in terms of principles enunciated under Ind AS 115.- We obtained and understood the revenue recognition process including determination of point of transfer of control and completion of performance obligation.- We performed test of details, on a sample basis, and examined the underlying customer contracts.- We examined the disclosures made by management in compliance with the requirements of Ind AS 115.
As the revenue recognition, due to the significance of the balance to the financial statements as a whole, we regard this as a key audit matter.	Conclusion: Our procedures did not identify any material exceptions.

Other Matters:

Attention of the members is drawn to Note 38 of the financial statements regarding the impact of COVID-19 on Business, where the management has estimated the future cash flows for the Company with the possible effects that may result from the COVID-19 pandemic and does not foresee any adverse impact on its ability to continue as going concern and in meeting its liabilities as and when they fall due. The actual impact of the Covid-19 Pandemic may be different from that estimated as at the date of the approval of these financial statements. Our report has not been modified in this respect

Other Information, [such as “Information Other than the Financial Statements and Auditor’s Report Thereon”]:

The Company’s Board of Directors is responsible for the other information. The other information comprises the board report but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management’s Responsibility for Standalone Ind AS Financial Statements:

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the Audit of the Financial Statements:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism through the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure – A, a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:a)
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books

ANNEXURE-B

REFERRED TO IN PARAGRAPH 2 (f) UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR REPORT TO THE MEMBERS ASM TECHNOLOGIES LIMITED.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”):

We have audited the internal financial controls over financial reporting of ASM Technologies Limited (“the Company”) as of March 31, 2022, in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls:

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (“the Act”).

Auditors’ Responsibility:

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting:

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are

being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Company, in all material respects, has an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Notes to Standalone Financial Statements for the year ended March 31, 2022

1. CORPORATE INFORMATION:

ASM Technologies Limited (“the Company”) is a company incorporated under the Companies Act, 1956 and is a pioneer in providing world class consulting services in areas of Engineering services and Product Engineering services with successful offshore development & support centres in India and overseas for its global clientele. The shares of the Company is listed in Bombay Stock Exchange. The financial statements have been approved by the Board of Directors of the Company in their meeting held on May 30, 2022.

2. SIGNIFICANT ACCOUNTING POLICIES:

2.1 Basis of Preparation:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2017. The financial statements of the Company are prepared and presented in accordance with Ind AS.

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.2 Summary of significant accounting policies:

a) *Use of Estimates:*

The preparation of financial statements in conformity with Ind AS requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Any revision to accounting estimates is recognized prospectively.

b) *Current versus non-current classification:*

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets/ liabilities are classified as non-current assets/ liabilities.

c) *Property, Plant & Equipment:*

Property, plant and equipment (“PPE”) are stated at the cost of acquisition less accumulated depreciation and write down for, impairment if any. Direct costs are capitalised until the assets are ready to be put to use. Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, which do not meet the definition of PPE as per Ind AS 16 are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of PPE and are recognized in the statement of profit and loss when the PPE is derecognized.

d) *Depreciation:*

Depreciation is provided on straight-line method as per the rates specified in schedule II of the Companies Act, 2013 (“the Act”). Depreciation for the assets purchased/sold during the year is proportionately charged. The assets’ residual values and useful lives are reviewed at each financial year end or whenever there are indicators for revision, and adjusted prospectively.

e) *Investment Properties:*

Investment property represents properties held for rental yields and/or for capital appreciation or both rather than for:

- use in the production or supply of services or for administrative purposes; or
- sale in the ordinary course of business.

Investment property is stated at the cost of acquisition less accumulated depreciation.

Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, which do not meet the definition of Investment Property as per Ind AS 40 are charged to the statement of profit and loss for the period during which such expenses are incurred.

f) *Intangible Assets:*

Intangible assets acquired separately are measured on initial cost. Subsequently, carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets comprising of computer software is amortised over a period of three years as estimated by the management.

Gains or losses arising from de-recognition of an intangible asset are measured as a difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when asset is derecognised.

g) Leases:

Where Company is a Lessee:

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contact involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The borrowing rate applied to lease liabilities for discounting is 10.2%

h) Employee Benefits:

(i) Short term employee benefits:

The employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, leave travel allowance, short term compensated absences etc. and the expected cost of bonus are recognised in the period in which the employee renders the related service.

(ii) Defined Benefit Plans:

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on project unit credit method as at the balance sheet date. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. In accordance with Ind AS, re-measurement gains and losses on defined benefit plans recognized in OCI are not to be subsequently reclassified to statement of profit and loss. As required under Ind AS compliant Schedule III, the Company recognizes re-measurement gains and losses on defined benefit plans (net of tax) to retained earnings.

The Company doesn't have a policy for encashment of leave

i) Revenue Recognition:

The Company derives revenues primarily from IT related services. Effective April 01,2018, the Company has adopted Ind AS 115, “Revenue from Contracts with Customers”. Revenue is recognized upon transfer of control of promised services to customers in an amount that reflects the consideration we expect to receive in for those services.

Revenue on time-and-material contracts are recognized as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue. Revenue from fixed-price, fixed-timeframe contracts, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage-of-completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity.

The Company recognised incentive from government in respect of Service Exports from India Scheme based on claim lodged by the Company.

j) Taxation:

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in statement of profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled. Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax in future years. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the assets will fructify.

Deferred income tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

k) Inventories:

Inventories are valued at cost determined on weighted average basis or net realizable values whichever is lower.

l) Foreign Currency Transactions:

Functional Currency:

The functional currency of the Company is the Indian rupee.

Transactions and translations:

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the balance sheet date. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the statement of profit and loss.

m) Provisions, Contingent liabilities and Contingent assets:

A provision is recognized when an enterprise has a present obligation (legal or constructive) as result of past event and it is probable that an outflow of embodying economic benefits of resources will be required to settle a reliably assessable obligation. Provisions are determined based on best estimate required to settle each obligation at each balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting obligations under a contract exceed the economic benefits expected to be received, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements. A contingent asset is never recognised but only disclosed in the financial statements.

n) Segment reporting policies:

Identification of segments:

Operating Segments are identified on the basis of internal reports about components of the group that are regularly reviewed by the chief operating decision maker (CODM) in order to allocate resources to the segments and to assess their performance in accordance with Ind AS 108, Operating Segments. Since CODM evaluates Company's performance at a geographic segment level, operating segment information is accordingly given at geographic level.

o) Financial Instruments:

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at

fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

i) Cash & Cash equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

ii) Financial assets at amortized cost:

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through other comprehensive income:

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iv) Financial assets at fair value through profit or loss:

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in statement of profit and loss.

v) Financial liabilities:

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

vi) De-recognition of financial instruments:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

vii) Fair value of financial instruments:

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

viii) Investments in subsidiary:

Investments in subsidiary is carried at cost.

p) Impairment:

i) Financial assets:

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ii) Non-financial assets:

Tangible and Intangible assets: PPE, intangible assets and investment property with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

q) Cashflow Statement:

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

2.3 Significant accounting judgements, estimates and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Judgements:

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

(b) Estimates and assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans - Gratuity

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on expected future inflation rates and expected salary increase thereon.

35. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

“The Company’s principal financial liabilities comprise of trade and other payables. The main purpose of these financial liabilities is to finance the Company’s operations to support its operations. The Company’s principal financial assets include trade and other receivables, rental and bank deposits and cash and cash equivalents, that derive directly from its operations. The Company is exposed to credit and liquidity risk. The Company’s senior management oversees the management of these risks and the Board of Director’s reviews these activities.”

i. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument would fluctuate due to changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include trade payables. The Company is not exposed to price risk on the financial date.

The sensitivity analysis in the following sections relate to the positions as at March 31, 2022 and March 31, 2021.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations and provisions.

The following assumption has been made in calculating sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2022 and March 31, 2021.

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The operations of the Company are both in India and overseas. Company has been providing services to overseas customers. Hence, the Company is currently exposed to the currency risk arising from fluctuation of these foreign currencies and Indian rupee exchange rates.

The following table presents foreign currency risk for the below financial liabilities:

As at March 31, 2022		Transaction currency

March 31, 2021	1% -1%	0.60 (0.60)	0.60 (0.60)

ii. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables). At the end of every financial year, the Company makes an assessment whether any loss allowance has to be provided for using the lifetime Expected Credit Loss (ECL) method.

iii. Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Company's board of directors are responsible for liquidity, funding as well as settlement management.

38 IMPACT OF COVID 19 ON BUSINESS OF THE COMPANY :

The management has considered the possible effects that may result from the Covid-19 pandemic on the carrying value of assets. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the company, as at the date of approval of these financial statements has used internal and external sources of information to assess the expected future performance of the company. The company has internally performed sensitivity analysis on the assumptions used and based on the current estimates, the company expects that the carrying amount of these assets, as reflected in the balance sheet as at March 31, 2022, are fully recoverable. The management has also estimated the future cashflows for the company with the possible effects that may result from the COVID-19 pandemic and does not foresee any adverse impact on its ability to continue as going concern and in meeting its liabilities as and when they fall due. The actual impact of the COVID-19 pandemic may be different from the estimated as at the date of approval of these financial statements.

39 The Board of directors of the Company have proposed final dividend of Rs. 2.50/- per equity share of Rs.10/- fully paid up for the year ended March 31, 2022 which is subject to approval of the members.

40 Previous year figures have been regrouped/ recasted wherever necessary to conform with current year figures.

INDEPENDENT AUDITOR'S REPORT

To the Members of ASM Technologies Limited

Report on Audit of the Consolidated Ind AS Financial Statements

Opinion:

We have audited the Consolidated Ind AS financial statements of ASM Technologies Limited (“the Company”) and its subsidiaries (collectively referred as “the Group”) which comprise of balance sheet as at March 31, 2022, the statement of profit & loss, statement of changes in equity, the cashflow statement for the year then ended, and notes to Consolidated Ind AS financial statements including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, loss, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion:

We conducted our audit in accordance with the Standards on Auditing (“SAs”) specified under section 143(10) of the Companies Act, 2013 (“the Act”). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Ind AS financial statements for the financial year ended March 31, 2022. These matters were addressed in the context of our audit of the consolidated Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

Key audit matters	How our audit addressed the key audit matter
Adoption of Ind AS 115 - Revenue from Contract with Customers as described in note 2 i. and note 17 of the Consolidated Ind AS financial statements:	As part of our audit procedures, our procedures included the following: <ul style="list-style-type: none">- We have read the accounting policy for revenue recognition and assessed compliance of the policy in terms of principles enunciated under Ind AS 115.- We obtained and understood the revenue recognition process including determination of point of transfer of control and completion of performance obligation.- We performed test of details, on a sample basis, and examined the underlying customer contracts.- We examined the disclosures made by management in compliance with the requirements of Ind AS 115.
The Company has accounted revenue as per Ind AS 115 - Revenue from Contracts with Customers.	As part of our audit procedures, our procedures included the following: <ul style="list-style-type: none">- We have read the accounting policy for revenue recognition and assessed compliance of the policy in terms of principles enunciated under Ind AS 115.- We obtained and understood the revenue recognition process including determination of point of transfer of control and completion of performance obligation.- We performed test of details, on a sample basis, and examined the underlying customer contracts.- We examined the disclosures made by management in compliance with the requirements of Ind AS 115.
Application of Ind AS 115, including selection of transition method involves significant judgment in determining when ‘control’ of the goods or services underlying the performance obligation is transferred to the customer and the transition method to be applied.	As part of our audit procedures, our procedures included the following: <ul style="list-style-type: none">- We have read the accounting policy for revenue recognition and assessed compliance of the policy in terms of principles enunciated under Ind AS 115.- We obtained and understood the revenue recognition process including determination of point of transfer of control and completion of performance obligation.- We performed test of details, on a sample basis, and examined the underlying customer contracts.- We examined the disclosures made by management in compliance with the requirements of Ind AS 115.
As the revenue recognition, due to the significance of the balance to the financial statements as a whole, we regard this as a key audit matter.	Conclusion: <ul style="list-style-type: none">- Our procedures did not identify any material exceptions.

Other Matters:

- i) We did not audit ASM Digital Technologies Pte Ltd (Formerly known as Advanced Synergic Pte Limited) Singapore, subsidiary included in this Ind AS consolidated financial statements, whose financial statements reflect total assets of Rs.0.93 million as at March 31, 2022, total revenues of Rs.2.22 million, total net loss after tax Rs. 3.80 million as considered in these consolidated financial statements. The standalone financial statements have been audited by the other auditor whose report has been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary, is solely based on the report of the other auditor.
- ii) Consolidated financial statements include unaudited financial statements of ESR Associates Inc., USA, whose financial statements reflect total assets of Rs.0.15 million as at March 31, 2022, total revenues of Rs. Nil million, total net profit after tax Rs.58.95 million as considered in this consolidated financial statements. These financial statements are unaudited and have been furnished to us by the Management and our opinion on the Statement, in so far as it relates to the amounts and disclosures included in respect of this subsidiary based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us by the Company, these financial statements are not material to the Group.
- iii) Attention of the members is drawn to note 40 of the financial statements regarding the impact of COVID-19 on Business, where the management has estimated the future cash flows for the Company with the possible effects that may result from the COVID-19 pandemic and does not foresee any adverse impact on its ability to continue as going concern and in meeting its liabilities as and when they fall due. The actual impact of the Covid-19 Pandemic may be different from that estimated as at the date of the approval of these financial statements. Our report on the standalone financial statements have not modified in respect of this matter.

Other Information [“Information Other than the Financial Statements and Auditor’s Report Thereon”]

The Company’s Board of Directors are responsible for the other information. The other information comprises the information included in the board report but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the Ind AS financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Management’s Responsibility for Consolidated Ind AS Financial Statements:

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements:

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional scepticism through the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- c) The Balance Sheet, the Statement of Profit and Loss, statement of changes in equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid Consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure - A".
- g) With respect to the other matters to be included in the Auditor's Report in accordance with requirement of Section 197 (16) of the Act, as amended:

In our opinion and according to the information and explanation given to us, the remuneration paid during the current year by the Company is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director/ manager by the Company, is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) which are required to be commented upon by us.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed its pending litigations which would impact its financial position in note 31 of the Consolidated Ind AS financial statements.
 - ii) The Company did not have any long-term contracts as required under the applicable law or accounting standards, and also not entered into any derivative contracts, accordingly no provision is required to be made in respect of material foreseeable losses.
 - iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv)
 - a. The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - b. The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - c. Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement

v. As stated in the Note 38 of the financial statements:

- a) The Final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable
- b) The interim dividend declared and paid by the Company during the year and until the date of this report is in compliance with section 123 of the Act
- c) The Board of directors of the Company have proposed final dividend for the year which is subject to approval of the members at the ensuing annual general meeting. The amount of dividend proposed is in accordance with the section 123 of the Act as applicable.

With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, and based on the CARO reports issued by us for the Company and its subsidiaries included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

ANNEXURE – A

REFERRED TO IN PARAGRAPH f UNDER THE HEADING “REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS” OF OUR REPORT TO THE MEMBERS OF ASM TECHNOLOGIES LIMITED.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”):

In conjunction with our audit of Ind AS consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal controls over financial reporting of ASM Technologies Limited (“the Holding Company”) and its subsidiary companies which are incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls:

The respective Board of Directors of the Holding Company and its subsidiaries, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (“the Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 (“the Act”).

Auditors’ Responsibility:

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting:

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide

reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting:

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion:

In our opinion, the Holding Company and its subsidiary companies which are incorporated in India have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

Notes to Consolidated Financial Statements for the period ended March 31, 2022

1 CORPORATE INFORMATION:

ASM Technologies Limited along with its wholly-owned and controlled subsidiaries ASM Digital Technologies Pte Ltd(Formely Advanced Synergic Pte Ltd), Singapore and ASM Digital Technologies Inc (Formely Pinnacle Talent Inc), USA and ESR Association Inc, USA wholly-owned and controlled subsidiaries of ASM Digital Technologies Pte Ltd(Formely Advanced Synergic Pte Ltd), Singapore (collectively referred to as “Group”) is a pioneer in providing world class consulting services in areas of Engineering services and Product Engineering services with successful offshore development & support centres in India and overseas for its global clientele. The consolidated financial statements have been approved by the board of directors of the holding company on May 30, 2022.

2 SIGNIFICANT ACCOUNTING POLICIES:

2.1 Basis of Preparation:

a) Statement of Compliance:

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards ('Ind AS') notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 1, 2017. The financial statements of the Company are prepared and presented in accordance with Ind AS.

The financial statements have been prepared on the historical cost basis, except for certain financial instruments which are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

2.2 Summary of significant accounting policies:

a) Use of Estimates:

The preparation of financial statements in conformity with Ind AS requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of contingent liabilities, at the end of the reporting period. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods. Any revision to accounting estimates is recognized prospectively.

b) Current versus non-current classification:

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is treated as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets/ liabilities are classified as non-current assets/ liabilities.

c) *Property, Plant & Equipment:*

Property, plant and equipment (“PPE”) are stated at the cost of acquisition less accumulated depreciation and write down for, impairment if any. Direct costs are capitalised until the assets are ready to be put to use. Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, which do not meet the definition of PPE as per Ind AS 16 are charged to the statement of profit and loss for the period during which such expenses are incurred.

Gains or losses arising from de-recognition of PPE are measured as the difference between the net disposal proceeds and the carrying amount of PPE and are recognized in the statement of profit and loss when the PPE is derecognized.

d) *Depreciation:*

Depreciation is provided on straight-line method as per the rates specified in schedule II of the Companies Act, 2013 (“the Act”). Depreciation for the assets purchased/sold during the year is proportionately charged. The assets’ residual values and useful lives are reviewed at each financial year end or whenever there are indicators for revision, and adjusted prospectively.

e) *Investment Properties:*

Investment property represents properties held for rental yields and/or for capital appreciation or both rather than for:

- (a) use in the production or supply of services or for administrative purposes; or
- (b) sale in the ordinary course of business.

Investment property is stated at the cost of acquisition less accumulated depreciation.

Subsequent costs are included in the asset’s carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost of the item can be measured reliably. All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, which do not meet the definition of Investment Property as per Ind AS 40 are charged to the statement of profit and loss for the period during which such expenses are incurred.

f) *Intangible Assets:*

Intangible assets acquired separately are measured on intial cost. Subsequently, carried at cost less accumulated amortization and accumulated impairment losses, if any.

Intangible assets comprising of computer software is amortised on a over a period of three years as estimated by the management.

Gains or losses arising from de-recognition of an intangible asset are measured as a difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when asset is derecognised.

g) Leases:

Where Company is a Lessee:

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contact involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of lease
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The borrowing rate applied to lease liabilities for discounting is 10.2%

Operating Leases

Leases, where the lessor effectively retains substantially all the risks and benefits of ownership of the leased item, are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term except where the increase in lease outgoings are in line with expected general inflation to compensate the lessor's expected inflationary cost increases.

(h) Employee benefits :

Short term employee benefits :

The employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Benefits such as salaries, leave travel allowance, short term compensated absences etc. and the expected cost of bonus are recognised in the period in which the employee renders the related service.

Long term employee benefits:**(i) Defined Contribution Plans:**

The Firm has contributed to state governed provident fund scheme, employee's state insurance scheme and employee pension scheme which are defined contribution plans. The contribution paid/ payable under the schemes is recognised during the period in which employee renders the related service.

(ii) Defined Benefit Plans :

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on project unit credit method as at the balance sheet date. The Company recognizes the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Gains and losses through re-measurements of the net defined benefit liability/ (asset) are recognized in other comprehensive income. In accordance with Ind AS, re-measurement gains and losses on defined benefit plans recognized in OCI are not to be subsequently reclassified to statement of profit and loss. As required under Ind AS compliant Schedule III, the Company recognizes re-measurement gains and losses on defined benefit plans (net of tax) to retained earnings.

Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method, made at the end of each financial year. Actuarial gains/ losses are immediately taken to the statement of profit and loss. The Company presents the accumulated leave liability as a current liability in the balance sheet, since it does not have an unconditional right to defer its settlement for twelve months after the reporting date.

(i) Retirement benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund authorities. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due.

Gratuity, which is a defined benefit plan, is accrued based on an independent actuarial valuation, which is done based on projected unit credit method as at the balance sheet date. Gains and losses through re-measurements of the net defined benefit obligation are recognized in other comprehensive income and are not subsequently reclassified to profit or loss. The defined benefit scheme for gratuity is currently unfunded.

(ii) Other employee benefits

The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised during the period when the employee renders the service. These benefits include compensated absences such as paid annual leave, overseas social security contributions and performance incentives.

i) Revenue Recognition:

The Company derives revenues primarily from IT related services. Effective April 01,2018, the Company has adopted Ind AS 115, "Revenue from Contracts with Customers". Revenue

is recognized upon transfer of control of promised services to customers in an amount that reflects the consideration we expect to receive in for those services.

Revenue on time-and-material contracts are recognized as the related services are performed and revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue. Revenue from fixed-price, fixed-timeframe contracts, where the performance obligations are satisfied over time and where there is no uncertainty as to measurement or collectability of consideration, is recognized as per the percentage-of-completion method. When there is uncertainty as to measurement or ultimate collectability, revenue recognition is postponed until such uncertainty is resolved. Efforts or costs expended have been used to measure progress towards completion as there is a direct relationship between input and productivity.

The Company recognised incentive from government in respect of Service Exports from India Scheme based on claim lodged by the Company.

Interest Income:

Interest is accounted as per effective interest method. Interest income is included under the head “other income” in the statement of profit and loss. Interest income on term deposits & others are recognised on accrual basis. Interest income on account of financial instruments measured at amortised cost if any, is recognised using effective interest rate method.

Dividend Income:

Dividend is recorded when the right to receive payment is established. Interest income is recognized on effective interest method taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head “other income” in the statement of profit and loss.

j) Taxation:

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred tax are recognized in statement of profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

Current income tax expense comprises taxes on income from operations in India and in foreign jurisdictions. Income tax payable in India is determined in accordance with the provisions of the Income Tax Act, 1961. Tax expense relating to foreign operations is determined in accordance with tax laws applicable in countries where such operations are domiciled. Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax in future years. Accordingly, MAT is recognised as an asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the assets will fructify.

Deferred income tax is recognized on temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, except when the deferred income tax arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred income tax assets are recognized for all deductible temporary differences, carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred income tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the balance sheet date.

k) *Foreign Currency Transactions:*

Functional Currency:

The functional currency of the Company is the Indian rupee.

Transactions and translations:

Foreign currency transactions are recorded at exchange rates prevailing on the date of the transaction. Foreign currency denominated monetary assets and liabilities are restated into the functional currency using exchange rates prevailing on the balance sheet date. Gains and losses arising on settlement and restatement of foreign currency denominated monetary assets and liabilities are included in the statement of profit and loss.

l) *Provisions, Contingent liabilities and Contingent assets:*

A provision is recognized when an enterprise has a present obligation (legal or constructive) as result of past event and it is probable that an outflow of embodying economic benefits of resources will be required to settle a reliably assessable obligation. Provisions are determined based on best estimate required to settle each obligation at each balance sheet date. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Provisions for onerous contracts, i.e. contracts where the expected unavoidable costs of meeting obligations under a contract exceed the economic benefits expected to be received, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements. A contingent asset is never recognised but only disclosed in the financial statements.

m) *Segment reporting policies:*

(i) Identification of segments:

Operating Segments are identified on the basis of internal reports about components of the group that are regularly reviewed by the chief operating decision maker (CODM) in order to allocate resources to the segments and to assess their performance in accordance with Ind AS 108, Operating Segments. Since CODM evaluates Company's performance at a geographic segment level, operating segment information is accordingly given at geographic level.

(ii) Unallocated items

Unallocated items include general corporate asset, liability, income and expense items which are not allocated to any business segment.

(iii) Segment accounting policies

the Firm prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Firm as a whole.

n) Financial Instruments:

Financial assets and liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

i) Cash & Cash equivalents:

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

ii) Financial assets at amortized cost:

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iii) Financial assets at fair value through other comprehensive income:

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

iv) Financial assets at fair value through profit or loss:

Financial assets are measured at fair value through profit or loss unless it is measured at amortized cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognized in statement of profit and loss.

v) Financial liabilities:

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

vi) De-recognition of financial instruments:

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized when the obligation specified in the contract is discharged or cancelled or expires.

vii) Fair value of financial instruments:

In determining the fair value of its financial instruments, the Company uses following hierarchy and assumptions that are based on market conditions and risks existing at each reporting date.

Fair value hierarchy:

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ▶ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ▶ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ▶ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

viii) Investments in subsidiary:

Investments in subsidiary is carried at cost.

o) Impairment:

i) Financial assets:

The Company assesses at each date of balance sheet whether a financial asset or a group of financial assets is impaired. Ind AS 109 requires expected credit losses to be measured through a loss allowance. The Company recognises lifetime expected losses for all contract assets and / or all trade receivables that do not constitute a financing transaction. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month expected credit losses or at an amount equal to the life time expected credit losses if the credit risk on the financial asset has increased significantly since initial recognition.

ii) Non-financial assets:

Tangible and Intangible assets: PPE, intangible assets and investment property with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs. If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the statement of profit and loss.

p) Cashflow Statement:

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated. The Company considers all highly liquid investments that are readily convertible to known amounts of cash to be cash equivalents.

q) Capital Work in Progress:

Costs of assets not ready for use at the balance sheet date are disclosed under capital work- in-progress. Capital work in progress comprises the cost of fixed assets under construction and not yet ready for their intended use. Capital work in progress is carried at cost, comprising direct cost, related incidental expenses.

Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized to the extent to which the expenditure is indirectly related to construction or is incidental thereto. Other indirect expenditure (including borrowing costs) incurred during the construction period which is neither related to the construction activity nor is incidental thereto is charged to the Statement of Profit and Loss.

r) Inventories:

Cost is ascertained on a weighted average basis, is defined as being all expenditure, which has been incurred in bringing the product or service to its present location and condition or net realizable values whichever is lower. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

s) Expenditure:

Expenses are accounted on the accrual basis and provisions are made for all known losses and liabilities.

t) Borrowing costs:

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized/inventorised as part of the cost of the respective asset. All other borrowing costs are charged to Statement of Profit and Loss.

u) Earnings per share:

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.3 Significant accounting judgements, estimates and assumptions:

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

a) Judgements:

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

(b) Estimates and assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Defined benefit plans - Gratuity

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases are based on expected future inflation rates and expected salary increase thereon.

35. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's principal financial liabilities comprise of trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations to support its operations. The Company's principal financial assets include trade and other receivables, rental and bank deposits and cash and cash equivalents, that derive directly from its operations. The Company is exposed to credit and liquidity risk. The Company's senior management oversees the management of these risks and the Board of Director's reviews these activities.

i. Market Risk

Market risk is the risk that the fair value of future cash flows of a financial instrument would fluctuate due to changes in market prices. Market risk comprises three types of risks: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include trade payables. The Company is not exposed to price risk on the financial date.

The sensitivity analysis in the following sections relate to the positions as at March 31, 2022 and March 31, 2021.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post-retirement obligations and provisions.

The following assumption has been made in calculating sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2022 and March 31, 2021.

a. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The operations of the Company are both in India and overseas. Company has been providing services to overseas customers. Hence, the Company is currently exposed to the currency risk arising from fluctuation of these foreign currencies and Indian rupee exchange rates.

The following table presents foreign currency risk for the below financial liabilities:

As at March 31, 2022		Transaction currency	
Particulars		USD (\$)	Total
Assets:			
Trade receivables		189.61	189.61
Total		189.61	189.61
As at March 31, 2021		Transaction currency	
Particulars		USD (\$)	Total
Assets:			
Trade receivables		60.09	60.09
Total		60.09	60.09

Foreign currency sensitivity			
Particulars	Change in USD rates	Effect on profit before tax (Decrease)/Increase	Effect on pre-tax equity (Decrease)/Increase
March 31, 2022	1%	1.90	1.90
	-1%	(1.90)	(1.90)
March 31, 2021	1%	0.60	0.60
	-1%	(0.60)	(0.60)

ii. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables). At the end of every financial year, the Company makes an assessment whether any loss allowance has to be provided for using the lifetime Expected Credit Loss (ECL) method.

iii. Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they become due. The Company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due.

The Company's board of directors are responsible for liquidity, funding as well as settlement management.

The table below provides details regarding the contractual maturities of significant financial liabilities

Particulars	Current Year	Previous Year
	Less than 1 year	Less than 1 year

38. EVENTS OCCURRING AFTER BALANCE SHEET DATE:

The Board of directors of the Company have proposed final dividend of Rs. 2.50/- per equity share of Rs.10/- fully paid up for the year ended March 31, 2022.

39. The Company is in the process of making up to date documentation in pursuance of the Transfer Pricing study relating to international transaction with Associated Enterprises for the year as required under the Income-tax Act, 1961. According to the Company and based on the advice of its counsel the Company believes that the profit margins are comparable to available market data and consequently no adjustments are required to these financial statements in respect of the same notwithstanding the draft assessment order referred above.

40. IMPACT OF COVID 19:-

The management has considered the possible effects that may result from the Covid-19 pandemic on the carrying value of assets. In developing the assumptions relating to the possible future uncertainties in the economic conditions because of this pandemic, the company, as at the date of approval of these financial statements has used internal and external sources of information to assess the expected future performance of the company. The company has internally performed sensitivity analysis on the assumptions used and based on the current estimates, the company expects that the carrying amount of these assets, as reflected in the balance sheet as at March 31, 2022, are fully recoverable. The management has also estimated the future cashflows for the company with the possible effects that may result from the COVID-19 pandemic and does not foresee any adverse impact on its ability to continue as going concern and in meeting its liabilities as and when they fall due. The actual impact of the COVID-19 pandemic may be different from the estimated as at the date of approval of these financial statements.

Members may note that the Income Tax Act, 1961, (“the IT Act”) as amended by the Finance Act, 2020, mandates that dividends paid or distributed by a company after April 01, 2020 shall be taxable in the hands of members. The Company shall therefore be required to deduct tax at source (TDS) at the time of making the payment of final dividend. In order to enable us to determine the appropriate TDS rate as applicable, members are requested to submit the following documents in accordance with the provisions of the IT Act. For resident shareholders, taxes shall be deducted at source under Section 194 of the IT Act as follows:

Members having valid PAN- 7.5% or as notified by the Government of India

Members not having PAN / valid PAN- 20% or as notified by the Government of India

However, no tax shall be deducted on the dividend payable to a resident individual if the total dividend to be received by them during Financial Year 2021-22 does not exceed ` 5,000 and also in cases where members provide Form 15G / Form 15H (applicable to individuals aged 60 years or more) subject to conditions specified in the IT Act. Resident shareholders may also submit any other document as prescribed under the IT Act to claim a lower / Nil withholding tax. Registered members may also submit any other document as prescribed under the IT Act to claim a lower / Nil withholding tax. PAN is mandatory for members providing Form 15G / 15H or any other document as mentioned above.

For non-resident shareholders, taxes are required to be withheld in accordance with the provisions of Section 195 and other applicable sections of the IT Act, at the rates in force. The withholding tax shall be at the rate of 20% (plus applicable surcharge and cess) or as notified by the Government of India on the amount of dividend payable. However, as per Section 90 of the IT Act, non-resident shareholders have the option to be governed by the provisions of the Double Tax Avoidance Agreement (DTAA) between India and the country of tax residence of the member, if they are more beneficial to them. For this purpose, i.e. to avail the benefits under the DTAA, non-resident shareholders will have to provide the following : • Copy of the PAN card allotted by the Indian Income Tax authorities duly attested by the member • Copy of Tax Residency Certificate (TRC) for the FY 2021-22 obtained from the revenue authorities of the country of tax residence, duly attested by member • Self-declaration in Form 10F • Self-declaration by the shareholder of having no permanent establishment in India in accordance with the applicable tax treaty • Self-declaration of beneficial ownership by the non-resident shareholder • Any other documents as prescribed under the IT Act for lower withholding of taxes if applicable, duly attested by member

In case of Foreign Institutional Investors / Foreign Portfolio Investors, tax will be deducted under Section 196D of the IT Act @ 20% (plus applicable surcharge and cess).

The aforementioned documents are required to be submitted at compliance.officer@asmld.com by the shareholder during the period commencing from June 20, 2022 and ending on June 30, 2022. No communication would be accepted from members after June 30, 2022 regarding the tax withholding matters.
