The Rubber industry can be broadly classified in tyre and non-tyre sectors. While tyre sector is dominated by few large tyre companies, the non-tyre sector consists of number of medium and small units. This non tyre-sector consists of about 6000 units comprising 30 large scale, 300 medium scale and 5600 small scale units which manufacture about 35000 different rubber products. It plays a core sector role in the Indian national economy.

Your company is in the business of manufacturing of polymer blends to the medium and small scale sector which accounts for over 50% of production of rubber goods in non-tyre industrial products. The polymer blends are used in the manufacture of petrol hoses, LPG tubing, O-rings, seals & gaskets, printing & textile rollers, cable sheathing, automotive components, etc. Polymer compounding is an art of developing rubber mixtures with suitable raw materials and their doses to achieve optimal processing and performance. It is a critical intermediate product for the medium and small unit making various rubber products.

Besides Polymer blends, the Company also sells other complimentary products sourced from abroad.

Due to fragmented structure of the user industry the market is highly price competitive.

ECONOMY AND MARKETS

The Indian economy grew by 7.6% during 2015-16, however, growth in the rubber industry particularly non-tyre sector was subdued. The year witnessed a sharp volatility in the prices of natural rubber and its shortage in the domestic market. The All India Rubber Industries Association (AIRIA) has said domestic natural rubber has hit multi-year low and there is shortage of raw material in the domestic market. The production has contracted by 13% from 6,45,000 tonnes in FY 2014-15 to 5,63,000 in FY 2015-16 which has affected the growth of the rubber industry in general. Hence, demands for the Company's products have been subdued during the year under review.

Your Company's performance for the year 2015-16 has to be viewed in conjunction with the aforesaid market and economic environment.

ANNEXURE B TO THE AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of Independent Auditors' Report on financial statements of even date)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Rishiroop Limited (formerly Puneet Resins Limited) ("the Company") as of March 31, 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and

deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
