Management Comment:

Commenting on this development, **Mr. Ketan Patel, Chairman & Managing Director of Creative Peripherals & Distribution Ltd. said,**

"We are happy to announce that we have been awarded as authorized distributor by TPV Technology Pvt. Ltd. for selling and marketing of Philips Digital Signage across India. Digital Display Signage has an approximate estimated market size of INR 8 billion annually vied by 3-4 major Original Equipment Manufacturers (OEM). We have deep inroads in the channel and a product which can provide commercial solutions in the signage space will benefit the topline. It will also be an opportunity for us to explore solution-based products going ahead.

We shall initially focus on the run rate models and expand our base to the niche categories. The demand in the market is growing for such products and we expect to ride the growth wave by entering this product segment early on.

It is a matter of pride to be associated with such prestigious brand that we partner with and promise to deliver on the trust they place in us. I would like to thank 'Creative' team for their dedication and hard work in helping us."
