NOTES

1. Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 in respect of Item No. 4 to be transacted at the Annual General Meeting as set out in the notice is annexed hereto. Additional information pursuant to applicable Regulations of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial standards on General Meetings issued by the Institute of Company Secretaries of India in respect of Director seeking re-appointment at this Annual General Meeting is furnished as Annexure to the Notice.
2. As you are aware, in view of the situation arising due to COVID-19 global pandemic, the general meetings of the companies are being conducted as per the guidelines issued by the Ministry of Corporate Affairs (MCA) vide Circular Nos. 14/2020 dated April 8, 2020, 17/2020 dated April 13, 2020 read with Circular No. 20/2020 dated May 05, 2020 and Circular No.02/2021 dated January 13, 2021 (collectively referred to as "MCA Circulars") without physical presence of members at common venue. The forthcoming AGM will thus be held on Thursday, the 9th day of September, 2021 at 3.30 P.M (IST) through video conferencing (VC) or Other Audio Visual Means (OAVM). Hence, Members can attend and participate in the ensuing AGM through VC/OAVM. The deemed venue for the AGM shall be the Registered Office of the Company.
3. The Members can join the AGM through VC/OAVM mode 15 minutes before and after the scheduled time of commencement of the Meeting by following the procedure mentioned in the Notice. The facility of participation at the AGM through VC/OAVM will be made available to atleast 1000 members on first come first served basis. This will not include large Shareholders (Shareholders holding 2% or more shareholding), Promoters, Institutional Investors, Directors, Key Managerial Personnel, the Chairpersons of the Audit Committee, Nomination and Remuneration Committee and Stakeholders Committee, Auditors etc. who are allowed to attend the AGM without restriction on account of first come first served basis.
4. The attendance of the Members attending the AGM through VC/OAVM will be counted for the purpose of ascertaining the quorum under Section 103 of the Companies Act, 2013.
5. Since this AGM is being held through VC/OAVM, the facility to appoint proxy to attend and cast vote for the members is not available for this AGM. Hence attendance slip and proxy forms are not attached to the notice. However, in pursuance of Section 112 and Section 113 of the Companies Act, 2013, representatives of the members such as the President of India or the Governor of a State or body corporate can attend the AGM through VC/OAVM and cast their votes through e-voting.
6. In line with the Circulars issued by Ministry of Corporate Affairs (MCA) / SEBI notice of AGM along with the 37th Annual Report is being sent only through electronic mode to those members whose e-mail addresses are registered with the company/depositories. The Notice calling the AGM has been uploaded on the website of the Company at www.bannari.com. The Notice can also be accessed from the web sites of BSE Limited (www.bseindia.com) and National Stock Exchange of India Limited (www.nseindia.com). The AGM Notice is also disseminated on the website of CDSL (agency for providing the Remote e-Voting facility and e-voting system during the AGM) i.e. www.evotingindia.com. Members who have not registered their e-mail addresses so far are requested to register the same to enable the company to send all communications including Annual Report, Notices, Circular etc. in electronic mode.
7. Pursuant to the provisions of Section 108 of the Companies Act, 2013 read with Rule 20 of the Companies (Management and Administration) Rules, 2014 (as amended) and Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements)

Regulations 2015 (as amended) and MCA Circulars, the Company is providing facility of remote e-voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with Central Depository Services (India) Limited (CDSL) for facilitating voting through electronic means, as the authorized e-Voting's agency. The facility of casting votes by a member using remote e-voting as well as the e-voting system on the date of the AGM will be provided by CDSL.

8. The Register of Members and Share Transfer Books of the Company will remain closed from Friday the 3rd September, 2021 to Thursday the 9th September, 2021 (both days inclusive).

9. Dividend recommended by the Board of Directors, if approved by the Members at the ensuing Annual General Meeting, will be credited / dispatched between 11th September, 2021 and 25th September, 2021 to those members whose names appear on the Register of Members as on 9th September, 2021. In respect of shares held in electronic form, the dividend will be paid on the basis of beneficial ownership furnished by the National Securities Depository Limited (NSDL)/Central Depository Services (India) Limited (CDSL) as at the close of business hours on 2nd September, 2021.
10. Members holding shares in the electronic form are requested to inform any changes in address/bank mandate directly to their respective Depository Participants (DPs). The address/ bank mandate as furnished to the Company by the respective Depositories Viz., NSDL and CDSL will be printed on the dividend warrants. Members holding shares in physical form are requested to inform the changes in address/mandate/bank details directly to the Registrar and Share Transfer Agent. Members who have not furnished the details of bank accounts so far are requested to furnish the details to their respective DPs or to the Registrar and Transfer Agent as the case may be to enable the company to make dividend payments.

11. Corporate Members are requested to send a duly certified copy of the Board Resolution authorizing their representatives to attend and vote at the Annual General Meeting to the Company Secretary.
12. The Company has transferred the unpaid or unclaimed dividends for the financial year 2012-2013 to the Investor Education and Protection Fund (the IEPF) established by the Central Government. The Company has uploaded the details of unpaid and unclaimed dividend amounts lying with the Company as on 31st March 2020 on the website of the Company (www.bannari.com) and also on the website of the Ministry of Corporate Affairs www.iepf.gov.in.
13. As required under section 124(6) read with IEPF Rules as amended, all the shares in respect of which dividend remains unpaid / unclaimed for seven consecutive years have been transferred to IEPF Authority.
14. The notice of AGM and Annual Report 2020-21 will be available on the Company's website at the link: <https://www.bannari.com/investorinformation.html>.

Covid-19 pandemic

Due to Covid-19 pandemic and lockdowns announced by the Central/State Governments, the operations of the manufacturing facilities had been suspended initially for few days and resumed operations from 16th April, 2020. Thereafter the manufacturing activities are being carried out in normal course with the adoption of enhanced safety, security and other required measures. There has been no material impact on the business of the company though the sale and movement of our finished products was affected for a short period of time due to lockdowns.

The company has taken various initiatives towards financial, medical and community support in the fight against Covid-19 pandemic. This includes support towards relief funds to State Government, providing sanitizers, supply of essential food items to the needy people around the factory areas.

Prospects for the Current year 2021 - 2022

In the current financial year, it is estimated to crush 40 lakh tonnes of sugarcane in aggregate. Performance of co-generation plant will be based on bagasse availability in the sugar mills. It is estimated to produce 33 million B.Litres of alcohol in the Distillery Units. The performance of Granite Division largely depends on the mining policy of the Central/ State Governments.

The increase in installed capacity from 60 Kilo Litre Per Day (KLPD) to 150 Kilo Litre Per Day (KLPD) at the distillery in the Suger Unit at Alaganchi Village, Nanjangud Taluk, Mysore District in Karnataka is under implementation.

Management Discussion & Analysis

INDUSTRY STRUCTURE AND DEVELOPMENT

WORLD SUGAR

Approximately 80% of the world's sugar is produced from sugar cane in tropical and subtropical climates. The remaining 20% comes from sugar beet, which is grown mostly in the temperate zones of the Northern Hemisphere. The top ten producing countries viz. India, Brazil, Thailand, China, the US, Mexico, Russia, Pakistan, France and Australia accounted for nearly 70% of global output. In the 2019–2020 crop year global sugar production was approximately 166.18 million metric tons and 182 million metric tons expected for 2020–2021.

INDIAN SUGAR

Sugarcane and sugar play significant role in the economy of India, trade and livelihood. Sugar is country's second largest agro-based industry, next to cotton. Sugarcane and sugar industry together impact the livelihood of over 50 million farmers and their dependents involved in cultivating sugarcane in an area of almost 5 million hectares. India is the largest consumer and the second-largest producer of sugar in the world. Average annual production of sugarcane is around 355 million tonnes which is used to produce more than 30 million tonnes of sugar.

During 2019-2020 sugar season India fell back to second place in sugar production narrowly losing the top spot to Brazil. India produced 27.41 million metric tons of sugar out of World sugar production of 166.18 million metric tons in 2019-20. During current 2020-2021 sugar season the country expects 30.90 million tons of sugar production. Sugar Season 2020-21 has been a good season for the Indian Sugar Industry mainly for two reasons – sugar exports and ethanol blending program. As per market reports, sugar mills have signed export contracts for 5.8 million tones as against the 6 million tones of total export fixed by the Government under MAEQ in the current sugar season. Around 4.5 million tones of physical exports have already taken place till now. It can be safely assumed that sugar mills will be able to fulfil the sugar export quota fixed by the Government.

The Government of India has set 10% blending target for mixing ethanol with petrol by 2022 and 20% blending target by 2030. With a view to achieve these blending targets, Government is encouraging sugar mills and molasses based standalone distilleries through various financial assistance to enhance their ethanol distillation capacity.

Turnover : Net Sales + Closing Stock - Opening Stock

The increase in inventory is mainly due to statutory controls imposed by the Government of India under Sugarcane (Control) Order, 1966 viz., release order mechanism, stock holding limits etc.,

Opportunities

Adequate sugarcane availability would ensure availability of bagasse and thereby generation of power at economical cost. Increase in ethanol off take will improve the revenue.

Threats

Sugarcane availability is critically dependent upon nature.

There is always a risk of bearish phase following excess supply. Sugar business is intrinsically cyclical. Market sentiments move disproportionate to demand-supply parity causing volatile change in product pricing.

Power price is subject to State Government's decision and fluctuating open market prices.

Risks & Mitigations

Industry Risk

Sugar industry being agro based and vulnerable to commodity cycles is fraught with several risks. It has to source sugarcane from its command area where growth and availability would depend on monsoon.

Risk Mitigation

The Company has built excellent relationship over the years with the local farming community. It is financially fit and well positioned to meet the challenges.

Details of Adequacy of Internal Financial Controls

The Company's internal control system is aimed at proper utilization and safeguarding of the Company's resources and promoting operational efficiency. The internal audit process reviews the in-system checks, covering significant operational areas regularly.

The Company's Audit Committee is responsible for reviewing the Report submitted by the Internal Auditors. Suggestions for improvements are considered and the Audit Committee follows up on the implementation of corrective actions. The Audit Committee also invites the Statutory and Internal Auditors for regular meetings to ascertain their views on the adequacy of internal control systems and keeps the Board of Directors informed of its observations from time to time.

Human Resources and Industrial Relations

The Company employs 1903 permanent employees and the company maintains excellent relationship with its employees during the year under review. No case was filed under Sexual Harassment of women at workplace (Prevention Prohibition and Redressal) Act 2013.

The company has created an excellent relationship with the farmers as well as other stakeholders including bankers.

CSR Activities

Most of the CSR Activities are carried out directly by the company. We are working tirelessly to enrich the lives of people in the rural community by providing them with a host of amenities that not just make their lives a whole lot easier but also ensures agricultural, educational and economic independence.

Outlook

India's sugarcane and sugar production is expected to be higher in sugar season 2021-2022. However, increased diversion to ethanol production will be a booster for the sugar industry. Sugar prices are expected to be at current level due to availability of stock in the country.

INDEPENDENT AUDITORS' REPORT

To

The Members of Bannari Amman Sugars Limited
Report on the Audit of the Financial Statements

Opinion

1. We have audited the accompanying financial statements of Bannari Amman Sugars Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2021 and the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and Statement of Cash Flows for the year then ended on that date and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

4. Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be the key audit matters to be communicated in our report.

Sl. No.	Description of Key Audit Matter	Description of Auditor's Response
4.1	<p>Determination of net realizable value of inventory of sugar as at the year ended March 31, 2021</p> <p>(Refer to the accompanying note no.7 forming integral part of the Financial Statements)</p> <p>As on March 31, 2021, the Company has inventory of sugar with the carrying value of Rs.87462.17 lakhs. The inventory of sugar is valued at the lower of Weighted Average cost and net realizable value.</p> <p>We considered the value of the inventory of sugar as a key audit matter given the relative size of the balance in the financial statements and significant judgement involved in the consideration of factors such as minimum sale price, monthly quota, fluctuation in selling prices and the related notifications of the Government in determination of net realizable value.</p>	<p>We understood and tested the design and operating effectiveness of controls as established by the management in determination of net realizable value of inventory of sugar.</p> <p>We considered various factors including the actual selling price prevailing around and subsequent to the year end, minimum selling price & monthly quota and other notifications of the Government of India, initiatives taken by the Government with respect to sugar industry as a whole.</p> <p>Based on the above procedures performed, the management's determination of cost and net realizable value of the inventory of sugar as at the year-end is considered to be reasonable.</p>

Information Other than the Financial Statements and Auditor's Report Thereon

- The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon.
- Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. Based on the work we have performed, on other information if we conclude that there is a material misstatement if any, of this other information, we are required to report that fact. We have nothing to report in this regard

Responsibilities of Management and Those Charged with Governance for the Financial Statements

- The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards specified under section 133 of the Act read with Companies (Indian Accounting Standard) Rules, 2015 as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for

ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

9. In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. Those Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
12. As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:
 - a) Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - b) Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
 - c) Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - d) Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - e) Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

16. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

17. As required by Section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standard) Rules, 2015 as amended
- e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
- g) With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:
In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements - Refer Note No.35 to the financial statements;
 - ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii) There has been no delay in transferring amounts required to be transferred to the Investor Education and Protection Fund by the Company.

Annexure - B to the Independent Auditors' Report

Referred to in paragraph 17(f) of the Independent Auditor's Report of even date to the members of Bannari Amman Sugars Limited on the financial statements for the year ended March 31, 2021.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

1. We have audited the internal financial controls over financial reporting of Bannari Amman Sugars Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:
- a) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
 - b) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorization of management and directors of the company; and
 - c) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Notes forming part of the Financial Statements for the year ended 31.03.2021

NOTE 1:

Statement of Significant Accounting Policies followed by the Company

COMPANY BACKGROUND

Bannari Amman Sugars Limited (the 'Company') is a Public Limited Company domiciled and incorporated in India under the Companies Act, 1956. The registered office of the Company is located at 1212 Trichy Road, Coimbatore 641 018. The Company has five sugar factories with a capacity of 23700 MT of sugarcane crushing per day, 129.80 MW of Power, 127.50 KLPD of Industrial alcohol, Bio-products and seven wind mills with a total capacity of 8.25 MW. The Company's shares are listed in BSE and NSE.

a) Basis of Preparation

i) Compliance with IND AS

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') notified under Section 133 of the Companies Act 2013 (the Act) read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and other relevant provisions of the Act.

The accounting policies are applied consistently to all the periods presented in the financial statements.

ii) Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except for certain financial assets and liabilities that are measured at fair value at the end of the each reporting period.

Historical cost is generally based on the fair value of consideration given in exchange of goods and services. Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. The fair value of

an asset or liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

Fair value for measurement and/or disclosure purposes in these financial statement is determined on such a basis except for leasing transactions that are within the scope of Ind AS 116 and measurements that have similarities to fair value but are not fair value, such as net realizable value in Ind AS 2 (Inventories) or value in use in Ind AS 36 (Impairment of Assets).

iii) Current and Non - Current Classification

All assets and liabilities have been classified as current or non current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act 2013.

Deferred Tax assets and liabilities are classified as Non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The company has identified Twelve months as its operating cycle.

iv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Schedule III, unless otherwise stated.

b) Use of Estimates and Judgements

The estimates and judgements used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other

assumptions and factors (including expectations of future events) that the company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after the date but provide additional evidence about conditions existing as at the reporting date.

c) Property, Plant and Equipment

Property, Plant and Equipment that qualifies for recognition as an asset is measured at cost net of tax / duty credit availed less accumulated depreciation and accumulated impairment losses, if any. The Cost includes deemed cost as on the date of transition. Freehold land is not depreciated.

Cost includes related taxes, duties, freight, insurance etc., attributable to acquisition and installation of assets and borrowing cost incurred up to the date of commencing operations, but excludes duties and taxes that are recoverable from taxing authorities.

Subsequent cost are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefit associated with the item will flow to the company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. Cost in the nature of repairs and maintenance are recognised in the Statement of Profit and Loss during the reporting period in which they are incurred.

Assets which are not ready for their intended use and other capital work in progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest. Advances given towards acquisition of Property, Plant and Equipments outstanding at each balance sheet date are disclosed

as Capital Advances under Other Non-Current Assets.

Depreciation

Straight line method has been adopted for providing depreciation on fixed assets other than Co-Generation Division and Wind Mill Division. For the assets of Co-Generation Division and Wind Mill Division, depreciation has been provided under written down value method. The assets are depreciated over the useful life as prescribed in Schedule II of the Companies Act, 2013. Depreciation on additions / deletions on Property, Plant and Equipments is computed on pro-rata basis from the date of purchase of such addition or upto the date of such deletion as the case may be. The residual values are not more than 5% of the original cost of the asset. The estimated useful lives, residual values and depreciation method are reviewed at the end of each reporting period, with the effect of changes in estimate accounted for on a prospective basis.

Derecognition

The carrying amount of an item of Property, Plant and Equipment shall be derecognised on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an item of property, plant and equipment shall be determined as the difference between the net disposal proceeds, if any, and the carrying amount of the item. The same is recognised in the statement of profit and loss.

d) Impairment of Non financial Assets

Non financial assets are tested for impairment at the end of each reporting period as to whether events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the assets' carrying amount exceeds its recoverable amount. The recoverable amount is higher of an assets' fair value less costs of disposal and value in use. For the

purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash generating units). Non financial assets that suffered an impairment in prior periods are reviewed for possible reversal of the impairment at the end of the each reporting period.

e) Derivative financial Instruments

Derivative financial instruments such as forward contracts, to hedge its foreign currency risks are initially recognised at fair value on the date, a derivative contract is entered into. The same is subsequently remeasured at their fair value with changes in fair value recognised in the statement of profit and loss in the period when they arise.

f) Financial Instruments

A Financial Instrument is any contract that give rise to a financial asset of one entity and Financial Liability or equity instrument of another entity. Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial Assets

Financial assets are initially measured at fair value. Transaction costs that are directly attributable to the acquisition of financial assets (other than financial assets at fair value through profit or loss) are added to or deducted from the fair value of the financial assets, on initial recognition

When the fair value of a financial asset at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognised as a gain or loss at initial recognition if the fair value is determined through a quoted market price in an active market for an identical (i.e. level 1 input) or through a valuation technique that uses data from observable markets (i.e. level 2 input)

In case the fair value is not determined using a level 1 or 2 input as mentioned above, the difference between the fair value and the transaction price is deferred appropriately and recognised as a gain or loss only to the extent that such gain or loss arises due to a change in factor that market participants take into account when pricing the financial asset.

Investment in Equity instruments at Fair Value Through Other Comprehensive Income (FVTOCI)

Initial Recognition

The Company, through an irrevocable election (on an instrument by instrument basis), has measured investments in equity instruments at FVTOCI. These equity instruments are neither held for trading nor are contingent consideration recognised under a business combination. These elected investments are initially measured at fair value plus transaction costs

Subsequent measurement

Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income.

Dividend

Dividend on investments in equity instruments are recognised in profit or loss unless the dividend does not represent a recovery of part of cost of the investment. Dividend is recognised only when the company's right to receive the dividend is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be measured reliably. The Company has recognised dividend in Statement of profit and loss under 'Other Income'.

Derecognition

A financial asset is derecognised when the contractual rights to the cash flows from the financial asset expires or the Company transfers the financial asset and substantially all the risks and rewards of ownership of the asset.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership of the financial asset, but retains control of the financial asset, the Company continues to recognise the transferred asset to the extent of its continuing involvement. The extent of the Company's continuing involvement in the financial asset is the extent to which it is exposed to changes in the value of the transferred asset. In such cases, the Company also recognises an associated liability. The financial asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

On derecognition of such financial assets, the cumulative gain / loss previously recognised in Other Comprehensive Income is not reclassified from the equity to the Statement of Profit and Loss.

However, the company may transfer such cumulative gain / loss into the retained earnings within equity.

Impairment of Financial Asset

The Company applies expected credit loss model for recognising impairment loss on financial assets measured at fair value through other comprehensive income (FVTOCI), trade receivables, lease receivables and other financial assets measured at amortised cost.

The Company follows a simplified approach wherein an amount equal to lifetime expected credit losses is measured and recognised as loss allowance in the case of trade receivables and lease receivables.

In case of financial assets measured at fair value through other comprehensive income or at amortised cost, the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk has not increased significantly, an amount equal to 12-month expected credit losses is measured as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime expected

credit losses is measured and recognised as loss allowance.

Financial Liabilities

Initial Recognition

Financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the issue of financial liabilities (other than financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial liabilities, on initial recognition.

When the fair value of a financial liabilities at initial recognition is different from its transaction price, the difference between the fair value and the transaction price is recognised as a gain or loss at initial recognition if the fair value is determined through a quoted market price in an active market for an identical (i.e. level 1 input) or through a valuation technique that uses data from observable markets (i.e. level 2 input).

In case the fair value is not determined using a level 1 or 2 input as mentioned above, the difference between the fair value and the transaction price is deferred appropriately and recognised as a gain or loss only to the extent that such gain or loss arises due to a change in factor that market participants take into account when pricing the financial liabilities.

Subsequent measurement

Financial Liabilities are subsequently carried at amortised cost using the effective interest method, which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value to the short maturity of these instruments.

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged or cancelled or expires. When an existing financial

liability is replaced by another from the same lender on substantially different terms, or the terms of an existing financial liability is substantially modified, such an exchange or modification is treated as the extinguishment of the original liability and the

recognition of a new financial liability. The difference between the carrying amount of a financial liability extinguished and the consideration paid is recognised in the Statement of Profit and Loss.

g) Valuation of Inventories :

i) Finished Goods

Sugar
Granite Blocks
Polished Granite Products
Molasses
Bagasse
Industrial Alcohol
Fusel Oil
Bio-Products

At weighted average cost or Net
Realisable value whichever is lower

Sawn Granite slabs and process stock

-

At cost or net realisable value whichever is lower

Raw material, consumables, stores &
spares and others

At weighted average cost or Net
Realisable value whichever is lower

ii) The cost of the finished goods and process stock comprises all cost of purchase, cost of conversion, duties and taxes (other than those subsequently recovered from tax authorities) and other costs incurred in bringing the inventories to their present location and condition.

iii) Due allowance is estimated and made for defective and obsolete items wherever necessary.

h) Fair value measurement

The Company measures financial instruments, such as, investments at fair value at each balance sheet date. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy that categorises into three levels, described as follows, the inputs to valuation techniques used to measure value.

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: inputs that are unobservable for the asset or liability.

For Assets and liabilities that are recognised in the financial statement on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by reassessing the categorisation (based on the lowest

level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

i) Revenue Recognition

Revenue from contracts with customers is recognised on transfer of control of promised goods or service to a customer at an amount that reflects the consideration to which the company is expected to be entitled to in exchange for those goods or services. The company recognises the revenue at the amount of transaction price on the satisfaction of performance obligation. The Transaction Price is the amount of consideration to which the company expects to be entitled in exchange for transferring the promised goods or services to a customer excluding the amount collected on behalf of third parties. The consideration promised in a contract with the customer may include fixed amounts, variable amount or both.

Revenue is recognised only to the extent that is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Sale of Goods :

Revenue is recognised when the performance obligations are satisfied and the control of the product is transferred, being when the goods are delivered as per the relevant terms of the contract at which point in time the Company has a right to payment for the asset, customer has legal title of the asset, customer bears significant risk and rewards of ownership and the customer has accepted the asset or the Company has objective evidence that all criteria for acceptance have been satisfied. Payment for the sale is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component.

Revenue is measured based on the transaction price, which is the consideration, net of customer incentives, discounts, variable considerations, payments made

to customers, other similar charges, as specified in the contract with the customer. Additionally, revenue excludes taxes collected from customers, which are subsequently remitted to Government authorities.

Export incentives under various schemes are accounted in the year of export at the estimated realisable value.

Sale of Services

The Company recognises its revenue from sale of services based on the recognition criteria that the outcome of a transaction involving the rendering of services can be estimated reliably.

Stage of completion of transactions is measured by determining the services performed till balance sheet date as a percentage of total services to be performed as per the contract. The credit period is generally short term, thus there is no significant financing component.

Dividend and Interest Income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably).

Interest income from financial asset is recognised when it is probable that the economic benefits will flow to the entity and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets' net carrying amount on initial recognition.

Rental Income

Rental Income arising from operating leases are accounted over the lease terms and is recognised in the statement of profit and loss.

i) Foreign Currency Transactions

The financial statements are presented in Indian Rupee which is company's functional and presentation currency. Foreign currency transactions are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transaction settled during the year are recognised in the statement of profit and loss. Foreign currency monetary items as at the balance sheet date are translated using the closing rate. The gain or loss arising out of these translations are recognized in the statement of profit and loss.

k) Provisions and Contingencies

Provision is recognised only when there is a present obligation as a result of past event and it is probable that there will be an outflow of resources embodying economic benefits to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Contingent liabilities are disclosed when there is a possible obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of obligation cannot be measured reliably. When the possible obligation in respect of which the outflow of resources embodying economic benefits is remote, it is not been disclosed as Contingent Liability.

l) Income Tax

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current Tax

Current tax is the amount of income tax payable in respect of taxable profit for the year. The taxable profit differs from profit before tax as reported in Statement of Profit and Loss because of items of income or expenses that are taxable or deductible in other years and items that are never taxable or deductible under the Income Tax Act, 1961. The Company's current tax is calculated using tax rates

that have been enacted or substantively enacted by the end of the reporting period for the amount expected to be paid to / recovered from the taxation authorities.

Minimum Alternate Tax (MAT) credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the sufficient taxable profit will be available against which the MAT credit can be utilised.

Deferred Tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statement and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised on all temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. Deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of an asset or liability in a transaction (other than a business combination) affects neither accounting profit nor taxable profit (tax loss).

Deferred tax assets are recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised based on the review at the end of each reporting period by the company considering the likely timing and the level of future taxable profits together with future tax planning strategies.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Company expects, at the end of reporting period, to recover or settle the carrying amount of its assets and liabilities.

As per the company's assessment on uncertainty over tax treatment on recognising Income tax with respect to Appendix C amendment, there are no material uncertainties over tax treatments.

Presentation of Current and Deferred Tax

Current and deferred tax is recognised in the statement of profit and loss except to the extent it relates to items recognised in other comprehensive income or directly in equity. In such cases, the tax is also recognised in other comprehensive income or directly in equity respectively.

The company offsets current tax assets and current tax liabilities, where it is legally enforceable right to set off the recognised amount and where it intends either to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

In case of deferred tax assets and deferred tax liabilities, the company offsets only when they relate to income taxes levied by the same taxation authorities and it has legally enforceable right to set off current tax assets against current tax liabilities.

m) Government grants

Government grants are recognized only when there is reasonable assurance that the Company will comply with the conditions attached to the grants and the grants will be received. Government grant in the nature of revenue has been recognized on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs which they are intended to compensate. The company had accounted for Export benefits in the year of exports based on eligibility and when there is no uncertainty in receiving the same. Government Grant is recognised either as Other Operating Revenue or Other Income or adjusted

against the expenses depending upon the nature of the grant.

n) Employee Benefits

Short Term Employee Benefits

All employee benefits payable within twelve months of rendering service are classified as short term employee benefits and are recognised in the period in which the employee renders the related service. The Company recognises the undiscounted amount of short term employee benefits expected to be paid as a liability after deducting the amount already paid.

Post-employment Benefits

The Company operates the following post-employment schemes:

- a) defined contribution plans such as provident fund; and
- b) defined benefit plans such as gratuity

Defined Contribution Plans

Defined Contribution Plans are Provident Fund, Employee State Insurance scheme and Government administered Pension Fund scheme for all applicable employees.

The company recognises contribution payable to a defined contribution plan as expenses in the statement of profit and loss when the employee renders services to the company during the reporting period. If the contribution payable for services received from employee before the reporting date exceeds the contribution already paid, the deficit payable is recognised as a liability after deducting the contribution already paid.

Defined Benefit Plans

Gratuity obligations

The Company operates a defined benefit plan for employees. The Company contributes to a separate entity (a fund), towards meeting the gratuity obligation. The liability or asset recognised in the balance sheet in respect of defined benefit gratuity

plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by Independent actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows at a predetermined rate of interest based on the market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income.

Other long-term employee benefit obligations

The liabilities for earned leave which is not expected to be settled wholly within 12 months are measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted at a predetermined rate of interest based on yields on Government Bonds that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in the Statement of Profit and Loss.

o) Operating Segments

Operating segments are identified in accordance with the criteria set out in paragraphs 5 to 10 of Ind AS 108 viz. a component of an entity that engages in business activities from which the company earns revenues and incur expenses and the operating results are regularly reviewed by the entity's Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segment and assess the performance for which discrete financial information is available.

The operating segments are reported after taken into consideration of aggregation criteria and quantitative threshold as mentioned in Para 12 and 13 of Ind AS 108.

Operating segments are reported in a manner consistent with the internal reporting provided to the CODM of the company. The CODM is responsible for allocating the resources and assessing the performance of the operating segments of the company.

p) Leases

The Company's significant leasing arrangements are operating leases and cancelable in nature.

Company as Lessor

The lease rental income under agreements are recognised in the statement of profit and loss as per the terms of the lease. The rental income from operating lease is generally recognised on a straight line basis over the term of relevant lease. When the rentals are structured solely to increase in line with expected general inflation to compensate for the Company's expected inflationary cost increases, such increases are recognised in the year in which such benefits accrue. Contingent rental income arising under operating leases are recognised as income in the period in which they accrue.

Company as Lessee

The Company's lease asset classes primarily consists of leases for land and building. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified assets, the Company assesses whether: (i) the right to obtain substantially all of the economic benefits from use of the identified asset through the period of the lease and (ii) the right to direct the use of the asset.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The Right-of-Use-Assets is subsequently measured at cost less any accumulated depreciation thereon. The right-of-use asset is depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rate. Lease liabilities are remeasured with a corresponding adjustment to the related Right-of-Use asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and Right-of-Use assets have been presented in the Balance Sheet and lease payments have been classified as cash flows from financing activities. The Interest expense and depreciation relating to Right-of-Use Assets have also been disclosed in the statement of profit and loss.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases, leases of low-value assets and variable lease payments. The Company recognises such lease

payments relating to these leases as an expense on a straight-line basis over the lease term.

q) Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit or loss is adjusted for the effects of transactions of non cash nature, any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the company are segregated based on the available information.

For the purpose of presentation of cash flow statement, cash and cash equivalents includes cash on hand, cheques on hand, bank balances, demand deposit with banks where the original maturity is three months or less and other short term highly liquid investments.

r) Borrowings

Borrowings are initially recognised at net of transaction costs incurred and are subsequently measured at amortised cost.

s) Borrowing Costs

Borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale are added to the cost of those assets. Borrowing costs capitalisation be commenced by the company when (i) incurs expenditure for the asset (ii) incurs borrowing cost (iii) incurs activities that are necessary to prepare the asset for its intended use or sale. All other borrowing costs are recognised as an expense in the statement of profit and loss in the period in which they are incurred.

t) Earnings Per Share

Earnings Per Share (EPS) is calculated by dividing the profit after tax and before OCI attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. The

weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares, that have changed the number of equity shares outstanding, without a corresponding change in resources.

u) Events occurring after balance sheet date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

v) Recent accounting pronouncements

The Ministry of Corporate Affairs ("MCA") vide notification dated 24th March 2021 has amended Schedule III of the Companies Act, 2013 and the amendments are applicable with effect from April 1, 2021.

The significant amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules 2015 are:

Balance Sheet:

- i) Specified format for disclosure of shareholding of promoters.
- (ii) Certain additional disclosures in the statement of changes in equity such as changes in equity

share capital due to prior period errors and restated balances at the beginning of the current reporting period.

- (iii) Specified format for ageing schedule for trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- (iv) Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- (v) If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- (vi) Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of Profit and Loss:

Additional disclosures relating to Corporate Social Responsibility (CSR).

The company will comply with the amendments from the applicable date.

F SENSITIVITY ANALYSIS

The significant actuarial assumptions for the determination of the defined benefit obligations are discount rate and expected salary increase. The sensitivity analysis below have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. The defined benefit obligation increases / (decrease) as follows:

(₹ in Lakhs)

PARTICULARS	31.03.2021	31.03.2020
Discount Rate		
+100 basis points	(308.43)	(288.92)
-100 basis points	360.49	338.38
Salary Growth		
+100 basis points	346.49	324.73
-100 basis points	(303.29)	(283.48)

"The sensitivity analysis presented above may not be representative of the actual change in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the defined benefit obligations has been calculated using the Projected Unit Credit Method at the end of the reporting period, which is the same as that applied in calculating the defined benefit obligation liability recognised in the balance sheet.

The expected contribution to the plan for the next Annual reporting period is Rs.199.42 Lakhs (Rs.220.62 lakhs).

LONG TERM COMPENSATED ABSENCES

The assumption used for computing the long term accumulated compensated absences on actuarial basis are as follows:

Assumption	31.03.2021	31.03.2020
Discount Rate (%)	7.09	6.86
Salary Escalation rate (%)	6.50	6.50
Expected Return on Plan Asset (%)	7.09	6.86
Attrition Rate (%)	3.00	3.00

b) Fair Value Hierarchy

Fair Value Measurement Hierarchy of Financial Instruments :

The Company uses the following fair value Hierarchy for determining and disclosing the fair value of the financial instruments

Level 1 : quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 : inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly

Level 3 : inputs that are unobservable for the asset or liability.

(₹ in Lakhs)

PARTICULARS	Note No.	Level 1	Level 2	Level 3	Total fair Value
Financial Assets at FVTOCI - 31.03.2021	5	92.78	--	--	92.78
Financial Assets at FVTOCI - 31.03.2020	5	63.27	--	--	63.27

Fair Value Measured at amortised Cost:

The carrying amount of financial assets and liabilities measured at amortised cost in the financial statements are a reasonable approximation of their fair values since the company does not anticipate that the carrying amount would be significantly different from the values that would eventually be received or settled.

48. Financial Risk Management - Objectives & Policies

The Company's principal financial liabilities includes borrowings, trade payable and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include investments, trade receivables, cash and cash equivalents, Bank Balance other than cash and cash equivalent, loans and other financial assets that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management under the supervision of Risk management committee / Board of Directors oversees the management of these risks and the appropriate financial risk governance framework for the Company. The senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market price. Market risk comprises three types of risk: interest rate risk, currency risk and other risks, such as regulatory risk and commodity price risk. Financial Instruments affected by market risk includes investment, borrowings, trade receivable, trade payable and loans.

i) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rate. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's borrowings obligations with floating interest rate. Interest rate risk is managed by maintaining a combination of fixed and floating rate debt and cash management policies. There is no material interest risk to the company's financial liabilities.

ii) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rate. The Company's exposure to the risk of changes in foreign exchange rate relates primarily to the Company's foreign currency denominated financial assets and financial liabilities.

The carrying amounts of the Company's foreign currency denominated monetary assets and liabilities at the end of the reporting period is as under

(₹ in Lakhs)

Foreign Currency	Liabilities		Assets	
	31.03.2021	31.03.2020	31.03.2021	31.03.2020
US \$	59.89	37.41	--	26.65
Euro	20.51	22.29	296.98	221.65
TOTAL	80.40	59.70	296.98	248.31

The above table represents total exposure of the Company towards foreign exchange denominated liabilities (net). The details of unhedged exposures are given as part of Note No.42

The company determines the sensitivity of 10% increase or decrease in the foreign currency rate. The impact on the profit after tax and total equity at the reporting date, assuming other factors constant except the exchange difference will be Rs. 21.66 Lakhs (Rs. 18.86 Lakhs).

iii) Other price risk

Other price risk is the risk that the fair value of a financial instrument will fluctuate due to changes in market traded price. The Company is exposed to price risk arising mainly from investments in equity instruments recognised at FVTOCI. As at 31st March, 2021, the carrying value of such equity instruments recognised at FVTOCI amounts to Rs. 92.78 Lakhs (Rs.63.27 Lakh). The details of such investments in equity instruments are given in Note No 5.

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument leading to a financial loss. Credit risk arising from trade receivables is managed in accordance with the Company's established policy, procedures and control relating to customer credit risk management. The Company had managed the credit risk with respect to trade receivables by selling majority of sugar sales covering minimal portion on credit basis.

The Company's exposure and credit ratings of its counterparties are continuously monitored and the aggregate value of transactions is reasonably spread amongst the counterparties. The company manages the risk by credit approval. Credit quality of a customer is assessed based on a detailed study of credit worthiness and accordingly individual credit limits are defined/modified.

The impairment for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each balance sheet date. The Company has recognised Rs.212.28 lakhs towards provision for expected credit loss on the trade receivable for the year ended 31-03-2021.

Financial assets are written off when there is no reasonable expectation of recovery. However, the Company continues to attempt to recover the receivables and are recognised in the Statement of Profit and Loss when recovered.

c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result for an inability to sell a financial asset quickly close to its fair value.

The Company has an established liquidity risk management framework for managing its short term, medium term and long term funding. The Company also has adequate credit facilities agreed with banks to ensure that there is sufficient cash to meet all its normal operating commitments in a timely and cost-effective manner.
