MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMY

The global economy resumed its path of recovery even with the resurgence of new variants of the COVID-19 pandemic. After initial nationwide lockdowns deployed during the First wave, fewer nations resorted to zero-tolerance policies to control the virus. On the contrary, governments encouraged COVID-19 appropriate behaviour, improvements in healthcare infrastructure, increased coverage of testing and wide vaccination drives while resorting to localised containment measures to control subsequent waves. Following a contraction of 3.1% in the calendar year 2020, global growth is estimated at 6.1% in 2021. Growth estimates for 2021 of advanced economies is 5.2% while that of emerging markets and developing economies are pegged at 6.8%. (Source: International Monetary Fund (IMF) - World Economic Outlook - October 2021 and April 2022).

The World Bank Report was released before the outbreak of the war in Ukraine, the recent IMF Outlook pared global growth in 2022 from its earlier projection of 4.4% in January 2022 to 3.6% in its report of April 2022. The recent war between Russia and Ukraine has caused major disruption in trade especially exports of crude oil, natural gas, edible oil, wheat, corn, metals, fertilisers, etc. from the Black Sea region further contributing to increase in global energy costs and commodity prices. Global crude oil prices crossed US\$ 130 per barrel, its highest level since 2008, and despite some correction, remains at elevated levels. Closer home, Sri Lanka's economy, impacted by reduced foreign currency inflows due to the pandemic, further worsened by increased crude oil prices resulting in a depletion of its foreign currency reserves. This has impacted imports leading to supply shortages of fuel, electricity, food, ink, paper, etc. causing political unrest in the country. Challenges faced by tourism-based economies are expected to recede with recommencement of international flights. However, Europe's escalated geopolitical situation, lingering war and imposition of sanctions, elevated oil and commodity prices, prolonged supply chain disruptions and volatility in financial markets worldwide as well as political crises in the Indian subcontinent could impact trade within countries and impair economic growth across USA, Europe and Asia Pacific regions in the near term.

INDIAN HOSPITALITY AND TOURISM INDUSTRY

FY 2021-22 has been a year of strong recovery in the Indian travel and tourism industry. While travel restrictions continued for most part of the year subduing international travel, demand was largely from pent-up domestic leisure travel, extended stays, social events and a partial resumption of business travel in the country. Total air passenger traffic within India for 2021 was 182 million, higher than 2020 by 27% but lower than 2019 by 48%. Of this, 164 million or 90% constituted domestic air passenger traffic. (HVS Anarock - India Hospitality Industry Overview 2021 and Airports Authority of India data). In contrast, foreign tourist arrivals were 1.41 million for the calendar year 2021 in comparison with 2.74 million in 2020 and 10.93 million in 2019 (Government of India, Ministry of Tourism Annual Report – 2021-22).

The 13 Indian destinations tracked by STR, a global hospitality data analytics firm, registered an occupancy of 50.0% in the fourth quarter of FY 2021-22 as against 46.1% in FY 2020-21 with a 39% improvement in RevPAR. As shown in the chart below, occupancies of Goa, Kolkata, Ahmedabad and Chandigarh have nearly recovered to their pre-pandemic levels of 2019-20. Goa registered the highest occupancy at 63.3% while Mumbai registered the second highest occupancy at 62.6%.

OUTLOOK

Your Management is positive about the possibilities of growing the 'HOWARD' brand in the coming years. HOWARD continues to benefit from an extremely loyal customer base that has supported us through the years. After the COVID induced lockdown, your company witnessed an overwhelming support from these customers as we reopened we are grateful to all of our patrons who supported us during difficult past year.

INTERNAL CONTROL SYSTEM AND ITS ADEQUACY

The Company has adequate internal control system which is commensurate with the nature of its business and the size and complexity of its operations. This internal control system, its adequacy and its effectiveness is periodically reviewed by the Audit Committee. These systems have been designed to ensure optimal utilization of resources, accurate and timely reporting of financial transactions, complying with applicable statute and safeguarding the assets from unauthorized use. The Audit Committee also, monitors the implementation of audit recommendations including those relating to strengthening of the Company's risk management policies and systems.

HOWARD HOTELS LIMITED

HUMAN RESOURCES

Your Company's employees are its most valuable asset, who enable the Company to deliver a level of service that is amongst the highest in the hospitality industry. A combination of a robust talent management strategy and a transparent performance management system, leading to an attractive long term compensation philosophy, is employed to attract and retain the best available talent.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

The past two years of co-existing with the pandemic required the Company to improvise its strategy and innovatively retain its focus with agility to survive, revive and thrive, thus making itself resilient to the challenging economic and social environment while protecting the health of its customers and employees. The Company effectively aspires Revenue growth, Excellence, Spend optimization, Effective asset management and Thrift and financial prudence. RESET focused on multipronged tactical initiatives to maximize opportunities of revenue and in the process, lay the foundations for future revenue streams. It also maintained an astute attention on optimising expenditure by renegotiating operating supplies, reorganising people, reducing fixed operating costs and discretionary spends on repairs, selling, distribution, marketing and administration costs at hotels and the corporate office. Hotels continued its focus on service excellence by strengthening standards of safety and hygiene and introducing digitally enabled contactless processes. The company prioritised its renovation plans and maintained sufficient liquidity to meet its obligations.

INDEPENDENT AUDITOR REPORT

To the Members of Howard Hotels Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of Howard Hotels Limited (the 'Company'), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act, of the state of affairs (financial position) of the Company as at 31 March 2022, and its Loss (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statement in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Emphasis of Matter

We draw your attention to Note 39 to financial statement which explains uncertainty and the management's assessment of the financial impact on the financial statement of the Company due to lockdown and other restriction imposed by the Government of India and other conditions related to the COVID-19 pandemic situation which might impact the operation of the Company, for which a definitive assessment in the subsequent period is highly dependent upon circumstances as they evolve.

We draw attention to Note No. 49 of the Financial Statements which state that the amount shown in trade receivables and trade payables along with corresponding advances are subject to confirmation from them.

We draw your attention to Note No. 52 that as per section 203 of the Companies Act 2013 Company should have a Company Secretary in whole time employment. However, Ms. Sonal Agarwal has resigned w.e.f. 13 Nov, 2021 and since then company is in process to appoint company secretary.

Our opinion is not modified in respect of abovementioned matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no Key Audit matters to communicate in our report.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon. The annual report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application

of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- ii. Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- 1) As required by Section 197(16) of the Act, we report that the Company has paid remuneration to its director during the year in accordance with the provisions of and limits laid down under Section 197 read with Schedule V to the Act.
- 2) As required by the Companies (Auditor's Report) Order, 2020 (the 'Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the **Annexure A**, a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 3) Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in **"Annexure B"**. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the company's internal financial controls over financial reporting.
- g) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company does not have any pending litigations which would impact its financial position;
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended 31 March 2022;
- iv.
 - (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- V. During the year the Company has not declared or paid dividend under section 123 of the Companies Act, 2013.

“Annexure A” to the Independent Auditor’s Report

(Referred to in paragraph 2 under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Howard Hotels Limited of even date)

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- i. (a) In respect of the Company’s Property, Plant and Equipment and Intangible Assets: (A) The Company has maintained proper records showing full particulars including quantitative details and situation of Property, Plant and Equipment. (B) The company is maintaining proper records showing full particulars of intangible assets;
- (b) The Company has a regular programme of physical verification of its fixed assets by which fixed assets are verified in a phased manner over a period of three year. In accordance with this programme, certain fixed assets were verified during the year and no material discrepancies were noticed on such verification. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the company and the nature of its assets.
- (c) According to the Information and explanation given to us and on the basis of examination of books of account and other documents, the title deeds of immovable properties owned by the Company are held in the name of the Company.
- (d) The company has not revalued its Property, Plant and Equipment or intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- ii. (a) According to the information & explanation given to us, physical verification of inventory has been conducted at reasonable intervals by the management. In our opinion, the frequency of such verification is reasonable and the coverage and procedure of such verification by the management is appropriate. The discrepancies noticed on verification between the physical stocks and the book records were not material and have been properly dealt with in the book of accounts.
- (b) According to the information and explanations given to us and from our examination of books of account and other documents the company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets; during the year.
- iii. According to the information and explanation given to us, the Company has not made any investment or provided any guarantee or security or granted any loans or advance in nature of loans, secured or unsecured to companies, firms or other parties covered in the register maintained under section 189 Companies Act 2013 during the year. Accordingly, Clauses (a) to (f) of sub Para iii of paragraph 3 of the order are not applicable.
- iv. According to the information & explanation given to us, the Company has neither given any loans or guarantees nor made any investment and securities as per provisions of section 185 and 186 of the Companies Act, 2013. Accordingly, this Clause Para iii of paragraph 3 of the order are not applicable.
- v. According to the information and explanations given to us, the Company has not accepted any deposits from the public as mentioned in the directives issued by Reserve Bank of India and provisions of sections 73 to 76 of the Companies Act, 2013 or any other relevant provisions of the Act and the rules framed there under.
- vi. To the best of our knowledge and explanation given to us, the Central Government has not prescribed maintenance of cost records under clause of sub section (1) of section 148 of the Companies Act, 2013 for the services rendered by the company. Hence, the provisions of paragraph 3(vi) of the Order is not applicable.
- vii. (a) According to the information and explanations given to us and according to the books and records produced before us, the company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, investor education and protection fund, employees’ state insurance, income tax, goods and services tax, sales tax, custom duty, service tax, excise duty, cess and other material statutory dues applicable to it. According to the information and explanations given to us, no undisputed amounts payable in respect of income tax, goods and services tax, service tax, sales tax, custom duty, excise duty and cess were in arrears, as at 31-Mar-2022 for a period of more than six months from the date they became payable.
- (b) According to the information and explanations given to us, there are no dues referred to in sub clause (a) which have not been deposited on account of any dispute.
- viii. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- ix. (a) According to the information and explanations given to us, and our examination of the records of the Company, the Company has not defaulted in repayment of loans or borrowings to any banks and financial institutions. The Company did not have any dues to debenture holders during the year.
- (b) According to the information and explanations given to us and on the basis of our audit procedures, we report that the company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) According to the information and explanations given to us and our examination of the records of the Company that the Company has not taken any term loans during the year. Accordingly para ix(c) of the order is not applicable.

- (d) According to the information and explanations given to us and our examination of the records of the Company, the funds raised on short term basis have not been utilized for long term purposes.
- (e) According to the information and explanations given to us and our examination of the records of the Company, the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) According to the information and explanations given to us and our examination of the records of the Company, the company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
- x. (a) According to the information and explanations given to us, the Company did not raise any money by way of initial public offer or further public offer (including debt instruments). Accordingly, paragraph 3(x)(a) of the Order is not applicable to the Company.
- (b) According to the information and explanations given to us and our examination of the records of the Company, the company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, paragraph 3(x)(b) of the Order is not applicable.
- xi. (a) According to the information and explanations given to us, no fraud by the Company or on the Company by its officers or employees has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) According to the information and explanations given to us and our examination of the records of the Company, the Company has not received any whistle-blower complaints, during the year.
- xii. The Company is not a Nidhi Company and hence reporting under clause 3 (xii) of the Order is not applicable to the Company.
- xiii. According to the information and explanations given to us, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements as required by the applicable Indian Accounting Standards.
- xiv. (a) In our opinion and based on our examination, the company has an internal audit system which commensurate with the size and nature of its business.
- xv. In our opinion, during the year, the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors. and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.

- xviii. There has been no resignation of the statutory auditors during the year and accordingly this clause is not applicable.
- xix. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, except current liabilities are more than current assets which causes us to believe that any material uncertainty exists as on the date of the audit report that company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. However, as per the current projections of the management, demand in the market and other various factors, Company are expecting to generate profit in the coming year, hence, company will be capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- xx. According to the information and explanations given to us and our examination of the records of the Company, the provision in section 135 of the Act is not applicable. Accordingly, paragraph 3(xx) of the Order is not applicable.

“Annexure B” to the Independent Auditor’s Report

(Referred to in paragraph 3 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Member of Howard Hotels Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under clause (i) of Sub-section 3 of section 143 of Companies Act, 2013

We have audited the internal financial controls over financial reporting of Howard Hotels Limited (“the Company”) as of 31 March, 2022 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March, 2022, based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

31 Employee benefit obligations

(A) Defined benefit plan

Gratuity: Provision for gratuity is determined by actuaries using the projected unit credit method.

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

(i) Changes in the present value of the defined benefit obligation are as follows:

(All amounts in Indian Rupees Lakhs unless otherwise stated)

Particulars	31 March, 2022	31 March, 2021
Defined benefit obligation at the beginning of the year	57.03	64.64
Interest expense	3.42	3.88
Current Service cost	3.40	4.15
Past Service cost	-	-
Benefits paid	-	(9.93)
Actuarial (gain)/ loss on obligations	(7.73)	(5.71)
Defined benefit obligation at the end of the year	56.12	57.03

(ii) The amount to be recognized in the Balance Sheet:

(All amounts in Indian Rupees Lakhs unless otherwise stated)

Particulars	31 March, 2022	31 March, 2021
Present value of obligation	56.12	57.03
Fair value of plan assets	-	-
Net assets / (liability) recognized in balance sheet as provision	(56.12)	(57.03)

(iii) Net employee benefit expense recognised in the statement of profit and loss:

(All amounts in Indian Rupees Lakhs unless otherwise stated)

Particulars	31 March, 2022	31 March, 2021
Interest cost on benefit obligation	3.42	3.88
Current service cost	3.40	4.15
Past service cost	-	-
Net benefit expense	6.82	8.02

(iv) Net employee benefit expense recognised in the other comprehensive income (OCI):

(All amounts in Indian Rupees Lakhs unless otherwise stated)

Particulars	31 March, 2022	31 March, 2021
Actuarial (gain)/Loss on Obligation	(7.73)	(5.71)
Total Actuarial (gain)/Loss	(7.73)	(5.71)

(v) The principal assumptions used in determining gratuity obligations for the Company's plans are shown below:

(All amounts in Indian Rupees Lakhs unless otherwise stated)

Particulars	31 March, 2022	31 March, 2021
Average Past Service (Years)	1.70	4.30
Average remaining working life (Years)	25.30	21.00
Average Age (Years)	32.70	37.00
Weighted average duration (Years)	4.00	5.00
Discounting rate	6.00 % PA	6.00 % PA
Future salary Increase	5.00 % PA	5.00 % PA

(vi) Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. Please note that the sensitivity analysis presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below:

38 Financial risk management objectives and policies

The Company principal financial liabilities comprise loans and trade payables. The main purpose of these financial liabilities is to raise finance for the Company's operations. The Company has various financial assets such as trade receivables, bank balances and short-term deposits, which arise directly from its operations. The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is responsible to ensure that Company financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

(a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, foreign currency risk and other price risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

(i) Interest rate risk

Interest rate risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interests rate primarily relates to the Company's long-term debt obligations with floating interest rates. The Company's policy is to manage its interest cost using a mix of fixed & floating rate borrowings.

The Company doesn't have any exposure to floating rate borrowings, accordingly, as at 31st March, 2022, the Company does not have any interest rate risk.

(ii) Foreign currency risk

Foreign currency risk is the risk that the fair value of future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

The predominant currency of the Company's revenue and operating cash flows is Indian Rupees (INR).

The Company operates in India only and is exposed to foreign exchange risk arising from foreign currency received from foreign customers. The exposure of the Company to foreign currency risk is not significant.

(iii) Price risk

There are no investments held by the company in any securities and classified in the balance sheet as at fair value through profit or loss or Other comprehensive income. Company does not have a practice of investing in any securities with a view to earn fair value changes gain. Accordingly, the Company is not exposed to market price risk.

(b) Credit risk

Credit risk is the risk that a counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk for trade receivables, cash and cash equivalents, investments, other bank balances, loans and other financial assets.

Trade receivables consist of large number of customers. In order to mitigate the risk of financial loss from defaulters, the Company has an ongoing credit evaluation process in respect of customers who are allowed credit period. In respect of walk-in customers the Company does not allow any credit period and therefore, the Company is not exposed to any credit risk.

(c) Liquidity risk

Liquidity risk is the risk that the Company may encounter difficulty in meeting its present and future obligations associated with financial liabilities that are required to be settled by delivering cash or another financial asset.

The Company monitors its risk of shortage of funds using cash flow forecasting models. These models consider the maturity of their financial investments, committed funding and projected cash flows from operations. The Company's objective is to provide financial resources to meet its business objectives in a timely, cost effective and reliable manner. A balance between continuity of funding and flexibility is maintained through the use of bank borrowings. The Company also monitors compliance with its debt covenants.

The tables below summarise the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

39 Material impact of COVID-19 pandemic

(a) Impact of the COVID-19 pandemic on the business

The Government of India declared this pandemic a health emergency and ordered temporary closure of all non-essential businesses, imposed restrictions on travel, etc. The Indian hotels' sector has been hit hard, grappling with significantly low demand, with very few future bookings. Therefore, the company being in the hospitality industry, COVID-19 had a significant and huge impact on the Company. In the backdrop of national lock-down declared by the Government of India, the Company's operations are adversely affected.

(b) Estimation of the future impact of COVID-19

Operations : The pandemic and resultant economic restrictions have a severe impact on the company's operations in the current year.

Capital and financial resource : The COVID-19 pandemic has adversely affected the cash flows of the company.

Profitability : Due to the COVID-19 pandemic, profitability of the company severely affected in FY 2020-2021 and also in FY 2021-22 as compared to corresponding period. However, profitability impact in Financial Year 2019-2020 was minimal, but there was huge adverse impact on profitability in financial Year 2020-21 and financial year 2021-22 as the demand of the customers was minimal.

Liquidity position : The negative effect of COVID-19 has reflected in the turnover and profitability of the Company for the financial year 2020-21 & 2021-2022, but the level of same cannot be ascertained now. The company is assessing the future impact of COVID-19 pandemic on its operation, profitability, liquidity position and demand for its services etc.

Internal reporting and control : The company is doing its best to control costs in as many ways as possible. Some of the steps include work-fromhome that brought down office administrative costs. Therefore, there has been negligible impact on the internal financial reporting and controlling.

Supply chain : The Supply Chain of the-Company was adversely affected due to global lockdown.

Demand for its products/services : Due to pandemic fear of COVID-19, the demand for tours and travel shall be comparatively low which shall have a negative impact on the hospitality industry.

Existing Contracts/agreements where nonfulfillment of the obligations by any party will have significant impact on the listed entity's business : The Company endeavours to perform its duties as agreed to in various executed operational contracts /agreements and wherever the same is not feasible, amicable resolution is / will be initiated. There is / will be no failure in performance by the Company of its obligations envisaged in contract / agreement entered into by it which may have material effect.

40 Capital management

The Company's objectives when managing capital is to safeguard continuity, maintain a strong credit rating and healthy capital ratios in order to support its business and provide adequate return to shareholders through continuing growth.

The Company sets the amount of capital required on the basis of annual business and long-term operating plans which include capital and other strategic investments.

The funding requirements are met through a mixture of equity, internal fund generation and short-term and long-term borrowings.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Company's policy is to keep the gearing ratio optimum. Net debt are non-current and current borrowings as reduced by cash and cash equivalents and other bank balances. Equity comprises all components including other comprehensive income.

The following table summarizes the capital of the Company:

Particulars	31 March, 2022	31 March, 2021
Cash and cash equivalents	7.24	6.35
Non-current bank deposits	8.07	7.69
Total (a)	15.31	14.04
Non-current borrowings	235.00	-
Current borrowings	3.76	240.99
Total (b)	238.76	240.99
Net debt [c=b-a]	223.45	226.95
Total Capital (d)	928.99	1,000.62
Capital and net debt [e=c+d]	1,152.45	1,227.57
Gearing ratio [c/e]	19.39%	18.49%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately recall loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowing in the current year.

No changes were made in the objectives, policies or processes for managing capital during the years ended 31 March 2022 and 31 March 2021.

(b) Fair value of financial assets and liabilities measured at amortised cost

The carrying amounts of financial assets and liabilities carried at amortised cost are reasonable approximation of their fair values.

(c) Fair value hierarchy

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, described as follows based on the lowest level input that is significant to the fair value measurement as whole.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices, for example listed equity instruments, traded bonds and mutual funds that have quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques that maximise the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The Company doesn't have financial instruments for which fair value is recognised or disclosed.

42 Code on Social Security, 2020

The Indian Parliament has approved the Code on Social Security, 2020 which would impact the contributions by the Company towards Provident Fund and Gratuity. The draft rules for the Code on Social Security, 2020 have been released by the Ministry of Labour and Employment on November 13, 2020. The Company and its Indian subsidiary are in the process of assessing the additional impact on Provident Fund contributions and on Gratuity liability contributions and will complete their evaluation and give appropriate impact in the financial statements in the period in which the rules are notified become effective and the related rules to determine the financial impact are published.

43 Recent pronouncements

- Ind AS 16 – Property Plant and equipment - The amendment clarifies that excess of net sale proceeds of items produced over the cost of testing, if any, shall not be recognised in the profit or loss but deducted from the directly attributable costs considered as part of cost of an item of property, plant, and equipment. The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022. The Company has evaluated the amendment and there is no impact on its financial statement.
- Ind AS 37 – Provisions, Contingent Liabilities and Contingent Assets – The amendment specifies that the 'cost of fulfilling' a contract comprises the 'costs that relate directly to the contract'. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (examples would be direct labour, materials) or an allocation of other costs that relate directly to fulfilling

contracts (an example would be the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). The effective date for adoption of this amendment is annual periods beginning on or after April 1, 2022, although early adoption is permitted. The Company has evaluated the amendment and there is no impact on its financial statement.

SIGNIFICANT ACCOUNTING POLICIES**1. Corporate information**

Howard Hotels Limited ('the Company') is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its equity shares are listed on the BSE Limited. The registered office of the Company is located at 20, Maurya Complex, B-28 Subhash Chowk, Laxmi Nagar, New Delhi-110092.

The Company is primarily engaged in the business of owning, operating & managing hotels, palaces and resorts.

These financial statements have been approved for issue by the Board of Directors on May 28, 2022.

2. Basis of preparation

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, Companies (Indian Accounting Standards) (Amendment) Rules, 2016 as amended and the relevant provisions of the Companies Act, 2013.

The financial statements have been prepared on a going concern basis using historical cost convention and on an accrual method of accounting, except for certain financial assets and financial liabilities which are measured at fair value/ amortized cost (Refer accounting policy regarding financial instruments).

The financial statements are presented in Indian Rupees Lakhs and all values have been rounded to the nearest Lakh with two decimal places, unless stated otherwise.

3. Significant accounting policies

The Company has applied the following accounting policies to all periods presented in the financial statements.

a) Functional and presentation currency

The financial statements are prepared in Indian Rupees, which is the Company's presentation currency and the functional currency for all its operations.

b) Current and non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- expected to be realised or intended to sold or consumed in the normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realised within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when:

- it is expected to be settled in the normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within twelve months after the reporting date; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting date.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current only.

Operating cycle of the Company is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

c) Revenue recognition

Revenue is recognised at an amount that reflects the consideration to which the Company expects to be entitled in exchange for transferring the goods or services to a customer i.e. on transfer of control of the goods or service to the customer. Revenue from sales of goods or rendering of services is net of Indirect taxes, returns and discounts.

Income from Operations:

Rooms, Food and Beverage & Banquets: Revenue is recognised at the transaction price that is allocated to the performance obligation. Revenue includes room revenue, food and beverage sale and banquet services which is recognised once the rooms are occupied, food and beverages are sold and banquet services have been provided as per the contract with the customer.

Space and shop rentals: Rentals basically consist of rental revenue earned from letting of spaces for retail shops at the properties. Revenue is recognized in the period in which services are being rendered.

Other allied services: In relation to laundry income, communication income, and other allied services, the revenue has been recognized by reference to the time of service rendered.

Effective 01 April 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) - 'Revenue from contracts with customers' using the cumulative catch-up transition method, applied to contracts that were not completed as on the transition date i.e. 01 April 2018. Accordingly, the comparative amounts of revenue and the corresponding contract assets / liabilities have not been retrospectively adjusted. The effect on adoption of Ind-AS 115 was insignificant.

d) Other Income

i. Interest Income

Interest income is accrued on time basis, by reference to the principal outstanding and at the effective interest rate applicable. Interest income is included in finance income in the statement of profit and loss.

ii. Dividends

Dividend income is recognised in the statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

e) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

f) Property, plant and equipment

All property, plant and equipment are stated at historical cost, net of accumulated depreciation (other than freehold land) and accumulated impairment losses, if any.

The initial cost of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use. It also includes the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located. Items such as spares are capitalized when they meet the definition of property, plant and equipment.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Likewise, expenditure towards major inspections and overhauls are identified as a separate component and depreciated over the expected period till the next overhaul expenditure.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increases the future economic benefits from the existing asset beyond its previously assessed standard of performance/life. All other expenses on existing property, plant and equipment, including day-today repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit and loss for the period during which such expenses are incurred.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Depreciation on property, plant and equipment is calculated using the straight-line method (SLM) to allocate their cost, net of their residual values, over their estimated useful lives, as per the useful life prescribed in Schedule II to the Companies Act, 2013.

The assets' residual values and useful lives are reviewed and adjusted if appropriate, at the end of each reporting period.

Freehold land is not depreciated.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use. Any gain or loss arising on the disposal or retirement or derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in the statement of profit and loss.

Capital work-in-progress represents cost of property, plant and equipment that are not yet ready for their intended use and are carried at cost determined as aforesaid.

g) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets are not capitalised and the expenditure is recognised in the statement of profit and loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite useful lives are amortised over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation

period or method, as appropriate, and are treated as changes in accounting estimates to be adjusted prospectively. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

The Company does not have any intangible assets with indefinite useful lives.

Softwares are amortized on a straight line basis over a period of 4 years.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

h) Inventories

Stock of food and beverages and stores and operating supplies are carried at the lower of cost [computed on a first-in, first-out (FIFO) basis] or net realisable value. Cost includes fair value of consideration paid including duties and taxes (other than those refundable), inward freight, and other expenditure directly attributable to the purchase. Trade discounts and rebates are deducted in determining the cost of purchase.

i) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds. Borrowing costs also include exchange differences to the extent regarded as an adjustment to the borrowing costs.

All other borrowing costs are expensed in the period in which they occur and are recognised in the statement of profit and loss using the effective interest method.

j) Leases

The Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. Certain lease arrangements includes the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses. ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs. The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option. Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

k) Income taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current income tax relating to items recognized outside of profit or loss is recognized outside of profit or loss [either in other comprehensive income (OCI) or in equity]. Current tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- in respect of taxable temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled by the Company and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss;
- In respect of deductible temporary differences between the carrying amount and tax bases of investments in subsidiaries, branches, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted as at the reporting date.

Current tax and deferred tax relating to items recognised outside profit or loss are recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and tax liabilities on a net basis.

I) Employee benefits

Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

Post-employment obligations

The Company operates the following post-employment schemes:

- a. Defined benefit plans in the nature of gratuity, and
- b. Defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in Indian Rupees is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

Defined contribution plans

The company pays provident fund contributions to publicly administered provident funds as per local regulations. The company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due.

m) Impairment of non-financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

n) Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss, net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. The unwinding of discount is recognized in the statement of profit and loss as a finance cost.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources would be required to settle the obligation, the provision is reversed.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements.

Contingent assets are not recognised but disclosed in the financial statements when an inflow of economic benefits is probable.

o) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified into four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

i. Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost, if both the following conditions are met:

- a. The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b. Contractual terms of the asset that give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance income in the statement of profit and loss. The losses arising from impairment are recognised in the statement of profit and loss.

ii. Debt instruments at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a. The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b. The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the Company recognizes interest income, impairment losses and reversals and foreign exchange gain or loss in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit and loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

iii. Debt instruments at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

iv. Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS 103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets:

- Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities and deposits;
- Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18.

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, twelve month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in the subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on a twelve month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

Financial liabilities**Initial recognition and measurement**

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables and borrowings, etc.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

i. Financial liabilities at FVTPL

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term.

ii. Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

p) Accounting for foreign currency transactions

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupees (INR), which is the Company's presentation currency and functional currency.

Transactions in currencies other than the functional currency are translated into the functional currency at the exchange rates that approximates the rate as at the date of the transaction. Monetary assets and liabilities denominated in other currencies are translated into the functional currency at exchange rates prevailing on the reporting date. Non-monetary assets and liabilities denominated in other currencies and measured at historical cost or fair value are translated at the exchange rates prevailing on the dates on which such values were determined.

All exchange differences are included in statement of profit and loss.

q) Cash and cash equivalents

Cash and cash equivalents in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value. For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

r) Dividends

The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

s) Earnings per share**Basic earnings per share**

Basic earnings per share is calculated by dividing the profit attributable to the shareholders of the Company by the weighted average number of equity shares outstanding during the financial year.

Diluted earnings per share

Diluted earnings per share is calculated by dividing the profit attributable to the shareholders of the Company (after adjusting the corresponding income/ charge for dilutive potential equity shares, if any) by the weighted average number of equity shares outstanding during the financial year plus the weighted average number of additional equity shares that would have been issued on conversion of all the dilutive potential equity shares.

4. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Income taxes

The Company is subject to income tax laws as applicable in India. Significant judgment is required in determining provision for income taxes. There are many transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. The Company recognises liabilities for anticipated tax issues based on estimates of whether additional taxes will be due. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

In assessing the realisability of deferred tax assets, management considers whether it is probable, that some portion, or all, of the deferred tax assets will not be realised. The ultimate realisation of deferred tax assets is dependent upon the generation of future taxable income during the periods in which the temporary differences become deductible. Management considers the projected future taxable income and tax planning strategies in making this assessment. Based on the level of historical taxable income and projections for future taxable incomes over the periods in which the deferred tax assets are deductible, management believes that it is probable that the Company will be able to realise the benefits of those deductible differences in future.

Employee benefit obligations

The cost of the defined benefit obligations are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates. Further details about gratuity obligations are given in Note No. 31

Contingencies

Management judgement of contingencies is based on the internal assessments and opinion from the consultants for the possible outflow of resources, if any.
