Operations and State of Affairs

The operation and state-of-affairs have been adequately explained in Management Discussion and Analysis segment and form part of this report.

COVID-19 and its impact

Towards the end of the previous financial year, the World Health Organisation (WHO) declared COVID-19 a pandemic and the outbreak, which infected millions, has resulted in deaths of a significant number of people globally. COVID-19 is seen having an unprecedented impact on people and economies worldwide. During the 1st quarter of the year, your Company had to temporarily suspend its operations as per the directives of the Government, keeping in mind the paramount need of safety of the employees. The Company is taking all necessary measures in terms of mitigating the impact of the challenges being faced in the business. The Company is working towards being resilient in order to sail through the current situation. It is focused on controlling the fixed costs, maintaining liquidity and closely monitoring the supply chain to ensure that the manufacturing facilities operate smoothly.

Subsidiaries and their Performance

To explore the emerging opportunities in communications business and infrastructure development, the Company has established direct subsidiaries, viz. Valiant Communications (UK) Limited, United Kingdom and Valiant Infrastructure Limited, India, as part of its future growth strategy. Whereas, Valcomm

Technologies Inc., USA, is its step-down subsidiary of the Company. The statement containing the salient features of the financial statements of the aforesaid subsidiaries is annexed herewith as Annexure-1.

Valcomm USA, has now been an approved vendor with Hargray Communications Group and Anixter (a Fortune 500 company). Valcomm USA made pilot project supplies of communications and synchronization equipment in the US to Power Utilities, Energy Cooperatives, Shale Oil & Gas, Hydro companies, regional Cable TV, Broadband Internet Service Providers and Government organizations.

Whereas, Valiant UK has also been approved now as registered vendor with Siemens for Lithuania and Latvia.

The Company has adopted a policy for determining Material Subsidiaries in terms of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations"). The Policy, as approved by the Board, is uploaded on the Company's website at the web link: <https://www.valiantcom.com/corporate/cp/material-subsidary-policy.pdf>

There were no transactions during the year which would require to be reported in Form AOC-2.

Consolidated Financial Statements

As required under Section 129 of the Companies Act, 2013 ("the Act") and the Listing Regulations, the audited Consolidated Financial Statements of the Company and its subsidiaries, prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS"), form part of the Annual Report and are reflected in the Consolidated Financial Statements.

The annual accounts of the subsidiaries and related detailed information will be kept at the Registered Office of the Company, as also at the registered offices of the respective subsidiary companies and will be available to investors seeking information at any time. They are also available on the website of the Company.

Share Capital

The paid-up Equity Share Capital as on 31 March 2021 was ₹ 72,235 thousand. During the year under review, the Company has not issued any shares. The Company has not issued shares with differential voting rights. It has neither issued employee stock options nor sweat equity shares and does not have any scheme to fund its employees to purchase the shares of the Company.

Transfer to Reserves

The Company does not propose to transfer any amount to the General Reserve out of the amount available for appropriations.

Dividend

In view of current and expected foreseeable growth opportunities, the Board intends to retain the financial resources of the Company and therefore, finds it prudent not to propose any dividend for the year under reporting.

Dematerialisation of Equity Shares

As on 31 March 2021, 97.85% (previous year: 97.83%) of the outstanding equity shares of the Company have been dematerialized.

Deposits

During the year under review, your Company has not taken any public deposits.

Particulars of Loans, Guarantee and Investments

During the year under review, your Company has not given any loans, guarantees or made investments under Section 186 of the Act, 2013.

Related Party Transactions

All Related Party Transactions that were entered into during the financial year were on an arm's length basis, in the ordinary course of business and were in compliance with the applicable provisions of the Act and the Listing Regulations. There were no materially significant Related Party Transactions made by the Company during the year that would have required Shareholders' approval under the Listing Regulations.

All Related Party Transactions are placed before the Audit Committee for approval. Prior omnibus approval of the Audit Committee is obtained for the transactions which are repetitive in nature. A statement of all Related Party Transactions is placed before the Audit Committee for its review on a quarterly basis, specifying the nature, value and terms and conditions of the transactions.

During the year under review, your Company has not entered in any kind of transaction, referred in Clause 2 and 2A, Part A of Schedule V of Listing Regulations.

The Company has adopted a Related Party Transactions Policy. The policy, as approved by the Board, is uploaded on the Company's website at the web link:
<https://www.valiantcom.com/corporate/cp/materiality-related-party.pdf>

Details of the transactions with Related Parties are provided in the accompanying financial statements.

Risk Management Policy

The Company has adopted a Risk Management Policy in accordance with the provisions of the Act and the Listing Regulations. It establishes various levels of accountability and overview within the Company, while vesting identified managers with responsibility for each significant risk.

The Company has laid down procedures to inform the Audit Committee as well as the Board of Directors about risk assessment and management procedures and status.

The risk management process consists of risk identification and assessment; risk measurement, mitigation and monitoring; and risk reporting.

Board of Directors

Appointment of Directors and Key Managerial Personnel

The Members of the Company at the 26th Annual General Meeting (AGM) held on 25 September 2019, had appointed Mr. Gaurav Kaura, Mr. Avinash Verma, Mr. Sumit Mehta and Ms. Neepa Chatterjee as Independent Directors of the Company for the second term to hold office up to 24 September 2024.

All the Independent Directors have given declarations that they meet the criteria of independence as laid down under Section 149 (6) of the Act and the provisions of the Listing Regulations. In the opinion of the Board, they fulfill the conditions of independence as specified in the Act and the Rules made thereunder and are independent of the management.

The Board is of the opinion that the Independent Directors of the Company possess requisite qualifications, experience and expertise in the fields of commerce, laws, strategy, auditing, tax and risk advisory services, financial services, corporate governance, etc. and that they hold highest standards of integrity.

The Independent Directors of the Company have confirmed that they have enrolled themselves in the Independent Directors' Databank maintained with the Indian Institute of Corporate Affairs ('IICA') in terms of Section 150 of the Act read with Rule 6 of the Companies (Appointment & Qualification of Directors) Rules, 2014, as amended. They are exempt from the requirement to undertake the online proficiency self-assessment test conducted by IICA.

Pursuant to the recommendation of the Nomination and Remuneration Committee (NRC) of the Company, the Board at its meeting held on 10 November 2020, has appointed Mr. Gaurav Mohan Sood as an Additional Director. He will hold office up to the date of this Annual General Meeting and is eligible for appointment as Director of the Company. A Resolution in this behalf is set out in the Notice of Annual General Meeting, for Members' approval.

In accordance with the provisions of Section 152 of the Act, Mr. Inder Mohan Sood, Managing Director of the Company, retire by rotation, and being eligible, offers himself for re-appointment.

Apart from above disclosure, there has not been any instance of appointment or resignation of Directors and Key Managerial Personnel (KMP) during the year under reporting.

Policy on Appointment and Remuneration of Directors

The Company has adopted a Nomination and Remuneration Policy for the Directors, Key Managerial Personnel and other employees, pursuant to the provisions of the Act and the Listing Regulations.

In accordance with the Nomination and Remuneration Policy adopted by the Company, the Nomination and Remuneration Committee is responsible for developing competency requirements for the Board based on the industry and strategy of the Company.

The Committee is responsible for reviewing and vetting the profile of potential candidates vis-a-vis the required competencies and meeting potential candidates, prior to making recommendations of their nomination to the Board in accordance with the Nomination and Remuneration Policy of the Company. The Nomination and Remuneration Committee has formulated the criteria for determining requisite qualifications, positive attributes such as high standards of ethical behavior, strong interpersonal and communication skills and soundness of judgment and independence of Directors in terms of provisions of Section 178 of the Act and the Listing Regulations.

The philosophy for remuneration of Directors, Key Managerial Personnel and all other employees of the Company is based on the commitment of fostering a culture of leadership with trust. The Remuneration Policy of the Company is aligned to this philosophy.

The Nomination and Remuneration Committee has *inter-alia* considered the following factors while formulating the Policy:

- (i) The level and composition of remuneration is reasonable and sufficient to attract, retain and motivate Directors of the quality required to run the Company successfully;
- (ii) Relationship of remuneration to performance is clear and meets appropriate performance benchmarks; and
- (iii) Remuneration to Directors, Key Managerial Personnel and Senior Management involves a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.

It is affirmed that the remuneration paid to Directors, Key Managerial Personnel and all other employees is as per the Remuneration Policy of the Company.

The Policy, as approved by the Board, is uploaded on the Company's website at the web link:
<https://www.valiantcom.com/corporate/cp/nomination-remuneration-policy.pdf>

Annual Evaluation of Board Performance and Performance of its Committees and of Directors

Pursuant to the applicable provisions of the Act and the Listing Regulations, the Board has carried out an Annual Evaluation of its own performance, performance of the Directors and the working of its Committees based on the evaluation criteria defined by Nomination and Remuneration Committee (NRC) for performance evaluation process of the Board, its Committees and of Directors.

The Board's functioning was evaluated on various aspects, including *inter-alia* the Structure of the Board, Meetings of the Board, Functions of the Board, Degree of fulfilment of key responsibilities, Establishment and delineation of responsibilities to various Committees, Effectiveness of Board Processes, information and functioning.

The Committees of the Board were assessed on the degree of fulfilment of key responsibilities, adequacy of Committee composition and effectiveness of meetings. The Directors were evaluated on aspects such as attendance, contribution at Board/Committee Meetings and guidance/support to the Management outside Board/Committee Meetings.

The performance assessment of Non-Independent Directors, Board as a whole and the Chairman were evaluated in a separate meeting of Independent Directors. The same was also discussed in the meetings of NRC and the Board.

Performance evaluation of Independent Directors was done by the entire Board, excluding the Independent Director being evaluated.

Board and Committee Meetings

Details of the composition of the Board and its Committees and of the Meetings held and attendance of the Directors at such Meetings, are provided in the Corporate Governance Report. The intervening gap between the Meetings was within the prescribed period.

MANAGEMENT DISCUSSION & ANALYSIS

Overview

The financial statements have been prepared in compliance with the requirements of the Companies Act, 2013 and the Indian Accounting Standards (Ind AS) issued by the Ministry of Corporate Affairs (MCA) notified under the Companies (Indian Accounting Standards) Rules, 2015. The management accepts responsibility for the integrity and objectivity of these financial statements. The estimates and judgements relating to the financial statements have been made on a prudent and reasonable basis, in order that the financial statements reflect in a true and fair manner the form and substance of transaction, and reasonably present the Company's state-of-affairs and profits of the year.

Industrial Structure and Development

The business of the Company belongs to the industry of providing communication, transmission, protection, synchronization and cyber security solutions to a wide range of sectors including Power Sector Infrastructure - Sub-stations, Distribution, Transmission, Utilities – Water, Oil and Gas, Solar and Wind Energy, Railways and Metro Rail, Airport Communication Networks, Corporate Networks, Financial Institutions, Mobile / Cellular Communication Networks, Defense Networks, Synchronization applications for autonomous driving technology – automobiles, providing cyber security to core services (Power, Railways, Airports, Utilities) and other emerging sectors and technologies.

Our Company designs, develops, manufactures a wide range of advanced communication, transmission, protection, synchronization and cyber security solutions.

The COVID-19 pandemic has affected all major economies and virtually all industries and governments. Almost everyone has faced challenges related to this pandemic. There have been supply chain disruptions, component shortages and delayed contract implementation. However, everyone has to try to adapt to the present circumstances and move forward. The world has also learnt to adopt a more technology-driven model of working and living.

The pandemic caused challenges will be overcome.

The respective governments, in their wisdom are doing their best to support people and business with available resources.

The Government of India implementation of Ministry of Micro, Small and Medium Enterprises (MSME) has been pathbreaking. This policy is helping small and medium businesses overcome their financial challenges and with the impetus of Make in India, is vastly improving the prospects of our Company. Our Company is well positioned to benefit with reference to its continued technology investments and developments and state-of-the-art products and solutions, for domestic use and for exports.

Business Operation

The Company is focused on providing a mix of products, advance technologies and services for export and domestic market.

Various initiatives taken by the Government of India, under the leadership of our Hon'ble Prime Minister, such as "Aatmanirbhar Bharat", "Make in India", "Digital India" and "PMA Policy", the Indian business scenario are ever more vibrant and promising. All the initiatives taken by the Government of India are helping indigenous manufacturers of communications, transmission, synchronization and cyber security equipment in India.

Various products of the Company have been approved by major corporations such as PGCIL (Power Grid), ISRO and almost all State Electricity Boards (SEBs).

Valiant is working on various opportunities to scale its products and technologies across various utility sectors and corporates. Each of its technologies have the potential to provide significant positive impact on the financials of the Company.

Being the only Indian manufacturer for various products in select domains, the Company has a distinctive advantage over its MNCs competitors. All the initiatives taken by the Government of India are helping the Company (being an indigenous manufacturer of communications, transmission, synchronization, routing and cyber security equipment) to capitalize its position in India.

There are substantial opportunities in India, wherein the products of the Company have been offered by the prominent industrial leaders in turnkey projects pertaining to power and defence sector of the country. These are expected to unfold during this financial year.

Opportunities

Valiant's is focusing on its MPLS Routers, Next Generation Firewall, Cyber and Network Security equipment and technology products which will have a positive impact in this financial year. Our unique range of Encryption & Firewall Equipment along with Network Protection solutions for providing Network / Path / Equipment (Switch/Server/Router) redundancy and protection solutions for network reliability to currently cater to the network security requirements to its international customers and being received well.

Valiant continues to add features to its range of Frequency, Phase and the Time Synchronization range of products with its GPS/GNSS based Primary Reference Clocks with integrated IEEE-1588v2 PTP Grandmaster, PTP 1588v2 Slave, PTP 1588v2 Switch & Transparent Clocks and NTP Time Server for use in various sectors. This is another area of growth for the company.

New product development, technological innovations and strength are Valiant's assets. With introduction of new products, designs, solutions and applications, Valiant looks forward to growth in sales and profits in the current financial year.

The Company has a focus on new product development, obtaining of existing products in various markets and sectors and building a larger base of distributors and re-sellers through which it can sell its products, worldwide.

Quality Initiatives

Valiant believes in sustained commitment to highest levels of quality, best-in-class product offerings and robust and fair business practices to help the Company to attain its objectives.

The Company has successfully achieved the yardsticks to meet with standards ISO 9001:2015 (Quality Management), ISO 14001:2015 (Environmental Management), ISO 10001:2018 (Customer Satisfaction) and ISO 18001:2007 (Occupational Health & Safety).

The management believes that all these quality initiatives will further strengthen the Company's product-line in global market.

New Products

The Company has recently completed fully indigenous design of Routers, Firewall, IEC 61850-3 complaint Ethernet Switches along with its exclusive range of related cyber-security products which it shall be offering for the forthcoming Bharatnet, Power Grid and Railway projects.

There exists a very large opportunity for indigenously designed and manufactured Routers, Firewalls and IEC 61850-3 complaint Ethernet Switches, as currently only the foreign made products of similar specifications are being offered in various projects in India including the Bharatnet project.

Bharatnet (also known as Bharat Broadband Network Limited) is the world's largest rural broadband project to provide connectivity to all 2,50,000 gram panchayats, covering nearly 6,25,000 villages in India.

In view of its initial stage, the management is confident that we are addressing a very large opportunity for supply of indigenously designed and manufactured communications, transmission and cyber security equipment for Bharatnet, Power Grid and Railway projects. This opportunity takes more importance due to the foresight of our Honorable Prime Minister Shri Modi Ji for implementing Government policies to promote Make in India and *Atmanirbhar Bharat* for the manufacturing and MSME sector in India.

Our latest range of comprehensive Cyber Security solution are designed to assist organizations to detect, prevent and secure their network against firewall breaches and cyber-attacks. VCL Cyber Security Solution functions in real-time to alert the user against a network security breach and to take appropriate corrective measures, according to user's custom defined network security policy.

Valiant's Cyber Security solution detects firewall breaches, network intrusions and cyber-attacks in "real-time". It provides the user, the data, to conduct forensic analysis and trace the attack route which assists the user to identify the points of network vulnerability.

Valiant's customer is able to identify the attacking entity, the IP address and the country from where the attack is originating in real-time and to take appropriate defensive measures against such attacks, as and when they occur. Valiant's Cyber Security

solution is very different from other security solutions that report a network security breach long after the event - when the damage has already been done.

Valiant's Cyber-Security solution can be used by the network administrator to build an elaborate, fully customizable roadmap to develop an advanced network defense strategy to detect network intrusions in real-time and to generate network alerts as well as audio and visual alarms, while a cyber-attack is in progress. Valiant's Cyber-Security solutions may deployed by the network administrator to also automatically isolate the network; or to alternately provide an automatic switchover to a redundant network / redundant firewall whenever a hostile intrusion or firewall breach is detected in the user's primary network elements.

Valiant provides a comprehensive and advanced range of "Cyber Security" solutions that includes a "Cyber Smart-Rack" and "Beyond the Firewall" network security devices that include "Network Traffic Sniffers", "Network Decoy Servers" and "Network Kill-Switches" that detect firewall breaches, network intrusions, providing an advance warning mechanism of the data traffic anomalies, Denial of Service (DoS) and cyber-attacks in "real-time".

Valiant is focused on positioning itself towards providing communication, transmission, synchronization, routing and cyber security products and solutions to cater to its global customer base.

Valiant today, has the core technologies in communications using its transmission, grid protection, grid synchronization, cyber security and encryption technologies, to securely connect power generation, power transmission, power distribution and is also in the process of developing communication technologies for connecting end-customer securely and with advance defense mechanism against cyber-attacks.

Valiant has the technical know-how and expertise to integrate legacy communication equipment, that is already installed in the network, and to inter-operate with modern communication hardware.

The challenges, the modern networks are throwing up are challenges of network and cyber security. Lack of domain knowledge and know-how are exposing networks to serious financial fraud, data and ID theft and compromising and exposing utility networks, corporate networks and even governments to crippling shutdown of essential services, across countries.

The changes in technology are complex but exciting, while offering significant growth potential.

Valiant comprehensive and advanced range of "Cyber Security" suite will help its customers in detecting and preventing cyber-attacks along with providing forensic analysis, in real-time.

An advanced range of Cyber-Security, Network solutions, Encryption and Firewall solutions proving Network redundancy and equipment solutions for network reliability for domestic and export markets will help us achieve higher growth potential.

Your management is confident that these products and technologies will help to create substantial growth opportunities for the Company.

Marketing

The Company is focused on expanding its global marketing network and building a larger base of associates / distributors and re-sellers, through which it can sell its products, on a worldwide basis. The Company has its equipment successfully installed in over 110 countries now.

The Company is expanding its marketing network in Europe and South America. The Company has appointed distributors in France, Spain, Portugal, Peru and Chile for its recently introduced Cyber-Security and Power Utility products.

In a recent development, Valiant has entered into 4-year rate contract under a frame agreement with the engineering major, Balkantel OOD for Bulgarian state-owned Power Utility ESO EAD, for supply and installation of its power utility products and solutions for the contract awarded to Balkantel OOD.

Valcomm USA, a wholly owned subsidiary of the Company, has now been an approved vendor with Hargray Communications Group and Anixter (a Fortune 500 company). Valcomm USA made pilot project supplies of communications and synchronization equipment in the US to Power Utilities, Energy Cooperatives, Shale Oil & Gas, Hydro companies, regional Cable TV, Broadband Internet Service Providers and Government organizations.

Threats

The COVID-19 virus has disrupted production and sales for a few months and broken supply chains causing some delays in closing projects. The availability of vaccine to fight this virus is imperative. The virus in the meantime is causing supply chain disruptions and delays and reduced productivity.

Additionally, the communication sector, being a high technology-intensive business is prone to rapid technological obsolescence. To cope with an ever changing dynamic and highly competitive communications business environment, Valiant is innovating and evolving rapidly; offering technically advanced and competitively priced products, solutions and applications to the demanding international customers, while competing with some of the best businesses in the communication field, in the world.

Future Prospects

The Company is clearly focused towards the design and development of communication, transmission, synchronization and cyber security equipment and solutions, for the national and international communication marketplace. With the continuous introduction of new products and technologies, Valiant is focused on marketing, distribution and support of its product range.

The Company is in the process of introducing many new products during the year 2021-2022 for Power Utilities, Smart Grid, SCADA and Secure Communications and applications. Some of these products are already deployed in various networks, worldwide. A series of new products based on advanced secure Ethernet / IP / high-speed data communication technologies are further being introduced.

Outlook

The Company continues to design, develop and introduce new products and strengthen its marketing network, worldwide. The introduction of new products and technologies are expected to help to increase export sales growth in the current year. The Company has introduced many new products during the past one year and is confident that these new products will help to increase its sales and performance in the current year ending 31 March 2022.

With the focus on developing new solutions for the fast-growing Power Utility and Transportation Sectors such as the Railways and Metro, the company continues to make rapid advancements both in technology upgradation and expanding its marketing footprint so that it can have a higher value share in both of these sectors.

Valiant now offers communication, synchronization and cyber security equipment and solutions for Power Utilities, Airports, Railways, Cellular Networks / Mobile operators, Corporate networks and Individuals.

These products are already being deployed in various networks, worldwide. A series of new products based on advanced technologies are being introduced in the current financial year. We believe that these new products will help to create growth opportunities for the company.

In view of the forthcoming opportunities, where the Company has, direct or indirect participation, it is expected to be stabilize in mid-term and long-term.

For the current year, the management expects a double-digit growth in revenue on an annual basis.

Segment-wise Performance

During the year 2020-21, the 20% (previous year: 52%) of Group's operating revenue comes from the India, while the 33% (previous year: 23%) and 12% (previous year: 8%) is from the US and European market respectively. The balance 35% (previous year: 17%) of the sales is contributed from the rest of the world.

Risk and Concerns

Risk is an inherent aspect of every business. The communication sector being part of a rapidly changing technology orbit, the level of risk increases due to high technology obsolescence. However, continuous technological innovation, product development, value additions by research and development can minimize this class of business risk. Effective reporting and control mechanisms ensure timely information availability and facilitate proactive risk management.

Since the capital structure of the Company consists of only equity share capital without having any loan (neither secured nor unsecured), the degree of financial risk is almost negligible.

The business in Indian environment has long gestation period and inherited execution delays, consequently causes volatility in revenue recognition and profit figures in financial statements.

Further, in view of Industrial trend in India, the Company may face the delay in debtors realization, which may have an adverse impact on cash position of the Company in short-term. Consequently, the Company may face challenges to maintain the working capital requirements in view of upcoming larger opportunities.

The Company may also face challenges to meet the requisite financial criteria of tender based business, for which Company has to rely on other larger business entities, which may have an adverse impact on margins.

The Board of Directors is responsible for monitoring risk levels on various parameters and their implementation to ensure the de-risking of the business at various levels. Further, the Audit Committee provides the direction on the risk management.

Internal Control System

The Company has an adequate system of internal controls, implemented by the management to achieve efficiency in operations, optimum utilization of resources, effective monitoring of systems and compliance with applicable laws.

A qualified and independent Audit Committee of the Board of Directors reviews the internal audit reports and the adequacy of internal controls.

Exchange Rate Fluctuation

The functional currency of your Company is the Indian rupee, whereas substantial business receipts and payments are in foreign currencies. The exchange rate between the rupee and foreign currencies have been changing substantially, and your Company faces the risks associated with exchange rate fluctuation and translation effect, wherein the appreciation of the rupee against foreign currencies, adversely impacts its profitability and operating results.

Human Resources

Human resource is most precious asset of your Company and the Company seeks to attract and retain the best talent available. The Company provides an environment, which encourages initiatives, innovative thinking and recognizes and rewards performance. Since the Company operates in state-of-the-art technologies, necessary training and development of its personnel are conducted on a continuous basis. Industrial relations with all employees are cordial. The Directors' Report may be referred for any further details.

INDEPENDENT AUDITOR'S REPORT

To the Members of Valiant Communications Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying Standalone Financial Statements of Valiant Communications Limited ("the Company"), which comprise the Balance Sheet as at 31 March 2021, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements")

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and its profit (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Revenue recognition

The Key Audit Matter	How our audit addressed the KAM
As described in Note 3.11 and 19 to the standalone financial statements, the revenue standard establishes a comprehensive framework for determining whether, how much and when revenue is recognized. The standard mandates robust disclosures in respect of revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.	Our audit procedures, include – • Evaluated the systems, processes and internal controls relating to implementation of the revenue accounting standard; • Evaluated the identification of performance obligations and the ascribed transaction price; • Evaluated the detailed analysis performed by management on revenue streams by selecting samples for the existing contracts with customers and considered revenue recognition policy in the current period in respect of those revenue streams; and • Evaluated the appropriateness of the disclosures provided under the revenue standard and assessed the completeness and mathematical accuracy of the relevant disclosures.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit (including other comprehensive income), the cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

That Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section 11 of section 143 of the Act, we give in the **"Annexure-I"**, a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE - II TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF VALIANT COMMUNICATIONS LIMITED

Report on the Internal Financial Controls under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

Opinion

We have audited the internal financial controls with reference to standalone financial statements of Valiant Communications Limited ("the Company") as of 31 March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls were operating effectively as at 31 March 2021, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over financial reporting issued by the Institute of Chartered Accountants of India (the "Guidance Note").

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

2. Recent accounting pronouncement

On 24 March 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from 01 April 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules, 2015 are:

Balance Sheet:

- a) Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- b) Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- c) Specified format for disclosure of shareholding of promoters.
- d) Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- e) If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- f) Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the standalone financial statements.

The amendments are extensive, and the Company will evaluate

the same to give effect to them as required by law.

3. Significant accounting policies

3.1 Statement of compliance

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS").

3.2 Basis of preparation and measurement

The financial statements have been prepared on an accrual basis and in accordance with the historical cost convention except for certain financial instruments which are measured at fair values at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

All assets and liabilities are classified into current and non-current generally based on the nature of product/activities of the Company and the normal time between acquisition of assets/liabilities and their realisation/settlement in cash or cash equivalent.

The Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Notes to the financial statements for the period ended 31 March 2021

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

3.3 Foreign currency translation

The functional currency of the Company is Indian rupee (₹).

On initial recognition, all foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the date of the transaction. As at the reporting date, foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the Balance Sheet date and the exchange gains or losses are recognised in the Statement of Profit and Loss.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

3.4 Property, plant and equipment (PPE)

PPE are initially recognised at cost. The initial cost of PPE comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost), if any, directly attributable to acquisition, construction or production of qualifying assets subsequent to initial recognition, PPE are stated at cost less accumulated depreciation (other than freehold land, which are stated at cost) and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and capital work in progress, if any) less their residual values over the useful lives, using the straight-line method ("SLM") at the rates prescribed in Schedule II of the Companies Act, 2013.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. The residual values, useful life and depreciation method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon

disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in profit or loss. Fully depreciated assets still in use are retained in financial statements.

3.5 Intangible assets

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal.

Gains or losses on derecognition are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

The Company amortises intangible assets with a finite useful life using the straight-line method over the following range of useful lives:

Asset	Useful life
Technical know-how	4 years
Computer software	6 years

The estimated useful life is reviewed annually by the management.

3.6 Capital work-in-progress and intangible assets under development

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

3.7 Non-derivative financial instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

The Company considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Notes to the financial statements for the period ended 31 March 2021

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

The Company has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in Other Comprehensive Income.

Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments recognised by the Company are measured at the proceeds received net off direct issue cost.

Off setting of financial instruments

Financial assets and financial liabilities are off set and the net amount is reported in financial statements if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.8 Investments in subsidiaries

A subsidiary is an entity that is controlled by the Company.

The Company accounts for each category of investments in subsidiaries at cost in accordance with Ind AS 27- Separate Financial Statements.

3.9 Impairment

Financial assets (other than at fair value)

The Company assesses on a forward-looking basis the expected credit loss associated with its assets carried at amortised cost

and FVTOCI debt instruments, if any. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

PPE and intangible assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e., higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the Statement of Profit and Loss.

3.10 Inventories

Inventories are valued at lower of cost (on weighted average basis) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition including all applicable duties, taxes and other levies. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, indirect taxes. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

3.11 Revenue recognition

Revenue from sale of goods

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those goods.

Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, rebates, scheme allowances, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Accruals for discounts/incentives and returns are estimated (using the most likely method) based on accumulated experience and underlying schemes and agreements with customers. Due to the short nature of credit period given to customers, there is no financing component in the contract.

Notes to the financial statements for the period ended 31 March 2021

Rendering of services

Income recognition for services takes place as and when the services are performed in accordance with Ind AS 115.

Interest Income

Interest income from financial assets is recognized when it is probable that economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

Dividend

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

3.12 Research and development expenses

Research expenditure and development costs of products are capitalised on product's technical feasibility is established.

3.13 Leases

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Company uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee,

except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

3.14 Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

When the Company is committed to a sale plan involving disposal of an investment, the investment that will be disposed off is classified as held for sale when the criteria described above are met.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

3.15 Employees Benefits

Employee benefits includes contribution to provident fund, gratuity fund, compensated absences and supplemental pay.

The Company has provided for liability on account of all following employees benefits available to the employees in accordance with the applicable rules, regulations, laws and employees benefits policy of the Company.

- (i) Provident fund is a defined contribution scheme and the contributions are charged to the profit & loss account of the year when the contributions to the government funds are due.
- (ii) Gratuity liability is a defined benefit obligation and provided for on the basis of an actuarial valuation as per projected unit credit method, made at the end of each financial year. The Company has taken a policy with the Life Insurance Corporation of India (LIC) to cover the gratuity liability of the employees and premium paid to the LIC is charged to Profit and Loss Account. The difference between the actuarial valuation of the gratuity liability of the employees at the year end and the balance of funds with LIC is provided for as liability in the books.
- (iii) Employees are entitled to short-term compensated absences, which are provided for on the basis of estimates.

Notes to the financial statements for the period ended 31 March 2021

(iv) Actuarial gains/losses are recognized in Other Comprehensive Income (OCI).

3.16 Segment reporting

As per Ind AS 108, Operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources and assessing performance. The Company's chief operating decision maker is the Managing Director & CEO.

The Company's operating geographical business segment is based on the locations of customers. Allocable costs are allocated to each segment in proportion to the relative sales of each segment. All the common income, expenses, assets and liabilities, which are not possible to be allocated to different segments, are treated as un-allocable items.

3.17 Income Tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year.

Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is

no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets and liabilities are off set when there is a legally enforceable right to off set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, to the extent it would be available for set off against future current income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably, and it is probable that the future economic benefit associated with the asset will be realised.

3.18 Accounting of provisions, contingent liabilities and contingent assets

Provisions are recognized, when there is a present legal or constructive obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where the effect is material, the provision is discounted to net present value using an appropriate current market-based pre-tax discount rate and the unwinding of the discount is included in finance costs.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Company, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

3.19 Dividend to equity shareholders

Dividend to equity shareholders is recognised as a liability and deducted from shareholders' equity, in the period in which the dividends are approved by the equity shareholders in the general meeting.

Notes to the financial statements for the period ended 31 March 2021

3.20 Earnings per share (EPS)

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

3.21 Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements in conformity with the Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The Management has considered the possible effects, if any, that may result from the pandemic relating to COVID-19 on the carrying amounts of its assets. Actual results may differ from these estimates under different assumptions and conditions.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements

In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

Discount rate used to determine the carrying amount of the Company's defined benefit obligation

In determining the appropriate discount rate for plans assets, the management considers the interest rates of government bonds as provided by LIC, in currencies consistent with the currencies of the post-employment benefit obligation.

Contingencies and commitments

In the normal course of business, contingent liabilities may arise from litigations and other claims against the Company.

Where the potential liabilities have a low probability of crystallizing or are very difficult to quantify reliably, we treat them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, we do not expect them to have a materially adverse impact on our financial position or profitability.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Useful lives of property, plant and equipment

As described above, the Company reviews the estimated useful lives and residual values of property, plant and equipment at the end of each reporting period. During the current financial year, the management determined that there were no changes to the useful lives and residual values of the property, plant and equipment.

Allowances for doubtful debts

The Company makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgement and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

Allowances for inventories

Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

Liability for sales return

In making judgement for liability for sales return, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 115 and in particular, whether the Company had transferred to the buyer the significant risk and rewards of ownership of the goods. Following the detailed quantification of the Company's liability towards sales return, the management is satisfied that significant risk and rewards have been transferred and that recognition of the revenue in the current year is appropriate, in conjunction with the recognition of an appropriate liability for sales return.

Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Company to be reliable estimate of future sales returns.

The Company manufactures "Communication Equipment" primarily for power utilities / other utilities and engaged in its allied services, which is the only business segment of the Company. The Company is an Export Oriented Unit with its sole manufacturing unit being located at New Delhi. The above segment revenue and results are being identified on the basis of geographical markets. The fixed assets used in the Company's business cannot be specifically identified with any geographical segment. The management believes that it is currently not practicable to provide segment disclosures relating to total assets and liabilities since a segregation of capital employed on segment basis, is not possible.

Consolidated Financial Statements

For the Financial Year ended 31 March 2021

INDEPENDENT AUDITOR'S REPORT

To the Members of Valiant Communications Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying Consolidated Financial Statements of Valiant Communications Limited (hereinafter referred to as "the Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31 March 2021, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS') and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2021, of its consolidated profit and total comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters ('KAM') are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Revenue recognition

The Key Audit Matter	How our audit addressed the KAM
As described in Note 3.13 and 20 to the consolidated financial statements, the revenue standard establishes a comprehensive framework for determining whether, how much and when revenue is recognized. The standard mandates robust disclosures in respect of revenue and periods over which the remaining performance obligations will be satisfied subsequent to the balance sheet date.	Our audit procedures, include— • Evaluated the systems, processes and internal controls relating to implementation of the revenue accounting standard; • Evaluated the identification of performance obligations and the ascribed transaction price; • Evaluated the detailed analysis performed by management on revenue streams by selecting samples for the existing contracts with customers and considered revenue recognition policy in the current period in respect of those revenue streams; and • Evaluated the appropriateness of the disclosures provided under the revenue standard and assessed the completeness and mathematical accuracy of the relevant disclosures.

Information Other than the Consolidated Financial Statements and Auditor's Report thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the consolidated financial statements, standalone statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with governance for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Board of Directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the entities included in the Group are responsible for assessing the ability of each entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group is also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the entity has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group (Holding company and subsidiaries) to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial Statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of Valiant Communications (UK) Limited and Valcomm Technologies Inc., foreign subsidiaries of the Holding Company, whose respective standalone financial statements reflect total assets of ₹ 689.62 lacs as at 31 March 2021, total turnover of ₹ 490.85 lacs and net cash inflows/(outflows) amounting to ₹ 35.93 Lacs for the year ended on that date, as considered in the consolidated financial statements. These financial statements are unaudited under the provisions of law of the respective host country and have been furnished to us by the Management and our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of the aforesaid subsidiary and our report in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary is based solely on the Management certification.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

- A. As required by Section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
 - b) In our opinion, proper books of accounts as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books;
 - c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss Including Other Comprehensive Income, the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of accounts maintained for the purpose of preparation of the consolidated financial statements;
 - d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act;
 - e) On the basis of the written representations received from the directors of the Holding Company and its subsidiaries which are incorporated in India, as on 31 March 2021 and taken on record by the Board of Directors of respective companies, none of the directors of the Group companies incorporated in India is disqualified as on 31 March 2021 from being appointed as a director in terms of Section 164(2) of the Act; and
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies incorporated in India and the operating effectiveness of such controls, refer to our separate report in "Annexure-I".

B. With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

- i) the Group did not have any pending litigations as at 31 March 2021. *Refer Note 24.1 to the consolidated financial statements;*
- ii) the Group did not have any material foreseeable losses on long-term contracts including derivative contracts; and
- iii) there has been no delay in transferring amounts to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India during the year ended 31 March 2021.

C. With respect to the matter to be included in the Auditors' report under Section 197(16):

In our opinion and according to the information and explanation given to us, the remuneration paid during the current year by the Holding Company and its subsidiaries which are incorporated in India is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director by the Holding Company and its subsidiaries which are incorporated in India, is not in excess of the limit laid down under Section 197 of the Act. The Ministry of Corporate Affairs has not prescribed other details under Section 197(16) of the Act which are required to be commented upon by us.

ANNEXURE - I to the Independent Auditors' Report

Report on the Internal Financial Controls under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of Valiant Communications Limited ("the Holding Company") as of 31 March 2021, we have audited the internal financial controls with reference to the Holding Company and its subsidiary companies which are companies incorporated in India, as of that date.

Opinion

In our opinion, the Holding Company and its subsidiaries which are incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at 31 March 2021, based on the internal control with reference to financial statements criteria established by the Holding Company and its subsidiaries which are incorporated in India, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI ("the Guidance Note").

Management's Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding Company and its subsidiaries which are incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Holding Company and its subsidiaries, which are incorporated in India, considering the essential components of internal control stated in the Guidance Note. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective entity's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to the Holding Company and its subsidiary companies which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, prescribed under section 143(10) of Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to financial statements of the Holding Company and its subsidiary companies, which are incorporated in India.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

New Delhi, 04 June 2021

Notes to the consolidated financial statements for the period ended 31 March 2021

1. Corporate Information

Valiant Communications Limited (the "Company") is a public limited company domiciled in India and is incorporated under the provisions of the Companies Act applicable in India. **The principal activities of the Company and its subsidiaries (hereinafter referred to as "Group") are manufacturing and marketing of communications equipment, primarily for power utilities / other utilities and; its allied services.** The Group has its manufacturing facilities in India and sells in India and across the globe. The Company's registered office is at 71/1, Shivaji Marg, New Delhi 110015.

The financial statements for the year ended 31 March 2021 were approved by the Board of Directors and authorised for issue on 04 June 2021.

2. Recent accounting pronouncement

On 24 March 2021, the Ministry of Corporate Affairs ("MCA") through a notification, amended Schedule III of the Companies Act, 2013. The amendments revise Division I, II and III of Schedule III and are applicable from 01 April 2021. Key amendments relating to Division II which relate to companies whose financial statements are required to comply with Companies (Indian Accounting Standards) Rules, 2015 are:

Balance Sheet:

- a) Lease liabilities should be separately disclosed under the head 'financial liabilities', duly distinguished as current or non-current.
- b) Certain additional disclosures in the statement of changes in equity such as changes in equity share capital due to prior period errors and restated balances at the beginning of the current reporting period.
- c) Specified format for disclosure of shareholding of promoters.
- d) Specified format for ageing schedule of trade receivables, trade payables, capital work-in-progress and intangible asset under development.
- e) If a company has not used funds for the specific purpose for which it was borrowed from banks and financial institutions, then disclosure of details of where it has been used.
- f) Specific disclosure under 'additional regulatory requirement' such as compliance with approved schemes of arrangements, compliance with number of layers of companies, title deeds of immovable property not held in name of company, loans and advances to promoters, directors, key managerial personnel (KMP) and related parties, details of benami property held etc.

Statement of profit and loss:

Additional disclosures relating to Corporate Social Responsibility (CSR), undisclosed income and crypto or virtual currency specified under the head 'additional information' in the notes forming part of the consolidated financial statements.

The amendments are extensive, and the Group will evaluate the same to give effect to them as required by law.

3. Significant accounting policies

3.1 Statement of compliance

These financial statements of the Group have been prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS").

3.2 Basis of preparation and measurement

The consolidated financial statements have been prepared on an accrual basis and in accordance with the historical cost convention except for certain financial instruments which are measured at fair values at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

All assets and liabilities are classified into current and non-current generally based on the nature of product/ activities of the Group and the normal time between acquisition of assets/liabilities and their realisation/settlement in cash or cash equivalent.

The Group has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Notes to the consolidated financial statements for the period ended 31 March 2021

Level 3 – Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

3.3 Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above. When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the Consolidated Statement of Profit and Loss from the date the Company gains control until the date when the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

3.4 Business combinations

Acquisitions of businesses are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value, which is calculated as the sum of the acquisition-date fair values of the assets transferred by the Group, liabilities incurred by the Group to the former owners of the acquiree and the equity interests issued by the Group in exchange of control of the acquiree. Acquisition-related costs are generally recognised in profit or loss as incurred.

At the acquisition date, the identifiable assets acquired, and the liabilities assumed are recognised at their fair value, except that:

- deferred tax assets or liabilities, and assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind AS 12 Income Taxes and Ind AS 19 Employee Benefits respectively; and
- assets (or disposal groups) that are classified as held for sale in accordance with Ind AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that Standard.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

In case of a bargain purchase, before recognising a gain in respect thereof, the Group determines whether there exists clear evidence of the underlying reasons for classifying the business combination as a bargain purchase. Thereafter, the Group reassesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and recognises any additional assets or liabilities that are identified in that reassessment. The Group then reviews the procedures used to measure the amounts that Ind AS requires for the purposes of calculating the bargain purchase. If the gain remains after this reassessment and review, the Group recognises it in other comprehensive income and accumulates the same in equity as capital reserve. This gain is attributed to the acquirer. If there does not exist clear evidence of the underlying reasons for classifying the business combination as a bargain purchase, the Group recognises the gain, after reassessing and reviewing (as described above), directly in equity as capital reserve.

Non-controlling interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation may be initially measured either at fair value or at the non-controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets. The choice of measurement basis is made on a transaction-by-transaction basis. Other types of non-controlling interests are measured at fair value or, when applicable, on the basis specified in another Ind AS.

Notes to the consolidated financial statements for the period ended 31 March 2021

When the consideration transferred by the Group in a business combination includes assets or liabilities resulting from a contingent consideration arrangement, the contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in the fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill or capital reserve, as the case maybe. Measurement period adjustments are adjustments that arise from additional information obtained during the 'measurement period' (which cannot exceed one year from the acquisition date) about facts and circumstances that existed at the acquisition date.

The subsequent accounting for changes in the fair value of the contingent consideration that do not qualify as measurement period adjustments depends on how the contingent consideration is classified.

Contingent consideration that is classified as equity is not remeasured at subsequent reporting dates and its subsequent settlement is accounted for within equity. Contingent consideration that is classified as an asset or a liability is remeasured at fair value at subsequent reporting dates with the corresponding gain or loss being recognised in profit or loss.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and the resulting gain or loss, if any, is recognised in profit or loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to profit or loss where such treatment would be appropriate if that interest were disposed off.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted during the measurement period (see above), or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognised at that date.

3.5 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash generating units) that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there

is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

3.6 Foreign currency translation

The functional currency of the Group is Indian rupee (₹).

On initial recognition, all foreign currency transactions are translated into the functional currency using the exchange rates prevailing on the date of the transaction. As at the reporting date, foreign currency monetary assets and liabilities are translated at the exchange rate prevailing on the Balance Sheet date and the exchange gains or losses are recognised in the Statement of Profit and Loss.

Non-monetary assets and liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of transaction.

3.7 Property, plant and equipment (PPE)

PPE are initially recognised at cost. The initial cost of PPE comprises its purchase price, including non-refundable duties and taxes net of any trade discounts and rebates. The cost of PPE includes interest on borrowings (borrowing cost), if any, directly attributable to acquisition, construction or production of qualifying assets subsequent to initial recognition, PPE are stated at cost less accumulated depreciation (other than freehold land, which are stated at cost) and impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Depreciation is recognised so as to write off the cost of assets (other than freehold land and capital work in progress, if any) less their residual values over the useful lives, using the straight-line method ("SLM") at the rates prescribed in Schedule II of the Companies Act, 2013.

The carrying values of property, plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable. The residual values, useful life and depreciation

Notes to the consolidated financial statements for the period ended 31 March 2021

method are reviewed at each financial year-end to ensure that the amount, method and period of depreciation are consistent with previous estimates and the expected pattern of consumption of the future economic benefits embodied in the items of property, plant and equipment.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on disposal or retirement of an item of property, plant and equipment is determined as the difference between sales proceeds and the carrying amount of the asset and is recognised in profit or loss. Fully depreciated assets still in use are retained in financial statements.

3.8 Intangible assets

Intangible assets are measured on initial recognition at cost and subsequently are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal.

Gains or losses on derecognition are determined by comparing proceeds with carrying amount. These are included in profit or loss within other gains/(losses).

The Group amortises intangible assets with a finite useful life using the straight-line method over the following range of useful lives:

Asset	Useful life
Technical know-how	4 years
Software	6 years

The estimated useful life is reviewed annually by the management.

3.9 Capital work-in-progress and intangible assets under development

Capital work-in-progress/intangible assets under development are carried at cost, comprising direct cost, related incidental expenses and attributable borrowing cost.

3.10 Non-derivative financial instruments

Financial assets and liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

Cash and cash equivalents

The Group considers all highly liquid financial instruments, which are readily convertible into known amounts of cash that are subject to an insignificant risk of change in value and having

original maturities of three months or less from the date of purchase, to be cash equivalents. Cash and cash equivalents consist of balances with banks which are unrestricted for withdrawal and usage.

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI)

Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

The Group has made an irrevocable election to present subsequent changes in the fair value of equity investments not held for trading in Other Comprehensive Income.

Financial assets at fair value through profit or loss (FVTPL)

Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

Financial liabilities

Financial liabilities are measured at amortised cost using the effective interest method.

Equity instruments

An equity instrument is a contract that evidences residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments recognised by the Group are measured at the proceeds received net off direct issue cost.

Offsetting of financial instruments

Financial assets and financial liabilities are off set and the net amount is reported in financial statements if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

3.11 Impairment

Financial assets (other than at fair value)

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVTOCI debt instruments, if any. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

Notes to the consolidated financial statements for the period ended 31 March 2021

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

PPE and intangibles assets

Property, plant and equipment and intangible assets with finite life are evaluated for recoverability whenever there is any indication that their carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the asset belongs.

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognised in the Statement of Profit and Loss.

3.12 Inventories

Inventories are valued at lower of cost (on weighted average basis) and net realisable value after providing for obsolescence and other losses, where considered necessary. Cost includes all charges in bringing the goods to their present location and condition including all applicable duties, taxes and other levies. Work-in-progress and finished goods include appropriate proportion of overheads and, where applicable, indirect taxes. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

3.13 Revenue recognition

Revenue from sale of goods

Revenue is recognised upon transfer of control of promised goods to customers in an amount that reflects the consideration which the group expects to receive in exchange for those goods.

Revenue from the sale of goods is recognised at the point in time when control is transferred to the customer which is usually on dispatch / delivery. Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, rebates, scheme allowances, price concessions, incentives, and returns, if any, as specified in the contracts with the customers. Revenue excludes taxes collected from customers on behalf of the government. Accruals for discounts/incentives and returns are estimated (using the most likely method) based on accumulated experience and underlying schemes and agreements with customers. Due to the short nature of credit period given to customers, there is no financing component in the contract.

Rendering of services

Income recognition for services takes place as and when the services are performed in accordance with INDAS 115

Interest Income

Interest income from financial assets is recognized when it is probable that economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial assets to that asset's net carrying amount on initial recognition.

Dividend

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that there is no uncertainty in receiving the claims.

3.14 Research and development expenses

Research expenditure and development costs of products are capitalised on product's technical feasibility is established.

3.15 Leases

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgement. The Group uses significant judgement in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The discount rate is generally based on the incremental borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

The Group's lease asset classes primarily consist of leases for buildings. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Group recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Notes to the consolidated financial statements for the period ended 31 March 2021

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

3.16 Non-current assets held for sale

Non-current assets and disposal groups are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset (or disposal group) is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such asset (or disposal group) and its sale is highly probable. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

When the Group is committed to a sale plan involving disposal of an investment, the investment that will be disposed off is classified as held for sale when the criteria described above are met.

Non-current assets (and disposal groups) classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell.

3.17 Employee benefits

Employee benefits includes contribution to provident fund, gratuity fund, compensated absences and supplemental pay.

The Group has provided for liability on account of all following employees benefits available to the employees in accordance with the applicable rules, regulations, laws and employees benefits policy of the Group.

- i) Provident fund is a defined contribution scheme and the contributions are charged to the profit & loss account of the year when the contributions to the government funds are due.
- ii) Gratuity liability is a defined benefit obligation and provided for on the basis of an actuarial valuation as per projected unit credit method, made at the end of each financial year. The Group has taken a policy with the Life Insurance Corporation of India (LIC) to cover the gratuity liability of the employees and premium paid to the LIC is charged to Profit and Loss Account. The difference between the actuarial valuation of the gratuity liability of the employees at the year end and the balance of funds with LIC is provided for as liability in the books.
- iii) Employees are entitled to short-term compensated absences, which are provided for on the basis of estimates.
- iv) Actuarial gains/losses are recognized in Other Comprehensive Income (OCI).

3.18 Segment reporting

As per Ind AS 108, operating segments are defined as components of an enterprise for which discrete financial information is available that is evaluated regularly by the chief operating decision maker, in deciding how to allocate resources

and assessing performance. The Group's chief operating decision maker is the Managing Director & CEO.

The Group's operating geographical business segment is based on the locations of customers. Allocable costs are allocated to each segment in proportion to the relative sales of each segment. All the common income, expenses, assets and liabilities, which are not possible to be allocated to different segments, are treated as un-allocable items.

3.19 Income tax

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year.

Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961.

Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax

Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent that it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of a deferred tax asset shall be reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Notes to the consolidated financial statements for the period ended 31 March 2021

Deferred tax assets and liabilities are off set when there is a legally enforceable right to off set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India, to the extent it would be available for set off against future current income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

3.20 Accounting of provisions, contingent liabilities and contingent assets

Provisions are recognized, when there is a present legal or constructive obligation as a result of past events, where it is probable that there will be outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made. Where a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows. Where the effect is material, the provision is discounted to net present value using an appropriate current market-based pre-tax discount rate and the unwinding of the discount is included in finance costs.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Group, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligations are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent assets are not disclosed in the financial statements unless an inflow of economic benefits is probable.

3.21 Dividend to equity shareholders

Dividend to equity shareholders is recognised as a liability and deducted from shareholders' equity, in the period in which the dividends are approved by the equity shareholders in the general meeting.

3.22 Earnings per share (EPS)

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Group by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

3.23 Critical accounting judgements and key sources of estimation uncertainty

The preparation of the consolidated financial statements in conformity with the Ind AS requires management to make judgements, estimates and assumptions that affect the

application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the consolidated financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. The Management has considered the possible effects, if any, that may result from the pandemic relating to COVID-19 on the carrying amounts of its assets. Actual results may differ from these estimates under different assumptions and conditions.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical Judgements

In the process of applying the Group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:

Discount rate used to determine the carrying amount of the Group's defined benefit obligation

In determining the appropriate discount rate for plans assets, the management considers the interest rates of government bonds as provided by LIC, in currencies consistent with the currencies of the post-employment benefit obligation.

Contingencies and commitments

In the normal course of business, contingent liabilities may arise from litigations and other claims against the Group.

Where the potential liabilities have a low probability of crystallizing or are very difficult to quantify reliably, we treat them as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings, we do not expect them to have a materially adverse impact on our financial position or profitability.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Useful lives of property, plant and equipment

As described above, the Group reviews the estimated useful lives and residual values of property, plant and equipment at the end of each reporting period. During the current financial year, the management determined that there were no changes to the useful lives and residual values of the property, plant and equipment.

Notes to the consolidated financial statements for the period ended 31 March 2021

Allowances for doubtful debts

The Group makes allowances for doubtful debts based on an assessment of the recoverability of trade and other receivables. The identification of doubtful debts requires use of judgement and estimates. Where the expectation is different from the original estimate, such difference will impact the carrying value of the trade and other receivables and doubtful debts expenses in the period in which such estimate has been changed.

Allowances for inventories

Management reviews the inventory age listing on a periodic basis. This review involves comparison of the carrying value of the aged inventory items with the respective net realizable value. The purpose is to ascertain whether an allowance is required to be made in the financial statements for any obsolete and slow-moving items. Management is satisfied that adequate allowance for obsolete and slow-moving inventories has been made in the financial statements.

Liability for sales return

In making judgement for liability for sales return, the management considered the detailed criteria for the recognition of revenue from the sale of goods set out in Ind AS 18 and in particular, whether the Group had transferred to the buyer the significant risk and rewards of ownership of the goods. Following the detailed quantification of the Group's liability towards sales return, the management is satisfied that significant risk and rewards have been transferred and that recognition of the revenue in the current year is appropriate, in conjunction with the recognition of an appropriate liability for sales return.

Accruals for estimated product returns, which are based on historical experience of actual sales returns and adjustment on account of current market scenario is considered by Group to be reliable estimate of future sales returns.
