Subject: Corrigendum to the Annual Report of the Company for the Financial Year 2024-25

Dear Sir/Ma'am,

This is with reference to our earlier intimation dated September 05, 2025 bearing Reference No. OIL/CO/SE/2025-26/37, wherein the Company has submitted its Annual Report for the financial year 2024-25 along with the Notice of the 32nd Annual General Meeting ("AGM"), scheduled to be held on Tuesday, September 30, 2025 at 03:00 P.M. (IST) through Video Conferencing ("VC") / Other Audio-Visual Means ("OAVM").

In this regard, this is to inform you due to an inadvertent clerical error, few figures were incorrectly disclosed at Page No. 209 of the 32nd Annual Report of the Company under the section titled "*Cash Flows from Operating activities*" in the Statement of Consolidated Cash Flows.

Please note that the errors are presentation in nature only and do not impact Cash and Cash Equivalents, Profit and Loss Account, Balance Sheet or any other items of the Consolidated Financial Statements for the year ended 31st March, 2025.

The updated Annual Report of the Company for the Financial Year 2024-25 is enclosed herewith and the same is also available on the website of the Company at <https://www.optiemus.com/annualreport.html>.

Kindly take the same on your records.

Thanking You,

Yours truly,
For Optiemus Infracom Limited

CHAIRMAN'S MESSAGE

Dear Stakeholders,

I am honoured to present the 32nd Annual Report of Optiemus Infracom Limited for the financial year 2024-25. As India's role in the global economy continues to rise, its voice on the world stage has become more influential than ever. At Optiemus, we are proud to be a part of this transformation, not just keeping pace with the future, but building it in real time.

Despite the persistent global headwinds wherein the economy has been facing persistent inflationary pressures, geopolitical uncertainties and evolving trade dynamics, India continued to stand out as one of the fastest-growing economies. Backed by strong long-term fundamentals, supported by large-scale infrastructure projects, a rapidly expanding digital economy, and progressive policy reforms, India is poised to become a major global economic powerhouse.

**We strive
to turn
challenges into
opportunities
for sustainable
growth of our
stakeholders.**

Amid a dynamic environment of geopolitical volatility, climate-related challenges and disruptions in global supply chains, I am pleased to report that the Company has delivered another year of significant growth.

Financial Performance

On a Consolidated basis, the Company has recorded revenue from operations of Rs. 1,88,999.68 Lakhs in F.Y. 2024-25 as compared to Rs. 1,52,772.28 Lakhs in previous F.Y. 2023-24, thereby marking a significant growth of 23.71%. Net profit rose by 11.58%, rising from Rs. 5,675.96 Lakhs in F.Y. 2023-24 to Rs. 6,333.01 Lakhs in F.Y. 2024-25.

Our manufacturing and trading segments, focused on telecommunication & allied products and electronic products, have continued to thrive, driven by strategic partnerships and a commitment to deliver top-notch solutions to our customers.

Strategic Initiatives and Achievements

“WHERE TIME ACCELERATES AND ACCURACY MATTERS, WE'RE NOT JUST KEEPING PACE WITH THE FUTURE — WE'RE BUILDING IT IN REAL TIME.”

- In June, 2024, the Company has incorporated Optiemus Unmanned Systems Private Limited (“OUS”) as its Wholly Owned Subsidiary. OUS has **launched technologically-sophisticated, high-performance drones** in agriculture and mapping category with plans to expand into other sectors such as defense, mining, solar, oil & gas, railways and highways.

OUS has also formed partnerships with leading domestic and international companies specializing in advanced drone technologies, including spectrum analyzers and a wide range of drone models.

As per leading Industry Chamber FICCI estimates, the drone manufacturing potential in India could be worth US\$ 4.2bn by 2025, growing to US\$ 23bn by 2030 making India a drone manufacturing power.

- During the year, the Company and Corning Incorporated (USA), held ground breaking ceremony on the facility of Bharat Innovative Glass Technologies Private Limited (“**BIGTech**”), Joint Venture and Subsidiary Company, located at SIPCOT Pillaipakkam Industrial Park, Kanchipuram, Tamil Nadu.

BIGTech will be the **first facility in India to manufacture high-quality finished cover-glass parts** for mobile consumer electronics - enhancing domestic supply chains and creating significant employment opportunities.

- Optiemus Electronics Limited (“OEL”), Wholly Owned Subsidiary, has entered into strategic partnership with **TP-Link**, a global leader in networking and smart home devices. This strategic move aligns with the Hon’ble Prime Minister’s vision of **Atmanirbhar Bharat**, promoting indigenous design and production of telecom equipment in India.
- The Group is looking for the Government’s Electronic Components Manufacturing Scheme and are in discussions for new partnerships across key verticals - including display, camera modules, and mechanical components - to build an even more robust domestic supply chain.

These achievements reflect the dedication of our personnel, the trust of our customers and the support of our stakeholders.

With a sound business model and well-charted strategy, we are well poised to seize these opportunities, driving growth and contributing to the nation’s economic development. We are ready to enter the future tech-driven world, equipped with one of the most modern infrastructure and technology. As we are aspiring for a bigger tomorrow, we will continue, push and expand our boundaries and create new opportunities in the future.

We continue to focus on optimizing our operations and expanding our market reach, ensuring a solid foundation for future growth. Backed by the trust and support of our clients and stakeholders, we remain determined to build for tomorrow and solidify our foothold as a key player in overall ecosystem of the electronic industry.

Gratitude

None of the growth and achievements we witnessed through the year would have been possible without the valuable contribution of our Board of Directors, Management, dedicated employees, esteemed customers, suppliers and valued shareholders. Your continued belief in our vision inspires us to aim higher and build stronger.

I thank you all for your consistent support and confidence.

Sincerely,

Ashok Gupta

Diluted	2.58	2.91	7.33	6.62

Note: Previous year's figures have been re-grouped / re-arranged wherever necessary.

2. STATE OF AFFAIRS OF THE COMPANY

On standalone basis, the revenue of the Company declined to Rs. 59,153.05 Lakhs during the financial year 2024-25 as compared to Rs. 64,442.53 Lakhs during the previous financial year (2023-24). Similarly, the standalone net profit also decreased from Rs. 2,503.30 Lakhs in F.Y. 2023-24 to Rs. 2,224.04 Lakhs in F.Y. 2024-25. However, the Company's consolidated performance showed strong growth. Consolidated revenue increased to Rs. 1,88,999.68 Lakhs, reflecting a growth of 23.71% over the previous year's revenue of Rs. 1,52,772.28 Lakhs. The consolidated net profit also increased to Rs. 6,333.01 Lakhs, as compared to Rs. 5,675.96 Lakhs in the financial year 2023-24.

The decline in revenue and profitability of the Company on standalone basis is primarily due to inherent volatility of trading business. However, the consolidated performance reflects a significant improvement in both- revenue and net profit compared to the previous year. This reflects the continued strength and resilience of the Company's diversified business operations and long-term value creation for investors.

3. SUBSIDIARIES, JOINT VENTURES AND ASSOCIATE COMPANIES

During the year, a new wholly owned subsidiary company viz. Optiemus Unmanned Systems Private Limited has been incorporated on June 21, 2024.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

ECONOMIC OVERVIEW

Global Economy

The global economy in 2024 demonstrated cautious stability, characterized by modest but consistent growth. Global growth is projected at 3.3% both in 2025 and 2026, below the historical (2000-19) average of 3.7%. Developed economies are expected to witness a marginal improvement in growth, increasing from 1.6% in 2023 to 1.7% and 1.8% in 2024 and 2025, respectively. Advanced economies are expected to achieve their inflation targets more swiftly compared to emerging markets and developing economies.

F.Y. 2024-25 commenced against the backdrop of a global economy demonstrating notable resilience in the face of persistent headwinds. While the world continued to manage the aftermath of the COVID-19 pandemic and navigate complex geopolitical tensions-including the Russia-Ukraine war and the Israel-Gaza conflict-the broader macroeconomic landscape showed signs of stability and gradual recovery.

Inflationary pressures have continued to ease across most regions, with global inflation expected to moderate from 6.8% in 2023 to 5.9% in 2024, and further to 4.5% in 2025. Global headline inflation is expected to decline to 4.2% in 2025 and to 3.5% in 2026, advanced economies are on track to return to their targeted inflation levels sooner than developing counterparts, supported by improved supply chain efficiencies and prudent monetary tightening by central banks.

However, the global outlook remains vulnerable to downside risks. Rising geopolitical frictions, uncertain trade policies, and protectionist tendencies continue to weigh on investor sentiment and may hamper trade-led growth. As Government realign policy priorities amid heightened uncertainty, global growth, while stabilizing, is expected to remain subdued relative to historical benchmarks.

Indian Economy

India is poised to lead the global economy once again, with the International Monetary Fund (IMF) projecting it to remain the fastest growing major economy over the next two years. India is projected to remain the fastest-growing large economy for 2025 and 2026, reaffirming its dominance in the global economic landscape. According to the IMF's World Economic Outlook, India's economy is expected to grow by 6.2% in 2025 and 6.3% in 2026, maintaining a solid lead over global and regional peers. In contrast, the IMF projects global economic growth to be much lower, at 2.8% in 2025 and 3.0% in 2026, highlighting India's exceptional outperformance.

Indian economy continues to be the fastest-growing large economy, though the pace of growth has slightly moderated for F.Y. 2024-25. According to the Government estimates, the economy grew 6.5% in F.Y. 2024-25, compared to 9.2% growth in F.Y. 2023-24. 9.4% growth in the construction sector and 7.2% growth in the services sector have been the main contributors to GDP growth in F.Y. 2024-25.

According to the Reserve Bank of India (RBI), CPI inflation is forecasted to decline further to 4% in F.Y. 2025-26. However, continued uncertainty in global financial markets, coupled with volatility in energy prices and adverse weather events, presents upside risks to the inflation trajectory. Considering inflation has stayed within the comfort band of RBI, the bank reduced REPO rate by 25 bps in February 2025 for the first time in five years and by a further 25 bps in April 2025 monetary policy. Additionally, in June 2025, RBI again cut down the REPO rate for the third time by another 50 bps, taking the effective REPO rate to 5.5%.

RBI projects the Indian economy to grow at 6.7% for F.Y. 2025-26. This growth will be achieved on the back of improvements in the manufacturing sector and government impetus to growth through the budget like reduction in direct taxes and investments in infrastructure.

India's economic outlook for 2025 and 2026 remains one of the brightest among major global economies, as highlighted by the IMF. Despite global uncertainties and downward revisions in growth forecasts for other large economies, India is set to maintain its leadership in global economic growth. Supported by strong fundamentals and strategic government initiatives, the country is well-positioned to navigate the challenges ahead. With reforms in infrastructure, innovation and financial inclusion, India continues to enhance its role as a key driver of global economic activity. The IMF's projections reaffirm India's resilience, further solidifying its importance in shaping the global economic future.

INDUSTRY OVERVIEW

Telecommunication and Allied Products

India is the world's second-largest telecommunications market. The total subscriber base, wireless subscriptions as well as wired broadband subscriptions have grown consistently. The Indian mobile economy is growing rapidly and will contribute to India's Gross Domestic Product (GDP) according to a report prepared by GSM Association (GSMA) in collaboration with Boston Consulting Group (BCG).

India is already the world's second-largest telecommunications market, with a subscriber base of 1.16 to 1.20 billion. This growth is fuelled by government policies, strong consumer demand and the liberalization of the sector, including Foreign Direct Investment (FDI). India's digital economy is set to reach 20% of national income by 2029-30, driven by IT, telecom and electronics manufacturing, with a 13.42% share expected in F.Y. 2025.

Over the next five years, rise in mobile-phone penetration and decline in data costs will add 500 million new internet users in India, creating opportunities for new business.

The liberal and reformist policies of the Government of India have been instrumental along with strong consumer demand in the rapid growth of the Indian telecom sector. The Government has enabled easy market access to telecom equipment, a fair and proactive regulatory framework, that has ensured the availability of telecom services to consumers at affordable prices. The de-regulation of FDI norms have made the sector one of the fastest growing and the top five employment opportunity generator in the country.

The Government has fast-tracked reforms in the telecom sector and continues to be proactive in providing room for growth for telecom companies. The Union Cabinet approved Rs. 12,195 Crore (US\$ 1.65 billion) PLI Scheme for Telecom & Networking products under the Department of Telecommunications. In the Union Budget 2025-26, the Department of Telecommunications and IT was allocated Rs. 81,005.24 Crore (US\$ 9.27 billion). India ranks third in "Annual investment in telecommunication services" and "Domestic market size."

On the Wearables segment, the Indian market is the 3rd largest market globally & one of the fastest growing markets. India's wearable device market grew by 2.1% year-over-year (YoY) to 25.6 million units after growing by at least double digits consecutively since 2017 according to the recent data from the International Data Corporation's (IDC) India Monthly Wearable Device Tracker. The wearables market is expected to experience a more moderate growth trajectory.

Wearables market is expected to experience lucrative growth opportunities due to technological advancements and innovations. The global wearable technology market was valued at USD 61.30 billion in 2022 and is expected to expand at a Compound Annual Growth Rate (CAGR) of 14.6% from 2023 to 2030. Wearable Technology Market was valued at USD 70 billion in 2022 and is poised to grow from USD 91.5 billion in 2023 to USD 286.28 billion by 2031, growing at a CAGR of 15.2% in the forecast period (2024-2031).

The hearable market size has grown rapidly in recent years. It will grow from \$30.22 billion in 2024 to \$35.28 billion in 2025 at a CAGR of 16.8%. The growth in the historic period can be attributed to an increase in the use of infotainment devices, an increase in the adoption of smart headphones, an increase

in jack-less mobile phones, an increasing adoption rate of hearable devices and a rise in demand for miniaturized wearable electronic devices.

Further, the movement in consumer choice from wired to wireless headphones is expected to impact the industry substantially. Wireless communication via bluetooth technology has been a breakthrough for hearables. The Global Hearables market is anticipated to rise at a considerable rate during the forecast period, between 2024 and 2032. It is estimated to reach USD 143.80 billion by 2032, growing at a CAGR of 16.6% during the forecast period (2024–2032).

OPPORTUNITIES

India's telecom sector is experiencing rapid growth, driven by government policies and increasing internet penetration, positioning the country as a global digital leader. India's digital economy is set to reach 20% of national income by 2029-30, driven by IT, telecom and electronics manufacturing, with a 13.42% share expected in F.Y. 2025. India is the second-largest telecommunication market in the world with over 1203.69 million subscribers. The mobile phone market in India has grown exponentially in the past decade and with the emergence of smartphones, the growth has increased substantially.

The Indian smartphone industry and other electronics products looks fertile with new brands entering the market and making space with the existing ones. With budget phones a big hit with the educated middle class, more and more brands are jostling for space in the segment. At the same time, more expensive models are also gaining popularity. The telecom industry today is among the top five employment opportunity generators in India, creating over four million direct and indirect jobs over the next few years. Increase in smartphone sales and internet usage along with the government's efforts to increase the penetration of technology in rural regions have made this possible.

India's electronics manufacturing industry is on the roll and is perhaps the most successful example of the Government's 'Make in India' initiative. Huge domestic consumption of mobile phones and allied products and policy reforms are expected to drive domestic value addition too, which remains a concern. This can also create a demand for electronics manufacturing services specifically for the Indian mobile manufacturing industry. According to the India Brand Equity Foundation (IBEF) knowledge centre, India is today the second largest mobile phone manufacturing hub after China. At the current pace, India is expected to surpass China in the next few years as the country's mobile handset market is expected to grow nearly five times faster than the world's largest smartphone market, China, where growth has decelerated.

The Government of India has fast-tracked reforms in the manufacturer of electronics products and continues to be proactive in providing room for growth for manufacturing companies. During the last five financial years, the Government of India launched various Production Linked Incentive Scheme ("PLI Scheme") to boost domestic manufacturing and attract large investments in mobile phones, hearable and wearable manufacturing and specified electronic components. The PLI Scheme offers a production linked incentive to the manufacturer upon fulfilling of the target specified under the said scheme. The Scheme would tremendously boost the electronics manufacturing landscape and establish India at the global level in electronics sector.

The mobile, hearable and wearable manufacturing industry is very positive about the move and this scheme will help to meet the targets under National Policy on Electronics 2019 (NPE 2019). This will certainly lead to companies moving their supply chains to India. This will not only spur manufacturing but will also make India an export-led global manufacturing hub for mobile phones.

Looking ahead to 2025 and beyond, the wearables market is expected to experience a more moderate growth trajectory. Hearables remained the largest category within the wearables market and grew by 8.9% in 2024. This growth is set to continue in the coming years, driven by emerging markets and regular refresh cycles. Innovations such as open-ear designs and ongoing reductions in average selling prices (ASP) are fueling this category's expansion.

THREATS

The mobile phone and allied products' industry has become increasingly larger from last few years as a result of more affordable cellular phones as well as lower service costs. Companies are competing in an advance technology and communication sector in which success attracts customers to buy their products and services. The market is very competitive because they offer the same products and services, but has different physical attributes to the phones and different costs, which buyers have choices to choose from. Companies want to provide the best products and services to attract buyers by lowering cost and improving products, which makes the mobile phone industry very competitive. The main factors of competitive rivalry includes:

- Cost: Customers wants better products at a lower cost.
- Technology Obsolescence: Rapid advancements in mobile technology necessitate continuous innovation. Failure to keep up with technological trends such as 5G, AI, and advanced camera systems may result in loss of market share.
- Intense Market Competition: The threat of new entrants, the threat of substitute products or services and the bargaining power of suppliers.

Smart electronic devices and accessories worn on the body are prominent players in the Internet of Things (IoT). Wearables enable objects to exchange data through the Internet with a manufacturer, operator and/or other connected devices, without requiring human intervention. But, as everything is computer-related, these devices also pose security threats. The main factors of competitive rivalry for hearable and wearable sector includes:

- Increased competition can lead to reduced market share and pressure on pricing, potentially affecting profit margins.
- The Company may face significant costs related to Research and Development (R&D) to keep pace with technological innovation and consumer expectations.
- Failure to adapt to changing consumer preferences could lead to reduced sales and loss of market relevance.
- Difficulties in integrating new technologies or ensuring interoperability with other devices can impact user experience.
- Disruptions, such as those caused by geopolitical tensions or natural disasters, can affect production timelines and increase costs.

Despite the challenges mentioned above, the manufacturing and trading of mobile phones and related products continue to grow, driven by various promotional schemes introduced by the Government of India to boost electronic manufacturing within the country.

SEGMENT-WISE PERFORMANCE

The Company's standalone operations comprise of only one segment viz. Telecommunication and allied products.

During the F.Y. 2024-25, the telecommunication sector demonstrated varied performance across its segments. The mobile services segment experienced solid growth, fueled by the continued expansion of 5G networks and increased consumer demand for high-speed data. This growth was particularly notable in emerging markets where smartphone adoption remains strong.

Overall, while traditional segments faced challenges, the sector's performance was bolstered by advancements in technology and shifts in consumer and enterprise needs, leading to a generally positive outlook for F.Y. 2024-25. The Company's segment also saw positive momentum, supported by increased investments in hearable and wearable and IoT technologies. Also, the Company is continuously involved in analysing the market trends and searching for business opportunities in the market.

Further, to boost the country's manufacturing and attract large investments, the Government of India has introduced various PLI Schemes and other schemes like PMP (Phased Manufacturing Programme) for Hearable and Wearable category. The PLI and PMP Schemes are expected to drive India's transformation into a global manufacturing hub by resulting in rapid expansion of manufacturing scale by various industries and making it competitive through a robust component ecosystem which was previously lacking. Concessions in customs duty will be given by the Government to certain consumer electronic devices to promote manufacturing across wearables, hearables and specific mobile phone components.

Also, the wholly owned subsidiaries of the Company viz. Optiemus Electronics Limited ("OEL") and GDN Enterprises Private Limited ("GDN") have been selected under the PLI Scheme launched by the Ministry of Electronics and Information Technology and Department of Telecommunication, respectively. OEL has been selected for manufacturing of mobile phones & IT Products and GDN has been selected for manufacturing of Telecom and Networking Products, which will also be advantageous for the Company.

OEL has also won the prestigious award for "Best Use of Technology to Enhance Manufacturing Operations (Electronic Manufacturing)" at the 3.0 Technology Excellence Award - Manufacturing Edition 2024!

OUTLOOK

India is projected to emerge as the world's third-largest economy in the coming years, powered by robust GDP growth. The Indian electronics industry is the fastest growing in the world and India continues to add more mobile connections every month than any other country in the world. The telecom boom in the country provides great opportunity to handset manufacturers and the hottest segment for these manufacturers is the entry level segment. Mobile has become increasingly pervasive and indispensable, with consumers in the world over enthusiastically embracing its potential. For smartphone, there are 6.64 Billion-plus users. For smartwatch, the user number is estimated to amount to 229.51 million in 2027.

The total cumulative shipments of smartphones in the country are expected to reach 1.7 billion till 2026, creating a market of about USD 250 billion, of which, nearly 840 million 5G devices are expected to be sold in a span of four years. There is dominance of smartphones as the communications hub for social media, video consumption, communications, and business applications, as well as traditional voice. India is already a base for worldwide quality manufacturing of mobile phones. The sale of mobile handset has increased enormously, the inflow of FDI provided in roads for many companies which started their production in India.

India's electronics manufacturing sector is consistently evolving to make a mark globally. The need to implement fin-tech, e-health and e-learning will drive this rising demand for smartphones, which is anticipated to stimulate higher Internet adoption rates.

Hearables Market size is estimated to reach over USD 98,558.20 Million by 2031 from a value of USD 35,391.79 Million in 2023 and is projected to grow by USD 39,594.92 Million in 2031, growing at a CAGR of 13.7% from 2024 to 2031.

The global wearable technology market is experiencing significant growth. In 2024, the market was valued at USD 157.30 billion and is projected to reach USD 1,695.46 billion by 2032, with a CAGR of 34.9%.

BUSINESS REVIEW

The Company is engaged into the business of trading of telecommunication and allied products. One of its Wholly Owned Subsidiary viz. GDN is engaged into the business of manufacturing of said products and the other Wholly Owned Subsidiary viz. OEL is engaged into the business of manufacturing of telecommunication and allied products including hearable & wearable and IT hardware products.

With agile policies and an anti-fragile mind-set, India is propelling inclusive growth in the mobile sector and is steadily emerging as an ideal development model for the world. With Apple, the massive mobility firm, turning to India to manufacture its products, we are all set to foresee a humongous opportunity of growth in the mobility industry.

At OEL and GDN, we are committed towards manufacturing of high quality components, investing in research and development, enabling connectivity solutions and collaborating with mobile device manufacturers. We drive innovation, enhance user experience and propel the mobility industry forward into a future of increased connectivity and technological advancement.

Health, fitness, entertainment and gaming! Hearables & wearables continuously impact our lives by influencing our personal choices and habits. Complex, intricate functioning of microprocessors, batteries, smaller boards and batteries requires precision workmanship. Future smart wearable technology will be powered by haptic types: grasp, wear and touch. OEL is one of the pioneers in this industry, continues to partner with large organisations and provide them with end-to-end manufacturing services.

The manufacturing industry is experiencing robust growth due to growing capacity utilization, the PLI Scheme and the “Make in India” initiative. Global trends of supply chain diversification and de-risking, coupled with geopolitical tensions and fluctuating tariffs, are creating new business opportunities. As an electronics manufacturing and trading group, we are ready to enter the future tech-driven world, equipped with one of the most modern infrastructure and technology. We give our customers the best products possible through our in-house manufacturing, aiding to the government’s ‘Make in India’ initiative.

Further, during the financial year, the Company has incorporated a new Company viz. Optiemus Unmanned Systems Private Limited (“OUS”) as its Wholly Owned Subsidiary. OUS has also showcased various drones under Agriculture and Defence category. Leveraging its local expertise and infrastructure, OUS will cater to a wide range of sectors-including telecommunications, defense, homeland security and civil aviation—empowering Indian organizations with cost-effective, precise and innovative solutions tailored for spectrum analysis and monitoring.

In furtherance towards the main object, OUS has also established its partnership with some Indian and foreign Companies who are leading provider of advanced drone-based spectrum analyzers and manufacture of drones.

Further, the Joint Venture and Subsidiary of the Company viz. Bharat Innovative Glass Technologies Private Limited (“BIGTech”), is setting up its manufacturing facility at Tamil Nadu. BIGTech will be the India’s first facility to produce high-quality, finished cover-glass parts for mobile consumer electronics, helping meet growing manufacturer demand in India.

RISK AND MITIGATION FRAMEWORK

The Company identified the following major risks involved in the business of the Company:

1. Strategic Risks

Strategic risks include wide range of external and internal factors, including changes in the political landscape, challenges in organisational growth such as market penetration and globalization, technological obsolescence, loss of intellectual property, fluctuating economic conditions, competitive pressures, and the loss of key customers or suppliers affecting trade volumes. Additionally, high dependency on China for critical products/components sourcing poses a significant risk.

Mitigation

- Diversify product portfolio across brands and markets to reduce dependency on specific segments.
- Conduct periodic competitive analysis and adapt strategies to market and economic shifts.
- Strengthen IP protection and legal oversight to safeguard proprietary assets.
- Identify and develop alternate sourcing markets to reduce dependency on China.

2. Operational Risks

Operational risks arise from several areas, including revenue concentration due to a limited customer base, challenges in cost optimization, retention of skilled manpower, effective working capital and inventory management, risks of inventory obsolescence, compliance with contractual obligations, maintaining quality standards and staying aligned with evolving regulations related to import duties and taxation.

Mitigation

- Conduct monthly physical stock checks to ensure inventory accuracy and accountability at warehouses and outlets.
- Establish alternate supplier relationships to reduce dependency and ensure supply continuity.
- Conduct regular workforce planning and retention programs for key roles.

3. Financial and Reporting Risks

Liquidity constraints, forex fluctuations and commodity price changes can impact cash flow and financial stability.

Mitigation

- Introduce robust credit evaluation processes before onboarding customers and partners.
- Implement fraud detection tools and protocols for financial transactions.
- Use currency hedging strategies to manage foreign exchange risks related to imports.

4. Compliance Risks

Failure to meet regulatory requirements can lead to penalties, fines and operational restrictions.

Mitigation

- Maintain a centralized compliance calendar and reporting system to track and meet all regulatory obligations.
- Periodically update internal policies to reflect legal and regulatory changes.
- Conduct internal compliance audits and training for all relevant departments.

5. Cyber Security Risk

Cyber threats and data breaches may compromise sensitive information and disrupt operations.

Mitigation

- Deploy updated antivirus, firewall, and intrusion detection systems across all networks.
- Conduct regular cybersecurity training and awareness sessions for all employees.
- Establish an incident response team with clear protocols for data breaches.
- Regularly review and upgrade IT systems to keep pace with evolving business technology needs.

Further, for the purpose of risk identification and risk reduction, the Company has a defined self-governed risk policy and risk management & mitigation framework. Additionally, it has established the Risk Management Committee, who monitors and reviews the strategic risk management plans of the Company as a whole and provides necessary directions on the same, which evaluates the Company's performance on a regular basis in relation to the important risks arising from a dynamic business environment and identified by the management based on their vast experience and subject-matter expertise. The business also makes an effort to spot new risks that could impact its profitability and position in the market and it comes up with plans to deal with these risks as soon as possible.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has an effective internal control system commensurate with the size of its operations. At the same time, it adheres to local statutory requirements for orderly and efficient conduct of business. The Board reviews the adequacy and effectiveness of the internal control from time to time. The Board, in consultation with the Internal Auditors and Audit Committee, monitors and controls the major financial risk exposures. The Company's philosophy towards internal controls is based on the principle of healthy growth with a pro-active approach to risk management.

The Audit Committee reviews the effectiveness of the internal control system from time to time. A Whole-time Director and CFO Certificate, forming part of the Corporate Governance Report, confirm the existence and effectiveness of internal controls and reiterate their responsibilities to report deficiencies to the Audit Committee and rectify the same. The Company's Code of Conduct requires compliance with law and Company policy and also covers matters, such as financial integrity, avoiding conflicts of interest, work place behaviour, dealings with external parties and responsibilities to the community.

The Company, on a regular basis, stores and maintains all the relevant data and information as a back up to avoid any possible risk of losing important business data. A qualified and Independent Audit Committee of the Board comprising of all Independent Directors of the Company reviews the internal audit reports, adequacy of internal controls and risk management framework on quarterly basis.

CORPORATE GOVERNANCE REPORT

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Optiemus firmly believes in adopting the best Corporate Governance practices since its inception. The philosophy of the Company on Corporate Governance is to ensure transparency, accountability, integrity and equity in all its operations, provide disclosures and enhance stakeholder's value without compromising in any way on compliance with the applicable laws and regulations.

A Company can survive and sustain only by incorporating best governance practices in its way of doing business. The Company has set an objective of making it as a preferred service provider by enhancing the quality of its offerings as a part of its growth strategy and it believes in adopting sustainable 'best practices' that are followed in the area of Corporate Governance across various geographies. The Company believes that good corporate governance goes beyond good management of the Company; it includes furthering and protecting the interests of all its stakeholders including the shareholders, employees, suppliers, customers, etc. It also includes taking steps to fulfil the needs of the society where the Company is operating. Our business operations are directed and controlled by best governance practices.

The Company has always strived to promote Good Governance practices which ensure that:

- A competent management team at the helm of affairs and employees have a stable environment; and
- The Board is strong enough with good combination of Executive and Non-Executive Directors, including Independent Directors, who represent the interest of all stakeholders.

The Company is committed to benchmark itself with the best standards of Corporate Governance, not only in form but also in spirit. The Corporate Governance guidelines are in compliance with the requirements of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("**Listing Regulations**"). In its pursuit of excellence towards corporate governance, the Company has adopted the Whistle Blower Policy, Code of Conduct for its Directors and Employees, Code of conduct to regulate, monitor and report trading by designated persons and their immediate relatives.

INDEPENDENT AUDITOR'S REPORT

To the Members of Optiemus Infracom Limited

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone Ind AS financial statements of Optiemus Infracom Limited ("the Company"), which comprise the standalone balance sheet as at March 31, 2025 and the standalone statement of profit and loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of the material accounting policies and other explanatory information (hereinafter referred to as "the standalone Ind AS financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, and its profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those standards (SA's) are further described in the Auditor's Responsibilities for the Audit of the standalone Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. We have determined that there are no key audit matters to communicate in our audit report.

Information other than the standalone Ind AS financial statements and Auditor's Report thereon

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board Report including Annexures to Board Report, Business Responsibility Report, Corporate Governance and shareholders' Information, but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the standalone Ind AS financial statements

The Company's Management and Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- i. Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- ii. Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system with reference to the standalone Ind AS financial statements in place and the operating effectiveness of such controls.
- iii. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- iv. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- v. Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on other legal and regulatory requirements

1. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2015, as amended from time to time.

e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in “**Annexure A**”. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company’s internal financial controls over financial reporting.

g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i) The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements.

ii) The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.

iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

iv) a) The management has represented that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries,

b) The management has represented, that, to the best of its knowledge and belief, other than as disclosed in the notes to the accounts, no funds have been received by the company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries and

c) Based on audit procedures which we considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (iv) and (v) contain any material mis-statement.

v) The company has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.

vi) Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. (Refer note 36 to the accompanying Ind AS financial statement).

Further, during the course of our audit, we did not come across any instance of the audit trail feature being tampered with, wherein the audit trail functionality was enabled.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

Annexure “A” To the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Optiemus Infracom Limited of even date)

Report on the internal financial controls over financial reporting under clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Optiemus Infracom Limited** (“the Company”) as of March 31, 2025 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of internal financial controls over financial reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Optiemus Infracom Limited of even date)

To the best of our information and according to the explanations provided to us by the company and the books of accounts and records examined by us in the normal course of audit, we state that:

- 1) In respect of the company's property, plant & equipment and intangible assets:
 - a) (A) The company has maintained proper records showing full particulars, including quantitative details and the situation of property, plant & equipment.
 - (B) The company has no intangible assets during the financial year.
 - b) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular programme of physical verification of its property, plant and equipment by which all property, plant and equipment are verified once in every one to three years. In accordance with this programme, all property, plant and equipment were verified during the year. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noticed on such verification.
 - c) In respect of immovable properties, the company did not hold any immovable property as at the balance sheet date. Accordingly, reporting requirements under clause 3(i)(c) of the Order is not applicable.
 - d) The company has not revalued any of its property, plant & equipment and intangible assets during the year.
 - e) No proceedings have been initiated during the year or are pending against the company as at March 31, 2025, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- 2) (A) As explained to us, the inventories were physically verified during the year by the management, which, in our opinion, is reasonable with regard to the nature of the inventory and the business the company is engaged in, and no material discrepancies were noticed on physical verification.
- (B) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has not been sanctioned any working capital limits in excess of ₹5 crores, in aggregate, from any banks or financial institutions on the basis of security of current assets. Accordingly reporting requirements under clause 3(ii)(b) of the Order are not applicable.
- 3) The company has made investments in, companies, firms, Limited Liability Partnerships, and granted unsecured loans to other parties, during the year, in respect of which:
 - a) (A) The company has provided unsecured loans or advances in the nature of loans or stood guarantee, or provided security to subsidiaries, joint ventures and associates; covered in the register maintained under section 189 of the Companies Act, 2013, the aggregate amount during the year along with the balance outstanding as at the balance sheet date has been stipulated as hereunder:

	Nature	Aggregate amount during the year	Outstanding balance as at the balance sheet date

(B) The company has provided unsecured loans or advances in the nature of loans or stood guarantee, or provided security to parties other than subsidiaries, joint ventures and associates; covered in the register maintained under section 189 of the Companies Act, 2013, the aggregate amount during the year along with the balance outstanding as at the balance sheet date has been stipulated as hereunder:

	Nature	Aggregate amount during the year	Outstanding balance as at the balance sheet date
Others	Unsecured loans	Nil	2,698.20 lakhs
Others	Corporate guarantee	Nil	Nil

- b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the investments made, guarantees provided, security given and the terms and conditions of the grant of all loans and advances in the nature of loans and guarantees provided are not prejudicial to the company's interest.
- c) In respect of loans granted by the company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are generally regular.
- d) In respect of loans granted and outstanding as on the balance sheet date, no amount is overdue and hence reporting under clause 3(iii)(d) is not applicable.
- e) In our opinion, no such loan or advance in the nature of loan granted which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties.
- f) In our opinion, the company has granted loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment. The details of which has been specified below:

(Figures in INR Lakhs)

Particulars	All Parties	Promoters	Related Parties
Aggregate of Loans / advances in nature of loan

- 8) According to the information and explanations given to us and based on our examination of the records of the Company, there were no transactions relating to previously unrecorded income that were surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- 9)
 - a) In our opinion, on the basis of audit procedures and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings or in payment of interest to any lender during the year.
 - b) According to the information and explanations given to us, the Company has not been declared wilful defaulter by any bank or financial institution or other lenders.
 - c) The Company has not taken any term loan during the year and also there are no outstanding term loans as at the beginning of the year and hence, reporting under clause 3(ix)(c) of the Order is not applicable.
 - d) On an overall examination of the Ind AS financial statements of the Company, funds raised on short-term basis have, prima facie, not been utilized during the year for long-term purposes by the Company.
 - e) On an overall examination of the financial statements of the company, the company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates and joint ventures.
 - f) On the examination of the financial statements of the company we report that during the year the company has not raised any loans on the pledge of securities held in its subsidiaries, joint ventures or associate companies. Hence, reporting under clause 3(ix)(f) of the Order is not applicable.
- 10)
 - a) According to the information and explanations given to us, the Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year. Hence, the requirement to report on clause 3(x)(a) of the Order is not applicable.
 - b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has made preferential allotment of shares and share warrants during the year. The Company has complied with the requirements of Sections 42 and 62 of the Companies Act, 2013 to the extent applicable. The funds raised through such preferential allotment have been utilised for the purposes for which they were raised.
- 11)
 - a) During the course of our examination of the books and records of the Company carried out in accordance with the generally accepted auditing practices in India, we have neither come across any instance of fraud by the Company or on the Company being noticed or reported during the year, nor have we been informed of such case by the management.
 - b) According to the information and explanations given to us, no report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
 - c) As represented to us by the management, there are no whistle-blower complaints received by the Company during the year.

- 12) The company is not a Nidhi Company as per the provisions of the Companies Act, 2013. Therefore, the requirement to report on clause 3(xii) of the Order is not applicable.
- 13) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the Companies Act, 2013, where applicable, and details of such transactions have been disclosed in the Ind AS financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under section 133 of the Companies Act, 2013.
- 14) a) In our opinion, the Company has an adequate internal audit system commensurate with the size and the nature of its business.
b) We have considered internal audit reports for the year under audit, issued to the Company during the year, in determining the nature, timing and extent of our audit procedures.
- 15) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not entered into non-cash transactions with directors or persons connected with its directors.
- 16) a) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934). Accordingly, the requirement to report under clause 3(xvi)(a), (b) & (c) of the Order is not applicable.
b) There is no Core Investment Company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- 17) The company has not incurred cash losses during the current financial year and in the financial year immediately preceding the current financial year.
- 18) There has been no resignation of the statutory auditors of the Company during the year. Hence, reporting under clause 3(xviii) is not applicable.
- 19) On the basis of financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of audit report and we neither give any guarantee nor any assurance that all the liabilities falling due within a period of one year from the balance sheet date, will get discharged by the company as and when they fall due.
- 20) (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.

- (b) There is no unspent amount toward Corporate Social Responsibility (CSR) on ongoing project as at the end of the previous financial year, requiring a transfer to a Special account within a period of 30 days from the end of the said financial year in compliance with the provision of section 135(6) of the Act. Accordingly, reporting under clause 3(xx)(b) of the Order is not applicable for the year.
- 21) The reporting under clause 3(xxi) of the Order is not applicable in respect of the audit of the standalone Ind AS financial statements. Accordingly, no comment in respect of the said clause has been included in this report.

MATERIAL ACCOUNTING POLICIES AND EXPLANATORY NOTES TO THE STANDALONE IND AS FINANCIAL STATEMENTS

1. Corporate Information

Optiemus Infracom Limited ("the Company") is a public company incorporated on June 17, 1993; equity shares of the company are listed on Bombay Stock Exchange and National Stock Exchange. The Company is primarily engaged in the trading of mobile handsets and mobile accessories. The company is a public limited company incorporated and domiciled in India and has its registered office at New Delhi.

These financial statements are authorized for issue in accordance with a resolution of the board on May 26, 2025.

2. Material Accounting Policies

2.1 Basis of Preparation

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) notified under Companies (Indian Accounting Standards) Rules 2015, read with Section 133 of Companies Act 2013.

These financial statements have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

2.2 Summary of Material Accounting Policies

2.2.1 Use of Estimates

The preparation of financial statements in conformity with Ind AS recognition and measurement principles and, in particular, making the critical accounting judgments require the use of estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Management reviews its estimates on an ongoing basis using currently available information. Changes in facts and circumstances or obtaining new information or more experience may result in revised estimates, and actual results could differ from those estimates.

2.2.2 Classification of Assets and Liabilities as Current or Non-Current

The Company presents current and non-current assets, and current and non-current liabilities, as separate classifications in its statement of financial position on the basis of realization of assets.

An asset is classified as current when it is:

- expected to be realized or intended to be sold or consumed in the normal operating cycle, or
- held primarily for the purpose of trading, or
- expected to be realized within twelve months after the reporting period, or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

A liability is classified as current when:

- it is expected to be settled in the normal operating cycle, or
- it is held primarily for the purpose of trading, or
- it is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.2.3 Business combination and goodwill

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Company elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognized at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognized and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.

When the Company acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate. Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised in profit or loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Company re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition

date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Company cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

Cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit.

Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods. Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Company reports provisional amounts for the items for which the accounting is incomplete.

Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognized, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

2.2.4 Revenue Recognition

The Company derives revenues primarily from sale of mobile handsets and mobile accessories.

Sale of Products:

Revenue from sale of goods is recognized when control of the products is being sold is transferred to our customer and when there are no longer any fulfilled obligations. The performance obligations in our contracts are fulfilled at the time of dispatch, delivery or upon formal customer acceptance depending on customer terms.

Revenue is measured on the basis of contracted price, after deduction of any trade discounts, volume rebates and any taxes or duties collected on behalf of the Government such as goods and services tax, etc. Accumulated experience is used to estimate the provision for such discounts and rebates. Revenue is only recognized to the extent that it is highly probable a significant reversal will not occur.

Our customers have the contractual right to return goods only when authorized by the Company. An estimate is made of the goods that will be returned and a liability is recognized for this amount using a best estimate based on accumulated experience.

The Company uses the percentage-of-completion method in accounting for its fixed price contracts. The use of percentage-of-completion method required the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is direct relationship between input and productivity. Provision for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting period.

2.2.5 Interest Income

Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective rate, the company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension) but does not consider the expected credit losses, interest income is included in other income in the standalone financial statement of profit and loss.

2.2.6 Property, Plant and Equipment

Property, plant and equipment is recorded at cost less accumulated depreciation and impairment. Cost includes all related costs directly attributable to the acquisition or construction of the asset.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately using written down value method.

Major improvements, which add to productive capacity or extend the life of an asset, are capitalized, while repairs and maintenance are expensed as incurred. Where a property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items. The depreciation expense is recognized in the statement of profit or loss in the expense category consistent with the function of the property, plant and equipment.

Depreciation is provided for property, plant and equipment on written down value basis so as to expense the written down value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of Asset	Useful Lives
Buildings	60 years
Plant & Equipment	12 – 15 years
Computer Equipment	3 years
Vehicles	8 – 10 years
Office Equipment	5 years
Furniture and Fixtures	10 years

Property, plant and equipment under construction is recorded as capital work- in-progress until it is ready for its intended use; thereafter it is transferred to the related class of property, plant and equipment and depreciated over its estimated useful life. Interest incurred during construction is capitalized if the borrowing cost is directly attributable to the construction.

Gains or losses arising from de-recognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

The residual values and useful lives of property, plant and equipment are reviewed at each reporting date and adjusted if expectations differ from previous estimates. Depreciation methods applied to property, plant and equipment are reviewed at each reporting date and changed if there has been a significant change in the expected pattern of consumption of the future economic benefits embodied in the asset.

2.2.7 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is recognized in the statement of profit or loss when it is incurred.

The useful lives of intangible assets are assessed as finite. Intangible assets are amortized over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense is recognized in the statement of profit or loss in the expense category consistent with the function of the intangible assets.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Research and Development (R&D)

It involves specific guidelines for recognizing, measuring, and disclosing research and development costs as per the guidance of Ind AS -38 Intangible asset. Key aspects of the policy are:

a) Research Phase

Expenditure on research (or on the research phase of an internal project) shall be recognized as an expense when it is incurred. Research costs cannot be capitalized as an intangible asset. Research activities are original and planned investigation undertaken with the prospect of gaining new scientific or technical knowledge and understanding.

b) Development Phase

An intangible asset arising from the development (or from the development phase of an internal project) shall be recognized if, and only if, an entity can demonstrate all of the following:

- 1. Technical Feasibility:** The technical feasibility of completing the intangible asset so that it will be available for use or sale.
- 2. Intention to Complete:** The intention to complete the intangible asset and use or sell it.
- 3. Ability to Use or Sell:** The ability to use or sell the intangible asset.

4. **Future Economic Benefits:** How the intangible asset will generate probable future economic benefits. Among other things, the entity can demonstrate the existence of a market for the output of the intangible asset or the intangible asset itself or, if it is to be used internally, the usefulness of the intangible asset.
5. **Availability of Resources:** The availability of adequate technical, financial, and other resources to complete the development and to use or sell the intangible asset.
6. **Ability to Measure Expenditure Reliably:** The ability to measure reliably the expenditure attributable to the intangible asset during its development.

If these conditions are not met, development expenditure should be recognized as an expense when it is incurred.

2.2.8 Investment property

Recognition and Measurement

Investment properties are properties (land or buildings or both) held to earn rentals or for capital appreciation or both, rather than for:

- Use in the production or supply of goods or services or for administrative purposes, or
- Sale in the ordinary course of business

Investment properties are measured initially at cost, including transaction costs. The cost of a purchased investment property comprises its purchase price and any directly attributable expenditure (such as professional fees for legal services, property transfer taxes, and other transaction costs).

Subsequent Measurement

After initial recognition, investment properties are measured at cost less accumulated depreciation and any accumulated impairment losses. The Company uses the cost model for subsequent measurement as prescribed by Ind AS 40.

Depreciation

Depreciation on investment property is provided on a straight-line basis over the estimated useful life. The useful lives and residual values are reviewed at each reporting date and adjusted, if necessary. The useful life of buildings is determined based on the period over which they are expected to be available for use by the Company.

Transfers

Transfers to or from investment property are made when, and only when, there is a change in use, evidenced by:

- Commencement of owner-occupation, for a transfer from investment property to owner-occupied property;
- Commencement of development with a view to sale, for a transfer from investment property to inventories;
- End of owner-occupation, for a transfer from owner-occupied property to investment property; or
- Commencement of an operating lease to another party, for a transfer from inventories to investment property.

Disposal

An investment property is derecognized on disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposal. Any gain or loss arising on derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognized.

Fair Value Disclosure

The fair value of investment properties in the financial statements (based on valuation by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued) for the fair value disclosure as encouraged by Ind AS 40 has not been undertaken by the company.

Impairment

The Company assesses at each reporting date whether there is any indication that an investment property may be impaired. If any such indication exists, the Company estimates the recoverable amount of the investment property. An impairment loss is recognized for the amount by which the carrying amount of the investment property exceeds its recoverable amount.

Presentation and Disclosure

Investment properties are presented as a separate line item in the balance sheet. Detailed disclosures about investment properties are made in accordance with Ind AS 40, including the amounts recognized in profit or loss, restrictions on the realizability of investment property, and contractual obligations to purchase, construct, or develop investment properties or for repairs, maintenance, or enhancements.

2.2.9 Impairment of Assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit (CGU)'s fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or company of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecasts which are prepared separately for each of the Company's CGU to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. A long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses are recognized in the statement of profit or loss in those expense categories consistent with the function of the impaired asset.

2.2.10 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss, fair value through OCI or at amortized cost as appropriate. The Company determines the classification of its financial assets at initial recognition.

All financial assets are recognised initially at fair value plus, in the case of assets not at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

The Company has the following financial assets in its statement of financial position

- Investments
- Cash
- Bank Balances
- Trade Receivables
- Loans

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as described below:

Financial assets at FVTPL or FVTOCI

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held-for-trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value through profit and loss are carried in the statement of financial position at fair value with net changes in fair value presented as finance income (positive net changes in fair value) or finance costs (negative net changes in fair value) in the statement of profit or loss. The Company has not designated any financial assets upon initial recognition as at fair value through profit or loss.

If the company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the company may transfer the cumulative gain or loss within equity.

Financial assets at amortised cost

This category is the most relevant to the Company. All Trade and Other Receivables, Loans and Advances fall under this category. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR.

The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss in finance costs for loans and in cost of sales or other operating expenses for receivables. This category generally applies to trade and other receivables.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a company of similar financial assets) is derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement, and either the Company has transferred substantially all the risks and rewards of the asset or transferred control of the asset.

Impairment of Financial Assets

The objective of the company in recognising the impairment allowance is to recognise lifetime expected credit losses for all financial instruments for which there have been significant increases in credit risk since initial recognition — whether assessed on an individual or collective basis - considering all reasonable and supportable information, including that which is forward-looking.

Credit Losses are the difference between all contractual cash flows that are due to the company in accordance with the contract and all the cash flows that the company expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). Expected Credit Losses are the weighted average of credit losses with the respective risks of a default occurring as the weights.

The Company recognises a loss allowance for expected credit losses on a financial asset that is measured at amortized cost at each reporting date, at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. When making the assessment, the company uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the company compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and consider reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if it is determined to have low credit risk at the reporting date.

If, at the reporting date, the credit risk on a financial instrument has not increased significantly since initial recognition, the company measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. For Trade receivables the company always measure the loss allowance at an amount equal to lifetime expected credit losses.

Evidence of impairment may include indications that the debtors or a company of debtors

is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost, the Company first assesses whether impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Company determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a company of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The Company measures expected credit losses of a financial instrument in a way that reflects an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes, the time value of money; and the reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the statement of profit or loss. Interest income continues to be accrued on the gross carrying amount using the effective rate of interest unless the financial instrument is credit-impaired in which case the interest income is recognised on reduced carrying amount. The interest income is recorded as part of finance revenue in the statement of profit or loss.

Loans, together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Company. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to profit or loss.

ii. Financial Liabilities

The Company has the following financial liabilities in its statement of financial position

- Lease liability
- Trade payables
- Other financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as follows:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held-for-trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held-for-trading if they are acquired for the purpose of selling in the near term. Gains or losses on liabilities held-for-trading are recognised in the statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS109 are satisfied. The Company has not designated any financial liabilities as at fair value through profit or loss.

Financial liabilities at amortised cost

This is the category most relevant to the Company. After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate method (EIR) amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit or loss.

This category generally applies to notes payable, short-term loans and overdrafts.

iii. Offsetting of financial instruments

Financial assets and financial liabilities are offset with the net amount reported in the consolidated statement of financial position only if there is a current enforceable legal right to offset the recognised amounts and an intent to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

iv. Fair Value of Financial Instruments

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the financial instruments are not materially different at the reporting date.

2.2.11 Cash and Bank Balances

Cash and Bank Balances in the statement of financial position comprise cash at banks and on hand and fixed deposits with banks, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash at bank and on hand and short-term deposits with original maturity of less than 3 months, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

2.2.12 Leases

Company as a lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the shorter of the end of the useful life of the right-of-use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, and the Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in substance fixed payments; the lease liability is measured at amortised cost using the effective interest method.

The Company uses number of practical expedients when applying Ind AS 116: - Short-term leases, leases of low-value assets and single discount rate.

The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low value assets. The company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term. The company applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.

The Company's leases mainly comprise land and buildings and Plant and equipment. The Company leases land and buildings for warehouse facilities. The Company also has leases for equipment.

Company as lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

2.2.13 Borrowing Cost

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur.

2.2.14 Provisions

General provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Company expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement. If the effect

of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

2.2.15 Employee Benefits

Employee benefits are all forms of consideration given by the company in exchange for service rendered by employees. Employee benefits includes short-term employee benefits, post-employment benefits and other long-term employee benefits.

Short Term Employee Benefits

When an employee has rendered service to the company during an accounting period, the company recognises the undiscounted amount of short-term employee benefits expected to be paid in exchange for that service as a liability (accrued expense), after deducting any amount already paid as an expense. Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

Defined Contribution Plan

Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

When an employee has rendered service during the year, the company recognises the contribution payable to a defined contribution plan in exchange for that service as a liability (accrued expense) and as an expense.

Defined Benefit Plan

Defined benefit plans are those plans that provide guaranteed benefits to certain categories of employees, either by way of contractual obligations or through a collective agreement.

The company operates funded defined benefit plan. The cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at each fiscal year end. The obligation recognized in the consolidated statements of financial position represents the present value of the defined benefit obligation.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension obligation. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income in the period in which they arise.

Current service cost, which is the increase of the present value of the defined benefit obligation resulting from the employee service in the current period, is recorded as an expense as part of cost of sales and selling, general and administrative expenses in the statement of profit and loss. The interest cost, which is the change during the period in the defined benefit liability that arises from the passage of time, is recognized as part of financing costs in the statement of profit and loss.

2.2.16 Employee Stock Option Plan (ESOP)

The company recognizes compensation expense relating to share-based payments in the net profit based on estimated fair-values of the awards on the grant date. The estimated fair value of awards is recognized as an expense in the statement of profit and loss on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding account.

2.2.17 Dividend

The final dividend on shares is recorded as a liability on the date of approval by the shareholders and Interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors. Income tax consequences of dividends on financial instruments classified as equity will be recognized according to where the entity originally recognized those past transactions or events that generated distributable profits.

The company declares and pays dividends in Indian Rupees. Companies are required to pay/distribute dividend after deducting applicable taxes. The remittance of dividends outside India is governed by Indian law on foreign exchange and is also subject to withholding tax at applicable rates.

2.2.18 Foreign Currencies

The Company's financial statements are presented in Indian Rupees (INR), which is also the company's functional currency. Transactions in foreign currencies are initially recorded by the Company at the functional currency spot rate at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency spot rate of exchange ruling at the reporting date. Differences arising on settlement or translation of monetary items are recognized in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary measured at fair value is treated in line with the recognition of gain or loss on change in fair value in the item.

2.2.19 Income Tax

Tax expense comprises of current tax and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred Tax Expense or Income arises due to temporary differences are differences between the carrying amount of an asset or liability in the statement of financial position and its tax base. Temporary differences may be either taxable temporary differences, which are temporary differences that will result in taxable amounts in determining taxable profit (tax loss) of future periods when the carrying amount of the asset or liability is recovered or settled or deductible temporary differences, which are temporary differences that will result in amounts that are deductible in determining taxable profit (tax loss) of future periods when the carrying amount of the asset or liability is recovered or settled. A deferred

tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. A deferred tax liability is recognised for all taxable temporary differences.

2.2.20 Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- i. **Raw materials and Stores and spares:** cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.
- ii. **Finished goods and work in progress:** cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on first in, first out basis.
- iii. **Traded goods:** cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.2.21 Segment Reporting

Identification of segments

The Company's operating business are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products/services. The Company operates in two geographical segments: Domestic and International markets.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole.

2.2.22 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.2.23 Contingent Liabilities

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

2.3 Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) notifies new Indian Accounting Standards or amendments to the existing Indian Accounting Standards. There is no such notification by MCA in this regard which would have been applicable on the company from April 01, 2024.

28. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainties about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements:

Taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

The Company reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy for the same is explained in Note No. 2.2.19.

Useful life of property, plant and equipment

The Company reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. The policy for the same is explained in Note No. 2.2.6.

Provisions and contingent liabilities

A provision is recognised when the Company has a present obligation as a result of past event if it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

Defined Benefit Plans (Gratuity Benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in Note No. 30.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Carrying value and approximate fair values of financial instruments are same.

Revenue recognition

The Company uses the percentage-of-completion method in accounting for its fixed price contracts. The use of percentage-of-completion method required the Company to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is direct relationship between input and productivity. Provision for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting period. The policy for the same is explained in Note 2.2.4.

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities expose it to a variety of financial risks : market risk, credit risk and liquidity risk. The primary market risk to the Company is foreign exchange risk. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

Market Risk

The Company is exposed to foreign exchange risk through its sales and services outside India, and purchases and services from overseas suppliers in various foreign currencies. The exchange rate between the rupee and foreign currencies may fluctuate substantially in the future. Consequently, the results of the Company's operations are adversely affected as the rupee appreciates / depreciates against these currencies.

The foreign currency risks from financial instruments as of March 31, 2025 were as follows :

The foreign currency forward contracts	Currency	Amount in foreign currency	Amount (₹ in Lakhs)
Export Receivable	USD	-	-
Advance given to vendor	USD	-	-

The foreign currency risks from financial instruments as of March 31, 2024 were as follows :

The foreign currency forward contracts	Currency	Amount in foreign currency	Amount (₹ in Lakhs)
Export Receivable	USD	26,392.68	21.99
Advance given to vendor	EURO	691.00	0.62

Quantitative Information of Foreign Exchange Instruments Outstanding as at the Balance Sheet Date

The foreign currency risks from financial instruments as of March 31, 2025 were as follows :

The foreign currency forward contracts	Currency	Amount in foreign currency	Amount (₹ in Lakhs)
As on March 31, 2025	USD/EURO	Nil	Nil
As on March 31, 2024	USD/EURO	Nil	Nil
As on March 31, 2023	USD	Nil	Nil

Credit Risk

Credit risk refers to the risk of default in its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from unsecured trade receivables amounting to ₹ 28,515.81 Lakhs and ₹19,264.95 Lakhs as of March 31, 2025 and March 31, 2024 respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers located primarily in India. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business.

Credit risk on cash and cash equivalents is limited as the Company generally invest in deposits with banks and financial institutions with high credit ratings. Investments primarily include investment in deposits with banks.

Liquidity Risk

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Company has no outstanding bank borrowings. The Company believes that the working capital is sufficient to meet its current requirements.

30. POST EMPLOYMENT BENEFIT PLANS: GRATUITY

The Company has a funded defined benefit gratuity plan.

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

(e) Due to its defined benefit plans, the company is exposed to the following significant risks:

Changes in bond yields - A decrease in bond yields will increase plan liability.

Salary risk - The present value of the defined benefit plans liability is calculated by reference to the future salaries of the plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

(f) Principal actuarial assumptions used as at the end of the reporting period

Particulars	March 31, 2025	March 31, 2024

(g) Sensitivity analysis of the defined benefit obligation
(₹ in Lakhs)

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
a) Impact of the change in discount rate		
Present value of obligation at the end of the period		
Impact due to increase of 1 %	73.99	73.71
Impact due to decrease of 1 %	79.59	79.97
b) Impact of the change in salary increase		
Present value of obligation at the end of the period		
Impact due to increase of 1 %	79.59	79.98
Impact due to decrease of 1 %	73.95	73.65

- The estimates of rate of escalation in salary considered in actuarial valuation are after taking into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. However, no explicit allowance is used for disability. The above information is as certified by the actuary.
- Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for estimated term of the obligations.
- The sensitivity analysis above may not be representative of the actual change in the defined benefit obligation as it is unlikely that change in assumption would occur in isolation of one another as some assumptions may be correlated.
- The methods and type of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

INDEPENDENT AUDITOR'S REPORT

To the Members of Optiemus Infracom Limited

Report on the Audit of the Consolidated Ind AS Financial Statements

Opinion

We have audited the accompanying consolidated Ind AS financial statements of **Optiemus Infracom Limited** (herein after referred as “the Holding company”), its subsidiaries (the Holding company and its subsidiaries together referred to as “the Group”) and its associates which comprise the Consolidated Balance Sheet as at March 31, 2025, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the consolidated Ind AS financial statements”).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financials statements and on the other financial information of the subsidiaries, the aforesaid consolidated Ind AS financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, their consolidated profit including other consolidated comprehensive income, their consolidated cash flows and the consolidated statement of changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Ind AS Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated Ind AS financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Ind AS financial statements of the current period. We have determined that there are no key audit matters to communicate in our audit report.

Other Information

The Holding Group’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Business Responsibility Report, Corporate Governance and Shareholder’s Information, but does not include the consolidated Ind AS financial statements and our auditor’s report thereon.

Our opinion on the consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Ind AS Financial Statements

The Holding Group's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated Ind AS financial performance, consolidated total comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit

procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Group, has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the consolidated Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

1. We did not audit the financial statements and other financial information, in respect of the subsidiaries, whose Ind AS financial statements include total assets of **₹ 78,289.56 Lakhs** as at March 31, 2025, and total revenues of **₹ 1,29,846.63 Lakhs** and net cash outflow of **₹ 8,631.43 Lakhs** for the year ended on that date. These Ind AS financial statements and other financial information have been audited* by other auditor, whose financial statements, other financial information and auditor's report have been furnished to us by the management.

Our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiaries, and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report of such other auditor.

Our opinion above on the consolidated Ind AS financial statements, and our report on other legal and regulatory requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

**includes an unaudited subsidiary (i.e. M/s. Bharat Innovative Glass Technologies Private Limited) incorporated w.e.f. October 04, 2023.*

One of the Subsidiary “Optiemus Infracom (Singapore) Pte. Ltd.” is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in that country and which have been audited by other auditor under generally accepted auditing standards applicable in that country. The Holding Company’s management has converted the financial statements of subsidiary located outside India from accounting principles generally accepted in that country to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company’s management. Our opinion in so far as it relates to the balances and affairs of subsidiary located outside India is based on the report of other auditor and conversion prepared by the management of the Holding Company and audited by us.

The consolidated financial statements also include the Group’s share of the net profit of **₹ 333.60 Lakhs** for the year ended March 31, 2025, in respect of Associates. This financial statements/financial information have been audited by other auditors whose report have been furnished to us, and our opinion on the consolidated annual financial statements to the extent they have been derived from such annual financial statements is based solely on the report of such auditor.

2. In respect of wholly owned subsidiary i.e. M/s. Optiemus Electronics Limited, the auditor has included under “Other matter” paragraph in its audit report dated May 23, 2025, regarding the non-confirmation of certain party balances. These balances have been recorded at their book values in the absence of confirmations. Consequently, any adjustments, if required, will be accounted for upon settlement, reconciliation, or finalisation of these balances with the respective parties.
3. In respect of wholly owned subsidiary i.e. M/s. Optiemus Electronics Limited, the auditor has included under “Other matter” paragraph in its audit report dated May 23, 2025, the company maintains its books of account in an ERP system which does not have a standard module for directly providing details of closing inventory and its valuation. However, we have carried out a physical verification of inventory on a sample basis and did not observe any material discrepancies in quantities. For the purpose of reporting as at March 31, 2025, we have placed reliance on the management’s physical verification of 100% of the inventory in respect of both quantity and valuation.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books.
 - c) The consolidated balance Sheet, the consolidated Statement of Profit and Loss including consolidated other Comprehensive Income, consolidated statement of Changes in Equity and the consolidated statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements.

- d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors of the Holding Group and its subsidiaries incorporated in India and the reports of the statutory auditors of the subsidiary companies incorporated in India, none of the directors of the Group is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting with reference to these Consolidated Financial Statements of the Holding Group and its subsidiaries, associate, refer to our separate Report in “**Annexure A**” which is based on the auditor’s reports of the Holding Group and its subsidiary companies incorporated in India.
- g) With respect to the other matters to be included in the Auditor’s Report in accordance with the requirements of section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Group, its subsidiaries and associate to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Consolidated Ind AS financial statement disclosed the impact of pending litigations on the consolidated financial position of the Group.
 - ii. The Group has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
 - iii. The Holding Group, its subsidiaries and associate is not required to transfer any amount to the Investor Education and Protection Fund.
 - iv. (a) The management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Group to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Group (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Group from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Group shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The group has not declared or paid any dividend during the year in contravention of the provisions of section 123 of the Companies Act, 2013.
 - vi. Based on our examination and that of the component auditors, which included test checks, the Group has used accounting softwares for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year (except for wholly owned subsidiary i.e. M/s Optiemus Electronics Limited in respect of which audit trail was not active throughout the year) for all relevant transactions recorded in the softwares. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the central government in terms of Section 143(11) of the Act, we give "**Annexure B**" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure “A” To the Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Optiemus Infracom Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Optiemus Infracom Limited** (“the Holding Group”) which includes its subsidiaries and associate as of March 31, 2025, in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Holding Group and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Group’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Group, its subsidiary companies and associate, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Group and its subsidiary companies, which are companies incorporated in India.

Meaning of Internal Financial Controls over Financial Reporting

A Group’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group’s internal financial control over financial reporting includes those policies and procedures that:

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group;
- (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorizations of management and directors of the Group; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Group's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Holding Group, its subsidiary companies and associate, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matter

Our report under Section 143(3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting with reference to these consolidated Ind AS financial statements of the Holding Company, in so far as it relates to the subsidiary, is based on the corresponding report of the auditors of such subsidiary.

ANNEXURE 'B' TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report to the members of Optiemus Infracom Limited of even date)

To the best of our information and according to the explanations provided to us by the company and the books of accounts and records examined by us in the normal course of audit, we state that:

1. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, according to the information and explanations given to us, based on the CARO report issued by us for the company and CARO reports issued by other auditors of the subsidiary companies included in the consolidated financial statements of the Company, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports.

MATERIAL ACCOUNTING POLICIES AND EXPLANATORY NOTES TO THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

1. Corporate Information

Optiemus Infracom Limited (“the Company” or “Optiemus”) is a public company incorporated on June 17, 1993; equity shares of the company are listed on Bombay Stock Exchange and National Stock Exchange. The Company is primarily engaged in the trading of mobile handsets and mobile accessories. The Company is a public limited company incorporated and domiciled in India and has its registered office at New Delhi.

Optiemus together with its subsidiaries and associates is hereinafter referred to as “the Group”.

The Group is primarily engaged in the trading and manufacturing of mobile handset and mobile accessories. Manufacturing is majorly restricted for third party brands.

The Group’s consolidated financial statements are approved for issue by the Company’s Board of Directors on May 26, 2025.

2. Material Accounting Policies

2.1 Basis of Preparation

Group consolidates entities which it owns or controls. The consolidated financial statements comprise the financial statements of the Holding Company, its controlled subsidiaries and associate as disclosed in Note 34. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability to direct relevant activities, those which significantly affect the entity’s returns. Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements of the group companies are consolidated on a line-by-line basis and intra group balances and transactions including unrealized gain / loss from such transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the Group. Non-controlling interests which represent part of the net profit or loss and net assets of subsidiaries that are not, directly or indirectly, owned or controlled by the Holding company, are excluded.

2.2 Summary of Material Accounting Policies

2.2.1 Use of Estimates

The preparation of financial statements in conformity with Ind AS recognition and measurement principles and, in particular, making the critical accounting judgments require the use of estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Management reviews its estimates on an ongoing basis using currently available information. Changes in facts and circumstances or obtaining new information or more experience may result in revised estimates, and actual results could differ from those estimates.

2.2.2 Classification of Assets and Liabilities as Current or Non-Current

The Group presents current and non-current assets, and current and non-current liabilities, as separate classifications in its statement of financial position on the basis of realization of assets.

An asset is classified as current when it is:

- expected to be realized or intended to be sold or consumed in the normal operating cycle, or
- held primarily for the purpose of trading, or

- expected to be realized within twelve months after the reporting period, or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

A liability is classified as current when:

- it is expected to be settled in the normal operating cycle, or
- it is held primarily for the purpose of trading, or
- it is due to be settled within twelve months after the reporting period, or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are classified as non-current assets and liabilities.

2.2.3 Business combination and goodwill

In accordance with Ind AS 101 provisions related to first time adoption, the Group has elected to apply Ind AS accounting for business combinations prospectively from 1st April 2016. As such, Indian GAAP balances relating to business combinations entered into before that date, including goodwill, have been carried forward with minimal adjustment.

Business combinations are accounted for using the acquisition method. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognized at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognized and measured in accordance with Ind AS 12 Income Tax and Ind AS 19 Employee Benefits respectively.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate. Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised in profit or loss. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognized for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit.

Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods. Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete.

Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognized, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

2.2.4 Investment in Associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The considerations made in determining whether significant influence is similar to those necessary to determine control over the subsidiaries.

The Group's investments in its associate are accounted for using the equity method. Under the equity method, the investment in an associate is initially recognized at cost. The carrying amount of the investment is adjusted to recognize changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The statement of profit and loss reflects the Group's share of the results of operations of the associate. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognized directly in the equity of the associate, the Group recognizes its share of any changes, when applicable, in the statement of changes in equity. Unrealized gains and losses resulting from transactions between the Group and the associate are eliminated to the extent of the interest in the associate or joint venture.

If an entity's share of losses of an associate equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the entity discontinues recognizing its share of further losses. Additional losses are recognized only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate. If the associate subsequently reports profits, the entity resumes recognizing its share of those profits only after its share of the profits equals the share of losses not recognized.

The aggregate of the Group's share of profit or loss of an associate is shown on the face of the statement of profit and loss.

The financial statements of the associate are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognize an impairment loss on its investment in its associate. At each reporting date, the Group determines whether there is objective evidence that the investment in the associate is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognizes the loss as 'Share of profit of an associate' in the statement of profit or loss.

Upon loss of significant influence over the associate over the joint venture, the Group measures and recognizes any retained investment at its fair value. Any difference between the carrying amount of the associate upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognized in profit or loss.

2.2.5 Revenue Recognition

The Group derives revenues primarily from sale of mobile handsets and mobile accessories and job work for third parties.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Group expects to receive in exchange for those products or services.

- Revenue from time and material and job contracts is recognised on output basis measured by units delivered, efforts expended, number of transactions processed, etc.
- Revenue related to fixed price maintenance and support services contracts where the Group is standing ready to provide services is recognised based on time elapsed mode and revenue is straight lined over the period of performance.
- In respect of other fixed-price contracts, revenue is recognised using percentage-of-completion method ('POC method') of accounting with contract costs incurred determining the degree of completion of the performance obligation. The contract costs used in computing the revenues include cost of fulfilling warranty obligations.

Revenue is measured based on the transaction price, which is the consideration, adjusted for volume discounts, service level credits, performance bonuses, price concessions and incentives, if any, as specified in the contract with the customer. Revenue also excludes taxes collected from customers.

Revenue from subsidiaries is recognised based on transaction price which is at arm's length.

Contract assets are recognised when there is excess of revenue earned over billings on contracts. Contract assets are classified as unbilled receivables (only act of invoicing is pending) when there is unconditional right to receive cash, and only passage of time is required, as per contractual terms.

Unearned and deferred revenue ("contract liability") is recognised when there are billings in excess of revenues.

The billing schedules agreed with customers include periodic performance-based payments and / or milestone-based progress payments. Invoices are payable within contractually agreed credit period.

In accordance with Ind AS 37, the Group recognises an onerous contract provision when the unavoidable costs of meeting the obligations under a contract exceed the economic benefits to be received.

Contracts are subject to modification to account for changes in contract specification and requirements. The Group reviews modification to contract in conjunction with the original contract, basis which the transaction price could be allocated to a new performance obligation, or transaction price of an existing obligation could undergo a change. In the event transaction price is revised for existing obligation, a cumulative adjustment is accounted for.

The Group disaggregates revenue from contracts with customers by industry verticals, geography and nature of services.

Use of significant judgements in revenue recognition

- The Group's contracts with customers could include promises to transfer multiple products and services to a customer. The Group assesses the products / services promised in a contract and identifies distinct performance obligations in the contract. Identification of distinct performance obligation involves judgement to determine the deliverables and the ability of the customer to benefit independently from such deliverables.
- Judgement is also required to determine the transaction price for the contract. The transaction price could be either a fixed amount of customer consideration or variable consideration with elements such as volume discounts, service level credits, performance bonuses, price concessions and incentives. The transaction price is also adjusted for the effects of the time value of money if the contract includes a significant financing component. Any consideration payable to the customer is adjusted to the transaction price, unless it is a payment for a distinct product or service from the customer. The estimated amount of variable consideration is adjusted in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur and is reassessed at the end of each reporting period. The Group allocates the elements of variable considerations to all the performance obligations of the contract unless there is observable evidence that they pertain to one or more distinct performance obligations.
- The Group uses judgement to determine an appropriate standalone selling price for a performance obligation. The Group allocates the transaction price to each performance obligation on the basis of the relative standalone selling price of each distinct product or service promised in the contract. Where standalone selling price is not observable, the Group uses the expected cost plus margin approach to allocate the transaction price to each distinct performance obligation.
- The Group exercises judgement in determining whether the performance obligation is satisfied at a point in time or over a period of time. The Group considers indicators such as how customer consumes benefits as services are rendered or who controls the asset

as it is being created or existence of enforceable right to payment for performance to date and alternate use of such product or service, transfer of significant risks and rewards to the customer, acceptance of delivery by the customer, etc.

- Revenue for fixed-price contract is recognised using percentage-of-completion method. The Group uses judgement to estimate the future cost-to-completion of the contracts which is used to determine the degree of completion of the performance obligation.

2.2.6 Interest Income

Interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset. When calculating the effective rate, the group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension) but does not consider the expected credit losses, interest income is included in other income in the consolidated financial statement of profit and loss.

2.2.7 Property, Plant and Equipment

Property, plant and equipment is recorded at cost less accumulated depreciation and accumulated impairment. Cost includes all related costs directly attributable to the acquisition or construction of the asset.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately using written down value method.

Major improvements, which add to productive capacity or extend the life of an asset, are capitalized, while repairs and maintenance are expensed as incurred. Where a property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items. The depreciation expense is recognized in the statement of profit or loss in the expense category consistent with the function of the property, plant and equipment.

Depreciation is provided for property, plant and equipment on written down value basis so as to expense the written down value over their estimated useful lives based on a technical evaluation. The estimated useful lives and residual values are reviewed at the end of each reporting period, with the effect of any change in estimate accounted for on a prospective basis.

The estimated useful lives are as mentioned below:

Type of Asset	Useful Lives
Buildings	60 years
Plant & Equipment	12 – 15 years
Computer Equipment	3 years
Vehicles	8 – 10 years
Office Equipment	5 years
Furniture and Fixtures	10 years

Property, plant and equipment under construction is recorded as capital work- in-progress until it is ready for its intended use; thereafter it is transferred to the related class of property, plant and equipment and depreciated over its estimated useful life. Interest incurred during construction is capitalized if the borrowing cost is directly attributable to the construction.

Gains or losses arising from de-recognition of a property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

The residual values and useful lives of property, plant and equipment are reviewed at each reporting date and adjusted if expectations differ from previous estimates. Depreciation methods applied to property, plant and equipment are reviewed at each reporting date and changed if there has been a significant change in the expected pattern of consumption of the future economic benefits embodied in the asset.

2.2.8 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is recognized in the statement of profit or loss when it is incurred.

The useful lives of intangible assets are assessed as finite. Intangible assets are amortized over their useful economic lives and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are accounted for by changing the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense is recognized in the statement of profit or loss in the expense category consistent with the function of the intangible assets.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit or loss when the asset is derecognized.

Research and Development (R&D)

It involves specific guidelines for recognizing, measuring, and disclosing research and development costs as per the guidance of Ind AS -38 Intangible asset. Key aspects of the policy are:

a) Research Phase

Expenditure on research (or on the research phase of an internal project) shall be recognized as an expense when it is incurred. Research costs cannot be capitalized as an intangible asset. Research activities are original and planned investigation undertaken with the prospect of gaining new scientific or technical knowledge and understanding.

b) Development Phase

An intangible asset arising from the development (or from the development phase of an internal project) shall be recognized if, and only if, an entity can demonstrate all of the following:

- 1. Technical Feasibility:** The technical feasibility of completing the intangible asset so that it will be available for use or sale.
- 2. Intention to Complete:** The intention to complete the intangible asset and use or sell it.
- 3. Ability to Use or Sell:** The ability to use or sell the intangible asset.
- 4. Future Economic Benefits:** How the intangible asset will generate probable future economic benefits. Among other things, the entity can demonstrate the existence of a market for the output of the intangible asset or the intangible asset itself or, if it is to be used internally, the usefulness of the intangible asset.
- 5. Availability of Resources:** The availability of adequate technical, financial, and other resources to complete the development and to use or sell the intangible asset.
- 6. Ability to Measure Expenditure Reliably:** The ability to measure reliably the expenditure attributable to the intangible asset during its development.

If these conditions are not met, development expenditure should be recognized as an expense when it is incurred.

2.2.9 Investment Property

Recognition and Measurement

Investment properties are properties (land or buildings or both) held to earn rentals or for capital appreciation or both, rather than for:

- Use in the production or supply of goods or services or for administrative purposes, or
- Sale in the ordinary course of business.

Investment properties are measured initially at cost, including transaction costs. The cost of a purchased investment property comprises its purchase price and any directly attributable expenditure (such as professional fees for legal services, property transfer taxes, and other transaction costs).

Subsequent Measurement

After initial recognition, investment properties are measured at cost less accumulated depreciation (if any) and any accumulated impairment losses (if any). The Group uses the cost model for subsequent measurement as prescribed by Ind AS 40.

Depreciation

Depreciation on investment property is provided on a straight-line basis over the estimated useful life. The useful lives and residual values are reviewed at each reporting date and adjusted, if necessary. The useful life of buildings is determined based on the period over which they are expected to be available for use by the Group.

Transfers

Transfers to or from investment property are made when, and only when, there is a change in use, evidenced by:

- Commencement of owner-occupation, for a transfer from investment property to owner-occupied property;
- Commencement of development with a view to sale, for a transfer from investment property to inventories;
- End of owner-occupation, for a transfer from owner-occupied property to investment property; or
- Commencement of an operating lease to another party, for a transfer from inventories to investment property.

Disposal

An investment property is derecognized on disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposal. Any gain or loss arising on de-recognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognized.

Fair Value Disclosure

The fair value of investment properties in the financial statements (based on valuation by an independent valuer who holds a recognised and relevant professional qualification and has recent experience in the location and category of the investment property being valued) for the fair value disclosure as encouraged by Ind AS 40 has not been undertaken by the group.

Impairment

The Group assesses at each reporting date whether there is any indication that an investment property may be impaired. If any such indication exists, the Group estimates the recoverable

amount of the investment property. An impairment loss is recognized for the amount by which the carrying amount of the investment property exceeds its recoverable amount.

Presentation and Disclosure

Investment properties are presented as a separate line item in the balance sheet. Detailed disclosures about investment properties are made in accordance with Ind AS 40, including the amounts recognized in profit or loss, restrictions on the realizability of investment property, and contractual obligations to purchase, construct, or develop investment properties or for repairs, maintenance, or enhancements.

2.2.10 Impairment of Assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit (CGU)'s fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecasts which are prepared separately for each of the Group's CGU to which the individual assets are allocated. These budgets and forecast calculations are generally covering a period of five years. A long-term growth rate is calculated and applied to project future cash flows after the fifth year.

Impairment losses are recognized in the statement of profit or loss in those expense categories consistent with the function of the impaired asset.

2.2.11 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as financial assets at fair value through profit or loss, fair value through OCI or at amortized cost as appropriate. The Group determines the classification of its financial assets at initial recognition.

All financial assets are recognised initially at fair value plus, in the case of assets not at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

The Group has the following financial assets in its statement of financial position

- Investments
- Cash
- Bank Balances
- Trade Receivables
- Loans

Subsequent measurement

The subsequent measurement of financial assets depends on their classification as described below:

Financial assets at FVTPL or FVTOCI

Financial assets at fair value through profit or loss include financial assets held for trading and financial assets designated upon initial recognition at fair value through profit or loss. Financial assets are classified as held-for-trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets at fair value through profit and loss are carried in the statement of financial position at fair value with net changes in fair value presented as finance income (positive net changes in fair value) or finance costs (negative net changes in fair value) in the statement of profit or loss. The Group has not designated any financial assets upon initial recognition as at fair value through profit or loss.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Financial assets at amortised cost

This category is the most relevant to the Group. All Trade and Other Receivables, Loans and Advances fall under this category. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method, less impairment. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the statement of profit or loss. The losses arising from impairment are recognised in the statement of profit or loss in finance costs for loans and in cost of sales or other operating expenses for receivables. This category generally applies to trade and other receivables.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is derecognised when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement, and either the Group has transferred substantially all the risks and rewards of the asset or transferred control of the asset.

Impairment of Financial Assets

The objective of the Group in recognising the impairment allowance is to recognise lifetime expected credit losses for all financial instruments for which there have been significant increases in credit risk since initial recognition — whether assessed on an individual or collective basis — considering all reasonable and supportable information, including that which is forward-looking.

Credit Losses are the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets). Expected Credit Losses are the weighted average of credit losses with the respective risks of a default occurring as the weights.

The Group recognises a loss allowance for expected credit losses on a financial asset that is measured at amortized cost at each reporting date, at an amount equal to the lifetime expected credit losses if the credit risk on that financial instrument has increased significantly since initial recognition. When making the assessment, the Group uses the change in the risk of a default occurring over the expected life of the financial instrument instead of the change in the amount of expected credit losses. To make that assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and consider reasonable and supportable information, that is available without undue cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Group assumes that the credit risk on a financial instrument has not increased significantly since initial recognition if it is determined to have low credit risk at the reporting date.

If, at the reporting date, the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. For Trade receivables the Group always measure the loss allowance at an amount equal to lifetime expected credit losses.

Evidence of impairment may include indications that the debtors or a Group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

For financial assets carried at amortised cost, the Group first assesses whether impairment exists individually for financial assets that are individually significant, or collectively for financial assets that are not individually significant. If the Group determines that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, it includes the asset in a Group of financial assets with similar credit risk characteristics and collectively assesses them for impairment. Assets that are individually assessed for impairment and for which an impairment loss is, or continues to be, recognised are not included in a collective assessment of impairment.

The Group measures expected credit losses of a financial instrument in a way that reflects an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes, the time value of money; and the reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in the statement of profit or loss. Interest income continues to be accrued on the gross carrying amount using the effective rate of interest unless the financial instrument is credit-impaired in which case the interest income is recognised on reduced carrying amount. The interest income is recorded as part of finance revenue in the statement of profit or loss.

Loans, together with the associated allowance are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Group. If, in a subsequent year, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a write-off is later recovered, the recovery is credited to profit or loss.

ii. Financial Liabilities

The Group has the following financial liabilities in its statement of financial position

- Borrowings
- Trade payables
- Other Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as follows:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held-for-trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held-for-trading if they are acquired for the purpose of selling in the near term. Gains or losses on liabilities held-for-trading are recognised in the statement of profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in Ind AS-109 are satisfied. The Group has not designated any financial liabilities as at fair value through profit or loss.

Financial liabilities at amortised cost

This is the category most relevant to the Group. After initial recognition, financial liabilities are subsequently measured at amortised cost using the effective interest rate method. Gains and losses are recognised in the statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate method (EIR) amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit or loss.

This category generally applies to notes payable, short-term loans and overdrafts.

iii. Offsetting of financial instruments

Financial assets and financial liabilities are offset with the net amount reported in the consolidated statement of financial position only if there is a current enforceable legal right to offset the recognised amounts and an intent to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

iv. Fair Value of Financial Instruments

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair values of the financial instruments are not materially different at the reporting date.

2.2.12 Cash and Bank Balances

Cash and Bank Balances in the statement of financial position comprise cash at banks and on hand and fixed deposits with banks, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits with original maturity of less than 3 months, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

2.2.13 Leases

Group as a lessee

The Group recognises a right-of-use asset and a lease liability at the lease commencement date. The right of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right of- use asset or the end of the lease term. The estimated useful lives of right-of-use assets are determined on the same basis as those of property and equipment. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, and the Group's incremental borrowing rate. Generally, the Group uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the fixed payments, including in substance fixed payments; the lease liability is measured at amortised cost using the effective interest method.

The Group has used number of practical expedients when applying Ind AS 116: - Short-term leases, leases of low-value assets and single discount rate.

The Group has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low value assets. The Group recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term. The Group applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.

The Group's leases mainly comprise land and buildings and Plant and equipment. The Group leases land and buildings for warehouse facilities. The Group also has leases for equipment.

Group as lessor

Leases for which the Group is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

2.2.14 Borrowing Cost

Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period in which they occur.

2.2.15 Provisions

General Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Where the Group expects some or all of a provision to be reimbursed, for example under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

2.2.16 Employee Benefits

Employee benefits are all forms of consideration given by the Group in exchange for service rendered by employees. Employee benefits include: short-term employee benefits, post-employment benefits and other long-term employee benefits.

Short Term Employee Benefits

When an employee has rendered service to the Group during an accounting period, the Group recognises the undiscounted amount of short-term employee benefits expected to be paid in exchange for that service as a liability (accrued expense), after deducting any amount already paid and as an expense. Accumulated leave, which is expected to be utilized within the next twelve months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

Defined Contribution Plan

Defined contribution plans are post-employment benefit plans under which an entity pays fixed contributions into a separate entity (a fund) and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient assets to pay all employee benefits relating to employee service in the current and prior periods.

When an employee has rendered service during the year, the Group recognises the contribution payable to a defined contribution plan in exchange for that service as a liability (accrued expense) and as an expense.

Defined Benefit Plan

Defined benefit plans are those plans that provide guaranteed benefits to certain categories of employees, either by way of contractual obligations or through a collective agreement.

The Group operates funded defined benefit plan. The cost of providing benefits is determined using the projected unit credit method, with actuarial valuations being carried out at each fiscal year end. The obligation recognized in the consolidated statements of financial position represents the present value of the defined benefit obligation.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related pension obligation. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to other comprehensive income in the period in which they arise.

Current service cost, which is the increase of the present value of the defined benefit obligation resulting from the employee service in the current period, is recorded as an expense as part of cost of sales and selling, general and administrative expenses in the statement of profit and loss. The interest cost, which is the change during the period in the defined benefit liability that arises from the passage of time, is recognized as part of financing costs in the statement of profit and loss.

2.2.17 Employee Stock Option Plan (ESOP)

The group recognizes compensation expense relating to share-based payments in the net profit based on estimated fair-values of the awards on the grant date. The estimated fair value of awards is recognized as an expense in the statement of profit and loss on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share options outstanding account.

2.2.18 Dividend

The final dividend on shares is recorded as a liability on the date of approval by the shareholders and Interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors. Income tax consequences of dividends on financial instruments classified as equity will be recognized according to where the entity originally recognized those past transactions or events that generated distributable profits.

The group declares and pays dividends in Indian Rupees. The group is required to pay/ distribute dividend after deducting applicable taxes. The remittance of dividends outside India is governed by Indian law on foreign exchange and is also subject to withholding tax at applicable rates.

2.2.19 Foreign Currencies

The Group's financial statements are presented in Indian Rupees (₹), which is also the Group's functional currency. Transactions in foreign currencies are initially recorded by the Group at the functional currency spot rate at the date the transaction first qualifies for recognition.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the functional currency spot rate of exchange ruling at the reporting date. Differences arising on settlement or translation of monetary items are recognized in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary measured at fair value is treated in line with the recognition of gain or loss on change in fair value in the item.

Foreign operations

On consolidation, the assets and liabilities of foreign operations are translated into (₹) at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the group uses

an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in profit or loss.

Any goodwill arising in the acquisition/ business combination of a foreign operation on or after 1st April 2016 and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.

Any goodwill or fair value adjustments arising in business combinations/ acquisitions, which occurred before the date of transition to Ind AS (1 April 2016), are treated as assets and liabilities of the entity rather than as assets and liabilities of the foreign operation. Therefore, those assets and liabilities are non-monetary items already expressed in the functional currency of the parent and no further translation differences occur.

2.2.20 Income Tax

Tax expense comprises of current tax and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Group operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Deferred Tax Expense or Income arises due to temporary differences are differences between the carrying amount of an asset or liability in the statement of financial position and its tax base. Temporary differences may be either taxable temporary differences, which are temporary differences that will result in taxable amounts in determining taxable profit (tax loss) of future periods when the carrying amount of the asset or liability is recovered or settled or deductible temporary differences, which are temporary differences that will result in amounts that are deductible in determining taxable profit (tax loss) of future periods when the carrying amount of the asset or liability is recovered or settled. A deferred tax asset is recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised. A deferred tax liability is recognised for all taxable temporary differences.

2.2.21 Inventories

Inventories are valued at the lower of cost and net realisable value.

Costs incurred in bringing each product to its present location and condition are accounted for as follows:

- i. **Raw materials and Stores and spares:** Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.
- ii. **Finished goods and work in progress:** Cost includes cost of direct materials and labour and a proportion of manufacturing overheads based on the normal operating capacity but excluding borrowing costs. Cost is determined on first in, first out basis.
- iii. **Traded goods:** Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on first in, first out basis.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

2.2.22 Segment Reporting

Identification of segments

The Group's operating business are organized and managed separately according to the nature of products and services provided, with each segment representing a strategic business unit that offers different products/services. The Group operates in two geographical segments: Domestic and International markets.

Allocation of common costs

Common allocable costs are allocated to each segment according to the relative contribution of each segment to the total common costs.

Unallocated items

Unallocated items include general corporate income and expense items which are not allocated to any business segment.

Segment accounting policies

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole.

2.2.23 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

2.2.24 Contingent Liabilities

A provision is recognized when an enterprise has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates.

2.3 Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) notifies new Indian Accounting Standards or amendments to the existing Indian Accounting Standards. There is no such notification by MCA in this regard which would have been applicable on the group from April 01, 2024.

Nature and purpose of reserves:

- (a) **Retained Earnings:** Retained earnings are the profits that the group has earned till date, less any transfers to general reserve, dividends or other distributions paid to shareholders.
- (b) **Securities Premium:** The securities premium account is used to record the premium on issue of shares and is utilised in accordance with the provisions of the Companies Act, 2013.
- (c) **General Reserve:** The general reserve is used from time to time to transfer profits from retained earnings for appropriation purposes, as the same is created by transfer from one component of equity to another.
- (d) **Money received against share warrants:** Money received against share warrants is a capital receipt shown under shareholders' funds, representing advance funds from warrant holders toward future equity share allotment upon exercise of the warrants.
- (e) **Capital reserve:** Capital reserve is a type of reserve that is created out of capital profits, not from the regular operations of a business. It can be utilized to write off capital losses, such as loss on the sale of fixed assets or reduction in the value of investments.
- (f) **Foreign Currency Translation Reserve:** The Foreign Currency Translation Reserve (FCTR) is an equity account used to record gains and losses that arise when translating the financial statements of a foreign operation into the group's presentation currency.
- (g) **FVTOCI:** The FVTOCI classification provides a balanced way to show fair value changes that are not immediately realized, ensuring transparent reporting in financial statements without distorting the profit & loss account.
- (h) **Share application money pending allotment:** Share application money pending allotment represents the amount received from applicants for which shares have not yet been allotted as at the reporting date.

28. EARNINGS PER SHARE

Basic EPS amount is calculated by dividing the profit / (loss) for the year attributable to equity shareholders of the group by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting period.

Diluted EPS amount is calculated by dividing the profit attributable to equity shareholders by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on conversion of all the dilutive potential equity shares into equity shares.

* The remuneration to key managerial personnel does not include the provisions made for gratuity, as they are determined on actuarial basis for the group as a whole.

30. SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures and the disclosure of contingent liabilities. Uncertainties about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgements

In the process of applying the group's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognised in the financial statements.

Taxes

Significant judgements are involved in determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

The Group reviews the carrying amount of deferred tax assets at the end of each reporting period. The policy for the same is explained in Note No. 2.2.20.

Useful life of property, plant and equipment

The Group reviews the useful life of property, plant and equipment at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods. The policy for the same is explained in Note No. 2.2.7.

Provisions and contingent liabilities

A provision is recognised when the Group has a present obligation as a result of past event if it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits and compensated absences) are not discounted to its present value and are determined based on best estimate required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect the current best estimates. Contingent liabilities are not recognised in financial statements. A contingent asset is neither recognised nor disclosed in the financial statements.

Defined benefit plans (Gratuity Benefits)

The cost of the defined benefit gratuity plan and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in Note No. 32.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets

where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. Carrying value and approximate fair values of financial instruments are same.

Revenue recognition

The Group uses the percentage-of-completion method in accounting for its fixed price contracts. The use of percentage-of-completion method required the Group to estimate the efforts or costs expended to date as a proportion of the total efforts or costs to be expended. Efforts or costs expended have been used to measure progress towards completion as there is direct relationship between input and productivity. Provision for estimated losses, if any, on uncompleted contracts are recorded in the period in which such losses become probable based on the expected contract estimates at the reporting period. The policy for the same is explained in Note 2.2.5.

31. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's activities expose it to a variety of financial risks : market risk, credit risk and liquidity risk. The primary market risk to the Group is foreign exchange risk. The Group's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers.

Market Risk

The Group is exposed to foreign exchange risk through its sales and services outside India, and purchases and services from overseas suppliers in various foreign currencies. The exchange rate between the rupee and foreign currencies may fluctuate substantially in the future. Consequently, the results of the Group's operations are adversely affected as the Rupee appreciates / depreciates against these currencies.

The foreign currency risks from financial instruments as of March 31, 2025 were as follows :

The foreign currency forward contracts	Currency	Amount in foreign currency	Amount ₹ in Lakhs
Trade payable	USD	3,42,42,143.10	29,304.91
Trade payable	CNY	52,32,380.41	616.27
Trade payable	JPY	8,13,37,000.00	464.35
Trade payable	RMB	4,330.00	0.51

The foreign currency risks from financial instruments as of March 31, 2024 were as follows :

The foreign currency forward contracts	Currency	Amount in foreign currency	Amount ₹ in Lakhs
Trade payable	USD	4,36,42,957.77	36,386.84
Trade payable	CNY	4,39,811.29	51.19
Trade payable	JPY	13,47,31,821.48	742.64
Trade payable	RMB	4,330.00	0.50
Export Receivable	USD	26,392.68	21.99
Advance given to vendor	EURO	691.00	0.62

Credit Risk

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from unsecured trade receivables amounting to ₹ 59,993.44 Lakhs, and ₹ 48,135.38 Lakhs as of March 31, 2025 and

March 31, 2024 respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers located both in India and overseas. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the creditworthiness of customers to which the Group grants credit terms in the normal course of business.

Credit risk on cash and cash equivalents is limited as the Group generally invest in deposits with banks and financial institutions with high credit ratings. Investments primarily include investment in deposits with banks.

Liquidity Risk

The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. The Group believes that the working capital is sufficient to meet its current requirements.

32. POST EMPLOYMENT BENEFIT PLANS: GRATUITY

The Group has a funded defined benefit gratuity plan.

The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit.

The following tables summarise the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

Reconciliation of opening and closing balances of the present value of the defined benefit obligation (₹ in Lakhs)

Particulars	Year ended March 31, 2025	Year ended March 31, 2024
Defined benefit obligation		
Balance as at the beginning of the year	116.98	97.23
Current service cost	39.09	32.23

Remeasurements on plan assets	(0.19)	(0.81)
Net remeasurements recognised in OCI	(10.89)	(7.65)

Due to its defined benefit plans, the group is exposed to the following significant risks:

Changes in bond yields - A decrease in bond yields will increase plan liability.

Salary risk - The present value of the defined benefit plans liability is calculated by reference to the future salaries of the plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability.

Principal actuarial assumptions used as at the end of the reporting period

Particulars	Year ended March 31, 2025	Year ended March 31, 2024

Impact due to decrease of 1 %	156.65	121.62
b) Impact of the change in salary increase		
Present value of obligation at the end of the period		
Impact due to increase of 1 %	156.54	121.58
Impact due to decrease of 1 %	137.95	109.50

- The estimates of rate of escalation in salary considered in actuarial valuation are after taking into account inflation, seniority, promotion and other relevant factors including supply and demand in the employment market. However, no explicit allowance is used for disability. The above information is as certified by the actuary.
- Discount rate is based on the prevailing market yields of Indian Government securities as at the balance sheet date for estimated term of the obligations.
- The sensitivity analysis above may not be representative of the actual change in the defined benefit obligation as it is unlikely that change in assumption would occur in isolation of one another as some assumptions may be correlated.
- The methods and type of assumptions used in preparing the sensitivity analysis did not change compared to the prior period.

15. To prevent fraudulent transactions, members are advised to exercise due diligence and notify the Company of any change in address or demise of any Member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participants and holdings should be verified from time to time.
16. Members are requested to update / notify immediately, any change in their address, bank mandates to their respective Depository Participant with whom they are maintaining their demat accounts or to the Company's RTA at Beetal House, 3rd Floor, 99, Madangir, New Delhi – 110062, in case shares are held in physical form so that change could be effected in the Register of Members before closure.
17. SEBI vide its Circular dated November 17, 2023, in supersession of earlier Circulars in this regard, has reiterated that it is mandatory for all holders of physical securities to furnish their PAN, KYC details and Nomination to the Company's RTA in respect of all concerned Folios, whereas the provisions relating to freezing of folios upon non-submission of any one of the PAN, Address with PIN Code, e-mail address, Mobile Number, Bank Account details, Specimen signature and Nomination by holders of physical securities, has been done away.

Further, any service requests or complaint received from any member, will not be processed by RTA till the aforesaid details/documents are provided to RTA.

In this regard, SEBI has introduced Form ISR-1 alongwith other relevant documents to lodge any request for registering PAN, KYC, nomination details or any change/ updation thereof.

Members may also note that SEBI vide its Circular dated January 25, 2022 has mandated listed companies to issue securities in dematerialized form only while processing service requests viz. issue of duplicate certificates; claim from unclaimed suspense account; renewal/ exchange of securities certificate; endorsement; sub-division/ splitting of securities certificates; consolidation of securities certificates/folios; transmission and transposition. Accordingly, members are requested to make service requests by submitting a duly filed and signed Form ISR-4 to dematerialize the shares held by them in physical form.

Relevant details and forms prescribed by SEBI, in this regard are available on the website of the Company at www.optiemus.com under Share Registration Section under Investor Relations at <https://www.optiemus.com/shareregistration.html>. Members are requested to kindly take note of the same and update their particulars timely.

18. In terms of Regulation 40 of Listing Regulations, securities of listed companies can be transferred only in dematerialized form. Further, transmission and transposition can only be affected in dematerialized form. Accordingly, the shares held in physical form will not be transferred unless they are converted into dematerialized form. Transfers of equity shares in electronic form are effected through the depository system with no involvement of the Company. Hence, members are requested to dematerialize their shares, if held in physical form.

Further, SEBI vide its Circular No. SEBI/HO/MIRSD/MIRSD-PoD/P/CIR/2025/97 dated July 02, 2025 has introduced **a special 6-month window from July 07, 2025 to January 06, 2026** for investors whose physical share transfer requests (submitted before April 01, 2019) were rejected or returned due to documentation issues. Under this new window, such investors can now re-submit their old transfer requests but shares will be transferred only in demat form, not in physical mode. Members are requested to kindly re-lodge their pending transfer requests during this special window.

19. Pursuant to Section 72 of the Act and relevant SEBI Circular, the facility for making nomination is available for the Members in respect of the shares held by them. Members who have not yet registered their nomination are requested to register the same by submitting Form No. SH-13. If a Member desires to opt-out or cancel the earlier nomination and record a fresh nomination, he/ she may submit the same in Form ISR-3 or SH-14, as the case may be. The said forms can be downloaded from the Company's website at <https://www.optiemus.com/shareregistration.html>. Members are requested to submit the said details to their DP, in case the shares are held by them in dematerialized form and to RTA, in case the shares are held in physical form, quoting their folio number.
20. SEBI vide its Circular dated June 10, 2024, mandated that with effect from April 1, 2024, dividend to security holders who are holding securities in physical form, shall be paid only through electronic mode. Such payment shall be made upon folio being KYC compliant i.e. the PAN, contact details including mobile no., bank account details and specimen signature are registered with the RTA/ Company.
21. Members may please note that dividend that remain unclaimed for a period of seven years from the date of transfer to the Unpaid Dividend Account will be transferred to the Investor Education and Protection Fund ("IEPF"), as required under Section 124 of the Act. 24. **Process and manner for members opting for voting through electronic means:**
 - i) Pursuant to the provisions of Section 108 of the Act read with Rule 20 of the Companies (Management and Administration) Rules, 2014 and Regulation 44 of Listing Regulations and MCA Circulars and SEBI Circulars, the Company is providing facility of remote e-Voting to its Members in respect of the business to be transacted at the AGM. For this purpose, the Company has entered into an agreement with CDSL to facilitate voting through electronic means, as the authorized e-Voting agency. The facility of casting votes by a member using remote e-Voting system as well as e-voting system on the date of AGM will be provided by CDSL. The detailed instructions for e-Voting and joining the AGM through VC / OAVM are annexed to this Notice.

- ii) Members whose names are recorded in the Register of Members or in the Register of Beneficial Owners maintained by the Depositories as on the Cut-off date i.e. Tuesday, September 23, 2025, shall be entitled to avail the facility of remote e-Voting as well as voting system during the AGM. Any recipient of the Notice, who has no voting rights as on the Cut-off date, shall treat this Notice as intimation only.
- iii) A person who has acquired the shares and has become a member of the Company after the dispatch of the Notice of the AGM and prior to the Cut-off date i.e. Tuesday, September 23, 2025, shall be entitled to exercise his/her vote either electronically i.e. remote e-Voting or voting during the AGM by following the procedure mentioned herein.
- iv) The remote e-Voting period will commence on Saturday, September 27, 2025 at 9:00 A.M. (IST) and end on Monday, September 29, 2025 at 5:00 P.M. (IST). During this period, members holding shares either in physical form or in dematerialized form, as on Tuesday, September 23, 2025 (cut-off date), may cast their vote electronically. The e-Voting module shall be disabled for voting thereafter.

Those members, who shall be present at the AGM through VC / OAVM facility and have not cast their vote on the resolutions through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote through e-Voting system during the AGM.

Members who have cast their vote by remote e-Voting prior to the AGM may attend/ participate in the AGM through VC/OAVM but shall not be entitled to cast their vote on such resolution again at the AGM.

- v) The voting rights of Members shall be in proportion to their shares in the paid-up equity share capital of the Company as on the cut-off date.
- vi) In case of joint holders attending the AGM, the members whose name appears as the first holder in the order of names as per the Register of Members of the Company as on the cut-off date i.e. Tuesday, September 23, 2025 shall be entitled to vote at the AGM.
- vii) The Board of Directors has appointed Mr. Sumit Kumar, Practicing Company Secretary (M. No.: 7714, COP No.: 8072), as the Scrutinizer for conducting the e-Voting process in accordance with the law and in a fair and transparent manner.

The Instructions for shareholders for e-Voting are as under:

- (i) The voting period will begin on Saturday, September 27, 2025 at 9:00 A.M. (IST) and will end on Monday, September 29, 2025 at 5:00 P.M. (IST). During this period, shareholders of the Company as on the cut-off date (record date) i.e. Tuesday, September 23, 2025, holding shares either in physical form or in dematerialized form, may cast their vote electronically. The e-Voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote during the meeting.
- (iii) Pursuant to Section 108 of the Act read with rules made thereunder and SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09, 2020** under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-Voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders'/retail shareholders is at a negligible level.

Currently, there are multiple e-Voting service providers (ESPs) providing e-Voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-Voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-Voting process.

Step 1: Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (iv) In terms of **SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and e-mail ID in their demat accounts in order to access e-Voting facility.

EXPLANATORY STATEMENT IN RESPECT OF SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

The following explanatory statement sets out all material facts relating to the special business mentioned under Item No(s). 3 to 7 of the accompanying Notice as required under Section 102 of the Companies Act, 2013 (**"the Act"**):

ITEM NO. 3:

At the 29th Annual General Meeting of the Company held on September 29, 2022, the Members had approved re-appointment of Mr. Ashok Gupta as a Whole-time Director, designated as Executive Chairman of the Company, for a period of 3 (Three) consecutive years i.e. from April 01, 2023 till March 31, 2026 (both days inclusive) pursuant to the provisions of the Act. Accordingly, his term as a Whole-time Director will expire on March 31, 2026.

Therefore, the Nomination and Remuneration Committee ("**NRC**") after taking into account the performance evaluation report of Mr. Ashok Gupta and considering his immense knowledge, skills, expertise, substantial contribution, the rich & varied experience in the industry and his involvement in the operations of the Company, at its meeting held on August 28, 2025, had recommended to the Board, his re-appointment as a Whole-time Director and designated as Executive Chairman for a further term of 3 (Three) years w.e.f. April 01, 2026 to March 31, 2029.

Brief profile of Mr. Ashok Gupta and other requisite details as required under Regulation 36(3) of the Listing Regulations and Secretarial Standard-2 on General Meetings issued by the Institute of Company Secretaries of India are annexed to this Notice as **Annexure-I**.

Further, although the Company has earned profits in the preceding financial years and is expected to continue to operate profitably. However, pursuant to the provisions of Section 197 read with Schedule V of the Act, in the event of absence and/or inadequacy of profits (calculated under Section 198 of the Act) in any financial year during the next tenure of Mr. Ashok Gupta as a Whole-time Director, the Company may pay remuneration to him in excess of the limits as specified in Schedule V, upon receipt of the approval of members by way of a Special Resolution.

Also, Mr. Ashok Gupta, if re-appointed, for a further term of 3 (Three) years, will attain the age of 70 years on December 22, 2028, which falls before the end of his proposed next term of re-appointment i.e. before March 31, 2029.

Section 196(3) and Part I of Schedule V of the Act provide that no company shall appoint or continue the employment of a person who has attained the age of seventy years, as executive director unless it is approved by the members by passing a special resolution.

Therefore, based upon the recommendations of NRC, the Board, considering Mr. Gupta's knowledge, skills, expertise, rich experience and his involvement in the operations of the Company, is of the view that the Company has grown extensively under the guidance of Mr. Ashok Gupta and that he possesses the necessary expertise & experience to accelerate the Company's operations & achieve its vision and it would be in the interest of the Company to continue to avail his considerable expertise and to re-appoint him as a Whole-time Director (designated as Executive Chairman) of the Company.

The Board also considered that he fulfils the conditions specified in the Act and rules made thereunder for his re-appointment, therefore, the Board, at its meeting held on August 28, 2025, approved the re-appointment of Mr. Ashok Gupta for a further term of 3 (Three) years commencing from April 01, 2026 to March 31, 2029 at such remuneration as proposed under Item no. 3 of the Notice and continuation of his term of office as a Whole-time Director, even after attaining the age of 70 years.

The Board also considered that the re-appointment of Mr. Ashok Gupta and remuneration payable to him commensurate with his duties and responsibilities as Whole-time Director, designated as Executive Chairman of the Company.

In this regard, the Company has received from Mr. Ashok Gupta his consent in writing to act as a Director and a declaration that he is not disqualified in terms of Section 164 of the Act. Also, the Company has received a declaration from him confirming that he satisfies the conditions set out under Section 196 (3) and in Part-I of Schedule V of the Act, for being eligible for his re-appointment.

The above may be treated as a written memorandum setting out the terms of appointment of Mr. Ashok Gupta under Section 190 of the Act.

In respect of re-appointment of Mr. Gupta, the Company has received a notice in writing from a member proposing the candidature of Mr. Gupta for the office of Director, in accordance with Section 160 of the Act and rules made thereunder.

Therefore, as per the said provisions, approval of the members by way of passing a special resolution is being sought for the resolution proposed under Item no. 3 of the Notice.

The information as required to be disclosed as per the provisions of Schedule V of the Act is given under **Annexure-II** of the Notice.

The Board recommends the Special Resolution set out under Item No. 3 of the accompanying Notice for the approval of the Members.

None of the Directors or Key Managerial Personnel ('KMP') of the Company or their respective relatives, except Mr. Ashok Gupta & Mr. Neetesh Gupta and their relatives to the extent of their shareholding interest in the Company for Item No. 3, are in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 3 of the accompanying Notice.

ITEM NO. 4:

At the 28th Annual General Meeting of the Company held on September 29, 2021, the Members had approved the appointment of Ms. Ritu Goyal as an Independent Director of the Company for a term of 5 (Five) consecutive years commencing from April 01, 2021 upto March 31, 2026 (both days inclusive) pursuant to the provisions of Companies Act, 2013 ("the Act") and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"). Accordingly, her first term as an Independent Director of Company will expire on March 31, 2026.

In accordance with Section 149 (10) and (11) of the Act, an Independent Director can hold office for two consecutive terms of up to five years each on the Board of a Company, subject to shareholders approving the second term by passing a special resolution.

Therefore, the Nomination and Remuneration Committee ("NRC") of the Board of Directors at its meeting held on August 28, 2025, on the basis of the report of performance evaluation and skills, vast experience and expertise possessed by Ms. Ritu Goyal, has recommended to the Board, her re-appointment as an Independent Director for a second term.

Brief profile of Ms. Ritu Goyal and other requisite details as required under Regulation 36(3) of the Listing Regulations and Secretarial Standard-2 on General Meetings issued by the Institute of Company Secretaries of India are annexed to this Notice as **Annexure-I**.

Ms. Ritu Goyal has provided her consent to act as a Director and confirmed the fact that she is not disqualified from being appointed as a director in terms of Section 164 of the Companies Act, 2013 ("the Act"). She has confirmed that she is not debarred from holding the office of director by virtue of any order from SEBI or any such authority. The Company has also received a declaration from Ms. Goyal, that she

meets the criteria of independence as prescribed, under Section 149(6) of the Act and Regulation 16(1) (b) of the Listing Regulations.

Ms. Goyal has also confirmed that she has complied with the provisions of Rules 6(1) and 6(2) of the Companies (Appointment and Qualifications of Directors) Rules, 2014, with respect to her registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs ("IICA").

In connection with the above appointment, a notice in writing in the prescribed manner as required by section 160 of the Act and Rules made thereunder, has been received by the Company from a Member, proposing the candidature of Ms. Ritu Goyal for the office of the Director.

In the opinion of the Board, Ms. Goyal possess the identified core skills, expertise and competencies fundamental for effective functioning of role as an Independent Director of the Company and her continued association would be of immense benefit to the Company. Further, she fulfils the conditions specified under the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1)(b) of the SEBI (LODR) Regulations, 2015 for her re-appointment as a Non-Executive Independent Director of the Company. Also, Ms. Goyal is independent of the management.

Considering the contributions made by Ms. Ritu Goyal during her tenure and based upon the recommendations of NRC and subject to the approval of Members, the Board, at its meeting held on August 28, 2025, has approved the re-appointment of Ms. Ritu Goyal as an Independent Director of the Company, not liable to retire by rotation, for a second term of 5 (Five) consecutive years commencing from April 01, 2026 to March 31, 2031.

In accordance with the provisions of Section 149(10) of the Act read with Schedule IV and Regulation 25(2A) of Listing Regulations, re-appointment of Independent Director requires the approval of Members by way of a special resolution. Accordingly, prior approval of Members of the Company is being sought by way of a special resolution for the re-appointment of Ms. Ritu Goyal as an Independent Director for a second term of 5 (Five) consecutive years commencing from April 01, 2026 to March 31, 2031.

In line with the Company's Nomination and Remuneration Policy, Ms. Ritu Goyal will be entitled to receive remuneration by way of sitting fees and reimbursement of expenses relating to meeting, if any, pursuant to the provisions of applicable laws.

The draft terms and conditions of appointment of Independent Directors is placed on the Company's website and is available for inspection by the members.

The Board recommends the Special Resolution set out at Item No. 4 of the accompanying Notice for approval of the Members.

None of the Directors or Key Managerial Personnel ("KMP") of the Company or their respective relatives, except Ms. Ritu Goyal and her relatives, are concerned or interested, financially or otherwise, in the resolution set out at Item No. 4 of the accompanying Notice.

ITEM NO. 5:

The members are informed that the second term of Mr. Naresh Kumar Jain as an Independent Director of the Company will expire on October 27, 2025. Therefore, to comply with the requirement of minimum number of Non-Executive / Independent Directors on the Board as per the provisions of Companies Act, 2013 ("Act") and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"), it is required to appoint a Non-Executive Independent Director in place of Mr. Naresh Kumar Jain.

Therefore, the Nomination and Remuneration Committee ("NRC") at its meeting held on August 28, 2025, after considering the professional background, qualifications, knowledge, skills, expertise and capabilities required for the role of Independent Director, has recommended to the Board, the appointment of Mr.

Vishal Rajpal (DIN: 00864403) as an Independent Director for a term of 3 (Three) consecutive years effective from October 28, 2025 to October 27, 2028.

Brief profile of Mr. Vishal Rajpal and other requisite details as required under Regulation 36(3) of the Listing Regulations and Secretarial Standard-2 on General Meetings issued by the Institute of Company Secretaries of India are annexed to this Notice as **Annexure-I**.

Mr. Vishal Rajpal has provided his consent to act as a Director and has confirmed that he is not disqualified from being appointed as a Director in terms of Section 164 of the Act. He has also confirmed that he is not debarred from holding the office of director by virtue of any order from SEBI or any such authority. The Company has also received declaration from Mr. Vishal Rajpal that he meets the criteria of independence as prescribed, both, under Section 149(6) of the Act and Regulation 16(1)(b) of the Listing Regulations.

Mr. Vishal has also confirmed that he has complied with the provisions of Rules 6(1) and 6(2) of the Companies (Appointment and Qualifications of Directors) Rules, 2014, with respect to her registration with the data bank of Independent Directors maintained by the Indian Institute of Corporate Affairs ("IICA").

In connection with the above, a notice in writing in the prescribed manner as required by Section 160 of the Act and Rules framed thereunder, has been received by the Company from a Member, proposing the candidature of Mr. Vishal Rajpal for the office of Director.

The Board is of the opinion that Mr. Rajpal possess the identified core skills, expertise and competencies fundamental for effective functioning of role as an Independent Director of the Company and his association would be of immense benefit to the Company. Further, he fulfils the conditions specified in the Act, rules thereunder and Listing Regulations for appointment as an Independent Director and he is independent of the Management.

Accordingly, on the recommendation of Nomination and Remuneration Committee ("NRC"), the Board of Directors at its meeting held on August 28, 2025, has proposed the appointment of Mr. Vishal Rajpal as an Independent Director, for a term of 3 (Three) consecutive years effective from October 28, 2025 to October 27, 2028, for the approval of Members.

In accordance with the provisions of Section 149(10) of the Act read with Schedule IV and Regulation 25(2A) of Listing Regulations, appointment of Independent Director requires the approval of Members by way of special resolution. Accordingly, the prior approval of the Members of Company is being sought by way of a special resolution for the appointment of Mr. Vishal Rajpal as an Independent Director for a term of 3 (Three) consecutive years effective from October 28, 2025 to October 27, 2028.

In line with the Company's Nomination and Remuneration Policy, Mr. Vishal Rajpal will be entitled to receive remuneration by way of sitting fees and reimbursement of expenses relating to meeting, if any, pursuant to the provisions of applicable laws.

The draft terms and conditions of appointment of Independent Directors is placed on the Company's website and is available for inspection by the members.

The Board recommends the Special Resolution as set out at Item No. 5 of the accompanying Notice for approval of the Members.

None of the Directors or Key Managerial Personnel ("KMP") of the Company or their respective relatives, are concerned or interested, financially or otherwise, in the resolution set out at Item No. 5 of the accompanying Notice.

ITEM NO. 6:

In terms of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Third Amendment) Regulations, 2024, a listed entity shall appoint or re-appoint Secretarial Auditor with the approval of its shareholders at its Annual General Meeting.

Accordingly, in terms of the aforesaid requirement, based upon the recommendations of the Audit Committee and subject to the approval of the Shareholders, the Board of Directors of the Company, at its meeting held on May 26, 2025, has approved the appointment of M/s. S.K. Batra & Associates, Practicing Company Secretaries (Peer Reviewed Unit UIN No.: S2008DE794900), as the Secretarial Auditors of Company for a term of 5 (Five) consecutive years commencing from the financial year 2025-26 to 2029-30, at a fees of Rs.1,60,000/- (Rupees One Lakh Sixty Thousand Only) plus taxes, excluding certification fees, in respect of Secretarial Audit to be undertaken for the F.Y. 2025-26. The remuneration for the subsequent financial years during the tenure of their appointment, shall be decided by the Audit Committee/ Board.

M/s. S.K. Batra & Associates (a Peer Reviewed Firm) is a well-known firm of Practicing Company Secretaries founded in 2008 and based at New Delhi. Renowned for its commitment to quality and precision, the firm has been Peer Reviewed by the Institute of Company Secretaries of India (ICSI), ensuring the highest standards in professional practices. The firm has over 16 years of experience and is focused on providing comprehensive professional services in corporate law, SEBI regulations, FEMA compliance, Secretarial Compliances, Mergers and Amalgamations, Corporate Restructuring, Intellectual Property Rights, Valuation, Compliance & Assurance Services and allied fields, delivering strategic solutions to ensure regulatory adherence and operational efficiency to various prominent companies.

The proposed fee is based on the knowledge, expertise, industry experience and the time and efforts required to be put in by the Secretarial Auditors.

The Company has received consent and eligibility letter from the proposed auditor to act as the Secretarial Auditor of the Company, in accordance with the provisions of Regulation 24A of the Listing Regulations and Section 204 of the Act and the Companies (Audit and Auditors) Rules, 2014.

Accordingly, consent of the members is being sought for passing an Ordinary Resolution as set out at Item No. 6 of this Notice for appointment of M/s. S.K. Batra & Associates as Secretarial Auditors of the Company for a period of 5 (Five) years.

The Board recommends the Ordinary Resolution set out at Item No. 6 of the accompanying Notice for approval of the Members.

None of the Directors or Key Managerial Personnel ("KMP") of the Company or their respective relatives, are concerned or interested, financially or otherwise, in the resolution set out at Item No. 6 of the accompanying Notice.

ITEM NO. 7:

The Special Resolution specified under Item No. 7 of the Notice has been proposed pursuant to the modification required in the deployment of funds, raised through preferential issue of 13,95,800 Equity Shares and 30,12,800 Fully Convertible Warrants ("**Warrants**") of face value of Rs. 10/- each at an issue price of Rs. 672.25/- each, aggregating to Rs. 2,96,36,81,350/- (Rupees Two Hundred Ninety-Six Crore Thirty Six Lakh Eighty One Thousand Three Hundred and Fifty Only) ("**Preferential Issue**"), for the objects stated in the Notice of EGM. Pursuant to the approval of the Board of Directors at its meeting held on December 12, 2024 and subsequent approval of the shareholders obtained in the Extra-Ordinary General Meeting held on January 04, 2025, convened pursuant to the Notice dated December 12, 2024 ("**Notice of EGM**"), the Company has allotted the aforesaid Equity Shares and Warrants on February 08, 2025, in accordance with the applicable provisions of the Act and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended.

Further, the aforesaid proposal for the modification in the deployment of funds, raised through preferential issue for the objects stated in the Notice of EGM, has been approved by the Board of Directors (“**Board**”) at their meeting held on August 28, 2025.

As per the approval granted by the members of the Company in the EGM, the objects of the issue, i.e., utilization of the proceeds raised through the preferential issue, were the following:

Sr. No.	Particulars	Total estimated amount to be utilized (Rs. In Lakh)*	Tentative timelines for utilization of issue proceeds from the date of receipt of funds
1	To subscribe to the Equity Shares of Optiemus Electronics Limited , Subsidiary of the Company. The funds raised shall be utilized by the subsidiary for its capital expenditure (Movable & Immovable Capital Assets) and/ or working capital requirements;	6,846.10	On or before March 31, 2027
2	To subscribe to the Equity Shares of GDN Enterprises Private Limited , Subsidiary of the Company. The funds raised shall be utilized by the subsidiary for its capital expenditure (Movable & Immovable Capital Assets) and/ or working capital requirements;	5,186.44	On or before March 31, 2027
3	To subscribe to the Equity Shares of Optiemus Unmanned Systems Private Limited , Subsidiary of the Company. The funds raised shall be utilized by the subsidiary for its capital expenditure (Movable & Immovable Capital Assets) and/ or working capital requirements;	1,867.12	On or before March 31, 2027
4	To subscribe to the Equity Shares of Bharat Innovative Glass Technologies Private Limited , as its proportionate contribution in Joint Venture cum Subsidiary Company i.e. 70% of its paid-up equity share capital;	6,846.10	On or before March 31, 2027
5	To meet working capital requirements of the Company;	1,481.84	On or before December 31, 2026
6	For General Corporate Purposes	7,409.20	On or before December 31, 2026
Total		29,636.81	

(*) considering 100% conversion of Warrants into Equity Shares within the stipulated time.

Note:

- All decimals have been rounded off to two decimal points.
- In terms of BSE & NSE Notice dated December 13, 2022, the amount specified for the abovementioned object of issue size may deviate +/- 10% depending upon the future circumstances, as the objects are based on management estimates and other commercial and technical factors. Accordingly, the same is dependent on a variety of factors such as financial, market and sectoral conditions, business performance and strategy, geopolitical, competition and other external factors, which may not be within the control of the Company.

Note: The Company proposed the Preferential Issue of 21,85,884 Equity Shares and 42,76,106 Fully Convertible Warrants, aggregating to an amount of Rs. 4,34,40,72,777.50/-. However, due to under subscription for warrants and equity shares, the actual allotment was made for 13,95,800 Equity Shares and 30,12,800 Fully Convertible Warrants, aggregating to an amount of Rs. 2,96,36,81,350/-, on February 08, 2025. Consequently, the allocated amount towards each object was proportionately reduced.

Upon review of actual implementation and evolving strategic priorities, the Board, at its meeting held on August 28, 2025, re-assessed the deployment of funds and recommends reallocation of proceeds for more efficient capital utilization. The key changes are **reduction in funds allocated to Objects 1,3 and 4** and a corresponding **increase in allocation towards the Company's working capital requirements (Object 5)**.

The Board believes that this revised allocation will enable better utilization of available funds, strengthen the Company's financial flexibility, support immediate operational requirements and remain aligned with the Company's evolving business strategy.

The proposed modified object-wise allocation is given below:

Sr. No.	Particulars	Total estimated amount to be utilized (Rs. In Lakhs) *	Tentative timelines for utilization of issue proceeds from the date of receipt of funds
1	To subscribe to the Equity Shares of Optiemus Electronics Limited , Subsidiary of the Company. The funds raised shall be utilized by the subsidiary for its capital expenditure (Movable & Immovable Capital Assets) and/ or working capital requirements;	3,870.00	On or before March 31, 2027
2	To subscribe to the Equity Shares of GDN Enterprises Private Limited , Subsidiary of the Company. The funds raised shall be utilized by the subsidiary for its capital expenditure (Movable & Immovable Capital Assets) and/ or working capital requirements;	5,186.44	On or before March 31, 2027
3	To subscribe to the Equity Shares of Optiemus Unmanned Systems Private Limited , Subsidiary of the Company. The funds raised shall be utilized by the subsidiary for its capital expenditure (Movable & Immovable Capital Assets) and/ or working capital requirements;	800.00	On or before March 31, 2027
4	To subscribe to the Equity Shares of Bharat Innovative Glass Technologies Private Limited , as its proportionate contribution in Joint Venture cum Subsidiary Company i.e. 70% of its paid-up equity-share capital;	5,800.70	On or before March 31, 2027
5	To meet working capital requirements of the Company;	6,570.47	On or before December 31, 2026
6	For General Corporate Purposes	7,409.20	On or before December 31, 2026
Total		29,636.81	

(*) considering 100% conversion of Warrants into Equity Shares within the stipulated timeline.

Note:

- *All decimals have been rounded off to two decimal points.*
- *In terms of BSE & NSE Notice dated December 13, 2022, the amount specified for the abovementioned object of issue size may deviate +/- 10% depending upon the future circumstances, as the objects are based on management estimates and other commercial and technical factors. Accordingly, the same is dependent on a variety of factors such as financial, market and sectoral conditions, business performance and strategy, geopolitical, competition and other external factors, which may not be within the control of the Company.*

None of the Directors/ Key Managerial Personnel ("KMP") of the Company/ their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out at Item No. 7 of this Notice.

Accordingly, the Board of Directors recommends the resolution as set out in Item No. 7 of this Notice for the modification in the deployment of funds, raised through preferential issue for the objects stated in the Notice, by way of Special Resolution.
