However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

ECONOMIC AND INDUSTRY OVERVIEW GLOBAL ECONOMY

Overview

The last two years have been difficult for the economies worldwide. In India, the economic damage caused by multiple waves of the COVID-19 pandemic and the resultant lockdowns slowed down economic growth significantly. However, the economy witnessed a rebound momentum from H1 FY 2020-21, owing to increased vaccination rates and reduced mobility restrictions. In the fiscal year 2021-22 the Gross Domestic Product (GDP) grew 8.7%, making India the fastest growing major economy. The 2021-2022 GDP was 1.5% higher than the pre pandemic level in 2019-2020.

(Source: <https://economictimes.indiatimes.com/news/economy/indicators/gdp-grows-by-8-7-in-fy22-q4-gdp-slows-to-4-1/articleshow/91914997.cms>)

The pandemic directly impacted several industries, particularly those that required human interaction. As public finances were impacted by a cyclical slowdown in revenues, which was exacerbated by Covid-19, while pandemic-induced fiscal measures pushed up expenditure. This disruption was further intensified in the fourth quarter with the rising geopolitical tension. The Russia-Ukraine war and economic sanctions imposed, rapidly translated into escalated energy costs, supply chain disruptions, and high inflation. This resulted in a surge in prices of key commodities right from oil & gas to wheat, fertilisers and metals among others in India.

COVID-19 Impact on the Indian FMCG Industry

In the initial days post the lockdown, there were instances of panic buying (though at lower levels as compared to international markets), supply shocks in the system with unavailability of labour (impacting all areas of value chain – manufacturing, logistics and delivery) and streamlining of retail operations including e-commerce. The situation on the ground has however been steadily improving. The pandemic has caused disruption in the industry and we will see long term shifts in consumer behaviour. The digital disruption can be seen across segments – whether it is in terms of increase in consumption of online content (news, entertainment, games and learning) or stronger demand for online delivery (where it is relatively easier to maintain social distancing). There is also an upswing in sales of general trade or 'kirana' outlets with the restriction on travel and closing of shopping malls or complexes during the lockdown.

SWOT Analysis

Strengths & Challenges

We have tried to strive for leading positions in India for trading and FMCG business and these businesses will continue to contribute to a significant share of our revenue growth in the next few years. We are leveraging our distribution strength, operational excellence and brand loyalty to build future businesses, which have the potential to become large platform plays in their specific market categories. We are further strengthening our sales network and using technology to improve our execution capabilities. The integration of the Beverages and Foods businesses in India has the potential to realise both revenue and cost synergies, while providing a platform for accelerated growth in the future.

Opportunities & Threats

All our businesses have vast opportunities, both in India and International markets as existing trends in health & wellness and convenience create new consumer needs and market opportunities. We are preparing to leverage this through focused expansion of the sales and distribution systems in India and scale up and improve our robust supply chain. Premium product offerings and new market models are also being developed. We are also looking at opportunities to expand our India products in the international markets, where we have a presence to cater to both the ethnic food aisles and the needs of the Indian diaspora. The key threats for our businesses include changing preference of consumers, commodity prices and currency volatility as well as concentration of retailers in developed markets. The current COVID-19 crisis provides opportunities with likely increase in the in-home consumption. However, parts of our business, which cater to out-of-home consumption, have been adversely impacted. We run multiple factories and operations across the world and engage with workers daily. Employee and support systems safety is a key focus in this environment. Though we have plans to ensure business continuity at every level, the continuation of the crisis can have long term demand and supply implications, which is difficult to predict at this point in time.

BUSINESS OVERVIEW

The total organised Indian F&B industry is expected to be Rs. 3,00,000 Crores market as on 2020 and projected to grow by 1.5x to Rs. 10,00,000 Crores by 2025 (CAGR of 16%) – leveraging India's favourable demographic (1.4 Billion strong population, rising income levels and higher urbanisation). The F&B segment constitutes 30% of household spending and is expected to sustain the wallet share, going forward.

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

There are no Key Audit Matters Reportable as per SA 701 issued by ICAI.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, but does not include the financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of our auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the other information included in the above reports, if we conclude that there is material misstatement therein, we are required to communicate the matter to those charged with governance and determine the actions under the applicable laws and regulations.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and

other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements, or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

“ANNEXURE 2” TO THE INDEPENDENT AUDITOR’S REPORT

(Referred to in paragraph (2)g under ‘Report on Other Legal and Regulatory Requirements’ in our Independent Auditor’s Report of even date, to the members of the Company on the Financial statements for the year ended 31st March, 2022)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of the Company as of Atharv Enterprises Limited as on 31st March, 2022 in conjunction with our audit of the financial statement of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March 2022.

NOTE 1: NOTES FORMING PART OF THE FINANCIAL STATEMENTS:

SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Preparation of financial statements

The Company maintains its accounts on accrual basis following the historical cost convention in accordance with generally accepted accounting principles ["GAAP"] in India. GAAP comprises mandatory accounting standards as prescribed under section 133 of Companies Act, 2013 (the Act) read with Rule 7 of Companies (Accounts) Rules, 2014, the provisions of the Act (to the extent notified). Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

B. Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognised in the periods in which the results are known / materialize.

C. Revenue Recognitions

- Income from sales is recognized as and when sales are complete during the accounting year.
- Revenue in respect of all other income is recognized when a reasonable certainty as to its realization exists.

D. Employee Benefits

All Employees benefits falling due wholly within twelve month of rendering the services are classified as short term employee benefits which include benefits like salary, wages, short term compensated, absences and performance incentives and are recognized as expense in the period in which the employee renders the related services.

E. Material events after balance sheet date

Events which are of material nature after the balance sheet date are accounted for in the accounts.

F. Provisions and contingencies

A provision is recognized when the Company has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

The Company creates a provision when there is a present obligation as a result of past event that probably requires and outflows of resources and a reliable estimate can be made of the amount of obligation. A disclosure of contingent liability is made when there is possible obligation or a present obligation that will probably not require outflow of resources or where a reliable estimate of obligation cannot be made.

G. Taxes on income

Income tax comprises current and deferred income tax. Income tax expense is recognized directly in equity or in other comprehensive income. Provision for Current Tax is made after taking into consideration benefits admissible under the provisions of Income Tax Act, 1961.

H. Earnings per share

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations.

I. Cash Flow Statements

Cash Flow Statement has been prepared in accordance with Accounting Standard 3 issued by Institute of Chartered Accountants of India.

J. Segment Reporting

The Company operates in a single segment and there are no separate reportable segments as defined in Accounting Standard, AS-17.

Note: "Previous Year's figure have been regrouped rearranged wherever considered necessary"
