Commenting on the performance, Mr. Santosh Kataria, Managing Director said: “Despite global economic uncertainties and persistently high gold prices, India’s gold and jewellery sector continues to demonstrate resilience. However, elevated gold prices did weigh on overall industry demand during the quarter, leading to more cautious consumer spending, particularly in the mass-market segment as a result of which our sequential performance has slightly declined.

Amid this backdrop, our company delivered a strong performance, with FY25 revenue, reflecting a 42% YoY growth. EBITDA stood up 74% while PAT marking 82% YoY increase. This growth was driven by sustained wedding and festive demand, along with a rally in gold prices rise touching the peak of ₹ 1 lakh per 10 grams. We continue to expand

strategically with the launch of our second showroom in Ratlam, a 9,450 sq. ft. space located just one kilometre from our head office, reinforcing our focus on sustainable, long-term growth.

Looking ahead, we remain confident in the long-term potential of India's gold and jewellery sector and are well-positioned to navigate evolving market dynamics while continuing to create value for our stakeholders and customers."
