Novelis Reports First Quarter of Fiscal 2020 Results

Strong operational performance in favorable market conditions deliver exceptional results

First Quarter Fiscal Year 2020 Highlights

- Net income attributable to common shareholder of \$127 million; excluding special items, net income of \$145 million
- Adjusted EBITDA of \$372 million
- Net sales of \$2.9 billion
- Shipments of 830 kilotonnes

ATLANTA, August 6, 2019 – Novelis Inc., the world leader in aluminum rolling and recycling, today reported net income attributable to its common shareholder of \$127 million for the first quarter of fiscal year 2020, compared to \$137 million in the prior year period. Excluding tax-effected special items, such as \$33 million in favorable metal price lag in the prior year, the company reported net income of \$145 million in the first quarter of fiscal 2020, compared to \$115 million in the prior year period. This 26 percent increase is primarily due to higher Adjusted EBITDA.

Adjusted EBITDA increased 11 percent over the prior year period to \$372 million in the first quarter of fiscal 2020, primarily driven by higher total shipments as well as favorable price and product mix, partially offset by less favorable recycling benefits due to lower aluminum prices. Adjusted EBITDA per ton reached \$448 in the quarter, as compared to \$419 in the prior year period.

Net sales decreased six percent over the prior year period to \$2.9 billion for the first quarter of fiscal 2020, driven by lower average aluminum prices and local market premiums, partially offset by higher total shipments and more favorable product price and mix. Shipments of flat rolled products increased four percent over the prior year to 830 kilotonnes.

“Novelis’ continued success is based on its ability to deliver high-quality products to customers and its focus on optimizing manufacturing operations,” said Steve Fisher, President and CEO, Novelis Inc. “With a strong balance sheet and commitment to sustainable innovation, we are well positioned to make strategic investments in capacity as well as R&D to meet growing demand for lightweight aluminum solutions.”

The company reported negative \$94 million of free cash flow for the first quarter of fiscal 2020, including a three-fold increase in capital expenditures year-over-year to \$162 million mainly to support strategic capacity expansion projects underway in the US, China and Brazil. Free cash flow before capital expenditures improved 36 percent over the prior year period to \$68 million, driven primarily by higher Adjusted EBITDA and favorable working capital from lower aluminum prices and inventory levels.

"Our strategic capital projects to increase rolling, recycling and finishing capacity continue to progress on time and on budget," said Devinder Ahuja, Senior Vice President and Chief Financial Officer, Novelis Inc. "Our focus on continuous operational improvement to fully leverage our existing capacity will allow us to continue to deliver strong results in favorable market conditions."

As of June 30, 2019, the company reported a strong total liquidity position of \$1.7 billion and a net leverage ratio of 2.5x.

Aleris Acquisition

On July 26, 2018, Novelis announced it signed a definitive agreement to acquire Aleris Corporation. The acquisition continues to progress and is expected to close in the fourth quarter of calendar year 2019, subject to customary closing conditions and regulatory approvals.

Non-GAAP Financial Measures

This news release and the presentation slides for the earnings call contain non-GAAP financial measures as defined by SEC rules. We believe these measures are helpful to investors in measuring our financial performance and liquidity and comparing our performance to our peers. However, our non-GAAP financial measures may not be comparable to similarly titled non-GAAP financial measures used by other companies. These non-GAAP financial measures have limitations as an analytical tool and should not be considered in isolation or as a substitute for GAAP financial measures. To the extent we discuss any non-GAAP financial measures on the earnings call, a reconciliation of each measure to the most directly comparable GAAP measure will be available in the presentation slides filed as Exhibit 99.2 to our Current Report on Form 8-K furnished to the SEC concurrently with the issuance of this press release. In addition, the Form 8-K includes a more detailed description of each of these non-GAAP financial measures, together with a discussion of the usefulness and purpose of such measures.

Attached to this news release are tables showing the Condensed Consolidated Statements of Operations, Condensed Consolidated Balance Sheets, Condensed Consolidated Statements of Cash Flows, Reconciliation to Adjusted EBITDA, Free Cash Flow, Liquidity, Net Income excluding Special Items, and Segment Information.

Forward-Looking Statements

Statements made in this news release which describe Novelis' intentions, expectations, beliefs or predictions may be forward-looking statements within the meaning of securities laws. Forward-looking statements include statements preceded by, followed by, or including the words "believes," "expects," "anticipates," "plans," "estimates," "projects," "forecasts," or similar expressions. Examples of forward looking statements in this news release are statements about our expectation that we will be able to make strategic investments in capacity and R&D. Novelis cautions that, by their nature, forward-looking statements involve risk and uncertainty and Novelis' actual results could differ materially from those expressed or implied in such statements. We do not intend, and we disclaim any obligation, to update any forward-looking statements, whether as a result of new information, future events or otherwise. Factors that could cause actual results or outcomes to differ from the results expressed or implied by forward-looking statements include, among other things: changes in the prices and availability of aluminum (or premiums associated with such prices) or other materials and raw materials we use; the capacity and effectiveness of our hedging activities; relationships with, and financial and operating conditions of, our customers, suppliers and other stakeholders; fluctuations in the supply of, and prices for, energy in the areas in which we maintain production facilities; our ability to access financing including in connection with potential acquisitions and investments; risks relating to, and our ability to consummate, pending and future acquisitions, investments or divestitures, including the proposed acquisition of Aleris Corporation; changes in the relative values of various currencies and the effectiveness of our currency hedging activities; factors affecting our operations, such as litigation, environmental remediation and clean-up costs, breakdown of equipment and other events; economic, regulatory and political factors within the countries in which we operate or sell our products, including changes in duties or tariffs; competition from other aluminum rolled products producers as well as from substitute materials such as steel, glass, plastic and composite materials; changes in general economic conditions including deterioration in the global economy; changes in government regulations, particularly those affecting taxes, derivative instruments, environmental, health or safety compliance; changes in interest rates that have the effect of increasing the amounts we pay under our credit facilities and other financing agreements; and our ability to generate cash. The above list of factors is not exhaustive. Other important risk factors are included under the caption "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended March 31, 2019.
