*[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]*

To,

The Members,

**A. K. Capital Services Limited**

Mumbai

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by A. K. Capital Services Limited (CIN: L74899MH1993PLC274881) and having its registered office at 30-38, 3rd Floor, Free Press House, Free Press Journal Marg, 215, Nariman Point, Mumbai 400021 (hereinafter called 'the Company'). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/ statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2020 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March 2020 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
  - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

## MANAGEMENT DISCUSSION AND ANALYSIS REPORT

### Indian Economy

Indian economy continued to face challenges in FY 2019-20. Global headwinds, geopolitical tensions, continued challenges in the domestic financial sector, slowing growth and slippage in fiscal deficit were some of the concerns being faced by the economy. However, the unexpected Covid-19 pandemic that appeared towards the end of the financial year has not only jolted the economy but has also created immeasurable uncertainty in the macroeconomic landscape. Nevertheless, there have been some positive developments in the financial year 2019-20, such as reduction in the corporate tax rate, an all-time high accumulation of foreign exchange reserves, India moving up by 14 positions to 63rd rank in 2019 World Bank's Ease of Doing Business 2020 Report, formation of a stable government, scheme to provide a one-time partial credit guarantee to public sector banks for purchase of pooled assets of financially sound non-banking financial companies (NBFCs), recapitalization followed by merger of 10 public sector banks into four entities and announcement in the National Infrastructure Pipeline (NIP) of projects worth INR 102 lakh crore, which will commence in phases from FY 2020-21 to FY2024-25.

FY2019-20 witnessed sub-6% growth in every quarter. GDP growth registered 5.2 percent (revised) growth in the first quarter on account of weak consumer demand and a tepid investment scenario. GDP eased further in the subsequent two quarters as lack of credit growth and persistent slowdown in demand led to contraction in manufacturing. GDP dropped to an unprecedented 3.1% in the fourth quarter of the financial year as the Covid-19 pandemic led to country-wide lockdown resulting in an economic freeze towards the end of the financial year. The Indian Rupee weakened because of the investors' flight to safety as conditions exacerbated globally causing rapid investment outflows. Despite all the chaos, the Indian economy is among the handful of countries that is expected to remain in a positive growth trajectory. In fact, this is amongst the highest growth rate within the G-20 economies. As per IMF, for 2021, India is expected to post a sharp turnaround and resume its pre-COVID pre-slowdown trajectory by growing at 6.0 percent.

On the external front, current account deficit narrowed to 0.9% of GDP in FY2019-20 from 2.1% in FY2018-19. Trade deficit (USD 70.16 billion) narrowed compared to FY2018-19 driven by increase in services trade surplus and decrease in merchandise trade deficit account of global trade tensions. Fiscal deficit target of 3.3% of GDP was revised upwards to 3.8% of GDP in the Union Budget on 1st Feb'2020 by using the Fiscal Responsibility and Budget Management (FRBM) Act in order to provide adequate space for countercyclical fiscal measures taken for boosting investments. However, the target for FY2019-20 may be difficult to achieve on account of the decline in revenue collections owing to economic slowdown coupled with the lockdown in March 2020 and the subsequent fiscal stimulus announced to tackle the Covid-19 pandemic. On the financing side, net FDI inflows (USD 39.67 billion) were strong during FY 2019-20. Foreign portfolio investors turned net sellers in the domestic capital market in Q4 FY'2019-20. India's foreign exchange reserves were at USD 475.6 billion on March 27, 2020.

### The Growth Environment

Global economic activity has come to a near standstill as COVID-19 related lockdowns and social distancing have been imposed across almost all countries. The pandemic has added to the growth slowdown that was already taking place on account of weak consumer demand and rising trade tensions. The outlook is now heavily contingent upon the intensity, spread and duration of the pandemic. There is a rising probability that large parts of the global economy will slip into recession. However, with strong reform measures and by responding dynamically to the changing business environment, India has a potential to emerge stronger out of this crisis.

The country witnessed economic slowdown owing to weakness in consumption and tepid investment growth during the major part of the year. The lockdown in the last quarter on account of the Covid-19 pandemic further aggravated the challenges in the economy this year. To tackle the pandemic situation, the government announced the first fiscal stimulus package worth INR 1.7 lakh crore towards the end of the fiscal and is expected to continue with further announcements in FY 2020-21.

### Industry Structure and Bond Market Developments:

In the biggest corporation tax reduction in 28 years, the government slashed rates by up to 10 percentage points, a major highlight of the previous year. The Ministry of Finance reduced the corporation tax rate from 30% to 22%, and to 15% for new manufacturing companies. In the Union Budget FY2020-21, the government made a number of announcements pertaining to the growth of the industry i.e. manufacturing, micro, small and medium enterprises and its exports.

The Government also implemented measures to ease the stress in the financial sector including both Banks, Non-Banking Financial Companies (NBFCs) and Housing Finance Companies (HFCs). Post September 2018, the NBFCs & HFCs went through a period of tight liquidity which restricted their funding avenues and increased their cost of borrowing. The sector had to respond through reducing capital market borrowing, slowing down disbursements, correcting ALM profiles and building up liquidity buffers. The sector struggled with liability-side disruptions rather than asset-side challenges with NBFCs continuing to report healthy asset quality parameters vis-à-vis banks. Among other measures, the government, through the Reserve Bank of India (RBI), provided liquidity support to NBFCs/HFCs under Partial Credit Guarantee Scheme.

As the sector was slowly beginning to emerge out of that crisis, it is now staring at the unprecedented Covid-19 situation. However, NBFCs are learning to calibrate the overall market dynamics and approaching new strategies to lend to different segments.

In order to mitigate the burden of debt brought about by disruptions on account of Covid-19 pandemic the RBI announced additional regulatory measures. The banking regulator has cut down repo rate to a 15-year-low of 4.4 per cent, allowed banks to stall EMIs for term loans for up to three months and liquidity measures to support Mutual Funds, Targeted Long Term Repo Operations and Special Open Market Operations to tide over the challenges brought about by the lockdown. In all, the RBI has released north of INR 8 lakh crores liquidity into the banking system. These measures coupled with increase in bank deposits have led to a surge in the liquidity surplus of banks.

The Prime Minister, Mr. Modi, announced INR 20 lakh crore stimulus package in May 2020. This package was inclusive of RBI measures and measures announced earlier by the Finance Minister, Ms. Nirmala Sitharaman on the pillars of Economy, Infrastructure, System, Demography and Demand. This stimulus package focused on "Atma Nirbhar Bharat Abhiyan" (Self Reliant India Campaign). The Government and RBI has taken a series of measures to generate demand and ease the liquidity for NBFCs/HFCs/MFIs.

In order to support NBFCs/HFCs/MFIs, Government has also launched INR 30,000 crore Special Liquidity Scheme. Under this scheme investment will be made in both primary and secondary market transactions in investment grade debt paper of NBFCs/HFCs/MFIs and will be fully guaranteed by GoI. Apart from providing liquidity support for NBFCs/HFC/MFIs and mutual funds this measure will create confidence in the market. Separately, Government has also announced Partial Credit Guarantee Scheme 2.0 for NBFCs. Through this scheme liquidity support of INR 45,000 crore will be provided by the Government.

Interest rates across the G-Sec, credit and corporate bond markets showed a declining tendency in FY20. This fall can be attributed to factors such as a stable outlook to inflation and weakness in the domestic economy which triggered the RBI to slash policy repo rates cumulatively by 110 bps in FY20. Surplus liquidity in the banking system mainly due to rather sluggish growth in credit coupled with external factors like low crude oil prices also supported the decline in interest rates in the economy.

India stepped into FY21 with lower growth projections on the economic front due to the unexpected pandemic. Going ahead, some recouping may take place after lockdown is revoked and businesses re-start their normal operations. The right steps have already been undertaken and we may see further support from the government and the RBI if the need arises.

## Outlook and Strategy

Globally, debt market comprises of large portion of the financial markets. India contributes around 3.2% towards the total global GDP, while its share of debt market capital is less than 2.00% of the global outstanding debt (Source: IMF). India offers moderate-risk, high-yielding debt investment opportunities to offshore investors.

India’s total debt outstanding is INR 1,29,863 billion (Source: RBI & SEBI), comprising 76% of sovereign securities and 24% of corporate bonds. Currently, Government bonds dominate the debt market with an advantage of being more liquid and risk free vis-à-vis corporate bonds. Also, ~ 90% of corporate bonds are privately placed to institutional investors restricting development of healthy secondary markets. Crowding out by government bonds is one of the potential obstacles to healthy corporate bond markets.

Earlier around 80-90% of debt in India was in form of bank loans. But mounting NPAs and increased capital requirements under Basel III limited banks’ lending to corporates, which further opened up bond market as an avenue for financing the requirements of the growing Indian economy. Bond market rates reflect changes in key interest rates by the RBI more efficiently than the bank lending rates. Thus, there is a need for economical capital at interest rates that better reflect monetary policy through tradable bonds.

There has been a marked acceleration in growth in the resource mobilized from the debt market. The increase in resource mobilization from debt market may mainly be ascribed to:

- Regulatory measures taken to enhance issuances in this market.
- Faster transmission of lower interest rates in the bond market.
- Banks' unwillingness to lend to corporate owing to high NPA levels.

During FY 2019-20, the regulatory authorities have initiated major structural reforms towards building a robust, transparent and vibrant corporate bond markets in India.

For the corporate bond market, a number of measures were introduced like:

- Proposal to establish an organization to provide credit enhancement for infrastructure and housing projects.
- Development of credit default swaps (in consultation with SEBI and RBI).
- Removal of the provision pertaining to maintenance of debenture redemption reserve for public placement of debt.
- Proposal to enable stock exchanges to allow AA rated bonds at collateral.
- Norms applicable for credit ratings have been tightened.
- Streamlining the stamp duty regime of financial securities transactions.
- Liberalization of ECB norms by relaxing end-user restrictions with regard to working capital, general corporate purpose and repayment of rupee loans.
- Eligibility limit for NBFCs for debt recovery under SARFAESI Act has been proposed to be reduced to an asset size of 100 crore from INR 500 crore earlier or loan size of Rs 50 lakhs from INR 1 crore.
- FPI limit in corporate bonds increased to 15% from 9% of its outstanding stock.
- Concessional withholding tax rate of 5% extended till June 2023 to foreign investors (FPIs/QFIs).
- Concessional withholding tax rate of 5% on interest payment on municipal bonds.
- Reduction in withholding tax rate from 5% to 4% on interest paid on listed bonds.
- 100% tax exemption to their interest, dividend and capital gains income in respect of investment made in infrastructure.
- SEBI widened the scope of municipalities to enable them to list debt securities.
- RBI made External Benchmark based Interest Rate mandatory for certain loans.
- First ever debt ETF, Bharat Bond ETF is launched.
- The government also plans to float a new Debt-ETF consisting primarily of G-Secs in the wake of the success of the recently floated Debt-ETF which will improve retail investors access to G-Secs.
- Liquidity support to NBFCs/HFCs under Partial Credit Guarantee Scheme to be continued by guaranteeing securities floated.

## OPPORTUNITIES AND CHALLENGES:

### Opportunities

A. Debt markets have witnessed an exponential growth in the Country over last decade which may be seen from the tables given below:

## Challenges

Like any other market:

- Corporate bond markets are venerable to market risks originating from volatility in interest rates;
- Operations in corporate bond markets may be vulnerable to competition thereby affecting margins;
- Besides market risks, corporate bonds may be vulnerable to credit risk;
- Growth and performance of domestic corporate bond markets is dependent upon a host of domestic and global macro and micro-economic factors. India offers moderate-risk, high-yielding debt investment opportunities to offshore investors. However any significant tightening of monetary policy rates by the global central banks may lead to flight of capital and pose competition to Indian markets.

## SEGMENTWISE PERFORMANCE

## CORPORATE GOVERNANCE REPORT

### (1) BRIEF STATEMENT ON COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE:

The Corporate Governance represents values, culture and behavior of the organization. Further, the term Corporate Governance is wide to encompass processes, accountability and level of transparency deployed by the organization in its functioning. In all the term covers the conduct of the organization in different situations over a period.

Since, every company/body-corporate is an artificial person created by law, it cannot act on its own. It is the Board of Directors, KMP and Senior Management who generally governs the functioning of organization/company, and they are responsible for setting the right culture and values at all levels. Accordingly, presence of human element plays pivotal role in success of corporate governance standards at all levels for any organization. In view of the same, the Company believes that it is the collective responsibility of Board Members, KMPs' and the members of Senior Management to foster a culture in which high standards of ethical behavior, individual accountability and transparent disclosures are ingrained in all its dealings.

A. K. Capital Services Limited, completed the journey more than 26 Years of its existence and over the years, efforts have been put to enhance the level of compliance standards, processes and practices to ensure transparency in all its dealings. As a Company, we believe in implementing Corporate Governance practices that goes beyond meeting the letter of law and we are committed in achieving the same.

The Report on Corporate Governance, as per the applicable provisions of the Companies Act, 2013 and the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulation, 2015 (hereinafter referred to as the "Listing Regulations") and other applicable laws for the time being in force, is as under:

7. The procedures selected depend on the auditor's judgement, including the assessment of the risks associated in compliance of the Corporate Governance Report with the applicable criteria. Summary of key procedures performed include:
  - i) Reading and understanding of the information prepared by the Company and included in its Corporate Governance Report;
  - ii) Obtained and verified that the composition of the Board of Directors w.r.t executive and non-executive directors have been met throughout the reporting period;
  - iii) Obtained the details of the Directors and verified that at least one woman director was on the Board during the year;
  - iv) Obtained and read minutes of the following meetings held from 01 April 2019 to 31 March 2020;
    - a) Board of Directors meeting;
    - b) Audit committee;
    - c) Annual General meeting;
    - d) Nomination and Remuneration committee;
    - e) Stakeholders' Relationship committee;
    - f) Corporate Social Responsibility committee;
  - v) Obtained necessary representations and declarations from Directors of the Company including the independent directors and
  - vi) Performed necessary inquiries with the management and also obtained necessary specific representations from the management.

The above-mentioned procedures include examining evidence supporting the particulars in the Corporate Governance Report on a test basis. Further, our scope of work under this report did not involve us performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole.

## Opinion

8. Based on the procedures performed by us as referred in paragraph 6 above and according to the information and explanations given to us, we are of the opinion that the Company has complied with the conditions of Corporate Governance as stipulated in the Listing Regulations, as applicable for the year ended 31 March 2020, referred to in paragraph 1 above.

## Other matters and Restriction on Use

9. This Certificate is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.
10. This Certificate is addressed to and provided to the members of the Company solely for the purpose of enabling it to comply with its obligations under the Listing Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come without our prior consent in writing. ## INDEPENDENT AUDITORS' REPORT

To  
The Members of  
**A. K. Capital Services Limited**

### Report on the audit of the Standalone Financial Statements

#### Opinion

We have audited the accompanying standalone financial statements of A. K. Capital Services Limited ("the Company"), which comprise the balance sheet as at March 31, 2020, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity for the year then ended, and notes to the standalone financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules 2015 as amended ("Ind AS") and the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

#### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Emphasis of Matter

We draw attention to Note 41 of the standalone financial statements which describe the management's assessment of the impact of the COVID-19 pandemic on the financial result of the Company and estimates related to impairment of assets, which are dependent on future developments regarding the severity and duration of the pandemic. Our opinion is not modified in respect of this matter.

#### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the standalone financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the standalone financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying standalone financial statements.

### Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in Board's Report including Annexures to Board's Report and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

### Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other Comprehensive Income), cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for the safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

## Auditors' Responsibility for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in

(i) planning the scope of our audit work and in evaluating the results of our work; and

(ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as, it appears from our examination of those books;
  - c) The balance sheet, the statement of profit and loss, statement of cash flows and statement of changes in equity dealt with by this Report are in agreement with the books of account;

- d) In our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015 as amended;
- e) On the basis of the written representations received from the directors as on 31 March 2020 and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2020, from being appointed as a director in terms of Section 164(2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial control over financial reporting;
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid or provided to its directors during the year is in accordance with the provision of Section 197 of the Act;

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company does not have any pending litigations which would impact its standalone financial position;
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses; and
  - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.

## **ANNEXURE 'B' TO THE INDEPENDENT AUDITORS' REPORT**

### **(Referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)**

#### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of A. K. Capital Services Limited as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on, the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting and the Standards on Auditing, prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

#### **Inherent Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to further periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Control Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### NOTE - 1

#### CORPORATE INFORMATION

A. K. Capital Services Limited ("the Company") is a listed Company having its registered office at 30-38, 3rd Floor, Free Press House, Free Press Journal Marg, 215, Nariman Point, Mumbai - 400021 and incorporated on October 05, 1993 under the provisions of the Companies Act, 1956. The Company is a SEBI Registered Category I Merchant Banker. The Financial statements are approved for issue by the Company's Board of Directors on June 27, 2020.

### NOTE - 2

#### SIGNIFICANT ACCOUNTING POLICIES

##### 2.01 Basis of preparation and presentation of financial statements

These standalone financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

The financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, and on the basis of accounting principle of a going concern in accordance with generally accepted accounting principles (GAAP). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Financial Statements are presented in Lakhs or decimal thereof unless otherwise specified.

The financial statements have been presented in accordance with schedule III-Division III General Instructions for Preparation of financial statements of a Non-Banking Financial Company (NBFC) that is required to comply with Ind AS.

##### 2.02 Functional and presentation currency

Items included in the financial statements of Company are measured using the currency of the primary economic environment in which the Company operates ("the functional currency"). Indian rupee is the functional currency of the Company. All amounts are rounded to two decimal places to the nearest lakh, unless otherwise stated.

##### 2.03 Use of estimates

The preparation of financial statements in conformity of Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the year. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Application of accounting policies that require critical accounting estimates and assumption having the most significant effect on the amounts recognised in the financial statements are:

- Valuation of financial instruments
- Measurement of defined employee benefit obligation
- Useful life of property, plant and equipment
- Useful life of investment property
- Provisions

##### 2.04 Fair value measurement and hierarchy

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

**Level 1** - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

**Level 2** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

**Level 3** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Company's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

### 2.05 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Ind AS 115 "Revenue from contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- A) Identify the contract(s) with a customer;
- B) Identify the performance obligations;
- C) Determine the transaction price;
- D) Allocate the transaction price to the performance obligations;
- E) Recognise revenue when or as an entity satisfies performance obligation.

#### Merchant banking fees

Revenue from merchant banking fees includes arranger fees, advisory fees, lead manager fees are recognized when the Company satisfies performance obligation. Lead manager fees are recognised over a point of time. The Company measures its progress towards satisfaction of performance obligation based on output method i.e. milestone basis. Revenue from arranger services and advisory services are recognised point in time.

#### Brokerage

Revenue from brokerage is recognised point in time.

#### Interest Income

Under Ind AS 109, Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through Profit and loss (FVTPL).

The EIR in case of a financial asset is computed

- a. As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- b. By considering all the contractual terms of the financial instruments in estimating the cash flows.
- c. Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premium or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

#### Net gain on Fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by Company on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at Fair value through Other Comprehensive Income ("FVTOCI") is recognised in net gain / loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortised is presented separately under the respective head in the Statement of Profit and Loss.

### Dividend Income

Dividend income is recognised

- when the right to receive the payment is established.
- it is probable that the economic benefits associated with the dividend will flow to the entity and
- the amount of the dividend can be measured reliably.

### Rental Income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.

## 2.06 Taxes

The tax expense for the period comprises of current tax and deferred tax. Tax is recognised in the Statement of Profit and Loss except to the extent it relates to items recognised in the other comprehensive income or equity. In which case, the tax is also recognised in other comprehensive income or equity.

### Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

Current income taxes are recognized in profit or loss except to the extent that the tax relates to items recognized outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates position taken in the tax returns with respect to situations in which applicable tax regulations are subjected to interpretation and establishes provisions, where appropriate.

### Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exist to set-off current tax assets and current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

## 2.07 Property, plant and equipment

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

### Subsequent Cost

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

### Depreciation

Depreciation is calculated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

### Derecognition of assets

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognised.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### 2.08 Investment property

Property that is held for long term rental yield or for capital appreciation or both, and that is not occupied by the Company, is classified as Investment property. Investors properties measured initially at cost including related transactions cost and where applicable borrowing cost. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is incurred the carrying amount of replaced part is derecognised.

Investment properties other than land are depreciated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act 2013 i.e. 60 years for office premises.

### 2.09 Intangible assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

#### Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in profit or loss as incurred.

#### Derecognition of assets

An item of intangible asset and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognized.

Intangible assets comprising of Software are amortised on a straight line basis over its estimated useful life or maximum 5 years, whichever is shorter.

### 2.10 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

### 2.11 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The contingent liability is not recognized in books of account but its existence is disclosed in financial statements.

A contingent assets, where an inflow of economic benefits is probable, an entity shall disclose a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect, measured using the principles set out for provisions in Ind AS 37.

### 2.12 Impairment of assets

#### a) Financial assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The Company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

For all other financial assets, expected credit losses are measured at an amount equal to the 12 months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of profit or loss.

### b) Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

## 2.13 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### Financial assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

### Financial assets are subsequently classified as measured at

**Amortised cost:** Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

**Fair value through profit and loss (FVTPL):** A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss.

**Fair value through other comprehensive income (FVTOCI):** Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the Statement of Profit and Loss.

Financial assets are not reclassified subsequent to their recognition, except if and in the period, the Company changes its business model for managing financial assets.

### Trade Receivables and Loans:

Trade receivables are initially recognized at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

### Debt Instruments:

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVTOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

#### (a) Measured at amortised cost:

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

#### (b) Measured at fair value through other comprehensive income:

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to 'other income' in the Statement of Profit and Loss

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### (c) Measured at fair value through profit or loss:

A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss. Interest income /dividend income on financial assets measured at FVTPL is recognised separately from "net gain on fair value changes in the statement of profit and loss".

### Equity Instruments:

All investments in equity instruments other than investments in subsidiary companies classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL.

The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVTOCI. Fair value changes excluding dividends, on an equity instrument measured at FVTOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in the Statement of Profit and Loss.

### Derecognition of asset

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

### Financial Liabilities:

#### Initial recognition and measurement

Financial liabilities are recognized when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate. All financial liabilities are recognised initially at fair value and in the case of borrowings trade payables and other financial liabilities, net of directly attributable transaction costs. The Company's financial liabilities include borrowings, trade payables, deposits and other financial liabilities.

#### Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

### (a) Borrowings:

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

### (b) Trade and Other Payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method

### (c) Deposits:

They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method

### Derecognition

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability.

The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### 2.14 Investments in equity instruments including deemed equity instruments of subsidiaries

Investments in equity instruments including deemed equity instruments of subsidiaries are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, the difference between net disposal proceeds and carrying amounts are recognised in the Statement of Profit and Loss.

### 2.15 Segment Reporting

Based on "Management Approach" as defined in Ind AS 108 - Operating Segments, the Chief Operating Decision Maker evaluates the Company's performance and allocates the resources based on an analysis of various performance indicators by business segments.

#### Segment Policies:

The Company prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Company as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

#### Segment information

Companies whole business is being considered as one segment.

### 2.16 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Company's cash management.

### 2.17 Retirement benefits

#### i) Defined contribution plans (Provident fund)

In accordance with Indian Law, eligible employees receive benefits from Provident Fund and Labour welfare fund which is defined contribution plan. In case of Provident fund, both the employee and employer make monthly contributions to the plan, which is administrated by the Government authorities, each equal to the specific percentage of employee's basic salary. The Company has no further obligation under the plan beyond its monthly contributions. Obligation for contributions to the plan is recognised as an employee benefit expense in the Statement of Profit and Loss when incurred.

#### ii) Defined benefit plans (Gratuity)

In accordance with applicable Indian Law, the Company provides for gratuity, a defined benefit retirement plan (the Gratuity Plan) covering eligible employees. The Gratuity Plan provides a lumpsum payment to vested employees, at retirement or termination of employment, and amount based on respective last drawn salary and the years of employment with the Company. The Company's net obligation in respect of the Gratuity Plan is calculated by estimating the amount of future benefits that the employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service cost and the fair value of plan assets are deducted. The discount rate is yield at reporting date on risk free government bonds that have maturity dates approximating the terms of the Company's obligation. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Company, the recognised asset is limited to the total of any unrecognised past service cost and the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contribution to the plan.

The Company recognises all remeasurements of net defined benefit liability/asset directly in other comprehensive income and presented within equity.

#### iii) Short term benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as a related service provided. A liability is recognised for the amount expected to be paid under short term cash bonus or profit sharing plans if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

#### iv) Compensated absences

The employees of the Company are entitled to leave as per the leave policy of the Company. The liability in respect of unutilized leave balances is provided at the end of year and charged to the Statement of Profit and Loss.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### 2.18 Lease

#### As a lessee:

The Company evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Company uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Company determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Company is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Company is reasonably certain not to exercise that option. In assessing whether the Company is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Company to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Company revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

#### As a lessor:

Leases under which the company does not transfer substantially all the risks and rewards of ownership are classified as operating leases. Rental income arising from operating leases is accounted for on straight line basis over the lease term, and is included in rental income in Statement of Profit and Loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms. Contingent rents are recognised as revenue in the period in which they are earned.

### 2.19 Earnings per share

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Company by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

### 2.20 Recent accounting pronouncements

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2020.

### 2.21 Other changes to Ind AS

#### 8.a RECONCILIATION OF CHANGES IN THE FAIR VALUE OF INVESTMENT PROPERTY:

The fair value of the Company's investment properties as at March 31, 2019 was arrived on the basis of valuation carried out by an external independent valuer registered with the authority which governs the valuer in India. However, for the year ended March 31, 2020, the management has considered the input based on prevailing average market rate of the nearby similar properties. The fair value measurement for investment property has been categorised as Level 2 fair value based on the inputs to the valuation technique used. Considering the type of the asset, market approach (sales comparable method) to estimate the fair value of the subject property is adopted. Since the fair value of the properties is determined by the management for the year ended March 31, 2020, the management has considered to give the sensitivity analysis for the value of the properties due to COVID-19 pandemic.

Sensitivity Level (a hypothetical increase / (decrease) by) 10% would result in increase / (decrease) in fair value by ₹ 486.15 Lakhs.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### NOTE - 35

#### LEASES

##### I Lease commitments as lessee:

The Company has entered into agreements for taking on lease certain guest house and office on lease and licence basis. The lease term is for a period ranging from 12 to 52 months. The Company has contracts which have fixed rentals.

##### Transition

From April 01, 2019, the Indian Accounting Standard i.e. IND-AS 116 "Leases" became effective, the Company has adopted the standard with modified retrospective approach as per Para C8 (c) (ii) of IND AS 116 and recognised asset in the form of "Right of use asset", (representing its right of use the leased asset over the lease term) and also liability towards the present value of the balance of future lease payments for the leases.

##### The following is the summary of practical expedients elected on initial application:

- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.

- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

##### Following are the changes in the carrying value of right-of-use assets (disclosed under note 9 - property, plant and equipment) for the year ended March 31, 2020:

₹ in Lakhs

| Particulars  | Building<br>Right-of-use |

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### NOTE - 37

#### RISK MANAGEMENT

##### Financial risk management

The risk management policies of the Company are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Management has overall responsibility for the establishment and oversight of the Company's risk management framework. In performing its operating, investing and financing activities, the Company is exposed to the Credit risk, Liquidity risk and Market risk.

##### Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and investments.

##### Credit risk

##### Revenue / Trade receivable

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is from trade receivables amounting to ₹ 29.97 Lakhs and ₹ 284.31 Lakhs as at March 31, 2020 and March 31, 2019. Trade receivables are typically unsecured and are derived from revenue earned from customers located in India. Credit risk has always been managed by the Company through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Company grants credit terms in the normal course of business.

The Company applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. Based on the provision matrix, no provision is required to be made at the respective reporting date.

The Company have provided details of revenue from single largest customer, revenue from top 5 customer and ageing of trade receivables below:

(a) The following table gives details in respect of revenues generated from top customer and top 5 customers:

##### Balances with banks and other financial assets:

The Company holds cash and cash equivalents with bank, which are having highest safety ratings based on ratings published by various credit rating agencies. The Company considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Company assesses and manages credit risk based on reasonable and supportive forward looking information. The Company does not have significant credit risk exposure for these items.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### Investments in debt securities measured at amortised cost

The impairment of the credit risk on the investments is carried out through a detailed ECL model. The ECL model provides for the ECL on a 12 month ECL basis for standard to stage 1 Assets whereas the same is calculated based on a lifetime ECL for stage 2 & 3 level assets. The ECL is calculated based on a probability default (PD) X exposure at default (EAD) X (Loss given default X discount rate - LGD). The Company calculates the PD by taking into account the past historical trends of the portfolio and its credit performance based on a homogenous characteristic of the underlying portfolio. This is calculated based on a 12 month PD perspective. In case of Impaired assets where lifetime PD is applied, the PD is extrapolated to take into account the probability of default over the life time of asset.

### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has interest rate risk exposure mainly from changes in rate of interest on borrowing. The following table analyse the breakdown of the financial assets and liabilities by type of interest rate:

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### NOTE - 38 LIQUIDITY RISK

The Company's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt and overdraft from banks at an optimised cost.

The Company's maximum exposure to liquidity risk for the components of the balance sheet at March 31, 2020 and March 31, 2019 is the carrying amounts. The liquidity risk is managed on the basis of expected maturity dates of the financial liabilities. The Company's major financial liabilities include term loans with maturity profile ranging between 0 to 5 years and short term borrowings are generally payable within one year. The average credit period taken to settle trade payables is about 30 days. The other payables are with short-term durations. The following table analysis undiscounted financial liabilities by remaining contractual maturities:

| <b>Gearing ratio (%) (A/C)</b>      | <b>10.92</b>     | <b>16.72</b>     |

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call borrowings. There have been no breaches in the financial covenants of any borrowings in the current year.

No changes were made in the objectives, policies or processes for managing capital during the aforesaid financial year.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### NOTE - 41

The COVID-19 pandemic has significantly impacted economic activities, businesses, individuals across the spectrum. The Company recognizes the need to make reasonable estimation of the impact of this pandemic on the repayment ability of its customers, and make additional provisions as considered appropriate, over-and-above the extant provisions, for expected credit losses. The Company has segmented its portfolio on the basis of various parameters to ascertain the impact of COVID-19 and basis its estimates, assumptions and judgements arrived at the additional impairment which is provided for in its financial statements. Given the uncertainty over the potential macro-economic condition, the impact of the COVID-19 may be different from that expected as at the date of approval of these financial statements. As per the Company's assessment, this by itself has not resulted into any significant increase in the credit risk. The Company will continue to closely monitor any material changes to future economic conditions and suitable effect will be given in the respective future period.

### NOTE - 42

#### SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the Company's financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, the accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Estimates and assumptions are reviewed on periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

The key assumptions concerning the future and other key sources of estimation, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities, within the next financial year, are described below. The Company's assumptions and estimates are based on parameters available at the time of preparation of financial statements. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### (a) Employee benefit plans

The cost of the defined benefit plan and other employment benefits plan are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the management considers the interest rates of government bonds in currencies consistent with the currencies of the postemployment benefit obligation. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases are based on expected future inflation rates.

Based on periodic review of the demographic assumptions, attrition rate assumption used for actuarial valuation of liability related to gratuity has been re-assessed during the year ended March 31, 2020. For the purpose of assessing the attrition rate, the Company considered the historical attrition trend and expected rate based on such trend/ experience. The change in assumption resulted in a increase of closing gratuity by ₹ 9.44 Lakhs, for the year ended March 31, 2020.

Further details about gratuity obligations are given in Note - 32.

#### (b) Impairment allowance for investments

Recognition and measurement of impairment relating to the investments and loans measured at amortized cost involves significant management judgment and as per the requirements of Ind AS 109, credit loss assessment is based on management's ECL model. Management exercises judgment in determining the quantum of loss based on a range of factors. The most significant areas are:

- Credit ratings of the investments and loans;
- Investment and loans staging criteria
- Calculation of probability of default / Loss given default
- Consideration of probability weighted scenarios and
- Forward looking macro-economic factors.

The Company considered current and anticipated future economic conditions relating to industries the Company deals. In calculating expected credit loss, the Company has also considered credit reports and other related credit information for its investments to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID -19.

#### (c) Leases

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain to exercise the option to renew or terminate the lease. It considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### (d) Taxes

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

The Company has elected to exercise the option permitted under section 115BAA of the Income Tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance, 2019. Accordingly, the Company has recognised Provision for Income Tax for quarter, half year and year ended on March 31, 2020 and re-measured its deferred tax assets based on the rate prescribed in the aforesaid section and recognized the effect of change by revising the effective income tax rate. The rate of income tax is changed from 29.12% to 25.168% during the year ended March 31, 2020. There remeasurement of accumulated deferred tax asset has resulted in a one-time additional deferred tax credit of ₹ 54.29 Lakhs.

### NOTE - 43

There was no impairment loss on non-financial assets on the basis of review carried out by the management in accordance with Indian Accounting Standard (Ind AS) – 36 'Impairment of Assets'.

### NOTE - 44

Balances of certain trade receivables, trade payables are subject to confirmation/reconciliation, if any. The management does not expect any material difference affecting the financial statements on such reconciliation/adjustments.

### NOTE - 45

In the opinion of management, loans, investments and other financial assets have a value on realisation in the ordinary course of business at least equal to the amount at which they are stated in the balance sheet. The provision for all known liabilities is adequate and not in excess of the amount reasonably stated.

### NOTE - 46

#### SUBSEQUENT EVENTS

The Board of Directors of the Company in its meeting held on June 27, 2020, have recommended a final dividend of ₹ 1 per equity share having face value of ₹10 each for the year ended March 31, 2020. The same is subject to approval of the shareholders in the ensuing annual general meeting. The proposed dividend if approved at the ensuing annual general meeting, will result in a total cash outflow of ₹ 66 lakhs.

## INDEPENDENT AUDITORS' REPORT

To,

**The Members of**

**A. K. Capital Services Limited**

**Report on the audit of the Consolidated Financial Statements**

### Opinion

We have audited the accompanying consolidated financial statements of A. K. Capital Services Limited ("the Holding Company") and its subsidiaries (together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at March 31, 2020, the Consolidated Statement of Profit and Loss (including other comprehensive income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and notes to the consolidated financial statements including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standard prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standard) Rules 2015, as amended ("Ind AS") and the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2020, their consolidated profit including other comprehensive income, their consolidated cash flows and the consolidated changes in equity for the year ended on that date.

### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

### Emphasis of Matter

We draw attention to Note 46 of the consolidated financial statements which describe the management's assessment of the impact of the COVID-19 pandemic on the consolidated financial result of the Group and estimates related to impairment of assets, which are dependent on future developments regarding the severity and duration of the pandemic. Our opinion is not modified in respect of this matter.

### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have determined the matters described below to be the key audit matters to be communicated in our report. We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of audit procedures performed by us and by other auditors of components not audited by us, as reported by them in their audit reports furnished to us by the management, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

#### Information Other than the Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in Board's Report including Annexures to Board's Report and Shareholder's Information but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

#### Management's Responsibility for the audit of the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated total comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Indian Accounting Standards (Ind AS) and other accounting principles generally accepted in India.

The respective Board of Directors of the companies included in the Group is responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group is responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of the Group.

#### Auditors' Responsibility for the audit of Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

#### As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiaries which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Other Matters

We did not audit the financial statements of the 6 subsidiaries, whose financial statements reflect total assets of ₹ 150,007.77 Lakhs as at March 31, 2020, total revenues of ₹ 25,956.07 Lakhs, total net profit after tax of ₹ 3,930.76 Lakhs and net cash flows amounting to ₹ 8,946.10 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiaries & our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

### Report on Other Legal and Regulatory Requirements

As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2020 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries incorporated in India, none of the directors of the Group companies, incorporated in India is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act.

- (f) With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in "Annexure A".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid or provided to its directors during the year is in accordance with the provision of Section 197 of the Act.

- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (i) There were no pending litigations which would impact the consolidated financial position of the Group;
  - (ii) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts; and
  - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.

## ANNEXURE 'A' TO THE INDEPENDENT AUDITORS' REPORT

### (Referred to in paragraph 2(f) under the heading 'Report on Other Legal and Regulatory Requirements' of our report of even date)

#### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of the A. K. Capital Services Limited ("the Holding Company") as of and for the year ended March 31, 2020, we have audited the internal financial controls over financial reporting with reference to the financial statements of the Holding Company and its subsidiaries which are incorporated in India, as of that date.

#### Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiaries are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Holding Company and its subsidiaries which are incorporated in India based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI (the "Guidance Note") and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters Paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

#### Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reporting of other auditors as mentioned in "Other Matter" paragraph, the Holding Company and its subsidiaries, which are incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

#### Other Matters

Our aforesaid report under Section 143(3) (If the Act) on the adequacy and operating effectiveness of the internal financial controls over financial reporting, insofar as it related to 6 subsidiaries which are incorporated in India, is based on the corresponding reports of the auditors of such subsidiaries incorporated in India.

Capital Services Limited ('the Company' or 'the Holding Company' or 'Parent') and its subsidiaries (collectively, 'the Group'). The Company was incorporated on October 05, 1993. The registered address of the Company is situated at 30-38, 3rd, Free Press House, Free Press Journal Marg, 215, Nariman Point, Mumbai - 400021. The Company is a SEBI Registered Category I Merchant Banker. The financial statements of the Group for the year ended March 31, 2020 were authorized for issue by the Board of Directors on June 27, 2020.

### NOTE - 2

#### SIGNIFICANT ACCOUNTING POLICIES

##### 2.01 Basis of preparation and presentation of financial statements

These consolidated financial statements have been prepared in accordance with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act 2013 ("the Act"), read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, and on the basis of accounting principle of a going concern in accordance with generally accepted accounting principles (GAAP). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. The Financial Statements are presented in Lakhs or decimal thereof.

The consolidated financial statements have been presented in accordance with Schedule III-Division III General Instructions for Preparation of financial statements of a Non-Banking Financial Company (NBFC) that is required to comply with Ind AS.

##### Basis of consolidation

The consolidated financial statements comprise the financial statements of the Holding Company and its subsidiaries as at March 31, 2020. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- (i) Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee).
- (ii) Exposure, or rights, to variable returns from its involvement with the investee, and
- (iii) The ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- a) The contractual arrangement with the other vote holders of the investee.
- b) The ability to use its power over the investee to affect its returns.
- c) The Group's voting rights and potential voting rights.
- d) The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The consolidated financial statements have been prepared on the following basis:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiaries are based on the amounts of the assets and liabilities recognized in the consolidated financial statements at the acquisition date.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognized in assets, such as inventory and fixed assets, are eliminated in full) except as stated in point no (d). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.
- (d) Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

### (e) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiaries. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in Consolidated Profit and Loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture or financial asset. In addition, any amounts previously recognised in other comprehensive income in respect of that entity are accounted for as if the Group had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to Consolidated Statement of Profit and Loss.

If the ownership interest in a joint venture or an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

- (f) The excess of cost to the Parent Company of its investment in the subsidiaries over the Parent Company's portion of equity of the subsidiaries is recognised in the Consolidated Financial Statements as Goodwill. This Goodwill is tested for impairment at the end of the financial year. The excess of Parent Company's portion of equity over the cost of investment as at the date of its investment is treated as Capital Reserve.
- (g) The financial statements of the subsidiaries used in consolidation are drawn upto the same reporting date as that of the Parent Company.
- (h) Following companies are consolidated:

| Name of Company                           | Country of incorporation | Reporting currency | Effective date of becoming subsidiaries | Nature of principal activity   | Extent of Holding % |                  |

### 2.02 Functional and presentation currency

Items included in the financial statements of Group are measured using the currency of the primary economic environment in which the Group operates ("the functional currency"). Indian rupee is the functional currency of the Group. All amounts are rounded to decimal places to the nearest lakhs unless otherwise stated.

### 2.03 Use of estimates

The preparation of financial statements in conformity of Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent assets and contingent liabilities at the date of financial statements, income and expenses during the year. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Application of accounting policies that require critical accounting estimates and assumption having the most significant effect on the amounts recognised in the financial statements are:

- Valuation of financial instruments
- Measurement of defined employee benefit obligation
- Useful life of property, plant and equipment
- Useful life of investment property
- Provisions

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### 2.04 Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

**Level 1** - Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

**Level 2** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

**Level 3** - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group's Management determines the policies and procedures for both recurring fair value measurement, such as derivative instruments and unquoted financial assets measured at fair value, and for non-recurring measurement, such as assets held for distribution in discontinued operations.

At each reporting date, the Management analyses the movements in the values of assets and liabilities which are required to be remeasured or re-assessed as per the Group's accounting policies. For this analysis, the Management verifies the major inputs applied in the latest valuation by agreeing the information in the valuation computation to contracts and other relevant documents.

The Management also compares the change in the fair value of each asset and liability with relevant external sources to determine whether the change is reasonable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

### 2.05 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Ind AS 115 "Revenue from contracts with Customers" provides a control-based revenue recognition model and provides a five step application approach to be followed for revenue recognition.

- A) Identify the contract(s) with a customer;
- B) Identify the performance obligations;
- C) Determine the transaction price;
- D) Allocate the transaction price to the performance obligations;
- E) Recognise revenue when or as an entity satisfies performance obligation.

#### Merchant banking fees

Revenue from merchant banking fees includes arranger fees, advisory fees and lead manager fees are recognized when the Group satisfies performance obligation. Lead manager fees are recognised over a point of time. The Group measures its progress towards satisfaction of performance obligation based on output method i.e. milestone basis. Revenue from arranger services and advisory services are recognised point in time.

#### Brokerage

Revenue from brokerage is recognised point in time.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### Interest income

Under Ind AS 109, Interest income is recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial assets other than credit-impaired assets and financial assets classified as measured at fair value through Profit and loss (FVTPL).

The EIR in case of a financial asset is computed

- As the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset.
- By considering all the contractual terms of the financial instruments in estimating the cash flows.
- Including all fees received between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premium or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

### Net gain on fair value changes

Any differences between the fair values of financial assets classified as fair value through the profit or loss held by Group on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised in "Net gains on fair value changes" under revenue from operations and if there is a net loss the same is disclosed under "Expenses" in the statement of Profit and Loss.

Similarly, any realised gain or loss on sale of financial instruments measured at FVTPL and debt instruments measured at Fair value through Other Comprehensive Income ("FVTOCI") is recognised in net gain/loss on fair value changes.

However, net gain / loss on derecognition of financial instruments classified as amortised is presented separately under the respective head in the Statement of Profit and Loss.

### Dividend income

Dividend income is recognised

- when the right to receive the payment is established.
- it is probable that the economic benefits associated with the dividend will flow to the entity and
- the amount of the dividend can be measured reliably.

### Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature.

## 2.06 Taxes

The tax expense for the period comprises of current tax and deferred tax. Tax is recognised in the Statement of Profit and Loss except to the extent it relates to items recognised in the other comprehensive income or equity. In which case, the tax is also recognised in other comprehensive income or equity.

### Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.

Current income taxes are recognized in profit or loss except to the extent that the tax relates to items recognized outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates position taken in the tax returns with respect to situations in which applicable tax regulations are subjected to interpretation and establishes provisions, where appropriate.

### Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of Deferred tax liabilities and assets are reviewed at the end of each reporting period.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exist to set-off current tax assets and current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### 2.07 Property, plant and equipment

Property, plant and equipment are stated at cost, net of recoverable taxes, trade discount and rebates less accumulated depreciation and impairment loss, if any. Such cost includes purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for its intended use, net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the assets.

#### Subsequent cost

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the entity and the cost can be measured reliably.

#### Depreciation

Depreciation is calculated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

#### Derecognition of assets

An item of property plant & equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognised.

### 2.08 Investment property

Property that is held for long term rental yield or for capital appreciation or both, and that is not occupied by the Group, is classified as Investment property. Investment properties measured initially at cost including related transactions cost and where applicable borrowing cost. Subsequent expenditure is capitalised to the assets carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the entity and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is incurred the carrying amount of replaced part is derecognised.

Investment properties other than land are depreciated as per the estimated useful life of assets prescribed by the Schedule II to the Companies Act 2013 i.e. 60 years for office premises.

### 2.09 Intangible assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortisation and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

#### Subsequent expenditure

Subsequent expenditure is capitalized only when it increases the future economic benefits embodied in the specific asset to which it relates. All other expenditure, including expenditure on internally generated goodwill and brands, are recognized in profit or loss as incurred.

#### Derecognition of assets

An item of intangible asset and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the income statement when the asset is derecognized.

Intangible assets comprising of Software are amortised on a straight line basis over its estimated useful life or maximum 5 years, whichever is shorter.

### 2.10 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

### 2.11 Provisions, contingent liabilities and contingent assets

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The contingent liability is not recognized in books of account but its existence is disclosed in financial statements.

A contingent assets, where an inflow of economic benefits is probable, an entity shall disclose a brief description of the nature of the contingent assets at the end of the reporting period, and, where practicable, an estimate of their financial effect, measured using the principles set out for provisions in Ind AS 37.

### 2.12 Impairment of assets

#### a) Financial assets

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. The Group applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For all other financial assets, expected credit losses are measured at an amount equal to the 12 months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the Statement of profit or loss.

#### b) Non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets.

If such assets are considered to be impaired, the impairment to be recognized in the Statement of Profit and Loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit and loss if there has been a change in the estimates used to determine the recoverable amount. The carrying amount of the asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

### 2.13 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

#### Financial assets

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instrument.

On initial recognition, a financial asset is recognised at fair value, in case of Financial assets which are recognised at fair value through profit and loss (FVTPL), its transaction cost are recognised in the statement of profit and loss. In other cases, the transaction cost are attributed to the acquisition value of the financial asset.

Financial assets are subsequently classified as measured at

**Amortised cost:** Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortization of EIR and loss arising from impairment, if any is recognized in the Statement of Profit and Loss.

**Fair value through profit and loss (FVTPL):** A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss.

**Fair value through other comprehensive income (FVTOCI):** Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognized in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognized in OCI is reclassified from the equity to the Statement of Profit and Loss.

Financial assets are not reclassified subsequent to their recognition, except if and in the period the Group changes its business model for managing financial assets.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020****Trade receivables and loans:**

Trade receivables and loans are initially recognized at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

**Debt instruments:**

Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVTOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

**(a) Measured at amortised cost:**

Financial assets that are held within a business model whose objective is to hold financial assets in order to collect contractual cash flows that are solely payments of principal and interest, are subsequently measured at amortised cost using the effective interest rate ('EIR') method less impairment, if any. The amortisation of EIR and loss arising from impairment, if any is recognised in the Statement of Profit and Loss.

**(b) Measured at fair value through other comprehensive income:**

Financial assets that are held within a business model whose objective is achieved by both, selling financial assets and collecting contractual cash flows that are solely payments of principal and interest, are subsequently measured at fair value through other comprehensive income. Fair value movements are recognized in the other comprehensive income (OCI). Interest income measured using the EIR method and impairment losses, if any are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in OCI is reclassified from the equity to the Statement of Profit and Loss.

**(c) Measured at fair value through profit or loss:**

A financial asset not classified as either amortised cost or FVTOCI, is classified as FVTPL. Such financial assets are measured at fair value with all changes in fair value, except interest income and dividend income if any, recognized as 'Net gain on fair value changes' in the Statement of Profit and Loss. Interest income /dividend income on financial assets measured at FVTPL is recognised separately from "net gain on fair value changes" in the statement of profit and loss.

**Equity instruments:**

All other investments in equity instruments classified under financial assets are initially measured at fair value, the Group may, on initial recognition, irrevocably elect to measure the same either at FVTOCI or FVTPL.

The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised in the Statement of Profit and Loss unless the Group has elected to measure such instrument at FVTOCI. Fair value changes excluding dividends, on an equity instrument measured at FVTOCI are recognised in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in the Statement of Profit and Loss.

**Derecognition**

The Group derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the contractual rights to receive the cash flows from the asset.

**Financial liabilities:****Initial recognition and measurement**

Financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instrument. Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, as appropriate. All financial liabilities are recognised initially at fair value and in the case of borrowings trade payables and other financial liabilities, net of directly attributable transaction costs. The Group's financial liabilities include borrowings, trade payables, deposits and other financial liabilities.

**Subsequent measurement**

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognized in the Statement of Profit and Loss.

**(a) Borrowings:**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in the Statement of Profit and Loss over the period of the borrowings using the EIR method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### (b) Trade and other payables:

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

### (c) Deposits:

They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

### Derecognition of assets

A financial liability is derecognized when the obligation specified in the contract is discharged, cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the Statement of Profit and Loss.

### Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realize the assets and settle the liabilities simultaneously.

## 2.14 Segment reporting:

Based on "Management Approach" as defined in Ind AS 108 -Operating Segments, the Chief Operating Decision Maker evaluates the Group's performance and allocates the resources based on an analysis of various performance indicators by business segments.

### Segment policies:

The Group prepares its segment information in conformity with the accounting policies adopted for preparing and presenting the financial statements of the Group as a whole. Common allocable costs are allocated to each segment on an appropriate basis.

### Segment information

Companies whole business is being considered as one segment.

## 2.15 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, as they are considered an integral part of the Group's cash management.

## 2.16 Retirement benefits

### i) Defined contribution plans (Provident fund)

In accordance with Indian Law, eligible employees receive benefits from Provident Fund and Labour welfare fund which is defined contribution plan. In case of Provident fund, both the employee and employer make monthly contributions to the plan, which is administrated by the Government authorities, each equal to the specific percentage of employee's basic salary. The Group has no further obligation under the plan beyond its monthly contributions. Obligation for contributions to the plan is recognised as an employee benefit expense in the Statement of Profit and Loss when incurred.

### ii) Defined benefit plans (Gratuity)

In accordance with applicable Indian Law, the Group provides for gratuity, a defined benefit retirement plan (the Gratuity Plan) covering eligible employees. The Gratuity Plan provides a lumpsum payment to vested employees, at retirement or termination of employment, and amount based on respective last drawn salary and the years of employment with the Group. The Group's net obligation in respect of the Gratuity Plan is calculated by estimating the amount of future benefits that the employees have earned in return of their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service cost and the fair value of plan assets are deducted. The discount rate is yield at reporting date on risk free government bonds that have maturity dates approximating the terms of the Group's obligation. The calculation is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a benefit to the Group, the recognised asset is limited to the total of any unrecognised past service cost and the present value of the economic benefits available in the form of any future refunds from the plan or reduction in future contribution to the plan.

The Group recognises all remeasurements of net defined benefit liability/asset directly in other comprehensive income and presented within equity.

### iii) Short term benefits

Short term employee benefit obligations are measured on an undiscounted basis and are expensed as a related service provided. A liability is recognised for the amount expected to be paid under short term cash bonus or profit sharing plans if the Group has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020****iv) Compensated absences**

The employees of the Group are entitled to leave as per the leave policy of the Group. The liability in respect of unutilized leave balances is provided at the end of year and charged to the Statement of Profit and Loss.

**2.17 Lease****As a lessee:**

The Group evaluates if an arrangement qualifies to be a lease as per the requirements of Ind AS 116. Identification of a lease requires significant judgment. The Group uses significant judgment in assessing the lease term (including anticipated renewals) and the applicable discount rate.

The Group determines the lease term as the non-cancellable period of a lease, together with both periods covered by an option to extend the lease if the Group is reasonably certain to exercise that option; and periods covered by an option to terminate the lease if the Group is reasonably certain not to exercise that option. In assessing whether the Group is reasonably certain to exercise an option to extend a lease, or not to exercise an option to terminate a lease, it considers all relevant facts and circumstances that create an economic incentive for the Group to exercise the option to extend the lease, or not to exercise the option to terminate the lease. The Group revises the lease term if there is a change in the non-cancellable period of a lease.

The discount rate is generally based on the borrowing rate specific to the lease being evaluated or for a portfolio of leases with similar characteristics.

**As a lessor:**

Leases under which the Group does not transfer substantially all the risks and rewards of ownership are classified as operating leases. Rental income arising from operating leases is accounted for on straight-line basis over the lease term, and is included in rental income in Statement of Profit and Loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms. Contingent rents are recognised as revenue in the period in which they are earned.

**2.18 Earnings per share**

Basic earnings per share is computed by dividing the net profit for the period attributable to the equity shareholders of the Group by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year is adjusted for the effects of all dilutive potential equity shares.

**2.19 Recent accounting pronouncements**

The Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 01, 2020.

#### 9.a Reconciliation of changes in the fair value of investment properties:

The fair value of the Group's investment properties as at March 31, 2019 was arrived on the basis of valuation carried out by an external independent valuer registered with the authority which governs the valuer in India. However, for the year ended March 31, 2020, the management has considered the input based on prevailing average market rate of the nearby similar properties. The fair value measurement for investment properties has been categorised as Level 2 fair value based on the inputs to the valuation technique used. Considering the type of the asset, market approach (sales comparable method) to estimate the fair value of the subject properties is adopted. Since the fair value of the properties is determined by the management for the year ended March 31, 2020, the management has considered to give the sensitivity analysis for the value of the properties due to COVID-19 pandemic.

Sensitivity Level (a hypothetical increase / (decrease) by) 10% would result in increase / (decrease) in fair value by ₹ 618.44 Lakhs.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### NOTE - 37 LEASES

#### I Lease commitments as lessee:

The Group has entered into agreements for taking on lease certain guest house and office on lease and licence basis. The lease term is for a period ranging from 12 to 52 months. The Group has contracts which have fixed rentals.

#### Transition

From April 01, 2019, the Indian Accounting Standard i.e. IND-AS 116 "Leases" became effective, the Group has adopted the Standard with modified retrospective approach as per Para C8 (c) (ii) of IND AS 116 and recognised asset in the form of "Right of use asset", (representing its right of use the leased asset over the lease term) and also liability towards the present value of the balance of future lease payments for the leases.

#### The following is the summary of practical expedients elected on initial application:

- Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application.
- Applied the practical expedient to grandfather the assessment of which transactions are leases. Accordingly, Ind AS 116 is applied only to contracts that were previously identified as leases under Ind AS 17.

Following are the changes in the carrying value of right-of-use assets (disclosed under note 10 - property, plant and equipment) for the year ended March 31, 2020:

| ₹ in Lakhs   |                          |

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### NOTE - 40

#### RISK MANAGEMENT

##### Financial risk management

The risk management policies of the Group are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities. The Management has overall responsibility for the establishment and oversight of the Group's risk management framework. In performing its operating, investing and financing activities, the Group is exposed to the Credit risk, Liquidity risk and Market risk.

##### Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, investments and stock of securities.

##### Credit risk

##### Revenue /Trade receivable

Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is from trade receivables amounting to ₹ 181.38 Lakhs and ₹ 809.76 Lakhs as at March 31, 2020 and March 31, 2019, respectively. Trade receivables are typically unsecured and are derived from revenue earned from customers located in India. Credit risk has always been managed by the Group through credit approvals, establishing credit limits and continuously monitoring the credit worthiness of customers to which the Group grants credit terms in the normal course of business.

The Group applies a simplified approach in calculating Expected Credit Losses (ECLs) on trade receivables. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. Based on the provision matrix, no provision is required to be made at the respective reporting date.

The Group have provided details of revenue from single largest customer, revenue from top 5 customer and ageing of trade receivables below:

(a) The following table gives details in respect of revenues generated from top customer and top 5 customers:

##### Balances with banks and other financial assets:

The Group holds cash and cash equivalents with bank, which are having highest safety ratings based on ratings published by various credit rating agencies. The Group considers that its cash and cash equivalents have low credit risk based on external credit ratings of the counterparties.

For other financial assets, the Group assesses and manages credit risk based on reasonable and supportive forward looking information. The Group does not have significant credit risk exposure for these items.

##### Investments in debt securities measured at amortised cost

The impairment of the credit risk on the investments is carried out through a detailed ECL model. The ECL model provides for the ECL on a 12 month ECL basis for standard to stage 1 Assets whereas the same is calculated based on a lifetime ECL for stage 2 & 3 level assets. The ECL is calculated based on a probability default (PD) X exposure at default (EAD) X (Loss given default X discount rate - LGD). The Company calculates the PD by taking into account the past historical trends of the portfolio and its credit performance based on a homogenous characteristic of the underlying portfolio. This is calculated based on a 12 month PD perspective. In case of Impaired assets where lifetime PD is applied, the PD is extrapolated to take into account the probability of default over the life time of asset.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### Loans

Credit risk is controlled by analysing the credit limits and creditworthiness of the customer on a continuous basis to whom the credit has been granted after obtaining necessary approvals for credit. An impairment analysis is performed at each reporting date on a portfolio basis. The Group holds collateral as security against the loans. The impairment of the credit risk on the loan is carried out through a detailed ECL model. The ECL model provides for the ECL on a 12 month ECL basis for standard to stage 1 Assets whereas the same is calculated based on a lifetime ECL for stage 2 & 3 level assets. The ECL is calculated based on a probability default (PD) X exposure at default (EAD) X (Loss given default X discount rate - LGD). The Group calculates the PD by taking into account the past historical trends of the portfolio and its credit performance based on a homogenous characteristic of the underlying portfolio. This is calculated based on a 12 month PD perspective. In case of Impaired assets where lifetime PD is applied, the PD is extrapolated to take into account the probability of default over the life time of asset.

### Exposure to credit risk

### Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group has interest rate risk exposure mainly from changes in rate of interest on borrowing. The following table analyse the breakdown of the financial assets and liabilities by type of interest rate:

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### NOTE - 41

#### LIQUIDITY RISK

The Group's principal sources of liquidity are cash and cash equivalents and the cash flow that is generated from operations. Liquidity risk is the risk that the Group may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Group objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Group closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt and overdraft from banks at an optimised cost.

The Group's maximum exposure to liquidity risk for the components of the balance sheet at March 31, 2020 and March 31, 2019 is the carrying amounts. The liquidity risk is managed on the basis of expected maturity dates of the financial liabilities. The Group's major financial liabilities include term loans with maturity profile ranging between 0 to 5 years and short term borrowings are generally payable within one year. The average credit period taken to settle trade payables is about 30 days. The other payables are with short-term durations. The following table analysis undiscounted financial liabilities by remaining contractual maturities:

#### Capital management

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves attributable to the equity holders of the Group. The primary objective of the Group's capital management is to maximise the shareholder value. The Group manages its capital to ensure that it will continue as going concern while maximising the return to stakeholders. The Group manages its capital structure and makes adjustment in light of changes in business condition. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group's policy is to keep optimum gearing ratio. The Group includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents, excluding discontinued operations.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020****NOTE - 45****SIGNIFICANT ACCOUNTING JUDGEMENTS, ESTIMATES AND ASSUMPTIONS**

The preparation of the Group's financial statements requires the management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets, liabilities, the Grouping disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods. Estimates and assumptions are reviewed on periodic basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised.

The key assumptions concerning the future and other key sources of estimation, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities, within the next financial year, are described below. The Group's assumptions and estimates are based on parameters available at the time of preparation of financial statements. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

**(a) Employee benefit plans**

The cost of the defined benefit plan and other employment benefits plan are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans, the management considers the interest rates of government bonds in currencies consistent with the currencies of the postemployment benefit obligation. The mortality rate is based on publicly available mortality tables for India. Those mortality tables tend to change only at intervals in response to demographic changes. Future salary increases are based on expected future inflation rates.

Based on periodic review of the demographic assumptions, attrition rate assumption used for actuarial valuation of liability related to gratuity has been re-assessed during the year ended March 31, 2020. For the purpose of assessing the attrition rate, the Group considered the historical attrition trend and expected rate based on such trend/ experience. The change in assumption resulted in an increase of closing gratuity by ₹ 27.83 Lakhs, for the year ended March 31, 2020.

Further details about gratuity obligations are given in Note - 35

**(b) Leases**

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain to exercise the option to renew or terminate the lease. It considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate.

**(c) Impairment allowance for investments and loans**

Recognition and measurement of impairment relating to the investments and loans measured at amortized cost involves significant management judgment and as per the requirements of Ind AS 109, credit loss assessment is based on management's ECL model. Management exercises judgment in determining the quantum of loss based on a range of factors. The most significant areas are:

- Credit ratings of the investments and loans;
- Investment and loans staging criteria
- Calculation of probability of default / Loss given default
- Consideration of probability weighted scenarios and
- Forward looking macro-economic factors.

The Group considered current and anticipated future economic conditions relating to industries the Group deals. In calculating expected credit loss, the Group has also considered credit reports and other related credit information for its investments to estimate the probability of default in future and has taken into account estimates of possible effect from the pandemic relating to COVID - 19.

**(d) Taxes**

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

The Group has elected to exercise the option permitted under section 115BAA of the Income Tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance, 2019. Accordingly, the Group has recognised Provision for Income Tax for quarter, half year and year ended on March 31, 2020 and re-measured its deferred tax assets based on the rate prescribed in the aforesaid section and recognized the effect of change by revising the effective income tax rate. The rate of income tax is changed from 29.12% / 26% to 25.168% / 22.88% during the year ended March 31, 2020. There remeasurement of accumulated deferred tax asset has resulted in a one-time additional deferred tax credit of ₹ 112.13 Lakhs.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2020

### NOTE - 46

The COVID-19 pandemic has significantly impacted economic activities, businesses, individuals across the spectrum in the Country. Reserve Bank of India (RBI)'s guidelines dated March 27, 2020 enabled banks, lending institutions and NBFCs to offer a moratorium upto 3 months on repayment of EMIs, payment of interest on line of credit falling due between March 01, 2020 and May 31, 2020 to all eligible borrowers, which has been extended for a further period of 3 months via RBI circular dated May 23, 2020. In line with the aforesaid circular, two subsidiary companies have offered the moratorium to its customers as per their needs, whose accounts were standard as at February 29, 2020 based on their respective Board's approved policy. As on March 31, 2020, the staging of these accounts is on the basis of days past due status as on February 29, 2020 in line with the aforesaid RBI circulars. Further, the Group apart from loans has also invested in non-convertible debentures on which no moratorium has been requested and granted. As per the Group's assessment, this by itself has not resulted into any significant increase in the credit risk.

The Group recognizes the need to make reasonable estimation of the impact of this pandemic on the repayment ability of its borrowers, and make additional provisions as considered appropriate, over-and-above the extant provisions, for expected credit losses. The Group has segmented its portfolio on the basis of various parameters to ascertain the impact of COVID-19 and basis of its estimates, assumptions and judgements arrived at the additional impairment which is provided for in its consolidated financial statements. Given the uncertainty over the potential macro-economic condition, the impact of the COVID-19 may affect the underlying assumptions and estimates used to prepare the consolidated financial statements, which may be different from that considered as at the date of approval of these consolidated financial statements. The Group will continue to closely monitor any material changes to future economic conditions and suitable effect will be given in the respective future period.

The members are informed that pursuant to the provisions of Section 196 of the Act, managing director shall hold office for a term up to five consecutive years on the Board of a Company, but shall be eligible for re-appointment on passing of a special resolution by the Company.

The members are further informed that Mr. A. K. Mittal (DIN: 00698377) is not disqualified to be re-appointed as a Managing Director on the Board of the Company in terms of Section 164 of the Act, and BSE circular dated June 20, 2018 and Schedule V of Companies Act, 2013. Further the Company has received the necessary disclosures and consent from him to act as a Managing Director. Further Mr. A. K. Mittal does not attract any disqualifications as contained under Section 196(3) and fulfills all the conditions as contained in Part I of Schedule V.

It is proposed to seek the members approval for the re-appointment of and remuneration payable to Mr. A. K. Mittal (DIN: 00698377) as the Managing Director of the Company subject to the applicable provisions of the Act and the rules made thereunder.

Further pursuant to Section 196 (3) of the Companies Act, 2013 appointment or continuation of the employment of any person as managing director, whole-time director or manager who has attained the age of seventy years requires special resolution. Mr. A. K. Mittal shall attain the age of 70 years on February 19, 2025 i.e. during his term. Considering his vast industry experience and overall knowledge in managing the Company strategically, the Nomination and Remuneration Committee and Board of Directors of the Company recommends his continued association until expiry of his term as a Managing Director.

Save and except Mr. A. K. Mittal (DIN: 00698377), Ms. Aditi Mittal and his relatives to the extent of their shareholding interest in the Company, none of the Directors, Key Managerial Personnel of the Company and their relatives is in any way concerned or interested, financially or otherwise, in the proposed Special Resolution.

The Board of the Company recommends the Special Resolution as set out in Item no. 7 of this Notice for approval of the shareholders.

#### Item No. 8:

The members are informed that in order to augment resources inter alia, to expand its operations and its working capital requirements, the Company may offer or invite subscription for issuance of Commercial Papers ("CPs") of nominal value aggregating up to INR 100 crores (Indian Rupees One Hundred Crores), in one or more tranches on such terms and conditions as the Board of Directors ("the Board") may deem fit and appropriate from time to time.

The Board of the Company at its meeting held on August 14, 2020 has, subject to the approval of shareholders in the general meeting proposed to issue CPs on private placement basis, at such terms and conditions and at such price(s) in compliance with the requirements of regulatory authorities, if any and as may be finalized by the Board and/or Committee of Board thereof. The price of CP shall be determined by the Board/Committee keeping into consideration various economic factors, tenure and other relevant factors.

Accordingly, consent of the shareholders is sought for passing a Special Resolution as set out under this item of the Notice. This resolution enables the Board of the Company or any other Committee which the Board may have constituted or hereinafter constitute to exercise its powers including the powers conferred by this resolution to offer or invite subscription for CPs aggregating up to INR 100 crores (Indian Rupees One Hundred Crores), in one or more series or tranches, as deemed fit, and within the overall borrowing limits of the Company, as approved by the shareholders from time to time and as per the details specified in the said Special Resolution. The Board of the Company or any other Committee thereof shall decide, inter alia, other terms and conditions for such fund raising.

None of the Directors, Key Managerial Personnel of the Company and their relatives is in any way, except to the extent of their respective shareholding in the Company, concerned or interested, financially or otherwise, in the proposed Special Resolution.

The Board of the Company recommends the Special Resolution as set out in Item no. 8 of this Notice for approval of the shareholders.
