NOTES

1. In view of the outbreak of the COVID-19 pandemic, social distancing is a norm to be followed, and the Ministry of Corporate Affairs(MCA) has pursuant to Circular No.14/2020 dated April 08, 2020, Circular No.17/2020 dated April 13, 2020, Circular No. 20/2020 dated May 5, 2020, Circular No. 02/2021 dated January 13, 2021, Circular No. 19/2021 dated December 8, 2021 and Circular No. 2/2022 dated May 5, 2022 (MCA Circulars) permitted holding of the Annual General Meeting (AGM) through Video Conferencing (VC) or Other Audio Visual Means (OAVM) without the physical presence of the Members at a common venue in accordance with the requirements as provided. The Securities and Exchange Board of India (SEBI) has also, vide its Circular No. SEBI/HO/CFD/CMD1/CIR/P/2020/79 dated May 12, 2020, Circular No. SEBI/HO/CFD/CMD2/CIR/P/2021/11 January 15, 2021 and Circular No. SEBI/HO/CFD/CMD2/CIR/P/2022/62 dated May 13, 2022 (SEBI Circulars), granted relaxation in respect of sending physical copies of annual report to shareholders and requirement of proxy for general meetings held through electronic mode.
2. Accordingly, in compliance with the applicable provisions of the Companies Act, 2013, the SEBI ((Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") read with MCA Circulars and the SEBI Circulars, this Annual General Meeting (AGM/Meeting) has been convened through VC/ OAVM and Members can attend and participate in this AGM through VC/OAVM only, as arranged by the Company with National Securities Depository Ltd. (NSDL). The venue of the AGM shall be deemed to be the Registered Office of the Company.
3. ALTHOUGH, A MEMBER ENTITLED TO ATTEND AND VOTE AT THE MEETING IS ENTITLED TO APPOINT A PROXY TO ATTEND AND ON A POLL TO VOTE INSTEAD OF HIMSELF/HERSELF, but since this AGM is being held through Video Conferencing ('VC')/ Other Audio Visual Means ('OAVM') the physical attendance of members is dispensed with. Accordingly, the facility for appointment of proxy to attend and cast vote for the Members is not available for this AGM and hence the proxy form, attendance slip and route map are not annexed to this Notice of this AGM, in terms of the MCA Circulars and the SEBI Circulars.
4. However, Body Corporates / Institutional Investors who are Members of the Company are entitled to appoint authorized representatives pursuant to Section 113 of the Act to attend the AGM through VC / OAVM and participate thereat and cast their votes through e-Voting.
5. The attendance of the Members attending the AGM through VC / OAVM will be counted for the purpose of reckoning the quorum under Section 103 of the Companies Act, 2013.
6. In line with MCA Circulars and SEBI Circulars, dispensing of /with the requirement of printing and sending physical copies of the Annual Report, the Notice of this AGM and the Annual

Report for the F.Y. 2021-2022 have been sent via electronic mode only, to those Members whose e-mail addresses are registered with the Company / the Registrar and Share Transfer Agent (RTA), R & D Infotech Private Limited / the Depositories/ Depository Participants.

7. In compliance with the aforesaid MCA Circulars and SEBI Circular, the Notice of the AGM along with the Annual Report 2021-2022 have been uploaded on the website of the Company at www.carnationindustries.com/investors. The Notice can also be accessed from the website of the Stock Exchange i.e. BSE Limited at www.bseindia.com and the Notice and Annual Report are also available on the website of NSDL i.e. www.evoting.nsdl.com.
8. Members who have already registered their e-mail addresses are requested to get their e-mail addresses updated/ validated with their Depository Participants /the Company's RTA to enable servicing of notices/documents/ Annual Reports electronically to their e-mail address. Members who have not registered can get their e-mail addresses or Members holding shares in the physical form can register their e-mail addresses with the Company or the Registrar and Share Transfer Agent (RTA) of the Company by quoting their folio number and name to investor@carnationindustries.com or by visiting the weblink: info@rdinfotech.net as the case may be, for receiving all communication, including Annual Report, Notices and Documents through e-mail.
9. Pursuant to Section 91 of the Companies Act, 2013, the Register of Members and Share Transfer Books of the Company will remain closed from Saturday 24th September, 2022 to Wednesday 28th September, 2022 (both days inclusive) for the purpose of the AGM.
10. An Explanatory Statement pursuant to Section 102(1) of the Companies Act, 2013 ("Explanatory Statement pursuant to Section 102 (1) of the Companies Act, 2013 ("Explanatory Statement") in relation to Item No. 3 to be transacted at the Meeting is annexed hereto and forms part of the Notice convening this AGM.

The loss after tax was Rs 75.92 lacs against a loss of Rs 775.68 lacs in F.Y. 2020-2021. Total Comprehensive Loss for the period was Rs 75.21 lacs against a loss of Rs 784.40 lacs in the previous year.

CHANGES IN THE NATURE OF BUSINESS

The Company has been able to settle and pay off a majority of the Creditors and the few which are remaining are under negotiations for settlement and the Company is contemplating sale of the remaining assets to pay off the creditors. Due to non availability of finance the operations of the Company have stopped and the Company is following up on the pending dues from the Government to augment its finances.

MANAGEMENT DISCUSSION AND ANALYSIS**INDUSTRY STRUCTURE AND DEVELOPMENT**

The world over saw the increase in prices of metals and fuel which is leading to an inflationary trend in the industry. However, the biggest factor effecting the international trade is the logistics as the shipping trade has jumped almost five to six times, thereby making Indian products less competitive as compared to the domestic manufacturers overseas. The only consolation that India has is that China and all the others competing countries are affected by high freight and shortages of containers. The situation is expected to improve in 2022-2023.

OPPORTUNITIES AND THREAT

India stands to gain from the fact that US, European and Middle East buyers are avoiding bulk purchases from China and the high dumping duties imposed on Chinese goods by these countries have created opportunities for India. The two major threats that the Indian Exporters now face are:

- a) Reduce availability and steep prices of raw materials.
- b) Lack of logistics for containers and no national line support for the exporters. Covid lockdown continues to be sporadic and can affect the steady flow of orders and movement of goods.

SEGMENT-WISE PERFORMANCE

As a matter of policy the Management reviews the disclosure requirement of segment wise reporting and as the Company was into Manufacturing of Casting and MS Products which are subject to same risk and returns, hence there is one primary segment in terms of AS-17, a separate disclosure on reporting by business segments is not required. The analysis of geographical segments is based on the areas in which the Company operates. As the operations have stopped no such reporting has been done.

FUTURE OUTLOOK

Under the difficult circumstances prevailing and as described in the earlier paragraphs and because of the need to resolve the creditors' issues there is less likelihood of bringing back orders and shipments immediately. However, the Management has plans to review resumption of sales once the creditors are taken care of and fresh funds are brought into the Company by way of loan or by other means of fund raising.

RISKS AND CONCERN

The major concern of the Company is settling the liabilities of the creditors and subsequently reviewing the market situation. Since the stoppage of production and supply has affected our relation with the customers this is to be revived. Further, funding for procurement of materials is a matter of concern which shall be addressed subsequently.

INTERNAL CONTROL SYSTEM AND THEIR ADEQUACY

Internal Financial Control System

The Company has proper and adequate Internal Financial Controls which ensures that all assets are safeguarded and protected and that the transactions are authorized, recorded and reported correctly. The Internal Auditors independently evaluates the adequacy of internal controls. Independence of the audit and compliance is ensured by direct reporting to the Audit Committee

of the Board. The Company has taken adequate internal control systems and procedures for hygiene, creating awareness on safe distancing, hand sanitization to minimize the risk of infection among the staff and labours.

Adequacy of Internal Financial Controls With Reference to the Financial Statements

To ensure effective Internal Financial Controls the Company has laid down the following measures:

1. All legal and statutory compliances are ensured on a monthly basis.
2. Transactions are pre-approved at the levels designated by the Management and this is audited and reviewed periodically.
3. Transaction audits are conducted periodically to ensure accuracy of financial reporting, safeguard and protection of all the assets. Stock audit is conducted on an annual basis at all locations. Fixed Asset Verification is done on an annual basis at all locations.
4. The Company's Books of Accounts are maintained in Oracle (ERP) and transactions are executed through Oracle (ERP) setups to ensure correctness/effectiveness of all transactions, integrity and reliability of reporting.
5. The Company has in place a well-defined Whistle Blower Policy.
6. Compliance of secretarial functions is ensured by way of Secretarial Audit.

Your Company's Statutory Auditors have in their report confirmed the adequacy of the internal control procedures.

Fraud Reporting By Auditors

No fraud has been detected by the Auditors and hence not reported during the relevant financial year.

FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

Since the last year has not been profitable there are serious cash flow issues. The main focus of the Company will be to regain its strength and hence no expansion on new projects is planned for the coming year. The focus currently is primarily on taking care of paying all the creditors through one time settlement.

HUMAN RESOURCES DEVELOPMENT

Your Company continued to have cordial and harmonious relations with its employees at all levels during the period under review. Due to non operations, the Company had to release most of the employees. As on 31st March, 2022 there are 4 employees on the rolls of the Company and the other functions of the Company are done by people who are on Service Contract.

DIVIDEND

Your Directors do not recommend any dividend for the financial year ended 31st March, 2022.

POLLUTION CONTROL MEASURES

Since there are no production units hence pollution control measures does not arise

SUBSIDIARY AND ASSOCIATE COMPANIES

Your Company does not have any Subsidiary or Associate Companies.

STATUTORY AUDITORS

The Auditors M/s. Jain Saraogi & Co, Chartered Accountants, Statutory Auditors of the Company, were appointed at the 34th AGM to hold office till the conclusion of the 39th AGM. The Board in terms of Section 139 of the Act, and on the recommendation of the Audit Committee, have recommended for the re-appointment of M/s Jain Saraogi & Co., Chartered Accountants from the conclusion of the ensuing AGM till the conclusion of the 44th AGM. Appropriate resolution in respect of the above is appearing in the Notice convening the 39th AGM of the Company.

In this regard, the Company has received a certificate from the Statutory Auditors to the effect that if they are appointed, it would be in accordance with the provisions of Section 141 of the Companies Act, 2013.

The Statutory Auditors have given an adverse opinion which is given below, along with the reply by the Management:

As stated in Note No. 31 (xvii) of the Financial Statement, regarding preparation of Financial Statement on Going Concern basis for the reasons stated therein. The Company has discontinued its manufacturing operations and as represented, has plans to resume the trading activity but necessary and evident steps to start the same is not reflected in the action. Moreover during the year under review, the Company has sold one of its office premises at a price lower than the circle rate as determined by the stamp duty valuation authorities signifying stress sale of assets. As stated in Note 31 (xvii) of the Financial Statement, the appropriateness of Going Concern is dependent upon various initiatives undertaken by the Company including realization of Trade Receivables through ECGC, feasibility and sustainability of the trading activities, arrangement for financial resources in order to meet working/ long term capital requirement of the trading activity and payment/ settlement of existing unsecured creditors. The Company has accumulated losses of Rs.1341.55 Lacs (Previous Year Rs. 1266.35 Lacs) leading to negative net worth of Rs.120.56 Lacs (Previous Year Rs. 45.36 Lacs) as at 31st March, 2022 which has resulted in complete erosion of the Net Worth of the Company. The Company's current liabilities exceeds its current assets by Rs. 42.63 Lacs as at 31st March, 2022. Considering matters described above and in

absence of necessary and adequate evidence with respect of the Company's assessment of going concern, as per our Judgement, Management's use of going concern basis of accounting in the statement is inappropriate.

In respect to the above qualification the Board states that the statement on the impact of Adverse Opinion shows that the Audited figures for the year March 31st, 2022 do not change and remain the same, hence the observation of the Auditors are futuristic and as a mark of caution. The "Turnaround Plan" as approved by the Board of Directors was partially successful in so far as that related to disposal of property, plant and equipment and consequential realization of sale proceeds. The Company was able to negotiate and settle with secured lenders under one time settlement scheme. As far as liabilities which remains after the above would be settled and the Company continues to negotiate with the remaining creditors to settle the dues at a reasonable discount with mutual consent including the case pending at NCLT. The efforts to realize the refundable taxes and duties from Revenue Authority, the refund of Rs.99.08 Lacs from West Bengal VAT authorities and ECGC claim realization from two overseas buyers continues. Besides this the reduction of administration cost by various ways such as staff reduction and remuneration review is being done. The property sold as stated by the Auditor was below circle rate which was primarily become of the sale during COVID times and total collapse of the property market during these tough times besides our urgency to get funds to pay off the liabilities and sustain the establishment. The Company has been in touch with various financial institutions and finance providers and is awaiting for a fair and reasonable offer. Once the financial ratio improves, the Company can hope for progress in this front. Carnation does have a good image in the overseas markets and can get customers but without a finance tie-up, the Company cannot approach the customer for business and it is working on future arrangements from Financers and Promoter Directors.

In respect to Annexure A of the Auditors Report, Point No. XI (c), it may be noted that the point is self-explanatory.

ANNEXURE B TO THE DIRECTORS' REPORT

Criteria for Selection and Remuneration of Directors and Persons in Senior Management

1. Introduction

Carnation Industries Limited recognizes the importance of aligning the business objectives with specific and measurable individual objectives and targets. The Company has thus formulated the remuneration policy for its Directors, Key Managerial Personnel ("KMP") and other Senior Management Personnel ("SMP"). This policy sets out general guiding principles defining criteria for selection of Directors in the Board and Persons in Senior Management to assist the Board of Directors in performing their duties. The policy ensures constitution of the Board with optimum combination of Executive and Non-Executive Directors including Independent Directors who possess diverse experience and expertise in strategic management, governance and can provide long term vision and direction to the Company.

2. Appointment of Board Members

The Nomination and Remuneration Committee ("Committee"), along with the Board, reviews on an annual basis, appropriate skills, characteristics and experience required of the Board as a whole and its individual members. The objective is to have a Board with diverse background and experience in business, government, academics, technology and in areas that are relevant for the Company's global operations.

In evaluating the suitability of individual Board members, the Committee takes into account many factors, including general understanding of the Company's business dynamics, global business and social perspective, educational and professional background and personal achievements. Directors must possess experience at policy-making and operational levels which will indicate their ability to make meaningful contributions to the Board's discussion and decision-making in the array of complex issues facing the Company. Directors should possess the highest personal and professional ethics, integrity and values.

One of the roles of the Committee is to periodically identify competency gaps in the Board, evaluate potential candidates as per the criteria laid above, ascertain their availability and make suitable recommendations to the Board. The objective is to ensure that the Company's Board is appropriate at all points of time to be able to take decisions commensurate with the size and scale of operations of the Company. The Committee also identifies suitable candidates in the event of a vacancy being created on the Board on account of retirement, resignation or demise of an existing Board member. Based on the recommendations of the Committee, the Board evaluates the candidate and decides on the selection of the appropriate member and invites the new member to join the Board as a Director. On acceptance of the same, the new Director is appointed by the Board.

2.1 Procedure for Selection and Appointment of Executives other than Board Members

The Committee liaisons with the relevant departments of the Company to study the requirement for management personnel and for any requirement a search for candidates for the positions of KMP and SMP is made within the Company and on the human resources market. The professional, academic qualifications, professional titles, detailed work experience and all concurrently held positions of the initial candidates shall be compiled as a written document and this is examined on the basis of the conditions for appointment of KMP and SMP. Once a candidate is selected the candidate is recommended to the Board of Directors for their approval.

3. Compensation Structure**3.1 Remuneration to Executive Directors/ KMP / SMP**

The Committee evaluates the remuneration of the Managing Director, Whole Time Director, Key Managerial Personnel and Senior Management Personnel, on an yearly basis, taking into account the external competitive environment, track record, potential, individual performance and performance of the Company as well the industry standards, and the evaluation report is sent to the Board. The Board fixes the remuneration for Managing Director, Whole Time Director, Key Managerial Personnel and Senior Management Personnel after taking into consideration the recommendation of the Nomination and Remuneration Committee and the compliance of the provisions of Companies Act, 2013.

3.2 Remuneration to Non-Executive Directors

The Non-Executive Directors of the Company are paid remuneration by way of sitting fees only, for attending the meetings of the Board of Directors and its Committees. Beside the sitting fees they are also entitled to reimbursement of expenses. The Non-Executive Directors of the Company are not paid any other remuneration or commission.

Review

The Nomination and Remuneration Committee reviews this Policy periodically and suggest revision to the Board to ensure the policy serves its purpose and accurately reflects the sense of the Board and the Company.

REPORT OF THE AUDITORS TO THE MEMBERS OF CARNATION INDUSTRIES LIMITED

Report on the Audit of Financial Statement

Adverse Opinion

We have audited the financial statements of **CARNATION INDUSTRIES LIMITED** ("the Company"), which comprise the balance sheet as at March 31, 2022, and the statement of Profit and Loss, statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, because of the significance of the matters discussed in the basis for Adverse Opinion paragraph of our report, the aforesaid financial statements do not give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022 and its loss, changes in equity and its cash flows for the year ended on that date.

Basis for Adverse Opinion

As stated in Note no. 31(xvii) of the Financial Statements, regarding preparation of Financial Statements on Going Concern basis for the reasons stated therein. The Company has discontinued its manufacturing operations and as represented has plans to resume the trading activity but necessary and evident steps to start the same is not reflected in the action moreover during the year under review, the company has sold one of its office premises at a price lower than the circle rate as determined by the stamp duty valuation authorities signifying stress sale of assets. As stated in Note no. 31(xvii) the appropriateness of Going Concern is dependent upon various initiatives undertaken by the company including realisation of Trade receivables through ECGC, feasibility and sustainability of the trading activities, arrangement for financial resources in order to meet working/ long term capital requirement of the trading activity and payment/ settlement of existing unsecured creditors.

The Company has accumulated losses of Rs. 1341.55 Lacs (Previous year Rs. 1266.35 Lacs) leading to negative net worth of Rs. 120.56 Lacs (Previous Year Rs. 45.36 Lacs) as at 31st March, 2022, which has resulted in complete erosion of the net worth of the Company. The Company's current liabilities exceeds its current assets by Rs. 42.63 Lacs as at 31st March, 2022.

Considering matters described above and in absence of necessary and adequate evidence with respect of the Company's assessment of going concern, as per our judgement, management's use of going concern basis of accounting in the financial statements is inappropriate.

We conducted our audit in accordance with Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Emphasis of Matter

1. We draw attention to Note no. 31(xiv) of the Financial Statements regarding charging/writing off of Trade Receivables (export sales) made in earlier years amounting to Rs. 1751.59 Lacs which was due from a related party for more than 5 years, the necessary permission in respect of write off debts in books from appropriate authorities are yet to be obtained.
2. We draw attention to Note no. 8.1 of the Financial Statements regarding overdue trade receivables.
3. We draw attention to Note no. 31(xiii) of the Financial Statements regarding the balances of Trade Receivables, Security Deposits, Loans and Advances, Trade payable are subject to confirmation from the respective parties and consequential reconciliation/adjustment arising there from, if any.
4. We draw attention to Note no. 31(xi) of the Financial Statements regarding filing of petition with NCLT, Kolkata Bench by a creditor under Insolvency and Bankruptcy code, 2016 for initiation of Corporate Insolvency Resolution Process.
5. We draw attention to Note no. 31(xv) of the Financial Statements regarding pending marking off compliance in respect of overseas bills.

Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the financial year ended on March 31, 2022. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the basis for adverse opinion paragraph and Emphasis of Matter paragraph herein above, we have determined the matters described below to be the key audit matters to be communicated in our report.

Sl. No.	Key Audit Matter	Auditor's Response
1.	The company has made the provision for gratuity and leave encashment on the basis of report obtained from external experts. Refer Note no. 17 and 31(iii) to the Financial Statements	Principal Audit Procedures Our Audit procedure was in accordance with Standard on Auditing issued by the Institute of Chartered Accountant of India in this respect; accordingly, we have obtained the report of actuary for valuation of provision of gratuity and leave encashment. The report of actuarial valuation was done by one of fellow member of the Institute of Actuaries of India. We have also checked the input given to the expert by the company. The liabilities pertaining to that remains unfunded.
2.	Litigation matters	The Company has certain ongoing legal proceedings with the revenue authorities and /or cases arisen during the ordinary course of business of the company. The company's management does not expect these legal proceedings, when concluded will have any material and adverse effect on the financial position of the company. Principal Audit Procedures Our audit procedures included and were not limited to the following: <ul style="list-style-type: none"> • Assessed the management's position through discussions with the in-house legal expert on both, the probability of success, and the magnitude of any potential loss. • Discussed with the management on the development in these litigations during the year ended March 31, 2022. • Reviewed the disclosures made by the Company in the financial statements in this regard.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis and Director's Report including Annexures to Director's Report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of

not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- A evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020, issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act ("the Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the **"Annexure A"** a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143 (3) of the Act, we report that:
 - a. Except for the matters described in the Basis for Adverse Opinion paragraph, we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

“Annexure B” to the Independent Auditor’s Report of even date to the members of CARNATION INDUSTRIES LIMITED on the financial statements for the year ended March 31, 2022.

Independent Auditor’s Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to financial statements of **CARNATION INDUSTRIES LIMITED** (“the Company”) as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness.

Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements includes those policies and procedures that

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Adverse Opinion

According to the information and explanation given to us and based on our audit, the following material weakness has been identified in the operating effectiveness of the Company's internal financial controls over financial reporting as at 31st March 2022;

The Company's internal controls over financial reporting with respect to financial statements closure process in terms of assessing the Company's ability to continue as a going concern were not operating effectively, which is likely to result in material misstatements in the carrying value and classification of assets and liabilities and have a consequential impact on earnings, reserves and related disclosures in the financial statements.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, the Company has, in all material respects, adequate internal financial controls system over financial reporting as on 31st March, 2022, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India, and because of the possible effects of the material weakness described above on the achievements of the objectives of the control criteria, the Company's internal financial controls over financial reporting were not operating effectively as on 31st March, 2022.

NOTES TO FINANCIAL STATEMENT FOR THE YEAR ENDED 31ST MARCH, 2022

1. Corporate Information

Carnation Industries Limited (the Company) is a public limited company domiciled and incorporated in India. The company was engaged in the manufacture of foundry based engineering goods namely Castings having plants in West Bengal. During the year the company has discontinued its manufacturing operations and is looking towards trading operations. Its shares are listed on two stock exchanges in India (Bombay Stock Exchange and The Calcutta Stock Exchange Ltd.)

2. Significant accounting Policies and Key Estimates and Judgements

2.1 Basis of preparation

The financial statements of the company have been prepared on a historical cost basis, except for certain financial assets and liabilities (including derivative instruments) and Defined benefit plans which are measured at Fair Value. The financial statements of the Company have been prepared to comply with the Indian Accounting Standards ('Ind AS') including the rules notified under the relevant provision of the companies Act, 2013.

The Company's Financial Statements are presented in Indian Rupees (Rs), which is also its functional currency and all values are rounded to the nearest crore, except when otherwise indicated.

2.2 Use of Estimates

The preparation of financial statements requires the management of the Company to make estimates and assumptions that affect the reported assets and liabilities, revenue and expenses and disclosures relating to contingent liabilities. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Examples of such estimates include estimation of useful lives of tangible and intangible assets, valuation of inventories, sales return, employee costs, assessments of recoverable amounts of deferred tax assets and cash generating units, provisions against litigations and contingencies. Estimates and underlying assumptions are reviewed by management at each reporting date. Actual results could differ from these estimates. Any revision of these estimates is recognised prospectively in the current and future periods.

2.3 Operating Cycle & Current Non Current Classification

Based on the nature of products and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of assets and liabilities. The Company presents assets and

liabilities in the Balance Sheet based on current/ non-current classification. An asset is current when it is: Expected to be realised or intended to be sold or consumed in normal operating cycle. Held primarily for the purpose of trading. Expected to be realised within twelve months after the reporting period, or Cash or Cash Equivalent. All other assets are classified as non-current. A liability is current when: It is expected to be settled in normal operating cycle. It is held primarily for the purpose of trading. It is due to be settled within twelve months after the reporting period, or there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. The Company classifies all other liabilities as noncurrent. Deferred tax assets and liabilities are classified as noncurrent assets and liabilities.

2.4 Foreign currency transactions and balances

Foreign exchange gains and losses resulting from the settlement of such transactions and from the re-measurement of monetary items denominated in foreign at year-end exchange rates are recognized in profit or loss.

2.5 Foreign Operations

Income and expenses have been translated into Indian Rupee at the average rate over the reporting period. Exchange differences are charged or credited to other comprehensive income and recognised in the currency translation reserve in equity. On disposal of a foreign operation, the related cumulative translation differences recognised in equity are reclassified to Statement of Profit and Loss and are recognised as part of the gain or loss on disposal.

2.6 Fair Value Measurement

The Company measures financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure

fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. At each reporting date, the Company analyses the movements in the values of assets and liabilities which are required to be re-measured or re-assessed as per the Company's accounting policies. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises accounting policy for fair value.

2.7 Revenue recognition

(i) Sale of goods and rendering of services :

Revenue is recognized when it is probable that economic benefits associated with a transaction flows to the Company in the ordinary course of its activities and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of returns, trade discounts, chargebacks and volume rebates allowed by the Company. Accrual for sales returns, chargebacks and other allowances are provided at the point of sale based upon past experience. Adjustments to such returns, chargebacks and other allowances are made as new information becomes available. Revenue includes only the gross inflows of economic benefits, including excise duty, received and receivable by the Company, on its own account. Amounts collected on behalf of third parties such as sales tax and value added tax are excluded from revenue. Profit sharing revenues are generally recognized under the terms of a license and supply agreement in the period such amounts can be reliability measured and collectability is reasonably assured. Revenue from sale of goods is recognized when the following conditions are satisfied:

The Company has transferred the significant risks and rewards of ownership of the goods to the buyer; The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over goods sold; The amount of revenue can be measured reliably; It is probable that the economic benefits associated with the transaction will flow to the Company; The costs incurred or to be incurred in respect of the transaction can be measured reliably. Revenue resulting from the achievement of milestone events stipulated in agreements is recognized when the milestone is achieved. Milestones are based upon the occurrence of a substantive element specified in the contract or as a measure of substantive progress towards completion under the contract. Other Operating revenue is recognised on accrual basis.

ii) Interest Income :

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principle outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

iii) Dividends :

Dividend income from investments is recognised when the right to receive payment has been established, provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably.

2.8 Taxes :

Income tax expense comprises of current tax expense and deferred tax expenses. Current and deferred taxes are recognized in Statement of Profit and Loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity, respectively.

i) Current Income Tax :

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act of the respective jurisdiction. The current tax is calculated using tax rates that have been enacted or substantively enacted, at the reporting date.

ii) Deferred taxes :

Deferred tax is recognized using the Balance Sheet approach on temporary differences arising between the tax bases of assets and liabilities and their

carrying amounts. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except when the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled. Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent it is reasonably certain that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities.

2.9 Property, Plant and Equipment :

The Company considers the previous GAAP carrying value for all its Property, Plant and Equipment as deemed cost at the transition date, viz. 1st April 2016.

Property, Plant and Equipment are stated at cost less accumulated depreciation and accumulated impairment of loss, if any.

Cost of any item of property, plant and equipment comprises its purchase price including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition.

Depreciation is provided on the straight line method by depreciating carrying amount of Property, Plant and Equipment over remaining useful life of the assets Depreciation methods, useful life and residual values are reviewed at each financial year end.

The useful life and residual value as per such review is normally in accordance with schedule II of the Companies Act 2013.

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss on the date of disposal or retirement.

2.10 Investment properties :

Property that is held for non-current rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and borrowing costs where applicable. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is de-recognised. Investment properties are depreciated using the straight-line method over their estimated useful lives.

2.11 Intangible Asset :

Intangible assets such as marketing intangibles, trademarks, technical know-how, brands and computer software acquired separately are measured on initial recognition at cost. Intangible assets arising on acquisition of business are measured at fair value as at date of acquisition. Internally generated intangibles including research cost are not capitalised and the related expenditure is recognized in the Statement of Profit and Loss in the period in which the expenditure is incurred. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment loss, if any

2.12 Amortisation methods and periods :

The Company amortises intangible assets with a finite useful life using the straight-line method over the following periods: Marketing intangibles, Trademarks, Technical Know How and Brands 2-10 years. Computer software 3 years.

2.13 Borrowing Costs :

Borrowing costs consists of interest, ancillary costs and other costs in connection with the borrowing of funds and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to interest costs. Borrowing costs attributable to acquisition and/or construction of qualifying assets are capitalised as a part of the cost of such assets, up to the date such assets are ready for their intended use. Other borrowing costs are charged to the Statement of Profit and Loss.

2.14 Impairment of non-financial assets :

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss.

2.15 Inventories :

Raw materials, Consumable Stores and packing materials are valued at lower of cost and net realisable value after providing for obsolescence, if any. However, these items are considered to be realisable at cost if the finished products, in which they will be used, are expected to be sold at or above cost. Stock-in-trade and finished goods are valued at lower of cost and net realisable value. Finished goods and work-in-process include costs of raw material, labour, conversion costs and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on average cost basis including proportionate fixed manufacturing overheads based on actual capacity.

2.16 Financial instruments :

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Financial Asset :

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e; the date that the Company commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories: Debt instruments at amortised cost. Debt instruments at

fair value through other comprehensive income (FVTOCI). Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL). Equity instruments measured at fair value through other comprehensive income FVTOCI.

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the Statement of Profit and Loss.

Debt Instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. Equity Investments all equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument-by instrument basis. The classification is made on initial recognition and is irrevocable. If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Statement of Profit and Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity. Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss. De-recognition The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expires or it transfers the financial asset and substantially all the risks and rewards of ownership of the asset. When

the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of Financial Assets The Company assesses at each reporting date whether there is any objective evidence that a financial asset or a Group of financial assets is impaired. A financial asset or a Group of financial assets is deemed to be impaired if, there is objective evidence of impairment as a result of one or more events that has occurred after the initial recognition of the asset (an expected 'loss event') and that loss event has an impact on the estimated future cash flows of the financial asset or the Group of financial assets that can be reliably estimated. Evidence of impairment may include indications that the debtors or a Group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganization and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

ii) Financial Liabilities :

Initial recognition and measurement Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs. The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for

trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments. Gains or losses on liabilities held for trading are recognised in the profit or loss. Loans and Borrowings After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss. This category generally applies to interest-bearing loans and borrowings. De-recognition A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit or Loss.

iii) Derivative Financial Instruments:

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

iv) Cash & Cash Equivalents :

Cash and Cash Equivalents represent cash and bank balances and fixed deposits with banks having maturity of 3 months or less. Cash and cash equivalent are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value.

v) Trade Receivable:

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

2.17 Provisions :

Provisions for legal claims, chargebacks and sales returns are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

2.18 Contingencies :

Disclosure of contingent liabilities is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.19 Employee Benefits :

Liability on account of short term employee benefits is recognised on an undiscounted and accrual basis during the period when the employee renders service/ vesting period of the benefit. Post retirement contribution plans such as Employees' Pension scheme and Employees' Provident Fund (for employees other than those who are covered under Employees' provident fund trust) are charged to the Statement of Profit and Loss for the year when the contributions to the respective funds accrue. Post retirement benefit plans such as gratuity and provident fund are determined on the basis of actuarial valuation made by an independent actuary as at the balance sheet date. Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding net interest), is reflected immediately in the consolidated balance sheet with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to Statement of Profit and Loss.

i) Gratuity Obligations :

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at

the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries. The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the Statement of Profit and Loss. Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in Statement of Profit and Loss as past service cost.

ii) Other Benefit plan – Leave Encashment

Liability in respect of leave encashment becoming due or expected to be availed within one year from the balance sheet date is recognised on the basis of undiscounted value of estimated amount required to be paid or estimated value of benefit expected to be availed by the employees. Liability in respect of leave encashment becoming due or expected to be availed more than one year after the balance sheet date is estimated on the basis of an actuarial valuation performed by an independent actuary.

iii) Termination Benefits :

Termination benefits arising are recognised in the Statement of Profit and Loss when: the Company has a present obligation as a result of past event; a reliable estimate can be made of the amount of the obligation; and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation.

2.20 Government Grants :

Government Grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset. When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit and loss accounts over the expected useful life in a pattern of consumption of the benefit of the underlying asset i.e. by equal annual installments. When loans or similar assistance are provided by the government or related institutions, with an interest

rate below the current applicable market rate, the effect of this favourable interest is regarded as a government grant. The loan or assistance is initially recognised and measured at fair value and the government grant is measured as the difference between initial carrying value of the loan and the proceeds received. The loan is subsequently measured as per the accounting policy applicable to financial liabilities.

2.21 Earning Per Share :

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit attributable to equity shareholders and the weighted average number of shares outstanding are adjusted for the effect of all dilutive potential equity shares from the exercise of options on unissued share capital. The number of equity shares is the aggregate of the weighted average number of equity shares and the weighted average number of equity shares which are to be issued in the conversion of all dilutive potential equity shares into equity shares.

2.22 Non-current assets and liabilities classified as held for sale and discontinued operations:

Separately and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. However, some held for sale assets such as financial assets or deferred tax assets, continue to be measured in accordance with the Company's relevant accounting policy for those assets. Once classified as held for sale, the assets are not subject to depreciation or amortisation. Any profit or loss arising from the sale or re-measurement of discontinued operations is presented as part of a single line item, profit or loss from discontinued operations.

2.23 Trade and other payables:

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid as per agreed terms. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

2.24 Critical accounting estimates and assumptions:

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below:

Judgements :**(i) Deferred Income Taxes:**

The assessment of the probability of future taxable profit in which deferred tax assets can be utilized is based on the Company's latest approved forecast, which is adjusted for significant non-taxable profit and expenses and specific limits to the use of any unused tax loss or credit. The tax rules in the numerous jurisdictions in which the Company operates are also carefully taken into consideration. If a positive forecast of taxable profit indicates the probable use of a deferred tax asset, especially when it can be utilized without a time limit, that deferred tax asset is usually recognized in full.

(ii) Research and Developments Costs :

Management monitors progress of internal research and development projects by using a project management system. Significant judgement is required in distinguishing research from the development phase. Development costs are recognised as an asset when all the criteria are met, whereas research costs are expensed as incurred. Management also monitors whether the recognition requirements for development costs continue to be met. This is necessary due to inherent uncertainty in the economic success of any product development.

Estimates :**(i) Useful lives of various assets:**

Management reviews the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets to the Company.

(ii) Current Income Taxes :

The major tax jurisdiction for the Company is India. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods. The recognition of taxes that are subject to certain legal or economic limits or uncertainties is assessed individually by management based on the specific facts and circumstances.

(iii) Sales Returns :

The Company accounts for sales returns accrual by recording an allowance for sales returns concurrent with the recognition of revenue at the time of a product sale. This allowance is based on the Company's estimate of expected sales returns. The Company deals in various products and operates in various

markets. Accordingly, the estimate of sales returns is determined primarily by the Company's historical experience in the markets in which the Company operates.

(iv) Accounting for Defined Benefit Plans :

In accounting for post-retirement benefits, several statistical and other factors that attempt to anticipate future events are used to calculate plan expenses and liabilities. These factors include expected return on plan assets, discount rate assumptions and rate of future compensation increases. To estimate these factors, actuarial consultants also use estimates such as withdrawal, turnover, and mortality rates which require significant judgment. The actuarial assumptions used by the Company may differ materially from actual results in future periods due to changing market and economic conditions, regulatory events, judicial rulings, higher or lower withdrawal rates, or longer or shorter participant life spans.

(v) Fair Value of Financial Instruments :

Management uses valuation techniques in measuring the fair value of financial instruments where active market quotes are not available. Details of the assumptions used are given in the notes regarding financial assets and liabilities. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date.

The principal assumptions are the (1) discount rate & (2) Salary increase.

The discount rate should be based upon the market yields available on Government bonds at the accounting date with a term that matches that of the liabilities and the salary increase should take account of inflation, seniority, promotion and other relevant factors.

The financial assumptions employed for the calculations are as follows:

(Rs. In Lacs)

	2021-22		2020-21	
	Gratuity	Leave Encashment	Gratuity	Leave Encashment
Discount Rate per annum compounded	5.80%	5.80%	6.70%	6.70%

x) **Financial risk management objective and policies**

The Company's financial liabilities include Loan and borrowing, and Trade & other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's financial assets include investments, trade & other receivables, deposits and cash & cash equivalents.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance. The Company uses derivative financial instruments to hedge certain risk exposures. The Company does not acquire or issue derivative financial instruments for trading or speculative purposes.

The Company's activities expose it to Credit Risk, Liquidity Risk, Market Risk, and Equity Price Rise. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below.

Credit Risk- A risk that counterparty may not meet its obligations under a financial instrument or customer contract, leading to a financial loss is defined as Credit Risk. The Company is exposed to credit risk from its operating and financial activities.

Customer credit risk is managed by the respective marketing department subject to the Company's established policy, procedures and control relating to customer credit risk management. The Company reviews the creditworthiness of these customers on an on-going basis. The Company estimates the expected credit loss on the basis of past data, experience and policy laid down in this respect. The maximum exposure to the credit risk at the reporting date is the carrying value of the trade receivables disclosed in Note No. 8 as the Company does not hold any collateral as security. The Company has a practice to provide for doubtful debts as per its approved policy.

Liquidity Risk- A risk that the Company may not be able to settle or meet its obligations at a reasonable price is defined as liquidity risks. The Company's finance department is responsible for managing liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of cash credits, Term loans among others.
