INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF SUPERSHAKTI METALIKS LIMITED

(Formerly Known as Supershakti Metaliks Private Limited)

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of SUPERSHAKTI METALIKS LIMITED (Formerly Known as SUPERSHAKTI METALIKS PRIVATE LIMITED) ('the Company'), which comprise the Balance Sheet as at 31st March, 2018 the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on these financial statements based on our audit,

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

OPINION

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2018, and its profit and its cash flows for the year ended on that date.

The Annexure referred to in paragraph 2 (g) under the heading 'Report on Other Legal and Regulatory Requirements' of our Independent Auditors' Report of even date in respect on the Internal Financial Control under clause (i) of Subsection 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of SUPERSHAKTI METALIKS LIMITED (FORMERLY SUPERSHAKTI METALIKS PRIVATE LIMITED) ("the Company") as of 31st March, 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI'). These responsibilities include the design, Implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate Internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's Internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

.....contd.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting Issued by The Institute of Chartered Accountants of India.

Notes to Financial Statements for the year ended on 31st March, 2018

Note No 1. SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Preparation

The financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The Company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014. The financial statements have been prepared on an accrual basis and under the historical cost convention.

B. Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized.

C. Property, Plant & Equipment

- i) Tangible Fixed Assets are stated at cost of acquisition or construction (net of excise duty,VAT and GST) less accumulated depreciation and impairment losses. The cost of assets comprises of its purchase price and any directly attributable cost of bringing the assets to their location and working condition upto the date of its intended use.
- ii) Intangible assets are stated at cost less accumulated amortization. Cost includes directly attributable expenditure for making the assets for its intended use.
- (iii) Capital Work-in-progress is stated at cost which includes expenses incurred during construction period, interest on amount borrowed for acquisition / construction of qualifying assets and other expenses incurred in connection with project implementation in so far as such expenses relate to the period prior to the commencement of commercial production.

D. Component Accounting

The company has adopted component accounting as required under Schedule II to the Companies Act, 2013, from 1 April 2015. The company was previously not identifying components of fixed assets separately for depreciation purposes; rather, a single useful life/depreciation rate was used to depreciate each item of property, plant and equipment.

Due to application of Schedule II to the Companies Act, 2013, the company has changed the manner of depreciation for its fixed assets. Now, the company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset. These components are depreciated separately over their useful lives; the remaining components are depreciated over the life of the principal asset.

E. Depreciation and Amortization

Depreciation on Tangible Fixed Assets is provided on prorate basis for the period of use, on straight-line method at the rates determined based on useful lives of respective assets as prescribed in the Schedule II of the Companies Act, 2013. Certain plant & machinery have been considered Continuous process plant on the basis of technical assessment. Leasehold land is amortised on straight line method over the period of the lease.

F. Impairment

The carrying amounts of Tangible Fixed Assets are reviewed at each balance sheet date to determine, if there is any indication of impairment based on external/internal factors. An impairment loss is recognized wherever the carrying amount of Tangible Fixed Assets exceeds its recoverable amount which represents greater of the "net selling price" and "value in use" of the respective assets. The impairment loss recognized in prior accounting period is reversed if there has been an improvement in recoverable amount.

G. Leases

Lease payments under an operating lease are recognized as expense in the Statement of Profit and Loss as per terms of lease

Leases which effectively transfer to the lessee substantially all the risks and benefits incidental to ownership of the leased item are classified and accounted for as firfance lease. Lease rental receipts are apportioned between the finance income and capital repayment based on the implicit rate of return. Contingent rents are recognised as revenue in the period in which they are earned.

(FORMERLY KNOWN AS SUPERSHAKTI METALIKS PRIVATE LIMITED)

Notes to Financial Statements for the year ended on 31st March, 2018

H. Investments

- i) Investments which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as long-term investments. The portion of long term term investments expected to be realized within twelve months after the reporting date are disclosed under current investments.
- On Initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees & duties.
- iii) Long-Term Investments are stated at cost. Provision for diminution is made if the decline in value, in the opinion of the management, is other than temporary in nature.

. Inventories

Inventories of stores and spare parts are valued at or below cost after providing for cost of obsolescence and other anticipated losses wherever considered necessary.

Inventories of Items other than those stated above are valued at cost or net realizable value whichever is lower. Cost in respect of:

- a) Raw Materials, Consumables, Stores & Spares are computed under weighted average basis;
- b) Work-in-Progress and Finished Goods are computed under weighted average basis.
- c) By- Products are valued at net realisable value.

Net Realizable Value is the estimated selling price in the ordinary course less the estimated cost of completion and the estimated costs necessary to make the sale.

Materials and other supplies held for use in the production of inventories are not written down below cost if the finished productions in which they will be incorporated are expected to be sold at or above cost.

J. Employees Benefit

Retirement benefit in the form of provident fund and superannuation fund are defined contribution schemes. The contributions to the provident fund and superannuation fund are charged to the statement of profit and loss for the year when an employee renders the related service. The company has no obligation, other than the contribution payable to the Provident Fund and superannuation fund.

The company operates a defined benefit plan in the form of gratuity for its employees. The cost of providing benefits under the plan is determined on the basis of actuarial valuation at each year-end. Actuarial valuation is carried out using the projected unit credit method. Actuarial gains and losses for the defined benefit plan are recognised in full in the period in which they occur in the statement of profit and loss.

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short-term employee benefit. The company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

K. Revenue Recognition

Revenue is recognised to the extent it is probable that the economic benefits will flow to the company and that the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

Sale of Goods

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership of the goods have been passed to the buyer. The company collects sales taxes and value added taxes (VAT) and GST on behalf of the government and, therefore, these are not economic benefits flowing to the company. Hence, they are excluded from revenue. Excise duty deducted from revenue (gross) is the amount that is included in the revenue (gross) and not the entire amount of liability arising during the years.

L. Borrowing Cost

Borrowing cost directly attributable to the acquisition or construction of qualifying assets is capitalized until the time all substantial activities necessary to prepare the qualifying assets for their use are complete. A qualifying asset is the one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are recognized as expenses in the period in which they are incurred.

Notes to Financial Statements for the year ended on 31st March, 2018

M Taxation

Tax expense comprises current and deferred tax. Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the income-tax Act, 1961 enacted in India. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred income taxes reflect the impact of timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognised for all taxable timing differences. Deferred tax assets are recognised for deductible timing differences only to the extent that there is resonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realised. In situations where the company has unabsorbed depreciation or carry forward tax losses, all deffered tax assets are recognised only if there is virtual certainty supported by convincing evidence that they can be realised against future taxable profits.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i. e. the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of MAT under the income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement." The company reviews the "MAT credit entitlement" asset at each reporting date and writes down the asset to the extent the company does not have convincing evidence that it will pay normal tax during the specified period.

N. Foreign Currency Transactions and Derivatives

Foreign Currency Transactions and balances:

(i) Initial recognition

Foreign Currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Conversion

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date.

(iii) Exchange differences

The company accounts for exchange differences arising on translation/ settlement of foreign currency monetary items as below:

- 1. Exchange differences arising on long-term foreign currency monetary items related to acquisition of a fixed asset are capitalised and depreciated over the remaining useful life of the asset.
- 2. All other exchange differences are recognised as income or as expenses in the period in which they arise.
- (iv) Forward exchange contracts entered into to hedge foreign currency risk of an existing asset/ liability

The premium or discount arising at the inception of forward exchange contract is amortised and recognised as an expense/income over the life of the contract. Exchange differences on such contracts, are recognised in the statement of profit and loss in the period in which the exchange rates change. Any profit or loss arising on cancellation or renewal of such forward exchange contract is also recognised as income or as expense for the period. None of the foreign exchange contracts are taken for trading or speculation purpose.

O. Government Grants

Government grants are recognized when there is a reasonable assurance that the same will be received. Capital Grants relating to specific fixed assets are reduced from the gross value of the respective fixed assets. Other capital grants are credited to Capital Reserve. Revenue grants are recognized in the Statement of Profit & Loss.

P. Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The company does not recognize a contingent liability but discloses its existence in the financial statements.

SUPERSHAKTI METALIKS LIMITED (FORMERLY KNOWN AS SUPERSHAKTI METALIKS PRIVATE LIMITED) Notes to Financial Statements for the year ended on 31st March, 2018

Q. Provisions

A provision is recognised when the company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates. The expense relating to any provision is presented in the statement of profit and loss, net of any reimbursement.

R. Earning Per Share

Basic Earning Per Share (EPS) is computed by dividing the net profit or loss for the year attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the year. Diluted EPS is computed by dividing the net profit or loss for the year attributable to Equity Shareholders by the weighted average number of equity shares outstanding during the year as adjusted for the effects of all dilutive potential equity shares, except where the result are anti-dilutive.

S. Cash Flow Statement

Cash Flow Statement presents the Cash Flows by operating, investing and financing activities of the Company. Cash and Cash equivalents presented in the Cash Flow Statement consist of cash on hand, cash at bank, and short - term investments with an original maturity of three months or less.
