Dear Sir,

SUB: Regulation 34 (1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 - Notice of 29th Annual General Meeting (AGM) along with Annual Report of the Company for the Financial Year 2020-21

This is further to our Letter dated August 12, 2021 wherein, the Company had informed that the 29th AGM is scheduled to be held on Wednesday, September 29, 2021 at 12.00 noon through Video Conferencing (VC) / Other Audio-Visual Means (OAVM) in accordance, with the relevant Circulars issued by the MCA & SEBI.

In terms of the requirement of Regulation 34(1) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are submitting herewith the Annual Report of the Company including the Notice of AGM for the FY 2020-21. The Company has sent the same today through electronic mode to the Members who have registered their Email IDs with the Company's R&TA/DP.

The Notice of AGM along with the Annual Report for the FY 2020-21 is also available on the website of the Company viz. <a href="https://www.armanindia.com">www.armanindia.com</a>.

Kindly take it on your record.

Thanking you,

Yours Faithfully,

For, Arman Financial Services Limited

Jaimish Patel

# "When life gives you every reason to be Negative, think of all the reasons to be Positive."

Headwinds push us back when we least expect it. Sometimes, the forces of nature seem to be at war with us. More often than not, they strike when things are cruising just fine.

The challenge then, is not about what will befall upon us ...but how react to them. The negativity that tries to drown us is not as important as the positivity that we rely on to stay afloat!

Remember school days ... we were engrained with the fact that two negatives make a positive. Actually, we were being shown that there is a potential positive in every negative. There's a fortune in every misfortune. An adversity, sometimes, is only a misplaced opportunity.

Setbacks are often opportunities turned upside down.

The pandemic presented a rare but narrow window of opportunity to reflect and reimagine our world — and new possibilities therein.

### A paper with

# promising prospects

In the midst of the pandemic-related pandemonium there appeared a ray of hope.

In 2012, when the RBI came out with regulations for the microfinance sector, ~95% of the MFI sector comprised of NBFC-MFIs. The initial successes of this segment attracted banks and other institutions into this space. Despite the growing competitive intensity in this space, the stringent rules of RBI remained applicable only to the NBFC-MFIs, not others. This created a regulatory arbitrage for the non-NBFC-MFI players and gave them a clear advantage.

Recently, RBI has published a Discussion Paper that proposes to change all that.

1) It sets out rules and policies that will apply to all microfinance practitioners – creating a level playing field. 2) It removes the cap on the interest rate charged to customers – this will allow MFIs to charge variable interest rates based on competition, risk, and operating cost. 3) It prevents customer

Even as the deadlier Covid 2.0 hit India and its underbelly, opinion influencers are of the opinion that millions in the microfinance space will default.

We, at Arman, firmly believe, that things will only get better from now onwards. Because uncertainty is often the gateway to interesting opportunities. Because the India is fighting back with passion and perseverance. India will resurge... driven by the lowest slice of its social pyramid. Once Again!

At Arman, we are striving to go beyond the now to the next, which we are confident will be a stimulating journey. For this, we have

- Leveraged technology to make our processes future-ready and enhancing people productivity.
- Saved money where we could but took care of our own team; there were no layoffs, salary cuts, or furloughs for the team members.

# We solidified the organisation; it allows us to capitalise on new opportunities

- Widened our presence to Haryana even as we entrenched our presence in Rajasthan.
- Strengthened our expertise of assessing cash flows and business prospects of the rural Indians.

Provisioned for future losses. Wrote off ₹16.47 crore of COVID impacted loans and made ₹38.12 crore of additional provisions during the year. Total of ₹51.55 crore available as provisions for the future write-

CONTRACT

### Maintained a solid liquidity base to provide comfort against the unknown

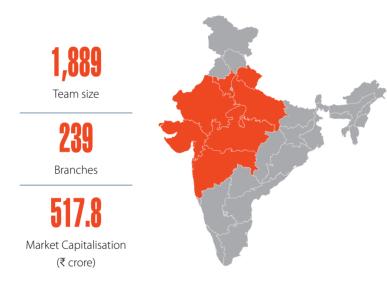

- Created strong liquidity Cash & Bank balance and Liquid investments stood at ₹ 132 crore and undrawn CC limits.
- Maintained healthy relations with 30+ banks and other financial institution. If cash is our raw material, we have a diverse set of suppliers and sources, including lower rate DFI funds from NABARD, SIDBI & MUDRA.

# **About Arman**

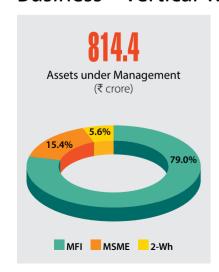

Arman Financial Services Ltd (NSE: ARMANFIN; BSE: 531179) is a category 'A' Non-Banking Finance Company (NBFC) active in the 2-Wheeler, MSME, and Microfinance Lending business. The Microfinance division is operated through its wholly-owned subsidiary, Namra Finance Ltd. an NBFC-MFI.

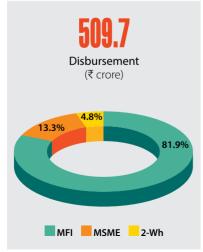

The Group operates mostly in the underserviced segment of the economy, invests in the small dreams of the large unorganised sector residing in rural and semirural locales across seven states. Arman's big differentiator with a Bank and other NBFCs is the last mile credit delivery system. It serves areas and clients where it is simply not possible for banks to provide financial services under the current market scenario.

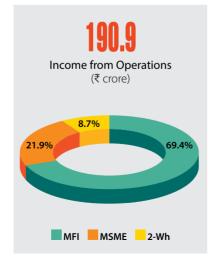

### Business – vertical-wise

### Values

- To help those who are at the bottom of the pyramid.
- To work with vigour, dedication and innovation to achieve excellence in service, quality, reliability, safety and customer care as the ultimate goal.
- To earn the trust and confidence of all stakeholders, exceeding their expectations and making the Company a respected household name.
- To consistently achieve high growth and the highest levels of productivity.
- To be a technology-driven, efficient and financially sound organisation.

- To contribute towards community development and nation building.
- To be a responsible corporate citizen nurturing human values and concern for society, the environment and, above all, the people.
- To promote a work culture that fosters individual growth, team spirit and creativity to overcome challenges and attain goals.
- To encourage ideas, talent and value systems.
- To uphold the guiding principles of trust, integrity and transparency in all aspects of interactions and dealings.

# Our Competitive Moat

to move towards a greater degree of

become a world-class financial services

- Arman Financial Services
  ("Arman") is a diversified
  NBFC focusing on the large
  underserved rural & semi-urban
  retail markets.
- Strong management team with 100+ years of experience led by Mr. Jayendra Patel.

### 2) Wide Distribution Network

- 239 branches; 55+ 2-Wheeler dealerships.
- 94 Districts, 7 states.
- ₹ ~3.74 lakh live customers.
- Contiguous geographic footprint for geographic diversification and cost efficiencies.

### 3) Robust Risk Management Framework

- 29-Year track record of consistent profitability; never reported an annual loss.
- Complete in-house operations with bottoms up driven credit appraisal models and rigorous collections practices tailored for the areas of operations.
- Consistent rating upgrades backed by strong financial & operating performance; currently rated BBB+ by CARE Ratings.

### 4) Efficient Liability Management

- Comfortable Liquidity Position: Positive ALM.
- Average lending tenor at origination: ~24 months; average tenor of debt at origination: ~36 months.

- Diversified Borrowing Profile with Relationship across 30+ Banks & other Financial Institutions.
- Diversified Borrowing Profile with Relationship across 30+ Banks & other Financial Institutions.

### 5) Strong Financial Performance

- High Growth Trajectory (FY2016-21CAGR)
  - o AUM: 36%
  - o Net Income: 36%
- Consolidated debt to equity ratio of 3.9:1– Sufficient Capital to drive growth going forward.
- High Return Ratios except for COVID impact for FY21: ROE: 5.9%; ROAA: 1.3%.

# From the Vice-Chairman's desk

As a sustainable business, everything we do is inspired by a deep sense of purpose. Our values have held us in good stead at this time, and they are the foundation on which we have built our success. It is heartening to see Arman rise to the challenge and continue to make a positive impact on the lives of people, especially during these tough times where our customers need us the most.

### Dear friends,

I consider myself fortunate to be expressing my thoughts after having endured a rather challenging period.

FY21 was a rather tough year. Problems appeared across the horizon. Systemic fractures in the business ecosystem, hitherto overlooked in the aggression for growth, became more apparent. But a resilient India Inc., albeit with some slippages, overcame the headwinds and scripted a remarkable recovery that silenced many naysayers.

The story is equally applicable to the microfinance industry too. Once we let the initial dust of the pandemic and lockdown settle in, realities became more apparent and the doom and gloom estimates during first quarter for FY21 became largely unfounded. The writing on the wall shone bright – survival over success was the clarion call for our customers and us.

This is exactly how we tempered our resolve. Even as we provided a moratorium and other benefits to our customers, we focused on recoveries – the rates of which scaled every month. We prioritised liquidity over growth. Our numbers may have contracted but the organisation's liquidity swelled. Our AUM dropped marginally but our NPAs remained manageable. We survived well, but at the cost of our plans being deferred by a year at best.

For me, that is literally no cost for enduring one of the most catastrophic health emergencies of several generations.

The upside of this downturn was that we got precious moments to reinforce our strengths and draw the contours of our blueprint for a post Covid world.

1) We realised that in the penchant for growth and numbers, somewhere the softer aspect of our business – relationships – were getting compromised. We undertook a disciplined drive to build on existing relations with our people – customers and employees.

2) We worked aggressively on strengthening our IT network and solutions which became a 'must have' mandate from the earlier 'good to have' priority. Our technology solutions will support our expansion strategy even as it promises to optimise costs. It will facilitate agility in decision-making and field operations even as we widen our operating canvass. In FY21, we made considerable progress on this front.

3) We piloted a flanking vertical 2-wheeler loans for the rural markets.
The pandemic brought to the fore
the need for personal transport over
public transport in rural areas. It was
something that appeared to be a good
fit in our business strategy. The numbers
are small at present. We hope to build
this piece to a reasonable size over the
medium-term.

4) No matter how strong your belief system is about the strength of your company, your strategy and your own abilities, it is difficult to prepare for and face a crisis like a global pandemic. There are no manuals that teach you about leadership in times of a global pandemic, no notes to help you form

decisions, no experience base to fall back on and no guides to suggest a course of action. Crisis management is tough! Its during times like these that you must rely on the judgement of your team and entrust them to think on their feet; use their creativity and innovative ideas to find solutions. I am incredibly privileged and lucky to find myself working with one of the finest teams in the industry.

### FY22 & beyond...

Interestingly, the start of FY22 mirrored that of FY21. The second wave was increasingly painful as it hit India's underbelly – the rural masses. Loss of lives was significant. My heart and prayers go out to all the families who have endured the pain and suffering.

The difference this time was that India Inc. was not completely shut. The aggressive fight against this invisible enemy by the health system, corporates, NGOs, other agencies and institutions, and individuals was an extraordinary effort. The entire country was glued to the television watching the numbers rise every day as the crisis unfold. As I

pen this letter, it seems that we have successfully flattened the curve in a shorter time span and a resurgent India, yet again, has bounced back with vigour.

Our business remained subdued in April and May of 2021, but the recovery in subsequent months is better than our estimates. We hope to sustain our business momentum even as we endeavour to strengthen the organisation's asset quality and liquidity. Our estimates could face some headwinds from a possible third wave, which is not expected to be as brutal at the second... I am keeping my fingers crossed!

Looking beyond the pandemic, I am particularly optimistic for MFI players like us

In the past, various RBI and government initiatives to support the NBFCs-MFI have helped the industry. The most recent White Paper penned by the RBI promises great prospects for the NBFC-MFIs operating in India.

I whole-heartedly welcome RBI's announcement to harmonise the regulatory frameworks for various regulated lenders in the microfinance space, which would stop the regulatory arbitrage amongst the 'Non-NBFC-MFI' microfinance practitioners and create a more robust industry to prevent overleveraging by microfinance

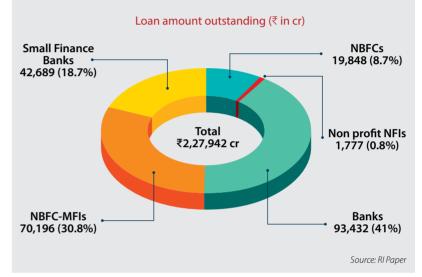

customers, amongst other benefits.

As we have mentioned numerous times in the past few years, there was a genuine need for having such a framework, which would be uniformly applicable to all regulated lenders in the microfinance space rather than prescribing stringent guidelines for NBFC-MFIs alone. These new guidelines, if implemented, will put all microfinance practitioners on a level playing field. The removal of the existing pricing cap will allow MFIs to innovate risk-based products and enter previously underserved geographies, while the 50% FOIR rule will ensure that customers are not over leveraged.

I also feel that there could be systemic change that could playout over the

### The big picture

The primary objective of the RBI consultative paper is to address concerns related to the over-indebtedness of microfinance borrowers and enable the market mechanism to lower the interest rates in the sector.

medium-term. While the JGL Group loan format would continue to grow, there could be the emergence of individual loans for the ambitious and the "emerging" rural customers. We have started a pilot to explore servicing these customers.

These possibilities provide considerable optimism for a promising future over the medium-term.

### In closing

As a sustainable business, everything we do is inspired by a deep sense of purpose. Our values have held us in good stead at this time, and they are the foundation on which we have built our success. It is heartening to see Arman rise to the challenge and continue to

make a positive impact on the lives of people, especially during these tough times where our customers need us the

We are determined to come out stronger from this pandemic than we have ever been. I would like to thank the entire Arman team for their unflinching commitment, and our partners, shareholders and customers for your continued trust, confidence and support.

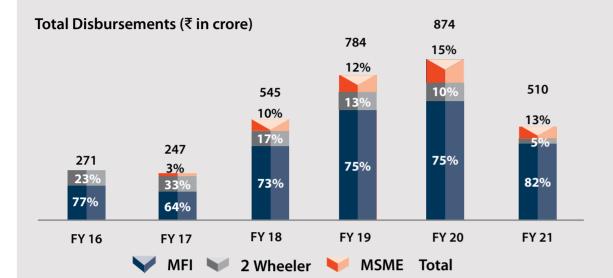

Warm regards,

### Jayendrabhai Patel

Vice-Chairman & Managing Director

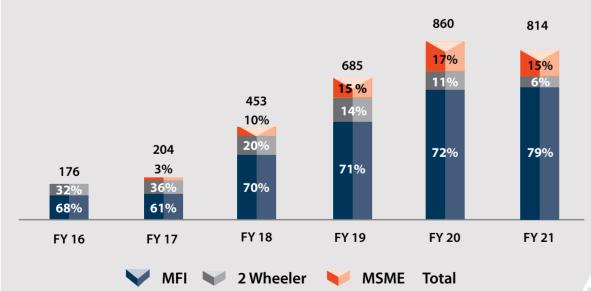

I whole-heartedly welcome RBI's announcement to harmonise the regulatory frameworks for various regulated lenders in the microfinance space.

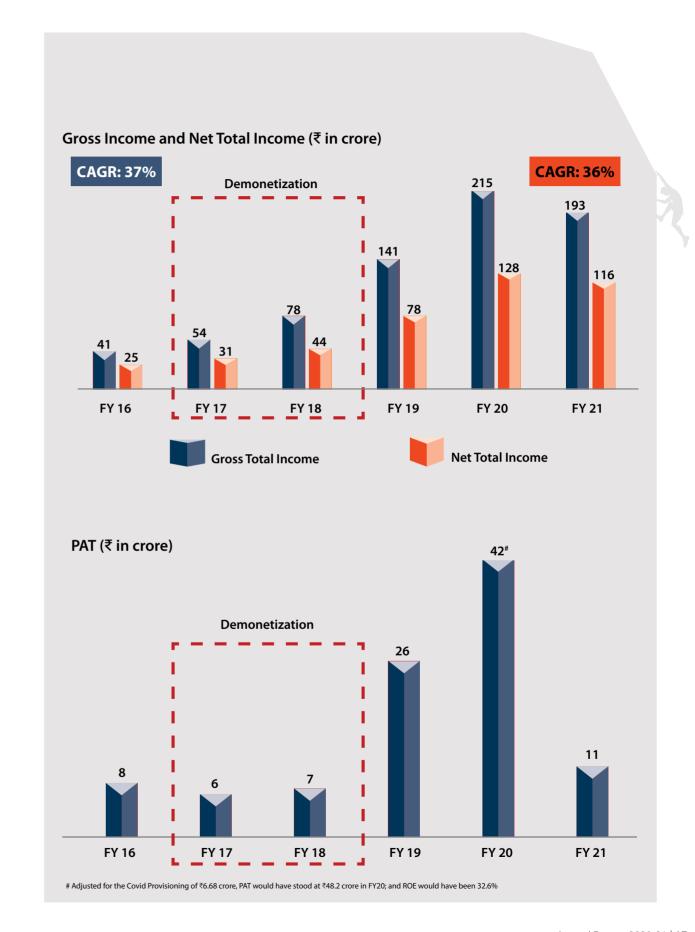

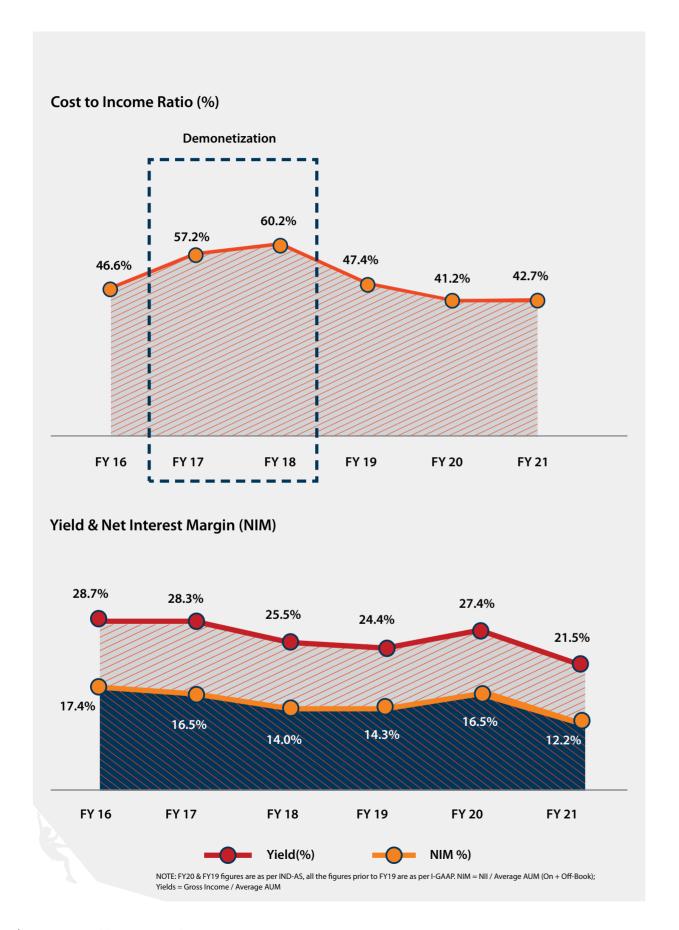

**Note:** FY21, FY20 & FY 19 figures are as per IND-AS, all the figures to FY19 are as per I-GAAP

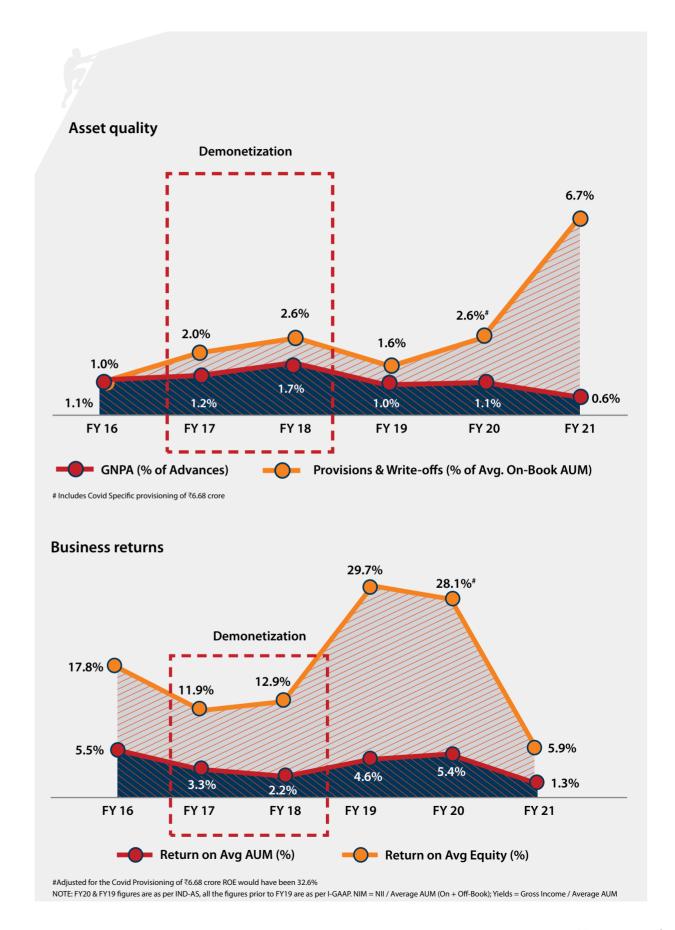

### Assets Under Management (₹ in crore)

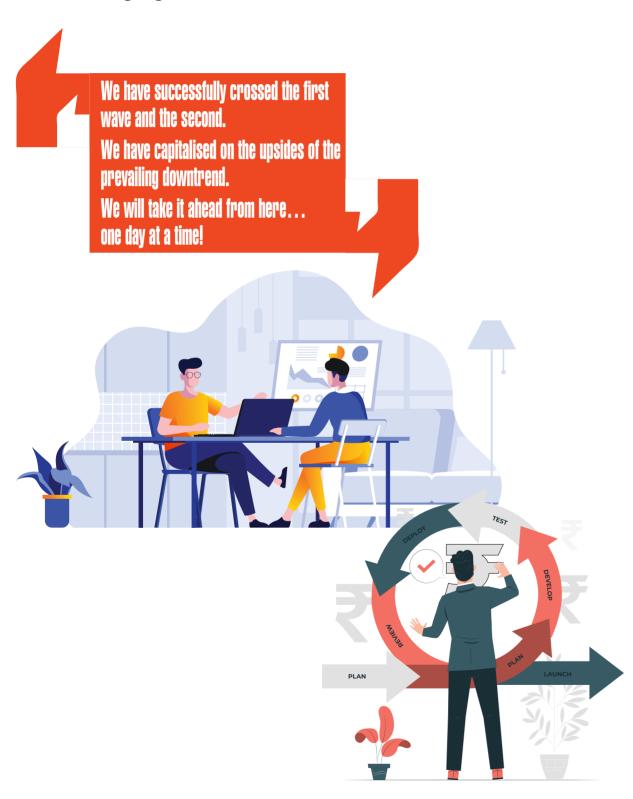

Note: FY21, FY20 & FY 19 figures are as per IND-AS, all the figures to FY19 are as per I-GAAP

### In conversation with **Aalok Patel,** Joint Managing Director

approach in fresh disbursements post the lockdown. You talked about two key aspects

efficiencies, and a particularly cautious

of your business, disbursement and collection. Could you through some light on how collections panned out during the year?

> Collection, as you are aware, is the backbone of any retail finance business. I have often said that we are in the business of collecting money and not disbursing money. We do door-step cash collections in our microfinance business; this is not only essential for customers based in the rural cash economy, but it has the added benefit of maintaining a high-touch, where regular interaction with customers by our field officers during the center meetings cements a healthy relationship. This results in an increased collection efficiency and leads to repeat and referral business.

high-touch part of our business. While a minority of the customers readily adapted and paid EMIs thru cash-less methods, the vast majority did not have the mechanism, nor the cash flows to pay EMIs through the cash-less means. Hence, our primary focus was on restoring collections post the lockdown.

After a washout in the first quarter, collections recovered swiftly, relatively speaking, in the second/third quarter for all three verticals.

MFI vertical: ~93% of customers paid at least one instalment between April-October 20.

MSME vertical: ~96.4% of customers paid at least one instalment from the period April-October 20.

2-Wheeler: ~97.1% of customers paid at least one instalment from the period April-October 20.

From the second quarter onwards, our collection efficiency saw a sequential quarter on quarter improvement with our blended collections improving

### Along with everyone in the world, FY21 started off on a challenging note for

Could you take us through the

Company's performance in FY21?

the microfinance industry as a whole owing to the pandemic and lockdown instituted in H1FY21 to contain the contagion. Despite the uncertain ecosystem, the Company's performance during the fiscal was resilient in hindsight.

Our consolidated AUM at the end of FY21 stood at ₹814 crore marginally lower by 5% on a Y-o-Y basis. This was owing to a run-down in the loan book as there were virtually no disbursements during the Lock-Down and Moratorium periods, coupled with higher collections

from 91% in October 2020 to 94% in March 2021. This clearly demonstrated both the resilience and the positive intentions of our customers.

### On the disbursement side, how was the traction in FY21?

This once in a lifetime event had blown considerable dust in the air. We decided to wait for some clarity because we needed to assess the impact of the pandemic on customers and their livelihood. Hence, there was no disbursement in the first quarter. In August 2020, as India got back to business, we commenced disbursements for all our verticals, albeit very slowly.

However, keeping in mind the prevailing environment, we tightened our underwriting process with the focus squarely on maintaining the quality and profitability of the portfolio.

In the microfinance segment, the Company primarily focused on renewing loans of existing customers who had made timely repayments and/ or completed their tenure. In the MSME & two-wheeler segments, the Company adopted a cautious approach while disbursing fresh loans by increasing underwriting filters and reducing ticket sizes.

To help customers in genuine distress, the Company provided some relief customers - a one-time loan restructuring opportunity in December 2020. But this facility was offered to willing MFI and MSME customers who indicated genuine distress and for whom an EMI reduction was feasible by increasing the tenor. It helped in cementing a lasting recall.

The positive fallout of our more stringent credit filters was that the repayment rate for new loans disbursed post the first Covid wave was more than 99.8%.

# Your post-Covid disbursements were of high quality. But what is the status of the overall quality of loans?

In-keeping with the conservative approach, the Company bolstered its provision coverage by prudently creating provisions cumulating to ₹ 38.1 crore during the year. Additionally, we took an aggressive write-off of ₹ 16.5 crore. The cumulative total provisions stood at ₹ 51.5 crore as on March 31, 2021, covering 6.7% of the on-book AUM. This, I am confident, will help the Company in dealing with any possible impairment on account of Covid-19. Thanks to aggressive provisioning, our Net NPA remains comfortable at 0.6% as on March 31, 2021.

# Widening your footprint has been a continuous endeavour. Considering the prevailing headwinds, could you extend you footprint wider?

Every business aspires to grow. And we are no different. Growth for us, primarily happens when we widen our footprint. While we remained focused on

collection and calibrated disbursements over the first nine months of the fiscal under review, we resumed our pan-India expansion strategy in the fourth quarter of FY21 in anticipation of an economic recovery and increased demand in FY22. Even as we entrenched our presence in Rajasthan (a state we entered for the first time in FY20), we extended our presence into Haryana – a new geography for Arman.

We opened 27 MFI branches in Q4FY21. As a result, our disbursements witnessed an uptick in Q4FY21 - they grew 51% sequentially to ₹ 275 crore. Moreover, they set the platform for sustaining our growth momentum in the current year.

Our total operational branch network as on March 31, 2021 stood at 239 (198 in MFI. 35 in MSME and 6 in 2W).

# In the previous year you had mentioned about the digital transformation taking place with the Company. How did that pan out in FY21?

The pandemic clearly showcased the criticality of having a robust IT backbone for business operations. We are extremely fortunate to have proactively strengthened our IT systems in the previous year. This IT preparedness and cloud-based solutions allowed us to operate seamlessly from wherever we were.

In FY21, we continued to intensify the use of technology to support our business operations. For one, we launched a comprehensive digital collection solution which facilitates timely collection, automates reconciliation and provides a wholistic view (on a dashboard) of the organisation's collection activity. Additionally, we tweaked our technology solution for customer on-boarding, to filter out doubtful cases at the initial stage. Further, we made our network and systems more robust to take the additional load. These investments will make our business operations even more seamless as we widen our footprint. There are some other projects also in the pipeline which should see the light of day in the current year.

### What is the liquidity position of the Company?

The Company enjoys adequate liquidity and a strong Balance Sheet.
The Company's liquidity position remains robust with ₹ 132 crore in cash/bank balance, liquid investments, and undrawn CC limits as on March 31, 2021. It positions us in good stead

to capitalise on growth opportunities when the business ecosystem turns favourable and provides the muchneeded cash cushion during the uncertain times of Covid.

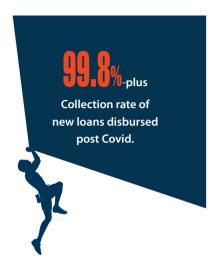

# The start of FY22 appears to be a mirror image of the previous year. How do you see the year panning out?

The second wave of the pandemic was more aggressive in its spread and fatal in its impact. Unlike the first wave, the second wave has afflicted considerable pain to the rural segment of the Indian diaspora. Interestingly, this time around, our resilient nation has flattened the curve is a lesser time frame.

In line with this, our collections for April and May 2021 were also impacted.
This decline was primarily due to lack of access to the customers in many geographies with more stringent lockdowns.

Even as I pour my thoughts over this piece, business has come back to normal with the easing of lockdown restrictions across states. There is significant improvement in the MTD repayment figures during June 2021. However, it will take a few months before they reach March 2021 levels.

Also, the aggressive inoculation drive panning out across India appears to be a significant confidence booster to the average Indian. I expect things to get better over the coming months.

# What about the third wave of the pandemic? Are you prepared for that?

We cannot rule out the possibility of a third wave. You can never be prepared for these kinds of challenges. There are no rule books to operate, and expectations rarely mimic reality. In the first wave, daily positive rate peaked at a little under a lakh; in the second wave they soared to 4 lakh plus daily positive numbers. No country in the world could have managed these numbers. We did, albeit with considerable loss of lives and pain. My heart goes out to all the families who have endured this pain.

From a business perspective, I have only one thing to say, we have seen the first wave and the second. We have capitalised on the upsides of the prevailing downtrend. We will take it ahead from here... one day at a time!

# The journey through an exacting year

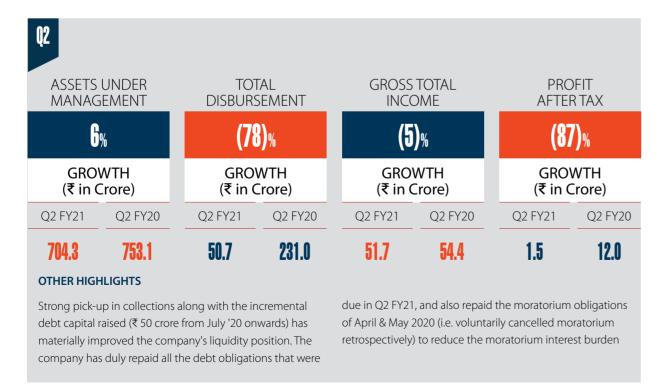

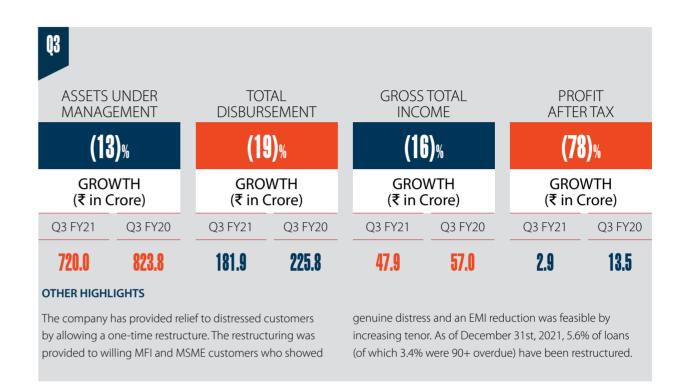

| ASSETS UNDER<br>MANAGEMENT |              | TOTAL<br>DISBURSEMENT |               | GROSS TOTAL<br>INCOME |               | PROFIT<br>AFTER TAX |               |

### **OTHER HIGHLIGHTS**

This quarter was incomparable to any other quarter in the past. Repayment rates in Microfinance and MSME fell to low single digits owing to the stringent lockdown across the country. The Company had sufficient liquidity going into the Covid lockdown to repay debt obligations. The RBI announced

moratorium also provided a confidence boost against the unexpected. In June, the Company resumed door-step collections in majority of it branches, with a repayment rate of 66% despite the RBI announced moratorium applicable until August, 2020.

### OTHER HIGHLIGHTS

Debt-Equity Ratio as on March 31, 2021 was 3.9x

Collections continued to show sequential improvement since September 2020 to March 2021 across all segments.

The company opened 27 new branches in the microfinance segment in anticipation of higher growth in the coming fiscal year 2022.

# **Management Discussion** and Analysis

# **An Economic Overview**

The global economy contracted by 3.3% in 2020 (Calendar Year), as all major economies barring China slipped into recession with COVIDinduced lockdowns. The decline was considerably lesser than initially feared primarily due to unprecedented monetary policy support from global central banks and fiscal stimulus from governments. Global fiscal stimulus reached ~US\$18.6 trillion by March 2021 (23% of GDP) while monetary stimulus by global central banks reached US\$16.6 trillion (21% of GDP). The global economy is expected to witness a rebound in 2021 with the International Monetary Fund (IMF) expecting 6% growth. The growth recovery is likely to be led by the US and China. Governments and Central Banks are expected to maintain supportive policies until the recovery is firmly underway.

Aligned to the slide in global GDP, India's economic progress was expected to contract. But a smart V-shaped recovery arrested the fall in GDP. Most consumption and industrial indicators were back in positive growth territory in the Q3/FY21.

The Reserve Bank of India (RBI), and the central and state governments provided critical support to the economy during the crisis. The RBI maintained loose monetary policy, cutting repo rates by 115 bps during March-May of 2020. To keep funding markets easy, the RBI maintained liquidity surplus through various monetary measures.

In view of the economic momentum in Q4 of 2020-21, leading opinion makers had estimated a sharp growth in India GDP for 2021-22. But, with the outbreak of the second wave of Covid-19 in India. these estimates have been revised downwards.

# Women of **Rural India**

Conventional wisdom suggests that in a growing economy, as job opportunities increase and education levels rise. more women enter the paid workforce. The Indian experience, however, has been exactly the opposite. Since the liberalization of the economy, which began in 1991, Indian GDP has grown at about 6 or 7% per year. Education of Indian women has risen; fertility rates have fallen; and access to electricity, cooking gas, and water has improved. However, women's labour force participation rate (LFPR) has fallen from 42.7% in 2004-05 to 23.3% in 2017-18.

# Why?

The popular opinion that marriage may be the reason why women quit working does not hold ground when it comes to rural areas. Marriage did not affect workforce participation among women in villages. More married women work in these areas than unmarried women.

The World Bank research paper claims that one explanation for the drop in the participation rate among rural girls and women aged 15-24 is the recent expansion of secondary education and rapidly changing social norms leading to more working age young females opting to continue their education rather than join the labour force early.

NSS data shows that marginal women workers have been noticed to drop out of the workforce when household wages increased. Meaning, the need for money is the only drive for women in rural areas to work.

### Impact of the pandemic on working women

The COVID-19 pandemic has had a significant impact on women's work, but as official statistics do not capture women's work adequately and accurately, little attention has been paid to the consequences of the pandemic for women workers and to the design of specific policies and programmes to assist them.

A survey by the Azim Premji University, of 5,000 workers across 12 States — of whom 52% were women workers found that women workers were worse off than men during the lockdown. Among rural casual workers, for example, 71% of women lost their jobs after the lockdown; the figure was 59% for men. Data from the Centre for Monitoring Indian Economy (CMIE) also suggest that job losses in April 2020, as compared to April 2019, were larger for rural women than men.

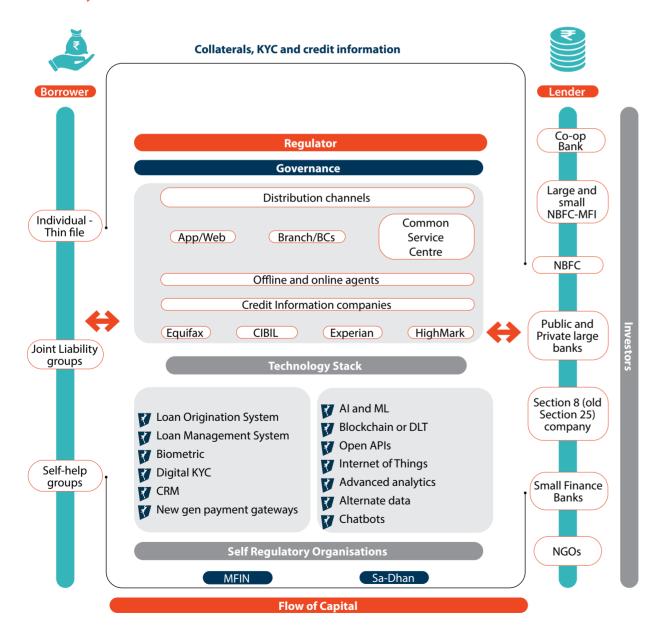

# The microfinance sector

Over these years, no other form of financial services has had the kind of farreaching impact, in terms of fostering financial inclusion, as microcredit has. Access to small, collateral-free loans for economically productive purposes has helped transform the lives of millions at the bottom-of-the-pyramid—especially women. It has helped free them from the harrowing experience of dealing

with informal moneylenders whose usurious interest rates and unethical practices, perpetuate the cycle of indebtedness and poverty.

That microfinance ably serves its purpose is evident from the fact that despite several challenges along the way, the industry has not only survived, but grown significantly. Over the past decade, India's microfinance industry has helped ~50 million economically vulnerable Indians, 99% of them women, live a life of dignity and financial independence. Moreover, these rudimentary start-ups employ people which provide additional employment which creates a 'network effect' that has a social impact at scale.

### The ecosystem

### The year under review

The gross loan portfolio of India's microfinance sector grew 17% year-on-year (y-o-y) to ₹ 2.11 trillion, industry association Sa-Dhan (an industry body comprising 225 microfinance institutions across India). The increase in the portfolio comes despite the sector having witnessed unprecedented times in the wake of covid-19 pandemic.

The combined micro credit portfolio of all lenders stood at ₹ 2,47,839 crore at the end of FY21 with banks accounting for 44% of the market. NBFC-MFIs contributed 32% to the total market size.

The microfinance sector, especially the small microfinance institutions, faced challenges in accessing funds from banks, but demonstrated great resilience, and the recovery rate has improved over the quarters

Industry and lender-wise portfolio at risk (PAR) had reached to peak in the December quarter due to end of the moratorium but has shown an improvement by end of March. The association said total disbursement by all lenders during FY21 was ₹ 2 trillion compared with ₹ 2.54 trillion during FY20.

Collection efficiency improved to 90-95% by March 2021 from about 70-75% in September last year, before the raging second wave of Covid-19 pandemic destabilised lives and livelihoods again.

India Ratings and Research in its report said that collections of micro lenders and small finance banks (SFBs) are likely to have declined 3-5% in April 2021 and an additional 5-7% in May 2021 (first fortnight of the month), both on a month-on-month basis.

The Reserve Bank of India has mooted streamlining regulations by replacing the current framework of institution-based regulation to activity-based regulation. This would augur well for microfinance lenders, bringing them on a level-playing field, enhancing delivery of last-mile credit and strengthening consumer protection.

### The probable e-volution

As literacy and penetration of mobile phones among the poor and rural regions increase, the customer's exposure and therefore, their expectations from microfinance institutions shall evolve. The microfinance customer shall expect personalised solutions delivered through automated analytics that are linked to their life or business events. Continued digitisation should not be mistaken with diminishing human involvement. However customer service will remain important and the successful players will be those that can deliver competitively priced and highquality solutions through intuitive and efficient processes.

# India's MSME ecosystem

India's micro, small and medium enterprises (MSMEs) form the backbone of its economy. They contribute close to 30% of the GDP and are a significant generator of employment, with nearly 6.33 crore MSMEs hiring 11 crore citizens. They also occupy a more than 40% share of the country's total exports. Their contribution to the GDP is projected to increase to nearly US\$1 trillion between now and FY26.

Despite its significant contributions, MSMEs have been one of the most damaged sectors by the COVID-19 pandemic early this year. As supply chains that supported its operations got disrupted, it brought to light some of the systemic challenges faced by MSMEs that only got exacerbated in a post-COVID-19 world.

### Lack of access to working capital

Many MSMEs often require regular sources of working capital to stay afloat. The ticket size of the loans they require are normally small, ranging from ₹ 50,000 to ₹ 1 lakh. Yet, the formal banking system can meet only a fraction of the demand from the sector. According to a report by the International Finance Corporation, part of the World Bank, India's formal banking system can only supply about ₹ 11 lakh crore of the credit that MSMEs need, which is less than one-third of the demand from the sector.

A major reason for this massive gap in demand and supply is the way MSMEs operate. Given their small size, they are unable to be a part of the GST network, and, as a result, they are not obliged to maintain a set of financial records. It is because of this lack of formal documentation that banks are unable to carry out standard underwriting processes to assess an MSME's credit worthiness. As a result, MSMEs are forced to resort to other lenders that are not part of the formal banking system,

often borrowing on steep interest rates, and seeing even these sources of credit drying up after. With low to minimal savings backing them up in such a business environment, a lot of the MSMEs aren't available to sustain their operations.

### The way ahead

Solving these and many other challenges of the MSME requires coordinated efforts from various private and public sector stakeholders.

The government announced many steps to support the revival of the MSME sector. The government also called for banks to support the sector with schemes for stressed MSMEs, such as the Emergency Credit Line Guarantee (ECLG) and mandated public and private sector banks to supply the much-needed credit.

Many stakeholders from the private sector are also contributing their efforts for the growth of MSMEs. Key among them is the Global Bharat Movement. This is a unique initiative by SAP in association with NASSCOM Foundation, United Nations Development Program (UNDP) and Pratham InfoTech Foundation.

The Global Bharat Movement is envisaged as a catalyst for MSMEs, driving greater efficiencies and augmenting business value. By helping reassess critical processes, the movement enables these companies to become future-ready. It follows a three-pronged approach – providing access to a global marketplace, digitally skilling the workforce, and digitally transforming the business.

# Our business

Arman Financial Services Limited is a Category-A Non-Banking Finance Company (NBFC-AFC), registered with the Reserve Bank of India (RBI), with rural and semi-rural financing as its core business elements.

With more than a decade of domain experience, the Company caters to the low-income group. It provides

its flagship offering in microfinance division through Namra Finance Ltd (NBFC-MFI), a wholly owned subsidiary, while the standalone Arman Financial Services entity provides the twowheeler and MSME loans.

Headquartered in Ahmedabad, the group has a skilled and efficient team of 1,889 employees that serve about 3.75 lakh underprivileged customers in seven states. Its customised offerings and efficient last-mile credit delivery differentiate it from other financial institutions.

Arman Group operates in three major business segments – two-wheeler financing, JLG Microfinance and microenterprise finance.

# Our performance

### 1) Microfinance

FY21 was a bleak start with a strong end. The year remained focused on collection and building provisions as the disbursement ecosystem remained dull due to difficulty in evaluating customer level risk during the first half of the year. As clouds of uncertainty gave way to confidence, disbursements commenced selectively, primarily to the existing customer base. In the fourth quarter, as the business climate became closer to normal, disbursement and collection gained momentum. The Company also kickstarted its geographic expansion strategy by setting foot in Haryana and intensifying its presence in Rajasthan.

Position FY21 – a snapshot

**643.1** AUM (₹ crore)

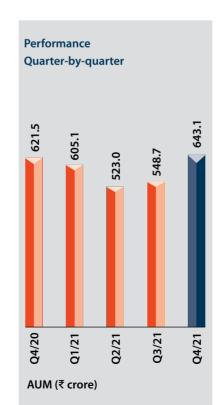

**417.6**Disbursement (₹ crore)

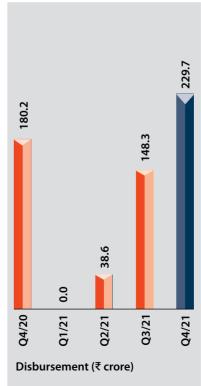

**133.9**Total income (₹ crore)

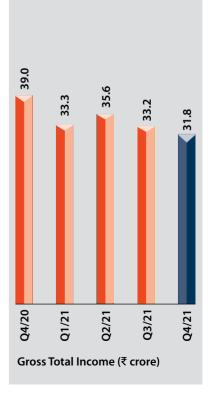

**23%**Yield

13% Net Interest Margin

0.6% NNPA

### 2) 2-Wheeler & Rural 2-Wheeler Loans

Business remained particularly dismal for this vertical in FY21. This was owing to the pandemic, which not only depleted the disposable income in the hands of the average Indian but created an uncertain future. This meant that decisions, such as purchasing a new vehicle, were put on hold. Additionally, low travel, work-from-home culture, and closures of schools and colleges further reduced demand.

Demand did not bounce back as quickly as envisaged throughout the year as fuel prices surged increasing the cost of ownership. However, the 2-wheeler market is slowly growing traction, especially in rural markets, where people have displayed a willingness to opt for private transport as opposed to a low-functioning and unreliable public transport system. This gives the rural 2-wheeler pilot traction to grow during FY22.

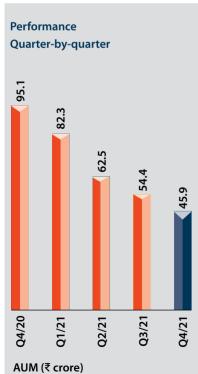

24.6 AUM (₹ crore) Disbursement (₹ crore)

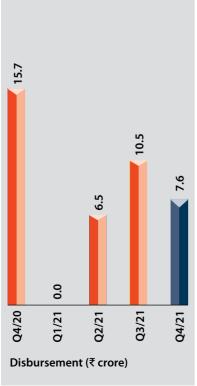

Total income (₹ crore)

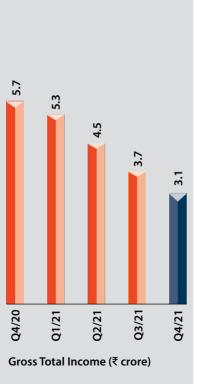

**24.4**%

NNPA

### 3) MSME Loans

FY21 was a challenging year for the entire MSME sector as the lockdown for more than a month questioned the survival of many small businesses. Like the MFI segment, most of the year remained focused on collection and building provisions rather than disbursements due to difficulty in evaluating underwriting risk during the first half of the year. Despite initiating disbursements from August 2020 in a small measure, the Company upped its credit filters to ensure asset quality, which increased an already high rejection rate. Consequently, business growth remained tepid for the first three quarters of FY21. With India's economic resurgence in the fourth quarter, business sentiments revived. This helped in growing the business of this segment towards the close of the year. Going forward, this business segment is expected to emerge as an important growth driver for the Company.

**Position** FY21 – a snapshot

# Risk management

At Arman, we believe that systematic risk management practices ensure effective navigation to achieve business objectives and enable sustainable growth in a volatile and complex environment. Our Enterprise Risk Management (ERM) framework has been designed to identify, monitor and minimise the adverse impact of strategic, operational, financial and compliance risks faced by the organisation.

### Growth risk

Opportunities for growth could dampen owing to the pandemic

Minimising the risk: Unlike the previous occasion, the second wave of the pandemic has dealt a body blow to lives and livelihoods in semi-urban and rural areas. While this will dampen opportunities in the short-term (primarily owing to MFIs holding back fresh disbursals), it will result in pent up demand which will surface once the impact of the health emergency wanes off. Because people need to build back their livelihood. It is already taking shape now

### Asset quality risk

The pandemic has reduced the repayment ability of microfinance customers. This could lead to increased bad loans.

Minimising the risk: Being aware of this, the Company has adopted a twopronged strategy

1) it has created sufficient provisions for Covid related losses during FY 21. However, it continues to monitor the provision closely because of the second

eligible credit score requirements.

For MSME loans, it has tightened the positive cash flow requirement; it has added an additional 'Covid Impact Assessment Layer'-where the 'credit team' assess the 'forwardlooking impact on cash flows' for the 'occupations that have been impacted by the on-going Covid crisis' as a part of the appraisal process for evaluating fresh disbursals

For Microfinance, majority of the disbursements during the year were for renewal loans to existing customers. No top-up loans were given to any customers

### Funding risk

Inadequate availability of low-cost funds could impact business profitability and sustenance.

Minimising the risk: The Company does not perceive this as a significant risk owing to the following:

It enjoys a healthy liquidity position with ₹ 132 crore in cash/bank balance, liquid investments, and undrawn CC limits

The Company successfully raised ₹ 369 crore in FY21 (based on Arman's credibility); ₹ 208 crore was raised in Q4FY21 (strengthening the Company's liquidity)

The Company's liquidity position has improved driven by the pick-up in collections and the incremental debt capital raised since April 2021.

The Company has accelerated repayments of high-cost borrowings and replaced it with low-cost borrowings during the FY21.

Current regulatory norms have decreased the interest caps in the MFI space.

Minimising the risk: The Reserve Bank of India is expected to introduce regulations that will remove the margin caps in the microfinance sector to encourage risk and competition-based pricing. The impact of decreasing interest rate caps on Arman is expected to be limited as it has managed to reduce its cost of borrowing. Despite microfinance being the largest revenue and profit spinner, the Company has a presence in other high-margin verticals which are witnessing considerably traction. Besides, within the microfinance space, the Company continues to prune its cost sheet which ensures that is remains profitability despite a probable reduction in interest revenue in the short-term.

### People risk

People attrition could impact business operations.

Minimising the risk: Hiring and retaining qualified and skilled employees is critical to the future of our business and our business model. The Company has historically had lower attrition rates in comparison to our peers. Its people centric policies such as an above average pay scale, generous benefits, skill development, a policy that encourages internal promotions, and lastly, a generous ESOP policy for middle management and above have helped in nurturing and retaining talent. Further, care for employees demonstrated during the pandemic has also gone a long way in cementing a strong bond with the Company.

### Concentration risk

Gujarat, the home state of Arman, accounts for a large proportion of its business. The concentration could restrict growth going forward.

Minimising the risk: Gujarat, being the home ground for the Company and hence, is an important business market for the Company. As a prudent organisation, the Company has widened its geographic presence by extending its presence across contiguous states. In FY20, the Company extended its presence to Rajasthan, in FY21 it established a presence in Haryana. These expansions for its microfinance business become a seamless entry for its MSME business in later years.

### **NOTICE**

Notice is hereby given that the 29th (Twenty Nineth) Annual General Meeting (AGM) of Arman Financial Services Limited will be held on Wednesday, September 29, 2021 at 12.00 noon through Video Conferencing (VC) / Other Audio-Visual Means (OAVM), to transact the following business:

### **ORDINARY BUSINESS:**

- 1. To consider and adopt:
  - a. the audited financial statement of the Company for the financial year ended March 31, 2021, the reports of the Board of Directors and Auditors thereon; and
  - the audited consolidated financial statement of the Company for the financial year ended March 31, 2021.
- 2. To appoint a Director in place of Mr. Aakash Patel [DIN-02778878] who retires by rotation and being eligible, offers himself for reappointment.
- 3. To appoint a Director in place of Mrs. Ritaben Patel [DIN- 00011818] who retires by rotation and being eligible, offers herself for reappointment.

### 4. Appointment of Statutory Auditor

To consider and if thought fit to pass, with or without modification, the following Resolution as an Ordinary Resolution:

"RESOLVED THAT pursuant to the provisions of Section 139 & 142 and other applicable provisions, if any, of the Companies Act, 2013 read with rules framed thereunder, appointment procedure and eligibility criteria prescribed under the RBI Guidelines (Ref.No.DoS.CO.ARG/ SEC.01/08.91.001/2021-22) dated April 27, 2021 and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 "SEBI Listing Regulations" as amended from time to time including any statutory modification(s) or amendment(s) thereto or reenactment(s) thereof for the time being in force, M/s Talati & Talati LLP, Chartered Accountants, (Firm Registration No. 110758W/ W100377) be and are hereby appointed as Statutory Auditors of the Company effective from the conclusion this Annual General Meeting till the conclusion of 32nd Annual General Meeting to be held in calendar year 2024 (For FY 2021-22 to FY 2023-24) on such terms including remuneration, reimbursement of expenses (if any) as may be fixed and determined by the Board of Directors of the Company."

"RESOLVED FURTHER THAT the Board of Directors be and are hereby authorised to do all acts and take all such steps as may be necessary, proper or expedient to give effect to this resolution."

### **SPECIAL BUSINESS:**

5. Reappointment of Mr. Jayendra Patel (DIN-00011814) as Managing Director for the period of 5

To consider and if thought fit to pass, with or without modification, the following Resolution as a special Resolution:

"RESOLVED THAT pursuant to the provisions of the Sections 196, 197, 203, read with Schedule V and other applicable provisions, if any, of the Companies Act, 2013 (including any statutory modification or reenactment thereof for the time being in force) in context of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (as amended from time to time), and the Articles of Association of the Company, and in pursuance to recommendation of Nomination and Remuneration Committee of the Company, approval of the Members of the Company be and is hereby accorded for re-appointment of Mr. Jayendra Patel (DIN: 00011814) as Managing Director of the Company, who will attain the age of 70 years on October 13, 2021, for a period of five years commencing from September 01, 2021 to August 31, 2026, on the remuneration, terms and conditions as recommended by the Nomination and Remuneration Committee and as set out in the explanatory statement annexed to the notice."

"RESOLVED FURTHER THAT the Board of Directors be and is hereby authorized to alter or vary the scope of remuneration of Mr. Jayendra Patel, Managing Director, including the monetary value thereof, to the extent recommended by the Nomination and Remuneration Committee from time to time as may be considered appropriate, subject to the overall limits specified by this resolution and the Companies Act, 2013."

"RESOLVED FURTHER THAT any directors or Company Secretary of the Company be and is hereby authorized to do all necessary acts, deeds and things, which may be usual, expedient or proper to give effect to the above resolution."

### 6. Private Placement of Non-Convertible Debentures

To consider and if thought fit to pass, with or without modification, the following Resolution as a Special

"RESOLVED THAT in supersession of the resolution passed by the shareholders of the Company on September 29, 2020 and pursuant to the provisions of Section 42 and other applicable provisions, if any, of the Companies Act, 2013 (the "Act") read together with the Companies (Prospectus and Allotment of Securities) Rules, 2014, including any modification, amendment, substitution or re-enactment thereof, for the time being in force and the provisions of the memorandum of association and the articles of association of the Company, the approval and consent of the members of the Company, be and is hereby accorded to the board of directors of the Company (the "Board") to issue, and to make offer(s) and/or invitation(s) to eligible persons to subscribe to, non-convertible debentures ((a) listed or unlisted, (b) senior secured, (c) senior unsecured, (d) unsecured, (e) subordinated, (f) any others (as may be determined)) ("NCDs"), on a private placement basis, in one or more tranches, within a period of one year from the date of passing of this resolution, provided that the outstanding amounts of all such NCDs at any time

Corporate

Directors' Report

Corporate
Governance Report

during the period shall not exceed INR 300,00,00,000 (Indian Rupees Three Hundred Crore)."

"RESOLVED FURTHER THAT the Board be and is hereby authorized and empowered to arrange, settle and determine the terms and conditions (including without limitation, interest, repayment, security or otherwise) as it may think fit of such NCDs, and to do all such acts, deeds, and things, and to execute all such documents, instruments and writings as may be required to give effect to these resolutions."

7. Issuance of securities through Qualified Institutions Placement for an aggregate amount not exceeding ₹125 Crores (Rupees One Hundred and Twenty Five Crores only)

To consider and if thought fit to pass, with or without modification, the following Resolution as a Special Resolution:

"RESOLVED THAT in supersession of the resolution passed by the shareholders of the Company on September 29, 2020 and pursuant to Section 23, 42, 62 and other applicable provisions of the Companies Act, 2013, and the Companies (Prospectus and Allotment of Securities) Rules, 2014, the Companies (Share Capital and Debentures) Rules, 2014, and such others rules and regulations made thereunder (including any amendments, statutory modification(s) and / or re-enactment thereof for the time being in force) (together the "Companies Act"), and in accordance with the relevant provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, (including any amendments, statutory modification(s) and/or reenactment thereof for the time being in force) (the "ICDR Regulations"), and subject to all applicable statutory and regulatory requirements (including inter alia the relevant date on the basis of which price of the Securities or the resultant shares are determined being in compliance with applicable statutory and/ or regulatory parameters), the relevant provisions of the Memorandum and Articles of Association of the Company, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, and to the extent applicable, the provisions of the Foreign Exchange Management Act, 1999, (including any amendments, statutory modification(s) and / or re-enactment thereof for the time being in force) ("FEMA"), the Consolidated FDI Policy issued by the Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India and the Foreign Exchange Management (Non-debt Instruments) Rules, 2019 (including any amendments, statutory modification(s) and / or re-enactment thereof for the time being in force), and all other statutes, rules, regulations, guidelines, notifications, circulars and clarifications as may be applicable, as amended from time to time, issued by the Government of India, ("GOI"), the Ministry of Corporate Affairs, ("MCA"), the Reserve Bank of India, ("RBI"), the Securities and Exchange Board of India, ("SEBI"), BSE Limited, and, the National Stock Exchange of India Limited, (the "Stock Exchanges"), and/or any other applicable regulatory/statutory authorities, and

subject to the necessary approval and/or consent of any statutory and/or regulatory authorities, and the conditions as may be prescribed by any of them while granting any such approval and/or consent, as may be agreed to by the Board of Directors of the Company, (hereinafter referred to as the "Board", which term shall be deemed to include any committee constituted by the Board or any person(s) authorized by the Board to exercise its powers including the powers conferred by this Resolution to the extent permitted by law), the consent, approval and sanction of the Board, subject to the approval of the members of the Company, be and is hereby granted to create, issue, offer and allot securities including inter alia ordinary equity shares of the face value of ₹10 each (Rupees Ten Only) ("Equity Shares"), and/or warrants with an option exercisable by the warrant holder to subscribe for Equity Shares and/or any instruments or securities representing either Equity Shares and/or convertible securities linked to Equity Shares, or any combination of securities convertible into or exchangeable for Equity Shares and/ or convertible preference shares and/or convertible debentures (compulsorily and/ or optionally, fully and/ or partly) and/or warrants with a right exercisable by the warrant holder to exchange or convert such warrants with the Equity Shares of the Company at a later date simultaneously with the issue of non-convertible debentures and/ or any other permitted fully and/or partly paid securities/ instruments/ warrants, convertible into or exchangeable for Equity Shares at the option of the Company and/or holder(s) of the security(ies) and/ or securities linked to Equity Shares, in registered or bearer form, secured or unsecured, listed on a recognized stock exchange in India (all of which are hereinafter collectively referred to as "Securities") or by any one or more or a combination of the above or otherwise, upto an aggregate amount of ₹125 Crores (One Hundred and Twenty Five Crores Only), as may be decided by the Board, at an appropriate time (including with provisions for reservation on firm and/or competitive basis, of such part of issue and for such categories of persons as may be permitted), in the course of one or more private offerings, in the form of Qualified Institutions Placement ("QIP"), or any other method and by way of a placement document ("Offering Document/Disclosure Document / Information Memorandum"), to eligible investors (whether or not such investors are Indian or foreign, including, without limitation, financial institutions, commercial banks, mutual funds, foreign portfolio investors, multilateral and bilateral development financial institutions, venture capital funds, foreign venture capital investors, insurance companies and other qualified institutional buyers as permitted by applicable statutes and regulations from time to time), at such time/times, in one or more tranches, for cash, at such price or prices, including at a permissible discount (including but not limited to any discount as may be permitted under Chapter VI of ICDR Regulations) / premium to the market price, in such manner and on such terms and conditions including security, rate of

interest etc., considering the then prevailing market conditions and other relevant factors wherever necessary, in consultation with the merchant bankers and/or other advisors or otherwise, on such terms and conditions as the Board, may, in its absolute discretion, decide at the time of issue or allotment of Securities"

"RESOLVED FURTHER THAT without prejudice to the generality of the above, the aforesaid issue of the Securities may have all or any terms or conditions or combination of terms in accordance with applicable regulations, prevalent market practices, etc."

"RESOLVED FURTHER THAT, if the Company proposes to allot any Securities pursuant to a qualified institutions placement ("QIP"):

- i. the allotment of Securities shall be completed within 12 months from the date of passing of the Special Resolution or such other time as may be allowed under the ICDR Regulations from time to time:
- ii. the relevant date shall be the date of the meeting in which the Board or the committee of directors duly authorised by the Board decides to open the issue of such any Securities;
- iii. the QIP shall be made at such price not less than the price determined in accordance with the pricing formula provided under the ICDR Regulations ("QIP Floor Price"), and the price determined for a QIP shall be subject to appropriate adjustments as per the provisions of Regulation 176(4) of the ICDR Regulations, as may be applicable; and
- iv. the Board, at its absolute discretion, may offer a discount of not more than 5% (five percent) or such other percentage as may be permitted under applicable law on the QIP Floor Price."

"RESOLVED FURTHER THAT, the Equity Shares as may be required to be issued and allotted in accordance with the terms of the offer shall rank pari passu inter-se and with the then existing Equity Shares of the Company in all respects including dividend, which shall be subject to relevant provisions on that behalf contained in the Articles of Association of the Company."

"RESOLVED FURTHER THAT the issue to the holders of the Securities, which are convertible into or exchangeable with Equity Shares at a later date shall be, inter alia, subject to the following terms and conditions:

- a) in the event of the Company making a bonus issue by way of capitalisation of its profits or reserves prior to the allotment of the Equity Shares, the number of Equity Shares to be allotted shall stand augmented in the same proportion in which the equity share capital increases as a consequence of such bonus issue and the premium, if any, shall stand reduced pro tanto;
- in the event of the Company making a rights offer by issue of Equity Shares prior to the allotment of the Equity Shares, the entitlement to the Equity Shares will stand increased in the same proportion

as that of the rights offer and such additional Equity Shares shall be offered to the holders of the Securities at the same price at which the same are offered to the existing shareholders;

- in the event of merger, amalgamation, takeover or any other re-organization or restructuring or any such corporate action, the number of Equity Shares and the price as aforesaid shall be suitably adjusted; and
- d) in the event of consolidation and/or division of outstanding Equity Shares into smaller number of Equity Shares (including by way of stock split) or reclassification of the Securities into other securities and/ or involvement in such other event or circumstances which in the opinion of concerned stock exchange requires such adjustments, necessary adjustments will be made."

"RESOLVED FURTHER THAT, without prejudice to the generality of the above, the Board be and is hereby authorized to do such acts, deeds and things as the Board in its absolute discretion deems necessary or desirable in connection with offering, issuing and allotting the Securities, and to give effect to these resolutions, including, without limitation, the following:

- i. offer, issue and allot the Securities or any/all of them, subject to such terms and conditions, as the Board may deem fit and proper in its absolute discretion, including inter alia, (a) terms for issue of additional Securities, (b) terms as are provided in domestic offerings of this nature, and, (c) terms and conditions in connection with payment of interest, dividend, voting rights, premium and redemption or early redemption, conversion into Equity Shares, pricing, variation of the price or period of conversion, and/or finalizing the objects of the issue/s and the monitoring of the same;
- ii. approve, finalise and execute any preliminary as well as final offer document, (including inter alia any draft offer document, offering circular, registration statement or placement document or private placement offer letter and/or other letter or circular ("Offering Document/Disclosure Document/ Information Memorandum"), and to approve and finalise any term sheets in this regard;
- iii. issue and allot such number of Equity Shares as may be required to be issued and allotted upon conversion of any Securities or as may be necessary in accordance with the terms of the offering, all such Equity Shares ranking pari passu with the existing Equity Shares of the Company in all respects;
- iv. approve, finalise and execute any number of powers of attorney;
- taking decision to open the issue, and in this regard, to decide the opening and closing dates;
- vi. approve, finalise and execute agreements and documents, including lock-up letters,

- xii. do all such incidental and ancillary acts and things as may be deemed necessary, and to give such directions that may be necessary or arise in regard to or in connection with any such offer, issue or allotment of Securities and utilization of the issue proceeds as it may in its absolute discretion deem fit without being required to seek any further consent or approval of the members and the members shall be deemed to have given their approval thereto expressly by the authority of this resolution and all actions taken by the Board or any duly authorised committee constituted by the Board to exercise its powers, in connection

- with any matter(s) referred to or contemplated in any of the foregoing resolutions be and are hereby approved, ratified and confirmed in all respects:
- xiii. settle any issues, questions, difficulties or doubts that may arise;
- xiv. approving the issue price, finalize the basis of allotment of the Securities on the basis of the bids/applications and over-subscription thereof as received, where applicable;
- xv. acceptance and appropriation of the proceeds of the issue of the Securities; and
- xvi. further authorise any committee and/or director/s and/or officer/s of the Company to seek the aforementioned consents and approvals, and/or to execute and/or file the above documents and/ or to carry out any/all of the aforesaid actions.

### Appointment of Mr. Yash Kaushik Shah (DIN -02155636) as an Independent Director

To consider and if thought fit to pass, with or without modification, the following Resolution as an Ordinary Resolution:

"RESOLVED THAT pursuant to the provisions of Sections 149, 150, and 152 read with Schedule IV and all other applicable provisions, if any, of the Companies Act, 2013 and the Rules framed thereunder and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (LODR / Listing Regulations), including any statutory modifications or re-enactment(s) thereof and any rules made thereunder, for the time being in force, Mr. Yash Kaushik Shah (DIN: 02155636), who was appointed as an Additional & Independent Director of the Company with effect from September 02, 2021, and whose term expires at this AGM, not liable to retire by rotation, be and is hereby appointed as an Independent Director of the Company to hold office for a period of 5 years with effect from September 5, 2021."

### NOTES:

In view of the continuing Covid-19 pandemic, the Ministry of Corporate Affairs ("MCA") has vide its Circular No. 02/2021 dated January 13, 2021 read with Circular No. 20 dated May 5, 2020, Circular No. 17 dated April 13, 2020 and circular No. 14 dated April 8, 2020 (hereinafter collectively referred to as "MCA Circulars") and Circular Nos. SEBI/HO/CFD/ CMD1/CIR/P/2020/79 and SEBI/HO/CFD/CMD2/ CIR/P/2021/11 dated May 12, 2020 and January 15, 2021 respectively, permitted the holding of Annual General Meeting through VC or OAVM without the physical presence of Members at a common venue. In compliance with these MCA Circulars and the relevant provisions of the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Annual General Meeting of the Members of the Company is being held through VC/ OAVM. Hence, Members can attend and participate in the AGM through VC/OAVM only. The deemed venue for the Annual General Meeting of the Company shall be the Registered Office of the Company. The detailed

- procedure for participating in the meeting through VC/OAVM is explained at Note No. 18 below.
- 2. The Notice of the Annual General Meeting along with the Annual Report for the financial year 2020-21 is being sent only by electronic mode to those Members whose email addresses are registered with the Company / Depositories in accordance with the aforesaid MCA and SEBI Circulars. Members may note that the Notice of Annual General Meeting and Annual Report for the financial year 2020-21 will also be available on the Company's website www.armanindia. com; websites of the Stock Exchanges i.e. National Stock Exchange of India Ltd and BSE Limited at www. nseindia.com and www.bseindia.com respectively.
- 3. Pursuant to the provisions of the Companies Act, 2013, a member entitled to attend and vote at the Annual General Meeting is entitled to appoint a proxy to attend and vote on his/her behalf and the proxy need not be a Member of the Company. Since this AGM is being held pursuant to the MCA Circulars through VC/OAVM, physical attendance of Members has been dispensed with. Accordingly, the facility for appointment of proxies by the Members will not be available for the Annual General Meeting and hence the Proxy Form and Attendance Slip are not annexed to the Notice.
- Members attending the meeting through VC/OAVM shall be counted for the purposes of reckoning the quorum under Section 103 of the Companies Act, 2013.
- In case of joint holders attending the AGM, the Member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
- 6. The Members can join the AGM in the VC/OAVM mode 15 minutes before and after the scheduled time of the commencement of the Meeting by following the procedure mentioned in the Notice. Members may note that the VC/OAVM Facility, provided by NSDL, allows participation of 1,000 Members on a first-come-firstserved basis. The large shareholders (i.e. shareholders holding 2% or more shareholding), promoters, institutional investors, directors, key managerial personnel, the Chairpersons of the Audit Committee, Nomination cum Remuneration Committee and Stakeholders Relationship Committee, auditors, etc. can attend the AGM without any restriction on account of first-come-first-served principle.
- 7. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013, which sets out details relating to Special Businesses at the meeting, is annexed hereto. The relevant details, as required under Regulation 36(3) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and Secretarial Standard-2 on General Meetings issued by the Institute of Company Secretaries of India, of the person seeking appointment / re-appointment as a director is also annexed to the notice.
- 8. The Register of Members and the Share Transfer Books in respect of the Equity Shares will remain closed

- from Thursday, September 23, 2021 to Wednesday, September 29, 2021 (both days inclusive) for the purpose of AGM.
- 9. Members are requested to intimate changes, if any, pertaining to their name, postal address, email address, telephone/ mobile numbers, mandates, nominations, power of attorney, bank details such as, name of the bank and branch details, bank account number, MICR code, IFSC code, etc., to their DPs in case the shares are held by them in electronic form and to the Company's Registrars and Transfer Agents, Bigshare Services Private Limited in case the shares are held by them in physical form.
  - SEBI has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their depository participants with whom they are maintaining their demat accounts. Members holding shares in physical form can submit their PAN details to Bigshare Services Private Limited.
- 10. As per Regulation 40 of SEBI Listing Regulations, as amended, securities of listed companies can be transferred only in dematerialized form with effect from April 1, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or Bigshare Services Private Limited for assistance in this regard.
- 11. Pursuant to Section 72 of the Companies Act, 2013, members holding shares in physical form may file nomination in the prescribed Form SH-13 and for cancellation / variation in nomination in the prescribed Form SH-14 with the Company's RTA. In respect of shares held in demat form, the nomination form may be filed with the respective Depository Participant.
- **12.** Members intending to require information about Accounts in the Meeting are requested to inform the Company at least 7 days in advance of the AGM.
- 13. Members wishing to claim dividends for previous financial years, which remain unclaimed, are requested to correspond with the Company's Registrars and Transfer Agent (RTA). In case any unclaimed Dividend Warrant is lying with any member, the same should be forwarded to RTA for revalidation.

During the year, the Company has requested those members, whose dividends for previous financial years remaining unclaimed / unpaid, for claiming said dividend amount before transfer thereof to Investor Education and Protection Fund (IEPF).

Members are requested to note that dividends not encashed or claimed within seven years from the thirty days of declaration of dividend, will, as per Section 124 of the Companies Act, 2013, be transferred to the IEPF.

Further, provisions of Section 124 of the Companies Act, 2013 read with Rule 6 of IEPF Rules as amended, inter alia, mandates the Company to transfer all such

Corporate Information

- Notice
- Directors' Report

  Corporate
  Governance Report
- shares, in respect of which dividend have not been paid or claimed for seven consecutive years or more, to the demat account of IEPF Authority.
- 14. All documents referred to in the accompanying Notice of the AGM and explanatory statement shall be open for inspection without any fee at the registered office of the Company during normal business hours on any working day upto and including the date of the AGM of the Company.
- **15.** A person who is not a member as on the cut-off date should treat this Notice for information purposes only.
- **16.** Since the AGM will be held through VC/OAVM, the Route Map is not annexed with Notice.
- 17. Instructions for voting through electronic means (eVoting):
  - In compliance with the provisions of Section 108 of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014 and Regulation 44 of the Listing Regulations, the Company is pleased to provide to its Members facility to exercise their right to vote on resolutions proposed to be passed in the Meeting by electronic means.
  - The Company has engaged the services of NSDL as the Agency to provide remote e-Voting facility and e-Voting during the AGM.
  - iii. Mr. Ishan P. Shah, Advocate has been appointed as the Scrutinizer to scrutinize the e-Voting during the AGM and remote e-Voting in a fair and transparent manner.
  - iv. The Results of voting will be declared within 48 hours from the conclusion of the AGM. The declared Results, along with the Scrutinizer's Report will be submitted with the Stock Exchanges where the Company's equity shares are listed (BSE Limited & National Stock Exchange of India Limited) and shall also be displayed on the Company's website www.armanindia.com and NSDL's website www.evoting.nsdl.com.
  - v. Voting rights of the Members for voting through remote eVoting and voting during the AGM shall be in proportion to shares of the paid-up equity share capital of the Company as on the cut-off date i.e. Wednesday, September 22, 2021. A person, whose name is recorded in the Register of Members or in the Register of Beneficial owners (as at the end of the business hours) maintained by the depositories as on the cut-off date shall only be entitled to avail the facility of remote e-Voting and voting during the AGM.
  - vi. The remote e-Voting facility will be available during the following period:

- Commencement of remote e-Voting: 09:00
   A.M. (IST) on Sunday, September 26, 2021.
- b. End of remote e-Voting: 05:00 P.M. (IST) on Tuesday, September 28, 2021.
- c. The remote e-Voting will not be allowed beyond the aforesaid date and time and the remote e-Voting module shall be disabled by NSDL upon expiry of aforesaid period.
- vii. Those Members, who will be present in the AGM through VC/OAVM facility and have not cast their vote on the Resolutions through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote through eVoting system during the AGM.
- viii. The Members who have cast their vote by remote e-Voting prior to the AGM may also attend/ participate in the AGM through VC/OAVM but shall not be entitled to cast their vote again.
- ix. Any person, who acquires shares of the Company and becomes a Member of the Company after sending of the Notice and holds shares as of the cut-off date, may obtain the login ID and password by sending a request at evoting@nsdl. co.in mentioning their demat account number/ folio number, PAN, name and registered address. However, if he/ she is already registered with NSDL for remote e-Voting then he/ she can use his/ her existing User ID and password for casting the vote.
- x. Process and manner for Remote e-Voting: Members are requested to follow the below instructions to cast their vote through e-Voting:
  - The way to vote electronically on NSDL e-Voting system consists of "Two Steps" which are mentioned below:
  - Step 1: Access to NSDL e-Voting system
  - Step 2: Cast your vote electronically on NSDL e-Voting system

### Step 1: Access to NSDL e-Voting system

A. Login method for e-Voting and joining virtual meeting for Individual shareholders holding securities in demat mode

In terms of SEBI circular dated December 9, 2020 on eVoting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility. Login method for Individual shareholders holding securities in demat mode is given below:

### Type of shareholders Login Method

Individual Shareholders holding securities in demat mode with NSDL.

- 1. If you are already registered for NSDL IDeAS facility, please visit the e-Services website of NSDL. Open web browser by typing the following URL: https://eservices.nsdl.com/ either on a Personal Computer or on a mobile. Once the home page of e-Services is launched, click on the "Beneficial Owner" icon under "Login" which is available under "IDeAS" section. A new screen will open. You will have to enter your User ID and Password. After successful authentication, you will be able to see e-Voting services. Click on "Access to e-Voting" under e-Voting services and you will be able to see e-Voting page. Click on options available against company name or e-Voting service provider NSDL and you will be re-directed to NSDL e-Voting website for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.
- 2. If the user is not registered for IDeAS e-Services, option to register is available at https://eservices.nsdl.com. Select "Register Online for IDeAS" Portal or click at https://eservices.nsdl.com/SecureWeb/IdeasDirectReg.jsp
- 3. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: https://www.evoting.nsdl.com/ either on a Personal Computer or on a mobile. Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholder/Member' section. A new screen will open. You will have to enter your User ID (i.e. your sixteen digit demat account number held with NSDL), Password/OTP and a Verification Code as shown on the screen. After successful authentication, you will be redirected to NSDL Depository site wherein you can see e-Voting page. Click on options available against company name or e-Voting service provider NSDL and you will be redirected to e-Voting website of NSDL for casting your vote during the remote e-Voting period or joining virtual meeting & voting during the meeting.

Individual Shareholders holding securities in demat mode with CDSL

- Existing users who have opted for Easi / Easiest, they can login through their user id and password. Option will be made available to reach e-Voting page without any further authentication. The URL for users to login to Easi / Easiest are https://web. cdslindia.com/myeasi/home/login or www.cdslindia.com and click on New System Myeasi
- 2. After successful login of Easi/Easiest the user will be also able to see the E Voting Menu. The Menu will have links of e-Voting service provider i.e. NSDL. Click on NSDL to cast your vote.
- 3. If the user is not registered for Easi/Easiest, option to register is available at https://web.cdslindia.com/myeasi/Registration/EasiRegistration
- 4. Alternatively, the user can directly access e-Voting page by providing demat Account Number and PAN No. from a link in www.cdslindia.com home page. The system will authenticate the user by sending OTP on registered Mobile & Email as recorded in the demat Account. After successful authentication, user will be provided links for the respective ESP i.e. NSDL where the e-Voting is in progress.

Individual Shareholders (holding securities in demat mode) login through their depository participants

You can also login using the login credentials of your demat account through your Depository Participant registered with NSDL/CDSL for e-Voting facility. Once login, you will be able to see e-Voting option. B. Login Method for shareholders other than Individual shareholders holding securities in demat mode and shareholders holding securities in physical mode

### How to Log-in to NSDL e-Voting website?

- 1. Visit the e-Voting website of NSDL. Open web browser by typing the following URL: https://www.evoting.nsdl.com/either on a Personal Computer or on a mobile.
- Once the home page of e-Voting system is launched, click on the icon "Login" which is available under 'Shareholder/ Member' section.
- 3. A new screen will open. You will have to enter your User ID, your Password/OTP and a Verification Code as shown on the screen. Alternatively, if you are registered for NSDL eservices i.e. IDEAS, you can log-in at https://eservices.nsdl.com/with your existing IDEAS login. Once you log-in to NSDL eservices after using your log-in credentials, click on e-Voting and you can proceed to Step 2 i.e. Cast your vote electronically.
- 4. Your User ID details are given below:

| Manner of holding shares i.e. Demat (NSDL or CDSL) or Physical | Your User ID is:   |  |  |
|--|--|--|--|
| a) For Members who hold shares in                              | 8 Character DP ID followed by 8 Digit Client ID  |  |  |
| demat account with NSDL.                                       | For example if your DP ID is IN300*** and Client ID is 12***** then your user ID is IN300***12*****. |  |  |
| b) For Members who hold shares in                              | 16 Digit Beneficiary ID  |  |  |
| demat account with CDSL.                                       | For example if your Beneficiary ID is 12********* then your user ID is 12*********                   |  |  |
| c) For Members holding shares in                               | EVEN Number followed by Folio Number registered with the company                                     |  |  |
| Physical Form.   | For example if folio number is 001*** and EVEN is 101456 then user ID is 101456001***                |  |  |

- Password details for shareholders other than Individual shareholders are given below:
- a. If you are already registered for e-Voting, then you can user your existing password to login and cast your vote.
- b. If you are using NSDL e-Voting system for the first time, you will need to retrieve the 'initial password' which was communicated to you. Once you retrieve your 'initial password', you need to enter the 'initial password' and the system will force you to change your password.
- c. How to retrieve your 'initial password'?
- . If your email ID is registered in your demat account or with the company, your 'initial password' is communicated to you on your email ID. Trace the email sent to you from NSDL from your mailbox. Open the email and open the attachment i.e. a .pdf file. Open the .pdf file. The password to open the .pdf file is your 8 digit client ID for NSDL account, last 8 digits of client ID for CDSL account or folio number for shares held in physical form. The .pdf file contains your 'User ID' and your 'initial password'.

- ii. If your email ID is not registered, please follow steps mentioned below in process for those shareholders whose email ids are not registered
- If you are unable to retrieve or have not received the "Initial password" or have forgotten your password:
  - a. Click on "Forgot User Details/Password?" (If you are holding shares in your demat account with NSDL or CDSL) option available on www.evoting. nsdl.com.
  - Physical User Reset Password?" (If you are holding shares in physical mode) option available on www.evoting.nsdl.com.
  - c. If you are still unable to get the password by aforesaid two options, you can send a request at evoting@nsdl.co.in mentioning your demat account number/folio number, your PAN, your name and your registered address etc.
  - Members can also use the OTP (One Time Password) based login for casting the votes on the e-Voting system of NSDL.
- 7. After entering your password, tick on Agree to "Terms

- and Conditions" by selecting on the check box.
- 8. Now, you will have to click on "Login" button.
- After you click on the "Login" button, Home page of e-Voting will open.

Step 2: Cast your vote electronically and join General Meeting on NSDL e-Voting system.

### How to cast your vote electronically and join General Meeting on NSDL e-Voting system?

- After successful login at Step 1, you will be able to see all the companies "EVEN" in which you are holding shares and whose voting cycle and General Meeting is in active status.
- Select "EVEN" of company for which you wish to cast your vote during the remote e-Voting period and casting your vote during the General Meeting. For joining virtual meeting, you need to click on "VC/ OAVM" link placed under "Join General Meeting".
- Now you are ready for e-Voting as the Voting page opens.
- Cast your vote by selecting appropriate options i.e. assent or dissent, verify/modify the number of shares for which you wish to cast your vote and click on "Submit" and also "Confirm" when prompted.
- 5. Upon confirmation, the message "Vote cast successfully" will be displayed.
- You can also take the printout of the votes cast by you
  by clicking on the print option on the confirmation
  page
- Once you confirm your vote on the resolution, you will not be allowed to modify your vote.

### **General Guidelines for shareholders**

- Institutional shareholders (i.e. other than individuals, HUF, NRI etc.) are required to send scanned copy (PDF/JPG Format) of the relevant Board Resolution / Authority letter etc. with attested specimen signature of the duly authorized signatory(ies) who are authorized to vote, to the Scrutinizer by e-mail to ipshah13@gmail.com with a copy marked to evoting@ nsdl.co.in.
- 2. It is strongly recommended not to share your password with any other person and take utmost care to keep your password confidential. Login to the e-voting website will be disabled upon five unsuccessful attempts to key in the correct password. In such an event, you will need to go through the "Forgot User Details/Password?" or "Physical User Reset Password?" option available on www.evoting.nsdl.com to reset the password
- 3. In case of any queries, you may refer the Frequently Asked Questions (FAQs) for Shareholders and e-voting user manual for Shareholders available at the download section of www.evoting.nsdl.com or call on toll free no.: 1800 1020 990 and 1800 22 44 30 or send a request to evoting@nsdl.co.in.

Process for those shareholders whose email ids are not registered with the depositories for procuring user id and password and registration of e mail ids for e-voting for the resolutions set out in this notice

- In case shares are held in physical mode please provide Folio No., Name of shareholder, scanned copy of the share certificate (front and back), PAN (self attested scanned copy of PAN card), AADHAR (self attested scanned copy of Aadhar Card) by email to secretarial@ armanindia.com.
- In case shares are held in demat mode, please provide DPID-CLID (16 digit DPID + CLID or 16 digit beneficiary ID), Name, client master or copy of Consolidated Account statement, PAN (self attested scanned copy of PAN card), AADHAR (self attested scanned copy of Aadhar Card) to secretarial@armanindia.com. If you are an Individual shareholders holding securities in demat mode, you are requested to refer to the login method explained at step 1 (A) i.e. Login method for e-Voting and joining virtual meeting for Individual shareholders holding securities in demat mode.
- Alternatively shareholder/members may send a request to evoting@nsdl.co.in for procuring user id and password for e-voting by providing above mentioned documents.
- 4. In terms of SEBI circular dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are required to update their mobile number and email ID correctly in their demat account in order to access e-Voting facility.

### The instructions for members for e-Voting on the day of the AGM are as under:-

- The procedure for e-Voting on the day of the AGM is same as the instructions mentioned above for remote e-voting.
- Only those Members/ shareholders, who will be present in the AGM through VC/OAVM facility and have not casted their vote on the Resolutions through remote e-Voting and are otherwise not barred from doing so, shall be eligible to vote through e-Voting system in the AGM.
- Members who have voted through Remote e-Voting will be eligible to attend the AGM. However, they will not be eligible to vote at the AGM.
- The details of the person who may be contacted for any grievances connected with the facility for e-Voting on the day of the AGM shall be the same person mentioned for Remote e-voting.
- 18. Instructions for members for attending the AGM through VC/OAVM are as under:
  - i. Member will be provided with a facility to attend the EGM/AGM through VC/OAVM through the NSDL e-Voting system. Members may access by following the steps mentioned above for Access to NSDL e-Voting system. After successful login, you can see link of "VC/OAVM link" placed under "Join General meeting" menu against company name. You are requested to click on VC/OAVM link placed under Join General Meeting menu. The link for VC/OAVM will be available in Shareholder/

### EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT. 2013

### Item No: 4

The Reserve Bank of India vides its Circular No. RBI/2021-22/25 Ref. No. DoS.CO.ARG/SEC.01/08.91.001/2021-22 dated April 27, 2021 ("RBI Circular"), has issued guidelines w.r.t. appointment of Statutory Auditors in Banks including NBFCs and FAQ's released subsequently. The guidelines will be applicable to the NBFCs for Financial year 2021-22 and onwards in respect of appointment/ re-appointment of Statutory Auditors. Pursuant to the said guidelines in order to protect the independence of the auditors, the Company will have to appoint the Statutory Auditors for a continuous period of three years subject to the firm satisfying the eligibility norms each. Further, an audit firm would not be eligible for reappointment in the same Entity for six years (two tenures) after completion of full or part of one term of the audit tenure.

The members of the Company had approved the appointment of M/s Samir M. Shah & Associates ("Existing Auditors") as Statutory Auditors of the Company in 25th Annual General Meeting ("AGM") held on September 28, 2017 for the period of Five Years till the conclusion of 30th AGM of the Company.

As our Existing Auditors has already completed 4 years as a Statutory Auditors of the Company, therefore in terms of the RBI Circular they are not eligible to continue w.e.f. October 1, 2021. Since the RBI Circular has given the relaxation to adopt these guidelines from H2 (second half) of FY 2021-22 in order to ensure that there is no disruption, and accordingly, the company will avail the

services of the existing Auditors until the date of signing the limited review for the unaudited financial results for the guarter / half year ended on September 30, 2021.

Further, for appointment of Statutory Auditors requires approval of Shareholders and after recommendation of Audit Committee, Board has proposed the appointment of M/s Talati & Talati LLP, Chartered Accountants, (Firm Registration No. 110758W/W100377), as Statutory Auditors of the Company for the period of 3 years starting from conclusion of this AGM till the conclusion of 32nd AGM of the Company to be held in calendar year

M/s Talati & Talati LLP, being eligible in terms of RBI Circular and other applicable provisions have provided their consent and eligibility letter to act as the Statutory Auditors of the Company along with a confirmation that, their appointment, if made, would be within the limits prescribed under the Companies Act, 2013, and RBI Circulars, vide their letter dated July 12, 2021.

Pursuant to the provisions of Sections 139 & other applicable provisions of the Companies Act, 2013 and the Rules framed thereunder, the Board of Directors of the Company, based on the recommendations of the Audit Committee, approved the appointment of M/s Talati & Talati LLP.

Additional information about Statutory Auditors pursuant to Regulation 36(5) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 are provided below:

| Terms of Appointment   | In terms of RBI Circular, the Statutory Auditors of the Company is being appointed for<br>the period of 3 years starting from conclusion of this AGM till the conclusion of 32nd<br>AGM of the Company to be held in calendar year 2024                                       |  |  |

| payable to Auditor and | ₹8 lakhs (Indian Rupees Eight lakhs only) in addition to applicable taxes and reimbursement of out-of-pocket expenses, if any. Apart from annual incremental fees in line with industrial practice there are no material changes in the fee payable to new Statutory Auditors |  |  |

### and Auditor credentials

Basis of recommendation The Firm complies with the eligibility norms prescribed by Reserve Bank of India (RBI) vide its circular no. RBI/2021-22/25 Ref. No. DoS.CO.ARG/SEC.01/08.91.001/2021-22 dated April 27, 2021 for Appointment of Statutory Auditors (SAs) of Non-Banking Finance Companies (NBFCs) including Housing Finance Companies (HFC) and has relevant experience as mentioned above.

The said appointment of Talati & Talati LLP, shall be pursuant to applicable provisions of the Companies Act 2013, SEBI (LODR) Regulations, 2015 and terms as contained in SEBI circular No.CIR/CFD/CMD/1/114/2019 dated October

None of the Directors and Key Managerial Personnel of the Company or their relatives are concerned or interested financially or otherwise, in the said Resolution.

Corporate Information

Notice

Directors' Report

Accordingly, consent of the Members is sought for passing an Ordinary Resolution as set out in Item No. 4 of the Notice for appointment and payment of remuneration to the Statutory Auditors.

### Item No: 5

At the 24th Annual General Meeting held on September 22, 2016, Mr. Jayendra Patel, aged 69 years, was reappointed as Managing Director of the Company for a period of 5 years effective from September 1, 2016 on the terms and conditions as approved by the shareholders at the said Annual General Meeting, Mr. Jayendra Patel has also been appointed as the Managing Director cum C.E.O of Namra Finance Limited (wholly owned subsidiary of Arman Financial Services Limited) w.e.f. August 21, 2019 with remuneration and on other terms & conditions as set-out in the special resolution passed by its shareholders at the 7th Annual General Meeting held on September 23, 2019.

The Board of Directors at their meeting held on August 12, 2021 have, subject to the approval of the shareholders, re-appointed Mr. Jayendra Patel as Managing Director of the Company with effect from September 01, 2021 for a period of 5 years on the remuneration, terms and conditions recommended by the Nomination and Remuneration Committee as set out herein.

In accordance with the provisions of Section 196(3), Section 203 and Schedule V of the Companies Act, 2013 (the 'Act'):

- person who has attained the age of 70 years can be appointed as managing director only by passing a special resolution, in which case, the explanatory statement annexed to the notice for such motion shall indicate the justification for appointing such person; and
- where a person is managerial person in more than one companies, he shall draw remuneration from one or both the companies provided the total remuneration drawn from the companies does not exceed the higher maximum limit admissible from any of the companies of which he is the managerial

Mr. Jayendra Patel will attain the age of 70 on October 13, 2021. While re-appointing him as Managing Director of the Company, the Board of Directors considered that he has rich and varied experience in the industry and has been involved in the operations of the Company over a long period of time; it would be in the interest of the Company to continue him as Managing Director. Further, the Company during the years has achieved remarkable growth. Moreover, the Company is aggressively concentrating on its expansion plans. The Board is of the opinion that his services should continue

to be available to the Company to achieve greater heights, by re-appointing him as Managing Director as mentioned in the resolution, subject to the approval of shareholders.

He also holds the position of Managing Director of wholly owned subsidiary, Namra Finance Limited since October 24, 2013. Taking into consideration the duties and responsibilities of the Managing Director, the prevailing managerial remuneration in industry and on the recommendation of the Nomination and Remuneration Committee, the Board at their meeting held on August 12, 2021 approved the remuneration, terms and conditions of the appointment of Mr. Jayendra Patel, subject to approval of the shareholders on remuneration including minimum remuneration and on terms and conditions given hereunder:

- a) Salary and perquisites shall not exceed ₹120.00 lakhs per annum payable either monthly or quarterly or half yearly or yearly and by way of performance linked bonus and/or commission and/or Sweat Equity or any other form as may be recognised under the term salary and perguisites in Income Tax Act;
- In addition to salary, benefits like contribution to provident fund, gratuity, leave travel concession etc. shall be paid. The list of benefits is limited to perquisites as provided under Section IV of Schedule V to the Companies Act, 2013;
- Minimum Remuneration: Notwithstanding anything to the contrary contained herein, where, in any financial year during the currency of the tenure of Mr. Jayendra Patel, the Company has no profits or its profits are inadequate, the Company will pay remuneration to the maximum as laid down in paragraph 1, Section II of Part II of Schedule V to the Companies Act, 2013 as minimum remuneration.
- The total combined remuneration drawn from this Company and Namra Finance Limited (Wholly Owned Subsidiary) would not exceed the higher maximum limit admissible as provided under paragraph 1 of section II of Part II of Schedule V, from any one of the Companies of which he is a managerial person and that any excess remuneration, if any, drawn or paid to him shall be forthwith refunded to the Company in the event the appointment comes to an end by any reason whatsoever prematurely before the tenure of appointment is over and also in the event when his appointment is not renewed for a further period beyond the period of five years for which he is appointed;
- As the terms of appointment and the remuneration proposed are in conformity with the relevant provisions of the Companies Act, 2013, read with

Schedule V to the said Act, Central Government approval is not necessary for this appointment.

Disclosure under Regulation 36(3) of the Listing Regulations and Secretarial Standard-2 issued by the Institute of Company Secretaries of India is set out in the Annexure to the notice

Mr. Jayendra Patel is interested in the proposed resolution, Mr. Aalok Patel, Mr. Aakash Patel and Mrs. Ritaben Patel are also deemed to be interested in the resolution. None of the other Directors or Kev Managerial Personnel (KMP) of the Company or their relatives is in any way concerned or interested in the proposed resolution.

The Board recommends the special resolution set forth in the Item No. 5 of the Notice for approval of the Members.

### Item No: 6

Section 42 of the Companies Act, 2013 read with Rule 14 of the Companies (Prospectus and Allotment of Securities) Rules, 2014 ("Prospectus and Allotment Rules") deals with private placement of securities by a company. Rule 14(1) of the Prospectus and Allotment Rules prescribes that in case of an offer or invitation to subscribe to securities, the Company shall obtain previous approval of its shareholders/members ("Members") by means of a special resolution. Rule 14(1)

of the Prospectus and Allotment Rules further prescribes that in case of the issue of non-convertible debentures ("NCDs") exceeding the limits prescribed therein, it shall be sufficient to obtain such previous approval only once in a year for all the offers or invitations for such NCDs issued during a period of 1 (one) year from the date of passing of the aforementioned special resolution.

In order to augment resources for on-lending by the Company, repayment/refinance of existing debt, working capital requirement, purchase of assets, investments, general corporate purposes etc. the Company may invite subscription to non-convertible debentures ((a) listed or unlisted. (b) senior secured. (c) senior unsecured, (d) unsecured, (e) subordinated, (f) any others (as may be determined)), in one or more series/tranches on a private placement basis. The NCDs proposed to be issued, may be issued either at par or at premium or at a discount to face value and the issue price (including premium, if any) shall be decided by the board of directors of the Company ("Board") on the basis of various factors including the interest rate/ effective yield determined, based on market conditions prevailing at the time of the issue(s).

Pursuant to Rule 14(1) of the Prospectus and Allotment Rules, the following disclosures are being made by the Company to the Members:

**BOARD RESOLUTION** 

PARTICULARS OF THE OFFER Rule 14(1) of the Prospectus and Allotment Rules prescribes that where the INCLUDING DATE OF PASSING amount to be raised through offer or invitation of NCDs (as defined above) exceeds the limit prescribed, it shall be sufficient if the company passes a previous special resolution only once in a year for all the offers or invitations for such NCDs during the year.

> In view of this, pursuant to the resolution under Section 42 of the Companies Act, 2013, the specific terms of each offer/issue of NCDs (whether secured/ unsecured/subordinated/senior, rated/unrated, listed/unlisted, redeemable (including market linked debentures) NCDs) shall be decided from time to time, within the period of 1 (one) year from the date of the aforementioned resolution. In line with Rule 14(1) of the Prospectus and Allotment Rules, the date of the relevant board resolution shall be mentioned/disclosed in the private placement offer and application letter for each offer/issue of NCDs.

AND THE PRICE AT WHICH THE SECURITY IS BEING OFFERED

KINDS OF SECURITIES OFFERED Non-convertible debt securities/NCDs.

The NCDs will be offered/issued either at par or at premium or at a discount to face value, which will be decided by the Board for each specific issue, on the basis of the interest rate/effective yield determined, based on market conditions prevailing at the time of the respective issue.

INVITATION IS BEING MADE

BASIS OR JUSTIFICATION FOR THE Not applicable, as the securities proposed to be issued (in multiple issues/ PRICE (INCLUDING PREMIUM, IF tranches) are non-convertible debt instruments which will be issued either at ANY) AT WHICH THE OFFER OR par or at premium or at a discount to face value in accordance with terms to be decided by the Board, in discussions with the relevant investor(s).

Corporate Information Notice

Directors' Report Corporate
Governance Report WHO PERFORMED VALUATION

**SECURITIES** 

NAME AND ADDRESS OF VALUER Not applicable as the securities proposed to be issued (in multiple issues/ tranches) are non-convertible debt instruments.

AMOUNT WHICH THE COMPANY The specific terms of each offer/issue of NCDs shall be decided from time to INTENDS TO RAISE BY WAY OF time, within the period of 1 (one) year from the date of the aforementioned resolution, provided that the amounts of all such NCDs at any time issued within the period of 1 (one) year from the date of passing of the aforementioned shareholders resolution shall not exceed the limit specified in the resolution under Section 42 of the Companies Act, 2013.

SECURITIES. PROPOSED OBJECTS OF OFFER, CONTRIBUTION BEING MADE BY letter for each offer/issue. THE PROMOTERS OR DIRECTORS EITHER AS PART OF THE OFFER OR SEPARATELY IN FURTHERANCE OF OBJECTS; PRINCIPLE TERMS OF ASSETS CHARGED AS SECURITIES.

MATERIAL TERMS OF RAISING The specific terms of each offer/issue of NCDs shall be decided from time to time, within the period of 1 (one) year from the date of the aforementioned TIME SCHEDULE, PURPOSES resolution, in discussions with the respective investor(s). These disclosures will be specifically made in each private placement offer and application

Accordingly, consent of the Members is sought in connection with the aforesaid issue of NCDs and they are requested to authorize the Board to issue such NCDs during the year on private placement basis up to INR 300,00,00,000 (Indian Rupees Three Hundred Crore) as stipulated above, in one or more tranches.

None of the directors and key managerial personnel of the Company and their relatives are concerned or interested, financially or otherwise, in this resolution except to the extent of their shareholding (if any) in the Company. The Board recommends the passing of the resolution as special resolution.

The Board recommends the special resolution set forth in the Item No. 6 of the Notice for approval of the Members.

### Item No: 7

Given the Company's future growth plans, the Board of Directors of the Company, ("Board" which term shall be deemed to include any committee constituted by the Board or any person(s) authorized by the Board in this regard), considers it necessary to augment the long term resources of the Company by way of issuing securities to eligible investors, subject to an aggregate maximum limit of up to an amount of ₹125 Crores (One Hundred and Twenty Five Crores Only), and further subject to the prevailing market conditions, receipt of regulatory approvals and other relevant considerations.

Objects of the fund raise: The Board intends to deploy the net proceeds from the issue of the above mentioned securities for various financing activities, investment in subsidiary, loans to its subsidiary, working capital requirements and general corporate purposes.

As the Issue will result in the issue of Securities of the Company to investors who may not be members of the Company, consent of the members is being sought, for passing the Special Resolution as set out in the said item 6 of the Notice, pursuant to Sections 23, 42, 62 and other applicable provisions, if any, of the Companies Act, 2013 and any other law for the time being in force and being applicable and in terms of the provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Section 62(1)(c) of the Companies Act, 2013, as amended ('Companies Act, 2013'), provides, inter alia, that when it is proposed to increase the issued capital of a company by allotment of further Equity Shares, such further Equity Shares shall be offered to the existing shareholders of such company in the manner laid down therein.

Since, this special resolution may result in the issue of Equity Shares of the Company to persons other than Members of the Company, consent of the Members is being sought pursuant to the provisions of Section 62(1) (c) and other applicable provisions of the Companies Act, 2013 as well as applicable rules notified by the Ministry of Corporate Affairs and in terms of the provisions of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations. 2015, as amended.

The additional capital may be raised through issuance of further Equity Shares and/or any other securities on Qualified Institutions Placement (QIP) in one and any combination thereof. Member's approval is therefore sought for issuing any such instrument as the Company may deem appropriate. Whilst no specific instrument has been identified at this stage, in the event, the issue will be structured in such a manner that the amount of the same would not exceed ₹125 Crores (One Hundred and Twenty Five Crores Only).

The resolution proposed is an enabling resolution and the exact price, proportion and timing of the issue of the securities the detailed terms and conditions for the issue will be decided by the Board in consultation with lead managers, advisors and such other authorities and agencies as may be required to be consulted by the Company in due consideration of prevailing market conditions and other relevant factors after meeting the specific requirements. The proposal therefore seeks to confer upon the Board the absolute discretion to determine the terms of issue.

As the pricing of the offer cannot be decided except at a later stage, it is not possible to state the price of shares to be issued. However, the same would be in accordance with the provisions of the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, (including any amendments, statutory modification(s) and/or reenactment thereof for the time being in force) (the "ICDR Regulations"), the Companies Act, 2013, or any other guidelines/regulations/consents as may be applicable or required. However, the Board in accordance with applicable law and in consultation with book running lead managers, may offer a discount of not more than 5 per cent or such percentage as permitted under applicable law on the floor price determined pursuant to the ICDR Regulations.

Therefore, an enabling resolution is being proposed

to give Board an adequate flexibility and absolute discretion to determine the terms of issue in consultation with the lead managers and others.

In the event of the issue of the Equity Shares as aforesaid by way of QIP, the special resolution also seeks to empower the board to undertake QIP as defined by ICDR Regulations.

In connection with the proposed issue of Securities, the Company is required, inter alia, to prepare various documentations and execute various agreements. The Company is yet to identify the investor(s) and decide the quantum of Securities to be issued to them. Hence, the details of the proposed allottees, percentage of post preferential offer capital that may be held by them and shareholding pattern of the company are not provided. Accordingly, it is proposed to authorize the Board to identify the investor(s), issue such number of Securities, negotiate, finalize and execute such documents and agreements as may be required and do all such acts, deeds and things in this regard for and on behalf of the

The "Relevant Date" for this purpose will be the date as determined in accordance with the ICDR Regulations and as mentioned in the resolution.

The issue/allotment/conversion would be subject to the applicable regulatory approvals, if any. The issuance and allotment of Equity Shares including Equity Shares to be allotted on conversion of Securities to foreign/nonresident investors would be subject to the applicable foreign investment cap.

The following disclosures for the issue of Equity Shares on private placement are made in accordance with the provisions of Section 42 and The Companies (Prospectus and Allotment of Securities) Rules, 2014.

| (i)   | Date of passing of Board resolution | August 12, 2021   |

The Board believes that such an issue of Securities of the Company is in the interest of the Company and therefore Board recommends the special resolution set forth in the Item No. 7 of the Notice for approval of the Members.

None of the Promoter, Director, Key Managerial Personnel of the Company and their relatives are deemed to be concerned or interested financially or otherwise in the said resolution, except to the extent of Equity Shares/ Securities that may be subscribed to by them or by companies/firms/institutions in which they are interested as director or member or otherwise.

### Item No: 8

The objects of the issue

Company

The Board of Directors, by way of circular resolution dated September 2, 2021, approved the appointment of Mr. Yash Kaushik Shah (DIN- 02155636) (w.e.f. September 2, 2021) as an Additional Director (Independent) of the Company to hold office for a period of five consecutive years, not liable to retire by rotation, subject to consent by the Members of the Company at the ensuing Annual General Meeting ("AGM").

As an Additional Director, Mr. Yash Kaushik Shah holds office till the date of the AGM and is eligible for being appointed as an Independent Director. The Company has received a declaration from him confirming that he meets the criteria of independence as prescribed under the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations"). He is also not disqualified from being appointed as a Director in terms of Section 164 of the Act and has given his consent to act as a Director of the Company. In the opinion of the Board, Mr. Shah fulfills the conditions for his appointment as an Independent Director as specified in the Act and the Listing Regulations and he is independent of the management.

Mr. Shah is a Commerce graduate and fellow member of Institute of Chartered Accountants of India (ICAI). He is currently partner with DBS, an organisation having 12 chartered accountants and offices in Ahmedabad, Baroda and Mumbai. His prime area of expertise is consulting for clients in the fields of Mergers & Acquisitions and Valuations. He also heads the overall business development of the firm and ensures all projects are run with utmost efficiency and to the best of the firm's ability. Prior to DBS, Mr. Yash was with KPMG, Mumbai for nearly 3 years wherein he was a part of the MA division. He has worked for various clients such as Siemens, Orchid Pharma, Pratibha Industries, Siyarams, WIMCO etc. He has written various papers for organisations such as Chartered Accountant Association (CM) and Jain International Trade Organisations on the topic of Domestic Transfer Pricing, and Cross Border Transactions. He has also given lectures in forums such as YEO (Young Entrepreneur's Organisation) in the topic of Mergers & Acquisition. None of the Directors or Key Managerial Personnel or their respective relatives, except Mr. Yash Kaushik Shah, to whom the resolution relates, is in any way concerned or interested, financially or otherwise in this resolution. The Board recommends the resolution set forth in the Item No. 8 of the Notice for approval of the Members.

### 15. NOMINATION AND REMUNERATION COMMITTEE

As per the Section 178(1) of the Companies Act, 2013 the Company has constituted Nomination and Remuneration Committee, details of which are provided in the Corporate Governance Report which forms part of this Annual Report.

### 16. REMUNERATION POLICY

Remuneration to Executive Directors

The remuneration paid to Executive Directors is recommended by the Nomination and Remuneration Committee and approved by Board in the Board meeting, subject to the subsequent approval of the shareholders at the ensuing Annual General Meeting and such other authorities, as may be required. The remuneration is decided after considering various factors such:

- Level of skill, knowledge and core competence of individual.
- Functions, duties and responsibilities.

- Company's performance and achievements.
- Compensation of peers and industry standard.

The Company may if the need arise, strike a balance between the fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the company and its goal. The Nomination & Remuneration Committee of Board of Directors shall recommend periodic revision in the remuneration of Executive Directors to the Board and the Board shall fix their remuneration taking into consideration above factors as also ceiling limits prescribed under the Companies Act, 2013 and other statutes. The same shall also be approved by the shareholders where required.

### **Remuneration to Non-Executive Directors**

Non-Executive Directors are paid sitting fees for each meeting of the Board and Committees of Directors attended by them. They are also given the traveling and other expenses they incur for attending to the Company's affairs, including attending Committee, Board and General meetings of the Company.

### Remuneration of KMP (Excl. MD) & Other Employees

The authority to structure remuneration for KMP (Excl. M.D.) & other employees and the annual revision thereof has been delegated to the Managing Director and Joint Managing Director of the Company, based on Company performance, individual performance evaluation, recommendations of respective functional heads and other factors having a bearing.

If there is any specific regulatory requirement for fixation / revision of remuneration of KMP or any other employee, by the Board or any committee, then the same shall be done in compliance thereof.

### 17. PARTICULARS OF EMPLOYEES AND RELATED DISCLOSURES

The information required pursuant to Section 197(12) read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 is furnished hereunder as per "Annexure-2".

However, the information required pursuant to Section 197(12) of the Companies Act, 2013 read with Rule 5(2) and 5(3) of The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 in respect of employees of the Company, will be provided upon request. In terms of Section 136(1) of the Companies Act, 2013, the Report and Accounts are being sent to the

Members and others entitled thereto, excluding the information on employees' particulars which is available for inspection by the Members at the Registered office of the Company during business hours on working days of the Company up to the date of the ensuing Annual General Meeting. If any Member is interested in obtaining a copy thereof, such Member may write to the Company Secretary in this regard.

# 18. DISCLOSURES AS PER THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013

The Secretarial Audit Report is annexed herewith as "Annexure-3". The Secretarial Audit Report does not contain any qualification, reservation or adverse remarks.

Pursuant to Regulation 24A of SEBI LODR Regulations, a Secretarial Compliance Report for the year ended March 31, 2021 is annexed as "Annexure-3B" and a Certificate regarding status of Directors as required under schedule V, para C, Clause 10(i) of SEBI (Listing Obligations and

Notice

Directors' Report

Disclosure Requirements) Regulations, 2015 is also obtained.

### 22. RELATED PARTY TRANSACTIONS

All the related party transactions are entered on arm's length basis, in the ordinary course of business and are in compliance with the applicable provisions of the Companies Act, 2013 and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015. There are no materially significant related party transactions made by the Company with Promoters, Directors or Key Managerial Personnel etc. which may have potential conflict with the interest of the Company at large or which warrants the approval of the shareholders. Accordingly, no transactions are being reported in Form AOC-2 in terms of Section 134 of the Act read with Rule 8 of the Companies (Accounts) Rules, 2014. However, the details of the transactions with Related Party are provided in the Company's financial statements in accordance with the Accounting Standards.

All Related Party Transactions are presented to the Audit Committee and the Board. Omnibus approval is obtained for the transactions which are foreseen and repetitive in nature. A statement of all related party transactions is presented before the Audit Committee on a quarterly basis, specifying the nature, value and terms and conditions of the transactions.

The Policy on materiality of related party transactions and dealing with related party transactions as approved by the Board, may be accessed on the Company's website at the link https://www. armanindia.com/corporategovernance.aspx Policy on Materiality of Related Party Transactions and Dealing with Related Party Transactions.

### 23. RISK MANAGEMENT

The Company has constituted a Risk Management Committee in terms of the requirements of Regulation 21 of the Listing Regulations and has also adopted a Risk Management Policy. The details of the Risk Management Committee are disclosed in the Corporate Governance Report.

The Company has a risk management framework and Board members are periodically informed about the proceedings of the Risk Management Committee to ensure management controls risk by means of a properly designed framework. The Board is kept apprised of the proceedings of the meetings of the Risk Management Committee. The Company, as it advances towards its business

objectives and goals, is often subjected to various risks.

Risk Management is at the core of our business and ensuring we have the right risk-return trade-off in line with our risk appetite is the essence of our Risk Management while looking to optimize the returns that go with that risk.

### 24. INTERNAL CONTROL SYSTEM

The Company has in place, adequate systems of Internal Control to ensure compliance with policies and procedures. It is being constantly assessed and strengthened with new / revised standard operating procedures and tighter information technology controls. Internal audits of the Company are regularly carried out to review the internal control systems. The Audit Reports of Internal Auditor along with their recommendations and implementation contained therein are regularly reviewed by the Audit Committee of the Board. Internal Auditor has verified the key internal financial control by reviewing key controls impacting financial reporting and overall risk management procedures of the Company and found the same satisfactory. It was placed before the Audit Committee of the Company.

### 25. INTERNAL FINANCIAL CONTROL

The Company has, in all material respects, an adequate internal financial controls system and such internal financial controls were operating effectively based on the internal control criteria established by the Company considering the essential components of internal control, stated in the Guidance Note on Audit of Internal Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

### 26. INTERNAL AUDIT

The Company has in place an adequate internal audit framework to monitor the efficacy of internal controls with the objective of providing to the Audit Committee and the Board of Directors, an independent and reasonable assurance on the adequacy and effectiveness of the organization's risk management, internal control and governance processes. The framework is commensurate with the nature of the business, size, scale and complexity of its operations. The audit plan is approved by the Audit Committee, which regularly reviews compliance to the plan.

### 27. PERFORMANCE EVALUATION

Pursuant to the provisions of the Companies Act and

the SEBI Listing Regulations, the Board has carried 30. WHISTLE BLOWER POLICY out an annual evaluation of its own performance, performance of the Directors individually and the Committees of the Board.

### Manner of Evaluation

The Nomination & Remuneration Committee and the Board have laid down the manner in which formal annual evaluation of the performance of the Board as a whole, individual directors and its various Committees is being made.

It includes circulation of evaluation response / feedback sheet separately for evaluation of the Board and its Committees, Independent Directors / Non-Executive Directors / Managing Director / Chief Executive Officer / Chairperson of the Company.

The evaluation of Board as a whole, individual directors and its various Committees is being carried out by the Nomination & Remuneration Committee of the Company and subsequently it gives the report of evaluation to the Board for review.

### 28. CORPORATE GOVERNANCE

We strive to maintain high standards of Corporate Governance in all our interactions with our stakeholders. The Company has conformed to the Corporate Governance code as stipulated under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. A separate section on Corporate Governance along with a certificate from the M/s Pinakin Shah & Co., Practicing Company Secretary, confirming the level of compliance is attached and forms a part of the Board's Report.

### 29. DEPOSITORY SYSTEM

As on March 31, 2021, out of the Company's paid-up Equity Share Capital comprising of 84,88,384 Equity Shares, 83,04,044 Equity Shares (97.83%) were held in dematerialised mode. The Company's Equity Shares are compulsorily tradable in electronic form.

As per SEBI notification no. SEBI/LAD-NRO/ GN/2018/24 dated June 8, 2018 and further amendment vide notification no. SEBI/LAD-NRO/ GN/2018/49 dated November 30, 2018, requests for effecting transfer of securities (except in case of transmission or transposition of securities) cannot be processed from April 1, 2019 unless the securities are held in the dematerialized form with the depositories. Therefore, Members holding securities in physical form are requested to take necessary action to dematerialize their holdings.

The Company has implemented a Whistle Blower Policy, whereby employees and other stakeholders can report matters such as generic grievances, corruption, misconduct, illegality and wastage / misappropriation of assets to the Company. The policy safeguards the whistle blowers to report concerns or grievances and also provides direct access to the Chairman of the Audit Committee. The details of the Whistle Blower Policy are available on Company's website at the link: https://www. armanindia.com/corporategovernance.aspx → Whistler Blower Policy

### 31. GREEN INITIATIVE

In accordance with the 'Green Initiative', the Company has been sending the Annual Report / Notice of AGM in electronic mode to those shareholders whose Email Ids are registered with the Company and / or the Depository Participants. Your Directors are thankful to the Shareholders for actively participating in the Green Initiative.

### 32. ANNUAL RETURN

### FORM NO. MR-3

### SECRETARIAL AUDIT REPORT FOR THE FINANCIAL YEAR ENDED ON MARCH 31, 2021

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

**Arman Financial Services Limited** 

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Arman Financial Services Limited (hereinafter called the company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's Books, Papers, Minute Books, Forms and Returns filed and other Records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the financial year ended on March 31, 2021 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Company for the financial year ended on March 31, 2021 according to the provisions of:

- The Companies Act, 2013 (the Act) and the rules made thereunder;
- 2. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;

- Foreign Exchange Management Act, 1999 and the Rules and Regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings, if applicable;
- The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act. 1992 ('SEBI Act'):
  - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers)
     Regulations, 2011:
  - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015:
  - The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
  - d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008- Not Applicable to the Company;
- f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client – Not Applicable to the Company;
- g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 Not Applicable to the Company;
- h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018 –
   No buyback was done during year, hence not applicable:
- i) The Securities and Exchange Board of India (Issue and Listing of Non-Convertible and Redeemable Preference Shares) Regulations, 2013 – Not applicable to the Company; and
- j) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018.
- 6. Specifically, applicable Laws to the Company, as identified and confirmed by the Management:
  - i. The Reserve Bank of India Act, 1934,
  - ii. Prevention of Money Laundering Act, 2002,

- Labor Laws applicable to the Employees of the Company:
- i. Provident Fund Act. 1952:
- ii. Employees State Insurance Act, 1948;
- iii. Profession Tax Act, 1975;
- iv. The Payment of Gratuity Act, 1972

### We have also examined compliance with the applicable clauses of the following:

- a) Secretarial Standards issued by the Institute of Company Secretaries of India;
- b) SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

### We further report that:

During the period under review the Company has complied with the provisions of the Acts, Rules, Regulations, Guidelines etc. mentioned above.

### We further report that:

We have not examined compliance with applicable Financial Laws, like Direct and Indirect Tax Laws, since the same have been subject to review by statutory auditor and other designated professionals.

### We further report that:

- The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- Majority decision is carried through while the dissenting members' views are captured and recorded as part of the minutes.

### We further report that:

Based on our review of Compliance Mechanism established by the Company and on the basis of Compliance Certificate(s) issued by the MD/CEO and taken on record by the Board of Directors at their meeting(s), we are of opinion that, there are adequate

### **CORPORATE GOVERNANCE REPORT**

This section on Corporate Governance forms part of the Annual Report to the shareholders. This report is given in reference of relevant provisions of Securities and Exchange Board of India ('SEBI') (Listing Obligations and Disclosure Requirements) Regulations, 2015.

#### COMPANY'S PHILOSOPHY & CODE OF GOVERNANCE

Corporate Governance at Arman has been framed with the aim of adopting the best management practices, compliance of law and adherence to ethical standards to achieve the Company's objectives. Arman also believes that sound corporate governance is critical to enhance and retain investor trust. Hence Arman's business policies are based on ethical conduct, transparency, professionalism, independency and a commitment to building long term sustainable relationships with relevant stakeholders. The Company continues to strengthen its governance principles to generate long term value for its stakeholders on sustainable basis thus ensuring ethical and responsible leadership both at the Board and Management levels.

At Arman, we also consider it as our inherent responsibility to disclose timely and accurate information regarding our financials and performance, as well as the leadership and governance of the Company. We are committed to a balanced corporate governance system which provides the framework for attaining the Company's objectives encompassing practically every sphere of management from action plans and internal controls to corporate disclosure.

Your Company is not only in compliance with the requirements stipulated under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 with regard to corporate governance but is also committed to sound corporate governance principles & practices and constantly strives to adopt emerging best corporate governance practices being followed.

#### **CODE OF CONDUCT AND ETHICS**

The Code of Conduct ("the Code") for Board members and senior management personnel as adopted by the Board is a comprehensive Code applicable to Directors and senior management personnel. The Code lays down in detail, the standards of business conduct, ethics and strict governance norms for the Board and senior management personnel. The Code has been circulated to Directors and senior management personnel and its compliance is affirmed by them annually. A declaration signed by the Company's Chief Executive Officer to this effect is published in this report.

#### CEO / CFO CERTIFICATION

The Vice Chairman & Managing Director cum C.E.O. and C.F.O. have issued certificate pursuant to Regulation 17(8) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 certifying that the financial statements do not contain any untrue statement and these statements represent a true and fair view of the Company's affairs. The said certificate is annexed and forms part of the Annual Report.

#### 1. BOARD OF DIRECTORS

#### COMPOSITION OF THE BOARD OF DIRECTORS

The Company is fully compliant with the Corporate Governance norms in terms of constitution of the Board of Directors ("the Board"). The Board acts with autonomy and independence in exercising its strategic supervision, discharging its fiduciary responsibilities and ensuring that the management observes the highest standards of ethics, transparency and disclosure. Every member of the Board, including the Non-Executive Directors, has full access to any information related to the Company.

As on March 31, 2021 the strength of the Board was 9 (Nine) comprising of Vice Chairman and Managing Director and Joint Managing Director, 2 (two) Non-Executive Directors, (1) one Nominee Director and (4) Four Independent Directors which includes (1) one Woman Independent Director. Independent Directors are free from any business or other relationship that could materially influence their judgment.

None of the Directors on the Board hold directorships in more than eight (8) Listed Companies or ten (10) public companies or act as an Independent Director in more than seven (7) Listed Companies. Further, none of them is a member of more than ten (10) committees or Chairman of more than five (5) committees across all the public companies in which he or she is a Director. Necessary disclosures regarding Committee positions in other public companies as on March 31, 2021 have been made by the Directors.

Independent Directors are Non-Executive Directors as defined under Regulation 16(1)(b) of the SEBI Listing Regulations and Section 149(6) of the Act. The maximum tenure of Independent Directors is in compliance with the Act. All the Independent Directors have confirmed that they meet the criteria of independence as mentioned under Regulation 16(1) (b) of the SEBI Listing Regulations and Section 149(6) of the Act.

Details of Directors as on March 31, 2021 and their attendance at the Board meetings and Annual General Meeting ("AGM") during the financial year ended March 31, 2021 are given below:

#### Auditors' Certificate regarding compliance of conditions of Corporate Governance

To,

The Members,

Arman Financial Services Limited,

Ahmedabad

I have examined the Compliance Conditions of Corporate Governance by Arman Financial Services Limited for the year ended on March 31, 2021 as per para E of Schedule V read with Regulation 34(3) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') for the period April 01, 2020 to March 31, 2021. We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of certification.

The compliance of regulations of Corporate Governance is the responsibility of the management. Our examination was limited to a review of the procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us and the representations made by the Directors and the management, we certify that the Company has complied with the regulations of Corporate Governance as stipulated in the above mentioned Listing Regulations.

We further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

Report on the Audit of the Consolidated Financial Statements

#### **OPINION**

- 1. We have audited the accompanying Consolidated Financial Statements of Arman Financial Services Limited (hereinafter referred to as the 'Holding Company") and its subsidiary (Holding Company and its subsidiaries together referred to as "the Group"), which comprise the consolidated Balance Sheet as at March 31, 2021 and the consolidated statement of Profit and Loss, (the consolidated and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies (hereinafter referred to as "the consolidated financial statements").
- 2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Company as at March 31, 2021 and its consolidated profit and its consolidated cash flows for the year ended on that date.

#### **BASIS FOR OPINION**

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by ICAI, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Companies Act, 2013. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **EMPHASIS OF MATTERS**

4. As described in Note 44 to the Standalone Financial Results, the extent to which the COVID-19 pandemic will impact the company's operations and financial performance is dependent on future developments, which are highly uncertain.

Our opinion is not modified in respect of the above matters.

#### **KEY AUDIT MATTERS**

5. Key audit matters are those matters that, in our professional, judgment, were of most significance in our audit of the, standalone financial statements of the current period. These matters were addressed in the context of our audit, of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion, on these matters.

Key audit matters identified in our audit is in respect of Provision for Expected Credit Losses on loans as follows:

#### Provision for Expected Credit Losses on loans

[Refer para 3.6 for the accounting policy and Note 3.1 for the related disclosures]

### Auditor's Report Balance Sheet

Statement of Profit & Loss Statement of Change in Equity Statement of Cash Notes

#### **Key Audit Matter**

As at March 31, 2021, the Group has financial assets (loans) amounting to Rs. 74322.03 Lakhs. As per Ind AS 109- Financial Instruments, the Group is required to recognise allowance for expected credit losses on financial assets.

Under Ind-AS framework, the management had to estimate the provision for expected credit losses at each Balance at March 31, 2021. Expected credit loss cannot be measured precisely, but can only be estimated through use of statistics. The calculation of expected credit losses is complex and requires exercise of judgment around both the timing of recognition of impairment provisions and estimation of the amount of provisions required in relation to loss events. Further, due to COVID Pandemic and moratorium granted by the company, the calculation of expected credit loss had further challenges as the future outcome is dependent on various events, the outcome of which is uncertain.

The management has recognised a provision of Rs. 3812.18 Lakhs in the Consolidated Statement of Profit and Loss for the year ended March 31, 2021.

Considering the significance of the above matter to the consolidated financial statements and since the matter required our significant attention to test the calculation of expected credit losses, we have identified this as a key audit matter for current year audit.

#### INFORMATION OTHER THAN THE FINANCIAL STATE-MENTS AND AUDITOR'S REPORT THEREON

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the

#### How our audit addressed the key audit matter

Our audit procedures in relation to expected credit losses were focused on obtaining sufficient appropriate audit evidence as to whether the expected credit losses recognised in the consolidated financial statements were reasonable and the related disclosures in the consolidated financial statements made by the management were adequate. These procedures included, but not limited, to the following:

(a) obtaining an understanding of the model adopted by the Group for calculation of expected credit losses including how management of holding company calculated the expected credit losses and the appropriateness data on which the calculation is

(b) testing the accuracy of inputs through substantive procedures and assessing the reasonableness of the assumptions used;

(c) developing a point estimate by making reference to the expected credit losses recognised by entities that carry comparable financial assets;

(d) testing the arithmetical calculation of the expected

(e) verifying the adequacy of the related disclosures;

(f) obtaining written representations from management whether they believe significant assumptions used in calculation of expected credit losses are reasonable.

financial statements or our knowledge obtained in the audit, or otherwise appears to be materially

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and as may be legally advised.

#### **RESPONSIBILITIES OF MANAGEMENT AND THOSE** CHARGED WITH GOVERNANCE FOR THE CONSOLI-**DATED FINANCIAL STATEMENTS**

7. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its Associates and Jointly controlled entities in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

- 8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
- **9.** The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

#### **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF** THE FINANCIAL STATEMENTS

10. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance,

but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

- 11. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and jointly controlled entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and jointly controlled entities to cease to continue as a going concern.

Auditor's Report
Balance Sheet
Statement of Profit & Loss
Statement of Change in Equity
Statement of Cash Flow

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
- 12. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### 15. Other Matters

- We did not audit the financial statements / financial information of one subsidiary, whose financial statements / financial information reflect total assets of Rs. 71.608.07 Lakhs as at March 31, 2021. total revenues of Rs. 13,397.57 Lakhs and net cash out flows amounting to Rs. 1,922.73 Lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements / financial information have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.
- (b) Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

#### REPORT ON OTHER LEGAL AND REGULATORY RE-OUIREMENTS

- **16.** As required by Section 143 (3) of the Act, we report, to the extent applicable, that:
- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements.;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
- The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.

- (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2021 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies, its associate companies and jointly controlled companies incorporated in India is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in

our opinion and to the best of our information and according to the explanations given to us:

- the consolidated financial statement has disclosed the impact of pending litigations on its financial position in the Consolidated financial statements; (Refer Note 31 to the financial statements);
- The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies incorporated in India.

### **To Independent Auditor's Report**

Referred to in paragraph 16(f) of our Report of even date to the Members of **ARMAN FINANCIAL SERVICES LIMITED** for the year ended March 31, 2021.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **ARMAN FINANCIAL SERVICES LIMITED** as of March 31, 2021, in conjunction with our audit of the Consolidated financial statements of the Company for the year ended on that date.

# MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **AUDITOR'S RESPONSIBILITY**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the "Guidance Note") and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, with reference to Consolidated Financial Statements. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

# MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

# INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including

the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### OPINION

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India.

#### Notes

### **Forming Part of the Consolidated Financial Statements**

for the year ended March 31, 2021

#### 1. CORPORATE INFORMATION

Arman Financial Services Limited (the "Holding Company") together with its subsidiary Namra Finance Limited (herein after referred to as the "Company") are public companies domiciled in India. The Holding Company is registered as a deposit taking non-banking finance company ("NBFC") with Reserve Bank of India ("RBI"). Namra Finance Limited is registered as a non-deposit taking Micro Finance Institution ("NBFC-MFI") with Reserve Bank of India ("RBI"). The Group is engaged in the business of providing Small and Medium Enterprise loans ("SME"), Two-Wheeler loans ("TW") and Micro Finance JLG Loans. The Holding Company's equity shares are listed on two recognised stock exchanges in India i.e. BSE Limited ("BSE") and the National Stock Exchange of India Limited ("NSE").

The Company's registered office is at 502-503, Sakar III, Opp. Old High Court, Off. Ashram Road, Ahmedabad - 380 014, Gujarat. INDIA.

#### 2. BASIS OF PREPARATION

# 2.1 Statement of compliance and principle of Consolidation

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (the "Ind AS") prescribed under section 133 of the Companies Act, 2013 (the "Act").

#### **Principle of Consolidation**

#### i) Subsidiaries: -

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which controls commences until the date on which control ceases.

#### ii) Non-Controlling Interest ("NCI")

NCI are measured at their proportionate share of the acquiree's net identifiable assets at the date of acquisition. Changes in the Group's equity interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions.

#### iii) Loss of control

When the Group loses control over a subsidiary, it derecognizes the assets and liabilities of the subsidiary, and any related NCI and other components of equity. Any interest retained in the former subsidiary is measured at fair value on the date the control is lost. Any resulting gain or loss is recognized in profit or loss.

#### iv) Transactions eliminated on consolidation

The financial statements of the Holding Company and its subsidiary used in the consolidation procedure are drawn up to the same reporting date i.e. 31 March 2021. The financial statements of the Holding Company and its subsidiary are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses. Intra-group balances and transactions, and any unrealized income and expenses arising from intra-group transactions, are eliminated. Unrealized losses are eliminated in the same way as unrealized gains, but only to the extent that there is no evidence of impairment. The Group follows uniform accounting policies for like transactions and other events in similar circumstances.

#### The following subsidiary company has been considered in the preparation of the consolidated financial statements:

| Name of<br>Entity | Relation-<br>ship | Country | Owner-<br>ship Held<br>By | % of h<br>And \<br>Power<br>31-03-<br>21 | oting<br>r as at |
|-------------------|-------------------|---------|---------------------------|--|------------------|
| NAMRA             | Subsidiary        | INDIA   | Arman                     | 100%                                     | 100%             |
| Finance           | Company           |         | Financial                 |  |                  |
| Limited           |                   |         | services                  |  |                  |
|                   |                   |         | Liimted                   |  |                  |

#### 2.2 Basis of measurement

The standalone financial statements have been prepared on historical cost basis except for following assets and liabilities which have been measured at fair value amount:

 Loans at fair value through other comprehensive income ("FVOCI") and

- ii) Defined benefit plans plan assets
- ii) Investment in units of mutual funds at fair value through Profit & Loss ('FVTPL')

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

#### Functional and presentation currency

The standalone financial statements are presented in Indian Rupees () which is the currency of the primary economic environment in which the Company operates (the "functional currency"). The values are rounded to the nearest lakhs, except when otherwise indicated.

#### 2.3 Use of estimates, judgements and assumptions

The preparation of the standalone financial statements in conformity with Ind AS requires management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

#### Judgements

In the process of applying the Company's accounting policies, management has made judgements, which have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year.

#### i) Business model assessment

Classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to

understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

#### **Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### i) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. For further details about determination of fair value refer note 3.8 and note 42.

#### ii) Effective interest rate ("EIR") method

The Company's EIR methodology, as explained in Note 3.1 (A), recognises interest income / expense using a rate of return that represents the best estimate of a constant

Auditor's Report
Balance Sheet
Statement of Profit & Loss
Statement of Change in Equity
Statement of Cash

Notes

rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and lifecycle of the instruments, as well as expected changes to interest rates and other fee income/ expense that are integral parts of the instrument.

#### iii) Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. The Company's expected credit loss ("ECL") calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life time expected credit loss ("LTECL") basis.
- Development of ECL models, including the various formulas and the choice of inputs.
- c) Determination of associations between macroeconomic scenarios and economic inputs, such as gross domestic products, lending interest rates and collateral values, and the effect on probability of default ("PD"), exposure at default ("EAD") and loss given default ("LGD").
- d) Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into ECL models.

#### iv) Provisions and other contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Company's business.

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the outflow is considered to be probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

For further details on provisions and other contingencies refer note 3.16.

These estimates and judgements are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Management believes that the estimates used in preparation of the standalone financial statements are prudent and reasonable.

### 2.4 Presentation of the standalone financial statements

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date and more than 12 months after the reporting date is presented in Note 41.

Financial assets and financial liability are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- i) The normal course of business
- ii) The event of default

# 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 3.1 Recognition of interest income

#### A. EIR method

Under Ind AS 109, interest income is recorded using the effective interest rate method for all financial instruments measured at amortised cost and financial instrument measured at FVOCI. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Company recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the financial instrument.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the statement of profit and loss.

#### B. Interest income

The Company calculates interest income by applying EIR to the gross carrying amount of financial assets other than credit impaired assets. When a financial asset becomes credit impaired and is, therefore, regarded as 'stage 3', the Company calculates interest income on the net basis. If the financial asset cures and is no longer credit impaired, the Company reverts to calculating interest income on a gross basis.

#### 3.2 Financial instrument - initial recognition

#### A. Date of recognition

Debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

#### B. Initial measurement of financial instruments

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments (Refer note 3.3(A)). Financial instruments are initially measured at their fair value (as defined in Note 3.9), except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from this amount.

#### C. Measurement categories of financial assets and liabilities

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- i) Amortised cost
- ii) FVOCI
- iii) FVTPL

#### 3.3 Financial assets and liabilities

#### A. Financial assets

#### Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- a. How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Company's key management personnel.
- b. The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed.
- c. managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
- **d.** The expected frequency, value and timing of sales are also important aspects of the Company's assessment.

Auditor's Report
Balance Sheet
Statement of Profit & Loss
Statement of Change in Equity
Statement of Cash

Notes

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

#### SPPI tes

As a second step of its classification process, the Company assesses the contractual terms of financial assets to identify whether they meet SPPI test.

'Principal'for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Company applies judgement and considers relevant factors such as the period for which the interest rate is set. In contrast, contractual terms that introduce a more than de minimis exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are solely payments of principal and interest on the amount outstanding. In such cases, the financial asset is required to be measured at FVTPL.

# Accordingly, financial assets are measured as follows:

#### Financial assets carried at amortised cost ("AC")

A financial asset is measured at amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### ii) Financial assets measured at FVOCI

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Since, the loans and advances are held to sale and collect contractual cash flows, they are measured at FVOCI.

### Financial assets at fair value through profit or loss ("FVTPL")

A financial asset which is not classified in any of the above categories are measured at FVTPL.

#### iv) Investments in Mutual Funds

All investments in Mutual Funds are measured at fair value, with value changes recognised in Statement of Profit and Loss ("FVTPL").

#### B. Financial liability

#### i) Initial recognition and measurement

All financial liability are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liability, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

#### ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method.

#### 3.4 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified. The Company did not reclassify any of its financial assets or liabilities in the year ended March 31, 2021 and March 31, 2020.

#### 3.5 Derecognition of financial assets and liabilities

#### A. Derecognition of financial assets due to substantial modification of terms and conditions

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as

a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. Where the substantial modification is because of financial difficulties of the borrower and the old loan was classified as credit-impaired, the new loan will initially be identified as originated credit-impaired financial asset. On satisfactory performance of the new loan, the new loan is transferred to stage I or stage II of ECL.

### B. Derecognition of financial assets other than due to substantial modification

#### i) Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the contractual rights to the cash flows from the financial asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset. On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the statement of profit and loss. Accordingly, gain on sale or derecognition of assigned portfolio are recorded upfront in the statement of profit and loss as per Ind AS 109. Also, the Company recognises servicing income as a percentage of interest spread over tenure of loan in cases where it retains the obligation to service the transferred financial asset. As per the guidelines of RBI, the company is required to retain certain portion of the loan assigned to parties in its books as Minimum Retention Requirement ("MRR"). Therefore, it continues to recognise the portion retained by it as MRR.

#### ii) Financial liability

A financial liability is derecognised

when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the statement of profit and loss.

#### 3.6 Impairment of financial assets

#### A. Overview of ECL principles

In accordance with Ind AS 109, the Company uses ECL model, for evaluating impairment of financial assets other than those measured at FVTPL. Expected credit losses are measured through a loss allowance at an amount equal to:

i) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument) Both LTECLs and 12 months ECLs are calculated on collective basis.

Based on the above, the Company categorises its loans into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1: When loans are first recognised, the Company recognises an allowance based on 12 months ECL. Stage 1 loans includes those loans where there is no significant credit risk observed and also includes facilities where the credit risk has been improved and the loan has been reclassified from stage 2 or stage 3.

**Stage 2:** When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the life time ECL. Stage 2 loans also includes facilities where the credit risk has improved and the

Auditor's Report
Balance Sheet
Statement of Profit & Loss
Statement of Change in Equity
Statement of Cash

Notes

loan has been reclassified from stage 3.

**Stage 3:** Loans considered credit impaired are the loans which are past due for more than 90 days. The Company records an allowance for life time ECL.

Loan commitments: When estimating LTECLs for undrawn loan commitments, the Company estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected shortfalls in cash flows if the loan is drawn down.

#### B. Calculation of ECLs

The mechanics of ECL calculations are outlined below and the key elements are, as follows:

PD Probability of Default ("PD") is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

EAD Exposure at Default ("EAD") is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest LGD Loss Given Default ("LGD") is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

The Company has calculated PD, EAD and LGD to determine impairment loss on the portfolio of loans and discounted at an approximation to the EIR. At every reporting date, the above calculated PDs, EAD and LGDs are reviewed and changes in the forward-looking estimates are analysed.

The mechanics of the ECL method are summarised below:

**Stage 1:** The 12 months ECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within

the 12 months after the reporting date. The Company calculates the 12 months ECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-months default probabilities are applied to a forecast EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR.

Stage 2: When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument.

The expected cash shortfalls are discounted by an approximation to the original EIR.

**Stage 3:** For loans considered creditimpaired, the Company recognises the lifetime expected credit losses for these loans. The method is similar to that for stage 2 assets, with the PD set at 100%.

#### C. Loans and advances measured at FVOCI

The ECLs for loans and advances measured at FVOCI do not reduce the carrying amount of these financial assets in the balance sheet, which remains at fair value. Instead, an amount equal to the allowance that would arise if the assets were measured at amortised cost is recognised in OCI as an accumulated impairment amount, with a corresponding charge to profit or loss. The accumulated loss recognised in OCI is recycled to the profit and loss upon derecognition of the assets.

#### D. Forward looking information

In its ECL models, the Company relies on a broad range of forward looking macro parameters and estimated the impact on the default at a given point of time.

- i) Gross fixed investment (% of GDP)
- ii) Lending interest rates
- iii) Deposit interest rates

#### 3.7 Write-offs

Financial assets are written off when the Company has stopped pursuing the recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent

recoveries are credited to impairment on financial instruments in the statement of profit and loss.

#### 3.8 Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company has taken into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 financial instruments: Those where
  the inputs used in the valuation are unadjusted
  quoted prices from active markets for
  identical assets or liabilities that the Company
  has access to at the measurement date. The
  Company considers markets as active only
  if there are sufficient trading activities with
  regards to the volume and liquidity of the
  identical assets or liabilities and when there
  are binding and exercisable price quotes
  available on the balance sheet date;
- Level 2 financial instruments: Those where
  the inputs that are used for valuation and
  are significant, are derived from directly or
  indirectly observable market data available
  over the entire period of the instrument's life.
  Such inputs include quoted prices for similar
  assets or liabilities in active markets, quoted
  prices for identical instruments in inactive
  markets and observable inputs other than
  quoted prices such as interest rates and yield
  curves, implied volatilities, and credit spreads;
- Level 3 financial instruments: Those that include one or more unobservable input that is significant to the measurement as whole.

#### 3.9 (I) Recognition of other income

Revenue (other than for those items to which Ind AS 109 - Financial Instruments are applicable) is measured at fair value of the consideration

received or receivable. Ind AS 115 - Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within Ind ASs. The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

**Step 1:** Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

**Step 2:** Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

**Step 3:** Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

**Step 4:** Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

**Step 5:** Recognise revenue when (or as) the Company satisfies a performance obligation

#### A. Dividend income

Dividend income (including from FVOCI investments) is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

#### B. Income from assignment transactions

Income from assignment transactions i.e. present value of excess interest spread is recognised when the related loan assets are de-recognised. Interest income is also recognised on carrying value of assets over the remaining period of such assets.

Auditor's Report
Balance Sheet
Statement of Profit & Loss
Statement of Change in Equity
Statement of Cash

#### C. Other interest income

Other interest income is recognised on a time proportionate basis.

#### D. Other Charges in Respect of Loans

Income in case of late payment charges are recognized when there is no significant uncertainty of regarding its recovery.

#### 3.9 (II) Recognition of other expense

#### A. Borrowing costs

Borrowing costs are the interest and other costs that the Company incurs in connection with the borrowing of funds. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets.

A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

All other borrowing costs are charged to the statement of profit and loss for the period for which they are incurred.

#### 3.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

#### 3.11 Property, plant and equipment

Property, plant and equipment ("PPE") are carried at cost, less accumulated depreciation and impairment losses, if any. The cost of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use and other incidental expenses. Subsequent expenditure on PPE after it purchase is capitalized only if it is probable that the future economic benefits will flow to the enterprise and the cost of the item can be measured reliably. Depreciation is calculated using the straight-line method to write down the cost of property and equipment to their residual values over their estimated useful lives which are in line with as specified under schedule

Il of the Act. Land is not depreciated. The estimated useful lives are, as follows:

- i) Buildings 60 years
- ii) Vehicles 8 years
- iii) Office equipment 3 to 10 years
- iv) Furniture and fixtures 10 years

Depreciation is provided on a pro-rata basis from the date on which such asset is ready for its intended use. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. PPE is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised.

#### 3.12 Intangible assets

The Company's intangible assets include the value of software. An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives (three years) using the straight-line method, and is included in depreciation and amortisation in the statement of profit and loss.

# 3.13 Impairment of non-financial assets - property, plant and equipments and intangible assets

The carrying values of assets / cash generating units at the each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and if the carrying amount of these assets exceeds their recoverable amount, impairment loss is recognised in the statement of profit and loss as an expense, for such excess amount. The recoverable amount is the greater of

the net selling price and value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss.

#### 3.14 Corporate guarantees

Corporate guarantees are initially recognised in the standalone financial statements (within "other non-financial liabilities") at fair value, being the notional commission. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Any increase in the liability relating to financial guarantees is recorded in the statement of profit and loss. The notional commission is recognised in the statement of profit and loss under the head fees and commission income on a straight line basis over the life of the guarantee.

# 3.15 Retirement and other employee benefits Defined contribution plans

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

#### Defined benefit plans

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation / retirement. The gratuity is paid @15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

The gratuity liability amount is contributed by the Company to the Life insurance corporation of India who administers the fund of the Company.

The liability in respect of gratuity and other postemployment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services. As per Ind AS 19, the service cost and the net interest cost are charged to the statement of profit and loss. Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI.

#### **Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of exgratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The cost of short-term compensated absences is accounted as under:

- (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and
- (b) in case of non-accumulating compensated absences, when the absences occur.

# 3.16 Provisions, contingent liabilities and contingent assets

#### A. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Company determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

#### B. Contingent liability

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or; present obligation that arises from past events where it is not probable that an outflow of resources embodying economic

Auditor's Report
Balance Sheet
Statement of Profit & Loss
Statement of Change in Equity
Statement of Cash

benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability are disclosed as contingent liability and not provided for.

#### C. Contingent asset

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

#### 3.17 Taxes

#### A. Current tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. Current tax is the amount of tax payable on the taxable income for the period as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.

#### B. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or equity.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off.

#### Goods and services tax paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the goods and services tax paid, except when the tax incurred on a purchase of assets or availing of services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

#### 3.18 Earnings per share

Basic earnings per share ("EPS") is computed by dividing the profit after tax (i.e. profit attributable to ordinary equity holders) by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the profit after tax (i.e. profit attributable to ordinary equity holders) as adjusted for after-tax amount of dividends and interest recognised in the period in respect of the dilutive potential ordinary shares and is adjusted for any other changes in income or expense that would result from the conversion of the dilutive potential ordinary shares, by the weighted average number of equity shares considered for deriving basic earnings per share as increased by the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits, right issue and bonus shares, as appropriate.

#### 3.19 Dividends on ordinary shares

The Company recognises a liability to make cash or non-cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the Act, final dividend is authorised when it is approved by the shareholders and interim dividend is authorised when the it is approved by the Board of Directors of the Company. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

#### 4 STANDARDS ISSUED BUT NOT YET EFFECTIVE:

The ministry of corporate affairs vide notification no. G.S.R. 419(E) dated 18th June 2021 has notified amendment that will be effective from the beginning of the next financial year, that is, 1 April 2021, except for amendments to Ind AS 116, Leases, extending the practical expedient for recognising any lease rent concessions due to COVID-19 till 30 June 2022 as variable lease payments which may be applied for the current financial year ended on 31 March 2021. These amendments can be broadly categorised into the following:

 Amendments related to changing reference to new conceptual framework for financial reporting from the old framework for the preparation and presentation of financial statements both issued by The Institute of Chartered Accountants of India. These amendments do not have impact on the financial position, performance or cash flows of the company.

- a. Amendments to Ind AS 116, Leases, related to lease rent concessions due to COVID-19 where the practical expedient for recognising any lease rent concessions due to COVID-19 till 30 June 2022 as variable lease payments. The company is in the process of collecting the required information and therefore will apply the amendment in the next financial year.
- . Amendments related to interest rate benchmark reform.

The term 'interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark, including the replacement of an interest rate benchmark with an alternative benchmark rate such as that resulting from the recommendations set out in the Financial Stability Board's July 2014 report 'Reforming Major Interest Rate Benchmarks'. The company is evaluating the impact of such amendments. Based on current understanding, the amendments may increase the disclosures related to the reform and as such are less likely to have any material impact on the financial position and performance of the company.

| Write - offs                               | -          | _        | 906.55   | 906.55    |
| Gross carrying amount as at March 31, 2020 | 77,829.31  | 1,068.73 | 902.23   | 79,800.27 |
| New Assets originated*                     | 47,012.56  | 26.39    | 7.05     | 47,046.00 |
| Net transfer between stages                |            |          |          |           |
| Transfer from stage 1                      | (7,980.17) | 3,389.73 | 4,590.45 | -         |
| Transfer from stage 2                      | 43.73      | (486.05) | 442.33   | -         |
| Transfer from stage 3                      | 3.74       | 4.47     | (8.21)   | -         |
| Assets derecognised or collected           | 44,587.86  | 585.09   | 461.62   | 45,634.58 |
| Write - offs                               | -          | _        | 1,734.99 | 1,734.99  |
| Gross carrying amount as at March 31, 2021 | 72,321.29  | 3,418.17 | 3,737.24 | 79,476.70 |

<sup>\*</sup>Note: New assets originated are those assets which have either remained in stage 1 or have become stage 2 or 3 at the year end

#### 3.2 Reconciliation of ECL balance is given below:

(₹ in Lakhs)

| Particulars                         | Stage 1  | Stage 2  | Stage 3    | Total      |
|-------------------------------------|----------|----------|------------|------------|
| ECL Allowances as at March 31, 2019 | 343.82   | 85.03    | 320.47     | 749.32     |
| Addition During the Year            | 757.02   | 342.77   | 654.88     | 1,754.67   |
| Reversal During the Year            | (281.56) | (68.36)  | (243.45)   | (593.37)   |
| ECL Allowances as at March 31, 2020 | 819.28   | 359.44   | 731.90     | 1,910.62   |
| Addition During the Year            | 426.47   | 992.34   | 3,920.46   | 5,339.27   |
| Reversal During the Year            | (342.78) | (268.01) | (1,484.42) | (2,095.22) |
| ECL Allowances as at March 31, 2021 | 902.97   | 1,083.77 | 3,167.93   | 5,154.67   |

**Note:** Increase in ECLs of the portfolio was driven by an increase in the gross size of the portfolio and movements between stages as a result of increases in credit risk.

**3.3** Loans secured by hypothecation of assets (vehicles) are secured by hypothecation of the assets (vehicles) under finance. In the opinion of the Board, the market value of the hypothecated assets (vehicle) as on Balance Sheet date is more than the amount of loan outstanding.

#### Notes

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

#### 2 Security premium:

Security premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes in accordance with the provisions of section 52 of the Act

#### 3 Surplus in the statement of profit and loss:

Surplus in the statement of profit and loss is the accumulated available profit of the Company carried forward from earlier years. These reserve are free reserves which can be utilised for any purpose as may be required.

#### 4 FVOCI - loans and advances:

The Company has elected to recognise changes in the fair value of loans and advances in other comprehensive income. These changes are accumulated within the FVOCI - loans and advances reserve within equity.

#### 5 FVOCI - Remeasurement of the defined benefit liabilities:

Remeasurement of the net defined benefit liabilities comprise actuarial gain or loss, return on plan assets excluding interest and the effect of asset ceiling, if any

#### 6 General reserve:

The Company has transferred a portion of the net profit to general reserve before declaring dividend pursuant to the provision of erstwhile Companies Act.

#### 7 Equity component of compound financial instruments:

Compulsorily Convertible Debentures issued by the Company have been classified as compound financial instruments and recognised at amortised cost. The difference between transaction value and amortised cost has been recognised as a separate component in other equity.

#### 8 Share Based Payment Reserve:

The reserve is used to recognise the fair value of the options issued to employees of the Company and subsidiary Companies under Company's employee stock option plan.

#### 19 Interest Income (Amortised Cost)

#### 26.1 Employee Benefit Plan:

Disclosure in respect of employee benefits under Ind AS 19 - Employee Benefit are as under:

#### Defined contribution plan:

The Group's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans. The Group's contribution to provident fund aggregating Rs. 174.81 lakhs (31st March, 2020: Rs. 162.94 lakhs) has been recognised in the statement of profit and loss under the head employee benefits expense

#### Defined benefit plan:

Financial assets not measured at fair value:

The Group operates a defined benefit plan (the "gratuity plan") covering eligible employees. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the Act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age/resignation date.

The defined benefit plans expose the Group to risks such as actuarial risk, investment risk, liquidity risk, market risk, legislative risk.

These are discussed as follows:

Actuarial risk: It is the risk that benefits will cost more than expected. This can arise due to one of the follow-

Adverse salary growth experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

Investment risk: For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

Liquidity risk: Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the Group, there can be strain on the cash flows.

Market risk: Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in defined benefit obligation of the plan benefits and vice versa. This assumption depends on the yields on the government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

Legislative risk: Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/regulation. The government may amend the Payment of Gratuity Act, 1972, thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the defined benefit obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

The status of gratuity plan required under Ind AS 19 is an under:

The discount rate is based on the prevailing market yield of government of India's bond as at the balance sheet date for the estimated terms of the obligations

#### VIII) Sensitivity analysis

Sensitivity analysis is performed by varying a single parameter while keeping all the other parameters unchanged. Sensitivity analysis fails to focus on the interrelationship between underlying parameters. Hence, the results may vary if two or more variables are changed simultaneously.

The method used does not indicate anything about the likelihood of change in any parameter and the extent of the change if any.

#### Notes

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

#### IX) Asset liability matching strategies

The Company contributes to the insurance fund based on estimated liability of next financial year end. The projected liability statements is obtained from the actuarial valuer.

#### () Effect of plan on the company's future cash flows

#### a) Funding arrangements and funding policy

The Company has purchased an insurance policy to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is funded by the Company.

#### b) Maturity analysis of defined benefit obligation

The Weighted Average Duration (Years) as at valuation date is 5.05 years.

|                      | Cash Flows<br>(Rs. in Lakhs) | Distributions (%) |
|----------------------|------------------------------|-------------------|
| 1st Following year   | 13.22                        | 10.00%            |

#### 29 Tax Expenses

The Components of income tax expense for the years ended March 31, 2021 and March 31, 2020 are:

(₹ in Lakhs)

| Particulars   | Year ended<br>March 31, 2021 |          |
|---|------------------------------|----------|
| Current Tax   | 1,089.70                     | 1,423.40 |
| Adjustment in respect of current tax of prior years | 6.36                         | (2.78)   |
| Deferred tax  | (981.31)                     | (195.00  |
| Total Tax Expense                                   | 114.75                       | 1,225.62 |
| Total tax charge                                    |                              |          |
| Current Tax   | 1,096.06                     | 1,420.62 |
| Deferred Tax  | (981.31)                     | (195.00  |

#### 29.1 Reconciliation of the total tax charge

The tax charge shown in the statement of profit and loss differs from the tax charge that would apply if all profits had been charged at India corporate tax rate. A reconciliation between the tax expense and the accounting profit multiplied by India's domestic tax rate for the years ended 31st March, 2021 and 31st March, 2020 is, as follows:

#### 34 Segment Reporting:

Operating segment are components of the Group whose operating results are regularly reviewed by the Chief Operating Decision Maker ("CODM") to make decisions about resources to be allocated to the segment and assess its performance and for which discrete financial information is available.

The Group is engaged primarily on the business of "Financing" only, taking into account the risks and returns, the organization structure and the internal reporting systems. All the operations of the Group are in India. All non-current assets of the Group are located in India. Accordingly, there are no separate reportable segments as per Ind AS 108 – "Operating segments".

#### Note

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

36 There have been no events after the reporting date that require disclosure in these financial statements.

37 Under the Micro, Small and Medium Enterprises Development Act, 2006 ("MSMED Act") which came into force from October 2, 2006, certain disclosures are required to be made relating to micro, small and medium enterprises. There have been no reported cases of delays in payments to micro and small enterprises or of interest payments due to delays in such payments. The disclosure as required by section 22 of MSMED Act has been given below:

(₹ In lakhs)

| Particulars  | As at March 31, 2021 | As at March 31, 2020 |
|--|----------------------|----------------------|
| Principal amount payable to suppliers as at year end   | -                    | -                    |
| Interest due thereon as at year end  | -                    | -                    |
| Interest amount for delayed payments to suppliers pursuant to provisions of MSMED Act actually paid during the year, irrespective of the year to which the interest relates.   | -                    | -                    |
| Amount of delayed payment actually made to suppliers during the year   | -                    | -                    |
| The amount of interest due and payable for the period of delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under MSMED Act, 2006   | -                    | -                    |
| Interest accrued and remaining unpaid at the end of the year   | -                    | -                    |
| The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprises for the purpose of disallowance as a deductible expenditure under the MSMED Act, 2006. | -                    | -                    |

**Note**: Dues to Micro and Small enterprises have been determined to the extent such parties have been identified on the basis of the information collected by the Management.

#### 38 Stock Option Scheme

The Group has instituted 'ARMAN-EMPLOYEE STOCK OPTION PLAN 2016' ("ESOP 2016"), pursuant to the approval of the shareholders of the Company at their annual general meeting held on 22.09.2016.

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

#### The following table sets forth a summary of ESOP 2016:

| Particulars   | 2020-21  | 2019-20  |
|---|----------|----------|
| Outstanding at the beginning of the year              | 42,410   | 77,965   |
| Vested but not exercised at the beginning of the year | Nil      | Nil      |
| Granted during the year                               | 3,500    | Nil      |
| Forfeited during the year                             | 400      | 3,920    |
| Exercised during the year                             | 37,490   | 29,745   |
| Expired during the year                               | 320      | 1,890    |
| Outstanding at the end of the year                    | 7,700    | 42,410   |
| Exercisable at the end of the year                    | 7,700    | 42,410   |
| Weighted average exercise price per option            | Rs. 50/- | Rs. 50/- |

The fair value of the options granted is determined on the date of the grant using the "Black-Scholes option pricing model" with the following assumptions, as certified by an independent valuer:

| Vesting Date                                    | 25-May-21 | 13-Oct-21 | 12-Feb-21 | 12-Feb-22 | 12-Feb-23 |
|---|-----------|-----------|-----------|-----------|-----------|
| Date of Grant                                   | 25-May-18 | 13-Oct-18 |           | 12-Feb-21 |           |
| Stock Price as on Grant Date (Rs.)              | 380       | 449       | 729.9     | 729.9     | 729.9     |
| Exercise price (Rs.)                            | 50        | 50        | 50        | 50        | 50        |
| Expected volatility (%)                         | 50.97%    | 50.97%    | 50.97%    | 50.97%    | 50.97%    |
| Expected option life (weighted average) (Years) | 3.13      | 3.30      | 1.12      | 2.13      | 3.12      |
| Expected dividends yield                        | 0.00%     | 0.00%     | 0.00%     | 0.00%     | 0.00%     |
| Risk free interest rate (%)                     | 8.00%     | 7.90%     | 3.98%     | 4.52%     | 5.00%     |
| Fair Value of Option (Rs.)                      |           | 410.61    | 682.08    | 684.46    | 687.09    |

The group has recognised share based payment expense of Rs. 9.11 Lakhs (March 31, 2020: Rs. 30.11 Lakhs) during the year as proportionate cost.

Note

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

The Group has not disclosed the fair values for cash and cash equivalents, bank balances, Security Deposits, other Advances, interest Due but not received on loans and advances and Interest Accrued but not due on Bank Deposits bank deposits and other financial liabilities as these are short term in nature and their carrying amounts are a reasonable approximation of fair value.

#### 3 Measurement of fair values

#### I. Valuation techniques and significant unobservable inputs

The carrying amounts of financial assets and liabilities which are at amortised cost are considered to be the same as their fair values as there is no material differences from the carrying values presented.

#### II. Financial instruments - fair value

The fair value of financial instruments as referred to in note (A) above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurement).

The categories used are as follows:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices;

Level 2: The fair value of financial instruments that are not traded in active market is determined using valuation technique which maximizes the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value on instrument are observable, the instrument is included in level 2; and

Level 3: If one or more of significant input is not based on observable market data, the instrument is included in level 3.

#### III. Transfers between levels I and II

There has been no transfer in between level I and level II.

#### IV. Valuation techniques

#### Loans

The Group has computed fair value of the loans and advances through OCI considering its business model. These have been fair valued using the base of the interest rate of loan disbursed in the last seven days of the year end which is an observable input and therefore these has been considered to be fair valued using Level 3 inputs.

#### C Capital

The Group maintains an actively managed capital base to cover risks inherent in the business and is meeting the capital adequacy requirements of the local banking supervisor, RBI. The adequacy of the Group's capital is monitored using, among other measures, the regulations issued by RBI.

The Group has complied in full with all its externally imposed capital requirements over the reported period. Equity share capital and other equity are considered for the purpose of Group's capital management.

#### C.1 Capital management

The primary objectives of the Group's capital management policy are to ensure that the Group complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholder value.

The Group manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Group

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board

#### 43 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES:

The Group's principal financial liabilities comprise borrowings and trade payables. The main purpose of these financial liabilities is to finance the Group's operations and to support its operations. The Group's financial assets include loan and advances, cash and cash equivalents that derive directly from its operations.

The Group is exposed to credit risk, liquidity risk and market risk. The Group's board of directors has an overall responsibility for the establishment and oversight of the Group's risk management framework. The board of directors has established the risk management committee, which is responsible for developing and monitoring the Group's risk management policies. The committee reports regularly to the board of directors on its activities.

The Group's risk management policies are established to identify and analyse the risks faced by the Group, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Group's activities.

The Group's risk management committee oversees how management monitors compliance with the Group's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Group.

#### I Credit Risk

Credit risk is the risk of financial loss to the Group if a customer or counter-party to financial instrument fails to meet its contractual obligations and arises principally from the Group's receivables from customers and loans.

The carrying amounts of financial assets represent the maximum credit risk exposure.

Loans and advances:

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry.

The risk management committee has established a credit policy under which each new customer is analysed individually for creditworthiness before the Group's standard payment and delivery terms and conditions are offered. The Group's review includes external ratings, if they are available, financial statements, credit agency information, industry information etc.

#### The Group's exposure to credit risk for loans and advances by type of counterparty is as follows:

(₹ In Lakhs)

| Particulars  | Carrying             | amount               |
|--|----------------------|----------------------|
|  | As at March 31, 2021 | As at March 31, 2020 |
| Retail assets (Refer Note 3)                                 | 74,322.03            | 77,889.65            |
| Loans to NBFC-to Create the underlying assets (Refer Note 3) | -                    | -                    |
| Total  | 74,322.03            | 77,889.65            |

An impairment analysis is performed at each reporting date based on the facts and circumstances existing on that date to identify expected losses on account of time value of money and credit risk. For the purposes of this analysis, the loan receivables are categorised into groups based on days past due. Each group is then assessed for impairment using the ECL model as per the provisions of Ind AS 109 - financial instruments.

# Flow Notes

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

As per Ind AS 109, Group is required to group the portfolio based on the shared risk characteristics. Group has assessed the risk and its impact on the various portfolios and has divided the portfolio into following groups.

- a TW Loans
- b SME Loans
- c Retail Asset Channel Loans
- d Microfinance

#### Staging:

As per the requirement of Ind AS 109 general approach all financial instruments are allocated to stage 1 on initial recognition except originated credit-impaired financial assets which are considered to be under stage 3 on day of origination. However, if a significant increase in credit risk is identified at the reporting date compared with the initial recognition, then an instrument is transferred to stage 2. If there is objective evidence of impairment, then the asset is credit impaired and transferred to stage 3.

The Group considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

For financial assets in stage 1, the impairment calculated based on defaults that are possible in next twelve months, whereas for financial instrument in stage 2 and stage 3 the ECL calculation considers default event for the lifespan of the instrument.

As per Ind AS 109, Group assesses whether there is a significant increase in credit risk at the reporting date from the initial recognition. Group has staged the assets based on the Day past dues criteria and other market factors which significantly impacts the portfolio.

| Days past dues status | Stage   | Provisions          |
|-----------------------|---------|---------------------|
| Current               | Stage 1 | 12 months provision |
| 1-30 days             | Stage 1 | 12 months provision |
| 31-60 days            | Stage 2 | Lifetime Provision  |
| 61-90 days            | Stage 2 | Lifetime Provision  |
| 90+ days              | Stage 3 | Lifetime Provision  |

Credit risk refers to the risk that a counter party will default on its contractual obligations resulting in financial loss to the Group. The Group is exposed to credit risk from its operating activities, cash and cash equivalents and other financial instruments.

Customer credit risk is managed by each business unit subject to the Group's established policy, procedures and control relating to the customer credit risk management. Outstanding customer receivables are regularly monitored and taken up on case to case basis. The Group has adopted a policy of dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Group's exposure and the credit scores of its counterparties are continuously monitored. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management team on a regular basis. The Group evaluates the concentration of risk with respect to loan receivables as low, as its customers are located in several jurisdictions representing large number of minor receivables operating in largely independent markets. The credit risk on cash and bank balances and derivative financial instruments is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies.

#### **EXPECTED CREDIT LOSS FOR LOANS:**

The Group considers default in all cases when the borrower becomes 90 days past due on its contractual payments. The Expected Credit Loss (ECL) is measured at 12-month ECL for Stage 1 loan assets and at lifetime ECL for Stage 2

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

and Stage 3 loan assets. ECL is the product of the Probability of Default, Exposure at Default and Loss Given Default

#### Marginal probability of default:

PD is defined as the probability of whether borrowers will default on their obligations in the future. Historical PD is derived from NBFC internal data calibrated with forward looking macroeconomic factors. For computation of probability of default ("PD"), Vasicek Single Factor Model was used to forecast the PD term structure over lifetime of loans. As per Vasicek model, given long term PD and current macroeconomic conditions, conditional PD corresponding to current macroeconomic condition is estimated. Group has worked out on PD based on the last five years historical data.

#### Marginal probability:

The PDs derived from the Vasicek model, are the cumulative PDs, stating that the borrower can default in any of the given years, however to compute the loss for any given year, these cumulative PDs have to be converted to marginal PDs. Marginal PDs is probability that the obligor will default in a given year, conditional on it having survived till the end of the previous year.

#### Conditional marginal probability:

As per Ind AS 109, expected loss has to be calculated as an unbiased and probability-weighted amount for multiple scenarios.

Based on the historical loss experience, adjustments need to be made on the average PD computed to give effect of the current conditions which is done through management overlay by assigning probability weightages to different scenarios.

#### LGD:

LGD is an estimate of the loss from a transaction given that a default occurs. Under Ind AS 109, lifetime LGD's are defined as a collection of LGD's estimates applicable to different future periods.

Various approaches are available to compute the LGD. Group has considered workout LGD approach. The following steps are performed to calculate the LGD:

- 1) Analysis of historical credit impaired accounts at cohort level.
- 2) The computation consists of five components, which are:
  - a) Outstanding balance (POS).
  - b) Recovery amount (discounted yearly) by initial contractual rate.
  - Expected recovery amount (for incomplete recoveries), discounted to reporting date using initial contractual rate.
  - d) Collateral (security) amount.

The formula for the computation is as below:

% Recovery rate = (discounted recovery amount + security amount + discounted estimated recovery) / (total POS)

% LGD = 1 – recovery rate

#### EAD:

As per Ind AS 109, EAD is estimation of the extent to which the financial entity may be exposed to counterparty in the event of default and at the time of counterparty's default. Group has modelled EAD based on the contractual and behavioral cash flows till the lifetime of the loans considering the expected prepayments. Group has considered expected cash flows for all the loans at DPD bucket level for each of the segments, which was used for computation of ECL. Moreover, the EAD comprised of principal component, accrued interest and also the future interest for the outstanding exposure. So discounting was done for computation of expected credit loss.

Auditor's Report Balance Sheet

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

#### Discounting:

As per Ind AS 109, ECL is computed by estimating the timing of the expected credit shortfalls associated with the defaults and discounting them using effective interest rate.

Changes in ECL allowances in relation to loans from beginning to end of reporting period:

(₹ in Lakhs)

| Particulars                            | Year ended<br>March 31, 2021 | Year ended<br>March 31, 2020 |
|--|------------------------------|------------------------------|
| Opening provision of ECL               | 1,910.62                     | 749.32                       |
| Addition during the year               | 5,339.27                     | 1,754.67                     |
| Utilization / reversal during the year | (2,095.22)                   | (593.37)                     |
| Closing provision of ECL               | 5,154.67                     | 1,910.62                     |

#### **Liquidity Risk:**

Liquidity risk is the risk that the Group will encounter difficulty in meeting its obligations associated with its financial liabilities. The Group's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due.

The Group is monitoring its liquidity risk by estimating the future inflows and outflows during the start of the year and planned accordingly the funding requirement. The Group manages its liquidity by unutilized cash credit facility, term loans and direct assignment.

The composition of the Group's liability mix ensures healthy asset liability maturity pattern and well diverse resource

Capital adequacy ratio of the Holding Company, as on 31 March 2021 is 48.80% against regulatory norms of 15%. Tier I capital is 45.36% as against requirement of 10%. Tier II capital is 3.44% which may increase from time to time depending on the requirement and also as a source of structural liquidity to strengthen asset liability maturity pattern.

Capital adequacy ratio of the Subsidiary Company, as on 31 March 2021 is 20.32% against regulatory norms of 15%. Tier I capital is 17.69% as against requirement of 10%. Tier II capital is 2.63% which may increase from time to time depending on the requirement and also as a source of structural liquidity to strengthen asset liability maturity

The total cash credit limit available to the Group is Rs. 4,954 lakhs spread across 7 banks. The utilization level is maintained in such a way that ensures sufficient liquidity on hand. Majority of the Group's portfolio is MSME loans which qualifies as Priority Sector Lending. During the year, the Group has maintained around 5% to 10% of assets under management as off book through direct assignment transactions. It is with door to door maturity and without recourse to the Group. This further strengthens the liability management.

The table below summarizes the maturity profile of the Group's non derivative financial liabilities based on contractual undiscounted payments along with its carrying value as at the balance sheet date.

#### V Foreign currency risk:

As at March 31, 2021, the Group has outstanding foreign currency borrowings of Euro 5 million (March 31, 2020: Euro 5 million). The Group has undertaken principal swaps and cross currency swaps to hedge the foreign currency risk of the ECB principals. Whereas the Group has entered into floating to fixed coupon only swaps and interest rate swaps along with forward contracts to hedge the floating interest and foreign currency risk of the coupon payments. All the derivative instruments are purely for hedging the underlying ECB transactions as per applicable RBI guidelines and not for any speculative purpose.

The Group is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Group. To mitigate the Group's exposure to foreign currency risk, non-rupee cash flows are monitored and derivative contracts are entered into in accordance with the Group's risk management policies.

#### VI Foreign currency risk exposure

The Group exposure to foreign currency risk at the end of the reporting period expressed In Indian Rupees are as follows:

(₹ In Lakhs)

| Particulars                                    | Currency | March 31, 2021 | March 31, 2020 |
|--|----------|----------------|----------------|
| Financial liabilities                          |          |                |                |
| External commercial borrowings (Refer Note 11) | Euro     | 4,151.80       | 4,150.37       |
| (including interest accrued)                   |          |                |                |
| (Gain)/loss: Derivative contract               |          | (6.02)         | 171.80         |

#### Sensitivity\*

The sensitivity of profit and loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments.

# **Notes Forming part of Consolidated Financial Statements**

for year ended March 31, 2021

- 44 With the outbreak of COVID-19 pandemic, the Indian government announced a lockdown in March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. In order to mitigate the burden of debt servicing brought about by disruptions on account of COVID-19 pandemic and to ensure the continuity of viable businesses, the RBI through its circulars dated March 27, 2020 and April 17, 2020, permitted lenders including NBFCs to grant moratorium, on the payment of all instalments and/ or interest, falling due between March 01, 2020 and May 31, 2020 to their borrowers. This period was extended by RBI till August 31, 2020 through its circular dated May 23, 2020. The Company accordingly extended the moratorium option to its borrowers in accordance with its Board approved policies. In respect of such accounts that were granted moratorium, the asset classification remained standstill during the moratorium period. The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in economic activities, which may persist even after the restrictions related to the COVID-19 outbreak are lifted. The slowdown during the year has led to a decrease in loan originations and in collection efforts' efficiency. The extent to which the COVID-19 pandemic, including the current "second wave" that has significantly increased the number of cases in India, will continue to impact the company's operations and financial results will depend on ongoing as well as future developments, which are highly uncertain. The relaxations announced in the lockdowns / restrictions by state governments, that imposed during the "second wave", since last week of May 2021 has helped the company's employees to contact the borrowers and resume business activities.
- **45** Previous year's figures have been regrouped and rearranged wherever necessary, to make them comparable with those of current year.

# Independent **Auditors' Report**

To, The Members of ARMAN FINANCIAL SERVICES LIMITED Ahmedabad

#### **Report on the Audit of the Standalone Financial Statements**

#### **Opinion**

- 1. We have audited the accompanying Standalone Financial Statements of Arman Financial Services Limited (the 'Company') which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss, Statement of Cash Flow for the year then ended and a summary of the significant accounting policies and other explanatory information.
- 2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2021 and its profit and its cash flows for the year ended on that date.

#### **Basis for Opinion**

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further, described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance

with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of Matter**

As described in Note 45 to the Standalone Financial Results, the extent to which the COVID-19 pandemic will impact the company's operations and financial performance is dependent on future developments, which are highly uncertain.

Our opinion is not modified in respect of the above matters.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional, judgment, were of most significance in our audit of the, standalone financial statements of the current period. These matters were addressed in the context of our audit, of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion, on these matters.

Key audit matters identified in our audit is in respect of Provision for Expected Credit Losses on loans as follows:

Provision for Expected Credit Losses on loans [Refer Para 3.6 for the accounting policy and Note 3 for the related disclosures]

#### **Key Audit Matter**

As at March 31, 2021 the Company has financial assets Our audit procedures in relation to expected (loans) amounting to ₹15174.60 Lakhs. As per Ind AS credit losses were focused on obtaining sufficient 109- Financial Instruments, the Company is required appropriate audit evidence as to whether to recognise allowance for expected credit losses on financial assets.

Under Ind-AS framework, the management had to estimate the provision for expected credit losses as at March 31, 2021. Expected credit loss cannot be measured precisely, but can only be estimated through use of statistics. The calculation of expected credit (a) losses is complex and requires exercise of judgment around both the timing of recognition of impairment provisions and estimation of the amount of provisions required in relation to loss events. Further, due to COVID Pandemic and moratorium granted by the company, the calculation of expected credit loss had further challenges as the future outcome is dependent on various events, the outcome of which is uncertain.

The management has recognised a provision of ₹1383.64 Lakhs in the Statement of Profit and Loss for the year ended March 31, 2021.

Considering the significance of the above matter to the standalone financial statements and since the matter required our significant attention to test the calculation of expected credit losses, we have identified this as a key audit matter for current year audit.

#### How our audit addressed the key audit matter

the expected credit losses recognised in the standalone financial statements were reasonable and the related disclosures in the standalone financial statements made by the management were adequate. These procedures included, but not limited, to the following:

- obtaining an understanding of the model adopted by the Company for calculation of expected credit losses including how management calculated the expected credit losses and the appropriateness data on which the calculation is based:
- testing the accuracy of inputs through substantive procedures and assessing the reasonableness of the assumptions used;
- developing a point estimate by making reference to the expected credit losses recognised by entities that carry comparable financial assets;
- testing the arithmetical calculation of the expected credit losses;
- (e) verifying the adequacy of the related disclosures; and
- (f) Obtaining written representations from management whether they believe significant assumptions used in calculation of expected credit losses are reasonable.

#### Information other than the Financial Statements and **Auditor's Report thereon**

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and as may be legally advised.

Auditor's Report Balance Sheet

Statement of Profit & Loss Statement of Change in Equity Statement of Cash

Notes

# Responsibilities of Management and Those Charged with Governance for the Standalone Financial

- 7. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and cash flows of the Company in accordance with the accounting principles generally accepted in India specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- 8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- 9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the **Financial Statements**

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they

- could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
- 11. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
  - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
  - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
  - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
  - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### **Report on Other Legal and Regulatory Requirements**

- 15. As required by the Companies (Auditor's Report) Order, 2016 (the 'Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 16. Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books:

- The standalone financial statements dealt with by this report are in agreement with the books of account:
- d) In our opinion, the aforesaid standalone financial statements comply accounting principles generally accepted in India specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act;
- We have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as on March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report as per Annexure B expressed an unmodified opinion;
- With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
  - i. The Company has disclosed the impact of pending litigations on its financial position in the standalone financial statements; (Refer Note 29 to the financial statements);
  - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
  - There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company..

- (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets on the basis of available information.
- (b) As per the information and explanations given to us, the management at reasonable intervals during the year in accordance with a programme of physical verification physically verified the fixed assets and no material discrepancies were noticed on such verification as compared to the available records.
- (c) As explained to us, the title deeds of all the immovable properties are held in the name of the Company.

#### 2. In respect of its Inventories:

The Company does not have any Inventories and hence clause 3(ii) of the Companies (Auditor's Report) Order, 2016 is not applicable.

#### 3. In respect of Loans and Advances granted 7. In respect of Statutory Dues: during the year:

As per information and explanation given to us, the Company has granted secured and unsecured loans to Companies covered in the registered maintained under section 189 of the Companies Act, 2013 and with respect to the same.

- a. in our opinion the terms and conditions of grant of such loans are, prima facie, not prejudicial to the Company's interest.
- b. the schedule of repayment of principal and payment of interest has been stipulated and the repayment / receipts of the principal amount and the interest are regular;
- c. there is no overdue amount in respect of loans granted to such companies.

#### Loans, Investments and Guarantees:

According to the information and explanation given to us, the Company has complied with the provisions of Section 185 & 186 of the Companies Act, 2013, with respect to the loans given, investments made and guarantees and securities given.

- During the year, the Company has not accepted any deposits from public and hence the directives issued by the Reserve Bank of India and the provisions of sections 73 to 76 or any other relevant provisions of the Companies Act and the rules framed there under are not applicable to the Company. Therefore clause (v) of Companies (Auditor's Report) Order, 2016 is not applicable.
- According to the information and explanations given to us, the Company is not required to maintain cost records as required by the central government under sub section (1) of section 148 of the Companies Act, 2013. Hence clause (vi) of the (Auditor's Report) Order, 2016 is not applicable.

(a) According to the records of the Company, the Company is by and large regular in depositing with appropriate authorities undisputed statutory dues including provident fund, employee's state insurance, income tax, goods and service tax, wealth tax, duty of customs, duty of excise, cess and any other statutory dues with the appropriate authorities applicable to it.

According to the information and explanations given to us, no undisputed amounts payable in respect statutory dues which remained outstanding as at March 31, 2021 for a period of more than six months from the date they became payable.

(b) According to the records of the Company, following dues of income tax, sales tax, wealth tax or service tax or duty of customs or duty of excise or value added tax which have not been deposited on account of dispute.

| Name of Statute         | Nature of Dues | Amount<br>(₹ In Lakhs) | Period to<br>Which amount<br>Relates (A.Y.) | Forum Where<br>Dispute is Pend-<br>ing | Remarks, if any |
|-------------------------|----------------|------------------------|---|--|-----------------|
| Income Tax Act,<br>1961 | Income Tax     | 594.23                 | 2012-13                                     | CIT (Appeals)                          |                 |

- Based on our audit procedure and according to the information and explanation given to us, we are of the opinion that the Company has not defaulted in repayment of dues to a financial institutions, banks or debenture holders.
- 9. According to the information and explanations given to us, the Company had not raised any money by way of public issue during the year. According to the information and explanations given to us, and on an overall examination of the balance sheet of the Company, in our opinion, the term loans taken during the year were applied for the purpose for which they were obtained.
- 10. Based upon the audit procedures performed and information and explanations given by the management, we report that no fraud by the Company or any fraud on the Company by it's officer or employees has been noticed or reported during the course of our audit.
- 11. In our opinion and according to the information and explanations given to us, the Company has paid managerial remuneration which is in accordance with the requisite approvals mandated by the provisions of section 197 read with schedule V of The Companies Act, 2013.
- 12. In our opinion and according to the information and explanations given to us, the provisions of special statute applicable to chit funds and nidhi / mutual benefit funds / societies are not applicable to the

- company. Hence, clause (xii) of the Company's (Auditor's Report) Order, 2016 is not applicable.
- 13. In our opinion and according to the information and explanations given to us, the transactions entered by the Company with related parties are in compliance with the provisions of section 177 and 188 of The Companies Act, 2013 and details thereof are properly disclosed in the financial statements.
- 14. During the year, the Company has not issued any preferential allotment or private placement of shares or fully or partly convertible debentures.
- 15. The Company has not entered in to any noncash transactions with the directors or persons connected with him during the year, hence section 192 of the Companies Act, 2013 and clause (xvi) of Company's (Auditor's Report) Order, 2016 is not applicable.
- 16. In our opinion and according to the information and explanation given to us the Company is registered under section 45-IA of Reserve Bank of India Act, 1934, and registration certificate for the same has been obtained.

Auditor's Report Balance Sheet Statement of Profit & Loss

Statement of Change in Equity Statement of Cash

# to the Independent Auditor's Report

Annexure "B"

Referred to in paragraph 16 (f) of our Report of even date to the Members of ARMAN FINANCIAL SERVICES LIMITED for the year ended March 31, 2021.

#### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of ARMAN FINANCIAL SERVICES LIMITED as of March 31, 2021, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the "Guidance Note") and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, with reference to Standalone Financial Statements. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

# **Meaning of Internal Financial Controls over Financial**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

#### **Inherent Limitations of Internal Financial Controls** over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India.

#### 1. CORPORATE INFORMATION

ARMAN Financial Services Limited (the "Company") is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. It is registered as a deposit taking non-banking finance Company ("NBFC") with Reserve Bank of India ("RBI"). The Company is engaged in the business of providing Small and Medium Enterprise loans ("SME"), Two-Wheeler loans ("TW") to create the underlying assets of SME and TW. Its shares are listed on two recognised stock exchanges in India i.e. BSE Limited ("BSE") and the National Stock Exchange of India Limited ("NSE").

The Company's registered office is at 502-503, Sakar III, Opp. Old High Court, Off. Ashram Road, Ahmedabad - 380 014, Gujarat. INDIA.

#### 2. BASIS OF PREPARATION

#### 2.1 Statement of compliance

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (the "Ind AS") prescribed under section 133 of the Companies Act, 2013 (the "Act").

#### 2.2 Basis of measurement

The standalone financial statements have been prepared on historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- i) Loans at fair value through other comprehensive income ("FVOCI") and
- ii) Defined benefit plans plan assets

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

#### **Functional and presentation currency**

The standalone financial statements are presented in Indian Rupees (₹) which is the currency of the primary economic environment in which the Company operates (the "functional currency"). The values are rounded to the nearest lakhs, except when otherwise indicated.

#### 2.3 Use of estimates, judgements and assumptions

The preparation of the standalone financial statements in conformity with Ind AS requires management to make estimates and assumptions considered in the reported amounts of assets

and liabilities (including contingent liabilities) and the reported income and expenses during the year. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

#### **Judgements**

In the process of applying the Company's accounting policies, management has made judgements, which have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year.

#### i) Business model assessment

Classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the  $assets \, and \, how \, the se \, are \, managed \, and \, how \, the \,$ managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

#### **Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the standalone financial

statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### i) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible. but where this is not feasible, estimation is required in establishing fair values. For further details about determination of fair value refer note 3.8 and note 37.

#### ii) Effective interest rate ("EIR") method

The Company's EIR methodology, as explained in para 3.1(A), recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and lifecycle of the instruments, as well as expected changes to interest rates and other fee income/ expense that are integral parts of the instrument.

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These

estimates are driven by a number of factors, changes in which can result in different levels of allowances. The Company's expected credit loss ("ECL") calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- a) The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life time expected credit loss ("LTECL") basis.
- Development of ECL models, including the various formulas and the choice of inputs.
- c) Determination of associations between macroeconomic scenarios and economic inputs, such as gross domestic products, lending interest rates and collateral values, and the effect on probability of default ("PD"), exposure at default ("EAD") and loss given default ("LGD").
- d) Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into ECL models.

#### iv) Provisions and other contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Company's business.

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the outflow is considered to be probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

Auditor's Report
Balance Sheet
Statement of Profit & Loss
Statement of Change in Equity
Statement of Cash

For further details on provisions and other contingencies refer note 3.16.

These estimates and judgements are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Management believes that the estimates used in preparation of the standalone financial statements are prudent and reasonable.

# 2.4 Presentation of the standalone financial statements

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date and more than 12 months after the reporting date is presented in Note 36.

Financial assets and financial liability are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- i) The normal course of business
- ii) The event of default

#### 3.SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 3.1 Recognition of interest income

#### A. EIR method

Under Ind AS 109, interest income is recorded using the effective interest rate method for all financial instruments measured at amortised cost and financial instrument measured at FVOCI. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Company recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the financial instrument.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the statement of profit and loss.

#### B. Interest income

The Company calculates interest income by applying EIR to the gross carrying amount of financial assets other than credit impaired assets. When a financial asset becomes credit impaired and is, therefore, regarded as 'stage 3', the Company calculates interest income on the net basis. If the financial asset cures and is no longer credit impaired, the Company reverts to calculating interest income on a gross basis.

#### 3.2 Financial instrument - initial recognition

#### A. Date of recognition

Debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

# B. Initial measurement of financial instruments

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments (Refer para 3.3(A)). Financial instruments are initially measured at their fair value (as defined in para 3.8), except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from this amount.

#### C. Measurement categories of financial assets and liabilities

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- i) Amortised cost
- ii) FVOCI
- iii) FVTPL

#### 3.3 Financial assets and liabilities

#### A. Financial assets

#### **Business model assessment**

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- a. How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Company's key management personnel.
- b. The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed.
- c. managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
- d. The expected frequency, value and timing of sales are also important aspects of the Company's assessment.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

#### SPPI test

As a second step of its classification process, the Company assesses the contractual terms of financial assets to identify whether they meet SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial

recognition and may change over the life of financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Company applies judgement and considers relevant factors such as the period for which the interest rate is set. In contrast, contractual terms that introduce a more than de minimis exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are solely payments of principal and interest on the amount outstanding. In such cases, the financial asset is required to be measured at FVTPL.

Accordingly, financial assets are measured as follows:

# i) Financial assets carried at amortised cost ("AC")

A financial asset is measured at amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### ii) Financial assets measured at FVOCI

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Since, the loans and advances are held to sale and collect contractual cash flows, they are measured at FVOCI.

# iii) Financial assets at fair value through profit or loss ("FVTPL")

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Auditor's Report Balance Sheet

Statement of Profit & Loss
Statement of Change in Equity

Statement of Cash Flow

#### iv) Investment in subsidiaries

The Company has accounted for its investments in subsidiaries at cost.

#### B. Financial liability

#### i) Initial recognition and measurement

All financial liability are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liability, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

#### ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method.

#### 3.4 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

#### 3.5 Derecognition of financial assets and liabilities

#### A. Derecognition of financial assets due to substantial modification of terms and conditions

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. Where the substantial modification is because of financial difficulties of the borrower and the old loan was classified as credit-impaired, the new loan will initially be identified as originated credit-impaired financial asset. On satisfactory performance of the new loan, the new loan is transferred to stage I or stage II of ECL.

# B. Derecognition of financial assets other than due to substantial modification

#### i) Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the contractual rights to the cash flows from the financial asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset. On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the statement of profit and loss. Accordingly, gain on sale or derecognition of assigned portfolio are recorded upfront in the statement of profit and loss as per Ind AS 109. Also, the Company recognises servicing income as a percentage of interest spread over tenure of loan in cases where it retains the obligation to service the transferred financial asset. As per the guidelines of RBI, the company is required to retain certain portion of the loan assigned to parties in its books as Minimum Retention Requirement ("MRR"). Therefore, it continue to recognise the portion retained by it as MRR.

#### ii) Financial liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the statement of profit and loss.

#### 3.6 Impairment of financial assets

#### A. Overview of ECL principles

In accordance with Ind AS 109, the Company uses ECL model, for evaluating impairment of

financial assets other than those measured at FVTPL. Expected credit losses are measured through a loss allowance at an amount equal to:

i) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument) Both LTECLs and 12 months ECLs are calculated on collective basis.

Based on the above, the Company categorises its loans into Stage 1, Stage 2 and Stage 3, as described below:

**Stage 1:** When loans are first recognised, the Company recognises an allowance based on 12 months ECL. Stage 1 loans includes those loans where there is no significant credit risk observed and also includes facilities where the credit risk has been improved and the loan has been reclassified from stage 2 or stage 3.

**Stage 2:** When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the life time ECL. Stage 2 loans also includes facilities where the credit risk has improved and the loan has been reclassified from stage 3.

**Stage 3:** Loans considered credit impaired are the loans which are past due for more than 90 days. The Company records an allowance for life time ECL.

Loan commitments: When estimating LTECLs for undrawn loan commitments, the Company estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected shortfalls in cash flows if the loan is drawn down.

#### B. Calculation of ECLs

The mechanics of ECL calculations are outlined below and the key elements are, as follows:

PD Probability of Default ("PD") is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the

facility has not been previously derecognised and is still in the portfolio.

EAD Exposure at Default ("EAD") is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest LGD Loss Given Default ("LGD") is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

The Company has calculated PD, EAD and LGD to determine impairment loss on the portfolio of loans and discounted at an approximation to the EIR. At every reporting date, the above calculated PDs, EAD and LGDs are reviewed and changes in the forward looking estimates are analysed.

The mechanics of the ECL method are summarised below:

**Stage 1:** The 12 months ECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Company calculates the 12 months ECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-months default probabilities are applied to a forecast EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR.

**Stage 2:** When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument.

The expected cash shortfalls are discounted by an approximation to the original EIR.

**Stage 3:** For loans considered credit-impaired, the Company recognises the lifetime expected credit losses for these loans. The method is similar to that for stage 2 assets, with the PD set at 100%.

Auditor's Report Balance Sheet

Statement of Profit

Statement of Change in Equity

Statement of Cash

Notes

#### C. Loans and advances measured at FVOCI

The ECLs for loans and advances measured at FVOCI do not reduce the carrying amount of these financial assets in the balance sheet, which remains at fair value. Instead, an amount equal to the allowance that would arise if the assets were measured at amortised cost is recognised in OCI as an accumulated impairment amount, with a corresponding charge to profit or loss. The accumulated loss recognised in OCI is recycled to the profit and loss upon derecognition of the assets.

#### D. Forward looking information

In its ECL models, the Company relies on a broad range of forward looking macro parameters and estimated the impact on the default at a given point of time.

- i) Gross fixed investment (% of GDP)
- ii) Lending interest rates
- iii) Deposit interest rates

#### 3.7 Write-offs

Financial assets are written off when the Company has stopped pursuing the recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to impairment on financial instruments in the statement of profit and loss.

#### 3.8 Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company has taken into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

 Level 1 financial instruments: Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date;

- Level 2 financial instruments: Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument's life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads; and
- Level 3 financial instruments: Those that include one or more unobservable input that is significant to the measurement as whole.

#### 3.9 (I) Recognition of other income

Revenue (other than for those items to which Ind AS 109 - Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115 - Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within Ind ASs. The Company recognises revenue from contracts with customers based on a five-step model as set out in Ind AS 115:

**Step 1:** Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

**Step 2:** Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

**Step 3:** Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring

promised goods or services to a customer, excluding amounts collected on behalf of third parties.

**Step 4:** Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

**Step 5:** Recognise revenue when (or as) the Company satisfies a performance obligation

#### A. Dividend income

Dividend income (including from FVOCI investments) is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

#### B. Income from assignment transactions

Income from assignment transactions i.e. present value of excess interest spread is recognised when the related loan assets are de-recognised. Interest income is also recognised on carrying value of assets over the remaining period of such assets.

#### C. Other interest income

Other interest income is recognised on a time proportionate basis.

#### D. Other Charges in Respect of Loans

Income in case of late payment charges are recognized when there is no significant uncertainty of regarding its recovery.

#### 3.9 (II) Recognition of other expense

#### A. Borrowing costs

Borrowing costs are the interest and other costs that the Company incurs in connection with the borrowing of funds. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of such assets.

A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

All other borrowing costs are charged to the statement of profit and loss for the period for which they are incurred.

#### 3.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

#### 3.11 Property, plant and equipment

Property, plant and equipment ("PPE") are carried at cost, less accumulated depreciation and impairment losses, if any. The cost of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use and other incidental expenses. Subsequent expenditure on PPE after it purchase is capitalized only if it is probable that the future economic benefits will flow to the enterprise and the cost of the item can be measured reliably. Depreciation is calculated using the straight line method to write down the cost of property and equipment to their residual values over their estimated useful lives which are in line with as specified under schedule II of the Act. Land is not depreciated. The estimated useful lives are, as follows:

- i) Buildings 60 years
- ii) Vehicles 8 years
- iii) Office equipment 3 to 10 years
- iv) Furniture and fixtures 10 years

Depreciation is provided on a pro-rata basis from the date on which such asset is ready for its intended use. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. PPE is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and

Auditor's Report Balance Sheet

Statement of Profit & Loss

Statement of Change in Equity

Statement of Cash

Notes

the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised.

#### 3.12 Intangible assets

The Company's intangible assets include the value of software. An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives (three years) using the straight-line method, and is included in depreciation and amortisation in the statement of profit and loss.

# 3.13 Impairment of non financial assets - property, plant and equipments and intangible assets

The carrying values of assets / cash generating units at the each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and if the carrying amount of these assets exceeds their recoverable amount, impairment loss is recognised in the statement of profit and loss as an expense, for such excess amount. The recoverable amount is the greater of the net selling price and value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss.

#### 3.14 Corporate guarantees

Corporate guarantees are initially recognised in the standalone financial statements (within "other non-financial liabilities") at fair value, being the notional commission. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

Any increase in the liability relating to financial

guarantees is recorded in the statement of profit and loss. The notional commission is recognised in the statement of profit and loss under the head fees and commission income on a straight line basis over the life of the guarantee.

# 3.15 Retirement and other employee benefits Defined contribution plans

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

#### **Defined benefit plans**

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation / retirement. The gratuity is paid @15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

The gratuity liability amount is contributed by the Company to the Life insurance corporation of India who administers the fund of the Company.

The liability in respect of gratuity and other postemployment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services. As per Ind AS 19, the service cost and the net interest cost are charged to the statement of profit and loss. Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI.

#### **Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of ex-gratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably. The cost of short-term compensated absences is accounted as under:

 (a) in case of accumulated compensated absences, when employees render the services that increase their entitlement of future compensated absences; and (b) in case of non-accumulating compensated absences, when the absences occur.

# 3.16 Provisions, contingent liabilities and contingent assets

#### A. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Company determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

#### B. Contingent liability

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or; present obligation that arises from past events where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability are disclosed as contingent liability and not provided for.

#### C. Contingent asset

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

#### 3.17 Taxes

#### A. Current tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. Current tax is the amount of tax payable on the taxable income for the period as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.

#### B. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or equity.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off.

# C. Goods and services tax paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the goods and services tax paid, except when the tax incurred on a purchase of assets or availing of services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

#### 3.18 Earnings per share

Basic earnings per share ("EPS") is computed by dividing the profit after tax (i.e., profit attributable

Auditor's Report Balance Sheet Statement of Profit & Loss Statement of Change in Equity

Statement of Cash

to ordinary equity holders) by the weighted 4. STANDARDS ISSUED BUT NOT YET EFFECTIVE average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the profit after tax (i.e. profit attributable to ordinary equity holders) as adjusted for after-tax amount of dividends and interest recognised in the period in respect of the dilutive potential ordinary shares and is adjusted for any other changes in income or expense that would result from the conversion of the dilutive potential ordinary shares, by the weighted average number of equity shares considered for deriving basic earnings per share as increased by the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits, right issue and bonus shares, as appropriate.

#### 3.19 Dividends on ordinary shares

The Company recognises a liability to make cash or non-cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the Act, final dividend is authorised when it is approved by the shareholders and interim dividend is authorised when the it is approved by the Board of Directors of the Company. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

The ministry of corporate affairs vide notification no. G.S.R. 419(E) dated 18th June 2021 has notified amendment that will be effective from the beginning of the next financial year, that is, April 1, 2021, except for amendments to Ind AS 116, Leases, extending the practical expedient for recognising any lease rent concessions due to COVID-19 till June 30, 2022 as variable lease payments which may be applied for the current financial year ended on March 31, 2021. These amendments can be broadly categorised into the following:

- Amendments related to changing reference to new conceptual framework for financial reporting from the old framework for the preparation and presentation of financial statements both issued by The Institute of Chartered Accountants of India. These amendments do not have impact on the financial position, performance or cash flows of the company.
- Amendments to Ind AS 116, Leases, related to lease rent concessions due to COVID-19 where the practical expedient for recognising any lease rent concessions due to COVID-19 till June 30, 2022 as variable lease payments. The company is in the process of collecting the required information and therefore will apply the amendment in the next financial year.
- Amendments related to interest rate benchmark reform.

The term 'interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark, including the replacement of an interest rate benchmark with an alternative benchmark rate such as that resulting from the recommendations set out in the Financial Stability Board's July 2014 report 'Reforming Major Interest Rate Benchmarks'. The company is evaluating the impact of such amendments. Based on current understanding, the amendments may increase the disclosures related to the reform and as such are less likely to have any material impact on the financial position and performance of the company.

| Carrying amount As at March 31, 2021             | 14,858.85             | 885.21       | 1,145.41    | 16,889.47   |

<sup>\*</sup>Note: New assets originated are those assets which have either remained in stage 1 or have become stage 2 or 3 at the year end

#### 3.2 Reconciliation of ECL balance is given below:

(₹in Lakhs)

| Particulars                         | Stage 1 | Stage 2 | Stage 3  | Total    |
|-------------------------------------|---------|---------|----------|----------|
| ECL Allowances As at March 31, 2019 | 96.71   | 42.72   | 118.60   | 258.03   |
| Addition During the Year            | 288.90  | 95.62   | 99.68    | 484.20   |
| Reversal During the Year            | (82.36) | (27.77) | (31.26)  | (141.39) |
| ECL Allowances As at March 31, 2020 | 303.25  | 110.57  | 187.02   | 600.84   |
| Addition During the Year            | 230.52  | 353.77  | 1,429.49 | 2,013.79 |
| Reversal During the Year            | (38.95) | (98.58) | (634.21) | (771.75) |
| ECL Allowances As at March 31, 2021 | 494.82  | 365.76  | 982.30   | 1,842.88 |

**Note:** Increase in ECLs of the portfolio was driven by an increase in the gross size of the portfolio and movements between stages as a result of increases in credit risk.

- 3.3 Loans secured by hypothecation of assets (vehicles) are secured by hypothecation of the assets (vehicles) under finance. In the opinion of the Board, the market value of the hypothecated assets (vehicle) as on Balance Sheet date is more than the amount of loan outstanding.
- 3.4 Refer Note 33 for loans to subsidiary company.

Notes

#### **Notes Forming Part of the Standalone Financial Statements**

for the year ended March 31, 2021

#### 17.1 NATURE AND PURPOSE OF RESERVE

#### Reserve under Section 45-IA of the Reserve Bank of India Act, 1934 (the "RBI Act, 1934"):

Reserve under Section 45-IA of RBI Act, 1934 is created in accordance with section 45 IC(1) of the RBI Act, 1934. As per Section 45 IC(2) of the RBI Act, 1934, no appropriation of any sum from this reserve fund shall be made by the NBFC except for the purpose as may be specified by RBI.

#### 2 Securities premium:

Securities premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes in accordance with the provisions of section 52 of the Act.

#### Surplus in the statement of profit and loss:

Surplus in the statement of profit and loss is the accumulated available profit of the Company carried forward from earlier years. These reserve are free reserves which can be utilised for any purpose as may

#### **FVOCI - loans and advances:**

The Company has elected to recognise changes in the fair value of loans and advances in other comprehensive income. These changes are accumulated within the FVOCI - loans and advances reserve within equity.

#### 5 FVOCI - Remeasurement of the defined benefit liabilities:

Remeasurement of the net defined benefit liabilities comprise actuarial gain or loss, return on plan assets excluding interest and the effect of asset ceiling, if any

#### General reserve:

The Company has transferred a portion of the net profit to general reserve before declaring dividend pursuant to the provision of erstwhile Companies Act.

#### Equity component of compound financial instruments:

Compulsorily Convertible Debentures issued by the Company have been classified as compound financial instruments and recognised at amortised cost. The difference between transaction value and amortised cost has been recognised as a separate component in other equity.

#### Share Based Payment Reserve:

The reserve is used to recognise the fair value of the options issued to employees of the Company and subsidiary Companies under Company's employee stock option plan.

#### 24.1 Employee Benefit Plan:

Disclosure in respect of employee benefits under Ind AS 19 - Employee Benefit are as under:

#### a) Defined contribution plan:

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans. The Company's contribution to provident fund aggregating ₹45.22 lakhs (March 31, 2020: ₹49.34 lakhs) has been recognised in the statement of profit and loss under the head employee benefits expense

#### b) Defined benefit plan:

Financial assets not measured at fair value:

The Company operates a defined benefit plan (the "gratuity plan") covering eligible employees. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age/resignation date.

The defined benefit plans expose the Company to risks such as actuarial risk, investment risk, liquidity risk, market risk, legislative risk.

These are discussed as follows:

**Actuarial risk:** It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse salary growth experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

Variability in withdrawal rates: If actual withdrawal rates are higher than assumed withdrawal rate assumption than the gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

**Investment risk:** For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

### **Notes Forming Part of the Standalone Financial Statements**

for the year ended March 31, 2021

**Liquidity risk:** Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the Company, there can be strain on the cash flows.

Market risk: Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in defined benefit obligation of the plan benefits and vice versa. This assumption depends on the yields on the government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

Legislative risk: Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/ regulation. The government may amend the Payment of Gratuity Act, 1972, thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the defined benefit obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

The status of gratuity plan required under Ind AS 19 is an under:

| 46 to 55                                  | 10%                          | 10%                          |
| 56 and above                              | 5%                           | 5%                           |
|   |                              |                              |

The discount rate is based on the prevailing market yield of government of India's bond as at the balance sheet date for the estimated terms of the obligations.

#### VIII) Sensitivity analysis

Sensitivity analysis is performed by varying a single parameter while keeping all the other parameters unchanged. Sensitivity analysis fails to focus on the interrelationship between underlying parameters. Hence, the results may vary if two or more variables are changed simultaneously. The method used does not indicate anything about the likelihood of change in any parameter and the extent of the change if any. (₹ in lakhs)

#### IX) Asset liability matching strategies

The Company contributes to the insurance fund based on estimated liability of next financial year end. The projected liability statements is obtained from the actuarial valuer.

#### X) Effect of plan on the company's future cash flows

#### a) Funding arrangements and funding policy

The Company has purchased an insurance policy to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is funded by the Company.

## **Notes Forming Part of the Standalone Financial Statements**

for the year ended March 31, 2021

#### 34. There have been no events after the reporting date that require disclosure in these financial statements.

**35.** Under the Micro, Small and Medium Enterprises Development Act, 2006 ("MSMED Act") which came into force from October 2, 2006, certain disclosures are required to be made relating to micro, small and medium enterprises. There have been no reported cases of delays in payments to micro and small enterprises or of interest payments due to delays in such payments. The disclosure as required by section 22 of MSMED Act has been given below:

| Particulars   | As at<br>March 31, 2021 | As at<br>March 31, 2020 |
|---|-------------------------|-------------------------|
| Principal amount payable to suppliers as at year end                        | -                       | -                       |
| Interest due thereon as at year end   | -                       | -                       |
| Interest amount for delayed payments to suppliers pursuant to provisions    | -                       | -                       |
| of MSMED Act actually paid during the year, irrespective of the year to     |                         |                         |
| which the interest relates.   |                         |                         |
| Amount of delayed payment actually made to suppliers during the year        | -                       | -                       |
| The amount of interest due and payable for the period of delay in making    | -                       | -                       |
| payment (which have been paid but beyond the appointed day during the       |                         |                         |
| year) but without adding the interest specified under MSMED Act, 2006       |                         |                         |

The Company has not disclosed the fair values for cash and cash equivalents, bank balances, Security Deposits, other Advances, interest Due but not received on loans and advances and Interest Accrued but not due on Bank Deposits and other financial liabilities as these are short term in nature and their carrying amounts are a reasonable approximation of fair value.

#### B Measurement of fair values

#### I. Valuation techniques and significant unobservable inputs

The carrying amounts of financial assets and liabilities which are at amortised cost are considered to be the same as their fair values as there is no material differences from the carrying values presented.

#### II. Financial instruments - fair value

The fair value of financial instruments as referred to in note (A) above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurement).

### **Notes Forming Part of the Standalone Financial Statements**

for the year ended March 31, 2021

The categories used are as follows:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices;

Level 2: The fair value of financial instruments that are not traded in active market is determined using valuation technique which maximizes the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value on instrument are observable, the instrument is included in level 2; and

Level 3: If one or more of significant input is not based on observable market data, the instrument is included in level 3.

#### III. Transfers between levels I and II

There has been no transfer in between level I and level II.

#### IV. Valuation techniques

#### Loans

The Company has computed fair value of the loans and advances through OCI considering its business model. These have been fair valued using the base of the interest rate of loan disbursed in the last seven days of the year end which is an observable input and therefore these has been considered to be fair valued using Level 3 inputs.

#### C Capital

The Company maintains an actively managed capital base to cover risks inherent in the business and is meeting the capital adequacy requirements of the local banking supervisor, RBI. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

The Company has complied in full with all its externally imposed capital requirements over the reported period. Equity share capital and other equity are considered for the purpose of Company's capital management.

#### C.1 Capital management

The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholder value.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

### C.2 Regulatory capital (₹ in lakhs)

|                          | As At<br>31 <sup>st</sup> March, 2021 | As At<br>31 <sup>st</sup> March, 2020 |
|--------------------------|---------------------------------------|---------------------------------------|
| Tier 1 Capital           | 7,766.67                              | 7,350.84                              |
| Tier 2 Capital           | 588.29                                | 687.99                                |
| Risk Weighted Assets     | 17,120.75                             | 23,168.27                             |
| Tier 1 Capital Ratio (%) | 45.36%                                | 31.73%                                |
| Total Capital Ratio (%)  | 48.80%                                | 34.70%                                |

Tier 1 capital consists of shareholder's equity and retained earnings. Tier 2 capital consists of general provision and loss reserve against standard assets and subordinated debt (subject to prescribed discount rates and not exceeding 50% of Tier 1).

## **Notes Forming Part of the Standalone Financial Statements**

for the year ended March 31, 2021

#### 38. Financial Risk Management Objectives And Policies:

The Company's principal financial liabilities comprise borrowings and trade payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include loan and advances, cash and cash equivalents that derive directly from its operations.

The Company is exposed to credit risk, liquidity risk and market risk. The Company's board of directors has an overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the risk management committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company's risk management committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

#### I Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counter-party to financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customers and loans.

The carrying amounts of financial assets represent the maximum credit risk exposure.

#### Loans and advances:

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry.

The risk management committee has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information, industry information etc.

The Company's exposure to credit risk for loans and advances by type of counterparty is as follows:

(₹ in lakhs)

|  | Carrying amount         |                         |  |  |  |
|--|-------------------------|-------------------------|--|--|--|
| Particulars  | As at<br>March 31, 2021 | As at<br>March 31, 2020 |  |  |  |
| Retail assets (Refer Note 3)                                 | 15,046.58               | 22,073.03               |  |  |  |
| Loans to NBFC-to Create the underlying assets (Refer Note 3) | 128.02                  | 251.48                  |  |  |  |
| Total  | 15,174.60               | 22,324.50               |  |  |  |

An impairment analysis is performed at each reporting date based on the facts and circumstances existing on that date to identify expected losses on account of time value of money and credit risk. For the purposes of this analysis, the loan receivables are categorised into groups based on days past due. Each group is then assessed for impairment using the ECL model as per the provisions of Ind AS 109 - financial instruments.

As per Ind AS 109, Company is required to group the portfolio based on the shared risk characteristics. Company has assessed the risk and its impact on the various portfolios and has divided the portfolio into following groups.

- a TW Loans
- b SME Loans
- c Retail Asset Channel Loans

#### Staging:

As per the requirement of Ind AS 109 general approach all financial instruments are allocated to stage 1 on initial recognition except originated credit-impaired financial assets which are considered to be under

### **Notes Forming Part of the Standalone Financial Statements**

for the year ended March 31, 2021

stage 3 on day of origination. However, if a significant increase in credit risk is identified at the reporting date compared with the initial recognition, then an instrument is transferred to stage 2. If there is objective evidence of impairment, then the asset is credit impaired and transferred to stage 3.

The Company considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments For financial assets in stage 1, the impairment calculated based on defaults that are possible in next twelve months, whereas for financial instrument in stage 2 and stage 3 the ECL calculation considers default event for the lifespan of the instrument

As per Ind AS 109, Company assesses whether there is a significant increase in credit risk at the reporting date from the initial recognition. Company has staged the assets based on the Day past dues criteria and other market factors which significantly impacts the portfolio.

| Days past dues status | Stage   | Provisions          |
|-----------------------|---------|---------------------|
| Current               | Stage 1 | 12 months provision |
| 1-30 days             | Stage 1 | 12 months provision |
| 31-60 days            | Stage 2 | Lifetime Provision  |
| 61-90 days            | Stage 2 | Lifetime Provision  |
| 90+ days              | Stage 3 | Lifetime Provision  |

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk from its operating activities, cash and cash equivalents and other financial instruments.

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to the customer credit risk management. Outstanding customer receivables are regularly monitored and taken up on case to case basis. The Company has adopted a policy of dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure and the credit scores of its counterparties are continuously monitored. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management team on a regular basis. The Company evaluates the concentration of risk with respect to loan receivables as low, as its customers are located in several jurisdictions representing large number of minor receivables operating in largely independent markets. The credit risk on cash and bank balances and derivative financial instruments is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies.

#### **EXPECTED CREDIT LOSS FOR LOANS:**

The Company considers default in all cases when the borrower becomes 90 days past due on its contractual payments. 'The Expected Credit Loss (ECL) is measured at 12-month ECL for Stage 1 loan assets and at lifetime ECL for Stage 2 and Stage 3 loan assets. ECL is the product of the Probability of Default, Exposure at Default and Loss Given Default.

#### Marginal probability of default:

PD is defined as the probability of whether borrowers will default on their obligations in the future. Historical PD is derived from NBFC internal data calibrated with forward looking macroeconomic factors. For computation of probability of default ("PD"), Vasicek Single Factor Model was used to forecast the PD term structure over lifetime of loans. As per Vasicek model, given long term PD and current macroeconomic conditions, conditional PD corresponding to current macroeconomic condition is estimated. Company has worked out on PD based on the last five years historical data.

#### Marginal probability:

The PDs derived from the Vasicek model, are the cumulative PDs, stating that the borrower can default in any of the given years, however to compute the loss for any given year, these cumulative PDs have to be converted to marginal PDs. Marginal PDs is probability that the obligor will default in a given year, conditional on it having survived till the end of the previous year.

#### Conditional marginal probability:

As per Ind AS 109, expected loss has to be calculated as an unbiased and probability-weighted amount for multiple scenarios.

Auditor's Report Balance Sheet

Statement of Profit & Loss

Statement of Change in Equity Statement of Cash Flow

### **Notes Forming Part of the Standalone Financial Statements**

for the year ended March 31, 2021

Based on the historical loss experience, adjustments need to be made on the average PD computed to give effect of the current conditions which is done through management overlay by assigning probability weightages to different scenarios."

#### LGD:

LGD is an estimate of the loss from a transaction given that a default occurs. Under Ind AS 109, lifetime LGD's are defined as a collection of LGD's estimates applicable to different future periods. Various approaches are available to compute the LGD. Company has considered workout LGD approach. The following steps are performed to calculate the LGD:

- 1) Analysis of historical credit impaired accounts at cohort level.
- 2) The computation consists of five components, which are:
  - a) Outstanding balance (POS).
  - b) Recovery amount (discounted yearly) by initial contractual rate.
  - Expected recovery amount (for incomplete recoveries), discounted to reporting date using initial contractual rate.
  - d) Collateral (security) amount.

The formula for the computation is as below:

% Recovery rate = (discounted recovery amount + security amount + discounted estimated recovery) / (total POS)

% LGD = 1 – recovery rate

#### EAD:

As per Ind AS 109, EAD is estimation of the extent to which the financial entity may be exposed to counter party in the event of default and at the time of counterparty's default. Company has modelled EAD based on the contractual and behavioral cash flows till the lifetime of the loans considering the expected prepayments. Company has considered expected cash flows for all the loans at DPD bucket level for each of the segments, which was used for computation of ECL. Moreover, the EAD comprised of principal component, accrued interest and also the future interest for the outstanding exposure. So discounting was done for computation of expected credit loss."

#### Discounting:

As per Ind AS 109, ECL is computed by estimating the timing of the expected credit shortfalls associated with the defaults and discounting them using effective interest rate.

Changes in ECL allowances in relation to loans from beginning to end of reporting period:

(₹ in lakhs)

| Particulars                            | March 31, 2021 | March 31, 2020 |
|--|----------------|----------------|
| Opening provision of ECL               | 600.84         | 258.03         |
| Addition during the year               | 2,013.79       | 484.20         |
| Utilization / reversal during the year | (771.75)       | (141.39)       |
| Closing provision of ECL               | 1,842.88       | 600.84         |

#### II Liquidity Risk:

Liquidity risk is the risk that the Company will encounter difficulty in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due.

The Company is monitoring its liquidity risk by estimating the future inflows and outflows during the start of the year and planned accordingly the funding requirement. The Company manages its liquidity by unutilized cash credit facility, term loans and direct assignment.

The composition of the Company's liability mix ensures healthy asset liability maturity pattern and well diverse resource mix.

### **Notes Forming Part of the Standalone Financial Statements**

for the year ended March 31, 2021

Capital adequacy ratio of the Company, as on March 31, 2021 is 48.80% against regulatory norms of 15%. Tier I capital is 45.36% as against requirement of 10%. Tier II capital is 3.44% which may increase from time to time depending on the requirement and also as a source of structural liquidity to strengthen asset liability maturity pattern.

The total cash credit limit available to the Company is Rs. 4,500 lakhs spread across 6 banks. The utilization level is maintained in such a way that ensures sufficient liquidity on hand. Majority of the Company's portfolio is MSME loans which qualifies as Priority Sector Lending. During the year, the Company has maintained around 5% to 10% of assets under management as off book through direct assignment transactions. It is with door to door maturity and without recourse to the Company. This further strengthens the liability management.

The table below summarizes the maturity profile of the Company's non derivative financial liabilities based on contractual undiscounted payments along with its carrying value as at the balance sheet date.

#### III Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk includes interest rate risk and foreign currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

#### IV Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's investment in bank deposits and variable interest rate borrowings and lending. Whenever there is a change in borrowing interest rate for the Company, necessary change is reflected in the lending interest rates over the timeline in order to mitigate the risk of change in interest rates of borrowings

The sensitivity analysis have been carried out based on the exposure to interest rates for bank deposits, lending and borrowings carried at variable rate. (₹ in lakhs)

| Change in interest vates      | For the year ended o | n March 31, 2021 |
|-------------------------------|----------------------|------------------|
| Change in interest rates      | 50 bp increase       | 50 bp decrease   |
| Bank Deposits                 | 1,760.59             | 1,760.59         |
| Impact on profit for the year | 8.80                 | (8.80)           |
| Variable Rate Borrowings      | 8,351.71             | 8,351.71         |
| Impact on profit for the year | (41.76)              | 41.76            |

#### V Foreign currency risk:

The Company does not have any instrument denominated or traded in foreign currency. Hence, such risk does not affect the Company.

## **Notes Forming Part of the Standalone Financial Statements**

for the year ended March 31, 2021

The following table sets forth a summary of ESOP 2016:

| Particulars   | 2020-21 | 2019-20 |
|---|---------|---------|
| Options Outstanding at the beginning of the year      | 42,410  | 77,965  |
| Vested but not exercised at the beginning of the year | -       | -       |
| Granted during the year                               | 3,500   | -       |
| Forfeited during the year                             | 400     | 3,920   |
| Exercised during the year                             | 37,490  | 29,745  |
| Expired during the year                               | 320     | 1,890   |
| Outstanding at the end of the year                    | 7,700   | 42,410  |
| Exercisable at the end of the year                    | 7,700   | 42,410  |
| Weighted average exercise price per option            | ₹50/-   | ₹50/-   |

The fair value of the options granted is determined on the date of the grant using the "Black-Scholes option pricing model" with the following assumptions, as certified by an independent valuer:

| Vesting Date                                    | 25-May-21 | 13-Oct-21 | 12-Feb-22 | 12-Feb-23 | 12-Feb-24 |
|---|-----------|-----------|-----------|-----------|-----------|
| Date of Grant                                   | 25-May-18 | 13-Oct-18 |           | 12-Feb-21 |           |
| Stock Price as on Grant Date (₹)                | 380       | 449       | 729.90    | 729.90    | 729.90    |
| Exercise price (₹)                              | 50        | 50        | 50        | 50        | 50        |
| Expected volatility (%)                         | 50.97%    | 50.97%    | 50.97%    | 50.97%    | 50.97%    |
| Expected option life (weighted average) (Years) | 3.13      | 3.30      | 1.12      | 2.13      | 3.12      |
| Expected dividends yield                        | 0.00%     | 0.00%     | 0.00%     | 0.00%     | 0.00%     |
| Risk free interest rate (%)                     | 8.00%     | 7.90%     | 3.98%     | 4.52%     | 5.00%     |
| Fair Value of Option (₹)                        | 341.26    | 410.61    | 682.08    | 684.46    | 687.09    |

The Company has recognized share-based payment expense of ₹5.67 Lakhs (March 31, 2020: ₹17.56 Lakhs) during the year as proportionate cost.

|   | Gross non-performing Assets a) Related parties b) Other than related parties Net non-performing assets a) Related parties b) Other than related parties |

#### Notes:

- 1) As defined in point xix of paragraph 3 of Chapter 2 of these Directions.
- 2) Provisioning norms are applicable as prescribed in Non-Banking Financial Companies Prudential Norms (Reserve Bank) Directions, 1998.
- 3) All Ind AS issued by MCA are applicable including for valuation of investments and other assets as also assets acquired in satisfaction of debt. However, market value in respect of quoted investments and break up / fair value / NAV in respect of unquoted investments shall be disclosed irrespective of whether they are classified as long term or current in (5) above.
- 44. As required in terms of paragraph 13 of Non-Financial Companies Prudential Norms (Reserve Bank) Directions, 2007, schedule to the Balance Sheet of a Non-Banking Financial Company are annexed hereto.
- 45. With the outbreak of COVID-19 pandemic, the Indian government announced a lockdown in March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. In order to mitigate the burden of debt servicing brought about by disruptions on account of COVID-19 pandemic and to ensure the continuity of viable businesses, the RBI through its circulars dated March 27, 2020 and April 17, 2020, permitted lenders including NBFCs to grant moratorium, on the payment of all instalments and/ or interest, falling due between March 01, 2020 and May 31, 2020 to their borrowers. This period was extended by RBI till August 31, 2020 through its circular dated May 23, 2020. The Company accordingly extended the moratorium option to its borrowers in accordance with its Board approved policies. In respect of such accounts that were granted moratorium, the asset classification remained standstill during the moratorium period. The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in economic activities, which may persist even after the restrictions related to the COVID-19 outbreak are lifted. The slowdown during the year has led to a decrease in loan originations and in collection efforts' efficiency. The extent to which the COVID-19 pandemic, including the current "second wave" that has significantly increased the number of cases in India, will continue to impact the company's operations and financial results will depend on ongoing as well as future developments, which are highly uncertain. The relaxations announced in the lockdowns / restrictions by state governments, that imposed during the "second wave", since last week of May 2021 has helped the company's employees to contact the borrowers and resume business activities.
- 46. Previous year's figures have been regrouped and rearranged wherever necessary, to make them comparable with those of current year.

#### 15. DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134(5) of the Companies Act, 2013, the Board of Directors of the Company confirms that-

- a) In the preparation of the annual accounts for the year ended on March 31, 2021, the applicable accounting standards had been followed along with proper explanation relating to material departures;
- b) The Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2021 and of the profit and loss of the Company for the year ended on that date;
- c) The Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- The Directors have prepared the annual accounts on a going concern basis;
- That the Directors have laid down internal financial controls to be followed by the Company and that the financial controls are adequate and are operating effectively; and

f) The Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

#### 16. DECLARATION BY INDEPENDENT DIRECTORS

A declaration of independence in compliance with Section 149(6) of the Companies Act, 2013, has been taken on record from the independent director of the Company.

#### 17. AUDITORS AND AUDIT REPORTS

#### a) Statutory Auditors

M/s J. T. Shah & Co., Chartered Accountants, Ahmedabad (FRN No-109616W) were appointed as a Statutory Auditors of the Company with the approval of members at the 8th Annual General Meeting to hold office till the conclusion of the 10th Annual General Meeting. The Auditor's Report does not contain any qualifications, reservations, adverse remarks or disclaimer. The Statutory Auditors have not reported any incident of fraud to the Audit Committee or the Board of Directors under Section 143(12) of the Act during the financial year under review.

#### b) Secretarial Auditors

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Company has appointed M/s Pinakin Shah & Co., a firm of Company Secretaries in practice, to conduct the Secretarial Audit of the Company for the financial year 2020-21. The Secretarial Audit Report is annexed herewith as "Annexure-1". The Secretarial Audit Report does not contain any qualification, reservation or adverse remarks.

Pursuant to Regulation 24A of SEBI LODR Regulations, a Secretarial Compliance Report for the year ended March 31, 2021 is annexed as "Annexure-1B"

#### 18. RELATED PARTY TRANSACTIONS

All the related party transactions are entered on arm's length basis, in the ordinary course of business and are in compliance with the applicable provisions of the Companies Act, 2013 and the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015. There are no materially significant related party transactions made by the Company with Promoters, Directors

or Key Managerial Personnel etc. which may have potential conflict with the interest of the Company at large or which warrants the approval of the shareholders. Accordingly, no transactions are being reported in Form AOC-2 in terms of Section 134 of the Act read with Rule 8 of the Companies (Accounts) Rules, 2014. However, the details of the transactions with Related Party are provided in the Company's financial statements in accordance with the Accounting Standards.

All Related Party Transactions are presented to the Audit Committee and the Board. Omnibus approval is obtained for the transactions which are foreseen and repetitive in nature. A statement of all related party transactions is presented before the Audit Committee on a quarterly basis, specifying the nature, value and terms and conditions of the transactions.

#### 19. RISK MANAGEMENT

The Company has a risk management framework and Board members are periodically informed about the proceedings of the Risk Management Committee to ensure management controls risk by means of a properly designed framework. The Board is kept apprised of the proceedings of the meetings of the Risk Management Committee. The Company, as it advances towards its business objectives and 23. CORPORATE SOCIAL RESPONSIBILITY goals, is often subjected to various risks.

Risk Management is at the core of our business and ensuring we have the right risk-return trade-off in line with our risk appetite is the essence of our Risk Management while looking to optimize the returns that go with that risk.

#### 20. INTERNAL CONTROL SYSTEM

The Company has in place, adequate systems of Internal Control to ensure compliance with policies and procedures. It is being constantly assessed and strengthened with new / revised standard operating procedures and tighter information technology controls. Internal audits of the Company are regularly carried out to review the internal control systems. The Audit Reports of Internal Auditor along with their recommendations and implementation contained therein are regularly reviewed by the Audit Committee of the Board. Internal Auditor has verified the key internal financial control by reviewing key controls impacting financial reporting and overall risk management procedures of the Company and found the same satisfactory.

It was placed before the Audit Committee of the Company.

#### 21. INTERNAL FINANCIAL CONTROLS

The Company has, in all material respects, an adequate internal financial controls system and such internal financial controls were operating effectively based on the internal control criteria established by the Company considering the essential components of internal control, stated in the Guidance Note on Audit of Internal Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### 22. INTERNAL AUDIT

The Company has in place an adequate internal audit framework to monitor the efficacy of internal controls with the objective of providing to the Audit Committee and the Board of Directors, an independent and reasonable assurance on the adequacy and effectiveness of the organization's risk management, internal control and governance processes. The framework is commensurate with the nature of the business, size, scale and complexity of its operations. The audit plan is approved by the Audit Committee, which regularly reviews compliance to the plan.

In accordance with Section 135 of the Act, your Company has constituted a Corporate Social Responsibility ("CSR") Committee. The CSR Committee has formulated and recommended to the Board, a Corporate Social Responsibility Policy ("CSR Policy") indicating the activities to be undertaken by the Company, which has been approved by the Board. The CSR Policy is available on the website of the Company at https://namrafinance.com/corporategovernance.aspx → Corporate Social Responsibility Policy.

Further, the details including Composition of the CSR Committee, the CSR Policy and the CSR Report are given at "Annexure-2"

#### 24. ANNUAL RETURN

Pursuant to the provisions of Section 134(3)(a) of the Act, the Annual Return in form MGT-7 for the Company for the financial year 2020-21 is available on the website of the Company at https:// namrafinance.com/QuaterlyAnnualReports.aspx →Annual Return 2020-21

  - (a) Date of creation or acquisition of capital asset(s): Not Applicable
  - (b) Amount of CSR spent for creation or acquisition of capital asset: Nil
  - (c) Details of the entity or public authority or beneficiary under whose name such capital asset is registered, their address etc.: Not Applicable
  - (d) Provide details of the capital asset(s) created or acquired (including complete address and location of the capital asset): Not Applicable
- 11. Specify the reason(s), if the company has failed to spend two per cent of the average net profit as per Section 135(5):

The Company has been engaging in Microfinance operations with a mission to promote financial inclusion by providing income generating loans to the bottom of the pyramid women customers, thereby increasing their household income and their standard of living. Over and above our financial inclusion mission, it has been the Company's endeavor to provide support to the marginalized members of society by conducting activities related to health, hygiene, and educational support through CSR activities. During the financial year 2020-21, the Company has completed various CSR activities in healthcare, hygiene, and education sector as per Company's CSR policy.

As the Covid-19 continues to impact the globe, the Company and the Board considered it to be prudent to utilize the CSR funds towards healthcare, and to try and create the largest impact for affected people in the rural areas. As such, the company requires more time and a higher budget to help the greatest number of people and to create the largest long-term impact. Therefore, the company required more time to spend the entire CSR budget, as per the provisions of the Companies Act, 2013, in the most meaningful manner possible.

# Independent **Auditors' Report**

To. The Members of NAMRA FINANCE LIMITED Ahmedabad

#### Report on the Audit of the Standalone Financial Statements

#### **Opinion**

- 1. We have audited the accompanying Standalone Financial Statements of NAMRA FINANCE LIMITED (the 'Company') which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss, the Statement of Cash Flow for the year then ended and a summary of the significant accounting policies and other explanatory information.
- 2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the 'Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the Company as at March 31, 2021 and its profit and its cash flows for the year ended on that date.

#### **Basis for Opinion**

3. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those standards are further, described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### **Emphasis of Matter**

As described in Note 46 to the Standalone Financial Results, the extent to which the COVID-19 pandemic will impact the company's operations and financial performance is dependent on future developments, which are highly uncertain.

Our opinion is not modified in respect of the above matters.

#### **Key Audit Matters**

Key audit matters are those matters that, in our professional, judgment, were of most significance in our audit of the, standalone financial statements of the current period. These matters were addressed in the context of our audit, of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion, on these matters.

Director's Report Auditor's Report Balance Sheet Statement of Profit & Loss

Statement of

Key audit matter identified in our audit is in respect of Provision for Expected Credit Losses on loans as follows: [Refer Para 3.6 for the accounting policy and Note 3 for the related disclosures]:

#### **Key Audit Matter**

As at March 31, 2021, the Company has financial assets Our audit procedures in relation to expected (loans) amounting to ₹ 59,275.44 Lakhs. As per Ind AS credit losses were focused on obtaining sufficient 109- Financial Instruments, the Company is required appropriate audit evidence as to whether to recognise allowance for expected credit losses on the expected credit losses recognised in the financial assets.

Under Ind-AS framework, the management had to estimate the provision for expected credit losses as at March 31, 2021. Expected credit loss cannot be measured precisely, but can only be estimated through use of statistics. The calculation of expected credit (a) obtaining an understanding of the model losses is complex and requires exercise of judgment around both the timing of recognition of impairment provisions and estimation of the amount of provisions required in relation to loss events. Further, due to COVID Pandemic and moratorium granted by the company, the calculation of expected credit loss had further challenges as the future outcome is dependent on various events, the outcome of which is uncertain.

The management has recognised a provision of ₹2428.55 Lakhs in the Statement of Profit and Loss for the year ended March 31, 2021.

Considering the significance of the above matter to the standalone financial statements and since the matter required our significant attention to test the calculation of expected credit losses, we have identified this as a key audit matter for current year audit.

#### How our audit addressed the key audit matter

standalone financial statements were reasonable and the related disclosures in the standalone financial statements made by the management were adequate. These procedures included, but not limited, to the following:

- adopted by the Company for calculation of expected credit losses including how management calculated the expected credit losses and the appropriateness data on which the calculation is based;
- testing the accuracy of inputs through substantive procedures and assessing the reasonableness of the assumptions used;
- developing a point estimate by making reference to the expected credit losses recognised by entities that carry comparable financial assets:
- (d) testing the arithmetical calculation of the expected credit losses:
- (e) verifying the adequacy of the related disclosures: and
- (f) Obtaining written representations from management whether they believe significant assumptions used in calculation of expected credit losses are reasonable.

#### Information other than the Financial Statements and **Auditor's Report thereon**

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and as may be legally advised.

## Responsibilities of Management and Those Charged with Governance for the Standalone Financial

- 7. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs, profit and cash flows of the Company in accordance with the accounting principles generally accepted in India specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
- In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
- 9. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

#### Auditor's Responsibilities for the Audit of the **Financial Statements**

10. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

- 11. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for explaining our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's

Director's Report

Auditor's Report

Balance Sheet

Statement of Profit & Loss

Statement of Change in Equity

Statement of

report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
- 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on Other Legal and Regulatory Requirements** 

- 15. As required by the Companies (Auditor's Report) Order, 2016 (the 'Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 16. Further to our comments in **Annexure A**, as required by Section 143(3) of the Act, we report that:
  - We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books:
  - The standalone financial statements dealt with by this report are in agreement with the books of account;
  - d) In our opinion, the aforesaid standalone financial statements comply accounting principles generally accepted in India specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164(2) of the Act;
  - f) We have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as on March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report as per Annexure B expressed an unmodified opinion;
  - g) With respect to the other matters to be included in the Auditor's Report in accordance

with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:

- The Company has disclosed the impact of pending litigations on its financial position in the standalone financial statements; (Refer Note 31 to the financial statements);
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.

iii. There were no amounts which required to be transferred to the Investor Education and Protection Fund by the Company.

## to the Independent Auditor's Report

Referred to in paragraph 16 (f) of our Report of even date to the Members of **NAMRA FINANCE LIMITED** for the year ended March 31, 2021.

## Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of NAMRA FINANCE LIMITED as of March 31, 2021, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

## Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the guidance note on audit of internal financial controls over financial reporting (the "Guidance Note") and the standards on auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, with reference to Standalone Financial Statements. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

## Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that: (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

## Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the guidance note on audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India.

### Notes

## Forming Part of the Standalone Financial Statements

for the year ended March 31, 2021

#### 1. CORPORATE INFORMATION

NAMRA Finance Limited (the "Company") is a wholly owned subsidiary of Arman Financial Services Limited, a public Company, domiciled in India and incorporated under the provisions of the Companies Act, 1956. It is registered as a Non deposit taking non-banking finance Company – Micro Finance Institution("NBFC-MFI") with Reserve Bank of India ("RBI"). The Company is engaged in the business of providing Micro Finance loans ("MFL") to Joint Liability Groups ("JLG"), to create the underlying assets of MFL.

The Company's registered office is at 502-503, Sakar III, Opp. Old High Court, Off. Ashram Road, Ahmedabad - 380 014, Gujarat. INDIA.

#### 2. BASIS OF PREPARATION

#### 2.1 Statement of compliance

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (the "Ind AS") prescribed under section 133 of the Companies Act, 2013 (the "Act").

#### 2.2 Basis of measurement

The standalone financial statements have been prepared on historical cost basis except for following assets and liabilities which have been measured at fair value amount:

- i) Loans at fair value through other comprehensive income ("FVOCI") and
- ii) Defined benefit plans plan assets
- iii) Investment in units of mutual funds at fair value through Profit & Loss ('FVTPL')

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

#### Functional and presentation currency

The standalone financial statements are presented in Indian Rupees (₹) which is the currency of the primary economic environment in which the Company operates (the "functional currency"). The values are rounded to the nearest Lakhs, except when otherwise indicated.

#### 2.3 Use of estimates, judgements and assumptions

The preparation of the standalone financial statements in conformity with Ind AS requires management to make estimates and assumptions

considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

#### **Judgements**

In the process of applying the Company's accounting policies, management has made judgements, which have a significant risk of causing material adjustment to the carrying amounts of assets and liabilities within the next financial year.

#### i) Business model assessment

Classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test. The Company determines the business model at a level that reflects how groups of financial assets are managed together to achieve a particular business objective. This assessment includes judgement reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated.

The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

#### **Estimates and assumptions**

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The

Company based its assumptions and estimates on parameters available when the standalone financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

#### i) Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e. an exit price) regardless of whether that price is directly observable or estimated using another valuation technique When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. For further details about determination of fair value refer note 3.8 and note 39.

#### ii) Effective interest rate ("EIR") method

The Company's EIR methodology, as explained in para 3.1(A), recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and lifecycle of the instruments, as well as expected changes to interest rates and other fee income/ expense that are integral parts of the instrument.

#### iii) Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining

impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances. The Company's expected credit loss ("ECL") calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- a) The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a life time expected credit loss ("LTECL") basis.
- Development of ECL models, including the various formulas and the choice of inputs.
- c) Determination of associations between macroeconomic scenarios and economic inputs, such as gross domestic products, lending interest rates and collateral values, and the effect on probability of default ("PD"), exposure at default ("EAD") and loss given default ("LGD").
- d) Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into ECL models.

#### iv) Provisions and other contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Company's business.

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the outflow is considered to be probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence

Notes

from similar incidents. Significant judgement is required to conclude on these estimates.

For further details on provisions and other contingencies refer note 3.16.

These estimates and judgements are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances. Management believes that the estimates used in preparation of the standalone financial statements are prudent and reasonable.

## 2.4 Presentation of the standalone financial statements

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date and more than 12 months after the reporting date is presented in Note 38.

Financial assets and financial liability are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- i) The normal course of business
- ii) The event of default

#### 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### 3.1 Recognition of interest income

#### A. Effective Interest Rate ("EIR") method

Under Ind AS 109, interest income is recorded using the effective interest rate method for all financial instruments measured at amortised cost and financial instrument measured at FVOCI. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Company recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the

expected life of the financial instrument.

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk, the adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the statement of profit and loss.

#### B. Interest income

The Company records interest and processing fees income by applying EIR to the gross carrying amount of financial assets. When a financial asset becomes credit impaired and is, therefore, regarded as 'stage 3', the Company calculates interest income on the net basis. If the financial asset cures and is no longer credit impaired, the Company reverts to calculating interest income on a gross basis.

#### 3.2 Financial instrument - initial recognition

#### A. Date of recognition

Debt securities issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

## B. Initial measurement of financial instruments

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments (Refer para 3.3(A)). Financial instruments are initially measured at their fair value (as defined in para 3.8), except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from this amount.

#### C. Measurement categories of financial assets and liabilities

The Company classifies all of its financial assets based on the business model for managing the assets and the asset's contractual terms, measured at either:

- i) Amortised cost
- ii) FVOCI
- iii) FVTPL

#### 3.3 Financial assets and liabilities

#### A. Financial assets

#### **Business model assessment**

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective. The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- a. How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Company's key management personnel.
- b. The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed.
- c. managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected).
- d. The expected frequency, value and timing of sales are also important aspects of the Company's assessment.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

#### SPPI test

As a second step of its classification process, the Company assesses the contractual terms of financial Assets to identify whether they meet SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial

recognition and may change over the life of financial asset (for example, if there are repayments of principal or amortisation of the premium/ discount).

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Company applies judgement and considers relevant factors such as the period for which the interest rate is set. In contrast, contractual terms that introduce a more than de minimis exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are solely payments of principal and interest on the amount outstanding. In such cases, the financial asset is required to be measured at FVTPL.

## Accordingly, financial assets are measured as follows:

## Financial assets carried at amortised cost ("AC")

A financial asset is measured at amortised cost if it is held with in a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

#### ii) Financial assets measured at FVOCI

A financial asset is measured at FVOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Since, the loans and advances are held to sale and collect contractual cash flows, they are measured at FVOCI.

## iii) Financial assets at fair value through profit or loss ("FVTPL")

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Director's Report
Auditor's Report
Balance Sheet
Statement of
Profit & Loss
Statement of
Change in Equity
Statement of
Cash Flow

Notes

#### iv) Investment in subsidiaries

All investments in Mutual Funds are measured at fair value, with value changes recognised in Statement of Profit and Loss ("FVTPL").

#### B. Financial liability

#### i) Initial recognition and measurement

All financial liability are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial liability, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition.

#### ii) Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method.

#### 3.4 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified. The Company did not reclassify any of its financial assets or liabilities in the year ended 31st March 2021 and 31st March 2020.

#### 3.5 Derecognition of financial assets and liabilities

#### A. Derecognition of financial assets due to substantial modification of terms and conditions

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. Where the substantial modification is because of financial difficulties of the borrower and the old loan was classified as credit-impaired, the new loan will initially be identified as originated credit-impaired financial asset. On satisfactory performance of the new loan, the new loan is transferred to stage I or stage II of ECL.

## B. Derecognition of financial assets other than due to substantial modification

#### ) Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the contractual rights to the cash flows from the financial asset expires or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of the financial asset. On derecognition of a financial asset in its entirety, the difference between the carrying amount (measured at the date of derecognition) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the statement of profit and loss. Accordingly, gain on sale or derecognition of assigned portfolio are recorded upfront in the statement of profit and loss as per Ind AS 109. Also, the Company recognises servicing income as a percentage of interest spread over tenure of loan in cases where it retains the obligation to service the transferred financial asset. As per the guidelines of RBI, the company is required to retain certain portion of the loan assigned to parties in its books as Minimum Retention Requirement ("MRR"). Therefore, it continue to recognise the portion retained by it as MRR.

### i) Financial liability

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the statement of profit and loss.

#### 3.6 Impairment of financial assets

#### A. Overview of ECL principles

In accordance with Ind AS 109, the Company uses ECL model, for evaluating impairment of financial assets other than those measured at FVTPL. Expected credit losses are measured through a loss allowance at an amount equal to:

i) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument) Both LTECLs and 12 months ECLs are calculated on collective basis.

Based on the above, the Company categorises its loans into Stage 1, Stage 2 and Stage 3, as described below:

Stage 1: When loans are first recognised, the Company recognises an allowance based on 12 months ECL. Stage 1 loans includes those loans where there is no significant credit risk observed and also includes facilities where the credit risk has been improved and the loan has been reclassified from stage 2 or stage 3.

**Stage 2:** When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the life time ECL. Stage 2 loans also includes facilities where the credit risk has improved and the loan has been reclassified from stage 3.

**Stage 3:** Loans considered credit impaired are the loans which are past due for more than 90 days. The Company records an allowance for life time ECL.

Loan commitments: When estimating LTECLs for undrawn loan commitments, the Company estimates the expected portion of the loan commitment that will be drawn down over its expected life. The ECL is then based on the present value of the expected shortfalls in cash flows if the loan is drawn down.

#### B. Calculation of ECLs

The mechanics of ECL calculations are outlined below and the key elements are, as follows:

Probability of Default ("PD") is an estimate of the likelihood of default over a given time horizon. A default may only happen at a certain time over the assessed period, if the facility has not been previously derecognised and is still in the portfolio.

Exposure at Default ("EAD") is an estimate of the exposure at a future default date, taking into account expected changes in the exposure after the reporting date, including repayments of principal and interest LGD Loss Given Default ("LGD") is an estimate of the loss arising in the case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

The Company has calculated PD, EAD and LGD to determine impairment loss on the portfolio of loans and discounted at an approximation to the EIR. At every reporting date, the above calculated PDs, EAD and LGDs are reviewed and changes in the forward looking estimates are analysed.

The mechanics of the ECL method are summarised below:

Stage 1: The 12 months ECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Company calculates the 12 months ECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-months default probabilities are applied to a forecast EAD and multiplied by the expected LGD and discounted by an approximation to the original EIR.

**Stage 2:** When a loan has shown a significant increase in credit risk since origination, the Company records an allowance for the LTECLs. The mechanics are similar to those explained above, but PDs and LGDs are estimated over the lifetime of the instrument.

The expected cash shortfalls are discounted by an approximation to the original EIR.

**Stage 3:** For loans considered credit-impaired, the Company recognises the lifetime expected credit losses for these loans. The method is

Director's Report
Auditor's Report
Balance Sheet
Statement of
Profit & Loss
Statement of
Change in Equity
Statement of
Cash Flow

Notes

similar to that for stage 2 assets, with the PD set at 100%.

#### C. Loans and advances measured at FVOCI

The ECLs for loans and advances measured at FVOCI do not reduce the carrying amount of these financial assets in the balance sheet, which remains at fair value. Instead, an amount equal to the allowance that would arise if the assets were measured at amortised cost is recognised in OCI as an accumulated impairment amount, with a corresponding charge to profit or loss. The accumulated loss recognised in OCI is recycled to the profit and loss upon derecognition of the assets.

#### D. Forward looking information

In its ECL models, the Company relies on a broad range of forward looking macro parameters and estimated the impact on the default at a given point of time.

- i) Gross fixed investment (% of GDP)
- ii) Lending interest rates
- iii) Deposit interest rates

#### 3.7 Write-offs

Financial assets are written off when the Company has stopped pursuing the recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to impairment on financial instruments in the statement of profit and loss.

#### 3.8 Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company has taken into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 financial instruments: Those where
  the inputs used in the valuation are unadjusted
  quoted prices from active markets for identical
  assets or liabilities that the Company has access
  to at the measurement date. The Company
  considers markets as active only if there are
  sufficient trading activities with regards to the
  volume and liquidity of the identical assets
  or liabilities and when there are binding and
  exercisable price quotes available on the
- Level 2 financial instruments: Those where
  the inputs that are used for valuation and
  are significant, are derived from directly or
  indirectly observable market data available
  over the entire period of the instrument's
  life. Such inputs include quoted prices for
  similar assets or liabilities in active markets,
  quoted prices for identical instruments in
  inactive markets and observable inputs other
  than quoted prices such as interest rates and
  yield curves, implied volatilities, and credit
  spreads; and
- Level 3 financial instruments: Those that include one or more unobservable input that is significant to the measurement as whole.

#### 3.9 (I) Recognition of other income

balance sheet date;

Revenue (other than for those items to which Ind AS 109 - Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115 - Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within Ind ASs. The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115:

**Step 1:** Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

**Step 2:** Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

**Step 3:** Determine the transaction price: The transaction price is the amount of

consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

**Step 4:** Allocate the transaction price to the performance obligations in the contract: For a contract that has more than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

**Step 5:** Recognise revenue when (or as) the Company satisfies a performance obligation

#### A. Dividend income

Dividend income (including from FVOCI investments) is recognised when the Company's right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

#### B. Income from assignment transactions

Income from assignment transactions i.e. present value of excess interest spread is recognised when the related loan assets are de-recognised. Interest income is also recognised on carrying value of assets over the remaining period of such assets.

#### C. Other interest income

Other interest income is recognised on a time proportionate basis.

#### D. Other Charges in Respect of Loans

Income in case of late payment charges are recognized when there is no significant uncertainty of regarding its recovery.

#### 3.9 (II) Recognition of other expense

#### A. Borrowing costs

Borrowing costs are the interest and other costs that the Company incurs in connection with the borrowing of funds. Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of

such assets.

A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use or sale.

All other borrowing costs are charged to the statement of profit and loss for the period for which they are incurred.

#### 3.10 Cash and cash equivalents

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

#### 3.11 Property, plant and equipment

Property, plant and equipment ("PPE") are carried at cost, less accumulated depreciation and impairment losses, if any. The cost of PPE comprises its purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable from the tax authorities), any directly attributable expenditure on making the asset ready for its intended use and other incidental expenses. Subsequent expenditure on PPE after it purchase is capitalized only if it is probable that the future economic benefits will flow to the enterprise and the cost of the item can be measured reliably. Depreciation is calculated using the straight line method to write down the cost of property and equipment to their residual values over their estimated useful lives which are in line with specified in schedule II of the Act. Land is not depreciated. The estimated useful lives are, as follows:

- i) Buildings 60 years
- ii) Vehicles 8 years
- iii) Office equipment 3 to 10 years
- iv) Furniture and fixtures 10 years

Depreciation is provided on a pro-rata basis from the date on which such asset is ready for its intended use. The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate. PPE is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the

Director's Report Auditor's Report Balance Sheet Statement of Profit & Loss Statement of Change in Equity

Notes

the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised.

difference between the net disposal proceeds and

#### 3.12 Intangible assets

The Company's intangible assets include the value of software. An intangible asset is recognised only when its cost can be measured reliably and it is probable that the expected future economic benefits that are attributable to it will flow to the Company.

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and any accumulated impairment losses.

Amortisation is calculated to write off the cost of intangible assets less their estimated residual values over their estimated useful lives (three years) using the straight-line method, and is included in depreciation and amortisation in the statement of profit and loss.

## 3.13 Impairment of non financial assets - property, plant and equipments and intangible assets

The carrying values of assets / cash generating units at the each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and if the carrying amount of these assets exceeds their recoverable amount, impairment loss is recognised in the statement of profit and loss as an expense, for such excess amount. The recoverable amount is the greater of the net selling price and value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss.

#### 3.14 Leases

Effective from 1<sup>st</sup> April, 2019, the Company has adopted Ind AS-116 "Lease" retrospectively with the cumulative effect of applying this standard recognise at the date initial application.

Due to the same, the associated right-of-use assets are measured either at the carrying amounts as if the Standard has been applied since the commencement date or at the amount equal to the lease liability are included in and presented as "Right to use Asset" and "Other financial liabilities" respectively on the financial statements.

The right-of-use asset is depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. Lease term includes periods of an option to extend the lease if the lessee is reasonably certain to exercise that option and an option to terminate the lease if the lessee is reasonably certain not to exercise that option. Short-term leases for the underlying asset is of low value apply exemption rules of the standards, and recognize the lease payments associated with those leases as an expense mainly on straight-line basis over the lease term.

The cumulative effects due to the application of this standard were recognized on the commencement date of adoption in accordance with the transitional arrangements, the retrospective restatement of prior periods have not been applied.

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset.

#### Company as a lessee

At the inception of each lease, the lease arrangement is classified as either a finance lease or an operating lease, based on the substance of the lease arrangement.

#### **Finance Lease**

Assets leased by the Company in its capacity as lessee where substantially all the risks and rewards of ownership vest in the Company are classified as finance leases. A finance lease is recognised as an asset and a liability at the commencement of the lease, at the lower of the fair value of the asset and the present value of the minimum lease payments.

Minimum lease payments made under finance leases are apportioned between finance charges and reduction of the lease liability. The Finance expense is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term

#### **Operating leases**

Leases in which the lessor does not transfer substantially all the risks and rewards of ownership of an asset to the lessee are classified as operating leases. Lease rental are charged to statement of profit and loss on straight line basis except where scheduled increase in rent compensates the lessor for expected inflationary costs.

## 3.15 Retirement and other employee benefits Defined contribution plans

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans and are charged as an expense based on the amount of contribution required to be made and when services are rendered by the employees.

#### **Defined benefit plans**

The Company pays gratuity to the employees whoever has completed five years of service with the Company at the time of resignation / retirement. The gratuity is paid @15 days salary for every completed year of service as per the Payment of Gratuity Act, 1972.

The gratuity liability amount is contributed by the Company to the Life insurance corporation of India who administers the fund of the Company.

The liability in respect of gratuity and other postemployment benefits is calculated using the Projected Unit Credit Method and spread over the period during which the benefit is expected to be derived from employees' services. As per Ind AS 19, the service cost and the net interest cost are charged to the statement of profit and loss. Remeasurement of the net defined benefit liability, which comprise actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest), are recognised in OCI.

#### **Short-term employee benefits**

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages etc. and the expected cost of exgratia are recognised in the period in which the employee renders the related service. A liability is recognised for the amount expected to be paid when there is a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

## 3.16 Provisions, contingent liabilities and contingent assets

#### A. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Company determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

#### B. Contingent liability

A possible obligation that arises from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or; present obligation that arises from past events where it is not probable that an outflow of resources embodying economic benefits will be required to settle the obligation; or the amount of the obligation cannot be measured with sufficient reliability are disclosed as contingent liability and not provided for.

#### C. Contingent asset

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

#### 3.17 Taxes

#### A. Current tax

Current tax assets and liabilities for the current and prior years are measured at the amount

280 | Namra Finance Limited

Director's Report Auditor's Report Balance Sheet

Statement of Profit & Loss Statement of Change in Equ

Statement of Cash Flow

Notes

expected to be recovered from, or paid to, the taxation authorities. Current tax is the amount of tax payable on the taxable income for the period as determined in accordance with the applicable tax rates and the provisions of the Income Tax Act, 1961.

#### B. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the standalone financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity).

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or equity.

Deferred tax assets and liabilities are offset if such items relate to taxes on income levied by the same governing tax laws and the Company has a legally enforceable right for such set off.

## C. Goods and services tax paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the goods and services tax paid, except when the tax incurred on a purchase of assets or availing of services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet

#### 3.18 Earnings per share

Basic earnings per share ("EPS") is computed by dividing the profit after tax (i.e. profit attributable

to ordinary equity holders) by the weighted average number of equity shares outstanding during the year.

Diluted EPS is computed by dividing the profit after tax (i.e. profit attributable to ordinary equity holders) as adjusted for after-tax amount of dividends and interest recognised in the period in respect of the dilutive potential ordinary shares and is adjusted for any other changes in income or expense that would result from the conversion of the dilutive potential ordinary shares, by the weighted average number of equity shares considered for deriving basic earnings per share as increased by the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits, right issue and bonus shares, as appropriate.

#### 3.19 Dividends on ordinary shares

The Company recognises a liability to make cash or non-cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the Act, final dividend is authorised when it is approved by the shareholders and interim dividend is authorised when the it is approved by the Board of Directors of the Company. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss

#### 4. STANDARDS ISSUED BUT NOT YET EFFECTIVE

The ministry of corporate affairs vide notification no. G.S.R. 419(E) dated 18<sup>th</sup> June 2021 has notified amendment that will be effective from the

beginning of the next financial year, that is, 1st April 2021, except for amendments to Ind AS 116, Leases, extending the practical expedient for recognising any lease rent concessions due to COVID-19 till 30th June 2022 as variable lease payments which may be applied for the current financial year ended on 31st March 2021. These amendments can be broadly categorised into the following:

a. Amendments related to changing reference to new conceptual framework for financial reporting from the old framework for the preparation and presentation of financial statements both issued by The Institute of Chartered Accountants of India.

These amendments do not have impact on the financial position, performance or cash flows of the company.

 Amendments to Ind AS 116, Leases, related to lease rent concessions due to COVID-19 where the practical expedient for recognising any lease rent concessions due to COVID-19 till 30<sup>th</sup> June, 2022 as variable lease payments.

The company is in the process of collecting the required information and therefore will apply the amendment in the next financial year.

c. Amendments related to interest rate benchmark reform.

The term 'interest rate benchmark reform' refers to the market-wide reform of an interest rate benchmark, including the replacement of an interest rate benchmark with an alternative benchmark rate such as that resulting from the recommendations set out in the Financial Stability Board's July 2014 report 'Reforming Major Interest Rate Benchmarks'. The company is evaluating the impact of such amendments. Based on current understanding, the amendments may increase the disclosures related to the reform and as such are less likely to have any material impact on the financial position and performance of the company.

# 18.1 NATURE AND PURPOSE OF RESERVE

# 1 Reserve under Section 45-IA of the Reserve Bank of India Act, 1934 (the "RBI Act, 1934")

Reserve under Section 45-IA of RBI Act, 1934 is created in accordance with section 45 IC(1) of the RBI Act, 1934. As per Section 45 IC(2) of the RBI Act, 1934, no appropriation of any sum from this reserve fund shall be made by the NBFC except for the purpose as may be specified by RBI.

# 2 Security premium

Security premium reserve is used to record the premium on issue of shares. The reserve can be utilised only for limited purposes in accordance with the provisions of Section 52 of the Act.

# 3 Surplus in the statement of profit and loss

Surplus in the statement of profit and loss is the accumulated available profit of the Company carried forward from earlier years. These reserve are free reserves which can be utilised for any purpose as may be required.

### FVOCI - loans and advances

The Company has elected to recognise changes in the fair value of loans and advances in other comprehensive income. These changes are accumulated within the FVOCI - loans and advances reserve within equity.

# 5 FVOCI - Remeasurement of the defined benefit liabilities

Remeasurement of the net defined benefit liabilities comprise actuarial gain or loss, return on plan assets excluding interest and the effect of asset ceiling, if any.

### General reserve

The Company has transferred a portion of the net profit to general reserve before declaring dividend pursuant to the provision of erstwhile Companies Act.

### 7 Capital Contribution from Holding Company

The holding Company Arman Financial Services Limited has allotted shares under employee stock option scheme to the eligible employees of the company at an exercise price of ₹ 50/- per option. The reserve is used to recognise the fair value of the options issued to employees of the Company under Company's employee stock option plan.

### 26.1 Employee Benefit Plan:

Disclosure in respect of employee benefits under Ind AS 19 - Employee Benefit are as under:

# a) Defined contribution plan:

The Company's contribution to provident fund and employee state insurance scheme are considered as defined contribution plans. The Company's contribution to provident fund aggregating ₹129.59 Lakhs (31st March 2020: ₹113.61 Lakhs) has been recognised in the statement of profit and loss under the head employee benefits expense.

### b) Defined benefit plan:

Financial assets not measured at fair value:

The Company operates a defined benefit plan (the "gratuity plan") covering eligible employees. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age/ resignation date.

The defined benefit plans expose the Company to risks such as actuarial risk, investment risk, liquidity risk, market risk, legislative risk.

These are discussed as follows:

**Actuarial risk:** It is the risk that benefits will cost more than expected. This can arise due to one of the following reasons:

Adverse salary growth experience: Salary hikes that are higher than the assumed salary escalation will result into an increase in obligation at a rate that is higher than expected.

Variability in mortality rates: If actual mortality rates are higher than assumed mortality rate assumption than the gratuity benefits will be paid earlier than expected. Since there is no condition of vesting on the death benefit, the acceleration of cash flow will lead to an actuarial loss or gain depending on the relative values of the assumed salary growth and discount rate.

**Variability in withdrawal rates:** If actual withdrawal rates are higher than assumed withdrawal rate assumption than the gratuity benefits will be paid earlier than expected. The impact of this will depend on whether the benefits are vested as at the resignation date.

**Investment risk:** For funded plans that rely on insurers for managing the assets, the value of assets certified by the insurer may not be the fair value of instruments backing the liability. In such cases, the present value of the assets is independent of the future discount rate. This can result in wide fluctuations in the net liability or the funded status if there are significant changes in the discount rate during the inter-valuation period.

**Liquidity risk:** Employees with high salaries and long durations or those higher in hierarchy, accumulate significant level of benefits. If some of such employees resign / retire from the Company, there can be strain on the cash flows.

**Market risk:** Market risk is a collective term for risks that are related to the changes and fluctuations of the financial markets. One actuarial assumption that has a material effect is the discount rate. The discount rate reflects the time value of money. An increase in discount rate leads to decrease in defined benefit obligation of the plan benefits and vice versa. This assumption depends on the yields on the government bonds and hence the valuation of liability is exposed to fluctuations in the yields as at the valuation date.

Legislative risk: Legislative risk is the risk of increase in the plan liabilities or reduction in the plan assets due to change in the legislation/ regulation. The government may amend the Payment of Gratuity Act, 1972, thus requiring the companies to pay higher benefits to the employees. This will directly affect the present value of the defined benefit obligation and the same will have to be recognized immediately in the year when any such amendment is effective.

### The status of gratuity plan required under Ind AS 19 is an under:

The discount rate is based on the prevailing market yield of government of India's bond as at the balance sheet date for the estimated terms of the obligations.

# VIII) Sensitivity analysis

Sensitivity analysis is performed by varying a single parameter while keeping all the other parameters unchanged. Sensitivity analysis fails to focus on the interrelationship between underlying parameters. Hence, the results may vary if two or more variables are changed simultaneously.

# IX) Asset liability matching strategies

The Company contributes to the insurance fund based on estimated liability of next financial year. The projected liability statements is obtained from the actuarial valuer.

# X) Effect of plan on the company's future cash flows

# a) Funding arrangements and funding policy

The Company has purchased an insurance policy to provide for payment of gratuity to the employees. Every year, the insurance company carries out a funding valuation based on the latest employee data provided by the Company. Any deficit in the assets arising as a result of such valuation is funded by the Company.

# b) Maturity analysis of defined benefit obligation

The Weighted Average Duration (Years) as at valuation date is 4.74 years.

|                                | Cash flows<br>(₹in Lakhs) | Distributions(%) |

The Company has not disclosed the fair values for cash and cash equivalents, bank balances, Security Deposits, Other Loans, interest due but not Received on loans and advances and Interest Accrued but not due on Bank Deposits, Other payables and other financial liabilities as these are short term in nature and their carrying amounts are a reasonable approximation of fair value.

### B Measurement of fair values

# I. Valuation techniques and significant unobservable inputs

The carrying amounts of financial assets and liabilities which are at amortised cost are considered to be the same as their fair values as there is no material differences from the carrying values presented.

### I. Financial instruments - fair value

The fair value of financial instruments as referred to in note (A) above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurement).

The categories used are as follows:

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices;

**Level 2:** The fair value of financial instruments that are not traded in active market is determined using valuation technique which maximizes the use of observable market data and rely as little as possible on entity specific estimates. If all significant inputs required to fair value on instrument are observable, the instrument is included in level 2; and

**Level 3:** If one or more of significant input is not based on observable market data, the instrument is included in level 3.

### III. Transfers between levels I and II

There has been no transfer in between level I and level II.

# IV. Valuation techniques

### Loans

The Company has computed fair value of the loans and advances through OCI considering its business model. These have been fair valued using the base of the interest rate of loan disbursed in the last seven days of the year end which is an observable input and therefore these has been considered to be fair valued using Level 3 inputs.

# C Capital

The Company maintains an actively managed capital base to cover risks inherent in the business and is meeting the capital adequacy requirements of the local banking supervisor, RBI. The adequacy of the Company's capital is monitored using, among other measures, the regulations issued by RBI.

The Company has complied in full with all its externally imposed capital requirements over the reported period. Equity share capital and other equity are considered for the purpose of Company's capital management.

# C.1 Capital management

The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholder value.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

| Particulars              | As At<br>31 <sup>st</sup> March, 2021 | As At<br>31 <sup>st</sup> March, 2020 |
|--------------------------|---------------------------------------|---------------------------------------|
| Tier 1 Capital           | 11,084.96                             | 10,922.52                             |
| Tier 2 Capital           | 1,726.16                              | 1,278.51                              |
| Risk Weighted Assets     | 63,031.65                             | 57,806.19                             |
| Tier 1 Capital Ratio (%) | 17.59%                                | 18.90%                                |
| Total Capital Ratio (%)  | 20.32%                                | 21.11%                                |

Tier 1 capital consists of shareholders' equity and retained earnings. Tier 2 capital consists of general provision and loss reserve against standard assets and subordinated debt (subject to prescribed discount rates and not exceeding 50% of Tier 1).

# 40. Financial Risk Management Objectives And Policies:

The Company's principal financial liabilities comprise borrowings and trade payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include loan and advances, cash and cash equivalents that derive directly from its operations.

The Company is exposed to credit risk, liquidity risk and market risk. The Company's board of directors has an overall responsibility for the establishment and oversight of the Company's risk management framework. The board of directors has established the risk management committee, which is responsible for developing and monitoring the Company's risk management policies. The committee reports regularly to the board of directors on its activities.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities.

The Company's risk management committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company.

# **Credit Risk**

Credit risk is the risk of financial loss to the Company if a customer or counter-party to financial instrument fails to meet its contractual obligations and arises principally from the Company's receivables from customers and loans.

The carrying amounts of financial assets represent the maximum credit risk exposure.

### Loans and advances:

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry.

The risk management committee has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes external ratings, if they are available, financial statements, credit agency information, industry information etc.

The Company's exposure to credit risk for loans and advances by type of counterparty is as follows:

(₹ in Lakhs)

|   | Carrying amount         |                         |  |
|---|-------------------------|-------------------------|--|
| Particulars   | As at<br>March 31, 2021 | As at<br>March 31, 2020 |  |
| Retail assets   | 59,275.44               | 55,816.63               |  |
| Loans to NBFC-to Create the underlying assets of SME, TW) | -                       | -                       |  |
| Total   | 59,275.44               | 55,816.63               |  |

An impairment analysis is performed at each reporting date based on the facts and circumstances existing on that date to identify expected losses on account of time value of money and credit risk. For the purposes of this analysis, the loan receivables are categorised into groups based on days past due. Each group is then assessed for impairment using the ECL model as per the provisions of Ind AS 109 - financial instruments.

As per Ind AS 109, Company is required to group the portfolio based on the shared risk characteristics. Company has assessed the risk and its impact on the various portfolios but the company has only one portfolio group i.e. Micro Finance to JLG group.

### Staging:

As per the requirement of Ind AS 109 general approach all financial instruments are allocated to stage 1 on initial recognition except originated credit-impaired financial assets which are considered to be under stage 3 on day of origination. However, if a significant increase in credit risk is identified at the reporting date compared with the initial recognition, then an instrument is transferred to stage 2. If there is objective evidence of impairment, then the asset is credit impaired and transferred to stage 3.

The Company considers a financial instrument defaulted and therefore Stage 3 (credit-impaired) for ECL calculations in all cases when the borrower becomes 90 days past due on its contractual payments.

For financial assets in stage 1, the impairment calculated based on defaults that are possible in next twelve months, whereas for financial instrument in stage 2 and stage 3 the ECL calculation considers default event for the lifespan of the instrument.

As per Ind AS 109, Company assesses whether there is a significant increase in credit risk at the reporting date from the initial recognition. Company has staged the assets based on the Day past dues criteria and other market factors which significantly impacts the portfolio

| Days past dues status | Stage   | Provisions          |
|-----------------------|---------|---------------------|
| Current               | Stage 1 | 12 months provision |
| 1-30 days             | Stage 1 | 12 months provision |
| 31-60 days            | Stage 2 | Lifetime Provision  |
| 61-90 days            | Stage 2 | Lifetime Provision  |
| 90+ days              | Stage 3 | Lifetime Provision  |

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The Company is exposed to credit risk from its operating activities, cash and cash equivalents and other financial instruments.

Customer credit risk is managed by each business unit subject to the Company's established policy, procedures and control relating to the customer credit risk management. Outstanding customer receivables are

Director's Report
Auditor's Report
Balance Sheet
Statement of
Profit & Loss
Statement of

Change in Equ Statement of Cash Flow

Notes

regularly monitored and taken up on case to case basis. The Company has adopted a policy of dealing with creditworthy counterparties and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. The Company's exposure and the credit scores of its counterparties are continuously monitored. Credit exposure is controlled by counterparty limits that are reviewed and approved by the management team on a regular basis. The Company evaluates the concentration of risk with respect to loan receivables as low, as its customers are located in several jurisdictions representing large number of minor receivables operating in largely independent markets. The credit risk on cash and bank balances and derivative financial instruments is limited because the counterparties are banks with high credit ratings assigned by international credit rating agencies.

### **EXPECTED CREDIT LOSS FOR LOANS:**

The Company considers default in all cases when the borrower becomes 90 days past due on its contractual payments. 'The Expected Credit Loss (ECL) is measured at 12-month ECL for Stage 1 loan assets and at lifetime ECL for Stage 2 and Stage 3 loan assets. ECL is the product of the Probability of Default, Exposure at Default and Loss Given Default.

### Marginal probability of default:

PD is defined as the probability of whether borrowers will default on their obligations in the future. Historical PD is derived from NBFC internal data calibrated with forward looking macroeconomic factors. For computation of probability of default ("PD"), Vasicek Single Factor Model was used to forecast the PD term structure over lifetime of loans. As per Vasicek model, given long term PD and current macroeconomic conditions, conditional PD corresponding to current macroeconomic condition is estimated. Company has worked out on PD based on the last five years historical data.

# Marginal probability:

The PDs derived from the Vasicek model, are the cumulative PDs, stating that the borrower can default in any of the given years, however to compute the loss for any given year, these cumulative PDs have to be converted to marginal PDs. Marginal PDs is probability that the obligor will default in a given year, conditional on it having survived till the end of the previous year.

### Conditional marginal probability:

As per Ind AS 109, expected loss has to be calculated as an unbiased and probability-weighted amount for multiple scenarios. Based on the historical loss experience, adjustments need to be made on the average PD computed to give effect of the current conditions which is done through management overlay by assigning probability weightages to different scenarios.

# LGD:

LGD is an estimate of the loss from a transaction given that a default occurs. Under Ind AS 109, lifetime LGD's are defined as a collection of LGD's estimates applicable to different future periods.

Various approaches are available to compute the LGD. Company has considered workout LGD approach. The following steps are performed to calculate the LGD:

- 1) Analysis of historical credit impaired accounts at cohort level.
- 2) The computation consists of five components, which are:
  - a) Outstanding balance (POS).
  - b) Recovery amount (discounted yearly) by initial contractual rate.
  - c) Expected recovery amount (for incomplete recoveries), discounted to reporting date using initial contractual rate.
  - d) Collateral (security) amount.

The formula for the computation is as below:

% Recovery rate = (discounted recovery amount + security amount + discounted estimated recovery) / (total POS)

% LGD = 1 – recovery rate

### EAD:

As per Ind AS 109, EAD is estimation of the extent to which the financial entity may be exposed to counterparty in the event of default and at the time of counterparty's default. Company has modelled EAD based on the contractual and behavioral cash flows till the lifetime of the loans considering the expected prepayments. Company has considered expected cash flows for all the loans at DPD bucket level for each of the segments, which was used for computation of ECL. Moreover, the EAD comprised of principal component, accrued interest and also the future interest for the outstanding exposure. So discounting was done for computation of expected credit loss.

### Discounting:

As per Ind AS 109, ECL is computed by estimating the timing of the expected credit shortfalls associated with the defaults and discounting them using effective interest rate.

Changes in ECL allowances in relation to loans from beginning to end of reporting period:

(₹ in Lakhs)

| Particulars                            | March 31, 2021 | March 31, 2020 |
|--|----------------|----------------|
| Opening provision of ECL               | 1,309.78       | 491.30         |
| Addition during the year               | 3,325.48       | 1,270.47       |
| Utilization / reversal during the year | (1,323.47)     | (451.98)       |
| Closing provision of ECL               | 3,311.79       | 1,309.78       |

The Company has taken expert advise from Actuary Valuer for making provision for ECL and accounted ECL provision based on Valuation report provided by Kapadia Actuaries and Consultants.

### II Liquidity Risk:

Liquidity risk is the risk that the Company will encounter difficulty in meeting its obligations associated with its financial liabilities. The Company's approach in managing liquidity is to ensure that it will have sufficient funds to meet its liabilities when due.

The Company is monitoring its liquidity risk by estimating the future inflows and outflows during the start of the year and planned accordingly the funding requirement. The Company manages its liquidity by unutilized cash credit facility, term loans and direct assignment.

The composition of the Company's liability mix ensures healthy asset liability maturity pattern and well diverse resource mix.

Capital adequacy ratio of the Company, as on 31st March 2021 is 20.32% against regulatory norms of 15%. Tier I capital is 17.59% as against requirement of 10%. Tier II capital is 2.74% which may increase from time to time depending on the requirement and also as a source of structural liquidity to strengthen asset liability maturity pattern.

The total cash credit limit available to the Company is ₹ 454 Lakhs spread across 3 banks. The utilization level is maintained in such a way that ensures sufficient liquidity on hand. Majority of the Company's portfolio is MSME loans which qualifies as Priority Sector Lending. During the year, the Company has maintained around 5% to 10% of assets under management as off book through direct assignment transactions. It is with door to door maturity and without recourse to the Company. This further strengthens the liability management.

# III Market risk:

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk includes interest rate risk and foreign currency risk. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

### IV Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's investment in bank deposits and variable interest rate borrowings and lending. Whenever there is a change in borrowing interest rate for the Company, necessary change is reflected in the lending interest rates over the timeline in order to mitigate the risk of change in interest rates of borrowings.

The sensitivity analysis have been carried out based on the exposure to interest rates for bank deposits, lending and borrowings carried at variable rate. (₹ in Lakhs)

### / Foreign currency risk:

As at March 31, 2021, the company has outstanding foreign currency borrowings of Euro 5 million (March 31, 2020: Euro 5 million). The Company has undertaken principal swaps and cross currency swaps to hedge the foreign currency risk of the ECB principals. Whereas the company has entered into floating to fixed coupon only swaps and interest rate swaps along with forward contracts to hedge the floating interest and foreign currency risk of the coupon payments. All the derivative instruments are purely for hedging the underlying ECB transactions as per applicable RBI guidelines and not for any speculative purpose.

The Company is exposed to foreign exchange risk arising from foreign currency transactions. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Company. To mitigate the Company's exposure to foreign currency risk, non-rupee cash flows are monitored and derivative contracts are entered into in accordance with the Company's risk management policies.

# VI Foreign currency risk exposure

The Company exposure to foreign currency risk at the end of the reporting period expressed In Indian Rupees, are as follows: (₹ in Lakhs)

| Particulars                                    | Currency | March 31, 2021 | March 31, 2020 |
|--|----------|----------------|----------------|
| Financial liabilities                          |          |                |                |
| External commercial borrowings (Refer Note 11) | Euro     | 4,151.80       | 4,150.37       |
| (including interest accrued)                   |          |                |                |
| (Gain) / loss: Derivative contract             |          | (6.02)         | 171.80         |

### Sensitivity\*

The sensitivity of profit and loss to changes in the exchange rates arises mainly from foreign currency denominated financial instruments.

### Notes:

- 1) As defined in point xix of paragraph 3 of Chapter 2 of these Directions.
- Provisioning norms are applicable as prescribed in Non-Banking Financial Companies Prudential Norms (Reserve Bank) Directions, 1998.
- 3) All Ind AS issued by MCA are applicable including for valuation of investments and other assets as also assets acquired in satisfaction of debt. However, market value in respect of quoted investments and break up / fair value / NAV in respect of unquoted investments shall be disclosed irrespective of whether they are classified as long term or current in E above.
- **44.** There have been no events after the reporting date that require disclosure in these financial statements.
- **45.** As required in terms of paragraph 13 of Non-Financial Companies Prudential Norms (Reserve Bank) Directions, 2007, schedule to the Balance Sheet of a Non-Banking Financial Company are annexed hereto.
- 46. With the outbreak of COVID-19 pandemic, the Indian government announced a lockdown in March 2020. Subsequently, the national lockdown was lifted by the government, but regional lockdowns continue to be implemented in areas with a significant number of COVID-19 cases. In order to mitigate the burden of debt servicing brought about by disruptions on account of COVID-19 pandemic and to ensure the continuity of viable businesses, the RBI through its circulars dated March 27, 2020 and April 17, 2020, permitted lenders including NBFCs to grant moratorium, on the payment of all instalments and/ or interest, falling due between March 01, 2020 and May 31, 2020 to their borrowers. This period was extended by RBI till August 31, 2020 through its circular dated May 23, 2020. The Company accordingly extended the moratorium option to its borrowers in accordance with its Board approved policies. In respect of such accounts that were granted moratorium, the asset classification remained standstill during the moratorium period. The impact of COVID-19, including changes in customer behaviour and pandemic fears, as well as restrictions on business and individual activities, has led to significant volatility in global and Indian financial markets and a significant decrease in economic activities, which may persist even after the restrictions related to the COVID-19 outbreak are lifted. The slowdown during the year has led to a decrease in loan originations and in collection efforts' efficiency. The extent to which the COVID-19 pandemic, including the current "second wave" that has significantly increased the number of cases in India, will continue to impact the company's operations and financial results will depend on ongoing as well as future developments, which are highly uncertain. The relaxations announced in the lockdowns / restrictions by state governments, that imposed during the "second wave", since last week of May 2021 has helped the company's employees to contact the borrowers and resume business activities.
- **47.** Previous year's figures have been regrouped and rearranged wherever necessary, to make them comparable with those of current year
