## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **Industry Structure and Development – Overview**

With virtually all finance company business lines coming under greater competitive pressure, defining strategic initiatives and backing each with the necessary resources has become imperative for success. On the consumer side of the business, the ability to compete in various product offerings often is dictated by operational efficiencies and economies of scale. In this respect NBFC's face problems of high cost of funds because they lack the nation wide branch network and have a comparatively lower Tier-I and Tier-II capital base.

### **Opportunities, threats, risks and concerns**

The economy is expected to continue with GDP growth rate in the current year. The increased thrust on the infrastructure sector, including power, roads, telecom etc. will continue to provide excellent investment opportunities in the future. Moreover, the growth of the service sector presents new opportunities for the financial services industry in India.

Your Company faces stiff competition from Nationalised, Foreign and Private Banks due to its ability to grant loan at a considerably low rate of interest.

The Company has its own specific risks that are particular to its business and its environment within which it works including fluctuation of interest rates, economic cycle etc. Your company manages this risk by maintaining prudent and commercial business practices and a comprehensive Risk Management Policy.

### **Future Outlook**

Your Company intends to invest in businesses related to infrastructure, telecommunication, software etc. in the coming years since it sees growth in these areas. It will definitely try to establish itself and remain as a strong player in the finance industry. With the Capital market expected to be in a better mood than the previous few years and with our efforts we can look forward to a prosperous year for the company.

### **Internal Control systems and their adequacy**

The Company has in place adequate internal control systems and procedures commensurate with the size and nature of its business. These procedures are designed to ensure:

That all assets and resources are used efficiently and are adequately protected;

That all internal policies and statutory guidelines are complied within letter & spirit; The accuracy and timing of financial reports and management information.

### **Financial operational performance**

The financial statements have been prepared in compliance with the requirements of the Companies Act, 1956 and Generally Accepted Accounting Principles (GAAP) in India.

### **Material Development in Human Resources / industrial relations/ number of people employed.**

The Company believes that people are the key ingredient to the success of an organization. Looking after people makes good business sense because, if people are motivated, service excellence will follow. The Company recognizes the importance and contribution of its Human resources towards its growth and development and is committed to the development of its people.

### **Cautionary statement**

Statement in the Management's Discussion and Analysis describing the Company's projections estimates, expectations or predictions may be forward looking predictions within the meaning of applicable securities laws and regulations. These forward-looking statements are based on certain assumptions and expectations of future events over which the Company exercises no control. The Company cannot guarantee that these assumptions and expectations are accurate or will be realized. Actual results may differ materially from such estimates, projections, etc. whether expressed or implied.

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF SHYAMA INFOSYS LIMITED

#### Report on the Audit of the Ind AS Financial Statements

##### Opinion

We have audited the financial statements of **SHYAMA INFOSYS LIMITED** ("the Company"), which comprise the balance sheet as at 31st March 2023, the statement of Profit and Loss and the Statement of Cash Flow for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2023, and the profit/loss and its cash flows for the year ended on that date.

##### Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

##### Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	Trading in shares Listed at Calcutta Stock Exchange (CSE)	As per the SEBI directive dt: 04.04.2013, SEBI had issued notice to CSE not to continue with the clearing and settlement activities of trades executed on C-Star through its clearing houses. Accordingly, CSE has suspended trading on C-Star. The shares of the Company, which are listed at CSE were not allowed to be traded any more. ##### Responsibility of Management for Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

### **Report on Other Legal and Regulatory Requirements**

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the "Annexure-A" a statement on the matters specified in the paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books
- (c) The Balance Sheet and the Statement of Profit and Loss dealt with by this Report are in agreement with the books of account
- (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

## **ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT**

**(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Shyama Infosys Limited for the year ended March 31, 2022)**

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **SHYAMA INFOSYS LIMITED** (“the Company”) as of March 31, 2023 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

#### **Meaning of Internal Financial Controls Over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Limitations of Internal Financial Controls Over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Its shares are listed on the Bombay Stock Exchange (BSE) and Calcutta Stock Exchange (CSE). The Company is mainly engaged in the business of IT-enabled services and investment & trading in shares and securities.

### 1. SIGNIFICANT ACCOUNTING POLICIES:

#### 1.1 Basis of Accounting

##### 1.1.1 Compliance with Ind AS

The financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Accounting Standards) Rules, 2015] and other provisions of the Act.

The financial statements up to year ended 31st March, 2017 were prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (Previous GAAP).

##### 1.1.2 Historical Cost Convention

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) that is measured at fair value.
- Defined benefit plans - plan assets measured at fair value

##### 1.1.3 Current Versus Non-Current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

- a) expected to be realised or intended to be sold or consumed in the normal operating cycle,
- b) held primarily for the purpose of trading,
- c) expected to be realised within twelve months after the reporting period, or
- d) cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is classified as current when it is:

- a) it is expected to be settled in the normal operating cycle,
- b) it is held primarily for the purpose of trading,
- c) it is due to be settled within twelve months after the reporting period, or
- d) there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

### 1.2 Revenue Recognition

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company's activities as described below. The Company bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

#### 1.2.1 Interest Income

Interest income from Loans given is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

#### 1.2.2 Dividend

Dividend is recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

### 1.3 Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of Property, Plant and Equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

#### Transition to Ind AS

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April, 2016 measured as per the Previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

#### Depreciation Method, Estimated Useful Lives and Residual Values

Depreciation is calculated on a pro-rata basis using the straight-line method to allocate their cost, net of their estimated residual values, over their estimated useful lives in accordance with Schedule II to the Act. Each component of an item of property, plant and equipment with a cost that is significant in relation to the cost of that item is depreciated separately if its useful life differs from the other components of the item.

### 1.4 Investments and Other Financial Assets

#### a. Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

#### b. Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

#### Loans given

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortised Cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired.
- **Fair Value through Other Comprehensive Income (FVTOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through OCI, except for the recognition of

impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in the profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in 'Other Income'.

- **Fair Value through Profit or Loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within 'Other Income' in the period in which it arises.

#### **Equity Instruments**

The Company subsequently measures all equity investments at fair value, except investments in associates which are measured at cost. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Changes in the fair value of financial assets at fair value through profit or loss are recognised in 'Other Income' in the Statement of Profit and Loss.

#### **c. Impairment of Financial Assets**

The Company assesses on a forward looking basis the expected credit losses associated with its assets which are not fair valued through profit or loss. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

109 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

#### **d. Derecognition of Financial Assets**

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

#### **e. Fair Value of Financial Instruments**

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

### **1.5 Financial liabilities**

#### **a. Initial recognition and measurement**

The Company recognises all the financial liabilities on initial recognition at fair value minus, in the case of a financial liability not at fair value through Profit or Loss, transaction costs that are directly attributable to the acquisition or issue of the financial liability.

#### **b. Subsequent measurement**

All the financial liabilities are subsequently measured at amortised cost, except for those mentioned below-

#### **Financial liabilities at fair value through profit or loss**

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This

category also includes derivative financial instruments entered into by the company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109.

Gains or losses on liabilities held for trading are recognised in the profit or loss.

For liabilities designated as Fair Value through profit or loss, fair value gains/losses attributable to changes in own credit risk are recognised in Other Comprehensive Income. These gains/losses are not subsequently transferred to Profit or Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Statement of Profit and Loss.

#### **Financial guarantee contracts**

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation.

#### **1.6 Offsetting Financial Instruments**

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the respective entities in the Company or the counterparty.

#### **1.7 Cash and Cash Equivalents**

For the purpose of presentation in the Cash Flow Statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

#### **1.8 Trade Payables**

Trade payables represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

#### **1.9 Borrowings**

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as non-current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

#### **1.10 Borrowing Cost**

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

**1.11 Income Tax**

The income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax credits and to unused tax losses.

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences, tax credits and losses.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax are recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, if any. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

**1.12 Provisions and Contingencies**

Provisions are recognised when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of the amount cannot be made.

**1.13 Dividend**

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

**1.14 Earnings per Share****a. Basic Earnings per Share**

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Parent Company
- by the weighted average number of equity shares outstanding during the financial year

**b. Diluted Earnings per Share**

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

**1.15 Use of Estimates**

The Preparation of financial statements in conformity with the generally accepted accounting principles in India requires the management to make estimates and assumptions that affects the reported amount of assets and liabilities as at the balance sheet date, the reported amount of revenue and expenses for the periods and disclosure of contingent liabilities at the balance sheet date. The estimates and assumptions used in the financial statements are based upon management's evaluation of relevant facts and circumstances as of the date of financial statements. Actual results could differ from estimates.

**1.16 Recent Accounting Pronouncements**

Ind AS 115 Revenue from Contracts with Customers is applicable for accounting periods beginning on or after 1 April 2018.

There is no major impact of Ind AS 115 on the Company.

**1.17 Critical Estimates and Judgements**

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

This Note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

**The areas involving critical estimates or judgements are:**

- **Provisions and Contingencies —**

The assessments undertaken in recognising provisions and contingencies have been made in accordance with the Ind AS 37. A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Where the effect of time value of money is material, provisions are determined by discounting the expected future cash flows. In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. There are certain obligations which management has concluded, based on all available facts and circumstances, are not probable of payment or are very difficult to quantify reliably, and such obligations are treated as contingent liabilities and disclosed in the notes but are not reflected as liabilities in the financial statements. Although there can be no assurance regarding the final outcome of the legal proceedings in which the Company involved, it is not expected that such contingencies will have a material effect on its financial position or profitability.

- **Deferred Taxes —**

Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for financial reporting purposes and their respective tax bases that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred tax benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned optimising measures. Economic conditions may change and lead to a different conclusion regarding recoverability.

- **Fair Value Measurements —**

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

**26 Financial Instrument-Classification & Fair Value****Financial Instrument by category and hierarchy**

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

**The following methods and assumptions were used to estimate the fair values:**

- A. Fair value of cash and short-term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial institutions approximate their carrying amounts largely due to short term maturities of these instruments.
- B. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for expected losses of these receivables. Accordingly, fair value of such instruments is not materially different from their carrying amounts.

The fair values for loans, security deposits and investment in preference shares were calculated based on cash flows discounted using a current lending rate. They are classified as level 3 fair values in the fair value hierarchy due to the inclusion of unobservable inputs including counter party credit risk.

The fair values of non-current borrowings are based on Effective Interest Rates considering the premium payable on redemption as part of the finance cost (EIR works out to be 10.16% and 13.68%). They are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs, including own credit risk.

Level - 1 - quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level - 2 - other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level - 3 - Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

Fair value of financial assets and liabilities measured at amortised cost-
