#### BUSINESS ORGANIZATION:

The company is dealing only in paper manufacture and sales. The Company is having a plant with an installed capacity of 7500 TPA at Elappully in Palakkad district of Kerala.

#### I. Industry Outlook

The demand for paper is shrinking with economic recession. Paper industry is under recession in line with the overall industrial situation in the country. However we expect brighter years ahead for the industry as a whole.

##### a) Paper policy

The company shall concentrate on launching value added products to increase turnover and profitability. According to the experts, as against the paper industry's growth rate of 8 to 10 % , the market for products in the high-end segment is growing at 30 %. The domestic demand for paper products is now showing a gradual healthy trend across segments. However a significant growth is expected in the high-end segment.
