RESTRUCTURING OF SUNEDISON INFRASTRUCTURE LIMITED BASED ON THE FRAMEWORK AGREEMENT DATED: JUNE 23, 2020

SunEdison Infrastructure Limited ("Company") entered into a framework agreement with South Lake One LLC, Fenice Investment Group LLC, Pashupathy Shankar Gopalan, Anil Jain, SILRES Energy Solution Private Limited, Pashupathy Capital Pte. Ltd, Sherisha Infrastructure Private Limited, Sherisha Technologies Private Limited (promoter of the Company) and Avyan Pashupathy Capital Advisors Private Limited (promoter of the Company) on June 23, 2020 ("Framework Agreement").

Under the Framework Agreement, the Company was, inter alia, to transfer certain identified businesses to a privately incorporated company, SunEdison Energy Solutions Private Limited, which is a related party of the Company falling within the meaning of Section 2(76) of the Companies Act, 2013.

An extraordinary general meeting of the Company ("EGM") was conducted on December 11, 2020, and the shareholders in the said EGM approved the transfer as mentioned above to SunEdison Energy Solutions Private Limited.

A complaint was allegedly filed with the Securities and Exchange Board of India ("SEBI") alleging, inter alia, that the transactions contemplated in the Framework Agreement are against the interests of the minority shareholders of the Company.

Subsequently, SEBI passed an interim order no. WTM/SKM/CFID/4/2020-21 dated: 15 February 2021 under section 19 read with Sections 11(1), 11(4) of the Securities and Exchange Board of India Act, 1992 ("Order").

The Order, inter alia, restrains the parties to the Framework Agreement from proceeding with the proposed transactions contemplated thereunder and directs the Bombay Stock Exchange ("BSE") to conduct a forensic audit on the Company.

For reviewing the proposed transactions of the Company as per the Framework Agreement, 'BDO India LLP' ("hereinafter referred to as "Auditor") was appointed as the Forensic Auditor by BSE on the directions of SEBI to examine the books of accounts of the Company for the period April 1, 2019 to December 31, 2020.

The Auditors commenced the Forensic Audit and in the meanwhile the Company and Fenice Investment Group LLC (hereinafter referred to as "Fenice") (parties to the Framework agreement) submitted their responses and applications in response to SEBI's interim order, vide emails dated April 26, 2021 and March 24, 2021 respectively. On receipt of submission of the said responses, an opportunity for personal hearing was granted to both Company and Fenice on April 27 and April 30, 2021 wherein, both the Company and Fenice appeared through their authorised representatives (ARs). The ARs reiterated the submissions made by the Company and Fenice respectively in their written submissions, and also reiterated their prayers for withdrawal of the interim directions.

After an enquiry/examination of the responses filed by the Company, SEBI has passed a Confirmation Order dated: 15th July 2021 vide WTM/SM/CFID/43/2021- 22 inter alia permitting Fenice Investment Group LLC and South Lake One LLC ("Investors") to convert their CCPS held in SILRES into equity shares of SILRES.

EVENTS SUBSEQUENT TO THE DATE OF FINANCIAL STATEMENTS

Securities and Exchange Board (SEBI) of India passed the Confirmatory Order Dated:15th July 2021 vide WTM/SM/CFID/43/2021- 22 inter alia permitting Fenice Investment Group LLC and South Lake One LLC ("Investors") to convert their CCPS held in SILRES into equity shares of SILRES. Based on the Confirmatory Order, the Company and the Investors are now proposing to terminate the Framework Agreement in order to enter into a Settlement with SEBI (Except to the extent of reliefs granted in the confirmatory order) and filed the Settlement Application with SEBI on August 03, 2021.

Based on the SEBI Confirmatory Order dated: July 15, 2021, Fenice has exercised its right to convert 99,00,000 CCPS into equity shares of SILRES and SILRES has issued 99,00,000 equity shares of SILRES to Fenice pursuant to this conversion.

AUDITORS

STATUTORY AUDITORS

M/s. V K A N & Associates, Chartered Accountants, (Registration No. 014226S) had been appointed as Statutory Auditors of the Company as per Section 139 of the Companies Act, 2013 for a period of 5 years from the conclusion of the 25th Annual General Meeting till the conclusion of the 30th Annual General Meeting, by the members at the Annual General Meeting held on September 26, 2019.

The Board Comments on the Auditors Qualification on the Consolidated Financial Statements are detailed below:

S.No	Auditor Qualification	Board Comments
01	With respect to two subsidiaries, certain liabilities aggregating to INR 1065.59 lakhs outstanding under borrowings, trade payables and other current liabilities do not have sufficient appropriate audit evidence to corroborate the management's assessment of such obligations. Hence, we were unable to determine whether any adjustments might be necessary to such amounts and the corresponding impact on income tax, net income and shareholders' funds.	The Management is currently carrying out necessary reconciliation of such liabilities with the corresponding underlying documents / contracts and other relevant information. Suitable adjustments arising out of such reconciliation, if any, will be incorporated once such exercise is complete.

SECRETARIAL AUDITORS

In accordance with the provisions of Section 204 of the Companies Act, 2013 and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 the Company has appointed Mr. A. Mohan Kumar, Practising Company Secretary, Chennai to undertake the Secretarial Audit of the Company. The Secretarial Audit report is annexed herewith as "Annexure 3".

S.No	Auditor Qualification	Board Comments
01	Further to the resignation of Mr. Hem Senthil Raj, Independent Director on 20-01-2020, the number of Independent Directors in the Company went below the minimum requirement on that date. The Company made necessary efforts to find the suitable person in order to fill the casual vacancy caused by the resignation of Mr. Hem Senthil Raj and appointed Mr. Pillappan Amalanathan as Independent Director on 16-06-2020 which is after the stipulated time period of three months, to fill the casual vacancy.	The Board was in search of qualified, experienced and competent person to be appointed as Independent Director of the Company. Hence, the appointment was made on June 16, 2020.
02	Nomination and Remuneration Committee had only two non-executive directors and the Audit committee had one Independent and one Non-Independent Director only from 20-01-2020 till 15-06-2020 due to the resignation of Mr. Hem Senthil Raj as Independent Director from the Company. The Committees were duly reconstituted comprising of the newly inducted Independent Director, Mr. Pillappan Amalanathan on 16-06-2020.	The Board was in search of qualified, experienced and competent person to be appointed as Independent Director of the Company. Hence, the appointment was made on June 16, 2020. Accordingly, the Audit Committee and Nomination and Remuneration Committee are reconstituted.
03	The Company submitted the Audited Financial Results and Audit Report for the quarter ended 31st March 2020 belatedly. Also, the Company submitted the unaudited Financial Results for the quarter ended 30th June 2020 and for quarter ended 31st December 2020 belatedly.	Due to COVID and lockdown, the operations of the Company were affected. Hence the Company was not able to file the Financials within the due date. BSE has levied penalty on account of the same and the company has paid the same.
04	The Company did not file Form MGT-14 for the loans borrowed from M/s. Sherisha Solar Private Limited vide Board Meeting dated 19-05-2020 in accordance with Section 179 (3) (d) of the Companies Act, 2013. ANNEXURE 3
FORM NO. MR-3**SECRETARIAL AUDIT REPORT****FOR THE FINANCIAL YEAR ENDED MARCH 31, 2021**[PURSUANT TO SECTION 204 (1) OF THE COMPANIES ACT, 2013 AND RULE NO.9 OF THE COMPANIES
(APPOINTMENT AND REMUNERATION PERSONNEL) RULES, 2014]

To,
The Members,
M/s. SunEdison Infrastructure Limited.
(Formerly known as YKM Industries Limited)

I have conducted the Secretarial Audit of the Compliance of applicable statutory provisions and the adherence to good corporate practices by M/s. SunEdison Infrastructure Limited (hereinafter called "the Company") bearing Corporate Identification Number L40100TN1994PLC028263 for the Financial Year ended 31st March 2021. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2021 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2021 according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (ii) The Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (iii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (iv) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI ACT'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

- c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; - The Company did not issue any security during the financial year under review and hence not applicable;
- d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- e) The Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018;
- f) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; - During the financial year under review, the Company has not issued any debt securities and hence not applicable;
- g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; - The Company is not registered as transferor to issue and Share Transfer Agent during the financial year under review and hence not applicable;
- h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; - Not applicable during the financial year under review as the Company has not delisted its equity shares from any stock exchange;
- i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; - The Company has not bought back any of its securities during the financial year under review and hence not applicable; and
- j) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

(vi) Other laws applicable specifically to the Company.

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with BSE Limited(BSE).

I further report that the applicable financial laws, such as Direct and Indirect Tax Laws, have not been reviewed under my audit as the same falls under the review of statutory auditor and by other designated professionals.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above subject to the following observations:

1. Constitution of Board of Directors under Rule 4 of the Companies (Appointment and Qualification of Directors) Rules, 2014:

MANAGEMENT DISCUSSION AND ANALYSIS

INDUSTRY STRUCTURE & DEVELOPMENTS

Covid-19 pandemic has disrupted lives across all countries and communities and had negatively affected global economic growth in 2020. Although vaccine approvals raised hopes of a turnaround in the pandemic in the coming years, however renewed waves and new variants of the virus continue to pose concerns for the outlook. Estimates indicate the virus reduced global economic growth in 2020 to an annualized rate of -3.4% to -7.6%, with a recovery of 4.2% to 5.6% projected for 2021.

Predominantly, it has deeply impacted all the sectors across globe which generally play significant role in the contribution to GDP of the Economy. However, Power sector especially Renewable Energy segment has witnessed a huge demand and added significant installed capacity. Within Renewable energy, solar power had the highest net installed capacity, with a 39% share of all new installations for the year. (see Fig. 1).

https://www.solarpowereurope.org/wp-content/uploads/2021/07/SolarPower-Europe_Global-Market-Outlook-for-Solar-2021-2025_V3.pdf?cf_id=38418

Growth in solar is more than twice as much as all Hydro and Gas capacity combined. When summing up all new renewable power generation capacity shares, we see a steady upward trend in recent years. In 2020, 83% of new installed capacity belonged to renewable technologies, up from 59% in 2016.

Similarly, India's Energy mix has been seeing a shift from more conventional resources of energy to renewable sources. In the year FY20-21, India added 3.5 GW new utility-scale solar capacity was added in India which is lessor by 39% over last year. On the Rooftop side, despite COVID-induced lockdown and restrictions, India added 2 GW of new capacity in FY2021. This segment has been providing significant job creation in India.

India has made considerable progress in terms of electrification, but it has not achieved the goal of universal access yet. Launched in 2017, the Saubhagya scheme aims to provide electricity connections to around 40 million unelectrified households by March 2019. The provision of grid electricity could be an expensive proposition, particularly in remote locations. In such locations, distributed generation of RE, such as rooftop solar, may be a cost-effective solution in providing access to energy.

OPPORTUNITIES AND THREATS:

Although the COVID pandemic created major disruptions and slowed down the installation rate in 2020, the solar segment is expected to bounce back and increase the pace of deployment of solar installations.

However below are the key growth drivers for the C&I segment in Solar business in India:

1. Optimizing Cost:

Rooftop solar offers an excellent value proposition to micro, small and medium enterprises (MSMEs) by significantly bringing down the cost of electricity consumption, which is about 5-20% of their operation costs depending on the nature of the industry.

2. Increasing Consumer Awareness:

C&I consumers who installed rooftop solar plants at some of their facilities are now expanding and planning to adopt rooftop solar across their other industrial assets. Consumers are driven by the popularity and benefits of rooftop solar, especially the guaranteed cost savings and zero upfront capital investment under the OPEX model.

3. Continuous evolution of Technology:

The Indian solar market is constantly exploring new technological developments to increase the share of RE electricity generation with limited onsite/rooftop spaces. Key new trends that are being explored in the Indian market include:

- Adoption of large format modules (400/500Wp series instead of 330Wp series)
- Adoption of bifacial modules depending on site-specific conditions
- Adoption of battery storage for specific applications
- RE+EV solutions for solar carports
- BIPV technology for new commercial buildings.

THREATS

In December 2020, Ministry of Power (MoP) has introduced guideline to cap net metering upto 10kW has completed stopped the C&I industry growth. The policy paralyses were cleared at the end of June 2021 wherein MoP allowed net metering upto 500kW.

RISK AND CONCERNS

Below is the Key Risk factor which are proving to be a threat for the Solar Power industries in India:

Construction Risk:

Land acquisition and construction risks are associated with the acquisition of land and obtaining the relevant clearances for setting up solar and wind project.

Off-taker Risk:

Offtaker risk includes delays in signing PPAs or offtaker noncompliance with PPA terms (such as delays in payments or renegotiation of PPAs). Post signing PPA and commissioning of the project, there is significant delay in payment from Discoms and off-takers which is a big risk.

Transmission and Evacuation infrastructure Risk:

Transmission and evacuation infrastructure risk is the risk that the grid infrastructure faces on non-availability of proper evacuation of power generated by the plant; there is also the challenge of integrating the power generated into the grid.

Removal of subsidy and policy risk

Consumer awareness of the benefits of rooftop solar and solar water pump is low. The competitiveness of rooftop solar tariffs under the OPEX model has improved, particularly for C&I consumers.

Consumers have low awareness of government solar schemes and on the process of obtaining a subsidy. These constitute barriers for the uptake of rooftop solar in India. The Policy also get changes very quickly and this materially affect the project planning. Last year, Government has extended the Safe guard duty on modules which has resulted a significant increase in project cost of solar IPP companies.

Reluctance of DISCOM and Net Metering Policy

Discoms are reluctant to support rooftop solar adoption – particularly in the C&I segment, which pays their highest tariff –because they forgo revenue. Since C&I consumers cross-subsidise electricity consumption for small residential and agricultural consumers, the loss in business from these consumers magnifies the financial burden on discoms. The reluctance of discoms to support rooftop solar adoption manifests in long delays in approvals for net metering connections and in regulations limiting the size of rooftop installations. Further in December 2020, Ministry of Power has introduced guideline to cap net metering upto 10kW has completed stopped the C&I industry growth. The policy paralysed were cleared at the end of June 2021 wherein MoP allowed net metering upto 500kW.

Segment Wise or Product wise performance:

SunEdison Infrastructure Limited executed two distributed solar projects in the last year nodal agencies of renewable energy in each State. Both the projects were subcontracted from 3rd parties because SunEdison Infrastructure Limited and its subsidiaries were not eligible for bidding for the projects. The 1st project was for supply, installation and commissioning of 10,017 home lighting system in Tamil Nadu. The 2nd project was for supply, installation and commissioning of 9810 solar street light in Nagaland.

During the year, Company is completed India's first solar project in Diwana which is supplying power directly to Railway traction line.

During the year, the company registered revenue of Rs. 24,56,82,713 in Rural segment on the standalone basis while Rs. 35,91,24,220 on consolidated basis.

During the year, the company registered revenue of Rs. 40,53,79,588 in C&I segment on the standalone basis while Rs. 31,39,59,129 on consolidated basis.

OUTLOOK

India has achieved a cumulative installed renewable energy capacity (excluding large hydro) of 98.88 GW till July 2021 out of which 3.08 GW was added in the period from April 2021 till July, 2021. The installed RE capacity of India has increased by two-and-half times, whereas the installed solar energy capacity has increased 15 times. Globally, today India stands 4th in RE power capacity, 4th in Wind power, and 5th in Solar Power capacity. India has witnessed one of the highest growth rates for renewable energy in the world.

The Government of India initiated "Azadi Ka Amrit Mahotsav" to celebrate and commemorate 75 years of progressive India and the glorious history of it's people, culture and achievements. Addressing the nation on 75th Independence Day, the Prime Minister took a pledge to make India energy independent before completing 100 years of independence. In addition to this, the Union Budget for 2021-22 has announced a National Hydrogen Energy Mission (NHM) that will draw up a road map for using hydrogen as an energy source. The initiative has the potential of transforming transportation as India has a huge edge in green hydrogen production owing to its favorable geographic conditions and presence of abundant natural elements. Apart from Hydrogen as an energy, Hybrid energy is talk of the town along with Battery Storage. We are working on 2*1MW/2MWh of Battery based projects for the Indian Army at Leh region.

Indian Railways has invited tenders for bidding for projects upto 1 GW and expected to come up with 10GW target of solar energy in the next 5 years. We are continuing to focus on building portfolio with off-take arrangement with credit worthy Public Sector Undertakings like Indian Railway, HCL, Indian Army etc.

Internal control systems and their adequacy

The Company's internal control systems have been strengthened taking into account the nature of business and size of operations to provide for:

- Reliability and integrity of financial and operational information;
- Effectiveness and efficiency of operations and assets;
- Compliances with applicable statutes, policies, listing requirements and management policies and procedures.

The Company has appointed M/s. ASDS & Associates, an independent Chartered Accountant firm, as Internal Auditor of the Company to carry out the audit for the operations and functions of the company to bring out any deviations in the internal control procedures. The Internal Audit report was placed before the Audit Committee for its reviews. The Audit Committee at its meetings regularly review the financial, operating, internal audit and compliance reports to improve performance.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

During the year under review, in the standalone results the revenue has increased from Rs 50 Crores to 65Crores. In Consolidated results the revenue increased from Rs 72 Crores to Rs 63 Crores due to commissioning of plant, which has started generating power during the current year.

The total expenditure increased from Rs 84 Crores to Rs 125 Crores, mainly due to increase in employee cost and other expenses in terms of the future growth of the company. The country wide lockdown of businesses in view of Covid-19 pandemic resulted in increased fixed expenses. During the pandemic the company took all the precautionary measures for the safety of their employees and their family members.

HUMAN RESOURCE MANAGEMENT

Our employees are our most important assets. We are concerned about the well-being of not just our employees but their families too. With the onset of the pandemic, the organization ensured to add parents as dependants in the medical insurance policy and ensured Covid-19 was also covered as part of the medical insurance. As a social responsibility we educated our employees on the importance of being vaccinated and encouraged all our employees to get vaccinated by covering the cost of the vaccination. Throughout the pandemic employees were consistently updated on preventive measures and the importance of a healthy lifestyle. Sessions with experts from the medical field were also conducted to increase awareness and equip our employees with the right medical information.

Continuous Learning was a focal point last year with the introduction of the Knowledge Exchange Program for all employees in the organization wherein SME's took the opportunity to take refresher trainings related to technical skills and soft skills. We encourage our employees to be passionately curious.

Innovation is at the core of our existence and we encourage our employees to be ideators with the implementation of the Innovation Policy.

Lastly, we strengthened our communication channels across the organization with the introduction of the All Hands Meet every quarter wherein employees could directly interact with the Co-founders. We believe that open and transparent communication is key to an organizations growth.

These risks include, but are not limited to, the level of market demand for our services, the highly competitive market for the types of services that we offer, market conditions that could affect our services, our ability to create, acquire and build new businesses and to grow our existing businesses, our ability to attract and retain qualified personnel, currency fluctuations and market fluctuations in India and elsewhere around the world, and other risks not specifically mentioned herein but those that are common to any industry.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SUNEDISON INFRASTRUCTURE LIMITED REPORT ON THE STANDALONE IND AS FINANCIAL STATEMENTS

OPINION

We have audited the accompanying standalone Ind AS financial statements of SunEdison Infrastructure Limited ("the Company") which comprises the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and Notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, and loss, changes in equity and its cash flows for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone Ind AS financial statements.

MATERIAL UNCERTAINTY RELATING TO GOING CONCERN

We draw your attention to Note 39 of the standalone Ind AS financial statements annexed to this report which states that the Company has incurred losses during the year ended 31st March 2021 due to which the net worth has been fully eroded as at such date. We also draw your attention to Note 40 of the standalone Ind AS financial statements wherein a substantial portion of the Company's business is proposed to be restructured and transferred on a slump sale basis. The notes referred to in this paragraph in conjunction, give rise to a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. As more fully explained in such Note 39 of the standalone Ind AS financial statements it is considered appropriate by the management to prepare the financial statements on a going concern basis. Our opinion is not modified in respect of this matter.

EMPHASIS OF MATTER

- 1) We draw your attention to Note 40 of the standalone Ind AS financial statements annexed to this report which more fully describes the transaction which the Company has entered into, vide a Framework agreement dated June 23, 2020, wherein the proposed restructuring is being undertaken to primarily separate the completed projects from the under-development projects and transfer such under-development projects along with the engineering, procurement and construction ("EPC") business and the Trademark "SunEdison" by way of a slump sale on a going concern basis to an entity which is incorporated along with the participation of certain identified external investors. Such note also fully explains events which unfolded by virtue of an interim order received from the Securities Exchange Board of India ('SEBI') and its consequent impact on such restructuring being undertaken by the Company. The management has submitted an application for Settlement before SEBI on August 2, 2021 to terminate such Framework agreement except to the extent of reliefs granted in the Confirmatory order received on July 15, 2021. The management is confident that no material adverse financial impact may arise on account of the SEBI order issued in February 2021.
- 2) We draw your attention to Note 41 of the standalone Ind AS financial statements annexed to this report, wherein management has assessed that there is no material impact in the financial statements due to lockdown and related restrictions imposed towards COVID 19 pandemic. Management continues to monitor all material changes to the Company's internal and external environment due to the Covid-19 pandemic.

OUR OPINION IS NOT MODIFIED IN RESPECT OF THESE MATTERS.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the standalone Ind AS Financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Material Uncertainty Related to Going Concern section of our report, we have determined the matters described below to be the key audit matters to be communicated in our report

SR. NO.	KEY AUDIT MATTER	AUDITOR'S RESPONSE
1	<p>Accuracy of recognition, measurement, presentation and disclosure of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers"</p> <p>The application of the revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the appropriateness of the basis used to measure revenue recognized over a period; estimation of costs to complete, determining the stage of completion and the timing of revenue recognition</p>	<p>Our procedures included, among others, obtaining an understanding of contract execution processes and relevant controls relating to the accounting for customer contracts. We tested the relevant internal controls used to ensure the completeness, accuracy and timing of revenue recognized, including controls over the degree of completion of service contracts at year-end.</p> <p>We read a sample of contracts to assess whether the method for recognition of revenue was relevant and consistent with Ind AS 115 and has been applied consistently. We focused on contract classification, allocation of income and cost to individual performance obligations and timing of transfer of control.</p>

	<p>Further, revenue comprises of 'at a point in time' types of contracts where revenue is recognized on transfer of control in relation to sale of solar water pumps (supply-only and supply-and-installation) and 'over a period of time' types of contracts which involves assessing the degree of completion for Ground Solar Power Plants and Rooftop projects. The Company recognizes revenue and profit/loss based on stage of completion which is computed based on the proportion of contract costs incurred at the balance sheet date in relation to the total estimated costs of the contract at completion. The recognition of revenue and profit/loss therefore rely on estimates in relation to the total estimated costs of each contract.</p> <p>Refer Note 3(c) of the standalone Ind AS financial statements.</p>	<p>Where a contract contained multiple elements, we considered Management's judgements as to whether they comprised performance obligations that should be accounted for separately, and in such cases, challenged the judgements made in the allocation of consideration to each performance obligation.</p> <p>We evaluated and challenged the significant judgements and estimates made by Management in applying the Company's accounting policy to a sample of specific contracts and separable performance obligations of contracts, and we obtained evidence to support them, including details of contractual agreements, delivery records, cost estimations, budget approvals and cash receipts. For the contracts selected, we inspected original signed contracts and reconciled the revenue recognized to the underlying accounting records.</p>
2	<p>Warranty Provisions</p> <p>The Company's product warranties primarily cover expected costs to repair or replace components with defects or functional errors and financial losses suffered by the Company's customers in connection with unplanned suspension of operations. Warranties are usually granted for a period of five to ten years from legal transfer of the solar water pumps. This area is complex as the completeness and valuation of the expected outcome of warranty provisions requires a high degree of judgement and the use of estimates giving rise to inherent uncertainty in the amounts recorded in the standalone Ind AS financial statements. Refer Note 19 of the standalone Ind AS financial statements.</p>	<p>We tested the relevant internal controls regarding completeness of warranty provisions and how Management assesses valuation of provisions. We challenged the assumptions underlying the valuation of provisions by checking and corroborating the inputs used to calculate the provisions, including interviewing Management regarding individual cases. We assessed specific warranty provisions held for individual cases to evaluate whether the warranty provisions were sufficient to cover expected costs at year-end. Further, we assessed the level of historical warranty claims to assess whether the total warranty provisions held at year-end were sufficient to cover expected costs in light of known and expected cases and standard warranty periods provided.</p>

INFORMATION OTHER THAN THE STANDALONE IND AS FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Director's report but does not include the standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone Ind AS financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

MANAGEMENT'S RESPONSIBILITY FOR THE STANDALONE IND AS FINANCIAL STATEMENTS

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) and accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process

AUDITOR'S RESPONSIBILITY FOR THE AUDIT OF THE STANDALONE IND AS FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone Ind AS financial statements, including the disclosures, and whether the standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - e) The matter described in the Material uncertainty related to Going Concern section above, in our opinion, may have an adverse effect on the functioning of the Company.
 - f) On the basis of the written representations received from the directors for the year ended March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
 - g) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses a qualified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the Company being a private company, section 197 of the Act related to the managerial remuneration not applicable.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position. Also refer Note 40 of the standalone Ind AS financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(REFERRED TO IN PARAGRAPH 1(H) UNDER
'REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS'
SECTION OF OUR REPORT TO THE MEMBERS OF
SUNEDISON INFRASTRUCTURE LIMITED OF EVEN DATE)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF
SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

We have audited the internal financial controls over financial reporting of SunEdison Infrastructure Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, to the best of our information and according to the explanations given to us, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SUNEDISON INFRASTRUCTURE LIMITED
NOTES TO STANDALONE FINANCIAL
STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021
(ALL AMOUNT ARE IN INDIAN RUPEES, UNLESS OTHERWISE STATED)

1. BACKGROUND

SunEdison Infrastructure Limited is a Public Company domiciled and headquartered in India and was incorporated under the Companies Act, 1956. The Company is engaged in the business of rendering engineering, procurement and construction services in respect of ground solar power plants, solar water pumps and home systems.

2. BASIS OF PREPARATION

a. Statement of Compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, at the end of each reporting period as explained in the accounting policies below, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. Details of the Company's significant accounting policies are included in Note 3.

b. Functional and Presentation Currency

The functional currency of the Company is the Indian rupee. All the financial information have been presented in Indian Rupees (Rs.) except for share data or as stated otherwise.

c. Basis of Measurement

"These financial statements have been prepared on the historical cost basis except for the following items:

a) Net defined benefit liability - Present value of defined benefit obligations

b) Certain financial assets and financial liabilities - Fair value"

d. Use of Estimates

In preparing these financial statements, Management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized prospectively.

Judgements are made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements and the same is disclosed in the relevant notes to the financial statements.

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment are reviewed on an on-going basis and the same is disclosed in the relevant notes to the financial statements.

e. Measurement of Fair Values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and /or disclosure purposes in these financial statements is determined on such a basis, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e.as prices) or indirectly (i.e. derived from prices);
- Level 3 inputs are unobservable inputs for the asset or liability.

3 SIGNIFICANT ACCOUNTING POLICIES

a. Foreign Currency Transactions

The functional currency of the Company is the Indian rupee. The financial statements are presented in Indian rupee.

Foreign-currency-denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rate in effect at the Balance Sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

All foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/(losses).

b. Inventories

Inventories are valued at the lower of cost and net realizable value. Cost of inventories comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost includes all taxes and duties, but excludes duties and taxes that are subsequently recoverable from tax authorities.

The methods of determining cost of various categories of inventories are as follows:

Description	Methods of determining cost
Raw Materials	First-In-First-Out (FIFO)

Net realisable value is the estimated selling price less estimated costs for completion and sale. Obsolete, slow moving and defective inventories are identified from time to time and, where necessary, a provision is made for such inventories.

c. Revenue Recognition

The Company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring promised goods or service to a customer. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Performance obligation is satisfied over time when the transfer of control of good or service to a customer is done over time and in other cases, performance obligation is satisfied at a point in time. Transaction price is the amount of consideration to which the Company expects it to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of a third party. Significant judgments are used in:

a. Determining the revenue to be recognised in case of performance obligation satisfied over a period of time. Revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.

b. Determining the estimated losses, which are recognised in the period in which such losses become probable based on the expected total contract cost as at the reporting date. For contracts where the aggregate of contract cost incurred to date plus recognised profits (or minus recognised losses as the case may be) exceeds the progress billing, the surplus is shown as contract assets. For contracts where progress billing exceeds the aggregate of contract costs incurred to-date plus recognised profits (or minus recognised losses, as the case may be), the surplus is shown as contract liabilities.

Amounts received before the related work is performed are disclosed in the Balance Sheet as contract liability and termed as "Advances from customers". The amounts billed on customer for work performed and are unconditionally due for payment i.e only passage of time is required before payment falls due, are disclosed in the Balance Sheet as trade receivables.

d. Property, Plant and Equipment

Property, plant and equipment are stated at cost of acquisition less accumulated depreciation. Cost includes freight, duties and taxes and other incidental expenses related to the acquisition, but exclude duties and taxes that are recoverable subsequently from tax authorities. Capital work in progress includes the cost of assets that are not ready for its intended use and cost of assets not put to use before the balance sheet date. Dismantling costs and costs of removing the item and restoring the site on which it is located is required to be included in the cost of property, plant and equipment where ever applicable and Cost of major inspections is recognized in the carrying amount of property, plant and equipment as a replacement, if recognition criteria are satisfied and any remaining carrying amount of the cost of previous inspection is derecognized. An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in profit or loss.

Depreciation

The management estimates the useful lives tangible fixed assets as follow:

Description	Useful lives
Computers	3 years
Vehicles	8-10 years
Office equipments	5 years
Furnitures and fixtures	10 years
Trademarks	10 years

e. Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

f. Income Taxes

Income tax expense comprise current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting that tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognized only to the extent there is a reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at the balance sheet date and written down or written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realized. Current tax and deferred tax assets and liabilities are offset to the extent to which the Company has a legally enforceable right to set off and they relate to taxes on income levied by the same governing taxation laws.

Minimum Alternate Tax ("MAT") paid in accordance with tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the company would pay normal income tax after tax holiday period and accordingly, MAT is recognized as an asset in the balance sheet when it is probable that the future economic benefit associated with it will flow to the company and the asset can be measured reliably. MAT credit entitlement is reviewed at each balance sheet date and written down to the extent there is no convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

g. Provisions, Contingent Liabilities and Contingent Assets

The Company creates a provision when there is present obligation as a result of past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are neither recognized nor disclosed in the financial statements.

Provision for onerous contracts i.e. contracts where the expected unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on reliable estimate of such obligation.

h. Earnings per share

Basic earnings per equity share is computed by dividing the net profit for the year attributable to the Equity Shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit for the year, adjusted for the effects of dilutive potential equity shares, attributable to the Equity Shareholders by the weighted average number of the equity shares and dilutive potential equity shares outstanding during the year except where the results are anti-dilutive.

i. Cash Flow Statements

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

j. Financial Instruments:

Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of

principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

iii) Financial assets at fair value through profit or loss

A financial asset, which is not classified in any of the above categories, is subsequently fair valued through profit or loss.

iv) Impairment of Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL, as applicable, as the case may be. The amount of ECLs (or reversals, if any) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the profit or loss.

v) Financial Liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination, which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition of Financial Instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

k. Leases

The company assesses whether a contract contains a lease at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether (i) the contract involves the use of an identified asset (ii) the company has substantially all of the economic benefits from the use of the asset through the period of the lease and (iii) the company has the right to direct the use of the asset. The company has applied the exemption of not to recognize Right to Use assets and liabilities for leases with less than 12 months of lease term on the date of initial application as a practical expediency. For these short term and low value leases, the Company recognises the lease payments as an operating expense on a straight line basis over the term of the lease.

l. Employee Benefits

i. Short-term employee benefits: Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognized as an expense as the related service is rendered by employees.

ii. Post employment benefits:

Defined Contribution Plans

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards employee provident fund to Government administered provident fund scheme which is a defined contribution plan. The Company's contribution is recognized as an expense in the statement of profit and loss during the year in which the employee renders the related service.

Defined Benefit Plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees. The Plan provides payment to vested employees at retirement, death or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The Company provides for gratuity based on actuarial valuation as at the balance sheet date. The actuarial valuation has been carried out using 'Projected Unit Method' by an independent actuary.

Compensated Absences

Provision for compensated absences is made by the Company as at the balance sheet date of the un-availed leave standing to the credit of employees in accordance with the service rules of the Company. Liabilities related to the compensated absences are determined by actuarial valuation using projected unit credit method as at the balance sheet date.

Actuarial gains and losses are recognized in the Statement of other comprehensive income in the period in which they occur. The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, as reduced by the fair value of scheme assets.

m. Operating Cycle

Based on the nature of activities of the company and the normal time between rendering of services and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

n. New Accounting standards yet to be adopted

Ministry of Corporate affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

35. SEGMENT REPORTING

Ind AS 108 establishes standards for reporting information about operating segments and related disclosures about product and services, geographical areas and major customers. Based on 'management approach' as defined in Ind AS 108, the Board of Directors evaluates the company performance and allocates resources based on analysis of various performance indicators by business segments and geographical segments. Accordingly information has been presented both along business segment and geographical segment. The accounting principle used in the preparation of financial statements are consistently applied to record revenue and expenditure in individual segment and or as set out in the significant accounting policies.

Business segment of the company comprise of:-

- (i) Engineering, procurement and construction ('EPC-Rural') - Supply, installation, commissioning and maintenance of solar water pumps and home systems.
- (ii) Engineering, procurement and construction ('EPC-Commercial and Industrial (C&I)') - Supply, installation, commissioning and maintenance of Ground solar power plants and Rooftop.

Segment assets are measured in the same way as in the financial statements. These assets are allocated based on the operations of the segment and the physical location of the assets. Segments assets do not include investments and income tax assets which are managed for the Company as whole.

Segment liabilities are measured in the same way as in the financial statements. These liabilities are allocated based on the operations of the segment. Segments liabilities do not include borrowings and income tax liabilities which are managed for the Company as a whole.

37. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and foreign currency risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary risks to the Company are credit and liquidity risk.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

(i) Credit Risk

Credit risk management

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The company assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

a) Provision for Expected Credit Loss

The company provides for loss allowance based 12 months credit loss except in the case of trade receivables which are provided based on life-time credit loss. For the assessment of 12 months of life time expected credit loss, assets are classified into three categories as standard, sub-standard and doubtful based on the counter-party's capacity to meet the obligations and provision is determined accordingly. Standard assets are those where the risk of default is negligible, sub-standard are those where the credit risk is significantly increased since inception and doubtful assets are those where the assets are impaired.

(ii) Liquidity Risk

Liquidity risk is the risk that the company will not be able to meet its financial obligations as they become due. The company manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The Company depends on its related parties for short term funds to maintain liquidity for fulfilling its working capital requirements. In addition, processes and policies related to such risks are overseen by senior management.

The working capital position of the Company is given below:

39. GOING CONCERN ASSUMPTION

The Company has incurred losses in the current year and consequently the net worth has been completely eroded as at the balance sheet date. Also refer Note 40 below which fully describes that a substantial portion of the Company's business is proposed to be restructured and transferred on a slump sale basis. However based on the order received from Securities Exchange Board of India ('SEBI') the Company has submitted an application of Settlement before such regulator on August 3, 2021 to terminate such restructuring as proposed under the Framework agreement (referred to in Note 40) except to the extent of reliefs granted in the Confirmatory order received on July 15, 2021. All these factors considered together thereby raise a substantial doubt about the Company's ability to continue on a going concern basis for the foreseeable future. However, the Company has developed alternative business plans and is confident of continuing the business in a profitable manner based on the cash flow projections prepared by the management. Accordingly, these financial statements have been prepared on a going concern basis and do not include any adjustments to the recorded amounts of assets and liabilities that may be necessary if the entity is unable to continue as a going concern.

"The Company entered into a framework agreement dated June 23, 2020 with South Lake LLC ("South Lake"), Fenice Investment Group LLC ("Fenice"), Pashupathy Shankar Gopalan, Anil Jain, SILRES Energy Solutions Private Limited, Pashupathy Capital Pte Limited, Sherisha Infrastructure Private Limited, Sherisha Technologies Private Limited and Avyan Pashupathy Capital Advisors Private Limited (referred to as the "Framework agreement"). The Framework agreement intends to restructure and transfer the under construction Commercial and Industrial customers, rural and residential businesses of the Company and its relevant subsidiaries to SunEdison Energy Solutions Private Limited, which is a joint venture between a company proposed to be set up in the United Kingdom by Pashupathy Capital Pte Limited, South Lake and Fenice.

The proposed restructuring is being undertaken to primarily separate the completed projects from the under-development projects and transfer the under-development projects along with the engineering, procurement and construction ("EPC") business and the Trademark "SunEdison" by way of a slump sale on a going concern basis to SunEdison Energy Solutions Private Limited for a consideration of INR 45 crores. The businesses referred to in such agreement which are going to be transferred include (hereinafter referred to as 'the carve out business');

1) EPC business segment (Rural and C&I) and the Trademark which is an intangible asset of the Company

2) All equity shares held as investments in Ishaan Solar Power Private Limited, SILRES Energy Solutions Private Limited, Megamic Electronics Private Limited and Enercover Energy Recovery Solutions Private Limited. In light of the proposed transfer of the shares of the aforementioned entities, the Company has sold equity shares held in SEI Tejas Private Limited to Ishaan Solar Power Private Limited on December 15, 2020.

3) Sherisha Solar Private Limited which was held by SIL Rooftop Private Limited (subsidiary of the Company) has been converted into Sherisha Solar LLP on October 29, 2020. 36% of the partnership interest, constituting 99% of the economic interest, of such LLP has been transferred to the Company against INR 18.67 crores which was infused into the firm on December 15, 2020. Such interest in the firm is also proposed to be part of the transfer. The slump sale of the businesses above is proposed to be completed by way of a Business Transfer Agreement to be executed once the valuation of the businesses and subsidiaries being transferred is undertaken.

Apart from the above transaction, the Company also proposed to convert the loan outstanding, including interest accrued, to Sherisha Technologies Private Limited in the books of SIL Rooftop Solar Power Private Limited aggregating to INR 8.99 crores into equity shares of SIL Rooftop Solar Power Private Limited. Such conversion of loan into equity is also part of the Framework agreement. Necessary shareholder approvals have been sought and obtained for the proposed transfer and conversion of loan into equity shares in December 2020.

However, the Company received an interim order from Securities Exchange Board of India ('SEBI') on February 15, 2021 basis a complaint it received alleging sale of assets of the Company at an erroneous and reduced valuation. Pursuant to such order

a) the Company has been restrained from disposing, selling or alienating its assets including the transactions agreed upon under the Framework agreement referred above.

b) The stock exchange (BSE) is directed to appoint a forensic auditor to examine the books of accounts of the Company for the period April 01, 2019 to December 31, 2020.

Even though the shareholders have accorded their approval on the proposed transactions as per the Framework agreement, the order received from SEBI is construed as an adverse event under such Framework agreement thereby giving rise to a material uncertainty surrounding the completion of the transaction. The management has made representations to the SEBI against the order raised by SEBI and a forensic audit has also commenced post the issuance of the Order. Subsequent to the Balance sheet date, the Company received another order dated July 15, 2021 from SEBI wherein specific relief was accorded to Fenice and South Lake for conversion of the CCPS into equity shares along with a few other stipulated rights in one of the subsidiaries of the Company, namely SILRES Energy Solutions Private Limited. The said order also specifies that the status quo should remain the same pending conclusion of the ongoing investigation in relation to the remaining aspects of the Framework agreement as per its original order issued in February 2021. Moreover, the management has submitted an application for Settlement before SEBI on August 2, 2021 proposing the following settlement terms:

- a) Termination of such Framework agreement except to the extent of reliefs granted in the Confirmatory order received on July 15, 2021. The parties will enter into appropriate agreements for repayment and securing of the loans provided SILRES Energy Solutions Private Limited to the Company and its subsidiaries.
- b) The slump sale of the identified business would be cancelled along with the conversion of loan of INR 8.98 crores granted by Sherisha Technologies Private Limited to SIL Rooftop Private Limited.
- c) A proposed settlement sum of INR 5 lakhs in line with the SEBI settlement regulations,

Considering the context as explained above, the management is confident that no material adverse financial impact may arise on account of the SEBI order issued in February 2021."

41. The outbreak of Coronavirus (COVID -19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. The Company has evaluated impact of this pandemic on its business operations, assessed the Company's liquidity position for the next one year and evaluated the recoverability and carrying value of its assets as at March 31, 2021. Based on its review, consideration of internal and external information up to the date of approval of these financial statements and current indicators of future economic conditions relevant to the Company's operations, management has concluded that there are no adjustments required to the Company's financial statements. However, the estimated impact of COVID 19 might vary from the date of approval of these financial statements and the Company will continue to monitor any material changes to future economic conditions.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF SUNEDISON INFRASTRUCTURE LIMITED REPORT ON THE CONSOLIDATED IND AS FINANCIAL STATEMENTS

QUALIFIED OPINION

We have audited the accompanying consolidated financial statements of SunEdison Infrastructure Limited ("the Parent"/ "the Holding Company") and its subsidiaries, (the Parent/ Holding Company and its subsidiaries together referred to as "the Group"), which comprise the Consolidated Balance Sheet as at 31st March 2021, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income) , the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of the other auditors on separate financial statements of the subsidiaries referred to in the Other Matters section below, except for the possible effects of the matter described in the Basis for Qualified Opinion section below, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended ('Ind AS'), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2021, and their consolidated loss, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

BASIS FOR QUALIFIED OPINION

With respect to two subsidiaries, certain liabilities aggregating to INR1065.59 lakhs outstanding under borrowings, trade payables and other current liabilities do not have sufficient appropriate audit evidence to corroborate the management's assessment of such obligations. Hence, we were unable to determine whether any adjustments might be necessary to such amounts and the corresponding impact on income tax, net income and shareholders' funds.

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing specified under section 143 (10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us and other auditors in terms of their reports referred to in the sub-paragraphs of the Other Matters section below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated financial statements.

MATERIAL UNCERTAINTY RELATING TO GOING CONCERN

- 1) We draw your attention to Note 43 of the consolidated financial statements annexed to this report which states that the Group has incurred losses during the year ended 31st March 2021 due to which the net worth has been fully eroded as at such date. We also draw your attention to Note 45 of the consolidated financial statements annexed to this report wherein a substantial portion of the Company's business is proposed to be restructured and transferred on a slump sale basis. The notes referred to in this paragraph considered in conjunction, give rise to a material uncertainty that may cast significant doubt on the Company's ability to continue as a going concern. As more fully explained in such Note 43 of the consolidated financial results it is considered appropriate by the management to prepare the financial statements on a going concern basis. Our conclusion is not modified in respect of this matter.
- 2) We draw your attention to Note 44 of the consolidated financial statements which details that the net worth of a subsidiary (SEI Tejas Private Limited) has been fully eroded as at 31st March, 2021 and such subsidiary has also incurred a loss during year ended on such date thereby raising substantial doubt about the subsidiary's ability to continue in operation for the foreseeable future. However, the standalone Ind AS financial statements of such subsidiary has been prepared on a going concern basis as some of the related parties of such subsidiary have been according financial support in the form of short term borrowings to enable it to meet its working capital related obligations and the management of such subsidiary is confident that such support will continue until such time it is able to meet such obligations on its own.

Emphasis of Matter

- 1) We draw your attention to Note 45 of the consolidated financial results which more fully describes the transaction which the Company has entered into, vide a Framework agreement dated June 23, 2020, wherein the proposed restructuring is being undertaken to primarily separate the completed projects from the under-development projects and transfer such under-development projects along with the engineering, procurement and construction ("EPC") business and the Trademark "SunEdison" by way of a slump sale on a going concern basis to an entity which is incorporated along with the participation of certain identified external investors. Such note also fully explains events which unfolded by virtue of an interim order received from the Securities Exchange Board of India ('SEBI') and its consequent impact on such restructuring being undertaken by the Company. The management has submitted an application for Settlement before SEBI on August 3, 2021 proposing terms of settlement as detailed in such note. One of the primary settlement terms proposed is to terminate such Framework agreement except to the extent of reliefs granted in the Confirmatory order received on July 15, 2021 from SEBI. The management is confident that no material adverse financial impact may arise on account of the SEBI order issued in February 2021. Our opinion is not modified in respect of this matter.
- 2) We draw your attention to Note 46 of the consolidated financial statements annexed to this report, wherein management has assessed that there is no material impact in the consolidated financial statements due to lockdown and related restrictions imposed towards COVID 19 pandemic. Management continues to monitor all material changes to the Company's internal and external environment due to the Covid-19 pandemic.

- 3) We draw attention to Note 41A of the consolidated financial statements annexed to this report where a subsidiary had transactions in foreign currency with parties outside India relating to various contracts. As at the balance sheet date, there are balances which are receivable/payable from such parties outstanding beyond the period permitted under RBI/FEMA regulations. Moreover, relevant annual filings and returns required to be filed under RBI/FEMA regulation with respect to foreign currency transactions/balances have not yet been carried out by such subsidiary. The subsidiary is in the process of initiating necessary actions to comply with the relevant requirements under RBI/FEMA regulations.

OUR OPINION IS NOT MODIFIED IN RESPECT OF THESE MATTERS.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the consolidated Ind AS Financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section and Material Uncertainty Related to Going Concern section of our report, we have determined the matters described below to be the key audit matters to be communicated in our report.

SR. NO.	KEY AUDIT MATTER	AUDITOR'S RESPONSE
1	<p>Accuracy of recognition, measurement, presentation and disclosure of revenues and other related balances in view of adoption of Ind AS 115 "Revenue from Contracts with Customers"</p> <p>The application of the revenue accounting standard involves certain key judgements relating to identification of distinct performance obligations, determination of transaction price of the appropriateness of the basis used to measure revenue recognized over a period; estimation of costs to complete, determining the stage of completion and the timing of revenue recognition</p> <p>Further, revenue comprises of 'at a point in time' types of contracts where revenue is recognized on transfer of control in relation to sale of electricity, solar water pumps (supply-only and supply-and-installation) and 'over a period of time' types of contracts which involves assessing the degree of completion for Ground Solar Power Plants and Rooftop projects. The group recognizes revenue and profit/loss based on stage of completion which is computed based on the proportion of contract costs incurred at the balance sheet date in relation to the total estimated costs of the contract at completion.</p>	<p>Our procedures included, among others, obtaining an understanding of contract execution processes and relevant controls relating to the accounting for customer contracts. We tested the relevant internal controls used to ensure the completeness, accuracy and timing of revenue recognized, including controls over the degree of completion of service contracts at year-end.</p> <p>We read a sample of contracts to assess whether the method for recognition of revenue was relevant and consistent with Ind AS 115 and has been applied consistently. We focused on contract classification, allocation of income and cost to individual performance obligations and timing of transfer of control. Where a contract contained multiple elements, we considered Management's judgements as to whether they comprised performance obligations that should be accounted for separately, and in such cases, challenged the judgements made in the allocation of consideration to each performance obligation.</p> <p>We evaluated and challenged the significant judgements and estimates made by Management in applying the Company's accounting policy to a sample of specific</p>

	<p>The recognition of revenue and profit/loss therefore rely on estimates in relation to the total estimated costs of each contract.</p> <p>Refer Note 3(c) of the Consolidated Ind AS financial statements.</p>	<p>contracts and separable performance obligations of contracts, and we obtained evidence to support them, including details of contractual agreements, delivery records, cost estimations, budget approvals and cash receipts. For the contracts selected, we inspected original signed contracts and reconciled the revenue recognized to the underlying accounting records.</p>
2	<p>Warranty provisions</p> <p>The Company's product warranties primarily cover expected costs to repair or replace components with defects or functional errors and financial losses suffered by the Company's customers in connection with unplanned suspension of operations. Warranties are usually granted for a five to ten years period from legal transfer of the solar water pumps. We focused on this area as the completeness and valuation of the expected outcome of warranty provisions requires a high degree of Management judgement and the use of estimates giving rise to inherent uncertainty in the amounts recorded in the Ind AS financial statements. Refer Note 21 of the Consolidated Ind AS financial statements.</p>	<p>We tested the relevant internal controls regarding completeness of warranty provisions and how Management assesses valuation of provisions. We challenged the assumptions underlying the valuation of provisions by checking and corroborating the inputs used to calculate the provisions, including interviewing Management regarding individual cases. We assessed specific warranty provisions held for individual cases to evaluate whether the warranty provisions were sufficient to cover expected costs at year-end. Further, we assessed the level of historical warranty claims to assess whether the total warranty provisions held at year-end were sufficient to cover expected costs in light of known and expected cases and standard warranty periods provided.</p>

INFORMATION OTHER THAN THE FINANCIAL STATEMENTS AND AUDITOR'S REPORT THEREON

The Holding Company's Board of Directors is responsible for the other information. The other information obtained at the date of this auditor's report is information included in the Director's report but does not include the Consolidated Ind AS financial statements, standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the Consolidated Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated Ind AS financial statements, our responsibility is to read the other information, compare with the financial statements of the subsidiaries audited by the other auditors, to the extent it relates to these entities and, in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to the subsidiaries is traced from their financial statements audited by other auditors.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. As described in the Basis for Qualified Opinion section above, we were unable to obtain sufficient appropriate audit evidence with respect to certain liabilities aggregating to INR 1,065.59 lakhs outstanding as at March 31, 2021 under trade payables and other current liabilities to corroborate the management's assessment of such obligations.

Hence, we are unable to determine whether any adjustments might be necessary to such amounts and the corresponding impact on income tax, net income and shareholders' funds. Accordingly, we are unable to conclude whether or not the other information is materially misstated with respect to this matter.

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The Holding Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated Ind AS financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate or cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated Ind AS financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated Ind AS financial statements, including the disclosures, and whether the consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the branches, entities or business activities within the Group to express an opinion on the consolidated Ind AS financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such branches or entities or business activities included in the consolidated Ind AS financial statements of which we are the independent auditors. For the entities included in the consolidated Ind AS financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated Ind AS financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated Ind AS financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated Ind AS financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

OTHER MATTERS

We did not audit the financial statements of four subsidiaries included in the consolidated financial results, whose financial statements reflect total assets of Rs. 39,336.81 lakhs as at March 31, 2021, total revenues of Rs. 3,401.19 lakhs, total comprehensive income (comprising profit and other comprehensive income) of Rs. 633.43 lakhs and cash flows (net) of Rs. 443.80 lakhs for the year ended March 31, 2021, as considered in the consolidated Ind AS financial statements. These standalone Ind AS financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of subsection (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements above and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of other auditors.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of other auditors on the separate financial statements of the subsidiaries referred to in the Other Matters section above we report, to the extent applicable that:

- a) We have sought and except for the matter described in sub-paragraph of the Basis for Qualified Opinion section above and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section above, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books, returns and the reports of the other auditors.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows/ the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion section above, the aforesaid consolidated financial statements comply with the Ind AS/ Accounting Standards specified under Section 133 of the Act.
- e) The matter described in the Basis for Qualified Opinion section and in the Material uncertainty related to Going Concern section above, in our opinion, may have an adverse effect on the functioning of the Group.
- f) On the basis of the written representations received from the directors of the Holding Company for the year ended 31st March 2021 taken on record by the Board of Directors of the Company and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on 31st March, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.

- g) The qualification relating to maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion section above.
- h) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Holding company and subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
- i) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- j) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Group had disclosed the impact of the pending litigations which would impact its financial position. Refer note 36 to the consolidated Ind AS financial statements.
 - ii. The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Group.

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(REFERRED TO IN PARAGRAPH 1(F) UNDER
'REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS'
SECTION OF OUR REPORT TO THE MEMBERS OF
SUNEDISON INFRASTRUCTURE LIMITED)

REPORT ON THE INTERNAL FINANCIAL CONTROLS UNDER CLAUSE (I) OF
SUB-SECTION 3 OF SECTION 143 OF THE COMPANIES ACT, 2013 ("THE ACT")

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended 31 March 2021, we have audited the internal financial controls over financial reporting of SunEdison Infrastructure Limited ("the Holding Company") and its subsidiaries which are companies incorporated in India, as of that date.

MANAGEMENT'S RESPONSIBILITY FOR INTERNAL FINANCIAL CONTROLS

The respective Board of Directors of the Holding Company and its subsidiaries are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by these entities considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Group's policies, the safeguarding of their assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

AUDITORS' RESPONSIBILITY

Our responsibility is to express an opinion on the Holding Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the other statutory auditors in terms of their reports referred to in the Other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Group's internal financial controls system over financial reporting.

MEANING OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

INHERENT LIMITATIONS OF INTERNAL FINANCIAL CONTROLS OVER FINANCIAL REPORTING

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

OPINION

In our opinion, the Holding Company and its subsidiary companies which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

OTHER MATTERS

Our aforesaid reports under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to the four direct subsidiaries which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED MARCH 31, 2021

1. BACKGROUND

SunEdison Infrastructure Limited is a Public Company domiciled and headquartered in India and was incorporated under the Companies Act, 1956. The Company is engaged in the business of Supply, installation, commissioning and maintenance of solar water pumps, home lighting systems, ground solar power plants and Rooftop including sale of electricity

2. BASIS OF PREPARATION

a. Statement of Compliance

These financial statements are prepared in accordance with Indian Accounting Standards (Ind AS) under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values, at the end of each reporting period as explained in the accounting policies below, the provisions of the Companies Act, 2013 ('the Act') (to the extent notified). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016.

Accounting policies have been consistently applied except where a newly-issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use. Details of the Company's significant accounting policies are included in Note 3.

b. Principles of consolidation and equity accounting

The Company controls an entity when the Company is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Company. They are deconsolidated from the date that control ceases. The acquisition method of accounting is used to account business combinations by the Company. In case the acquisition falls under Appendix C of Ind AS 103, which deals with common control transactions, the accounting treatment meted out by such standard is followed. Refer Note 6 for the list of subsidiaries forming part of these Consolidated Ind AS Financial statements.

The Company combines its standalone financial statements and its subsidiary line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of the subsidiary have been changed wherever necessary to ensure consistency with the policies adopted by the Company.

Non-controlling interests in the results and equity of subsidiary are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.

c. Functional and presentation currency

The functional currency of the Group is the Indian rupee. All the financial information have been presented in Indian Rupees (Rs.) except for share data or as stated otherwise.

d. Basis of measurement

"These financial statements have been prepared on the historical cost basis except for the following items:

a) Net defined benefit liability - Present value of defined benefit obligations

b) Certain financial assets and financial liabilities - Fair value"

e. Use of estimates

In preparing these financial statements, Management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results could differ from those estimates.

Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognized prospectively.

Judgements are made in applying accounting policies that have the most significant effects on the amounts recognized in the financial statements and the same is disclosed in the relevant notes to the financial statements.

Assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment are reviewed on an on-going basis and the same is disclosed in the relevant notes to the financial statements.

f. Measurement of fair values

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and /or disclosure purposes in these financial statements is determined on such a basis, except for leasing transactions that are within the scope of Ind AS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in Ind AS 2 or value in use in Ind AS 36.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;

- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly (i.e.as prices) or indirectly (i.e. derived from prices);

- Level 3 inputs are unobservable inputs for the asset or liability.

3. SIGNIFICANT ACCOUNTING POLICIES

a. Foreign currency transactions

The functional currency of the Group is the Indian rupee. The financial statements are presented in Indian rupee.

Foreign-currency-denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rate in effect at the Balance Sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash-flow items denominated in foreign currencies are translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

All foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other gains/(losses).

b. Inventories

Inventories are valued at the lower of cost and net realizable value. Cost of inventories comprises all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost includes all taxes and duties, but excludes duties and taxes that are subsequently recoverable from tax authorities.

The methods of determining cost of various categories of inventories are as follows:

Description	Methods of determining cost
Raw Materials	First-In-First-Out (FIFO)

c. Revenue recognition

"The Company recognises revenue from contracts with customers when it satisfies a performance obligation by transferring promised goods or service to a customer. The revenue is recognised to the extent of transaction price allocated to the performance obligation satisfied. Performance obligation is satisfied over time when the transfer of control of good or service to a customer is done over time and in other cases, performance obligation is satisfied at a point in time. Transaction price is the amount of consideration to which the Company expects it to be entitled in exchange for transferring goods or services to a customer excluding amounts collected on behalf of a third party. Significant judgments are used in:

- Determining the revenue to be recognised in case of performance obligation satisfied over a period of time. Revenue recognition is done by measuring the progress towards complete satisfaction of performance obligation. The progress is measured in terms of a proportion of actual cost incurred to-date, to the total estimated cost attributable to the performance obligation.
- Determining the estimated losses, which are recognised in the period in which such losses become probable based on the expected total contract cost as at the reporting date. For contracts where the aggregate of contract cost incurred to date plus recognised profits (or minus recognised losses as the case may be) exceeds the progress billing, the surplus is shown as contract assets. For contracts where progress billing exceeds the aggregate of contract costs incurred to-date plus recognised profits (or minus recognised losses, as the case may be), the surplus is shown as contract liabilities.

Amounts received before the related work is performed are disclosed in the Balance Sheet as contract liability and termed as "Advances from customers". The amounts billed on customer for work performed and are unconditionally due for payment i.e only passage of time is required before payment falls due, are disclosed in the Balance Sheet as trade receivables."

d. Property, plant and equipment

"Property, plant and equipment are stated at cost of acquisition less accumulated depreciation. Cost includes freight, duties and taxes and other incidental expenses related to the acquisition, but exclude duties and taxes that are recoverable subsequently from tax authorities. Dismantling costs and costs of removing the item and restoring the site on which it is located is required to be included in the cost of property, plant and equipment where ever applicable and cost of major inspections is recognized in the carrying amount of property, plant and equipment as a replacement, if recognition criteria are satisfied and any remaining carrying amount of the cost of previous inspection is derecognized.

Capital work in progress includes the cost of assets that are not ready for its intended use and cost of assets not put to use before the balance sheet date.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sale proceeds and the carrying amount of the asset and is recognized in profit or loss."

Depreciation and amortization

Depreciation is provided on the straight line method over the useful lives of assets as assessed by the management of the Holding Company. However, some of the tangible fixed assets relating to the subsidiaries have provided for Depreciation on written down value basis as that method more closely reflects the expected pattern of consumption of future economic benefits embodied in their respective assets. The method adopted in the standalone financial statements of subsidiaries have not been changed for the purpose of consolidation. The management estimates the useful lives tangible fixed assets as follow:

Description	Useful lives
Computers	3 years
Vehicles	8-10 years
Office equipment's	5 years
Electrical Fittings	10 years
Tools and Equipment	10 years
Plant and Machinery	25 years
Furniture's and fixtures	10 years

e. Intangible assets

Goodwill is accounted on acquisition of subsidiaries when the consideration paid is in excess of the fair value of the net assets acquired. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses.

Trademarks and software purchased are measured at cost less accumulated amortisation and accumulated impairment, if any. Amortisation is provided on straight line basis over the estimated useful lives of the intangible assets as per the details below:

Description	Useful lives
Trademark	10 years
Software	3 years

f. Investment Property

Investment properties include freehold land which is held for capital appreciation is initially measured at cost, including related transaction costs and is not depreciated. Subsequent expenditure is capitalized to the asset's carrying value only when it is probable that future economic benefits associated with the expenditure will flow to the group and the cost of the item can be measured reliably.

g. Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

h. Employee benefits

i. Short-term employee benefits: Employee benefits payable wholly within twelve months of receiving employee services are classified as short-term employee benefits. These benefits include salaries and wages, bonus and ex-gratia. The undiscounted amount of short-term employee benefits to be paid in exchange for employee services is recognized as an expense as the related service is rendered by employees.

ii. Post employment benefits:

Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards employee provident fund to Government administered provident fund scheme which is a defined contribution plan. The Company's contribution is recognized as an expense in the statement of profit and loss during the year in which the employee renders the related service.

Defined benefit plans

The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees. The Plan provides payment to vested employees at retirement, death or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company. The Company provides for gratuity based on actuarial valuation as at the balance sheet date. The actuarial valuation has been carried out using 'Projected Unit Method' by an independent actuary.

Compensated absences

Provision for compensated absences is made by the Company as at the balance sheet date of the un-availed leave standing to the credit of employees in accordance with the service rules of the Company. Liabilities related to the compensated absences are determined by actuarial valuation using projected unit credit method as at the balance sheet date.

Actuarial gains and losses are recognized in the Statement of other comprehensive income in the period in which they occur. The retirement benefit obligation recognized in the Balance Sheet represents the present value of the defined benefit obligation as adjusted for unrecognized past service cost, as reduced by the fair value of scheme assets.

iii. Employee share based payments

The Company recognizes compensation expense relating to share based payments in net profit using fair value in accordance with Ind AS 102, Share-Based Payment. The estimated fair value of awards is charged to income on a straight line basis over the requisite service period for each separately vesting portion of the award as if the award was in substance, multiple awards with a corresponding increase to share option outstanding account.

i. Lease

The Group assesses whether a contract contains a lease at the inception of the contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the company assesses whether (i) the contract involves the use of an identified asset (ii) the company has substantially all of the economic benefits from the use of the asset through the period of the lease and (iii) the company has the right to direct the use of the asset. The company has applied the exemption of not to recognize Right to Use assets and liabilities for leases with less than 12 months of lease term on the date of initial application as a practical expediency.

j. Income taxes

Income tax expense comprise current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting that tax effects of timing differences between accounting income and taxable income for the period). The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognized using the tax rates and tax laws that have been enacted or substantively enacted at the balance sheet date. Deferred tax assets are recognized only to the extent there is a reasonable certainty that the assets can be realized in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognized only if there is a virtual certainty of realization of such assets. Deferred tax assets are reviewed as at the balance sheet date and written down or written up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realized. Current tax and deferred tax assets and liabilities are offset to the extent to which the Company has a legally enforceable right to set off and they relate to taxes on income levied by the same governing taxation laws.

Minimum Alternate Tax ("MAT") paid in accordance with tax laws, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the company would pay normal income tax in the future years and accordingly, MAT is recognized as an asset in the balance sheet when it is probable that the future economic benefit associated with it will flow to the company and the asset can be measured reliably. MAT credit entitlement is reviewed at each balance sheet date and written down to the extent there is no convincing evidence to the effect that the Company will pay normal income tax during the specified period.

Current and deferred tax for the year

Current and deferred tax are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively.

k. Provisions, contingent liabilities and contingent assets

The Company creates a provision when there is present obligation as a result of past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent assets are neither recognized nor disclosed in the financial statements.

Provision for onerous contracts i.e. contracts where the expected unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on reliable estimate of such obligation.

l. Earnings per share

Basic earnings per equity share is computed by dividing the net profit for the year attributable to the Equity Shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit for the year, adjusted for the effects of dilutive potential equity shares, attributable to the Equity Shareholders by the weighted average number of the equity shares and dilutive potential equity shares outstanding during the year except where the results are anti-dilutive.

m. Cash flow statements

Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Company are segregated.

n. Financial instruments:

Initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are added to the fair value on initial recognition. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

i) Financial assets carried at amortized cost

A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

ii) Financial assets at fair value through other comprehensive income

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The Company has made an irrevocable election for its investments which are classified as equity instruments to present the subsequent changes in fair value in other comprehensive income based on its business model.

iii) Financial assets at fair value through profit or loss

A financial asset, which is not classified in any of the above categories, is subsequently fair valued through profit or loss.

iv) Impairment of Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, ECLs are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL, as applicable, as the case may be. The amount of ECLs (or reversals, if any) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the profit or loss.

v) Financial liabilities

Financial liabilities are subsequently carried at amortized cost using the effective interest method, except for contingent consideration recognized in a business combination, which is subsequently measured at fair value through profit or loss. For trade and other payables maturing within one year from the Balance Sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

Derecognition of financial instruments

The company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109. A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

o. Operating Cycle

Based on the nature of activities of the company and the normal time between rendering of services and their realisation in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

p. New Accounting standards yet to be adopted

Ministry of Corporate affairs ("MCA") notifies new standards or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2020.

39. SEGMENT REPORTING

Ind AS 108 establishes standards for reporting information about operating segments and related disclosure about product and services, geographical areas and major customers. Based on 'management approach' as defined in Ind AS 108, the Board of Directors evaluates the Group's performance and allocates resources based on analysis of various performance indicators by business segments and geographical segments. Accordingly information has been presented both along business segment and geographical segment. The accounting principle used in the preparation of financial statements are consistently applied to record revenue and expenditure in individual segment and or as set out in the significant accounting policies.

Business segment of the Group comprise of:-

- (i) Engineering, procurement and construction ('EPC-Rural') - Supply, installation, commissioning and maintenance of solar water pumps and home systems.
- (ii) Engineering, procurement and construction ('EPC-Commercial and Industrial (C&I)') - Supply, installation, commissioning and maintenance of Ground solar power plants and Rooftop including sale of electricity

Segment assets are measured in the same way as in the financial statements. These assets are allocated based on the operations of the segment and the physical location of the assets. Segments assets do not include investments and income tax assets which are managed for the Group holistically.

Segment liabilities are measured in the same way as in the financial statements. These liabilities are allocated based on the operations of the segment. Segments liabilities do not include borrowings and income tax liabilities which are managed for the Group holistically.

41. FINANCIAL RISK MANAGEMENT

The Company's activities expose it to a variety of financial risks: credit risk, liquidity risk and foreign currency risk. The Company's primary focus is to foresee the unpredictability of financial markets and seek to minimize potential adverse effects on its financial performance. The primary risks to the Company are credit and liquidity risk.

The Board of Directors reviews and agrees policies for managing each of these risks, which are summarised below:

(i) Credit risk

Credit risk management

Credit risk is the risk of financial loss to the group if a customer or counterparty to a financial instrument fails to meet its contractual obligations and arises principally from the company's receivables from customers and investment securities. Credit risk arises from cash held with banks and financial institutions, as well as credit exposure to clients, including outstanding accounts receivable. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets. The management assesses the credit quality of the counterparties, taking into account their financial position, past experience and other factors.

a) Provision for expected credit loss

The group provides for loss allowance based 12 months credit loss except in the case of trade receivables which are provided based on life-time credit loss. For the assessment of 12 months of life time expected credit loss, assets are classified into three categories as standard, sub-standard and doubtful based on the counter-party's capacity to meet the obligations and provision is determined accordingly. Standard assets are those where the risk of default is negligible, sub-standard are those where the credit risk is significantly increased since inception and doubtful assets are those where the assets are impaired. For the past years, based on the average of historical trend of loss allowance from the previous years, the group has made a provision for expected credit loss on the existing trade receivable balance. Over and above this, specific provision is made against receivable which are aged more than 365 days and where the management believes that there is a risk of non collection.

Year ended March 31, 2021

Expected credit loss for trade receivables under simplified approach :

Aging in days	Upton 1 year	More than an year	Total
Gross carrying amount	56,10,78,796	17,70,71,625	73,81,50,421
Provision for expected credit loss	(43,52,775)	(7,86,39,528)	(8,29,92,303)
Carrying amount of trade receivables (net of impairment)	55,67,26,021	9,84,32,097	65,51,58,118

Year ended March 31, 2020

Provision for expected credit loss	(47,12,105)	(6,44,94,681)	(6,92,06,786)
Carrying amount of trade receivables (net of impairment)	49,19,62,089	1,68,48,620	50,88,10,709

(ii) Liquidity risk

Liquidity risk is the risk that the group will not be able to meet its financial obligations as they become due. The group manages its liquidity risk by ensuring, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due. The group depends on its related parties for short term funds to maintain liquidity for fulfilling its working capital requirements. In addition, processes and policies related to such risks are overseen by senior management.

The table below provides details regarding the contractual maturities of significant financial liabilities as at 31 March 2021 and 31 March 2020

Total	1,34,03,26,451	16,24,17,194	35,37,402	1,50,62,81,047

(iii) Foreign Currency Risk

The group's operations are largely within India and there are balances of previous years pertaining to one of the subsidiaries and hence the exposure to foreign currency risk is very minimal.

The following table presents foreign currency risk from non-derivative financial instruments as of 31 March 2021 and 31 March 2020

Particulars	Foreign Currency	31 March 2021		31 March 2020

41A. COMPLIANCE WITH LAWS AND REGULATIONS

One of the subsidiaries in the group had transactions in foreign currency with parties outside India (with group companies) relating to various contracts. As at the balance sheet date, there are balances which are receivable/payable from parties outstanding beyond the period permitted under RBI/FEMA regulations. Moreover relevant annual filings and returns required to be filed under RBI/FEMA regulation with respect to foreign currency transactions/balances have not yet been carried out by the Company. The Company is in the process of initiating necessary actions to comply with the relevant requirements under RBI/FEMA regulations. Accordingly impact for the same is not currently determinable and quantifiable.

42. DISCLOSURE OF INFORMATION IN TERMS OF SECTION 186 (4) OF THE COMPANIES ACT, 2013 :

Sherisha Technologies Private Limited	Significant influence	Working Capital	92,52,738	-

43. The Group has incurred losses in the current year and consequently the net worth has been completely eroded as at the balance sheet date. Also refer Note 45 below which fully describes that a substantial portion of the Company's business is proposed to be restructured and transferred on a slump sale basis. However based on the order received from Securities Exchange Board of India ('SEBI') the Company has submitted an application of Settlement before such regulator on August 3, 2021 to terminate such restructuring as proposed under the Framework agreement (referred to in Note 40) except to the extent of reliefs granted in the Confirmatory order received on July 15, 2021. All these factors considered together thereby raise a substantial doubt about the Company's ability to continue on a going concern basis for the foreseeable future. However, the Company has developed alternative business plans and is confident of continuing the business in a profitable manner based on the cash flow projections prepared by the management. Accordingly, these financial statements have been prepared on a going concern basis and do not include any adjustments to the recorded amounts of assets and liabilities that may be necessary if the entity is unable to continue as a going concern.

44. The net worth of the subsidiary (SEI Tejas Private Limited) has been fully eroded as at 31st March 2021 and such subsidiary has also incurred loss during the year ended on such date thereby raising substantial doubt about the subsidiary's ability to continue in operation for the foreseeable future. However, the standalone Ind AS financial statements of such subsidiary has been prepared on going concern basis as some of the related parties within the group structure are willing to give financial support in the form of short term borrowings to enable it to meet its working capital related obligations and the management of such subsidiary is confident that such support will continue until such time it is able to meet such obligations on its own.

45. The Company entered into a framework agreement dated June 23, 2020 with South Lake LLC ("South Lake"), Fenice Investment Group LLC ("Fenice"), Pashupathy Shankar Gopalan, Anil Jain, SILRES Energy Solutions Private Limited, Pashupathy Capital Pte Limited, Sherisha Infrastructure Private Limited, Sherisha Technologies Private Limited and Avyan Pashupathy Capital Advisors Private Limited (referred to as the "Framework agreement"). The Framework agreement intends to restructure and transfer the under construction Commercial and Industrial customers, rural and residential businesses of the Company and its relevant subsidiaries to SunEdison Energy Solutions Private Limited, which is a joint venture between a company proposed to be set up in the United Kingdom by Pashupathy Capital Pte Limited, South Lake and Fenice.

The proposed restructuring is being undertaken to primarily separate the completed projects from the under-development projects and transfer the under-development projects along with the engineering, procurement and construction ("EPC") business and the Trademark "SunEdison" by way of a slump sale on a going concern basis to SunEdison Energy Solutions Private Limited for a consideration of INR 45 crores. The businesses referred to in such agreement which are going to be transferred include (hereinafter referred to as 'the carve out business');

1) EPC business segment (Rural and C&I) and the Trademark which is an intangible asset of the Company

2) All equity shares held as investments in Ishaan Solar Power Private Limited, SILRES Energy Solutions Private Limited, Megamic Electronics Private Limited and Enercover Energy Recovery Solutions Private Limited. In light of the proposed transfer of the shares of the aforementioned entities, the Company has sold equity shares held in SEI Tejas Private Limited to Ishaan Solar Power Private Limited on December 15, 2020.

3) Sherisha Solar Private Limited which was held by SIL Rooftop Private Limited (subsidiary of the Company) has been converted into Sherisha Solar LLP on October 29, 2020. 36% of the partnership interest, constituting 99% of the economic interest, of such LLP has been transferred to the Company against INR 18.67 crores which was infused into the firm on December 15, 2020. Such interest in the firm is also proposed to be part of the transfer. The slump sale of the businesses above is proposed to be completed by way of a Business Transfer Agreement to be executed once the valuation of the businesses and subsidiaries being transferred is undertaken.

Apart from the above transaction, the Company also proposed to convert the loan outstanding, including interest accrued, to Sherisha Technologies Private Limited in the books of SIL Rooftop Solar Power Private Limited aggregating to INR 8.99 crores into equity shares of SIL Rooftop Solar Power Private Limited. Such conversion of loan into equity is also part of the Framework agreement. Necessary shareholder approvals have been sought and obtained for the proposed transfer and conversion of loan into equity shares in December 2020.

"Even though the shareholders have accorded their approval on the proposed transactions as per the Framework agreement, the order received from SEBI is construed as an adverse event under such Framework agreement thereby giving rise to a material uncertainty surrounding the completion of the transaction. The management has made representations to the SEBI against the order raised by SEBI and a forensic audit has also commenced post the issuance of the Order. Subsequent to the Balance sheet date, the Company received another order dated July 15, 2021 from SEBI wherein specific relief was accorded to Fenice and South Lake for conversion of the CCPS into equity shares along with a few other stipulated rights in one of the subsidiaries of the Company, namely SILRES Energy Solutions Private Limited. The said order also specifies that the status quo should remain the same pending conclusion of the ongoing investigation in relation to the remaining aspects of the Framework agreement as per its original order issued in February 2021. Moreover, the management has submitted an application for Settlement before SEBI on August 3, 2021 proposing the following settlement terms:

a) Termination of such Framework agreement except to the extent of reliefs granted in the Confirmatory order received on July 15, 2021. The parties will enter into appropriate agreements for repayment and securing of the loans provided SILRES Energy Solutions Private Limited to the Company and its subsidiaries.

b) The slump sale of the identified business would be cancelled along with the conversion of loan of INR 8.98 crores granted by Sherisha Technologies Private Limited to SIL Rooftop Private Limited.

c) A proposed settlement sum of INR 5 lakhs in line with the SEBI settlement regulations,

Considering the context as explained above, the management is confident that no material adverse financial impact may arise on account of the SEBI order issued in February 2021."

46. IMPACT OF COVID-19 PANDEMIC

The outbreak of Coronavirus (COVID -19) pandemic globally and in India is causing significant disturbance and slowdown of economic activity. The Group has evaluated impact of this pandemic on its business operations, assessed the Group's liquidity position for the next one year and evaluated the recoverability and carrying value of its assets as at March 31, 2021. Based on its review, consideration of internal and external information up to the date of approval of these financial statements and current indicators of future economic conditions relevant to the Group's operations, management has concluded that there are no adjustments required to the Group's financial statements. However, the estimated impact of COVID 19 might vary from the date of approval of these financial statements and the Group will continue to monitor any material changes to future economic conditions.

47. Figures for the previous year have been regrouped/reclassified to conform to the current years classification.
