OUR VISION

Sustain Suave's position as one of India's most valuable corporate through world class performance, creating growing value for the Indian economy and the Company's stake holders.

OUR MISSION

To enhance the wealth generation capability of the enterprises in a global environment delivering superior and sustainable profit growth and long term value for our stakeholders achieved through innovation, pursuit of excellence and perfection.

Chairman's Communiqué

Dear Shareholders,

We have weathered one of the worst periods in the history of the Company and come out stronger to face the challenges of a one of the fastest emerging economies. Even while the developed nations are still grappling with the aftermath of slowdown, India has made a quick recovery due to the financial foresight of our policy makers. The Indian economy posted an overall GDP growth of 7.2%, despite a decline of 0.2 % in agricultural output, which was the consequence of sub-normal monsoons; India is definitely back on the path of a growth trajectory poised to breach the double digit barrier.

On the hotel and tourism front, international tourism remained sluggish through the last fiscal due the Euro zone crisis. The volcanic eruption in Iceland too had a negative impact on air travel from Europe. On the positive side, the Indian hotel industry has been ranked 11th in the attractive destination in the Asia- Pacific region and 14th best tourist destination.

The Indian hospitality industry is expected to grow at a compounded rate of 8.8% over the next five years. This would mean that we would be the second fastest growing tourism market in the world.

The travel and tourism industry accounted for 6.4% of total employment in India and it is estimated to grow to 10% by the year 2014, making it the second largest employer in the country.

Your Company has registered a growth of 10% in turnover and 5% in profit after tax over previous year's performance. We have an expansion plan for which 75,00,000 warrants convertible into equity shares have been issued. We are conducting initial feasibility study for acquiring / developing new properties in the Maharashtra-Goa region.

I take this opportunity to acknowledge the invaluable support of all our stakeholders and look forward to your continued support, which would enable us to scale newer heights.

With best wishes and regards,

Sd/-

-Proposed Dividend	62.74	22.59
-Dividend Distribution Tax on Proposed Dividend	10.42	3.84
Surplus carried forward	582.44	560.63

Results of Operations

During the year under review, your company has done reasonably well, in spite of depressive market condition observed globally throughout the year. The turnover has registered growth at 10% higher as compared to previous year. Due to operational efficiency at every stage, sharp focus on marketing strategy and stringent internal cost control systems, the Company had 5% higher net profit as compared to the previous year.

Dividend

Your Directors recommend dividend of 5% i.e. Rs 0.50 on equity share of Rs.10/- each for the year under review. The dividend distribution would result in a cash outflow of Rs.73,16,559/-, including tax on dividend distribution of Rs.10,42,109/-.

Issue of Warrants convertible into Equity Shares on Preferential Basis

The company has issued 7,500,000 share warrants convertible into 7,500,000 equity shares of Rs.10/- each at a premium of Rs.34/- to its promoters and others on preferential basis, convertible within 18 months, vide special resolution passed at extra ordinary general meeting held on July 2, 2010.

Acquisition of Land

In September 2009, the company had booked a land admeasuring 38,700 sq. meters at Survey No. 42 (2.93) Hissa No.1, Vill. Aronda, Chamybar Galwi, Tal. Sawantwadi, Dist. Sindhudurga, Maharashtra for the purpose of development of Medical Tourism at the site.

Management Discussion and Analysis

The Indian economy, which was under severe slowdown during 2008-09 following the global financial crisis, turned around sharply from second quarter of 2009-10 registering GDP growth of around 7% during the year 2009-10. The broad base growth was recorded in the industrial as well as service sector. It is expected that the economy will go back to the robust growth path of around 9% that it was on before the global crisis slowed it down in 2008.

However the current year under review has been challenging for the Indian hotel industry. This is due to a multiplicity of factors i.e. US & Greece financial crisis, inflationary trend, swine flu pandemic, slow rate of GDP and fears of erratic and insufficient monsoons. India has emerged as one of the world's leading as well as most robust and resilient economies. The country has coped successfully with the challenge of the recent economic and financial crisis as well as recession worldwide. The last two quarters of the year has witnessed a gradual recovery in the hospitality sector.

Both FTA and FEE picked up in last quarter of 2009-10 as compared to corresponding period of the previous year. The market size of medical tourism in India is worth US\$ 2.4 billion and is growing at 27 per cent annually. The country received 1.1 million medical tourists in 2009, registering a growth of 17 per cent. The travel and tourism industry accounted for 6.4% of total employment in India and it is estimated to grow to 10% by the year 2014, making it the second largest employer in the country.

Outlook

Combining unparallel growth prospects and unlimited business potential, the industry is certainly on foyer towards being a key player in the nations changing face. Furthermore, banking on the government's initiative of upgrading and expanding the country's infrastructure like airports, national highways etc. the tourism and hospitality industry is bound to get a bounce in its growth.

The Indian hospitality industry is projected to grow at a rate of 8.8 per cent during 2007-16, placing India as the second-fastest growing Promotional efforts by the Government have succeeded in communicating the 'Brand India' message worldwide tourism market in the world. Your company is capitalizing on the opportunities available in the industry and thus for its expansion plan 75,00,000 warrants convertible into equity shares have been issued. Your company is conducting initial feasibility study for acquiring / developing new properties in the Maharashtra-Goa region

Key Risks and its Management

The goal of Risk management is to improve the quality and consistency of the Company's earning from the financing business and to minimize losses. This is achieved by identifying risk and controlling it at the earliest.

Directors' Responsibility Statement

Pursuant to the requirements under Section 217 (2AA) of the Companies Act, 1956, with respect to the Directors' Responsibility Statement, it is hereby confirmed that:

- i. in the preparation of the annual accounts for the financial year ended March 31, 2010, the applicable accounting standards have been followed and that there are no material departures from the same;
- ii. the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at March 31, 2010, and of profit of the Company for the said period;
- iii. the Directors have taken proper and sufficient care to the best of their knowledge and ability for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956 for safeguarding the assets of the Company and for detecting fraud and other irregularities; and
- iv. the Directors have prepared the accounts for the financial year ended March 31, 2010 on a 'going concern' basis.

Acknowledgement

Your Directors wish to place on record their appreciation to the employees at all levels for their hard work, dedication and commitment. The enthusiasm and unstinting efforts of the employees have enabled the Company to achieve remarkable growth. The Board also acknowledges the unstinted support of the customers, suppliers, investors, bankers, Central and State Governments and other statutory authorities and others associated with the Company.

Auditors' Report

To,
The Members of SUAVE HOTELS LIMITED,

We have audited the attached Balance Sheet of SUAVE HOTELS LIMITED as at 31st March, 2010, the Profit & Loss Account and the Cash Flow Statement for the year ended on that date, annexed thereto. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

1. We conducted our audit in accordance with auditing standards generally accepted in India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.
2. As required by the Companies (Auditors Report) Order, 2003 and amendments thereto issued by the Central Government of India in terms of Section 227(4A) of the Companies Act, 1956, we annex hereto a statement on the matters specified in the paragraphs 4 and 5 of the said Order.
3. Further to our comments in the Annexure referred to in paragraph 2 above, we report that:
 - a) We have obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purpose of our audit.

Schedules forming part of financial statements

Schedule - R - Notes on Accounts & Significant Accounting Policies :

1) Significant Accounting Policies -

A. Basis for accounting

The financial statements are prepared under the historical cost convention on a going concern and accrual basis of accounting in accordance with the generally accepted accounting principles, accounting standards notified under section 211(3C) of the Companies Act, 1956 and the relevant provisions thereof.

B. Use of estimates

The preparation of financial statements requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities as on the date of financial statements and the reported amount of income and expenses during the reporting period. Management believes that the estimates used in preparation of financial statements are prudent and reasonable, future results could differ from these estimates. Any revision to accounting estimates is recognised prospectively in the current and future periods.

C. Revenue recognition

Revenue/Income and Cost/Expenditure are generally accounted on accrual as they are earned or incurred, except in case of significant uncertainties.

- Dividend is accounted when the right to receive payment is established.
- Interest and other income are accounted on accrual basis.

D. Fixed assets

All fixed assets are stated at cost of acquisition, including any cost attributable for bringing the asset to its working condition, less accumulated depreciation.

E. Depreciation

Depreciation on fixed assets is provided on straight line method at the rates prescribed by schedule XIV of the Companies Act, 1956. Depreciation on additions to fixed assets is provided on pro-rata basis from the date of addition.

F. Inventories

Inventories are valued at cost or net realisable value whichever is lower. Cost is taken on weighted average basis and cost includes all incidental cost of acquisition.

G. Investments

The investments are classified under two categories viz. current and long term and are valued in accordance with accounting standard 13 on "Accounting for investments".

- Long term investments are carried at cost of acquisition including incidental charges less provision for permanent diminution, if any, in value of such investments.
- Current investments are carried at cost of acquisition or net realisable value, whichever is lower.

H. Provisions and contingent liabilities

Provisions are recognised when the company has a present obligation as a result of past events, for which it is probable that a cash outflow will be required and reliable estimate can be made of the amount of obligation. Provisions are not discounted to their present value and are determined, based on estimate required to settle the obligation on the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current management estimates. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources.

Schedules forming part of financial statements

I. Income tax

Income tax is accounted in accordance with accounting standard 22 “ Accounting for taxes on income” which includes current and deferred taxes. Deferred tax assets/liabilities represents timing differences between accounting income and taxable income recognised to the extent considered capable of being reversed in subsequent years. Deferred tax assets are recognised only to the extent there is reasonable certainty that sufficient future taxable income will be available, except that deferred tax assets arising due to unabsorbed depreciation and losses are recognised if there is virtual certainty that sufficient future taxable income will be available to realise the same.

J. Earning per share

Basic earning per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Diluted earning per share reflect the potential dilution that could occur if contracts to issue equity shares were exercised or converted during the year. Diluted earning per equity share is computed using the weighted average number of equity shares and dilutive potential equity shares outstanding during the year, except where the results are anti-dilutive.

K. Cash flow statement

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated. Cash and cash equivalents include cash in hand, balances with banks and money at call and short notice.

L. Impairment of assets

The carrying amount of assets are reviewed at each balance sheet date if there is any indication of impairment based on internal / external factors. An impairment loss is recognised whenever the carrying amount of an asset exceeds its estimated recoverable amount. The recoverable amount is greater of the asset’s net selling price or value in use. In assessing the value in use, the estimated future cash flows are discounted to the present value using the weighted average cost of capital. After impairment, depreciation is provided on the revised carrying amount of the assets over its remaining useful life. Previously recognised impairment loss is further provided or reversed depending on changes in circumstances.

M. Employee benefits

Employee benefits of short term nature are recognised as expense as and when it accrues. Long term employee benefits and post employment benefits, both funded and unfunded, are recognised as expense based on actuarial valuation at the end of the year using the projected unit credit method. The company has changed its policy in regards to employee benefits from cash basis to accrual basis, but this change in policy does not have a material impact on the financials of the company.
