FOR THE FINANCIAL YEAR ENDED 31st MARCH, 2015

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,

The Members,

Almondz Global Securities Limited,**(CIN : L74899DL1994PLC059839)**
 Regd. Office : 2nd Floor, 3 Scindia House,
 Janpath, Delhi - 110001

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Almondz Global Securities Limited** (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, I hereby report that in my opinion, the Company has during the audit period covering the Financial year ended on 31st March, 2015 ('Audit Period'), complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2015 according to the provisions of:

- (i) The Companies Act, 1956 (wherever applicable) / Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') to the extent applicable :

Management Discussion and Analysis Report

FORWARD LOOKING STATEMENTS

Statements in this Management Discussion and Analysis of Financial Conditions and Results of Operations of the Company describing the Company's objectives, expectations or predictions may be forward looking within the meaning of applicable securities' laws and regulations. Forward-looking statements are based on certain assumptions and expectations of future events. The Company cannot guarantee that these assumptions and expectations are accurate or will be realised. The Company assumes no responsibility to publicly amend, modify or revise forward-looking statements, on the basis of any subsequent developments, information or events. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include changes in government/regulatory regulations, tax laws, economic developments within the country and such other factors.

(A) INDUSTRY STRUCTURE & DEVELOPMENT

The last year has been a fortuitously good one for the Indian economy with a sea change in the macroeconomic parameters and a sustainable turnaround on the cards. At a time when concerns have been raised about global growth prospects, the Indian economy has marched on and has in fact entered a sweet spot. As a start, Gross Domestic Product (GDP) growth, which had plummeted to sub 5% levels in past two fiscal years finally seems to have picked up on the back of a cyclical rebound and some genuine improvement. Growth in the current year, while not spectacular, has moved up firmly into the 5%+ handle. This improvement has come on the back of improved performance in the industrial sector, stable growth in the services sector and a surprisingly resilient agriculture sector. Further, policy action on the environmental clearances and mining licenses has helped prop up sentiment while a push to some stuck projects have aided growth prospects. Encouragingly, the pick-up in growth seems to be taking place at a time when inflation is on the downtrend as effects of the past slowdown and the massive fall in global commodity prices is introduction of an opportunity for revival of the economy. Inflation levels have continued to surprise on the downside and have printed comfortably under the Central Bank's comfort zone. Price levels have seen an across the board moderation as food, fuel and service price inflation has come down. This clearly shows that there is still some slack in the economy as it grows below its potential rate of growth. This moderation in inflation has also had an impact on interest rates as the Reserve Bank of India (RBI) has finally started its rate cutting cycle with its first rate cut in January earlier this year. The RBI had established targets for inflation under its new policy regime and as such those targets have been met comfortably and set the stage for a further easing of policy in the coming months. The RBI continues to remain vigilant on the external front and the possible threat of capital outflows in response to the normalization of monetary policy in the US. The situation is further being buttressed by a perceptible improvement in the external account metrics with the current account deficit coming under control despite the government lifting most of the import restrictions from the last year. Imports have fallen sharply in response to the

halving of global crude oil prices and while exports have suffered too, service exports have held up as growth in the US has rebounded in the current year. Foreign fund flows through the portfolio route have picked up massively after the elections responding to an improvement across most macroeconomic parameters. The more important and stable flows through the Foreign Direct Investment (FDI) route have also picked up as the government increased the level of permissible investments into some sectors. The capital markets have continued to scale record levels as euphoria has built up on the possible trajectory of the Indian economy. The markets seem to have priced in a favourable policy environment and a consequent increase in corporate performance in the coming years. Overall there is a real sense that a new set of reforms and the enthusiasm in the markets can lead India towards another prosperous era of high growth.

Industry overview

India has a diversified financial sector, which is undergoing rapid expansion. The sector comprises commercial banks, insurance companies, non-banking financial companies, co-operatives, pension funds, mutual funds and other smaller financial entities. The financial sector in India is predominantly a banking sector with commercial banks accounting for more than 60 per cent of the total assets held by the financial system. India's services sector has always served the country's economy well, accounting for about 57 per cent of the gross domestic product (GDP). In this regard, the financial services sector has been an important contributor. The Government of India has introduced reforms to liberalize, regulate and enhance this industry. At present, India is undoubtedly one of the world's most vibrant capital markets. Challenges remain, but the future of the sector looks good.

The Indian economy is likely to expand by 6.4 per cent in 2015 as compared to 5.5 per cent last year. "Positive expectations regarding the extent of reforms to be proposed and implemented" by the Narendra Modi-government boosted consumer and business confidence in the latter part of 2014, resulting in increased economic growth.

Structural reforms and lower oil prices can further boost growth for sustainable development. Economies such as India is expected to make progress in carrying out much-needed structural reforms under their new administrations, which is likely to boost their performance in 2015. It is likely that monetary policy can be eased a little in the near future if the trend of lower inflation stays intact, a move that would further support growth. The projected inflation in India for 2015 to drop to 6.3 per cent from 6.7 per cent last year.

the 'Make in India' programme launched by the new Indian government with the goal to make it easier to establish and operate a business in India.

The Company has built and managed its business through challenging times and this time too we are firm in our resolve to look ahead and turn challenges into opportunities by devising and implementing coherent strategies in an intelligent manner.

(B) OPPORTUNITIES & THREATS

As a financial services intermediary, the company's growth and profitability are, to a large part, dependent on the stable growth and functioning of the Capital markets. The growth of financial services sector will allow the Company to grow businesses in each of the verticals. The last year saw India enter a sweet spot as growth rebounded, inflation declined and the external accounts came under control. From then on there has been a lot of positivity built around the India growth story and India seems to be poised to enjoy another spurt in growth. However, to convert this promise into tangible reality we need the government to institute the correct set of reforms all that would set India on the virtuous cycle of growth. The goal for the Company for the year FY 15 will be to improve operating efficiency.

(C) SEGMENT-WISE PERFORMANCE

The following table sets forth the net revenues, operating expenses and pre-tax earnings of various business segments of the Company :

	Profit before Tax	(102.42)	N. A.

Debt & Equity Market Operations

Our Debt Market operations comprise dealing/trading in securities, bonds, etc. The Indian debt markets as expected is coming out of the situation of lack of activities which has been witnessed since the last couple of years. With interest rates cut and more to happen in future, there is a renewed interest by corporates to plan expansions and capital expenditure in the near future. The banking industry is expected to be refuelled with the recapitalisations exercise to be conducted by the Government. We expect to see new lensings happening for capital expenditure in the some of the important sectors like Defence and renewable energy.

Accordingly, debt capital market activity is anticipated to take off in FY 15.

Corporate Finance

Our Corporate Finance activities include, acting as arranger of debts / bonds, etc., corporate & infrastructure advisory and loan syndication. We also have a Private Equity advisory

which provides transaction structuring, strategy formulation, target identification, valuations, negotiations i.e. end-to-end execution.

Consequent to SEBI orders which relate to the role of your Company as Merchant Bankers in the IPO's of Bharatiya Global Infomedia Limited & PG Electroplast Limited. SEBI has prohibited your Company from taking new assignment or involvement in any new issue of capital including IPO, follow-on issue etc. from the securities market in any manner whatsoever.

Therefore all activities requiring a merchant banking license have been suspended, impacting our performance in related service lines.

Corporate Finance performance is expected to improve with improvement in the general economic climate and business confidence. Resumption of merchant banking activities is contingent on the outcome of the ongoing SEBI matters.

Broking

Broking activities comprises stock broking, broking and commission of/from mutual funds, equity IPOs, capital gain bonds, fixed deposits of government undertakings, RBI taxable bonds, PMS, etc. During FY-2014-15 the Company had earned income of Rs. 1745.44 Lacs as compared to Rs. 1798.46 Lacs in the previous. Performance is expected to improve as investor sentiments improve.

Equity Broking

We offer equity broking services to Retail and Institutional clients in the cash and derivative segments. These clients include mutual funds, banks, financial institutions, insurance companies, and FIs. The equity broking is witnessing a good respite due to positive market conditions.

(D) OUTLOOK

The Greece crisis was averted after, Greece and European Central Bank (ECB) agreed to a new bailout deal. In another continent an important negotiation ended with positive results, Iran successfully negotiated with the major powers over its nuclear program. This has sent the crude prices under pressure and has been on a declining trend. With China's slow down and no other country taking over its place, there has been a steady fall in commodity prices too. This bodes well for India's long-term growth, as majority of our imports comes from the energy segment. Meanwhile on the local front, Monsoon seems to be at par with long period average (LPA), hence the probability of it being a concern anymore is negligible. Till date the monsoon is near normal. Also the RBI in its recent policy review mentioned that it will support growth and keep an accommodative stance, thereby signaling that interest rates could fall further. On the downside, muted earnings can affect the sentiments of investors, and thereby increase volatility. Another factor that may push towards negative sentiment can be political headwinds, as the Government faces problems in passing key legislative bills — GST, Land Acquisition bill, etc in the parliament. The US Fed rate hike also remains a key event in the international arena that can affect the domestic stock market. Hence it is expected that there could be reasonable volatility in equity markets in the near term even though over the long-term equity remains a suitable investment avenue for investors.

(E) RISKS & CONCERNS

In today's complex business environment, almost every business decision requires executives and managers to balance risk and reward. Effective risk management is therefore critical to an organisation's success. Globalization, with increasing integration of markets, newer and more complex products & transactions and an increasingly stringent regulatory framework has exposed organisations to newer risks. As a result, today's operating environment demands a rigorous and integrated approach to risk management.

Timely and effective risk management is of prime importance to our continued success. The risk for the Company arises mainly out of the risks associated with the operations we carry. Experienced professionals review and monitor risks in our Company. We have formulated comprehensive risk management policies and processes to mitigate the risks that are encountered in conducting business activities. The management also periodically reviews the policies and procedures and formulates plans for control of identified risks and improvements in the systems. A risk/compliance update report is regularly placed before the Board of Directors of the Company. The Directors review the risk/compliance update reports and the course of action taken or to be taken, to mitigate and manage the risks. The internal audit carried out by external firms of auditors also provides a review of the risks attendant in various businesses and the effectiveness of processes on a periodical basis. These reports are placed before the Audit Committees of the Company.

We manage the following categories of risks :

- ◆ **Market Conditions and Market Risk** – The domestic and global economic conditions and markets will always be a major factor in the business of financial intermediation and adverse change in conditions invariably leaves a larger than normal impact. However, beyond the universality of this risk, the Company's business is exposed to Market Risk only to the extent of its investments in its proprietary debt portfolio. This Market Risk is contained to appropriate levels through well defined and Board laid down policies and is monitored on a daily basis.
- ◆ **Financial Risks :**
 - **Liquidity Risks** – The Company requires funds for its operations, growth and expansion projects. It has sufficient committed lines of credit from various banks in India to fund the operations as well as expansion projects. The Company has a strong continued focus and review mechanism for cash flow management and control on borrowings from the banks. This ensures that while liquidity is maintained for the Company, it does not borrow above generally accepted financial norms and is able to meet the obligations to the banks without any default. For organic growth plans, the primary source is internal accruals of cash.
 - **Interest Risk** – The Company is exposed to the interest rate risks on its borrowings. It evaluates the various sources of short term funding to have a lower blended rate of interest.
- ◆ **Credit Risk** – This risk manifests when debtors do not perform their obligations. Both Credit Risk and Counter-Party Risk have been elaborately defined in our Company's Investment Policy that governs all investment decisions, and its stipulations are strictly adhered.
- ◆ **Operational Risk** – The Company's operations under each of its business verticals are the subject of elaborate and well defined Policies so as to cover all internal processes. The Company also has a system of internal audit that encompasses all operational areas.
- ◆ **Legal & Regulatory Risk** – The Company is in the business of financial intermediation and is committed to adhere to very high compliance standards. This is imperative in any regulated business as the business' continuance is otherwise at risk. Substantial legal liability or a significant regulatory action against the Company could have material adverse financial effects or cause significant reputational harm.
- ◆ **Internal Controls Review** – The Company has strong internal controls and review mechanism. A detailed audit process and audit plan by external agencies cover the key risks identified through the risk management program, wherein existence and effectiveness of the control measures indicated against the risks are verified. The review of the process and findings is done by the senior management on a monthly basis and is an integral part of the performance management of the organisation.
- ◆ **Economic and Political Risks** – The Company is fairly exposed to the domestic and global political and economic risks. The risks arising out of any downturn in the economic conditions of the global markets, as felt in the last year, could have an adverse impact on the performance of the company. Performance and growth is also dependent upon the health of the overall Indian economy and political stability.
- ◆ **Competition Risks** – The Company operates in a highly competitive environment. The demand for the Company's services and solutions depend upon various domestic and global factors and most importantly the customer's plans and ability to incur expenditure/ investment. In the existing market and with existing customers also, new competitors may come in and put pressure on volume and pricing of the Company's services and solutions. To mitigate the above risks, the Company continuously endeavour to maintain a very good relationship with the customers/clients and endeavour to keep introducing enhanced features in services to improve value proposition to its customer / clients.
- ◆ **Human Resource Risks** – The Company's success depends largely upon the quality and competence of its management team and key personnel. Attracting and retaining talented professionals is, therefore, a key element of the Company's strategy and a significant source of competitive advantage. While the Company has a salary and incentive structure designed to encourage employee retention, a failure to attract and retain talented professionals, or the resignation or loss

of key management personnel, may have an adverse impact on the Company's business, its future financial performance and the price of its equity shares.

(F) ADEQUACY OF INTERNAL CONTROLS

The Company has invested in building a system of internal controls to achieve operational efficiency, optimum resource utilization, effective monitoring, and adherence to strict compliance standards. The Company has in place a well defined organization structure with separate business and support lines. Each line has a separate revenue, cost and contribution budget which is monitored periodically.

The budgets are in turn disintegrated over various levels within the business/support verticals to reveal individual performance. There is a well defined delegation of authority and responsibility across the organisation.

Independent Auditors' Report

To the members of
Almondz Global Securities Limited

1. Report on Financial Statements

We have audited the accompanying financial statements of Almondz Global Securities Limited ("the company"), which comprises the Balance Sheet as at 31st March, 2015, Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

2. Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 with respect to the preparation and presentation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We have taken into account the provision of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provision of the Act and Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statement that give a true and fair view in order to design audit procedures that are

appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2015 and its profit and its cash flows for the year ended on that date.

5. Emphasis of Matter

Without qualifying our report, attention is drawn to note no. 2.31 to the financial statements. In relation to the two of the merchant banking assignments undertaken by the Company, the Securities Exchange Board of India ('SEBI') had prohibited the Company for five years from the date of interim order from taking up any new assignments or involvement in any new issue of capital including an IPO, follow on issue etc. or involvement in buy back of securities under SEBI (Buy-Back of Securities) Regulations, 1998, open offers under SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 and delisting of securities under the SEBI (Delisting of Equity Shares) Regulations, 2009 and suspended the certificate of registration of the company with SEBI under Securities and Exchange Board of India (Merchant Bankers) Regulation, 1992 for a period of six months from 3 March, 2014. The company has filed / in process of filing appeals with designated authorities. In view of the uncertainty of the ultimate outcome, the impact, if any, cannot be presently ascertained and therefore, no provisions for any liability or any other adjustments that might be required has not been recognised in the financial statements.

6. Report on other Legal and Regulatory Matters

1. As required by the Companies (Auditors' Report) Order, 2015 issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by section 143 (3) of the Act, We report that :
 - (a) we have sought and obtained all the information and explanations which to the best of our

knowledge and belief were necessary for the purpose of our audit;

- (b) in our opinion proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
- (c) the Balance Sheet and the Statement of Profit and Loss and the Cash Flows Statement dealt with by this Report are in agreement with the books of account;
- (d) in our opinion, the aforesaid financial statement comply with the Accounting Standards specified under Section 133 of the Act, read with the Rule 7 of the Companies (Accounts) Rules, 2014;
- (e) on the basis of written representations received from the directors as on March 31, 2015 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2015, from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the other matters to be included in Auditor's Report in accordance with Rule 11 of

the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanation given to us :

- (i) There are no pending litigation affecting financial position hence no disclosure is required to be made.
- (ii) There are no long term contracts including derivatives contracts hence no provision is required to be made.
- (iii) The clause is not applicable as there is no amount required to be transferred to the Investor Education and Protection Fund by the Company.

1. Significant accounting policies

(i) Basis of preparation

The financial statements are prepared under the historical cost convention, in accordance with the Indian Generally Accepted Accounting Principles (GAAP), to comply with the accounting standards specified u/s 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, relevant pronouncements of the Institute of Chartered Accountants of India (ICAI) and the provisions of the Companies Act, 2013. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy either to in use.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria setout in schedule III of the Companies Act, 2013. Previous year's figures have been regrouped/ reclassified wherever considered necessary. Based on the nature of services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current / non-current classification of its assets and liabilities.

ii) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Adjustments as a result of differences between actual and estimates are made prospectively.

iii) Current / Non-current classification

All assets and liabilities are classified as current and non-current.

i) Assets

An asset is classified as current when it satisfies any of the following criteria :

- It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realized within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

ii) Liabilities

A liability is classified as current when it satisfied any of the following criteria :

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or
- The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities includes current portion of non-current financial liabilities. All other liabilities are classified as non-current.

(iv) Revenue recognition

- Advisory and consultancy services*: Fee is booked on the completion of task / project as per the terms of agreement. However, where the percentage of completion is significant enough to ascertain the outcome reliably, revenue is recognised to the extent it can be accurately measured.
- Broking activities*: Income from broking on distribution operations is recognised on the closure of the issue of mutual funds, bonds, fixed deposits and other money market instruments. Income from stock broking operations is accrued on completion of transaction at the stock exchanges for commission from broking operations.
- In the case of trading in bonds, the profit/ loss from the transaction is recognised on the closure of the deal and consequent delivery of the bond.
- Revenue on account of trading in shares is recognized on the basis of each trade executed at the stock exchange during the financial year.
- In respect of non delivery based transactions such as derivatives, the profit and loss is accounted for at the completion of each settlement, however in case of an open settlement the net result of transactions which are squared up on FIFO basis is recognized as profit/loss in the account.
- Depository income is accounted for on accrual basis.
- Dividend income is recognised when the right to receive the income is established.
- In case of fixed income securities/deposits/loan, interest is recognised on a time proportionate basis.
- In respect of other heads of income, the Company follows the practice of recognising income on accrual basis.

(v) Interest expense

Interest on borrowings is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable on the borrowings.

(vi) Expenditure

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses incurred on behalf of other companies for sharing personnel, common services and facilities like premises, telephones etc, are allocated to them at cost and reduced from respective expenses.

Similarly, expense allocation received from other companies is included within respective expense classifications.

(vii) Employee benefits

The Company's obligations towards various employee benefits have been recognized as follows:

(a) Short term benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognized in the Statement of Profit and Loss in the period in which the employee renders the related service.

(b) Provident fund (Defined contribution plan)

Provident fund is a defined contribution plan. The contributions towards provident fund which are being deposited with the Regional Provident Fund Commissioner are charged to the Statement of Profit and Loss.

(c) Gratuity (Defined benefit plan)

Gratuity is defined benefit plan. The present value of obligations under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

The Company makes contribution to an insurer managed funds for discharging its gratuity liability.

(d) Compensated absences (Other long-term benefits)

The Company provides for leave encashment based on actuarial valuation using projected unit credit method in respect of past service. In respect of compensated absences arising during the tenure of service, the defined benefit obligation is calculated taking into account the pattern of an ailment of leave. In respect of encashment of leave, the defined benefit is calculated taking into account all types of decrements and qualifying salary projected up to the assumed date of

encashment. The valuation of leave encashment benefit is done as at the balance sheet date by an independent actuary. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

(viii) Fixed assets**i) Tangible assets**

Tangible assets are stated at the cost of acquisition or construction, less accumulated depreciation and impairment losses. Cost comprises the purchase price and any attributable costs of bringing the assets to their working condition for intended use. Borrowing costs directly attributable to acquisition or construction of fixed assets, which necessarily take a substantial period of time to be ready for their intended use are capitalised as part of the cost of such assets to the extent they relate to the period till such assets are ready to be put to use.

Depreciation on tangible assets

(a) Leasehold improvements are depreciated over the lease period as stated in the lease agreement or over the estimated useful life of the assets, whichever is shorter.

(b) Depreciation is provided based on useful life of assets on Straight Line Method (SLM). The useful life of assets is taken as prescribed in Schedule II to the Companies Act, 2013.

ii) Intangible assets and its amortisation

Intangible assets are recorded at cost and are amortised over the period the Company expects to derive economic benefits from their use.

iii) Advances paid towards acquisition of fixed assets and cost of assets not ready for use before the year end, are disclosed as capital work in progress.

(ix) Impairment

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the asset is estimated. For assets that are not yet available for use, the recoverable is estimated at each balance sheet date. An impairment loss is recognised whenever the carrying amount of an asset or cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

(x) Investments

Investments are classified into long-term investments and current investments based on intent of the management at the time of making the investment.

Investment intended to be held for more than one year from the date such investments are made are classified as long-term investments. All long-term investments are classified as non-current investments in the Balance Sheet. The portions of long-term investments which are expected to be realised within twelve months from the Balance Sheet date are classified as current investments. Current investments are valued at lower of cost and market value, computed category-wise e.g. quoted shares, unquoted shares, government securities and non government securities/bonds. The diminution in current investments is charged to the Statement of Profit and Loss and appreciation, if any, is recognised at the time of sale. Long-term investments, including investments in subsidiaries, are valued at cost unless there is diminution, other than temporary, in their value. Diminution is considered other than temporary based on criteria that include the extent to which cost exceeds the market value, the duration of the market value decline and the financial health of and specific prospects of the issuer.

Investments, which are held as stock in trade as part of the business operations are valued in the same manner as are relatable to Current Investments.

- i) The Cost is arrived at FIFO method and is inclusive of brokerage, transfer expenses and demat charges, if any. The fair value is arrived at with reference to the market value, if available, quotation in any stock exchange or any other available information to indicate a transaction between unrelated willing buyer and willing seller at arms length price.
- ii) In case of unquoted investments, the fair value is arrived on the basis of breakup value as per latest available audited balance sheet of the investee company.
- iii) Interest accrued and/or broken period interest paid on unsold securities is recognized as "Interest Accrued on Investment" under Other Current Assets.

(xi) Foreign currency transactions

Transactions in foreign currency are recorded at the exchange rates prevailing on the date of the transaction. Exchange differences arising on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss. Monetary assets and liabilities denominated in foreign currency are translated at year-end rates and resultant gains/losses on foreign exchange translations other than in relation to acquisition of fixed assets and long term foreign currency monetary liabilities are recognised in the Statement of Profit and Loss.

(xii) Current and deferred tax

Income-tax expense comprises current tax and deferred tax. Current tax expense is the amount of tax for the period determined in accordance with the income-tax law and deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax

charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written-up to reflect the amount that is reasonably / virtually certain (as the case may be) to be realised.

(xiii) Provisions, contingent liabilities and contingent assets

A provision is created when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

The Company does not recognise assets which are of contingent nature until there is virtual certainty of realisability of such assets. However, if it has become virtually certain that an inflow of economic benefits will arise, asset and related income is recognised in the financial statements of the period in which the change occurs.

(xiv) Earnings per share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and dilutive potential shares outstanding during the year, except where the results would be anti-dilutive.

(xv) Operating leases

Lease payments under operating lease are recognised as an expense on a straight line basis over the lease term.

(xvi) Employee Stock Option Scheme ("ESOS")

The Employees Stock Option Scheme ("the Scheme") provides for grant of equity shares of the Company to whole-time directors and employees of the Company. The Scheme provides that employees are granted an option to subscribe to equity shares of the Company that vests in a graded manner. The options may be exercised within a specified period. The Company follows the intrinsic value method to account for its stock-based employee compensation plans. Compensation cost is measured as the excess, if any, of the fair market price of the underlying stock over the exercise price on the grant date. The fair market price is the closing price of the equity shares of the

Company on the stock exchange/s on which the shares of the Company are listed, immediately prior to the date of the meeting of Compensation Committee of Board of Directors of the Company in which the options are granted. If the shares are listed on more than one stock exchange, then the stock exchange where there is highest trading volume on the said date is considered.

(xvii) **Cash and Cash Equivalents**

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

We have audited the accompanying financial statements of Almondz Global Securities Limited ("the company") and its subsidiaries (collectively referred to as 'the group'), which comprises the Consolidated Balance Sheet as at 31st March, 2015, the consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

2. Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for preparation and presentation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the Company and its subsidiaries are responsible for maintaining adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and its subsidiaries and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of these consolidated financial statements by the Board of Directors of the Company.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We have taken into account the provision of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provision of the Act and Rules made there under.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment

of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation and presentation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the Company has in place an adequate internal financial control system over financial reporting and the operating effectiveness of such controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2015 and the consolidated profit and its consolidated cash flows for the year ended on that date.

5. Emphasis of Matter

Without qualifying our report, attention is drawn to note no. 2.30 to the consolidated financial statements. In relation to the two of the merchant banking assignments undertaken by the Company, the Securities Exchange Board of India ('SEBI') had prohibited the Company for five years from the date of interim order from taking up any new assignments or involvement in any new issue of capital including an IPO, follow on issue etc. or involvement in buy back of securities under SEBI (Buy-Back of Securities) Regulations, 1998, open offers under SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 and delisting of securities under the SEBI (Delisting of Equity Shares) Regulations, 2009 and suspended the certificate of registration of the company with SEBI under Securities and Exchange Board of India (Merchant Bankers) Regulation, 1992 for a period of six months from 3 March, 2014. The company has filed appeals with designated authorities. In view of the uncertainty of the ultimate outcome, the impact, if any, cannot be presently ascertained and therefore, no provisions for any liability or any other adjustments that might be required has not been recognised in the consolidated financial statements.

6. Other Matters

We did not audit the financial statements/consolidated financial statements of certain subsidiaries, whose financial statements/consolidated financial statements reflect total assets (net) of Rs. 16,77,77,816 as at 31 March, 2015 (Rs. 22,74,67,883 as at March 31, 2014), total revenue (net)

of Rs.1,67,51,345 for the year ended 31 March, 2015 (Rs. 53,45,00,690 for the year ended 31 March, 2014) , net profit/(loss) of Rs. (1,54,34,846) for the year ended 31 March, 2015 (Rs. 5,65,27,591 for the year ended 31 March, 2014) and net cash inflow amounting to Rs. 2,44,74,249 for the year ended 31st March, 2015 (Rs. 2,94,41,673 for the year ended on 31 March, 2014). These financial statements/consolidated financial statements have been audited by other auditors whose reports have been furnished to us and our opinion is based solely on the report of the other auditors. The previous years figures include consolidated statement of profit and loss of a subsidiary drawn up to 31-12-2013 reviewed by the management for consolidation (Income from operations Rs. 48,70,42,420 & Expenses Rs. 40,68,88,526), the shareholding in which was disposed off on 01 January 2014.

7. Report on other Legal and Regulatory Matters

1. As required by the Companies (Auditors' Report) Order, 2015 issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, based on the comments in the auditors' report issued in accordance with the Order on subsidiary companies, we give in the Annexure a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.

In the preparation of these consolidated financial statements, investment in the Subsidiary companies has been accounted for in accordance with AS 21 (Accounting for Consolidated Financial Statements) prescribed by Companies (Accounting Standards) Rules, 2006. The consolidated financial statements are prepared, subject to the above, on the following basis:

- Subsidiary company is consolidated on a line-by-line basis by adding together the book values of the like items of assets, liabilities, income and expenses, after eliminating all significant intra-group balances and intra-group transactions and unrealised profits or losses, except where cost cannot be recovered.
- The difference of the cost to the Company of its investment in Subsidiary over its proportionate share in the equity of the investee company, as at the date of acquisition of stake is recognised in the financial statements as Goodwill or Capital Reserve, as the case may be.
- Minority interest, if any, in net profits of consolidated subsidiary for the year is identified and adjusted against the income in order to arrive at the net income attributable to the shareholders of the Company. Their share of net assets is identified and presented in the Consolidated Balance Sheet separately. Where accumulated losses attributable to the minorities are in excess of their equity, in absence of the contractual obligation on the minorities, the same is accounted for by the holding company.

- AFL is beneficially owned by Almondz Global Securities Limited (AGSL) to the extent of 100% of the shareholding, wherein 600 equity shares are held by other persons as nominee of AGSL, which for the purpose of these financial statement has been assumed to be held by AGSL, and thus minority interest has not been separately identified.
- AWAL is beneficially owned by Almondz Global Securities Limited (AGSL) to the extent of 100% of the shareholding, wherein 600 equity shares are held by other persons as nominee of AGSL, which for the purpose of these financial statement has been assumed to be held by AGSL, and thus minority interest has not been separately identified.
- AGICL is beneficially owned by Almondz Global Securities Limited (AGSL) to the extent of 100% of the shareholding, wherein 6 equity shares are held by other persons as nominee of AGSL, which for the purpose of these financial statement has been assumed to be held by AGSL, and thus minority interest has not been separately identified.
- SHSL is beneficially owned by Almondz Global Securities Limited (AGSL) to the extent of 100% of the shareholding, wherein 6 equity shares are held by other persons as nominee of AGSL, which for the purpose of these financial statement has been assumed to be held by AGSL, and thus minority interest has not been separately identified.

(v) NSPPL is beneficially owned by Almondz Global Securities Limited (AGSL) to the extent of 100% of the shareholding, wherein 1 equity shares are held by other persons as nominee of AGSL, which for the purpose of these financial statement has been assumed to be held by AGSL, and thus minority interest has not been separately identified.

(d) As far as possible, the consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.

(e) The financial statements of the entities used for the purpose of consolidation are drawn up to same reporting date as that of the Company i.e., year ended 31 March 2015, except the consolidation of consolidated statement of profit and loss of AIBPL for nine months ended 31 December 2013 in the consolidated results for the year ended 31st March 2014. (Income Rs. 48,70,42,420 & Expenses Rs. 40,68,88,526) since the entire shareholding in AIBPL was disposed of on 1-1-2014.

(ii) Basis of preparation

The financial statements are prepared under the historical cost convention, in accordance with the Indian Generally Accepted Accounting Principles (GAAP), to comply with the accounting standards specified u/s 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, relevant pronouncements of the Institute of Chartered Accountants of India (ICAI), relevant provisions of the Companies Act, 2013 and prudential norms for asset classification, income recognition, valuation of investments, provisioning of bad and doubtful assets as prescribed by Reserve Bank of India for Non Banking Finance Company. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy either to in use.

The consolidated financial statements have been prepared based on the Schedule III of the Companies Act, 2013. All assets and liabilities have been classified as current or non-current as per company's normal operating cycle and other criteria set out in the Schedule III of the Companies Act, 2013. Previous year's figures have been regrouped/reclassified wherever considered necessary. Based on the nature of services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current / non-current classification of its assets and liabilities.

(iii) Use of estimates

The preparation of consolidated financial statements in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Adjustments as a result of differences between actual and estimates are made prospectively.

(iv) Current / Non-current classification

All assets and liabilities are classified as current and non-current.

i) Assets

An asset is classified as current when it satisfies any of the following criteria :

- It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realized within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

ii) Liabilities

A liability is classified as current when it satisfied any of the following criteria.

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or
- The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities includes current portion of non-current financial liabilities. All other liabilities are classified as non-current.

(v) Revenue recognition

- Advisory and consultancy services** : Fees is booked on the completion of task / project as per the terms of agreement. However, where the percentage of completion is significant enough to ascertain the outcome reliably, revenue is recognised to the extent it can be accurately measured.

- b. *Broking activities*: Income from broking on distribution operations is recognised on the closure of the issue of mutual funds, bonds, fixed deposits and other money market instruments. Income from stock broking operations and commodity broking operation is accrued on completion of transaction at the respective stock exchanges.
- c. In the case of trading in bonds, the profit/ loss from the transaction is recognised on the closure of the deal and consequent delivery of the bond.
- d. Revenue on account of trading in shares is recognized on the basis of each trade executed at the stock exchange during the financial year.
- e. In respect of non delivery based transactions such as derivatives, the profit and loss is accounted for at the completion of each settlement, however in case of an open settlement, the net result of transaction which are squared up on FIFO basis, is recognized as Profit/Loss in the account.
- f. Dividend income is recognised when the right to receive the income is established.
- g. Depository income is accounted for on accrual basis.
- h. In case of fixed income securities / deposits / loans, interest is recognised on a time proportionate basis.
- i. In the case of Loans advanced / interest bearing securities / deposits, the interest is recognized as earned on day to day basis. In case of interest on investments held as stock in trade, broken period interest on every purchase or sale is split from the price as accrued interest paid or realised. Such broken period accrued interest paid on purchase & received subsequently on its sale is netted and reckoned as income.
- j. In case of General Insurance business, income will accrue after the risk has been incepted and acknowledged by the insurance company.
- k. In case of Life Insurance business, income will accrue when the proposal is accepted by the insurance company.
- l. Brokerage income from reinsurance contracts is recognized when the payment of premium to the reinsurers becomes certain on settlement of premium by the cedent.
- m. Brokerage income on treaty business is accounted for on settlement of treaty premium between cedent and reinsurer.
- n. In respect of NBFC activities of the subsidiary, "AFL" the revenue recognition policies are in accordance with Non-banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007 ('prudential norms') as amended from time to time by the Reserve Bank of India. Reversal of income, necessitated by these guidelines, has

been netted off from income from operations and accounting of interest on non-performing assets and penal interest on cash basis.

- o. Sale of spectacles is accounted for on accrual basis.
- p. In respect of other heads of income, the Company follows the practice of recognising income on accrual basis.

(vi) Provision for standard and non-performing assets

Provisions for standard and non-performing assets of a NBFC subsidiary "AFL" are created in accordance with the Non-banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007. Further, specific provisions are also created based on the management's best estimate of the recoverability of non-performing assets.

(vii) Interest expense

Interest on borrowings is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable on the borrowings.

(viii) Expenditure

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses incurred on behalf of other companies, for sharing personnel, common services and facilities like premises, telephones, etc. are allocated to them at cost and reduced from respective expenses.

Similarly, expense allocation received from other companies is included within respective expense classifications.

(ix) Employee benefits

The Company's obligations towards various employee benefits have been recognised as follows :

(a) Short term benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the Statement of Profit and Loss in the period in which the employee renders the related service.

(b) Provident fund (Defined contribution plan)

Provident fund is a defined contribution plan. The contribution towards provident fund which are being deposited with the Regional Provident Fund Commissioner are charged to the Statement of Profit and Loss.

(c) Gratuity (Defined benefit plan)

Gratuity is defined benefit plan. The present value of obligations under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary using the Projected

Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations. Actuarial gains and losses are recognised immediately in the statement of profit and loss.

The Company makes contribution to an insurer managed funds for discharging its gratuity liability.

(d) **Compensated absences (Other long-term benefits)**

The group provides for leave encashment based on actuarial valuation using projected unit credit method in respect of past service. In respect of compensated absences arising during the tenure of service, the defined benefit obligation is calculated taking into account the pattern of availment of leave. In respect of encashment of leave, the defined benefit is calculated taking into account all types of decrements and qualifying salary projected upto the assumed date of encashment. The valuation of leave encashment benefit is done as at the balance sheet date by an independent actuary. Actuarial gains and losses are recognised immediately in the statement of profit and loss.

(x) **Fixed assets**

(i) **Tangible assets**

Tangible assets are stated at the cost of acquisition or construction, less accumulated depreciation and impairment losses. Cost comprises the purchase price and any attributable costs of bringing the assets to their working condition for intended use. Borrowing costs directly attributable to acquisition or construction of fixed assets, which necessarily takes a substantial period of time to be ready for their intended use are capitalized as part of the cost of such assets to the extent they relates to the period till such assets are ready to be put to use.

Depreciation on tangible assets

- (a) Leasehold improvements are depreciated over the lease period as stated in the lease agreement or over the estimated useful life of the assets, whichever is shorter.
- (b) Depreciation is provided based on useful life of assets on Straight Line Method (SLM). The useful life of assets is taken as prescribed in Schedule II to the Companies Act, 2013.

(ii) **Intangible assets and its amortisation**

Intangible assets are recorded at cost and are amortised over the period the Company expects to derive economic benefits from their use.

- (iii) Advances paid towards acquisition of fixed assets and cost of assets not ready for use before year end are disclosed as capital work in progress.

(xi) **Impairment**

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the asset is estimated. For assets that are not yet available for use, the recoverable is estimated at each balance sheet date. An impairment loss is recognised whenever the carrying amount of an asset or cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the statement of profit and loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

(xii) **Investments**

Investments are classified into long-term investments and current investments based on intent of the management at the time of making the investment. Investment intended to be held for more than one year from the date such investments are made, are classified as long-term investments. All long-term investments are classified as non-current investments in the balance sheet. The portions of long-term investments which are expected to be realised within twelve months from the balance sheet date are classified as current investments. Current investments are valued at lower of cost and market value, computed category-wise e.g. quoted shares, unquoted shares, government securities and non government securities/bonds. The diminution in current investments is charged to the statement of profit and loss and appreciation, if any, is recognised at the time of sale. Long-term investments, including investments in subsidiaries, are valued at cost unless there is diminution, other than temporary, in their value. Diminution is considered other than temporary based on criteria that include the extent to which cost exceeds the market value, the duration of the market value decline and the financial health of and specific prospects of the issuer.

Investments, which are held as stock in trade as part of the business operations are valued in the same manner as are relating to Current Investments.

- i) The Cost is arrived at FIFO method and is inclusive of brokerage, transfer expenses and demat

charges, if any. The fair value is arrived at with reference to the market value, if available, quotation in any stock exchange or any other available information to indicate a transaction between unrelated willing buyer and willing seller at arm's length price.

- ii) In case of unquoted investments, the fair value is arrived on the basis of breakup value as per latest available audited balance sheet of the investee company.
- iii) Interest accrued and/or broken period interest paid on unsold securities is recognized as "Interest Accrued on Investment" under Other current assets.

(xiii) Foreign currency transactions

Transactions in foreign currency are recorded at the exchange rates prevailing at the date of the transaction. Exchange differences arising on settlement of foreign currency transactions are recognised in the statement of profit and loss. Monetary assets and liabilities denominated in foreign currency are translated at year-end rates and resultant gains/losses on foreign exchange translations other than in relation to acquisition of fixed assets and long term foreign monetary liabilities are recognised in the Statement of Profit and Loss.

(xiv) Current and deferred tax

Income-tax expense comprises current tax and deferred tax. Current tax expense is the amount of tax for the period determined in accordance with the income-tax law and deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

(xv) Provisions, contingent liabilities and contingent assets

A provision is created when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A

disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

The Company does not recognise assets which are of contingent nature until there is virtual certainty of realisability of such assets. However, if it has become virtually certain that an inflow of economic benefits will arise, asset and related income is recognised in the financial statements of the period in which the change occurs.

(xvi) Earnings per share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and dilutive potential shares outstanding during the year, except where the results would be anti-dilutive.

(xvii) Operating leases

Lease payments under operating lease are recognised as an expense on a straight line basis over the lease term.

(xviii) Employee Stock Option Scheme ("ESOS")

The employees stock option Scheme ("the Scheme") provides for grant of equity shares of the company to whole-time directors and employees of the company. The scheme provides that employees are granted an option to subscribe to equity shares of the company that vests in a graded manner. The options may be exercised within a specified period. The company follows the intrinsic value method to account for its stock-based employee compensation plans. Compensation cost is measured as the excess, if any, of the fair market price of the underlying stock over the exercise price on the grant date. The fair market price is the closing price of the equity shares of the company on the stock exchange/s on which the shares of the company are listed, immediately prior to the date of the meeting of compensation committee of board of directors of the company in which the options are granted. If the shares are listed on more than one stock exchange, then the stock exchange where there is highest trading volume on the said date is considered.

(xix) Cash and cash equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.
