Management Discussion and Analysis Report

FORWARD LOOKING STATEMENTS

Statements in this Management Discussion and Analysis of Financial Conditions and Results of Operations of the Company describing the Company's objectives, expectations or predictions may be forward looking within the meaning of applicable securities' laws and regulations. Forward-looking statements are based on certain assumptions and expectations of future events. The Company cannot guarantee that these assumptions and expectations are accurate or will be realised. The Company assumes no responsibility to publicly amend, modify or revise forward-looking statements, on the basis of any subsequent developments, information or events. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include changes in government/regulatory regulations, tax laws, economic developments within the country and such other factors.

(A) ECONOMY, INDUSTRY STRUCTURE & DEVELOPMENT

During the current Financial Year 2016-17, the Indian Economy has continued to consolidate the gains achieved in restoring macro-economic stability. Despite the continuing global sluggishness and recent pick-up in petroleum prices, the economic growth has continued to be robust and inflation has remained more or less stable in the current year, while Fiscal Deficit and Current Account Deficit as percentage of GDP have improved. The Growth Rate of the economy during the First Half of the current Financial Year is estimated at 7.2 per cent, which makes India one of the fastest growing major economies in the world. At the sectoral level, the growth rates for agriculture & allied sectors, industry and services sectors for the First Half of the current year are estimated at 2.5 per cent, 5.6 per cent, and 9.2 per cent respectively. The stress given to fiscal consolidation through expenditure rationalization and revenue raising efforts and the focus on administrative measures for cooperative financial governance and also steps towards containing inflation have contributed significantly to macro-economic stability.

Industry Overview

India's financial services sector is diversified, comprising of entities such as commercial banks, co-operatives, insurance, companies, pension funds, mutual funds, non-banking, financial companies and other various intermediaries and entities.

FY17 was a good year for equity markets with Nifty making its all time high with a return of 19% in FY17 as compared to decline of 9% in FY16. Indian markets have outperformed emerging markets in dollar terms by 230 bps. The momentum is likely to continue with an expectation of improvement in corporate earnings going forward. As regards debt markets, RBI set the ball rolling on corporate bond reforms with a comprehensive set of guidelines and other measures. These measures once fully implemented will deepen the corporate bond markets and enhance liquidity. the process is already underway as FY17 saw a sharp increase in primary market issuance and corporate bond turnover. We expect this trend to gain further momentum in FY18.

(B) OPPORTUNITIES & THREATS

The expected roll out of GST and the performance of the NDA in recent polls will place the agenda of economic reforms on a firm footing. The global economy is also showing signs of recovery. These developments augur well for growth of financial services in India for firms like us and offer immense opportunities based on following factors:

1. India is already the fastest growing economy globally and various projections for growth by World Bank or IMF etc., indicate that India will continue to outperform other economies. This would open up vast opportunities for us to grow our various diversified businesses.
2. Indian savers already are seen to be increasing allocation to financial assets like equities over gold or bank deposits. This trend will provide newer opportunities for financial services and wealth management

While the opportunities landscape is promising, the following threats could dampen the growth of financial services sector in India:

1. Slower than expected recovery of the macroeconomy, domestic as well as global, or delay in revival of capex cycle can impede the growth.
2. While the monsoon is predicted to be normal this year, any unforeseen failure of the monsoon or return of the dreaded El Nino can hinder the recovery in rural economy

(C) SEGMENT-WISE PERFORMANCE

The following table sets forth the net revenues, operating expenses and pre-tax earnings of various business segments of the Company:

(Rs. in Lakhs)

	Expenses	330.97	703.06
	Profit before Tax	(60.73)	461.75

Debt & Equity Market Operations

Our Debt Market operations comprise dealing/trading in securities, bonds, etc.

Though RBI resumed accommodative stance, the rate cuts failed to have the desired effect on bond market yields as transmission was poor. However, Union Budget and other policy actions by the Government and RBI are now paving way for efficient monetary transmission and so it is expected better debt markets in coming time period.

We believe that the debt market hold exiting opportunities as they will become the more dominant source of capital for corporate in future.

Corporate Finance

Our Corporate Finance activities include, acting as arranger of debts/bonds, etc., corporate & infrastructure advisory and loan syndication. We also have a Private Equity advisory which provides transaction structuring, strategy formulation, target identification, valuations, negotiations i.e. end-to-end execution.

Consequent to SEBI orders which relate to the role of your Company as Merchant Bankers in the IPO's of Bharatiya Global Infomedia Limited & PG Electroplast Limited. SEBI has prohibited your Company from taking new assignment or involvement in any new issue of capital including IPO, follow-on issue etc. from the securities market in any manner whatsoever.

Therefore all activities requiring a merchant banking license have been suspended, impacting our performance in related service lines.

However, after the SAT Orders in favor of the Company, we expect that the coming time will be favorable for the Company

Broking

Broking activities comprises stock broking, broking and commission of/from mutual funds, equity IPOs, capital gain bonds, fixed deposits of government undertakings, RBI taxable bonds, PMS, etc. During FY-2016-17 the Company had earned income of Rs. 1420.29 Lakhs as compared to Rs. 1422.60 Lakhs in the previous. Performance is expected to improve as investor sentiments improve.

Equity Broking

We offer equity broking services to Retail and Institutional clients in the cash and derivative segments. These clients include mutual funds, banks, financial institutions, insurance companies, and FIIs. The equity broking is witnessing a good respite due to positive market conditions.

Infrastructure Advisory

The Company offers various kind of Infrastructure advisory services to Central/State Governments and their agencies like National Highway Authority of India (NHAI), Port Trusts, Railway Vikas Nigam Limited, State Road Development Corporations, State Electricity Boards etc. for the development of infrastructure projects on Build, Operate and Transfer (BOT) basis or otherwise. During FY-2016-17 the Company had earned income of Rs. 270.24 Lakhs as compared to Rs. 1164.81 Lakhs in the previous. Performance is expected to improve as investor sentiments improve.

(D) OUTLOOK

The resilient Indian economy is back on a growth trajectory. The reforms undertaken in the past few years will have a far-reaching and long-lasting impact. Going ahead we anticipate growth to improve based on rebound in exports and global economy, introduction of GST, stability in rural economy and government's continued push towards infrastructure, rural development and affordable housing. As regards the financial services sector, the key trends driving the growth will be growing affluence, shift from savings to financial assets, privatisation and democratisation of credit. There is significant headroom for growth and the Company is well-gearred to take advantage of this opportunity.

(E) RISKS & CONCERNS

In today's complex business environment, almost every business decision requires executives and managers to balance risk and reward. Effective risk management is therefore critical to an

organisation's success. Globalization, with increasing integration of markets, newer and more complex products & transactions and an increasingly stringent regulatory framework has exposed organisations to newer risks. As a result, today's operating environment demands a rigorous and integrated approach to risk management.

Timely and effective risk management is of prime importance to our continued success. The risk for the Company arises mainly out of the risks associated with the operations we carry. Experienced professionals review and monitor risks in our Company. We have formulated comprehensive risk management policies and processes to mitigate the risks that are encountered in conducting business activities. The management also periodically reviews the policies and procedures and formulates plans for control of identified risks and improvements in the systems. A risk/compliance update report is regularly placed before the Board of Directors of the Company. The Directors review the risk/compliance update reports and the course of action taken or to be taken, to mitigate and manage the risks. The internal audit carried out by external firms of auditors also provides a review of the risks attendant in various businesses and the effectiveness of processes on a periodical basis. These reports are placed before the Audit Committees of the Company.

We manage the following categories of risks:

- Ø **Market Conditions and Market Risk** – The domestic and global economic conditions and markets will always be a major factor in the business of financial intermediation and adverse change in conditions invariably leaves a larger than normal impact. However, beyond the universality of this risk, the Company's business is exposed to Market Risk only to the extent of its investments in its proprietary debt portfolio. This Market Risk is contained to appropriate levels through well defined and Board laid down policies and is monitored on a daily basis.
- Ø **Financial Risks:**
 - **Liquidity Risks** – The Company requires funds for its operations, growth and expansion projects. It has sufficient committed lines of credit from various banks in India to fund the operations as well as expansion projects. The Company has a strong continued focus and review mechanism for cash flow management and control on borrowings from the banks. This ensures that while liquidity is maintained for the Company, it does not borrow above generally accepted financials norms and is able to meet the obligations to the banks without any default. For organic growth plans, the primary source is internal accruals of cash.
 - **Interest Risk** – The Company is exposed to the interest rate risks on its borrowings. It evaluates the various sources of short term funding to have a lower blended rate of interest.
- Ø **Credit Risk** – This risk manifests when debtors do not perform their obligations. Both Credit Risk and Counter-Party Risk have been elaborately defined in our Company's Investment Policy that governs all investment decisions, and its stipulations are strictly adhered.
- Ø **Operational Risk** – The Company's operations under each of its business verticals are the subject of elaborate and well defined Policies so as to cover all internal processes. The Company also has a system of internal audit that encompasses all operational areas.

- Ø **Legal & Regulatory Risk** – The Company is in the business of financial intermediation and is committed to adhere to very high compliance standards. This is imperative in any regulated business as the business' continuance is otherwise at risk. Substantial legal liability or a significant regulatory action against the Company could have material adverse financial effects or cause significant reputational harm.
- Ø **Internal Controls Review** – The Company has strong internal controls and review mechanism. A detailed audit process and audit plan by external agencies cover the key risks identified through the risk management program, wherein existence and effectiveness of the control measures indicated against the risks are verified. The review of the process and findings is done by the senior management on a monthly basis and is an integral part of the performance management of the organisation.
- Ø **Economic and Political Risks** – The Company is fairly exposed to the domestic and global political and economic risks. The risks arising out of any downturn in the economic conditions of the global markets, as felt in the last year, could have an adverse impact on the performance of the company. Performance and growth is also dependent upon the health of the overall Indian economy and political stability.
- Ø **Competition Risks** – The Company operates in a highly competitive environment. The demand for the Company's services and solutions depend upon various domestic and global factors and most importantly the customer's plans and ability to incur expenditure/ investment. In the existing market and with existing customers also, new competitors may come in and put pressure on volume and pricing of the Company's services and solutions. To mitigate the above risks, the Company continuously endeavour to maintain a very good relationship with the customers/clients and endeavour to keep introducing enhanced features in services to improve value proposition to its customer / clients.
- Ø **Human Resource Risks** – The Company's success depends largely upon the quality and competence of its management team and key personnel. Attracting and retaining talented professionals is, therefore, a key element of the Company's strategy and a significant source of competitive advantage. While the Company has a salary and incentive structure designed to encourage employee retention, a failure to attract and retain talented professionals, or the resignation or loss of key management personnel, may have an adverse impact on the Company's business, its future financial performance and the price of its equity shares.

(F) ADEQUACY OF INTERNAL CONTROLS

The Company has invested in building a system of internal controls to achieve operational efficiency, optimum resource utilization, effective monitoring, and adherence to strict compliance standards. The Company has in place a well defined organization structure with separate business and support lines. Each line has a separate revenue, cost and contribution budget which is monitored periodically.

The budgets are in turn disintegrated over various levels within the business/support verticals to reveal individual performance. There is a well defined delegation of authority and responsibility across the organisation.

INDEPENDENT AUDITORS' REPORT

To the Members of
Almondz Global Securities Limited

Report on Standalone Financial Statements

We have audited the accompanying standalone financial statements of **Almondz Global Securities Limited** ("the company"), which comprises the Balance Sheet as at 31st March, 2017, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provision of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provision of the Act and Rules made thereunder and the Order under Section 143(11) of the Act.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statement that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2017 and its profit and its cash flows for the year ended on that date.

Report on other Legal and Regulatory Requirements

- As required by the Companies (Auditors' Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the 'Annexure - A' a statement on the matters specified in the paragraph 3 and 4 of the Order.
- As required by section 143 (3) of the Act, we report that:
 - we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;

Annexure – B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of **Almondz Global Securities Limited** ('the Company') as at 31 March 2017 in conjunction with our audit of financial statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The management of the company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India ('the ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing ('the Standards'), and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's Internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's Internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

1. Significant accounting policies

(i) Basis of preparation

The financial statements are prepared under the historical cost convention, in accordance with the Indian Generally Accepted Accounting Principles (GAAP), to comply with the accounting standards specified u/s 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, relevant pronouncements of the Institute of Chartered Accountants of India (ICAI) and the provisions of the Companies Act, 2013. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy either to in use.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in schedule III of the Companies Act, 2013. Previous year's figures have been regrouped/ reclassified wherever considered necessary. Based on the nature of services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of its assets and liabilities.

(ii) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Adjustments as a result of differences between actual and estimates are made prospectively.

(iii) Current/Non-current classification

All assets and liabilities are classified as current and non-current.

i) Assets

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realized within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

ii) Liabilities

A liability is classified as current when it satisfied any of the following criteria.

- It is expected to be settled in the Company's normal operating cycle;

- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or
- The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities includes current portion of non-current financial liabilities. All other liabilities are classified as non-current.

(iv) Revenue recognition

- Advisory and consultancy services:* Fee is booked on the completion of task/project as per the terms of agreement. However, where the percentage of completion is significant enough to ascertain the outcome reliably, revenue is recognised to the extent it can be accurately measured.
- Broking activities:* Income from broking on distribution operations is recognised on the closure of the issue of mutual funds, bonds, fixed deposits and other money market instruments. Income from stock broking operations is accrued on completion of transaction at the stock exchanges for commission from broking operations.
- In the case of trading in bonds, the profit/ loss from the transaction is recognised on the closure of the deal and consequent delivery of the bond.
- Revenue on account of trading in shares is recognized on the basis of each trade executed at the stock exchange during the financial year.
- In respect of non delivery based transactions such as derivatives, the profit and loss is accounted for at the completion of each settlement, however in case of an open settlement the net result of transactions which are squared up on FIFO basis is recognized as profit/ loss in the account.
- Depository income is accounted for on accrual basis.
- Dividend income is recognised when the right to receive the income is established
- In case of fixed income securities/deposits/loan, interest is recognised on a time proportionate basis.
- In respect of other heads of income, the Company follows the practice of recognising income on accrual basis.

(v) Interest expense

Interest on borrowings is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable on the borrowings.

(vi) Expenditure

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses incurred on behalf of other companies for sharing personnel, common services and facilities like premises, telephones etc, are allocated to them at cost and reduced from respective expenses.

Similarly, expense allocation received from other companies is included within respective expense classifications.

(vii) Employee benefits

The Company's obligations towards various employee benefits have been recognized as follows:

(a) Short term benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognized in the Statement of Profit and Loss in the period in which the employee renders the related service.

(b) Provident fund (Defined contribution plan)

Provident fund is a defined contribution plan. The contributions towards provident fund which are being deposited with the Regional Provident Fund Commissioner are charged to the Statement of Profit and Loss.

(c) Gratuity (Defined benefit plan)

Gratuity is defined benefit plan. The present value of obligations under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

The Company makes contribution to an insurer managed funds for discharging its gratuity liability.

(d) Compensated absences (Other long-term benefits)

The Company provides for leave encashment based on actuarial valuation using projected unit credit method in respect of past service. In respect of compensated absences arising during the tenure of service, the defined benefit obligation is calculated taking into account the pattern of an ailment of leave. In respect of encashment of leave, the defined benefit is calculated taking into account all types of decrements and qualifying salary projected up to the assumed date of encashment. The valuation of leave encashment benefit is done as at the balance sheet date by an independent actuary. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

(viii) Fixed assets**i) Tangible assets**

Tangible assets are stated at the cost of acquisition or construction, less accumulated depreciation and impairment losses. Cost comprises the purchase price and any attributable costs of bringing the assets to their working condition for intended use. Borrowing costs directly attributable to acquisition or construction of

fixed assets, which necessarily take a substantial period of time to be ready for their intended use are capitalised as part of the cost of such assets to the extent they relate to the period till such assets are ready to be put to use.

Depreciation on tangible assets

(a) Leasehold improvements are depreciated over the lease period as stated in the lease agreement or over the estimated useful life of the assets, whichever is shorter.

(b) Depreciation is provided based on useful life of assets on Straight Line Method (SLM). The useful life of assets is taken as prescribed in Schedule II to the Companies Act, 2013.

ii) Intangible assets and its amortisation

Intangible assets are recorded at cost and are amortised over the period the Company expects to derive economic benefits from their use.

iii) Advances paid towards acquisition of fixed assets and cost of assets not ready for use before the year end, are disclosed as capital work in progress.

(ix) Impairment

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the asset is estimated. For assets that are not yet available for use, the recoverable is estimated at each balance sheet date. An impairment loss is recognised whenever the carrying amount of an asset or cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

(x) Investments

Investments are classified into long-term investments and current investments based on intent of the management at the time of making the investment. Investment intended to be held for more than one year from the date such investments are made are classified as long-term investments. All long-term investments are classified as non-current investments in the Balance Sheet. The portions of long-term investments which are expected to be realised within twelve months from the Balance Sheet date are classified as current investments. Current investments are valued at lower of cost and market value, computed category-wise e.g. quoted shares, unquoted shares, government securities and non government securities/bonds. The diminution in current investments is charged to the Statement of Profit and Loss and appreciation, if any, is recognised at the time of sale. Long-term investments, including investments in subsidiaries, are valued at cost unless there is diminution, other than temporary, in their value. Diminution is considered other than temporary based on criteria that include the extent to which cost exceeds the

market value, the duration of the market value decline and the financial health of and specific prospects of the issuer. Investments, which are held as stock in trade as part of the business operations are valued in the same manner as are relatable to Current Investments.

- i) The Cost is arrived at FIFO method and is inclusive of brokerage, transfer expenses and demat charges, if any. The fair value is arrived at with reference to the market value, if available, quotation in any stock exchange or any other available information to indicate a transaction between unrelated willing buyer and willing seller at arms length price.
- ii) In case of unquoted investments, the fair value is arrived on the basis of breakup value as per latest available audited balance sheet of the investee company.
- iii) Interest accrued and/or broken period interest paid on unsold securities is recognized as "Interest Accrued on Investment" under Other Current Assets.

(xi) Foreign currency transactions

Transactions in foreign currency are recorded at the exchange rates prevailing on the date of the transaction. Exchange differences arising on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss. Monetary assets and liabilities denominated in foreign currency are translated at year-end rates and resultant gains/losses on foreign exchange translations other than in relation to acquisition of fixed assets and long term foreign currency monetary liabilities are recognised in the Statement of Profit and Loss.

(xii) Current and deferred tax

Income-tax expense comprises current tax and deferred tax. Current tax expense is the amount of tax for the period determined in accordance with the income-tax law and deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written-up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

(xiii) Provisions, contingent liabilities and contingent assets

A provision is created when there is a present obligation as

a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

The Company does not recognise assets which are of contingent nature until there is virtual certainty of realisability of such assets. However, if it has become virtually certain that an inflow of economic benefits will arise, asset and related income is recognised in the financial statements of the period in which the change occurs.

(xiv) Earnings per share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and dilutive potential shares outstanding during the year, except where the results would be anti-dilutive.

(xv) Operating leases

Lease payments under operating lease are recognised as an expense on a straight line basis over the lease term.

(xvi) Employee Stock Option Scheme ("ESOS")

The Employees Stock Option Scheme ("the Scheme") provides for grant of equity shares of the Company to whole-time directors and employees of the Company. The Scheme provides that employees are granted an option to subscribe to equity shares of the Company that vests in a graded manner. The options may be exercised within a specified period. The Company follows the intrinsic value method to account for its stock-based employee compensation plans. Compensation cost is measured as the excess, if any, of the fair market price of the underlying stock over the exercise price on the grant date. The fair market price is the closing price of the equity shares of the Company on the stock exchange/s on which the shares of the Company are listed, immediately prior to the date of the meeting of Compensation Committee of Board of Directors of the Company in which the options are granted. If the shares are listed on more than one stock exchange, then the stock exchange where there is highest trading volume on the said date is considered.

xvii) Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

Employees Stock Option Scheme 2007

The Company has instituted an Employee Stock Option Scheme in the year 2007, known as 'Employee Stock Option Scheme ('ESOS' or 'Scheme') 2007. This Scheme was adopted by the Board of Directors on 3 January 2008 and subsequently by shareholders of the Company on 4 March 2008, and is for issue of 45,00,000 options of the Company convertible into equal number of equity shares of the par value of

Rs. 6 each. The scheme was further amended by the Board of Directors on 5 March 2010 and subsequently by shareholders of the Company on 13 April 2010 to increase number of options from 45,00,000 options to 1,50,00,000 options of the Company convertible into equal number of equity shares. A compensation committee comprising independent members of the Board of Directors administers the scheme. The Compensation Committee has framed various plan series under the scheme from time to time. All options had been granted at their intrinsic value defined under the SEBI guidelines.

2.27 Disclosures required under AS-15-Employee Benefits

The Company has a defined benefit gratuity plan. The present value of obligation is determined based on actuarial valuation using the projected unit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for leave encashment is recognized in the same manner as gratuity.

i) Changes in the present value of the defined benefit obligation are as follows:

INDEPENDENT AUDITORS' REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

**To the members of
Almondz Global Securities Limited**

1. Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of Almondz Global Securities Limited ("the company") and its subsidiaries (collectively referred to as 'the group'), which comprises the Consolidated Balance Sheet as at 31st March, 2017, the consolidated Statement of Profit and Loss and the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information ('the consolidated financial statements').

2. Management's Responsibility for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act as applicable. The respective Board of Directors of the Company and its subsidiaries are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and its subsidiaries and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of these consolidated financial statements by the Board of Directors of the Company.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

While conducting the audit, we have taken into account the provision of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provision of the Act and Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the consolidated financial statements

that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors referred to in the 'Other Matter' paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31st March, 2017 and the consolidated profit and its consolidated cash flows for the year ended on that date.

5. Other Matter

(1,41,51,826) for the year ended 31 March, 2017 and net cash inflow amounting to Rs. (31,30,749) for the year ended 31 March, 2017. These financial statements / consolidated financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries is based solely on the report of the other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

6. Report on other Legal and Regulatory Matters

As required by section 143 (3) of the Act, We report that:

- (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the consolidated financial statements;
- (b) in our opinion, proper books of account as required by law relating to preparation of the consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the auditors;
- (c) the Consolidated Balance Sheet and the Consolidated Statement of Profit and Loss and the Consolidated Cash Flows Statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the consolidated financial statements;
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, as applicable.

- (e) on the basis of written representations received from the Directors of the respective companies as on March 31, 2017 taken on record by the Board of Directors of the company and the reports of the auditors of the subsidiary companies, none of the directors is disqualified as on March 31, 2017, from being appointed as a director in terms of Section 164(2) of the Act.
- (f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls; refer to our report in "Annexure", which is based on the Auditors' Reports of the Company and its subsidiaries incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial controls over financial reporting of the Company and its subsidiaries incorporated in India.
- (g) With respect to the other matters to be included in the Auditors' Report in accordance with the Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and the best of our information and according to the explanations given to us:
 - i) The Group has disclosed the impact of pending litigations on the consolidated financial position of the Group in its consolidated financial statements as of 31 March 2017.
 - ii) The Group has made provisions in its consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses on long term contracts including derivative contracts.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies incorporated in India.
 - (iv) The company had provided requisite disclosure in its financial statements as to holding as well as dealing in specified Bank Notes during the period of 8th November 2016 to 30th December, 2016. Annexure to the Independent Auditors' Report

(Referred to in paragraph (f) under 'Report on other Legal and Regulatory Requirements' section of our report of even date.)

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Almondz Global Securities Limited ('the Company') and its subsidiary companies incorporated in India as at March 31, 2017 in conjunction with our audit of the consolidated financial statements of the Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the respective internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act and the Guidance Note, to the extent applicable to an audit of internal financial controls over financial reporting. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary companies incorporated in India, in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Company and its subsidiary companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note.

Other Matter

Our aforesaid report under Section 143(3) (i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 3 subsidiary companies, incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

Almondz Debt Advisors Limited (ADAL)	16 December 2011	India	100%*	-

* including shares of beneficial interest through other persons.

In the preparation of these consolidated financial statements, investment in the subsidiary companies has been accounted for in accordance with AS 21 (Accounting for Consolidated Financial Statements) prescribed by Companies (Accounting Standards) Rules, 2006. The consolidated financial statements are prepared, subject to the above, on the following basis:

- Subsidiary company is consolidated on a line-by-line basis by adding together the book values of the like items of assets, liabilities, income and expenses, after eliminating all significant intra-group balances and intra-group transactions and unrealised profits or losses, except where cost cannot be recovered.
- The difference of the cost to the Company of its investment in subsidiary over its proportionate share in the equity of the investee company, as at the date of acquisition of stake is recognised in the financial statements as Goodwill or Capital Reserve, as the case may be.
- Minority interest, if any, in net profits of consolidated subsidiary for the year is identified and adjusted against the income in order to arrive at the net income attributable to the shareholders of the Company. Their share of net assets is identified and presented in the Consolidated Balance Sheet separately. Where accumulated losses attributable to the minorities are in excess of their equity, in absence of the contractual obligation on the minorities, the same is accounted for by the holding company.
- As far as possible, the consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.
- The financial statements of the entities used for the purpose of consolidation are drawn up to same reporting date as that of the Company i.e. year ended 31 March 2017.

(ii) Basis of preparation

The financial statements are prepared under the historical cost convention, in accordance with the Indian Generally Accepted Accounting Principles (GAAP), to comply with the accounting standards specified u/s 133 of the Companies

Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, relevant pronouncements of the Institute of Chartered Accountants of India (ICAI), relevant provisions of the Companies Act, 2013. In respect of NBFC subsidiary prudential norms for asset classification, income recognition, valuation of investments, provisioning of bad and doubtful assets as prescribed by Reserve Bank of India for non-banking finance company are complied. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy either to in use.

The consolidated financial statements have been prepared based on the Schedule III of the Companies Act, 2013. All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in the Schedule III of the Companies Act, 2013. Previous year's figures have been regrouped/ reclassified wherever considered necessary. Based on the nature of services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of its assets and liabilities.

(iii) Use of estimates

The preparation of consolidated financial statements in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates. Adjustments as a result of differences between actual and estimates are made prospectively.

(iv) Current/Non-current classification

All assets and liabilities are classified as current and non-current.

i) Assets

An asset is classified as current when it satisfies any of the following criteria:

- a. It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is expected to be realized within 12 months after the reporting date; or
- d. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

ii) Liabilities

A liability is classified as current when it satisfied any of the following criteria.

- a. It is expected to be settled in the Company's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is due to be settled within 12 months after the reporting date; or
- d. The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities includes current portion of non-current financial liabilities. All other liabilities are classified as non-current.

(v) Revenue recognition

- a. *Advisory and consultancy services:* Fees is booked on the completion of task/project as per the terms of agreement. However, where the percentage of completion is significant enough to ascertain the outcome reliably, revenue is recognised to the extent it can be accurately measured.
- b. *Broking activities:* Income from broking on distribution operations is recognised on the closure of the issue of mutual funds, bonds, fixed deposits and other money market instruments. Income from stock broking operations and commodity broking operation is accrued on completion of transaction at the respective stock exchanges.
- c. In the case of trading in bonds, the profit/loss from the transaction is recognised on the closure of the deal and consequent delivery of the bond.
- d. Revenue on account of trading in shares is recognized on the basis of each trade executed at the stock exchange during the financial year.
- e. In respect of non delivery based transactions such as derivatives, the profit/loss is accounted for at the completion of each settlement, however in case of an open settlement, the net result of transaction which are squared up on FIFO basis, is recognized as profit/loss in the account.
- f. Dividend income is recognised when the right to receive the income is established.
- g. Depository income is accounted for on accrual basis.

- h. In case of fixed income securities/ deposits/ loans, interest is recognised on a time proportionate basis.
- i. In the case of Loans advanced/ interest bearing securities/ deposits, the interest is recognized as earned on day to day basis. In case of interest on investments held as stock in trade, broken period interest on every purchase or sale is split from the price as accrued interest paid or realised. Such broken period accrued interest paid on purchase & received subsequently on its sale is netted and reckoned as income.
- j. In respect of NBFC activities of the subsidiary, "AFL" the revenue recognition policies are in accordance with Non-banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007 ('prudential norms') as amended from time to time by the Reserve Bank of India. Reversal of income, necessitated by these guidelines, has been netted off from income from operations and accounting of interest on non-performing assets and penal interest on cash basis.
- k. Sale of spectacles is accounted for on accrual basis.
- l. In respect of other heads of income, the Company follows the practice of recognising income on accrual basis.

(vi) Provision for standard and non-performing assets

Provisions for standard and non-performing assets of a NBFC subsidiary "AFL" are created in accordance with the Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007. Further, specific provisions are also created based on the management's best estimate of the recoverability of non-performing assets.

(vii) Borrowing cost

Borrowing cost that are directly attributable to the acquisition, construction or production of qualifying assets is capitalized as part of the cost of such assets. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for intended use or sale.

(viii) Expenditure

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses incurred on behalf of other companies, for sharing personnel, common services and facilities like premises, telephones, etc. are allocated to them at cost and reduced from respective expenses.

Similarly, expense allocation received from other companies is included within respective expense classifications.

(ix) Employee benefits

The Company's obligations towards various employee benefits have been recognised as follows:

(a) Short term benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the Statement of Profit and Loss in the period in which the employee renders the related service.

(b) Provident fund (Defined contribution plan)

Provident fund is a defined contribution plan. The contribution towards provident fund which are being deposited with the Regional Provident Fund Commissioner are charged to the Statement of Profit and Loss.

(c) *Gratuity (Defined benefit plan)*

Gratuity is defined benefit plan. The present value of obligations under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations. Actuarial gains and losses are recognised immediately in the statement of profit and loss.

The Company makes contribution to an insurer managed funds for discharging its gratuity liability.

(d) *Compensated absences (Other long-term benefits)*

The group provides for leave encashment based on actuarial valuation using projected unit credit method in respect of past service. In respect of compensated absences arising during the tenure of service, the defined benefit obligation is calculated taking into account the pattern of availment of leave. In respect of encashment of leave, the defined benefit is calculated taking into account all types of decrements and qualifying salary projected upto the assumed date of encashment. The valuation of leave encashment benefit is done as at the balance sheet date by an independent actuary. Actuarial gains and losses are recognised immediately in the statement of profit and loss.

(x) **Fixed assets**

(i) **Tangible assets**

Tangible assets are stated at the cost of acquisition or construction, less accumulated depreciation and impairment losses. Cost comprises the purchase price and any attributable costs of bringing the assets to their working condition for intended use. Borrowing costs directly attributable to acquisition or construction of fixed assets, which necessarily takes a substantial period of time to be ready for their intended use are capitalized as part of the cost of such assets to the extent they relates to the period till such assets are ready to be put to use.

Depreciation on tangible assets

- (a) Leasehold improvements are depreciated over the lease period as stated in the lease agreement or over the estimated useful life of the assets, whichever is shorter.
- (b) Depreciation is provided based on useful life of assets on Straight Line Method (SLM). The useful life of assets is taken as prescribed in Schedule II to the Companies Act, 2013.

(ii) **Intangible assets and its amortisation**

Intangible assets are recorded at cost and are amortised over the period the Company expects to derive economic benefits from their use.

- (iii) Advances paid towards acquisition of fixed assets and cost of assets not ready for use before year end are disclosed as capital work in progress.

(xi) **Impairment**

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the asset is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each balance sheet date. An impairment loss is recognised whenever the carrying amount of an asset or cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the statement of profit and loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

(xii) **Investments**

Investments are classified into long-term investments and current investments based on intent of the management at the time of making the investment. Investment intended to be held for more than one year from the date such investments are made, are classified as long-term investments. All long-term investments are classified as non-current investments in the balance sheet. The portions of long-term investments which are expected to be realised within twelve months from the balance sheet date are classified as current investments. Current investments are valued at lower of cost and market value, computed category-wise e.g. quoted shares, unquoted shares, government securities and non government securities/bonds. The diminution in current investments is charged to the statement of profit and loss and appreciation, if any, is recognised at the time of sale. Long-term investments, including investments in subsidiaries, are valued at cost unless there is diminution, other than temporary, in their value. Diminution is considered other than temporary based on criteria that include the extent to which cost exceeds the market value, the duration of the market value decline and the financial health of and specific prospects of the issuer. Investments, which are held as stock in trade as part of the business operations are valued in the same manner as are relatable to Current Investments.

- i) The Cost is arrived at FIFO method and is inclusive of brokerage, transfer expenses and demat charges, if any. The fair value is arrived at with reference to the market value, if available, quotation in any stock exchange or any other available information to indicate a transaction between unrelated willing buyer and willing seller at arm's length price.
- ii) In case of unquoted investments, the fair value is arrived on the basis of breakup value as per latest available audited balance sheet of the investee company.

- iii) Interest accrued and/or broken period interest paid on unsold securities is recognized as "Interest Accrued on Investment" under Other current assets.

(xiii) Foreign currency transactions

Transactions in foreign currency are recorded at the exchange rates prevailing at the date of the transaction. Exchange differences arising on settlement of foreign currency transactions are recognised in the statement of profit and loss. Monetary assets and liabilities denominated in foreign currency are translated at year-end rates and resultant gains/losses on foreign exchange translations other than in relation to acquisition of fixed assets and long term foreign monetary liabilities are recognised in the Statement of Profit and Loss.

xiv) Current and deferred tax

Income tax expense comprises current tax and deferred tax. Current tax expense is the amount of tax for the period determined in accordance with the income tax law and deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

xv) Provisions, contingent liabilities and contingent assets

A provision is created when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of

resources is remote, no provision or disclosure is made.

The Company does not recognise assets which are of contingent nature until there is virtual certainty of realisability of such assets. However, if it has become virtually certain that an inflow of economic benefits will arise, asset and related income is recognised in the financial statements of the period in which the change occurs.

xvi) Earnings per share

Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and dilutive potential shares outstanding during the year, except where the results would be anti-dilutive.

xvii) Operating leases

Lease payments under operating lease are recognised as an expense on a straight line basis over the lease term.

xviii) Employee Stock Option Scheme ("ESOS")

The employees stock option Scheme ("the Scheme") provides for grant of equity shares of the company to whole-time directors and employees of the company. The scheme provides that employees are granted an option to subscribe to equity shares of the company that vests in a graded manner. The options may be exercised within a specified period. The company follows the intrinsic value method to account for its stock-based employee compensation plans. Compensation cost is measured as the excess, if any, of the fair market price of the underlying stock over the exercise price on the grant date. The fair market price is the closing price of the equity shares of the company on the stock exchange/s on which the shares of the company are listed, immediately prior to the date of the meeting of compensation committee of board of directors of the company in which the options are granted. If the shares are listed on more than one stock exchange, then the stock exchange where there is highest trading volume on the said date is considered.

xix) Cash and cash equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.
