Management Discussion and Analysis Report

FORWARD LOOKING STATEMENTS

Statements in this Management Discussion and Analysis of Financial Conditions and Results of Operations of the Company describing the Company's objectives, expectations or predictions may be forward looking within the meaning of applicable securities' laws and regulations. Forward-looking statements are based on certain assumptions and expectations of future events. The Company cannot guarantee that these assumptions and expectations are accurate or will be realised. The Company assumes no responsibility to publicly amend, modify or revise forward-looking statements, on the basis of any subsequent developments, information or events. Actual results may differ materially from those expressed in the statement. Important factors that could influence the Company's operations include changes in government/regulatory regulations, tax laws, economic developments within the country and such other factors.

(A) ECONOMY, INDUSTRY STRUCTURE & DEVELOPMENT

Global economic growth is forecast to ease to a weaker-than-expected 2.6% in 2019 before inching up to 2.7% in 2020. Growth in emerging market and developing economies is expected to stabilize next year as some countries move past periods of financial strain, but economic momentum remains weak.

Emerging and developing economy growth is constrained by sluggish investment, and risks are tilted to the downside. These risks include rising trade barriers, renewed financial stress, and sharper-than-expected slowdowns in several major economies. Structural problems that misallocate or discourage investment also weigh on the outlook.

"India continues to retain its position as the world's fastest growing major economy. Its GDP is seen growing by 7.3% in FY 2018-19, according to World Bank estimates, supported by continued recovery of investment and robust consumption, amid a more expansionary stance of monetary policy and some expected impetus from the fiscal policy. Although structural economic reforms such as demonetization and GST led to short-term pain in economic activity, positive changes in the key metrics of the Indian economy are now visible. These reforms have integrated more people into the formal financial system, boosted cashless transactions and added more taxpayers. World Bank has projected India's GDP to grow by an average 7.5% in FY 2019-20 and FY 2020-21, primarily with investment picking up and consumption remaining strong. Continued implementation of structural and financial sector reforms with efforts to reduce public debt remain essential to secure the Indian economy's growth prospects.

Industry Overview

The year has started on a positive note. The international oil prices are down by more than 40% in the last 3 months. India being one among the top 4 oil consuming countries in the world with more than 3/4th of its oil demand met by imports has been the biggest beneficiary of this fall. Imagine a situation that how a household would be benefited if a big part of his/her monthly expenses (say something like groceries/electricity bill etc.) drop by 40 %! The same is true for the Indian economy when it comes to fall in oil prices in recent past. However, the international prices of oil is a

function of a very complex eco-political dynamics which changes by the day. As a result, the international oil prices have been extremely volatile in recent past. Let us hope that recent drop in oil price remains where it has fallen to for a longer period of time for benefits to pass on meaningfully to the real economy.

If oil prices remain soft then it will also put downward pressure on inflation which in turn will make room for the Central Bank (RBI) to change its existing policy stance of "calibrated tightening" to may be a "cut "at some point of time in near future. In this context please note that when inflation is high which is a result of excess demand over supply in the economy then the RBI raises interest rates to curb demand to check inflation, and vice versa. Now since the price of a high consuming product like oil has fallen significantly from the peak then the RBI may not require to raise rates from the current level to control inflation. On the contrary, it may reduce interest rate at some point of time to boost demand in the economy for accelerating economic growth. The bond market has anticipated this and 10 year Government securities yield (the rate at which the bonds get transacted in the market) has fallen by almost 70 bps (100 bps = 1%) from its peak in last 3 months. The fall in interest rates is good news for both equity and bond market. The equity will be benefitted from a lower cost of fund to do business while bond returns improve when interest rate comes down.

While there is good news in terms of lower oil prices and a temporary truce in US-China trade war but there may be some short-term Uncertainties which both fixed income and equity market have to deal with. The first will be the last budget to be presented by the current the government in a months' time from now. The market will watch for a larger than expected fiscal deficit. Higher than expected fiscal deficit means that the government has spent more than what it has earned during the year. If the gap is significantly large then the government has to borrow that much more from the market to meet both its ends. This, in turn, can put pressure on interest rates and crowd out precious capital required for funding the economic growth. Secondly, the uncertainties around politics will be an overhang till May '2019. And third, there may be earning disappointment that may show up in Q3FY19 earnings on account of higher cost of funds, some one-time write-offs (IL&FS etc.), lower demand (especially in some part of consumer discretionary sector) and inflated input cost that some of the large Corporates may have faced during the quarter gone by. Finally, the global uncertainties around US-China trade war can resurface once the 3 months lock-in period for the truce is over.

Notwithstanding such short-term uncertainties which we believe is transient and temporary in nature one must not read too much into it while making investment decision as he/she would then run the risk of missing wood for the trees. The big picture for India is that massive reforms have already been implemented over the last 4 years which will start moving the wheel of economic growth slowly. But once it gathers pace then it is expected to yield significant and sustainable economic growth for a long period of time as it has done to other developed economies in past.

The earning cycle which has been stagnated for the last 4 years have also just started to move, albeit at a slower pace than expected. The rising rates, higher oil/ commodity prices and high NPA cycle which were the major deterrents to earnings growth in past are hopefully behind us now. And, fresh capacity addition in the economy is around the corner as the gap between available capacity and used capacity (called output gap by the economists) is closing.

Interestingly it is worthwhile to take note that midcaps which represent the broader market and deeper India growth story are now down by more than 15% in last one year. There are some pockets of good opportunities that are now available in this space which our Fund Managers will look for investing depending on their respective fund mandates. However, the caveat to the investors is that one must keep patience in this volatile market environment. One must remember that in this long journey there would be patches of turbulence, and in such turbulent time, one has to stick to the basic rule. Fasten the seat belt, and sit tight. A calmer sky is waiting ahead .

(B) OPPORTUNITIES & THREATS

The global growth momentum is expected to soften in 2019, with growth slowing in major advanced economies including the United States (US), Europe and China. Moreover, risks are tilted to the downside. With weak global environment, India will have to lean on domestic factors. And consequent to the government pursuing a fiscal consolidation path, the pickup in growth is expected to be only gradual. A change in the growth mix is on cards, with the private sector likely to take over the baton from the government.

In fiscal 2020, gross domestic product (GDP) to grow 7.3%, compared with 7.2% in fiscal 2019, under the assumptions of normal rains, lower crude oil prices than in 2018 and a stable political outcome. Private consumption and investment are expected to be the key drivers of India's growth in fiscal 2020. Private consumption growth is likely to find support from softer interest rates and improvement in farm realization, as food inflation moves up. Plus, the lower base effect will help. Investment, especially from the private corporate, will improve, given the continuously improving capacity utilization and the end of the de-leveraging phase for corporates.

However, the risks to our growth forecast are tilted to the downside: (a) monsoon risk – if 2019 happens to witness El Nino, as forecasted by the National Oceanic and Atmospheric Administration of US, the agriculture GDP could erode and rural distress could accentuate; (b) political risk - if the general elections this year were to yield a fractured mandate and derail/delay the reforms process, the implications on sentiments, investments and growth could be adverse; (c) oil price risk – if crude oil prices were to spike and stay high through the fiscal, India's manufacturers could face input price pressures; (d) weaker global outlook – if the global slowdown is more than expected, then global demand and trade growth could severely slowdown, creating adverse consequences for India's exports.

As for the other key macros, we expect the Consumer Price Index (CPI)-based inflation to pick up to 4.5% in fiscal 2020, compared with an estimated 3.7% in fiscal 2019. While fuel inflation will be benign, pressure from food and core inflation is expected to weigh on the headline inflation. Current account deficit (CAD) is expected to reduce to 2.4% of GDP

in fiscal 2020 from 2.6% in fiscal 2019, supported by lower crude oil prices.

(D) OUTLOOK

The Indian economy is back on the growth path and democratisation of credit, financialisation of assets and privatisation of the economy will together lead to a compounding effect, which in turn is expected to double India's GDP from USD 2.5 trillion in 2018 to USD 5 trillion in 2025. Financial services will continue to be a standout performer in this golden age of compounding, private financial services even more so. In this significant growth scenario, almondz is well-gearred to take advantage of the unfolding opportunity with the multiple vectors of growth that we have.

(E) RISKS & CONCERNS

In today's complex business environment, almost every business decision requires executives and managers to balance risk and reward. Effective risk management is therefore critical to an organisation's success. Globalization, with increasing integration of markets, newer and more complex products & transactions and an increasingly stringent regulatory framework has exposed organisations to newer risks. As a result, today's operating environment demands a rigorous and integrated approach to risk management.

Timely and effective risk management is of prime importance to our continued success. The risk for the Company arises mainly out of the risks associated with the operations we carry. Experienced professionals review and monitor risks in our Company. We have formulated comprehensive risk management policies and processes to mitigate the risks that are encountered in conducting business activities. The management also periodically reviews the policies and procedures and formulates plans for control of identified risks and improvements in the systems. A risk/compliance update report is regularly placed before the Board of Directors of the Company. The Directors review the risk/compliance update reports and the course of action taken or to be taken, to mitigate and manage the risks. The internal audit carried out by external firms of auditors also provides a review of the risks attendant in various businesses and the effectiveness of processes on a periodical basis. These reports are placed before the Audit Committees of the Company.

We manage the following categories of risks:

- **Market Conditions and Market Risk** – The domestic and global economic conditions and markets will always be a major factor in the business of financial intermediation and adverse change in conditions invariably leaves a larger than normal impact. However, beyond the universality of this risk, the Company's

business is exposed to Market Risk only to the extent of its investments in its proprietary debt portfolio. This Market Risk is contained to appropriate levels through well defined and Board laid down policies and is monitored on a daily basis.

➤ **Financial Risks:**

- **Liquidity Risks** – The Company requires funds for its operations, growth and expansion projects. It has sufficient committed lines of credit from various banks in India to fund the operations as well as expansion projects. The Company has a strong continued focus and review mechanism for cash flow management and control on borrowings from the banks. This ensures that while liquidity is maintained for the Company, it does not borrow above generally accepted financial norms and is able to meet the obligations to the banks without any default. For organic growth plans, the primary source is internal accruals of cash.

- **Interest Risk** – The Company is exposed to the interest rate risks on its borrowings. It evaluates the various sources of short term funding to have a lower blended rate of interest.

- **Credit Risk** – This risk manifests when debtors do not perform their obligations. Both Credit Risk and Counter-Party Risk have been elaborately defined in our Company's Investment Policy that governs all investment decisions, and its stipulations are strictly adhered.

- **Operational Risk** – The Company's operations under each of its business verticals are the subject of elaborate and well defined Policies so as to cover all internal processes. The Company also has a system of internal audit that encompasses all operational areas.

- **Legal & Regulatory Risk** – The Company is in the business of financial intermediation and is committed to adhere to very high compliance standards. This is imperative in any regulated business as the business' continuance is otherwise at risk. Substantial legal liability or a significant regulatory action against the Company could have material adverse financial effects or cause significant reputational harm.

- **Internal Controls Review** – The Company has strong internal controls and review mechanism. A detailed audit process and audit plan by external agencies cover the key risks identified through the risk management program, wherein existence and effectiveness of the control measures indicated against the risks are verified. The review of the process and findings is done by the senior management on a monthly basis and is an integral part of the performance management of the organisation.

- **Economic and Political Risks** – The Company is fairly exposed to the domestic and global political and economic risks. The risks arising out of any downturn in the economic conditions of the global markets, as felt in the last year, could have an adverse impact on the performance of the company. Performance and growth is also dependent upon the health of the overall Indian economy and political stability.

- **Competition Risks** – The Company operates in a highly competitive environment. The demand for the Company's services and solutions depend upon various domestic and global factors and most importantly the customer's plans and ability to incur expenditure/investment. In the existing market and with existing customers also, new competitors may come in and put pressure on volume and pricing of the Company's services and solutions. To mitigate the above risks, the Company continuously endeavour to maintain a very good relationship with the customers/clients and endeavour to keep introducing enhanced features in services to improve value proposition to its customer / clients.
- **Human Resource Risks** – The Company's success depends largely upon the quality and competence of its management team and key personnel. Attracting and retaining talented professionals is, therefore, a key element of the Company's strategy and a significant source of competitive advantage. While the Company has a salary and incentive structure designed to encourage employee retention, a failure to attract and retain talented professionals, or the resignation or loss of key management personnel, may have an adverse impact on the Company's business, its future financial performance and the price of its equity shares.

(F) ADEQUACY OF INTERNAL CONTROLS

The Company has invested in building a system of internal controls to achieve operational efficiency, optimum resource utilization, effective monitoring, and adherence to strict compliance standards. The Company has in place a well defined organization structure with separate business and support lines. Each line has a separate revenue, cost and contribution budget which is monitored periodically.

The budgets are in turn disintegrated over various levels within the business/support verticals to reveal individual performance. There is a well defined delegation of authority and responsibility across the organisation.

(G) OPERATIONAL PERFORMANCE

*Mr. Atul Kumar Shukla has resigned from the Board of Directors w.e.f. 29 March, 2019

Notes:

None of the directors holds office as a director, including as alternate director, in more than twenty companies at the same time.

None of them has directorships in more than ten public companies. For reckoning the limit of public companies, directorships of private companies that are either holding or subsidiary company of a public company are included and directorships in dormant companies are excluded.

As per declarations received, none of the directors serves as an independent director in more than seven equity listed companies.

Further, the Managing Director in the Company does not serve as an independent director in more than three equity listed companies and in fact not even in a single entity.

None of the directors was a member in more than ten committees, nor a chairman in more than five committees across all companies in which he was a director.

For the purpose of considering the limit of the committees on which a director can serve, all public limited companies, whether listed or not, have been included and all other companies including private limited companies, foreign companies and companies under section 8 of the Companies Act, 2013 have been excluded. Only audit committee and stakeholders' relationship committee are considered for the purpose of reckoning committee positions.

INDEPENDENT AUDITOR'S REPORT

To the Members of

ALMONDZ GLOBAL SECURITIES LIMITED

Report on the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of ALMONDZ GLOBAL SECURITIES LIMITED ("the Company"), which comprise the balance sheet as at 31st March 2019, and the statement of Profit and Loss, the statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and profit/loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How our audit addressed the key audit matter
Revenue recognition for advisory and consultancy services (As described in accounting policies)	
The company has adopted AS-09, Revenue Recognition for the Advisory and Consultancy services provided to Customers.	We have read the company's revenue recognition accounting policies and assessed compliance of the policies with AS-09.
The Company has applied Proportionate Completion Method and Completed Service Contract Method.	
Claims, litigations and contingencies (As described in Note-2.28)	

The company is having various ongoing litigations, court and other legal proceedings before tax and regularity authorities and courts.	Our audit procedures included: We understood management's process relating to the identification and impact analysis of claims, litigations and contingencies; We analyzed responses obtained from management. We have read the minutes of meeting of the audit committee and the board of directors. We have assessed management assumptions and estimates related to disclosures of contingent liabilities in the financial statements.
Assessing the carrying value of the Inventory (As described in Note: 2.16)	
The company inventory comprise of Shares and Securities. As at 31 st March 2019, the carrying values of inventories amounts to Rs.1,68,84,886/-.	Our audit procedures/testing included: We read and evaluated the accounting policies and disclosures made in the financial statement with respect to Inventories/Investment.
The inventories are carried at the lower of the cost and fair value. The fair value is arrived at with reference to the market value, if available, quotation in any stock exchange or any other available information to indicate a transaction between unrelated willing buyer and willing seller at arm's length price.	Since the inventory consist shares and securities, we have tested accounting policies in line with AS-13 (Accounting for Investment). We have checked the document provided by the management related to ascertaining fair value of inventories.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the

accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. That Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Report on Other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

As required by Section 143(3) of the Act, we report that:

Annexure - B to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of ALMONDZ GLOBAL SECURITIES LIMITED ("the Company") as of 31 March 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial

reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

(ii) Basis of preparation

The financial statements are prepared under the historical cost convention, in accordance with the Indian Generally Accepted Accounting Principles (GAAP), to comply with the accounting standards specified u/s 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, relevant pronouncements of the Institute of Chartered Accountants of India (ICAI) and the provisions of the Companies Act, 2013. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy either to in use.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in schedule III of the Companies Act, 2013. Previous year's figures have been regrouped/ reclassified wherever considered necessary. Based on the nature of services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of its assets and liabilities.

(iii) Use of estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Where, actual results could differ from these estimates, the differences between actual results and estimates are recognised in the periods in which the results are known / materialized.

(iv) Current/Non-current classification

All assets and liabilities are classified as current and non-current.

i) Assets

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realized within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-

current financial assets. All other assets are classified as non-current.

ii) Liabilities

A liability is classified as current when it satisfies any of the following criteria.

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or
- The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities includes current portion of non-current financial liabilities. All other liabilities are classified as non-current.

(v) Revenue recognition

Revenue is recognized to the extent it is possible that economic benefits will flow to the Company and revenue can be reliably measured.

- Advisory and consultancy services:* Fee is booked on the completion of task/project as per the terms of agreement. However, where the percentage of completion is significant enough to ascertain the outcome reliably, revenue is recognised to the extent it can be accurately measured.
- Wealth / Broking activities:* Income from broking on distribution operations is recognised on the closure of the issue of mutual funds, bonds, fixed deposits and other money market instruments. Income from stock broking operations is accrued on completion of transaction at the stock exchanges for commission from broking operations.
- In the case of trading in bonds, the profit/ loss from the transaction is recognised on the closure of the deal and consequent delivery of the bond.
- Revenue on account of trading in shares is recognized on the basis of each trade executed at the stock exchange during the financial year.
- In respect of non delivery based transactions such as derivatives and intra day, the profit and loss is accounted for at the completion of each settlement, however in case of an open settlement the net result of transactions which are squared up on FIFO basis is recognized as profit/loss in the account.
- Depository charges is accounted for on accrual basis.
- Dividend income is recognised when the right to receive the income is established.
- In case of fixed income securities/deposits/loan, interest is recognised on a time proportionate basis.
- In respect of other heads of income, the Company follows the practice of recognising income on accrual basis.
- Brokerage and other revenue from operations are net of service tax / GST wherever applicable.

(vi) Borrowing Cost

Interest on borrowings is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable on the borrowings.

Borrowing cost that are attributable to the acquisition or construction of qualifying assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. All other borrowing costs are charged to the statement of profit & loss.

(vii) Expenditure

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses incurred on behalf of other companies for sharing personnel, common services and facilities like premises, telephones etc., are allocated to them at cost and reduced from respective expenses.

Similarly, expense allocation received from other companies is included within respective expense classifications.

(viii) Employee benefits

The Company's obligations towards various employee benefits have been recognized as follows:

(a) Short term benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognized in the Statement of Profit and Loss in the period in which the employee renders the related service.

(b) (Defined contribution plan)

Retirement / employee benefits in the form of Provident Fund, Employee State Insurance and Labour Welfare are considered as defined contribution plan and contributions to the respective funds administered by the Government are charged to the Statement of Profit and Loss of the year when the contribution to the respective funds are due.

(c) Gratuity (Defined benefit plan)

Gratuity is defined benefit plan. The present value of obligations under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measure each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on Government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss.

The Company makes contribution to an insurer managed funds for discharging its gratuity liability.

(d) Compensated absences (Other long-term benefits)

The Company provides for leave encashment based on actuarial valuation using projected unit credit method in respect of past service. In respect of compensated absences arising during the tenure of service, lying to

the credit of employee as on the last day of financial year, subject to the maximum period of leave allowable as per HR policy of the company. The defined benefit obligation is calculated taking into account the pattern of an ailment of leave. In respect of encashment of leave, the defined benefit is calculated taking into account all types of decrements and qualifying salary projected up to the assumed date of encashment. The valuation of leave encashment benefit is done as at the balance sheet date by an independent actuary. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss. However, company does not en-cash compensated absences.

(ix) Property, Plant & Equipment (PPE)

i) Tangible assets

Tangible assets are stated at the cost of acquisition or construction, less accumulated depreciation and impairment losses. Cost comprises the purchase price and any attributable costs of bringing the assets to their working condition for intended use. Borrowing costs directly attributable to acquisition or construction of PPE, which necessarily take a substantial period of time to be ready for their intended use are capitalised as part of the cost of such assets to the extent they relate to the period till such assets are ready to be put to use.

Depreciation on tangible assets

(a) Leasehold improvements are depreciated over the lease period as stated in the lease agreement or over the estimated useful life of the assets, whichever is shorter.

(b) Depreciation is provided based on useful life of assets on Straight Line Method (SLM). The useful life of assets is taken as prescribed in Schedule II to the Companies Act, 2013.

ii) Intangible assets and its amortisation

Intangible assets are recorded at cost and are amortised over the period the Company expects to derive economic benefits from their use.

Softwares are stated at cost of acquisition and are amortized on straight line basis.

iii) Advances paid towards acquisition of PPE and cost of assets not ready for use before the year end are disclosed as capital work in progress.

(x) Impairment

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the asset is estimated. For assets that are not yet available for use, the recoverable is estimated at each balance sheet date. An impairment loss is recognised whenever the carrying amount of an asset or cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of

depreciation or amortisation, if no impairment loss had been recognised.

(xi) Stock-in-Trade

Securities acquired with the intention to trade are classified as Stock-in-trade. Stock-in-Trade of Securities is valued at lower of the cost or fair value. Cost is determined on First-in-First-Out (FIFO) basis.

(xii) Investments

Investments are classified into long-term investments and current investments based on intent of the management at the time of making the investment. Investment intended to be held for more than one year from the date such investments are made are classified as long-term investments. All long-term investments are classified as non-current investments in the Balance Sheet. The portions of long-term investments which are expected to be realised within twelve months from the Balance Sheet date are classified as current investments. Current investments are valued at lower of cost and market value, computed category-wise e.g. quoted shares, unquoted shares, government securities and non-government securities/bonds. The diminution in current investments is charged to the Statement of Profit and Loss and appreciation, if any, is recognised at the time of sale. Long-term investments, including investments in subsidiaries, are valued at cost unless there is diminution, other than temporary, in their value. Diminution is considered other than temporary based on criteria that include the extent to which cost exceeds the market value, the duration of the market value decline and the financial health of and specific prospects of the issuer.

- i) The Cost is arrived at average method and is inclusive of brokerage, transfer expenses and demat charges, if any. The fair value is arrived at with reference to the market value, if available, quotation in any stock exchange or any other available information to indicate a transaction between unrelated willing buyer and willing seller at arm's length price. Profit or Loss on sale of investment is determined on the basis of the weighted average cost method. On disposal of and Investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.
- ii) In case of unquoted investments, the fair value is arrived on the basis of breakup value as per latest available audited balance sheet of the investee company.
- iii) Interest accrued and/or broken period interest paid on unsold securities is recognized as "Interest Accrued on Investment" under Other Current Assets.

(xiii) Foreign currency transactions

Transactions in foreign currency are recorded at the exchange rates prevailing on the date of the transaction. Exchange differences arising on settlement of foreign currency transactions are recognised in the Statement of Profit and Loss. Monetary assets and liabilities denominated in foreign currency are translated at year-end rates and resultant gains/losses on foreign exchange translations other than in relation to acquisition of PPE and long term foreign currency monetary liabilities are recognised in the Statement of Profit and Loss.

(xiv) Current and deferred tax

Income-tax expense comprises current tax and deferred tax. Current tax expense is the amount of tax for the period determined in accordance with the income-tax law and deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each balance sheet date and written down or written-up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

(xv) Provisions, contingent liabilities and contingent assets

A provision is created when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

The Company does not recognise assets which are of contingent nature until there is virtual certainty of realisability of such assets. However, if it has become virtually certain that an inflow of economic benefits will arise, asset and related income is recognised in the financial statements of the period in which the change occurs.

(xvi) Earnings per share

Earnings per share is calculated by dividing the net profit or loss for the year (including prior period item, if any) attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and dilutive potential shares outstanding during the year, except where the results would be anti-dilutive.

(xvii) Operating leases

Lease payments under operating lease are recognised as an expense on a straight line basis over the lease term.

(xviii) Employee Stock Option Scheme ("ESOS")

The Employees Stock Option Scheme ("the Scheme") provides for grant of equity shares of the Company to whole-time directors and employees of the Company. The Scheme provides that employees are granted an option to subscribe to equity shares of the Company that vests in a graded manner. The options may be exercised within a specified period. The Company follows the intrinsic value method to account for its stock-based employee compensation

plans. Compensation cost is measured as the excess, if any, of the fair market price of the underlying stock over the exercise price on the grant date. The fair market price is the closing price of the equity shares of the Company on the stock exchange/s on which the shares of the Company are listed, immediately prior to the date of the meeting of Compensation Committee of Board of Directors of the Company in which the options are granted. If the shares are listed on more than one stock exchange, then the stock exchange where there is highest trading volume on the said date is considered.

(xix) Cash and Cash Equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

(xx) Assets on Operating Leases

Lease payments under operating leases are recognized as expenses on accrual basis in accordance with the respective agreements.

(xxi) Segment reporting

- Segments are identified by the management, keeping in view the dominant source and nature of risks and returns and the internal organization and management structure.
- Revenue and expenses have been identified to a segment on the basis of relationship to the operating activities of the segment.
- Revenue and expenses, which relate to the company as a whole and are not allocable to a segment on reasonable basis, have been disclosed as 'unallocable'.
- Segment assets and liabilities represent assets and liabilities in respective segments. Tax related assets, and other assets and liabilities that are not reported or cannot be allocated to a segment on a reasonable basis, have been disclosed as 'unallocable'.

2.27 Disclosures required under AS-15-Employee Benefits

The Company has a defined benefit gratuity plan. The present value of obligation is determined based on actuarial valuation using the projected unit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for leave encashment is recognized in the same manner as gratuity.

i) Changes in the present value of the defined benefit obligation are as follows:

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matters	How our audit addressed the key audit matter
Revenue recognition for advisory and consultancy services (As described in accounting policies)	
The company has adopted AS-09, Revenue Recognition for the Advisory and Consultancy services provided to Customers. The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for maintenance of adequate accounting records in accordance with

the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for assessing the ability of the Group and of its associates and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and jointly controlled entities are responsible for overseeing the financial reporting process of the Group and of its associates and jointly controlled entities.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

Other Matter

The consolidated financial statements also include the group's share of net profit of Rs. 3,31,11,428/- for the year ended March 31, 2019 as considered in the consolidated financial statements, in respect of 1 associate, whose financial statements have not been audited by us. Annexure - A to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

In conjunction with our audit of the consolidated financial statements of ALMONDZ GLOBAL SECURITIES LIMITED as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of ALMONDZ GLOBAL SECURITIES LIMITED (hereinafter referred to as the "holding company") and its subsidiary companies, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company, its subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these consolidated financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, both, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting with reference to these consolidated financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, with reference to these consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these consolidated financial statements.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting with reference to these consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Consolidated financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting with reference to these consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with references to these consolidated financial statements to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, and its subsidiary companies, have, maintained in all material respects, an adequate internal financial controls system over financial reporting with reference to these consolidated financial statements and such internal financial controls over financial reporting with reference to these consolidated financial statements were operating effectively as at 31 March 2019, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

In the preparation of these consolidated financial statements, investment in the subsidiary companies has been accounted for in accordance with AS 21 (Accounting for Consolidated Financial Statements) prescribed by Companies (Accounting Standards) Rules, 2006. The consolidated financial statements are prepared, subject to the above, on the following basis:

- Subsidiary company is consolidated on a line-by-line basis by adding together the book values of the items, like assets, liabilities, income and expenses, after eliminating all significant intra-group balances and intra-group transactions and unrealised profits or losses, except where cost cannot be recovered.
- The difference of the cost to the Company of its investment in subsidiary over its proportionate share in the equity of the investee company, as at the date of acquisition of stake is recognised in the financial statements as Goodwill or Capital Reserve, as the case may be.
- Minority interest, if any, in net profits of consolidated subsidiary for the year is identified and adjusted against the income in order to arrive at the net income attributable to the shareholders of the Company. Their share of net assets is identified and presented in the Consolidated Balance Sheet separately. Where accumulated losses attributable to the minorities are in excess of their equity, in absence of the contractual obligation on the minorities, the same is accounted for by the holding company.
- Investment in associates are dealt with in accordance with AS-23 'Accounting for Investment in Associates in CFS. Effect has been given to the carrying amount of investment in associates using the equity method. The company share of post acquisition profit and loss is including in the carrying cost of investment.

Goodwill/Capital Reserve on consolidation is recognised on the line of AS-21.

- As far as possible, the consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the Company's separate financial statements.
- The financial statements of the entities used for the purpose of consolidation are drawn up to same reporting date as that of the Company i.e. year ended 31 March 2019.

(ii) Basis of preparation

The financial statements are prepared under the historical cost convention, in accordance with the Indian Generally Accepted Accounting Principles (GAAP), to comply with the accounting standards specified u/s 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014, relevant pronouncements of the Institute of Chartered Accountants of India (ICAI), relevant provisions of the Companies Act, 2013. In respect of NBFC subsidiary prudential norms for asset classification, income recognition, valuation of investments, provisioning of bad and doubtful assets as prescribed by Reserve Bank of India for non-banking finance company are complied. Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy either to in use.

The consolidated financial statements have been prepared based on the Schedule III of the Companies Act, 2013. All assets and liabilities have been classified as current or non-current as per Company's normal operating cycle and other criteria set out in the Schedule

III of the Companies Act, 2013. Previous year's figures have been regrouped/reclassified wherever considered necessary. Based on the nature of services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current/ non-current classification of its assets and liabilities.

(iii) Use of estimates

The preparation of consolidated financial statements in conformity with GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Where, actual results could differ from these estimates, the differences between actual results and estimates are recognised in the periods in which the results are known / materialized.

(iv) Current/Non-current classification

All assets and liabilities are classified as current and non-current.

i) Assets

An asset is classified as current when it satisfies any of the following criteria:

- a. It is expected to be realized in, or is intended for sale or consumption in, the Company's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is expected to be realized within 12 months after the reporting date; or
- d. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

ii) Liabilities

A liability is classified as current when it satisfied any of the following criteria.

- a. It is expected to be settled in the Company's normal operating cycle;
- b. It is held primarily for the purpose of being traded;
- c. It is due to be settled within 12 months after the reporting date; or
- d. The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities includes current portion of non-current financial liabilities. All other liabilities are classified as non-current.

(v) Revenue recognition

- a. *Advisory and consultancy services:* Fees is booked on the completion of task/project as per the terms of agreement. However, where the percentage of

completion is significant enough to ascertain the outcome reliably, revenue is recognised to the extent it can be accurately measured.

- b. *Wealth /Broking activities:* Income from broking on distribution operations is recognised on the closure of the issue of mutual funds, bonds, fixed deposits and other money market instruments. Income from stock broking operations and commodity broking operation is accrued on completion of transaction at the respective stock exchanges.
- c. In the case of trading in bonds, the profit/loss from the transaction is recognised on the closure of the deal and consequent delivery of the bond.
- d. Revenue on account of trading in shares is recognized on the basis of each trade executed at the stock exchange during the financial year.
- e. In respect of non delivery based transactions such as derivatives, the profit/loss is accounted for at the completion of each settlement, however in case of an open settlement, the net result of transaction which are squared up on FIFO basis, is recognized as profit/ loss in the account.
- f. Dividend income is recognised when the right to receive the income is established.
- g. Depository charges is accounted for on accrual basis.
- h. In case of fixed income securities/ deposits/ loans, interest is recognised on a time proportionate basis.
- i. In the case of Loans advanced/ interest bearing securities/ deposits, the interest is recognized as earned on day to day basis. In case of interest on investments held as stock in trade, broken period interest on every purchase or sale is split from the price as accrued interest paid or realised. Such broken period accrued interest paid on purchase & received subsequently on its sale is netted and reckoned as income.
- j. In respect of NBFC activities of the subsidiary, "AFL" the revenue recognition policies are in accordance with Non-banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007 ('prudential norms') as amended from time to time by the Reserve Bank of India. Reversal of income, necessitated by these guidelines, has been netted off from income from operations and accounting of interest on non-performing assets and penal interest on cash basis.
- k. *Sale of Goods:* Income from sale of goods is accounted net of taxes on accrual basis. When risk and rewards incidental to ownership are transferred to the customer, it can be reliably measured and it is reasonable to expect ultimate collection. In respect of other heads of income, the Company follows the practice of recognizing income on accrual basis.
- l. *Healthcare Activities :* Income from healthcare Activities is accounted for on accrual basis for services rendered.
- m. In respect of other heads of income, the Company follows the practice of recognising income on accrual basis.

- n. Brokerage and other revenue from operations are net of GST wherever applicable.

(vi) Provision for standard and non-performing assets

Provisions for standard and non-performing assets of a NBFC subsidiary "AFL" are created in accordance with the Non-Banking Financial (Non-Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007. Further, specific provisions are also created based on the management's best estimate of the recoverability of non-performing assets.

(vii) Borrowing cost

Interest on borrowings is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable on the borrowings.

Borrowing cost that are directly attributable to the acquisition, construction or production of qualifying assets is capitalized as part of the cost of such assets. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for intended use or sale. All other borrowing costs are charged to the statement of profit & loss.

(viii) Expenditure

Expenses are recognised on accrual basis and provisions are made for all known losses and liabilities. Expenses incurred on behalf of other companies, for sharing personnel, common services and facilities like premises, telephones, etc. are allocated to them at cost and reduced from respective expenses.

Similarly, expense allocation received from other companies is included within respective expense classifications.

(ix) Employee benefits

The Company's obligations towards various employee benefits have been recognised as follows:

(a) Short term benefits

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc., are recognised in the Statement of Profit and Loss in the period in which the employee renders the related service.

(b) (Defined contribution plan)

Retirement / employee benefits in the form of Provident Fund, Employee State Insurance and Labour Welfare are considered as defined contribution plan and contributions to the respective funds administered by the Government are charged to the Statement of Profit and Loss of the year when the contribution to the respective funds are due.

(c) Gratuity (Defined benefit plan)

Gratuity is defined benefit plan. The present value of obligations under such defined benefit plan is determined based on actuarial valuation carried out by an independent actuary using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee

benefit entitlement and measure each unit separately to build up the final obligation.

The obligation is measured at the present value of estimated future cash flows. The discount rates used for determining the present value of obligation under defined benefit plans, is based on the market yields on government securities as at the balance sheet date, having maturity periods approximating to the terms of related obligations. Actuarial gains and losses are recognised immediately in the statement of profit and loss.

The Company makes contribution to an insurer managed funds for discharging its gratuity liability.

(d) Compensated absences (Other long-term benefits)

The Company provides for leave encashment based on actuarial valuation using projected unit credit method in respect of past service. In respect of compensated absences arising during the tenure of service, lying to the credit of employee as on the last day of financial year, subject to the maximum period of leave allowable as per HR policy of the company. The defined benefit obligation is calculated taking into account the pattern of an availment of leave. The valuation of leave encashment benefit is done as at the balance sheet date by an independent actuary. Actuarial gains and losses are recognized immediately in the Statement of Profit and Loss. However, company does not en-cash compensated absences.

(x) Property, Plant & Equipments

(i) Tangible assets

Tangible assets are stated at the cost of acquisition or construction, less accumulated depreciation and impairment losses. Cost comprises the purchase price and any attributable costs of bringing the assets to their working condition for intended use. Borrowing costs directly attributable to acquisition or construction of Property, Plant & Equipments, which necessarily takes a substantial period of time to be ready for their intended use are capitalized as part of the cost of such assets to the extent they relates to the period till such assets are ready to be put to use.

Depreciation on tangible assets

- (a) Leasehold improvements are depreciated over the lease period as stated in the lease agreement or over the estimated useful life of the assets, whichever is shorter.
- (b) Depreciation is provided based on useful life of assets on Straight Line Method (SLM). The useful life of assets is taken as prescribed in Schedule II to the Companies Act, 2013.

(ii) Intangible assets and its amortisation

Intangible assets are recorded at cost and are amortised over the period the Company expects to derive economic benefits from their use

Softwares are stated at cost of acquisition and are

amortized on straight line basis.

- (iii) Advances paid towards acquisition of Property, Plant & Equipments and cost of assets not ready for use before year end are disclosed as capital work in progress.

(xi) Impairment

The carrying amounts of assets are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the recoverable amount of the asset is estimated. For assets that are not yet available for use, the recoverable amount is estimated at each balance sheet date. An impairment loss is recognised whenever the carrying amount of an asset or cash generating unit exceeds its recoverable amount. Impairment losses are recognised in the statement of profit and loss. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined net of depreciation or amortisation, if no impairment loss had been recognised.

(xii) Stock- in- Trade

Securities acquired with the intention to trade are classified as Stock –in- trade. Stock-in-Trade of Securities is valued at lower of the cost or fair value. Cost is determined on First-in-First-Out (FIFO) basis.

(xiii) Investments

Investments are classified into long-term investments and current investments based on intent of the management at the time of making the investment. Investment intended to be held for more than one year from the date such investments are made, are classified as long-term investments. All long-term investments are classified as non-current investments in the balance sheet. The portions of long-term investments which are expected to be realised within twelve months from the balance sheet date are classified as current investments. Current investments are valued at lower of cost and market value, computed category-wise e.g. quoted shares, unquoted shares, government securities and non government securities/bonds. The diminution in current investments is charged to the statement of profit and loss and appreciation, if any, is recognised at the time of sale. Long-term investments, including investments in subsidiaries, are valued at cost unless there is diminution, other than temporary, in their value. Diminution is considered other than temporary based on criteria that include the extent to which cost exceeds the market value, the duration of the market value decline and the financial health of and specific prospects of the issuer.

- i) The Cost is arrived at Average method and is inclusive of brokerage, transfer expenses and demat charges, if any. The fair value is arrived at with reference to the market value, if available, quotation in any stock exchange or any other available information to indicate a transaction between unrelated willing buyer and willing seller at arm's length price.
- ii) In case of unquoted investments, the fair value is

arrived on the basis of breakup value as per latest available audited balance sheet of the investee company.

- iii) Interest accrued and/or broken period interest paid on unsold securities is recognized as "Interest Accrued on Investment" under Other current assets.

(xiv) Foreign currency transactions

Transactions in foreign currency are recorded at the exchange rates prevailing at the date of the transaction. Exchange differences arising on settlement of foreign currency transactions are recognised in the statement of profit and loss. Monetary assets and liabilities denominated in foreign currency are translated at year-end rates and resultant gains/losses on foreign exchange translations other than in relation to acquisition of Property, Plant & Equipments and long term foreign monetary liabilities are recognised in the Statement of Profit and Loss.

(xv) Current and deferred tax

Income tax expense comprises current tax and deferred tax. Current tax expense is the amount of tax for the period determined in accordance with the income tax law and deferred tax charge or credit reflects the tax effects of timing differences between accounting income and taxable income for the period. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future; however, where there is unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is a virtual certainty of realisation of such assets. Deferred tax assets are reviewed as at each balance sheet date and written down or written-up to reflect the amount that is reasonably/virtually certain (as the case may be) to be realised.

(xvi) Provisions, contingent liabilities and contingent assets

A provision is created when there is a present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

The Company does not recognise assets which are of contingent nature until there is virtual certainty of realisability of such assets. However, if it has become virtually certain that an inflow of economic benefits will arise, asset and related income is recognised in the financial statements of the period in which the change occurs.

(xvii) Earnings per share

Earnings per share is calculated by dividing the net profit of loss for the year (including prior period item, if

any) attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. Basic earnings per share is computed using the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed using the weighted average number of equity and dilutive potential shares outstanding during the year, except where the results would be anti-dilutive.

(xviii) Operating leases

Lease payments under operating lease are recognised as an expense on a straight line basis over the lease term.

(xix) Employee Stock Option Scheme (“ESOS”)

The employees stock option Scheme (“the Scheme”) provides for grant of equity shares of the company to whole-time directors and employees of the company. The scheme provides that employees are granted an option to subscribe to equity shares of the company that vests in a graded manner. The options may be exercised within a specified period. The company follows the intrinsic value method to account for its stock-based employee compensation plans. Compensation cost is measured as the excess, if any, of the fair market price of the underlying stock over the exercise price on the grant date. The fair market price is the closing price of the equity shares of the company on the stock exchange/s on which the shares of the company are listed, immediately prior to the date of the meeting of compensation committee of board of directors of the company in which the options

are granted. If the shares are listed on more than one stock exchange, then the stock exchange where there is highest trading volume on the said date is considered.

(xx) Cash and cash equivalents

In the cash flow statement, cash and cash equivalents include cash in hand, demand deposits with banks, other short-term highly liquid investments with original maturities of three months or less.

(xxi) Segment reporting

- Segments are identified by the management, keeping in view the dominant source and nature of risks and returns and the internal organization and management structure.
- Revenue and expenses have been identified to a segment on the basis of relationship to the operating activities of the segment.
- Revenue and expenses, which relate to the company as a whole and are not allocable to a segment on reasonable basis, have been disclosed as ‘unallocable’.
- Segment assets and liabilities represent assets and liabilities in respective segments. Tax related assets, and other assets and liabilities that are not reported or cannot be allocated to a segment on a reasonable basis, have been disclosed as ‘unallocable’

Explanatory Statement

(Pursuant to section 102 of the Companies Act, 2013)

As required by section 102 of the Companies Act, 2013 (Act), the following explanatory statement sets out all material facts relating to the business mentioned under Item Nos. 3 to 5 of the accompanying Notice:

Item Nos. 3

Mr. Krishan Lall Khetarpaul (DIN: 01268756) was appointed as Independent Director on the Board of the Company pursuant to the provisions of Section 149 of the Companies Act, 2013 read with the Companies (Appointment and Qualification of Directors) Rules, 2014 and the erstwhile Clause 49 of the Listing Agreement with the stock exchanges to hold office as an Independent Directors of the Company up to the September 28, 2019 ("first term" in line with the explanation to Sections 149(10) and 149(11) of the Companies Act, 2013).

The Nomination and Remuneration Committee of the Board of Directors, on the basis of the report of performance evaluation of Independent Directors, has recommended re-appointment of Mr. Krishan Lall Khetarpaul for a second term of 5 (five) consecutive years on the Board of the Company.

The Board, based on the performance evaluation of Independent Director and as per the recommendation of the Nomination and Remuneration Committee, considers that, given their background and experience and contributions made by him during his tenure, the continued association of Mr. Krishan Lall Khetarpaul would be beneficial to the Company and it is desirable to continue to avail his services as Independent Director. Accordingly, it is proposed to re-appoint Mr. Krishan Lall Khetarpaul as Independent Director of the Company, and shall not be liable to retire by rotation and to hold office for a second term of 5 (five) consecutive years on the Board of the Company in terms of Sections 149(10) and 149(11) of the Companies Act, 2013 and in accordance of other applicable laws.

Section 149 of the Companies Act, 2013 ("Act") and Regulations 16 of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Listing Regulations") *inter alia* prescribe that an independent directors of the company shall meet the criteria of independence as provided in Section 149(6) of the Act and Regulations 16 of Listing Regulations.

Section 149(10) of the Act provides that an independent director shall hold office for a term of up to five consecutive years on the Board and shall be eligible for re-appointment on passing a special resolution by the company and disclosure of such appointment in its Board's report. Section 149(11) provides that an independent

director may hold office for up to two consecutive terms.

Mr. Krishan Lall Khetarpaul has attend the age of 75 years on 2 July 2018. Pursuant to Regulation 17(1A) of the Listing Regulations, with effect from 1 April 2019, no listed entity shall appoint a person or continue the directorship of any person as a non-executive director who has attained the age of 75 years, unless special resolution is passed to that effect. Accordingly, considering the significant benefits reaped by the Company from his experience, expertise and mature advice to the business of the Company during his tenure as independent directors, the Board recommends re-appointment for a second term of consecutive five years effective from 29 September 2019 up to 28 September 2024 even on his attaining the age of 75 years.

Mr. Krishan Lall Khetarpaul is not disqualified from being re-appointed as Director in terms of Section 164 of the Act and has given his consent to act as Director.

The Company has also received declarations from Mr. Krishan Lall Khetarpaul that he meet with the criteria of independence as prescribed both under sub-Section (6) of Section 149 of the Act and Regulation 16 the Listing Regulations.

In the opinion of the Board, Mr. Krishan Lall Khetarpaul fulfils the conditions for re- appointment as Independent Director as specified in the Act and the Listing Regulations, Mr. Krishan Lall Khetarpaul is independent of the management.

Details of Directors whose appointed / re-appointment as is proposed at Item Nos. 3- 5 are provided in the "Annexure" to the Notice pursuant to the Regulation 36(3) of the Listing Regulations and Secretarial Standard on General Meetings ("SS-2"), issued by the Institute of Company Secretaries of India.

Copy of draft letter of appointment Mr. Krishan Lall Khetarpaul setting out the terms and conditions of appointment is available for inspection by the members at the registered office of the Company. Mr. Krishan Lall Khetarpaul is interested in the resolution set out at Item No. 3 of the Notice with regard to his respective re-appointment.

The relatives of Mr. Krishan Lall Khetarpaul may be deemed to be interested in the respective resolutions to the extent of their shareholding interest, if any, in the Company. The Board of Directors of the Company in its Board Meeting held on August 8, 2019 has approved the above proposal and recommended passing of the proposed Special Resolutions as contained in Item no. 3 of the Notice, by members of the Company.

None of the Directors and Key Managerial Personnel of the Company and his relatives are concerned or interested, financially or otherwise, in this resolutions except to the extent of their shareholding (if any) and directorship in the Company, being an appointee in his respective resolutions.

Item No. 4 :
