MANAGEMENT DISCUSSION & ANALYSIS

I. Industry Structure and Developments:

Infrastructure sector is a key driver for the Indian economy. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. The Government's target of Rs. 25 trillion (US\$ 357.14 billion) investment in infrastructure projects over a period of three years, which will include Rs. 8 trillion (US\$ 114.29 billion) for developing 27 industrial clusters and an additional Rs. 5 trillion (US\$ 71.43 billion) for road, railway and port connectivity projects.

Infrastructure sector includes power, bridges, dams, roads and urban infrastructure development. The Government has made an attempt to revive and give boost to Public Private Partnerships (PPPs) by launch of Toll-Operate-Transfer (TOT) model for existing operating projects by funding from domestic & foreign investors and Hybrid Annuity Model (HAM) to spread the risk between the private players and the government and reduce the dependency on banks during initial stages of development.

The Bharatmala Pariyojana undertaken by the Government of India for providing seamless connectivity of interior and backward areas and borders of the country is the second largest highway development project since the National Highway Development Project (NHDP). It includes investment of Rs. 5.35 trillion (US\$ 76.50 billion) over 5 years and the construction of 34,800 km of roads. Additionally Rs. 1.57 trillion (US\$ 22.43 billion) will be spent on existing projects, increasing total expenditure to Rs. 6.92 trillion (US\$ 98.93 billion).

GDP growth rate for the year ended 2017-18 was 6.7 % as against the estimation of 6.75% and down from 7.1% achieved in 2016-17 with slow down being attributed to the lingering effect of demonetisation and roll out of the goods & services tax (GST) last year. However, the quarterly increasing trend of GDP in 4 quarters of 2017-18 indicates that the structural measure of reforms undertaken by the government is bringing rich dividends in the form of higher GDP growth rate. The growth is expected to recover in FY 2018-19 to 7.8% and is projected to gradually increase to 7.9% in FY 2019-20.

II. Opportunities and Strengths:

The construction/infrastructure sector is likely to get major boost from the Government's focus on development of infrastructure in India. Many steps have been taken to improve funding avenues to the infrastructure sector. There are huge opportunities for the industry in the future. Your Company is having opportunities and strengths with an order book position of Rs. 5,576 Crores.

Segment-wise performance:

1. Transportation Division:

Your Company has completed 10,000 lane kms of road projects across India till date. In addition, 2127 lane Kms of Toll/Annuity/EPC road projects are under progress and at various stages of development.

Your Company has been awarded the new EPC works of Nagaland road project of Rs. 948 Crores during the year 2017-18.

2. Irrigation Projects:

Your Company executed many Irrigation projects such as Canals, Dams, Tunnels, Spillways, Lift Irrigation Projects amounting more than Rs.1,374 Crore PAN India. At present various Irrigation Projects amounting to Rs. 1,160 Crores are under progress in the State of Andhra Pradesh, Gujarat, Maharashtra, Madhya Pradesh, Uttar Pradesh and Telangana.

III. Outlook:

The outlook for the Infrastructure sector appears positive since the country is looking forward with a strong mandate to stimulate economic growth. The Finance Minister raised the budgetary allocation to infrastructure sector by a whopping 25% in budget 2018. An amount of Rs. 5.97 trillion (US\$ 85.29 billion) is required for the transport sector as a whole, including railways, roads and shipping.

For highways, the budget allocation has been stepped up to Rs. 71,000 Crores for FY 2018-19 from Rs. 64,900 Crores in previous year. The higher provision is for expenditure on development of projects relating to 6 laning of crowded stretches of Golden Quadrilateral and 2 laning highway works under NHDP.

Your Company is giving major thrust in various infrastructure projects to reap the benefit of growth in infrastructure sector.

**IV. Risks and Concerns:**

Construction delays continue to be a concern factor which stems from number off actors outside the control of the project sponsors, which includes land acquisition, regulatory approvals, inflation, and litigation etc., which can delay the timely completion of the project and increase in cost of project. This can, in turn, lead to additional funding, additional cost of fund etc.

V. Internal Control Systems and their adequacy:

Your Company has adequate system of Internal Control developed by our in-house Internal Audit team consisting of qualified and experienced accounting, costing and technical professionals to ensure that the resources of the Company are used efficiently and effectively, all assets are safeguarded and protected against loss from unauthorized use or disposition and the transactions are authorized, recorded and reported correctly, financial and other data are reliable for preparing financial information and other data and for maintaining accountability of assets.

VI. Discussion on financial performance with respect to operational performance:

During the year under review, your Company has achieved a total income (standalone) of Rs. 68,605 lakhs against Rs. 71,240 Lakhs and Earning per Share (EPS) of Rs.1.78 against Rs. 2.40 of the Previous Year.

VII. Human Resources / Industrial Relations:

Your Company has recruited competent Professionals at all levels of management for all verticals of the Company like Roads, Irrigation, Power, Mining, Building & Property Division as a part of corporate restructuring process and strengthening its Business Verticals to meet the pace of growth of your Company. The industrial relation is very cordial.

FORM NO MR3
SECRETARIAL AUDIT REPORT

Pursuant to Section 204 (1) of the Companies Act, 2013 and the Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2018

To,
The Members of,
MADHUCON PROJECTS LIMITED,

I have conducted the Secretarial Audit of the compliance of applicable statutory provisions of the Acts, Rules and Regulations as mentioned below and the adherence to good corporate practices by M/s. Madhucon Projects Limited (CIN: L74210TG1990PLC011114) (herein after called the Company). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification on the company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the company, its officers, agents and other authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has during the audit period covering the financial year ended on 31st March, 2018 complied with the statutory provisions listed hereunder and also that the company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

Section 203 of the Companies Act, 2013 has not been complied with regarding KMP appointment of CFO as on the date of this report as the said post falls vacant since 19th May, 2017.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by Madhucon Projects Limited for the financial year ended 31st March, 2018 according to the provisions of:-

- i. The Companies Act, 2013 and the rules made thereunder as applicable.

INDEPENDENT AUDITOR'S REPORT

To the Members of

M/s. Madhucon Projects Limited

Report on the Standalone Ind AS Financial Statements

We have audited the accompanying Standalone Ind AS Financial Statements of **M/s. Madhucon Projects Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the statement of Cash Flows and the statement of changes in equity for the year then ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the act') with respect to the preparation of these Standalone Ind AS Financial Statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015 as amended and other the accounting principles generally accepted in India.

This responsibility includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial controls, that are operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Ind AS Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Standalone Ind AS Financial Statements based on our audit. In conducting our Audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our audit of the Ind AS Financial Statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS Financial Statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the Standalone Ind AS Financial Statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Standalone Ind AS Financial Statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Standalone Ind AS Financial Statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Standalone Ind AS Financial Statements.

We believe that the audit evidence we have obtained is sufficient and appropriate audit evidence to provide a basis for our Audit opinion on the Standalone Ind AS Financial Statements.

Opinion:

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS Financial Statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the financial position of the Company as at 31st March 2018, and its financial performance including other comprehensive income, its cash flows and changes in equity for the year ended on that date.

Emphasis of Matter Paragraph:

- a. Note No.2.2 (i), to the financial statements, in relation to carrying value of investments held in and unsecured loans and advances given by the company to its subsidiaries listed in that note, which have been incurring losses and in some of these companies, net worth was fully or substantially eroded. Taking into account the management internal assessment and initiatives to be implemented to improve the profitability in the medium to long term, the management of the company is of the view that carrying value of investments and loans and advances are realizable at the value stated in the books.
- b. Note No. 2.2 (ii), to the financial statements, in relation to the Madhucon Mega Mall Private Limited (MMMPL) a subsidiary of the company incorporated for developing shopping mall cum multiplex on leased land taken from Andhra Pradesh housing Board (Now known as Telangana housing Board) ("The Board") at Kukatpally in Hyderabad. The board issued letter for revoking the power of attorney and resumption of land. The company got a Status Quo order from Court and the case is pending in the Court. Taking into account the Constitution of and visit made by Cabinet Sub Committee of Telangana Government, Management internal assessment and legal opinion obtained, Management of the Company is confident in succeeding the case and carrying values of investments in and loans sanctioned to MMMPL and realizable at the values stated in the books of accounts.

According to the books of accounts and information and explanations given to us, the investment and balance of loan as at March 31st, 2018 was Rs. 3,500 Lakhs and Rs. 134.44 Lakhs.

- c. Note No. 2.4 to the Financial statements indicate that the outstanding Loans and Advances which were granted to Nama Investments Limited and NNR Infra Investments Private Limited in which the Company's Directors have Interest are realizable at the carrying values in the books of accounts though both these companies have been incurring losses and accumulated losses exceeded the net worth of these companies for the reasons stated in that note.

According to the Books of Accounts and Information and Explanations given to us, the Closing Balances as at March 31st, 2018 with respect to Nama Investments Limited and NNR Investments Limited are Rs. 4189.76 Lakhs and Rs. 511.98 Lakhs respectively. The company has not recognized interest income for the same during current financial year.

- d. During the FY 2017-18 the management of the company has made provision for Corporate Social Responsibility (CSR) expenditure which is pertaining to previous financial year (i.e., 2016-17).
- e. The Company has defaulted in repayment of dues to Banks and Financial Institutions. Loans outstanding were classified as NPAs by the Banks and Financial Institutions.

Report on Other Legal and Regulatory Requirements

Annexure A to the Auditors Report

Annexure referred to in Independent Auditors Report to the Members of M/s. Madhucon Projects Limited on the Ind AS Financial Statements for the year ended 31st March 2018, we report that:

- i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) As explained to us, fixed assets have been physically verified by the management at regular intervals; as informed to us no material discrepancies were noticed on such verification. In our opinion, the frequency of verification is reasonable.
- (c) According to the information and explanations given to us and on the basis of our examination of records of the Company, the title deeds of immovable properties are held in the name of the Company as at the Balance Sheet date.
- ii. (a) The Inventory has been physically verified during the year by the Management and in our opinion, the frequency of verification is reasonable.
- (b) In our opinion, the procedures of the physical verification of inventory followed by the Management are adequate in relation to the size of the Company and the nature of its business.
- iii. According to the information and explanations given to us, the Company has granted loans, unsecured, to companies covered in the Register maintained under Section 189 of the Companies Act, 2013. In respect of such loans and having regard to the rollover stipulations for loans to certain parties:
 - (a) The terms and conditions of the grant of such loans are, in our opinion, prima facie, not prejudicial to the Company's interest.
 - (b) The schedule of repayment of principal and payment of interest has not been stipulated and hence we are unable to comment as to whether repayment/receipts of the principal amount and the interest are regular.
 - (c) In the absence of stipulated schedule of repayment of principal and payment of interest, we are unable to comment as to whether there is any amount which is overdue for more than 90 days and whether reasonable steps have been taken by the Company for recovery of principal amount and interest.
- iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provision of sections 185 and 186 of the Act to the extent applicable, in respect of loans, investments, guarantees and security.
- v. The Company has not accepted any deposits from the public covered under Section 73 to 76 of the Companies Act, 2013 and rules framed there under to the extent notified.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. According to the information and explanations given to us and based on the records of the company examined by us, in respect of the Statutory dues,:
 - a) There are some delays in depositing undisputed statutory dues including Provident Fund, Employees' State Insurance, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax (VAT), Cess and other statutory dues applicable to it. Annexure B to the Independent Auditor's Report

Report on the Internal Financial Controls over Financial Reporting under clause (i) of the Sub-section 3 of the Section 143 of the Companies Act, 2013 ('The Act')

We have audited the internal financial controls over financial reporting of **M/s. Madhucon Projects Limited** ('the company') as of 31st March 2018 in conjunction with our audit of Ind AS Financial Statements of the company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the company's internal financial controls over financial reporting based on our Audit. We conducted our audit in accordance with the Guidance note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an Audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and both issued by the ICAI. These standards and guidance note require that we comply with ethical requirements and plan and performed the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our Audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the Auditor's Judgment, including the assessment of the risk of material misstatement of the Ind AS Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion and the company's internal financial control system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS Financial Statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes these policies and procedures that (1) pertain to the maintenance of records that, in reasonable detailed, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial Statements in accordance with generally accepted principles, and that receipts and expenditures are being made only in accordance with authorization of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the Ind AS Financial Statements.

Inherent Limitation of Internal Financial Controls over Financial Reporting

Because of the inherent limitation of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, Projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31st 2018, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Company Overview:

Madhucon Projects Limited (MPL) or “the Company” is an integrated construction, Infrastructure development and management Company. The Corporate Office of the Company is located at 'Madhucon House' Road No.36, Jubilee Hills, Hyderabad, India.

The Company is engaged in the business of development and execution of Engineering, Procurement and Construction (EPC) and Turnkey Projects in multiple sectors such as Transportation, Irrigation, Water Resource Infrastructures, Railways, development of smart cities and properties in India. Completing the projects with high quality workmanship and commitment to excellence made the Company a leader in the industry. The Company is best in innovation, creativity and technological mastery, delivering top-quality work, ahead of schedule, in all sectors. A majority of the development projects of the Company are based on Public-Private Partnerships (PPP) and operated by separate Special Purpose Vehicles (SPV).

Significant accounting policies:

1.1 Statement of compliance

The financial statements of the Company have been prepared to comply in all material respects with the Indian Accounting Standards (“Ind AS”) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time).

1.2 Basis of preparation

These financial statements are prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair value in accordance with Indian Accounting Standards (Ind AS) and the provisions of the Companies Act, 2013 ('Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Measurement of fair values:

A number of the accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date
- Level 2 inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

1.3 Presentation of financial statements

The Balance Sheet and the Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 (“the Act”). The statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 “Statement of Cash flows”. The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees in lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimal places.

1.4 Cash flow statement:

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

- i. Changes during the year in inventories and operating receivables and payables and transactions of a non-cash nature;
- ii. Non-cash items such as depreciation, provisions, unrealised foreign currency gains and losses, and undistributed profits of associates; and
- iii. All other items for which the cash effects are investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Company is segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement.

Notes forming part of Financial Statements

1.5 Use of Accounting Estimates:

The preparation of the financial statements requires that the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognised in the period in which they are determined.

1.6 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition including any directly attributable expenditure on making the asset ready for its intended use, attributable interest and finance costs, if any, till the date of acquisition/ installation of the assets less accumulated depreciation and impairment losses, if any. Subsequent expenditure relating to Property, Plant and Equipment is capitalised only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

On transition to Ind AS, the Company has opted to continue with the carrying values measured under the previous GAAP as at April 01, 2015 of its Property, Plant and Equipment and use the carrying value as deemed cost of the Property, Plant and Equipment on the date of transition i.e April 01, 2015.

1.7 Intangible Assets

Identifiable intangible assets are recognised when the Company controls the asset, it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured. Intangible assets are stated at cost, less accumulated amortisation and accumulated impairment losses, if any. The estimated useful life and amortization method reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

On transition to Ind AS, the Company has opted to continue with the carrying values measured under the previous GAAP as at April 01, 2015 of its intangible assets and use the carrying value as deemed cost of the intangible assets on the date of transition i.e April 01, 2015.

1.8 Depreciation/ Amortisation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost less its estimated residual value. Depreciation on Property, Plant and Equipment have been provided on Straight-Line method in accordance with the Schedule II of the Companies Act, 2013, based on the useful life estimated on the technical assessment as in force and proportionate depreciation are charged for additions/disposals during the year. In respect of additions / disposal to the fixed assets / leasehold improvements, depreciation is charged from the date the asset is ready to use / up to the date of disposal. The asset's useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period.

1.9 Impairment of Assets:

At the end of each accounting year, the Company reviews the carrying amounts of Intangible assets and property, plant and equipment whether there is any indication that those assets have suffered an impairment loss.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined at the higher of the fair value less cost to sell and the value in use in case of an individual asset and at higher of the cash generating unit's (CGU) net selling price and the value in use.

Impairment loss is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset or CGU is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset CGU is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss is recognised for the asset or CGU in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

1.10 Financial Instruments:

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at transaction values and where such values are different from the fair value, at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Notes forming part of Financial Statements

A. Financial Assets

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss is initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

Subsequent Measurement

For the purpose of subsequent measurement, financial assets are classified in following categories:

(a) Financial Assets at Amortised Cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(b) Financial Assets Measured at Fair Value

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in case where the company has made an irrevocable selection based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income. In any other case, financial asset is fair valued through profit and loss.

(c) Impairment of Financial Assets

The Company recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in statement of profit or loss.

(d) De-recognition of Financial Assets

The Company de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Company retains substantially all the risks and rewards of ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

B. Equity Instruments and Financial Liabilities

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

(a) Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments which are issued for cash are recorded at the proceeds received, net of direct issue costs. Equity instruments which are issued for consideration other than cash are recorded at fair value of the equity instrument.

(b) Financial Liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

(c) Subsequent Measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

(d) De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

Notes forming part of Financial Statements

C. Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

1.11 Investment property

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the Ind AS 16's requirement for cost model.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no further economic benefits expected from disposal.

Any gain or loss arising on de-recognition of the property is included in profit or loss in the period in which the property is derecognised.

1.12 Inventories:

Raw Materials:

Raw Materials, construction materials and stores & spares are valued at weighted average cost or net realizable value, whichever is lower. Cost includes all charges in bringing the materials to the place of usage, excluding refundable duties and taxes.

Work in Progress:

Work-in-Progress is valued at the contracted rates less profit margin / estimates.

1.13 Cash and cash equivalent

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and demand deposits with an original maturity of three months or less and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value net of outstanding bank overdrafts as they are considered an integral part of the company's cash management.

1.14 Provisions, Contingent Liabilities and Contingent Assets:

The Company recognises provisions when there is present obligation as a result of past event and it is probable that there will be an outflow of resources and reliable estimate can be made of the amount of the obligation. A disclosure for Contingent liabilities is made in the notes on accounts when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources.

Contingent assets are disclosed in the financial statements when flow of economic benefit is probable.

1.15 Interest in Joint Operations

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

When a company undertakes its activities under joint operations, the company as a joint operator recognises in relation to its interest in a joint operation:

1. its assets, including its share of any assets held jointly,
2. its liabilities, including its share of any liabilities incurred jointly,
3. its revenue from the sale of its share arising from the joint operation,
4. its share of the revenue from the joint operations, and
5. its expenses, including its share of any expenses incurred jointly.

The Company accounts for the assets, liabilities, revenues, and expenses relating to its interest in a joint operation in accordance with the Ind AS applicable to the particular assets, liabilities, revenues, and expenses.

1.16 Revenue Recognition

Revenue from construction/project related activity and contracts for supply/commissioning of complex plant and equipment is recognised as follows:

Notes forming part of Financial Statements

1. Cost plus contracts: Revenue from cost plus contracts is determined with reference to the recoverable costs incurred during the period and the margin as agreed with the customer.
2. Fixed price contracts: Contract revenue is recognised only to the extent of cost incurred till such time the outcome of the job cannot be ascertained reliably subject to condition that it is probable that such cost will be recoverable. When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.

The estimated outcome of a contract is considered reliable when all the following conditions are satisfied:

- i. the amount of revenue can be measured reliably;
- ii. it is probable that the economic benefits associated with the contract will flow to the company;
- iii. the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- iv. the costs incurred or to be incurred in respect of the contract can be measured reliably.

Expected loss, if any, on a contract is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract. For contracts where progress billing exceeds the aggregate of contract costs incurred to-date and recognised profits (or recognised losses, as the case may be), the surplus is shown as the amount due to customers. Amounts received before the related work is performed are disclosed in the Balance Sheet as a liability towards advance received. Amounts billed for work performed but yet to be paid by the customer are disclosed in the Balance Sheet as trade receivables. The amount of retention money held by the customers is disclosed as part of other current assets and is reclassified as trade receivables when it becomes due for payment.

1.17 Other Income:

a) Dividend Income:

Dividend income from Investments is recognised when the shareholder's right to receive payment has been established.

b) Interest Income:

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

1.18 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

1.19 Claims

Claims against the company not acknowledged as debts are disclosed under contingent liabilities. Claims made by the company are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

1.20 Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

- a) Estimated amount of contracts remaining to be executed on capital account and not provided for
- b) Uncalled liability on shares and other investments partly paid
- c) Funding related commitment to subsidiary, associate and joint venture companies and
- d) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.
- e) Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

1.21 Foreign exchange translation and foreign currency transactions:

The functional currency and presentation currency of the Company is the Indian rupee.

Foreign currency transactions are accounted at the exchange rates prevailing on the date of transactions. Gains and losses resulting from settlement of such transactions are recognised in the Statement of Profit and Loss.

Monetary assets and liabilities related to foreign currency transactions remaining unsettled at the end of the year are translated at year end rates. The difference in translation of monetary assets and liabilities and realised gains and losses on foreign exchange transactions are recognised in the Statement of Profit and Loss.

The exchange difference on restatement of long term receivables / payables from / to foreign operations that are considered as net investments in such operation are recognised in the statement of profit or loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign operation, as appropriate.

Notes forming part of Financial Statements

1.22 Employee Benefits:

Provident fund is defined Contribution scheme and contributions are charged to profit and loss account of the year when the contributions to the respective funds are due. Other retirement benefits such as Gratuity, leave encashment etc., are recognized on basis of the independent actuarial valuation.

1.23 Borrowing Costs:

Borrowing costs include interest expense calculated using the effective interest method and finance charges in respect of assets acquired on finance lease.

Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset are included in the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted. All other borrowing costs are recognised in profit and loss in the period in which they are incurred.

1.24 Taxes on Income

Income tax expense represents sum of the tax currently payable and deferred tax

Current Tax

Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income tax Act, 1961.

Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Company's financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary differences arise from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

1.25 Leases

The Company's leasing arrangements are mainly in respect of operating leases for premises and construction equipment.

These leasing arrangements range from 11 months to 10 years generally and are usually cancellable / renewable by mutual consent on agreed terms. Lease payments under operating leases are recognised as an expense on a straight line basis in the statement of profit and loss over the lease term except where the lease payments are structured to increase in line with expected general inflation.

1.26 Fair value measurement

The Company measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a. In the principal market for the asset or liability, or
- b. In the absence of principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

1.27 Earnings per Share:

Basic earnings per equity share are computed by dividing the net profit or loss for the year attributable to the Equity Shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit or loss for the year, adjusted for the effects of dilutive potential equity shares, attributable to the Equity Shareholders by the weighted average number of the equity shares and dilutive potential equity shares outstanding during the year except where the results are anti-dilutive.

CONSOLIDATED FINANCIAL STATEMENTS

2017-2018

INDEPENDENT AUDITOR'S REPORT

To the Members of

MADHUCON PROJECTS LIMITED

Report on the Consolidated Ind AS financial Statements

We have audited the accompanying consolidated Ind AS financial statements of **MADHUCON PROJECTS LIMITED** (hereinafter referred to as 'the Holding Company'), its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') which comprise the Consolidated Balance Sheet as at March 31, 2018, the Consolidated Statement of Profit and Loss (including the statement of other comprehensive income), the Consolidated Statement of Cash Flow, the Consolidated Statement of Changes in Equity for the year then ended and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'consolidated Ind AS financial statements').

Management's Responsibility for the Consolidated Ind AS financial Statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 ('the Act') that give a true and fair view of the consolidated Ind AS financial position, consolidated Ind AS financial performance (including other comprehensive income), consolidated statement of Cash Flows and consolidated Statement of Changes in Equity of the Group including its subsidiaries in accordance with accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015, as amended.

The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing, issued by the Institute of Chartered Accountants of India, as specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

Opinion

The independent auditors of certain subsidiaries have qualified their audit report on the financial statement for the year ended March 31, 2018 reproduced by us here under:

- I) Due to termination of the Project allotted by National Highway Authority of India NHAI to Barasat-Krishnanagar Expressways Limited ('BKEL'), which is a Subsidiary to the Company, Going Concern Assumption is not appropriate and Financial Statements have been drawn accordingly. Cost incurred on the Project up to March 31, 2018 Rs. 57,362.99 Lakhs instead of writing off, has been accounted as NHAI claims receivable under the head "other current assets" which is in contravention of the provisions of Ind AS 37 (Provisions, Contingent Liability and Contingent Assets) claims being contingent asset in nature. This has resulted in overstatement of Current Assets Rs. 57,362.99 lakhs and understatement of loss for the year by Rs. 370.19 lakhs and cumulative loss by Rs. 57,362.99 lakhs.

- ii) As the project of the Rajauli-Bakhtiyarpur Expressways Limited ('RBEL'), which is a subsidiary to the company has been foreclosed with mutual consent, cost incurred on the project up to March 31, 2018 Rs. 815.39 lakhs instead of writing-off, has been accounted as claims receivables under the head "Other Current Assets" which is contravention of the provisions of Indian Accounting Standard 37 (Provisions, Contingent Liabilities and Contingent Assets) claims being contingent asset in nature. This has resulted in overstatement of Current Assets Rs. 815. 39 lakhs and understatement of cumulative loss by the same amount.
- iii) The termination of the concession agreement and pending settlement of the claim by NHAI till date indicate the existence of a material uncertainty that cast significant doubt about the ability of Vijayawada-Machilipatnam Expressways Limited ('VMEL'), which is a subsidiary to the company to continue as going concern.
- iv) a) The management of Simhapuri Energy Limited, which is a subsidiary to the company has reversed an amount of Rs. 15,188.17/- Lakhs viz Rs. 4,754.91/- Lakhs in respect of PTC India Limited, Rs. 4,257.75/- Lakhs in respect of Telangana State Power Corporation Committee (TSPCC), Rs. 5,616.15/- Lakhs in respect of Sree Nagendra Constructions and Rs. 559.34/- Lakhs in respect of M/s. Meenakshi Energy Limited which pertains to FY 2015-16 and earlier years, being the amounts remaining unrealized, in case of Trade Receivables and advances given, written off as Bad debts. No sufficient and appropriate audit evidence was obtained regarding such write off.
- b) Simhapuri Energy Limited, which is a subsidiary to the company has defaulted in repayment of dues to Banks/Financial Institutions. Borrowings from banks and financial institutions have been classified as Non Performing Assets by the lenders.
- v) a) Madhucon Infra Limited, which is a subsidiary to the company has defaulted in repayment of dues to Banks/Financial Institutions. Borrowings from banks and financial institutions have been classified as Non Performing Assets by the lenders. During the year under review, no provision have been made for unapplied interest on account of NPA which is not in accordance with the generally accepted accounting principles.
- b) Madhucon Infra Limited has defaulted in repayment of 12% Non-Convertible Debentures and also not provided any provision for interest which is not in accordance with the generally accepted accounting principles.

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, associates and joint ventures referred to below in Other Matters paragraph, except for the possible effects of the matters described in the above five paragraphs, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associates and jointly controlled entities as at 31 March 2018, and their consolidated loss, consolidated total comprehensive income, their consolidated cash flows and consolidated changes in equity for the year ended on that date.

Emphasis of Matter Paragraph:

- i) The carrying value of investments held in and unsecured loans and advances given by the company to its subsidiaries, which have been incurring losses and in some of these companies, net worth was fully or substantially eroded. Taking into account the management's internal assessment and initiatives to be implemented to improve the profitability in the medium to long run, the management of the company is of the view that carrying value of the investments and loans and advances are realizable at the value stated in the books.
- ii) **Note No. 2.41 (i)** to the financial Statements, in relation to Madhucon Mega Mall Private Limited (MMMPL) a subsidiary of the company incorporated for developing shopping mall cum multiplex on leased land taken from Telangana Housing Board (Formerly known as Andhra Pradesh Housing Board) ("the Board") at Kukatpally in Hyderabad. The Board issued Letter of revoking the Power of Attorney and resumption of Land. The Company got a Status Quo Order from Court and the case is pending in the Court. Taking in to Account the Constitution of and visit made by cabinet subcommittee of Telangana Government, Management Internal Assessment and Legal Opinion Obtained, management of the Company is confident in succeeding the case and Financials are prepared on going concern basis.
- iii) **Note No. 2.41(ii)** to the financial Statements, the outstanding loans and advances which were granted to Nama Investments Limited and NNR Investments Private Limited in which the company's directors have interest are realizable at the carrying values in the books of accounts though both these companies have been incurring losses and accumulated losses exceeded the net worth of these companies for the reasons stated. Accordig to the books of accounts and explanations given to us, the closing balance as at 31st March, 2018 with respect to Nama Investments Limited and NNR Investments Limited are Rs.4189.75/- Lakhs and Rs.511.98/- Lakhs respectively. Hence no interest has been considered for current Financial year.
- iv) During the FY 2017-18 the management of the company has made provision for Corporate Social Responsibility (CSR) expenditure which is pertaining to the previous financial year i.e., 2016-17)
- v) **Note No. 2.41(iii)** to the financial Statements, "Barasat - Krishnagar Expressways Limited"(BKEL), a Subsidiary Company entered into an Agreement with NHAI, for developing road project in West Bengal State. The Construction Work is delayed due to pending approvals and rights of way to be provided by NHAI. BKEL had issued notice for termination of the Projects to NHAI on 31st December 2015. BKEL and NHAI entered into a Supplementary Agreement to the 'Concession Agreement dated 20th June, 2011' on 2nd May, 2016 for inclusion of the clause of 'Society for Affordable Redressal of Disputes' (SAROD) Committee

for Arbitration. NHAI had also issued notice for the termination of the Project vide its Letter dated 3rd May 2016 and BKEL had replied that the Notice is not valid. Both BKEL and NHAI appointed Arbitrators. The Arbitration proceedings commenced on 21st July, 2016. However, the period of 18 months from the date of reference (08th June, 2016) has elapsed on 07th December 2017. But the matter has still not been adjudicated upon. In terms of section 20-A of the Act, mandate of the present Arbitral Tribunal stands expired due to efflux of time on 07th December 2017. We have requested NHAI to take appropriate steps for continuation of Arbitration proceedings. Since there is no response from NHAI, BKEL has approached the Honorable High Court. ”

As the Borrowings from Secured lenders have been declared as Non-Performing Asset by the Lender, interest on related borrowings have not been accounted for.

- vi) **Note No 2.41 (iv)** to the Financial Statements, that the Project of Rajauli-Bakthiyarpur Expressways Limited ('RBEL'), a subsidiary company has been foreclosed with mutual consent, therefore, going concern assumption is not appropriate and Financial Statements of RBEL have been drawn accordingly.
- vii) **Note No.2.41 (v)** to the Financial Statements, “Vijayawada-Machilipatnam Expressways Limited (VMEL), which is a subsidiary to the Company, was incorporated under the Companies Act, 1956, on the 28th Day of November, 2011 as a Special Purpose Vehicle for undertaking the work of Four Laning of Vijayawada-Machilipatnam Section of NH-9 from Km.0.000 to Km.63.800 in the State of Andhra Pradesh on Design, Build, Finance, Operate, Maintain and Transfer –DBFOT(Toll) Basis, under NHDP Phase III. This project was awarded by National Highway Authority of India (NHAI). The Company was to hand over the Project Highway to NHAI on the expiry of the Concession Period of 20 years. NHAI has not provided 80% of the Land. Later the agreement for the said project was terminated by NHAI.

In view of the above circumstances, the Project was terminated; Expenses incurred on the Project have been Charged-off to the Statement of Profit and Loss. The Company is not confident of discharging it's liabilities in the normal course of business from the available funds.

- viii) “Chhapra- Hajipur Expressways Limited (CHEL), which is a subsidiary to the Company, was incorporated under the Companies Act, 1956, on the 02nd Day of June, 2010 as a Special Purpose Vehicle for design, build, operate, finance and transfer of 4 laning of Chhapra- Hajipur section of NH-19 from Kilometres 143.200 to kilometres 207.200 in the state of Bihar on annuity basis for a Concession Period of 15 years (2.5 years of construction period and 12.5 years of operating period).

The contract was awarded by NHAI. The company shall hand over project to the NHAI on expiry of concession period. The concession agreement, on execution, will entitle the company to take a fixed sum of annuity for every 6 months, in arrears, starting from the date of commencement of commercial operations (COD) from NHAI. The construction work is in Progress.

Our Opinion is not modified in respect of these matters.

Other Matter Paragraph:

We did not audit the financial statement and other financial information of nine subsidiaries included in the statement, whose financial statements together comprise total assets of Rs. 4,94,729 Lakhs as at March 31, 2018, total revenue of Rs. 68,363 Lakhs, total loss of Rs.10,282 Lakhs and the total comprehensive income of Rs. 10,299 Lakhs for the year then ended. The financial statements and other financial information including comparative figures of the earlier years of these subsidiaries have been audited by other auditors whose reports have been furnished to us by the Management, and our audit opinion in the consolidated financial results, to the extent they have been derived from such financial statement is solely based on the reports of the other auditors.

ANNEXURE 'A' TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE CONSOLIDATED IND AS FINANCIAL STATEMENTS OF MADHUCON PROJECTS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

In conjunction with our audit of the consolidated Ind AS financial statements of **MADHUCON PROJECTS LIMITED** as of and for the year ended March 31, 2018, we have audited the internal financial controls over financial reporting of MADHUCON PROJECTS LIMITED (hereinafter referred to as the 'Holding Company'), and its subsidiary companies, which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Covered entities are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Covered entities considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013 ('the Act').

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Covered entities, which are companies incorporated in India and outside India, have maintained in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Covered entities considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Notes forming part of Consolidated Financial Statements

Significant accounting policies:

1.1 Statement of compliance

The financial statements of the Group have been prepared to comply in all material respects with the Indian Accounting Standards ("Ind AS") notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time)

1.2 Basis of preparation

These consolidated financial statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments that are measured at fair value in accordance with Indian Accounting Standards (Ind AS) and the provisions of the Companies Act, 2013 ('Act') (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). The Ind AS are prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Measurement of fair values:

A number of the accounting policies and disclosures require the measurement of fair values for both financial and non-financial assets and liabilities. Fair value measurements are categorized into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that entity can access at measurement date
- Level 2 inputs other than quoted prices included in Level 1, that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

1.3 Presentation of financial statements

The Consolidated Balance Sheet and the Consolidated Statement of Profit and Loss are prepared and presented in the format prescribed in the Schedule III to the Companies Act, 2013 ("the Act"). The Consolidated statement of cash flows has been prepared and presented as per the requirements of Ind AS 7 "Statement of Cash Flows". The disclosure requirements with respect to items in the Balance Sheet and Statement of Profit and Loss, as prescribed in the Schedule III to the Act, are presented by way of notes forming part of the financial statements along with the other notes required to be disclosed under the notified Accounting Standards and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Amounts in the financial statements are presented in Indian Rupees in lakhs rounded off to two decimal places as permitted by Schedule III to the Companies Act, 2013. Per share data are presented in Indian Rupees to two decimal places.

Basis of consolidation:

The consolidated financial statements of the Group comprise the financial statements of the Madhucon Projects Limited ("Parent Company") and its subsidiaries and associates ("the Group") as at March 31, 2018.

Subsidiaries:

Entity which is directly or indirectly controlled by Parent Company is treated as subsidiary. Control exists when the Parent Company, directly or indirectly, has power over the investee, is exposed to variable returns from its involvement with the investee and has the ability to use its power to affect its returns.

The Parent Company starts consolidation of a subsidiary when it obtains control over the subsidiary (directly or indirectly) and ceases which it loses control (directly or indirectly) of the subsidiary.

Associates:

Associates are all entities over which the Parent Company has significant influence but has no control. This is generally the case where the Parent Company directly or indirectly holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

Consolidation procedure:

- (a) The accounting policies of subsidiaries have been harmonised to ensure the consistency with the policies adopted by the Parent Company.
- (b) The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31st March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary.

Notes forming part of Consolidated Financial Statements

- (c) The consolidated financial statements of the Group combines the financial statements of Parent Company and its subsidiaries on line by line basis by adding together the like items of assets, liabilities, equity, income and expenses.
- (d) Unrealised profits/losses on intra-group transactions, Intra-group assets, liabilities, income and expenses are eliminated in consolidation. Parent's investment in each subsidiary and the Parent's portion of equity of each subsidiary are eliminated in consolidation.
- (e) Profit or loss and each component of other comprehensive income are attributed to the owners of the Parent Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Parent Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.
- (f) Non-controlling interest represents that part of the total comprehensive income and net assets of subsidiaries attributable to interests which are not owned directly or indirectly by Parent Company.

1.4 Cash Flow Statement:

Cash flow statement is prepared segregating the cash flows from operating, investing and financing activities. Cash flow from operating activities is reported using indirect method. Under the indirect method, the net profit/(loss) is adjusted for the effects of:

- i. Changes during the period in inventories and operating receivables and payables and transactions of a non-cash nature;
- ii. Non-cash items such as depreciation, provisions, unrealised foreign currency gains and losses, and undistributed profits of associates; and
- iii. All other items for which the cash effects are investing or financing cash flows.

The cash flows from operating, investing and financing activities of the Group is segregated based on the available information. Cash and cash equivalents (including bank balances) are reflected as such in the Cash Flow Statement.

1.5 Use of Accounting Estimates:

The preparation of the consolidated financial statements requires that the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities as at the date of financial statements and the results of operation during the reported period. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates which are recognised in the period in which they are determined.

1.6 Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition including any directly attributable expenditure on making the asset ready for its intended use, attributable interest and finance costs, if any, till the date of acquisition/ installation of the assets less accumulated depreciation and impairment losses, if any. Subsequent expenditure relating to Property, Plant and Equipment is capitalised only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset.

On transition to Ind AS, the Group has opted to continue with the carrying values measured under the previous GAAP as at 1 April 2015 of its Property, Plant and Equipment and use that carrying value as the deemed cost of the Property, Plant and Equipment on the date of transition i.e. 1 April 2015.

1.7 Non - current assets held for sale and discontinued operations:

Non – current assets and disposal groups are classified as held for sale if their carrying amounts will be recovered principally through a sale transaction rather than through continuing use. Non – current assets and disposal groups are classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. This condition is regarded as met the sale is highly probable and the asset or disposal group is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit / loss after tax from discontinued operations in the statement of profit and loss.

Assets and liabilities classified as held for distribution are presented separately from other assets and liabilities in the balance sheet.

A disposal group qualifies as discontinued operation if it is a component of the Group that either has been disposed off, or is classified as held for sale, and:

- ❖ Represents a separate major line of business or geographical area of operations,
- ❖ Is part of a single co – ordinate plan to dispose of a separate major line of business or geographical area of operations, or
- ❖ Is a subsidiary acquired exclusively with a view to resale.

An entity shall not depreciate (or amortise) a non – current asset while it is classified as held for sale or while it is part of a disposal group classified as held for sale.

Notes forming part of Consolidated Financial Statements

1.8 Intangible Assets

Identifiable intangible assets are recognised when the Group controls the asset, it is probable that future economic benefits attributed to the asset will flow to the Group and the cost of the asset can be reliably measured. Intangible assets are stated at cost, less accumulated amortisation and accumulated impairment losses, if any. The estimated useful life and amortization method reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

On transition to Ind AS, the Group has opted to continue with the carrying values measured under the previous GAAP as at 1 April 2015 of its Intangible Assets and used that carrying value as the deemed cost of the Intangible Assets on the date of transition i.e. 1 April 2015.

1.9 Rights under Service Concession Arrangements

Intangible assets are recognised when it is probable that future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably. Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment.

1.10 Toll Projects (Right to charge users):

Toll collection rights obtained in consideration for rendering construction services, represent the right to collect toll revenue from the users of the public service (road) during the concession period in respect of Build-Operate-Transfer ("BOT") project undertaken by the Group. Toll collection rights are capitalized as intangible assets upon completion of the project at the cumulative construction costs plus the present value of obligation towards negative grants and additional concession fee payable to National Highways Authority of India ("NHAI")/State authorities, if any. Till the completion of the project, the same is recognised under intangible assets under development.

The cost incurred for work beyond the original scope per Concession agreement (normally referred as "Change of Scope") is capitalized as intangible asset under development as and when incurred. Reimbursement in respect of such amounts from NHAI/State authorities is reduced from the carrying amount intangible assets to the extent of actual receipts.

Extension of concession period by the authority in compensation of claims made are capitalised as part of Toll Collection Rights at the time of admission of the claim or when there is a contractual right to extension at the estimated amount of claims admitted or computed based on average collections whichever is more evident.

Any Viability Gap Funding (VGF) in the form of equity support in connection with project construction is accounted as a receivable and is adjusted to the extent of actual receipts.

Pre-operative expenses including administrative and other general overhead expenses that are directly attributable to the development or acquisition of intangible assets are allocated and capitalized as part of cost of the intangible assets.

Intangible assets that are not ready for the intended use on the date of the Balance Sheet are disclosed as "Intangible assets under development".

1.11 Depreciation/ Amortisation

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost less its estimated residual value.

Depreciation on Property, Plant and equipment has been provided on Straight-Line method in accordance with the Schedule II of the Companies Act, 2013, based on the useful life estimated on the technical assessment as in force and proportionate depreciation are charged for additions/deletions during the year. In respect of additions / deletions to the fixed assets / leasehold improvements, depreciation is charged from the date the asset is ready to use / up to the date of deletion. The asset's useful lives are reviewed and adjusted, if appropriate, at the end of each reporting period.

1.12 Impairment of Assets:

At the end of each accounting year, the Group reviews the carrying amounts of Intangible assets and property, plant and equipment whether there is any indication that those assets have suffered an impairment loss.

Impairment loss is recognised when the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is determined at the higher of the fair value less cost to sell and the value in use in case of an individual asset and at higher of the cash generating unit's (CGU) net selling price and the value in use.

Impairment loss is recognised immediately in the Statement of Profit and Loss as impairment loss and the carrying amount of the asset or CGU is reduced to its recoverable amount.

When an impairment loss subsequently reverses, the carrying amount of the asset CGU is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset or CGU in prior years. A reversal of an impairment loss is recognised immediately in the Statement of Profit and Loss.

1.13 Financial instruments:

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at transaction values and where such values are different

Notes forming part of Consolidated Financial Statements

from the fair value, at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

a. Financial Assets

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss is initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

Subsequent Measurement

For purposes of subsequent measurement, financial assets are classified in following categories:

Financial Assets at Amortised Cost

A financial asset is subsequently measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial Assets Measured at Fair Value

A financial asset is subsequently measured at fair value through other comprehensive income if it is held within

a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. Further, in case where the Group has made an irrevocable selection based on its business model, for its investments which are classified as equity instruments, the subsequent changes in fair value are recognized in other comprehensive income. In any other case, financial asset is fair valued through profit and loss.

Impairment of Financial Assets

The Group recognizes loss allowances using the expected credit loss (ECL) model for the financial assets which are not fair valued through profit or loss. Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-month ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in statement of profit or loss.

De-recognition of Financial Assets

The Group de-recognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing for the proceeds received.

b. Equity Instruments and Financial Liabilities

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Group after deducting all of its liabilities. Equity instruments which are issued for cash are recorded at the proceeds received, net of direct issue costs. Equity instruments which are issued for consideration other than cash are recorded at fair value of the equity instrument.

Financial Liabilities

Financial liabilities are classified, at initial recognition, as financial liabilities at FVPL, loans and borrowings and payables as appropriate. All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Subsequent Measurement

Financial liabilities are subsequently carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate the fair value due to the short maturity of these instruments.

Notes forming part of Consolidated Financial Statements

De-recognition of Financial Liabilities

Financial liabilities are de-recognised when the obligation specified in the contract is discharged, cancelled or expired. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as de-recognition of the original liability and recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit and Loss.

c. Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis to realise the assets and settle the liabilities simultaneously.

1.14 Investment property:

Investment properties are properties held to earn rentals and/or for capital appreciation (including property under construction for such purposes). Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured in accordance with the Ind AS16's requirement for cost model.

An investment property is derecognised upon disposal or when the investment property is permanently withdrawn from use and no further economic benefits expected from disposal.

Any gain or loss arising on de-recognition of the property is included in profit or loss in the period in which the property is derecognised.

1.15 Inventories:

Raw Materials:

Raw Materials, construction materials and stores & spares are valued at weighted average cost or net realisable value, whichever is lower. Cost includes all charges in bringing the materials to the place of usage, excluding refundable duties and taxes.

Work in Progress:

Work-in-Progress is valued at the contracted rates less profit margin / estimates.

1.16 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and demand deposits with an original maturity of three months or less and highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

1.17 Segment Reporting:

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker. Revenue and expenses directly attributable to segments are reported under each reportable segment. Expenses which are not directly identifiable to each reporting segment are allocated on the basis of associated revenue of the segment and manpower efforts. All other expenses which are not attributable or allocable to segments are disclosed as un allocable expenses. Assets and liabilities that are directly attributable or allocable to segments are disclosed under each reportable segment and all other assets and liabilities are disclosed as un allocable. Property, plant and equipment that are used interchangeably among segments are not allocated to reportable segments.

1.18 Provisions, Contingent Liabilities and Contingent Assets:

The Group recognises provisions when there is a present obligation as a result of past event and it is probable that there will be an outflow of resources and reliable estimate can be made of the amount of the obligation. A disclosure for Contingent liabilities is made in the notes on accounts when there is a possible obligation or present obligations that may, but probably will not, require an outflow of resources.

Contingent assets are disclosed in the financial statements when flow of economic benefit is probable.

1.19 Interest in Joint Operations

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the assets, and obligations for the liabilities, relating to the arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

When the Group undertakes its activities under joint operations, the Group as a joint operator recognises in relation to its interest in a joint operation:

1. its assets, including its share of any assets held jointly,

Notes forming part of Consolidated Financial Statements

2. its liabilities, including its share of any liabilities incurred jointly,
- 3 its revenue from the sale of its share arising from the joint operation,
4. its share of the revenue from the joint operations, and
5. its expenses, including its share of any expenses incurred jointly.

The Group accounts for the assets, liabilities, revenues, and expenses relating to its interest in a joint operation in accordance with the Ind AS applicable to the particular assets, liabilities, revenues, and expenses.

1.20 Revenue Recognition

Revenue from Sale of goods:

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, value added taxes and amounts collected on behalf of third parties. The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Group and specific criteria have been met for each of the Group's activities. The Group bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

Revenue from the sale of power is recognised when an entity sells the power. Revenue from sales is based on the price specified in the power purchase agreements, net of the estimated discounts at the time of sale. Accumulated experience is used to estimate and provide for the discounts. No element of financing is deemed present as the sales are made with a credit term of 30 days, which is consistent with market practice.

Revenue from Rendering of services:

Revenue from sale of services is recognized as per the terms of the contract with customers based on stage of completion when the outcome of the transactions involving rendering of services can be estimated reliably. Percentage of completion method requires Group to estimate the services performed to date as a proportion of the total services to be performed.

Revenue from Toll & Annuity projects:

Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of duties and taxes and net of discounts, rebates and other similar allowances. The Group recognises revenue when the amount of revenue can be reliably measured, it is probable that the future economic benefits would flow to the entity and specific criteria have been met for each of the activities described below. The Group bases its estimates on historical results, taking into consideration the type of customer, type of transaction and specifics of the arrangement.

Revenue from construction contracts:

Revenue from construction/project related activity and contracts for supply/commissioning of complex plant and equipment is recognised as follows:

1. **Cost plus contracts:** Revenue from cost plus contracts is determined with reference to the recoverable costs incurred during the period and the margin as agreed with the customer.
2. **Fixed price contracts:** Contract revenue is recognised only to the extent of cost incurred till such time the outcome of the job cannot be ascertained reliably subject to condition that it is probable that such cost will be recoverable. When the outcome of the contract is ascertained reliably, contract revenue is recognised at cost of work performed on the contract plus proportionate margin, using the percentage of completion method. Percentage of completion is the proportion of cost of work performed to-date, to the total estimated contract costs.

The estimated outcome of a contract is considered reliable when all the following conditions are satisfied:

- i. the amount of revenue can be measured reliably;
- ii. it is probable that the economic benefits associated with the contract will flow to the Group;
- iii. the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- iv. the costs incurred or to be incurred in respect of the contract can be measured reliably.

Expected loss, if any, on a contract is recognised as expense in the period in which it is foreseen, irrespective of the stage of completion of the contract.

For contracts where progress billing exceeds the aggregate of contract costs incurred to-date and recognised profits (or recognised losses, as the case may be), the surplus is shown as the amount due to customers. Amounts received before the related work is performed are disclosed in the Balance Sheet as a liability towards advance received. Amounts billed for work performed but yet to be paid by the customer are disclosed in the Balance Sheet as trade receivables. The amount of retention money held by the customers is disclosed as part of other current assets and is reclassified as trade receivables when it becomes due for payment.

Notes forming part of Consolidated Financial Statements

1.21 Other income:

- a) **Dividend Income:** Dividend income from Investments is recognised when the shareholder's right to receive payment has been established.
- b) **Interest Income:** Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.
- c) **Lease Income:** Lease agreements where the risk and rewards incidental to the ownership of an asset substantially vest with the lessor are recognized as operation leases. Lease rentals are recognized on straight – line basis as per the terms of the agreements in the statements of profit and loss.

1.22 Insurance claims

Insurance claims are accounted for on the basis of claims admitted / expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

1.23 Claims

Claims against the Group not acknowledged as debts are disclosed under contingent liabilities. Claims made by the Group are recognised as and when the same is approved by the respective authorities with whom the claim is lodged.

1.24 Commitments

Commitments are future liabilities for contractual expenditure. Commitments are classified and disclosed as follows:

- a) Estimated amount of contracts remaining to be executed on capital account and not provided for
- b) Uncalled liability on shares and other investments partly paid
- c) Funding related commitment to subsidiary, associate and joint venture companies and
- d) Other non-cancellable commitments, if any, to the extent they are considered material and relevant in the opinion of management.
- e) Other commitments related to sales/procurements made in the normal course of business are not disclosed to avoid excessive details.

1.25 Foreign exchange translation and foreign currency transactions:

The functional currency and presentation currency of the Group is the Indian rupee.

Foreign currency transactions are accounted at the exchange rates prevailing on the date of transactions. Gains and losses resulting from settlement of such transactions are recognised in the Statement of Profit and Loss.

Monetary assets and liabilities related to foreign currency transactions remaining unsettled at the end of the year are translated at year end rates. The difference in translation of monetary assets and liabilities and realised gains and losses on foreign exchange transactions are recognised in the Statement of Profit and Loss.

The exchange difference on restatement of long term receivables / payables from / to foreign operations that are considered as net investments in such operation are recognised in the statement of profit or loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign operation, as appropriate.

1.26 Employee Benefits:

Provident fund is defined Contribution scheme and contributions are charged to profit and loss account of the year when the contributions to the respective funds are due. Other retirement benefits such as Gratuity, leave encashment etc., are recognized on basis of an Actuarial Valuation.

1.27 Borrowing Costs:

Borrowing costs include interest expense calculated using the effective interest method and finance charges in respect of assets acquired on finance lease.

Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset are included in the cost of the assets. Capitalisation of borrowing costs is suspended and charged to the Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted. All other borrowing costs are recognised in profit and loss in the period in which they are incurred.

Notes forming part of Consolidated Financial Statements

1.28 Taxation

Income tax expense represents sum of the tax currently payable and deferred tax

Current Tax: Current tax is the amount of tax payable on the taxable income for the year as determined in accordance with the applicable tax rates and the provisions of the Income tax Act, 1961.

Deferred tax:

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Group's financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary differences arise from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Minimum Alternate Tax (MAT):

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the entity will pay normal income tax. Accordingly, MAT is recognised as an asset when it is highly probable that future economic benefit associated with it will flow to the entity.

1.29 Leases:

The Group's leasing arrangements are mainly in respect of operating leases for premises and construction equipment.

These leasing arrangements range from 11 months to 10 years generally and are usually cancellable / renewable by mutual consent on agreed terms. Lease payments under operating leases are recognised as an expense on a straight line basis in the statement of profit and loss over the lease term except where the lease payments are structured to increase in line with expected general inflation.

1.30 Fair value measurement

The Group measures certain financial instruments at fair value at each reporting date. Fair value is the price that would be received on sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- a. In the principal market for the asset or liability, or
- b. In the absence of principal market, in the most advantageous market for the asset or liability.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

1.31 Earnings per Share:

Basic earnings per equity share are computed by dividing the net profit or loss for the year attributable to the Equity Shareholders by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the net profit or loss for the year, adjusted for the effects of dilutive potential equity shares, attributable to the Equity Shareholders by the weighted average number of the equity shares and dilutive potential equity shares outstanding during the year except where the results are anti-dilutive.

Simhapuri Energy Limited

Agreement with PTC India Limited (formerly Power Trading Corporation Limited)

- Company initially entered Power Tolling agreement (PTA-1) dated 08-08-2008 with PTC India Limited for dual purpose of selling the contracted power of 200 MW (gross), generated under Phase –I of Project and to receive quality imported Coal. PTA tenure was for a period of 25years effective from 29th July 2008. However the PTA was later converted into PPA mainly due to problems faced in quality of coal. PPA was for a period of 24 years & effective from 1st April 2013.
- PTC as a power trader debarred to enter into Long Term contracts with Public Utilities, by the notification of the Central Government, after math of entering into the present PPA. Further in terms of the Directive of MoP, PTC was prohibited from participating for more than one entity with respect to Short & Medium Term Bids. As a result of this Directive company could no longer work on PPA entered into with PTC. Consequently both PTC & Company decided that PPA dated 12th October 2013 has become in operative after 31st May 2016 and decided not to pursue the same.

Agreement with Andhra Pradesh Southern Power Distribution Company Limited (APSPDCL)

As a result of the above situation arising out of inoperative nature of PPA with PTC, Company decided to pursue for a Long Term Power Purchase Agreement. Company initiated Power Sale Agreement (PSA) with Andhra Pradesh Southern Power Distribution Company Limited (APSPDCL) on 23rd November 2016 for supply of Power & following are the key aspects of the PSA:

- a) Tenure : 12 years from the date of agreement.
- b) Quantum : 400 MW (Net). This quantum of Power is required to be earmarked for supply to APSPDCL.
- c) Type of Coal : Imported coal from captive Mines.
- d) Tariff : Rs 4.439 per unit. Escalation on account of Coal Price increase restricted to 4 %.

APSPDCL had applied to Andhra Pradesh Energy Regulatory Commission (APERC) for formal adoption of Tariff under Section 63 of Indian Electricity Act, 2003 so that the PSA could be finally executed and concluded. The Matter regarding Tariff adoption is presently before APERC & company is awaiting its decision although matter is pending since December 2016 with commission adjourning its hearing month on month in the absence of clear directions to APSPDCL for purchase of power from Andhra Pradesh Government.

- 2.41(i) Madhucon Mega Mall Private Limited (MMMPL) is a subsidiary of the company incorporated for developing shopping mall cum multiplex on leased land allotted by Andhra Pradesh Housing Board (now known as Telangana Housing Board) ("the Board") at Kukatpally in Hyderabad. The Board issued letter for revoking the power of attorney and resumption of land. The Company got a status quo order from court and the case is pending in the court. Taking in to account the recent developments on the visit and representation made by cabinet subcommittee of Telangana Government to their higher authorities, management internal assessment and legal opinion obtained, the management of the Company is awaiting the final approval from the Government for going ahead with the said project and financials are prepared on going concern basis.
- (ii) The outstanding loans and advances which were granted to Nama Investments Limited and NNR Infra Investments Private Limited in which the company's directors have interest are realizable at the carrying values in the books of accounts though both these companies have been incurring losses and accumulated losses exceeded the net worth of these companies. The closing balance as at March 31, 2018 with respect to Nama Investments Limited and NNR Investments Limited are ₹ 4,189.76 Lakhs and ₹ 511.98 Lakhs respectively.
- (iii) "Barasat-Krishnagar Expressways Limited (BKEL), a subsidiary company entered into an agreement with NHAI, for developing road project in the State of West Bengal. The construction work is delayed due to pending approvals and rights of way to be provided by NHAI. BKEL had issued notice for termination of the project to NHAI on December 31, 2015. BKEL and NHAI entered into a Supplementary Agreement to the "Concession Agreement dated June 20, 2011 on May 02, 2016 for inclusion of the clause of 'Society for Affordable Redressal of Disputes' (SAROD) Committee for arbitration. NHAI had also issued notice for termination of the Contract vide its letter dated May 03, 2016 and BKEL had replied that the notice is not valid. Both BKEL and NHAI appointed arbitrators. The arbitration proceedings are in progress. As the borrowings from secured lenders have been declared as Non-performing asset by the lender, interest on related borrowings have not been accounted for.
