**ANNEXURE TO THE NOTICE****EXPLANATORY STATEMENT PURSUANT TO SECTION 102(1) OF THE COMPANIES ACT, 2013****Item No. 3****Appointment of M/s. Nemani Garg Agarwal & Co., Chartered Accountants (Firm Registration Number: 010192N) as Statutory Auditors of the Company**

Pursuant to Section 139(8) of the Companies Act, 2013 ("Act") and Rules made thereunder and pursuant to the provisions of SEBI (LODR) Regulations, 2015, M/s. Nemani Garg Agarwal & Co., Chartered Accountants (Firm Registration Number: 010192N) were appointed as the Statutory Auditors of the Company by the members of the company in their Extraordinary General Meeting held on 29.03.2022 to fill the casual vacancy arising due to the resignation of erstwhile statutory auditors of the company, M/s RMA & Associates, LLP (Firm Registration No: 000978N/N500062).

According to Section 139(8) of the Companies Act, 2013, any casual vacancy in the office of an auditor shall:

- (i) in the case of a company other than a company whose accounts are subject to audit by an auditor appointed by the Comptroller and Auditor-General of India, be filled by the Board of Directors within thirty days, but if such casual vacancy is as a result of the resignation of an auditor, such appointment shall also be approved by the company at a general meeting convened within three months of the recommendation of the Board and he shall hold the office till the conclusion of the next annual general meeting.

Hence, M/s. Nemani Garg Agarwal & Co., were appointed in the EGM held on 29.03.2022 to hold the office of the Statutory Auditors of the Company from the conclusion of that Extraordinary General Meeting until the conclusion of the ensuing Annual General Meeting (i.e. 28th AGM) of the Company to conduct the Statutory Audit for the period ended 31<sup>st</sup> March, 2022.

**A brief profile of Nemani Garg Agarwal & Co. is as under:**

Nemani Garg Agarwal & Co. is a leading Chartered Accountancy firm rendering comprehensive professional services which include Audit, Management Consultancy, Tax Consultancy, Accounting Services, Manpower Management, Secretarial Services etc.

Nemani Garg Agarwal & Co. is a professionally managed firm. The team consists of distinguished Chartered Accountants, Corporate Financial Advisors and Tax Consultants. The firm represents a combination of specialized skills, which are geared to offer sound financial advice and personalized proactive services. Those associated with the firm have regular interaction with industry and other professionals which enables the firm to keep pace with contemporary developments and to meet the needs of its clients.

M/s. Nemani Garg Agarwal & Co., Chartered Accountants (Firm Registration Number: 010192N) have conveyed their consent to be appointed as the Statutory Auditors of the Company along with a confirmation that their appointment, if made by the members, would be within the limits prescribed under the Companies Act, 2013.

Based on the recommendations of the Audit Committee and as per the provisions of Section 139(1) & 139(8) of the Companies Act, 2013 and Rules made thereunder, the Board of Directors of your Company proposes to appoint M/s. Nemani Garg Agarwal & Co., as the Statutory Auditors of the Company for a term of Four (4) consecutive years from the conclusion of 28<sup>th</sup> Annual General Meeting until the conclusion of 32<sup>nd</sup> Annual General Meeting of the Company.

Accordingly, the Board of Directors recommends the resolution set forth in Item No. 3 for appointment of M/s. Nemani Garg Agarwal & Co., Chartered Accountants (Firm Registration Number: 010192N) as Statutory Auditors of the Company for approval of the Member as an Ordinary Resolution.

None of the Directors, Key Managerial Personnel of the Company and their relatives is in any way concerned or interested, financially or otherwise in the Resolution.

**Item No. 4:**

The Companies Act, 2013 aims to ensure transparency in the transactions and dealings with the related parties of the Company. The provisions of Section 188(1) of the Companies Act, 2013 that govern the Related Party Transactions, require that for entering into any contract or arrangement as mentioned herein below with the related party, the Company must obtain prior approval of the Board of Directors and in case of the Company having a paid up capital of Rs. Ten Crores or more, prior approval of shareholders must be obtained for entering into following Related Party Transactions:

1. Sale, purchase or supply of any goods or materials,
2. Selling or otherwise disposing of, or buying, leasing of property of any kind,
3. Availing or rendering of any services,
4. Appointment of any agent for purchase or sale of goods, materials, services or property or otherwise disposing of any goods, materials or property or availing or rendering any services from related parties,
5. Appointment of such related party to any office or place of profit in the company or its associate companies, if any or reimbursement of any transaction or any other transaction of whatever nature with related parties.
6. Availing unsecured loans
7. Providing loans and advances.

The proviso to Section 188(1) also states that nothing in Section 188(1) will apply to any transaction entered into by the Company in the ordinary course of business and at arm's length basis. Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirement) Regulations, 2015 has also prescribed seeking of shareholders' approval for material related party transactions.

Further, the Securities and Exchange Board of India ("SEBI"), vide its notification dated November 9, 2021, has notified SEBI (Listing Obligations and Disclosure Requirements) (Sixth Amendment) Regulations, 2021 ("Amendments") introducing amendments to the provisions pertaining to the Related Party Transactions under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"). The aforesaid amendments inter-alia included replacing of current threshold i.e. 10% (ten percent) of the listed entity's consolidated turnover, for determination of material Related Party Transactions requiring prior Shareholders' approval with the threshold of Rs. 1,000 crore (Rupees One thousand crore) or 10% (ten percent) of the annual consolidated turnover of the listed entity as per the last audited financial statements of the listed entity, whichever is lower. Accordingly, the threshold for determination of material Related Party Transactions under Regulation 23(1) of the SEBI Listing Regulations has been reduced with effect from April 01, 2022.

In view of the changes in the threshold limits, the related party transactions require prior shareholders approval. The Company therefore seeks the approval of the shareholders to approve entering into contracts/arrangements exceeding the threshold limits and conditions mentioned in the resolution. All the contracts/arrangements and the transactions with "related parties" are reviewed and approved by the Audit Committee.

In light of provisions of Section 188 (1) of the Companies Act, 2013 and rules made thereunder and Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Audit committee and the Board of Directors of the Company have approved the transactions along with the annual limits that your company may enter with its related parties for the financial year 2022-2023.

Except Mr. Peeyush Kumar Aggarwal, Managing Director of the Company and other related parties to the extent of their shareholding interest in the Company, no other Director or Key Managerial Personnel or their relatives are concerned or interested, financially or otherwise, in passing of this resolution.

The Board recommends the Resolution as set out in Item no. 4 of the Notice for approval of the Shareholders as an Ordinary Resolution.

#### **Item No 5**

The Board of Directors of the Company in its meeting held on 19th August, 2022 decided to change the name of the Company from "ADVIK LABORATORIES LIMITED" to "MPS PHARMAA LIMITED" because MPS stands for "MAA PARA SHAKTI", which is a synonym to "GODDESS DURGA" and the Board considered the same as an auspicious name for the company. Further, the company is in the business of manufacturing and trading of pharmaceutical products. The proposed new name will truly reflect the nature of business being carried on by the company. The Directors believe that change in the name of the Company which is being undertaken as part of corporate rebranding would make the name of the Company simple, sharp and focused.

In this regard, an application for obtaining the approval for changing the present name of the Company to "MPS PHARMAA LIMITED" has been submitted with the Hon'ble Registrar of Companies, National Capital Territory of Delhi and Haryana vide application dated 20<sup>th</sup> August, 2022. However, the said application is still pending for approval of Hon'ble Registrar of Companies (ROC). In case the aforesaid name will not be made available by the Hon'ble ROC, the Board would again make fresh application to Hon'ble ROC and apply for another name accordingly as per the provisions of Section 13 and all other applicable provisions, if any, of the Companies Act, 2013 and Companies (Incorporation) Rules, 2014 and other applicable provisions.

Further, although the Company has not yet received the approval from Hon'ble ROC for the availability of the proposed name i.e., "MPS PHARMAA LIMITED", still the Board is placing the resolution at Item No 5 of the accompanying notice for change of name of company to "MPS PHARMAA LIMITED" or such other name as may be approved by ROC for seeking the approval of members in the ensuing AGM because if the Company does not place the resolution for change of name in the ensuing AGM than in that case the company shall again be required to convene an Extra Ordinary General Meeting of its shareholders to approve some another name as may be made available by the Hon'ble Registrar of Companies, National Capital Territory of Delhi and Haryana resulting in extra financial burden on the Company.

Considering the current financial position of the Company, the Board considers that the Company is not in a position to bear the expenses of convening another shareholders' meeting. Therefore, the Board recommends that the consent of shareholders be obtained for changing the existing name of the Company to "MPS PHARMAA LIMITED" or to any other name as may be approved by the Hon'ble Registrar of Companies, National Capital Territory of Delhi and Haryana in the ensuing AGM only with the power given to Board to apply for some other suitable name in case the proposed name, i.e. "MPS PHARMAA LIMITED" is not made available with Hon'ble ROC without further obtaining the fresh approval/consent from shareholders for change of existing name of the company.

The Board further recommends that the existing name of the company, wherever appearing in the Memorandum of Association and Articles of Association of the company be replaced with the new name, i.e. "MPS PHARMAA LIMITED" or with such other name as may be approved by the Hon'ble ROC, National Capital Territory of Delhi and Haryana.

The proposed change of name will not affect any of the rights of the Company or of the shareholders/stakeholders of the Company. All existing share certificates bearing the current name of the Company will, after the change of name, continue to be valid for all purposes.

The company has duly complied with Regulation 45(1)(a) of the SEBI (LODR) Regulations, 2015 w.r.t. change of name. However, the provisions of Regulation 45(1)(b) of the SEBI (LODR) Regulations, 2015 are not applicable on the company as it has not changed its activities/business operations. The company is operating in single segment, i.e., pharmaceutical business.

A certificate from the Statutory Auditors of the Company certifying the non-applicability of the provisions of Regulation 45(1)(b) of SEBI (LODR) Regulations, 2015 is annexed to the notice.

As per the provisions of Sections 13 of the Companies Act, 2014, approval of the shareholders is required to be accorded for changing the name of the Company & consequent alteration in the Memorandum of Association and Articles of Association by way of passing a Special Resolution.

Hence, the resolution is put up for shareholders approval. None of the directors, Key Managerial Personnel and their relatives is concerned or interested, financially or otherwise, in the passing of the aforesaid resolution, except to the extent of their shareholding, if any.

The Board recommends the Special Resolution as set out in Item no. 5 of the Notice for approval of the Shareholders.

**Auditor's Observation:-**

- a) The company had recorded the cost of the investment at the face value of the equity shares issued and had not determined the fair value as required by Ind AS. The shares were not made available for physical verification. Hence, we are unable to comment upon the physical existence and express an opinion on the value of investment recorded.
- b) The Capital work in Progress has been stalled. The physical conditions of these assets under construction require technical evaluation to determine impairments or write offs, if any. However in view of the management the suspension is temporary in nature and assets under construction are not obsolete, and the company will be able to resume construction activities in near future and accordingly no provision is required.

Report of the Statutory Auditor is annexed with the Annual Report, however, as regards qualifications' made by the Auditors' in their report your directors states as under:-

- a) The company has misplaced/lost the share certificates of the Investment made by it in unquoted equity shares of other companies during the shifting of its records. Hence these share certificates are not physically held by the company. The Company has sent various request letters to the companies in which it has made investments for issue of duplicate share certificates. However, till date the company has not received any reply from these companies. In order to ensure the compliance of IND AS in true letter and spirits, the company is also trying to ascertain the fair market value of its investments.
- b) In order to expand its business operations, the Company had released some funds to contractors to construct an additional block in the factory. However, for the time being and due to some technical and other reasons, the management had to suspend the said construction activity. But, the management of the company believes that the suspension is temporary in nature and assets under construction are not obsolete, and the company will be able to resume construction activities in near future and accordingly no provision is required. Further company is also receiving its advances back from some vendors due to non-execution of deal.

**MANAGEMENT DISCUSSION AND ANALYSIS REPORT****Industry Structure and Development and Market Size**

India is the largest provider of generic drugs globally. Indian pharmaceutical sector supplies over 50% of global demand for various vaccines, 40% of generic demand in the US and 25% of all medicine in the UK. Globally, India ranks 3rd in terms of pharmaceutical production by volume and 14th by value. The domestic pharmaceutical industry includes a network of 3,000 drug companies and 10,500 manufacturing units. India enjoys an important position in the global pharmaceuticals sector. The country also has a large pool of scientists and engineers with a potential to steer the industry ahead to greater heights. Presently, over 80% of the antiretroviral drugs used globally to combat AIDS (Acquired Immune Deficiency Syndrome) are supplied by Indian pharmaceutical firms.

Indian pharmaceutical sector supplies over 50% of the global demand for various vaccines, 40% of the generic demand for US and 25% of all medicines for UK. According to the Indian Economic Survey 2021, the domestic market is expected to grow 3x in the next decade. India's domestic pharmaceutical market stood at US\$ 42 billion in 2021 and is likely to reach US\$ 65 billion by 2024 and further expand to reach US\$ 120-130 billion by 2030. In terms of overall revenue, the Indian pharmaceutical market increased by 13.9% in January 2022. India is the largest producer of vaccines worldwide, accounting for ~60% of the total vaccines, as of 2021. As of August 2021, CARE Ratings expect India's pharmaceutical business to develop at an annual rate of 11% over the next two years, to reach more than US\$ 60 billion in value.

The Indian Pharmaceuticals sector has seen some major developments, investments and support from the government in the recent past.

The Indian drugs and pharmaceuticals sector received cumulative FDIs worth US\$ 19.41 billion between April 2000-March 2022.

Indian drug & pharmaceutical exports stood at US\$ 24.60 billion in FY22 and US\$ 24.44 billion in FY21.

In June 2022, Cipla partnered with Drugs for Neglected Diseases initiative (DNDi) to announce the launch of a 4-in-1 antiretroviral treatment for children living with HIV in South Africa.

In May, 2022, Dr. Reddy's Laboratories enters into exclusive partnership with HK inno.N Corporation to commercialise novel molecule Tegoprazan in India & select emerging Markets.

As per the Union Budget 2022-23:

- Rs. 3,201 crore (US\$ 419.2 million) has been set aside for research and Rs. 83,000 crore (US\$ 10.86 billion) has been allocated for the Ministry of Health and Family Welfare.
- Rs. 37,000 crore (US\$ 4.83 billion) has been allocated to the 'National Health Mission'.

The Ministry of AYUSH has been allocated Rs. 3,050 crore (US\$ 399.4 million), up from Rs. 2,970 crore (US\$ 389 million).

Indian healthcare sector, one of the fastest growing sectors, is expected to cross US\$ 372 billion by 2022.

India's medical devices market stood at US\$ 10.36 billion in FY20. The market is expected to increase at a CAGR of 37% from 2020 to 2025 to reach US\$ 50 billion.

The Contract Research and Manufacturing Services industry (CRAMS) is expected to reach US\$ 20 billion by 2024 and is expected to grow at a CAGR of 12%.

In March 2022, Themis Medicare Ltd. (Themis), announced the approval of its antiviral drug VIRALEX by the Drug Controller General of India (DCGI).

In March 2022, under the Strengthening of Pharmaceutical Industry (SPI) Scheme, a total financial outlay of Rs. 500 crore (US\$ 665.5 million) for the period FY 2021-22 to FY 2025-26 were announced.

In November 2021, PM Mr. Narendra Modi inaugurated the first Global Innovation Summit of the pharmaceuticals sector. The summit will have 12 sessions and over 40 national and international speakers deliberating on a range of subjects including regulatory environment, funding for innovation, industry-academia collaboration and innovation infrastructure.

'Pharma Vision 2020' by the Government's Department of Pharmaceuticals aims to make India a major hub for end-to-end drug discovery.

To achieve self-reliance and minimize import dependency in the country's essential bulk drugs, the Department of Pharmaceuticals initiated a PLI scheme to promote domestic manufacturing by setting up greenfield plants with minimum domestic value addition in four separate 'Target Segments' with a cumulative outlay of Rs. 6,940 crore (US\$ 951.27 million) from FY21 to FY30.

In June 2021, Finance Minister Ms. Nirmala Sitharaman announced an additional outlay of Rs. 197,000 crore (US\$ 26,578.3

million) that will be utilised over the next five years for the pharmaceutical PLI scheme in 13 key sectors such as active pharmaceutical ingredients, drug intermediaries and key starting materials.

India being the 3rd largest pharmaceuticals industry in the world by volume offers a positive growth trajectory in the coming years.

Over the next five years, India's medical spending is expected to increase by 9–12% placing it among the top 10 nations worldwide. The ability of companies to orient their product portfolio towards chronic therapies for diseases like cardiovascular, anti-diabetes, anti-depressants, and anti-cancers, which are on the rise, will also play a role in future domestic sales growth. Speedy introduction of generic drugs into the market has remained in focus and is expected to benefit the Indian pharmaceutical companies.

The Indian Pharmaceutical industry is expected to grow to USD 100 billion by the end of 2025. The Indian biotechnology industry was valued at US\$ 64 billion in 2019 and is expected to reach US\$ 150 billion by 2025. India also has the largest number of manufacturing sites approved by the United States Food and Drug Administration outside of the United States.

The COVID-19 pandemic also had a significant impact on the Indian pharmaceutical industry. The pandemic has both spurred and curtailed the growth of the industry in different instances. In some cases, it has led to growth in drug manufacturing backed by demand from the government and individuals alike for drugs that may be used in. It has also led to significant investments in India's vaccine manufacturing and supply chain to enable efficient delivery of the vaccine to all Indians. However, for non-COVID related drugs, prices of raw materials have increased, production schedules have been interrupted, factories have been shut down and shipping costs have increased.<sup>4</sup> Overall, the Indian pharmaceutical industry has ably scaled up operations and adapted to the challenges raised by this pandemic. The coming decade is expected to bring new highs for the pharmaceutical sector. Backed by a strong intellectual property and regulatory framework, the Indian pharmaceutical industry seems poised on the edge of success.

### Investments and Recent Developments

The Union Cabinet has given its nod for the amendment of the existing Foreign Direct Investment (FDI) policy in the pharmaceutical sector in order to allow FDI up to 100% under the automatic route for manufacturing of medical devices subject to certain conditions.

The Indian Pharmaceuticals industry plays a prominent role in the global pharmaceuticals industry. India ranks third worldwide for production by volume and 14th by value.

In this regard the sector has seen a lot of investments and developments in the recent past.

- The Indian drugs and pharmaceuticals sector received cumulative FDIs worth US\$ 19.41 billion between April 2000-March 2022.
- The foreign direct investment (FDI) inflows in the Indian drugs and pharmaceuticals sector reached US\$ 1,414 million between in FY 2021-22.
- The Indian pharmaceutical industry generated a trade surplus of US\$ 15.81 billion in FY22.
- In June 2022, Cipla partnered with Drugs for Neglected Diseases initiative (DNDi) to announce the launch of a 4-in-1 antiretroviral treatment for children living with HIV in South Africa.
- Glenmark becomes the first pharmaceutical company to launch Indacaterol + Mometasone fixed-Dose combination drug for Asthma in India.
- In May 2022, Sun Pharmaceutical Industries Limited through one of its wholly owned subsidiaries plans to launch Bempedoic Acid under the brand name Brillo, in India for reducing low-density lipoprotein (LDL) cholesterol.
- In May 2022, Dr. Reddy's Laboratories enters into exclusive partnership with HK inno.N Corporation to commercialise novel molecule Tegoprazan in India & select emerging markets.
- In April 2022, Dr Reddy's Laboratories Ltd. inked a pact with MediCane Health to announce the launch of medical cannabis products in Germany.
- The Union Cabinet has given its nod for the amendment of existing Foreign Direct Investment (FDI) policy in the pharmaceutical sector in order to allow FDI up to 100% under the automatic route for manufacturing of medical devices subject to certain conditions.
- In March 2022, Themis Medicare Ltd. (Themis), announced the approval of its antiviral drug VIRALEX by the Drug Controller General of India (DCGI).
- The National Digital Health Blueprint has the potential to generate nearly US\$ 200 billion in added economic value for India's healthcare industry over the next 10 years.
- In November 2021, US-based Akston Biosciences announced that it will start the clinical trial of its second-generation COVID-19 vaccine 'AKS-452' in India soon.
- In October 2021, AstraZeneca India launched a Clinical Data and Insights (CDI) division to further strengthen its global presence and manage data-related aspects of its clinical trials.
- In September 2021, the Indian government contributed US\$ 4 billion to the pharmaceutical and medical industries.
- In August 2021, Glenmark collaborated with SaNOTize to introduce spray for COVID-19 treatment in India and other Asian markets.
- In August 2021, Uniza Group, an Ahmedabad-based pharmaceutical firm, signed an agreement with Lysulin Inc. (an US-based firm) to introduce Lysulin, a nutritional product for Indian consumers.
- In May 2021, Indian Immunologicals Ltd. (IIL) and Bharat Immunologicals and Biologicals Corporation (BIBCOL) inked technology transfer pacts with Bharat Biotech to develop the vaccine locally to boost India's vaccination drive. The two PSUs plan to start production of vaccines by September 2021.

### GOVERNMENT INITIATIVES

Some of the initiatives taken by the Government to promote the pharmaceutical sector in India are as follows:

- As per the Union Budget 2022-23:
  - Rs. 3,201 crore (US\$ 419.2 million) has been set aside for research and Rs. 83,000 crore (US\$ 10.86 billion) has been allocated for the Ministry of Health and Family Welfare.
  - Rs. 37,000 crore (US\$ 4.83 billion) has been allocated to the 'National Health Mission'.
  - Rs. 10,000 crore (US\$ 1.28 billion) has been allocated to Pradhan Mantri Swasthya Suraksha Yojana.
  - The Ministry of AYUSH has been allocated Rs. 3,050 crore (US\$ 399.4 million), up from Rs. 2,970 crore (US\$ 389 million).
- In March 2022, under the Strengthening of Pharmaceutical Industry (SPI) Scheme, a total financial outlay of Rs. 500 crore (US\$ 665.5 million) for the period FY 2021-22 to FY 2025-26 were announced.
- India could restart deliveries of COVID-19 shots to global vaccine-sharing platform COVAX in November-December 2021 for the first time since April 2021. The World Health Organization (WHO), which co-leads COVAX, has been pushing India to resume supplies for the programme, particularly after it sent ~4 million doses to neighbors and allies in October 2021.

- In November 2021, PM Mr. Narendra Modi inaugurated the first Global Innovation Summit of the pharmaceuticals sector. The summit will have 12 sessions and over 40 national and international speakers deliberating on a range of subjects including regulatory environment, funding for innovation, industry-academia collaboration and innovation infrastructure.
- In August 2021, Union Health Minister, Mr. Mansukh Mandaviya announced that an additional number of pharmaceutical companies in India are expected to commence manufacturing of anti-coronavirus vaccines by October-November 2021. This move is expected to further boost the vaccination drive across the country.
- In June 2021, Finance Minister Ms. Nirmala Sitharaman announced an additional outlay of Rs. 197,000 crore (US \$26,578.3 million) that will be utilised over five years for the pharmaceutical PLI scheme in 13 key sectors such as active pharmaceutical ingredients, drug intermediaries and key starting materials.
- To achieve self-reliance and minimise import dependency in the country's essential bulk drugs, the Department of Pharmaceuticals initiated a PLI scheme to promote domestic manufacturing by setting up greenfield plants with minimum domestic value addition in four separate 'Target Segments' with a cumulative outlay of Rs. 6,940 crore (US\$ 951.27 million) from FY21 to FY30.
- In May 2021, under Atmanirbhar Bharat 3.0, Mission COVID Suraksha was announced by the Government of India to accelerate development and production of indigenous COVID vaccines. To augment the capacity of indigenous production of Covaxin under the mission, the Department of Biotechnology, Government of India, provided financial support in the form of a grant to vaccine manufacturing facilities for enhanced production capacities, which is expected to reach >10 crore doses per month by September 2021.

#### Impact of COVID-19 on Pharmaceutical Industry

The Covid-19 pandemic has been a major disruptor for different industries across the country including the pharmaceutical industry. While the pandemic exposed numerous infrastructural vulnerabilities and gaps, it also proved to be a catalyst for change. The challenges and adversities posed by Covid-19 provided the opportunity to modernise and transform the pharma industry to better cater to the needs of the population.

The urgent need to understand the Covid-19 virus as well as develop new vaccines and medicines created unparalleled learning opportunities. The pharmaceutical industry not only provided continuous medicines but also contributed significantly to preventive healthcare, quarantine facilities and sanitisation. It responded to the immediate challenges of the pandemic by evaluating the utilisation of available drugs and explored various innovative approaches to tackle the situation. The efforts of the industry coupled with the regulatory reforms initiated by the CDSCO (Central Drugs Standard Control Organization) resulted in fast permissions for clinical trials and even encouraged the approval of applications to import or produce drugs and vaccines for trials.

Other than that, Indian pharma companies developed strategic alliances with global pharma companies to provide better access to crucial drugs or new treatments for Covid-19 like Molnupiravir, Remdesivir among others. Under the Vaccine Maitri initiative, the government delivered more than 14.68 crores of vaccine doses to 97 countries. Amid these changes, a new trend of the development of vaccines through collaboration between government laboratories and private entrepreneurs has also been observed.

#### Factors Influencing Growth Of The Industry

The Indian pharmaceutical industry ranks 14th in the world by value of pharmaceutical products. With a well-established domestic manufacturing base and low-cost skilled manpower, India is emerging as a global hub for pharma products and the industry continues to be on a growth trajectory. Moreover, India is significantly ahead in providing chemistry services such as analogue preparation, analytical chemistry, and structural drug design, thereby offering ample scope in contract research and other emerging segments in the pharmaceutical industry. Some of the major factors that would drive growth in the industry are as follows:

- **Increase in domestic demand:** More than half of India's population does not have access to advanced medical services and depend on traditional medicine practices. However, with increase in awareness levels, rising per capita income, change in lifestyle due to urbanization, and increase in literacy levels, demand for advanced medical treatment is expected to rise. Moreover, growth in the middle-class population would further influence demand for pharmaceutical products.
- **Rise in outsourcing activities:** Increase in the outsourcing business to India would also drive growth of the Indian pharmaceutical industry. Some of the factors that are likely to influence clinical data management and bio-statistics markets in India in the near future include: 1) its cost efficient research vis-à-vis other countries 2) highly-skilled labour

base 3) cheaper cost of skilled labour 4) presence in end-to-end solutions across the drug-development spectrum and 5) robust growth in the IT industry.

• **Growth in healthcare financing products:** Development in the Indian financial industry has eased healthcare financing with products such as health insurance policy becoming popular. This has resulted in increase in healthcare spending, which in turn, has benefitted the pharmaceutical industry.

## SWOT Analysis of the Industry

The SWOT analysis of the industry reveals the position of the Indian pharmaceutical industry in respect to its internal and external environment.

### a) Strengths

1. India is regarded as having an edge over China in terms of qualified, English-speaking manpower and fair protection of intellectual property rights supported by well-developed judicial system. (Appendix IV gives more information on IPR status in India).
2. India has skilled scientists/technicians/management personnel at affordable cost leading to low cost of innovation/manufacturing/capex costs/ expenditure to run cGMP compliance facilities and high quality documentation and process understanding.
3. The country has well developed chemistry, R & D and manufacturing infrastructure with proven track record in advanced chemistry capabilities, design of high tech manufacturing facilities and regulatory compliance.
4. The healthy domestic market with rising per capita expenditure is another significant strength enabling achievement of economies of scale. The country also has a strong marketing & distribution network.
5. India is considered a desirable destination for off shoring of data management functions for clinical trials and also due to its rich biodiversity and strength in Chemistry which are essential for drug discovery.
6. The country has significant ability to circumvent API Patents. India has filed a number of non-infringing process patents. The country has a recent success track record in circumventing formulation patents. Proven Legal skills to evaluate IP and commercial strategies are available at least in select top companies.
7. The present domestic regulatory environment though in need of further improvement has been conducive to the growth of an emerging pharmaceutical industry.

### b) Weaknesses

1. Low investments in innovative R&D continue to be a major weakness of Indian pharmaceutical industry.
2. Diffused nature of the Indian pharmaceutical industry means that only about 20 to 30 companies are large enough to bear the transactions costs associated with sustained exports to and compliance with entry regulations of the developed markets.
3. Majority of companies lack the ability to compete with MNCs for New Drug Discovery, Research and commercialization of molecules on a worldwide basis due to lack of resources.
4. Strong linkages between industry and academia which are essential for growth of the industry is lacking in India.
5. Comparatively small domestic market size due to low medical and healthcare expenditure in the country.
6. The country has at times shown inadequate regulatory framework or compliance and enforcement regime, reflected in occurrences such as production of spurious or low quality drugs.
7. Competency in API/Formulation, intellectual property creation, facility design and maintenance, global regulatory affairs, legal intricacies, and managing international work force is limited to a few players among the big players.
8. Rapidly increasing costs of skilled manpower such as scientists/ regulatory compliance personnel / pharmaceutical lawyers/ international business development personnel is pushing up the cost of innovation. Ability to evaluate contracts/alliances etc., is available only in top companies. Significant lacuna in this area exists and companies are falling into traps created by the competitors. Institutionalization of learning in the following areas is restricted :Regulatory affairs knowledge for different countries and continents Process and product patents procedures knowledge for different countries and continents.
9. Sales and marketing knowledge is inadequate due to lack of understanding of international Pharmaceutical marketing/pricing practices and market environment in various countries.

### c) Opportunities

1. India is faced with significant export opportunities, such as:
  - i. US\$40 billion worth of drugs in the U.S.A and US\$25 billion worth of drugs in Europe are expected to go off patent soon. Assocham estimates that Indian manufacturers may capture 30 percent of that market. This translates to an opportunity of US\$19.5bn which is significant considering the country's current exports of approx. US\$7.25bn. However the figures need to be appropriately deflated since Indian opportunity will lie in generics equivalent of branded or patented drugs, which would be cheaper.
  - ii. Generic launches by Indian manufacturers have increased in the United States from 93 in 2003 to 250 by 2008.

- iii. Compulsory licensing provisions negotiated in the Doha Round, allows for countries to import cheaper generic versions of patented drugs in the interests of public health. Thailand and South Africa have already started such initiatives from which Indian firms have benefited.
2. Due to the cost advantage in contract manufacturing & Research multi-national companies find it compelling to shift their production bases to countries offering such cost advantage. Typical of the industry which requires approval of manufacturing facilities by various drug regulatory agencies of the world involving a very high cost, once such business finds base in India it would continue with it for at least one & half to two decades.
3. Licensing deals with MNCs for NCEs (New Chemical Entities) and NDDS (New Drug Delivery Systems) offer new opportunities for Indian manufacturers.
4. Marketing alliances for MNC products in domestic and international market is another emerging opportunity.
5. Contract manufacturing arrangements with MNCs is estimated at 10% of patented markets estimated at US\$450bn which is approx. US\$45bn.
6. India has a very high potential for developing as a centre for international clinical trials due to its rich diversity.
7. India can become a niche player in global pharmaceutical R&D and possibilities exist for expansion of biotechnology generics (also known as bio-similars) and biopharmaceuticals.

**d) Threats / Risks And Concerns**

1. Product patent regime poses serious challenge to domestic industry unless it invests in research and development.
2. R&D efforts of Indian pharmaceutical companies are hampered by lack of enabling regulatory requirement.
3. Drug Price Control Order puts unrealistic ceilings on product prices and profitability.
4. Export effort is hampered by procedural hurdles in India as well as non-tariff barriers imposed abroad.
5. Lowering of tariff protection has increased competition in domestic markets resulting in erosion of profitability.
6. Mergers and acquisitions by foreign companies particularly multinational corporations of a few Indian generic leaders may completely change the direction of India's pharmaceutical movement neutralising its thrust on generics and cost competitiveness.

**Road Ahead**

Medicine spending in India is projected to grow 9-12% over the next five years, leading India to become one of the top 10 countries in terms of medicine spending. Going forward, better growth in domestic sales would also depend on the ability of companies to align their product portfolio towards chronic therapies for diseases such as such as cardiovascular, anti-diabetes, anti-depressants and anti-cancers, which are on the rise. The Indian Government has taken many steps to reduce costs and bring down healthcare expenses. Speedy introduction of generic drugs into the market has remained in focus and is expected to benefit the Indian pharmaceutical companies. In addition, the thrust on rural health programmes, lifesaving drugs and preventive vaccines also augurs well for the pharmaceutical companies.

With significant contributions toward generics, the pharmaceutical industry is all poised to further extend its R&D capabilities and offer cutting-edge products in a post-pandemic world. Here are some of the key areas that must be a focus for the industry to excel in the future:

**Innovation and R&D:** The industry needs to focus on innovation so as to move up the value chain. The Indian pharma industry requires a strong innovation pipeline with new product launches and molecular entities every year. To achieve the same, the industry is now entering the complex generics and specialised drugs market. The idea should be to enhance pharma's significance in new drug development, biologics and innovations and on increasing capabilities in usage of technology, biological sciences and cell and gene therapy, with the core focus on patient needs.

**Digital Transformation:** Digital transformation is vital for enhanced patient care, greater transparency, cost-effectiveness, improved production and drug development. Latest technologies such as artificial intelligence (AI), AR/VR, machine learning (ML) and additive manufacturing are helping pharma companies to improve the R&D process, conducting clinical tests in less time and adding innovation to the products as well as improving compliance and efficiencies in manufacturing.

**Nurturing Collaborations:** During the course of the pandemic, cohesive collaborations between academia, government and industry proved to be the key to promoting research initiatives. Integrated efforts, Regular feedback, sharing and constant dialogue between industry leaders and government authorities proved crucial during the pandemic and the same needs to continue in the future.

**Agility to adapt** must be the mantra for the pharma industry in sustaining its commitment to better patient care. India must also increase its focus on producing improved drugs, medical devices, biologics, diagnostics and vaccines. This will provide the much-needed impetus to the quality, affordability and accessibility of medical products through innovation and strict regulatory supervision.

**Outlook**

The pharmaceutical industry in India is the third-largest by volume across the world and the fourteenth largest in terms of value. For the year 2019-2020, the total annual turnover for the industry was INR 2, 89,998 crores and pharmaceutical exports were to the tune of INR 1, 46,260 crores. India exports medicines and drugs to nearly 206 countries with the United States being the largest export destination. It is also a leader in vaccine manufacturing and caters to more than 60% of the global vaccine demand.

In the recent Union Budget of 2022, the pharma industry of the country was recognised as the “sunrise sector” for India’s economy and is expected to grow threefold over the next decade. As per the Economic Survey of 2021-2022, the Indian pharmaceutical industry is expected to reach \$65 billion by 2024. The massive growth of the industry can be contributed to the domestic manufacturers’ leadership in providing generic formulation to different markets worldwide.

Overall growth outlook for the Indian drugs and pharmaceutical industry appears positive.

**Segment Wise Performance**

The Company is into single reportable segment only.

**Internal Control System**

The Company has laid down internal financial controls to be followed by the Company and such policies and procedures adopted by the Company for ensuring the orderly and efficient conduct of its business, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information.

The Company has also laid down an adequate system for legal compliances. It has created appropriate structures with proper delegations of duties and responsibilities of employees at each level on enterprise basis which ensures the proper adherence and compliance of such systems.

Both the Internal Financial Control and Enterprise Legal Compliance System are subject to review by the Management in respect of their adequacy and operative effectiveness which in turn are also reviewed by the Internal Auditors, Statutory Auditors and Audit Committee. Finally, the Board of Directors of the Company also review and take note of them.

**Human Resources**

Human resource is considered as key to the future growth strategy of the Company and looks upon to focus its efforts to further align human resource policies and processes to meet its business needs. The Company aims to develop the potential of every individual associated with the Company as a part of its business goal. Respecting the experienced and mentoring the young talent has been the bedrock for the Company’s growth.

Human resources are the principal drivers of change. They push the levers that take futuristic businesses to the next level of excellence and achievement.

## Performance Evaluation Policy

### 1. Introduction

The Advik Laboratories Limited (**"The Company"**) conducts its operations as per the directions provided by the Board of Directors within the framework laid down by the Companies Act, 2013 (**"the Act"**), the Articles of Association, Listing Agreement with stock exchanges and Code of Conduct and policies formulated by the Company for its internal execution. The Company's Board of Directors is dedicated to act in good faith; exercise their judgment on an informed basis, in the best interest of the company and its stakeholders.

The Act provides that the Nomination and Remuneration Committee shall formulate the criteria for evaluation of performance of Independent Directors and the Board. Such an evaluation procedure will provide a fine system of checks and balances on the performance of the directors and will ensure that they exercise their powers in a rational manner. The Act further casts an obligation on part of the board of directors for evaluating the performance of independent directors. All the directors on the board of a company, except the independent director whose performance is being evaluated, will assess the performance of the independent director. Accordingly, a report of performance evaluation of each independent director of the company would be prepared, which would determine whether to extend or continue the term of appointment of the concerned independent director or not.

As one of the most important functions of the Board of Directors is to oversee the functioning of Company's top management, this Board Performance Evaluation process aims to ensure individual directors ("Directors") and the Board of Directors of the Company ("Board") as a whole work efficiently and effectively in achieving their functions. This policy aims at establishing a procedure for conducting periodical evaluation of its own performance and individual directors. Hence, it is important that every individual Board Member effectively contributes in the Board deliberations.

### 2. Role of Board and Independent Directors

In conformity with the requirement of the Act, the performance evaluation of all the Independent Directors shall be done by the entire Board of Directors, excluding the director being evaluated.

The Independent Directors are duty bound to evaluate the performance of non – independent directors and Board as a whole. The independent directors of the Company shall meet at least once in a year to review the performance of the non-independent directors, performance of Chairperson of the Company and Board as a whole, taking into account the views of executive directors and non-executive directors.

### 3. Evaluation Criteria

The Board of Directors shall pay regards to the following parameters for the purpose of evaluating the performance of a particular director. In respect of each of the evaluation factors, various aspects have been provided to assist with the evaluation process in respect of performance of Board itself, and individual directors. Such evaluation factors may vary in accordance with their respective functions and duties. Evaluation of Independent Director shall be carried on by the entire Board in the same way as it is done for the Executive Directors of the Company except the Director being evaluated.

**Appraisal of each Director of the Company shall be based on the criteria as mentioned herein below.**

2. A person to be appointed as Director, KMP or senior management level should possess adequate qualification, expertise and experience for the position he / she is considered for appointment. The Committee has discretion to decide whether

qualification, expertise and experience possessed by a person is sufficient / satisfactory for the concerned position.

3. A person, to be appointed as Director, should possess impeccable reputation for integrity, deep expertise and insights in sectors / areas relevant to the Company, ability to contribute to the Company's growth, complementary skills in relation to the other Board members.
4. The Company shall not appoint or continue the employment of any person as Managing Director / Executive Director who has attained the age of seventy years and shall not appoint Independent Director who is below age of 21 years. Provided that the term of the person holding this position may be extended at the discretion of the committee beyond the age of seventy years with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond Seventy years as the case may be.
5. A whole-time KMP of the Company shall not hold office in more than one company except in its subsidiary company at the same time. However, a whole-time KMP can be appointed as a Director in any company, with the permission of the Board of Directors of the Company.

## **II. Term / Tenure**

### **1. Managing Director / Whole-time Director**

The Company shall appoint or re-appoint any person as its Managing Director and CEO or Whole-time Director for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of term.

### **2. Independent Director**

An Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for re-appointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.

No Independent Director shall hold office for more than two consecutive terms, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly.

At the time of appointment of Independent Director, it should be ensured that number of Boards on which such Independent Director serves is restricted to seven listed companies as an Independent Director and three listed companies as an Independent Director in case such person is serving as a Whole-time (Executive) Director of a listed company.

## **III. Retirement**

## **PART – C**

### **Policy relating to the remuneration for Directors, KMPs and other employees**

#### **A. General**

1. The remuneration / compensation / commission etc. to Directors will be determined by the Committee and recommended to the Board for approval.
2. The remuneration and commission to be paid to the Managing Director shall be in accordance with the provisions of Chapter xiii of the Companies Act, 2013 read with schedule v, and the rules made thereunder.
3. Increments to the existing remuneration / compensation structure may be recommended by the Committee to the Board which should be within the limits approved by the Shareholders in the case of Managing Director.

4. Where any insurance is taken by the Company on behalf of its Managing Director, Chief Financial Officer, the Company Secretary and any other employees for indemnifying them against any liability, the premium paid on such insurance shall not be treated as part of the remuneration payable to any such personnel. Provided that if such person is proved to be guilty, the premium paid on such insurance shall be treated as part of the remuneration.

#### **B. Remuneration to KMPs and other employees**

The policy on remuneration for KMPs and other employees is as below:-

##### **1. Fixed pay**

The remuneration and reward structure for employees comprises two broad components - annual remuneration and long-term rewards. The Committee would determine the remuneration of the Directors and formulate guidelines for remuneration payable to the employees.

These guidelines are as under:

##### **a) Annual remuneration**

Annual remuneration refers to the annual compensation payable to the employees of the Company. This comprises two parts - a fixed component, and a performance-linked variable component based on the extent of achievement of the individual's objectives and performance of the business unit. Employee is required to determine his/her key result areas for that particular defined role. The performance-linked variable pay will be directly linked to the performance on individual components of the performance and the overall performance of the business. An employee's variable pay would, therefore, be directly dependent on key performance measures that represent the best interests of shareholders.

The objective is to set the total remuneration at levels to attract, motivate, and retain high-caliber, and high potential personnel in a competitive global market. The total remuneration level is to be reset annually based on a comparison with the relevant peer group globally, established through independent compensation surveys, from time to time.

##### **b) Long-term rewards**

Long-term rewards may be granted to eligible key employees based on their contribution to the performance of the Company, relative position in the organization, and length of service under the supervision and approval of the Committee.

The grant, vesting and other scheme details would be formulated from time to time.

These long-term reward schemes are implemented to attract and retain key talent in the industry.

##### **2. Minimum remuneration to Managing Director/ Chief Executive officer**

If, in any financial year, the Company has no profits or its profits are inadequate, the Company shall pay remuneration to its Managing Director in accordance with the provisions of Schedule V of the Companies Act, 2013 and if it is not able to comply with such provisions, with the previous approval of the Central Government.

#### **C. Remuneration/ Setting Fees / Commission to Non-Executive / Independent Directors**

##### **1. Remuneration/ Setting Fees / Commission**

The remuneration payable to each Non-Executive Director is based on the remuneration structure as determined by the Board, and is revised from time to time, depending on individual contribution, the Company's performance, and the provisions of the Companies Act, 2013 and the rules made there under.

The remuneration to the Non-executive Directors (including Independent Directors) may be paid within the monetary limit approved by shareholders, subject to the limit not exceeding 1% of the profits of the Company computed as per

the applicable provisions of the Companies Act, 2013.

Non-Executive Directors/ Independent Director shall be paid a Setting Fees / Commission as may be decided by the Board of Directors from time to time subject to the limits specified in Companies Act, 2013 and other applicable laws/ Regulations.

## **2. Stock options**

The Independent Directors shall not be entitled to any stock option of the Company.

### **Policy review**

This policy is framed based on the provisions of the Companies Act, 2013 and rules there under and the requirements of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 with the Stock Exchanges.

In case of any subsequent changes in the provisions of the Companies Act, 2013 or any other regulations which makes any of the provisions in the policy inconsistent with the Act or regulations, then the provisions of the Act or regulations would prevail over the policy and the provisions in the policy would be modified in due course to make it consistent with law.

This policy shall be reviewed by the Nomination and Remuneration Committee as and when any changes are to be incorporated in the policy due to change in regulations or as may be felt appropriate by the Committee. Any changes or modification on the policy as recommended by the Committee would be given for approval of the Board of Directors.

**INDEPENDENT AUDITORS' REPORT**

**To the Members of  
Advik Laboratories Limited,**

**Report on the Audit of the Financial Statements****Opinion**

We have audited the accompanying financial statements of Advik Laboratories Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, and its LOSS including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

**Basis for Qualified Opinion**

The company had recorded the cost of the investment of Rs. 53.80 lac at the face value of the equity shares issued and had not determined the fair value as required by Ind AS. The shares were not made available for physical verification. Hence, we are unable to comment upon the physical existence and express an opinion on the value of investment recorded.

The Capital work in Progress of Rs. 3.42 Crore has been stalled. The physical conditions of these assets under construction require technical evaluation to determine impairments or write offs, if any. However in view of the management the suspension is temporary in nature and assets under construction are not obsolete, and the company will be able to resume construction activities in near future and accordingly no provision is required.

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

**Information Other than the Financial Statements and Auditors' Report Thereon**

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Annual Report, but does not include the financial statements and our auditors' report thereon. The Annual Report is expected to be made available to us after the date of this auditors' report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

**Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting

frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

#### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditors' Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
  - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

## ANNEXURE "A" TO THE INDEPENDENT AUDITORS'

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Advik Laboratories Limited of even date)

To the best of our information and according to the explanations provided to us by the Company and the books of account and records examined by us in the normal course of audit, we state that:

1. In respect of the Company's Property, Plant and Equipment and Intangible Assets:
  - a. (i) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
  - (ii) The Company had no intangible assets during the year.
  - b. The Company has a program of physical verification of Property, Plant and Equipment and right-of-use assets so to cover all the assets once every three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain Property, Plant and Equipment were due for verification during the year and were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
  - c. Based on our examination of the electricity bill for land on which building is constructed, registered conveyance deed provided to us, we report that, the title in respect of self-constructed buildings, disclosed in the financial statements included under Property, Plant and Equipment are held in the name of the Company as at the balance sheet date.
  - d. The Company has not revalued any of its Property, Plant and Equipment during the year.
  - e. No proceedings have been initiated during the year or are pending against the Company as at March 31, 2022 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
2.
  - a. Physical verification of inventory has been conducted at reasonable intervals by the management and in our opinion, the coverage and procedure of such verification by the management is appropriate and any discrepancies of 10% or more in the aggregate for each class of inventory have been properly dealt with in the books of account
  - b. The Company has no working capital limits in excess of ₹ 5 crore, in aggregate, during the year, from banks or financial institutions on the basis of security of current assets, hence no quarterly returns or statements filed by the company with banks was required to be submitted.
3. The Company has not made investments in, companies, firms, Limited Liability Partnerships, and has not granted unsecured loans to other parties, during the year, hence reporting under clause 3(iii) (a) to (f) of the order are not applicable to the company.
4. The Company has complied with the provisions of Sections 185 and 186 of the Companies Act, 2013 in respect of loans granted, investments made and guarantees and securities provided, as applicable.
5. The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause 3(v) of the Order is not applicable.
6. The maintenance of cost records has not been specified by the Central Government under sub-section (1) of section 148 of the Companies Act, 2013 for the business activities carried out by the Company.
7. In respect of statutory dues:
  - (a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.

There were no undisputed amounts payable in respect of Goods and Service tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues in arrears as at March 31, 2022 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2022 on account of disputes are NIL
8. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
9.
  - a. The Company has not defaulted in repayment of loans or other borrowings or in the payment of interest from any lender. Company has entered one time settlement of old term loan and working capital limit with Indian Overseas Bank during the year and fully paid the settlement amount to bank during the year and received the NOC from bank during the year.
  - b. The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
  - c. The Company has applied the term loan for the purpose for which the loans were obtained..
  - d. On an overall examination of the financial statements of the Company, funds raised on short- term basis have, prima facie, not been used during the year for long-term purposes by the Company.
  - e. On an overall examination of the financial statements of the Company, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
  - f. The Company has not raised any loans on the pledge of securities held in its subsidiary, joint ventures or associates companies.
10.
  - a. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
  - b. During the year, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause 3(x)(b) of the Order is not applicable.
11.
  - a. No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
  - b. No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
  - c. We have taken into consideration the whistle blower complaints received by the Company during the year (and up to the date of this report), while determining the nature, timing and extent of our audit procedures.
12. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
13. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.
14.
  - (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
  - (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.
15. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.

16. (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.
- (b) In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
17. The Company has incurred cash loss of Rs.41.88 lac during the financial year covered by our audit and cash loss of Rs. 393.78 lac was incurred during the immediately preceding financial year.
18. There has been resignation of the statutory auditors of the Company during the year. As per information provided by erstwhile auditor of the company no issue, concern was raised by him and he had resigned on health issue.
19. On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
20. (a) There are no unspent amounts towards Corporate Social Responsibility (CSR) on other than ongoing projects requiring a transfer to a Fund specified in Schedule VII to the Companies Act in compliance with second proviso to sub-section (5) of Section 135 of the said Act. Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year.
- (b) No amount unspent under sub section (5) of section 135 of Companies Act pursuant to any ongoing project for CSR amount was outstanding for transfer to special Account in compliance with the provision of sub section (6) of section 135 of Companies Act at the end of the Financial Year.

## Annexure 'B' To the Independent Auditors' Report

---

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date to the Members of Advik Laboratories Limited)

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

#### **Opinion**

We have audited the internal financial controls with reference to financial statements of Advik Laboratories Limited ("the Company") as of March 31, 2022 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2022, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

#### **Meaning of Internal Financial Controls with reference to Financial Statements**

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance

that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls with reference to Financial Statements**

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**NOTE 2****COMPANY OVERVIEW & SIGNIFICANT ACCOUNTING POLICIES****I COMPANY OVERVIEW**

Advik Laboratories Limited is Public limited company, incorporated under the Indian Companies Act, 1956, having its registered office in Sohna, Haryana. The Company is engaged in manufacturing, marketing, trading and export of Pharmaceutical Products. The Company has its own manufacturing facility at Sohna. The Company has various independent contract/third party manufacturers based across the country. The equity shares of the Company are presently listed with BSE Limited (BSE) and Ahmedabad Stock Exchange of India Limited (ASE).

**II SIGNIFICANT ACCOUNTING POLICIES****a. BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

The financial statements of the company have been prepared in accordance with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules 2015 as amended from time to time by the Ministry of Corporate Affairs (MCA), the provisions of Companies Act, 2013, and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

Financial statements of the company are prepared under the historical cost convention except for the certain financial assets and liabilities measured at fair value as mentioned in applicable accounting policies.

**b. USE OF ESTIMATES AND JUDGEMENTS**

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates.

The estimates and underlying assumptions are reviewed on going concern basis.

Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, in the period of the revision and future periods if the revision affects both current and future

**c. CLASSIFICATION OF EXPENDITURE/INCOME**

Except Otherwise Indicated:-

- (i) All expenditure and income are accounted for under the natural heads of account.
- (ii) All expenditure and income are accounted for on accrual basis except when ultimate realisation of income is uncertain.

**d. CURRENT VERSUS NON-CURRENT CLASSIFICATION**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle

- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

**e. REVENUES**

- Revenues from sales of goods are recognized when the significant risk and rewards of the ownership of the goods have been transferred to the buyer, recovery of the consideration is probable, the associated costs and involvement with, the goods and the amount of revenue can be measured reliably. The timing of transfers of risks and rewards normally happen upon shipment.
- Sales returns / rate differences are adjusted from the sales of the year in which the returns take place / rate differences accepted.
- Further, revenues are recognized at gross value of consideration received excluding the amount of Goods & Service Tax(GST).

**f. PROPERTY, PLANT AND EQUIPMENT (PPE)**

**Recognition and measurement:**

Property, plant and equipment are initially recognized at cost of acquisition or construction after deducting refundable purchase taxes and including the cost directly attributable for bringing the asset to the location and conditions necessary for it to be capable of operating in the manner intended by the management, borrowing cost in accordance with the established accounting policy, cost of restoring and dismantling, if any, initially estimated by the management. After the initial recognition the property, plant and equipment are carried at cost less accumulated depreciation and impairment losses.

Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

The estimated useful lives, residual values and depreciation method are reviewed at each financial year end and the effect of any change is accounted for on prospective basis. Depreciation on plant & equipment's are provided as per below schedule:-

Type of Asset	Period
Factory Building	30 years
Plant & Machinery	15 years
Computer Equipment	3 years
Vehicle	8 years
Furniture & Fixture	10 years

The carrying amount of the all property, Plant and equipment are derecognized on its disposal or when no future economic benefits are expected from its use or disposal and the gain or loss on de-recognition is recognized in the statement of profit & loss.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as capital advances and cost of assets not put to use before such date are disclosed under 'capital work-in-progress'.

**g. INVENTORIES**

Raw materials, stock-in-trade, work-in-progress, finished goods and packing materials are valued at the lower of weighted average cost and net realizable value. Cost of finished goods and work-in-progress includes cost of materials, direct labour and an appropriate portion of overheads to bring the inventory to the present location and condition. Stores and maintenance spares are valued at average cost.

The net realizable value of work-in-progress is determined with reference to the selling price of related finished goods. Raw materials and other supplies held for use in production of inventories are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

Obsolete stocks are identified every year on the basis of technical evaluation and are charged off to revenue.

Finished goods expiring within 60 days(near expiry inventory) as at the balance sheet date have been fully provided for.

**h. CASH AND CASH EQUIVALENTS**

For the purpose of presentation in the cash flow statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value

**i. TRADE RECEIVABLES**

Trade receivables represents amount billed to customers as credit sales and are net off;

- a. any amount billed but for which revenues are reversed under the different accounting standard and
- b. Impairment for trade receivables, which is estimated for amounts not expected to be collected in full."

**j. FINANCIAL INSTRUMENTS**

**Initial recognition**

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables/payables and where cost of generation of fair value exceeds benefits, which are initially measured at transaction price. Transaction costs directly related to the acquisition or issue of the financial assets and financial liabilities (other than financial assets and financial liabilities through profit & loss account) are added to or deducted from the cost of financial assets or financial liabilities. Transaction cost directly attributed to the acquisition of financial assets or financial liabilities at fair value through profit & loss account are recognized immediately in the statement of profit & loss.

**Subsequent measurement**

(i) Financial assets carried at amortized cost: A financial asset is subsequently measured at amortized cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

(ii) Financial assets at fair value through other comprehensive income: A financial asset is subsequently measured at fair value through other comprehensive income if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Company has made an irrevocable election for its investments which are classified as equity instruments (all being not held for trading), to present the subsequent changes in fair value in other comprehensive income based on its business model.

Fair value of the listed equity instruments are measured using the rate quoted in the stock exchange wherein the securities are actively traded as on the last working day of the period of reporting. In respect of unlisted equity instruments, fair value is determined based on the latest audited financial statements and considering the open market information available, failing which it shall be measured at cost..

**(c) Financial liabilities**

(i) Financial liabilities are initially recognized at the fair value of the consideration received less directly attributable transaction cost.

(ii) Subsequent to initial measurement, financial liabilities are measured at amortised cost. The difference in the initial carrying amount of the financial liabilities and their redemption value is recognized in the statement of profit & loss over the contractual term using the effective interest rate method. This category includes the following class of liabilities; trade and other payables, borrowing; and other financial liabilities.

(iii) Financial liabilities are further classified as current and non-current depending whether they are payable within 12 months after the balance sheet date or beyond.

(iv) Financial liabilities are derecognized when the company is discharge from its obligation; they expire, are cancelled or replaced by a new liability with substantial modified terms

**k. IMPAIRMENT****Financial assets**

The company recognizes loss allowances using the expected credit loss model for the financial assets which are not fair valued through statement of profit and loss. Loss allowance on trade receivables, with no significant financing component is measured at an amount equal to lifetime expected credit loss. For all financial assets expected credit losses are measured at an amount equal to 12-month ECL unless there has been significant increase in credit risk from initial recognition in which case these are measured at lifetime expected credit loss. The amount of expected credit losses or reversal that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognized is recognized as an impairment gain or loss in the profit or loss for the period.

**Intangible assets, property, plant and equipment**

Intangible assets, property plant & equipment are evaluated for recoverability wherever events or changes in circumstances indicate that their carrying amount may not be recoverable.

For impairment testing, assets that do not generate independent cash flows are grouped together into cash generating units (CGUs).

For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value in use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the CGU to which the asset belongs.

If such asset is considered to be impaired, the impairment to be recognized in the statement of profit and loss is measured by the amount by which the carrying value of the assets exceeds the estimated recoverable amount of the asset. An impairment loss is reversed in the statement of profit & losses if there have been changes in the estimates used to determine the recoverable amount. The carrying amount is increased to its revised recoverable amount, provided that this amount does not exceeds the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss has been recognized for the asset in prior years.

#### **I. EARNING PER SHARE**

Basic Earnings Per Share is computed by dividing the net profit attributable to the equity shareholders of the company to the weighted average number of Shares outstanding during the period & Diluted earnings per share is computed by dividing the net profit attributable to the equity shareholders of the company after adjusting the effect of all dilutive potential equity shares that were outstanding during the period, the weighted average number of shares outstanding during the period including the weighted average number of equity shares that could have issued upon conversion of all dilutive potential.

#### **m. INCOME TAXES**

Income tax expense or credit represents the sum of the current tax and deferred tax.

Current and deferred tax is recognised in the Statement of Profit and Loss except to the extent it relates to items recognised in 'Other comprehensive income' or directly in equity, in which case it is recognised in 'Other comprehensive income' or directly in equity, respectively.

Current income tax

Current tax payable is based on taxable profit for the year. Taxable profit differs from profit as reported in the Statement of profit and loss because some items of income or expense are taxable or deductible in different years or may never be taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Current tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority. The Company periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

MAT credit is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. In the year in which the Minimum Alternative tax (MAT) credit becomes eligible to be recognized as an asset in accordance with the recommendations contained in Guidance Note issued by the Institute of Chartered Accountants of India, the said asset is created by way of a credit to the Statement of Profit and Loss and shown as MAT Credit Entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT Credit Entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal Income Tax during the specified period.

#### **Deferred Tax**

Deferred tax is provided using the balance sheet approach on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purpose at reporting date.

Deferred income tax assets and liabilities are measured using tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date and are expected to apply to taxable income in the years in which those temporary

differences are expected to be recovered or settled. The effect of changes in tax rates on deferred income tax assets and liabilities is recognized as income or expense in the period that includes the enactment or the substantive enactment date. A deferred income tax asset is recognized to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences and tax losses can be utilized.

The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilised. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow deferred tax assets to be recovered.

The company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

**n. EMPLOYEE BENEFITS EXPENSES AND LIABILITIES IN RESPECT OF EMPLOYEE BENEFITS ARE RECORDED IN ACCORDANCE WITH INDIAN ACCOUNTING STANDARD 19 – EMPLOYEE BENEFITS.**

**(i) Provident Fund**

The Company pays contributions toward provident fund to the regulatory authorities as per local regulations where the Company has no further payment obligations. The contributions are recognised as employee benefit expense when they are due.

The Company makes contribution Employee State Insurance in accordance with Employee State Insurance Act, 1948.

The Company has no obligation, other than the contribution payable to the provident fund.

**(ii) Gratuity and other post-employment benefits**

Gratuity is a post-employment benefit and is in the nature of a defined benefit plan. The liability recognised in the balance sheet in respect of gratuity is the present value of the defined benefit/obligation at the balance sheet date less the fair value of plan assets, together with adjustment for unrecognized actuarial gains or losses and past service costs. The defined benefit/obligation is calculated at or near the balance sheet date by an independent actuary using the projected unit credit method.

Gains and losses through re-measurements of the net defined benefit liability/(asset) are recognized in other comprehensive income. The actual return of the portfolio of plan assets, in excess of the yields computed by applying the discount rate used to measure the defined benefit obligations recognized in Other Comprehensive Income. The effect of any plan amendments are recognized in net profits in the Statement of Profit and Loss.

**(iii) Other Short Term Benefits**

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

**o. PROVISIONS, CONTINGENT LIABILITIES AND CONTINGENT ASSETS**

(i) A provision is recognized, if as a result of past event the company has present legal or constructive obligations that is reasonably estimable and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risk specific to liability.

(ii) A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made. Contingent Assets are neither recognized nor disclosed in the financial statements.

These are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

**p. LEASES**

The Company, as a lessee, recognizes a right of-use asset and a lease liability for its leasing arrangements, if the contract conveys the right to control the use of an identified asset.

The contract conveys the right to control the use of an identified asset, if it involves the use of an identified asset and the Company has substantially all of the economic benefits from use of the asset and has right to direct the use of the identified asset. The cost of the right-of-use asset shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight-line method from the commencement date over the shorter of lease term or useful life of right-of-use asset.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate.

For short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the lease term

**q. DEPRECIATION**

(i) Normal depreciation on all property, plant & equipment except Land are provided from the date of put to use for commercial production on Straight Line Method at the useful lives prescribed in Schedule-II to The Companies Act, 2013 and after providing for the residual value (maximum to the extent of 5%) of the Fixed Assets as determined by the management.

(ii) Depreciation/Amortization on addition /deletions to Fixed Assets is provided on pro-rata basis from/to the date of addition/deletions.

(iii) Depreciation/Amortization on additions/deletions to the fixed assets due to exchange rate fluctuation is provided on pro-rata basis since inception.

(iv) The estimated useful lives, residual values and depreciation method are reviewed at each financial year end and the effect of any change is accounted for on prospective basis.

**r. PURCHASES**

(i) Purchases returns / rebates are adjusted from the purchases of the year in which the returns take place / rebates allowed.

(ii) Purchases are accounted for "Net of VAT Credit/GST availed on eligible inputs".

**s. CLAIMS BY/AGAINST THE COMPANY**

Claims by/ against the Company arising on any account are provided for in the accounts on receipts/acceptances.

**t. BORROWING COST**

Borrowing cost are interest and other costs (including exchange differences relating to foreign currency borrowings to the extent they are regarded as an adjustment to interest costs) incurred in connection with the borrowing of funds. Borrowing cost directly attributable to the acquisition or construction of qualifying /eligible assets, intended for commercial production are capitalised as part of the cost of such assets. All other borrowing costs are recognized as an expense in the year in which they are incurred.

**u. STATEMENT OF CASH FLOWS**

Statement of Cash Flows is made using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, financing and investing activities of the Company are segregated.

**v. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES**

The Company's principal financial liability includes Borrowings, Trade payable and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include Trade receivables, Cash and cash equivalents and other financial assets that derive directly from its operations. The Company is exposed to credit risk, liquidity risk and Interest rate risk & market risk. The Company's senior management oversees the management of these risks and the appropriate financial risk governance framework for the Company. The senior management provides assurance that the Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

The Board of Directors reviewed policies for managing each of these risks, which are summarized below:

**(i) Credit risk**

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

The impairment for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgment in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each balance sheet date. Financial assets are written off when there is no reasonable expectation of recovery, however, the Company continues to attempt to recover the receivables. Where recoveries are made, these are recognized in the Statement of Profit and Loss.

**(ii) Liquidity Risk**

Liquidity risk refers to the probability of loss arising from a situation where there will not be enough cash and/or cash equivalents to meet the needs of depositors and borrowers, sale of illiquid assets will yield less than their fair value and illiquid assets will not be sold at the desired time due to lack of buyers. The primary objective of liquidity management is to provide for sufficient cash and cash equivalents at all times and any place in the world to enable us to meet our payment obligations.

**(iii) Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's borrowings obligations with floating interest rates.

**w. CRITICAL ACCOUNTING ESTIMATES AND JUDGMENTS**

The preparation of financial statements in conformity with Indian Accounting Standards (Ind AS) requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities

and disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

a. Useful lives of Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the company. The charge in respect of periodic depreciation is derived after determining an estimate of an asset's expected useful life and the expected residual value at the end of its life. The useful lives and residual values of property, plant and equipment are determined by the management based on technical assessment by internal team and external advisor. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as changes in technology. The Company believes that the useful life best represents the period over which the Company expects to use these assets.

b. Contingent liability

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/ litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

c. Income taxes

The calculation of the Company's tax charge necessarily involves a degree of estimation and judgement in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process. The Company reviews at each balance sheet date the carrying amount of Income Tax /deferred tax Liabilities.

d. Defined benefit plans (gratuity)

The Company's obligation on account of gratuity is determined based on actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, these liabilities are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The parameter most subject to change is the discount rate. In determining the appropriate discount rate, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

x. Accounting Policies not specifically referred to are in accordance with generally accepted accounting principles.

32	Financial instruments						
(i)	Fair values hierarchy						
	Financial assets and financial liabilities measured at fair value in the statement of financial position are classified into three Levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:						
	<b>Level 1:</b> Quoted prices (unadjusted) in active markets for financial instruments.						
	<b>Level 2:</b> The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.						
	<b>Level 3:</b> If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.						
(ii)	Fair value of instruments measured at amortised cost						
	Fair value of instruments measured at amortised cost for which fair value is disclosed is as follows:

	<b>Financial risk management</b>						
	The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.						
A)	Credit risk						
	Credit risk is the risk that a counterparty fails to discharge an obligation to the company. The company is exposed to this risk for various financial instruments, for example by granting loans and receivables to customers, placing deposits, etc. The company's maximum exposure to credit risk is limited to the carrying amount of following types of financial assets.						
	- cash and cash equivalents,						
	- trade receivables,						
	- loans & receivables carried at amortised cost, and						
	- deposits with banks						

**Credit risk management***Credit risk rating*

The Company assesses and manages credit risk based on internal credit rating system, continuously monitoring defaults of customers and other counterparties, identified either individually or by the company, and incorporates this information into its credit risk controls. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of financial assets based on the assumptions, inputs and factors specific to the class of financial assets.

A: Low

B: Medium

C: High

*Assets under credit risk –*

Credit rating	Particulars	March 31, 2022	March 31, 2021
HIGH	Other Financial Assets	1,42,172.36	1,00,789.07
HIGH	Investments	53,800.00	53,800.00
LOW	Cash and cash equivalents	1,367.04	1,257.31
HIGH	Trade receivables	3,456.69	59,456.69

*Cash & cash equivalents and bank deposits*

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks.

*Trade receivables*

Company's trade receivables are considered of high quality and accordingly no life time expected credit losses are recognised on such receivables.

*Other financial assets measured at amortised cost*

Other financial assets measured at amortized cost includes advances to employees. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

**B) Liquidity risk**

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows in major currencies and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios

**Maturities of financial liabilities**

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.
