ANNEXURE TO NOTICE OF AGM

Statement pursuant to Section 102(1) of the Companies Act, 2013 (“the Act”)

Item no. 3:

Mr. Amudala Sreeramulu Nageswar Rao (DIN: 07030259) completes his first term as an Independent Non-Executive Director of the Company on September 30, 2026, following his appointment at the 36th Annual General Meeting on September 30, 2021. He has conveyed his intention not to seek re-appointment for a second term due to personal reasons.

The Board of Directors proposes to appoint Mr. Dipankar Dasgupta (DIN: 05312364) as an Independent Non-Executive Director of the Company in place of Mr. Amudala Sreeramulu Nageswar Rao, not liable to retire by rotation, for a first term of 5 (five) consecutive years with effect from October 01, 2026. The Company has received from Mr. Dipankar Dasgupta: (i) consent in writing to act as a Director in Form DIR-2 pursuant to Rule 8 of the Companies (Appointment & Qualification of Directors) Rules, 2014; (ii) an intimation in Form DIR-8 in terms of Rule 14(1) of the said Rules, to the effect that he is not disqualified from being appointed as a Director under Section 164(2) of the Companies Act, 2013; and (iii) a declaration confirming that he meets the criteria of independence as prescribed under Section 149(6) of the Companies Act, 2013, read with Rule 5 of the Companies (Appointment & Qualification of Directors) Rules, 2014, and Regulation 16(1)(b) of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Based on the performance evaluation report of the Independent Directors, the Nomination and Remuneration Committee and the Board of Directors, at their respective meetings held on August 14, 2026, have recommended the appointment of Mr. Dipankar Dasgupta as an Independent Director. The proposed appointment is for a term of five (5) consecutive years, effective from October 1, 2026, up to the conclusion of the 46th AGM to be held in the year 2031.

In the opinion of the Board, Mr. Dipankar Dasgupta fulfills the conditions specified in the Companies Act, 2013 and the Rules framed there under and Chapter IV of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 for appointment as an Independent Director and he is independent of the management.

Mr. Dipankar Dasgupta is not holding any equity shares of the Company and he is not related to any Director of the Company. As per the provisions of Section 149 of the Companies Act, 2013, an Independent Director shall be eligible for appointment subject to approval of shareholders by way of a Special Resolution.

The Resolution set out at Item No. 3 of the notice is put forth for consideration of the members as a Special Resolution pursuant to Section 149 read with Schedule IV of the Companies Act, 2013 for appointment of Mr. Dipankar Dasgupta as an Independent Director.

The terms and conditions of appointment of Mr. Dipankar Dasgupta shall be open for inspection by the Members at the Registered Office of the Company during normal business hours on any working day. Save and except Mr. Dipankar Dasgupta and his relatives, to the extent of their shareholding interest, if any, in the Company, none of the other Directors / Key Managerial Personnel of the Company / their relatives are in any way, concerned or interested, financially or otherwise, in the resolution set out at item No.3 of the Notice.

The Board of Directors of the Company recommends the resolution at Item No. 3 for approval of the members as Special Resolution.

Item No.4:

The Board of Directors, at its meeting held on September 04, 2026, upon the recommendation of the Audit Committee, approved the appointment of M/s. Sai Krishna & Associates, Cost Accountants (Registration No.001742), to conduct the audit of the cost records of the Company for the financial year ending March 31, 2027, at a remuneration of ₹ 50,000/- (Indian Rupees Fifty Thousand Only), excluding applicable taxes and reimbursement of out-of-pocket expenses.

In addition to the above, the Board also approved a payment of ₹ 10,000/- plus applicable GST to M/s. Sai Krishna & Associates for filing the Cost Audit Report (Form CRA-4) in XBRL mode

In terms of the provisions of Section 148 of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors) Rules, 2014, (including any statutory modification(s) or re-enactment(s) thereof, for the time being in force) the remuneration as mentioned above, payable to the Cost Auditor is required to be ratified by the Members of the Company. Accordingly, the Members are requested to ratify the remuneration payable to the Cost Auditors for the financial year ending March 31, 2027, as set out in the Ordinary Resolution for the aforesaid services to be rendered by them.

None of the Directors or Key Managerial Personnel of the Company or their respective relatives, are in any way concerned or interested, financially or otherwise in the said resolution.

The Board of Directors of the Company recommends the resolution at Item No.4 for approval of the members as Ordinary Resolution.

INDEPENDENT AUDITOR'S REPORT

To The Board of Directors of Gennex Laboratories Limited

Report on the Audit of Standalone Annual Financial Results

1. We have audited the accompanying Statement of Standalone Financial Results of **Gennex Laboratories Limited** ("the company") for the Quarter & Year ended March 31, 2026 ("the Statement"), attached hereto being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, ('Listing Regulations).
2. In our opinion and to the best of our information and according to the explanations given to us these Standalone Financial Results:
 - (i) are presented in the accordance with the requirement of Regulation 33 of the Listing Regulation in this regard; and
 - (ii) **Subject to:**
 - (a) **Confirmations / reconciliations of, The Balances of Current Assets, Other Non-Current Assets, Non-Current Liabilities, Current Liabilities & other Current Liabilities, The Impact of the same is unascertained; Company is yet to install Transaction Traceability Software in its accounting Systems.**
 - (b) Gives true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian accounting standards (IND-AS) and other accounting principles generally accepted in India, of the net profit and other comprehensive income and other financial information for the year ended 31 March, 2026.

3. BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Results section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial results under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone annual financial results.

4. Management's and Board of Directors' Responsibilities for the Standalone Annual Financial Results

These standalone annual financial results have been prepared on the basis of the standalone annual financial statements.

The Company's Management and Board of Directors are responsible for the preparation of these Standalone Annual Financial Results that give a true and fair view of the net profit and other comprehensive income and other financial information in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls

that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone annual financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone annual financial results, the Management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

5. Auditors Responsibilities for the Audit of the Standalone Annual Financial Results

Our objectives are to obtain reasonable assurance about whether the standalone annual financial results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone annual financial results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone annual financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3) (i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the standalone financial results made by the Board of Directors.
- Conclude on the appropriateness of the Management's and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone annual financial results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the standalone annual financial results, including the disclosures, and whether the standalone annual financial results represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

6. Other Matters

The standalone annual financial results include the results for quarter ended March 31, 2026 being the balancing figure between the audited figures in respect of the full financial year and the published unaudited year to date figures up to the third quarter of the current financial year which were subject to limited review by us.

 - (a) The Company has not provided any loans or advances in the nature of loan or stood guarantee or provided security to any other entity during the year. Hence reporting under clause 3(iii)(a) of the Order is not applicable.

- (b) In our opinion, the investments made and the terms and conditions of the grant of loans, during the year are, prima facie, not prejudicial to the Company's interest.
- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments of principal amounts and receipts of interest are generally regular as per stipulation.
- (d) In respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) No loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- (f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause 3(iii)(f) is not applicable.
- iv. The Company has not granted loans or provided guarantees or securities to parties covered under Section 185 of the Companies Act, 2013 ("the Act"). The Company has complied with the provisions of section 186 of the Act in respect of loans granted, investments made and guarantees and securities provided, as applicable.
- v. The Company has neither accepted deposits from the public nor accepted any amount which are deemed to be deposits within the meaning of Sections 73 to 76 of the Act and the Rules made thereunder. Hence, reporting under clause 3(v) of the Order is not applicable
- vi. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for the maintenance of cost records under section 148(1) of the Act, related to the manufacturing activities and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company
- vii. The Company has not made investments in Firms and Limited Liability Partnerships during the year. Further the Company has not provided any guarantee or security or granted any advances in the nature of loans, secured or unsecured, to Companies, Firms, Limited Liability Partnerships or any other parties.
- viii. In respect of statutory dues:
- (a) In our opinion, the Company has generally been regular in depositing undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income Tax, Sales Tax, Service Tax, duty of Custom, duty of Excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities.
- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on 31st March, 2026 on account of any dispute are given below

Sl No.	Nature of Statute	Nature of Dues	Amount Disputed in Lacs	Period to which the amount relates to	From where the dispute is pending

- ix. There were no transactions relating to previously unrecorded income that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- x. (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) To the best of our knowledge and belief, in our opinion, term loans availed by the Company were applied by the Company during the year for the purposes for which the loans were obtained, other than temporary deployment pending application.
- (d) On an overall examination of the Standalone Financial Statements of the Company, funds raised on short-term basis have, prima facie, not been used during the year for long-term purposes by the Company.
- (e) On an overall examination of Standalone Financial Statements of the Company, the Company has not taken funds from any entity or person on account of or to meet the obligations of its subsidiaries, associates or joint ventures.
- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, joint ventures or associate companies.
- xi. (a) In our opinion, money received during the year towards unpaid calls related to right issue of equity shares in an earlier year have been, prima facie, applied by the Company for the purposes for which they were raised. The Company has not raised money by way of Initial Public Offer/ further public offer through debt instruments.
- (b) During the year, the Company converted the entire 1,55,00,000 share warrants into 1,55,00,000 fully paid-up equity shares after receipt of the balance amount of 17,14,30,000/- from the Promoter @ 11.06/- per warrant. The listing approval from BSE Limited has been received and trading approval is under process.
- xii. (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year. Based upon the audit procedures performed for the purpose of reporting the true and fair view of the Standalone Financial Statements and according to the information and explanations given by the management, no fraud by the Company or no material fraud on the Company has been noticed or reported during the year
- (b) To the best of our knowledge, no report under sub-section (12) of Section 143 of the Act has been filed by Cost Auditor or Secretarial Auditor or us, in Form ADT – 4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report
- (c) We have taken into consideration the whistle blower complaints received by the Company during the year (and upto the date of this report), while determining the nature, timing and extent of our audit procedures.
- xiii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- xiv. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the Standalone Financial Statements as required by the applicable accounting standards.
- xv. (a) In our opinion, the Company has an adequate internal audit system commensurate with the size and nature of its business.
- (b) We have considered, the internal audit reports issued during the year and till the date of the audit report covering period upto 31st March, 2026.

- xvi. We have considered, the internal audit reports for the year under audit, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures. In our opinion, during the year, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of Section 192 of the Act are not applicable to the Company
- xvii. (a) The provisions of Section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the requirement to report on clause 3(xvi)(a) of the Order is not applicable to the Company.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to Standalone Financial Statements of Gennex Laboratories Limited (the "Company") as of March 31, 2026 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls with reference to Standalone Financial Statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Standalone Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Standalone Financial Statements

A company's internal financial control with reference to Standalone Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Standalone Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Standalone Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Standalone Financial Statements to future periods are subject to the risk that the internal financial control with reference to Standalone Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to Standalone Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

NOTES TO STANDALONE FINANCIAL STATEMENTS

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED MARCH 31, 2026

1. Company Background

Gennex Laboratories Limited ("the Company") is a public limited company domiciled and incorporated in India in accordance with the provisions of the Companies Act, 1956. The registered office of the Company is located at Sy.No.133, IDA Bollaram, Jinnaram Mandal, Sangareddy District – 502 325, Telangana. The equity shares of the Company are listed on the Bombay Stock Exchange.

The Company is engaged in the business of manufacturing of Bulk Drugs and Intermediaries. The Company has manufacturing facilities in India which caters to both domestic and international markets.

These financial statements for the year ended March 31, 2026, were authorized and approved for issue by the Board of Directors on May 30, 2026.

2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of the Financial Statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1. Basis of Preparation

(i) Compliance with Ind AS

The Financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") [Companies (Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) Historical cost convention

The financial statements have been prepared on going concern basis under the historical cost except for the following:

- Certain Financial assets and liabilities which are measured at fair value.
- Defined benefit plans – plan assets measured at fair value; and
- Contingent Consideration

(iii) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non- current classification.

An asset is classified as current when it is:

- Expected to be realized or intended to sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current. A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

(iv) Rounding of amounts

All amounts disclosed in the Financial Statements and notes have been rounded off to the nearest rupees as per the requirement of Schedule III, unless otherwise stated.

2.2. Properties, plant and equipment (PPE) Recognition and initial measurements

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its Working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized instatement of profit or loss as incurred.

Depreciation method, estimated useful lives and residual values

The classification of Plant and equipment into continuous and non-continuous process is done as per technical certification and depreciation thereon is provided accordingly.

Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives as estimated by management which coincides with rates prescribed in Schedule II to the Companies Act, 2013.

Cost of the leasehold land is amortized on a straight-line basis over the term of the lease.

The residual values, useful lives and method of depreciation of are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de- Recognition of the asset (calculated as the Difference between the net disposal proceeds and the carrying amount of the asset) is included in the other income/other expenses when the asset is derecognized.

2.3. Intangible Assets

Recognition and initial measurement

Intangible assets (including software) are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Amortisation method and period

Computer software is amortised on a pro-rata basis using the straight-line method over its estimated useful life of 3 years from the date they are available for use. Amortisation method and useful lives are reviewed periodically including at each financial year end.

2.4. Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group or assets (cash-generating units). The Company's corporate assets (e.g. Central office building for providing support to various CGUs) do not generate independent cash flows. To determinate impairment of corporate assets, recoverable amount is determined for the CGUs to which the corporate assets belongs.

2.5. Inventories

- Stores & Spares are valued at cost or at net realizable value, whichever is lower. Cost is arrived at Weighted Average Basis.
- Raw Material, Semi-Finished Goods, Finished Goods are valued at Cost or Market Value whichever is lower. Cost is arrived at FIFO method.
- Obsolescence and Damaged materials are valued at Realizable Value.

2.6. Operating Leases

As a lessee

Leases of property, plant and equipment where the Company, as a lessee, has substantial risks and rewards of ownership are classified as finance leases. Finance leases are capitalized at the lease's inception at the fair value of the leased asset or, if lower, the present value of the minimum lease payments. The corresponding lease rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability of each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are clarified as operating leases. Payments made under operating leases are charges to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a Lessor

Lease income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary costs increases. The respective leased assets are included in the Balance Sheet based on their nature.

2.7. Investment and other financial assets

Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in the profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in 'Other income'.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instrument that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within 'Other income' in the period in which it arises.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Changes in the fair value of financial assets at fair value through profit or loss are recognised in 'Other income' in the Statement of Profit and Loss.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109, 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

De-recognition of financial assets

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Income recognition Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Fair value of financial instruments

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

2.8. Derivative instruments

The Company enters into certain derivative contracts to hedge risks which are not designated as hedges. Derivative instruments are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period, with changes included in 'Other income'/'Other expenses'

2.9. Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.10. Trade Receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

2.11. Cash and Cash equivalents

For the purpose of presentation in the Cash Flow Statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.12. Trade payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 90 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after

the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

2.13. Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

2.14. Non-current assets (or disposal groups) held for sale

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the Balance Sheet.

2.15. Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

2.16. Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

2.17. Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

2.18. Foreign currency transactions and translation**(i) Functional and presentation currency**

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The financial statements are presented in Indian Rupee (Rupees or H), which is the Company's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. At the year-end, monetary assets and liabilities denominated in foreign currencies are restated at the year-end exchange rates. The exchange differences arising from settlement of foreign currency transactions and from the year-end restatement are recognised in profit and loss.

Foreign exchange differences regarded as an adjustment to borrowing costs, if any, are presented in the Statement of Profit and Loss, within 'Finance costs'. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within 'Other income/Other expenses'.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

2.19. Employee benefits**(i) Short-term employee benefits**

Liabilities for short-term employee benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Post-employment benefits. Defined benefit plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in 'Employee benefits expense' in the Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. These are included in retained earnings in the Statement of Changes in Equity.

The Company has gratuity as defined benefit plan where the amount that an employee will receive on retirement is defined by reference to the employee's length of service and final salary. The liability recognised in the balance sheet for Defined Benefit Plans as the present value of the Defined Benefit Obligation (DBO) at the reporting date. Management estimates the DBO annually with the assistance of Independent actuaries. Actuarial gains and losses resulting from re-measurements of the liability are included in other comprehensive income.

During the Year the Company has not renewed the group gratuity scheme policy held with The Life Insurance Corporation of India (LIC). Therefore, gratuity valuation has been done through Independent agency as per Ind-AS19 (Employee Benefits). As per the valuation made by the Independent Agency the present value of accrued gratuity comes to 11,03,848/- on estimates of discounts @ 7.40% and escalation on salaries @ 5% which has taken in Notes to accounts.

Defined contribution plans

Contributions under defined contribution plans payable in keeping with the related schemes are recognised as expenses for the period in which the employee has rendered the service.

(iii) Other long-term employee benefits

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured annually by actuaries as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented under 'Employee benefit obligations' (current) in the Balance Sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

2.20. Income Taxes

Tax expense recognized in statement of profit or loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Calculation of current tax is based on tax rates and tax laws that have been enacted for the reporting period.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax assets are recognized to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilized against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will

be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside profit or loss is recognized outside profit or loss (either in other comprehensive income or inequity).

Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for financial reporting purposes and their respective tax bases that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned optimizing measures. Economic conditions may change and lead to a different conclusion regarding recoverability.

2.21. Provision and Contingencies

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of the amount cannot be made.

2.22. Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the Company, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.23. Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.24. Segment Reporting

The Company is engaged in manufacture of Bulk Drugs & Intermediates which in the context of Accounting Standard – 17 issued by the Institute of Chartered Accountants of India is considered as a single segment– Ref. Note 31D.

2.25. Critical estimates and judgments

The preparation of financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgements are:

- **Employee benefits (estimation of defined benefit obligation)**

Post-employment benefits represent obligations that will be settled in the future and require assumptions to project benefit obligations. Post-employment benefit accounting is intended to reflect the recognition of future benefit costs over the employee's approximate service period, based on the terms of the plans and the investment and funding decisions made. The accounting requires the Company to make assumptions regarding variables such as discount rate and salary growth rate. Changes in these key assumptions can have a significant impact on the defined benefit obligations.

- **Impairment of trade receivables**

The risk of un-collectability of trade receivables is primarily estimated based on prior experience with, and the past due status of, doubtful debtors, based on factors that include ability to pay, bankruptcy and payment history. The assumptions and estimates applied for determining the provision for impairment are reviewed periodically.

- **Estimation of expected useful lives of property, plant and equipment**

Management reviews its estimate of the useful lives of property, plant and equipment at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of property, plant and equipment.

The management assessed that fair value of cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

43. Fair values hierarchy

Financial assets and liabilities measured at fair value in the statement of financial position are grouped into three levels of fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for the financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using the valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

44. Financial risk management objectives and policies

The Company is exposed to financial risk such as Market Risk (Interest Rate Risk, fluctuation in foreign exchange rates and price risk), credit risk and liquidity risk. The general risk management program of the Company focuses on the unpredictability of the financial markets and attempts to minimize their potential negative influence on the financial performance of the Company. The Company continuously reviews its risk exposures and takes measures to limit it to acceptable levels. The Board of Directors have the overall responsibility for the establishment and oversight of the Company's risk management framework.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk i.e. interest rate risk, foreign currency risk and other price risk. Financial instruments of the Company affected by market risk include borrowings and deposits.

The sensitivity analysis in the following sections relate to the position as at March 31, 2026 and March 31, 2025.

The analysis exclude the impact of movements in market variables on the carrying values of gratuity and other post- retirement obligations; provisions; and the non-financial assets and liabilities.

The following assumptions have been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2026 and March 31, 2025.

Interest Rate Risk

The interest rate risk arise from long term borrowing of the company with variable interest rates (Bank one year MCLR plus spread). Although the spread is fixed, it is subject to change at fixed time interval or occurrence of specified event(s). Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Increase/ Inrease/ (decrease) in (decrease) in Interest Rate Profit beofe tax	
March 31, 2026		
INR	0.5% p.a.	0.00
INR	(0.5)% p.a.	0.00

To The Board of Directors of Gennex Laboratories Limited

Report on the Audit of the Consolidated Annual Financial Results

1. Opinion

We have audited the accompanying the Consolidated Financial Results of **Gennex Laboratories Limited** ("the company") for the Quarter & Year ended March 31, 2026 and its Subsidiary (together referred as "the Group") for the year ended March 31, 2026, attached herewith, being submitted by the Company pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended (Listing Regulation)

2. In our opinion and to the best of our information and according to the explanations given to us these Consolidated Financial Results:

- a. are presented in the accordance with the requirement of Regulation 33 of the Listing Regulation in this regard; and
- b. Subject to:
 - (i) Confirmations / reconciliations of, The Balances of Current Assets, Other Non-Current Assets, Non-Current Liabilities, Current Liabilities & other Current Liabilities, The Impact of the same is unascertained; Company is yet to install Transaction Traceability Software in its accounting Systems.
 - (ii) Gives true and fair view in conformity with the recognition and measurement principles laid down in the applicable Indian accounting standards (IND-AS) and other accounting principles generally accepted in India, of the net profit and other comprehensive income and other financial information for the year ended 31st March, 2026.

3. Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing ("SAs") specified under Section 143(10) of the Companies Act, 2013 ("the Act"). Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Annual Financial Results section of our report.

We are independent of the Group and its Subsidiary in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act, and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us along with the consideration of audit reports of the other auditors referred to in sub paragraph (a) of the "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our opinion on the Consolidated Annual Financial Results.

4. Management's and Board of Directors' Responsibilities for the Consolidated Annual Financial Results

These consolidated annual financial results have been prepared on the basis of the Consolidated Annual Financial Statements.

The Company's Management and the Board of Directors are responsible for the preparation and presentation of these consolidated annual financial results that give a true and fair view of the consolidated net profit and other comprehensive income and other financial information of the Group including its joint ventures/ Subsidiaries in accordance with the recognition and measurement principles laid down in Indian Accounting Standards prescribed under Section 133 of the Companies Act, 2013 and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The respective Management and Board of Directors of the companies included in the Group and of its Subsidiary are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of each company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting

policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated annual financial results that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Annual Financial Results by the Management and the Directors of the Company, as aforesaid.

In preparing the Consolidated Annual Financial Results, the Management and the respective Board of Directors of the companies included in the Group and of its Subsidiaries are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its Subsidiary is responsible for overseeing the financial reporting process of each company.

5. Auditor's Responsibilities for the Audit of the Consolidated Annual Financial Results

Our objectives are to obtain reasonable assurance about whether the Consolidated Annual Financial Results as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Annual Financial Results.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated annual financial results, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion through a separate report on the complete set of financial statements on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures in the consolidated financial results made by the Management and Board of Directors.
- Conclude on the appropriateness of the Management's and Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Annual Financial Results or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its Subsidiaries to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated annual financial results, including the disclosures, and whether the consolidated annual financial results represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial results/financial information of the entities within the Group and its Subsidiary to express an opinion on the consolidated annual financial results. We are responsible for the direction, supervision and performance of the audit of financial information of such entities included in the Consolidated Financial Results of which we are the independent auditors. For the other entities included in the Consolidated Annual Financial Results, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibilities in this regard are further described in para (a) of the section titled "Other Matters" in this audit report.
- We communicate with those charged with governance of the Company and such other entities included in the consolidated annual financial results of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

We also performed procedures in accordance with the circular No CIR/CFD/CMD1/44/2019 issued by the SEBI under Regulation 33(8) of the Listing Regulations, as amended, to the extent applicable.

6. Other Matters

- a) The consolidated annual financial results include the audited financial results of 1 Subsidiary, whose Financial Statements reflect total assets of ₹8310.81 Lakhs, total revenue is ₹5298.99 Lakhs, total net profit after tax is ₹485.07 Lakhs and net cash outflow of ₹1.35 Lakhs for the year ended 31.03.2026, as considered in the Consolidated Annual Financial Results, which have been audited by their respective independent auditors. The Independent Auditors Report on the Financial Statements of these Entities have been furnished to us by the management and our opinion on the Consolidated Annual Financial Results, in so far as it relates to the amounts and disclosure included in respect of these entities, is based solely on the report of such Auditors and the procedures performed by us are as stated in the paragraph above.

Our opinion on the Consolidated Annual Financial Results is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

- b) The consolidated annual financial results include the results for the quarter ended March 31, 2026 being the balancing figure between the audited figures in respect of the full financial year and the published unaudited year to date figures up to the third quarter of the current financial year which were subject to limited review by us.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls with reference to Consolidated Financial Statements under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

We have audited the internal financial controls with reference to Consolidated Financial Statements of Gennex Laboratories Limited (the "Company") as of March 31, 2026 in conjunction with our audit of the Consolidated Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls with reference to Consolidated Financial Statements based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the "ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to Consolidated Financial Statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Consolidated Financial Statements

A company's internal financial control with reference to Consolidated Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to Consolidated Financial Statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Consolidated Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to Consolidated Financial Statements to future periods are subject to the risk that the internal financial control with reference to Consolidated Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to Consolidated Financial Statements and such internal financial controls with reference to Consolidated Financial Statements were operating effectively as at March 31, 2026, based on the criteria for internal financial control with reference to Consolidated Financial Statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

These Consolidated financial statements for the year ended March 31, 2026⁴ were authorized and approved for issue by the Board of Directors on May 30, 2026⁴.

2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of the Consolidated Financial Statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1. Basis of Preparation

(i) Compliance with Ind AS

The Consolidated Financial statements comply in all material respects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") [Companies (Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

(ii) Historical cost convention

The Consolidated financial statements have been prepared on going concern basis under the historical cost except for the following:

- Certain Financial assets and liabilities which are measured at fair value.
- Defined benefit plans – plan assets measured at fair value; and
- Contingent Consideration

(iii) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non- current classification.

An asset is classified as current when it is:

- Expected to be realized or intended to sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash and cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current. A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

(iv) Rounding of amounts

All amounts disclosed in the Consolidated Financial Statements and notes have been rounded off to the nearest rupees as per the requirement of Schedule III, unless otherwise stated.

2.2 Properties, plant and equipment (PPE) Recognition and initial measurements

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its Working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized in consolidated statement of profit or loss as incurred.

Depreciation method, estimated useful lives and residual values

The classification of Plant and equipment into continuous and non-continuous process is done as per technical certification and depreciation thereon is provided accordingly.

Depreciation on property, plant and equipment is provided on the straight-line method, computed on the basis of useful lives as estimated by management which coincides with rates prescribed in Schedule II of the Companies Act, 2013.

Cost of the leasehold land is amortized on a straight-line basis over the term of the lease.

The residual values, useful lives and method of depreciation of are reviewed at each financial year end and adjusted prospectively, if appropriate.

De-recognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-Recognition of the asset (calculated as the Difference between the net disposal proceeds and the carrying amount of the asset) is included in the other income/other expenses when the asset is derecognized.

2.3 Intangible Assets

Recognition and initial measurement

Intangible assets (including software) are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Amortisation method and period

Computer software is amortised on a pro-rata basis using the straight-line method over its estimated useful life of 3 years from the date they are available for use. Amortisation method and useful lives are reviewed periodically including at each financial year end.

2.4 Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units). The Company's corporate assets (eg. Central office building for providing support to various CGUs) do not generate independent cash flows. To determine impairment of corporate assets, recoverable amount is determined for the CGUs to which the corporate assets belongs.

2.5 Inventories

- Stores & Spares are valued at cost or at net realizable value, whichever is lower. Cost is arrived at Weighted Average Basis.
- Raw Material, Semi-Finished Goods, Finished Goods are valued at Cost or Market Value whichever is lower. Cost is arrived at FIFO method.
- Obsolescence and Damaged materials are valued at Realizable Value.

2.6 Operating Leases**As a lessee**

Leases of property, plant and equipment where the Company, as a lessee, has substantial risks and rewards of ownership are classified as finance leases. Finance leases are capitalized at the lease's inception at the fair value of the leased asset or, if lower, the present value of the minimum lease payments. The corresponding lease rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability of each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are clarified as operating leases. Payments made under operating leases are charges to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a Lessor

Lease income from operating leases where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary costs increases. The respective leased assets are included in the Balance Sheet based on their nature.

2.7 Investment and other financial assets**Classification**

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in the profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in 'Other income'.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instrument that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Consolidated Statement of Profit and Loss within 'Other income' in the period in which it arises.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Changes in the fair value of financial assets at fair value through profit or loss are recognised in 'Other income' in the Consolidated Statement of Profit and Loss.

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109, 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) De-recognition of financial assets

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Income recognition Interest income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

(vi) Fair value of financial instruments

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

2.8 Derivative instruments

The Company enters into certain derivative contracts to hedge risks which are not designated as hedges. Derivative instruments are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured to their fair value at the end of each reporting period, with changes included in 'Other income'/'Other expenses'.

2.9 Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

2.10 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

2.11 Cash and Cash equivalents

For the purpose of presentation in the Cash Flow Statement, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.12 Trade payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 90 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

2.13 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

Borrowings are removed from the Balance Sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

2.14 Non-current assets (or disposal groups) held for sale

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits, financial assets and contractual rights under insurance contracts, which are specifically exempt from this requirement.

An impairment loss is recognised for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognised for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognised. A gain or loss not previously recognised by the date of the sale of the non-current asset (or disposal group) is recognised at the date of de-recognition.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortised while they are classified as held for sale. Interest and other expenses attributable to the liabilities of a disposal group classified as held for sale continue to be recognised.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the Balance Sheet.

2.15 Revenue Recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at

the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

The specific recognition criteria described below must also be met before revenue is recognised.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

2.16 Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

2.17 Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

2.18 Foreign currency transactions and translation

(i) Functional and presentation currency

Items included in the consolidated financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The Consolidated financial statements are presented in Indian Rupee (Rupees or ₹), which is the Company's functional and presentation currency.

(ii) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. At the year-end, monetary assets and liabilities denominated in foreign currencies are restated at the year-end exchange rates. The exchange differences arising from settlement of foreign currency transactions and from the year-end restatement are recognised in profit and loss.

Foreign exchange differences regarded as an adjustment to borrowing costs, if any, are presented in the Consolidated Statement of Profit and Loss, within 'Finance costs'. All other foreign exchange gains and losses are presented in the Consolidated Statement of Profit and Loss on a net basis within 'Other income'/'other expenses'.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

2.19 Employee benefits

(i) Short-term employee benefits

Liabilities for short-term employee benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Post-employment benefits Defined benefit plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in 'Employee benefits expense' in the Consolidated Statement of Profit and Loss.

Re-measurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. These are included in retained earnings in the Statement of Changes in Equity.

The Company has gratuity as defined benefit plan where the amount that an employee will receive on retirement is defined by reference to the employee's length of service and final salary. The liability recognised in the balance sheet for Defined Benefit Plans as the present value of the Defined Benefit Obligation (DBO) at the reporting date. Management estimates the DBO annually with the assistance of Independent actuaries. Actuarial gains and losses resulting from re-measurements of the liability are included in other comprehensive income.

During the Year the Company has not renewed the group gratuity scheme policy held with The Life Insurance Corporation of India (LIC). Therefore, gratuity valuation has been done through Independent agency as per Ind-AS19 (Employee Benefits). As per the valuation made by the Independent Agency the present value of accrued gratuity comes to 11,03,848/- on estimates of discounts @ 7.40% and escalation on salaries @ 5% which has taken in Notes to accounts.

Defined contribution plans

Contributions under defined contribution plans payable in keeping with the related schemes are recognised as expenses for the period in which the employee has rendered the service.

(iii) Other long-term employee benefits

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured annually by actuaries as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Re-measurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented under 'Employee benefit obligations' (current) in the Balance Sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

2.20 Income Taxes

Tax expense recognized in consolidated statement of profit or loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Calculation of current tax is based on tax rates and tax laws that have been enacted for the reporting period. Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss

(either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax assets are recognized to the extent that it is probable that the underlying tax loss or deductible temporary difference will be utilized against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside profit or loss is recognized outside profit or loss (either in other comprehensive income or in equity).

Deferred income tax expense is calculated based on the differences between the carrying value of assets and liabilities for financial reporting purposes and their respective tax bases that are considered temporary in nature. Valuation of deferred tax assets is dependent on management's assessment of future recoverability of the deferred benefit. Expected recoverability may result from expected taxable income in the future, planned transactions or planned optimizing measures. Economic conditions may change and lead to a different conclusion regarding recoverability.

2.21 Provision and Contingencies

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of the amount cannot be made.

2.22 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the Company, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.23 Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year

(ii) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.24 Segment Reporting

The Company is engaged in manufacture of Bulk Drugs & Intermediates which in the context of Accounting Standard – 17 issued by the Institute of Chartered Accountants of India is considered as a single segment– Ref. Note 31D.

2.25 Critical estimates and judgments

The preparation of Consolidated financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these Consolidated financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the consolidated financial statements.

The areas involving critical estimates or judgements are:

- **Employee benefits (estimation of defined benefit obligation)**

Post-employment benefits represent obligations that will be settled in the future and require assumptions to project benefit obligations. Post-employment benefit accounting is intended to reflect the recognition of future benefit costs over the employee's approximate service period, based on the terms of the plans and the investment and funding decisions made. The accounting requires the Company to make assumptions regarding variables such as discount rate and salary growth rate. Changes in these key assumptions can have a significant impact on the defined benefit obligations.

- **Impairment of trade receivables**

The risk of un-collectability of trade receivables is primarily estimated based on prior experience with, and the past due status of, doubtful debtors, based on factors that include ability to pay, bankruptcy and payment history. The assumptions and estimates applied for determining the provision for impairment are reviewed periodically.

- **Estimation of expected useful lives of property, plant and equipment**

Management reviews its estimate of the useful lives of property, plant and equipment at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of property, plant and equipment.

The management assessed that fair value of cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

4 based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for the financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using the valuation techniques which maximise the use of observable market data rely as little as possible on entity specific estimates.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

43. Fair values hierarchy

Financial assets and liabilities measured at fair value in the statement of financial position are grouped into three levels of fair value hierarchy. The three levels are defined.

44. Financial risk management objectives and policies

The Company is exposed to financial risk such as Market Risk (Interest Rate Risk, fluctuation in foreign exchange rates and price risk), credit risk and liquidity risk. The general risk management program of the Company focuses on the unpredictability of the financial markets and attempts to minimize their potential negative influence on the financial performance of the Company. The Company continuously reviews its risk exposures and takes measures to limit it to acceptable levels. The Board of Directors have the overall responsibility for the establishment and oversight of the Company's risk management framework.

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk i.e. interest rate risk, foreign currency risk and other price risk. Financial instruments of the Company affected by market risk include borrowings and deposits.

The sensitivity analysis in the following sections relate to the position as at March 31, 2026 and March 31, 2025. The analysis exclude the impact of movements in market variables on the carrying values of gratuity and other post- retirement obligations; provisions; and the non-financial assets and liabilities.

The following assumptions have been made in calculating the sensitivity analysis:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2026 and March 31, 2025.

Interest Rate Risk

The interest rate risk arise from long term borrowing of the company with variable interest rates (Bank one year MCLR plus spread). Although the spread is fixed, it is subject to change at fixed time interval or occurrence of specified event(s). Management monitors the movement in interest rate and, wherever possible, reacts to material movements in such rates by restructuring its financing arrangement.

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Increase (decrease) in Interest Rate	Increase/(decrease) in Profit before tax
March 31, 2026		
INR	0.5% p.a.	0.00
INR	(0.5)% p.a.	0.00
March 31, 2025		
INR	0.5% p.a.	0.00
INR	(0.5)% p.a.	0.00
