28th Annual Report
2018-2019

ABOUT US

“Focusing Growth. Accelerating Transformation”

Over the time we have refined and leveraged our strengths – unmatched experience and expertise. This has aided consistent performance across numerous facets of growth – Revenue, Profitability and Sole Presence. The key driving factor in our success has been a disciplined approach towards managing risk, capital allocation and return on capital.

Reasons behind Company's Growth

Ability and alertness to spot new opportunities for products and services required by the Indian Railways; and moving in swiftly to match the same with quality products that meet the specifications of the consuming organization in a time bound manner, has been the key to success. The company has always moved in aggressively forward in identifying the gaps and has rapidly stepped in to fulfil the same as far as meeting the demands of the railways are concerned. Over the years, OVPL has developed a very strong relationship with the railways. Infact today the Company is a Preferred Part I Vendor to the Indian Railways, a feat desired by many but achieved by only a selected few. All the OVPL's products to Indian Railways are approved by the Research Designs Standards Organization (RDSO) which is the sole vendor approving body for the consumer organization. The products are also RITES (erstwhile Rail Technical Economic Service) certified which is the sole inspecting authority for ensuring quality and clearance of all products for supplying to Indian Railways. The Indian Railways is one of the biggest enterprise in the country by several parameters. It has been instrumental in gradually turning the wheels and with it the fortunes of the nation ever since the first running of its train, 165 years ago. For over a century and half, the Indian Railway has been fulfilling a very critical socio-economic development function, not only of meeting the transportation needs (goods and people) and connecting the diverse geographies of a large country like India but also promoting national integration. It is not without reason that the Railways are often referred to as the nation's lifeline. We at OVPL take pride in the fact that our association with the railways, even as it performs its vital role of being the 'Lifeline of the Nation' has been immensely rewarding and mutually beneficial.

Chairman's Desk

“Entire Company is focused to improve its Products Value and enhance the Trust of its customers and other stakeholders in “Oriental Veneer Products Ltd.”

Dear Shareholders,

I am pleased to present in front of you yet another year of growth and success of Oriental Veneer Products Ltd. ('OVPL'). We continued to demonstrate our proficiency and determination in achieving operational excellence and financial soundness in the fiscal 2019. To remain robust and resilient in an ever changing business environment, we stayed focused on carry forward our legacy of contributing to the growth of the country by delivering value to our shareholders. I am delighted to highlight that your company has ranked among top 1200 listed companies in India in terms of market capitalization. The management has given a focused attention on project delivery and performance improvement. It is a matter of pride that for last 28 years, your company has successfully handled business and maintained a sustained growth, while increasing our footprints in Railway Sector.

Results & Progress

During the financial year 2018-19, OVPL achieved its highest ever total consolidated revenue of ₹ 13,924.34 Lakhs, up by 4.94% over financial year 2017-18. Profit after Tax in financial year 2018-19 have been ₹ 1173.77 Lakhs, up by 0.79% over financial year 2017-18.

Going forward, I am confident that we would continue to deliver growth, set new benchmarks for the company and continue to meet expectations of all stakeholders.

Subsidiary of OVPL

OVPL subsidiary company, M/s. Oriental Foundry Private Ltd. ('OFPL') has once again shown an excellent performance in FY 2018-19. Its revenue has increased to ₹ 3860.89 Lakhs i.e. up by 130.88% and PAT at ₹ 167.64 Lakhs was up by 149.79%. The company has successfully bagged several orders of Wagons for Indian Railways in financial year 2018-19. It had achieved another milestone by receiving approval from Government of India–Ministry of Railways Research Designs & Standards Organisation, Lucknow, for its Prototype product BOXHNL Wagons

Growth opportunity

The opportunities ahead in the Railway sector, where your company is actively working in India is enormous. In India, the capital expenditure in projects in railways have been getting about 20-30% increase in budget allocation for investments on year on year basis since last 4-5 years. Next 5 years also are expected to see massive Railway development. We believe that their efforts to increase investment in Railway sector will have a favorable impact on our business. OVPL & its subsidiary OFPL has emerged as a Total Rail Solution provider, equipped with latest technologies. It will keep the industry engaged for years to come at a brisk pace.

The ambitious plan of the Government has also triggered the demand for Railway Seat & Berth, modern hi-tech wagons, Bogies and Coupler where your Company has already established a strong presence. With such unprecedented opportunities thrown up in the wake of massive ongoing expansion plans of Railways, the major challenge to your Company is to beef up its own resources in terms of organisation, financial wherewithal and supply chain management, etc. The Company's top brass management is fully seized of it and is committed to deliver. The Company continues to have successful relationship with its customers i.e Indian Railways deriving majority of the company's revenues.

Acknowledgment

We believe that tomorrow belongs to those who prepare for it today. Past patterns cannot always be applied to find answers for tomorrow. That is why we have to be flexible in our approach to maintain the Company's leadership in the market. Your continued support has enabled us to progress this far and look forward to continuing this journey and achieving greater heights together.

Warm regards,

Saleh N. Mithiborwala
Chairman of the Board

Management Discussion and Analysis

INDIAN ECONOMIC OVERVIEW

India continues to be one of the fastest growing major economies in the world. Initial half of FY 2018-19 witnessed the economy expand at par with FY 2017-18 rates. India grew by 8% in the first quarter and 7% in the second, before softening to 6.6% in the third and 5.8% in the fourth. Central Statistics Office (CSO) estimates the annualised GDP growth for FY 2018-19 at 6.8%. Headline inflation, measured using the consumer and wholesale price indices, declined in FY 2018-19. Following this, monetary policy attempted to provide a fillip to the growth impulse through cuts in repo rate and easing of bank liquidity. That said, inflation has firmed up

slightly in recent months. During the year under review, CSO pegs the construction sector's growth in FY 2018-19 at 8.9% vis-à-vis 5.6% in FY 2017-18, on the back of infrastructure spending push by the Government.

Indian economy rose 23 places further this year, to reach the 77th position on the World Bank's Ease of Doing Business Index. Positive macroeconomic drivers include strong private consumption, accommodative monetary policy stance, structural reforms such as the Real Estate Regulation Act (RERA), the Insolvency and Bankruptcy Code (IBC) and recapitalisation of Public Sector Banks (PSBs) and greater fiscal prudence.

FY 2019-20 INTERIM UNION BUDGET; KEY TAKEAWAYS

The Union Government, in its FY 2019-20 Interim Budget, pegged the year-end fiscal deficit at 3.4%. The Government projects India to be a five-trillion-dollar economy in the next five years and 10-trillion-dollar economy in the eight years post that. To that end, a 10-point roadmap was outlined that will help realise India's economic potential by 2030.

The Budget saw the Government maintain its thrust on farmer income generation, digital connectivity, electricity-for-all and housing-for-all, while also incentivising greater consumer spending. With greater allocations

to modernise the railway network, the Government is emphasising on creating high-speed rail corridors and enabling a higher degree of safety, speed and service across the network.

RAILWAYS

The government of India is focussed on investing in railway infrastructure by making investor friendly policies. The total FDI inflows in this sector in the period between April 2000 to December 2018 stood at USD 940.92 million. The Indian railway network is growing at a healthy rate and is expected to become the world's third largest and account for 10% of the global market.

Railway components India is self-reliant on the manufacture of railway equipment. The FY 2019-20 Interim Budget allocated ₹ 1.58 lakh crores – highest ever – towards the railway sector. Terming FY 2018-19 as the safest in railways' history, the Budget reaffirmed its commitment to deliver world-class speed, safety and service to the civic society. The Budget allocated ₹ 7,255 crores for construction of new lines, ₹ 2,200 crores for gauge conversion, ₹ 700 crores for doubling of tracks, ₹ 6,114.82 crores for rolling stock and ₹ 1,750 crores for signalling and telecom. Coming to urban transit, over 515 km of metro lines is operational in India and as of October 2018, over 664 km of metro rail projects in 15 cities was under various stages of implementation.

FUTURE

Future for the manufacturing sector looks bright, with several initiatives taken by the Government to "Make India" an attractive hub for foreign investments. The Company is experiencing a strong demand for its products from Railways and other industries. Outlook for the current year looks good and this momentum in demand looks sustainable.

Indian markets continued to attract significant FDI and FII inflows. The monsoon was good, there was no inflationary pressure and fiscal deficit was under control. All this resulted in lower interest rates and stability in value of the Indian rupee.

We continued with our Market Share strategy, offering products and customer specific solutions. We continued to grow and improve market share.

INDUSTRY STRUCTURE & DEVELOPMENTS

Oriental Veneer Products Ltd ('OVPL') is a 28 years old establishment engaged in the manufacturing and supply of several items for the Indian Railways and other industries.

Over the years, OVPL has developed a very strong relationship with the railways. In fact, the Company is a Preferred Part I Vendor to the Indian Railways. All the products developed by OVPL for Indian Railways are approved by the Research Design Standards Organisation (RDSO) which is the sole vendor approving

body for the Railways. The products are also RITES certified, which is the sole inspecting authority for ensuring quality and clearance of all products supplied to Indian Railways.

The company manufactures several products consumed not just by the Indian Railways but many other industries as well such as Seat & Berth, Compreg Board & Articles thereof, Recorn, Coated Upholstery Fabric, Retention Tank, Luggage Rack, Furniture & Parts. The company has also started dealing in Plywood and Phenolic Resin & Hardner from the financial year 2017-18.

RAILWAY SEAT & BERTH

India has the world's fourth largest railway network comprising 119,630 kilometres of total track and 92,081 kilometres of running track over a route of 66,687 kilometres (by the end of FY16). The Indian Railways have a fleet of more than 2.51 lac wagons, 70,241 coaches and 11,112 locomotives. The traffic carried by the Indian Railways can be split into two segments: passenger and freight.

Upcoming new coaches in future will increase the requirement of Seat & Berth which will double the supply.

Government of India is more concentrating on Development in rail Coaches wherein they are concentrating on developing more comfortable seat berth. OVPL manufactures seats and berths for Indian Railways, the range covers all kinds of seats & berths required by the customer. The Company's product is used across all types of railway coaches, new and existing, from premium trains like Rajdhani Express & Duronto Express to regular & local passenger trains. OVPL enjoy over 50% market share in seats & berths.

SUBSIDIARY

Oriental Foundry Private Limited (OFPL)

The Wholly owned Subsidiary of the Company i.e. OFPL is into manufacturing of bogies, couplers and Wagons.

OFPL has acquired approximately 27 acres of industrial land at Lakadiya, Gujarat and has set up a second plant to assist your Company in expanding its footprint in the new segments of Heavy Engineering of Rolling Stock

i.e. Wagon used by Indian Railways and many other Industries.

Revenue from operations increased to ₹ 3860.89 lakhs from ₹ 1657.48 lakhs in the financial year which is more than 130% jump from previous year.

During the year, OFPL bagged following orders:

1. Secured orders from 'Indian Railways' worth INR 1,523.10 Million for manufacturing and supply Wagons.
2. Secured orders from 'Titagarh Wagons Limited' and 'Cimmco Limited' worth INR 370.13 Million for manufacturing and supply Boogies.
3. Secured orders from 'SAIL RITES' worth INR 559.64 Million for manufacturing and supply Boogies.

The Indian Railways have a fleet of more than 2.51 lac wagons, 70,241 coaches and 11,112 locomotives. Construction of the Eastern and the Western Dedicated Freight Corridors will lead freight volumes to more than double by FY 2020. Increasing carrying capacity, cost effectiveness and improved quality of service will escalate railways share of freight movement from 35% to 50% by 2020. (Source: www.indianrailways.gov.in).

RESEARCH AND DEVELOPMENT

The Company recognizes the need for value addition in products and our vision is to introduce innovative products. To realise our aim we have a strong and well equipped Research & Development lab. R&D's contribution in OVPL's growth has been noteworthy. It has helped the Company to grow its business and expand its market presence through better service, quality and timely delivery of products. R&D has played a critical role in bringing down the costs, adopting new technologies for monetization and ensuring that the Company maintains its competitive edge.

OPPORTUNITIES

In the new economic era ushered under the present Government, infrastructure development is the cornerstone of the master planning by Niti Aayog under the chairmanship of the Prime Minister, Shri Narendra Modi. Fortunately for your Company, the pride of place

in the new scheme of things has gone to Rail Sector, where OVPL & its subsidiary OFPL has emerged as a Total Rail Solution provider, equipped with latest technologies sourced from world-over. It will keep the industry engaged for years to come at a brisk pace.

The ambitious plan of the Government has also triggered the demand for Railway Seat & Berth, modern hi-tech wagons, Bogies and Coupler where your Company has already established a strong presence. With such unprecedented opportunities thrown up in the wake of massive ongoing expansion plans of Railways, the major challenge to your Company is to beef up its own resources in terms of organisation, financial wherewithal and supply chain management, etc. The Company's top brass management is fully seized of it and is committed to deliver. In this hugely inspiring backdrop, it is no less important that the Government of India must have a stable policy for sustained engagement of the private sector, and it should eschew any flip-flop policy which tends to dampen the long term plans of the private sector.

THREATS

As the Indian railway is the largest buyer of the Companys' products, any change in policies of Indian Railways whether positive or negative, has a direct impact on the Company's business.

OUTLOOK

With increasing participation expected from private players, both domestic and foreign, due to favourable policy measures, both passenger and freight traffic is expected to grow rapidly over the medium to long term. Government of India's focus on Railway infrastructure is a major factor which will accelerate growth of the Industry.

The Company continues to have successful relationship with its customers i.e Indian Railways deriving majority of the company's revenues.

RISKS AND CONCERNs

The operational risks are risk of a loss resulting from inadequate or failed internal process, people and systems, or from external events.

This section lists our, risks and concerns:

- Raw Material Price Risk;
- Environmental and other regulatory risk;
- Change in Indian railway policies;
- Change in borrowing interest rates;
- Government policies.

INTERNAL CONTROL SYSTEMS

The Company has a defined systems of internal controls for financial reporting of transactions and compliance with relevant laws and regulation commensurate with its size and nature of business. The Company also has a well defined process for ongoing management reviews and periodic reinterview of businesses as key operational controls wherein the performance of divisions is reviewed against budgets and corrective actions are taken to ensure alignment with strategic objectives.

The Audit Committee regularly reviews the audit findings as well as the adequacy and effectiveness of the internal control measures. Based on their recommendations, the Company has implemented a number of control measures both in operational, internal control and accounting related areas, apart from security related measures.

FINANCIAL PERFORMANCE

The Financial statements of the Company are prepared in Compliance with the Companies Act, 2013 and significant accounting policies used for the preparation of financial statements are disclosed in

the notes to financial statement. During the year, the total Consolidated turnover of the Company stood a ₹ 13,924.34 Lakhs compared to ₹ 13,268.61 Lakhs in the previous year, an increase by 4.94 % over the previous year. Profit after tax ₹ 1173.77 Lakhs during the year compared to ₹ 1,164.62 in the previous year, an increase by 0.79% over the previous year, on a consolidated basis.

DIVIDEND

The company has been consistently paying out dividends to its shareholders and is expected to continue in future as well, unless the company is restrained to declare dividends due to financial and other internal and external factors as mentioned above. The company would aim to strike a balance between rewarding shareholders through dividend and ensuring that sufficient profits are retained for growth of the Company and other needs.

HUMAN RELATIONS

Human Relations aids in improving the organization's effectiveness and employees' well-being. It acts as a framework for enabling employees to develop their individual and organizational knowledge and abilities. It is a set of systematic and planned activities designed to provide the employees with necessary skills to meet the corporate needs focusing on both micro and macro levels. Human Resource Development, being a continuous process, involves allocation and proper utilization of organizational resources and facilitates in contributing to the quality of work-life and creating a favourable environment for the organization.

Independent Auditor's Report

To,

The Members of

Oriental Veneer Products Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the standalone financial statements of Oriental Veneer Products Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and Cash Flow statement for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the state of affairs of the company as at March 31, 2019, and its profit (including other comprehensive income), changes in equity and cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Other information

The Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the standalone financial statements and our auditors' report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, (changes in equity) and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting

Independent Auditor's Report (Contd.)

records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether

due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditor's Report (Contd.)

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We draw attention to the following notes to the financial statement:

i Refer note no. 28 relating to Dues to micro and small enterprises as defined under the MSMED Act, 2006, the company has not made interest provision on late payment to creditors, due to the negotiation on the accepted date, under the said act as per the applicable provisions of the law in respect to the extent of such parties have been identified on the basis of information collected by the Management. Further the company has not received intimation from every "suppliers" regarding their status under the Micro, Small and Medium Enterprises Development Act, 2006 and hence disclosure, if any, relating to amounts unpaid as at the year end together with interest paid/payable as required under the said Act have not been given.

- ii We invite attention to Note 36 to the standalone financial statements, with respect to ₹ 3526.73 Lakhs (Previous Year ₹ 3651.89 Lakhs) of trade receivable as at March 31, 2019. As explained to us, the Company is in discussion to expedite the recoverability of the above aforesaid outstanding amounts and believes that the entire amount is fully recoverable. Pending the ultimate outcome of such discussion relation to recovery of the amounts from the debtors, no adjustments or provision have been considered necessary by the management in these standalone financial statements in this regard. We have not been provided the basis of management estimate of recovery. We are unable to comment, if any, of the extent of recoverability of above debtors.
- iii We invite attention to Note 37 the company has non compliance with section 135 as during the year company has underspent the amount towards Corporate social responsibility.

Our opinion is not qualified in respect of above matter.

Annexure 'B' to the Independent Auditors' Report

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls with accompanying standalone financial statements of Oriental Veneer Products Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, in conjunction with our audit of the standalone financial statements of the Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act and the Guidance Note, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with the ethical requirements

and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to standalone financial statements.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally

Annexure 'B'

to the Independent Auditors' Report (Contd.)

accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial controls over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2019, based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Oriental Veneer Products Ltd. company incorporated under the provisions of the Companies Act, 2013[Earlier Companies Act, 1956] on March 08, 1991 as a Private Limited Company in the name of "ORIENTAL VENEER PRODUCTS PRIVATE LIMITED". The name of Company subsequently changed from "ORIENTAL VENEER PRODUCTS PRIVATE LIMITED" to "ORIENTAL VENEER PRODUCTS LIMITED" as on July 03, 1995 and it became as Public Ltd. Company, Limited by Shares.

The company is engaged in the manufacturing, buying and selling of all type Recron, Seat & Bearth, Compreg Boards and also engaged in trading of timber woods and all its products. The Company caters to both domestic and international markets.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation of financial statements

These financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended thereafter. For all periods up to and including the year ended March 31, 2019, the Company prepared its financial statements in accordance with the accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- A. Derivative financial instruments;
- B. Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

In addition, the carrying values of recognized assets and liabilities designated as hedged items in fair value hedges that would otherwise be carried at amortized cost are adjusted to record changes in the fair values attributable to the risks that are being hedged in effective hedge relationships.

2.2 Current versus non-current classification

The Company presents assets and liabilities in

the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- A. Expected to be realised or intended to be sold or consumed in normal operating cycle
- B. Held primarily for the purpose of trading
- C. Expected to be realised within twelve months after the reporting period, or
- D. Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- A. It is expected to be settled in normal operating cycle
- B. It is held primarily for the purpose of trading
- C. It is due to be settled within twelve months after the reporting period, or
- D. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.3 Foreign currencies transactions and translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are

Notes to the Standalone Financial Statements (Contd.)

for the Year Ended March 31, 2019

capitalized as cost of assets. Additionally, exchange gains or losses on foreign currency borrowings taken prior to April 1, 2017 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Statement of Profit and Loss are also recognised in OCI or Statement of Profit and Loss, respectively).

2.4 Fair value measurement

The Company measures financial instruments at fair value on initial recognition.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- A. In the principal market for the asset or liability, or
- B. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure

fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets. Involvement of external valuers is decided upon annually by the management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.5 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Notes to the Standalone Financial Statements (Contd.)

for the Year Ended March 31, 2019

Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Revenue from sale of goods is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government.

Income from services

Revenue in respect of contracts for services is recognized on completion of services.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Dividends

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

2.6 Property, plant and equipment

Since there is no change in the functional currency, the Company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in its Indian GAAP financial statements as deemed cost at the transition date, viz., April 1, 2016.

Property, plant and equipment are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss (if any). Internally manufactured property, plant and equipment are capitalised at cost, including non-chargeable excise duty, wherever applicable. All significant costs relating to the acquisition and installation of property, plant and equipment are capitalised. Such cost includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific

useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

The identified components are depreciated over their useful lives, the remaining asset is depreciated over the life of the principal asset. Depreciation on the identified components has been provided for on straight line method at the rates prescribed and in the manner specified in Schedule II to the Companies Act, 2013. Depreciation on additions is provided on Pro-rata basis for the period for which the Assets are put to use. Assets costing ₹ 5000/- or less are fully depreciated in the year of purchase.

Freehold land is carried at cost.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.7 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

Notes to the Standalone Financial Statements (Contd.)

for the Year Ended March 31, 2019

The summary of amortization policy applied to the Company's intangible assets is as below:

Type of assets	Life (years)
Computer Software	5

2.8 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective asset. All other borrowing costs are charged to Profit and Loss accounts.

2.9 Leases

Company in its capacity as lessee

Finance leases, which effectively transfer to the company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss. Lease management fees, legal charges and other initial direct costs of lease are capitalized.

2.10 Inventories

Raw materials, components, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on First-in First-Out basis.

Finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty and is determined on First-in First-Out basis.

2.11 Impairment of non-financial assets

The Company assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.12 Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The company has no obligation, other than the contribution payable to the provident fund.

The company operates one defined benefit plan for its employees, viz., gratuity. The costs of providing benefits under these plans are determined on the basis of actuarial valuation at each year-end. Actuarial valuation is carried out for plan using the projected unit credit method. Actuarial gains and losses for defined benefit plan are recognized in full in the period in which they occur in the statement of profit and loss.

2.13 Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961. Deferred

Notes to the Standalone Financial Statements (Contd.)

for the Year Ended March 31, 2019

income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The company writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain that sufficient future taxable income will be available.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The company recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement".

2.14 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

2.15 Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

2.16 Financial instruments

Financial Assets

A. Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

B. Subsequent measurement

a. Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes to the Standalone Financial Statements (Contd.)

for the Year Ended March 31, 2019

c. Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

C. Investment in subsidiaries

The Company has accounted for its investments in subsidiaries, associates and joint venture at cost.

D. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

E. Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Financial liabilities

A. Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Statement of Profit and Loss as finance cost.

B. Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

2.17 Critical accounting judgments and key sources of estimation uncertainty

The preparation of the Company's financial statements requires management to make judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

A. Decommissioning Liabilities

The liability for decommissioning costs are recognized when the Company has obligation to perform site restoration activity. The recognition and measurement of decommissioning provisions involves the use of estimates and assumptions. These include; the timing of abandonment of well and related facilities which would depend upon the ultimate life of the field, expected utilization of assets by other fields, the scope of abandonment activity and pre-tax rate applied for discounting.

Notes to the Standalone Financial Statements (Contd.)

for the Year Ended March 31, 2019

B. Recoverability of trade receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

C. Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

D. Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units

(CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

E. Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Independent Auditor's Report

To,
The Members of
Oriental Veneer Products Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Oriental Veneer Products Limited (hereinafter referred to as "the Holding Company") and its subsidiary (Holding Company and its subsidiary together referred to as "the Group"), which comprise the consolidated balance sheet as at March 31, 2019, and the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2019, of its consolidated profit and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI'), and we have fulfilled our other ethical responsibilities in accordance with the

provisions of the Act. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Other information

The Holding Company's management and Board of Directors are responsible for the other information. The other information comprises the information included in the Holding Company's Annual Report, but does not include the financial statements and our auditors' report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in terms of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated profit/loss and other comprehensive

income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act. The respective Board of Directors of the entities included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each entity and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective management and Board of Directors of the entities included in the Group are responsible for assessing the ability of each entity to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the entities included in the Group is responsible for overseeing the financial reporting process of each entity.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit

conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the entity has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the

Independent Auditor's Report (Contd.)

consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group (Holding company and subsidiaries) to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial information of such entities.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation

precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We draw attention to following notes to the financial statement:

- i We did not audit the financial statements and other financial information, in respect of 1 subsidiary whose financial statements include total assets of ₹ 14,080.76 Lakh as at March 31, 2019, total revenues of ₹ 3,863.88 Lakh and net cash inflow of ₹ 464.27 Lakh for the year ended on that date March 31, 2019. These financial statements and other financial information have been audited by other auditors, whose financial statements, other financial information and auditor's reports have been furnished to us by the management. Our opinion on the Consolidated Financial Statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiary and our report in terms of sub-sections (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary is based solely on the reports of such other auditors.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements / financial information certified by the Management.

Annexure 'A' to the Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

We have audited the internal financial controls over financial reporting of Oriental Veneer Products Limited ('the Company') and its subsidiary companies incorporated in India as at March 31, 2019 in conjunction with our audit of the consolidated Ind AS financial statements of the Company for the year ended and as on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Company and its subsidiary companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the respective internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the 'Guidance Note'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Standards on Auditing prescribed under Section 143(10) of the Act and the Guidance Note,

to the extent applicable to an audit of internal financial controls over financial reporting. Those Standards and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained of company & its subsidiary incorporated in India, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets

Annexure 'A'

to the Independent Auditors' Report (Contd.)

of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Company and its

subsidiary companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company and its subsidiary companies incorporated in India considering the essential components of internal control stated in the Guidance Note.

Other Matter

Our aforesaid report under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to one subsidiary companies, incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India.

2.1 Basis of preparation of consolidated financial statements

These Consolidated financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 as amended thereafter. The Company prepared its Consolidated financial statements in accordance with the accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP).

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- A. Derivative financial instruments;
- B. Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)

The Consolidated Financial Statement comprises of Oriental Veneer Products Limited and all its

subsidiaries, being the entities that it controls. Controls are assessed in accordance with the requirement of Ind AS 110 - Consolidated Financial Statements.

The Consolidated Financial Statements are presented in Indian Rupees (₹) and all the values are rounded to the nearest Lakhs, except when otherwise indicated.

In addition, the carrying values of recognized assets and liabilities designated as hedged items in fair value hedges that would otherwise be carried at amortized cost are adjusted to record changes in the fair values attributable to the risks that are being hedged in effective hedge relationships.

2.2 Principles of Consolidation

The Consolidated Financial Statements consist of Oriental Veneer Products Limited ("the company") and its Subsidiary Company (collectively referred to as "the Group"). The consolidated financial statements have been prepared on the following basis:

- a) The financial statements of the Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- b) The excess of the cost to the parent of its investments in a subsidiary over the parent's portion of equity at the date on which investment in the subsidiary is made, is recognised as 'Goodwill (on consolidation)'. When the cost to the parent of its investment in a subsidiary is less than the parent's portion of equity of the subsidiary at the date on which investment in a subsidiary is made, the difference is treated as 'Capital Reserve (on consolidation)' in the consolidated financial statements.
- c) Non Controlling Interest's share of profit / loss of consolidated subsidiaries for the

Notes to the Consolidated Financial Statements (Contd.)

for the Year Ended March 31, 2019

year is identified and adjusted against the income of the group in order to arrive at the net income attributable to shareholders of the Company.

- d) Non Controlling Interest's share of net assets of consolidated subsidiaries is identified and presented in the Consolidated Balance Sheet separate from liabilities and the equity of the Company's shareholders.
- e) As far as possible, the Consolidated Financial Statements are prepared using uniform Indian Accounting Policies for like transactions and other events in similar circumstances and are presented in the same manner as company's separate statements.

2.3. Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- A. Expected to be realised or intended to be sold or consumed in normal operating cycle
- B. Held primarily for the purpose of trading
- C. Expected to be realised within twelve months after the reporting period, or
- D. Cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current

A liability is current when:

- A. It is expected to be settled in normal operating cycle
- B. It is held primarily for the purpose of trading
- C. It is due to be settled within twelve months after the reporting period, or
- D. There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

2.4 Foreign currencies transactions and translation

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange differences which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalized as cost of assets. Additionally, exchange gains or losses on foreign currency borrowings taken prior to April 1, 2018 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost of such assets.

Non-monetary items that are measured in terms of historical cost in a foreign currency are recorded using the exchange rates at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Statement of Profit and Loss are also recognised in OCI or Statement of Profit and Loss, respectively).

2.5 Fair value measurement

The Group measures financial instruments at fair value on initial recognition.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- A. In the principal market for the asset or liability, or
- B. In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest

level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets. Involvement of external valuers is decided upon annually by the management. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. The management decides, after discussions with the Company's external valuers, which valuation techniques and inputs to use for each case.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.6 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognized:

Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. Revenue from sale of goods is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment

Notes to the Consolidated Financial Statements (Contd.)

for the Year Ended March 31, 2019

and excluding taxes or duties collected on behalf of the government.

Income from services

Revenue in respect of contracts for services is recognized on completion of services.

Interest

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the applicable interest rate. Interest income is included under the head "other income" in the statement of profit and loss.

Dividends

Dividend income is recognized when the company's right to receive dividend is established by the reporting date.

2.7 Property, plant and equipment

Since there is no change in the functional currency, the Group has elected to continue with the carrying value for all of its property, plant and equipment as recognised in its Indian GAAP financial statements as deemed cost at the transition date, viz., April 1, 2016.

Property, plant and equipment are stated at cost of acquisition or construction net of accumulated depreciation and impairment loss (if any). Internally manufactured property, plant and equipment are capitalised at cost, including non-chargeable excise duty, wherever applicable. All significant costs relating to the acquisition and installation of property, plant and equipment are capitalised. Such cost includes the cost of replacing part of the property, plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met.

When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are

satisfied. All other repair and maintenance costs are recognised in statement of profit and loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised.

The identified components are depreciated over their useful lives, the remaining asset is depreciated over the life of the principal asset. Depreciation on the identified components has been provided for on straight line method at the rates prescribed and in the manner specified in Schedule II to the Companies Act, 2013. Depreciation on additions is provided on Pro-rata basis for the period for which the Assets are put to use. Assets costing ₹ 5000/- or less are fully depreciated in the year of purchase.

Freehold land is carried at cost.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

2.8 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding capitalized development costs, are not capitalized and expenditure is reflected in the statement of profit and loss in the year in which the expenditure is incurred.

The amortization period and the amortization method are reviewed at least at each financial

Notes to the Consolidated Financial Statements (Contd.)

for the Year Ended March 31, 2019

year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

The summary of amortization policy applied to the Company's intangible assets is as below:

Type of assets	Life (years)
Computer Software	5

2.9 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction of qualifying asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective asset. All other borrowing costs are charged to the Consolidated Profit and Loss accounts for the period for which they are incurred.

2.10 Leases

Company in its capacity as lessee

Finance leases, which effectively transfer to the company substantially all the risks and benefits incidental to ownership of the leased item, are capitalized at the inception of the lease term at the lower of the fair value of the leased property and present value of minimum lease payments. Lease payments are apportioned between the finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized as finance costs in the statement of profit and loss. Lease management fees, legal charges and other initial direct costs of lease are capitalized.

2.11 Inventories

Raw materials, components, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on First-in First-Out basis.

Finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal operating capacity. Cost of finished goods includes excise duty and is determined on First-in First-Out basis.

2.12 Impairment of non-financial assets - Property, Plant and Equipment and Other Intangible Assets

The Group assesses at each reporting date as to whether there is any indication that any property, plant and equipment and intangible assets or group of assets, called cash generating units (CGU) may be impaired. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

2.13 Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The contributions to the provident fund are charged to the statement of profit and loss for the year when the contributions are due. The group has no obligation, other than the contribution payable to the provident fund.

The Group operates one defined benefit plan for its employees, viz., gratuity. The costs of providing benefits under these plans are determined on the basis of actuarial valuation at each year-end.

Notes to the Consolidated Financial Statements (Contd.)

for the Year Ended March 31, 2019

Actuarial valuation is carried out for plan using the projected unit credit method. Actuarial gains and losses for defined benefit plan are recognized in full in the period in which they occur in the statement of profit and loss.

2.14 Income taxes

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-Tax Act, 1961. Deferred income taxes reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date. Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to the taxes on income levied by same governing taxation laws. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each balance sheet date. The group writes-down the carrying amount of a deferred tax asset to the extent that it is no longer reasonably certain that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain that sufficient future taxable income will be available.

Minimum alternate tax (MAT) paid in a year is charged to the statement of profit and loss as current tax. The group recognizes MAT credit available as an asset only to the extent that there is convincing evidence that the company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the company recognizes MAT credit as an asset in accordance with the Guidance Note on Accounting for Credit

Available in respect of Minimum Alternative Tax under the Income-tax Act, 1961, the said asset is created by way of credit to the statement of profit and loss and shown as "MAT Credit Entitlement".

2.15 Earnings Per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

2.16 Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the notes. Contingent Assets are neither recognized nor disclosed in the financial statements.

2.17 Financial instruments

Financial Assets

A. Initial recognition and measurement

All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

B. Subsequent measurement

a. Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to

Notes to the Consolidated Financial Statements (Contd.)

for the Year Ended March 31, 2019

cash flows that are solely payments of principal and interest on the principal amount outstanding.

b. Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

c. Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

C. Investment in subsidiaries

The Company has accounted for its investments in subsidiaries, associates and joint venture at cost.

D. Other Equity Investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Group has elected to present the value changes in 'Other Comprehensive Income'.

E. Impairment of financial assets

In accordance with Ind AS 109, the Group uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL)

Expected credit losses are measured through a loss allowance at an amount equal to:

- a. The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or
- b. Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables Group applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Group uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Group uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

Financial liabilities

A. Initial recognition and measurement

All financial liabilities are recognized at fair value and in case of loans, net of directly attributable cost. Fees of recurring nature are directly recognised in the Consolidated Statement of Profit and Loss as finance cost.

B. Subsequent measurement

Financial liabilities are carried at amortized cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

2.18 Critical accounting judgments and key sources of estimation uncertainty

The preparation of the Group's financial statements requires management to make

Notes to the Consolidated Financial Statements (Contd.)

for the Year Ended March 31, 2019

judgement, estimates and assumptions that affect the reported amount of revenue, expenses, assets and liabilities and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

A. Decommissioning Liabilities

The liability for decommissioning costs are recognized when the Group has an obligation to perform site restoration activity. The recognition and measurement of decommissioning provisions involves the use of estimates and assumptions. These include; the timing of abandonment of well and related facilities which would depend upon the ultimate life of the field, expected utilization of assets by other fields, the scope of abandonment activity and pre-tax rate applied for discounting.

B. Recoverability of trade receivable

Judgements are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment.

C. Provisions

Provisions and liabilities are recognized in the period when it becomes probable that there will be a future outflow of funds resulting from past operations or events and the amount of cash outflow can be reliably estimated. The timing of recognition and quantification of the liability requires the application of judgement to existing facts and circumstances, which can be subject to change. The carrying amounts of provisions

and liabilities are reviewed regularly and revised to take account of changing facts and circumstances.

D. Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used.

E. Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

NOTES:

1. A member entitled to attend and vote at the Annual General Meeting ('the AGM') is entitled to appoint a proxy to attend and to vote on a poll instead of himself and the proxy need not be a member of the Company. The instrument appointing the proxy should, however, be deposited at the Registered Office of the Company not less than forty-eight hours before the commencement of the Meeting.
2. A person can act as proxy on behalf of members not exceeding 50 and holding in the aggregate not more than 10% of the total share capital of the Company. A member holding more than 10% of the total share capital of the Company may appoint a single person as proxy. However, such person shall not act as a proxy for any other person or shareholder.
3. Corporate members intending to send their authorized representatives to attend the Meeting are requested to send to the Company a certified copy of the Board Resolution authorizing their representative to attend and vote on their behalf at the Meeting.
4. The Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 in respect of the business under Item Nos. 4 to 9 above is annexed hereto. The relevant details of the Directors seeking re-appointment under Item Nos. 3 to 6 pursuant to Regulations 26(4) and 36(3) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') and as required under Secretarial Standard – 2 on General Meetings issued by the Institute of Company Secretaries of India, are annexed hereto.
5. In case of joint holders attending the AGM, only such joint holder who is higher in the order of names will be entitled to vote.

6. Relevant documents referred to in the Notice and Explanatory Statement are open for inspection at the Registered Office of the Company on all working days, between 11.00 a.m. and 1.00 p.m., upto the date of the AGM.

7. Book Closure and Dividend:

- (a) The Register of Members and the Share Transfer Books of the Company will be closed from Thursday, September 12, 2019 to Thursday, September 19, 2019 (both days inclusive).
- (b) If dividend on Equity Shares, as recommended by the Board, is approved at the AGM, it will be paid on or after September 19, 2019 as under:
 - To all Beneficial Owners in respect of shares held in electronic form, as per details furnished by the Depositories for this purpose as at the end of the business hours on September 11, 2019.
 - To all Members in respect of shares held in physical form, whose names are on the Company's Register of Members after giving effect to valid transmission and transposition requests lodged with the Company before the end of business hours on September 11, 2019.
8. Route map giving directions to reach the venue of the 28th AGM is given at the end of the Notice.
9. Members holding shares in electronic form may please note that their bank details as furnished by the respective Depositories to the Company will be considered for remittance of dividend. The Company or its Registrar and Transfer Agents ('RTA') cannot act on any request received directly from the Members holding shares in electronic form for any change of bank particulars or bank mandates. Members may, therefore, give instructions regarding bank accounts in which they wish to receive dividend to their Depository Participants ('DPs') only.
10. Members are requested to bring their Attendance Slip along with their copy of the Annual Report to the Meeting.
11. Members are requested to note that dividends, if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund (IEPF). Further, the shares in respect of dividends which remain unclaimed for 7 consecutive years are also liable to be transferred to the demat account of the IEPF Authority. In view of this, Members/Claimants are requested to claim their dividends from the Company, within the stipulated timeline.
12. As per Regulation 40 of Listing Regulations as amended, securities of listed companies can be transferred only in dematerialised form with effect from April 01, 2019, except in case of request received for transmission or transposition of securities. In view of this and to eliminate all risks associated with physical shares and for ease of portfolio management, Members holding shares in physical form are requested to consider converting their holdings to dematerialized form. Members can contact the Company or its RTA, Adroit Corporate Services Pvt. Ltd. for the same.
13. SEBI has mandated the submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit their PAN to the DPs with whom they maintain their demat accounts. Members holding shares in physical form are requested to submit their PAN to our RTA, Adroit Corporate Services Pvt. Ltd.
14. Members holding shares in physical form in multiple folios existing in identical order of names are requested to consolidate such holdings into one folio, by forwarding their share certificates to Adroit Corporate Services Pvt. Ltd. A consolidated share certificate will be issued to such Members after making requisite changes.

15. Members who have not registered their e-mail addresses so far are requested to register the same for receiving all communication including Annual Report, Notices, etc. from the Company electronically.
16. Section 72 of the Companies Act, 2013 provides for Nomination by the shareholders of the Company in the prescribed Form No. SH-13. If a member desires to cancel the earlier nomination and record fresh nomination, he may submit the same in Form No. SH-14.

To approve power to borrow funds pursuant to the provisions of Section 180(1)(c) of the Companies Act, 2013, and to approve the limits under Section 180(1)(a) of the Companies Act, 2013, not exceeding ₹ 1,000 Crores

The Members of the Company at the Annual General Meeting held on December 30, 2014, authorised the Board of Directors (which term shall be deemed to include any Committee of the Board) to borrow money(ies) on behalf of the Company (apart from temporary loans obtained or to be obtained from the Company's bankers in the ordinary course of business) and to create such mortgage, charge, hypothecation,

transfer, sell and/or otherwise dispose of all or any part of the immovable and movable properties of the Company whether situated, present and future, and in such manner as the Board may deem fit in favour of lending agencies for a sum not exceeding ₹ 100 Crores (Rupees One Hundred Crores only), over and above the aggregate of the paid-up share capital and free reserves of the Company.

Keeping in view your Company's business requirements and growth plans, it is considered desirable to increase the said borrowing limits under the provisions of Section 180(1)(c) of the Companies Act, 2013, and to create such mortgage, charge, hypothecation, transfer, sell and/or otherwise dispose of all or any part of the immovable and movable properties of the Company whether situated, present and future, and in such manner as the Board may deem fit in favour of lending agencies under the provisions of Section 180(1)(a) of the Companies Act, 2013 upto ₹ 1,000 Crores (Rupees One Thousand Crores only) above the aggregate of the paid-up share capital, free reserves and securities premium of the Company.

None of the Directors, Key Managerial Personnel and their relatives, are in any way, concerned or interested in the said resolutions. The Board accordingly recommends the resolutions set out at item nos. 8 & 9 of this Notice for your approval.

By Order of the Board of Directors
