MANAGEMENT NOTE

Dear Shareholders,

It gives us immense pleasure to present the 19th Annual Report of Adeshwar Meditex Limited for the Financial Year 2025–26.

Adeshwar Meditex Limited has built a strong legacy in the healthcare products sector, with its origins dating back to 1951, when the foundation of the business was laid through the vision and entrepreneurial efforts of Mr. Mulchand Talati. The Company was subsequently incorporated as a Private Limited Company on April 4, 2007, and thereafter converted into a Public Limited Company on March 9, 2021. The equity shares of the Company were listed on the SME Platform of BSE Limited on June 28, 2021, marking a significant milestone in the Company's growth journey. This Annual Report represents the fifth year of the Company's journey as a listed entity.

Over the years, Adeshwar Meditex Limited has developed expertise as an integrated healthcare products company engaged in the manufacturing, processing, export, distribution, and supply of a wide range of medical consumables and healthcare solutions. The Company's diversified product portfolio includes sterile surgical wound dressings, advanced wound care products, medical bandages, gauzes, swabs, adhesive products, surgical disposables, infection prevention products, protective healthcare products, first aid kits, and other allied healthcare solutions catering to hospitals, medical institutions, industries, government organizations, distributors, and international markets.

The global healthcare industry continued to witness steady expansion during Financial Year 2025–26, supported by increasing healthcare expenditure, ageing demographics, rising prevalence of chronic diseases, greater focus on infection prevention, and growing demand for quality healthcare infrastructure. The medical devices and consumables segment remains a critical component of healthcare delivery, with increasing adoption of single-use products, advanced wound care solutions, and infection control products across healthcare systems worldwide.

The medical devices sector in India continued to emerge as one of the fastest-growing segments within healthcare. According to industry estimates, India's medical devices market, valued at approximately US$ 15 billion in 2025, is projected to grow significantly and reach approximately US$ 50 billion by 2030, supported by increasing healthcare demand, expansion of healthcare infrastructure, technological advancements, and policy support. India is currently among the largest medical device markets in Asia and continues to strengthen its position as a global manufacturing and export hub.

The Government of India continues to promote the domestic medical device ecosystem through initiatives such as the National Medical Devices Policy, 2023, the Production Linked Incentive

(PLI) Scheme for Medical Devices, and development of medical device parks, with the objective of enhancing domestic manufacturing capabilities, reducing import dependency, encouraging innovation, and strengthening India's global competitiveness. The healthcare sector received continued policy support, with the Union Budget 2025–26 allocating approximately ₹99,858 crore towards the healthcare sector, reflecting the Government's focus on improving healthcare infrastructure and accessibility.

The Indian medical device industry also witnessed encouraging export momentum. India's medical device exports have continued to grow, supported by improving manufacturing capabilities, regulatory alignment, and increasing global acceptance of Indian healthcare products. The sector presents significant opportunities for manufacturers of medical consumables, surgical products, wound care solutions, and infection prevention products.

Your Company operates in a segment that is aligned with the long-term growth drivers of the healthcare industry. With its established manufacturing capabilities, diversified product portfolio, focus on quality, and experience in serving varied healthcare requirements, Adeshwar Meditex Limited is well positioned to participate in the growth opportunities emerging in the medical disposables and healthcare products sector.

The Company continues to focus on strengthening operational efficiencies, enhancing product quality, expanding its customer base, exploring export opportunities, and developing innovative healthcare solutions. The management remains committed to sustainable growth through prudent financial management, effective resource utilization, regulatory compliance, and continuous improvement across business functions.

During the year under review, the Company continued to maintain high standards of corporate governance, ethical business practices, and statutory compliance. The management remains focused on creating long-term value for shareholders while contributing towards the healthcare ecosystem through reliable and quality healthcare products.

Management Discussion and Analysis

Introduction:

Management's discussion and analysis ("MD&A") focuses on significant factors that have affected Adeshwar Meditex Limited (the "Company") and such factors that may affect its future performance. This MD&A should be read in conjunction with the audited financial statements and notes, and is intended to help stakeholders assess the company's financial health, growth potential, and long-term strategy. All amounts are expressed in lacs unless otherwise indicated.

The medical devices and healthcare consumables industry continues to experience steady growth, supported by increasing healthcare expenditure, expanding healthcare infrastructure, greater awareness of infection prevention, and rising demand for quality medical products across domestic and international markets. The market for first aid kits, surgical dressings, surgical plastics, and medical disposables has been driven by the growing emphasis on patient safety, improved healthcare access, and increasing regulatory standards governing medical products.

As a company operating in the healthcare and medical industry, Adeshwar Meditex Limited remains focused on delivering innovative solutions, improving patient outcomes, and ensuring operational excellence across our core segments.

Our vision is to be global leaders in the field of sterile surgical wound dressings guided by an unwavering commitment to significantly improve our product offerings through innovation. We will continuously strive to offer differentiated products of high-quality, focused on patient needs. Our vision to grow will be through our efforts to explore business development in the local and export markets diligently following our laid down principles of maintaining international standards of good manufacturing practices, quality, R & D, timely delivery and competitive prices.

Wound Dressing Market:

The global wound care market continues to expand, driven by rising incidences of chronic and surgical wounds and a shift toward advanced and intelligent dressing solutions. Advanced dressing submarkets—including hydrocolloid, hydrogel, foam, and antimicrobial products—are particularly dynamic, fueling growth with higher healing efficacy, patient comfort, and outpatient suitability. Emerging technologies such as telehealth-compatible "smart" dressings and sustainable, eco-friendly materials are transforming product portfolios and market trajectories.

The global surgical dressing materials market is expected to grow steadily, with industry estimates projecting the market to increase from **USD 10.4 billion in 2026 to USD 19.0 billion by 2036**, reflecting a **CAGR of approximately 6.2%**. Similarly, the global disposable surgical dressing kits market, valued at **USD 4.8 billion in 2025**, is projected to reach **USD 8.6 billion by 2034**, registering a **CAGR of 6.7%**. Market growth is being driven by increasing surgical procedures, rising prevalence of chronic diseases such as diabetes, growing awareness of infection prevention, and the expanding adoption of advanced wound care products. The increasing shift towards outpatient healthcare, coupled with stringent healthcare quality standards, continues to support demand for sterile, single-use surgical dressing products.

The **Asia-Pacific region** is expected to be the fastest-growing market, projected to expand at a **CAGR of 8.3%** from 2026 to 2034, capturing an estimated share of **24.8%** in 2025, driven by expanding healthcare infrastructure, rising healthcare expenditure, increasing insurance coverage, and government initiatives to improve healthcare access in countries such as India and China. Rapid growth in medical tourism, an ageing population, and investments in hospital infrastructure across emerging economies are creating significant opportunities for manufacturers of surgical dressings and medical disposables. Overall, the long-term outlook for the global surgical dressing market remains positive, supported by sustained demand for high-quality wound care and infection control solutions.

Other factors that may contribute to the growth of the wound care market in India include: Rising chronic diseases burden, increasing surgical procedures, expansion of healthcare infrastructure, and rapidly growing medical tourism industry.

Opportunities:

The Indian market presents significant growth opportunities for manufacturers and exporters of first aid kits, surgical dressings, surgical plastics, and other medical disposables. Rising healthcare expenditure, expanding hospital and diagnostic infrastructure, increasing awareness of infection prevention and wound care, and a growing burden of chronic diseases are driving sustained demand for quality medical consumables. Government initiatives such as **Ayushman Bharat, the Production Linked Incentive (PLI) Scheme** for medical devices, and the Make in India programme are further encouraging domestic manufacturing and reducing dependence on imports.

India is also strengthening its position as a global manufacturing and export hub for medical disposables due to its cost competitiveness, skilled workforce, and improving quality standards. Growing demand from emerging markets in Africa, the Middle East, Asia, and Latin America, coupled with increasing global preference for diversified supply chains, offers significant export opportunities. In addition, rising adoption of advanced wound care products, expansion of e-commerce and institutional procurement, and continuous product innovation are expected to support long-term business growth for manufacturers in the medical consumables sector.

Threats:

While the Medicare and pharma market in India shows strong growth, several threats persist in FY 2025–26. There are several obstacles that could prevent the Indian medical consumables market from expanding. Manufacturers frequently face major obstacles from regulatory and compliance norms, which raises production costs and delays the release of new items onto the market. Furthermore, the cost of sophisticated medical supplies including surgical tools, and specialty wound care products restricts their availability, especially in areas with limited resources. Certain regions' inadequate healthcare infrastructure further lowers demand since facilities may find it difficult to successfully integrate and use contemporary consumables. Consumer trust can be damaged by worries about product recalls, safety, and quality control, which can impede market growth. Together, these problems highlight how healthcare systems must be improved, made more affordable, and innovative in order to promote long-term growth.

We conducted our audit of the financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there are no key audit matters to communicate in our report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility and Sustainability Report, Report on CSR Activities, Corporate Governance and Shareholders Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

RAJESH H. GUPTA & CO. 1st Floor, Marble Line, Vakola Bridge, Santacruz (E), Mumbai - 55. CHARTERED ACCOUNTANTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We

RAJESH GUPTA & CO. 1st Floor, Marble Line, Vakola Bridge, Santacruz (E), Mumbai - 55. CHARTERED ACCOUNTANTS consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

"**Annexure B**"

Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

In conjunction with our audit of the financial statements of **Adeshwar Meditex Limited** as at and for the period ended 31 March 2026, we have audited the internal financial controls over financial reporting ("IFCoFR") of the Company as at that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ("the Guidance Note) issued by the Institute of Chartered Accountants of India ("the ICAI"). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.
Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

Meaning of Internal Financial Controls Over Financial Reporting

A Company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for

1st Floor, Marble Line, Vakola Bridge, Santacruz (E), Mumbai - 55. CHARTERED ACCOUNTANTS external purposes in accordance with generally accepted accounting principles. A Company's IFCoFR includes those policies and procedures that

1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2026, based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.
