Dear Sir/Madam,

Sub.: Compliance of Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In compliance with Regulation 34 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, kindly find attached Annual Report of the Company approved and adopted at the 24th Annual General Meeting of the Company held on Tuesday, August 14, 2018 at the Registered Office of the Company at Welspun City, Village Versamedi, Taluka Anjar, Dist. Kutch, Gujarat 370110.

Please take it on record.

Thanking you.

For **Welspun Enterprises Limited****Priya Pakhare**
Company Secretary

प्रधान मंत्री
Prime Minister

New Delhi
23 May, 2018

Shri B. K. Goenka Ji,

I am delighted to know of your valuable contribution to the completion of Package I of Delhi-Meerut Expressway, which as you know got completed much before the target date.

We, as a nation, are standing at the cusp of a wave of development that is driven by a young nation with great aspirations. The infrastructure we are building will create new pathways for India's all-inclusive development and open new vistas of opportunity for our people.

It was our former Prime Minister Shri Atal Bihari Vajpayee's vision to connect each and every village and city with all-weather roads. He envisioned India's future built on a firm foundation of enhanced connectivity for people and businesses.

Today, from highways to I-ways, we are ensuring that our nation is ahead of the curve in infrastructural development.

The Delhi-Meerut expressway has showcased India's engineering capabilities that are well integrated with our goal of sustainable development. Also appreciable is the way in which the expressway has been converted into a green belt with initiatives such as drip water irrigation, solar plant and landscape development.

It is a matter of immense joy to see pride in people's eyes when they experience seamless commute through these modern day marvels. The new expressway is one such marvel that will ease the lives of citizens by saving them time and money as well as ensuring that local economy flourishes.

It is my firm belief that the highways built today will become runways for dreams of tomorrow to take flight. I, once again, congratulate everyone associated with this project for achieving a remarkable feat and delivering not just an expressway, but a roadway to progress and prosperity.

I wish you success in all your future endeavours.

Yours Sincerely,

(Narendra Modi)

Shri B. K. Goenka

Highway To Prosperity

Delhi-Meerut Expressway (Delhi Section)

In India over 60 per cent of all goods and 85 percent of total passengers use Roads as mode of transportation. The Central Government thus embarked on a journey to transform India, keeping Infrastructure development at the core. In this direction, the Government took several positive steps to expedite buildup of the large infrastructural need of the country. The Honorable Union Minister for Road Transport & Highways, Shipping and Water Resources, River Development & Ganga Rejuvenation, Shri Nitin Gadkari and National Highway Authority of India (NHAI) have been working relentlessly to achieve Government's vision of developing

India's infrastructure which is at par with developed nations.

Welspun Enterprises Limited (WEL), the fastest growing company of Welspun Group, began its association with the National Highway Authority of India (NHAI) through the Hybrid Annuity Model (HAM); a revolutionary scheme developed to address the pain of the industry and the constraints of the Government. After the successful bidding process, Welspun Enterprises Limited was awarded Delhi-Meerut Expressway (Delhi Section) by the NHAI in early 2016.

“

We are thankful and proud to be associated with NHAI under the Hybrid Annuity Model. Welspun Enterprises was the first Company to achieve the financial closure for this expressway project. We are proud to contribute through industry first initiatives like vertical gardens, cycling track, solar lighting and beautification of this stretch. The completion of this expressway along with NHAI strongly showcases our strength in Infrastructure and truly resonates with our philosophy of **‘Leading Tomorrow Together’.**”

Balkrishan Goenka
- Chairman, Welspun Group

”

Welspun Enterprises Limited completed the project in a record time of 18 months as against the scheduled 30 months. The project consists of a six-lane expressway in the centre, flanked by two four-lane highways on either side - making it India's first 14-lane sustainable green expressway

The foundation and probability of success in achieving this ambitious target lay in close synchronization, timely permissions from various stakeholders and quick decision making by respective authorities. NHAI closely coordinated these activities and assisted in timely approvals from various Government agencies such as NGT/ Forest Department, BSES, GAIL, IGL, DTL, DJB, DMRC. Welspun specially recognizes the exceptional efforts put in by the Honorable Minister and his office, NHAI Chairman & Board Members, Chief General Manager & Regional Officer, Project Director and Project team from NHAI along with the Independent Engineer who monitored the developments very closely and provided solutions to every challenge faced along the way.

The journey of achieving this monumental target was paved with transparency, commitment and meticulous planning by NHAI and Welspun Enterprises Limited. Welspun Enterprises along with its contractor, exhibited exemplary teamwork & commitment to the cause and ensured that this project is successfully completed with highest standards of quality.

Welspun Enterprises Limited under the leadership of Mr. Sandeep Garg, Managing Director and CEO had set an ambitious target of completing the project in less than 500 days as against the schedule of 900 days. Welspun's team made a bold commitment to NHAI that they would be the first Company to complete a HAM project and establish a benchmark; a tall order, given that this was the first project of the Company with NHAI and also that it required building the infrastructure in a highly congested urban terrain.

India's first 14 lane Expressway
Inaugurated on May 27, 2018

Welspun Enterprises Ltd. completed the project in a record time of 18 months as against the scheduled 30 months, setting a new benchmark with operational efficiency and commitment. The stretch features Advanced Traffic Management Systems (ATMS), CCTV's, India's first cycling track on both sides, vertical gardens with drip irrigation, solar panels for lighting entire

stretch thus making it a first green and sustainable road infrastructure development in the country. To make it a world class infrastructure from point of view of aesthetics, beautification replicas of prominent monuments like Qutub Minar & Ashoka Stambh, development of open area into parks and fountains were also done.

Honorable Prime Minister of India, Shri Narendra Modi inaugurated India's first 14 lane green expressway on 27th May, 2018 and dedicated it to the nation.

Designed for a speed up to 120 km/h, this expressway will not only substantially reduce the travel time on the stretch from 45 minutes to just 8 minutes, but would also help to significantly reduce pollution and give better fuel efficiency. With the specific initiatives taken by Welspun and NHAI, it is a truly sustainable green expressway.

Chairman's Message

Balkrishan Goenka
- Chairman, Welspun Group

My Dear Fellow Stakeholders,

FY18 was a landmark year for your Company. I am extremely happy to share that our performance in FY2017-18 has surpassed expectations and set new benchmarks for the industry. This is the result of our focused efforts in the last few years to build a solid foundation for a profitable and sustainable business. On the one hand, we have built a solid

balance sheet with significant cash balance and on the other hand, we have built an exceptional team focussed on operational excellence. Our efforts have started delivering significant value for all our stakeholders and I firmly believe that, this is just the beginning of a wonderful journey.

A Differentiated Business Model

Since the formation of Welspun Enterprises in its current form, we have been trying to evolve a business model in the infra space which is profitable, sustainable and minimises risk. As you would know, this sector has been notorious for destroying stakeholder value in the last few years. Many Infra companies have a lot of cash stuck in plant and machinery as well as working capital, and we did not want to fall into the same trap, by following a similar business model. Hence we have evolved an asset-light model which we believe would deliver much better returns on capital employed with much lesser risk.

Firstly, we are focused only on HAM projects as a developer, and that too on differentiated projects where the competition is lower. At the pre-bidding stage, each bid is evaluated by an independent bid committee and is approved for bidding, only if it meets the Company's return criteria. Unlike most other companies in the infra space that are burdened with high amount of debt, the Company has built a significant cash balance of Rs. 7.1 billion. This cash gives WEL ample capital for growth and supports the equity required for the HAM projects. The strong balance sheet (with net worth of about Rs. 15 billion) and robust credit rating (AA- for long-term facilities) helps the Company achieve quick financial closure and arrange debt for the projects at very competitive

costs, which we have demonstrated in the awarded projects in our portfolio.

On the EPC part, the entire construction is outsourced/sub-contracted to the best-suited sub-contractor and WEL only focuses on the high value-add activity - Project Management Consultancy (PMC) ensuring quality, safety and timely completion of the projects. There is no investment in construction plant and machinery as well as working capital. There is also no need to build a labour force. The outsourcing of construction also gives WEL flexibility to take up projects in any part of the country. The rigorous project monitoring and supervision by WEL, during the construction phase, reduces execution risk, helps in achieving early completion and minimises operations and maintenance expenses during the O&M period. It also helps improve returns by earning the early completion bonus.

Once the construction is over, we plan to unlock value from these projects by divesting the projects to investors with lower cost of capital. This ensures that the capital is churned and is not stuck in various completed projects.

Thus, our strategy is based on three pillars:

- Financial Strength
- Operational Excellence
- Prudent Risk Management

Honorable Prime Minister of India, Shri Narendra Modi on the Delhi Meerut Expressway (Delhi Section)

The Year Gone by

We started the year with just one HAM project in our portfolio. By following a cautious bid/buy strategy, we added five more HAM projects to our portfolio taking the total HAM portfolio size to Rs. 70+ billion and 235+ kms. While one of the projects in our portfolio is already complete, work is in full swing in two more of these. Financial closure has been achieved for two others whereas we are awaiting the Letter of Award in the most recent project win.

The highlight of the year has been the completion of our first project and India's first 14 lane expressway - Delhi-Meerut Expressway (Package-1). The project was inaugurated and dedicated to the nation by the Hon'ble Prime Minister of India, Shri Narendra Modi in May 2018. We are thankful and proud to be associated with NHAI on this marquee project - India's first to be built under the HAM model. Completed in a record time of 18 months as against the scheduled 30 months, the Delhi-Meerut Expressway sets a new benchmark for the industry. It also showcases the operational excellence achieved by Welspun Enterprises.

Delhi-Meerut Expressway is much more than an expressway, with several industry first features. This green Expressway features vertical gardens, cycling track, solar lighting and beautification initiatives by wall arts and replicas of famous monuments. The completion of this expressway with the support of NHAI, exceeded our commitments, thus truly resonating with our philosophy of 'Leading Tomorrow Together'. We have built an expressway today for the dreams of tomorrow.

Our operational achievements are also reflected in our financial performance. We have almost tripled our total income compared to the previous year. On the profitability front, we have achieved 145% growth in EBITDA and 153% growth in Profit After Tax on account of the EPC margins from the accelerated execution of projects, especially Delhi-Meerut Expressway. We were also successful in improving our long-term credit rating two notches to "AA-" while maintaining our short-term rating at "A1+" (highest possible rating).

A Promising Future Awaits

While FY2017-18 has been very encouraging for us, I am more excited about the future of Welspun Enterprises. With government initiatives including Bharatmala being rolled out in the road space, we see a significant uptick in bidding activity. Under Bharatmala, a total of around 24,800 kms are proposed to be constructed in Phase I. In addition, Phase I also includes 10,000 km of balance road works under NHDP. Estimated outlay for Phase I is more than Rs. 5 trillion. The Ministry of Road Transport and Highways (MoRTH) has fixed a target of awarding works for around 20,000 kilometres of national highways during the current year 2018-19. This is about 25 per cent more than the FY18 figure.

Apart from the upcoming projects, there are many projects awarded by NHAI in the past year, which have not been able to achieve financial closure. Most of these distressed projects, owned by weaker developers, are

available for takeover by stronger players.

Welspun Enterprises has built a robust HAM portfolio of Rs. 70+ billion with unexecuted order book at Rs. 60 billion at the end of FY18, which sets a strong foundation for future growth of the Company. The order book provides revenue growth visibility of 100% p.a. for the next 2 years i.e. FY19 and FY20. The significant increase in revenue is also expected to translate to better operating margins as operating leverage comes into play.

Your Company intends to continue its approach of prudent bid/buy strategy to strengthen its HAM project portfolio. The Company will continue to work on an asset-light model with focus on Return on Capital Employed (RoCE), free cash flow and risk management.

We are also analysing the water sector for

Actual Site Photo

future growth opportunities and for diversification. With experience of water pipes and water supply project, I believe that WEL is at an advantageous position to tap these opportunities and fuel the future growth.

We will also look at unlocking value from our Oil & Gas investments, at the right time. There are some promising blocks in our portfolio, which could yield significant returns, at the right stage of the development cycle.

Sustainability

Welspun believes in doing business which is not only consistent with the environment but also helps sustain it in the long run. Known for its various social initiatives, Welspun has played a key role in rehabilitating the slums at the constructed Delhi-Meerut expressway. It has also initiated various social awareness programs with local population in the areas of hygiene, women empowerment and

education for children. It will continue to play its part responsibly in and around the region it operates in.

My Sincere Thanks

We had an outstanding year and this would not have been possible without the support of our key stakeholders. I take this opportunity to express my sincere gratitude to our Board of Directors, our Management, our dedicated employees, our esteemed customers, vendors, bankers and investors, for their unrelenting dedication, support and commitment to Welspun. With your continued support, I am confident that Welspun Enterprises will reach much greater heights.

Sincerely,
Best Regards,

Balkrishan Goenka
- Chairman, Welspun Group

Q. Completing Delhi-Meerut Expressway Package-1 in a record time is itself a benchmark. To whom you attribute the success of the early completion?

A. The success of any project depends on the synchronisation of various activities such as utility shifting, forest clearance, source identification, resource mobilisation, manpower engagements, location and construction of camp, etc, which were efficiently managed in coordination with NHAI. Meticulous planning and timely follow-up with various government agencies such as BSES, GAIL, IGL, DTL, DJB independent engineers and various subcontractors ensured smooth and speedy execution of this project. The successful completion of this expressway well ahead of the stipulated time strongly showcases our strength in the infrastructure space.

Q. Saving almost a year on the scheduled completion of 30 months is a substantial saving which can only be achieved with focused planning. Please throw some light on what the Company did differently to achieve this milestone?

A. In this project, we were able to achieve substantial early completion by value engineering to reduce overall construction time as well as by taking support of

technology. At the engineering stage, a design change was initiated to convert the well foundation to pile foundation to reduce construction time of the bridge.

At the execution stage, we took various steps to reduce construction time even at the expense of slightly higher cost. For instance, we used sacrificial shuttering to save time on shuttering removal and reduce cycle time. We implemented various techniques like using specialised admixtures to reduce the setting time of concrete. Additional cranes were mobilised for launching girders in lesser duration, which reduced construction time and traffic congestion. Further, hydraulic piling rigs were used at all locations to avoid shifting from one location to another. Boom placers were placed separately at all structure locations to speed up concrete pouring. Sensor pavers for bituminous works (BC, DBM and WMM) were separately made available; hence, shifting time was substantially saved. Precast sections were used in various structures to reduce construction time. Additional equipment was mobilised at various fronts, enabling work to be continued in parallel at different locations and, water tankers were in rotation for 24 hours. All this enabled us to complete the expressway well ahead of the schedule.

Q. You mentioned about use of technology. Can you please explain more on that?

A. Several differentiated technologies and methods were used in the construction of this project. These include an intelligent compaction system to monitor the quality of compaction; PTZ cameras to analyse progress as well as safety and other quality requirements; and video monitoring and analytical reports to resolve bottlenecks in real time. Moreover, a dedicated QMC was hired to monitor all the activities and raise an alarm in case of any violation in operating standards and methodologies during construction.

Q. Safety always remains important in these types of expressways built for high speed traffic. How was that achieved in this expressway?

A. The project has undertaken world-class safety measures for a better commuting experience. During winters, the number of accidents usually increases to a greater extent in Delhi owing to the heavy fog, which results in poor visibility. Thus in this project, LED lights have been used, which also work effectively under fog and provide additional safety for users. Anti-fog lights have been used at the major bridge as well, for better visibility. Moreover, CCTV cameras, retro reflective signage, antiglare in the medians and U-turn in all underpasses, as well as advanced traffic management system (ATMS) have been installed for enhancing safety.

Q. Under the HAM model, Welspun Enterprises will have to undertake the O&M expenses of the highway against fixed payments (with some escalation) from NHAI, it is important that a good quality road is built to have low O&M expenses in future. What has been done on that front?

A. The expressway was made using high-

quality construction materials, adding to the life and quality of the expressway. High-grade admixtures have been used to achieve early strength of concrete. Geo-composites were used to improve earth slope stability and geo-synthetics and geo-cells were used for soil stabilization and slope protection. Also, fibre-reinforced concrete was used in crash barriers for improved finish and to reduce shrinkage cracks. Polymer-modified bitumen was used in the wearing course for enhanced texture, better riding quality and increased life of the expressway. What's more, all structures are being painted with anti-carbonation paint, which will protect them against damage from chloride, sulphate and other corrosive salts.

Q. Apart from making it a safe and quality expressway to drive on, you have built a one of its kind green expressway. What exactly different has been done on that part?

A. Yes, we have built a one of its kind green expressway. Green walls and solar panels have been installed along the major bridge for beautification and to reduce pollution. A solar power plant has been installed to meet all the power requirements of the project, thereby reducing overall power cost and promoting use of clean energy. The expressway includes a 2.5-m-wide cycle track on either side of the highway and a vertical garden with drip irrigation to reduce the carbon footprint. Fountains and replicas of Qutub Minar and Ashoka Sthambh have been installed for beautification. About 40,000 trees were transplanted to enhance the environment and the junction is designed so as to retain existing trees. Other benefits accruing from this expressway include curbing the pollution in Delhi through diversion of traffic to other states like Uttarakhand and Uttar Pradesh, and improving the connectivity of Delhi with these two states.

Management Discussion and Analysis

The Management Discussion and Analysis (MD&A) should be read in conjunction with the Audited Consolidated Financial Statements of Welspun Enterprises Ltd (“Welspun” or “WEL” or the “Company”), and the notes thereto for the year ended March 31, 2018. This MD&A covers Welspun’s financial position and operations for the year ended March 31, 2018. Amounts are stated in Indian Rupees unless otherwise indicated. The numbers for the year ending March 31, 2018 as well as for the previous year are regrouped and reclassified wherever necessary.

Forward-Looking Statements

This report contains forward-looking statements, which may be identified by their use of words like 'plans', 'expects', 'will', 'anticipates', 'believes', 'intends', 'projects', 'estimates' or other words of similar meaning. All statements that address expectations or projections about the future, including but not limited to statements about the Company's strategy for growth, product development, market position,

expenditures, and financial results, are forward-looking statements. Forward-looking statements are based on certain assumptions and expectations of future events. The Company assumes no responsibility to publicly amend, modify or revise any forward looking statements, on the basis of any subsequent developments, information or events.

Business Overview

Welspun Enterprises Limited (WEL), formerly known as Welspun Projects Ltd., is a part of the USD 2.3 billion Welspun Group.

The Company operates in the infrastructure space with investments in oil & gas. The Company, in its current form, was created by the merger of the erstwhile Welspun Enterprises Ltd., Welspun Infratech Limited, Welspun Plastics Private Limited and Welspun Infra Projects Private Limited with Welspun Projects, which was renamed as Welspun Enterprises Ltd. In the infrastructure space, WEL is focussed on Hybrid Annuity Model (HAM) projects as a developer.

WEL currently has a portfolio of six HAM projects (including L-1 in one project). The total portfolio size stands at Rs. 70+ billion and 235+ kms. For the five awarded projects, the Company has completed one, started construction on two and achieved financial closure for the remaining two projects. WEL is awaiting the Letter of Award on the project in the sixth project.

Macro-Economic Overview

In CY17, the global economy recorded growth of 3.8% in 2017 which was the fastest since 2011. With financial conditions still being supportive, global growth is expected to tick up to 3.9% in both 2018 and 2019. Advanced economies are expected to grow faster than in 2018 and 2019 vs. 2017. Euro area economies are set to narrow excess capacity with support from accommodative monetary policy, and expansionary fiscal policy is expected to drive the US economy above full employment. Aggregate growth in emerging market and developing economies is projected to firm further, with continued strong growth in emerging Asia and Europe and a modest upswing in commodity exporters after three years of weak performance.

The Indian economy on the other hand, emerged as the fastest growing major economy in the world. The Indian economy recorded growth of 6.7% in FY2018. With Gross Domestic Product (GDP) growth averaging 7.3% between 2014-15 and 2017-18, India was among the best performing economies in the world.

During FY2018, the country saw several structural reforms by the government to fuel the economic development of the country. These reforms were majorly targeted towards financial inclusion, banking sector and the organized market. The push on the Jan Dhan Yojana and Aadhar improved the financial inclusion in the country as more than 300 million banks accounts were opened under the scheme. In order to improve the efficiency in the banking sector, new NPA disclosure rules and Insolvency

and Bankruptcy Code (IBC) were introduced. The IBC provided a one-stop solution for resolving insolvencies. With a target to improve the tax compliance and promote organized market, the government introduced GST in July 2017. It was with the aim to consolidate all other indirect tax laws and to also bring a harmonized tax structure and uniform compliance practices both by regulators and businesses. With increased compliances for unorganized players, in the medium to long term, GST will provide level playing field for the organized players to compete with the unorganized players in the country. Introduction of GST is expected to be a potential game changer that would unite the country into a common market by dismantling inter-state tariff barriers. As a result of the reforms, India has improved its ease of doing business and has become one of the most competitive countries in in South Asia, being ranked number 40 in the global competitiveness ranking of 137 countries by the World Economic Forum (WEF).

Outlook for the Indian economy continues to be positive. As per the International Monetary Fund (IMF) World Economic Outlook, Indian economy is expected to grow by 7.8 per cent in 2019, which will make the country the world's fastest-growing economy in 2018 and 2019. The economic growth is expected to be lifted by strong private consumption as well as fading transitory effects of the currency exchange initiative and implementation of the GST. The reform measures undertaken in 2017-18 are expected to strengthen further in 2018-19 and reinforce growth momentum.

Infrastructure

Infrastructure is an important sector that propels overall development of any economy and India is no exception. As per the World Economic Forum's Global Competitiveness Report 2017-18, India's overall infrastructure rank is 66 out of 137 economies, 2 places up from last year. Despite this improvement, India still lacks behind most of the BRIC countries reflecting huge potential in the infrastructure sector in India.

The under-investment in infrastructure sector in the period 2010-2014 was on account of collapse of Public Private Partnership (PPP) especially in power and telecom projects; stressed balance sheet of private companies; and issues related to land as well as forest clearances. However, with the various reforms introduced by the Government, there has been a pickup in the infrastructure investment across the country in recent years.

As per Global Infrastructure Outlook, rising income levels and economic prosperity is likely to further drive demand for infrastructure investment in India over the next 25 years. India will require about \$4.5 trillion investment in infrastructure by 2040 to improve economic growth and community well-being. Given this context, the Indian government has ambitious plans for its new integrated infrastructure programme which involves building of roads, railways, waterways and airports.

Road Infrastructure

Road transport is the dominant mode of transport in India, both in terms of traffic share and in terms of contribution to the national economy. Apart from facilitating the movement of goods and passengers, road transport plays a key role in promoting equitable socio-economic development across regions of the country. Easy accessibility, flexibility of operation, door-to-door service and reliability have earned road transport a greater significance in both passenger and freight traffic vis-à-vis other modes of transport. India has one of the largest road networks in the world, of over 5.6 million km comprising National Highways, Expressways, State Highways, Major District Roads, Other District Roads and Village Roads. This road network is used to transport over 60% of total goods and 85% of total passenger traffic. This shows the importance of the road infrastructure for the country and justifies the undivided focus of government on the sector.

During the year, we have strengthened our project portfolio by growing from one project at the beginning of the year to five projects by the end of the financial year. This has translated into higher revenues, better margins, robust order book and a foundation for creating long-term value for our stakeholders. We continue to demonstrate our philosophy of operational excellence with focus on return on capital. We are well-poised to take advantage of the potential in the infrastructure space, with a strong balance sheet and a sizable cash reserve. This can be seen in our ability to quickly achieve the financial closure of all awarded projects.

Sandeep Garg
- Managing Director & CEO

During FY2017-18, the total length of highways awarded in the country was 17,055 kilometres, of which, 8,652 kilometres were

awarded by the Ministry, 7,397 kilometres by NHAI and 1,006 kilometres by NHIDCL.

Highway projects awarded and constructed in Kms

Construction of national highways hit an all-time high of about 10,000 km in 2017-18, which translates to 28 km a day higher than the previous record 8,301 km, achieved in 2016-17. The total investment in national highway construction in FY18 was around Rs 1.5 lakh crore, of which Rs 1 lakh crore came

from budgetary allocation.

NHAI being the single largest agency for implementation of national highways, constructed more than 3,000 km in FY18 and awarded more than 150 projects totaling 7,397 km worth Rs. 1.22 lakh crore.

NHAI projects awarded and constructed in Kms

The Ministry of Road Transport and Highways (MoRTH) has fixed a target of awarding works for around 20,000 kilometres of national highways during the current year 2018-19. This is about 25 per cent more than the FY18 figure. The highway construction target for 2018-19 has been pegged at 16,420 km, and per day construction target has been fixed at 45 km.

Considering the importance of the road infrastructure, the government has come up with Bharatmala Pariyojana, a new umbrella program for the highways sector that focuses on optimizing efficiency of freight and passenger movement across the

country by bridging critical infrastructure gaps through effective interventions like development of Economic Corridors, Inter Corridors and Feeder Routes, National Corridor Efficiency Improvement, Border and International connectivity roads, Coastal and Port connectivity roads and Green-field expressways. A total of around 24,800 kms are proposed to be constructed in Phase I. In addition, Phase I also includes 10,000 km of balance road works under NHDP. Estimated outlay for Phase I is Rs. 5,35,000 crore. The objective of the program is to achieve optimal resource allocation for a holistic highway development/improvement initiative.

NHAI: Planned construction of the Bharatmala programme

In order to facilitate implementation of projects under the ambitious future plans, the government has been taking initiatives to revive interest of private players in the road sector. Towards this objective, an innovative model of project development - Hybrid-annuity model (HAM) was introduced in January 2016. HAM targets to overcome the issues of earlier models including land acquisition, change of scope, traffic changes, tolling risk and difficulty in debt financing of projects. HAM model is advantageous for both the developer and the concessioning authority. From the point of developer, 40% of the project cost in HAM contracts is provided by the authority (such as NHAI) as construction support, thus reducing equity requirement for the developer to a minimal level of 12-15%. Since fund disbursement from the government is on time and happens during the construction phase itself, projects do not get stuck because of financing reasons. The authority also ensures necessary clearances and 80% of the land before the appointed date. During the operational period, the developer bears no toll collection risk and its O&M gets covered by separate payments from the authority. While for the authority, capital expenditure is deferred under HAM and requires lesser amount of funds during

construction years in comparison to projects on EPC mode. By following HAM, the authority would be able to finance 2.5 times of what it could achieve on EPC mode. In addition to this, the authority retains the right to collect toll revenue from these roads, which partly or fully funds the annuity payments to the concessionaire. The authority also need not take the onus of maintenance of the road during the entire concession period (typically 15 years) as the responsibility is on the concessionaire.

To make HAM projects even more attractive for developers to bid and banks to finance, some governments have started to tweak the HAM model itself. Maharashtra, for example, provides 60% of the funds in the first two years instead of the earlier 40%, and the payment tenure for the remaining amount has been cut from 15 years to 10 years.

The attractiveness of the HAM model can be seen from the fact that, of the total length awarded by the NHAI in financial year 2018, almost half was through the hybrid annuity model (HAM). Engineering, procurement and construction (EPC) mode was around 51 per cent and the remaining through build-operate-transfer (BOT) toll mode. (refer fig.)

Projects awarded by NHAI in FY2018

Both the ministry and NHAI plan to increase the portion of HAM projects even further in the award list for 2018-19 considering the heightened interest level from developers and banks.

Other initiatives such as introduction of Infrastructure Investment Trusts (InvITs) have also been taken to make financing easier for the developers. In order to raise funds for its contribution, the government has worked on monetization of operational projects through the Toll-Operate-Transfer (TOT) model.

Water Infrastructure

India represents 16 percent of the world population and 15 percent of livestock, whereas it has only 4 percent of the water resources of the world. India ranks 133rd out of 180 nations for its water availability and 120th out of 122 nations for its water quality.

Government has launched several programs to improve the water infrastructure of the country. The National Water Development Agency (NWDA) has also identified 30 links for inter linking projects for transferring water from water surplus basin to water deficit basins. Under the Union Budget 2018-19, government has allocated an outlay for Rs. 2,000 crore for irrigation infrastructure. The ministry is implementing key projects such as Namami Gange, Pradhan Mantri Krishi Sinchayi Yojana and river inter-linking.

According to Assocham estimates, India's water sector requires annual investment worth US\$13 billion. In order to bridge the gap between the current situation and the requirement, the government is making efforts to promote private participation in water infrastructure. On the similar lines of HAM road infrastructure model, the government is working on the HAM model for water infrastructure as well where the capital investment (up to 40%) will be paid by the government through construction-linked milestones and the balance through an annuity over the contract duration.

Oil And Gas

The world economy is expected to almost double over the next 20 years; much of this expected growth will be contributed by the emerging economies, with India and China leading the deck. This economic growth will require energy and thus the energy demand is expected to grow by 30% in next 20 years. During this period, India's energy demand is expected to grow by 165%, nearly three times the overall non-OECD growth of 61%, also outpacing each of the BRIC countries: China (+41%), Brazil (+60%), and Russia (+6%). India is already the 3rd largest consumer of crude oil and petroleum products in the world; however, the country's share in global primary energy consumption is projected to increase significantly from 5% in 2017 to 11% in 2040.

Rapid economic growth is leading to greater outputs, which in turn is increasing the demand of oil for production and transportation in the country. In addition, with rising income levels demand for automobile is also estimated to rise, in turn leading to augmented demand for oil and gas. Due to this strong growth in demand, India's dependency

on oil imports has increased rapidly and is expected to increase further. In the next 20 years, oil imports are expected to rise by 175% while the gas imports are expected to increase by 291%.

In order to reduce this dependence on imports, government is taking several steps to increase oil and gas output of the country. The Cabinet approved a revised exploration policy, named Hydrocarbon Exploration and Licensing Policy (HELP), last year. HELP replaces New Exploration Licensing Policy (NELP) that governed India's oil and gas sector for two decades but didn't help produce much oil or gas. In FY18, the oil ministry has put in place all components needed to operationalise the latest policy, including a model revenue sharing contract and open acreage licensing policy. The Oil ministry has also launched the National Data Repository containing exploration and production data of all Indian sedimentary basins. The repository gives potential investors access to necessary geological data that will help companies carve out exploration blocks.

WEL - Business Strategy And Highlights

Welspun Enterprise Limited (WEL) is one of the three key companies under the Welspun Group. The company operates in the infrastructure sector (Road and water infra) with investment in oil and gas space. WEL is unique in the Indian infrastructure space with its focus only on HAM, significant cash balance and asset-light model.

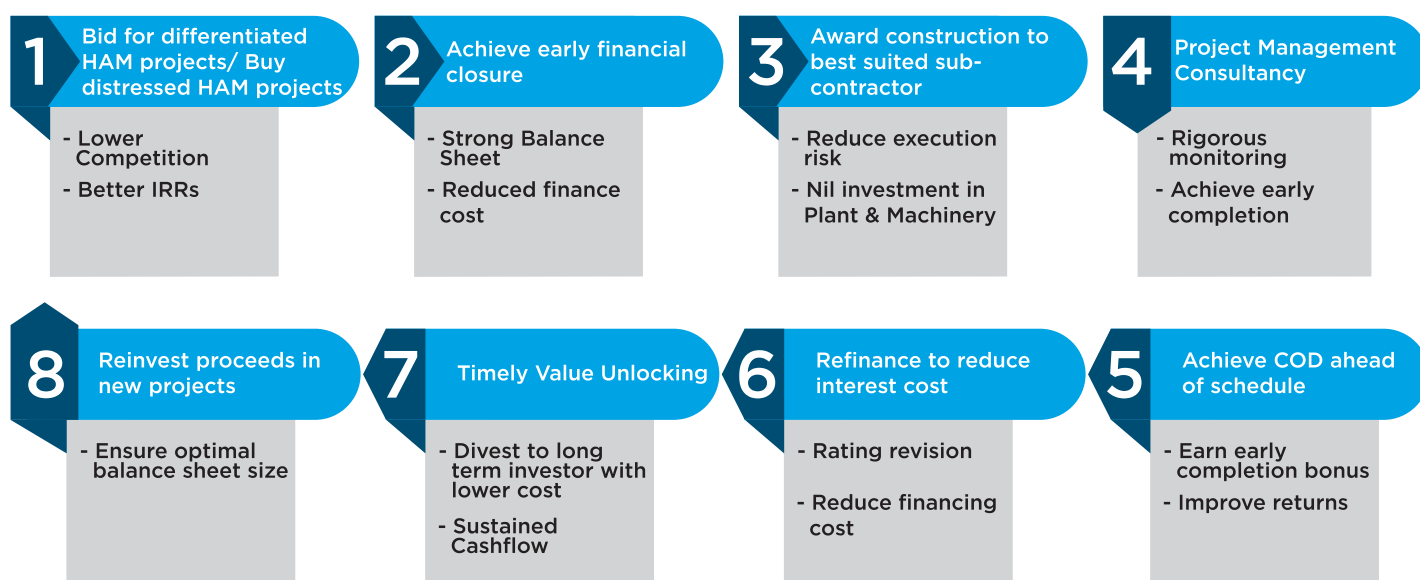

WEL is focused only on HAM projects as a developer – it does not undertake any new EPC projects or BOT projects. The focus is on differentiated projects where the competition is lower. At the pre-bidding stage, each bid is evaluated by an independent bid committee and is approved for bidding, only if it meets the Company's return criteria. The Company has a cash balance of Rs. 7.1 billion, unlike most other companies in the infra space that are burdened with high amount of debt. This cash gives the company ample capital for growth and supports the equity required for the HAM projects. The strong balance sheet and robust credit rating helps the Company to arrange debt for the projects at very competitive costs. While many weaker players are finding it difficult to achieve financial closure, WEL has achieved quick

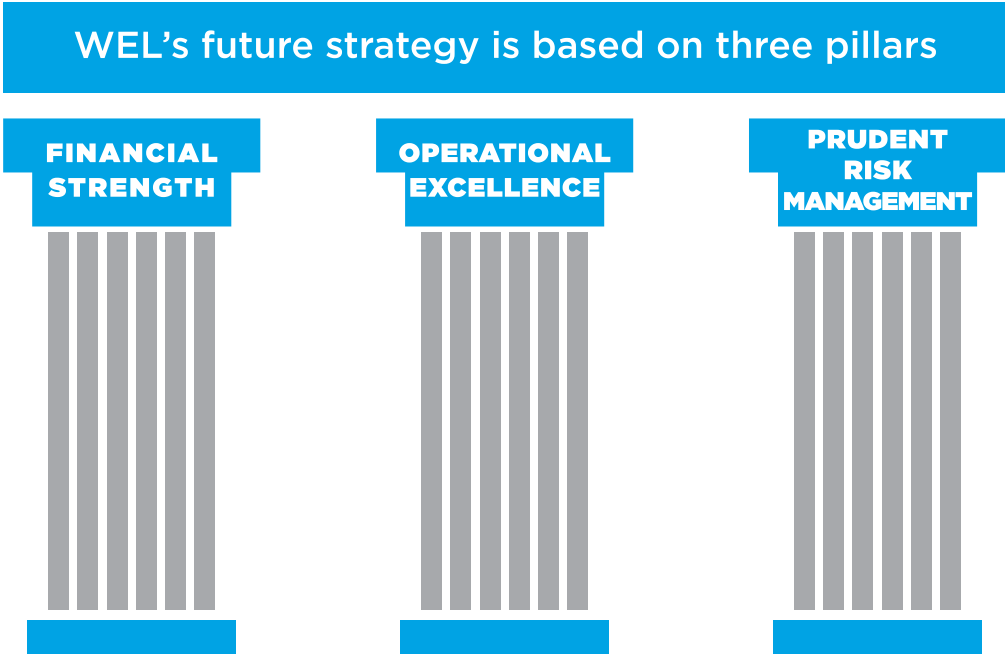

financial closure of all 5 awarded projects, thanks to its balance sheet.

The Company follows a unique asset-light model, with no investment in construction plant and machinery. The entire construction is outsourced/sub-contracted to the best-suited sub-contractor and WEL only focuses on the high value-add activity - Project Management Consultancy (PMC), ensuring quality, safety and timely completion of the projects in its portfolio. The outsourcing of construction also gives WEL flexibility to take up projects in any part of the country. The rigorous project monitoring and supervision by WEL, during the construction phase, helps in achieving early completion and reducing operations and maintenance during the O&M period. It also helps improve returns by earning the early completion bonus.

With focus only on HAM, working capital requirements are also minimal. Under HAM, the risks are significantly reduced once the construction is over. WEL will look to unlock value from these projects at this stage, by divesting the projects to investors with lower cost of capital.

WEL's Asset Light Approach to Infrastructure

BUILDING MUCH MORE THAN AN EXPRESSWAY

Vertical Garden developed along the entire bridge
40,000+ Trees

transplanted and retained existing trees

Infrastructure Project Portfolio

In FY18, the Company followed a cautious bid/buy strategy to strengthen its HAM portfolio. The Company started the financial year with one HAM project and added 5 more HAM projects (including L-1 bidder status in one project) to its portfolio taking the total HAM portfolio size to Rs. 70+ billion and 235+ kms. The EPC order book at the end of the year was Rs. 60 billion.

By March 31st 2018, the Company had substantially completed India's first HAM project -Delhi-Meerut Expressway Package 1 (Delhi Section), demonstrating operational excellence by remaining well ahead of the scheduled construction. The Company started construction on two more HAM projects during the financial year while two other projects have achieved financial closure and are awaiting appointed date. The Company holds the L-1 bidder status in its most recent project addition and is awaiting formal communication ("Letter of Award") from NHAI.

The details of the HAM projects and their status is given below:

- **Delhi - Meerut Expressway Package 1**
Project Description: 14 Lane expressway: Six-laning of Delhi – Meerut Expressway & four-laning either side from 0th km to existing km 8.4 of NH-24 in Delhi.
Project Status: WEL started construction on the country's first 14-lane expressway and one of the first projects under the Hybrid Annuity Model (HAM), in November 2016. While the construction schedule was 30 months, the Company has completed the project and applied for provisional completion certificate within 18 months. This demonstrates the operational excellence and superior project management by WEL, with its outstanding performance being appreciated by the NHAI as well. The extraordinary speed of completion also entitles WEL to an early completion bonus from the authority.
- **Gagalheri - Saharanpur Yamunanagar (GSY)**
Project Description: 4-Laning of Gagalheri-Saharanpur Yamunanagar section of NH-73 in UP / Haryana.
Project Status: WEL acquired a stake in this project from the MBL group and become the project sponsor in January 2018. NHAI declared the Appointed Date for the Project as 26th January 2018. Execution is in full swing in this project.
- **Chutmalpur-Ganeshpur & Roorkee-Chutmalpur-Gagalheri (CGRG)**
Project Description: 4-Laning of Chutmalpur-Ganeshpur section of NH-72A & Roorkee-Chutmalpur-Gagalheri section of NH-73 in UP & Uttarakhand.
Project Status: WEL acquired a stake in this project from the MBL group and become the project sponsor in January 2018. NHAI declared the Appointed Date for the Project as 28th February 2018. Execution is in full swing in this project.
- **Aunta - Simaria (Ganga Bridge with Approach Roads)**
Project Description: Six- Laning from Aunta-Simaria (Ganga Bridge with Approach Roads) Section from km 197.9 to km 206.1 of NH-31 in Bihar.
Project Status: The Company was awarded the project in August 2017 by NHAI. WEL has achieved the financial closure and is awaiting the appointed date for starting construction. In the meantime, the Company has mobilized the site and started developmental work.
- **Chikhali-Tarsod (Package-IIA)**
Project Description: 4-laning of Chikhali – Tarsod (Package-IIA) section of NH-6 from km. 360.0 to km.422.7 in Maharashtra.
Project Status: WEL acquired a stake in this project from the Vishvaraj group and become the project sponsor in January 2018. WEL has achieved the financial closure and is awaiting the appointed date for starting construction. In the meantime, the Company has mobilized the site and started developmental work.

- **Sattanathapuram – Nagapattinam**
Project Description: 4 laning of Sattanathapuram to Nagapattinam (Design Ch Km 123.8 to Km 179.6) section of NH-45A (New NH -332) in Tamil Nadu
Project Status: WEL has been declared the lowest bidder (L1) in May 2018; the Letter of Award (LoA) is awaited from NHAI.

Apart from the HAM projects, the Company also has a small portfolio of legacy BOT projects. The Company currently operates three BOT projects - two in road and one in water. The projects are:

- Himmatnagar bypass in Gujarat: Rs. 15.7 million toll collection in the year
- Raisen-Rahatgarh road project in Madhya Pradesh: Rs. 21 million toll collection in FY18
- Dewas water project in Madhya Pradesh: This project, which involves supply of treated water of up to 23 MLD to industrial customers in Dewas, has been modified under the Madhya Pradesh Swiss Challenge Guidelines. Construction of the modified project, with project cost of Rs. 1,463 million (including subsumed debt of old project), started in May 2018 and is expected to be completed in 12 months.

During the period Feb-April 2018, the Company handed back two road projects - Hoshangabad- Khandwa and Kim-Mandvi back to the respective authorities. Apart from these, the Company owns 13% equity stake in the road project - Dewas Bhopal

Corridor Limited, which it plans to divest, subject to approval from relevant authorities.

Outlook

WEL has a strong unexecuted EPC order book of Rs. 60 billion which sets a strong foundation for future growth of the Company. The order book is more than 6 times the Company's revenue in FY18 and provides revenue growth visibility of 100% p.a. for the next 2 years. The significant increase in revenue is also expected to translate to better operating margins as operating leverage comes into play.

The Company intends to continue its approach of prudent bid/buy strategy to build its HAM project portfolio. For bidding, WEL will target projects where the Company can differentiate itself from other routine players. As part of building its HAM portfolio, WEL will also look at acquiring distressed HAM projects, which are available at reasonable valuations and can be value-accretive to shareholders.

Apart from road infrastructure projects, the Company also sees huge potential in the water sector in the country. WEL is building a team for its water vertical and intends to participate in future bids in this sector, especially which are awarded under the HAM model.

The Company will continue to work on an asset-light model with focus on Return on Capital Employed (RoCE), free cash flow and risk management.

Actual Site Photo

Oil And Gas

The Company is invested in the oil and gas sector through a Joint Venture Company - Adani Welspun Exploration Ltd. (AWEL), where it owns 35% stake. Under the existing portfolio, the Company has five relevant blocks:

- **Kutch-1 or GK-OSN-2009/1** - AWEL has 25% stake in this block. This field has already been declared as a potential commercial discovery by the operator - ONGC. Appraisal studies are underway to determine the commercial viability of the block.
- **Kutch-2 or GK-OSN-2009/2** - AWEL has 30% stake in this block. This field has also been declared as a potential commercial discovery by the operator - ONGC. Appraisal studies are underway to determine the commercial viability of the block.
- **Mumbai Block or MB-OSN-2005/2** - AWEL currently holds 100% ownership interest in Phase I. AWEL has decided to execute Phase - II of the exploration.
- **Palej or CB-ONN-2005/4** - WEL and Adani Group directly hold 35% and 55% respectively in this block. The consortium had struck oil in the block but termination notice was served by MoPNG due to default of Naftogaz India holding 10% stake; non-defaulting partners Adani Group and WEL have requested for transfer of this 10% stake to Adani/AWEL. The request is pending for approval by DGH/MoPNG.
- **B-9 Cluster (DSF)** - AWEL was awarded this block in Mumbai High under the Discovered Small Field bidding process (DSF 2016) in March 2017. The block is in close proximity to AWEL's prospective exploratory block (MB/OSN/2005/2) and ONGC's B-12 area, which is under advanced stage of development. At present, the development plan is being drawn for B9 Cluster. The anticipated capital cost is USD 110 million at the AWEL level.

WEL believes that these blocks have considerable hydrocarbon potential, which would be quantifiable post the appraisal stage/during the development stage of each of these blocks. The Company intends to unlock value from these blocks at the right time.

Corporate Social Responsibility

Welspun's social commitment includes sustainability and inclusive growth. While creating world class infrastructure, the Company has always targeted to work with the local communities through diverse social interventions to secure stable & sustainable futures. In areas nearby its Delhi-Meerut Expressway package-1 site, the Company has taken initiatives for:

- **Community Healthcare**
 - Weekly health check-up camps being organised
 - Regular fogging
 - **Impact:** Cases of illness have reduced 90% over a span of 6 months, Malaria/ Dengue/ Chikungunya cases completely eliminated
- **Potable Water Supply**
 - Distribution of Potable Water every alternate day at slums
 - Provided clean & hygienic water bottles for storage
 - **Impact:** Condition have changed from unavailability of water to doorstep water distribution; 250+ beneficiaries
- **Promoting Education**
 - Providing basic education at a young age
 - Distribution of school kits and books for children
 - **Impact:** Programme started with 20 children, now increased to 60; 15 students admitted in govt. school post preliminary education at classes

The Company has been able to build the Delhi-Meerut Expressway Package-1 in a unique and sustainable way by developing vertical gardens along the entire bridge and electrification through solar power. Several beautification initiatives have also been undertaken along the expressway, including wall arts on pillars and replicas of famous monuments.

Key Risks

Infrastructure

- » Limited avenues for raising long-term funding
- » Inadequate regulatory framework
- » Requirement of multiple clearances and associated delays
- » Inefficiencies in pricing of infrastructure
- » Inadequate availability of skilled manpower
- » Rising interest rates

Oil & Gas Exploration

- » Commercial viability of discoveries
- » Price Volatility of Oil & Gas
- » Limitation due to Infrastructure for exploration and evacuation of products
- » Regulatory controls

Human Resources Policy

Human resource is the biggest asset of the Company and it remains one of the core focus areas of the Company. The Management of the Company lays special emphasis on the welfare of its employees and training, welfare and safety measures are undertaken on a regular basis. The Company has a well qualified and experienced team of professionals with a

dedicated human resource department, which is competent to deliver when needed. The Company aims to provide a congenial work environment that respects individuals and encourages professional growth, innovation and superior performance. The headcount in the Company as on 31st March 2018 was 448.

Internal Control System And Their Adequacy

Management of the Company maintains adequate internal control system which is designed to provide reasonable assurance that assets are safeguarded and transactions are rightly executed and recorded in accordance with management authorization and accounting policies.

All the records are adequately maintained

for preparation of financial statements and other financial information. Apart from internal controls, the Company also audits the efficiency and security of its operations, its information technologies and data, in accordance with the global standards. The Audit Committee reviews internal audit reports as well as the internal control systems and financial disclosures.

Discussion Of Financial Performance – FY18

Note: This section discusses the financial performance on a comparable basis. The numbers might differ from the reported numbers.

The standalone financials are as shown below:

(Rs. Million)

Income Statement Snapshot	FY18	FY17	YoY Growth
Total Income*	10,928	3,894	181%
EBITDA	1,660	678	145%
<i>EBITDA margin</i>	15.2%	17.4%	
PBT	1,385	427	225%
Exceptional	142	107	33%
Reported PBT	1,527	534	186%
PAT	1,097	433	154%
PAT margin	10.0%	11.1%	
Cash PAT	1,062	539	97%

Note: Cash PAT = PBDT (before exceptional items) – Current tax

** Other income (part of Total income) includes treasury income of Rs.172 million for Q4FY18 and Rs.750 million for FY18.*

(Rs. Million)

Balance Sheet Snapshot		
Net Worth	14,573	13,524
Gross Debt	664	801
Cash & Cash Equivalents	7,135	10,663
Net Debt /(Cash)	(6,471)	(9,862)
Other Long Term Liabilities	303	287
Total Net Fixed Assets (Incl. CWIP)	87	818
Net Current Assets (Excl. Cash & Cash Equivalents)	1,053	(1,409)
Other Long Term Investments and Assets	7,263	4,540

Note: Cash & Cash Equivalents includes liquid Investments & ICDs

Total Income

Total income up 181% to Rs. 10,928 million from Rs. 3,894 million, primarily contributed by progress on the Delhi-Meerut road project.

Profitability

Profit before tax (before exceptional) more than tripled to Rs. 1,385 million in FY18 from Rs. 427 million in FY17. Profit after tax more than doubled to Rs. 1,097 million in FY18 from Rs. 433 million in FY17.

Networth

Networth was at Rs. 14,573 million in FY18 as compared to Rs. 13,524 million in FY17.

Debt

The company gross debt stands at Rs. 664 million in FY18 compared to Rs. 801 million in FY17. Taking into consideration, cash and cash equivalents of Rs. 7,135 million, the Net Debt/(cash) stood at Rs. (6,471) million in FY18 as compared to Rs. (9,862) million in FY17. The reduction in cash was primarily on account of investments in SPV for under construction HAM projects.

Credit Ratings

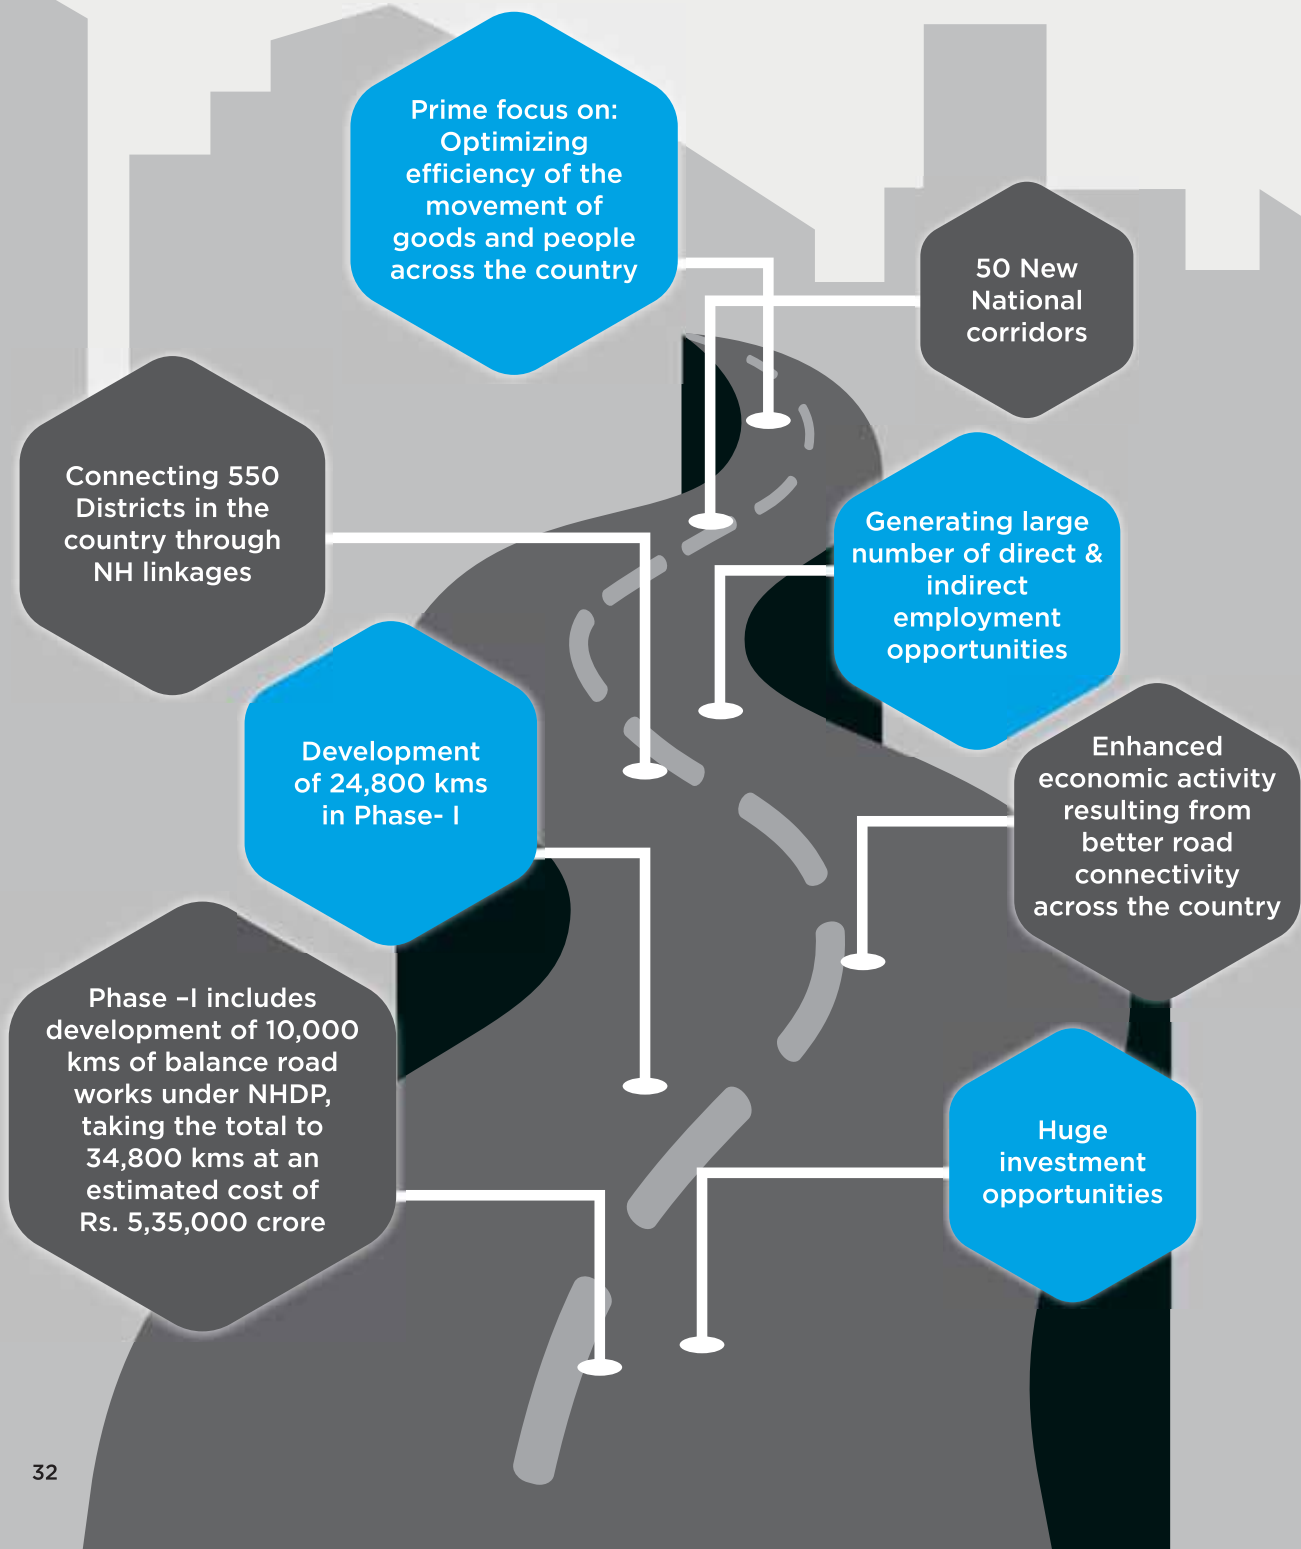

As a result of the Company's consolidation efforts, the credit ratings of the Company have also been upgraded by CARE. The rating has been revised to "AA-" from "A+" in respect of long-term facilities. On the short-term facilities, the Company is rated as "A1+" (highest possible rating).

DIRECTORS' REPORT

To,
The Members,

Welspun Enterprises Limited

The directors have pleasure in presenting the 24th Annual Report of the Company along with the Audited Financial Statements for the financial year ended March 31, 2018.

1. FINANCIAL RESULTS:

(₹ in lakhs)

Particulars	Standalone		Consolidated	
	FY 2017-18	FY 2016-17	FY 2017-18	FY 2016-17
Revenue from operations	99,720	29,163	106,713	30,544
Other Income	9,556	9,773	11,482	10,096
Total Income	109,276	38,936	118,195	40,640
Total Expenditure	95,427	34,668	104,375	36,628
Share of profit/ (loss) from associate and joint venture	-	-	(285)	(202)
Profit Before Tax	13,849	4,268	13,536	3,810
Exceptional Items	1,417	1,068	(1,961)	(2,300)
Tax expenses/ (credit)	4,292	1,009	4,631	1,014
Profit for the year	10,974	4,327	6,944	496
Other Comprehensive Income	(88)	(5)	(93)	(4)
Total Comprehensive Income	10,886	4,322	6,851	492
Earnings Per Share				
Basic (Rs)	7.44	2.49	4.71	0.29
Diluted (Rs)	7.37	2.48	4.66	0.28

The financial statements have been prepared in accordance with the applicable accounting standards.

2. PERFORMANCE HIGHLIGHTS:

Performance highlights for the year under report are as under:

(₹ in lakhs)

Particulars	Standalone		Consolidated	
	FY 2017-18	FY 2016-17	FY 2017-18	FY 2016-17
Contract Receipts & Other Operating Income	96,741	26,365	102,695	26,847
Toll Collection	2,979	2,798	4,018	3,697

3. DIVIDEND & TRANSFER TO RESERVES:

The Board is pleased to recommend a dividend @ 15% for the year ended March 31, 2018, i.e., Rs. 1.50 per equity share of Rs. 10/- each fully paid up out of the net profits. In respect of profit declared during the previous year, Rs. 3.85 lakhs remained unclaimed as on March 31, 2018.

As per the Dividend Distribution Policy of the Company, the Board will endeavor to achieve distribution of an amount of profit subject to maximum of 25% of Profit after Tax for a financial year, on consolidated basis or standalone basis, whichever is higher. The amount of dividend together with the Dividend Distribution Tax for the year ended March 31, 2018 works out to 24.31% of Profit After Tax on standalone basis. The Policy is available on the Company's website at:

[http://www.welspunenterprises.com/userfiles/file/WEL%20Dividend%20Distribution%20Policy%20%20\(1\).pdf](http://www.welspunenterprises.com/userfiles/file/WEL%20Dividend%20Distribution%20Policy%20%20(1).pdf)

4. INTERNAL CONTROLS:

The Company has adequate internal control system, which is commensurate with the size, scale and complexity of its operations. The Company has a process in place to continuously monitor existing controls and identify gaps and implement new and / or improved controls wherever the effect of such gaps would have a material impact on the Company's operation.

5. SUBSIDIARIES/JOINT VENTURES/ ASSOCIATE COMPANIES:

A report on the performance and financial position of each of the subsidiaries / joint venture / associate companies included in the consolidated financial statements, is presented in Form AOC-1, annexed to this Report as **Annexure - 1**.

The Company's policy on Material Subsidiary as approved by the Board is uploaded on the Company's website www.welspunenterprises.com and a web link thereto is:

<http://www.welspunenterprises.com/userfiles/file/Policy%20for%20governance%20of%20Material%20and%20other%20Subsidiaries.pdf>

6. AUDITORS AND AUDITORS' REPORT:

a) Statutory Auditors

The Company's Auditors, M/s. MGB & Co. LLP, Chartered Accountants, who have been appointed up to the conclusion of the 26th Annual General Meeting, subject to ratification by the members of the Company at every Annual General Meeting, have given their consent to continue to act as the Auditors of the Company. M/s. MGB & Co. LLP, Chartered Accountants is holding a valid certificate issued by the Peer Review Board of the Institute of Chartered Accountants of India. Members are requested to ratify their appointment as the Auditors of the Company and to fix their remuneration, by passing an ordinary resolution under Section 139 of the Companies Act, 2013.

The Auditors' observation, if any, read with Notes to Accounts are self-explanatory and therefore do not call for any comment.

b) Cost Auditors

Pursuant to the provisions of Section 148 of the Companies Act, 2013 read with Rule 14 of the Companies (Audit and Auditors)

Rules, 2014, the Board of Directors of the Company, on the recommendation of the Audit Committee, has appointed M/s. Kiran J. Mehta and Co., Cost Accountants (Firm Registration Number 000025) as the Cost Auditors of the Company for the financial year 2018-19. Members are requested to ratify their remuneration by passing an ordinary resolution.

The Company had appointed M/s. Kiran J. Mehta & Co., Cost Accountants, as the Cost Auditors of the Company for the financial year 2017-18. The Cost Audit Report for the year 2016-17 was e-filed on September 6, 2017. The Cost Audit for the financial year 2017-18 is in progress and the report will be e-filed to Ministry of Corporate Affairs, Government of India, in due course.

c) Secretarial Auditors

Pursuant to the provisions of Section 204 of the Companies Act, 2013 read with Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Board of Directors of the Company had appointed M/s. S. S. Risbud & Co., Company Secretaries, as the Secretarial Auditors of the Company for the financial year 2017-18.

The Secretarial Audit Report for the financial year ended March 31, 2018 is annexed with the report as **Annexure - 2**. There is no qualification, reservation or adverse remark or disclaimer made by the Company Secretary in Practice in the Secretarial Audit Report.

The Board of Directors has appointed M/s. Mihen Halani & Associates, Company Secretaries as the Secretarial Auditors of the Company for the financial year 2018-19.

d) Details in respect of frauds reported by Auditors other than those which are reportable to the Central Government

The Statutory Auditors of the Company have not reported any fraud to the Audit Committee or to the Board of Directors under Section 143(12) of the Companies Act, 2013 read with Rule 13 of the Companies (Audit and Auditors) Rules, 2014.

7. SHARE CAPITAL & LISTING:

a) Issue of equity shares with differential rights

The Company does not have any equity shares with differential rights.

b) Issue of sweat equity shares

During the year under report, the Company has not issued any sweat equity share.

c) Issue of employee stock options

During the financial year 2017- 18, 2,40,000 equity shares were allotted to the Managing Director in terms of "Welspun Managing Director Stock Option Plan - 2014" ("MDESOP-2014").

The Board of Directors at its meeting held on August 11, 2017 approved the "Welspun Enterprises Limited Employees Stock

Option Plan 2017" ("WEL ESOP Scheme - 2017"), which was then approved by the members at the Annual General Meeting held on September 28, 2017. Further, it is confirmed that the ESOP Scheme of the Company is in compliance with SEBI (Share Based Employee Benefits) Regulations, 2014. The applicable disclosures as stipulated under Regulation 14 of the SEBI (Share Based Employee Benefits) Regulations, 2014 read with SEBI circular no. CIR/CFD/POLICY CELL/2/2015 dated June 16, 2015 with regard to WEL ESOP Scheme -2017 are available on the website of your Company at www.welspunenterprises.com and weblink thereto is:

http://welspunenterprises.com/userfiles/file/ESOP_disclosure-Reg%2014.pdf

The particulars required to be disclosed pursuant to the SEBI (Share Based Employee Benefits) Regulations, 2014 and Rule 12(9) of the Companies (Share Capital and Debentures) Rules, 2014 are given below:

Sr. No.	Particulars	MD ESOP-2014	WEL ESOP Scheme -2017
a	Options granted during FY 2017-18	Nil	30,00,000
b	Options vested during FY 2017-18	2,40,000	Nil
c	Options exercised during FY 2017-18	2,40,000	Nil

31,800	212	576	3	576	3	31,224	209

The voting rights on these shares shall remain frozen till the rightful owner of such shares claims the shares.

8. FINANCE:

a) Credit Rating

The Company has been assigned credit rating of "CARE AA-" (Double A Minus) in respect of long term bank facilities and "CARE A1+" in respect of short term bank facilities, by CARE Ratings Limited ("CARE").

b) Deposits

The Company has not accepted any deposit within the meaning of Chapter V to the Companies Act, 2013. Further, no amount on account of principal or interest on deposit was outstanding as at the end of the year under report.

9. EXTRACT OF THE ANNUAL RETURN:

Pursuant to Section 92(3) of the Companies Act, 2013 read with Rule 12(1) of the Companies (Management and Administration) Rules, 2014, extract of the annual return in Form MGT-9 is attached to this Report as **Annexure - 3**.

10. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO:

Energy conservation -

In the area of alternate energy, the Company

has taken initiatives beyond its normal scope of works. At our Delhi Meerut Expressway Package-I project, an entire solar power plant of capacity 1050 kW, at an investment of Rs 7.5 crore, is being installed. This power plant, installed on the Yamuna bridge, will generate green energy to meet the requirements of the complete 8.716 km stretch, thereby reducing the intake from the power grid.

Another initiative to reduce our carbon footprint is the installation of LED light bulbs at our Delhi Meerut Expressway Package-I project, reducing our power consumption.

Technology absorption -

a) The monitoring of the integrity of various road layers during construction is key to ensuring the best pavement quality. In this regard, intelligent Compaction Monitoring Systems are being utilized at all our road projects. This system analyses several parameters related to road quality and facilitates real-time compaction monitoring.

b) At our Delhi Meerut Expressway Package-I project, vertical green walls have been installed along both sides of the Yamuna bridge with drip irrigation technology. This

helps in reducing pollution along with better aesthetics.

- c) The Company has utilized new building techniques in its projects – it is one of the few companies in India to have used pile foundations in constructing a river bridge.
- d) SAP PS-Module is used to monitor the physical and financial progress on all our projects.

Details of Foreign exchange earnings and outgo are as under-

Foreign exchange earnings	: Nil
Foreign exchange outgo	: Rs. 7.71 lakhs

11. CORPORATE SOCIAL RESPONSIBILITY (CSR):

In view of the absence of average net profits during the three immediately preceding financial years, the Company was not required to contribute any amount for CSR activities as required under Section 135 of the Companies Act, 2013 read with the Companies (Corporate Social Responsibility) Rules, 2014.

The CSR Policy is hosted on the Company's website www.welspunenterprises.com and a web link thereto is:

<http://www.welspunenterprises.com/userfiles/file/CSR%20Policy%20-.pdf>

Disclosures as required under Rule 9 of the Companies (Corporate Social Responsibility Policy) Rules, 2014 are annexed to this Report as **Annexure - 4.**

12. DIRECTORS AND KEY MANAGERIAL PERSONNEL:

The Company's Board comprises of a mix of executive and non-executive directors with considerable experience and expertise across a range of fields such as finance, accounts, general management and business strategy. The details of the directors and their meetings held during the year have been given in the Corporate Governance Report, which forms part of the Annual Report.

a) Changes in Directors and Key Managerial Personnel

During the period under review, Insight Solutions Limited and Granele Limited,

ceased to be investors of the Company and hence, withdrew the directorship of Mr. Mintoo Bhandari and Mr. Utsav Baijal (Alternate Director to Mr. Mintoo Bhandari) from the Board of Directors of the Company. As a result, Mr. Mintoo Bhandari and Mr. Utsav Baijal ceased to be directors of the Company w.e.f. November 22, 2017.

Ms. Indu Daryani resigned from the position of Company Secretary w.e.f. February 28, 2018.

Ms. Priya Pakhare was appointed as Company Secretary w.e.f. May 10, 2018.

In accordance with the provisions of the Companies Act, 2013 and the Articles of Association of the Company, Mr. Balkrishan Goenka (DIN:00270175) and Mr. Rajesh R. Mandawewala (DIN:00007179) are retiring by rotation at the forthcoming Annual General Meeting. The Board of Directors has recommended Mr. Goenka's appointment as a director not liable to retire by rotation whereas, Mr. Mandawewala, being eligible, has been recommended for re-appointment as a director liable to retire by rotation by the Board.

Details about the directors being appointed / re-appointed are given in the Notice of the forthcoming Annual General Meeting being sent to the members along with the Annual Report.

b) Declaration by Independent Director(s)

The independent directors on the Board of the Company have given declaration that they meet the criteria of independence as provided under Section 149(6) of the Companies Act, 2013 at the time of their respective appointment and there is no change in the circumstances as on the date of this report which may affect their status as an independent director.

c) Formal Annual Evaluation

The Company followed the evaluation process with specific focus on the performance vis-à-vis the plans, meeting of challenging situations, performing of leadership role within, and effective functioning of the Board, etc. which was largely in line with the SEBI Guidance Note on Board Evaluation dated January 5, 2017.

The evaluation process invited through IT enabled platform sought graded responses to a structured questionnaire for each aspect of the evaluation viz. time spent by each of the directors; accomplishment of specific responsibilities and expertise; conflict of interest; integrity of the Director; active participation and contribution during discussions. For the financial year 2017-18, the annual performance evaluation was carried out by the Independent Directors, Nomination and Remuneration Committee and the Board, which included evaluation of the Board, Independent Directors, Non-independent Directors, Executive Directors, Chairman, Committees of the Board, Quantity, Quality and Timeliness of Information to the Board. All the results were satisfactory.

d) Familiarization program for Independent Directors

The familiarization program aims to provide the Independent Directors with the scenario of the infrastructure industry, the socio-economic environment in which the Company operates, the business model, the operational and financial performance of the Company, significant development so as to enable them to take well-informed decisions in timely manner. The familiarization program also seeks to update the directors on their roles, responsibilities, rights and duties under the Act and other statutes.

The policy on Company's familiarization program for independent directors is hosted on the Company's website www.welspunenterprises.com and a web link thereto is:

[http://welspunenterprises.com/userfiles/file/Familiarisation%20program%20WEL\(LODR\).PDF](http://welspunenterprises.com/userfiles/file/Familiarisation%20program%20WEL(LODR).PDF)

e) Policy on directors' appointment, remuneration and other details

The salient features of the Company's "Nomination and Remuneration Policy" on directors' appointment, remuneration and other matters provided in Section 178(3) of the Companies Act, 2013 has been disclosed in Point No. "V. NOMINATION AND REMUNERATION COMMITTEE" of the Corporate Governance Report which forms part of the Annual Report.

f) Number of meetings of the Board

The Board met 9 times during the financial year 2017-18, the details of which are given in the Corporate Governance Report forming part of the Annual Report. The maximum interval between any two meetings did not exceed 120 days, as prescribed in the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

g) Committee of the Board of Directors

Information on the Audit Committee, the Nomination and Remuneration Committee, the Stakeholders' Relationship, Share Transfer and Investor Grievance Committee, Corporate Social Responsibility Committee and meetings of those Committees held during the year is given in the Corporate Governance Report.

13. VIGIL MECHANISM:

The Company has adopted Whistle Blower Policy and Vigil Mechanism for its directors and employees in terms of provisions of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and the Companies Act, 2013 and no personnel have been denied access to the Audit Committee. Protected Disclosures and other communication can be made in writing by an email addressed to the Chairman of the Audit Committee.

The policy on Whistle Blower Policy and Vigil Mechanism is disclosed on the Company's website and a web link thereto is as under:

<http://www.welspunenterprises.com/userfiles/file/Whistle%20Blower%20Policy%20and%20Vigil%20Mechanism.pdf>

14. LOANS, GUARANTEES AND INVESTMENTS:

Pursuant to Section 186(1)(a) of the Companies Act, 2013, the Company being engaged in the business of providing infrastructural facilities is exempt from the requirement of providing the particulars of loans made, guarantees given or securities provided.

For particulars of the investments made by the Company for the period under report, refer Note 6 and 11 of Notes to Accounts to the standalone financial statements.

15. PARTICULARS OF CONTRACTS OR ARRANGEMENTS WITH RELATED PARTIES:

All related party transactions that were entered into by the Company during the year under report were on an arm's length basis and were in the ordinary course of business, to serve the mutual needs and the mutual interest. The approval of the shareholders was obtained on March 5, 2018, by way of postal ballot for all the material related party transactions entered into/ to be entered into by the Company during F.Y. 2017-18 and F.Y. 2018-19 in the ordinary course of business and on arm's length basis with related party/ies within the meaning of the Companies Act, 2013 and the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. For the details of the related party transactions, please refer Note No. 47 of Notes to Accounts to the standalone financial statements.

The Audit Committee has given its omnibus approval for the transactions which could be envisaged and the same is valid for one financial year.

The Company's policy on dealing with Related Party Transactions as required under Regulation 23 of LODR is disclosed on the Company's website www.welspunenterprises.com and a web link thereto is as under:

<http://www.welspunenterprises.com/userfiles/file/Related%20Party%20Transaction%20Policy.pdf>

Disclosures as required under the Companies Act, 2013 are given in Form AOC-2 annexed as **Annexure - 5** to this Report.

16. MANAGERIAL REMUNERATION:

a) Details of the ratio of the remuneration of each director to the median employee's remuneration and other details as required pursuant to Section 197(12) of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 are as under:

- i. The ratio of remuneration of Mr. Balkrishan Goenka, Chairman (Executive) and Mr. Sandeep Garg, Managing Director, to the median remuneration of the employees of the

Company was 1:237 and 1:387 (including the value of ESOPs and remuneration from associate company) respectively.

- ii. The percentage increase in remuneration of each director, Chief Financial Officer, Company Secretary or Manager, if any, in the financial year : Managing Director was 22% Chief Financial Officer : 10% and Company Secretary : 7%.
- iii. The percentage increase in the median remuneration of employees in the financial year 2017-18 was 7%.
- iv. 448 permanent employees were on the rolls of the Company as on March 31, 2018.
- v. Market Capitalization of the Company as on March 31, 2018 was Rs. 208,538 lakhs and as on March 31, 2017, it was Rs. 123,137 lakhs.
- vi. The share price increased to Rs. 141.35/- (NSE closing Price) as on March 31, 2018 in comparison to Rs. 30 (the rate at which the Company came out with the public issue in the year 2004).
- vii. Average percentile increase in the salaries of employees (other than the managerial personnel), and of the managerial personnel, in the FY 2017-18 was -8% and 13% respectively. Higher percentile rise in managerial remuneration viz-a-viz percentile rise in remuneration to the other employees, was to appropriately compensate the managerial personnel for handling key managerial responsibilities in increasingly competitive and challenging business environment.
- viii. The Profit before Tax (before exceptional items) of the Company for F.Y. 2017-18 was Rs. 13,849/- lakhs whereas Managing Director's, the Chief Financial Officer's, and the Company Secretary's, remuneration were Rs. 336.85 lakhs (includes Rs. 120 lakhs paid from associate company); Rs. 78.24 lakhs and Rs. 14.72 lakhs respectively.
- ix. We affirm that the remuneration is as per the remuneration policy of the Company.

- f) Apart from Sitting Fees for meetings, there is no pecuniary transaction entered into by the non-executive directors with the Company.

17. SHAREHOLDING OF THE DIRECTORS OF THE COMPANY AS ON MARCH 31, 2018:

Refer Corporate Governance Report for detail of shareholding of directors.

Except as mentioned in the Corporate Governance Report, none of the other Directors hold any shares in the Company.

18. CORPORATE GOVERNANCE CERTIFICATE:

The compliance certificate obtained from M/s. S. S. Risbud & Co., Company Secretaries, regarding compliance of conditions of corporate governance as stipulated under Part E of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is annexed with this Report.

19. RISK MANAGEMENT POLICY:

With its fast and continuous expansion in the volume of businesses in the highly competitive & challenging scenario, the Company is exposed to plethora of risks which may adversely impact growth and profitability. The Company recognizes that risk management is of concern to all levels of the businesses and requires a structured risk management policy and process involving all personnel. With this objective, the Company had formulated structured Risk Management Policy thereby to effectively address such risks namely strategic, business, regulatory and operational risks especially BOT projects.

The Policy envisages identification of risks together with the impact that these may have on the business objectives. It also provides a mechanism for categorization of risks into Low, Medium and High according to the severity of risks. The risks identified are reviewed by a committee of senior executives and the Managing Director of the Company and appropriate actions for mitigation of risks are advised; the risk profile is updated on the basis of change in the business environment.

For the key business risks identified by the Company please refer to the Management Discussion and Analysis annexed to this Report.

20. DIRECTORS' RESPONSIBILITY STATEMENT:

Pursuant to Section 134(3)(c) & 134(5) of the Companies Act, 2013, the directors hereby confirm that:

- in the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures;

- b. the directors selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year and of the profit and loss of the Company for that period;
- c. the directors had taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- d. the directors had prepared the annual accounts on a going concern basis;
- e. being a listed company, the directors have laid down internal financial controls to be followed by the Company and such internal financial controls are adequate and are operating effectively; and
- f. the directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

21. MISCELLANEOUS:

- During the year under Report, there was no change in the general nature of business of the Company.

- No material change or commitment has occurred which would have affected the financial position of the Company between the end of the financial year to which the financial statements relate and the date of the report.
- No significant and material order was passed by the regulators or courts or tribunals which would have impacted the going concern status and the Company's operations in future.
- Further, during the year under review, no case of sexual harassment was reported to the Internal Complaints Committee formed under the provisions of the Sexual Harassment of Women at workplace (Prevention, Prohibition and Redressal) Act, 2013.

22. ACKNOWLEDGEMENTS:

The directors thank the government authorities, financial institutions, Banks, Customers, Suppliers, Shareholders, Employees and other business associates of the Company, who through their continued support and co-operation, have helped as partner in the Company's progress and achievement of its objectives.

For and on behalf of the Board of Directors

Form No. MR-3
SECRETARIAL AUDIT REPORT
FOR THE FINANCIAL YEAR ENDED MARCH 31, 2018

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members,

Welspun Enterprises Limited

Welspun City , Village Versamedi , Anjar,

Gujarat - 370110.

CIN- L45201GJ1994PLC023920

BSE Scrip Code-532553

NSE Scrip Code-WELENT Series EQ

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Welspun Enterprises Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2018, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2018 according to the provisions of:

- (i) The Companies Act, 1956 / The Companies Act, 2013 the ("the Act") and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 ("SCRA") and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) The Foreign Exchange Management Act, 1999 and the Rules and Regulations made under that Act to the extent applicable;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ("SEBI Act") :-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (d) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;

- (e) The Securities and Exchange Board of India (Listing Obligations & Disclosure Requirements) Regulations, 2015;
- (f) The Securities and Exchange Board of India (Share Based Employee Benefit) Regulations, 2014;
- (g) The Securities Contract Regulation Act, 1956 and the rules made under that act with regards to maintenance of minimum public shareholding.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
- (ii) The Listing Agreements entered into by the Company with the BSE Limited (BSE) and The National Stock Exchange of India Limited (NSE).

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that –

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in compliance to the Act and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

During the period under review, decisions were carried through unanimously and no dissenting views were observed, while reviewing the minutes.

We further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

We further report that during the audit period the Company has not undertaken any event /action having a major bearing on the Company's affairs in pursuance of the above referred laws, rules, regulations, guidelines, standards, etc.

Note:

This report is to be read with our letter of even date which is annexed as "Annexure A" herewith and forms as integral part of this report.

Annexure – A

To,
The Members,
Welspun Enterprises Limited

Our report of even date is to be read along with this letter.

1. Maintenance of Secretarial record is the responsibility of the management of the Company. Our responsibility is to express an opinion on these Secretarial records based on our Audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in Secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.
4. Wherever required, we have obtained the Management's representation about the compliance of laws, rules and regulations and happening of events, etc.
5. The compliance of the Corporate and other applicable laws, rules, regulations, standards is the responsibility of the management. Our examination was limited to the verification of the procedures on test basis.
6. The Secretarial Audit Report is neither as assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

Remuneration Policy

The Company follows the Nomination and Remuneration Policy for appointment of, payment of remuneration to, and performance evaluation of directors, key managerial personnel and senior management personnel which, inter alia, sets out the criteria for performance evaluation of independent directors. The salient features of the policy are as under:

- The Nomination and Remuneration (NRC) Committee shall be constituted from amongst the directors serving on the Board of Directors of the Company to recommend appointment of, payment of remuneration to and performance evaluation of directors, Key Managerial Personnel and Senior Management officials, to the Board of Directors.
- While appointing any person as director, important aspects like business of the Company; strength, weakness, opportunity and threats to Company's business; existing composition of the board of directors; diversity in background of existing directors; background; skills; expertise and qualification possessed by persons being considered and specific requirements under the Companies Act, 2013, the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and any other laws as to composition of the Board shall be taken into consideration.
- While identifying persons who may be appointed as independent directors, their qualifications and suitability shall be reviewed to ensure that such candidates will be able to function as directors 'Independently' and avoid any conflict of interest, obligations, pressure from other Board members, KMPs, senior management and other persons associated with the Company.
- While recommending appointment of any candidate as Key Managerial Personnel or as a part of senior management, factors such as expectations of the role of the position being considered, qualification, skill, expertise, background, human qualities such as abilities to perform as a part of a team, emotional quotient, etc. shall be taken into consideration.
- The NRC Committee shall recommend remuneration payable to directors, Key Managerial Personnel and senior management personnel taking into consideration top industry indicators, requirements of role, qualification and experience of candidate, expected contribution of executive to the profitability challenges specific to the Company and such other matters as the Committee may deem fit.
- The NRC Committee shall further co-ordinate the process of evaluation of performance of directors (including Independent Directors), various committees of the Board and the Board as required under section 178 of the Companies Act, 2013.

The Company's Nomination and Remuneration Policy as required under Section 178(3) of the Companies Act, 2013 is disclosed on the Company's website www.welspunenterprises.com and a web link thereto is as under:

<http://welspunenterprises.com/userfiles/file/Nomination%20and%20Remuneration%20Policy.pdf>

XII. OTHER DISCLOSURES:

a) Related Party Transactions

For materially significant related party transactions, refer Note No. 47 of Notes to Accounts annexed to the Standalone Financial Statement and Annexure 5 to the Directors' Report.

The Company's policy on dealing with Related Party Transactions as required under Regulation 23 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is disclosed on the Company's website and a web link thereto is as under:

<http://welspunenterprises.com/userfiles/file/Related%20Party%20Transaction%20Policy.pdf>

b) Disclosure pursuant to Regulation 34 (3) of the SEBI (LODR), 2015.

For disclosures pursuant to Regulation 34(3), refer Note No. 51 of Notes to Accounts annexed to the Standalone Financial Statement.

c) Non-Compliance

There was no non-compliance by your Company and hence no penalty or stricture was imposed / passed on the Company by the Stock Exchanges or SEBI or any statutory authority, on any matter related to capital market, during the last 3 years.

d) Policy for determining 'material' subsidiaries

The Company's policy on determining material subsidiaries as required under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is disclosed on your Company's website www.welspunenterprises.com and a web link thereto is as under:

<http://welspunenterprises.com/userfiles/file/Policy%20for%20governance%20of%20Material%20and%20other%20Subsidiaries.pdf>

e) Details of compliance with Corporate Governance Requirements specified in SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

The Company has complied with the requirements of Part C (Corporate Governance Report) of sub-paras (2) to (10) of Schedule V of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Company has complied with Corporate Governance requirements specified in Regulation 17 to 27 and Clause (b) to (i) of Sub-Regulation (2) of Regulation 46 of the Listing Regulations and necessary disclosures thereof have been made in this Corporate Governance Report.

The Company is in compliance with mandatory requirements mentioned under Chapter IV of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 to the extent applicable and in addition the Company adopted non-mandatory requirement mentioned at (C) – "Modified Opinion(s) in Audit Report", (D) – "Separate posts of chairperson and chief executive officer"; and (E) – "Reporting of Internal Auditor" of Part E of Schedule II to the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

f) Disclosure of commodity price risks and commodity hedging activities

The Company enters into contracts with clients with provision for contract price escalation based on CPI and WPI movements. We enter into subcontracts on the same terms on price escalation with our subcontractor(s). Any actual escalation beyond the agreed terms is undertaken by the subcontractor(s). Thus, the Company is insulated from the risk of the commodity price fluctuation.

Please refer para on "Key Risks" the Management Discussion and Analysis for other risks.

g) Code of Conduct for Board and Senior Management

The Company has a Code of Conduct for Board members and senior management personnel. The Code has been put on the Company's website for information of all the members of the Board and management personnel.

All Board members and senior management personnel have affirmed compliance of the same.

A declaration signed by the Managing Director of the Company is given below:

"I hereby confirm that the Company has obtained from all the members of the Board and Management Personnel, affirmation that they have complied with the Code of Conduct for the financial year 2017-18."

CERTIFICATE OF PRACTICING COMPANY SECRETARY ON CORPORATE GOVERNANCE

To
The Members,
Welspun Enterprises Limited

I have examined the compliance of conditions of Corporate Governance by Welspun Enterprises Limited for the year ended on March 31, 2018, as stipulated in the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("Regulations").

The compliance of conditions of Corporate Governance is the responsibility of the management. My examination was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of the Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanation given to me, I certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Regulations.

I state that in respect of investor grievances received during the year ended March 31, 2018 the Registrars of the Company have certified that as at March 31, 2018, there was no investor grievance remaining unattended/ pending to the satisfaction of the investor.

Independent Auditor's Report

To
The Members of
Welspun Enterprises Limited

1. Report on the standalone Ind AS financial statements

We have audited the accompanying standalone Ind AS financial statements of **Welspun Enterprises Limited** (the "Company"), which comprise the balance sheet as at 31 March 2018, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity for the year then ended and a summary of the significant accounting policies and other explanatory information (herein after referred to as "standalone Ind AS financial statements").

2. Management's responsibility for the standalone Ind AS financial statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

3. Auditor's responsibility

Our responsibility is to express an opinion on these standalone Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the standalone Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the standalone Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the standalone Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone Ind AS financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone Ind AS financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting

principles generally accepted in India, of the state of affairs of the Company as at 31 March 2018, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

5. Report on other Legal and Regulatory requirements

- I. As required by the Companies (Auditor's Report) Order, 2016 issued by the Central Government of India in terms of section 143(11) of the Act, ("the Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure A, a statement on the matters specified in the paragraph 3 and 4 of the Order.
- II. As required by Section 143 (3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) The balance sheet, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account;
 - d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
 - e) On the basis of the written representations received from the

directors as on 31 March 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164 (2) of the Act;

- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B"; and
- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone Ind AS financial statements;
 - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, in respect of long term contracts including derivative contracts; and
 - iii. There are no amounts required to be transferred to the Investor Education and Protection Fund by the Company during the year.

- | | |
|---|---|
| <p>i. (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.</p> <p>(b) The fixed assets have been physically verified by the management during the year as per the phased program designed to cover all the fixed assets over a period, which in our opinion is reasonable having regard to the size of the Company and nature of its assets. As informed to us, no discrepancies were noticed on such verification.</p> <p>(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company except in case of a Freehold Land of Rs. 36 lakhs whose title is not yet transferred in the name of the Company.</p> | <p>iv. In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Act.</p> |
| <p>ii. The physical verification of inventory has been conducted by the Management at reasonable intervals during the year. As informed to us, no discrepancies were noticed on such verification.</p> | <p>v. The Company has not accepted any deposits from the public within the meaning of Sections 73 to 76 of the Act and the rules framed thereunder.</p> |
| <p>iii. The Company has granted loan to a Company covered in the register maintained under Section 189 of the Act.</p> | <p>vi. We have broadly reviewed the cost records maintained by the Company prescribed by the Central Government under Section 148(1) of the Act and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have however not made a detailed examination of such records with a view to determine whether they are accurate or complete.</p> |
| <p>(a) In our opinion, the rate of interest and other terms and conditions on which the loans had been granted to the Company listed in the register maintained under Section 189 of the Act were not, prima facie, prejudicial to the interest of the Company.</p> <p>(b) In the case of the loans granted to a Company listed on the register maintained under section 189 of the Act, the borrowers have been regular in the payment of the principal and interest as stipulated.</p> <p>(c) There are no overdue amounts in respect of the loan granted to a Company listed in the register maintained under section 189 of the Act.</p> | <p>vii. According to the records of the Company, examined by us and information and explanations given to us:</p> <p>a) Undisputed statutory dues including provident fund, employees' state insurance, income tax, sales tax, service tax, goods and service tax, duty of customs, duty of excise, value added tax, cess and others as applicable have generally been regularly deposited with the appropriate authorities except delay in few cases and also the company has not paid professional tax of Rs. 9,785 on account of pending registration process and Works Contract Tax amounting to Rs. 69,462. There are no undisputed amounts payable in respect of aforesaid dues outstanding as at 31 March 2018 for a period of more than six months from the date they became payable except Works Contract Tax amounting to Rs. 219,334.</p> <p>b) There are no dues of duty of customs, sales tax and duty of excise which have not been deposited on account of any dispute. The disputed dues of income tax, service tax and value added tax which have not been deposited are as under:</p> |

Name of the statute	Nature of the dues	Amount (Rs. in Lakhs) **	Period to which the amount relates	Forum where the dispute is pending
The Income Tax Act, 1961	Penalty	1	FY 2007-2008	Assistant Commissioner of Income Tax
<i>The Central Excise Act, 1944</i>	Service tax	70	FY 2008-2009 to FY 2010-2011	Additional Commissioner-Central Excise and Service Tax
		96	FY 2007-2008 to FY 2009-2010	Central Excise Service Tax Appellate Tribunal
Haryana Value Added Tax Act, 2003	Value Added Tax	171	FY 2009-2010	Deputy Excise and Taxation Commissioner
Gujarat value Added Tax Act, 2003	Value Added Tax	4	FY 2011-12	Deputy Commissioner of Commercial Tax

viii. According to the records of the Company examined by us and the information and explanations given to us, the Company has not defaulted in repayment of loans or borrowings to financial institution and banks. The Company has not taken any loans from Government and has not issued any debentures.

ix. In our opinion and according to the information and explanations given to us, the Company has not raised any money by way of initial public offer or further public offer (including debt instruments) and term loans during the year.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have been informed of any such case by the Management.

xi. According to the records of the Company examined by us, and information and explanations given to us, the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

xii. In our opinion and according to the information and explanations given to us, the Company is not a Nidhi company and the Nidhi Rules, 2014 are not applicable to it.

xiii. According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Sections 177 and 188 of the Act and details of such transactions have been disclosed in the financial statements as required by the applicable accounting standards.

xiv. According to the records of the Company examined by us, and information and explanations given to us, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year.

xv. According to the records of the Company examined by us, and information and explanations given to us, the Company has not entered into non-cash transactions with directors or persons connected with him.

xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act 1934.

Annexure - B to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 5(II)(f) under "Report on other Legal and Regulatory requirements" of our report of even date to the members of the Company on the standalone Ind AS financial statements for the year ended 31 March 2018

We have audited the internal financial controls over financial reporting of Welspun Enterprises Limited ("the Company") as of 31 March 2018 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on "Audit of Internal Financial Controls over Financial Reporting" (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone Ind AS financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are

subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the

Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Corporate information

Welspun Enterprises Limited ('WEL' or 'the Company') is a public limited company incorporated in India. Its shares are publicly traded on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) in India. The Company is engaged in infrastructure development (Engineering, Procurement and Construction ('EPC') and Build, Operate and Transfer (BOT) basis) and trading activities. It is also engaged in carrying out Operation and Maintenance ("O&M") activities for the transportation sector projects.

The separate financial statements (hereinafter referred to as "Financial Statements") of the Company for the financial year 2017-18 were authorised for issue in accordance with a resolution of board of directors on 10 May 2018.

2 Basis of preparation of financial statements

The financial statements have been prepared to comply in all material respects with the Indian Accounting Standards (Ind AS) notified under Section 133 of Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 (As amended) and other relevant provisions of the Act and rules framed thereunder and guidelines issued by Securities and Exchange Board of India (SEBI).

The financial statements have been prepared under the historical cost convention and on accrual basis, except for the following:

- a) Certain financial assets and liabilities which have been measured at fair value (Refer accounting policy regarding financial instruments).
- b) Assets held for sale -measured at fair value less cost to sell
- c) Defined benefit plan assets and liabilities
- d) Share based payments

The financial statements are presented in Rs in lakhs, except when otherwise indicated.

3(A) Significant accounting policies

i) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is classified as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

ii) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. All revenues are accounted on accrual basis except to the extent stated otherwise.

a) Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The Company collects value added tax/ central sales tax (upto 30 June 2017) and goods and service tax (w.e.f 01 July 2017) on behalf of the government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue.

Notes forming part of the standalone financial statements

b) Toll collection

Toll revenue from operations is recognised on an accrual basis which coincides with the collection of toll.

c) Revenue from construction contracts

Revenue from construction contracts is recognised by applying percentage of completion method after providing for foreseeable losses, if any. Percentage of completion is determined as a proportion of the cost incurred up to the reporting date to the total estimated cost to complete. Foreseeable losses, if any, on the contracts is recognised as an expense in the period in which it is foreseen, irrespective of the stage of completion of the contract. While determining the amount of foreseeable loss, all elements of cost and related incidental income not included in contract revenue is taken into consideration. Contract is reflected at cost that are expected to be recoverable till such time the outcome of the contract cannot be ascertained reliably and at reliable value thereafter.

Amount due in respect of the price escalation claim and/or variation in contract work approved by the customers are recognized as revenue only when there are conditions stipulated in the contracts for such claims or variations and/or the same are evidenced inter-alia by way of confirmation or the same are accepted by the customers.

Advances received from customers in respect of contracts are treated as liability. Unbilled cost are carried as construction work-in-progress which is valued considering the stage of completion and foreseeable losses in accordance with the Ind-AS 11.

d) Revenue from services

Revenues from service contracts are recognized pro-rata over the period of the contract as and when services are rendered. The Company collects service tax on behalf of the government and, therefore, it is not an economic benefit flowing to the Company. Hence, it is excluded from revenue.

e) Interest income

Interest income for all debt instruments, measured at amortised cost or fair value through other comprehensive income, is recognised using the effective interest rate ('EIR') method and shown under interest income in the statement of profit and loss. Interest income on interest bearing financial assets classified as fair value through profit and loss is shown under other income.

f) Dividend income

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

iii) Exceptional items

On certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expenses is classified as an exceptional item and accordingly, disclosed in the financial statements.

iv) Service concession arrangement

The Company constructs or upgrades infrastructure (construction or upgrade services) used to provide a public service and operates and maintains that infrastructure (operation services) for a specified period of time. These arrangements may include Infrastructure used in a public-to-private service concession arrangement for its entire useful life.

Under Appendix A to Ind AS 11 - Service Concession Arrangements, these arrangements are accounted for based on the nature of the consideration. The intangible asset model is used to the extent that the Company receives a right (i.e. a franchisee) to charge users of the public service. The financial asset model is used to the extent the Company has an unconditional contractual right to receive cash or another financial asset

Notes forming part of the standalone financial statements

from or at the direction of the grantor for the construction services. When the unconditional right to receive cash covers only part of the service, the two models are combined to account separately for each component. If the Company performs more than one service (i.e., construction or upgrade services and operation services) under a single contract or arrangement, consideration received or receivable is allocated by reference to the relative fair values of the services delivered, when the amounts are separately identifiable.

The Company manages concession arrangements which include toll road project and water supply project. The Company maintains and services the infrastructure during the concession period. These concession arrangements set out rights and obligations related to the infrastructure and the service to be provided.

Income from the concession arrangements earned under the intangible asset model consists of the (i) fair value of contract revenue, which is deemed to be fair value of consideration transferred to acquire the asset; and (ii) payments actually received from the users. The intangible asset is amortised over its expected useful life in a way that reflects the pattern in which the asset's economic benefits are consumed by the Company, starting from the date when the right to operate starts to be used. Based on these principles, the intangible asset is amortised in line with the actual usage of the specific public utility facility, with a maximum of the duration of the concession.

Financial receivable is recorded at a fair value of guaranteed residual value to be received at the end of the concession period. This receivable is subsequently measured at amortised cost. In the financial assets model, the amount due from the grantor meet the identification of the receivable which is measured at fair value. Based on business model assessment, the Company measures such financial assets at fair value and subsequently also classifies the same as fair value through profit and loss ("FVTPL").

Any asset carried under concession arrangements is derecognised on disposal or when no future economic benefits are expected

from its future use or disposal or when the contractual rights to the financial asset expire.

Amortisation

Intangible assets i.e. BOT cost (Toll collection right) existing on transition date, viz., 1 April 2015 are amortized over the period of concession, using revenue based amortization. Under this methodology, the carrying value is amortized in the proportion of actual toll revenue for the year to projected revenue for the balance toll period, to reflect the pattern in which the assets' economic benefits will be consumed. At each balance sheet date, the projected revenue for the balance toll period is reviewed by the management. If there is any change in the projected revenue from previous estimates, the amortization of toll collection rights is changed prospectively to reflect any change in the estimates.

v) Property, plant and equipment

Freehold land is carried at cost. Other property, plant and equipment acquired are measured on initial recognition at cost. Subsequent to initial recognition, property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. The carrying amount of the replaced part accounted for as a separate asset previously is derecognised. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in statement of profit and loss when incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Notes forming part of the standalone financial statements

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

Depreciation on property, plant and equipment is provided on written down value basis as per the rate derived on the basis of useful life and method prescribed under Schedule - II of the Companies Act 2013.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

On transition to Ind AS, the Company had elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

vi) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset

are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

On transition to Ind AS, the Company had elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the intangible assets.

vii) Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. An asset is treated as impaired when the carrying amount exceeds its recoverable value. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the statement of profit and loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed by crediting the statement of

Notes forming part of the standalone financial statements

profit and loss if there has been a change in the estimate of recoverable amount.

viii) Valuation of Inventories

Raw materials and components are valued at lower of cost and net realizable value. Cost is determined on FIFO basis.

Traded goods are valued at lower of cost or net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on FIFO basis.

ix) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset by equal annual installments.

x) Non-current assets held-for-sale

The Company classifies non-current assets as held-for-sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held-for-sale only if the management expects to complete the sale within one year from the date of classification. Non-current assets classified as held-for-sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets held-for-sale are not depreciated or amortized.

xi) Employee benefits

a) Short-term benefits

Short-term employee benefits are recognized as an expense at the undiscounted amount in the statement of profit and loss for the year in which the related services are rendered.

b) Defined benefit plans

Post-employment and other long-term employee benefits are recognized as an expense in the statement of profit and loss for the year in which the employee has rendered services. The expense is recognized at the present value of the amount payable determined using actuarial valuation techniques.

Re-measurement of the net defined benefit liability, which comprises of actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest) are recognised in other comprehensive income in the period in which they occur. “

c) Defined contribution plans

Payments to defined contribution retirement benefit schemes are charged to the statement of profit and loss of the year when the contribution to the respective funds are due. There are no other obligations other than the contribution payable to the fund.”

xii) Share based payments

Employees (including senior executives) of the Company receive remuneration in the form of share based payment transactions, whereby employees render services as consideration for equity instruments (equity settled transactions).

Employee stock options

The fair value of the options granted under the Welspun Enterprises Limited Employees Stock Option Plan 2017 and Welspun Managing Director Stock Option Plan 2014 is recognised as an employee benefits

Notes forming part of the standalone financial statements

expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions
- excluding the impact of any service and non-market performance vesting conditions, and
- including the impact of any non-vesting conditions.

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in the statement of profit and loss, with a corresponding adjustment to equity.

xiii) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consists of interest and other costs incurred in connection with the borrowing of funds.

xiv) Taxes on income

a) Current tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date. Current taxes are recognized in profit or loss except to the extent that the tax relates to items recognized in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax

returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax

Deferred income tax is recognized on all temporary differences which are the differences between the carrying amount of an asset or liability in the statement of financial position and its tax base except when the deferred income tax arises from the initial recognition of an asset or liability that effects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax liabilities are recognized for all taxable temporary differences; and deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date and based on the tax consequence which will follow from the manner in which the Company expects, at financial year

Notes forming part of the standalone financial statements

end, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax relating to item recognised outside the statement of profit and loss is recognised outside the statement of profit and loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liability and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax (MAT) credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each balance sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.

xv) Foreign Currency transactions

The Company's financial statements are presented in INR rupees in lakhs, which is also the Company's functional currency. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date of the Company's monetary items at the closing rate are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction.

xvi) Leases

a) Operating lease

Lease of assets under which all the risks and rewards of ownership are effectively retained by the lesser are classified as operating lease. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

b) Finance lease

Assets acquired under leases where Company has substantially all the risks and rewards of ownership are classified as finance lease. Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

xvii) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and other short term highly liquid investments with an original maturity of three months or less

Notes forming part of the standalone financial statements

that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

xviii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares except when the results would be anti-dilutive.

xix) Provisions, contingent liabilities and contingent assets

a) Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) where, as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made to the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. when discounting is used,

the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

b) Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events beyond the control of the Company or a present obligation which is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Information on contingent liabilities is disclosed in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company. Contingent asset is not recognized, but its existence is disclosed in the financial statements.

xx) Investment in associates, joint venture companies and subsidiaries

The Company has accounted for its investment in associate, joint venture companies and subsidiaries at cost.

xxi) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Notes forming part of the standalone financial statements

A. Financial assets

a) Initial recognition and measurement

Financial assets are recognized when the Company becomes a party to the contractual provisions of the instrument. The Company determines the classification of its financial assets at initial recognition. All financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset except for financial assets classified as fair value through profit or loss.

b) Subsequent measurement

For the purposes of subsequent measurement, financial assets are classified in four categories:

- i) Debt instruments measured at amortised cost
- ii) Debt instruments measured at fair value through other comprehensive income (FVTOCI)
- iii) Debt instruments measured at fair value through profit or loss (FVTPL)
- iv) Equity instruments measured at FVTOCI or FVTPL

Debt instruments

The subsequent measurement of debt instruments depends on their classification. The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

i) Debt instruments measured at amortised cost

Debt instruments that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the statement of profit and loss when the asset is derecognised or impaired. Interest income from these financial assets is disclosed as interest income in

the statement of profit and loss using the effective interest rate method.

ii) Debt instruments measured at FVTOCI

Debt instruments that are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payment of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses and interest income which are recognised in statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in the OCI is reclassified from equity to statement of profit and loss. Interest income from these financial assets is disclosed as interest income in the statement of profit and loss using the effective interest rate method.

iii) Debt instruments measured at FVTPL

Debt instruments that do not meet the criteria for amortised cost or FVTOCI are measured at fair value through profit or loss. Debt instruments which are held for trading are classified as FVTPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised and presented net in the statement of profit and loss in the period in which it arises. Interest income from these financial assets is included in other income.

iv) Equity instruments (other than investment in associates, joint venture and subsidiaries - Refer note "xx" above)

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as FVTPL. The Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on

Notes forming part of the standalone financial statements

an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

B. Derecognition of financial assets

A financial asset is derecognised only when

- i) The Company has transferred the rights to receive cash flows from the financial asset or
- ii) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

C. Impairment of financial assets

The Company assesses impairment based on expected credit losses (ECL) model to the following:

- i) Financial assets measured at amortised cost
- ii) Financial assets measured at fair value through other comprehensive income (FVTOCI)

Expected credit losses are measured through a loss allowance at an amount equal to

- i) the twelve months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within twelve after the reporting date) or
- ii) full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, twelve months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the Company reverts to recognising impairment loss allowance based on twelve months ECL.

D. Financial liabilities

a) Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions

Notes forming part of the standalone financial statements

of the instrument. The Company determines the classification of its financial liability at initial recognition. All financial liabilities are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial liability except for financial liabilities classified as fair value through profit or loss.

b) Subsequent measurement

For the purposes of subsequent measurement, financial liabilities are classified in two categories:

- i) Financial liabilities measured at amortised cost
- ii) Financial liabilities measured at FVTPL (fair value through profit or loss)

i) Financial liabilities measured at amortised cost

After initial recognition, financial liability are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss.

ii) Financial liabilities measured at fair value through profit or loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities at FVTPL are carried in the statement of profit

and loss at fair value with changes in fair value recognized in the statement of profit and loss.

c) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

xxii) Business combinations

In accordance with Ind AS 101, provisions related to first time adoption, the Company has elected to apply Ind AS accounting for business combination prospectively from 1 April 2015. Business combinations are accounted for using the acquisition method as per Ind AS 103, Business Combinations. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Business combinations between entities under common control is accounted for at carrying value. Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

xxiii) Fair value measurement

The Company measures financial instruments, such as, investment in debt and equity instruments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an

Notes forming part of the standalone financial statements

orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.”

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers, if any, have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

3(B) Significant estimates, judgements and assumptions

The preparation of financial statements requires management to exercise judgment in applying the

Company’s accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a) Contract estimates

The Company prepares budgets in respect of each EPC projects to compute project profitability and construction revenue under percentage of completion method. The major component of contract estimate is budgeted cost to complete the contract. Due to complexities involved in the budgeting process, contract estimates are sensitive to changes in these assumptions. Budgeted costs are reviewed at each reporting date.

b) Provision for employee benefits

The cost of post-employment and other long term benefits is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include determination of discount rates, expected rate of return on assets, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The assumptions used are disclosed in note 46.

c) Contingencies and commitments

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes, if any, but are not provided for in the financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

d) Impairment testing

i) Impairment of non-financial assets

Impairment exists when the carrying

Notes forming part of the standalone financial statements

value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the future years and do not include restructuring activities that the Company is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate.

ii) Impairment of financial assets

The impairment provisions for financial assets disclosed are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

e) Taxes

The Company periodically assesses its liabilities and contingencies related to income taxes for all years open to scrutiny based on latest information available. The Company records its best estimates of the tax liability in the current tax provision. The management believes that they have adequately provided for the probable outcome of these matters.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of

deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits."

f) Fair value measurement

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date. For details of the key assumptions used and the impact of changes to these assumptions (Refer note 37).

g) Share based payments

Estimating fair value for share-based payment requires determination of the most appropriate valuation model. The estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in note 42.

3 (C) Standards issued but not yet effective

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective. In March 2018, the Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment Rules, 2018 notifying Indian Accounting Standard (Ind AS) 115 "Revenue from Contracts with Customers" and notifying amendments to Ind AS 12 "Income Taxes". Ind AS 115 and amendments to the Ind AS 12 are applicable to the Company w.e.f. 1 April 2018.

Notes forming part of the standalone financial statements

a) Ind AS 115 “Revenue from Contracts with Customers”

The core principle of Ind AS 115 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further this standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

b) Ind AS 12 “Income Taxes”

The amendment considers that tax law determines which deductions are offset

against taxable income and that no deferred tax asset is recognised if the reversal of the deductible temporary difference will not lead to tax deductions.

Accordingly, segregating deductible temporary differences in accordance with tax law and assessing them on entity basis or on the basis of type of income is necessary to determine whether taxable profits are sufficient to utilise deductible temporary differences.

The Company is evaluating the disclosure requirements of these amendments and its effect on the financial statements.

Total	130,981	120,510

Nature and purpose of reserves

a) Capital reserve

Capital reserve represents capital surplus and not normally available for distribution as dividend.

b) Securities premium reserve

Securities premium is used to record the premium on issue of shares. The reserve is utilised in accordance with the provisions of the Companies Act, 2013.

c) Share options outstanding account

The share options outstanding account represents the value of equity settled share based payment provided to employees as part of their remuneration. Refer note 42 for further details of this plan.

d) Amalgamation reserve

It represents reserve arising out of amalgamation of two subsidiaries with the Company.

e) General reserve

The reserve is a distributable reserve maintained by the Company out of transfers made from profits.

Total financial liabilities	-	35,436	-	17,672

Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- 1 Fair value of the cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, short term loans from banks and other financial instruments approximate their carrying amounts largely due to short term maturities of these instruments.
- 2 Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.

Notes forming part of the standalone financial statements

(₹ in lakhs)

	As at 31 March 2018		Level 1	Level 2	Level 3
	Carrying Value	Fair Value			
Financial assets measured at FVTPL					
Non-current investments	16,865	16,865	2	30	16,832
Current investments	69,922	69,922	1,909	68,014	-
Total	86,787	86,787	1,911	68,044	16,832

	As at 31 March 2017		Level 1	Level 2	Level 3
	Carrying Value	Fair Value			
Financial assets measured at FVTPL					
Non-current investments	2,047	2,047	4	30	2,013
Current investments	74,977	74,977	4,126	70,851	-
Total	77,024	77,024	4,130	70,881	2,013

Valuation technique used to determine fair value

- Investments included in Level 1 of fair value hierarchy are based on prices quoted in stock exchange and/ or NAV declared by the funds.
- Investments included in Level 2 of fair value hierarchy have been valued based on inputs from banks and other recognised institutions such as FIMMDA/ FEDAI
- Investments included in Level 3 of fair value hierarchy have been valued using acceptable valuation techniques such as Net Asset Value and/ or Discounted Cash Flow Method.

Note : All financial instruments for which fair value is recognised or disclosed are categorised within the Fair Value Hierarchy described as above, based on the lowest level input that is significant to the fair value measurement as a whole.

The carrying amounts of loans, trade receivables, cash and cash equivalents, Other bank balances, other financial assets, non-current and current borrowings, trade payables and other financial liabilities that are measured at amortised cost are considered to be approximately equal to the fair value due to short-term maturities of these financial assets/ liabilities

38 Financial risk management

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The Company's financial risk management policy is set by the Managing Board. The Company is exposed to market risk, credit risk and liquidity risk.

A Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The sensitivity of the relevant profit and loss item is the effect of the assumed changes in respective market risks.

Notes forming part of the standalone financial statements

a) Interest rate risk

Interest rate risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize Company's position with regard to interest income and interest expenses and manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instrument in its total portfolio.

(i) Interest rate risk exposure

	(₹ in lakhs)	
	As at 31 March 2018	As at 31 March 2017
Variable rate borrowings	6,637	7,588

(ii) Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact of change in interest rate of borrowings, as follows:

	(₹ in lakhs)	
	Year ended 31 March 2018	Year ended 31 March 2017
Interest rates : (Increase) by 50 basis points	(34)	(38)
Interest rates : Decrease by 50 basis points	34	38

b) Foreign currency risk

Currency risk is the risk that the fair value or future cash flows fluctuate because of changes in market prices of various currencies against the functional currency. However the Company is currently not exposed to foreign currency risk.

B Credit risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

a) Trade receivables

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets. The Company has also taken advances and security deposits from some of its customers, which mitigate the credit risk to an extent.

b) Financial instruments and cash deposits

The Company considers factors such as track record, size of the institution, market reputation, financial strength / rating and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the Company has also availed borrowings.

Notes forming part of the standalone financial statements

- c) The ageing analysis of the receivables (gross of expected credit loss) has been considered from the date the invoice falls due.

(₹ in lakhs)

	As at 31 March 2018	As at 31 March 2017
Up to 3 months	8,148	427
3 to 6 months	4	55
More than 6 months *	3,246	1,437
Total	11,398	1,919

* Includes mainly retention money

No significant changes in estimation techniques or assumption were made during the reporting period.

C Liquidity risk

- a) Liquidity risk is defined as the risk that the company will not be able to settle or meet its obligations on time or at a reasonable price. The Company's treasury department is responsible for liquidity, funding as well as settlement. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's net liquidity position through rolling forecasts on the basis of expected cash flows.

b) Exposure to liquidity risk

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on the contractual undiscounted payments.

(₹ in lakhs)

As at 31 March 2018	Total	Less than 1 Year	1 to 5 years	Beyond 5 years

39 Capital Management

For the purpose of Company's capital management, capital includes issued capital and other equity reserves attributable to the shareholders. The primary objective of the Company's Capital Management is to maximize shareholders value. The company manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants, if any.

Notes forming part of the standalone financial statements

The Company monitors capital using gearing ratio, which is net debt divided by total capital plus net debt. The Company includes within net debt, interest bearing borrowings, trade and other payables, less cash and cash equivalents.

Notes forming part of the standalone financial statements

42 Share based payments

- a) In accordance with the "Welspun Enterprises Limited - Employees Stock Option Plan 2017" the company has granted 3,000,000 equity shares (maximum 2,000,000 equity shares to the "Managing Director") at zero cost on 10 October 2017. The fair value of the above stock option of Rs 4,179 lakhs is calculated at the average rate of Rs 139.30 per share is amortised on the straight line basis over the vesting period in accordance with the Ind AS 102 "Share-based payment". Accordingly proportionate amount of Rs 904 lakhs (31 March 2017 - Nil) is shown as "Share based payment to employees" in the statement of profit and loss (Refer note 32).
- b) In accordance with the "Welspun Managing Director Stock Option Plan 2014" the Company has granted 240,000 equity shares to the "Managing Director" of the Company at zero Cost on 14 July 2016. The fair value of the above Stock Options of Rs. 128 Lakhs as on 14 July 2016 is calculated at the average rate of Rs. 53.23/- per share is amortized on the straight line basis over the vesting period of one year in accordance with the Ind AS 102 "Share-based payment". Accordingly proportionate amount of Rs.37 Lakhs (31 March 2017 - Rs 121 Lakhs) is shown as "Share based payment to employees" in the statement of profit and loss (Refer note 32).

The salient features of the Scheme are as under:

- (i) **Vesting:** Options to vest shall happen at every anniversary of the date of grant in quantum of 20% of the total ESOPs granted, over the period of 5 years from the date of grant. However vesting period may be extended by the entire duration of the leave period for Employees on the long Leave. The Vesting Schedule is as under:

Number of ESOP	Date of Grant	Date of Vesting
600,000	10-Oct-17	9-Oct-18
600,000	10-Oct-17	9-Oct-19
600,000	10-Oct-17	9-Oct-20
600,000	10-Oct-17	9-Oct-21
600,000	10-Oct-17	9-Oct-22

- (ii) **Exercise:** Options granted shall be capable of being exercised in one or more tranches in multiples of 5,000 shares, within a period of 3 years from the date of vesting of the respective Employee Stock Options. In the event of cessation of employment due to death or permanent incapacity, all the vested and unvested options may be exercised immediately but not later than six months from the cessation of employment. In the event of cessation of employment due to normal retirement, all the vested options should be exercised immediately but not later than six months from date of retirement and all unvested options will stand cancelled. In the event of cessation of employment due to resignation prior to retirement, all the vested options should be exercised immediately but not later than one month from date of submission of resignation and all unvested options will stand cancelled.

Date of Grant	10-Oct-17	14-Jul-16	14-Jul-15	16-Feb-15
Number of Options Granted	3,000,000	240,000	240,000	720,000
Exercise Period	3 years from date of Vesting of respective Employee Stock Options	3 years from date of Vesting of respective Employee Stock Options	3 years from date of Vesting of respective Employee Stock Options	3 years from date of Vesting of respective Employee Stock Options
Exercise Price	Rs. Nil	Rs. Nil	Rs. Nil	Rs. Nil

600,000	10-Oct-17	9-Oct-22	9-Oct-23	6

Variables :-

Stock price	139.30
Volatility	45.14%
Risk free rate (on the basis of tenure)	6.43% to 6.69%
Exercise price	Nil
Time to maturity	2 to 6
Dividend yield	0%
Option fair value	139.30

Notes forming part of the standalone financial statements

The expected life of the stock is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

(v) Effect of share- based payment plan on the Balance sheet and Statement of profit and loss:

46 Gratuity and other post employment benefits plans

The disclosures of employee benefit as defined in the Ind AS 19 - "Employee Benefits" are given below :

- The Company makes annual contributions to the employees' gratuity fund scheme, a funded defined benefit plan which is managed by LIC of India. The present value of obligation is determined based on actuarial valuation using the projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.
- Leave encashment is a non-funded defined benefit scheme. The obligation for leave encashment is recognized in the same manner as gratuity.

c. Details of post retirement gratuity plan are as follows :-

Proposed dividends on equity shares are subject to approval of shareholders at the annual general meeting and are not recognised as a liability (including dividend distribution tax thereon) as at reporting date.

54 Assets classified as held-for-sale

a) Construction equipments :

The Company intends to dispose off the construction equipments as it is not intended to be utilized for business purpose in future. These equipments have been depreciated till 31 March 2015 and thereafter classified as Assets included in disposal group classified as held for sale amounting to Rs 8 lakhs as at 01 April 2015 and Rs 113 lakhs as at 31 March 2016 with no depreciation charged from 01 April 2015. Buyer for these assets has been identified with the terms of sale being under negotiation. During the year ended 31 March 2018, the Company sold assets amounting to Rs 13 Lakhs (31 March 2017 : Rs 72 lakhs). As at 31 March 2018, the Company believes that the fair value of these assets exceeds the carrying amount.

b) Intangible assets :

The Company has reclassified Dewas Water Supply Project ('BOT asset') under the head "Non Current Assets held-for-Sale" as per Ind-AS 105 as the carrying amount is expected to be recovered principally by sale transaction rather than its continuing use. During the year the Company has sold the project to its 100% owned subsidiary Dewas Waterprojects Works Private Limited ('DWWPL') for Rs 6,961 lakhs as per concession agreement signed between Madhya Pradesh State Industrial Development Corporation Limited ('MPSIDC') and DWWPL against book value of Rs 5,613 lakhs resulting in profit of Rs 1,348 lakhs disclosed as exceptional items.

55 (a) Reconciliation between opening and closing balances in the balance sheet for liabilities arising from financing activities as required by Ind AS 7 "Statement of Cash Flows" is as under:

Independent Auditor's Report

To
The Members of
Welspun Enterprises Limited

1. Report on the consolidated Ind AS financial statements

We have audited the accompanying consolidated Ind AS financial statements of Welspun Enterprises Limited ("the Holding Company") and its subsidiaries (collectively referred to as "the Group"), its associate and joint venture companies which comprise the consolidated balance sheet as at 31 March 2018, the consolidated statement of profit and loss (including other comprehensive income), the consolidated statement of cash flows and the consolidated statement of changes in equity for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated Ind AS financial statements").

2. Management's responsibility for the consolidated Ind AS financial statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group including its associate and joint venture companies in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.

The respective Board of Directors of the companies included in the Group and of its associate and joint venture companies are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and its associate and joint venture companies and for preventing and detecting frauds and other irregularities; the selection and application of appropriate

accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Holding Company, as aforesaid.

3. Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances.

An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting

estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 5 of the Other matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated Ind AS financial statements.

4. Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including the Ind AS, of the consolidated state of affairs of the Group, its associate and joint venture companies as at 31 March 2018 and their consolidated profit, consolidated total comprehensive income, their consolidated cash flows and consolidated changes in equity for the year ended on that date.

5. Other Matters

- a) We did not audit the financial statements of five subsidiaries whose financial statements reflect total assets of Rs.31,123 lakhs as at 31 March 2018, total revenues of Rs.2,226 lakhs, total net loss after tax of Rs.3,720 lakhs, total comprehensive loss of Rs.3,725 lakhs and total cash inflows of Rs.363 lakhs for the year ended on that date, as considered in the consolidated Ind AS financial statements. The consolidated Ind AS financial statements also include the Group's share of net loss after tax of Rs.576 lakhs and total comprehensive loss of Rs. 576 lakhs for the year ended 31 March 2018, in respect of an associate and five joint venture companies, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the

consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, associate and joint venture companies and our report in terms of Section 143(3) of the Act, in so far as it relates to these subsidiaries, associate and joint venture companies, is based solely on the reports of the other auditors.

- b) The consolidated Ind AS financial statements include revenue of Rs.6 lakhs and total assets of Rs. 225 lakhs in respect of a subsidiary divested during the year whose financial statements have not been audited by us. These financial statements are unaudited and our opinion, in so far as it relates to the amounts and disclosures included in respect of the aforesaid subsidiary, is based solely on such unaudited financial statements. In our opinion and according to the information and explanations given to us, these financial statements are not material to the Group.

Our opinion on the consolidated Ind AS financial statements and our Report on Other Legal and Regulatory Requirements below is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

6. Report on other Legal and Regulatory requirements

- I. As required by Section 143 (3) of the Act, based on our audit and on the consideration of the report of other auditors on separate financial statements of subsidiaries, associate and joint venture companies, referred in the Other Matter paragraph above we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements;
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated Ind AS financial

statements have been kept so far as it appears from our examination of those books;

- c) The consolidated Ind AS balance sheet, the consolidated Ind AS statement of profit and loss (including other comprehensive income), the consolidated statement of cash flows and consolidated statement of changes in equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated Ind AS financial statements;
- d) In our opinion, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e) On the basis of the written representations received from the directors of the Holding Company as on 31 March 2018 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries, associate and joint venture companies, none of the directors of the Group, its associate and joint venture companies is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164 (2) of the Act;
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our

separate Report in "Annexure A" which is based on the auditor's reports of the holding company, subsidiaries, associate and joint venture companies; and

- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated Ind AS financial statements disclose the impact of pending litigations on the consolidated financial position of the Group, its associate and joint venture companies;
 - ii. The Group, its associate and joint venture companies did not have any long term contracts including derivative contracts having any material foreseeable losses; and
 - iii. There are no amounts required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiaries, associate and joint venture companies during the year.

Annexure 'A' to the Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act") as referred to in paragraph 6(1) (f) under 'Report on other Legal and Regulatory Requirements' of the Independent Auditor's Report of even date to the members of the Company on the consolidated Ind AS financial statements for the year ended 31 March 2018.

We have audited the internal financial controls over financial reporting of Welspun Enterprises Limited ("the Holding Company") and its subsidiaries, associate and joint venture companies as at 31 March 2018 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiaries, associate and joint venture companies, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Holding Company, its subsidiaries, associate and joint venture companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Holding Company's, its subsidiaries, associate and joint venture companies internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on "Audit of Internal Financial Controls over financial reporting" (the "Guidance Note") issued by Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Act, to the extent applicable to an

audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors of the subsidiary companies, associate and joint venture companies, in terms of their reports referred to in Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Holding Company, its subsidiaries, associate and joint venture companies.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3)

provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company, its subsidiary companies, associate and joint venture companies have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting

were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Holding Company, its subsidiaries, associate and joint venture companies considering the essential components of Internal control stated in the Guidance Note issued by the ICAI.

Other Matters

Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting in so far as it relates to subsidiaries, associate and joint venture companies is based on corresponding reports of the auditors of such companies. Our opinion is not qualified in respect of this matter.

Notes forming part of the consolidated financial statements

1. Corporate information

Welspun Enterprises Limited (herein after referred to as 'WEL' or the 'company' or the 'parent company') is a public limited company incorporated in India. Its shares are publicly traded on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE) in India. The Company along with its subsidiaries (the 'Group'), an associate and joint venture companies is engaged in infrastructure development (Engineering, Procurement and Construction ('EPC') and Build, Operate and Transfer (BOT) basis), oil and gas exploration activities and trading activities. It is also engaged in carrying out Operation and Maintenance ("O&M") activities for the transportation sector projects.

The Consolidated Financial Statements (hereinafter referred to as "CFS") of the group for the year ended 31 March 2018 were authorised for issue by the Board of Directors at their meeting held on 10 May 2018.

2. Basis of preparation

The CFS have been prepared to comply in all material respects with the Indian Accounting Standards (Ind AS) notified under Section 133 of Companies Act, 2013 (the Act) read with Companies (Indian Accounting Standards) Rules, 2015 (as amended) and other relevant provisions of the Act and rules framed thereunder and guidelines issued by Securities and Exchange Board of India (SEBI)

The CFS have been prepared under the historical cost convention and on accrual basis, except for the following:

- a) Certain financial assets and liabilities which have been measured at fair value (Refer accounting policy regarding financial instruments).
- b) Assets held for sale -measured at fair value less cost to sell
- c) Defined benefit plan assets and liabilities
- d) Share based payments

The Consolidated Financial Statements are presented in Rs in lakhs, except when otherwise indicated.

3(A) Principles of Consolidation and equity accounting

i) Subsidiaries

- a) The consolidated financial statements incorporate the financial statements of WEL and entities controlled by WEL and its subsidiaries.
- b) Subsidiaries are all entities (including structured entities) over which the group has control. The group controls an entity when the group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the group. They are deconsolidated from the date that control ceases.
- c) The group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. The financial statements of the parent company and its subsidiaries have been consolidated using uniform accounting policies. When necessary, adjustments are made to the financial statements of the subsidiaries to bring their accounting policies in line with the Group's accounting policies. The financial statements of the subsidiary companies used in the consolidation are drawn upto the same reporting date as that of the parent i.e. year ended 31 March 2018.
- d) Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and balance sheet respectively.
- e) Listed below are the subsidiaries considered in the CFS. Subsidiaries are consolidated from the date on which effective control is acquired and are excluded from the date that control ceases.

Notes forming part of the consolidated financial statements

(₹ in lakhs)

Name of the Subsidiaries	Proportion of interest (including beneficial interest) / voting power (either directly / indirectly through subsidiaries)		Country of Incorporation
	31 March 2018	31 March 2017	
MSK Projects (Himmatnagar Bypass) Private Limited	100%	100%	India
MSK Projects (Kim Mandvi Corridor) Private Limited	100%	100%	India
Dewas Waterprojects Works Private Limited (Formerly known as Anjar Water Solutions Private Limited)	100%	100%	India

Welspun Natural Resources Private Limited	100%	100%	India
Welspun Delhi Meerut Expressway Private Limited	100%	100%	India
Welspun Financial Services Limited *	-	-	India
ARSS Bus Terminal Private Limited	100%	100%	India

* Became subsidiary on 27 July 2017 and ceased to be subsidiary w.e.f. 19 December 2017

ii) Associate and joint venture companies

- Associate is an entity over which the group has significant influence but not control or joint control. This is generally the case where the group holds between 20% and 50% of the voting rights. Investment in associate is accounted for using the equity method of accounting, after initially being recognised at cost.
- Under Ind AS 111 "Joint Arrangements", investments in joint arrangements are classified as either joint operations or joint venture. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. The group has interest in joint venture that are accounted for using the equity method after initially being recognised at cost in the consolidated balance sheet.
- Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in profit and loss, and the group's share of other

comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint venture are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the group, its associate and joint venture companies are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment.

Notes forming part of the consolidated financial statements

d) List of investments in associate and joint venture companies accounted for using “Equity method” are as under:

(₹ in lakhs)

Name of the Associate/ joint venture companies	Extent of Holding		Country of Incorporation
	31 March 2018	31 March 2017	
Associate			
Adani Welspun Exploration Limited	35%	35%	India
(Held through Welspun Natural Resources Private Limited – Wholly owned subsidiary)

In addition to aforesaid stake, 24.99% are held through Corbello Trading Private Limited

3(B) Significant accounting policies

i) Current versus non-current classification

The group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is classified as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is classified as current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or

- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

ii) Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable. All revenues are accounted on accrual basis except to the extent stated otherwise.

a) Sale of goods

Revenue from sale of goods is recognized when all the significant risks and rewards of ownership of the goods have been passed to the buyer, usually on delivery of the goods. The group collects value added tax/ central sales tax (upto 30 June 2017) and goods and

Notes forming part of the consolidated financial statements

service tax (w.e.f 01 July 2017) on behalf of the government and, therefore, these are not economic benefits flowing to the Group. Hence, they are excluded from revenue.

b) Toll collection

Toll revenue from operations is recognised on an accrual basis which coincides with the collection of toll.

c) Revenue from construction contracts

Revenue from construction contracts is recognised by applying percentage of completion method after providing for foreseeable losses, if any. Percentage of completion is determined as a proportion of the cost incurred up to the reporting date to the total estimated cost to complete. Foreseeable losses, if any, on the contracts is recognised as an expense in the period in which it is foreseen, irrespective of the stage of completion of the contract. While determining the amount of foreseeable loss, all elements of cost and related incidental income not included in contract revenue is taken into consideration. Contract is reflected at cost that are expected to be recoverable till such time the outcome of the contract cannot be ascertained reliably and at reliable value thereafter.

Amount due in respect of the price escalation claim and/or variation in contract work approved by the customers are recognized as revenue only when there are conditions stipulated in the contracts for such claims or variations and/or the same are evidenced inter-alia by way of confirmation or the same are accepted by the customers.

Advances received from customers in respect of contracts are treated as liability. Unbilled work are carried as construction work-in-progress which is valued considering the stage of completion and foreseeable losses in accordance with the Ind AS 11.

d) Revenue from services

Revenues from service contracts are recognized pro-rata over the period of

the contract as and when services are rendered. The group collects service tax (upto 30 June 2017) and goods and service tax (w.e.f 01 July 2017) on behalf of the government and, therefore, it is not an economic benefit flowing to the group. Hence, it is excluded from revenue.

e) Interest income

Interest income for all debt instruments, measured at amortised cost or fair value through other comprehensive income, is recognised using the effective interest rate ('EIR') method and shown under interest income in the statement of profit and loss. Interest income on interest bearing financial assets classified as fair value through profit and loss is shown under other income.

f) Dividend income

Dividend income is recognised when right to receive the payment is established, which is generally when shareholders approve the dividend.

iii) Exceptional items

On certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the group is such that its disclosure improves the understanding of the performance of the group, such income or expenses is classified as an exceptional item and accordingly, disclosed in the financial statements.

iv) Service concession arrangement

a) The group constructs or upgrades infrastructure (construction or upgrade services) used to provide a public service and operates and maintains that infrastructure (operation services) for a specified period of time. These arrangements may include Infrastructure used in a public-to-private service concession arrangement for its entire useful life.

Under Appendix A to Ind AS 11 - Service Concession Arrangements, these arrangements are accounted for based on the nature of the consideration. The intangible asset model is used to the extent that the group receives a right

Notes forming part of the consolidated financial statements

(i.e. a franchisee) to charge users of the public service. The financial asset model is used to the extent the group has an unconditional contractual right to receive cash or another financial asset from or at the direction of the grantor for the construction services. When the unconditional right to receive cash covers only part of the service, the two models are combined to account separately for each component. If the group performs more than one service (i.e., construction or upgrade services and operation services) under a single contract or arrangement, consideration received or receivable is allocated by reference to the relative fair values of the services delivered, when the amounts are separately identifiable.

The group manages concession arrangements which include toll road project, hybrid annuity road project and water supply project. The group maintains and services the infrastructure during the concession period. These concession arrangements set out rights and obligations related to the infrastructure and the service to be provided.

Income from the concession arrangements earned under the intangible asset model consists of the (i) fair value of contract revenue, which is deemed to be fair value of consideration transferred to acquire the asset; and (ii) payments actually received from the users. The intangible asset is amortised over its expected useful life in a way that reflects the pattern in which the asset's economic benefits are consumed by the group, starting from the date when the right to operate starts to be used. Based on these principles, the intangible asset is amortised in line with the actual usage of the specific public utility facility, with a maximum of the duration of the concession.

Financial receivable under the financial asset model is recorded at a fair value of guaranteed value to be received over the concession period. Based on business model assessment, the group measures such financial assets at fair

value and subsequently also classifies the same as fair value through profit and loss ("FVTPL").

Any asset carried under concession arrangements is derecognised on disposal or when no future economic benefits are expected from its future use or disposal or when the contractual rights to the financial asset expire.

b) Amortisation

Intangible assets i.e. BOT cost (Toll collection right) existing on transition date, viz., 1 April 2015 are amortized over the period of concession, using revenue based amortization. Under this methodology, the carrying value is amortized in the proportion of actual toll revenue for the year to projected revenue for the balance toll period, to reflect the pattern in which the assets' economic benefits will be consumed. At each balance sheet date, the projected revenue for the balance toll period is reviewed by the management. If there is any change in the projected revenue from previous estimates, the amortization of toll collection rights is changed prospectively to reflect any change in the estimates.

v) Property, plant and equipment

Freehold land is carried at cost. Other property, plant and equipment acquired are measured on initial recognition at cost. Subsequent to initial recognition, property, plant and equipment are stated at cost net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. The carrying amount of the replaced part accounted for as a separate asset previously is derecognised. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are

Notes forming part of the consolidated financial statements

recognised in statement of profit and loss when incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date.

Depreciation on property, plant and equipment is provided on written down value basis as per the rate derived on the basis of useful life and method prescribed under Schedule - II of the Companies Act 2013.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year-end and adjusted prospectively, if appropriate.

On transition to Ind AS, the group had elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

vi) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Intangibles assets are amortised as explained in note iv (b) above

On transition to Ind AS, the group had elected to continue with the carrying value of all of its intangible assets recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the intangible assets.

vii) Impairment of non-financial assets

The carrying amounts of non-financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal/external factors. If indication exists, an asset is treated as impaired when the carrying amount exceeds its recoverable

Notes forming part of the consolidated financial statements

value. The recoverable amount is the greater of the asset's net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to the present value using a pre-tax discount rate that reflects current market assessment of the time value of money and risks specific to the assets. An impairment loss is charged to the statement of profit and loss in the year in which an asset is identified as impaired. After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life. The impairment loss recognized in prior accounting periods is reversed by crediting the statement of profit and loss if there has been a change in the estimate of recoverable amount.

viii) Valuation of inventories

Raw materials and components are valued at lower of cost and net realizable value. Cost is determined on FIFO basis.

Traded goods are valued at lower of cost or net realizable value. Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on FIFO basis.

ix) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the group receives grants of non-monetary assets, the asset and the grant are recorded at fair value amounts and released to profit or loss over the expected useful life in a pattern of consumption of the benefit of the underlying asset by equal annual installments.

x) Non-current assets held for sale

The group classifies non-current assets as

held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use of the assets and actions required to complete such sale indicate that it is unlikely that significant changes to the plan to sell will be made or that the decision to sell will be withdrawn. Also, such assets are classified as held for sale only if the management expects to complete the sale within one year from the date of classification. Non-current assets classified as held for sale are measured at the lower of their carrying amount and the fair value less cost to sell. Non-current assets are not depreciated or amortized.

xi) Employee benefits

a) Short-term benefits

Short-term employee benefits are recognized as an expense at the undiscounted amount in the statement of profit and loss for the year in which the related services are rendered.

b) Defined benefit plans

Post-employment and other long-term employee benefits are recognized as an expense in the statement of profit and loss for the year in which the employee has rendered services. The expense is recognized at the present value of the amount payable determined using actuarial valuation techniques. Re-measurement of the net defined benefit liability, which comprises of actuarial gains and losses, the return on plan assets (excluding interest) and the effect of the asset ceiling (if any, excluding interest) are recognised in other comprehensive income in the period in which they occur.

c) Defined contribution plans

Payments to defined contribution retirement benefit schemes are charged to the statement of profit and loss of the year when the contribution to the respective funds are due. There are no other obligations other than the contribution payable to the fund.

xii) Share based payments

Employees (including senior executives) of the group receive remuneration also in the form of share based payment transactions,

Notes forming part of the consolidated financial statements

whereby employees render services as consideration for equity instruments (equity settled transactions)

Employee stock options

The fair value of the options granted under the “Welspun Enterprises Limited - Employees Stock Option Plan 2017” and “Welspun Managing Director Stock Option Plan 2014” is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options granted:

- including any market performance conditions
- excluding the impact of any service and non-market performance vesting conditions, and
- including the impact of any non-vesting conditions

The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in the statement of profit and loss, with a corresponding adjustment to equity.

xiii) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized as part of the cost of the asset. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consists of interest and other costs incurred in connection with the borrowing of funds.

xiv) Taxes on income

a) Current tax

Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the

taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted by the reporting date. Current taxes are recognized in profit or loss except to the extent that the tax relates to items recognized in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

b) Deferred tax

Deferred tax is recognized on all temporary differences which are the differences between the carrying amount of an asset or liability in the consolidated balance sheet and its tax base except when the deferred income tax arises from the initial recognition of an asset or liability that effects neither accounting nor taxable profit or loss at the time of the transaction other than business combination that at the time of the transaction affects neither accounting profit nor taxable profit.

Deferred tax liabilities are recognized for all taxable temporary differences; and deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that future taxable profit will be available against which the deductible temporary differences, and the carry-forward of unused tax credits and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are reassessed at each reporting date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Notes forming part of the consolidated financial statements

Deferred tax liabilities are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where the group is able to control the timing of the reversal of the temporary differences and it is probable that the difference will not reverse in the foreseeable future.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries, associates and interest in joint arrangements where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the reporting date and based on the tax consequence which will follow from the manner in which the group expects, at financial year end, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax relating to item recognised outside the statement of profit and loss is recognised outside the statement of profit and loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set off current income tax assets against current income tax liability and the deferred taxes relate to the same taxable entity and the same taxation authority.

Minimum Alternate Tax (MAT) credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the entity

will pay normal income tax during the specified period. Such asset is reviewed at each balance sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the entity will pay normal income tax during the specified period.

xv) Foreign Currency transactions

The consolidated financial statements are presented in Indian rupee (INR), which is Welspun Enterprises Limited's functional and presentation currency. Foreign currency transactions are recorded on initial recognition in the functional currency, using the exchange rate at the date of the transaction. At each balance sheet date, foreign currency monetary items are reported using the closing exchange rate. Exchange differences that arise on settlement of monetary items or on reporting at each balance sheet date, are translated at the closing rate and are recognised as income or expenses in the period in which they arise. Non-monetary items which are carried at historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction.

xvi) Leases

a) Operating lease

Lease of assets under which all the risks and rewards of ownership are effectively retained by the lesser are classified as operating lease. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term. The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfillment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

b) Finance lease

Assets acquired under leases where group has substantially all the risks

Notes forming part of the consolidated financial statements

and rewards of ownership are classified as finance lease. Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

xvii) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand and other short term highly liquid investments with an original maturity of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the group's cash management.

xviii) Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares except when the results would be anti-dilutive.

xix) Provisions, contingent liabilities and contingent assets

a) Provisions

Provisions are recognized when the group has a present obligation (legal or constructive) where, as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made to the amount of the obligation. When the group expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risk specific to the liability. when discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of resources embodying economic benefits will be required to settle the obligation, the provision is reversed.

b) Contingent liabilities and contingent assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non occurrence of one or more uncertain future events beyond the control of the group or a present obligation which is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. Information on contingent liabilities is disclosed in the notes to the financial statements, unless the possibility of an outflow of resources embodying economic benefits is remote.

A contingent asset is a possible asset that arises from past events and whose existence

Notes forming part of the consolidated financial statements

will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the group. Contingent asset is not recognized, but its existence is disclosed in the financial statements.

xx) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

A. Financial assets

a) Initial recognition and measurement

Financial assets are recognized when the group becomes a party to the contractual provisions of the instrument. The group determines the classification of its financial assets at initial recognition. All financial assets are recognized initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial asset except for financial assets classified as fair value through profit or loss.

b) Subsequent measurement

For the purposes of subsequent measurement, financial assets are classified in four categories:

- i) Debt instruments measured at amortised cost
- ii) Debt instruments measured at fair value through other comprehensive income (FVTOCI)
- iii) Debt instruments measured at fair value through profit or loss (FVTPL)
- iv) Equity instruments measured at FVTOCI or FVTPL

Debt instruments

The subsequent measurement of debt instruments depends on their classification. The classification depends on the group's business model for managing the financial assets and the contractual terms of the cash flows.

i) Debt instruments measured at amortised cost

Debt instruments that are held for collection of contractual cash flows

where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in the statement of profit and loss when the asset is derecognised or impaired. Interest income from these financial assets is disclosed as interest income in the statement of profit and loss using the effective interest rate method.

ii) Debt instruments measured at FVTOCI

Debt instruments that are held for collection of contractual cash flows and for selling the financial assets, where the assets cash flows represent solely payment of principal and interest, are measured at FVTOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses and interest income which are recognised in statement of profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in the OCI is reclassified from equity to statement of profit and loss. Interest income from these financial assets is disclosed as interest income in the statement of profit and loss using the effective interest rate method.

iii) Debt instruments measured at FVTPL

Debt instruments that do not meet the criteria for amortised cost or FVTOCI are measured at fair value through profit or loss. Debt instruments which are held for trading are classified as FVTPL. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised and presented net in the statement of profit and loss in the period in which it arises. Interest income from these financial assets is included in other income.

iv) Equity instruments (other than investment in an associate and joint venture companies)

All equity investments in scope of Ind

Notes forming part of the consolidated financial statements

AS 109 are measured at fair value. Equity instruments which are held for trading are classified as FVTPL. The group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The group makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to the statement of profit and loss, even on sale of investment. However, the group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit and loss.

B. Derecognition of financial assets

A financial asset is derecognised only when

- i) The group has transferred the rights to receive cash flows from the financial asset or
- ii) retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the group has not retained control of the financial asset.

Where the group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

C. Impairment of financial assets

The group assesses impairment based on expected credit losses (ECL) model to the following:

- i) Financial assets measured at amortised cost
- ii) Financial assets measured at fair value through other comprehensive income (FVTOCI)

Expected credit losses are measured through a loss allowance at an amount equal to

- i) the twelve months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within twelve months after the reporting date) or
- ii) full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For recognition of impairment loss on other financial assets and risk exposure, the group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, twelve months ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the group reverts to recognising impairment loss allowance based on twelve months ECL.

D. Financial liabilities

a) Initial recognition and measurement

Financial liabilities are recognised when the group becomes a party to the contractual provisions of the instrument. The group determines the classification of its financial liability at

Notes forming part of the consolidated financial statements

initial recognition. All financial liabilities are recognised initially at fair value plus transaction costs that are directly attributable to the acquisition of the financial liability except for financial liabilities classified as fair value through profit or loss.

b) Subsequent measurement

For the purposes of subsequent measurement, financial liabilities are classified in two categories:

- i) Financial liabilities measured at amortised cost
- ii) Financial liabilities measured at FVTPL (fair value through profit or loss)

i) Financial liabilities measured at amortised cost

After initial recognition, financial liability are subsequently measured at amortized cost using the EIR method. Gains and losses are recognised in the statement of profit and loss when the liabilities are derecognised as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the statement of profit and loss.

ii) Financial liabilities measured at fair value through profit or loss (FVTPL)

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Financial liabilities at FVTPL are carried in the statement of profit and loss at fair value with changes in fair value recognized in the statement of profit and loss.

c) Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms,

or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit and loss.

xxi) Business combinations

In accordance with Ind AS 101, provisions related to first time adoption, the group has elected to apply Ind AS accounting for business combination prospectively from 1 April 2015. Business combinations are accounted for using the acquisition method as per Ind AS 103, Business Combinations. The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the group. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition. Business combinations between entities under common control is accounted for at carrying value. Transaction costs that the group incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

xxii) Fair value measurement

The group measures financial instruments, such as, investment in debt and equity instruments at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

Notes forming part of the consolidated financial statements

The principal or the most advantageous market must be accessible to the group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the group determines whether transfers, if any, have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

3 (C) Significant estimates, judgements and assumptions

The preparation of consolidated financial statements requires management to exercise judgment in applying the group's accounting policies. It also requires the use

of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

a) Contract estimates

The group prepares budgets in respect of each EPC projects to compute project profitability and construction revenue under percentage of completion method. The major component of contract estimate is budgeted cost to complete the contract. Due to such complexities involved in the budgeting process, contract estimates are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

b) Provision for employee benefits

The cost of post-employment and other long term benefits is determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include determination of discount rates, expected rate of return on assets, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date. The assumptions used are disclosed in note 47.

c) Contingencies and commitments

In the normal course of business, contingent liabilities may arise from litigation and other claims against the group. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes, if any, but are not provided for in the financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

Notes forming part of the consolidated financial statements

d) Impairment testing

i) Impairment of non-financial asset

Impairment exists when the carrying value of an asset or cash generating unit (CGU) exceeds its recoverable amount, which is the higher of its fair value less costs of disposal and its value in use. The fair value less costs of disposal calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a DCF model. The cash flows are derived from the budget for the future years and do not include restructuring activities that the group is not yet committed to or significant future investments that will enhance the asset's performance of the CGU being tested. The recoverable amount is sensitive to the discount rate used for the DCF model as well as the expected future cash-inflows and the growth rate.

ii) Impairment of financial assets

The impairment provisions for financial assets disclosed are based on assumptions about risk of default and expected loss rates. The group uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on the group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

e) Taxes

The group periodically assesses its liabilities and contingencies related to income taxes for all years open to scrutiny based on latest information available. The group records its best estimates of the tax liability in the current tax provision. The management believes that they have adequately provided for the probable outcome of these matters.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is

required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits.

f) Fair value measurement

The fair value of financial instruments that are not traded in an active market is determined using valuation techniques. In applying the valuation techniques, management makes maximum use of market inputs and uses estimates and assumptions that are, as far as possible, consistent with observable data that market participants would use in pricing the instrument. Where applicable data is not observable, management uses its best estimate about the assumptions that market participants would make. These estimates may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date. For details of the key assumptions used and the impact of changes to these assumptions (Refer note 39).

g) Classification of associate and joint arrangement

Please refer note 50 (b) (v) and 50 (c) (v)

h) Share based payments

Estimating fair value for share-based payment requires determination of the most appropriate valuation model. The estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in Note 44.

3 (D) Standards issued but not yet effective

The amendments to standards that are issued, but not yet effective, up to the date of issuance of the Company's financial statements are disclosed below. The Company intends to adopt these standards, if applicable, when they become effective.

In March 2018, the Ministry of Corporate Affairs (MCA) has issued the Companies (Indian Accounting Standards) Amendment

Notes forming part of the consolidated financial statements

Rules, 2018 notifying Indian Accounting Standard (Ind AS) 115 “Revenue from Contracts with Customers” and notifying amendments to Ind AS 12 “Income Taxes”. Ind AS 115 and amendments to the Ind AS 12 are applicable to the Company w.e.f. 1 April 2018.

a) Ind AS 115 “Revenue from Contracts with Customers

The core principle of Ind AS 115 is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Further this standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

b) Ind AS 12 “Income Taxes”

The amendment considers that tax law determines which deductions are offset against taxable income and that no deferred tax asset is recognised if the reversal of the deductible temporary difference will not lead to tax deductions.

Accordingly, segregating deductible temporary differences in accordance with tax law and assessing them on entity basis or on the basis of type of income is necessary to determine whether taxable profits are sufficient to utilise deductible temporary differences.

The group is evaluating the disclosure requirements of these amendments and its effect on the financial statements.

Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- The carrying amounts of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets, non-current and current borrowings, trade payables and other financial liabilities that are measured at amortised cost are considered to be approximately equal to the fair value due to short-term maturities of these financial assets/ liabilities.

Notes forming part of the consolidated financial statements

- 2 Financial instruments with fixed and variable interest rates are evaluated by the group based on parameters such as interest rates and individual credit worthiness of the counterparty. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.

(₹ in lakhs)

	As at 31 March 2018		Level 1	Level 2	Level 3
	Carrying Value	Fair Value			
Financial assets measured at FVTPL					
Non-current investments	2,240	2,240	2	30	2,208
Investments in optionally convertible debentures	14,624	14,624	-	-	14,624
Non-current Service concession receivables	45,050	45,050	-	-	45,050
Current Investments	69,923	69,923	1,909	68,014	-
Current Service concession receivables	12,284	12,284	-	-	12,284
Total	144,121	144,121	1,911	68,043	74,167

	As at 31 March 2017		Level 1	Level 2	Level 3
	Carrying Value	Fair Value			
Financial assets measured at FVTPL					
Non-current investments	2,047	2,047	4	30	2,013
Non-current Service concession receivables	12,923	12,923	-	-	12,923
Current Investments	74,977	74,977	4,126	70,851	-
Total	89,947	89,947	4,130	70,881	14,936

*Reclassification of financial asset from amortised cost to fair value through profit and loss during the year and its impact on the statement of profit and loss is Rs (1,193) lakhs

Valuation technique used to determine fair value

- Investments included in Level 1 of fair value hierarchy are based on prices quoted in stock exchange and/ or NAV declared by the funds.
- Investments included in Level 2 of fair value hierarchy have been valued based on inputs from banks and other recognised institutions such as FIMMDA/ FEDAI
- Investments included in Level 3 of fair value hierarchy have been valued using acceptable valuation techniques such as Net Asset Value and/ or Discounted Cash Flow Method.

Note: All financial instruments for which fair value is recognised or disclosed are categorised within the Fair Value Hierarchy described as above, based on the lowest level input that is significant to the fair value measurement as a whole.

40 Financial risk management

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's financial risk management policy is set by the Managing Board. The Group is exposed to market risk - foreign currency and interest rate, credit risk and liquidity risk.

A Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and

Notes forming part of the consolidated financial statements

equity prices will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The sensitivity of the relevant profit and loss item is the effect of the assumed changes in respective market risks.

a) Interest rate risk

Interest rate risk is the risk that the fair value or the future cash flows of a financial instrument will fluctuate because of changes in market interest rates. In order to optimize group's position with regard to interest income and interest expenses and manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instrument in its total portfolio.

(i) Interest rate risk exposure

	(₹ in lakhs)	
	As at 31 March 2018	As at 31 March 2017
Variable rate borrowings	45,983	15,030

(ii) Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variables held constant, the Group's profit before tax is affected through the impact of change in interest rate of borrowings, as follows:

	(₹ in lakhs)	
Effect on Profit before tax	Year ended 31 March 2018	Year ended 31 March 2017
Interest rates : (Increase) by 50 basis points	(145)	(54)
Interest rates : Decrease by 50 basis points	145	54

b) Foreign currency risk

Currency risk is the risk that the fair value or future cash flows fluctuate because of changes in market prices of various currencies against the functional currency. The group manages its foreign currency risk, by hedging transaction that are expected or occur within maximum 36 months, period for hedge. The group hedges its exposure to fluctuation on transaction in to INR by holding net borrowing in foreign currency and using foreign currency forward contracts.

i) Foreign currency risk exposure

	(₹ in lakhs)	
Currency	As at 31 March 2018	As at 31 March 2017
USD	33	35

The group undertakes transactions denominated in foreign currencies; consequently, exposures to exchange rate fluctuations arise. Exchange rate exposures are not hedged considering the small quantum and short period of such exposure.

Notes forming part of the consolidated financial statements

ii) **Sensitivity to foreign currency risk**

The impact of increase / decrease in USD by 5% on foreign currency borrowings shall result in gain / loss as given below:

(₹ in lakhs)		
Effect on Profit before tax	31 March 2018	31 March 2017
	+ / (-) 5%	+ / (-) 5%
Effect on profit before tax	(105)/ 105	(9)/ 9
	+ / (-) 5%	+ / (-) 5%
Effect on Equity	(105)/ 105	(9)/ 9

B Credit risk

Credit risk arises from the possibility that counter party may not be able to settle their obligations as agreed. To manage this, the group periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

a) Trade receivables

The group extends credit to customers in normal course of business. The group considers factors such as credit track record in the market and past dealings for extension of credit to customers. The group monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets. The group has also taken advances and security deposits from some of its customers, which mitigate the credit risk to an extent.

b) Financial instruments and cash deposits

The group considers factors such as track record, size of the institution, market reputation, financial strength / rating and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the group has also availed borrowings.

c) The ageing analysis of the receivables (gross of expected credit loss) has been considered from the date the invoice falls due

(₹ in lakhs)		
	As at 31 March 2018	As at 31 March 2017
Up to 3 months	153	426
3 to 6 months	0	55
More than 6 months *	3,246	1,437
Total	3,400	1,918

* Includes mainly retention money

'0' denotes less than Rs 50,000

No significant changes in estimation techniques or assumption were made during the reporting period.

C Liquidity risk

- a) Liquidity risk is defined as the risk that the group will not be able to settle or meet its obligations on time or at a reasonable price. The Group's treasury department is responsible for liquidity, funding as well as settlement. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the group's net liquidity position through rolling forecasts on the basis of expected cash flows.

Notes forming part of the consolidated financial statements

b) Exposure to liquidity risk

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on the contractual undiscounted payments.

(₹ in lakhs)

As at 31 March 2018	Total	Less than 1 Year	1 to 5 years	Beyond 5 years

41 Capital Management

For the purpose of group's capital management, capital includes issued capital and other equity reserves attributable to the shareholders. The primary objective of the Group's capital management is to maximize shareholder value. The group manages its capital structure and makes adjustments in the light of changes in economic environment and the requirements of the financial covenants, if any.

The group monitors capital using gearing ratio, which is net debt divided by total capital plus net debt. The group includes within net debt, interest bearing borrowings, trade and other payables, less cash and cash equivalents.

- i) The group has an outstanding commitments of Rs 26,653 lakhs (31 March 2017 Rs Nil) towards equity contribution in joint venture companies under the financing arrangement tied up with bankers .
- ii) Pursuant to the understanding with MBL Projects Private Limited, with respect to investment in RGY Roads Private Limited ('RGY'), paid against option for acquisition of balance 51% shares in RGY equivalent to Rs 1,450 lakhs (31 March 2017 Rs Nil) on 22 February 2018. The balance amount is Rs.122 lakhs (31 March 2017 Rs Nil).
- iii) With respect to investment in MBL (GSY) Road Limited ('GSY') and MBL (CGRG) Road Limited ('CGRG'), Rs 1.63 lakhs (31 March 2017 Rs Nil) each is paid against option for acquisition of balance 51% shares in GSY & CGRG. The balance amount is Rs. 0.13 lakhs (31 March 2017 Rs Nil).
- iv) Pursuant to the understanding with Vishvaraj Environment Private Limited, with respect to investment in Corbello Trading Private Limited ('CTPL') paid against option for acquisition of balance 51% shares in CTPL equivalent to Rs 745 lakhs (31 March 2017 Rs Nil) . The balance amount is Rs 72 lakhs (31 March 2017 Rs Nil).
- v) With respect to investment in Chikhali-Tarsod Highways Private Limited ('CTHPL') Rs. 0.48 lakhs (31 March 2017 Rs Nil) is paid against option for acquisition of balance 51% shares in CTHPL. The balance amount is Rs. 0.03 lakhs (31 March 2017 Rs Nil).

44 Share based payments

- a) In accordance with the "Welspun Enterprises Limited - Employees Stock Option Plan 2017" the company has granted 3,000,000 equity shares (maximum 2,000,000 equity shares to the "Managing Director") at zero cost on 10 October 2017. The fair value of the above stock option of Rs 4,179 lakhs is calculated at the average rate of Rs 139.30 per share is amortised on the straight line basis over the vesting period in accordance with the Ind AS 102 "Share-based payment".

Accordingly proportionate amount of Rs 904 lakhs (31 March 2017 - Nil) is shown as "Share based payment to employees" in the statement of profit and loss (Refer note 34).

- b) In accordance with the "Welspun Managing Director Stock Option Plan 2014" the Company has granted 240,000 equity shares to the "Managing Director" of the Company at zero Cost on 14 July 2016. The fair value of the above Stock Options of Rs. 128 Lakhs as on 14 July 2016 is calculated at the average rate of Rs. 53.23/- per share is amortized on the straight line basis over the vesting period of one year in accordance with the Ind AS 102 "Share-based payment".

Accordingly proportionate amount of Rs.37 Lakhs (31 March 2017 - Rs 121 Lakhs) is shown as "Share based payment to employees" in the statement of profit and loss (Refer note 34).

The salient features of the Scheme are as under:

- (i) **Vesting:** Options to vest shall happen at every anniversary of the date of grant in quantum of 20% of the total ESOPs granted, over the period of 5 years from the date of grant. However vesting period may be extended by the entire duration of the leave period for Employees on the long Leave. The Vesting Schedule is as under:

Number of ESOP	Date of Grant	Date of Vesting
600,000	10-Oct-17	9-Oct-18
600,000	10-Oct-17	9-Oct-19
600,000	10-Oct-17	9-Oct-20
600,000	10-Oct-17	9-Oct-21
600,000	10-Oct-17	9-Oct-22

Notes forming part of the consolidated financial statements

- (ii) **Exercise:** Options granted shall be capable of being exercised in one or more tranches in multiples of 5000 shares, within a period of 3 years from the date of vesting of the respective Employee Stock Options. In the event of cessation of employment due to death or permanent incapacity, all the vested and unvested options may be exercised immediately but not later than six months from the cessation of employment. In the event of cessation of employment due to normal retirement, all the vested options should be exercised immediately but not later than six months from date of retirement and all unvested options will stand cancelled. In the event of cessation of employment due to resignation prior to retirement, all the vested options should be exercised immediately but not later than one month from date of submission of resignation and all unvested options will stand cancelled.

Date of Grant	10-Oct-17	14-Jul-16	14-Jul-15	16-Feb-15
Number of Options Granted	3,000,000	240,000	240,000	720,000
Exercise Period	3 years from date of Vesting of respective Employee Stock Options	3 years from date of Vesting of respective Employee Stock Options	3 years from date of Vesting of respective Employee Stock Options	3 years from date of Vesting of respective Employee Stock Options
Exercise Price	Rs. Nil	Rs. Nil	Rs. Nil	Rs. Nil

	31 March 2018		31 March 2017	
	No. of Stock Options	Weighted Average Exercise Price (Rs.)	No. of Stock Options	Weighted Average Exercise Price (Rs.)
Options outstanding at the beginning of the period	240,000	Nil	240,000	Nil
Options granted during the year the period	3,000,000	Nil	240,000	Nil
Options exercised during the year	240,000	Nil	240,000	Nil
Options cancelled/ lapsed during the year	Nil	Nil	Nil	Nil
Options outstanding at the end of the period	3,000,000	Nil	240,000	Nil

(iii) Information in respect of options outstanding as at 31 March 2018

No. of Stock Options	Remaining life in months	Weighted Average Exercise Price (Rs.)
3,000,000	54	Nil

Information in respect of options outstanding as at 31 March 2017

No. of Stock Options	Remaining life in months	Weighted Average Exercise Price (Rs.)
240,000	33	Nil

- (iv) The fair value of each option granted is estimated on the date of grant using the Black Scholes valuation model with the following assumptions :

No of Stock Options	Grant Date	Vesting Date	Maturity Date	Time to Maturity
600,000	10-Oct-17	9-Oct-18	9-Oct-19	2
600,000	10-Oct-17	9-Oct-19	9-Oct-20	3
600,000	10-Oct-17	9-Oct-20	9-Oct-21	4
600,000	10-Oct-17	9-Oct-21	9-Oct-22	5
600,000	10-Oct-17	9-Oct-22	9-Oct-23	6

Notes forming part of the consolidated financial statements

Variables :-

Stock price	139.30
Volatility	45.14%
Risk free rate (on the basis of tenure)	6.43% to 6.69%
Exercise price	Nil
Time to maturity	2 to 6
Dividend yield	0%
Option fair value	139.30

The expected life of the stock is based on historical data and current expectations and is not necessarily indicative of exercise patterns that may occur. The expected volatility reflects the assumption that the historical volatility over a period similar to the life of the options is indicative of future trends, which may also not necessarily be the actual outcome.

47 Gratuity and other post employment benefits plans

As per Indian Accounting Standard – 19 "Employee Benefits", the disclosures of employee benefits as defined in the Indian Accounting Standard are given below:

- a. The group makes annual contributions to the employees' gratuity fund scheme, a funded defined benefit plan which is managed by LIC of India. The present value of obligation is determined based on actuarial valuation using the projected unit credit method, which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation.
- b. Leave encashment is a non-funded defined benefit scheme. The obligation for leave encashment is recognized in the same manner as gratuity.

c. Details of post retirement gratuity plan are as follows :-**i. Expenses recognised during the year in the statement of profit and loss :-**

Group share of other comprehensive income for the period	-	-	-	-	-	-	-

iii) There are no contingent liabilities in respect of joint venture companies

iv) There are no commitments in respect of joint venture companies other than as disclosed in Note 43 (c)

v) Significant judgement - classification of joint arrangement

The Shareholder Agreement ('SHA') in relation to WASPPL, CTPL, CTHPL, RGY, GSY, CGRG requires unanimous consent from all parties for all relevant activities (e.g. change of composition of board approval / removal of KMP, transaction with any related party, capital expenditure in excess of rupees one lakh etc.). As per SHA, for board composition two directors shall be nominated by JV partner from the list of names suggested by Welspun Enterprises Limited ('Welspun') and one director shall be nominated by the Welspun. However, chairman of the board shall be nominated by Welspun. Joint venture entity shall not act in general meeting without prior written consent of Welspun on any matter except for issuance and transfer of shares impacting change in shareholding. JV partner shall exercise voting rights in general meeting through its nominated representative as directed by Welspun.

Thus, based on 49% holding in share capital (except WASPPL where holding is 74%) read with contractual terms between JV partners, the group has determined that entity should be classified as jointly controlled entity (Joint venture).

vi) The group has pledged below mentioned shares :-

(₹ in lakhs)

Entities	No of shares
Welspun Aunta-Simaria Project Private Limited	5,100
RGY Roads Private Limited	4,900
MBL (GSY) Road Limited	24,495
MBL (CGRG) Road Limited	24,495
Corbello Trading Private Limited	4,896
Chikhali - Tarsod Highways Private Limited	4,896

51 A) Segment Information

The Company for evaluating group performance and for allocating resources based on analysis of various performance indicators, has identified three operative segments on the basis of nature of business activities and other quantitative criteria specified in the Ind AS 108. :

Notes forming part of the consolidated financial statements

i) Operating segments

- a) Infrastructure
- b) Trading
- c) Oil and gas

ii) Segment revenue and results

The expenses and income which are not directly attributable to any business segment are shown as unallocable expenditure (net of allocable income).

iii) Segment assets and liabilities

Segment assets include all operating assets used by the operating segment and mainly consist of property, plant and equipments, intangible assets (BOT), service concession receivables, trade receivables and other operating assets. Segment liabilities primarily include borrowings, trade payables and other liabilities. Common assets and liabilities which can not be allocated to any of the business segment are shown as unallocable assets/ liabilities.

(₹ in lakhs)

54 Assets classified as held-for-sale

- a) **Construction equipments :**

The Company intends to dispose off the construction equipments as it is not intended to be utilized for business purpose in future. These equipments have been depreciated till 31 March 2015 and thereafter classified as Assets included in disposal group classified as held for sale amounting to Rs 8 lakhs as at 01 April 2015 and Rs 113 lakhs as at 31 March 2016 with no depreciation charged from 01 April 2015. Buyer for these assets has been identified with the terms of sale being under negotiation. During the year ended 31 March 2018, the Company sold assets amounting to Rs 13 Lakhs (31 March 2017 : Rs 72 lakhs). As at 31 March 2018, the Company believes that the fair value of these assets exceeds the carrying amount.

- b) **Intangible assets :**

During the year ended 31 March 2018, in light of business transfer agreement entered into with GSRDC, the Company in respect of MSK Projects (Kim Mandvi Corridor) Private Limited (has reclassified Intangible asset comprising toll rights of BOT project to Non-current asset held-for-sale as per Ind AS 105 as the carrying amount is expected to be recovered principally by sale rather than its continuing use. The difference between the estimated fair value less cost to sell (Rs 2,800 lakhs) and carrying value Rs 3,983 lakhs amounting to Rs 1,183 lakhs is recognized as "Impairment loss recognized on the re-measurement to fair value less cost to sale" and disclosed under the head exceptional items

Notes forming part of the consolidated financial statements

55 The Directorate General of Hydrocarbons have served termination notice on the ground that the designated operator in respect of the Block M/s Naftogaz India Pvt Ltd -"NIPL" had allegedly committed misrepresentation by falsely representing itself as the subsidiary of Naftogaz, Ukraine which has 10 % stake in the Block. Adani Group Companies-"Adani"-(55%) and Welspun Natural Resources Private Limited-"Welspun" (35%) together holding 90 % stake in the Block, have contested this notice. The Group has already made representations to the Government expressing its willingness to carry out the activities and to consider the Block as valid and live. Pending a decision from the Government on the representation made by the Group, it has been decided to carry the amount spent on the said block in the balance sheet, till the final outcome.
