Cautionary statements

This Annual Report may contain forward-looking statements. We have tried to identify such statements, wherever possible, by using words such as 'anticipate', 'estimate', 'expect', 'project', 'intend', 'plan', 'believe', 'will', 'should' and words of similar substance in connection with any discussion of future performance. The achievement of results is subject to risks & uncertainties and actual results could vary materially from those implied by relevant forward-looking statements. We undertake no obligation to update any forward-looking statement, whether as a result of new information, future events or otherwise.

Disclaimer: All data used in the initial sections of the report (including MD&A) have been taken from publicly available sources, and discrepancies, if any, are incidental and unintentional.

REIMAGINE THE FUTURE.

The formula to emerge as a dynamic, progressive and enterprising media house lies in the prowess and the competency to be able to think forward. Being a catalyst for change, the essence of our existence rests on our own proficiency to comprehend the ensuing tendencies of a changing, modern world.

Equipped with an actionable and pragmatic approach to journalism, HT Media aims to establish a value based leadership which seeks to raise not just a smart and informed individual, but also achieve a societal evolution through futuristic and forward-thinking practices of transparency and sustainability. As HT Media takes a giant leap to reach the zenith of success as an unbiased media house, our constant focus is on our incessant pursuit to hone our capabilities and bring under the spotlight, the acumen and cognizance to reimagine the future.

HT MEDIA AT A GLANCE

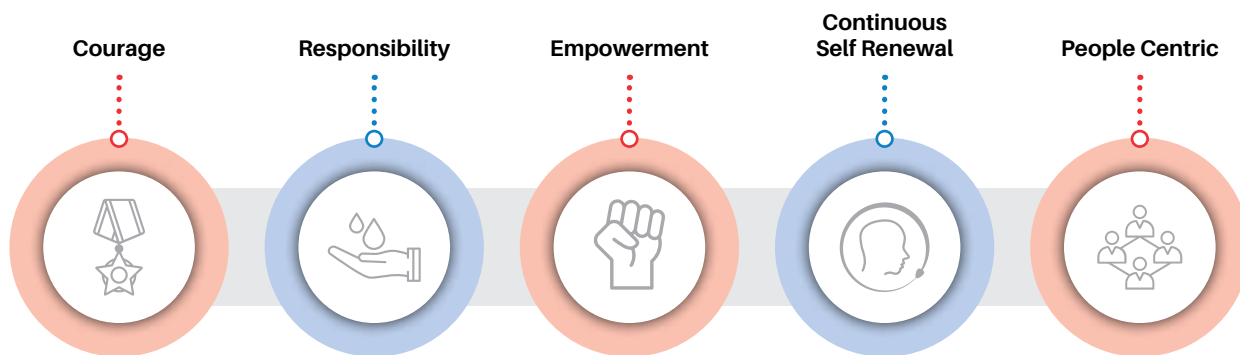

HT Media Limited is one of the leading Media & Entertainment conglomerates in India.

Our diversified product portfolio across Media and Entertainment industry caters to a wide range of consumers and business. We have been leveraging our rich experience to establish the company as a beacon of editorial excellence and integrity while leaving a lasting impression in

the minds of the audience. We have a prominent presence across print, radio, recruitment and education businesses. We are engaged in printing and publishing of 'Hindustan Times', 'Hindustan' and 'Mint'. In the FM radio space, our brands 'Fever' and 'Radio Nasha' enjoy a strong foothold. Job

portal 'Shine.com' is our foray into the recruitment market, while our mission of providing quality supplemental education is operated via 'Studymate' and 'Bridge School of Management'.

BUSINESS MODEL – HOW WE CREATE VALUE

We supply high value information, education and entertainment

HT Media delivers high-valued and quality newspapers & magazines, music and entertainment on Radio, recruitment solutions and education services to an ever-growing consumer audience.

HT Media is diversified by revenue, geography and business types.

Our revenue model

Advertising

Focus on initiatives beyond the regular advertising, new and focused products and cross-selling of the various products in our portfolio. Enhanced user engagement further drives advertiser interest in increasingly sophisticated advertising formats.

Circulation

Circulation revenue is primarily generated from the sale of our English and Hindi publications, which continues to command leading position in key markets.

Airtime sale

Sale of free commercial time in Radio broadcasting caters to a diversified mix of advertisers.

Job Portal

Focus on recruitment solutions, jobseeker database and candidate upskilling services

Education

Provides supplemental education to school-goers, higher education courses, corporate educational and management training

Core competitiveness

Established market position

Acts as a source of competitive advantage, enabling us to capitalize on business opportunities.

Experienced Leadership team

Fosters constant innovation, growth and talent development across our businesses.

Active portfolio management

Reflects our approach to innovative new solutions in response to market opportunities.

Trusted expertise

Provides customers with the vital news and entertainment, analysis, data and information they need, in the form they want.

Value creation for all stakeholders

Shareholders

We are committed for sustainable value creation and have a good track record of strong cash flows.

Employees

We nurture talent, making it a priority to identify, develop and cultivate passionate experts within our businesses.

Customers

In-depth understanding of customer needs enables us to constantly innovate and create content, products and solutions that provide our businesses with a competitive edge and make us even more relevant to our customers.

Community

HTML undertakes numerous initiatives to serve the under-privileged sections of the society.

CHAIRPERSON'S MESSAGE

We, at HT Media Ltd, have to leverage our strengths – a legacy of trust and credibility; a focus on people and processes; and a presence across platforms and also content-genres.

Dear Shareholders,

The Indian economy witnessed slowing of growth to 6.8% in FY'19, although its fundamentals continued to remain strong, and it remained the fastest growing major economy in the world. The country's GDP is expected to grow at 7.3% in FY'20. The Media & Entertainment (M&E) industry too is expected to grow at a rapid pace – a CAGR of 12% between 2018 and 2021 to emerge as the second fastest growing advertising market in Asia, according to EY M&E Report .

All segments of the media business are set to grow, but to tap this growth, we at HT Media Ltd, have to leverage our strengths – a legacy of trust and credibility; a focus on people and processes; and a presence across platforms and also content-genres.

I am happy to present to you HT Media's Annual Report for FY'19, a year when we coped well with slowing growth in advertising revenue, volatile input prices, and an unfavourable exchange rate for most part – even as we pursued opportunities with an eye on the future.

In Print, Hindustan Times (HT), our English daily continues to assert its dominance, maintaining its primacy in Delhi and the larger National Capital Region, and second position in Mumbai. Our Hindi daily, Hindustan has been growing steadily and now has almost 54.7 million readers. It is an important voice in Delhi, Bihar,

Jharkhand, Uttar Pradesh, and Uttarakhand. Mint, our business daily, is widely recognized as the best provider of insights and analysis on Indian business and the economy. The entire newspaper industry bore the impact of sharp appreciation in newsprint prices, which hurt profitability.

In Radio, Fever FM has recorded strong revenue growth and improved its profitability. Our second brand, Radio Nasha, continues to be the preferred destination for retro music listeners in Delhi and Mumbai. We continue to strengthen our presence in the space through organic and inorganic avenues to create value for shareholders.

Our performance has been powered by our people and I am proud of every member of the HT Media family, whose passion, drive and integrity, has propelled the organisation to newer heights. The unique mix of youth and experience that characterizes our workforce has created opportunities for growth. This, in turn, has provided our employees with ample opportunities to grow their knowledge, skills and abilities. We are also proud of the diversity of our workforce. HT Media is an equal opportunity employer, and remains one of the best companies to work for in the media space.

As we move ahead, we have a clear plan for FY'20. We plan to engage much more with our readers and advertisers and grow our events

portfolio. The environment looks set to be conducive too - we expect tailwinds from the upcoming Lok Sabha elections and the benefit of the increase in DAVP advertising rates as well as softening newsprint prices. The corporate sector too is likely to do well in terms of earnings growth and this will help the advertising side of our business. We also plan to derive benefits from the new geography-focused structure which we have put in place.

The sole aim of our portfolio of offerings is to create value for our stakeholders, including customers. We shall continue to focus relentlessly on product quality, drive circulation and revenue, and grow both our share of mind and share of revenue. On behalf of the entire leadership team, I would like to thank our employees for their unswerving support, shareholders for their co-operation and faith, and the Board of Directors for their strategic guidance to steer the organisation towards sustainable long-term growth.

Warm regards,

Shobhana Bhartia
Chairperson and Editorial Director

MD & CEO'S SPEECH

It is a matter of great privilege to reach out to you in my first year as the MD & CEO of your company, HT Media- a media leader, which has since long been identified as a torch-bearer of fearless and responsible journalism by providing trusted cutting-edge content across platforms to millions across the country.

Dear Stakeholders,

It is a matter of great privilege to reach out to you in my first year as the MD & CEO of your Company, HT Media- a media leader, which has since long been identified as a torch-bearer of fearless and responsible journalism by providing trusted cutting-edge content across platforms to millions across the country.

I would like to begin by drawing your attention to the challenging times the print industry is passing through. A downturn in growth has resulted in muted corporate advertising, even as digitally-driven shifts in market paradigms, a volatile forex market and upswing in newsprint prices have affected profitability in our core area of print publishing.

Amidst these, our continued focus on creating better customer value by strengthening our presence across platforms in various markets, consolidation and building new businesses and ushering in cost-effective and innovative business practices has helped us streamline our operations, even as we continue our single-minded pursuit of higher efficiency and productivity.

Sector-wise Performance

Print: Our premium English daily - *Hindustan Times*, with a total readership of 7.7 million, delivered quality impactful content, while driving high reader engagement and continuing its leadership position in Delhi and other key markets. Our Hindi daily, *Hindustan*, continues to be one of the leading players in the markets of Delhi, Bihar and Jharkhand with 54.7 million readers. Our business daily, *Mint*, persists in delivering in-depth and insightful business and economic content which makes it the number one choice for decision makers. The

innovative consumer-focused initiatives by these brands have been recognized both in Indian and international forums, winning many awards.

Radio: With double digit revenue growth and strong profitability, our radio business continues to grow. Today Fever FM is the leading radio channel in large markets of Delhi, Mumbai and Bengaluru (non-Kannada), while our retro brand Radio Nasha has successfully captured large audiences in the markets of Delhi and Mumbai. This year, we executed our stated strategy of growing inorganically by acquiring RadioOne, which has helped us take our portfolio to 22 stations across 15 cities, reaching out to over 33 million listeners.

Digital: The business continues to grow, and Digicontent Limited has shown a 30% increase in revenues. The news segment has charted newer territories with varied offerings even as our non-news segment continues to do exceedingly well. In a short span of time, Shine is now the second largest online job portal with a large database of jobs and jobseekers on its platform with its initiative Shine Learning charting new areas in talent advisory services.

Way forward

We will continue to focus on our print business with hyperlocal editions like *Hindustan Smart* for the new generation, and the refreshed school edition being the most recent examples. Cost reduction through process re-engineering, manpower rationalisation and tech-driven supply chain management and tie-ups, will be the key drivers for profitable growth this fiscal.

In radio, consolidation of RadioOne business will continue, with a focus on

creating new listenership which will drive new customer acquisition.

An entry into podcasts and videos in social and other media, tech-led media solutions, including classified businesses in newer verticals, are some of the initiatives planned for the coming year.

Over the last six months we have significantly ramped up our talent base to facilitate our transformation. We have infused FMCG talent in the business leadership, bringing new perspective and more importantly a consumer in view. The technology team has also been completely revamped, to ensure we are able to build a technology first organisation.

Looking ahead, we strongly believe that the coming year is going to be a challenging one, the economy, imposition of custom duty on newsprint import, print to digital shift of revenue, etc. but we will strive to strengthen our operating and financial performance as we start delivering on our key initiatives. The expected softening of newsprint prices, a good festive season, resurgence in corporate earnings in Q2, coupled with our new offering and dialled up execution should aid us in our journey. The settling in off the team and scaling up of our new businesses will help revive growth of your Company over the coming years.

With our refreshed business strategy, we are confident of excelling in all our segments and delivering an even stronger balance sheet to you.

Warm regards,

Praveen Someshwar
Managing Director & CEO

ENHANCING CONSUMER EXPERIENCE

HT Media is dedicated in its policy to strengthen its product portfolio and foster innovation. It has built a strong reputation as an organiser of leading industry events.

Hindustan Times Leadership Summit (HTLS)

The Summit is a congregation of global leaders and opinion makers from various walks of life, who get together to discuss and ideate the way forward for India and the world. It has grown in stature to become one of India's most respected events.

The 16th Hindustan Times Leadership Summit, "Reimagining the Future", saw an enviable set of global leaders including Rahul Gandhi, Will Smith,

Pelé, Steve McCurry, Angela Missoni, Ranveer Singh, Deepika Padukone, H.D. Kumaraswamy, Capt. Amarinder Singh, Mithali Raj and Heena Sidhu, amongst others. The Summit saw a foot-fall of 1000+ audience members which included CEOs, politicians, bureaucrats and Industrialists, amongst others. It has positioned Hindustan Times as a 'thought leader' in the minds of consumers.

Hindustan Times India's Most Stylish

This is the biggest celebration of glamour & style in India. Hindustan Times brings together people from Bollywood, fashion, sports, art, culture, music & many more fields under one roof. The by-invitation only award show saw an enviable set of icons including Amitabh Bachchan, Akshay Kumar, Aishwarya Rai, Deepika Padukone, Sridevi, Sanjay Dutt, Rekha, Shilpa Shetty, Varun Dhawan, among others.

Hindustan Shikhar Samagam

Hindustan Shikhar Samagam is a marquee event for Hindustan and this year, the 4th edition was held on September 1, 2018 with the theme "Hindustan ki tarakki ka naya daur". It saw personalities from various spheres like politics, bureaucracy, industry, public life, sports, academia and entertainment world, discussing and debating on key current issues impacting the country. The event had 11 speakers and 8 impactful sessions of Yogi Adityanath, Rajnath Singh, Akhilesh Yadav, Tarek Fatah, Kajol & Imtiaz, Raveena Tandon, Raj Babbar, Prashanti, Divya and Akanksha Singh with a select audience in attendance. The show went live on TV and clocked a viewership of 8.5 million during the event.

Over the last 4 years, the event has become an aspiration for the people of Lucknow to attend. The Samagam resonates with our brand promise and offers a new take to issues impacting the people.

Mint Corporate Strategy Awards

With the swiftly changing market environment, it has become crucial for Indian firms to become more adaptive, flexible and prompt. Strategy has to become malleable and ever-dynamic today. This iconic event witnessed the top executives/CEOs of 45 finalist companies, eminent corporate leaders, senior bureaucrats as well as well-known professionals on March 23rd in Mumbai. Chief guest of the evening was the Hon'ble Vice President of India, Shri Venkaiah Naidu.

Hindustan Times Palate Fest

India's most coveted food & music festival, Hindustan Times Palate Fest is one of the largest and internationally recognized food festivals of the country. After having successful festivals across Delhi, Goa, and Chandigarh; Hindustan Times brought the festival to Mumbai for the first time in January 2019. It brings together exclusive restaurants, world class chefs and live entertainment. The HT Palate Fest - Delhi 2018 edition was awarded the best event in South Asia at the prestigious INMA Global Awards (International News Media Association) held at Washington in 2018. With multi-cuisine treats and live musical performances, the extravaganza brought culinary joy from some of the finest and eminent chefs of India.

Hindustan Times Friday Jam

Delhi-NCR's Biggest Music Festival, Hindustan Times Friday Jam, had its Season 5, comprising of live music performances every Friday by renowned artist and bands at Cyber city, one of the most happening spots of Delhi-NCR.

Mint EMTECH India

Mint EmTech India is an iconic platform where technology, business, and culture converge. The event brought together business leaders, innovators, entrepreneurs, and change makers who are passionate about addressing major global issues, by turning ideas into solutions.

Mint Annual Banking Conclave

Mint Annual Banking Conclave is amongst the biggest banking annual events, through which Mint takes a leadership stance on issues of critical importance for the Banking sector. The 2018 conclave was themed "Future of Banking: How to navigate the digital road" and it witnessed the largest gathering of 300+ banking executives, CXOs from BFSI & NBFC sector, senior representation from regulators, fin-tech and IT experts as part of the audience. The event was presided over by N Vishwanathan, Deputy Governor of RBI and Dilip Asbe, CEO of NPCI, as the chief guests. The event established our strong foot-hold in the BFSI sector.

A FORCE TO RECKON: OUR PEOPLE

We strive to encourage diversity in workforce and believe in building the career of its employees through focused interventions like training and role enhancements amongst other initiatives. We promote various engagement interventions to enhance the retention of employees. Our sharp focus on both input and output KPIs is aligned across the organisation through workshops. Our technology-led programs have resulted in wider coverage of participants.

64

Classroom trainings organised

2664

Participants trained during the year

Split of Trainings

CONSCIOUSLY CORPORATE: CONTRIBUTING TOWARDS SOCIETY'S WELL BEING

As a part of our social responsibility, we continue to pass benefits onto the society in which we operate. Our initiatives are aimed at creating shared value for the economic development of the country while improving the quality of the life of local communities and the society at large.

Community Development Programs

Education plays a vital role in bringing about social and economic development of the society. Its contributions are monumental and therefore, we at HT Media, are focused on providing education to the underprivileged and meritorious children. With an aim to shape and brighten their future, we in collaboration with SHINE, support the early childhood care and development of the economically weaker sections of society, and provide alternative learning, vocational training and remedial education to youth and women.

950+ students

Beneficiary of this initiative

125+ women

Beneficiary of this initiative

Promoting education and raising awareness on stubble burning

This year, we supported the cause of promoting awareness and education on the harmful effects of stubble burning among the farmers of Punjab. HT Media through its partners reached out to farmers in Punjab to create intensive awareness on the harmful effects of stubble burning. The initiative included over 50 nukkad natak, 66 farmers meet & other activities to spread the message.

155

Villages benefitted

HT Scholarship 2018

To promote education, HT Media offers scholarships to students of class 6 to 10 in Mumbai, Pune and Chandigarh on the basis of merit. This year, more than 1.2 lakh students and 145 schools participated in the HT Scholarship programme.

135

Students received scholarship

HTLC Scholarship

HT Media through HT Foundation for Change (HTFFC) runs various scholarship programs with multiple agencies. HTFFC runs the Hindustan Times Learning Centre scholarship program which offers merit-based scholarships and financial support to economically weaker students.

MANAGEMENT DISCUSSION & ANALYSIS

Global Economy Overview

Global economic growth for CY'18 stood at 3.7%, even as developing economies in Asia displayed stronger trajectory with 6.5% growth. The year has been marked by commodity specific demand & supply disruptions, rising interest rates in US, appreciating dollar, growing trade tensions between major economies and financial market pressures in some Emerging Market and Developing Economies (EMDEs). Global inflation continues to be moderate, although it is on an upward trend. Rising oil prices contributed to inflationary pressure for oil importers while depreciation against US dollar pushed imported prices upwards.

Outlook

Slowdown in the second half of 2018 has led to a downward revision of growth estimates in several economies. The global growth is projected at 3.5% in 2019, with Asian EMDEs expected to grow at 6.3%. Growth is expected to pick up in the second half of 2019, aided by monetary policy accommodation by major economies in the absence of inflationary pressures. (Source: UN WESP, World Bank, IMF, WEO)

GDP Growth: Cross-country comparison

(Source: EY M&E Report, CSO)

Note: GDP growth for India is based on fiscal year

Indian Economy Overview

The Indian economy grew by 6.8% in FY'19, much higher than rest of the world. The economy has been regaining on the back of strengthening domestic demand. The temporary slowdown, due to demonetisation and the implementation of GST is waning and the benefits of structural reforms have started to materialise. The growth was driven by an upswing in consumption and investment, even as rising interest rates and currency volatility had a significant impact on the economy. India has been the growth leader amongst major economies including EMDEs.

Outlook

Going forward, India is expected to continue on the path of strong GDP growth with robust private consumption and investment. Overall investment sentiment is improving, construction is recovering from a slump and the farm sector is also witnessing growth. India's real GDP is expected to grow by 7.3% in FY'20. (Source: CSO, World Bank, EY M&E Report, IMF)

Sectorwise GVA Growth - YoY (%)

(Source: CSO, MoSPI)

Industry Overview

Indian Media & Entertainment (M&E) Industry

The Indian Media and Entertainment industry is growing rapidly and is projected to be the 2nd fastest growing advertising market in Asia. It reached ₹ 1.67 trillion in 2018, a growth of 13.4% over 2017. In 2018, advertisement grew by 12.7% while subscription grew 11.2%. Advertising revenues comprised 51.2% of the total in 2018 and are expected to grow to 52.4% of the total by 2021. The industry is on the verge of a strong phase of growth and expected to grow much faster than the global average rate. Regional and rural markets provided key impetus to the industry on account of growing demand and increasing penetration. The industry continued to witness the impact of key regulatory-led macroeconomic disruptions. However, the growth in advertising revenue continued to outpace the GDP growth. (Source: IBEF, EY M&E Report)

Growth of Ad Revenue and GDP

(Source: EY M&E Report, CSO, MoSPI)

Note: While Ad revenues are estimated for calendar year, GDP estimates are for fiscal year

Outlook

The Indian Media and Entertainment industry is on an impressive growth path. With its current trajectory, it is expected to grow to ₹ 2.35 trillion by 2021 at a CAGR of 12%. It is slated to witness a stable, sustained growth over the next three years and continues to show great potential, owing to India's thirst for knowledge and escapism. (Source: EY M&E Report)

Indian M&E Industry Size (₹ billion)

(Source: EY M&E Report)

Note: All figures are gross of taxes

Print Media

Print media reached ₹ 305.5 billion in 2018, with a subdued growth on account of macroeconomic dynamics and weaker ad revenue scenario. Still, India is the only market in the world where print continues to be dominant and is growing in all aspects including circulation, readership and geography. This highlights the uniqueness of the Indian market and the scope for Print media to flourish. The readership growth is spread across demographics divides, and is particularly pronounced among the youth. This broad based readership profile underlines print's dominance, relevance, and growth. In 2018, the advertising and circulation revenue accounted for 71% and 29% of the total Print revenue pie, respectively. While magazines contributed around 4% of the total print segment revenues.

Revenue Mix in 2018 - Advertising & Circulation

Revenue Mix in 2018 - Newspaper & Magazines

(Source: EY M&E Report)

Going forward, the softening of newsprint prices, increase in advertising rates announced by the government and corporate earnings growth are expected to be the key engines for the growth of print media. Print revenue is anticipated to reach ₹ 337.8 billion by 2021.

(Source: Magna Global Report, KPMG M&E Report, EY M&E Report)

Advertising in Print

As per the EY M&E Report, advertising revenue was low at ₹ 217.1 billion in 2018. Auto and Services led the way contributing around 34% of the total volume, followed by Education with a 13% share, Retail 8% and Banking 5%. Overall, these 5 sectors contributed ~60% of the total volume. FMCG and Auto were the largest contributors to Print revenue, with a contribution of 14% each, followed by Education at 10%.

Advertising Expenditure (₹ billion)

(Source: EY M&E Report)

Note: All figures are gross of taxes

Print is credible, trustworthy and has vast reach

Print media is a credible and trustworthy medium on account of its well-researched, in-depth and veritable content. Additionally, higher quality of engagement, discoverability of advertisement and its non-intrusive nature make print a very impactful medium with the capability to influence and drive change. The combination of reach, segmentation, credibility, engagement and innovation provided by Print makes it a preferred medium for advertisers. In 2018, there were around 180,000 advertisers and 230,000 brands on print, out of which around 170,000 did not advertise on television or radio.

In last 2 years, the industry has been facing headwinds resulting from the fallout of demonetization in November 2016 and implementation of Goods and Services Tax from July 2017, which affected advertising across sectors. Apart from these, the introduction of Real Estate (Regulation and Development) Act (RERA) led to weaker advertising by the Real Estate sector. As the impact of these headwinds is slowly receding, the economy is on a recovery mode and advertisement expenditure is expected to increase.

(Source: Magna Global Report, EY M&E Report)

Circulation in Print

Circulation Revenue grew marginally by 1.2% in 2018 to reach ₹ 88.3 billion, while accounting for about 29% of revenues of the print segment. Based on Audit Bureau of Circulations (ABC) data for the period January to June 2018, circulation copies grew by around 2% across languages, when compared to same period last year.

Circulation Revenue (₹ billion)

(Source: EY M&E Report)

Note: All figures are gross of taxes

The subscribers to print media are loyal and tend to continue their subscriptions due to ease and habit. Additionally, as the literacy levels are improving, there is a corresponding increase in readership through improved reach. Circulation revenue is expected to reach ₹ 91 billion in 2019, growing at 3.1% and ₹ 99.4 billion in 2021. (Source: EY M&E Report)

Newsprint Prices

Newsprint cost generally comprises about 35-40% of the total cost in Print business. More than 50% of newsprint consumption in India is from imports – mainly from US, Russia and Canada. There has been a sharp rise in newsprint prices during the year which has put pressure on the margins of print sector. In addition to this, depreciation in the value of the Indian rupee vs US Dollar has exacerbated the import prices of newsprint. India's exchange rate had depreciated to an all-time low averaging ₹ 73.7/USD in October 2018. However, prices have stabilized in 2019 and are expected to normalize in the quarters ahead.

Exchange Rate (USD/INR)

(Source: Thomson Reuters)

Radio

The size of the Radio sector touched ₹ 31.3 billion, growing at 7.5% in 2018 and accounting for 4.2% of total advertising spends.

Phase III auction of radio licenses has significantly increased the reach of radio, which now caters to 65% of the country's population. It resulted in an increase of FM radio stations in India by 2/3rd and its presence in terms of number of cities by 1/3rd. In the last 5 years, Delhi-NCR, followed by Maharashtra, has emerged as the leading markets for FM radio in the country. This is attributed to the large number of FM radio listeners living in these regions. The Top 5 metro cities contributed major chunk of Ad revenue and volumes in 2018.

During the year, key themes were innovation in content and outreach for listeners & advertisers. Few stations reorganised their content or genre and even renamed the brand. Radio continued to expand the bouquet of offerings and the clients were getting not only solutions on air, but also on-ground activations, digital and live on-air shows. Listeners continued to tune to shows to enjoy fun, newness and music, and to connect with their favourite RJs. Radio thrived as mass medium heard by young and old alike and its reach and influence grew. Players serving both Tier I markets and Tier II markets witnessed growth. Organic as well as inorganic growth led to existing players gaining strength.

FY'20 in particular looks to be promising, due to an overall improvement in the market sentiments with the core sectors coming back to the fore in a big way. Further spikes in ad spends are expected due to sporting events like the Cricket World Cup and IPL. The radio industry is in the need of a concrete audience research and measurement agency which would increase participation from high quality advertisers. Overall, Radio is expected to sustain its growth path and is anticipated to reach ₹ 34 billion in 2019 and ₹ 39 billion by 2021.

(Source: EY M&E Report, TechSciResearch)

Radio Revenues (₹ billion)

(Source: EY M&E Report)

Note: All amounts are gross of taxes

Recruitment

The job market in India has witnessed dramatic changes in the past decade with companies embracing new technologies and employees adopting emerging skill sets and job roles, to stay relevant in the market.

The year saw some reduction in competitive intensity. Over a longer period, as old contracts expire, this will give an opportunity to remaining players to grow faster. The market is expected to grow at 12-15% in the year. Usage in the industry continues to be mobile heavy with >70% of all category searches on Google happening on mobile. The rise in recruitment was noteworthy across multiple sectors including healthcare and BFSI. The functional areas such as HR, IT - Software, Sales, Site Engineering, ITES also witnessed a rise in recruitment and this trend is likely to continue.

Education

India's education sector offers a great opportunity, with the largest population in the world of ~500 million in the 5 to 24 years of age bracket. Moreover, India has over 250 million school going students, more than any other country. This places India in a unique position to cater to the growing demands of the student community. The Indian coaching classes segment stood at ₹ 2,170 billion in FY'17, and is expected to reach ₹ 3,150 billion by FY'20, at a CAGR of 13%. The primary and secondary supplemental education market will be the one of the fastest growing categories in this segment. According to the 71st Survey conducted by the NSSO, nearly 26% of the total students in the country took private coaching and tuitions, with 36% belonging to secondary and higher secondary classes (classes IX - XII) while 26% were from upper primary levels (classes VI - VIII).

The segment is anticipated to be marked by volume growth, higher price realizations and increase in significance of brands leading to rise in proportion of organised segment in medium to long term.

Company Overview

The genesis of Hindustan Times goes back to 1924 when it was inaugurated by Mahatma Gandhi. HT Media has today grown to become one of India's largest media companies. The Media & Entertainment conglomerate is prominently present across print, radio, education and recruitment businesses.

In the print segment, 'Hindustan Times' (English Daily), 'Hindustan' (Hindi Daily) and 'Mint' (Business Daily) are the topmost publications of the Company, known for its editorial quality, innovation, and integrity. The combined strength of Hindustan Times and Mint makes HT Media one of the leading players in the English print market, while a Total Readership (TR) base of 5.47 crore readers has established Hindustan as a formidable force in the Hindi Print market.

The company operates in Radio segment through its brands 'Fever' and 'Nasha'. It has presence in the education market through 'Studydrive', which imparts supplementary education to class VIII to XII students and 'Bridge School of Management' to equip working professionals with hands-on knowledge and business skills. The Company also houses a job portal 'Shine.com', which is working closely to bridge the gap between talent and opportunities.

Product Mix

Print

Hindustan Times

Hindustan Times is one of India's most respected and leading English dailies. It has been pioneering trends in journalism, setting higher standards and breaking new grounds for about a century now. Spurred by the leading faces of Indian journalism, Hindustan Times has evolved with the times, reflecting the diverse and changing India. Today, Hindustan Times is the preferred choice of over 34 lac Indian readers on the basis of Average Issue Readership (AIR).

According to IRS Q1 2019, Hindustan Times has emerged as the largest brand in the most important English markets of Delhi-NCR plus Mumbai with a combined AIR of 27 lacs. HT continues to be the undisputed No. 1 newspaper for the 16th time in a row in Delhi and the NCR with 18 lac readers. Yet again, HT also remains the most read paper in the Punjab region (including Chandigarh). In Mumbai, HT has grown its readership significantly to reach AIR of 9 lacs making it the No.2 daily. It is driven by the commitment to provide an enhanced reading experience to the users through the right mix of daily news, information, analysis and entertainment content.

Hindustan

Hindustan is the second largest newspaper in the country with Total Readership of 5.47 crore, with dominance across key markets. Hindustan is rapidly adding new readers and sustains the position as one of the fastest-growing newspapers in the country. Hindustan continues to be the No. 1 newspaper in Bihar and Uttarakhand with AIR of 52 lacs and 11 lacs

respectively. It is the second most read paper in Uttar Pradesh, with AIR of 1 crore. In Jharkhand and Delhi also, Hindustan is a strong No. 2 player. We offer a modern, youthful and new outlook to our readers that has established us as a 'thought leader' in the industry.

Mint

Launched in 2007, Mint is one of India's premium business news publications providing in-depth analysis of business and economy. It has retained its position as the second largest business daily in India with an AIR of 3.4 lac premium readers including CXOs, leaders and business influencers, as per the IRS Q1 2019. Mint is the fastest growing business daily, showcasing an AIR growth of 14% over AIR in IRS 2017. It has evolved with a refreshed focus on data analysis & exclusive news. Focusing on the insight & in-depth, Mint goes beyond the news to position itself as a platform for 'clarity in business'.

Radio

Fever FM

Fever is the no. 1 radio station in Delhi, Mumbai, Bangalore (non-Kannada) and No. 2 in Kolkata. Over the years, it has expanded from 4 to 13 cities - Delhi, Mumbai, Bengaluru, Kolkata, Chennai, Hyderabad, Lucknow, Kanpur, Agra, Gorakhpur, Allahabad, Aligarh and Bareilly. With one station in each city, it has completely changed the radio listening experience in India.

Consolidated leadership in listenership (RAM Report for Week 13, 25 March to 31 March 2019)

#1

in Delhi

#1

in Bengaluru
(Non-Kannada)

#1

in Mumbai

#2

in Kolkata

Our new stations have established strong credentials in the respective markets. Fever FM Chennai grew popular with both migrants and natives in Chennai through innovative initiatives. 'Made in Madras' was an initiative to celebrate the spirit of the city with its various aspects and shades from food to clothes to memories. Fever FM Chennai partnered with CSK, when the franchisee made a comeback after two years, in painting the city yellow with CSK Fever. Further, retail strategy ensured strong engagement and contribution from the segment and

big annual deals was the focus. Fever UP focused on new business development as it took up the task of developing a largely undeveloped retail market. Also, high levels of process adherence, rigour and cross functional collaboration added to the success. FM Hyderabad's retail and bollywood focus contributed to the strong annual growth. Bollywood connect was established through concerts that were intensified through on-air, on-ground, print and digital promotions.

Radio Nasha

Radio Nasha is India's leading retro station, which mainly plays Bollywood music from the '70s, '80s, and '90s. It is the first ever radio station packed with passion, fuelled by Bollywood celebrities and driven by RJs with a style that is young, energetic, and classy. The station makes retro 'cool' and is a favoured destination station among listeners. It was launched in Delhi in March 2016 and in Mumbai in April 2016. It is the no. 1 retro station in Delhi (RAM Report for Week 13, 25 March to 31 March 2019).

Digital

Shine.com

Shine.com is the most innovative and second largest online job portal in India. It connects the job seekers and recruiters by offering recruitment, up skilling and branding solutions. It provides platform for businesses to hire right talent. It has a strong database of candidates across industries and functional areas. Shine Learning advises candidates on acquisition of newer skills to enhance their career growth.

Shine is currently focusing on further developing its tech platform to provide an enhanced and better-than-market search experience to its recruiters. Alongside, it is also focusing on developing Shine Learning where candidates can subscribe to up skilling courses and certifications. Shine is the fastest growing job portal on mobile device witnessing a 100% YoY growth in mobile traffic and offers on-the-go access through Shine Job search App.

Education

Studymate

Studymate is a chain of high-quality learning centers catering to CBSE classes. It offers supplemental education for students of high school (Class 8th to 10th) and senior school (Class 11th and 12th). It endeavours to propel a successful career for students by building a strong foundation for their board exams. At Studymate, the child benefits from a comprehensive curriculum delivered by experienced and expert faculty through an interactive and blended teaching pedagogy. Studymate prides itself in having faculty of the highest calibre, as they form the backbone of the learning center.

In order to ensure a higher same store sales growth, it plans to significantly grow English Language training brand 'English mate', enhancing the utilization of the existing physical infrastructure.

Financial Performance Review

Operating Revenue

Revenue from operations has decreased from ₹ 2,299 crore in FY'18 to ₹ 2,194 crore in FY'19 as the Print business was affected by lingering effects of demonetisation, GST implementation and RERA. However we witnessed positive and healthy growth in Radio business of 10.5% in the year despite macroeconomic challenges which impacted advertising spends.

Profitability

The current fiscal year saw a sharp rise in newsprint price as a fallout of China imposing a ban on import of paper waste, which made it a net importer of newsprint leading to increase in demand. A depreciating rupee and advertising slowdown as discussed above, also impacted the profitability of print industry players across the board. There was also impact of mark-to-market losses on certain investments held by the company. As a consequence, Operating EBITDA Margin reduced from 15.9% in FY'18 to -1.0% in FY'19 and Net Profit Margin has reduced from 13.6% in FY'18 to -1.1% in FY'19. Return on Net Worth reduced from 11.9% in FY'18 to -1.8% in FY'19, owing to reasons discussed above.

The newsprint prices and currency have, however, started correcting beginning the last quarter of the year.

Interest Coverage Ratio

Interest Coverage Ratio has decreased from 6.4 times in FY'18 to 1.0 times in FY'19. This is mainly led by decrease in Operating EBITDA.

Inventory Turnover

Inventory Turnover Ratio has increased by 15%, from 4.7 times in FY'18 to 5.4 times in FY'19 led by inventory management initiatives. The Cost of Goods Sold (COGS) has increased by 19% during the year on account of increase in commodity prices, while the average inventory has increased by 3%.

Current Ratio

The Current Ratio has improved by 70%, from 0.7 times as on 31 Mar'18 to 1.3 times as on 31 Mar'19. This is led by increase in our current investments. Also we repaid commercial papers during the year which reduced our outstanding Current Liabilities.

Marketing Initiatives

The company undertook various initiatives to improve relationship with customers as well as boost organic growth of the company.

Chandigarh Edition Relaunch

The company re-launched HT in Chandigarh on event of the 18th anniversary of the edition with a supplement for the city. The product layout was restructured, with the objective of introducing greater variety and depth along with a clear progression of content – hard news, incisive features, news one can use and sports.

Mumbai Meri Hai

HT rolled out the 'Mumbai Meri Hai' campaign in Mumbai, through which it celebrates the spirit of Mumbai – talking about nostalgia, the qualities of the metropolis and the culture that brings the people together. The objective of the campaign is to bring out the positive side of the daily life of a Mumbaikar and developing an emotional connect with them, emphasising on the fact that HT gets them better than others.

Roz Padho Roz Jeeto

This was a unique initiative undertaken by Hindustan, which helped in building brand recall and creating buzz around the brand. The activity generated more than 5 lac responses from the readers in the 6 weeks that the campaign ran.

Patna and Meerut Dialogues

Hindustan launched a thought leadership platform in 2018, placing focus on offering a refreshing perspective on contemporary issues dominating the news genre in India and also on setting agenda. The event saw attendance of eminent personalities for a panel discussion on a contemporary topic, supported and guided by our chief editor.

New Patna Live Launch

Hindustan revised its offering at Patna with an improved Patna Live. The new LIVE promises to offer better features and diverse news mix to the readers in the city of Patna.

Strengthening Our Capabilities

Over the past year, our focus areas on the advertising revenue front has been on the initiatives beyond regular advertising, launch of new & focused products and cross-selling of the various products in our portfolio. Some of the major initiatives included:

- Redesigning of the sales organisation to create a geographic structure to improve efficiency & connected with our clients throughout
- Automation of our reporting systems in order to increase sales efficiency cost saving and improving accuracy of data
- Implementation of system driven pricing at an advertiser level to enhance yields and thus creating revenue

Editorial Highlights

We have taken many campaigns and initiatives during the year, which were duly recognised, such as the "Aao Rajneeti Karein" campaign for UP elections, which won the Brand Excellence in Print. The key issues highlighted in the campaigns have been socially applauded by the audiences and also resulted in quick corrective action being taken by the administration and bringing relief to the general public. Some of the key campaigns during the year were:

Naala campaign in Meerut

This 100 day campaign covered the sorry state of drains in the city of Meerut which were choked with trash. It was supplemented with 360 degree intervention – Editorial, Print ads, Outdoors, Radio, On-ground activations & panel discussions. It involved deep dive on the issue and in-depth research and discussion with subject matter experts and authorities to identify the root cause of the issue and the possible resolutions that could be considered. As a result of the campaign, more than 7500 tonnes of silt was removed and there were 50% lesser cases of water borne diseases such as Dengue and Malaria.

Pink Toilets - Missing toilets for women in UP

Through this campaign, the UP markets with no functional toilets for women, were focussed upon. Sustained editorial coverage for 30 days along with face to face interactions with market associations and local administrative bodies

showed positive results. After the successful execution of the campaign, "Pink Toilet" – toilets exclusively for women – as a term for women toilets was included in the Government cleanliness mission to be driven nationally. State government also acknowledged the issue and sanctioned ₹ 1.22 billion for this project.

Delhi's green lung

The company revealed the story on a proposal to cut 16,500 trees in seven of the greenest residential neighbourhoods of South Delhi for construction of high-rise towers. They also petitioned the courts, leading to a stay on construction and forcing the relevant agencies to revisit their plans for the development.

Stuck Projects

The company tracked down 11 big road projects in Delhi that were planned to decongest the city, but had been stuck for years or rather decades and kept regular check on the authority regarding completion of work. This resulted in Government agencies giving revised deadlines to complete the work.

Fire safety violations

The company reported cases in which several properties were granted fire clearances through a breach of protocol and bypassing of procedures.

Right to walk

The company runs special series on right to walk where it highlights the problems of infrastructure, maintenance and lack of sensibility towards pedestrians.

Data journalism

The company's data journalism coverage focuses on 3 key objectives - consistency, synergy and collaboration. This has resulted in a significant rise in number of data stories filed as a part of regular news cycle and on big news days. Its ability to produce stories in a short time span and prior planning ahead of important news events such as elections helps it stay ahead of the competition.

Specials

Year-end specials

In its December 31 edition, the company published 6 special pages focusing on politics, economy and global events. Further, in its January 1 edition Company presented 6 more pages predicting the incalculable general elections and the direction global politics and economy would take. The 12 pages presented a snapshot of two years to the readers in two days.

Interim budget 2019

The HT editions covered the highlights of the Interim budget 2019, the last financial statement from the current government before the 2019 general elections. The coverage, especially the lead headline 'Interim Budget, Final Pitch', was highly appreciated in the industry as well as by company's readers.

Human Resource

The people at HT Media are an integral part of the organisation who build upon its core competencies to gain competitive advantage in the industry. As an employee centric organisation, our core focus has always been to anchor the organisation and steer it towards successfully attaining its objectives by inducting, developing and retaining top talent in the company.

We strive to encourage diversity in workforce and believe in building the career of its employees through focussed interventions. We also promote various engagement initiatives to enhance the retention of employees. With a total strength of 2,172 members, the company is marching ahead to achieve its goals.

Women at Workplace

The Company has in place, strict policies for women's safety in the workplace. It is fully compliant with the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. The Company's formulated policy in this regard, is available on the employee intranet portal. The Internal Committee (IC) is in place. Five complaints were reported during FY'19, and they were adequately dealt with by IC. The company conducts regular classroom training sessions for employees and Internal Committee Members. The company has rolled-out an online module for employees to increase awareness.

HT Media is fully compliant with provision relating to the constitution of Internal Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013.

Risk Management Framework

HT Media has a robust risk management framework to manage and mitigate risks arising from external and internal factors. A risk identification exercise is carried out periodically across business units to identify various strategic, operational, financial and compliance related risks. These are evaluated for their likelihood and potential impact.

Currently, the Company is majorly exposed to the risk of adverse macroeconomic conditions influencing revenue

growth, technological changes impacting media consumption pattern, changing customer preferences and behaviour, heightened competition in key markets and changing regulatory landscape.

Potential risks are reviewed on an on-going basis and mitigating controls are deliberated upon as an integral part of decision-making. To stay ahead of the curve and competition, the Company has taken various initiatives like continued management focus to increase readership/circulation copies based on strength of differentiated content and brand, expanding geographic presence, investments in print facilities, dynamic mix of local and imported news print along with optimized use of different grades, enhancing technological capabilities, training and empowering employees and periodic review of cost structures.

Internal Control

The Company has an effective system of internal controls corresponding to its size, nature of business and complexity of operations. The internal controls mechanism comprises of a well - defined organisational structure with clearly defined authority and responsibility levels and comprehensive documented policies, guidelines and procedures governing the operations of respective business areas and functions. These controls have been designed to safeguard the assets and interests of the Company and its stakeholders and also ensure compliance with Company's policies, procedures and applicable regulations. Owing to continuously evolving business practices, these controls are regularly updated. The Company also has a robust review mechanism in place for its annual plans and the progress of all its operating activities and projects.

Company's focus on technology and automation has driven the establishment of appropriate automated controls and has further enhanced the existing control framework. A robust ERP system (SAP) is used for accounting across locations. The Company

also has Shared Service Centre and CRM application supporting centralized and standardized procurement, payment and approval processes. These systems enhance the reliability of financial and operational information by facilitating system driven control activities, segregation of duties and enabling stricter controls.

The internal control system is supplemented by an extensive program of internal audits and their reviews by the management. The in-house internal audit function, supported by professional external audit firms, conducts comprehensive risk focussed audits and evaluates the effectiveness of the internal control structure across locations and functions on a regular basis. In addition to internal audit activities, Company has also developed an internal financial control framework to periodically review the effectiveness of controls laid down across all critical processes. The Company has instituted an online compliance management tool with a centralized repository to cater to its statutory compliance requirements. Further, a concurrent audit framework has been established to monitor performance and ensure high levels of compliances.

Way Ahead

We aim to deepen our engagement with our readers, drive circulation and continue to provide innovative solutions to advertisers. We expect to grow our top line and retain strong foothold in our markets. In the coming year, we plan to derive benefits from the new redesigned people structure both in terms of maximising optimizing both revenue and costs. We will continue our sharp focus on Radio as it continues to grow with industry leading profitability levels.

We see multiple sectors leading growth in the coming year. With gradual softening in newsprint prices, hike in advertising rates by government and anticipated improvement in advertisement expenditures by corporates and various internal restructurings, we expect to post a better performance in the next fiscal year.

BOARD'S REPORT

Dear Members,

Your Directors are pleased to present their Report, together with the Audited Financial Statements (Standalone and Consolidated) for the financial year ended on March 31, 2019.

FINANCIAL RESULTS (STANDALONE)

DIVIDEND

Your Directors are pleased to recommend a dividend of ₹0.40 per Equity Share of ₹ 2/- i.e. @ 20% (previous year – ₹0.40 per Equity Share of ₹2/- i.e. @ 20%), for the financial year ended on March 31, 2019 and seek your approval for the same. In view of absence of profit in FY 19, dividend is recommended out of the accumulated profits earned in previous years, in terms of Section 123 of the Companies Act, 2013 read with the Companies (Declaration and Payment of Dividend) Rules, 2014.

The proposed equity dividend pay-out (including Corporate Dividend Distribution Tax) would entail an outflow of ₹11.22 Crores (previous year ₹9.87 Crores).

The Dividend Distribution Policy framed pursuant to the provisions of Regulation 43A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations") is appearing as "**Annexure-A**", and is also available on the Company's website viz. www.htmedia.in.

COMPANY PERFORMANCE AND FUTURE OUTLOOK

A detailed analysis and insight into the financial performance and operations of your Company for the year under review and future outlook, is appearing in Management Discussion and Analysis, which forms part of the Annual Report.

SCHEME OF ARRANGEMENT

Entertainment & Digital Innovation Business

With a view to create a separate entity to support the 'Entertainment & Digital Innovation Business' of the Company, and to capitalize the growth opportunities in a focussed manner, the Board of Directors approved a Scheme of Arrangement u/s 230 to 232 read with Section 66 and other applicable provisions of the Companies Act, 2013 between the Company and Digicontent Limited and their respective shareholders and creditors ("Scheme") which *inter-alia*, envisaged demerger of 'Entertainment & Digital Innovation Business' (Demerged Undertaking) of the Company, and transfer and vesting thereof to and in Digicontent Limited, on a 'going concern' basis.

The Scheme was sanctioned by Hon'ble National Company Law Tribunal ('NCLT') New Delhi Bench on March 7, 2019 and has become effective from the Appointed Date i.e. March 31, 2018 (close of business hours). Accordingly, in terms of the Scheme, the eligible shareholders of the Company have been allotted equity shares of Digicontent Limited in the ratio of 4:1. Digicontent Limited has filed the application for listing of its equity shares on NSE and BSE.

Consequent upon effectiveness of the scheme and allotment of Equity Shares, Digicontent Limited and its subsidiary HT Digital Streams Limited have ceased to be subsidiaries of the Company w.e.f April 5, 2019.

ACQUISITION OF MAJORITY STAKE IN NEXT MEDIAWORKS LIMITED AND NEXT RADIO LIMITED

With a view to consolidate the FM Radio business of the Company, HT Music and Entertainment Company Limited (Wholly owned subsidiary); Next Mediaworks Limited (NMW); and Next Radio Limited (NRL) (subsidiary of NMW), a Composite Scheme of Arrangement under the Companies Act 2013, (Scheme) was approved by the Board of Directors on August 8, 2018. Keeping in view the wider interest of all stakeholders and after considering all the relevant factors, the Board decided to withdraw from the Scheme on December 20, 2018.

Thereafter, the Board decided to acquire majority equity stake in NMW (i.e 51%) by way of a combination of Open Offer to the public shareholders of NMW and direct acquisition of NMW's shares from the existing promoters of NMW. The Board also approved acquisition of 48.6% stake in NRL.

Upon conclusion of the above acquisition of majority equity stake in NMW on April 15, 2019, NMW, NRL and Syngience Broadcast Ahmedabad Ltd. have become subsidiaries of your Company.

NRL operates FM Radio stations under the brand name "Radio One" in Delhi, Mumbai, Chennai, Kolkata, Bengaluru, Pune and Ahmedabad.

RISK MANAGEMENT

Your Company has a robust risk management framework to identify, evaluate and mitigate business risks. The Company has constituted a Risk Management Committee of Directors which reviews the identified risks and appropriateness of management's response to significant risks. A detailed statement indicating development and implementation of a risk management policy for the Company, including identification of various elements of risk, is appearing in the Management Discussion and Analysis.

EMPLOYEE STOCK OPTION SCHEME

The information required to be disclosed pursuant to the provisions of the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014 read with SEBI's circular no. CIR/CFD/POLICY CELL/2/2015 dated June 16, 2015 ("SEBI ESOP Regulations") is available on the Company's website viz. www.htmedia.in. The 'HTML Employee Stock Option Scheme' and 'HTML Employee Stock Option Scheme - 2009' are in compliance with SEBI ESOP Regulations. Further, in accordance with SEBI ESOP Regulations, voting rights on the shares of the Company held by HT Media Employee Welfare Trust were not exercised during the year under review.

SUBSIDIARY COMPANIES

During the year under review, in terms of the Order of Hon'ble NCLT New Delhi Bench, the issued, subscribed and paid-up capital of India Education Services Private Limited (IESPL) (subsidiary company) was reduced to 20 Lac fully paid-up equity shares of face value of ₹10/- each aggregating to ₹2 Crore, by cancellation of 11.64 Crore fully paid-up equity shares of face value of ₹10/- each.

HT Digital Information Private Limited (wholly-owned subsidiary company) (HT Digital) could not commence any business activity since its incorporation. In view of the same, an application was made to Registrar of Companies, N.C.T of Delhi & Haryana (RoC) for striking off the name of HT Digital from its register of companies. Accordingly, RoC struck off the name of HT Digital from its register of companies and HT Digital stands dissolved w.e.f. August 9, 2018.

During the year under review, HT Global Education (wholly-owned subsidiary company) surrendered the license to carry out non-profit activities under Section 8 of the Companies Act, 2013 and thus, its name was changed to "HT Global Education Private Limited" w.e.f. January 22, 2019.

The Scheme of Arrangement under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013, between two subsidiary companies viz. India Education Services Private Limited (IESPL) and Hindustan Media Ventures Limited (HMTV) and their respective shareholders, for demerger of Business-to-Consumer business (B2C) of IESPL and transfer and vesting thereof to HMTV on a 'going concern' basis, has received requisite approvals, and is pending for sanction by New Delhi and Kolkata bench of Hon'ble NCLT.

The Board of Directors of HT Music and Entertainment Company Limited (wholly-owned subsidiary company) (HT Music) at its meeting held on April 4, 2019 approved the draft application for reduction of share capital of HT Music from ₹ 334 Crore to ₹34 Crore. Upon approval by the shareholders of HT Music, an application for reduction of capital has been filed before the Hon'ble National Company Law Tribunal, Mumbai Bench.

In terms of the applicable provisions of Section 136 of the Companies Act, 2013, the Financial Statements of subsidiary companies for the financial year ended on March 31, 2019 are available for inspection by the Members of the Company at the registered office of the Company during business hours. The same are also available on the Companies website viz. www.htmedia.in.

A report on the performance and financial position of each of the subsidiary companies in the prescribed Form AOC-1, is annexed to the Consolidated Financial Statements and hence, not reproduced here. The 'Policy for determining Material Subsidiary(ies)', is available on the Company's website viz. www.htmedia.in.

The contribution of the subsidiary companies to the overall performance of your Company is outlined in Note No.53 of the Consolidated Financial Statements for the financial year ended March 31, 2019.

DIRECTORS AND KEY MANAGERIAL PERSONNEL

Directors

During the year under review, on recommendation of the Nomination & Remuneration Committee, the Board of Directors accorded its approval to the appointment of Shri Praveen Someshwar (DIN: 01802656) as Managing Director & Chief Executive Officer for a period of 5 (five) years w.e.f. August 1, 2018, which was approved by the Members at the Annual General Meeting (AGM) held on September 25, 2018. Shri Dinesh Mittal resigned as Whole-time Director w.e.f. August 8, 2018. However, continues to hold the office of Group General Counsel & Company Secretary (KMP) of the Company.

Shri K.N. Memani (DIN: 00020696) ceased to be Director of the Company upon completion of his term on March 31, 2019. On his request, the Board did not consider his re-appointment for second term.

Further, on the recommendation of Nomination & Remuneration Committee, the Board of Directors accorded its approval to the following:

- (a) Re-appointment of Shri Ajay Relan (DIN: 00002632) as Non-executive Independent Director w.e.f. April 1, 2019, for a second term of 5 consecutive years, upto March 31, 2024, which was approved by the Members by way of Postal Ballot for which results were declared on March 28, 2019.
- (b) Appointment of Smt. Sindhushree Khullar (DIN: 01493839) as Additional Director to hold office till the date of ensuing AGM and as Non-executive (Woman) Independent Director w.e.f. May 10, 2019, for a term of 5 consecutive years upto March 31, 2024, subject to approval of Members.

The Board commends the appointment of Smt. Sindhushree Khullar as Non-executive (Woman) Independent Director for approval of Members at the ensuing AGM.

In accordance with the provisions of the Companies Act, 2013, Shri Priyavrat Bhartia retires by rotation at the ensuing AGM and being eligible, has offered himself for re-appointment. Your Directors commend re-appointment of Shri Priyavrat Bhartia, for approval of the Members at the ensuing AGM.

All the Independent Directors of the Company have confirmed that they meet the criteria of independence as prescribed under both, the Companies Act, 2013 and SEBI Listing Regulations. The Independent Directors have also confirmed that they have complied with the 'Code of Conduct' of the Company.

Brief resume, nature of expertise, details of directorship held in other companies of the Directors proposed to be appointed / re-appointed at the ensuing AGM, along with their shareholding in the Company as stipulated under Secretarial Standard-2 and Regulation 36 of the SEBI Listing Regulations, is provided in the Notice of the ensuing AGM.

Key Managerial Personnel

Shri Rajiv Verma stepped down as Chief Executive Officer of the Company w.e.f. June 30, 2018. (closing business hours). The Board places on record its sincere appreciation for the dedicated efforts put in by him during his tenure.

Further, on the recommendation of Nomination and Remuneration Committee, the Board of Directors designated Shri Praveen Someshwar as Key Managerial Personnel w.e.f. August 1, 2018.

PERFORMANCE EVALUATION

In line with the requirements under the Companies Act, 2013 and the SEBI Listing Regulations, the Board undertook a formal annual evaluation of its own performance and that of its Committees & Directors.

The Nomination and Remuneration Committee framed questionnaires for evaluation of performance of the Board as a whole, Board Committees (viz. Audit Committee, Stakeholders Relationship Committee, Corporate Social Responsibility Committee and Nomination and Remuneration Committee); Directors and the Chairperson, on various criteria outlined in the 'Guidance Note on Board Evaluation' issued by SEBI on January 5, 2017.

The Directors were evaluated on various parameters such as, value addition to discussions, level of preparedness, willingness to appreciate the views of fellow directors, commitment to processes which include risk management, compliance and control, commitment to all stakeholders (shareholders, employees, vendors, customers etc.), familiarization with relevant aspects of company's business / activities amongst other matters. Similarly, the Board as a whole was evaluated on parameters which included its composition, strategic direction, focus on governance, risk management and financial controls.

A summary report of the feedback of Directors on the questionnaire(s) was considered by the Nomination & Remuneration Committee and the Board of Directors. The Board would endeavour to use the outcome of the evaluation process constructively, to improve its own effectiveness and deliver superior performance.

AUDIT & AUDITORS

Statutory Auditor

Price Waterhouse & Co Chartered Accountants LLP (PwC) [Firm Registration No. 304026E/E-300009] were appointed as Statutory Auditor of the Company for a term of 5 consecutive years, at the Annual General Meeting held on September 25, 2017.

The Auditors' Report of PwC on Annual Financial Statements (Standalone and Consolidated) for the financial year ended on March 31, 2019, is an unmodified opinion i.e. it does not contain any qualification, reservation or adverse remark.

Secretarial Auditor

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and rules made thereunder, the Board of Directors had appointed Shri N.C. Khanna, Company Secretary-in-Practice (C.P. No. 5143) as Secretarial Auditor, to conduct the Secretarial Audit for the financial year ended March 31, 2019 and the same is annexed herewith as "**Annexure - B**". The Secretarial Audit Report does not contain any qualification, reservation or adverse remark.

During the year under review, the Statutory Auditor and the Secretarial Auditor have not reported any instance of fraud to the Audit Committee, pursuant to Section 143(12) of the Companies Act, 2013 and rules made thereunder, therefore no detail is required to be disclosed under Section 134(3)(ca) of the Companies Act, 2013.

Cost Auditor

In terms of the provisions of Section 148 of the Companies Act, 2013 read with the Companies (Cost Records and Audit) Rules, 2014, and on the recommendation of the Audit Committee, the Board of Directors had appointed K.G. Goyal & Associates, Cost Accountants (Firm Registration No. 000024) as Cost Auditor to carry out cost audit of records maintained by the Company for its FM Radio business in relation to the financial year ended March 31, 2019.

RELATED PARTY TRANSACTIONS

All contracts /arrangements /transactions entered into by the Company with related parties during the year under review, were in ordinary course of business of the Company and on arms' length terms. The related party transactions were placed before the Audit Committee for review and/or approval. During the year, the Company did not enter into any contract /arrangement / transaction with related party, which could be considered material in accordance with the Company's 'Policy on Materiality of and dealing with Related Party Transactions' and accordingly, the disclosure of related party transactions in Form AOC-2 is not applicable. The aforesaid Policy is available on the Company's website viz. www.htmedia.in.

Reference of the Members is invited to Note nos. 36 and 36A of the Standalone Financial Statements, which sets out the related party disclosures as per Ind AS-24.

CORPORATE SOCIAL RESPONSIBILITY (CSR)

As a responsible corporate citizen, your Company is committed to undertake socially useful programmes for welfare and sustainable development of the community at large. The Corporate Social Responsibility (CSR) Committee of Directors is in place in terms of Section 135 of the Companies Act, 2013, the composition of which is provided in the Annual Report on Corporate Governance, which forms part of this Annual Report. The CSR Committee has formulated and recommended to the Board, a CSR Policy outlining CSR projects/activities to be undertaken by the Company, during the year under review. The CSR Policy is available on the Company's website viz. www.htmedia.in.

The Annual Report on CSR for FY 19 is annexed herewith as "**Annexure - C**".

DIRECTORS' RESPONSIBILITY STATEMENT

Pursuant to Section 134 of the Companies Act, 2013, your Directors state that:

- i. in the preparation of the annual accounts for the financial year ended on March 31, 2019, the applicable Accounting Standards have been followed and there are no material departures;
- ii. such accounting policies have been selected and applied consistently and judgments and estimates have been made; that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as on March 31, 2019; and of the loss of the Company for the year ended on March 31, 2019;
- iii. proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- iv. the annual accounts have been prepared on a 'going concern' basis;
- v. proper internal financial controls were in place and that such internal financial controls were adequate and operating effectively; and
- vi. systems have been devised to ensure compliance with the provisions of all applicable laws, and that such systems were adequate and operating effectively.

DISCLOSURES UNDER THE COMPANIES ACT, 2013

Borrowings and Debt Servicing: During the year under review, your Company has met all its obligations towards repayment of principal and interest on loans availed.

Particulars of loans given, investments made, guarantees /securities given: The details of investments made and loans/ guarantees/securities given, as applicable, are given in the note no. 49 to the Standalone Financial Statements.

Board Meetings: A yearly calendar of board meetings is prepared and circulated in advance to the Directors. During the financial year ended on March 31, 2019, the Board met eight times on May 2, 2018, May 24, 2018, June 6, 2018, July 18, 2018, August 8, 2018, October 27, 2018, December 20, 2018 and January 16, 2019. For further details of these meetings, Members may please refer Report on Corporate Governance which forms part of this Annual Report.

Committees of the Board: At present, seven standing committees of the Board of Directors are in place viz. Audit Committee, Nomination & Remuneration Committee, CSR Committee, Banking & Finance Committee, Investment Committee, Stakeholders' Relationship Committee and Risk Management Committee. During the year under review, recommendations of the aforesaid committees were accepted by the Board.

Remuneration Policy: The Remuneration Policy of the Company on appointment and remuneration of Directors, Key Managerial Personnel & Senior Management, as prescribed under Section 178 (3) of the Companies Act, 2013 and the SEBI Listing Regulations, is available on the Company's website viz. www.htmedia.in. The Remuneration Policy includes, *inter-alia*, the criteria for appointment of Directors, KMPs, Senior Management Personnel and other employees, their remuneration structure and disclosures in relation thereto. In view of amendment in SEBI Listing Regulations (effective from April 1, 2019), the role of Nomination and Remuneration Committee (NRC) shall include recommendation to the Board, all remuneration in whatever form, payable to Senior Management. Accordingly, upon recommendation of NRC, the Board of Directors have approved revision of Remuneration Policy to incorporate the aforesaid amendment.

Vigil Mechanism: The Vigil Mechanism, as envisaged in the Companies Act, 2013 & rules made thereunder and the SEBI Listing Regulations, is addressed in the Company's "Whistle Blower Policy". In terms of the Policy, directors/employees/stakeholders of the Company may report concerns about unethical behaviour, actual or suspected fraud or any violation of the Company's Code of Conduct. The Policy provides for adequate safeguards against victimization of the Whistle Blower. The Policy is available on the Company's website viz. www.htmedia.in.

Particulars of employees and related disclosures: In accordance with the provisions of Section 197(12) of the Companies Act, 2013 read with Rule 5(2) & (3) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, details of employees remuneration are set out in the "**Annexure - D**" to this Report. In terms of the provisions of the first proviso to Section 136(1) of the Companies Act, 2013, the Board's Report is being sent to the Members without this annexure. However, the same is available for inspection by the Members at the Registered Office of the Company during business hours, for a period of 21 days before the ensuing AGM. Members interested in obtaining a copy of the said Annexure, may write to the Company Secretary at the Registered Office of the Company.

Disclosures under Section 197(12) of the Companies Act, 2013 read with Rule 5(1) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 is annexed herewith as "**Annexure - E**".

Extract of Annual Return: Extract of the Annual Return for the financial year ended on March 31, 2019 in Form MGT-9 is annexed herewith as "**Annexure - F**", and the same is also placed on the website of the Company viz. www.htmedia.in

Corporate Governance: The report on Corporate Governance in terms of the SEBI Listing Regulations, forms part of this Annual Report. The certificate issued by Company Secretary-in-Practice is annexed herewith as "**Annexure - G**".

Conservation of energy, technology absorption and foreign exchange earnings & outgo: The information on conservation of energy, technology absorption and foreign exchange earnings & outgo is annexed herewith as "**Annexure - H**".

SECRETARIAL STANDARDS

Your Directors state that the Secretarial Standards (i.e. SS-1 and SS-2), relating to 'Meetings of the Board of Directors' and 'General Meetings', have been duly followed by the Company.

GENERAL

Your Directors state that during the year under review no disclosure is required in respect of the following matters, as there were no transactions/events in relation thereto:

1. Details relating to deposits covered under Chapter V of the Companies Act, 2013.
2. Issue of equity shares with differential rights as to dividend, voting or otherwise.
3. Issue of shares (including sweat equity shares) to employees of the Company under any scheme of the Company.

There was no change in the share capital of the Company during the year under review.

The Company has not transferred any amount to the General Reserve during the year under review.

No significant or material orders were passed by the Regulators or Courts or Tribunals which impact the 'going concern' status and Company's operations in future.

Your Company has in place adequate internal financial controls with reference to the financial statements. The internal control system is supplemented by an extensive program of internal audits and their reviews by the management. The in-house internal audit function supported by professional external audit firms conducts comprehensive risk focused audits and evaluate the effectiveness of the internal control structure across locations and functions on a regular basis. In addition to internal audit activities, Company has also developed an internal financial control framework to periodically review the effectiveness of controls laid down across all critical processes. The Company has instituted an online compliance management tool with a centralized repository to cater to its statutory compliance requirements.

Your Company adheres to a strict policy to ensure the safety of women employees at workplace. The Company is fully compliant with the provisions of Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 and has constituted an Internal Committee (IC) to redress complaints received regarding sexual harassment. The Company's policy in this regard, is available on the employee intranet portal. The Company conducts regular classroom training sessions for employees and members of Internal Committee and has also rolled-out an online module for employees to increase awareness. Five complaints were reported during the year under review, and were adequately dealt with by IC.

ACKNOWLEDGEMENT

Your Directors place on record their sincere appreciation for the co-operation extended by all stakeholders, including Ministry of Information & Broadcasting and other government authorities, shareholders, investors, readers, advertisers, browsers, listeners, customers, banks, vendors and suppliers. Your Directors also place on record their deep appreciation of the committed services of the executives and employees of the Company.

For and on behalf of the Board

ANNEXURE - A TO THE BOARD'S REPORT

DIVIDEND DISTRIBUTION POLICY

1.0 PREFACE

- 1.1 HT Media Limited ("*the Company*") has adopted the Dividend Distribution Policy ("*the Policy*") for due consideration thereof, while recommending/declaring, interim and/or final/special dividend to its shareholders.
- 1.2 The Policy is neither an alternative nor in any way abrogates the powers of the Board of Directors to recommend or declare dividend taking into consideration any other relevant factor(s) not outlined herein.
- 1.3 The Policy has been framed and adopted in compliance of Regulation 43A of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the "*Listing Regulations*").
- 1.4 The Policy has been adopted by the Board of Directors (the "*Board*") of the Company in its meeting held on January 24, 2017.
- 1.5 The Policy shall come into force for accounting periods commencing from April 01, 2016.

2.0 OBJECTIVE

- 2.1 The Policy addresses the requirement of the Listing Regulations to outline the following –
 - circumstances under which shareholders of the Company may or may not expect dividend;
 - the financial parameters that shall be considered while declaring dividend;
 - internal and external factors that shall be considered for declaration of dividend;
 - policy as to how the retained earnings shall be utilized; and
 - parameters that shall be adopted with regard to various classes of shares.

3.0 CIRCUMSTANCES UNDER WHICH SHAREHOLDERS OF THE COMPANY MAY OR MAY NOT EXPECT DIVIDEND

- 3.1 Dividend will generally be recommended by the Board of Directors once in a year, after the announcement of the full year results and before the Annual General Meeting (AGM) of the members, as may be permitted under the law. The Board of Directors may also declare interim dividend as may be permitted by law. Further, the Board of Directors may additionally recommend special dividend in special circumstances.
- 3.2 The circumstances wherein shareholders of the Company may or may not expect dividend shall depend upon one or more factors outlined hereunder and/or any other consideration that may emerge from time to time.

4.0 FINANCIAL PARAMETERS THAT SHALL BE CONSIDERED WHILE DECLARING DIVIDEND

- 4.1 Dividend shall be recommended/declared only in case of adequacy of profit calculated in the manner prescribed under the Companies Act, 2013.
- 4.2 Only in exceptional circumstances, including but not limited to loss after tax in any particular financial year, the Board of Directors may consider utilizing retained earnings for declaration of dividend, subject to the provisions of law in the said behalf.

- 4.3 The financial parameters to be considered while recommending/declaring dividend shall include, amongst others, profits earned (standalone), distributable reserves, Earning Per Share (EPS); Return on Assets (RoA); Return on Capital Employed (RoCE), alternative use of cash, debt repayment schedule etc.

5.0 INTERNAL AND EXTERNAL FACTORS THAT SHALL BE CONSIDERED FOR DECLARATION OF DIVIDEND

- 5.1 While determining the quantum of dividend pay-out, the Board of Directors shall take into account, amongst others, one or more of the following factors.

Internal factors: Profitability, cash flow position, accumulated reserves, earnings stability, dividend history, payout sustainability, capex/opex plans, merger/acquisition, investment in new business, deployment of funds in short-term marketable investments, funds required to service debt, cost of raising fund from alternate source, etc.

External factors: Economic environment, business cycles, tax regime, industry outlook, interest rate structure, economic and regulatory framework, government policies etc.

6.0 POLICY AS TO HOW THE RETAINED EARNINGS SHALL BE UTILIZED

- 6.1 Subject to the provisions of applicable laws and regulations, retained earnings may be utilized for one or more permitted heads, including but not limited to declaration of dividend (interim/final), capitalization of shares, buy-back of shares, repayment of debt, capex/opex, organic and/or inorganic growth, investment in new business, general corporate purposes (including contingencies) etc.

7.0 PARAMETERS THAT SHALL BE ADOPTED WITH REGARD TO VARIOUS CLASSES OF SHARES

- 7.1 At present, the Company has issued only one class of shares i.e. Equity Shares. These Equity Shares rank *pari-passu* with each other.

ANNEXURE - B TO THE BOARD'S REPORT

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2019

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule no. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members
HT Media Limited
CIN: L22121DL2002PLC117874
18-20, Kasturba Gandhi Marg
New Delhi- 110001

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by HT MEDIA LIMITED (hereinafter called "the company"). Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2019 (hereinafter called "Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Audit Period according to the provisions of:

- I. The Companies Act, 2013 (the Act) and the rules made thereunder;
- II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- III. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- IV. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeover) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009*;
 - d) The Securities And Exchange Board of India (Share Based Employee Benefits) Regulations, 2014.
 - e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008*;
 - f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding compliance of the Companies Act and dealing with client;
 - g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009*;
 - h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998*;

*Not applicable because Company did not carry out the activities covered by the regulations/guidelines during the audit period.

- (VI) Other laws applicable to the Company:-

I have examined the entire framework, processes and procedures of compliance of the under mentioned laws applicable to the Company. The reports, compliances etc. with respect to these laws have been examined by me on test check basis.

ENVIRONMENT LAWS

The Environment (Protection) Act, 1986 ; Air (Prevention and Control of Pollution) Act, 1981; Water (Prevention and Control of Pollution) Act, 1974; The Hazardous Wastes (Management, Handling and Transboundary Movement) Rules, 2008.

LABOUR LAWS

Apprentices Act, 1961; Employees State Insurance Act, 1948; Employees Provident Fund And Misc. Provisions Act, 1952; Factories Act, 1948; Payment of Wages Act, 1948; Minimum Wages Act, 1948; Industrial Disputes Act, 1947; Payment of Bonus Act, 1965; Payment of Gratuity Act, 1972; Employees Compensation Act, 1923; The Trade Unions Act, 1926; Contract Labour (Regulation and Abolition) Act, 1970; Maternity Benefit Act, 1961; The Industrial Employment (Standing Order) Act, 1946; The Employment Exchange (Compulsory Notification of Vacancies) Act, 1956; Sexual Harassment of Women at Workplace (Prevention, Prohibition and Regulation) Act, 2013.

INDUSTRY SPECIFIC LAWS APPLICABLE TO THE COMPANY#

The Company has identified the following laws as specifically applicable to the Company:

1. The Press and Registration of Books Act, 1867 & Rules;
2. Press Council Act, 1978;
3. Telecom Regulatory Authority of India Act, 1997;
4. Indian Telegraphy Act, 1885
5. Indian Wireless Telegraphy Act, 1993; and
6. Information Technology Act, 2000

*The Company has a proper monitoring system for compliance of industry specific laws. There are no regular compliances under these Acts. However, as and when an event arose the Company has attended to the same promptly.

I have also examined compliance with the applicable clauses of the following:

- (I) Secretarial Standards issued by The Institute of Company Secretaries of India;
- (II) The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that during the audit period the Company has:

1. Appointed Shri Praveen Someshwar as Managing Director & CEO of the Company as well as Managing Director of the subsidiary company, Hindustan Media Ventures Limited, with the approval of the shareholders by special resolution of the respective companies.
2. Appointed the Cost Auditor under Section 148 of Companies Act, 2013 for three years 2016-17, 2017-18 and 2018-19.
3. Incurred some expenditure through the implementing agencies. Part money remained unspent with such agencies during the FY ended March 31, 2019.
4. Undertaken an investment of ₹ 300 Crore in the equity share capital of its wholly owned subsidiary HT Music & Entertainment Company Limited.

I further report that-

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

This Report is to be read with my letter of even date which is annexed as Annexure A to this Report and forms an integral part of this Report.

ANNEXURE - A TO THE SECRETARIAL AUDIT REPORT

To,
The Members
HT Media Limited
CIN: L22121DL2002PLC117874
18-20, Kasturba Gandhi Marg
New Delhi- 110001

My report of even date is to be read along with this letter.

Maintenance of secretarial record is the responsibility of the management of the Company. My responsibility is to express an opinion on these secretarial records based on my audit.

I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices I followed, provide a reasonable basis for my opinion.

I have not verified the correctness and appropriateness of financial records and Books of Accounts of the Company.

Wherever required, I have obtained the Management representation about the compliance of laws, rules, regulations and happening of events etc.

The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. My examination was limited to the verification of procedures on test basis.

The Secretarial Audit report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

ANNEXURE - G TO THE BOARD'S REPORT

Certificate of Compliance of Corporate Governance

To
The Members of
HT Media Limited

I have examined the compliance of conditions of Corporate Governance by HT Media Limited ('the Company'), for the year ended on March 31, 2019, as stipulated under the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("the Listing Regulations") for the period from April 1, 2018 to March 31, 2019.

The compliance of conditions of Corporate Governance is the responsibility of the management. My examination was limited to the procedures and implementation thereof, adopted by the Company, for ensuring compliance with the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information & examination of relevant records according to the explanations given to me, I certify that the Company has complied with the conditions of Corporate Governance as prescribed in the above mentioned Listing Regulations.

I further state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

ANNEXURE - H TO THE BOARD'S REPORT

Information on conservation of energy, technology absorption, foreign exchange earnings & outgo as per Section 134(3)(m) of the Companies Act, 2013 read with Rule 8(3) of the Companies (Accounts) Rules, 2014

(A) Conservation of energy -

(i) Steps taken or impact on conservation of energy:

Energy saving initiatives taken during earlier years were further progressed during FY-19. At present, 80% (approx) of the lighting across all print locations have been converted to LED. Energy audit in factories were taken up and energy saving projects have been identified for implementation in FY 19-20, which would entail savings of ~₹60 Lacs/ year.

(ii) Steps taken by the company for utilizing alternate sources of energy:

The Company has further stepped up use of green energy by installing solar project. Roof top solar project completed in Mohali (100KWp) during May 2019 which will provide electricity bill savings of ₹2 Lacs/year(approx). In addition, the Company is finalising an agreement for 5 MW open access solar power that is expected to reduce Greater Noida plant electricity bill by ~₹75 Lacs/ per year.

(iii) Capital investment on energy conservation equipment:

In line with Company's strategy to optimise Capex deployment, energy saving initiatives are being generated largely on Opex model with profit sharing with vendors.

(B) Technology absorption-

(i) Efforts made towards technology absorption:

- Major machine retrofit on one press each in Greater Noida and Mumbai plant, have been done to overcome future obsolescence, safety & operational efficiency issues.
- Optimizing ink saving software through use of different screening techniques to reduce colour ink consumption.
- Trials of high speed horizontal gluing system successfully conducted to offer new print innovation capabilities.

(ii) Benefits derived like product improvement, cost reduction, product development or import substitution:

The Company is saving cost by way of 2-3% optimization on colour ink consumption, without any impact on product quality.

(iii) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year):

- Details of technology imported :
- Year of import :
- Whether the technology being absorbed :
- If not fully absorbed, areas where absorption has not taken place, and the reasons thereof :

} Not Applicable

(i) Expenditure incurred on Research and Development : NIL

(C) Foreign exchange earnings and outgo -

- Foreign Exchange earned in terms of actual inflows during the year: ₹3,258.47 Lacs
- Foreign Exchange outgo in terms of actual outflows during the year: ₹28,701.64 Lacs

REPORT ON CORPORATE GOVERNANCE

In your Company, Corporate Governance embraces the tenets of Trusteeship, Accountability and Transparency. Adherence to each of these principles has set a culture in the Company, wherein good Corporate Governance underlines interface with all stakeholders. With this belief, the Company has initiated and implemented significant measures for balanced care for all stakeholders.

A report on Corporate Governance, in accordance with the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Listing Regulations"), is outlined below.

BOARD OF DIRECTORS

Composition of the Board

As on March 31, 2019, the Board comprised of eight Directors, including six Non-executive Directors. In accordance with the SEBI Listing Regulations, more than one-half of the Board of Directors comprises of Non-executive Directors. Your Company also complies with the requirement of at least one-half of the Board to comprise of Independent Directors. The Chairperson of the Board is an Executive (Woman) Director.

The composition of the Board of Directors as on March 31, 2019 was as follows –

Name of the Director	Date of appointment	Relationship between Directors, inter-se	Director Identification Number (DIN)
PROMOTER DIRECTORS			
Smt. Shobhana Bhartia <i>Chairperson & Editorial Director (Designated as Managing Director)</i>	December 3, 2002	Mother of Shri Priyavrat Bhartia and Shri Shamit Bhartia	00020648
Shri Priyavrat Bhartia <i>Non-executive Director</i>	October 28, 2005	Son of Smt. Shobhana Bhartia and Brother of Shri Shamit Bhartia	00020603
Shri Shamit Bhartia <i>Non-executive Director</i>	December 3, 2002	Son of Smt. Shobhana Bhartia and Brother of Shri Priyavrat Bhartia	00020623
NON-EXECUTIVE INDEPENDENT DIRECTORS			
Shri K. N. Memani*	May 5, 2004	None	00020696
Shri Ajay Relan	August 24, 2009	None	00002632
Shri Vikram Singh Mehta	June 20, 2015	None	00041197
Shri Vivek Mehra	January 12, 2018	None	00101328
MANAGING DIRECTOR & CEO			
Shri Praveen Someshwar	August 1, 2018	None	01802656

*Ceased to be Non-Executive Independent Director w.e.f. April 1, 2019

During the year, Shri Dinesh Mittal tendered resignation from the office of Whole-time Director w.e.f. August 8, 2018. He continues to hold office of Group General Counsel & Company Secretary.

The Directors hold qualifications, and possess requisite experience in general corporate management, finance, legal, banking, economics and other allied fields, which enable them to contribute effectively to the Company. Detailed profile of each of the Directors is available on the Company's website viz. www.htmedia.in.

Following skills/expertise/competencies of Directors have been identified by the Board for its effective functioning, and they are available with the Board:

A. Industry knowledge/experience

- (i) Knowledge of Media & Entertainment Industry
- (ii) Understanding of laws, rules, regulations and policies applicable to Media & Entertainment Industry

B. Technical skills/experience

- (i) General management
- (ii) Accounting and finance
- (iii) Strategic planning/ business development
- (iv) Information Technology
- (v) Talent management
- (vi) Compliance & risk management

C. Behavioural Competencies

- (i) Integrity and ethical standards
- (ii) Decision making
- (iii) Problem solving skills

None of the Directors serve as Independent Director in more than seven listed companies or three listed companies, in case he/she serves as Whole-time Director in a listed company, as the case may be. The Non-executive Directors do not hold any shares in the Company, except Shri Priyavrat Bhartia and Shri Shamit Bhartia, Non-Executive Directors, each hold 1 Equity Share of the Company.

Further, none of the Directors on the Board have been debarred or disqualified from being appointed or continuing as directors of companies by SEBI/ Ministry of Corporate Affairs or any other statutory authority. A certificate of Shri N.C. Khanna, Company Secretary-in-practice, certifying the same, is appearing in this report as "**Annexure - A**".

[@] Appointed as Managing Director & CEO w.e.f. August 1, 2018

^{*} Ceased to be Whole-time Director w.e.f. August 8, 2018

The Directors are not members of more than ten board committees or Chairman of more than five such committees. The number of Directorships, Committee Membership(s)/ Chairmanship(s) of all Directors is within the respective limits prescribed under the Companies Act, 2013 and SEBI Listing Regulations.

Smt. Shobhana Bhartia, Shri K.N. Memani, Shri Vivek Mehra, Shri Priyavrat Bhartia, Shri Shamit Bhartia and Shri Praveen Someshwar, Directors attended the last Annual General Meeting of the Members of the Company held on September 25, 2018.

BOARD PROCEDURE

Detailed agenda notes, setting out the business(es) to be transacted at the Board/Committee meeting(s) are supplied in advance, and decisions are taken after due deliberations. In case where it is not practicable to forward the relevant document(s) with the agenda papers, the same are circulated before the meeting or placed at the meeting. The Directors are provided with video-conferencing facility, as and when desired by them, to enable them to attend/ participate in the Board/Committee meeting(s).

Quality debates and participation by all Directors and officials are encouraged at Board/Committee meetings. The Board engages with the management during business reviews, and provides constructive suggestions and guidance on various issues, including strategy, as required from time to time. The Board gives due attention to governance and compliance related issues, including the efficacy of systems of internal financial controls, risk management, avoidance of conflict of interest, and redressal of employee/ stakeholder grievances, among others.

The information provided to the Board from time to time, *inter-alia*, include the item(s) mentioned under Regulation 17(7) of the SEBI Listing Regulations.

DETAILS OF REMUNERATION PAID TO DIRECTORS

During financial year ended on March 31, 2019, the Non-executive Independent Directors were paid sitting fee @ ₹ 30,000/- per meeting, for attending meetings of the Board and Committee(s) thereof. The Non-executive Directors are also eligible for profit related commission not exceeding 1% of the net profits of the Company for the financial year computed in the manner prescribed under Companies Act, 2013, subject to a limit of ₹10 Lacs per Director per annum. Considering the valuable contribution made by each of the Independent Directors, the Board of Directors, during the year, decided to pay profit related commission to the Independent Directors for FY-18. However, in view of loss as per the audited Standalone Financial Statements of the Company for

FY19, the Board of Directors have decided not to pay profit related commission for FY19. The details of sitting fee and profit related commission paid during FY-19 are as under:

(₹ in Lacs)

Name of the Director	Sitting fee	Commission paid during FY 19 (pertaining to profit for FY 18)
Shri K.N. Memani	6.30	10.00
Shri Ajay Relan	9.00	10.00
Shri Vikram Singh Mehta	1.20	10.00
Shri Vivek Mehra	3.60	Nil
Shri N.K. Singh*	Nil	10.00
Shri Priyavrat Bhartia®	Not Applicable	Nil
Shri Shamit Bhartia®	Not Applicable	Nil

*Ceased to be Director w.e.f November 28, 2017

®Opted not to accept profit related commission

During the year Smt. Shobhana Bhartia, Chairperson & Editorial Director and Shri Praveen Someshwar, Managing Director & CEO were appointed for a period of five years from their respective date of appointment. Shri Dinesh Mittal, relinquished office of Whole-time Director w.e.f. August 8, 2018, however, he continues as Group General Counsel & Company Secretary. The details of remuneration paid to them during the financial year ended on March 31, 2019, are as under:

(₹ in Lacs)

Name of the Director	Salary & Allowances	Perquisites	Retirement benefits	Total
Smt. Shobhana Bhartia	621.69	0.39	46.08	668.16
Shri Praveen Someshwar®	224.00	-	13.68	237.68
Shri Dinesh Mittal*	291.63	0.17	3.17	294.97

®Appointed as Managing Director & CEO w.e.f. August 1, 2018

*Whole-time Director during April 1, 2018 and August 7, 2018

Notes:

- (1) Retirement benefits include contribution to Provident Fund.
- (2) The above remuneration of Sri Praveen Someshwar includes joining bonus of ₹ 110 Lacs and remuneration of Shri Dinesh Mittal includes bonus of ₹ 230.16 Lacs.
- (3) As on March 31, 2019, none of the Directors hold stock options under ESOP Scheme(s) of the Company.
- (4) Perquisites include car, telephone, medical reimbursements, club fee etc., calculated as per Income Tax Rules.
- (5) Remuneration excludes provision for leave encashment and gratuity.
- (6) There is no separate provision for payment of severance fees.

During the year under review, none of the Non-executive Directors had any material pecuniary relationship or transactions vis-à-vis the Company, other than payment of sitting fee and profit related commission, if any, as mentioned above.

BOARD COMMITTEES

As at year end, there were seven standing committees of the Board of Directors, which were delegated requisite powers to discharge their functions.

These Committees are as follows –

- (a) Audit Committee
- (b) Stakeholders' Relationship Committee

- (c) Nomination & Remuneration Committee
- (d) Banking and Finance Committee
- (e) Investment Committee
- (f) Risk Management Committee
- (g) Corporate Social Responsibility (CSR) Committee

The role and composition of the committees, particulars of meetings held during the financial year ended on March 31, 2019 and attendance of Directors thereat, are given hereunder.

(a) Audit Committee

Audit Committee of the Board of Directors comprises of four members, including three Independent Directors.

The terms of reference of the Audit Committee are in accordance with the Companies Act, 2013 and the SEBI Listing Regulations. The Audit Committee acts as a link between the Statutory and Internal Auditors and the Board of Directors of the Company.

The role of Audit Committee, *inter-alia*, includes oversight of Company's financial reporting process and disclosure of financial information to ensure that the financial statements are correct, sufficient and credible; recommending the appointment, re-appointment, remuneration and terms of appointment of auditors and approval of payment for other services rendered by statutory auditors; reviewing with the management quarterly results and annual financial statements before submission to the Board for approval; approval or subsequent modification of transactions with related parties; review and monitor the auditor's independence and performance and effectiveness of audit process; scrutiny of inter-corporate loans and investments; valuation of undertakings or assets of the Company, whenever it is necessary; evaluation of internal financial controls and risk management system; reviewing with the management, performance of statutory and internal auditors and adequacy of the internal control systems; and reviewing the functioning of the whistle blower mechanism.

During the financial year ended on March 31, 2019, six meetings of the Audit Committee were held. Particulars of composition of Audit Committee, date on which the meetings were held and attendance of Directors at the said meetings was as follows:

Name of the Director	Category	Meetings attended					
		May 2, 2018	July 18, 2018	August 8, 2018 [#]	October 27, 2018	December 20, 2018	January 16, 2019
Shri K.N. Memani (Chairman)	Non-executive Independent Director	√	√	-	√	√	√
Shri Ajay Relan	Non-executive Independent Director	-	√	√	√	√	√
Shri Vivek Mehra	Non-executive Independent Director	√	√	√	√	√	√
Shri Shamit Bhartia	Non-executive Director	√	√	√	-	√	√

[#]Shri Ajay Relan chaired the meeting

Chairman of the Audit Committee is a Non-executive Independent Director and Chartered Accountant by qualification. He attended the last Annual General Meeting of the Company held on September 25, 2018 to address the shareholders' queries pertaining to financial statements of the Company.

All the members of the Audit Committee are financially literate. The Audit Committee satisfies the criteria of two-third of its members being Independent Directors.

MD & CEO, Group Chief Financial Officer, Internal Auditor also attended the meetings of Audit Committee. Representatives of Statutory Auditors are permanent invitees to the meetings of Audit Committee.

Company Secretary acts as Secretary to the Committee.

(b) Stakeholders' Relationship Committee

Stakeholders' Relationship Committee (SRC) of the Board of Directors comprises of three Directors. The Chairman of the Committee is a Non-executive Independent Director.

The terms of reference of SRC are in accordance with Companies Act, 2013 and SEBI Listing Regulations, as amended. The role of SRC, *inter-alia*, includes resolving the grievances of the security holders of the Company including complaints related to transfer/transmission of shares, non-receipt of annual report, non-receipt of declared dividends, issue of new/duplicate certificates, general meetings etc; review of measures taken for effective exercise of voting rights by shareholders; review of adherence to the service standards adopted by the Company in respect of various services being rendered by the Registrar & Share Transfer Agent; and review of the various measures and initiatives taken by the Company for reducing the quantum of unclaimed dividends and ensuring timely receipt of dividend warrants/annual reports/statutory notices by the shareholders of the Company.

The Committee discharges such other function(s) as may be delegated by the Board from time to time.

During the financial year ended on March 31, 2019, the SRC met three times. The composition of SRC, date on which the meetings were held and attendance of Directors at the meetings was as follows:

Name of the Director	Category	Meetings attended		
		September 20, 2018	February 8, 2019	March 29, 2019
Shri Ajay Relan (Chairman)	Non-executive Independent Director	√	√	√
Shri K. N. Memani	Non-executive Independent Director	-	-	√
Shri Priyavrat Bhartia	Non-executive Director	√	√	-

Shri Dinesh Mittal, Group General Counsel and Company Secretary is the Compliance Officer of the Company.

During the year under review, the status of redressal of investor complaints was as follows:

Opening Balance	Received	Resolved	Closing Balance
Nil	1	1	Nil

The status of redressal of investor complaints is reported to the Board of Directors from time to time.

(c) Nomination & Remuneration Committee

Nomination & Remuneration Committee (NRC) comprises of three Non-executive Directors. Chairman of NRC is a Non-executive Independent Director. Chairperson & Editorial Director is a permanent invitee to the meeting(s) of NRC.

The terms of reference of NRC are in accordance with the requirements of the Companies Act, 2013 and the SEBI Listing Regulations, which, *inter-alia*, include identifying persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down and recommend to the Board their appointment and removal; carry out evaluation of every director's performance; formulate the criteria for determining qualifications, positives attributes and independence of a director; and recommend to the Board a policy, relating to the remuneration for the directors, key managerial personnel and other employees; recommended to the Board all remuneration in whatever form, payable to Senior management and administration and superintendence of the "HTML Employee Stock Option Scheme" and "HTML Employee Stock Option Scheme 2009".

Also, the Board of Directors have adopted the Remuneration Policy for Directors, Senior Management Personnel including Key Managerial Personnel and other employees. The Remuneration Policy has been framed to attract, motivate and retain talent by offering an appropriate remuneration package, and also by way of providing a congenial & healthy work environment. Remuneration Policy is posted on Company's website viz. www.htmedia.in.

During the financial year ended on March 31, 2019, five meetings of NRC were held. The composition of NRC, date on which meetings were held and attendance of the Directors at the said meetings was as follows:

Name of the Director	Category	Meetings attended				
		April 25, 2018	May 24, 2018	July 18, 2018	October 27, 2018	January 16, 2019
Shri K.N. Memani (Chairman)	Non-executive Independent Director	√	√	√	√	√
Shri Ajay Relan	Non-executive Independent Director	√	-	√	√	√
Shri Priyavrat Bhartia	Non-executive Director	-	√	√	√	-

(d) Banking & Finance Committee

Banking & Finance Committee (BFC) of the Board has been entrusted with functions/ powers relating to banking and finance matters.

During the financial year ended on March 31, 2019, the BFC met eight times. The composition of Committee, date on which meetings were held and attendance of the Directors at the said meetings was as follows:

Name of the Director	Category	Meetings attended

Postal Ballot

During the financial year ended March 31, 2019, Members of the Company have approved by requisite majority the resolutions for re-appointment of Shri Ajay Relan as Independent Director and payment of Managerial Remuneration to MD/WTd, by way of Postal Ballot, including e-voting. The Postal Ballot Notice dated February 15, 2019, along with Postal Ballot Form were sent in electronic form to the members whose e-mail IDs were registered with the Company / respective Depository Participants. For shareholders whose e-mail IDs are not registered, physical copies of the Postal Ballot Notice along with Postal Ballot Form were sent by registered post, along with self-addressed postage pre-paid Business Reply Envelope. The Company had published a notice in the newspaper on February 26, 2019 in 'Hindustan Times' and 'Hindustan' in compliance with the provisions of the Companies Act, 2013 and Secretarial Standard - 2. The e-voting commenced from February 26, 2019, at 9:00 a.m. (server time) and ended on March 27, 2019 at 5:00 p.m. (server time).

The voting rights of members were reckoned on the paid-up value of shares registered in the name of member/ beneficial owner (in case of electronic shareholding) as on Friday, February 15, 2019. The Board had appointed Shri Lalit Chaudhary, Company Secretary-in-Practice (CP No. 15889) as Scrutinizer to scrutinize the voting through Postal Ballot and e-voting process in a fair and transparent manner and had engaged Karvy Fintech Private Limited to provide e-voting facility.

Shri Lalit Chaudhary, Scrutiniser had submitted his report on voting by way of Postal Ballot to the Chairperson & Editorial Director on March 28, 2019. The results were displayed on the website of the Company viz. www.htmedia.in, besides being communicated to the Stock Exchanges. The resolutions were considered as passed on March 27, 2019, being the last date for e-voting and receipt of duly completed postal ballot forms.

The details of the voting pattern are given below:

Special Resolutions passed through Postal Ballot	Voting in favour of the resolution (%)	Voting against the resolution (%)
• Re-appointment of Shri Ajay Relan as Independent Director of the Company	99.9958	0.0042
• Approval of payment of remuneration to Smt. Shobhana Bhartia, Chairperson & Editorial Director of the Company	93.4283	6.5717
• Approval of payment of remuneration to Shri Praveen Someshwar, Managing Director & CEO	93.3891	6.6109
• Approval of remuneration paid to Shri Dinesh Mittal as Whole-time Director during the period April 1, 2018 and August 7, 2018	98.9772	1.0228

At present, no Special Resolution is proposed to be passed through Postal Ballot.

DISCLOSURES

During the financial year ended on March 31, 2019, all transactions entered into with the Related Parties (as defined under the Companies Act, 2013 and Regulation 23 of the SEBI Listing Regulations) during the financial year were in ordinary course of business and on arm's length basis, and do not attract the provisions of Section 188 of the Companies Act, 2013. There were also no materially significant related party transactions that may have a potential conflict with the interests of the Company at large. The Audit Committee reviews on quarterly basis the statement containing details of every transaction with the related parties.

The required disclosures on related parties and transactions with them, are appearing in Note nos.36 and 36A of Standalone Financial Statements. The Company has formulated the 'Policy on Materiality of and dealing with Related Party Transactions', which is hosted on the Company's website viz. www.htmedia.in.

No penalty or stricture was imposed on the Company by any stock exchange, SEBI or other statutory authority for non-compliance during last three years on any matter related to capital markets.

The Company has prepared the financial statements to comply in all material respects with the Accounting Standards notified under Section 133 of the Companies Act, 2013, read with Companies (Accounts) Rules, 2014. The CEO/CFO certificate in terms of Regulation 17 (8) of SEBI Regulations has been placed before the Board.

The Independent Directors have the requisite qualifications and experience which enable them to contribute effectively. Terms and conditions of appointment of Independent Directors are posted on Company's website viz. www.htmedia.in. Further, the Independent Directors meet criteria of independence specified in Section 149 (6) of the Companies Act, 2013 and Regulation 16 of the SEBI Listing Regulations, and are independent of the management.

The Company has complied with some of the non-mandatory requirements of SEBI Listing Regulations on Corporate Governance. In the spirit of good corporate governance, the Company sends quarterly financial results via email to the members whose email address are registered with Depository Participant/Company, after they are approved by the Board of Directors and disseminated to the Stock Exchanges. The Auditors have submitted their Report with unmodified opinion on the financial statements for the financial year ended on March 31, 2019.

The Whistle Blower Policy provides opportunity to the directors/ employees/stakeholders of the Company to report concerns about unethical behavior, actual or suspected fraud by any Director and/or employee of the Company or any violation of the Company's Code of Conduct. The policy provides for adequate safeguards against victimization of the Whistle Blower. The Policy is posted on the Company's website viz. www.htmedia.in. During FY 19, no person was denied access to the Audit Committee.

During the year under review, your Company has not raised any funds through preferential allotment or qualified institutional placement, as specified under Regulation 32 (7A) of the SEBI Listing Regulations.

During the year under review, all the recommendations made by the committee(s) of directors have been accepted by the Board of Directors.

All subsidiary companies are Board managed, entrusted with the responsibility to manage the affairs in the best interest of the stakeholders. The Company has formulated "Policy for determining Material Subsidiary(ies)" in compliance of the SEBI Listing Regulations, which is hosted on the Company's website viz. www.htmedia.in.

During the year under review, the Company has complied with all mandatory requirements specified in Regulation 17 to 27 and clause (b) to (i) of Regulation 46 (2) of the SEBI Listing Regulations, as applicable.

COMMODITY PRICE RISK OR FOREIGN EXCHANGE RISK AND HEDGING ACTIVITIES

The Company is exposed to commodity risk mainly due to Newsprint. Details of exposure is given below-

Commodity Name	Exposure in ₹ Lacs towards the particular commodity	Exposure in Quantity terms towards the particular commodity (MT)	% of such exposure hedged through commodity derivatives				
			Domestic market		International market		Total
			OTC	Exchange	OTC	Exchange	
Newsprint							
Domestic	10,762	23,301	-	-	-	-	-
Import	28,594	56,009	-	-	-	-	-
Total	39,356	79,310					

Newsprint is a major raw material for the Company, and its availability & rates follow a cyclical trend, mainly governed by Demand and Supply fluctuations. The financial year FY 19 witnessed steep price hikes along with supply disruptions & delays, driven by closure of global capacities and China's regulations on the import of recycled paper. India being a net import market, experienced an unfavourable situation, with lower import quantity allocation by newsprint mills, at higher prices. However, global publishers swiftly reduced the consumption towards end of FY-19 resulting in the demand drop & softening of rates.

In order to mitigate the risk on both supplies & prices, the Company collaborated with domestic suppliers and maximized supplies from them to fulfil the demand/requirement.

To ensure seamless supplies at our Print locations we operate on a continuous replenishment model maintained optimum inventory levels.

Your Company use derivative products to hedge its forex exposure against imports, loans, investments and other payables whenever required. HT Media does not have any major forex exposure on account of exports, receivable and other income. The details of sensitivity to foreign exchange exposures as on March 31, 2019 are disclosed in Note no. 40 to the Standalone Financial Statements.

PREVENTION OF SEXUAL HARASSMENT OF WOMEN AT WORKPLACE

During the year under review, the status of complaints filed under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013, is as follows:

Number of complaints filed during FY-19	Number of complaints disposed of during FY-19	Number of complaints pending as on end of FY-19
5	5	Nil

FEES PAID TO STATUTORY AUDITOR

Details of fee paid by the Company and its subsidiaries for FY 19, on a consolidated basis, to Price Waterhouse & Co, Chartered Accountants LLP, Statutory Auditor and all entities in the network firm/network entity of which the Statutory Auditor is a part, for all services rendered by them, are as follows:

Particulars	Amount (₹ in Lacs)*
Audit Fee	70.00
Limited Review	36.00
Tax Audit Fee	10.00
Certification Fee	22.00
Transfer Pricing Advisory	10.00
Corporate Tax Consulting	2.00
GST Advisory	54.00
Transaction Advisory	98.00
Total fees	302.00

*excluding out of pocket expenses

PERFORMANCE EVALUATION

Details of the process of evaluation of performance of the Board, its Committees, individual Directors and the Chairperson for the financial year ended on March 31, 2019 alongwith criteria for evaluation of individual directors and Board in provided in the Board's Report.

FAMILIARIZATION PROGRAMME

Your Company has an induction and familiarization programme for Independent Directors. The Company, through such programme, familiarizes the Independent Directors with the background of the Company, nature of the industry in which it operates, business model, business operations, etc. The programme also includes interactive sessions with senior leadership team and business & functional heads for better understanding of business strategy, operational performance, product offerings, marketing initiatives etc. Details regarding the familiarization programme for Independent Directors is hosted on the Company's website viz. www.htmedia.in.

MEETING OF INDEPENDENT DIRECTORS

During the year, a meeting of Independent Directors was held on January 16, 2019 without the presence of Non-Independent Directors and members of the management.

CODE OF CONDUCT

The Company has adopted a “Code of Conduct” governing the conduct of Directors and Senior Management Personnel which is available on the website of the Company viz. www.htmedia.in.

The Board Members and Senior Management Personnel are expected to adhere to the Code, and have accordingly, affirmed compliance of the same during FY 19. The declaration given by the CEO of the Company affirming compliance of the Code by the Board Members and Senior Management Personnel of the Company during FY 19, is appearing at the end of this report as “Annexure – B”.

PROHIBITION OF INSIDER TRADING

In compliance of the SEBI (Prohibition of Insider Trading) Regulations, 2015, the Company has adopted “Code of Conduct to Regulate, Monitor and Report Trading by the Insiders” and “Code for Fair Disclosure of Unpublished Price Sensitive Information”.

CREDIT RATING

During the year under review the credit rating agency viz. ‘CRISIL Limited’ has (a) Reaffirmed the Long term rating of the Company for Non-Convertible Debentures at CRISIL AA+ and Short-term rating of the Company for Commercial Paper at CRISIL A1+; and (b) Revised its Outlook on long-term rating of the Company for Non-Convertible Debentures from ‘Stable’ to ‘Negative’. Further, there was no change in the credit rating of ICRA A1+ by credit rating agency ICRA in the Short-term rating of the Company for Commercial Paper.

18-20, KASTURBA GANDHI MARG
NEW DELHI- 110001

I have examined the relevant registers, records, forms, returns and disclosures received from the Directors of HT Media Limited having CIN L22121DL2002PLC117874 and having registered office at 18-20, Kasturba Gandhi Marg, New Delhi- 110001 (hereinafter referred to as 'the Company'), produced before me by the Company for the purpose of issuing this Certificate, in accordance with Regulation 34(3) read with Schedule V Para-C Sub clause 10(i) of the Securities Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

In my opinion and to the best of my information and according to the verifications (including Directors Identification Number (DIN) status at the portal www.mca.gov.in) as considered necessary and explanations furnished to me by the Company & its officers, I hereby certify that none of the Directors on the Board of the Company as stated below for the Financial Year ending on March 31, 2019 have been debarred or disqualified from being appointed or continuing as Directors of companies by the Securities and Exchange Board of India, Ministry of Corporate Affairs, or any such other Statutory Authority

Sl. No.	Name of Director	DIN	Date of appointment in Company
1.	Smt. Shobhana Bhartia	00020648	December 3, 2002
2.	Shri Ajay Relan	00002632	August 24, 2009
3.	Shri Vivek Mehra	00101328	January 12, 2018
4.	Shri Vikram Singh Mehta	00041197	June 20, 2015
5.	Shri Priyavrat Bhartia	00020603	October 28, 2005
6.	Shri Shamit Bhartia	00020623	December 3, 2002
7.	Shri Praveen Someshwar	01802656	August 1, 2018

Ensuring the eligibility for the appointment/continuity of every Director on the Board is the responsibility of the management of the Company. Our responsibility is to express an opinion on these based on our verification. This certificate is neither an assurance as to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITOR'S REPORT

To
The members of
HT Media Limited

Report on the audit of the standalone financial statements

Opinion

1. We have audited the accompanying standalone financial statements of HT Media Limited ("the Company"), which comprise the balance sheet as at March 31, 2019, the statement of Profit and Loss (including Other Comprehensive Income), statement of changes in equity, statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, total comprehensive income (comprising of loss and other comprehensive income), changes in equity and its cash flows for the year then ended.

Basis for opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are

independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to Note 52 of the financial statements in respect to arrangement between HT Media Limited and Digicontent Limited and their respective shareholders and creditors under section 100 to 104 of the Companies Act, 1956 along with section 52 of the Companies Act, 2013 and section 391 to 394 of the Companies Act, 1956 read with the Companies (Court) Rules, 1959 sanctioned by the Hon'ble National Company Law Tribunal. The Scheme, inter-alia, envisages demerger of Entertainment and Digital Innovation business of HT Media Limited (Demerged Company) including strategic investment and vesting thereof into Digicontent Limited (Resulting Company) w.e.f. closing business hours of March 31, 2018 (the Appointed Date) as compared to the effective date as per the applicable Indian Accounting Standards (Ind-AS) prescribed under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder.

Our opinion is not modified in respect of above matter.

Key audit matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p>Assessment of valuation of Investment Properties</p> <p>Refer to note no. 4 to the financial statements and significant accounting policies.</p> <p>The Company's investment properties are carried at ₹ 425 crores as at March 31, 2019 and an impairment of ₹ 44 crores has been recognized in the Statement of Profit or Loss for the year ended March 31, 2019. The Company's investment properties portfolio consists of residential buildings and commercial projects located in India. The portfolio consists of properties which are fully constructed as well as under construction.</p> <p>There are significant judgements and estimates to be made in relation to the valuation of the Company's investment properties mainly pertaining to identification of comparable transactions, determination of rate per square foot area of the investment properties, adjustment factor and adjusted rate per square foot computed thereon.</p> <p>All properties are externally valued by an independent valuation expert on a half yearly basis in accordance with the ICAI Valuation Standards 2018 to determine the fair value.</p> <p>We focused on this matter because of the:</p> <p>Relative size of the investment property balances in the financial statement.</p> <p>Inherently subjective nature of investment property valuations (including those related to impairment assessment) due to the use of assumptions in the valuation methodology.</p> <p>Sensitivity of valuations to key input assumptions.</p>	<p>In relation to assessing the appropriateness of valuation of investment properties, we performed audit procedures, including the following:</p> <p>Understood from the management and tested the design and operating effectiveness of key controls relating to assessment of impairment triggers and recoverable values of investment properties (including under construction properties).</p> <p>Assessed the competence, objectivity and capabilities of the valuers engaged by management. Discussed the scope of their work and reviewed the terms of their engagements for unusual terms or fee arrangements.</p> <p>Compared historical valuations against current year valuations, and noted that the movements appear to be in line with overall shifts in the market.</p> <p>Discussed with Management the specifics of selected individual properties including, amongst other things, any new leases entered into during the year, expiry of leases, capital expenditure incurred and vacancy rates.</p> <p>Verified on sample basis, the physical existence and progress of the construction.</p> <p>Involved auditor's valuation experts to compare the valuations of individual properties provided to us by Management with our independently formed market expectations to identify any differences. In this regard, we used evidence of comparable market transactions and focused in particular on properties where the growth in capital values was higher or lower than our expectations based on market indices.</p> <p>The underlying property records were assessed by us for reliability by way of verification of sale/purchase contracts.</p> <p>We inspected the final valuation reports and agreed the fair value to the Company's accounting records.</p> <p>Tested management's analysis of identifying triggers for impairment.</p> <p>Examined the Company's calculation of impairment charge with the underlying accounting records and supporting documents.</p> <p>Testing the adequacy of disclosures made in the financial statements.</p> <p>Based on the above procedures performed, we did not find any significant exceptions in the valuation of investment properties by the Management.</p>

Other Information

6. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of management and those charged with governance for the financial statements

7. The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

8. In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

9. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
10. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
11. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 12. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 13. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

14. We did not audit total assets of ₹ 81 lakhs as at March 31, 2019 and total revenues of ₹ Nil for the year then ended, included in the accompanying standalone financial statements in respect to HT Media Employee Welfare Trust not audited by us, whose financial information has been audited by another auditor and whose report has been furnished to us. Our opinion on the standalone financial statements, to the extent they have been derived from such standalone financial statements is based solely on the report of such other auditor.

Report on other legal and regulatory requirements

15. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure A a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
16. As required by Section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equity and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

- g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 35 (c) to the financial statements;
 - ii. The Company has long-term contracts including derivative contracts as at March 31, 2019 for which there were no material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2019

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 15 of the Independent Auditors' Report of even date to the members of HT Media Limited on the standalone financial statements as of and for the year ended March 31, 2019

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
 - (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
 - (c) The title deeds of immovable properties, as disclosed in Note 3 on fixed assets to the financial statements, are held in the name of the Company.
 - ii. The physical verification of inventory have been conducted at reasonable intervals by the Management during the year. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
 - iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
 - iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it.
 - v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
 - vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its radio business.
- We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is regular in depositing the undisputed statutory dues, including provident fund, employees' state insurance, income tax, cess, goods and service tax and other material statutory dues, as applicable, with the appropriate authorities.
 - (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of sales-tax, duty of customs, duty of excise, value added tax, goods and service tax which have not been deposited on account of any dispute. The particulars of dues of income tax, and service tax as at March 31, 2019 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (₹ in lacs)	Period to which the amount relates	Forum where the dispute is pending
Income Tax Act, 1961	Income Tax Demand	58	AY 2016-17	Commissioner of Income tax (Appeals)
Income Tax Act, 1961	Income Tax Demand	53	AY 2010-11 to 2012-13	Income Tax Appellate Tribunal/ High court/ Assessing officer for fresh adjudication
Finance Act, 1994	Service Tax Demand	61	FY 2005-06 to 2009-10 and 2011-12	Supreme Court of India

- viii. According to the records of the Company examined by us and the information and explanation given to us, the Company has not defaulted in repayment of loans or borrowings to any financial institution or bank or Government as at March 31, 2019. The Company did not have any outstanding debentures as at March 31, 2019.
- ix. In our opinion, and according to the information and explanations given to us, the moneys raised by way of term loans have been applied for the purposes for which they were obtained. The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments).
- x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.
- xi. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.
- xii. As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.
- xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the standalone financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act.
- xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.
- xv. The Company has not entered into any non-cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.
- xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 16 (f) of the Independent Auditors' Report of even date to the members of HT Media Limited on the standalone financial statements for the year ended March 31, 2019.

Report on the Internal Financial Controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls with reference to financial statements of HT Media Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards

and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting

principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are

subject to the risk that the internal financial control controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

1. Corporate information

HT Media Limited ("HTML" or "the Company") is a public company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on the National Stock Exchange (NSE) and Bombay Stock Exchange (BSE).

The Company publishes 'Hindustan Times', an English daily, and 'Mint', a Business paper daily except on Sunday and undertakes commercial printing jobs. The Company is also engaged into the business of providing entertainment, radio broadcast and all other related activities through its Radio Stations operating under brand name 'Fever 104', 'Fever' and 'Radio Nasha'. The digital business of the Company comprises of various online platforms such as 'shine.com', etc. The registered office of the Company is located at 18-20, K.G. Marg, New Delhi-110001.

The Company derives revenue primarily from the sale of the above mentioned publications, advertisements published therein, by undertaking printing jobs and airtime advertisements aired at the aforesaid radio stations. Digital business contributes to the Company's revenue, by way of display of advertisements on these websites and related services.

Information on related party relationship of the Company is provided in Note No 36.

The financial statements of the Company for the year ended March 31, 2019 are authorised for issue in accordance with a resolution of the Board of Directors on May 10, 2019.

2. Significant accounting policies followed by company

2.1 Basis of preparation

The standalone financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ('Ind-AS') specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Companies Act 2013 (the "accounting principles generally accepted in India").

The accounting policies are applied consistently to all the periods presented in the financial statements.

The standalone financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments.
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).
- Defined benefit plans - plan assets measured at fair value.

The standalone financial statements are presented in Indian Rupees (₹), which is also the Company's functional currency. All amounts disclosed in the financial statements and notes have been rounded off to the nearest lacs as per the requirement of Schedule III, unless otherwise stated. Rounding of errors has been ignored.

2.2 Summary of significant accounting policies

a) Foreign currencies

Transactions in foreign currencies are initially recorded by the Company at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on the settlement of monetary items or on restatement of the Company's monetary items at rates different from those at which they were initially recorded during the period, or reported in previous financial statements, are recognized as income or as expenses in the period in which they arise. They are deferred in equity if they relate to qualifying cash flow hedges.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions.

Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or before March 31, 2016:

- Exchange differences on long-term foreign currency monetary items relating to acquisition of depreciable assets are adjusted to the carrying cost of the assets and depreciated over the balance life of the assets in accordance with option available under Ind-AS 101 (first time adoption).

Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1 2016:

- The exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after April 1 2016 is charged off or credited to the statement of profit & loss account under Ind-AS.

b) Fair value measurement

The Company measures financial instruments, such as, derivatives and certain investments at fair value at each reporting/ balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would

use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

This Note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes :

- Disclosures for valuation methods, significant estimates and assumptions (Note 39)
- Quantitative disclosures of fair value measurement hierarchy (Note 39)
- Investment in unquoted equity shares (Note 6B)
- Investment properties (Note 4)
- Financial instruments (including those carried at amortised cost) (Note 39)

c) Revenue recognition

Effective April 1, 2018 the Company has adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up up transition method which is applied to contracts that were not completed as of April 1, 2018.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Company has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements as it has pricing latitude and is also exposed to inventory and credit risks.

Goods and Service Tax (GST) is not received by the Company on its own account. Rather, it is tax collected on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised:

Advertisements

Revenue is recognized as and when advertisement is published/ displayed and when it is "probable" that the Company will collect the consideration it is entitled to in exchange for the services it transfers to the customer.

Revenue from advertisement is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates.

Sale of Newspaper & Publications, Waste Paper and Scrap

Revenue from the sale of goods is recognised when the control is transferred to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

For contracts with a significant financing component, an entity adjusts the promised consideration to reflect the time value of money.

Management also extends a right to return to its customers which it believes is a form of variable consideration. Revenue recognition is limited to amounts for which it is "highly probable" a significant reversal will not occur (i.e. it is highly probable the goods will not be returned). A refund liability is established for the expected amount of refunds and credits to be issued to customers.

Printing Job Work

Revenue from printing job work is recognised by reference to stage of completion of job work as per terms of agreement. Revenue from job work is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Airtime Revenue

Revenue from radio broadcasting is recognized on an accrual basis on the airing of client's commercials. Revenue from radio broadcasting is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Revenue from online advertising

Revenue from digital platforms by display of internet advertisements are typically contracted for a period ranging between zero to twelve months. Revenue

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

in this respect is recognized over the period of the contract, in accordance with the established principles of accrual accounting and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any. Unearned revenues are reported on the balance sheet as deferred revenue.

Revenue from subscription of packages of placement of job postings on 'shine.com' is recognized at the time the job postings are displayed based upon customer usage patterns, or upon expiry of the subscription package whichever is earlier and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Revenue from job fair and resume services

Revenue from job fair and resume services is recognised upon completion terms of the contract with customers and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Interest income

For all debt instruments measured either at amortised cost, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit or loss.

Dividends

Revenue is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Rental income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature unless either:

- Another systematic basis is more representative of the time pattern in which use benefit derived from the leased asset is diminished, even if the rentals are not on that basis,
- or
- The rentals are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. If rentals vary according to factors other than inflation, then this condition is not met.

d) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Company receives grants for purchase of property, plant and equipment, the asset and the grant are recorded at fair value amounts and released to statement of profit and loss over the expected useful life of the asset.

e) Taxes

Current income tax

Tax expense is the aggregate amount included in the determination of profit or loss for the period in respect of current tax and deferred tax.

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

GST/ value added taxes paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of GST/ value added taxes paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- When receivables and payables are stated with the amount of GST included

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

f) Discontinued operations

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Or

- Is a subsidiary acquired exclusively with a view to resale.

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the statement of profit or loss.

All other notes to the financial statements mainly include amounts for continuing operations, unless otherwise mentioned.

g) Property, plant and equipment

The Company has applied for one time transition option of considering the carrying cost of Property, Plant and Equipment on the transition date i.e. April 1, 2015 as the deemed cost under Ind-AS.

Property, plant and equipment and Capital Work-in progress are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met.

Cost comprises the purchase price, borrowing costs if capitalization criteria are met and any directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Recognition:

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if:

- it is probable that future economic benefits associated with the item will flow to the entity; and
- the cost of the item can be measured reliably.

All other expenses on existing assets, including day-to-day repair and maintenance expenditure and cost of replacing parts, are charged to the statement of profit or loss for the period during which such expenses are incurred.

When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Value for individual assets acquired from 'The Hindustan Times Limited' (the holding company) in an earlier year is allocated based on the valuation carried out by independent expert at the time of acquisition. Other assets are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The Company identifies and determines cost of asset significant to the total cost of the asset having useful life that is materially different from that of the remaining life.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

(₹ in Lacs)

Type of asset	Useful lives estimated by management (Years)
Factory Buildings	5 to 30
Buildings (other than factory buildings)	3 to 60
Plant & Machinery	2 to 21
IT Equipments	1 to 6
Office Equipments	1 to 5
Furniture and Fittings	2 to 10
Vehicles	8

The Company, based on technical assessment made by the management depreciates certain assets over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management has estimated, supported by technical assessment, the

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

useful lives of certain plant and machinery as 16 to 21.1 years. These useful lives are higher than those indicated in Schedule II. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation on the property, plant and equipment is provided over the useful life of assets as specified in Schedule II to the Companies Act, 2013. Property, Plant and Equipment which are added/disposed off during the year, depreciation is provided on pro-rata basis with reference to the month of addition/deletion.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Modification or extension to an existing asset, which is of capital nature and which becomes an integral part thereof is depreciated prospectively over the remaining useful life of that asset.

Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized as a part of indirect construction cost to the extent the expenditure is related to construction or is incidental thereto. Other indirect costs incurred during the construction periods which are not related to construction activity nor are incidental thereto are charged to Statement of Profit and Loss. Reinvested income earned during the construction period is adjusted against the total of indirect expenditure.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

h) Investment properties

Investment properties are properties (land and buildings) that are held for long-term rental yields and/or for capital appreciation. Investment properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The Company depreciates building component of investment property over 30 years from the date property is ready for possession.

Though the Company measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on an annual evaluation performed by an accredited external independent valuer.

On transition to Ind-AS, the Company has elected to continue with the carrying value of all of its Investment properties recognised as at April 1, 2015 measured as per the Indian GAAP and use that carrying value as the deemed cost of the Investment Properties.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of de-recognition.

i) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Value for individual software license acquired from the holding company in an earlier year is allocated based on the valuation carried out by an independent expert at the time of acquisition.

On transition to Ind-AS, the Company has elected to continue with the carrying value of all of its Intangible assets recognised as at April 1, 2015 measured as per the Indian GAAP and use that carrying value as the deemed cost of the Intangible assets.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit or loss.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

Intangible assets	Useful lives (in years)
Website Development	3 – 6
Software licenses	1 – 6
License Fees (One time entry fee)	10-15

j) Borrowing costs

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized, if any. All other borrowing costs are expensed in the period in which they occur.

k) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Company as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers substantially all the risks and rewards incidental to ownership to the Company is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit or loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Company's general policy on the borrowing costs (Refer note 2(J)). Contingent rentals are recognised as expenses in the periods in which they are incurred.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Company will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Leasehold improvements represent expenses incurred towards civil works, interiors furnishings, etc. on the leased premises at various locations.

Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

Company as a lessor

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Company to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Company's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental income from operating lease is recognised on straight line basis over the term of the relevant lease.

Contingent rents are recognised as revenue in the period in which they are earned.

l) Inventories

Inventories are valued as follows :

Raw materials, stores and spares	Lower of cost and net realizable value. However, material and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis.

Work- in-progress and finished goods	Lower of cost and net realizable value. Cost includes direct materials and a proportion of manufacturing overheads based on normal operating capacity. Cost is determined on a weighted average basis.
Scrap and waste papers	At net realizable value

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

m) Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded Company's or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the statement of profit or loss.

An assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Intangible assets with indefinite useful lives are tested for impairment annually at the CGU level, as appropriate, and when circumstances indicate that the carrying value may be impaired.

n) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a

result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit or loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

o) Retirement and other employee benefits

Short term employee benefits and defined contribution plans:

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc. are recognised in the statement of profit or loss in the period in which the employee renders the related service.

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Gratuity

Gratuity is a defined benefit scheme. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

The Company recognizes termination benefit as a liability and an expense when the Company has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the termination benefits fall due more than 12 months after the balance sheet date, they are measured at present value of future cash flows using the discount rate determined by reference to market yields at the balance sheet date on government bonds.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring cost

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Company recognises the following changes in the net defined benefit obligation as an expense in the Statement of profit or loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Compensated Absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

Re-measurements, comprising of actuarial gains and losses, are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where Company has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

p) Share-based payments

Employees (including senior executives) of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions).

Equity-settled transactions

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. The Company has availed option under Ind-AS 101, to apply intrinsic value method to the options already vested before the date of transition and applied Ind-AS 102 Share-based payment to equity instruments that remain unvested as of transition date.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The statement of profit or loss expense

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of that period and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Company's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

q) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A debt instrument is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables. For more information on receivables, refer to Note 10A.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Debt instruments at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit or Loss as "Finance income from debt instruments at FVTPL" under the head "Other Income".

Equity investments

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind-AS 103 applies are Ind-AS classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by-instrument basis. The classification is made on Initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to Profit or Loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the Profit or Loss.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar

financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

- b) Lease receivables under Ind-AS 17
- c) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind-AS 115 (referred to as 'contractual revenue receivables' in these financial statements).

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind-AS 17

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

As a practical expedient, the Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward looking estimates. At every reporting date, the historical

observed default rates are updated and changes in the forward looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss. This amount is reflected under the head 'other expenses' in the Profit or Loss. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss. This category includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/losses attributable to changes in own credit risk are recognized in OCI. These gains/loss are not subsequently transferred to Statement of Profit and Loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

This category generally applies to borrowings. For more information refer Note 14A.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or

cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Embedded derivatives

An embedded derivative is a component of a hybrid (combined) instrument that also includes a non-derivative host contract - with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative. An embedded derivative causes some or all of the cash flows that otherwise would be required by the contract to be modified according to a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index, or other variable, provided in the case of a non-financial variable that the variable is not specific to a party to the contract. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss.

If the hybrid contract contains a host that is a financial asset within the scope of Ind-AS 109, the Company does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind-AS 109 to the entire hybrid contract. Derivatives embedded in all other host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss, unless designated as effective hedging instruments.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

r) Derivative financial Instruments and hedge accounting

Derivative accounting

Initial recognition and subsequent measurement

The Company uses derivative financial instruments, such as forward currency contracts. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

Hedge Accounting

Initial recognition and subsequent measurement

The Company designates (Cash Flow Hedge):

- Intrinsic Value of Call Spread option to hedge foreign currency risk for repayment of Principal Amount in relation to FCNR Loan availed in Euro.
- Interest Rate Swap (Floating to Fixed) to hedge interest rate risk in respect of Floating rate of interest in relation to FCNR Loan.

The Company documents at the inception of the hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset changes in cash flows of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transactions at the inception of each hedge relationship.

Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash

flow hedges is recognised in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of the hedged item on a present value basis from the inception of the hedge. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, within other gains/(losses).

When option contracts are used to hedge foreign currency risk, the Company designates only the intrinsic value of the option contract as the hedging instrument.

Gains or losses relating to the effective portion of the change in intrinsic value of the option contracts are recognised in the cash flow hedging reserve within equity. The changes in the time value of the option contracts that relate to the hedged item ('aligned time value') are recognised within other comprehensive income in the costs of hedging reserve within equity.

Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects profit or loss. The time value of an option used to hedge represents part of the cost of the transaction.

When a hedging instrument expires, or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, any cumulative deferred gain or loss and deferred costs of hedging in equity at that time remains in equity until the forecast transaction occurs. When the forecast transaction is no longer expected to occur, the cumulative gain or loss and deferred costs of hedging that were reported in equity are immediately reclassified to profit or loss within other gains/(losses).

s) Cash dividend and non-cash distribution to equity holders of the parent

The Company recognises a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

t) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

u) Measurement of EBITDA

The Company has elected to present earnings before interest expense, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the Statement of Profit and Loss. The Company measures EBITDA on the face of profit/ (loss) from continuing operations. In the measurement, the Company does not include depreciation and amortization expense, finance costs and tax expense.

v) Investments in subsidiaries, joint ventures and associates

An investor, regardless of the nature of its involvement with an entity (the investee), shall determine whether it is a parent by assessing whether it controls the investee.

An investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Thus, an investor controls an investee if and only if the investor has all the following:

- (a) power over the investee;
- (b) exposure, or rights, to variable returns from its involvement with the investee and

- (c) the ability to use its power over the investee to affect the amount of the investor's returns.

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The considerations made in determining significant influence are similar to those necessary to determine control over subsidiaries.

The Company has elected to recognize its investments in subsidiary and associate companies at cost in accordance with the option available in Ind-AS 27, 'Separate Financial Statements'. Except where investments accounted for at cost shall be accounted for in accordance with Ind-AS 105, Non-current Assets Held for Sale and Discontinued Operations, when they are classified as held for sale.

Investment carried at cost will be tested for impairment as per Ind-AS 36.

Investment in Joint venture shall be recognized at FVTOCI, all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity

w) Earnings per Share

Basic earnings per share

Basic earnings per share are calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.3. Significant accounting judgements, estimates and assumptions

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The areas involving critical estimates or Judgement are as below:

Assessment of lease contracts

Significant judgement is required to apply lease accounting rules under Appendix C to INDAS 17: determining whether an Arrangement contains a Lease. In assessing the applicability to arrangements entered into by the Company, management has exercised judgement to evaluate the right to use the underlying assets, substance of the transaction including legally enforced arrangements and other significant terms and conditions of the arrangement to conclude whether the arrangements meet the criteria under Appendix C to INDAS 17.

Contingent Liability and commitments

The Company is involved in various litigations. The management of the Company has used its judgement while determining the litigations outcome of which are considered probable and in respect of which provision needs to be created.

Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the amount and timing of future taxable income. Given the wide range of business

relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Company establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax assessments and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the Companies.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in Note 33.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 39 for further disclosures.

Impairment of financial assets

The impairment provisions for financial assets are based on assumptions about risk of default and expected loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

Impairment of non- financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent markets transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

Share Based Payment

The Company measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in Note 34.

Volume discounts and pricing incentives

The company accounts for volume discounts and pricing incentives to customers as a reduction of revenue based on the rateable allocation of the discounts/ incentives amount to each of the underlying revenue transaction that results in progress by the customer towards earning the discount/ incentive. Also, when the level of discount varies with increases in levels of revenue transactions, the company recognizes the liability based on its estimate of the customer's future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognized until the payment is probable and the amount can be estimated reliably. The company recognizes changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Property, Plant and Equipment

The Company, based on technical assessment management estimate, depreciates certain assets over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management has estimated, supported by technical assessment, the useful lives of certain plant and machinery as 16 to 21 years. These useful lives are higher than those indicated in schedule II. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Information regarding income and expenditure of investment property (excluding profit/ (loss) on sale of investment and impairment of properties)

(₹ in Lacs)		
Particulars	March 31, 2019	March 31, 2018
Rental income derived from investment properties	88	52
Direct operating expenses (including repairs and maintenance) generating rental income	7	10
Direct operating expenses (including repairs and maintenance) that did not generate rental income	37	42
Profit arising from investment properties before depreciation and indirect expenses	44	-

As at March 31, 2019 and March 31, 2018, the fair values of the properties are ₹ 47,076 lacs and ₹ 47,225 lacs respectively. These valuations are based on valuations performed by an accredited independent valuer who are specialist in valuing these types of investment properties. A valuation model in accordance with Ind AS 113 has been applied.

*The company has no restrictions on the realisability of its investment properties except for the Investment properties amounting to ₹ 4,016 Lacs purchased from Lavasa Corporation Ltd which originated during FY 2018-19. The fair values of investment properties held by the Company in various properties of Lavasa Corporation Limited have not been considered since the National Company Law Tribunal has appointed Insolvency Resolution Professionals for this company and the proceedings will be governed according to the Insolvency and Bankruptcy Code of India, 2016. The company has made an impairment provision of ₹ 3,480 lacs on conservative basis on the under construction properties of Lavasa Corporation Limited.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Information regarding income and expenditure of investment property (excluding profit/ (loss) on sale of investment and impairment of properties) (Contd..)

There are contractual obligations of ₹ 3,223 lacs as on March 31, 2019 (Previous Year: ₹ 3,796 lacs) to purchase investment properties whereas there are no contractual obligations to construct or develop investment properties or for repairs and enhancements.

Estimation of Fair Value

The valuation has been determined basis the market approach by reference to sales in the market of comparable properties. However, where such information is not available, current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences, has been considered to determine the valuation. All resulting fair value estimates for investment properties are included in Level II.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Reconciliation of deferred tax assets (net):

(₹ in Lacs)

Particulars	March 31, 2019	March 31, 2018
Opening balance as of April 1	650	1,277
Tax (expense)/ income during the year recognised in Statement of Profit and Loss	4,276	(3,090)
Unutilized MAT Credit	-	2,463
Closing balance as at March 31	4,926	650

The Company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority. MAT Credit entitlement has been adjusted against the deferred tax liabilities as on the reporting date.

During the year ended March 31, 2019 and March 31, 2018, the Company has paid dividend to its shareholders. This has resulted in payment of Dividend Distribution Tax to the taxation authorities. The Company believes that Dividend Distribution Tax represents additional payment to taxation authority on behalf of the shareholders. Hence, Dividend Distribution Tax paid is charged to equity.

The Supreme court has accepted the Special Leave Petition (SLP) of HTL.

Note 29 Disclosure: Ind AS 115 Revenue from Contracts with Customers

Transition disclosure

Effective April 1, 2018, the Company has adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method applicable to contracts to be completed as on April 1, 2018. Accordingly, the comparative figures in the above results have not been adjusted retrospectively. The effect of adoption of Ind AS 115 on the above financial results is insignificant.

Contract Assets and Contract Liabilities.

The Company has changed the presentation of certain amounts in the balance sheet to reflect terminology of Ind AS 115:

- Deferred revenue amounting to ₹ 2,180 Lacs as at March 31, 2019 is shown as "Contract Liability" in current year. In year ended March 31, 2018, these amounts aggregating to ₹ 2,223 Lacs was netted off with Trade Receivables and ₹ 417 lacs was shown under the head other current liabilities. The same has been reclassified to Contract liabilities as on April 1, 2018 (transition date to Ind AS 115).
- Advance from certain Customers amounting to ₹ 6,164 Lacs as at March 31, 2019 is shown as "Contract Liability" in current year. In year ended March 31, 2018, these amounts aggregating to ₹ 5,839 Lacs was shown under the head other Current and Non- Current Liabilities. The same has been reclassified to Contract liabilities as on April 1, 2018 (transition date to Ind AS 115)
- Contract assets recognized in current year represents income accrued but not due amounting to ₹ 198 Lacs as at March 31, 2019. In year ended March 31, 2018, income accrued but not due was presented as part of Other financial assets amounting to ₹ 92 Lacs. The same has been reclassified to Contract assets as on April 1, 2018 (transition date to Ind AS 115).

Note 30 : Other Comprehensive Income

Total	(52)	108	-	-	56

Note 31 : Earnings per share (EPS)

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

Particulars	March 31, 2019	March 31, 2018
Profit/(Loss) attributable to equity holders from Continuing operation (₹ Lacs)	(13,894)	21,116
Profit/(Loss) attributable to equity holders from Discontinuing operation (₹ Lacs)	-	258
Total Profit/(Loss) attributable to equity holders (₹ Lacs)	(13,894)	21,374
Weighted average number of Equity shares for basic and diluted EPS (Lacs)	2,327	2,327
Earnings per share for continuing and discontinued operations		
Basic EPS	(5.97)	9.18
Diluted EPS	(5.97)	9.18
Earnings/(Loss) per share from continuing operations		
Basic EPS	(5.97)	9.07
Diluted EPS	(5.97)	9.07
Earnings/(Loss) per share from discontinued operations		
Basic EPS	-	0.11
Diluted EPS	-	0.11

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 32: Distribution made and proposed

(₹ in Lacs)

Particulars	March 31, 2019	March 31, 2018

*Proposed dividends on equity shares are subject to approval at the annual general meeting and are not recognised as a liability (including Dividend Distribution Tax thereon) as at March 31, 2019.

Note 33 : Defined Benefits Plan

A. Gratuity

(₹ in Lacs)

Particulars	March 31, 2019	March 31, 2018
Gratuity Plan	463	345
Total	463	345
Current	250	159
Non- Current	213	186

The Company has a defined benefit gratuity plan. Every employee who has completed five years or more of services gets a gratuity on separation at 15 days salary (last drawn salary) for each completed year of service. The Company has formed a Gratuity Trust to which contribution is made based on actuarial valuation done by independent valuer.

The gratuity plan is governed by the Payment of Gratuity Act, 1972. The Company has purchased an insurance policy, which is a year-on-year cash accumulation plan in which the interest rate is declared on yearly basis and is guaranteed for a period of one year. The insurance company, as part of the policy rules, makes payment of all gratuity outgoes happening during the year (subject to sufficiency of funds under the policy). The policy, thus, mitigates the liquidity risk. However, being a cash accumulation plan, the duration of assets is shorter compared to the duration of liabilities. Thus, the Company is exposed to movement in interest rate (in particular, the significant fall in interest rates, which should result in a increase in liability without corresponding increase in the asset).

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

The following tables summarises the components of net employee benefits recognized in the Statement of Profit and Loss and the funded status and amounts recognized in the balance sheet :

Defined Gratuity Plan

Benefits paid during the year	(150)	(41)
Provided during the year	10	39
Liability at the end of the year	257	397

Note 34 : Share-based payments

In accordance with the Securities and Exchange Board of India (Share Based Employee benefits) Regulations, 2014 and Ind-AS 102 Share-based Payment, the scheme detailed below is managed and administered, compensation benefits in respect of the scheme is assessed and accounted by the Company. To have an understanding of the scheme, relevant disclosures are given below.

- I. **As approved by the shareholders at their Extra-ordinary General Meeting held on October 21, 2005, during an earlier year, the Company has given interest-free loan of ₹ 2,174 lacs to HT Media Employee Welfare Trust which in turn purchased 468,044 Equity Shares of ₹ 10/- each of HT Media Limited (as on date equivalent to 2,340,220 Equity Shares of ₹ 2/- each) from the open market [average cost per share - ₹ 92.91 based on Equity Share of ₹ 2/- each], for the purpose of granting Options under the 'HTML Employee Stock Option Scheme' (the Scheme), to eligible employees.**

During the financial year 2007-08, the Scheme was modified to the effect - (a) Options granted w.e.f. September 15, 2007 shall vest as per previous revised schedule of vesting period; and (b) to extend the coverage of the Scheme to the eligible full-time employees of the subsidiary companies.

The Options granted under the Scheme shall vest as per the Schedules of vesting period which are hereinafter referred to as 'Plan A', 'Plan B' (applicable to Options granted w.e.f. September 15, 2007) and Plan C (applicable to Options granted w.e.f. October 8, 2009). Options granted under both the plans are exercisable for a period of 10 years after the scheduled vesting date of the last tranche of the Options as per the Scheme.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Present value of lease receivables	208	743	666
March 31, 2018			
Minimum lease receivables	200	944	1,486
Present value of lease receivables	185	714	779

B. Commitments

(₹ in Lacs)

Particulars	March 31, 2019	March 31, 2018
i) Capital Commitments		
Estimated amount of contracts remaining to be executed on capital account and not provided for (net of capital advances)	97	119

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

ii) Other Commitments- Commitment under EPCG Scheme

The Company has obtained licenses under the Export Promotion Capital Goods ('EPCG') Scheme for importing capital goods at a concessional rate of customs duty against submission of bonds in September, 2008.

Under the terms of the respective scheme, the Company is required to export goods or/and services of FOB value equivalent to eight times the duty saved in respect of licenses within eight years from the date of issuance of license.

Accordingly, the Company was required to export goods and services of FOB value of ₹ 20,017 lacs by September 18, 2018 (after extended time). The balance export obligation left as on March 31, 2019 is ₹ NIL (Previous Year: ₹ 1,535 Lacs). The Company has filed a letter dated March 01, 2019 with custom authorities for completion of its obligation.

iii) Commitment to invest in specific funds

Particulars	March 31, 2019		March 31, 2018	
	Amount Invested	Future Commitment	Amount Invested	Future Commitment
Blume Ventures Fund IA	₹ 300 Lac	-	₹ 300 Lac	-
Tandem III, LP	-	-	USD 6 Lac	-
Trifecta Venture Debt Fund-I	₹ 2,000 Lac	-	₹ 1,500 Lac	₹ 500 Lac
Paragon Partners Growth Fund - I	₹ 1352 Lac	₹ 648 Lac	₹ 807 Lac	₹ 1193 Lac
WaterBridge Ventures I	₹ 376 Lac	₹ 125 Lac	₹ 167 Lac	₹ 350 Lac
Stellaris Venture Partners India I	₹ 505 Lac	₹ 495 Lac	₹ 300 Lac	₹ 700 Lac
Fireside Ventures Investment Fund I	₹ 368 Lac	₹ 132 Lac	₹ 250 Lac	₹ 250 Lac

C. Letter of Support

The Company has given letters of support to its subsidiaries (HT Learning Centers Limited and India Education Services Private Limited) to enable the said subsidiaries to continue its operations.

D. Guarantees

(₹ in Lacs)

Particulars	March 31, 2019	March 31, 2018
Bank Guarantee	2,332	2,398
Corporate Guarantee (Stand-by Letter of Credit)	-	2,281

E. Contingent Liabilities

Claims against the Company not acknowledged as debts

Legal claim contingency

- Income- tax authorities have raised additional demands for ₹ 111 lacs (Previous Year: ₹ 53 lacs) for various financial years. The tax demands are mainly on account of disallowances of expenses claimed by the Company under the Income Tax Act.
- Service tax authorities have raised additional demands for ₹ 61 lacs (Previous Year: ₹ 61 lacs) for various financial years.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

The above listed tax demands are being contested by the Company before the appropriate appellate authorities. Management believes that Company's tax positions are likely to be upheld by such authorities. No tax expenses have been accrued in the financial statements for these tax demands.

- (iii) During the year ended March 31, 2005, the Company acquired the printing undertaking at New Delhi from The Hindustan Times Limited ("HTL"). Ex-workmen of HTL challenged the transfer of business by way of a writ in Hon'ble Delhi High Court, which was quashed on May 9, 2006. Thereafter, these workmen raised the industrial dispute before Industrial Tribunal-I, New Delhi ("Tribunal").

The case was decided by an award by Industrial Tribunal, on January 23, 2012, wherein the workmen were granted reinstatement and relief of treating them in continuity of services under terms and conditions of service as before their alleged termination w.e.f. October 3, 2004. As per the award, they will not be entitled to any notice pay or compensation u/s 25 FF of Industrial Dispute Act. The said notice pay or compensation, if any, received by them, will have to be refunded to the Company.

The said award after publication came into operation w.e.f. April 1, 2012. The HTL issued several letters to the workmen, followed by the public notice seeking refund of the notice pay and retrenchment compensation so received, as directed by Industrial Tribunal without any results. The workman also filed the Execution Proceeding for Back wages on April 2, 2012, Execution Court vide its order dated October 8, 2012, held that "No Back Wages" have been granted and decree in relation thereto cannot be executed". The Execution Court vide its order dated January 04, 2013 directed the management to reinstate the workman without insisting for refund of notice pay and retrenchment compensation. The said order of the Ld. Execution Court was challenged before High Court of Delhi. Since HTL has no factory, it offered notional reinstatement & Salary w.e.f. April 18, 2013. HTL informed the High Court during the pendency of the petition that since HTL is currently engaged in non industrial activities, it can offer non-industrial work to a maximum of 38 (thirty eight) workmen based on seniority. It was also submitted that HTL will accordingly exercise its rights and remedies as available under the Industrial Disputes Act, 1947 qua the remaining workmen. Accordingly, HTL issued letters of posting to 38 workmen on December 4, 2013 and paid compensation under Section 25FFF of the Industrial Dispute Act, 1947 to remaining 167 workmen. Single Bench of Delhi High Court on September 14, 2015 delivered the judgment wherein Court relied on the Judgment of Division Bench and held that the parties will be at liberty to pursue the logical corollary. The proceedings before the Execution Court re-started after judgment of Single Bench of Delhi High Court.

The Execution Court ordered HTL to reinstate the workmen as earlier reinstatement was not in accordance with Award dated January 23, 2012 and also directed to make payment of wages accordingly. HTL challenged the said order of Execution Court before single bench of Hon'ble Delhi High Court..

Vide order dated August 27, 2018 Single Judge, Delhi High Court dismissed the Writ and directed the Management to reinstate the workmen along with the benefits of "continuity of services" under terms and conditions of the service as before their termination on October 03, 2004. Single Judge further directed the Management to deposit the wages of all the workmen, who have not yet attained the age of superannuation for the period from January 01, 2014 till August 31, 2018 as per the Award with the Executing Court within one month from the date of order

The Management of HTL filed appeal to the Division Bench against the said judgment dated August 27, 2018 the Division Bench on October 16, 2018 dismissed the appeal on technical / maintainability ground without getting into merits of the matter.

The Management of HTL filed two separate Special Leave Petitions (SLP's) before the Hon'ble Supreme Court of India. First SLP against the orders dated August 27, 2018 read with order dated September 07, 2018 passed in Review Petition by the Single Judge of Delhi High Court, and the Second SLP challenging the Order dated October 16, 2018 passed by

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

the Division Bench of Delhi High Court, seeking stay of the said judgments. One of the two SLPs was admitted by Apex Court by issue- of 'Notice' to opposite parties without staying the execution proceeding. However, Hon'ble Supreme Court of India was pleased to direct that "consequential action will, naturally, be subject to the result of the Special Leave Petition". The Second SLP is dismissed considering that the issue will be decided in the first SLP itself.

The Management of HTL issued letters of reinstatements and made payments to the workmen in accordance with order dated December 24, 2018 before the Ld. Execution court against personal Bond for refund of the amount so paid in case Supreme Court decides the matter in its favour. Ld. Execution Court vide order dated March 27, 2019 directed the Management to increase all other benefits including Basic pay and other concomitant benefits as if they had actually been in service and had been serving with the Management since 2004. Further, Management was directed to calculate the wages/salary of the decree holders after giving them notional increase in Basic pay and other related allowances/benefits. In the meantime, the Management has challenged the order dated March 27, 2019 passed by Ld. Execution Court before Hon'ble High Court of Delhi. The Court issued notice to the Respondents on April 03, 2019 but no stay was granted. Now, the matter is listed for hearing on May 16, 2019.

On the issue of back wages, the workmen also filed Writ Petition against the order of Ld. Execution Court dated October 08, 2012 denying them back wages. This issue of Back wages is finally decided by Hon'ble Supreme Court vide order dated August 01, 2016 holding that back wages are not payable.

Another small group of workmen filed another SLP (C) No. 28705/2015 challenging the same order of Division Bench, Delhi High Court, virtually on same grounds, which is pending for hearing though there is a likely hood of same fate as of another SLP. The workmen thereafter filed a fresh Writ Petition before the single bench of Delhi High Court challenging the award dated January 23, 2012 to the extent of denial of back wages and concomitant benefits. The said Writ Petition was dismissed vide order dated October 3, 2016 on the ground of Res- judicata and on account of delay or laches. The judgment of the Single Bench of Delhi High Court is challenged by the workmen before Division Bench of High Court, wherein notice is issued to the Company. The said matter is now listed on July 18, 2019 for final arguments before the Division Bench.

Since the issue of Back wages has been decided by Hon'ble Supreme Court and the Single Judge of the Hon'ble Delhi High Court, the Company does not expect a material adverse outcome in the current round of litigation.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 36A Transactions during the year with Related Parties (refer note A) (Contd..)

Note A- The transactions above do not include service tax, vat, GST etc.

Note B- Key Managerial Personnel and Relatives of Promoters who are under the employment of the Company are entitled to post employment benefits and other long term employee benefits recognized as per Ind AS 19 - 'Employee Benefits' in the financial statements. As these employee benefits are lump sum amounts provided on the basis of actuarial valuation, the same is not included above.

Note C- Refer note 35 for corporate guarantees and letter of support given for/on behalf of subsidiaries.

Note D-

Pursuant to scheme of Arrangement ('the scheme') between the Company and Digicontent Limited and their respective creditors and shareholders, the "Entertainment & Digital Innovation Business" of HT Media Limited along with its related assets and liabilities, and the related strategic investment in HT Digital Streams Limited (HTDS) has been transferred to Digicontent Limited upon the sanction of the Scheme by the Hon'ble National Company Law Tribunal (NCLT), New Delhi Bench vide order dated March 07, 2019 (certified copy received by the Company on March 27, 2019) (order). The certified copy of order sanctioning the scheme has been filed with the Registrar of the Companies, NCT of Delhi & Haryana on April 05, 2019. Accordingly, the scheme has been given effect from March 31, 2018 i.e. Appointed Date.

In terms of the Scheme, following transactions have taken place between the appointed date (closing hours of March 31, 2018) and March 31, 2019:

- a) Assets and liabilities relatable to "Entertainment and Digital Innovation Business" on appointed date (closing hours of March 31, 2018) have become the assets and liabilities of Digicontent Limited.
- b) Transfer of revenue and expenses relatable to "Entertainment and Digital Innovation Business" from the appointed date (closing hours of March 31, 2018) and March 31, 2019 for transfer and vesting of "Entertainment and Digital Innovation Business" from the Company to Digicontent Limited.

Pursuant to the Scheme of Arrangement:

- 1) Digicontent Limited and HT Digital Streams Limited have ceased to be Subsidiaries of the Company with effect from close of the business hours of March 31, 2018 and became fellow subsidiaries of the Company. Accordingly, the transactions and balances between the Company and Digicontent Limited / HT Digital Streams Limited has been represented under fellow subsidiary of the Company.
- 2) The transactions between "Entertainment and Digital Innovation Business" and other Subsidiaries of the Company between the appointed date (closing hours of March 31, 2018) and 31 March 2019 have been excluded from the related party transactions reported above.
- 3) The transactions pertaining to "Entertainment and Digital Innovation Business" from the appointed date (closing hours of March 31, 2018) to March 31, 2019 between the Company and Digicontent Limited are not treated as related party transaction by virtue of clause 5.28 of the scheme of arrangement and accordingly have not been disclosed above.

*The Board, in its meeting held on May 19, 2017, had approved proposal to acquire 49% equity stake in India Education Services Private Limited (IESPL) held by Apollo Global Singapore Holdings Pte. Ltd. ('Apollo Global'), Joint Venture partner. The said transaction was concluded vide share purchase agreement dated July 18, 2017 at a consideration of USD 650,000. Accordingly, IESPL became a subsidiary of the Company (holding 99% equity share capital of IESPL) and the Joint Venture Agreement was terminated. Hence, transactions upto July 17, 2017 have been reported under the head "Joint Venture" for the previous year ended March 31, 2018.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 37 : Segment information

For the purpose of management review, the Company is organized into business units based on the nature of products and services and has three reportable segments, as follows:

- Printing and Publication of Newspapers & Periodicals

- **Radio Broadcast** and all other related activities through its Radio channels operating under brand name 'Fever 104', 'Fever' and 'Radio Nasha 107.2' in India.

- **Digital** - Business of providing internet related services through a job portal Shine.com.

The management of the Company monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on its profit and loss and is measured consistently with profit or loss of the Company. Also, the Companies financing (including finance costs and finance income) and income taxes are managed on a Company basis and are not allocated to operating segments.

The financial information for these reportable segments has been provided in Consolidated Financial Results as per Ind-AS 108 - Operating Segments.

Note 38 : Hedging activities and derivatives

Derivatives not designated as hedging instruments

The Company uses foreign exchange forward contracts, call spread option, interest rate swaps (floating to fixed) to manage its foreign currency exposures. These contracts are not designated as cash flow hedges other than Euro 30 Million FCNR Loan and are entered into for periods consistent with underlying transactions exposure.

Derivatives designated as hedging instruments

For year ended March 31, 2019

The Company has taken Euro 30 Million FCNR Loan with floating rate of interest. The Company has taken Call Spread option to mitigate foreign currency risk in relation to repayment of principal amount of Euro 30 Million and Interest Rate Swap (Floating to Fixed) to mitigate interest rate risk. The Company designates (Cash Flow Hedge):

- Intrinsic Value of Call Spread option to hedge foreign currency risk for repayment of Principal Amount in relation to FCNR Euro 30 Million Loan availed in Euro.
- Interest Rate Swap (Floating to Fixed) to hedge interest rate risk in respect of Floating rate of interest in relation to FCNR Euro 30 Million Loan.

Hedge Effectiveness

Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument.

The Company enters into hedge relationships where the critical terms of the hedging instrument match exactly with the terms of the hedged item. The Company performs a qualitative assessment of effectiveness. As all critical terms matched during the year, the economic relationship was 100% effective.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 39 : Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

Particulars	Carrying value		Fair value		Fair Value measurement hierarchy level

Derivative contract not Designated as Hedge (Refer note 14C)	29	-	29	-	Level 2
Derivative contract Designated as Hedge (Refer note 14C)	137	-	137	-	Level 2

* The sensitivity analysis disclosures in relation to certain equity instruments and preference shares investments classified at FVTPL is not been disclosed since the management believes that there is no movement in the fair value on the reporting date.

The management assessed that cash and cash equivalents, other bank balances, trade receivables, other current financial assets, trade payables, short- term borrowings, other current non- derivative financial assets and other current non- derivative financial liabilities approximate their carrying amounts that are reasonable approximations of fair value largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

The following methods and assumptions were used to estimate the fair values:

- The fair values of Long term interest-bearing borrowings and loans are determined by using Discounted Cash Flow (DCF) method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk was assessed to be insignificant.
- The fair values of the investment in unquoted equity shares/ debt instruments/ preference shares have been estimated using a Discounted Cash Flow (DCF) model and/or comparable investment price such as last round of funding made in the investee Company. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility. The probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted investments.
- Investments in quoted mutual funds being valued at Net Asset Value.
- Investments in venture capital funds are valued using valuation techniques, which employs the use of market observables inputs and the assessment of Net Asset Value.
- Investments in quoted equity shares are valued at closing price of stock on recognized stock exchange.
- The Company enters into derivative financial instruments such as Interest rate swaps, Coupon only swap, Call Spread Options, foreign exchange forward contracts being valued using valuation techniques, which employs the use of market observable inputs. The Company uses Mark to Market valuation provided by Bank for valuation of these derivative contracts.
- The loans and investment in bonds are evaluated by the Company based on parameters such as interest rate, risk factors, risk characteristics and individual credit-worthiness of the counterparty. Based on this evaluation, allowances are taken into account for the expected losses.

The significant unobservable inputs used in the fair value measurement categorized within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at March 31, 2019 and March 31, 2018 are as shown below:

Description of significant unobservable inputs to valuation as at March 31, 2019

Particulars	Valuation technique	Significant unobservable inputs	Range (weighted average)	Impact of 1% Increase to fair value (₹ lacs)	Impact of 1% Decrease to fair value (₹ Lacs)
Investment in unquoted Debt instruments at Level 3	Discounted cash flow	Weighted Average Cost of Capital	17.50%	(177)	225
		Terminal Growth Rate	5%	147	(113)

Description of significant unobservable inputs to valuation as at March 31, 2018

Particulars	Valuation technique	Significant unobservable inputs	Range (weighted average)	Impact of 1% Increase to fair value (₹ lacs)	Impact of 1% Decrease to fair value (₹ Lacs)
Investment in unquoted equity shares/debentures at Level 3 (refer note below)	Discounted cash flow	Weighted Average Cost of Capital	17.5%-21.98%	(159)	191
		Discount for lack of marketability	10%	(10)	10
		Terminal Growth Rate	5%	76	(65)

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

The discount for lack of marketability represents the amounts that the Company has determined that market participants would take into account when pricing the investments.

Reconciliation of fair value measurement of investment in unquoted equity shares/ debentures measured at FVTPL (Level III) :
(₹ in Lacs)

Particulars	Total
As at March 31, 2017	1,689
Purchases	920
Impact of Fair value movement	(42)
Transfers*	649
As at March 31, 2018	3,216
Purchases	2,634
Impact of Fair value movement	(1,137)
Transfers	-
As at March 31, 2019	4,713

*During the previous year an Investment having book value of ₹ 649 Lacs has been transferred from Level 2 to Level 3

The fair value of financial instruments as referred to in note above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: Quoted prices for identical instruments in an active market;
- Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: Inputs which are not based on observable market data.

There were no significant changes in the classification and no significant movements between the fair value hierarchy classifications of assets and liabilities during FY 2018-19 and 2017-18.

Note 40: Financial risk management objectives and policies

The Company's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Company also enters into foreign exchange derivative transactions.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 40: Financial risk management objectives and policies(Contd..)

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the mitigation of these risks. The Company's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Company's policy that no trading in foreign exchange derivatives for speculative purposes will be undertaken. The policies for managing each of these risks, which are summarized below:-

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and derivative financial instruments.

The sensitivity analyses in the following sections relate to the position as at March 31, 2019 and March 31, 2018.

The analysis exclude the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations and provisions.

The sensitivity of the relevant profit and loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2019 and March 31, 2018.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The company's exposure to the risk of changes in market interest rates relates primarily to the FCNR Borrowings with floating interest rates.

The Company manages interest rate risk by taking interest rate swap (floating to fixed).

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities (when revenue or expense is denominated in a foreign currency), investments & borrowing in foreign currency etc.

The Company manages its foreign currency risk by hedging foreign currency transactions with forward covers and option contracts. These transactions generally relate to purchase of imported newsprint & borrowings in foreign currency.

When a derivative is entered into for the purpose of being a hedge, the Company negotiates the terms of those derivatives to match the terms of the underlying exposure. For hedges of forecast transactions, the derivatives cover the period of exposure from the point the cash flows of the transactions up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Foreign currency sensitivity-Unhedged Foreign Currency Exposure

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets and liabilities.

(₹ in Lacs)

Change in Euro rate				
Trade payables	+ / (-) 1%	+ / (-) 1%	-	1
Interest Payable -FCNR EURO	+ / (-) 1%	+ / (-) 1%	1	-

Equity price risk

The Company invests in listed and non-listed equity securities which are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Company manages the equity price risk through diversification and by placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Company's senior management on a regular basis. The Company's Investment Committee reviews and approves all equity investment decisions.

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables

An impairment analysis is performed at each reporting date on an individual basis for major clients. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 10A. The Company does not hold collateral as security.

The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Company's treasury department in accordance with the Company's policy. Investments of surplus funds are made as per guidelines and within limits approved by Board of Directors. Board of Directors/ Management reviews and update guidelines, time to time as per requirement. The guidelines are set to minimize the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Liquidity risk

The Company monitors its risk of shortage of funds.

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of Bank loans & liquid MF Investments.

77% of the Company's debt will mature in less than one year at March 31, 2019 (March 31, 2018: 99%) based on the carrying value of borrowings reflected in the financial statements.

The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Company has access to a sufficient variety of sources of funding i.e. investments / Bank limits for Borrowing/ cash accrual from Operation and debt maturing within 12 months can be paid/ rolled over with existing lenders.

The Company had available undrawn uncommitted borrowing facilities of ₹ 94,707 lacs (March 31, 2018: ₹ 95,528 lacs).

The table below summarizes the maturity profile of the Company's financial liabilities

(₹ in Lacs)

Particulars	With in 1 year	More than 1 year	Total
As at March 31, 2019			
Borrowings (refer note 14A)	109,315	23,280	132,595
Trade and other payables (refer note 14 B)	28,775	-	28,775
Other financial liabilities (refer note 14 C)	34,175	1,116	35,291
As at March 31, 2018			
Borrowings (refer note 14A)	106,158	570	106,728
Trade and other payables (refer note 14 B)	24,887	-	24,887
Other financial liabilities (refer note 14 C)	30,812	-	30,812

Collateral

The Company has pledged part of its Investment in Mutual Funds in order to fulfil the collateral requirements for Borrowing. At March 31, 2019 & March 31, 2018, the invested values of the Investment in Mutual Funds pledged were ₹ 36,400 lacs & 12,076 lacs, respectively. The counterparties have an obligation to return the securities to the Company and the Company has an obligation to repay the borrowing to the counterparties upon maturity/ Due Date. There are no other significant terms and conditions associated with the use of collateral. Securities except pledge given against outstanding Bank facilities details is provided in borrowing note.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 41: Capital management

For the purpose of the Company's capital management, capital includes issued equity capital, share premium and all other equity reserves. The primary objective of the Company's capital management is to maximize the shareholder value.

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Company monitors capital using a gearing ratio, which is net debt divided by total capital and net debt. The Company includes within net debt, interest bearing loans and borrowings, trade and other payables, less cash and cash equivalents.

(₹ in Lacs)

Particulars	March 31, 2019	March 31, 2018
Borrowings (Refer Note 14A)	131,990	105,588
Less : Cash & Cash Equivalents (Refer Note 10B)	7,274	8,048
Less : Other Bank balances(Refer Note 10C)	4,751	2
Net Debt	119,965	97,538
Equity & other equity	162,188	178,072
Total capital	282,153	275,610
Gearing ratio	43%	35%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. The Company has satisfied all financial debt covenants prescribed in the terms of bank loan except Total Debt to EBITDA ratio for FCNR loan taken from Citibank. Required waiver approval dated April 15, 2019 has been obtained from Citibank to condone the non-compliance and non-adherence of the Total Debt to EBITDA Ratio for financial condition test till FCNR loan maturity.

Note 42: Standards issued but not yet effective

Ind AS 116 Leases

MCA has issued Ind AS 116 Leases on March 30, 2019 effective from annual periods beginning on or after April 1, 2019. Ind AS 116 will supersede the existing Ind AS 17.

The new standard requires lessees to recognize most leases on their balance sheets. Lessees will have a single accounting model for all leases, with two exemptions (low value assets and short term leases). Lessor accounting is substantially unchanged as compared to existing Lease Standard Ind AS 17. There will be additional disclosure requirements. Either a so called full retrospective application or a modified retrospective application is required for annual periods beginning on or after April 1, 2019

The Company is in the process of finalising their analysis at the date of issuing of their financial statements for FY 2018-19. The Company would disclose the known or reasonably estimable information relevant to assessing the possible impact that application of Ind AS 116 will have on their financial statements in the period of initial application.

Companies (Indian Accounting Standards) Second Amendment Rules, 2019 notified on March 30, 2019 brings the following amendments to Ind AS. The amendments are effective from accounting periods beginning on or after April 1, 2019.

Appendix C to Ind AS 12, Income Taxes has been inserted. The appendix provides accounting for uncertainty over income tax treatments. The appendix corresponds to IFRIC 23, Uncertainty over Income Tax Treatments issued by the IFRS Interpretations Committee. Appendix C explains how to recognise and measure deferred and current income tax assets and liabilities where

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

there is uncertainty over a tax treatment. Each uncertain tax treatment is considered separately or together as a group, depending on which approach better predicts the resolution of uncertainty. The Company is assessing the potential effect of the above mentioned amendment on its financial statements.

Paragraph 57A has been added to Ind AS 12 to clarify that the income tax consequences of dividends on financial instruments classified as equity should be recognised according to where the past transactions or events that generated distributable profits were recognised. This amendment is not applicable to the Company.

Amendment to Ind AS 19, Employee Benefits requires an entity to: (i) use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and (ii) recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling. The application of this amendment is not expected to have a material impact on the Company's financial statements.

Amendment to Ind AS 23, Borrowing Costs to clarify that if a specific borrowing remains outstanding after a qualifying asset is ready for its intended use or sale, it becomes part of general borrowings. The application of this amendment is not expected to have a material impact on the Company's financial statements.

Amendment to Ind AS 28, Investments in Associates and Joint Ventures clarifies that long-term interests in an associate or joint venture to which the equity method is not applied should be accounted for using Ind AS 109, Financial Instruments. This amendment is not applicable to the Company.

Amendment has been made to Ind AS 103, Business Combinations and Ind AS 111, Joint Arrangements to clarify measurement of previously held interest in obtaining control/ joint control over a joint operation: (i) On obtaining control of a business that is a joint operation, previously held interest in joint operation is remeasured at fair value at the acquisition date; (ii) A party obtaining joint control of a business that is joint operation shall not remeasure its previously held interest in the joint operation. This amendment is not applicable to the Company.

Amendment to Ind AS 109 enables entities to measure at amortised cost some pre-payable financial assets with negative compensation. This amendment is not applicable to the Company.

Note 43 : Based on the information available with the Company, Details of dues to Micro and Small Enterprises as defined under the MSMED Act, 2006

Particulars	(₹ in Lacs)	
	March 31, 2019	March 31, 2018
Principal Amount	129	5
Interest due thereon at the end of the accounting year*	3	-
The amount of interest paid by the buyer in terms of Section 16, of the MSMED Act, 2006 along with the amounts of the payment made to the supplier beyond the appointed day during each accounting year	-	-
The amount of interest due and payable for the year for delay in making payment (which have been paid but beyond the appointed day during the year) but without adding the interest specified under MSMED Act, 2006.	-	-
The amount of interest accrued and remaining unpaid at the end of the accounting year*	3	-
The amount of further interest remaining due and payable even in the succeeding years, until such date when the interest dues as above are actually paid to the small enterprise for the purpose of disallowance as a deductible expenditure under Section 23 of MSMED Act, 2006.	-	-

*The amount of interest accrued and remaining unpaid at the end of the financial year ended March 31, 2018 is ₹ 8,741.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 44

The Company has consolidated the financial statements of HT Media Employee Welfare Trust ("Trust") in its standalone financial statements. Accordingly, the amount of loan of ₹ 2,004 Lacs (Previous Year ₹ 2,004 Lacs) outstanding in the name of Trust in the books of the Company at the year end has been eliminated against the amount of loan outstanding in the name of Company appearing in the books of Trust at the year end. Further, the investment of ₹ 2,022 Lacs (previous year ₹ 2,022 Lacs) made by the Trust in the equity shares of the Company (through secondary market) has been shown as deduction from the Share Capital to the extent of face value of the shares [₹ 44 Lacs (previous year ₹ 44 Lacs)] and Securities Premium Account to the extent of amount exceeding face value of equity shares [₹ 1,978 Lacs (previous year ₹ 1,978 Lacs)]. Further, the amount of dividend of ₹ 9 Lacs (previous year ₹ 9 Lacs) received by the Trust from the Company during the year end has been added back to the surplus in the Statement of Profit and Loss.

Note 45

Pursuant to Scheme of Arrangement and Restructuring u/s 391-394 read with Sections 100-104 of the Companies Act, 1956 between the Company and HT Music and Entertainment Company Limited (Demerged Company) as approved by the Hon'ble Delhi High Court, the assets and liabilities of the radio business of the Demerged Company were taken over as at January 1, 2009. One Time Entry Fees (OTEF) paid for acquiring license for Radio business paid by the Demerged Company in earlier years which was capitalized and amortized on straight line basis, is now amortized against the credit balance of Securities Premium Account instead of charging to the statement of profit and loss, over the useful life of the said licenses or their unexpired period (whichever is lower) from date of Merger of Radio business as per the approved Scheme. Consequently, an amount of ₹ Nil (Previous Year ₹ 49 Lacs) towards amortization of Radio Licenses has been debited to the Securities Premium Account.

Note 46

Details of Loans and Advances to subsidiaries, associates and firm/companies in which directors are interested (as required by Regulation 34(3) of (Listing Obligations and Disclosure Requirements) Regulations, 2015)

Note 52 : Discontinuing Operation

The Scheme of Arrangement u/s 230-232 read with Section 66 of the Companies Act, 2013, between the Company and Digicontent Limited (formerly, HT Digital Ventures Limited) (Resulting Company) and their respective Shareholders and Creditors ("Scheme") for demerger of "Entertainment & Digital Innovation Business (Demerged Undertaking)" of the Company, and transfer and vesting thereof to and in the Resulting Company, as a 'going concern', with effect from the close of business hours of March 31, 2018 (Appointed Date), was sanctioned by the Hon'ble National Company Law Tribunal, New Delhi Bench (NCLT) vide order dated March 7, 2019 (certified copy received by the Company on March 27, 2019). In terms of the Scheme, consequent upon filing of the NCLT order with the Registrar of Companies, NCT of Delhi & Haryana on April 5, 2019, the Scheme has become effective from the Appointed Date.

Pursuant to the Scheme of arrangement:

- The assets and liabilities of the Entertainment & Digital Innovation Business of HT Media Limited have been transferred to Digicontent Limited at the same book value as appearing in the books of HT Media Limited on the close of business on March 31, 2018 (appointed date).
- The difference between the book value of assets and liabilities of the Entertainment & Digital Innovation Division as on March 31, 2018 (appointed date) has been adjusted against the Capital Reserve amounting ₹ 11,867 Lacs.
- Upon scheme becoming effective, the existing shareholding of ₹ 1 lacs of HT Media Limited in Digicontent Limited stands cancelled.

NOTES TO FINANCIAL STATEMENTS

for the year ended March 31, 2019

Pursuant to the Scheme of arrangement: (Contd..)

- d) The revenues earned and expenses incurred for the 12 months period i.e. from the Appointed Date to March 31, 2019 were transferred to Digicontent Limited on the effective date which resulted into lower profit after tax amount of ₹ 264 Lacs during the current year.

The financial Statements for year ended March 31, 2019 do not include financials of Demerged Undertaking (discontinued operations) however, the financials for the year ended March 31, 2018 included net revenue relatable to Demerged Undertaking of ₹ 394 lacs (net of tax of ₹ 258 Lacs) respectively. hence, the detailed relatable information of discontinued operations for the year ended March 31, 2018 is as under:-

Particulars	(₹ in Lacs)
	Year Ended March 31, 2018
Income	
Revenue from operation	319
Total Income	319
Expenses	
Employee benefits expense	946
Depreciation and amortisation expense	32
Other expenses*	(1,053)
Total Expenses	(75)
Profit/(loss) before Tax	394
Tax Expense/(Credit)	136
Net Profit/(loss) for the period	258

*On account of Increase in expenses for the continuing operation in relation to carve out of demerged undertaking.

INDEPENDENT AUDITOR'S REPORT

To
The Members of
HT Media Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of HT Media Limited (hereinafter referred to as the 'Holding Company') and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), and jointly controlled entity, which comprise the consolidated Balance Sheet as at March 31, 2019, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Statement Of Changes in Equity, the consolidated Cash Flows Statement for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the consolidated financial statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2019, of consolidated total comprehensive income (comprising of loss and other comprehensive income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities

for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by Institute of Chartered Accountants of India, and we have fulfilled our other ethical responsibilities in accordance with the provisions of the Companies Act, 2013. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 15 and 17 of the Other Matters paragraph below, other than the unaudited financial statements as certified by the management and referred to in sub-paragraph 16 of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to Note 43 of the consolidated financial statements in respect to arrangement between HT Media Limited and Digicontent Limited and their respective shareholders and creditors under section 100 to 104 of the Companies Act, 1956 along with section 52 of the Companies Act, 2013 and section 391 to 394 of the Companies Act, 1956 read with the Companies (Court) Rules, 1959 sanctioned by the Hon'ble National Company Law Tribunal. The Scheme, inter-alia, envisages demerger of Entertainment and Digital Innovation business of HT Media Limited (Demerged Company) including strategic investment and vesting thereof into Digicontent Limited (Resulting Company) w.e.f. closing business hours of March 31, 2018 (the Appointed Date) as compared to the effective date as per the applicable Indian Accounting Standards (Ind-AS) prescribed under Section 133 of the Companies Act, 2013, read with relevant rules issued thereunder.

Our opinion is not modified in respect of above matter.

Key Audit Matter

5. Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the consolidated financial statements of the current period. This matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

Key audit matter	How our audit addressed the key audit matter
<p>Assessment of valuation of Investment Properties</p> <p>Refer to note no. 4 to the consolidated financial statements and significant accounting policies.</p> <p>The Company's investment properties are carried at ₹ 457 crores as at March 31, 2019 and an impairment of ₹ 46 crores has been recognized in the Statement of Profit and Loss for the year ended March 31, 2019. The Company's investment properties portfolio consists of residential buildings and commercial projects located in India. The portfolio consists of properties which are fully constructed as well as under construction.</p> <p>There are significant judgements and estimates to be made in relation to the valuation of the Company's investment properties mainly pertaining to identification of comparable transactions, determination of rate per square foot area of the investment properties, adjustment factor and adjusted rate per square foot computed thereon.</p> <p>All properties are externally valued by an independent valuation expert on a half yearly basis in accordance with the ICAI Valuation Standards 2018 to determine the fair value.</p> <p>We focused on this matter because of the:</p> <p>Relative size of the investment property balances in the consolidated financial statement.</p> <p>Inherently subjective nature of investment property valuations (including those related to impairment assessment) due to the use of assumptions in the valuation methodology.</p> <p>Sensitivity of valuations to key input assumptions.</p>	<p>In relation to assessing the appropriateness of valuation of investment properties, we performed audit procedures, including the following:</p> <p>Understood from the management and tested the design and operating effectiveness of key controls relating to assessment of impairment triggers and recoverable values of investment properties (including under construction properties).</p> <p>Assessed the competence, objectivity and capabilities of the valuers engaged by management. Discussed the scope of their work and reviewed the terms of their engagements for unusual terms or fee arrangements.</p> <p>Compared historical valuations against current year valuations, and noted that the movements appear to be in line with overall shifts in the market.</p> <p>Discussed with Management the specifics of selected individual properties including, amongst other things, any new leases entered into during the year, expiry of leases, capital expenditure incurred and vacancy rates.</p> <p>Verified on sample basis, the physical existence and progress of the construction.</p> <p>Involved auditor's valuation experts to compare the valuations of individual properties provided to us by Management with our independently formed market expectations to identify any differences. In this regard, we used evidence of comparable market transactions and focused in particular on properties where the growth in capital values was higher or lower than our expectations based on market indices.</p> <p>The underlying property records were assessed by us for reliability by way of verification of sale/purchase contracts.</p> <p>We inspected the final valuation reports and agreed the fair value to the Company's accounting records.</p> <p>Tested management's analysis of identifying triggers for impairment.</p> <p>Examined the Company's calculation of impairment charge with the underlying accounting records and supporting documents.</p> <p>Testing the adequacy of disclosures made in the consolidated financial statements.</p> <p>Based on the above procedures performed, we did not find any significant exceptions in the valuation of investment properties by the Management.</p>

Other Information

6. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and the reports of the other auditors as furnished to us (Refer paragraph 15 and 17 below), we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

7. The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group including its Jointly controlled entity in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group and jointly controlled entity are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial

statements by the Directors of the Holding Company, as aforesaid.

8. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its jointly controlled entity are responsible for assessing the ability of the Group and jointly controlled entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
9. The respective Board of Directors of the companies included in the Group and of its jointly controlled entity are responsible for overseeing the financial reporting process of the Group and of its jointly controlled entity.

Auditors Responsibilities for the Audit of the Consolidated Financial Statements

10. Our objectives are to obtain a reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether

the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and jointly controlled entities to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and jointly controlled entities to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and jointly controlled entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
12. We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore, the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

15. We did not audit the financial statements of 7 subsidiaries located within India and one subsidiary located outside India whose financial statements reflect total assets of ₹ 13,278 lakhs and net assets of ₹ 5,496 lakhs as at March 31, 2019, total revenue of ₹ 4,886 lakhs, total comprehensive income (loss) of ₹ (7,475 lakhs) (comprising of loss of ₹ 7,471 lakhs and other comprehensive loss of ₹ 4 lakhs) and net cash flows amounting to ₹ 224 lakhs for the year ended on that date, as considered in the consolidated Ind AS financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the consolidated Ind AS financial statements insofar as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid subsidiaries is based solely on the reports of the other auditors.
16. We did not audit the financial statement of one jointly controlled entity located outside India which constitute total comprehensive income of ₹ Nil for the year ended on March 31, 2019 as considered in the consolidated financial statements. This financial statement is unaudited and have been furnished to us by the Management, and our opinion on the consolidated Ind AS financial statements insofar as it relates to the amounts and disclosures included in respect of the jointly controlled entity and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information insofar as it relates to the aforesaid jointly controlled entity

is based solely on such unaudited financial statement. In our opinion and according to the information and explanations given to us by the Management, this financial statement is not material to the Group.

17. We did not audit total assets of ₹ 81 lakhs as at March 31, 2019 and total revenues of ₹ Nil for the year then ended, included in the accompanying standalone financial statements in respect to HT Media Employee Welfare Trust not audited by us, whose financial information has been audited by another auditor and whose report has been furnished to us. Our opinion on the consolidated financial statements, to the extent they have been derived from such financial statements is based solely on the report of such other auditor.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

18. As required by Section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
 - (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account and records maintained for the purpose of preparation of the consolidated financial statements.
 - (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors of the Holding Company as on March 31, 2019 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary companies, and jointly controlled company incorporated in India, none of the directors of the Group companies, and jointly controlled company incorporated in India is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in Annexure A.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact, if any, of pending litigations on the consolidated financial position of the Group, its jointly controlled entity- Refer Note 37(c) to the consolidated financial statements.
 - ii. The Group had long-term contracts including derivative contracts as at March 31, 2019 for which there were no material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies and jointly controlled company incorporated in India.
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Group for the year ended March 31, 2019.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 18 (f) of the Independent Auditors' Report of even date to the members of HT Media Limited on the consolidated financial statements for the year ended March 31, 2019

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2019, we have audited the internal financial controls over financial reporting of HT Media Limited (hereinafter referred to as "the Holding Company") and its subsidiary companies which are companies incorporated in India, as of that date.

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding company and its subsidiary companies to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls over financial reporting is applicable, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed

under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that

transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with Authorizations of management and directors of the company; and provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Place: New Delhi
Date: May 10, 2019

Opinion

8. In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Other Matters

9. Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls over financial reporting insofar as it relates to 7 subsidiary companies which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies incorporated in India. Our opinion is not qualified in respect of this matter.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

1. Corporate information

HT Media Group consists of HT Media Limited ("the Company") and its subsidiaries, joint venture and associate companies (hereinafter referred to as "the Group").

The Group is the publisher of 'Hindustan Times', an English daily, 'Hindustan', a Hindi daily and 'Mint', a Business newspaper (daily, except Sunday), 'Nandan' (monthly children's magazine) and 'Kadambini' (monthly women's magazine). Under 'Fever 104' brand, 'Fever' brand and newly launched 'Radio Nasha' brand the Group pursues the business of FM radio broadcast and other related activities, in the cities of Delhi, Mumbai, Kolkata, Bengaluru, Hyderabad, Kanpur, Lucknow, Agra, Allahabad, Aligarh, Bareilly and Gorakhpur. In addition, the Group also operates AAHA FM under the 'Fever FM' brand in Chennai. The digital business of the Group comprises of 'Shine.com' (job portal), 'HT Campus.com' (education portal), etc. The Group has also forayed into education sector.

Major portion of the Group's revenue is derived from sale of - (i) newspapers and magazines; (ii) advertisement space in these publications; (iii) airtime in FM radio broadcast, and printing charges for third-party printing jobs. Internet business also contributes to the Group's revenue, by way of sale of various digital offerings.

The registered office of the Company is located at 18-20, K.G. Marg, New Delhi-110001.

Information on related party relationship of the Group is provided in Note 38.

The consolidated financial statements of the Group for the year ended March 31, 2019 are authorised for issue in accordance with a resolution of the Board of Directors on May 10, 2019.

2. Significant accounting policies

2.1 Basis of preparation

The Consolidated financial statements (CFS) of the Group have been prepared in accordance with the Indian Accounting Standards ('Ind-AS') specified in the Companies (Indian Accounting Standards) Rules, 2015

(as amended) under Section 133 of the Companies Act 2013 (the "accounting principles generally accepted in India").

The accounting policies are applied consistently to all the periods presented in the Consolidated financial statements.

The consolidated financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value:

- Derivative financial instruments
- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments)
- Defined benefit plans- plan assets measured at fair value.

The consolidated financial statements are presented in Indian Rupees ('₹') and all values are rounded to the nearest lacs, except otherwise indicated. Rounding off errors have been ignored.

2.2 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries and joint ventures. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee. Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

Generally, there is a presumption that a majority of voting rights result in control. To support this presumption and when the Group has less than a majority of the voting

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- The contractual arrangement with the other vote holders of the investee
- Rights arising from other contractual arrangements
- The Group's voting rights and potential voting rights

The size of the group's holding of voting rights relative to the size and dispersion of the holdings of the other voting rights holders

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Group gains control until the date the Group ceases to control the subsidiary.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Consolidation procedure:

i) Subsidiary:

- (a) Combine like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries.
- (b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.
- (c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and fixed assets, are eliminated in full). Ind-AS 12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- Derecognises the assets (including goodwill) and liabilities of the subsidiary
- Derecognises the carrying amount of any non-controlling interests

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

- Derecognises the cumulative translation differences recorded in equity
- Recognises the fair value of the consideration received
- Recognises the fair value of any investment retained
- Recognises any surplus or deficit in profit or loss
- Reclassifies the parent's share of components previously recognised in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities

ii) Joint ventures and associates:

Interests in joint ventures are accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet.

2.3 Summary of significant accounting policies

a) Business combinations and goodwill

Business combinations are accounted for using the acquisition method, other than common control transactions. The cost of an acquisition is measured as the aggregate of the consideration transferred measured at acquisition date fair value and the amount of any non-controlling interests in the acquiree. For each business combination, the Group elects whether to measure the non-controlling interests in the acquiree at fair value or at the proportionate share of the acquiree's identifiable net assets. Acquisition-related costs are expensed as incurred.

At the acquisition date, the identifiable assets acquired and the liabilities assumed are recognised at their acquisition date fair values. For this purpose, the liabilities assumed include contingent liabilities representing present obligation and they are measured at their acquisition fair values irrespective of the fact that outflow of resources embodying economic benefits is not probable. However, the following assets and liabilities acquired in a business combination are measured at the basis indicated below:

- Deferred tax assets or liabilities, and the assets or liabilities related to employee benefit arrangements are recognised and measured in accordance with Ind-AS 12 Income Tax and Ind-AS 19 Employee Benefits respectively.
- Liabilities or equity instruments related to share based payment arrangements of the acquiree or share – based payments arrangements of the Group entered into to replace share-based payment arrangements of the acquiree are measured in accordance with Ind-AS 102 Share-based Payments at the acquisition date.
- Assets (or disposal groups) that are classified as held for sale in accordance with Ind-AS 105 Non-current Assets Held for Sale and Discontinued Operations are measured in accordance with that standard.
- Reacquired rights are measured at a value determined on the basis of the remaining contractual term of the related contract. Such valuation does not consider potential renewal of the reacquired right.

When the Group acquires a business, it assesses the financial assets and liabilities assumed for appropriate classification and designation in accordance with the contractual terms, economic circumstances and pertinent conditions as at the acquisition date. This includes the separation of embedded derivatives in host contracts by the acquiree.

If the business combination is achieved in stages, any previously held equity interest is re-measured at its acquisition date fair value and any resulting gain or loss is recognised in profit or loss or OCI, as appropriate.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind-AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised in profit or loss. If the contingent consideration is not within the scope of Ind-AS 109, it is measured in accordance with the appropriate

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Ind-AS. Contingent consideration that is classified as equity is not re-measured at subsequent reporting dates and subsequent its settlement is accounted for within equity.

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the Group re-assesses whether it has correctly identified all of the assets acquired and all of the liabilities assumed and reviews the procedures used to measure the amounts to be recognised at the acquisition date. If the reassessment still results in an excess of the fair value of net assets acquired over the aggregate consideration transferred, then the gain is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through OCI.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units that are expected to benefit from the combination, irrespective of whether other assets or liabilities of the acquiree are assigned to those units.

A cash generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised in profit or loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

Where goodwill has been allocated to a cash-generating unit and part of the operation within that

unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

If the initial accounting for a business combination is incomplete by the end of the reporting period in which the combination occurs, the Group reports provisional amounts for the items for which the accounting is incomplete. Those provisional amounts are adjusted through goodwill during the measurement period, or additional assets or liabilities are recognised, to reflect new information obtained about facts and circumstances that existed at the acquisition date that, if known, would have affected the amounts recognized at that date. These adjustments are called as measurement period adjustments. The measurement period does not exceed one year from the acquisition date.

b) Investment in associates and joint ventures

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The considerations made in determining whether significant influence or joint control are similar to those necessary to determine control over the subsidiaries.

The Group's investments in its associate and joint venture are accounted for using the equity method. Under the equity method, the investment in an associate or a joint venture is initially recognised at cost. The carrying amount of the investment is

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

adjusted to recognise changes in the Group's share of net assets of the associate or joint venture since the acquisition date. Goodwill relating to the associate or joint venture is included in the carrying amount of the investment and is not tested for impairment individually.

The Statement of Profit and Loss reflects the Group's share of the results of operations of the associate or joint venture. Any change in OCI of those investees is presented as part of the Group's OCI. In addition, when there has been a change recognised directly in the equity of the associate or joint venture, the Group recognises its share of any changes, when applicable, in the statement of changes in equity. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

If an entity's share of losses of an associate or a joint venture equals or exceeds its interest in the associate or joint venture (which includes any long term interest that, in substance, form part of the Group's net investment in the associate or joint venture), the entity discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture. If the associate or joint venture subsequently reports profits, the entity resumes recognising its share of those profits only after its share of the profits equals the share of losses not recognised.

The aggregate of the Group's share of profit or loss of an associate and a joint venture is shown on the face of the Statement of Profit and Loss.

The financial statements of the associate or joint venture are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

After application of the equity method, the Group determines whether it is necessary to recognise an impairment loss on its investment in its associate or joint venture. At each reporting date, the Group

determines whether there is objective evidence that the investment in the associate or joint venture is impaired. If there is such evidence, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value, and then recognises the loss as 'Share of profit of an associate and a joint venture' in the Statement of Profit and Loss.

Upon loss of significant influence over the associate or joint control over the joint venture, the Group measures and recognises any retained investment at its fair value. Any difference between the carrying amount of the associate or joint venture upon loss of significant influence or joint control and the fair value of the retained investment and proceeds from disposal is recognised in profit or loss

c) Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

The Group classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between publishing of advertisement and circulation of newspaper and its realisation in cash and cash equivalents. The Group has identified twelve months as its operating cycle.

d) Foreign currencies

The Group's consolidated financial statements are presented in ₹, which is also the parent company's functional currency. For each entity the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency. The Group uses the direct method of consolidation and on disposal of a foreign operation the gain or loss that is reclassified to profit or loss reflects the amount that arises from using this method.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Group's entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Group uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on the settlement or translation of monetary items are recognised in profit or loss with the exception to the following:

- They are deferred in equity if they relate to qualifying cash flow hedges.
- Exchange differences arising on monetary items that forms part of a reporting entity's net investment in a foreign operation are recognised in profit or loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign

operation, as appropriate. In the financial statements that include the foreign operation and the reporting entity (e.g., consolidated financial statements when the foreign operation is a subsidiary), such exchange differences are recognised initially in OCI. These exchange differences are reclassified from equity to profit or loss on disposal of the net investment.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or before 31 March 2016:

- Exchange differences on long-term foreign currency monetary items relating to acquisition of depreciable assets are adjusted to the carrying cost of the assets and depreciated over the balance life of the assets in accordance with option available under Ind-AS 101 (first time adoption).

Exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after 1 April 2016:

- The exchange differences pertaining to long term foreign currency loans obtained or re-financed on or after 1 April 2016 is charged off or credited to the Statement of Profit & Loss account under Ind-AS.

Group companies

On consolidation, the assets and liabilities of foreign operations are translated into ₹ at the rate of exchange prevailing at the reporting date and their

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Statement of Profit or Loss are translated at exchange rates prevailing at the dates of the transactions. For practical reasons, the Group uses an average rate to translate income and expense items, if the average rate approximates the exchange rates at the dates of the transactions. The exchange differences arising on translation for consolidation are recognised in OCI. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in profit or loss.

Any goodwill arising in the acquisition/ business combination of a foreign operation on or after 1 April 2015 and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.

Any goodwill or fair value adjustments arising in business combinations/ acquisitions, which occurred before the date of transition to Ind-AS (1 April 2015), are treated as assets and liabilities of the entity rather than as assets and liabilities of the foreign operation. Therefore, those assets and liabilities are non-monetary items already expressed in the functional currency of the parent and no further translation differences occur.

Cumulative currency translation differences for all foreign operations are deemed to be zero at the date of transition, viz., 1 April 2015. Gain or loss on a subsequent disposal of any foreign operation excludes translation differences that arose before the date of transition but includes only translation differences arising after the transition date.

e) Fair value measurement

The Group measures financial instruments, such as, derivatives and certain investments at fair value at each reporting/ balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as investment properties, unquoted financial assets and significant liabilities.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

This note summarises accounting policy for fair value.

Other fair value related disclosures are given in the relevant notes :

- Disclosures for valuation methods, significant estimates and assumptions (Note 41)
- Quantitative disclosures of fair value measurement hierarchy (Note 41)
- Investment in unquoted equity shares (Note 7)
- Investment properties (Note 4)
- Financial instruments (including those carried at amortised cost) (Note 41)

f) Revenue recognition

Effective April 1, 2018 the Group has adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method which is applied to contracts that were not completed as of April 1, 2018.

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment and excluding taxes or duties collected on behalf of the government. The Group has concluded that it is the principal in all of its revenue arrangements since it is the primary obligor in all the revenue arrangements

as it has pricing latitude and is also exposed to inventory and credit risks.

Goods and Service Tax (GST) is not received by the Company on its own account. Rather, it is tax collected on behalf of the government. Accordingly, it is excluded from revenue.

The specific recognition criteria described below must also be met before revenue is recognised:

Advertisements

Revenue is recognized as and when advertisement is published/ displayed and when it is "probable" that the Company will collect the consideration it is entitled to in exchange for the services it transfers to the customer.

Revenue from advertisement is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates.

Sale of News & Publications, Waste Paper and Scrap

Revenue from the sale of goods is recognised when the control is transferred to the buyer, usually on delivery of the goods. Revenue from the sale of goods is measured at the fair value of the consideration received or receivable, net of returns and allowances, trade discounts and volume rebates.

For contracts with a significant financing component, an entity adjusts the promised consideration to reflect the time value of money.

Management also extends a right to return to its customers which it believes is a form of variable consideration. Revenue recognition is limited to amounts for which it is "highly probable" a significant reversal will not occur (i.e. it is highly probable the goods will not be returned). A refund liability is established for the expected amount of refunds and credits to be issued to customers.

Printing Job Work

Revenue from printing job work is recognized on the completion of job work as per terms of the agreement. Revenue from job work is measured at the fair value of the consideration received or

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

receivable, net of allowances, trade discounts and volume rebates, if any.

Airtime Revenue

Revenue from radio broadcasting is recognized on an accrual basis on the airing of client's commercials. Revenue from radio broadcasting is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Revenue from online advertising

Revenue from digital platforms by display of internet advertisements are typically contracted for a period ranging between zero to twelve months. Revenue in this respect is recognized over the period of the contract, in accordance with the established principles of accrual accounting and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any. Unearned revenues are reported on the balance sheet as deferred revenue/ Contract liability.

Revenue from subscription of packages of placement of job postings on 'shine.com' is recognized at the time the job postings are displayed based upon customer usage patterns, or upon expiry of the subscription package whichever is earlier and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Revenue from Job Fair and Resume Services

Revenue from job fairs is recognised as per the terms of the contract with customers based on stage of completion when the outcome of the transactions involving rendering of services can be estimated reliably. Revenue from resume services is recognised on completion of resume and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Revenue from sale of leads

Revenue from sale of leads on 'htcampus.com' is recognised at the time of delivery of the leads to

the customer and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Revenue from SMS pushes

Revenue is recognised after the delivery of SMS pushes and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Revenue from content

Revenue is recognised basis of log records of operators and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Revenue from social media

Revenue is recognised basis of actual output delivered in a month to the client as per the terms of the RO/ email from client and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Revenue from tuition services

Revenue from rendering tuition services is recognised over the period of the completion of the course offered and is measured at the fair value of the consideration received or receivable, net of allowances, trade discounts and volume rebates, if any.

Interest income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

losses. Interest income is included in finance income in the Statement of Profit and Loss.

Dividends

Revenue is recognised when the Group's right to receive the payment is established, which is generally when shareholders approve the dividend.

Rental Income

Rental Income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in revenue in the Statement of Profit or Loss due to its operating nature Unless either:

- Another systematic basis is more representative of the time pattern in which use benefit derived from the leased asset is diminished, even if the rentals are not on that basis, or
- Rentals are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases. If rentals vary according to factors other than inflation, then this condition is not met.

g) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

When the Group receives grants relating to the purchase of property, plant and equipment, the asset and the grant are recorded at fair value and are released to the Statement of Profit and Loss over the expected useful lives of related assets.

h) Taxes

Current income tax

Tax expense comprises current and deferred tax.

Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income Tax Act, 1961.

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognised subsequently if new information about facts and circumstances change. Acquired deferred tax benefits recognised within the measurement period reduce goodwill related to that acquisition if they result from new information obtained about facts and circumstances existing at the acquisition date. If the carrying amount of goodwill is zero, any remaining deferred tax benefits are recognised in OCI/ capital reserve depending on the principle explained for bargain purchase gains. All other acquired tax benefits realised are recognised in profit or loss.

GST/ value added taxes paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of GST/ value added taxes paid, except:

- When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable
- When receivables and payables are stated with the amount of GST included

The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet.

i) Discontinued operations

A disposal group qualifies as discontinued operation if it is a component of an entity that either has been disposed of, or is classified as held for sale, and:

- Represents a separate major line of business or geographical area of operations,
- Is part of a single co-ordinated plan to dispose of a separate major line of business or geographical area of operations or
- Is a subsidiary acquired exclusively with a view to resale

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Discontinued operations are excluded from the results of continuing operations and are presented as a single amount as profit or loss after tax from discontinued operations in the Statement of Profit and Loss.

j) Property, plant and equipment

The Group has applied the one time transition option of considering the carrying cost of property, plant and equipment on the transition date i.e. April 1, 2015 as the deemed cost under Ind-AS.

Property, plant and equipment and Capital Work in Progress is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met.

Cost comprises the purchase price, borrowing costs if capitalization criteria are met and any directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discounts and rebates are deducted in arriving at the purchase price.

Recognition:

The cost of an item of property, plant and equipment shall be recognised as an asset if, and only if:

- it is probable that future economic benefits associated with the item will flow to the entity; and
- the cost of the item can be measured reliably.

Subsequent expenditure related to an item of property, plant and equipment is added to its book value only if it increased the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing assets, including day- to- day repair and maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

When significant parts of plant and equipment are required to be replaced at intervals, the Group

depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Value for individual assets acquired from 'The Hindustan Times Limited' (the holding company) in an earlier year is allocated based on the valuation carried out by independent expert at the time of acquisition. Other assets are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The Group identifies and determines cost of asset significant to the total cost of the asset having useful life that is materially different from that of the remaining life.

Depreciation is calculated on a straight-line basis over the estimated useful lives of the assets as follows:

Type of asset	Useful lives estimated by management (Years)
Factory Buildings	5 to 30
Buildings (other than factory buildings)	3 to 60
Plant & Machinery	2 to 21
IT Equipments	1 to 6
Office Equipments	1 to 5
Furniture and Fittings	2 to 10
Vehicles	8

The Group, based on technical assessment made by the management depreciates certain assets over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management has estimated, supported by technical assessment, the useful lives of certain plant and machinery as 16 to 21 years. These useful lives are higher than those indicated

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

in schedule II. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

Depreciation on the property, plant and equipment is provided over the useful life of assets as specified in Schedule II to the Companies Act, 2013. Property, Plant and Equipment which are added/disposed of during the year, depreciation is provided on pro-rata basis with reference to the month of addition/deletion.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the asset is derecognised.

Modification or extension to an existing asset, which is of capital nature and which becomes an integral part thereof is depreciated prospectively over the remaining useful life of that asset.

Expenditure directly relating to construction activity is capitalized. Indirect expenditure incurred during construction period is capitalized as a part of indirect construction cost to the extent the expenditure is related to construction or is incidental thereto. Other indirect costs incurred during the construction periods which are not related to construction activity nor are incidental thereto are charged to Statement of Profit and Loss. Reinvested income earned during the construction period is adjusted against the total of indirect expenditure.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

k) Investment properties

Investment properties are properties (land and buildings) that are held for long-term rental yields and/or for capital appreciation. Investment properties

are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any.

The Group depreciates building component of investment property over useful life of 30 years from the date of possession of property.

Though the Group measures investment property using cost based measurement, the fair value of investment property is disclosed in the notes. Fair values are determined based on bi-annual evaluation performed by an accredited external independent valuer.

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in profit or loss in the period of de-recognition.

l) Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Value for individual software license acquired by the Parent Company from its Holding Company and by Subsidiary Company HMVL from the Parent Company in an earlier year is allocated based on the valuation carried out by an independent expert at the time of acquisition.

Purchased copyrights by a subsidiary are accounted for at costs. In case of slump purchases by a subsidiary, value for copyright acquired is allocated based on the valuation carried out by an independent expert at the time of acquisition.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Costs incurred in planning or conceptual development of the web site are expensed as incurred. Once the planning or conceptual development of a web site has been achieved, and the project has reached the application development stage, the Group capitalizes all costs related to web site application and infrastructure development including costs relating to the graphics and content development stages. Training and routine maintenance costs are expensed as incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the Statement of Profit and Loss.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from de-recognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit or Loss when the asset is derecognised.

Goodwill acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment losses, if any. Internally generated intangible assets, excluding

capitalized development costs, are not capitalized and expenditure is reflected in the Statement of Profit and Loss in the year in which the expenditure is incurred. The Goodwill recognized is amortized over useful life not exceeding 5 years.

Intangible assets are amortized on straight line basis using the estimated useful life as follows:

Intangible assets	Useful lives (in years)
Website Development	3 – 6
Software licenses	1 – 6
License Fees (One time entry fee)	15
Non- compete fees	Over the period of agreement of non-compete fees
Curriculum	3
Brand	Indefinite useful life

m) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

n) Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

Group as a lessee

A lease is classified at the inception date as a finance lease or an operating lease. A lease that transfers

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

substantially all the risks and rewards incidental to ownership to the Group is classified as a finance lease.

Finance leases are capitalised at the commencement of the lease at the inception date fair value of the leased property or, if lower, at the present value of the minimum lease payments. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the Statement of Profit and Loss, unless they are directly attributable to qualifying assets, in which case they are capitalized in accordance with the Group's general policy on the borrowing costs (See Note 37). Contingent rentals are recognised as expenses in the periods in which they are incurred.

A leased asset is depreciated over the useful life of the asset. However, if there is no reasonable certainty that the Group will obtain ownership by the end of the lease term, the asset is depreciated over the shorter of the estimated useful life of the asset and the lease term.

Leasehold improvements represent expenses incurred towards civil works, interiors furnishings, etc. on the leased premises at various locations.

Operating lease payments are recognised as an expense in the Statement of Profit and Loss on a straight-line basis over the lease term.

Group as a lessor

Leases are classified as finance leases when substantially all of the risks and rewards of ownership transfer from the Group to the lessee. Amounts due from lessees under finance leases are recorded as receivables at the Group's net investment in the leases. Finance lease income is allocated to accounting periods so as to reflect a constant periodic rate of return on the net investment outstanding in respect of the lease.

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Rental

income from operating lease is recognised on straight line basis over the term of the relevant lease.

Contingent rents are recognised as revenue in the period in which they are earned.

o) Inventories

Inventories are valued as follows :

Raw materials, stores and spares	Lower of cost and net realizable value. However, material and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on a weighted average basis.
Work-in-progress and finished goods	Lower of cost and net realizable value. Cost includes direct materials and a proportion of manufacturing overheads based on normal operating capacity. Cost is determined on a weighted average basis.
Scrap and waste papers	At net realizable value

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

p) Impairment of non-financial assets

The Group assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded Company's or other available fair value indicators.

The Group bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Group extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations, including impairment on inventories, are recognised in the Statement of Profit and Loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Group estimates the

asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the Statement of Profit or Loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Goodwill is tested for impairment annually and when circumstances indicate that the carrying value may be impaired.

Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or group of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill cannot be reversed in future periods.

Intangible assets with indefinite useful lives are tested for impairment annually at the CGU level, as appropriate, and when circumstances indicate that the carrying value may be impaired.

q) Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the Statement of Profit and Loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

r) Retirement and other employee benefits

Short term employee benefits and defined contribution plans:

All employee benefits payable/available within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages and bonus etc. are recognised in the Statement of Profit and Loss in the period in which the employee renders the related service.

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Gratuity

Gratuity is a defined benefit scheme. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

The Group recognizes termination benefit as a liability and an expense when the Group has a present obligation as a result of past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the termination benefits fall due more than 12 months after the balance sheet date, they are measured at present value of future

cash flows using the discount rate determined by reference to market yields at the balance sheet date on government bonds.

Re-measurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Re-measurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Group recognises related restructuring cost

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset.

The Group recognises the following changes in the net defined benefit obligation as an expense in the Statement of Profit and Loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Compensated Absences

Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Group treats accumulated leave expected to be carried forward beyond twelve months, as long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

unit credit method at the period end. Actuarial gains/losses are immediately taken to the Statement of Profit and Loss and are not deferred. The Group presents the leave as a current liability in the balance sheet to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date. Where Group has the unconditional legal and contractual right to defer the settlement for a period beyond 12 months, the same is presented as non-current liability.

s) Share-based payments

Employees (including senior executives) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions). Share-based payments are primarily administered through Employee welfare trusts.

Equity-settled transactions

The cost of equity-settled transactions is determined by the fair value at the date when the grant is made using an appropriate valuation model. As per Ind-AS 101, the Group is allowed to apply intrinsic value method to the options already vested before the date of transition and Ind-AS 102, Share-based payment, to equity instruments that remain unvested as of transition date. The Group has elected to avail this exemption and applied the requirements of Ind-AS 102 to all employee stock options that remained unvested as on the transition date.

That cost is recognised, together with a corresponding increase in share-based payment (SBP) reserves in equity, over the period in which the performance and/or service conditions are fulfilled in employee benefits expense. The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The Statement of Profit and Loss expense or credit for a period represents the movement in cumulative expense recognised as at the beginning and end of

that period and is recognised in employee benefits expense.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

No expense is recognised for awards that do not ultimately vest because non-market performance and/or service conditions have not been met. Where awards include a market or non-vesting condition, the transactions are treated as vested irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

When the terms of an equity-settled award are modified, the minimum expense recognised is the expense had the terms had not been modified, if the original terms of the award are met. An additional expense is recognised for any modification that increases the total fair value of the share-based payment transaction, or is otherwise beneficial to the employee as measured at the date of modification. Where an award is cancelled by the entity or by the counterparty, any remaining element of the fair value of the award is expensed immediately through profit or loss.

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

t) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables. For more information on receivables, refer to Note 41.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI). However, the group recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the P&L. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to P&L. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

Debt instruments at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Group may elect to designate a debt instrument which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the Statement of Profit and Loss as "Finance income from debt instruments at FVTPL" under the head "Other Income".

Equity investments

All equity investments in scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

recognised by an acquirer in a business combination to which Ind-AS 103 applies are Ind-AS classified as at FVTPL. For all other equity instruments, the Group may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Group makes such election on an instrument-by-instrument basis. The classification is made on Initial recognition and is irrevocable.

If the Group decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Group may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

De-recognition

A financial asset (or, where applicable, a part of a financial asset or part of a Group of similar financial assets) is primarily derecognised (i.e. removed from the Group's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset

to the extent of the Group continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Impairment of financial assets

In accordance with Ind-AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are debt instruments, and are measured at amortised cost e.g., loans, debt securities, deposits, trade receivables and bank balance
- b) Lease receivables under Ind-AS 17
- c) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind-AS 115 (referred to as 'contractual revenue receivables' in these financial statements)

The Group follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind-AS 17

The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

As a practical expedient, the Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the Statement of Profit and Loss(P&L). This amount is reflected under the head 'other expenses' in the P&L. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Group does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss. the Group combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed

to enable significant increases in credit risk to be identified on a timely basis.

The Group does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss. This category includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind-AS 109.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind-AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to P&L. However, the Group may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the Statement of Profit or Loss.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

This category generally applies to borrowings. For more information refer Note 16C.

De-recognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit or Loss.

Embedded derivatives

An embedded derivative is a component of a hybrid (combined) instrument that also includes a non-derivative host contract - with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative. An embedded derivative causes some or all of the cash flows that otherwise would be required by the contract to be modified according to a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index, or other variable, provided in the case of a non-financial variable that the variable is not specific to a party to the contract. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or

a reclassification of a financial asset out of the fair value through profit or loss.

If the hybrid contract contains a host that is a financial asset within the scope of Ind-AS 109, the Group does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind-AS 109 to the entire hybrid contract. Derivatives embedded in all other host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss, unless designated as effective hedging instruments.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

u) Derivative financial instruments and hedge accounting

Initial recognition and subsequent measurement

The Group uses derivative financial instruments, such as forward currency contracts. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

Hedge Accounting

Initial recognition and subsequent measurement

The HT Media Limited designates (Cash Flow Hedge):

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

- Intrinsic Value of Call Spread option to hedge foreign currency risk for repayment of Principal Amount in relation to FCNR Loan availed in Euro.
- Interest Rate Swap (Floating to Fixed) to hedge interest rate risk in respect of Floating rate of interest in relation to FCNR Loan.

The Hindustan Media Ventures Limited designates (Cash Flow Hedge):

- Intrinsic Value of Call Spread option to hedge foreign currency risk for repayment of Principal Amount in relation to External Commercial Borrowing (ECB) availed in USD.
- Interest Rate Swap (Floating to Fixed) to hedge interest rate risk in respect of Floating rate of interest in relation to ECB.

The Group documents at the inception of the hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset changes in cash flows of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transactions at the inception of each hedge relationship.

Cash flow hedges that qualify for hedge accounting

The effective portion of changes in the fair value of derivatives that are designated and qualify as cash flow hedges is recognised in the other comprehensive income in cash flow hedging reserve within equity, limited to the cumulative change in fair value of the hedged item on a present value basis from the inception of the hedge. The gain or loss relating to the ineffective portion is recognised immediately in profit or loss, within other gains/(losses).

When option contracts are used to hedge foreign currency risk, the Group designates only the intrinsic value of the option contract as the hedging instrument.

Gains or losses relating to the effective portion of the change in intrinsic value of the option contracts are

recognised in the cash flow hedging reserve within equity. The changes in the time value of the option contracts that relate to the hedged item ('aligned time value') are recognised within other comprehensive income in the costs of hedging reserve within equity.

Amounts accumulated in equity are reclassified to profit or loss in the periods when the hedged item affects profit or loss. The time value of an option used to hedge represents part of the cost of the transaction.

When a hedging instrument expires, or is sold or terminated, or when a hedge no longer meets the criteria for hedge accounting, any cumulative deferred gain or loss and deferred costs of hedging in equity at that time remains in equity until the forecast transaction occurs. When the forecast transaction is no longer expected to occur, the cumulative gain or loss and deferred costs of hedging that were reported in equity are immediately reclassified to profit or loss within other gains/(losses).

v) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Group's cash management.

w) Cash dividend and non-cash distribution to equity holders of the parent

The Group recognises a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the Statement of Profit and Loss.

x) Contingent Liabilities

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Group does not recognize a contingent liability but discloses its existence in the financial statements. Contingent assets are only disclosed when it is probable that the economic benefits will flow to the entity.

y) Measurement of EBITDA

The Group has elected to present earnings before interest expense, tax, depreciation and amortization (EBITDA) as a separate line item on the face of the Statement of Profit and Loss. The Group measures EBITDA on the face of profit/ (loss) from continuing operations. In the measurement, the Group does not include depreciation and amortization expense, finance costs and tax expense.

z) Earnings per Share

Basic earnings per share

Basic earnings per share are calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year and excluding treasury shares.

Diluted earnings per share

Diluted earnings per share adjust the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.4. Significant accounting judgements, estimates and assumptions

The preparation of the Group's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods

The areas involving critical estimates or Judgement are as below:

Assessment of lease contracts

Significant judgement is required to apply lease accounting rules under Appendix C to Ind-AS 17: determining whether an Arrangement contains a Lease. In assessing the applicability to arrangements entered into by the Group, management has exercised judgement to evaluate the right to use the underlying assets, substance of the transaction including legally enforced arrangements and other significant terms and conditions of the arrangement to conclude whether the arrangements meet the criteria under Appendix C to Ind-AS 17.

Contingent Liability and commitments

The Group is involved in various litigations. The management of the Company has used its judgement while determining the litigations outcome of which are considered probable and in respect of which provision needs to be created.

Taxes

Uncertainties exist with respect to the interpretation of complex tax regulations, changes in tax laws, and the

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

amount and timing of future taxable income. Given the wide range of business relationships and the long-term nature and complexity of existing contractual agreements, differences arising between the actual results and the assumptions made, or future changes to such assumptions, could necessitate future adjustments to tax income and expense already recorded. The Group establishes provisions, based on reasonable estimates. The amount of such provisions is based on various factors, such as experience of previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority. Such differences of interpretation may arise on a wide variety of issues depending on the conditions prevailing in the respective domicile of the Companies.

Deferred tax assets are recognised for unused tax losses to the extent that it is probable that taxable profit will be available against which the losses can be utilised. Significant management judgement is required to determine the amount of deferred tax assets that can be recognised, based upon the likely timing and the level of future taxable profits together with future tax planning strategies.

The Group has certain tax losses carried forward. These losses will expire in 8 years and may not be used to offset taxable income elsewhere in the Group. The Group neither have sufficient taxable temporary difference nor any tax planning opportunities available that could partly support the recognition of these losses as deferred tax assets. On this basis, the Group has determined that it cannot recognise deferred tax assets on certain tax losses carried forward.

Further details on taxes are disclosed in Note 17.

Defined benefit plans

The cost of the defined benefit gratuity plan and other post-employment medical benefits and the present value of the gratuity obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The parameter most subject to change is the discount rate. In determining the appropriate discount rate for plans operated in India, the management considers the interest rates of government bonds in currencies consistent with the currencies of the post-employment benefit obligation.

The mortality rate is based on publicly available mortality tables for the specific countries. Those mortality tables tend to change only at interval in response to demographic changes. Future salary increases and gratuity increases are based on expected future inflation rates for the respective countries.

Further details about gratuity obligations are given in Note 35.

Fair value measurement of financial instruments

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using valuation techniques including the DCF model. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See Note 41 for further disclosures.

Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or CGU's fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

and the risks specific to the asset. In determining fair value less costs of disposal, recent markets transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded subsidiaries or other available fair value indicators.

Share Based Payment

The Group measures the cost of equity-settled transactions with employees by reference to the fair value of the equity instruments at the date at which they are granted. Estimating fair value for share-based payment transactions requires determination of the most appropriate valuation model, which is dependent on the terms and conditions of the grant. This estimate also requires determination of the most appropriate inputs to the valuation model including the expected life of the share option, volatility and dividend yield and making assumptions about them. The assumptions and models used for estimating fair value for share-based payment transactions are disclosed in Note 36.

Volume discounts and pricing incentives

The Group accounts for volume discounts and pricing incentives to customers as a reduction of revenue based

on the rateable allocation of the discounts/ incentives amount to each of the underlying revenue transaction that results in progress by the customer towards earning the discount/ incentive. Also, when the level of discount varies with increases in levels of revenue transactions, the Group recognizes the liability based on its estimate of the customer's future purchases. If it is probable that the criteria for the discount will not be met, or if the amount thereof cannot be estimated reliably, then discount is not recognized until the payment is probable and the amount can be estimated reliably. The Group recognizes changes in the estimated amount of obligations for discounts in the period in which the change occurs.

Property, Plant and Equipment

The Group, based on technical assessment and management estimate, depreciates certain assets over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management has estimated, supported by technical assessment, the useful lives of certain plant and machinery as 16 to 21 years. These useful lives are higher than those indicated in schedule II. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 4 : Investment Property (Contd..)

As at March 31, 2019 and March 31, 2018, the fair values of the properties are ₹ 50,466 lacs and ₹ 47,952 lacs respectively. These valuations are based on valuations performed by an accredited independent valuer who are specialist in valuing these types of investment properties. A valuation model in accordance with Ind AS 113 has been applied.

The Company has no restrictions on the realisability of its investment properties except for the Investment properties amounting to ₹ 4,016 Lacs purchased from Lavasa Corporation Ltd by the Company, which originated during FY 2018-19. The fair values of investment properties held by the Company in various properties of Lavasa Corporation Limited have not been considered since the National Company Law Tribunal has appointed Insolvency Resolution Professionals for this company and the proceedings will be governed according to the Insolvency and Bankruptcy Code of India, 2016. The company has made an impairment provision of ₹ 3,480 lacs on conservative basis on the under construction properties of Lavasa Corporation Limited .

There are contractual obligations of ₹ 3,306 lacs as on March 31, 2019 (Previous Year: ₹ 3,815 lacs) to purchase investment properties whereas there are no contractual obligations to construct or develop investment properties or for repairs and enhancements.

Estimation of Fair Value

The valuation has been determined basis the market approach by reference to sales in the market of comparable properties. However, where such information is not available, current prices in an active market for properties of different nature or recent prices of similar properties in less active markets, adjusted to reflect those differences, has been considered to determine the valuation. All resulting fair value estimates for investment properties are included in Level II.

Intangible assets under development:

Intangible assets under development as on March 31, 2019 mainly comprises of SAP upgradation and implementation of dialler solution for Job portal business. Total amount of intangible assets under development as on March 31, 2019 is ₹ 20 lacs (Previous year: ₹ 36 Lacs).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 6 : Impairment testing of goodwill

Goodwill acquired through business combinations pertains to Education Business (reported under unallocated segment) has been tested for impairment as below:

Carrying amount of goodwill and licences allocated to each of the Cash Generating Units:

(₹ in Lacs)

Intangible assets	Education Unit				Total (Refer Note below)	
	Higher Education		Learning Centers		March 31, 2019	March 31, 2019
	March 31, 2019	March 31, 2018	March 31, 2019	March 31, 2018		
Goodwill	645	824	608	608	1,253	1,432

Note:

- The Capital reserve adjustment amounting to ₹ 64 lacs (Previous year: ₹ 64 lacs) has not been off-set against Goodwill for impairment testing.
- It does not include goodwill amounting to ₹ Nil (Previous year: ₹ 38 lacs) recognised pursuant to Scheme of Restructuring u/s 391-394 of the Companies Act, 1956 between HT Music & Entertainment Company Limited (a wholly-owned subsidiary Company) and Noble Broadcasting Corporation Private Limited, and is being amortised over a period of 5 years starting September 18, 2015 in terms of the aforesaid Scheme approved by Hon'ble High Court of Delhi and Hon'ble High Court of Chennai. Accordingly, the said goodwill is not subject to impairment.

The Group performed its annual impairment test for year ended March 31, 2019. The Group considers the relationship between the business valuation and its book value, among other factors, when reviewing for indicators of impairment. For impairment, Net Assets (i.e. Assets- working capital related liabilities) are compared with Business Valuation (value in use).

Education CGU

Higher Education Unit

The aforesaid goodwill pertaining to Higher education business amounting to ₹ 645 Lacs (Net of impairment provision amounting to ₹ 390 Lacs) was recognised upon acquisition of a Subsidiary (India Education Services Private Limited) on July 18, 2017, which was a Joint Venture entity till that date.

The recoverable amount of the Higher Education business, ₹ 645 lacs as at March 31, 2019, has been determined based on a value in use calculation using cash flow projections from financial budgets approved by the management. The projected cash flows have been updated to reflect the current demand for products and services. The pre-tax discount rate applied to cash flow projections for impairment testing during the current year is 15.49% and cash flows beyond the projection period are extrapolated using a 5.0% growth rate which is same as the long-term average growth rate for the industry. It was concluded that the carrying value less costs of disposal exceeded the value in use and accordingly additional impairment of ₹ 179 Lacs w.r.t the aforesaid goodwill was recognised during the year and disclosed under exceptional item in these financial statements.

Learning Centers Unit

The recoverable amount of the Education CGU, ₹ 1,562 lacs as at March 31, 2019, has been determined based on a value in use calculation using cash flow projections from financial budgets approved by the management. The projected cash flows have been updated to reflect the current demand for products and services. The pre-tax discount rate applied to cash flow projections for impairment testing during the current year is 17% (March 31, 2018: 17%) and cash flows beyond the projection period are extrapolated using a 4% growth rate (March 31, 2018: 4%) that is the same as the long-term average growth rate for the industry. It was concluded that the Carrying value less costs of disposal did not exceed the value in use and accordingly no impairment is required to be recognised w.r.t the aforesaid goodwill.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 6 : Impairment testing of goodwill (Contd..)

Key assumptions used for value in use calculations

The calculation of value in use is most sensitive to the following assumptions:

- Gross margins
- Discount rates
- Market share during the forecast period
- Growth rates used to extrapolate cash flows beyond the forecast period

Gross margins - Gross margins are based on average values achieved in the three years preceding the beginning of the budget period. These are increased over the budget period for anticipated efficiency improvements.

Discount rates - Discount rates represent the current market assessment of the risks specific to each CGU, taking into consideration the time value of money and individual risks of the underlying assets that have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the Group and its operating segments and is derived from its weighted average cost of capital (WACC). The WACC takes into account both debt and equity. The cost of equity is derived from the expected return on investment by the Group's investors. The cost of debt is based on the interest-bearing borrowings the Group is obliged to service. Segment-specific risk is incorporated by applying individual beta factors. The beta factors are evaluated annually based on publicly available market data. Adjustments to the discount rate are made to factor in the specific amount and timing of the future tax flows in order to reflect a pre-tax discount rate.

Market share assumptions - When using industry data for growth rates, these assumptions are important because management assesses how the unit's position, relative to its competitors, might change over the forecast period. Management expects the Group's share in the above units to be stable over the forecast period.

Growth rate estimates - Rates are based on economic survey and current economic environment.

Terms/ rights attached to equity shares

The Parent Company has only one class of equity shares having par value of ₹ 2 per share. Each holder of equity shares is entitled to one vote per share. The Parent Company declares and pays dividends in Indian rupees. The dividend proposed by the Board of Directors is subject to the approval of the shareholders in the ensuing Annual General Meeting.

In the event of liquidation of the Parent Company, the holders of equity shares will be entitled to receive remaining assets of the Parent Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

Closing balance	4,670	215

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 17 : Income Tax (Contd..)

The company offsets tax assets and liabilities if and only if it has a legally enforceable right to set off current tax assets and current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority. MAT Credit entitlement has been adjusted against the deferred tax liabilities as on the reporting date.

During the year ended March 31, 2019 and March 31, 2018, the company has paid dividend to its shareholders. This has resulted in payment of Dividend Distribution Tax to the taxation authorities. The company believes that Dividend Distribution Tax represents additional payment to taxation authority on behalf of the shareholders. Hence Dividend Distribution Tax paid is charged to equity.

Transfer pursuant to scheme of arrangement (Refer note 43)	-	(352)
Total	2,869	3,099

The major categories of plan assets of the fair value of the total plan assets are as follows:

Particulars	India gratuity Plan	
	March 31, 2019	March 31, 2018
Investment in Funds managed by the Trust	100%	100%

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 35 : Defined benefit plans (Contd..)

The principal assumptions used in determining gratuity obligation for the Company's plans are shown below:

Particulars	March 31, 2019	March 31, 2018
	%	%
Discount Rate	7.75% to 8.00%	8.00%
Salary Growth Rate	5% to 10%	5% to 7.5%
Withdrawal Rate		
Up to 30 years	3%	3%
31 - 44 years	2%	2%
Above 44 years	1%	1%

A quantitative sensitivity analysis for significant assumption as at March 31, 2019 is as shown below:

India Gratuity plan:

(₹ in Lacs)

Particulars	March 31, 2019	March 31, 2018
Defined Benefit Obligation (Base)	3,474	3,562

Impact on defined benefit obligation

(₹ in Lacs)

Particulars Assumptions	March 31, 2019		March 31, 2018	
	1% decrease	1% increase	1% decrease	1% increase
Discount Rate	296	(253)	337	(294)
Salary Growth Rate	(256)	290	(304)	341
Withdrawal Rate	(29)	31	(50)	42

The sensitivity analyses above have been determined based on a method that extrapolates the impact on defined benefit obligation as a result of reasonable changes in key assumptions occurring at the end of the reporting period.

The following payments are expected contributions to the defined benefit plan in future years:

(₹ in Lacs)

Particulars	March 31, 2019	March 31, 2018
Within the next 12 months (next annual reporting period)	202	821
Between 2 and 5 years	1,344	1,378
Between 6 and 10 years	2,418	2,227
Beyond 10 years	3,798	4,871
Total expected payments	7,762	9,297

Average duration of the defined benefit plan obligation is 7 years to 21 years (Previous year- 7 years to 21 years)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 35 : Defined benefit plans (Contd..)

Defined Contribution Plan

(₹ in Lacs)		
Particulars	March 31, 2019	March 31, 2018
Contribution to Provident and Other funds		
Charged to Statement of Profit and Loss	1,459	2,113

Note 36 : Share-based payments

In accordance with the Securities and Exchange Board of India (Share Based Employee benefits) Regulations, 2014 and Ind-AS 102 Share-based Payment, the scheme detailed below is managed and administered, compensation benefits in respect of the scheme is assessed and accounted by the Group Companies and the Parent Company. To have an understanding of the scheme, relevant disclosures are given below.

- I. As approved by the shareholders at their Extra-ordinary General Meeting held on October 21, 2005, during an earlier year, the Parent Company has given interest-free loan of ₹ 2,174 lacs to HT Media Employee Welfare Trust which in turn purchased 468,044 Equity Shares of ₹ 10/- each of HT Media Limited (as on date equivalent to 2,340,220 Equity Shares of ₹ 2/- each) from the open market [average cost per share – ₹ 92.91 based on Equity Share of ₹ 2/- each], for the purpose of granting Options under the 'HTML Employee Stock Option Scheme' (the Scheme), to eligible employees.

During the financial year 2007-08, the Scheme was modified to the effect – (a) Options granted w.e.f. September 15, 2007 shall vest as per previous revised schedule of vesting period; and (b) to extend the coverage of the Scheme to the eligible full-time employees of the subsidiary companies.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 36 : Share-based payments (Contd..)

The Options granted under the Scheme shall vest as per the Schedules of vesting period which are hereinafter referred to as 'Plan A', 'Plan B' (applicable to Options granted w.e.f. September 15, 2007) and Plan C (applicable to Options granted w.e.f. October 8, 2009). Options granted under both the plans are exercisable for a period of 10 years after the scheduled vesting date of the last tranche of the Options as per the Scheme.

(c) Contingent Liabilities

Claims against the company not acknowledged as debts

HT Media Limited (The Parent Company)

Legal claim contingency

- Income- tax authorities have raised additional demands for ₹ 111 lacs (Previous Year: ₹ 53 lacs) for various financial years. The tax demands are mainly on account of disallowances of expenses claimed by the Company under the Income Tax Act.
- Service tax authorities have raised additional demands for ₹ 61 lacs (Previous Year: ₹ 61 lacs) for various financial years.

The above listed tax demands are being contested by the Company before the appropriate appellate authorities. Management believes that Company's tax positions are likely to be upheld by such authorities. No tax expenses have been accrued in the financial statements for these tax demands.

- During the year ended March 31, 2005, the Company acquired the printing undertaking at New Delhi from The Hindustan Times Limited ("HTL"). Ex-workmen of HTL challenged the transfer of business by way of a writ in Hon'ble Delhi High Court, which was quashed on May 9, 2006. Thereafter, these workmen raised the industrial dispute before Industrial Tribunal-I, New Delhi ("Tribunal").

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 37 : Commitments and contingencies (Contd..)

The case was decided by an award by Industrial Tribunal, on January 23, 2012, wherein the workmen were granted "reinstatement and relief of treating them in continuity of services under terms and conditions of service as before their alleged termination w.e.f. October 3, 2004. As per the award, they will not be entitled to any notice pay or compensation u/s 25 FF of Industrial Dispute Act. The said notice pay or compensation, if any, received by them, will have to be refunded to the Company."

The said award after publication came into operation w.e.f. April 1, 2012. The HTL issued several letters to the workmen, followed by the public notice seeking refund of the notice pay and retrenchment compensation so received, as directed by Industrial Tribunal without any results. The workman also filed the Execution Proceeding for Back wages on April 2, 2012, Execution Court vide its order dated October 8, 2012, held that "No Back Wages" have been granted and decree in relation thereto cannot be executed". The Execution Court vide its order dated January 04, 2013 directed the management to reinstate the workman without insisting for refund of notice pay and retrenchment compensation. The said order of the Ld. Execution Court was challenged before High Court of Delhi. Since HTL has no factory, it offered notional reinstatement & Salary w.e.f. April 18, 2013. HTL informed the High Court during the pendency of the petition that since HTL is currently engaged in non industrial activities, it can offer non-industrial work to a maximum of 38 (thirty eight) workmen based on seniority. It was also submitted that HTL will accordingly exercise its rights and remedies as available under the Industrial Disputes Act, 1947 qua the remaining workmen. Accordingly, HTL issued letters of posting to 38 workmen on December 4, 2013 and paid compensation under Section 25FFF of the Industrial Dispute Act, 1947 to remaining 167 workmen. Single Bench of Delhi High Court on September 14, 2015 delivered the judgment wherein Court relied on the Judgment of Division Bench and held that the parties will be at liberty to pursue the logical corollary. The proceedings before the Execution Court re-started after judgment of Single Bench of Delhi High Court.

The Execution Court ordered HTL to reinstate the workmen as earlier reinstatement was not in accordance with Award dated January 23, 2012 and also directed to make payment of wages accordingly. HTL challenged the said order of Execution Court before single bench of Hon'ble Delhi High Court..

Vide order dated 27.08.2018 Single Judge, Delhi High Court dismissed the Writ and directed the Management to reinstate the workmen along with the benefits of "continuity of services" under terms and conditions of the service as before their termination on 03.10.2004. Single Judge further directed the Management to deposit the wages of all the workmen, who have not yet attained the age of superannuation for the period from 01.01.2014 till 31.08.2018 as per the Award with the Executing Court within one month from the date of order.

The Management of HTL filed appeal to the Division Bench against the said judgment dated 27.08.2018 the Division Bench on 16.10.2018 dismissed the appeal on technical / maintainability ground without getting into merits of the matter.

The Management of HTL filed two separate Special Leave Petitions (SLP's) before the Hon'ble Supreme Court of India. First SLP against the orders dated 27.08.2018 read with order dated 07.09.2018 passed in Review Petition by the Single Judge of Delhi High Court, and the Second SLP challenging the Order dated 16.10.2018 passed by the Division Bench of Delhi High Court, seeking stay of the said judgments. One of the two SLPs was admitted by Apex Court by issue- of 'Notice' to opposite parties without staying the execution proceeding. However, Hon'ble Supreme Court of India was pleased to direct that "consequential action will, naturally, be subject to the result of the Special Leave Petition". The Second SLP is dismissed considering that the issue will be decided in the first SLP itself.

The Management of HTL issued letters of reinstatements and made payments to the workmen in accordance with order dated 24.12.2018 before the Ld. Execution court against personal Bond for refund of the amount so paid in case Supreme Court decides the matter in its favour. Ld. Execution Court vide order dated 27.03.2019 directed the Management to increase all other benefits including Basic pay and other concomitant benefits as if they had actually

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 37 : Commitments and contingencies (Contd..)

been in service and had been serving with the Management since 2004. Further, Management was directed to calculate the wages/salary of the decree holders after giving them notional increase in Basic pay and other related allowances/benefits. In the meantime, the Management has challenged the order dated 27.03.2019 passed by Ld. Execution Court before Hon'ble High Court of Delhi. The Court issued notice to the Respondents on 3.04.19 but no stay was granted. Now, the matter is listed for hearing on 16.05.2019.

On the issue of back wages, the workmen also filed Writ Petition against the order of Ld. Execution Court dated October 08, 2012 denying them back wages. This issue of Back wages is finally decided by Hon'ble Supreme Court vide order dated 01/08/2016 holding that back wages are not payable.

Another small group of workmen filed another SLP (C) No. 28705/2015 challenging the same order of Division Bench, Delhi High Court, virtually on same grounds, which is pending for hearing though there is a likely hood of same fate as of another SLP. The workmen thereafter filed a fresh Writ Petition before the single bench of Delhi High Court challenging the award dated January 23, 2012 to the extent of denial of back wages and concomitant benefits. The said Writ Petition was dismissed vide order dated October 3, 2016 on the ground of Res-judicata and on account of delay or laches. The judgment of the Single Bench of Delhi High Court is challenged by the workmen before Division Bench of High Court, wherein notice is issued to the Company. The said matter is now listed on 18/07/2019 for final arguments before the Division Bench.

Since the issue of Back wages has been decided by Hon'ble Supreme Court and the Single Judge of the Hon'ble Delhi High Court, the Company does not expect a material adverse outcome in the current round of litigation.

Hindustan Media Ventures Limited

A. Claims against the company not acknowledged as debts

(₹ in Lacs)		
Particulars	March 31, 2019	March 31, 2018
a) The Company has filed a petition before the Hon'ble Patna High Court against an initial claim for additional contribution of ₹73 lacs made by Employees State Insurance Corporation (ESIC) relating to the years 1989-90 to 1999-00. The Company has furnished a bank guarantee amounting to ₹ 13 lacs to ESIC. The Hon'ble High Court had initially stayed the matter and on July 18, 2012 disposed of the Petition with the Order of "No Coercive Step shall be taken against HMTL" with direction to move for ESI Court. Matter is still pending in Lower Court. There is no further progress in the matter during the year.	73	73
b) The Company has filed a petition before the Hon'ble Patna High Court against the demand of ₹ 10 lacs (including interest) for short payment of ESI dues pertaining to the years from 2001 to 2005. The Hon'ble High Court had initially stayed the matter and on July 18, 2012 disposed of the Petition with the Order of "No Coercive Step shall be taken against HMTL" with direction to move for ESI Court. Matter is still pending in Lower Court. There is no further progress in the matter during the year.	10	10

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 37 : Commitments and contingencies (Contd..)

- B. During the current year and as in the previous financial year, the management has received several claims substantially from employees in UP, Jharkhand and Bihar who are either retired or separated from the Company regarding the benefits of Majithia Wage Board recommendations. However, all such claims/ recovery order(s) issued by ALC/ DLC office are generally either stayed by the respective Hon'ble High Court(s) or are pending before ALC/ DLC.

Based on management assessment and current status of the above matter, the management is confident that no provision is required in the financial statements as on March 31, 2019.

- C. Income- tax authorities have raised additional demands for ₹ 293 lacs (Previous Year: ₹ 91 lacs) for various financial years. The tax demand are mainly on account of disallowances of expenses claimed by the Company under the Income Tax Act. The company is contesting the demands before the appropriate appellate authorities and the management believes that Company's tax positions are likely to be upheld by such authorities. No tax expenses have been accrued in the financial statements for these tax demands.

Note A - The transactions above does not include VAT, GST etc.

Note B - 'Key Management Personnel and Relatives of Promoters who are under the employment of the Company are entitled to post employment benefits and other long term employee benefits recognised as per Ind-AS 19 - 'Employee Benefits' in the financial statements. As these employee benefits are lump sum amounts provided on the basis of actuarial valuation, the same is not included above.

Pursuant to scheme of Arrangement ('the scheme') between the Company and Digicontent Limited and their respective creditors and shareholders, the "Entertainment & Digital Innovation Business" of HT Media Limited along with its related assets and liabilities, and the related strategic investment in HT Digital Streams Limited (HTDS) has been transferred to Digicontent Limited upon the sanction of the Scheme by the Hon'ble National Company Law Tribunal (NCLT), New Delhi Bench vide order dated March 07, 2019 (certified copy received by the Company on March 27, 2019) (order). The certified copy of order sanctioning the scheme has been filed with the Registrar of the Companies, NCT of Delhi & Haryana on April 05, 2019. Accordingly, the scheme has been given effect from March 31, 2018 i.e. Appointed Date.

In terms of the Scheme, following transactions have taken place between the appointed date (closing hours of March 31, 2018) and March 31, 2019:

- Assets and liabilities relatable to "Entertainment and Digital Innovation Business" on appointed date (closing hours of March 31, 2018) have become the assets and liabilities of Digicontent Limited.
- Transfer of revenue and expenses relatable to "Entertainment and Digital Innovation Business" from the appointed date (closing hours of March 31, 2018) and March 31, 2019 for transfer and vesting of "Entertainment and Digital Innovation Business" from HTML to Digicontent Limited.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 38A : Related Party Transactions (Contd..)

Pursuant to the Scheme of Arrangement:

- 1) Digicontent Limited and HT Digital Streams Limited have ceased to be Subsidiaries of the Company with effect from close of the business hours of March 31, 2018 and became fellow subsidiaries of the Company. Accordingly, the transactions between the Company and Digicontent Limited / HT Digital Streams Limited have been excluded from the related party disclosures. However, balances have been represented under the head "Fellow subsidiaries" of the Company.
- 2) The transactions between "Entertainment and Digital Innovation Business" and other Subsidiaries of the Company between the appointed date (closing hours of March 31, 2018) and March 31, 2019 have been excluded from the related party transactions reported above.
- 3) The transactions pertaining to "Entertainment and Digital Innovation Business" from the appointed date (closing hours of March 31, 2018) to March 31, 2019 between the Company and Digicontent Limited are not treated as related party transaction by virtue of clause 5.28 of the scheme of arrangement and accordingly have not been disclosed above.

* The Board, in its meeting held on May 19, 2017, had approved proposal to acquire 49% equity stake in India Education Services Private Limited (IESPL) held by Apollo Global Singapore Holdings Pte. Ltd. ('Apollo Global'), Joint Venture partner. The said transaction was concluded vide share purchase agreement dated July 18, 2017 at a consideration of USD 650,000. Accordingly, IESPL became a subsidiary of the Company (holding 99% equity share capital of IESPL) and the Joint Venture Agreement was terminated. Hence, transactions upto July 17, 2017 have only been reported for the previous year ended March 31, 2018.

Note 39: Segment information

For management purposes, the Group is organised into business units based on its products and services and has four reportable segments, as follows:

- Printing and Publication of Newspapers and Periodicals
- Business of entertainment, radio broadcast and all other related activities through its Radio channels operating under brand name 'Fever 104' and 'Radio Nasha 107.2' in India
- Business of providing internet related services through 'Shine.com' (job portal) and 'HT Campus.com' (education portal).

No operating segments have been aggregated to form the above reportable operating segments.

The management of the Group monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the consolidated financial statements. Also, the Group's financing (including finance costs and finance income) and income taxes are managed on a Group basis and are not allocated to operating segments.

Transfer prices between operating segments are on an arm's length basis in a manner similar to transactions with third parties.

Note 39: Segment information (Contd..)

Adjustments and eliminations

Finance income and costs, and fair value gains and losses on financial assets are not allocated to individual segments as the underlying instruments are managed on a group basis.

Current taxes, deferred taxes and certain financial assets and liabilities are not allocated to those segments as they are also managed on a group basis.

Capital expenditure consists of additions of property, plant and equipment and intangible assets.

Note 40 : Hedging activities and derivatives

Derivatives not designated as hedging instruments

The Group uses foreign exchange forward contracts, call spread option, interest rate swaps (floating to fixed) to manage its foreign currency exposures. These contracts are not designated as cash flow hedges other than Euro 30 Million FCNR Loan and USD 100 Lacs ECB Loan and are entered into for periods consistent with underlying transactions exposure.

Derivatives designated as hedging instruments

For year ended 31 March 2019

The Group has taken-

1. Euro 30 Million FCNR Loan and
2. USD 100 lac ECB Loan

with floating rate of interest. The Group has taken Call Spread option to mitigate foreign currency risk in relation to repayment of principal amount of Euro 30 Million and USD 100 lac ECB Loan and Interest Rate Swap (Floating to Fixed) to mitigate interest rate risk. The Group designates (Cash Flow Hedge):

- Intrinsic Value of Call Spread option to hedge foreign currency risk for repayment of Principal Amount in relation to FCNR Euro 30 Million Loan availed in Euro and USD 100 Lacs ECB Loan availed in USD.
- Interest Rate Swap (Floating to Fixed) to hedge interest rate risk in respect of Floating rate of interest in relation to FCNR Euro 30 Million Loan and USD 100 Lacs ECB Loan.

Hedge Effectiveness

Hedge effectiveness is determined at the inception of the hedge relationship, and through periodic prospective effectiveness assessments to ensure that an economic relationship exists between the hedged item and hedging instrument.

The Group enters into hedge relationships where the critical terms of the hedging instrument match exactly with the terms of the hedged item. The Group performs a qualitative assessment of effectiveness. As all critical terms matched during the year, the economic relationship was 100% effective.

Total	33,525	1,710	33,525	1,710	

The management assessed that cash and cash equivalents, other bank balances, trade receivables, other current financial assets, trade payables, short- term borrowings, other current non- derivative financial assets and other current non- derivative financial liabilities approximate their carrying amounts that are reasonable approximations of fair value largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The fair values of Long term interest-bearing borrowings and loans are determined by using Discounted Cash Flow(DCF) method using discount rate that reflects the issuer's borrowing rate as at the end of the reporting period. The own non-performance risk was assessed to be insignificant.
- The fair values of the investment in unquoted equity shares/ debt instruments/ preference shares have been estimated using a Discounted Cash Flow (DCF) model and/or comparable investment price such as last round of funding made in the investee Company. The valuation requires management to make certain assumptions about the model inputs, including forecast cash flows, discount rate, credit risk and volatility. The probabilities of the various estimates within the range can be reasonably assessed and are used in management's estimate of fair value for these unquoted investments.
- Investments in quoted mutual funds being valued at Net Asset Value.
- Investments in quoted equity shares are valued at closing price of stock on recognized stock exchange.
- Investments in venture capital funds are valued using valuation techniques, which employs the use of market observable inputs and the assessment of Net Asset Value.
- The Company enters into derivative financial instruments such as Interest rate swaps, Coupon only swap, Call Spread Options, foreign exchange forward contracts being valued using valuation techniques, which employs the use of market observable inputs. The Company uses Mark to Market valuation provided by Bank for valuation of these derivative contracts.
- The loans are evaluated by the Group based on parameters such as interest rate, risk factors, risk characteristics and individual credit-worthiness of the counterparty. Based on this evaluation, allowances are taken into account for the expected losses.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 41 : Fair values (Contd..)

- Investment in quoted bonds are recorded at amortised cost. Fair value of quoted bonds are determined basis the closing price of the bonds on recognised stock exchange.
- The unquoted bonds are evaluated by the Group based on parameters such as interest rate, risk factors, risk characteristics and individual credit-worthiness of the counterparty. Based on this evaluation, allowances are taken into account for the expected losses.

The significant unobservable inputs used in the fair value measurement categorised within Level 3 of the fair value hierarchy together with a quantitative sensitivity analysis as at March 31, 2019 and March 31, 2018 are as shown below:

Description of significant unobservable inputs to valuation as at March 31, 2019:

Particulars	Valuation technique	Significant unobservable inputs	Range (weighted average)	Impact of 1% Increase to fair value(₹ lacs)	Impact of 1% Decrease to fair value(₹ Lacs)
Investment in unquoted Debt instruments at Level 3	Discounted cash flow	Weighted Average Cost of Capital	18%	(177)	225
		Discount for lack of marketability	5%	147	(113)

Description of significant unobservable inputs to valuation as at March 31, 2018:

Particulars	Valuation technique	Significant unobservable inputs	Range (weighted average)	Impact of 1% Increase to fair value(₹ lacs)	Impact of 1% Decrease to fair value(₹ Lacs)
Investment in unquoted preference shares and debentures at Level 3	Discounted cash flow	WACC	17.5%-21.98%	(159)	191
		Discount for lack of marketability	10%	(10)	10
		Terminal Growth Rate	5%	76	(65)

*The sensitivity analysis disclosures in relation to certain equity instruments and preference shares investments classified at FVTPL is not been disclosed since the management believes that there is no movement in the fair value on the reporting date.

** The sensitivity analysis disclosures of fair value measurement in relation to Unquoted equity instruments carried at FVTOCI is not been disclosed since the acquisition has been done close to year end and the management believes that there is no movement in the fair value on the reporting date.

The discount for lack of marketability represents the amounts that the company has determined that market participants would take into account when pricing the investments.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

As at March 31, 2019	4,713

#During the previous year an Investment having book value of ₹ 649 lacs has been transferred from Level 2 to Level 3

Reconciliation of fair value measurement of investment in unquoted equity shares/ debentures measured at FVTOCI (Level III) :

Particulars	Total ₹ Lacs
At April 1, 2017	-
Purchases	-
Impact of Fair value movement	-
As at March 31, 2018	-
Purchases	1,485
As at March 31, 2019	1,485

The fair value of financial instruments as referred to in note above have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

- Level 1: Quoted prices for identical instruments in an active market;
- Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and
- Level 3: Inputs which are not based on observable market data.

There were no significant changes in the classification and no significant movements between the fair value hierarchy classifications of assets and liabilities during FY 2018-19 and FY 2017-18.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 42: Financial risk management objectives and policies

The Group's principal financial liabilities, other than derivatives, comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations and to support its operations. The Group's principal financial assets include loans, trade and other receivables, and cash and cash equivalents that derive directly from its operations. The Group also enters into derivative transactions.

The Group is exposed to market risk, credit risk and liquidity risk. The Group's senior management oversees the management of these risks. The Group's financial risk activities are governed by appropriate policies and procedures and that financial risks are identified, measured and managed in accordance with the Group's policies and risk objectives. All derivative activities for risk management purposes are carried out by specialist teams that have the appropriate skills, experience and supervision. It is the Group's policy that no trading in derivatives for speculative purposes will be undertaken. The policies for managing each of these risks, which are summarised below:-

Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: interest rate risk, currency risk and other price risk, such as commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits and derivative financial instruments.

The sensitivity analyses in the following sections relate to the position as at March 31, 2019 and March 31, 2018.

The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other postretirement obligations and provisions.

The following assumptions have been made in calculating the sensitivity analyses:

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at March 31, 2019 and March 31, 2018.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term debt obligations, viz, FCNR Loan and ECB with floating interest rates.

The Group manages interest rate risk by taking interest rate swap (floating to fixed).

Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the companies operating activities (when revenue or expense is denominated in a foreign currency), investment & borrowing in foreign currency etc.

The Group manages its foreign currency risk by hedging foreign currency transactions with forward covers and option contracts. These transactions generally relate to purchase of imported newsprint, borrowings in foreign currency.

When a derivative is entered into for the purpose of being a hedge, the company negotiates the terms of those derivatives to match the terms of the underlying exposure. For hedges of forecast transactions the derivatives cover the period of exposure from the point the cash flows of the transactions up to the point of settlement of the resulting receivable or payable that is denominated in the foreign currency.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 42: Financial risk management objectives and policies (Contd..)

Foreign currency sensitivity-Unhedged Foreign Currency Exposure

The following tables demonstrate the sensitivity to a reasonably possible change in exchange rates, with all other variables held constant. **The impact on the Company's profit before tax** is due to changes in the fair value of monetary assets and liabilities.

(₹ in Lacs)

Interest Payable -FCNR EURO	+ /(-) 1%	+ /(-) 1%	1	-

Equity price risk

The Group invests in listed and non-listed equity securities which are susceptible to market price risk arising from uncertainties about future values of the investment securities. The Group manages the equity price risk through diversification and by placing limits on individual and total equity instruments. Reports on the equity portfolio are submitted to the Group's senior management on a regular basis. The Group's Investment Committee reviews and approves all equity investment decisions.

Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Group is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks and financial institutions, foreign exchange transactions and other financial instruments.

Trade receivables

An impairment analysis is performed at each reporting date on an individual basis for major clients. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 12A. The Group does not hold collateral as security.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 42: Financial risk management objectives and policies (Contd..)

The Group evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets.

Financial instruments and cash deposits

Credit risk from balances with banks and financial institutions is managed by the Group's treasury department in accordance with the Group's policy. Investments of surplus funds are made as per guidelines and within limits approved by Board of Directors. Board of Directors/ Management reviews and update guidelines, time to time as per requirement. The guidelines are set to minimise the concentration of risks and therefore mitigate financial loss through counterparty's potential failure to make payments.

Liquidity risk

The Group monitors its risk of shortage of funds.

The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of Bank overdrafts, Bank loans & Money Market Borrowing. Approximately 84% of the Group's debt will mature in less than one year at March 31, 2019 (March 31, 2018: 100%) based on the carrying value of borrowings reflected in the financial statements.

The Group assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. The Group has access to a sufficient variety of sources of funding i.e. investments / Bank limits for Borrowing/ cash accrual from Operation and debt maturing within 12 months can be paid/ rolled over with existing lenders.

At March 31, 2019, the Group had available ₹ 148,370 Lacs (Previous year: ₹ 140,263 lacs) of undrawn borrowing facilities.

The table below summarises the maturity profile of the Group's financial liabilities

(₹ in Lacs)			
Particulars	With in 1 year	More than 1 year	Total
As at March 31, 2019			
Borrowings	80,918	29,330	110,248
Trade and other payables	41,160	-	41,160
Other financial liabilities	41,915	1,379	43,294
As at March 31, 2018			
Borrowings (other than convertible preference shares)	117,645	570	118,215
Trade and other payables	35,214	-	35,214
Other financial liabilities	35,225	-	35,225

Collateral

The Group has pledged part of its Investment in Mutual Funds in order to fulfill the collateral requirements for Borrowing. At March 31, 2019 and March 31, 2018, the invested values of the Investment in Mutual Funds pledged were ₹ 58,888 lacs and ₹ 20,911 lacs respectively. The counterparties have an obligation to return the securities to the company and the company has an obligation to repay the borrowing to the counterparties upon maturity/ due date. There are no other significant terms and conditions associated with the use of collateral. Securities except pledge given against outstanding Bank facilities details is provided in borrowing note (note 16A).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 43 : Discontinuing Operation

The Scheme of Arrangement u/s 230-232 read with Section 66 of the Companies Act, 2013, between the Company and Digicontent Limited (formerly, HT Digital Ventures Limited) (Resulting Company) and their respective Shareholders and Creditors ("Scheme") for demerger of "Entertainment & Digital Innovation Business (Demerged Undertaking)" of the Company, and transfer and vesting thereof to and in the Resulting Company, as a 'going concern', with effect from the close of business hours of March 31, 2018 (Appointed Date), was sanctioned by the Hon'ble National Company Law Tribunal, New Delhi Bench (NCLT) vide order dated March 7, 2019 (certified copy received by the Company on March 27, 2019). In terms of the Scheme, consequent upon filing of the NCLT order with the Registrar of Companies, NCT of Delhi & Haryana on April 5, 2019, the Scheme has become effective from the Appointed Date.

Pursuant to the Scheme of Arrangement:

- Digicontent Limited and HT Digital Streams Limited have ceased to be Subsidiaries of the Company with effect from close of business hours of March 31, 2018 and became fellow subsidiaries of the Company.
- The assets and liabilities of the Entertainment & Digital Innovation Business of HT Media Limited, Digicontent Limited and HT Digital Streams Limited (including Goodwill on Consolidation of ₹ 1,986 Lakhs) have been deconsolidated from the Group at the book value as appearing in the books on the close of business hours of March 31, 2018 (Appointed date). The difference between the book value of assets and liabilities deconsolidated has been adjusted against the Capital Reserve amounting to ₹ 1,231 Lakhs.
- Upon scheme becoming effective, the existing shareholding of ₹ 1 Lakh of HT Media Limited in Digicontent Limited stands cancelled.
- The revenues earned and expenses incurred for the 12 months period i.e. from the Appointed Date to March 31, 2019 have been deconsolidated from the Group. It resulted into lower profit after tax for the Group amounting to ₹ 2,172 Lakhs during the current year.

The financial Statements for year ended March 31, 2019 do not include financials of Demerged Undertaking, Digicontent Limited and HT Digital Streams Limited (discontinued operations). However, the financials for the Group for the year ended March 31, 2018 included net profit/ (loss) relatable to Demerged Undertaking, Digicontent Limited and HT Digital Streams Limited of ₹ 570 lacs (net of tax credit of ₹ 816 Lacs). The detailed relatable information of discontinued operations for the year ended March 31, 2018 is as under:-

(₹ in Lacs)	
Particulars	Year Ended March 31, 2018
Income	
Revenue from operation	4,686
Other Income*	(3,580)
Total Income	1,106
Expenses	
Employee benefits expense	14,301
Finance Costs	14
Depreciation and amortisation expense	149
Other expenses*	(13,112)
Total Expenses	1,352
Profit /(loss) before Tax	(246)
Tax Expense/(Credit)	(816)
Net Profit /(loss) for the period	570

* on account of increase in other income/other expenses for the continuing operations in relation to carve out of Demerged undertaking, Digicontent Limited and HT Digital Streams Limited from the Group.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 44: Capital management

For the purpose of the Group's capital management, capital includes issued equity capital, share premium and all other equity reserves. The primary objective of the Group's capital management is to maximise the shareholder value.

The Group manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. The Group includes within net debt, interest bearing loans and borrowings less cash and cash equivalents.

Particulars	March 31, 2019	March 31, 2018
	₹ lacs	₹ lacs
Borrowings (Note 16A)	110,248	118,215
Less: cash and cash equivalents (Note 12B)	(15,817)	(16,606)
Less: Other bank balances (Note 12C)	(8,043)	(8)
Net debt	86,388	101,601
Equity	247,495	254,376
Total capital	247,495	254,376
Capital and debt	333,883	355,977
Gearing ratio	26%	29%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. The Company has satisfied all financial debt covenants prescribed in the terms of bank loan except Total Debt to EBITDA ratio for FCNR loan taken from Citibank. Required waiver approval dated April 15, 2019 has been obtained from Citibank to condone the non-compliance and non-adherence of the Total Debt to EBITDA Ratio for financial condition test till FCNR loan maturity.

Note 45 : Ind AS 115 Revenue from Contracts with Customers

Transition disclosure

Effective April 1, 2018, the Company has adopted Ind AS 115 "Revenue from Contracts with Customers" using the cumulative catch-up transition method applicable to contracts to be completed as on April 1, 2018. Accordingly, the comparative figures in the above results have not been adjusted retrospectively. The effect of adoption of Ind AS 115 on the above financial results is insignificant.

Contract Assets and Contract Liabilities

The Company has changed the presentation of certain amounts in the balance sheet to reflect terminology of Ind AS 115:

- Deferred revenue amounting to ₹ 3,830 Lacs as at March 31, 2019 is shown as "Contract Liability" in current year. In year ended March 31, 2018, these amounts aggregating to ₹ 3,659 Lacs was netted off with Trade Receivables and ₹ 1,610 lacs was shown under the head other current liabilities. The same has been reclassified to Contract liabilities as on April 1, 2018 (transition date to Ind AS 115).
- Advance from certain Customers amounting to ₹ 6,860 Lacs as at March 31, 2019 is shown as "Contract Liability" in current year. In year ended March 31, 2018, these amounts aggregating to ₹ 6,489 Lacs was shown under the head other Current and Non- Current Liabilities. The same has been reclassified to Contract liabilities as on April 1, 2018 (transition date to Ind AS 115).

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 45 : Ind AS 115 Revenue from Contracts with Customers (Contd..)

- c) Contract assets recognized in current year represents income accrued but not due amounting to ₹218 Lacs as at March 31, 2019. In year ended March 31, 2018, income accrued but not due was presented as part of Other financial assets amounting to ₹ 148 Lacs. The same has been reclassified to Contract assets as on April 1, 2018 (transition date to Ind AS 115).

Note 46: Standards issued but not yet effective

As on the date of approval of these accounts there are no standards which have been issued but not effective.

Ind AS 116 Leases

MCA has issued Ind AS 116 Leases on 30 March, 2019 effective from annual periods beginning on or after April 01, 2019. Ind AS 116 will supersede the existing Ind AS 17.

The new standard requires lessees to recognize most leases on their balance sheets. Lessees will have a single accounting model for all leases, with two exemptions (low value assets and short term leases). Lessor accounting is substantially unchanged as compared to existing Lease Standard Ind AS 17. There will be additional disclosure requirements. Either a so called full retrospective application or a modified retrospective application is required for annual periods beginning on or after April 1, 2019.

The Group is in the process of finalising their analysis at the date of issuing of their financial statements for FY 2018-19. The Group would disclose the known or reasonably estimable information relevant to assessing the possible impact that application of Ind AS 116 will have on their financial statements in the period of initial application.

Companies (Indian Accounting Standards) Second Amendment Rules, 2019 notified on 30 March 2019 brings the following amendments to Ind AS. The amendments are effective from accounting periods beginning on or after 1 April 2019.

Appendix C to Ind AS 12, Income Taxes has been inserted. The appendix provides accounting for uncertainty over income tax treatments. The appendix corresponds to FRIC 23, Uncertainty over Income Tax Treatments issued by the IFRS Interpretations Committee. Appendix C explains how to recognize and measure deferred and current income tax assets and liabilities where there is uncertainty over a tax treatment. Each Uncertain tax treatment is considered separately or together as a group, depending on which approach better predicts the resolution of uncertainty.

The Group is assessing the potential effect of the above mentioned amendment on its financial statements.

Paragraph 57A has been added to Ind AS 12 to clarify that the income tax consequences of dividends on financial instruments classified as equity should be recognized according to where the past transactions or events that generated distributable profits were recognized.

This amendment is not applicable to the Group.

Amendment to Ind AS 19, Employee Benefits requires an entity to: (i) use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and (ii) recognize in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognized because of the impact of the asset ceiling.

The application of this amendment is not expected to have a material impact on the Group's financial statements.

Amendment to Ind AS 23, Borrowing Costs to clarify that if a specific borrowing remains outstanding after a qualifying asset is ready for its intended use or sale, it becomes part of general borrowings.

The application of this amendment is not expected to have a material impact on the Group's financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 46: Standards issued but not yet effective (Contd..)

Amendment to Ind AS 28, Investments in Associates and Joint Ventures clarifies that long-term interests in an associate or joint venture to which the equity method is not applied should be accounted for using Ind AS 109, Financial Instruments.

This amendment is not applicable to the Group.

Amendment has been made to Ind AS 103, Business Combinations and Ind AS 111, Joint Arrangements to clarify measurement of previously held interest in obtaining control/ joint control over a joint operation: (i) On obtaining control of a business that is a joint operation, previously held interest in joint operation is re-measured at fair value at the acquisition date; (ii) A party obtaining joint control of a business that is joint operation shall not re-measure its previously held interest in the joint operation.

This amendment is not applicable to the Group.

Amendment to Ind AS 109 enables entities to measure at amortized cost some pre-payable financial assets with negative compensation.

This amendment is not applicable to the Group.

Note 47 :

The Parent Company has consolidated the financial statements of HT Media Employee Welfare Trust ("Trust") in its standalone financial statements. Accordingly, the amount of loan of ₹ 2,004 Lacs (previous year ₹ 2,004 Lacs) outstanding in the name of Trust in the books of the Company at the year end has been eliminated against the amount of loan outstanding in the name of Company appearing in the books of Trust at the year end. Further, the investment of ₹ 2,022 Lacs (previous year ₹ 2,068 Lacs) made by the Trust in the equity shares of the Company (through secondary market) has been shown as deduction from the Share Capital to the extent of face value of the shares [₹ 44 Lacs (previous year ₹ 44 Lacs)] and Securities Premium Account to the extent of amount exceeding face value of equity shares [₹ 1,978 Lacs (previous year ₹ 1,978 Lacs)]. Further, the amount of dividend of ₹ 9 Lacs (previous year ₹ 9 Lacs) received by the Trust from the Company during the year end has been added back to the surplus in the Statement of Profit and Loss.

Note 48 :

In terms of the Scheme of Arrangement and Restructuring u/s 391-394 read with Sections 100-104 of the Companies Act, 1956 between the Parent Company and HT Music and Entertainment Company Limited (Demerged Company) as approved by the Hon'ble Delhi High Court, the assets and liabilities of the radio business of the Demerged company were taken over as at 1 January 2009. One Time Entry Fees (OTEF) paid for acquiring license for Radio business paid by the Demerged Company in earlier years which was capitalized and amortized on straight line basis, is now amortized against the credit balance of Securities Premium Account instead of charging to the Statement of Profit and Loss, over the useful life of the said licenses or their unexpired period (whichever is lower) from date of Merger of Radio business as per the approved Scheme. Consequently an amount of Nil (Previous Year ₹ 51 Lacs) towards amortization of Radio Licenses has been debited to the Securities Premium Account.

Note 49 :

Goodwill in the Consolidated Financial Statements represents the excess of purchase consideration of Investments over the Parent Company's share in the net assets of subsidiaries. The Goodwill in the books is arrived at as below :

Miscellaneous expenses	15	6
Cost of raw material consumed	11	10
Travelling and conveyance	31	-
Total	57	16

Note 52 : Scheme of Arrangements

A. Acquisition of Next Radio Limited and Next Mediaworks Limited

The Board of Directors of the Company at its meeting held on December 20, 2018 had decided to withdraw from the draft composite Scheme of Arrangement and Amalgamation u/s 230-232 of the Companies Act, 2013, amongst the Company, Next Radio Limited ("NRL"), Next Mediaworks Limited ("NMW") and HT Music & Entertainment Company Limited (a wholly owned subsidiary) and their respective shareholders & creditors ("Scheme") which was approved at the Board Meeting held on August 8, 2018. At the same meeting, the Board of Directors approved the acquisition of 51% of equity shares in NMW as a combination of purchase of shares from current promoters and through open offer @ ₹ 27 per share. The Board further approved acquiring 48.60% equity shares of NRL.

On April 9, 2019, HT Media Limited acquired 14.18% of the fully diluted voting equity share capital of NMW pursuant to an open offer under the SEBI (SAST) Regulations and on April 15, 2019 acquired 36.82% of the fully diluted voting equity share capital of NMW from the promoters and members of the promoter group of NMW. By April 22, 2019, HT Media Limited acquired 3.81 % stake in NRL. The impact of the above has not been incorporated in these financial statements.

B. Reduction of equity share capital of HT Music and Entertainment Company Limited

The Board of Directors of HT Music and Entertainment Company Limited (HT Music) at its meeting held on April 4, 2019 has approved the draft application for proposed reduction of share capital of HT Music from ₹ 33,400 Lakhs to ₹ 3,400 Lakhs. The said application was also approved by the shareholders of HT Music at their Extra-ordinary General Meeting held on April 5, 2019. Thereafter, the application for capital reduction has been filed before the Hon'ble National Company Law Tribunal, Mumbai Bench on April 22, 2019. Pending requisite approval, impact of the proposed capital reduction of HT Music, has not been considered in these financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

for the year ended March 31, 2019

Note 52 : Scheme of Arrangements (Contd..)

C. Higher Education Business

The Board of Directors of the Company at its meeting held on October 16, 2017 had approved a Scheme of Arrangement u/s 230 to 232 and other applicable provisions of the Companies Act, 2013, between Hindustan Media Ventures Limited ("the Company") and India Education Services Private Limited ("IESPL") (fellow subsidiary company) and their respective shareholders, which provides for demerger of IESPL's B2C business, and transfer and vesting thereof into the Company ("Scheme").

Pursuant to the orders of the Hon'ble National Company Law Tribunal, Kolkata Bench (NCLT) dated August 28, 2018 and January 4, 2019, meetings of Unsecured Creditors and Shareholders of the Company were convened on October 15, 2018 and March 8, 2019 respectively, wherein the Unsecured Creditors and Equity Shareholders of the Company have considered and approved the scheme with the requisite majority as required under the Companies Act, 2013 and Securities Exchange Board of India Circular No. CFD/DIL3/CIR/2017/21 dated March 10, 2017.

Following the above, the Company has filed the 2nd Motion Petition with NCLT on March 18, 2019 for sanction of the Scheme which has been admitted and fixed for hearing on June 4, 2019.

Pending requisite approval(s) and sanction(s) of the Scheme, impact thereof, has not considered in these financial statements.
