# ACCELERATING GROWTH

**EVEREST KANTO CYLINDER LIMITED**

*Clean Energy Solution Company*

ANNUAL REPORT

**2017-18**

# FOREFRONT IN TECHNOLOGY

Established in 1978 Everest Kanto Cylinder Limited (EKC) has grown rapidly to become the pioneering manufacturer and solution providers for high pressure storage of gases. The expanding range of cylinders manufactured by EKC have earned a global reputation for their high standard of quality & compliance to the most stringent specifications laid down by international bodies and local authorities.

EKC has established plants globally located in India, UAE, China & USA having a total production capacity to manufacture over two million cylinders every year with the widest range of cylinders from 1 to 3000 litres. Devotion to quality & flexibility makes EKC a global supplier of High Pressure cylinders including Large Vessels for bulk transportation of gases.

In addition, we also manufacture High Pressure Seamless Cylinders for industrial gases and CNG applications, Large Diameter High Pressure Seamless Vessels, Large Seamless Cylinders, Jumbo Cylinders and Jumbo Skids for the storage and bulk transportation of CNG and various other Industrial and Specialty Gases like Hydrogen, Nitrogen, Helium, Argon etc. EKC today is the largest producer and industry leader of CNG cylinders in Asia.

Domestic and international markets include aerospace, chemical processing, construction, food production, industrial controls, medicine, nuclear and power propulsion systems, oil and gas exploration and production, rescue equipment, transportation and under sea exploration and

most important, CNG Mother and Daughter stations and CNG City Gas projects. The Jumbo Skids that transport CNG provide an ideal solution for stranded gas by acting as a virtual gas pipeline between the source and destination. The Jumbo Cylinders incorporated into ISO Skids are ideal for long distance transportation of Special Gases. In addition to the above we can also provide tailor made solutions to suit the transportation regulations of the country of use.

In all these applications, EKC engineers work in tandem with the design and research departments of our customers and the material development center of the raw material suppliers for developing the most efficient and advanced technical solutions. Quality is built in all EKC products right from the design stage. Our cylinders are produced from High grade alloy steel that are produced to meet strict tolerances and material specifications as per regulatory compliances. Each product passes through ISO: 9001 defined quality systems and relevant inspection tests such as Metallographic Analysis, Hydraulic Test, Cyclic Loading Test, Magnetic Particle Test, Ultrasonic Test, and Leakage test. Strict Quality control processes are monitored by the regulatory authority or independent inspection agency as defined by the customer.

January 01, 2019 for a period of 3 (Three) years. Also, pursuant to section 196 of the Companies Act, 2013, as Mr. P. K. Khurana has attained 78 years of age, his re-appointment is required to be approved by the Members of the Company by way of Special Resolution.

Further, the Nomination & Remuneration Committee of the Board of Directors has recommended payment of remuneration to Mr. P. K. Khurana as the Chairman & Managing Director. Previously, due to lack of profits, the Mr. P. K. Khurana, Chairman & Managing Director had voluntarily decided not to draw any remuneration from the Company from financial year 2013-14 till date. The broad

particulars of remuneration payable to Mr. P.K. Khurana during his tenure in the Company are as per the resolution as set out in the accompanying Notice.

Considering the present scenario of the Company, background, competence and experience of Mr. P.K. Khurana and also the remuneration packages of similar personnel of Corporate Bodies in the Country, the Nomination & Remuneration Committee of the Board of Directors at its meeting held on August 13, 2018, recommended that remuneration as set out in the above resolution be paid to Mr. P.K. Khurana with effect from January 01, 2019.

The office of Managing Director may be terminated by the Company or the concerned Managing Director by giving the other 3 (three) months prior notice in writing.

The said remuneration and the perquisites are in consonance with the provisions of Schedule V and other applicable provisions of the Companies Act, 2013.

Mr. P.K. Khurana is interested in the above Resolution which pertains to remuneration payable to him. Further, Mr. Pushkar

Khurana, Non Executive Director and Mr. Puneet Khurana, Chief Executive Officer may be deemed to be interested in the Resolution pertaining to the remuneration payable to Mr. P.K. Khurana, as they are related to each other. Save and except the above, none of the other Directors of the Company is, in any way, concerned or interested in the Resolution.

The terms and conditions of the payment in the remuneration as stated in the resolution of the notice in respect of Mr. P.K. Khurana may be treated as an abstract under Section 190 of the Companies Act, 2013.

The Directors recommend the Resolution at Item No. 5 of the Notice for the approval by the members of the Company by way of Special Resolution.

None of the Directors and Key Managerial Personnel of the Company and their relatives is concerned or interested, financially or otherwise, in the Resolution set out at Item No. 4 except Mr. Pushkar Khurana, Director and Mr. Puneet Khurana, Chief Executive Officer and their relatives.

## PERFORMANCE REVIEW

During the financial year 2017-18, the Company saw the upward trend in the sales compared to sales in the previous year. The Company has encountered an increase in demand towards end of the financial year, due to CNG cylinders requirements in Northern India for controlling the pollution due to recent ruling by Supreme Court for not registering Diesel Vehicles.

Sale proceeds received against disposal of assets situated at Gandhidham in earlier year, resulted in cash surplus which was utilized to reduce the borrowing and in-turn resulted in reduction of financial expenses.

On standalone basis, for the financial year 2017-18, revenue from operations stood at ₹ 32,622.94 Lakhs against the previous year's revenues of ₹ 26,886.58 Lakhs, an increase of around 21% and Net Profit at ₹ 1,305.04 Lakhs against Net Profit of ₹ 7,142.62 Lakhs in the previous year.

On consolidated basis, the Company manufactured 575,762 units as compared to 530,048 units in the financial year 2016-17. During the said period the Company sold 540,232 units as compared 493,225 units in the previous financial year. Revenues for financial year 2017-18 at ₹ 54,245.54 Lakhs were marginally lower over the previous year's revenues of ₹ 58,872.02 Lakhs. Your Company has focussed on quality product sales which have resulted in improvement of Net profit before exceptional items from ₹ 228.17 Lakhs in financial year 2016 – 17 to ₹ 3,153.59 Lakhs in financial year 2017 – 18.

## CONSOLIDATED FINANCIAL STATEMENTS

## Annexure 2: Conservation of Energy, Technology Absorption and Foreign Exchange and outgo

### Conservation of Energy:

Information pursuant to section 134 of the Companies Act, 2013, read with the Companies (Accounts) Rules, 2014 in respect of conservation of energy and technology absorption:

### Conservation of Energy:

The Company considers it as a responsibility to reduce its carbon footprint in all possible areas of operations. As a responsible corporate citizen, the Company is taking all possible measures to achieve efficiency in energy utilization, water utilization, technology induction, such as:

- Efficiency in the use of electrical energy by installing power efficient equipment and lighting at all the plants/offices. Reducing dependence on electrical lighting by modifying existing roofing.
- Efficient use of thermal energy by use of alternate fuels, improvements in fuel burners, minimizing heat losses by improved insulation, etc.
- Furnaces consume large amounts of fuel so it is preferred to ensure they run with high load factor with least number of starts and stops. This is achieved now by sharing the furnace capacity with output of additional hot spinning machine. Better scheduling of production.
- Efforts are made to streamline processes to reduce down times. This ensures uninterrupted production with least idling thereby reducing energy requirements per cylinder.
- Indirectly reducing carbon footprint by attending to Water Consumption, and also Effluent Discharge quantity. Saving water by Rainwater Harvesting.

### I. Energy Conservation measures undertaken at the Plants:

Following measures are undertaken to conserve energy and water at the Plants:

- Medium bay light fittings in factory sheds at optimum

locations in place of high bay fittings which consume more power and give uneven light. Help of special lighting software from light fittings suppliers was taken for this purpose.

2. New generation LED lights installed for Admin building and also Factory sheds.
3. Combustion system for Boilers and Paint Baking Ovens are changed from LDO to LPG reducing the costs and pollution as LPG is clean burning fuel. This made the processes efficient and resulted in regular recurring savings.
4. Installation of VF drive and programmable logic controls for paint booth suction blower for cyclic speed swings, thereby reducing power consumption per cylinder.
5. Use of High Density Poly Ethylene and FRP (Fibre Glass Reinforced Plastic) pipe lines to reduce the pressure losses consequently leading to lower energy requirement.
6. Deployment of distributed pumping stations and cooling towers to save energy.
7. Installation of larger heat exchangers and making use of cooling tower water in place of cold water from refrigerated chillers.
8. Servicing of furnace burners in order to improve combustion efficiency of furnaces.
9. Installation of automatic shut-off devices on air compressors to ensure they shut down when compressed air demand is low.
10. Installation of energy saving transformer for lighting.
11. Installation of automatic power factor control panels with capacitors at various load centres for keeping the currents at lower level and also for keeping the power factor under control. Savings will also be made due to the incentive offered for better power factor by the electricity companies.
12. Installation of wind driven roof ventilators for ventilation to save electrical energy.
13. Installation of transparent windows in addition to the transparent roofing sheets in the side walls of the taller sheds for better ventilation and lighting.
14. Installation of new furnaces with higher thickness of insulation to reduce heat loss and thereby save energy.
15. Installation of camel back style oven for the painting system to avoid funneling of air and resultant heat losses.
16. Installation of more wind driven roof ventilators as energy saving devices.
17. Installation of more power saving transformers for the lighting load.

## II Impact of measures on reduction of energy consumption and consequent impact on the cost of production of goods:

The Company has also started to benefit in the area of energy conservation through its wind power projects. The Company had undertaken Wind farm projects at Kandla in the state of Gujarat and Satara in the state of Maharashtra,

the brief details of which are given in the following table:

Place of Installation	No. of Wind-mills installed	Energy Generation Capacity	Investment (₹ in Lakhs)	Energy Generated during the year	Energy Generated during previous year
Kandla, Gujarat	1	1.650 MW	1,125.00	1,937,792 units	2,231,865 units
Satara, Maharashtra	3	3 x 0.225 MW = 0.675 MW	349.14	489,322 units	589,924 units

- a. The wind farm projects as mentioned in the preceding parts have been undertaken in the states of Gujarat and Maharashtra, where the Company is having its own manufacturing facilities. Considering the present power policy of Governments, the Company has directly benefited in terms of captive consumption of energy generated by aforesaid wind farm and also from the sale of power generated from these wind mills.
- b. At Satara, the energy generated is sold to Maharashtra State Electricity Board as per the Government's policy.

## III. The details of energy consumption are given below. These details cover the operations of the Company's factories at Tarapur, Gandhidham and KASEZ

Particulars	Current Year	Previous Year
A) Power and Fuel consumption:		
a) Electricity purchased

Total Amount (₹ in Lakhs)	80.35	60.03
Rate per Cu.M. (₹)	11.64	13.77
c) LDO purchased		
Units (Ltrs. in Lakhs)	1.70	8.44
Total Amount (₹. in Lakhs)	59.93	289.80
Rate per Ltr. (₹)	35.25	34.35
d) LPG purchased		
Units (Kg. in Lakhs)	19.62	7.72
Total Amount (₹. in Lakhs)	741.89	333.17
Rate per Kg. (₹)	37.82	43.18
B) Consumption per unit of production:		
i. Electricity (kwh / MT)	638.30	776.81
ii. Oxygen (Cu.M / MT)	30.20	22.88
iii. LDO (Ltr. / MT)	7.44	44.26
iv. LPG (Kg. / MT)	85.84	40.48

## TECHNOLOGY ABSORPTION, ADAPTATION AND INNOVATION:

Innovation is one of the key factors enabling EKC to achieve and maintain the Number One position in the area of High Pressure Gas Cylinders manufacturing. This, aided by the infusion of latest technology, proper training of manpower to handle latest equipment and processes ensures continuously meeting the ever exacting of customer requirement. This has enabled the Company to meet the requirements of Aerospace sector & Defence sector to entire satisfaction of end user.

### I. Technology Absorption

- a. Complete process was developed to manufacture newer models of Jumbo Cylinders from High Alloy High Strength Steel Pipes, without any technical collaboration or help from other company. This major step has made EKC the only manufacturer in India to make these High Alloy High Strength Jumbo Cylinders from tubes. It has opened up new markets which were hitherto inaccessible. It has also ensured management's support to "Make in India" initiative of the Government.
- b. The DOT approval is maintained even after migrating of the manufacturing facility from one location to the other. This qualification has opened the USA market which was hitherto most difficult to enter.

### II. Technology Adaptation

We are participating wholeheartedly in the Government's initiative of "Make in India". Hitherto we have been importing certain raw materials as they were not manufactured in India. Now, one PSU has come forward to manufacture it in India and we shall be the application testing partners in that program for defence. Already some sizes are cleared for cylinder production through extensive testing, and others are awaiting trial samples from the suppliers.

### III. Innovation

Innovation is a way of life at EKC. People at various levels in various departments contribute their ideas to keep the Company at the leading edge.

- a. New Cylinder models are developed to meet varying needs of different overseas standards which are much stringent than the standards which we operated till now.
- b. Developed Tube Trailers for storage and transportation of Bio-Methane.
- c. For the first time in India, developed Ultra Large Cylinder for Hydrogen, working at 300 bar. This is for a prestigious project of Indian Space Research Organization (ISRO).

- d. Designed Very large capacity storage complex for gases to be stored at very high pressures which was not done in the country so far. This project is under implementation.

### IV. Foreign Exchange Earnings and Outgo

Total foreign exchange used and earned:

(₹ in Lakhs)

Particulars	Current Year	Previous Year
I. Foreign Exchange used	13,411.29	11,660.01
II. Foreign Exchange earned	2,499.35	13,891.38

  - (ii) To threat about present or future employment status; or
  - (iii) Interference and disturbance with work or creation of an intimidating or offensive work environment; or
  - (iv) Humiliating treatment likely to affect health, safety or self-esteem.

### **Policy Framework**

- a) All Company employees will maintain high standards of dignity, respect and positive regard for one another in all their dealings.
- b) All Company employees will understand and appreciate the rights of an individual to be treated with respect and dignity.

- c) All Company employees are required to maintain a harassment free environment in the office premises.
- d) All Company employees will refrain from committing any acts of sexual harassment at work place.
- e) Allegations of sexual harassment will be dealt seriously, expeditiously, sensitively and with confidentiality.
- f) This policy will protect Company employees from victimization, retaliation for filing or reporting a complaint on sexual harassment and will also be protected from false accusations.

### **Procedure for dealing with complaints of sexual harassment**

- a) Company shall form an internal Sexual harassment Internal complaint committee ("Committee") to deal with all the matters related to sexual harassment. A Senior female Everest Kanto employee will head the committee. The committee will also consist of a third party, either an NGO or any other body familiar with the issue of sexual harassment.
- b) If the person believes that he/she has been subjected to sexual harassment, then the complaint/ grievance should be promptly reported to the Internal Sexual harassment Committee through the respective HR Manager or the Unit/ Location/Department Head.
- c) Ideally, the complaint should be lodged immediately or within a reasonable period 1 month from the date of incident/last incident.
- d) All complaints / grievances of sexual harassment will be taken seriously, will be held in strict confidence and will be investigated promptly in an impartial manner. There may be a need to nominate a senior person to head the investigation if required in a particular matter.
- e) The Committee will thoroughly investigate the complaint / grievance and will take the necessary appropriate course of action.
- e) Any victimization of, or retaliation against, the complainant or any Company employee who gives evidence regarding sexual harassment or bullying will be subject to disciplinary action up to and including termination of employment.
- f) The Committee would examine each case on its merit and take a decision from time to time, for conducting the enquiry proceedings.
- g) In case, the complaint lodged is found to be false, malicious or forged and misleading documents have been produced, the Committee post investigations may recommend disciplinary action against the complainer.

### **Disciplinary Action**

In case any such conduct amounts to a specific offence under the Indian Penal Code or under any other law, the company shall initiate appropriate action in accordance with the law by lodging complaint with the appropriate authority.

## MANAGEMENT DISCUSSION & ANALYSIS

### FORWARD - LOOKING STATEMENTS

This report contains forward looking statements identified by words like 'plans', 'expects', 'will', 'anticipates', 'believes', 'intends', 'projects', 'estimates' or other words of similar meaning. All statements that address expectations or projections about the future, including, but not limited to the Company's strategy for growth, product development, market position, expenditures and financial results, are forward - looking statements. Since these are based on certain assumptions and expectations of future events, the Company cannot guarantee that these are accurate or will be realised. The Company's actual results, performance or achievements could thus differ materially from those projected in any forward-looking statements. The Company assumes no responsibility to publicly amend, modify or revise any forward-looking statements, on the basis of any subsequent developments, information or events.

### OVERVIEW

Financial year 2017-18 gone by was a bag of mixed emotions. While on one side we see a post demonetization bounce back & on the other the GDP saw an overall decline of 0.5 % as compared to previous year. The industry had a lot of pros & a few impediments. Companies had a surge in investments at the same time the banking system saw a tighter hand on lending with various loan scams unearthing.

The Government's pro industry outlook & the revival of mega projects across the country are positive signals for the industry. We at EKC are geared up well to cater to the anticipated increased requirements in the market.

### DOMESTIC BUSINESS

1. Industrial gas is required in every segment of manufacturing. With the increase of manufacturing activities all over the country, there is an increase in demand of gas. Industrial gas manufacturers include few major MNC players and a number of SME's. We are the preferred suppliers to these customers and enjoy a major share in the domestic market.
2. Fire Equipment manufacturers :
  - Fire Extinguisher: Increasing awareness and enforcement of regulatory requirements are expected to increase the demand of extinguishers in turn the sales of the products at EKC.
  - Fire Suppression system: Increasing demand in oil & gas, petrochemical plants. Metro & other infrastructural developments that are gaining speed are expected to increase the requirement of fire suppression systems. Advanced Building management system requirements in homes & offices are the new growth area for this segment.
3. Medical: Various State Government medical establishments

& overall Private medical sector have increased requirements throughout INDIA. With the push towards medical service in rural sector, the medical gases demand is going up.

4. Speciality Gases: There is increasing knowledge of application of gases in non-traditional areas like space research, food preservation and distribution, agri-processing. We enjoy a good share of these clients and requirements are increasing very rapidly.
5. Breathing Air: Emergency escape systems & Breathing Air apparatus are having increasing demand in INDIA, we are catering to this user base.
6. Government Organisations: Defence setups are regular buyers of Industrial Cylinders and the demand is strong with increasing projects.
7. Hydrogen Gas containers are increasing demand as the overall production of the gas has increased in the country.
8. CGD: While apart from the stabilised City Gas Distribution Companies in the Indian metro cities continue to grow modestly, the Government has launched its biggest city gas licensing round offering 86 geographical areas covering 174 districts. The City Gas Distribution network has promising prospects and in-turn shall boost the requirements of CNG Cascades for various mother & daughter stations.
9. CNG: CNG growth is inevitable with the cost advantage and greener contribution to the environment. CNG is a very popular fuel for transport sector. Use of CNG as a vehicular fuel is growing in India at a very fast pace with the increasing number of CNG stations across the length and breadth of the Country.
10. The Government of India emphasize on "Make in India" is expected to garner tremendous business opportunities for the Company as many foreign companies from varied field like defense, automobiles, aviation, oil and gas, ports and shipping, space, thermal power, etc intend to set up their establishments in India.

Overall the increasing awareness & regulatory framework has fueled the requirements of safer gas containers in the country. Infrastructure development, turnkey projects & modernization of healthcare facilities in the country are opening endless possibilities for our products.

While to reap the benefits of the favorable market conditions & deliver results, the government policies and favorable socio economic parameters would pay a pivotal role.

- Increase in availability of domestic natural gas at reasonable prices
- Improvement in investment cycle will spur industrial growth consistently creating demand for Industrial Cylinders

- Increase in demand for automobiles run on CNG
- Increased thrust of Government on environment and pollution-reduction, etc.

Being the market leader with highest market share and with the large installed capacity, established infrastructure and diverse product range, the Company will be the biggest beneficiary on the happening of these macro level improvements.

#### Market share:

We are the largest manufacturers of Seamless Cylinders in INDIA and enjoy more than 50 % of Market Share.

With the new Government emphasising towards infrastructure development and clearances of pending projects there shall be further increase in the demand of industrial gases. We believe that the industry will grow through traditional and non-traditional applications. EKC being a pioneer in cylinders is poised to gain from this growth in demand.

The Company having more than 40 years of experience garners the trust and faith of the industry for these safety products & shall continue to be the preferred supplier.

#### INTERNATIONAL BUSINESS

##### (a) Dubai Operations

The Dubai operations deals in Industrial Cylinders, Cascades, Multiple Element Gas Containers and focusing on new markets in the Middle East, South America, Eastern and Western Europe and Africa including Egypt. We now have good news of restarting business in Pakistan as they now have developed infrastructure of Gas from imported LNG. EKC International FZE, Dubai has also added a new line of business of Specialized Gas Fire Suppression Systems and Fire Detection & Alarm Systems. The identified territories for this business would be Pan India, Middle East, & East Africa.

##### (b) USA Operations

The US operations have positive outlook toward the opportunity of marketing DOT approved industrial cylinders sourced from India and Dubai. This will contribute towards overall growth of the group. Composite Cylinder product is stabilized and shows increasing demand in the United States. This technology will be propagated to other parts of the world in coming years.

##### (c) Europe Operations

EKC International's Europe subsidiary have shown continuous growth and has developed the European markets for Business of India and Dubai plants besides products from US plant. The subsidiary has played crucial and stellar

role in Composite Cylinder product development for the US plant by providing in-house expertise.

##### (d) China Operations

The China operations continue to remain under severe strain due to the intense competition from the local players. The slowdown in the Chinese economy and the tough operating environment in China, especially for foreign players, also impacted the operations. As a result, the plants operated at sub-optimal capacity. The China operations continued to act as raw material sourcing hub for the India, Dubai and USA operations, which will yield some margins to it, while reducing the overall raw material costs of the other operations. Looking into continuous loss in China operations, Company has sought and obtained members approval for disinvestment of its wholly owned subsidiary i.e EKC Industries (Tianjin) Co. Ltd, subject to regulatory approvals.

##### (e) African Operations

The Joint Venture (JV) Company with Kamal Group of Companies, Tanzania with 49% stake in it, is promoting fire suppression systems as also CNG Transportation Modules.

#### STRENGTHS

EKC's continued resilience in successfully weathering all business and operational challenges over long time frame is reflective of its strengths which are summarized below:

##### 1. Strong Management

EKC has a strong, able, committed and highly experienced Management with over four decades of solid technical, marketing and general management experience in the high pressure cylinder industry. The experience of the Company's management team is a key competitive advantage. Top officials of EKC have been associated with the Company for a long period of time which provides depth and continuity of Management.

##### 2. Sustained Leadership in Domestic Market

EKC is the pioneer in India of High Pressure Seamless Cylinders business since 1978 and is India's largest player with highest market share, mainly on account of its long history in business and adherence to the highest quality standards and the largest production capacity. EKC also benefits from having the first mover advantage. This coupled with strong relationships on the raw material supply chain, quality certifications and a strong safety track record has helped EKC to maintain its leadership position.

##### 3. Global presence

EKC Group's exports to over 25 countries all over the world including countries in South East Asia, Middle East, Africa,

US, Europe, South America and Commonwealth of Independent States Countries. Most of them have the stringent quality standards and value driven norms for the products supplied by EKC. This demonstrates EKC's global competitiveness, world class quality of its products and superior logistical capabilities.

#### 4. High Quality Products

With manufacturing plants in India, Dubai & USA, EKC in true sense is a global player. The cylinders manufactured by EKC have earned a global reputation for their high standard of quality and compliance with the most stringent specifications laid down by international bodies and local authorities. EKC manufactures cylinders conforming to Indian Standards like IS 7285 (Part 1), IS 7285 (Part 2) and IS 15490 and International Standards like ISO: 11439, ISO: 9809-1, NZS: 5454, ISO: 4705D, EN: 1964, ISO: 11120, ECE R-110.

#### 5. Large Capacity and Wide Product Range

The Company, along with its subsidiaries, has set up global scale capacities aggregating to more than 1.3 Million cylinders per annum, across various plants in India and overseas manufacturing a wide and versatile range of high pressure seamless cylinders, viz.

- Industrial Gas Cylinders
- CNG Cylinders
- CNG Cylinder Cascades
- Jumbo Cylinders
- Jumbo Skids
- Composite Cylinders

The Company provides cylinders with water capacities that range between 1 litre and 3000 litres and also supplies cylinders in customized sizes, with large range of applications, including defense. EKC has a broad customer base across the globe due to its unique ability and flexibility to meet customer specification in various international standards.

#### 6. Trust of All Stake Holders

With its long presence and clean image EKC Brand has become a synonym of trust in the gas industry. The Company maintains cordial and ethical business relationships with its value chain partners, such as its key raw material suppliers, gas distributors, OEMs and regulatory authorities like The Chief Controller of Explosives, Bureau of Indian Standards and other statutory bodies in India and abroad, and with all its customers.

#### 7. On Time Delivery

EKC has the ability to manufacture and deliver Cylinders of different sizes and varied specifications from its multiple operating units. This results in quick delivery to the customers.

#### 8. Investment in New Technologies

EKC has been always the first mover in imbibing the latest trends in cylinder manufacturing. This includes powder coating painting booths & ultra high productive machines.

#### 9. Group Synergies

EKC's presence in much geography through subsidiaries affords its operations, tremendous synergies. EKC China continues to act as raw material sourcing hub for the India, Dubai and US operations as the plants in the three locations source bulk of their raw materials from China. This enables EKC to source the raw materials for all the operations at lower costs due to larger combined volumes. Similarly, EKC Europe will scout business in Europe for the plants in India, Dubai and USA. Inventory management is also optimized with movement of goods from one operation to the other, depending on requirements. The group also benefits from exchange of technical know-how and skills.

#### 10. Investment in Human Talent

All employees are important to the Company and it believes that its employees are particularly critical to its business, as they are responsible for understanding customer expectations, ensuring consistent and quality service delivery. The employees are essentially the glue that keeps the entire organization together. The Company intends to continue to invest in developing and grooming its employees.

### CHALLENGES, RISKS & CONCERNS

#### 1. Increasing in Raw Material Prices

Being a raw material intensive product, any volatility in the prices or increase in the import duty rates or disruption in availability of raw material can impact the profitability of the Company. However, EKC has strong relationships with the existing raw material suppliers and is constantly developing new sources of supplies which will enable the Company to reduce its raw materials cost. EKC China's local presence now plays a significant role in cost reduction and supply risk mitigation factor.

#### 2. Competition

Although EKC is the market leader in India with majority share, competition is faced from domestic as well as imported products. EKC is able to be the most preferred supplier with efficiency in procurement of raw material, lean and efficient structure & importantly higher productivity. EKC plans to increase its penetration and be closer to the industrial circles and establishments in the country. Improve customer service & ensure regular touch to enhance the trust reposed in us by our repeated clientele.

#### 3. Import of cylinders from Different countries

While the Indian growth story is to attract the global gas cylinder manufacturers to establish sales in India, the

Country has shown resilience and reposed faith in “Make In India” products. With EKC being a trusted product the importers are discouraged for aggressive and long term plans.

#### 4. Substitute products eroding the market share

While the liquid tanks & Cryocal's & Duracells are the substitutions, the Cylinders still dominate and continue to be the workhorses for the gas suppliers in the country. The high acquisition cost & the maintenance of these newer techniques are the deterrents while anti pilferage users, operational convenience are a few advantages. While currently the growth of overall market size vis à vis substitution threat is not more, the industry will evolve and the risk seems minimal for the cylinder demand.

#### 5. Volatile Steel Prices

Volatility in seamless steel tube prices will affect the demand if the increase in price is passed on to the customers. If the increase in price is not passed on to the customers it may lead to contraction in the margins. The marketing department revise the costing based on raw material inputs on regular basis to mitigate this risk.

#### 6. Fluctuation in Foreign Currency

Any adverse change in the exchange rate between the US Dollar and the Indian rupee has a negative impact on EKC as the seamless steel tubes (raw material) are fully imported and to the extent of the borrowings denominated in foreign currency. The Company's treasury function actively tracks the movements in foreign currencies and has an internal risk management policy of proactively balancing between hedging of the net exposures and the cost thereof.

#### 7. Fluctuations in Interest rate

EKC is subject to risks arising from interest rate fluctuations. EKC group borrows funds in the domestic and international markets to meet the long-term and short-term funding requirements for its operations and funding its growth initiatives.

### FUTURE PERSPECTIVE

#### 1. Capacity expansion to drive growth

The cylinders plant in the Kandla Special Economic Zone (KASEZ) is now in full swing of production. The overall supply from the company is able to meet the increasing demands of CNG & industrial cylinders. The company is focusing on lean structure & higher productivity of machines to achieve economies of scale. The company continues to explore expansion options to enhance supplies to its domestic & international clients.

#### 2. Increasing demand for Industrial Cylinders

Overall the increasing awareness & regulatory framework has fueled the requirements of safer gas containers in the country. Infrastructure development, Infrastructural projects

& modernization of healthcare facilities in the country are opening endless possibilities for our products. EKC has developed expertise in specialized products for new clients apart from continued patronage from existing client base.

#### 3. Increasing Natural Gas Availability

Governments steps to increase availability of Natural Gas & promotion of cleaner fuels the CNG cylinder demand is experiencing an increased demand. The increasing environment consciousness along with increased reach of gas in the country has resulted in substantial increase in natural gas vehicles. This sector shows a modest growth and expected to outperform in medium to long term.

### FINANCIAL PERFORMANCE VIS-A-VIS OPERATIONAL PERFORMANCE

With the Company's focus on strengthening the core areas of growth and disinvestment from the non performing areas has resulted in the Company to achieve profits. The operational consolidation has resulted in a minor dip in the overall operational revenue, but the Company has been able to achieve the financial profit from its operations.

### INTERNAL CONTROL SYSTEM

The Company has an Internal Audit System commensurate with its size and nature of business operations. The Internal Auditors covers all the key areas of the Company's business and reports to the Audit Committee of the Board. EKC has also implemented adequate internal controls towards achieving efficiency of operations, management of resources, accuracy and promptness of financial reporting and compliance with the applicable laws, rules and regulations.

### HUMAN RESOURCES AND INDUSTRIAL RELATIONS

The Company recognizes that the challenges of the future can be best met with the competent and motivated human resources. It has taken various HR initiatives to add value to its pool of human talent and integration of individual goals with that of the Company. Training and Development of the employees forms an integral part of the Company's policy towards achieving its objectives. The Company recognizes and appreciates the contribution of all its employees in its growth path.

- All divisions/departments of the Company are advised to schedule their work plans well in advance, particularly with regard to matters requiring discussion/ approval/decision at the Board/Committee Meetings. All such matters are communicated to the Company Secretary in advance so that the same can be included in the Agenda of the Board/Committee Meetings. The Chairman of the Board and the Company Secretary in consultation with other concerned members of the Senior Management finalise the agenda for the Board Meetings. Every Board member can suggest additional items for inclusion in the Agenda. Agenda and Notes on Agenda are circulated to the Directors, at least 7 days in advance, in the defined Agenda format. All material information is incorporated in the Agenda for facilitating meaningful and focused discussions at the meeting. Where it is not practicable to attach any document to the Agenda, the same is tabled before the

meeting with specific reference to this effect in the Agenda. Additional or supplementary item(s) on the Agenda are taken up for discussion/decision with the permission of the Chairman.

- The Board is briefed about finance, sales, marketing, major business segments and operations of the Company, global business environment, all business areas of the Company including business opportunities, business strategy and the risk management practices before taking on record the quarterly/annual financial results of the Company. All necessary information which includes but not limited to the items mentioned in various Regulations of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 are placed before the Board of Directors. The Members of the Board are free to bring up any matter for discussions at the Board Meetings and the functioning is democratic.
- To enable the Board to discharge its responsibilities effectively, the members of the Board are briefed at every Board Meeting on the overall performance of the Company. Senior management is invited to attend the Board Meetings as and when required, so as to provide additional inputs to the items being discussed by the Board.
- The Minutes of the Board Meetings of Unlisted Subsidiary Companies are tabled at the Board Meetings. The Board periodically reviews the statement of significant transactions and arrangements entered into by the Unlisted Subsidiary Companies.
- The Company Secretary records the minutes of the proceedings of each Board and Committee Meeting. The minutes of each Board/Committee Meetings are circulated in draft to all Directors for their confirmation before being recorded in the Minutes book. The Minutes are entered in the Minutes Book within 30 days from conclusion of the concerned meeting.

- **Role of Independent Directors**

Independent Directors play a key role in the decision making process of the Board as they approve the overall strategy of the Company and oversee performance of the management. The Independent Directors are committed to act in the best interest of the Company and its stakeholders. The Independent Directors are professionals, with expertise and experience in general corporate management, legal, public policy, finance, banking and other allied fields. This wide knowledge of their fields of expertise as well as the boardroom practices helps foster varied, unbiased, independent and experienced perspective. The Company benefits immensely from their inputs in achieving its strategic direction.

- **Separate Meeting of Independent Directors:**

In accordance with the provisions of Schedule IV of the Companies Act, 2013 and Regulation 25 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, a separate meeting of the Independent Directors of the Company was held on February 13, 2018, all three Independent Directors were present at the meeting with no presence of Non-Independent Directors and Members of the Management for transacting following agenda:

- Review the performance of Non-Independent Directors and the Board as a whole;
- Review the performance of the Chairperson of the Company, taking into account the views of Executive Directors and Non-Executive Directors;
- Assess the quality, quantity and timeliness of flow of information between the Company Management and the Board that is necessary for the Board to effectively and reasonably perform their duties.

- **Inter-se relationships among Directors**

Mr. P.K. Khurana is the father of Mr. Pushkar Khurana (Non-Executive Director) and Mr. Puneet Khurana (Chief Executive Officer).

Mr. Puneet Khurana has been appointed as Chief Executive Officer of the Company, w.e.f 10th February, 2017. Mr. Pushkar Khurana & Mr. Puneet Khurana are related to each other as brothers.

## CERTIFICATE ON CORPORATE GOVERNANCE

### To the Members, Everest Kanto Cylinder Limited

I have examined the compliance of Corporate Governance by Everest Kanto Cylinder Limited ('the Company') for the year ended March 31, 2018, as per the relevant provisions of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('SEBI Listing Regulations') as referred to in Regulation 15(2) of the SEBI Listing Regulations.

The compliance of conditions of Corporate Governance is the responsibility of the Company's Management. My examination has been limited to a review of the procedures and implementations thereof, adopted by the Company for ensuring the Compliance with the conditions of Corporate Governance as stipulated in the said Regulations. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In my opinion and to the best of my information and according to the explanation given to me and based on the representations made by the Management, I certify that the Company has

complied with the conditions of Corporate Governance as stipulated in SEBI Listing Regulations.

I further state that such compliance is neither an assurance to the future viability of the Company nor of the efficiency or effectiveness with which the management has conducted the affairs of the company.

## INDEPENDENT AUDITOR'S REPORT

### To the Members of Everest Kanto Cylinder Limited

#### Report on the Standalone Financial Statements

1. We have audited the accompanying standalone financial statements of **Everest Kanto Cylinder Limited** ('the Company'), which comprise the Balance Sheet as at 31 March 2018, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information

#### Management's Responsibility for the Standalone Financial Statements

2. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ('the Act') with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company, in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

3. Our responsibility is to express an opinion on these standalone financial statements based on our audit.
4. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable

assurance about whether these standalone financial statements are free from material misstatement.

6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.
7. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on these standalone financial statements.

#### Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act, in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, including Ind AS specified under Section 133 of the Act, of the state of affairs (financial position) of the Company as at 31 March 2018, and its profit (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

#### Emphasis of Matter

9. We draw attention to Note 53 to the financial statements, regarding delays in payments against the supply of goods of Rs. 8,470 Lacs, receipt of receivables of Rs. 16 Lacs and interest receivable of Rs. 1,341 Lacs, that are outstanding for a period beyond the timelines stipulated vide FED Master Direction No. 17/2016-17, FED Master Direction No. 16/2015-16 and Notification No. FEMA 120/ RB-2004 respectively, under the Foreign Exchange Management Act, 1999. The Management of the Company has represented that the Company is in the process of regularizing these defaults by filing necessary application with the appropriate authority for condonation of such delays. Pending conclusion of the aforesaid matter, the amount of penalty, if any, that may be levied, is not ascertainable and accordingly, the accompanying financial results do not include any adjustments that may arise due to such delay/default. Our report is not modified in respect of this matter.

**Other Matter**

10. The Company had prepared separate sets of statutory financial statements for the year ended 31 March 2017 and 31 March 2016, in accordance with Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended), on which we issued auditor's reports to the shareholders of the Company dated 30 May 2017 and 30 May 2016, respectively. These financial statements have been adjusted for the differences in the accounting principles adopted by the Company on transition to Ind AS, which have also been audited by us. Our opinion is not modified in respect of this matter.

**Report on Other Legal and Regulatory Requirements**

11. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of Section 143(11) of the Act, we give in the Annexure A statement on the matters specified in paragraphs 3 and 4 of the Order.
12. Further to our comments in Annexure A, as required by Section 143(3) of the Act, we report that:
- we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
  - in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - the report on the accounts of the branch office of the Company audited under Section 143(8) of the Act by the branch auditor has been sent to us and have been properly dealt with by us in preparing this report;
  - the standalone financial statements dealt with by this report are in agreement with the books of account and with the return received from branch not visited by us;
  - in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under Section 133 of the Act;
  - on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164(2) of the Act;

- we have also audited the internal financial controls over financial reporting (IFCoFR) of the Company as on 31 March 2018, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report dated 30 May 2018 as per Annexure B, expressed Unmodified opinion.
- with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
  - the Company, as detailed in note 43 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position;
  - the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
  - there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;
  - the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016 which are not relevant to these standalone financial statements. Hence, reporting under this clause is not applicable.

## Annexure A to the Independent Auditor's Report of even date to the members of Everest Kanto Cylinder Limited on the financial statements for the year ended 31 March 2018

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment.
- (b) The Property, Plant and Equipment have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the Property, Plant and Equipment is reasonable having regard to the size of the Company and the nature of its assets.
- (c) The title deeds of all the immovable properties (which are included under the head 'Property, Plant and Equipment') are held in the name of the Company, except for the following property:

(in ₹ in Lakhs)

Nature of property	Total Number of Cases	Whether leasehold / freehold	Gross block as on 31 March 2018	Net block on 31 March 2018
Land	One	Leasehold	111.42	111.42

- (ii) In our opinion, the management has conducted physical verification of inventory at reasonable intervals during the year and no material discrepancies between physical inventory and book records were noticed on physical verification.
- (iii) The Company has granted unsecured loans to companies covered in the register maintained under Section 189 of the Act; and with respect to the same:
- (a) in our opinion the terms and conditions of grant of such loans are not, prima facie, prejudicial to the Company's interest.
- (b) the schedule of repayment of principal has been stipulated wherein the principal amounts are repayable on demand and since the repayment of such loans has not been demanded, in our opinion, repayment of the principal amount is regular;
- (c) there is no overdue amount in respect of loans granted to such companies.
- (iv) In our opinion, the Company has complied with the provisions of Sections 185 and 186 of the Act in respect of loans, investments, guarantees and security.
- (v) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company, pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's products and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) Undisputed statutory dues, including provident fund, employees, state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited with the appropriate authorities, though there has been a slight delay in a few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

- (b) The dues outstanding in respect of income-tax, sales-tax, service tax, duty of customs, duty of excise and value added tax on account of any dispute, are as follows:

## Annexure B to the Independent Auditor's Report of even date to the members of Everest Kanto Cylinder Limited on the financial statements for the year ended 31 March 2018

### Independent Auditor's report on the Internal Financial Controls under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the "Act")

1. In conjunction with our audit of the standalone financial statements of Everest Kanto Cylinder Limited (the "Company") as at and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting (IFCoFR) of the Company as of that date.

### Management's Responsibility for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's IFCoFR based on our audit. We conducted our audit in accordance with the Standards on Auditing, issued by the ICAI and deemed to be prescribed under section 143(10) of the Act, to the extent applicable to an audit of IFCoFR and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR included obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's IFCoFR.

### Meaning of Internal Financial Controls over Financial Reporting

6. A Company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's IFCoFR includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

### NOTE 1:

#### Significant accounting policies and other explanatory information

##### Company information

Everest Kanto Cylinder Limited ('the Company') is a listed company domiciled and incorporated in India in 1978. The registered and corporate office of the Company is situated at 204, Raheja Centre, Free Press Journal Marg, 214, Nariman Point, Mumbai - 400002. The Company is engaged in the manufacture of high pressure seamless gas cylinders and other cylinders, equipments, appliances and tanks with their parts and accessories used for containing and storage of liquefied petroleum gases and other gases, liquids and air.

##### Basis of Preparation

The Company has prepared its separate financial statements to comply in all material respects with the provisions of the Companies Act, 2013 (the Act) and rules framed thereunder and the guidelines issued by Securities and Exchange Board of India. In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 under Section 133 of the Act, with effect from 1 April 2017. Till 31 March 2017, the Company used to prepare its financial statements as per Companies (Accounting Standards) Rules, 2014 (Previous GAAP) read with rule 7 and other relevant provisions of the Act. There are the first Ind AS Financial Statements of the Company. The transition from Previous GAAP to Ind AS has been accounted for in accordance with Ind AS 101 "First Time Adoption of Indian Accounting Standards", with 1 April 2016 being the transition date and balance for the comparative period have been restated accordingly. As per Ind AS 101, the Company has presented a reconciliation of its transition Previous GAAP to Ind AS of its total equity as at 1 April 2016 and 31 March 2017 and reconciliation of total comprehensive income for the year ended 31 March 2017. Please refer note 46 for detailed information on the transition.

The separate financial statements have been prepared on a historical cost convention and accrual basis, except for the following assets and liabilities:

- i) Certain financial assets and liabilities that are measured at fair value
  - ii) Defined benefit plans-plan assets measured at fair value
- All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of Companies Act, 2013.

#### 1. SIGNIFICANT ACCOUNTING POLICIES

##### a. Investment in subsidiaries

Investments in subsidiaries are accounted at cost less impairment in accordance with Ind AS 27 - Separate financial statements.

##### b. Foreign Currency Transactions

The functional currency of the Company is Indian rupee.

Transactions in foreign currency are recorded at exchange rate prevailing on the date of transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the Balance sheet date and exchange gain or loss arising on their settlement and restatement are recognised in the Statement of Profit and Loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not retranslated.

##### c. Revenue Recognition

Revenue is measured at the fair value of consideration received or receivable. Revenue is recognised when it can be measured reliably and it is probable that the economic benefits associated with it, will flow to the Company. Amount disclosed as revenue are reported net sales tax, goods and service tax, discount and applicable taxes which are collected on behalf of the government or on behalf of third parties.

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership of the goods have been passed to the buyer and no significant uncertainty exist regarding the amount of consideration that will be derived from the sale of goods. Recognition in the case of local sales is generally recognised on the dispatch of goods. Revenue from export sales are generally accounted for on the basis of the dates of 'On Board Bill of Lading';

Export Benefits are recognised in the year of export when the right to receive the benefit is established.

##### d. Other Income

Interest income for all debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend are recognised in statement of profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

##### e. Income tax

Income tax expense comprises Current tax expenses and net change in the deferred tax assets or liabilities during the year. Current and deferred taxes are recognised in the Statement of profit and loss, except when they relate to item

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

that are recognised in Other comprehensive income or directly in Equity, in which case, the current and deferred tax are also recognised in Other comprehensive income or directly in Equity respectively.

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Deferred income tax is recognised using Balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of an assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of recognition.

Deferred tax asset are recognised to the extent that sufficient taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable sufficient taxable profit will be available to allow or part of deferred income tax assets to be utilised. At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India which is likely to give future economic benefit in the form of availability of setoff against future income tax liability. Accordingly, MAT is recognised as deferred tax assets in the Balance sheet when the assets can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

### f. Leases

#### As a lessee

Leases where the company is a lessee and has substantially all the risks and rewards of ownership of the leased assets are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the statement of profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to statement of profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

#### As a lessor

The Company has leased out certain property, plant and equipment and such leases where the Company has substantially retained all the risks and rewards of ownership are classified as operating leases. Lease income from operating leases where the Company is a lessor is recognised in other income on a straight line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

### g. Impairment of non-financial assets

The carrying amount of the non-financial assets are reviewed at each Balance Sheet date if there is any indication of impairment based on internal/external factors. An impairment loss is recognised whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Impairment loss is recognised in the statement of profit and loss.

After impairment, depreciation / amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

charging usual depreciation / amortisation if there were no impairment.

### **h. Cash and cash equivalents**

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

### **i. Trade receivable**

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

### **j. Inventories**

- Raw Materials and Components, Work-in-Progress, Finished Goods, Stock-in-Trade, Stores and Spares etc. are valued at Lower of Cost and Net Realisable value.
- Goods in transit are valued at cost to date.
- 'Cost' comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventory to their present location and condition. Cost formulae used are either 'First In First Out' or 'Weighted Average Cost' as applicable.
- Inter-unit transfers are valued either at works or factory costs of the transferor unit.

### **k. Investments and financial assets**

#### **Classification**

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through statement of profit or loss), and
- those measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in so profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

#### **Measurement**

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that

are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in statement of profit or loss.

#### **Measurement of equity instruments**

The Company subsequently measures all equity investments at fair value. Where the company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to statement of profit or loss.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

#### **Impairment of financial assets**

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised on initial recognition of the receivables.

#### **De-recognition of financial assets**

A financial asset is derecognised only when

- The company has transferred the rights to receive cash flows from the financial asset or
- Retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the company has transferred an asset, the company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the company has not retained control of the financial asset. Where the company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

### **l. Offsetting financial instruments**

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

### m. Property plant and equipment (including Capital Work-in-Progress)

All items of property, plant and equipment are stated at historical cost less depreciation. Historical cost are stated at cost of acquisition inclusive of all attributable cost of bringing the assets to their working condition, less accumulated depreciation and accumulated impairment losses, if any.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is possible that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to statement of profit or loss during the reporting period in which they are incurred.

#### Depreciation / Amortisation:

- i. Cost of Leasehold Land is amortised over the primary period of the lease.
- ii. Depreciation on the assets has been provided on the straight line method as per the useful life prescribed in Schedule II to the Act, with residual value of 5%, except in respect of the following categories of the assets, in whose case the useful life of the asset has been assessed based on the technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturer's warranties and maintenance support, etc.

**Plant and Machinery:** 10 to 25 years

**Gas Cylinders:** 25 years

Significant components of each of the individual assets are depreciated separately over their respective useful lives; the remaining components are depreciated over the life of the principal asset.

- iii) Depreciation on additions to assets or on sale/disposal of assets is calculated pro-rata from the date of such addition or upto the date of such sale/disposal as the case may be.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

### n. Intangible Assets

Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the intangible assets.

Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured.

Computer softwares are capitalised at the amounts paid to acquire the respective license for use and are amortised over the period of useful lives. The assets' useful lives are reviewed at each financial year end.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its intangible assets as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

### o. Borrowings and other financial liabilities

Borrowings and other financial liabilities are initially recognised at fair value (net of transaction costs incurred). Difference between the fair value and the transaction proceeds on initial recognition is recognised as an asset / liability based on the underlying reason for the difference.

Subsequently all financial liabilities are measured at amortised cost using the effective interest rate method.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in statement of profit or loss. The gain / loss is recognised in other equity in case of transaction with shareholders.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

### p. Borrowing Costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in statement of Profit or Loss in the period in which they are incurred.

### q. Provisions, Contingent Liabilities and contingent assets

A provision is recognised when the Company has a present

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects the current market assessments of time value of money and the risks specific to the liability. The increase in the provision due to passage of time is recognised as interest expense. The provisions are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company.

Contingent assets are not recognised in the financial statements. However, it is disclosed only when an inflow of economic benefits is probable.

### r. Employee Benefits

#### A) Short term employee benefits:

All employee benefits which are due within twelve months of rendering the services are classified as short term employee benefits. Benefits such as salaries, wages, short term compensated absences, etc. and the expected cost of bonus, ex-gratia are recognised in the period in which the employee renders the related service.

#### B) Post employment benefits

- i. **Defined Contribution Plans:** Company's contribution to the state governed provident fund scheme, Employees State Insurance corporation (ESIC) etc. are recognised during the year in which the related service is rendered.
- ii. **Gratuity:** The Company has computed its liability towards future payments of gratuity to employees, on actuarial valuation basis which is determined based on project unit credit method and the charge for current year is debited to the Statement of Profit and Loss. Actuarial gains and losses arising on the measurement of defined benefit obligation is charged/credited to other comprehensive income. In the case of gratuity which is funded with the Life Insurance Corporation of India, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plan to recognise the obligation on net basis.
- iii. **Compensated absences:** Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be

paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the Statement of Profit and Loss in the year in which they arise.

- C) **Termination Benefits:** These are recognised as an expense in the Statement of Profit and Loss of the year in which they are incurred.

#### s. Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reserve share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the year attributable to equity share holders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

#### t. Asset classified as held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

An impairment loss is recognised for any initial recognition or subsequent written down of the assets to the fair value less cost to sell of an asset. A gain is recognised for any subsequent increase in the fair value less cost to sell of an asset but not in excess of cumulative impairment loss previously recognised.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

Assets held for sale are presented separately from the other assets in the balance sheet.

#### u. Operating cycle

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realisation in cash or cash equivalents, the company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

### v. Contributed equity

Equity shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

### w. Critical estimates and judgements

The preparation of financial statements in conformity with Ind AS requires estimates and assumptions to be made by the Management of the Company that affect the reported amounts of assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognised in the period in which the results are known.

The Management believes that these estimates are prudent and reasonable and are based upon the Management's best knowledge of current events and actions. Actual results could differ from these estimates and differences between actual results and estimates are recognised in the periods in which the results are known or materialised.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

Examples of such estimates include the useful life of fixed asset, provision for doubtful debts/advances, future obligation in respect of retirement benefit plans, provision for inventory obsolescence, impairment of investments/assets, etc.

#### i) Property, plant and equipment and Intangible Assets:

Management reviews the estimated useful lives and residual values of the assets annually in order to determine the amount of depreciation to be recorded during any reporting period. The useful lives and residual values as per schedule II of the Companies Act, 2013 or are based on the Company's historical experience with similar assets and taking into account anticipated technological changes, whichever is more appropriate.

#### ii) Income Tax:

The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to an adjustment to the amounts reported in the standalone financial statements.

#### iii) Contingencies:

Management has estimated the possible outflow of resources at the end of each annual reporting financial year, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

### iv) Impairment of financial assets:

The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.

### v) Impairment of non-financial assets:

The carrying amounts of assets are reviewed at each Balance Sheet date to assess whether there is any indication that an individual asset / group of assets (constituting a Cash Generating Unit) may be impaired. If there is any indication of impairment based on internal / external factors i.e. when the carrying amount of the assets exceed the recoverable amount, an impairment loss is charged to the Statement of Profit and Loss in the year in which an asset is identified as impaired. An impairment loss recognised in prior accounting periods is reversed or reduced if there has been a favourable change in the estimate of the recoverable amount. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

### vi. Defined benefit obligation:

The cost of post-employment benefits is determined using actuarial valuations. The actuarial valuation involves making assumptions about discount rates, expected rate of return on assets, future salary increases and mortality rates. Due to the long term nature of these plans such estimates are subject to significant uncertainty. The assumptions used are disclosed in Note 44.

### x. Standard issued but not yet effective

#### Ind AS 115

On 28 March 2018, the Ministry of Corporate Affairs (MCA), in consultation with the National Advisory Committee on Accounting Standards, has issued Companies (Indian Accounting Standards) Amendment Rules, 2018 to amend the Companies (Indian Accounting Standards) Rules, 2015. This results in introduction of Ind AS 115, Revenue from Contracts with customers, that comprehensively revamps the revenue recognition guidance. Consequently, Ind AS 18 and Ind AS 11 have been withdrawn, and other standards are suitably modified. The amendment is applicable to the Company from 01 April 2018. The Company is currently assessing the potential impact of this amendment.

#### Appendix B of Ind AS 21

This appendix is for determining the date of transaction where the entity has received / paid any foreign currency advances. This appendix states that the date of transaction shall be the date on which such advance is received or paid. Therefore these non-monetary advances will not be restated at the time of their adjustment against the particular transaction. The Company is currently assessing the potential impact of this amendment.

**Note :**

- i) Since 31st March, 2013, the investment in equity shares, amounting to ₹ 6,925.07 lakhs of EKC Industries (Tianjin) Company Ltd., the subsidiary in China, has been considered as current investment pursuant to the decision of the Board of Directors of the Company to dispose off the investment in the subsidiary by sale of the equity shares or in any other manner most beneficial to the Company. Accordingly, the amounts recoverable as loans and advances and interest thereon aggregating to ₹ 4,181.70 lakhs as on 31st March, 2018 [(₹ 4,167.20 lakhs as at 31st March, 2017) (₹ 4,296.76 as at 1 April 2016)] have been classified as current assets. The Company, based on the assessment of the fair value of the assets of EKC Industries (Tianjin) Company Ltd., is of the considered view, that no provision for the diminution in the value of the Investment is required. However, on conservative basis, during the current year, an amount of ₹ 1,000 lakhs [(31 March, 2017: ₹ 2,000 lakhs)] has been provided towards such diminution and has been disclosed as an Exceptional Item in the Statement of Profit and Loss. The total provision towards such diminution as at 31 March, 2018 stands at ₹ 6,500 lakhs [(₹ 5,500 lakhs as at 31st March, 2017) (₹ 3,500 lakhs as at 1 April 2016)].
- ii) The Company and EKC International FZE (UAE subsidiary) had, in earlier years, provided loan to EKC Industries (Tianjin) Co., Ltd. (China subsidiary). During the current period, the Company has obtained in-principle approval from Commerce Bureau, Tianjin for conversion of loans of the Company and its UAE subsidiary into equity shares of the China subsidiary. Upon receipt of final approval, the shareholding of the Company and UAE subsidiary in China subsidiary would be in proportion of 63.96% and 36.04% respectively.

On 15 April 2018, the Company along with UAE subsidiary has entered into an agreement to sell the China subsidiary to You Yuan office Union (Tianjin) Company limited for an aggregate consideration of RMB 93.50 million (approx. ₹ 9700 lakhs) subject to shareholders and various regulatory approvals in India and China. The Company has already initiated the process of obtaining the requisite shareholders approvals by circulating postal ballot notice in this regard.

The Company had advanced an inter-corporate deposit to Hubtown Limited during the year ended 31 March 2012. However, in the absence of certainty, the Company had discontinued the recognition of revenue with effect from 1 April 2015. Currently, the Company has entered into a revised agreement with Hubtown Limited and have made recoveries in accordance with the revised agreement. Accordingly, considering the recent positive developments, the Company has recognized interest income of ₹ 815 lakhs (including unrecognised income of ₹ 532 lakhs till 31 March 2017). Further, the provision towards doubtful recovery of inter-corporate deposit of ₹ 100 Lakhs has also been reversed during the year ended 31 March 2018. These amounts are forming part of 'Other Income' for the year ended 31 March 2018.

**Notes :**

- i) During the year ended 31 March 2017, the Company has entered into an agreement towards sale of building, electrical installations along with land appurtenant thereto (the "Specified Assets"), situated at Gandhidham, for an aggregate consideration of USD 29 Million. Pursuant to this transaction and subsequent realizations post year end, the Company has recognised sale of the Specified Assets (except agricultural land) and have considered the gain of ₹ 12,923.38 lakhs from the transaction as an 'Exceptional Item' in the the Statement of Profit and Loss for the year ended 31 March 2017. However, pending receipt of relevant government approvals towards conversion of agricultural land to industrial land, the agricultural land has been continued as 'Assets held for sale'. The sales consideration and carrying value of the agricultural land is USD 4 Million and ₹ 273.85 lakhs [(31 March 2017: ₹ 273.85 lakhs) (1 April 2016: ₹ 235.56 lakhs), respectively]. An amount of USD 2 Million received in the previous year as an advance against the said agricultural land has been included under 'Other Current Liabilities'.
- To give effect to the above agreement and ensure smooth continuance of the business, the Company has shifted its manufacturing facilities from Gandhidham to Kandla Plant and have incurred shifting expenses to the extent of ₹ Nil (₹ 696.33 lakhs in the previous year ended 31 March 2017). These shifting expenses have also been disclosed as an Exceptional Item in the Statement of Profit and Loss.

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018**

- ii) During the year ended 31 March 2017, the Company has sold/discarded certain items of plant of machinery rendered unusable for an aggregate loss of ₹ 1,539.44 lakhs (including impairment loss of ₹ 61.92 lakhs on Assets held for sale with residual carrying value ₹ 19.97 lakhs). The loss has been disclosed as an Exceptional Item in the Statement of Profit and Loss during the year ended 31 March 2017. These impaired assets were disposed off during the year ended 31 March 2018.
- iii) During the year ended 31 March 2017, the Company has decided to sell certain items of plant and machinery forming part of 'Capital work in progress'. Accordingly, these assets have been considered as 'Assets held for Sale'. The carrying value of these assets has been written down to their net realizable value at ₹ 1,548.48 lakhs as on 31 March 2017 and an impairment loss of ₹ 628.71 lakhs has been disclosed as an Exceptional Item in the Statement of Profit and Loss. 'Assets held for Sale' as on 31 March 2018 also includes assets amounting to ₹ 1,548.48 lakhs as stated above.
- iv) As at 31st March, 2018, 'Assets classified as held for sale' include office premises at Mumbai having book value ₹ 1,248.29 lakhs (₹ 1,235.68 lakhs as at 31 March 2017) (₹ 1,235.68 lakhs as at 1st April, 2016)] being property, plant and equipment's considered as 'Assets held for Sale', pursuant to the decision of the Company to dispose off the same in the near future.
- v) Assets classified as held for sale during the reporting period was measured at the lower of its carrying amount and fair value less costs to sell at the time of the reclassification. This has resulted in write down of the value of the assets by ₹ Nil (₹ 690.63 lakhs as at 31 March 2017) (Nil as at 1st April, 2016).

The fair value of the land has been determined based on contractual rate agreed with the buyer. The fair value of the building was determined based on government notified rates plus market value margin which represents the fair value of the building in that area. The key inputs under this approach are price per square meter of comparable lots of building in the area of similar location and size. Plant and Machinery (CWIP) has been valued based on independent quotes received from various vendors. The fair valuation has been categorized under level 2 of the fair value hierarchy (Refer note 39).

## Nature and Purpose of Reserves

## i) Securities Premium Account

Securities premium reserve is created due to premium on issues of shares. This reserve is utilised in accordance with the provisions of the Act.

## ii) General Reserve

The general reserve represents amounts appropriated out of retained earnings based on the provisions of the Act prior to its amendment.

## iii) Retained earnings

Retained earnings pertain to the accumulated earnings / losses made by the Company over the years.

## iv) FVOCI - Equity investments

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated within FVOCI equity investments reserve within equity. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.

## I. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. "This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

**Level 2:** The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation

techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

## II. Valuation techniques used to determine fair value

Significant valuation techniques used to value financial instruments include:

The fair values for investment in equity instrument are based on discounted cash flows using a discount rate determined considering Company's incremental borrowing rate.

## 40 Financial risk management

The Company is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risk which may adversely impact the fair value of its financial instrument. The Company has a risk management policy which covers risk associated with the financial assets and liabilities. The risk management policy is approved by Board of Directors. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effect on the financial performance of the company.

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company's operations. The Company's principal financial assets include loans, trade and other receivables, cash and bank balances, bank deposits and investments that derive directly from its operations.

The Company is exposed to credit risk, market risk and liquidity risk. The Company's senior management oversees the management of these risks.

### A. Credit risk

The Company is exposed to credit risk from its operating activities (primarily for trade receivables) and from its financing activities (deposits with banks and

other financial instruments) except loans to related parties. Further, the Inter Corporate deposits given by the Company are based on adequate collateral provided by the party.

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information. The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk, the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- Actual or expected significant adverse changes in business,
- Actual or expected significant changes in the operating results of the counter-party,

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

- iii) Financial or economic conditions that are expected to cause a significant change to the counter-party's ability to meet its obligations,
- iv) Significant increase in credit risk on other financial instruments of the same counter-party,
- v) Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. Where loans or receivables have been written off, the Company continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the statement of profit and loss.

**The Plan typically exposes the Company to actuarial risk such as Interest Risk, Longevity Risk and Salary Risk**

- Interest Risk:- A decrease in the bond interest rate will increase the plan liability.
- Longevity Risk: The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.
- Salary Risk: The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan's participants will increase the plan's liability.

**45. Segment reporting**

In accordance with Ind AS 108- 'operating Segment', segment information has been given in the Consolidated Financial Statements of the Company, therefore, no separate disclosure on Segment information is given in these financial statements.

**46. First time adoption of Ind AS****A. First Ind AS Financial statements**

These are the Company's first separate financial statements prepared in accordance with Ind AS applicable as at 31 March 2018.

The accounting policies set out in note 1 have been applied in preparing the financial statements for the year ended 31

March 2018, the comparative information presented in these financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS balance sheet at 1 April 2016 (the date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). Consequently, in preparing these Ind AS financial statements, the Company has availed certain exemptions and complied with the mandatory exceptions provided in Ind AS 101, as explained below. The resulting difference in the carrying values of the assets and liabilities as at the transition date between the Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position and financial performance is as follows:

**i) Optional exemptions availed****Deemed cost**

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for

## NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets and investment property covered by Ind AS 40 Investment Properties.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

### Business combinations

Ind AS 101 provides the option to apply Ind AS 103 prospectively from the transition date or from a specific date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combination prior to the transition date.

The Company has availed the business combination exemption on first time adoption of Ind AS and accordingly the business combinations prior to date of transition have not been restated to the accounting prescribed under Ind AS 103 – Business combinations.

### Investment in subsidiaries

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its subsidiaries as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition.

Accordingly, the Company has elected to measure all of its investments in subsidiaries at their previous GAAP carrying value.

## ii) Mandatory exceptions applied

### Estimates

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

The estimates as at 1 April 2016 and 31 March 2017 are consistent with those made for the same dates in

accordance with previous GAAP (after adjustment to reflect differences if any, in accounting policies) apart from the below item where the application of previous GAAP did not require estimation: - Impairment of financial assets based on the expected credit loss model.

### De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

The Company has applied the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

### Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

As per Ind AS 101, if the first time adopter did not, under the previous GAAP, recognise and measure a government loan at below market rate of interest on the basis consistent with Ind AS requirement, it shall use its previous GAAP carrying amount of the loan at the date of transition to Ind ASs as the carrying amount of the loan in the opening Ind AS balance sheet. An entity shall apply Ind AS 109 to the measurement of such loans after the date of transition to Ind ASs.

Under the previous GAAP, these loans were carried at amounts that will be repaid. Accordingly, the Company applies this exception and does not make any changes to the interest free deferred sales tax loan outstanding as at the date of transition.

## Explanations to reconciliations

<b>B.1</b>	<p><b>Impact on account of financial asset measured at FVOCI</b></p> <p><b>Previous GAAP</b> – Non-current investment are measured at cost less provision for other than temporary diminution in value.</p> <p><b>Ind AS</b> – Investment in equity shares are financial assets. For the purposes of Ind AS 109, these will be accounted at fair value through other comprehensive income at each reporting date.</p> <p>Consequently to the change, the impact on equity at transition date and as at 31 March 2017 is ₹ 279.51 Lakhs and ₹ 286.98 lakhs respectively and the impact in statement of OCI for the year ended 2016-17 is ₹ 7.47 lakhs.</p>
<b>B.2</b>	<p><b>Impact on borrowings accounted at amortised cost</b></p> <p><b>Previous GAAP</b> – The borrowings are recorded at transaction value and transaction costs/ processing fees is charged as finance cost in the year in which it is incurred.</p> <p><b>Ind AS</b> – As per Ind AS 109, borrowings are financial liabilities which are initially recorded at fair value and subsequently at amortised cost as per effective interest rate method.</p> <p>Consequently to the change, the impact on equity at transition date and as at 31 March 2017 is ₹ 182.81 lakhs and ₹ 147.26 lakhs respectively and impact in statement of profit and loss for the year ended 2016-17 is ₹ 35.55 lakhs.</p>
<b>B.3</b>	<p><b>Impact on account of creation of provision for sales return</b></p> <p><b>Previous GAAP</b> – Sales returns are accounted as and when they actually occur.</p> <p><b>Ind AS</b> – Sales returns are accounted on estimated basis. Estimated liability for expected sales returns is recognised at the times of sales. Revenue is presented net of such sales returns.</p> <p>Consequently to the change, the impact on equity at transition date and as at 31 March 2017 is ₹ 50.01 lakhs and ₹ 55.20 lakhs respectively and the impact in statement of profit and loss for the year ended 2016-17 is ₹ 5.19 lakhs.</p>
<b>B.4</b>	<p><b>Impact on account of creation of provision based on expected credit loss model</b></p> <p><b>Previous GAAP</b> - The Company provides for doubtful debts based on the realization period and policy framed by the Company based on the incurred loss model i.e. when there is an objective evidence of impairment.</p> <p><b>Ind AS</b> - As per Ind AS 109, impairment loss shall be recognised as per the expected credit losses model on all financial assets (other than those measured at fair value)“Consequent to the change, the impact on equity at the transition date and as at 31 March 2017 is ₹ 14.45 lakhs and ₹ 22.21 lakhs respectively and the impact in statement of profit or loss for the year 2016-17 is ₹ 7.76 lakhs.</p>
<b>B.5</b>	<p><b>Impact on account of fair valuation of Corporate guarantee</b></p> <p><b>Previous GAAP</b> – The Company has given guarantee on behalf of subsidiary and is charging commission to subsidiary which is not at arm's length.</p> <p><b>Ind AS</b> – Financial guarantee contracts are financial instruments and hence are recognised at fair value on initial recognition. In case the transactions is not at fair value, the same needs to be determined as per Ind AS 113 – Fair value measurement. Consequently to the change, the impact on equity at transition date and as at 31 March 2017 is ₹ 12.60 lakhs and ₹ 23.83 lakhs respectively and the impact in statement of profit and loss for the year ended 2016-17 is ₹ 11.23 lakhs.</p>

**NOTES TO THE STANDALONE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018**

<b>B.6</b>	<b>Impact of recognising actuarial gains / (losses) on defined benefit obligations in other comprehensive income</b> <b>Previous GAAP</b> - Actuarial gains / losses on defined benefit obligations is recognised in statement of profit and loss. <b>Ind AS</b> - Actuarial gains / losses on defined benefit obligations is recognised in other comprehensive income (OCI). Consequently, actuarial losses of ₹ 7.03 lakhs has been recognised in OCI.
<b>B.7</b>	<b>Impact on account of deferred taxes</b> The impact of transition adjustments together with Ind AS mandate of using balance sheet approach (against profit and loss approach in the previous GAAP) for computation of deferred tax. Deferred tax impact on transition date adjustments has been adjusted to retained earnings and deferred tax impact on Ind AS adjustments for the year 2016-17 have been adjusted to Profit and Loss/OCI.

## INDEPENDENT AUDITOR'S REPORT

### To the Members of Everest Kanto Cylinder Limited

#### Report on the Consolidated Financial Statements

1. We have audited the accompanying consolidated financial statements of **Everest Kanto Cylinder Limited** (the 'Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as the 'Group') and a joint venture, which comprise the Consolidated Balance Sheet as at 31 March 2018, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

#### Management's Responsibility for the Consolidated Financial Statements

2. The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (the 'Act') that give a true and fair view of the consolidated state of affairs (consolidated financial position), consolidated profit or loss (consolidated financial performance including other comprehensive income), consolidated cash flows and consolidated changes in equity of the Group, including its joint venture in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ('Ind AS') specified under Section 133 of the Act. The Holding Company's Board of Directors and the respective Board of Directors / management of the subsidiaries, included in the Group, and its joint venture are responsible for the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. Further, in terms of the provisions of the Act, the respective Board of Directors / management of the companies included in the Group, covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements, that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

#### Auditor's Responsibility

3. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.
4. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.
5. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether these consolidated financial statements are free from material misstatement.
6. An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial controls relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.
7. We believe that the audit evidence obtained by us and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 10 of the Other Matters paragraph below is sufficient and appropriate to provide a basis for our audit opinion on these consolidated financial statements.

#### Opinion

8. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries and joint venture, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs (consolidated financial position) of the Group and its joint venture as at 31 March 2018, and their consolidated profit (consolidated financial performance including other comprehensive income), their consolidated cash flows and consolidated changes in equity for the year ended on that date.

**Emphasis of Matter**

9. We draw attention to Note 55 to the consolidated financial statements, regarding delays in payments against the supply of goods of ₹ 8,470 lakhs, receipt of trade receivables of ₹ 16 lakhs and interest receivables aggregating to ₹ 1,341 lakhs, that are outstanding for a period beyond the timelines stipulated vide FED Master Direction No. 17/2016-17, FED Master Direction No. 16/2015-16 and Notification No. FEMA 120/RB-2004, respectively, under the Foreign Exchange Management Act, 1999. The Management of the Holding Company has represented that the Holding Company is in the process of regularizing these defaults by filing necessary application with the appropriate authority for condonation of such delays. Pending conclusion of the aforesaid matter, the amount of penalty, if any, that may be levied, is not ascertainable and accordingly, the accompanying consolidated financial statements do not include any adjustments that may arise due to such delay/default. Our opinion is not modified in respect of this matter.

**Other Matters**

10. We did not audit the financial statements of eight subsidiaries, whose financial statements (before eliminating intercompany balances) reflect total assets of ₹ 118,777 lakhs and net assets of ₹ 52,487 lakhs as at 31 March 2018, total revenues (before eliminating intercompany transactions) of ₹ 28,309 lakhs and net cash outflows amounting to ₹ 1,275 lakhs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.

Further, of these subsidiaries, five subsidiaries are located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in their respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in their respective countries. The Holding Company's management has converted the financial statements of such subsidiaries located outside India from accounting principles generally accepted in their respective countries to accounting principles generally accepted in India. We have audited these conversion adjustments made by the Holding Company's management. Our opinion in so far as it relates to the balances and affairs of such subsidiaries located outside India is based on the report of other auditors and the conversion adjustments prepared by the management of the Holding Company and audited by us.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

11. We did not audit the financial information of a subsidiary, whose financial information (before eliminating intercompany balances) reflect total assets of ₹ 1,259 lakhs and net assets of ₹ (305) lakhs as at 31 March 2018, total revenues (before eliminating intercompany transactions) of ₹ 1,868 lakhs and net cash outflows amounting to ₹ 3 lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net loss (including other comprehensive income) of ₹ 5 lakhs for the year ended 31 March 2018, as considered in the consolidated financial statements, in respect of a joint venture, whose financial information have not been audited by us. These financial information are unaudited and have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the subsidiary and joint venture, and our report in terms of sub-section (3) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiary and joint venture, are based solely on such unaudited financial information. In our opinion and according to the information and explanations given to us by the management, such financial information are not material to the Group.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matter with respect to our reliance on the financial information certified by the management.

12. The Holding Company had prepared separate sets of consolidated financial statements for the year ended 31 March 2017 and 31 March 2016 in accordance with Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) on which we issued auditor's reports dated 30 May 2017 and 30 May 2016, respectively. These separate sets of consolidated financial statements have been adjusted for the differences in the accounting principles adopted by the Holding Company on transition to Ind AS, which have also been audited by us. Our opinion is not modified in respect of this matter.

### Report on Other Legal and Regulatory Requirements

13. As required by Section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the subsidiaries and a joint venture, we report, to the extent applicable, that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements, have been kept so far as it appears from our examination of those books and the reports of the other auditors;
- c) The report on the accounts of the branch office of the Holding Company, covered under the Act, audited under Section 143(8) of the Act by branch auditor has been sent to us, and has been properly dealt with in preparing this report;
- d) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
- e) In our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under Section 133 of the Act;
- f) On the basis of the written representations received from the directors of the Holding Company and taken on record by the Board of Directors of the Holding Company and the reports of the other statutory auditors of its subsidiary companies covered under the Act, none of the directors of the Group companies covered under the Act, are disqualified as on 31 March 2018 from being appointed as a director in terms of Section 164(2) of the Act;
- g) With respect to the adequacy of the internal financial controls over financial reporting of the Holding Company, and its subsidiary companies covered under the Act and the operating effectiveness of such controls, refer to our separate report in 'Annexure A';

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries and a joint venture:
  - (i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group and a joint venture, as detailed in note 43 to the consolidated financial statements;
  - (ii) The Group, and its joint venture did not have any long-term contracts, including derivative contracts for which there were any material foreseeable losses;
  - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company, and its subsidiary companies covered under the Act;
  - (iv) The disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016 which are not relevant to these consolidated financial statements. Hence, reporting under this clause is not applicable.

## **Annexure A to the Independent Auditor's Report of even date to the members of Everest Kanto Cylinder Limited, on the consolidated financial statements for the year ended 31 March 2018**

### **Independent Auditor's Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')**

1. In conjunction with our audit of the consolidated financial statements of **Everest Kanto Cylinder Limited** (the 'Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as the 'Group'), and a joint venture as at and for the year ended 31 March 2018, we have audited the internal financial controls over financial reporting ('IFCoFR') of the Holding Company and its subsidiary companies, which are companies covered under the Act, as at that date.

#### **Management's Responsibility for Internal Financial Controls**

2. The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Holding Company and its subsidiary companies as aforesaid, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the company's business, including adherence to the company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor's Responsibility**

3. Our responsibility is to express an opinion on the IFCoFR of the Holding Company and its subsidiary companies, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act, to the extent applicable to an audit of IFCoFR, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether

adequate IFCoFR were established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the IFCoFR and their operating effectiveness. Our audit of IFCoFR includes obtaining an understanding of IFCoFR, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the IFCoFR of the Holding Company and its subsidiary companies as aforesaid.

#### **Meaning of Internal Financial Controls over Financial Reporting**

6. A company's IFCoFR is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's IFCoFR include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of IFCoFR, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the IFCoFR to future periods are subject to the risk that the IFCoFR may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

8. In our opinion and based on the consideration of the reports of the other auditors on IFCoFR of the three subsidiary companies, the Holding Company and its three subsidiary companies, which are companies covered under the Act, have in all material respects, adequate internal financial controls over financial reporting and such controls were operating effectively as at 31 March 2018, based on the internal control over financial reporting criteria established by the Holding Company and its three subsidiary companies as aforesaid, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting, issued by the Institute of Chartered Accountants of India.

### Other Matter

9. We did not audit the IFCoFR, in so far as it relates to three subsidiary companies, which are companies covered under

the Act, whose financial statements (before eliminating intercompany balances) reflect total assets of ₹ 684 lakhs and net assets of ₹ (802) lakhs as at 31 March 2018, total revenues (before eliminating intercompany transactions) of ₹ 1,152 lakhs and net cash outflows amounting to ₹ 83 lakhs for the year ended on that date, as considered in the consolidated financial statements. The IFCoFR in so far as it relates to such subsidiary companies have been audited by other auditors, whose reports have been furnished to us by the management, and our report on the adequacy and operating effectiveness of the IFCoFR for the Holding Company and its three subsidiary companies, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such three subsidiary companies, is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

### NOTE 1: Statement of significant accounting policies and explanatory information

#### 1 Group information

Everest Kanto Cylinder Limited (the 'Company' or the 'Holding Company') and its subsidiaries (collectively referred to as the 'Group') are engaged in the manufacture of high pressure seamless gas cylinders and other cylinders, equipments, appliances and tanks with their parts and accessories used for containing and storage of liquefied petroleum gases and other gases, liquids and air. The registered and corporate office of the Holding Company is situated at 204, Raheja Centre, Free Press Journal Marg, 214, Nariman Point, Mumbai - 400021, India.

#### 2 Basis of Preparation

##### (a) Compliance with Ind AS

The Group has prepared its consolidated financial statements in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 (the 'Act') read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

These consolidated financial statements for the year ended 31 March 2018 are the first financials with comparatives prepared under Ind AS. For all previous periods including the year ended 31 March 2017, the Group had prepared its consolidated financial statements in accordance with Accounting Standards prescribed under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014 (as amended) (hereinafter referred to as 'previous GAAP') used for its statutory reporting requirement in India.

The accounting policies are applied consistently to all the periods presented in the consolidated financial statements, including the preparation of the opening Ind AS Balance Sheet as at 1 April 2016 being the date of transition to Ind AS. The financial statements of the Holding Company, its subsidiaries and a joint venture have been consolidated using uniform accounting policies.

As per Ind AS 101 - First-time Adoption of Indian Accounting Standards (Ind AS 101), the Group has presented a reconciliation of Equity as previously reported on account of transition from the previous GAAP to Ind AS as at 31 March 2017 and 1 April 2016 and reconciliation of the net profit as previously reported on account of transition from the previous GAAP to Ind AS for the year ended 31 March 2017. Please refer note 48 for detailed information on the transition.

##### (b) Historical cost convention

The consolidated financial statements have been prepared on a historical cost convention and accrual basis, except for the following assets and liabilities:

- i) certain financial assets and liabilities that are measured at fair value;

- ii) assets held for sale - measured at the lower of carrying amount or fair value less costs to sell;
- iii) defined benefit plans-plan assets measured at fair value.

##### (c) Current non-current classification

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Schedule III of Companies Act, 2013. Based on the nature of business and the time between acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as a period not exceeding twelve months for the purpose of current/ non-current classification of assets and liabilities.

##### (d) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest Lakhs as per the requirement of Schedule III, unless otherwise stated.

#### 3. Principles of consolidation and equity accounting

- (a) Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The acquisition method of accounting is used to account for business combinations by the Group.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between Group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and loss, consolidated statement of changes in equity and consolidated balance sheet respectively.

##### (b) Joint venture

Investments in joint venture is accounted for using the equity method, after initially being recognised at cost in the consolidated balance sheet.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

### (c) Equity Method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Group's share of the post-acquisition profits or losses of the investee in statement of profit and loss, and the Group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from joint venture is recognised as a reduction in the carrying amount of the investment.

When the Group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 10 below.

Refer note 46 for the list of subsidiaries and joint venture considered in the CFS.

### 4. Use of estimates and judgments

The estimates and judgements used in the preparation of the consolidated financial statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known/materialised.

### 5. Property plant and equipment

All items of property, plant and equipment are stated at historical cost less depreciation and impairment, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is

derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

### Depreciation methods, estimated useful lives and residual value

- i. Cost of leasehold land is amortised over the period of the primary/secondary period of lease;
- ii. Depreciation on the fixed assets of the Holding Company, Calcutta Compressions and Liquefaction Engineering Limited and EKC International FZE, subsidiaries of the Holding Company have been provided on the straight line method as per the useful life prescribed in Schedule II to the Act, with residual value of 5%, except in respect of the following categories of the assets, in whose case the useful life of the assets has been assessed based on the technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturer's warranties and maintenance support, etc.

Plant and Equipment:	10 to 25 years
Gas Cylinders:	25 years

Further, significant components of assets in Holding Company are depreciated separately over their respective useful lives; the remaining components are depreciated over the life of the principal asset.

In respect of certain foreign subsidiaries, depreciation has been charged on pro-rata basis at the rates and methods as prescribed in the respective local regulations of the country of incorporation, which generally represents useful life of these assets.

- iii. Depreciation on additions to or on sale / disposal of property, plant and equipment is calculated pro-rata from the date of such addition or upto the date of such sale / disposal, as the case may be.
- iv. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Consolidated Statement of Profit and Loss.

On transition to the Ind AS, the Group has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

### 6. Intangible Assets

Intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

Cost includes expenditure that is directly attributable to the acquisition of the intangible assets. Identifiable intangible assets are recognised when it is probable that future economic benefits attributed to the asset will flow to the Group and the cost of the asset can be reliably measured.

Computer softwares are capitalised at the amounts paid to acquire the respective license for use and are amortised over the period of useful lives. The assets' useful lives are reviewed at each financial year end. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

On transition to Ind AS, the Group has elected to continue with the carrying value of all of its intangible assets as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

### 7 Leases

#### As a lessee

Leases where the Group is a lessee and has substantially all the risks and rewards of ownership of the leased assets are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the consolidated statement of profit and loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to consolidated statement of profit and loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

#### As a lessor

The Group has leased out certain property, plant and equipment and such leases where the Group has substantially retained all the risks and rewards of ownership are classified as operating leases. Lease income from operating leases where the Group is a lessor is recognised in 'Other income' on a straight line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the

expected inflationary cost increases. The respective leased assets are included in the consolidated balance sheet based on their nature.

### 8 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the consolidated balance sheet.

### 9 Inventories

- a. The inventories resulting from intra-group transactions are stated at cost after deducting unrealised profit on such transactions;
- b. Goods in transit are stated 'at cost';
- c. Other inventories are stated 'at cost or net realisable value', whichever is lower;
- d. Cost comprises all costs incurred in bringing the inventories to their present location and condition. Cost formulae used are 'First-in-First-out', 'Weighted Average cost' or 'Specific identification', as applicable.

### 10 Investments and financial assets

#### (i) Classification

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss), and
- those measured at amortised cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

#### (ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVTPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in consolidated statement of profit or loss.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

### (iii) Measurement of equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss.

Changes in the fair value of financial assets at FVTPL are recognised in other gain / (losses) in the consolidated statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at fair value through other comprehensive income (FVOCI) are not reported separately from other changes in fair value.

### (iv) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the group applies the simplified approach permitted by Ind AS 109 - Financial Instruments (Ind AS 109), which requires expected lifetime losses to be recognised on initial recognition of the receivables.

### (v) De-recognition of financial assets

A financial asset is derecognised only when

- the Group has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Group has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Group has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

### 11 Impairment of non-financial assets

The carrying amount of the non-financial assets are reviewed at each balance sheet date if there is any indication of impairment based on internal /external factors. An impairment loss is recognised whenever the carrying amount of an asset or a cash generating unit exceeds its recoverable amount. The recoverable amount of the assets (or where applicable, that of the cash generating unit to which the asset belongs) is estimated as the higher of its net selling price and its value in use. Impairment loss is recognised in the consolidated statement of profit and loss.

After impairment, depreciation / amortisation is provided on the revised carrying amount of the asset over its remaining useful life.

A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation / amortisation if there were no impairment.

### 12 Asset classified as held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less cost to sell.

An impairment loss is recognised for any initial recognition or subsequent written down of the assets to the fair value less cost to sell of an asset. A gain is recognised for any subsequent increase in the fair value less cost to sell of an asset but not in excess of cumulative impairment loss previously recognised.

Non-current assets are not depreciated or amortised while they are classified as held for sale.

Assets held for sale are presented separately from the other assets in the balance sheet

### 13 Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief executive officer, the chief financial officer and the chairman and managing director of the Holding Company, all of them constitute as chief operating decision maker ('CODM').

### 14 Borrowings and other financial liabilities

Borrowings and other financial liabilities are initially recognised at fair value (net of transaction costs incurred). Difference between the fair value and the transaction proceeds on initial recognition is recognised as an asset / liability based on the underlying reason for the difference. Subsequently all financial liabilities are measured at amortised cost using the effective interest rate method.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in consolidated statement of profit and loss. The gain / (loss) is recognised in other equity in case of transaction with shareholders.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period.

### 15 Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in the consolidated statement of profit and loss in the period in which they are incurred.

### 16 Provisions, contingent liabilities and contingent assets

A provision is recognised when the Group has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects the current market assessments of time value of money and the risks specific to the liability. The increase in the provision due to passage of time is recognised as interest expense. The provisions are reviewed at each balance sheet date and adjusted to reflect the current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that arise from past events, whose existence would be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Contingent assets are not recognised in the consolidated financial statements. However, it is disclosed only when an inflow of economic benefits is probable.

### 17 Revenue recognition

Revenue is measured at the fair value of consideration received or receivable. Revenue is recognised when it can be measured reliably and it is probable that the economic benefits associated with it, will flow to the Group. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, discounts, taxes and amounts collected on behalf of third parties.

Revenue from sale of goods is recognised when all the significant risks and rewards of ownership of the goods have been passed to the buyer and no significant uncertainty exist regarding the amount of consideration that will be derived from the sale of goods. Recognition in the case of local sales is generally recognised on the dispatch of goods. Revenue from export sales are generally accounted for on the basis of the dates of 'On Board Bill of Lading'. The Group recognises provision for sales return, based on the historical results, measured on net basis of the margin of the sale.

Export benefits are recognised in the year of export when the right to receive the benefit is established.

### 18 Other Income

Interest income for all debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Dividend are recognised in consolidated statement of profit and loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

### 19 Trade receivable

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment, if any.

### 20 Employee Benefits

**A) Short-term obligations:** Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

#### **B) Post-employment obligations**

- i. **Defined contribution plans:** Group's contribution to the superannuation scheme, state governed provident fund scheme, etc. are recognised during the year in which the related service is rendered.
- ii. **Gratuity:** The Group has computed its liability towards future payments of gratuity to employees, on actuarial valuation basis which is determined based on Projected Unit Credit Method and the

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

charge for current year is debited to the consolidated statement of profit and loss. Actuarial gains and losses arising on the measurement of defined benefit obligation is charged / credited to other comprehensive income. In the case of gratuity which is funded with the Life Insurance Corporation of India, the fair value of the plan assets is reduced from the gross obligation under the defined benefit plan to recognise the obligation on net basis.

- iii. **Compensated absences:** Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year are treated as other long term employee benefits. The Group's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognised in the consolidated statement of profit and loss in the year in which they arise.

### **Retirement Plans (CP Industries Holdings Inc.):**

The Subsidiary has a noncontributory defined benefit pension plan covering all union employees hired prior to 1 June 2006. The benefits are based on years of services and the applicable compensation levels under the plan. Its funding policy is to fund pension cost as determined by actuarial valuation. Contributions are intended to provide not only for benefits attributable to service to date but also for those expected to be earned in the future.

It also has two 401(k) savings plans which cover substantially all union and non union employees. For both plans, the Company matches a percentage of the employees' contributions up to the maximum level.

- C) **Termination Benefits:** These are recognised as an expense in the consolidated statement of profit and loss of the year in which they are incurred.

### **21 Foreign currency transactions**

Items included in the consolidated financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity

operates (the 'functional currency'). The consolidated financial statements are presented in Indian Rupee (INR), which is Holding Company's functional and presentation currency.

Transactions in foreign currency are recorded at exchange rate prevailing on the date of transaction. Foreign currency denominated monetary assets and liabilities are translated at the exchange rate prevailing on the Balance sheet date and exchange gain or loss arising on their settlement and restatement are recognised in the consolidated statement of profit and loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss are also recognised in OCI or profit or loss, respectively).

Non-monetary assets and liabilities that are measured in terms of historical cost in foreign currencies are not re-translated.

For the purpose of consolidation, the amounts appearing in foreign currencies in the financial statements of the foreign subsidiaries are translated at the following rates of exchange:

- i. assets and liabilities are translated at the closing rate at the date of that balance sheet
- ii. income and expenses are translated at average exchange rates (unless this is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions). On Consolidation, exchange differences arising from the translation of any net investment in foreign entities are recognised in other comprehensive income.

### **22 Income tax**

Income tax expense comprises current tax expense and net change in the deferred tax assets or liabilities during the year. Current and deferred taxes are recognised in the consolidated statement of profit and loss, except when they relate to item that are recognised in Other comprehensive income or directly in Equity, in which case, the current and deferred tax are also recognised in Other comprehensive income or directly in Equity, respectively.

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Deferred income tax is recognised using Balance sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of an assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of recognition.

Deferred tax asset are recognised to the extent that sufficient taxable profit will be available against which the deductible temporary differences and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. The carrying amount of deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable sufficient taxable profit will be available to allow or part of deferred income tax assets to be utilised. At each reporting date, the Group re-assesses unrecognised deferred tax assets. It recognizes unrecognised deferred tax asset to the extent that it has become reasonably certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Deferred tax assets include Minimum Alternate Tax (MAT) paid in accordance with the tax laws in India which is likely to give future economic benefit in the form of availability of setoff against future income tax liability. Accordingly, MAT is recognised as deferred tax assets in the consolidated balance sheet when the assets can be measured reliably and it is probable that the future economic benefit associated with the asset will be realised.

### 23 Government grant

Grant from the government are recognised at their fair value where there is reasonable assurance that the grant will be received and the Group will comply with all attached conditions.

Government grant relating to income are deferred and recognised in the consolidated statement of profit and loss over the period necessary to match them with the cost they are intended to compensate, and presented within other income.

Grant relating to purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to consolidated statement of profit and loss on straight-line basis over the expected lives of the related assets, and presented within other income.

### 24 Earnings per share

Basic earnings per share are calculated by dividing the net profit or loss (excluding other comprehensive income) for the year attributable to equity shareholders of the Holding Company by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for events such as bonus issue, bonus element in a right issue, shares split and reserve share splits (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss (excluding other comprehensive income) for the year attributable to equity share holders of the Holding Company and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares. Basic and diluted earnings per share are disclosed separately for continuing and discontinued operations.

### 25 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the consolidated balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the group or the counterparty.

### 26 Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

### 27 Critical estimates and judgements

The preparation of consolidated financial statements in conformity with Ind AS requires estimates and assumptions to be made by the Group Management that affect the reported amounts of assets and liabilities on the date of the

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Differences between actual results and estimates are recognised in the period in which the results are known.

The Group Management believes that these estimates are prudent and reasonable and are based upon the Group Management's best knowledge of current events and actions. Actual results could differ from these estimates and differences between actual results and estimates are recognised in the periods in which the results are known or materialised.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed.

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration: On March 28, 2018, Ministry of Corporate Affairs (MCA) has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The amendment will come into force from 01 April 2018. The Group is evaluating the requirement of the amendment and the impact on the Consolidated Financial Statements. The effect on adoption of Ind AS 21 is expected to be insignificant.

### 28. Recent accounting pronouncements

#### **Ind AS 115, 'Revenue from Contracts with Customers'**

On 28 March 2018, the Ministry of Corporate Affairs (MCA), in consultation with the National Advisory Committee on Accounting Standards, has issued Companies (Indian Accounting Standards) Amendment Rules, 2018 to amend the Companies (Indian Accounting Standards) Rules, 2015. This results in introduction of Ind AS 115, Revenue from Contracts with customers, that comprehensively revamps the revenue recognition guidance. Consequently, Ind AS 18 and Ind AS 11 have been withdrawn, and other standards are suitably modified. The amendment is applicable to the Company from 01 April 2018. The Company is currently assessing the potential impact of this amendment.

**Notes :**

- i) During the year ended 31 March 2017, the Holding Company had entered into an agreement towards sale of building, electrical installations along with land appurtenant thereto (the "Specified Assets"), situated at Gandhidham, for an aggregate consideration of USD 29 Million. Pursuant to this transaction and subsequent realizations post year end, the Holding Company had recognised sale of the Specified Assets (except agricultural land) and had considered the gain of ₹ 12,923.38 lakhs from the transaction as an 'Exceptional item' in the Consolidated Statement of Profit and Loss for the year ended 31 March 2017. However, pending receipt of relevant government approvals towards conversion of agricultural land to industrial land, the agricultural land has been continued as 'Assets classified as held for sale'. The sales consideration and net carrying value of the agricultural land is USD 4 Million and ₹ 273.85 lakhs (31 March 2017 ₹ 273.85 lakhs), respectively. An amount of USD 2 Million received in the previous year as an advance against the said agricultural land has been included under 'Other current liabilities'.

To give effect to the above agreement and ensure smooth continuance of the business, the Holding Company had shifted its manufacturing facilities from Gandhidham to Kandla Plant and had incurred shifting expenses to the extent of ₹ Nil (31 March 2017 ₹ 696.33 lakhs). These shifting expenses had also been disclosed as an Exceptional item in the Consolidated Statement of Profit and Loss.

- ii) As at 31 March 2018, 'Assets classified as held for sale' include office premises at Mumbai having book value ₹ 1,248.29 lakhs (₹ 1,235.68 lakhs as at 31 March 2017 and ₹ 1,235.68 lakhs as at 1 April 2016) being property, plant and equipment's considered as 'Assets held for sale', pursuant to the decision of the Holding Company to dispose off the same in the near future.
- iii) Pursuant to the decision of China subsidiary to sell the freehold land having carrying value of ₹ 95.24 lakhs and ₹ 87.29 lakhs as at 1 April 2016 and 31 March 2017 respectively, the freehold land has been considered as 'Assets classified as held for sale'.
- iv) During the year ended 31 March 2017, the Holding Company had sold / discarded certain items of plant and equipment rendered unusable for an aggregate loss of ₹ 1,539.44 lakhs (including impairment loss of ₹ 61.92 lakhs on assets classified as held for sale with residual carrying value ₹ 19.97 lakhs). The loss had been disclosed as an Exceptional item in the Consolidated Statement of Profit and Loss during the year ended 31 March 2017. These impaired assets were disposed off during the year ended 31 March 2018.
- v) During the year ended 31 March 2017, the Holding Company had decided to sell certain items of plant and equipment forming part of 'Capital work-in-progress'. Accordingly, these assets had been grouped under 'Assets classified as held for sale'. The carrying value of these assets had been written down to their net realizable value at ₹ 1,548.48 lakhs as at 31 March 2017 and an impairment loss of ₹ 628.71 lakhs had been disclosed as an Exceptional Item in the Consolidated Statement of Profit and Loss. 'Assets classified as held for sale' as at 31 March 2018 also includes assets amounting to ₹ 1,548.48 lakhs as stated above.
- vi) Assets classified as held for sale during the reporting period was measured at the lower of its carrying amount and fair value less costs to sell at the time of the reclassification. This has resulted in write down of the value of the assets by ₹ Nil (31 March 2017: ₹ 690.63 lakhs 1 April 2016: ₹ Nil).

The fair value of the land has been determined based on contractual rate agreed with the buyer. The fair value of the building was determined based on government notified rates plus market value margin which represents the fair value of the building in that area. The key inputs under this approach are price per square meter of comparable lots of building in the area of similar location and size. Plant and Equipment (Capital work-in-progress) has been valued based on independent quotes received from various vendors.

## I. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the Consolidated Financial Statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

**Level 1:** Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

**Level 2:** The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

**Level 3:** If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

## II. Valuation techniques used to determine fair value

The fair values for investment in equity instrument are based on discounted cash flows using a discount rate determined considering Holding Company's incremental borrowing rate.

### 40 Financial risk management

The Group is exposed primarily to fluctuations in foreign currency exchange rates, credit, liquidity and interest rate risks which may adversely impact the fair value of its financial assets and liabilities. The Group has a risk management policy which covers risk associated with the financial assets and liabilities. The risk management policy is approved by Board of Directors of the Holding Company. The focus of the risk management committee is to assess the unpredictability of the financial environment and to mitigate potential adverse effect on the financial performance of the Group.

The Group's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets comprises of loans, trade and other receivables, cash and cash equivalents and investments that derive directly from its operations.

The Group is exposed to Credit risk, Liquidity risk and Market risk. The Group's senior management oversees the management of these risks.

#### A. Credit risk

The Group is exposed to credit risk from its operating activities (primarily for trade receivables) and from its financing activities (deposits with banks and other financial instruments). Further, the inter corporate deposits given by the Holding Company are based on adequate collateral provided by the party.

#### Credit risk management

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Group periodically assesses financial

reliability of customers and other counter parties, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of financial assets. Individual risk limits are set and periodically reviewed on the basis of such information. The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk, the Group compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information such as:

- Actual or expected significant adverse changes in business,
- Actual or expected significant changes in the operating results of the counter-party,
- Financial or economic conditions that are expected to cause a significant change to the counter-party's ability to meet its obligations,
- Significant increase in credit risk on other financial instruments of the same counter-party,
- Significant changes in the value of the collateral supporting the obligation or in the quality of the third-party guarantees or credit enhancements.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where loans or receivables have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognized as income in the consolidated statement of profit and loss.

**C Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises three types of risk: Foreign currency risk, interest rate risk and price risk.

**(i) Foreign currency risk**

The Group is exposed to foreign exchange risk on their receivables, payables which are held in USD, AED, EUR and CZK.

**Foreign currency risk management**

In respect of the foreign currency transactions, the Group does not hedge the exposures since the management believes that the same will be offset by the corresponding receivables and payables which will be in the nature of natural hedge.

The Group's exposure to foreign currency risk at the end of reporting period expressed in ₹ in lakhs are as under:

The Plan typically to expose the Holding Company to actuarial risk such as interest risk, longevity risk and salary risk

(a) **Interest Risk:** A decrease in the bond interest rate will increase the plan liability.

(b) **Longevity Risk:** The present value of the defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after their employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

(c) **Salary Risk:** The present value of the defined plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan's participants will increase the plan's liability.

## (2) CP Industries Holdings Inc., USA

The Subsidiary has a non-contributory defined benefit pension plan covering all union employees hired prior to 1 June 2006. The benefits are based on years of service and the applicable compensation level under the plan. The Subsidiary's funding policy is to fund pension cost as determined by actuarial valuation. Contributions are intended to provide not only for benefits attributable to service to date but also for those expected to be earned in future. Accordingly, during the year ended 31 March 2018 ₹ 41.76 lakhs (31 March 2017 reversal of ₹ 284.78 lakhs) provision was reversed towards Pension and Post Retirement plan adjustments. Accordingly, the liabilities as at 31 March 2018 ₹ 1,493.83 lakhs (31 March 2017 ₹ 1,503.63 lakhs and 1 April 2016 ₹ 2,001.96 lakhs) is included in note 22 and note 26 'Provisions'.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

### 45. Discontinued operations

#### a) Description

During the year ended 31 March 2018, the Group had initiated the process to locate a buyer for its subsidiary, EKC Industries (Tianjin) Co., Ltd (China Subsidiary). Accordingly, the Consolidated Financial Statements of the Group's China operations have been reported as discontinued operations. The associated assets and liabilities are consequently presented as held for sale in the Consolidated Financial Statements for the year ended 31 March 2018. Being a discontinued operation, the China operations have not been considered as separate reportable segment.

The Group had subsequently on 15 April 2018 entered into an agreement to sell the China subsidiary to You Yuan Office Union (Tianjin) Company Limited for a consideration of RMB 93.50 million (approx. ₹ 9,700 lakhs) subject to shareholders and various regulatory approvals in India and China. The Group has already initiated the process of obtaining the requisite shareholders approvals by circulating postal ballot notice in this regard.

### B. Other Disclosures

#### 1. Identification of segments:

The chief operational decision maker monitors the operating results of its Geographical segment separately for the purpose of making decision about resource allocation and performance assessment. Segment performance is evaluated based on profit or loss and is measured consistently with profit or loss in the consolidated financial statement. Operating segments have been identified considering the organisation structure of the Group, differing risks and returns of these segments and other quantitative criteria specified in the Ind AS 108 - Operating Segments (Ind AS 108). The Group's reportable segments are India, United Arab Emirates (UAE), China, United States of America and Hungary and Others.

#### 2. Segment revenue and results

The expenses and income which are not directly attributable to any geographical segment are shown as unallocable income / (expenses).

#### 3. Segment assets and liabilities

Segment assets include all operating assets used by the operating segment and mainly consist of property, plant and equipment, trade receivables, inventories and other operating assets. Segment liabilities primarily includes trade payable and other liabilities. Common assets and liabilities which can not be allocated to any of the geographical segment are shown as unallocable assets / liabilities.

#### 4. Inter segment revenues

Inter segment revenues are recognised at sales price. The same is based on market price and business risks. Profit or loss on inter segment transfer are eliminated at the Group level.

- 5. The group deals with various customers including multiple geographies. Consequently, none of the customer contribute materially to the revenue of the Group.
- 6. For details on discontinued operations, refer note 45.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

### 48 First time adoption of Ind AS

#### A First Ind AS Consolidated Financial statements

These are the Group's first separate consolidated financial statements prepared in accordance with Ind AS applicable as at 31 March 2018.

The accounting policies set out in note 1 have been applied in preparing the consolidated financial statements for the year ended 31 March 2018, the comparative information presented in these consolidated financial statements for the year ended 31 March 2017 and in the preparation of an opening Ind AS consolidated balance sheet at 1 April 2016 (the date of transition). In preparing its opening Ind AS consolidated balance sheet, the Group has adjusted the amounts reported previously in consolidated financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). Consequently, in preparing these consolidated Ind AS financial statements, the Group has availed certain exemptions and complied with the mandatory exceptions provided in Ind AS 101, as explained below. The resulting difference in the carrying values of the assets and liabilities as at the transition date between the Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity).

An explanation of how the transition from previous GAAP to Ind AS has affected the Group's financial position and financial performance is as follows:

#### i) Optional exemptions availed

##### Business combinations

Ind AS 101 - First-time Adoption of Indian Accounting Standards (Ind AS 101) provides the option to apply Ind AS 103 - Business Combinations (Ind AS 103) prospectively from the date of transition or from a specific date prior to the date of transition. This provides relief from full retrospective application that would require restatement of all business combination prior to date of transition.

The Group has availed the business combination exemption on first time adoption of Ind AS and accordingly the business combinations prior to the date of transition have not been restated as per the accounting prescribed under Ind AS 103.

The Group applies the requirements of Ind AS 103 to business combinations occurring after the date of transition to Ind AS.

##### Deemed cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the consolidated financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-

commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 - Intangible Assets.

Accordingly, the Group has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

#### Foreign Currency Translation Reserve (FCTR)

Ind AS 101 permits cumulative balance in Foreign Currency Translation Reserve to be reset to zero at the date of transition. This provides relief from determining cumulative balance in FCTR in accordance with Ind AS 21 - The Effects of Changes in Foreign Exchange Rates from the date a subsidiary was formed or acquired.

The Group elected to reset all cumulative FCTR to zero by transferring it to opening retained earnings at the date of transaction.

#### ii) Mandatory exceptions applied

##### Estimates

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

The estimates as at 1 April 2016 and 31 March 2017 are consistent with those made for the same dates in accordance with previous GAAP (after adjustment to reflect differences if any, in accounting policies) apart from the below item where the application of previous GAAP did not require estimation: - Impairment of financial assets based on the expected credit loss model.

#### De-recognition of financial assets and liabilities

Ind AS 101 requires a first-time adopter to apply the de-recognition provisions of Ind AS 109 - Financial Instruments (Ind AS 109) prospectively for transactions occurring on or after the date of transition to Ind AS. However, Ind AS 101 allows a first-time adopter to apply the de-recognition requirements in Ind AS 109 retrospectively from a date of the entity's choosing, provided that the information needed to apply Ind AS 109 to financial assets and financial liabilities derecognised as a result of past transactions was obtained at the time of initially accounting for those transactions.

The Group has applied the de-recognition provisions of Ind AS 109 prospectively from the date of transition to Ind AS.

#### Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

The Group has classified its financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

### Non-controlling interests

A first-time adopter shall apply the requirements of Ind AS 110 - Consolidated Financial Statements (Ind AS 110) prospectively from the date of transition to Ind ASs i.e. total comprehensive income is attributed to the owners of the parent and to the non-controlling interests even if this results in the non-controlling interests (NCI) having a deficit balance.

The Group has availed the business combination exemption on first time adoption of Ind AS and accordingly the business combinations prior to date of transition have not been restated to the accounting prescribed under Ind AS 103. When a first-time adopter elects to apply Ind AS 103 retrospectively to past business combinations, it shall also apply Ind AS 110

retrospectively. Hence deficit balance of subsidiary not attributed to parent before the date of transition have not been apportioned to NCI.

### Government loans

As per Ind AS 101, if the first time adopter did not, under the previous GAAP, recognise and measure a government loan at below market rate of interest on the basis consistent with Ind AS requirement, it shall use its previous GAAP carrying amount of the loan at the date of transition to Ind AS as the carrying amount of the loan in the opening Ind AS balance sheet. An entity shall apply Ind AS 109 to the measurement of such loans after the date of transition to Ind AS.

Under the previous GAAP, these loans were carried at amounts that will be repaid. Accordingly, the Group applies this exception and does not make any changes to the interest free deferred sales tax loan outstanding as at the date of transition.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2018

## Explanations to reconciliations

<b>B.1</b>	<p><b>Impact on financial liabilities accounted at amortised cost</b></p> <p><b>Previous GAAP</b> – The borrowings are recorded at transaction value and transaction costs/processing fees is charged as finance costs to consolidated profit and loss in the year in which the cost is incurred.</p> <p><b>Ind AS</b> – As per Ind AS 109, borrowings are financial liabilities which are initially recorded at fair value and subsequently at amortised cost as per effective interest rate method.</p> <p>Consequent to the change, the impact on equity at the date of transition and as at 31 March 2017 is ₹182.81 lakhs and ₹147.25 lakhs, respectively and impact in consolidated statement of profit and loss for the year ended 31 March 2017 is ₹(35.56) lakhs.</p>
<b>B.2</b>	<p><b>Impact on account of provision for expected credit loss</b></p> <p><b>Previous GAAP</b> - The Group provides for doubtful debts based on the realisation period and policy framed by the Group based on the incurred loss model i.e. when there is an objective evidence of impairment.</p> <p><b>Ind AS</b> - As per Ind AS 109, impairment loss shall be recognised as per the expected credit losses model on all financial assets (other than those measured at fair value)</p> <p>Consequent to the change, the impact on equity at the date of transition and as at 31 March 2017 is ₹ (13.58) lakhs and ₹(22.21) lakhs, respectively and the impact in consolidated statement of profit or loss for the year ended 31 March 2017 is ₹(8.63) lakhs.</p>
<b>B.3</b>	<p><b>Impact on account of provision for sales return</b></p> <p><b>Previous GAAP</b> – Sales returns are accounted as and when they actually occur.</p> <p><b>Ind AS</b> – Sales returns are accounted on estimated basis. Estimated liability for expected sales returns is recognised at the times of sales. Revenue from operations is presented net of such sales returns .</p> <p>Consequent to the change, the impact on equity at the date of transition and as at 31 March 2017 is ₹ (50.01) lakhs and ₹ (55.20) lakhs, respectively and the impact in consolidated statement of profit and loss for the year ended 31 March 2017 is ₹ (5.19) lakhs.</p>
<b>B.4</b>	<p><b>Impact on account of fair valuation of equity instruments</b></p> <p><b>Previous GAAP</b> – Non-current investment are measured at cost less provision for other than temporary diminution in value.</p> <p><b>Ind AS</b> – Investment in equity shares are financial assets. For the purposes of Ind AS 109, these will be accounted at fair value through other comprehensive income at each reporting date.</p> <p>Consequent to the change, the impact on equity at the date of transition and as at 31 March 2017 is ₹ 279.51 lakhs and ₹ 286.98 lakhs, respectively and the impact in statement of OCI for the year ended 31 March 2017 is ₹ 7.47 lakhs.</p>
<b>B.5</b>	<p><b>Impact on account of deferred taxes</b></p> <p>The impact of transition adjustments together with Ind AS mandate of using balance sheet approach (against profit and loss approach in the previous GAAP) for computation of deferred tax has impacted the reserves on date of transition, with consequential impacts to the statement of profit and loss for the subsequent periods. Deferred tax impact on transition date adjustments has been adjusted to retained earnings and deferred tax impact on Ind AS adjustments for the year ended 31 March 2017 have been adjusted to Consolidated Statement of Profit and Loss / statement of OCI.</p> <p>Consequent to the change, the impact of ₹ 56.85 lakhs and ₹ 60.38 lakhs was made as on transition date and as at 31 March 2017, respectively.</p>
<b>B.6</b>	<p><b>Impact on account of reclassification of net actuarial gain / (losses) on defined benefit plans to other comprehensive income</b></p> <p><b>Previous GAAP</b> - Actuarial gains / losses on defined benefit obligations is recognised in consolidated statement of profit and loss.</p> <p><b>Ind AS</b> - Actuarial gains / losses on defined benefit obligations is recognised in other comprehensive income (OCI). Consequently, actuarial gains of ₹ 7.47 lakhs has been recognised in OCI.</p>
<b>B.7</b>	<p><b>Impact on account of exchange differences arising from translating the financial statements of foreign operation</b></p> <p>Exchange differences arising on translation of net investment in foreign operation is recognised initially in OCI and included as 'Foreign Currency Translation Reserve' within equity. Consequent to the change, the impact on consolidated statement of profit or loss for the year ended 31 March 2017 is ₹(435.07) lakhs.</p>
<b>B.8</b>	<p><b>Impact on account of government grant</b></p> <p><b>Previous GAAP</b> – Government grant related to specific property, plant and equipment are shown as a deduction from the gross value of the asset concerned in arriving at its carrying value. The grant is thus recognised in the consolidated statement of profit and loss over the useful life of a depreciable asset by way of a reduced depreciation charge.</p> <p><b>Ind AS</b> - Government grants related to assets, including non-monetary grants at fair value are presented in the consolidated balance sheet by setting up the grant as deferred income.</p> <p>Consequent to the change, the impact on consolidated statement of profit or loss for the year ended 31 March 2017 on account of amortisation charge and grant income ₹ (7.79) lakhs and ₹ 7.54 lakhs, respectively.</p>

(a) During the year, the Chairman & Managing Director (CMD) of the Holding Company was entitled to remuneration. However, the CMD has voluntarily decided not to draw any remuneration from the Company.

(b) The Holding Company currently does not have Chief Financial Officer and Company Secretary as required under Section 203 of the Companies Act, 2013 read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014. The Company is in the process of hiring a suitable candidate.

**54** In accordance with Indian Accounting Standard 18 – Revenue from customers, the Group has deferred the recognition of interest income of ₹ Nil (31 March 2017 ₹ 304.03 lakhs and 1 April 2016 ₹ 228.44 lakhs), due to uncertainties involved in ultimate collection of the outstanding amounts.

**55** The outstanding balances of the Holding Company as at 31 March, 2018 include trade payables aggregating ₹ 8,469.71 lakhs, trade receivables aggregating ₹ 16.26 lakhs and interest receivable aggregating to ₹ 1,341.00 lakhs to/from companies situated outside India. These balances are pending for settlement due to financial difficulties and have resulted in delays in remittance of payments, receipts of trade receivables and receipt of interest, beyond the timeline stipulated by the FED Master Direction No. 17/2016-17, FED Master Direction No. 16/2015-16 and Notification No. FEMA 120/ RB-2004 respectively, under the Foreign Exchange Management Act, 1999. The Holding Company is in the process of regularizing these defaults by filing necessary applications with the appropriate authority for condonation of delays.

**56** During the year 2012-13, the provision of ₹ 4,469.35 lakhs was made in respect of trade receivables of EKC International FZE, UAE, that were due for more than one year as at the end of that financial year, due to the prevalent geo-political situation in the Middle East and out of abundant caution. During the current year, ₹ 350.56 lakhs (31 March 2017: ₹ 72.91 lakhs) have been recovered against the same. Management is confident of recovering the balance of receivables of ₹ 1,233.43 lakhs (31 March 2017: ₹ 1,583.99 lakhs).
