24. **THE INTRUCTIONS OF SHAREHOLDERS FOR REMOTE E-VOTING AND E-VOTING DURING AGM AND JOINING MEETING THROUGH VC/OAVM ARE AS UNDER:**
 - (i) The voting period begins on **Saturday, 28th May, 2022 at 09.00 A.M. and will end on Monday, 30th May, 2022 at 5.00 P.M.** During this period shareholders of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of May 24, 2022 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
 - (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
 - (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242** dated 09.12.2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/

NOTICE (Contd.)

retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of SEBI circular **no. SEBI/HO/CFD/CMD/CIR/P/2020/242** dated December 9, 2020 on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

Pursuant to above said SEBI Circular, Login method for e-Voting and joining virtual meetings **for Individual shareholders holding securities in Demat mode** is given below:

FORM MR-3

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2021

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No.9 of the Companies (Appointment and Remuneration of Key Managerial Personnel) Rules, 2014]

**TO,
THE MEMBERS,
TANTIA CONSTRUCTIONS LTD.,
BLOCK DD 30 SECTOR 1
SALT LAKE CITY, 7TH FLOOR,
KOLKATA – 700064**

1. We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by TANTIA CONSTRUCTIONSLTD. (hereinafter called the company). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.
2. Based on our verification of the Company books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the company has, during the audit period covering the Financial Year ended on 31st March, 2021 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:
3. We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31st March, 2021 according to the provisions of:
 - i) The Companies Act, 2013 (the Act) amendments thereof and the rules made thereunder;
 - ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
 - iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
 - iv) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (d) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 and other applicable regulations /guidelines/circulars as may be issued by SEBI from time to time.

We further report that, there were no actions/ events in pursuance of;

- (a) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- (b) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
- (c) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and
- (d) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
- (e) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;

ANNEXURE II TO THE DIRECTOR'S REPORT (Contd.)

We further report that as per the representation made by the Management, there are no specific acts applicable to the company during the period under review.

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the Institute of Company Secretaries of India and to the extent amended and notified from time to time.
- (ii) The Listing Agreements entered into by the Company with Bombay Stock Exchange Limited and National Stock Exchange of India Limited.

Since the National Company Law Tribunal, Kolkata bench has ordered the commencement of a corporate insolvency resolution process (CIRP) in respect of the Company on 13th March, 2019, the powers of the board of directors has been suspended, therefore there are many irregularities regarding the compliance of the provisions of the law. During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except:

- a. The Company has partially complied with the provisions of the Company Act, 2013. Further the required approvals regarding extension of holding of Annual general meeting during the Financial Year 2020-21 for the Financial Year 2019-20 has not been obtained by the company.
- b. The Company has partially complied with the regulations of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.
- c. The Company has partially complied with the regulations of the SEBI (Prohibition of Insider Trading) Regulations, 2015.
- d. The Company has partially complied with applicable Secretarial Standards.

We further report that

The Hon'ble National Company Law Tribunal, Kolkata Bench (herein referred to as the "Hon'ble NCLT") vide its order dated March 13, 2019, admitted the application for initiation of Corporate Insolvency Resolution Process filed by State Bank of India in respect of Tania Constructions Limited, in accordance with Section 7 of the Insolvency and Bankruptcy Code, 2016. Pursuant to the order passed on March 13, 2019, Mr. Kshitiz Chhawchharia was appointed as the Interim Resolution Professional to manage the affairs of the Company and was subsequently confirmed as the Resolution Professional by the Committee of Creditors vide e-voting conducted in the 1st Meeting of the Committee of Creditors, which concluded on April 13, 2019 to carry out the CIR process for the Company.

On February 24, 2020, the Hon'ble NCLT approved the Resolution Plan submitted for the Company by the consortium of EDCL Infrastructure Limited and Upendra Singh Construction Private Limited.

In terms of the Approved Resolution Plan, a Monitoring Committee (hereinafter referred to as the "MC") has been constituted comprising of seven members - three (3) representatives from the Financial Creditors (as decided by the CoC), three (3) representatives from the Successful Resolution Applicants and the Erstwhile Resolution Professional, to manage the affairs of the Company as a going concern and supervise the implementation of the Approved Resolution Plan until the transfer of control of your Company to the Successful Resolution Applicant.

In light of the above, it may be noted that it is this Monitoring Committee which has been in office for the period under review and the Board of Directors of the Company exists with suspended powers.

As a new Board is yet to come into existence, the Company has a board without proper balance of Executive Directors, Non-Executive Directors. Further there are no independent director and woman director in its board exceeding the specified time limit as per Section 149 and Schedule IV of the companies act, 2013. There were no changes in the composition of Board of Directors during the period under review as the old Board is suspended as per the IBC Code and CIRP process and the new Monitoring Committee is framed up. However, filing of Form DIR-12 for resignation of Mr. Ananda Mohan Maity w.e.f. 26.09.2019 is not done due to some technical issues as explained by the management and whose name is still showing the signatory details of MCA system. This consequently results in the fall of statutory number of directors below the limit of three directors for a public company in accordance with Section 149(1) of the Companies Act, 2013.

We further report that the National Company Law Tribunal, Kolkata bench has ordered the commencement of a corporate insolvency resolution process (CIRP) in respect of the Company on 13th March, 2019 and the resolution plan for the

ANNEXURE II TO THE DIRECTOR'S REPORT (Contd.)

Company was approved on 24.02.2020. However, as per the explanation and information provided by the management, it may be pertinent to note here that the implementation of the resolution plan is being delayed due to certain anomalies related to the promoters shareholding wherein 99,19,032 no. of equity shares out of 20,94,75,30 equity shares issued to promoters, do not have listing and trading approval from both the stock exchanges. Owing to the anomalies in the subject shares, the promoter's shareholding is not available to be transferred in the name of the successful Resolution Applicant. The Hon'ble NCLT, Kolkata Bench has also been made adept to the case vide IA-617/KB/2020 and IA-679/KB/2020, both subjudiced. Once this deadlock is resolved and the shares of the promoters are available to be transferred to the Successful Resolution Applicant, the implementation would expedite.

Keeping in view the above matter, it is given to understand that the company is exempted with respect to the provisions of the Board and committees as required under Regulation 17 to Regulation 21 of SEBI (LODR) Regulations, 2015 read with SEBI notification no. SEBI/LAD-NRO/GN/2018/21 dated 31.05.2018.

We further report that By the order of The National Company Law Tribunal, Kolkata bench under Corporate Insolvency Resolution Process (CIRP) the power of the Board has been suspended, therefore the provisions of issue of notice and agenda for the Board meeting and related activities are not applicable to the company.

We further report that pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/12 dated January 22, 2020, Trading Members were informed that the entity is non-compliant under the Regulation 27(2) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. The company is already in the 'Z' / 'ZP' / 'ZY' group."

We further report that during the audit period the members of the company had approved the Appointment of M/s J Jain & Company, Chartered Accountants, (FRN:310064E) as the Statutory Auditors of the Company to fill casual vacancy caused by the resignation of M/s S. Guha & Associates, Chartered Accountants via ordinary resolution through postal ballot dated 05.06.2021

We further report that during the audit period the Company had no other specific event/actions having major bearing on Company's affairs in pursuance of above laws, rules, regulations, guidelines, standards, etc. other than the continuation of CIR Process and delay in the implementation of resolution plan for reasons stated above.

This Report is to be read with our letter of even date which is annexed "Annexure A" and forms an Integral Part of this Report.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT- F.Y. 2020-2021

Tantia Constructions Limited (hereinafter referred to as **"TCL"** or **"Your Company"**), is a world-class Infrastructure Services Company, operating across the infrastructure lifecycle with strong positions in major markets. As a pre-eminent Indian Infrastructure Company, established over five decades ago, your Company strongly anchored itself to India's development effort over the past few years.

The Hon'ble National Company Law Tribunal, Kolkata Bench, (hereinafter referred to as **"the Hon'ble NCLT"** or the **"Adjudicating Authority"**) vide its order dated March 13, 2019 (hereinafter referred to as the **"Insolvency Commencement Date"**), initiated Corporate Insolvency Resolution Process (hereinafter referred to as **"CIR Process"**) of your Company in accordance with the provisions of the Insolvency and Bankruptcy Code, 2016 (hereinafter referred to as **"the Code"**). Pursuant to the Order passed on March 13, 2019, Mr. Kshitiz Chhawchharia was appointed as the Interim Resolution Professional (hereinafter referred to as the **"IRP"**) to manage the affairs of the Company, and was subsequently confirmed as the Resolution Professional (hereinafter referred to as the **"RP"**) by the Committee of Creditors (hereinafter referred to as the **"CoC"**) via e-voting conducted in the first meeting of the CoC, which concluded on April 18, 2019, to carry out the CIR Process for the Company.

On February 24, 2020, the Hon'ble NCLT approved the Resolution Plan (hereinafter referred to as the **"Approved Resolution Plan"**) submitted for your Company by the consortium of EDCL Infrastructure Limited (hereinafter referred to as **"EDCL Infra"**) and Upendra Singh Construction Private Limited (hereinafter referred to as **"USCPL"**) (hereinafter EDCL Infra together with USCPL, is referred to as the **"Consortium"** or the **"Successful Resolution Applicants"** or the **"RA"**).

In terms of the Approved Resolution Plan, a Monitoring Committee (hereinafter referred to as the **"MC"**) has been constituted comprising of seven members- three representatives from the Financial Creditors (as decided by the CoC), three representatives from the Successful Resolution Applicants and the Erstwhile Resolution Professional- to manage the affairs of the Company as a going concern and supervise the implementation of the Approved Resolution Plan until the transfer of control of your Company to the Successful Resolution Applicants.

During the year under review, this Monitoring Committee has been entrusted with the management of the affairs of your Company.

1. ECONOMIC OVERVIEW

1.1. Global Economic Overview

The world has endured a year of the unexpected onslaught by the novel COVID-19 virus - SARS-CoV-2 - first identified in Wuhan city of China in December 2019. The pattern and trends in spread of the virus across major countries showed that confirmed cases spread exponentially once community transmission began. Understanding the disease dynamics posed challenges as a large fraction of affected people were asymptomatic but were potentially contributing to the spread of the pandemic.

As per the report issued by the International Monetary Funds in April, 2021, global prospects remain highly uncertain one year into the pandemic. Economic recoveries are diverging across countries and sectors, reflecting variation in pandemic-induced disruptions and the extent of policy support. Social distancing, vaccinations, and treatments have helped slow the progress of the virus and saved lives. At the same time, the crisis has laid bare large differences in countries' capacity to support their population, especially the most vulnerable. The measured pandemic death toll (more than 2½ million people worldwide), excess mortality from other causes on account of delayed care, and elevated unemployment have imposed extreme social strains worldwide. Vaccination has begun in most countries, holding promise of eventual reductions in the severity and frequency of infections. Coverage varies considerably so far, and countries are expected to achieve widespread inoculation at different times. Second and third infection waves have necessitated renewed restrictions in many countries since the October 2020 World Economic Outlook (WEO) forecast. This stop-go rhythm means that recovery is uneven and far from complete. Although GDP, in general, recovered stronger than expected in the second half of 2020, it remains significantly below pre-pandemic trends in most countries. Moreover, high-frequency indicators suggest a softening of momentum in some sectors in early 2021.

Across countries, the recovery has been shaped by the path of the pandemic, curbs to mobility imposed to contain its progress, and policy actions. Output losses have been particularly large for countries that rely on tourism and

ANNEXURE VII TO THE DIRECTOR'S REPORT

commodity exports and for those with limited policy space to respond. Many of these countries entered the crisis in a precarious fiscal situation and with less capacity to mount major health care policy responses, forcing stricter lockdowns to contain the spread of the virus. Factors such as the proportion of “teleworkable” jobs, share of employment in small and medium enterprises, depth of capital markets, size of the informal sector, and quality of and access to digital infrastructure also played roles—in both the downturn and the speed of the recovery. Such differences may, in turn, lead to lasting divergences across countries if the pandemic is not beaten back universally.

Strong demand for products that support working from home and the release of pent-up demand for durable goods more generally (especially automobiles) have been key factors behind the global recovery since the second half of 2020. Following a short-lived and synchronized collapse, industrial production has returned to pre-pandemic levels. Consumption of contact-intensive services has remained depressed, however, as the reopening of many economies in May–June—which led to a surprise rebound in the third quarter of 2020—also triggered a second wave of infections and further curbs to mobility in the closing months of 2020. Travel, the arts, entertainment, sports, hospitality, and brick-and-mortar retail have operated at a fraction of their capacity since the beginning of the pandemic and will not see a substantial rebound before the pandemic is brought under control. International trade in goods has shown similar patterns. Merchandise trade volumes have returned to pre-pandemic levels. Cross-border trade in services remains subdued.

The labour market recovery is also incomplete, with still-elevated unemployment and underemployment. Despite extraordinary policy support (including job retention programs and wage subsidies), unemployment rates have risen by about 1½ percentage points above their pre-pandemic averages in both advanced and emerging market and developing economies. Labour force participation has also dropped. Moreover, the true amount of slack may be even larger than these indicators suggest as many countries have introduced or expanded jobs retention programs.

In contrast with the labour and product markets, notwithstanding recent volatility, asset markets have powered ahead, lifted by policy stimulus and expectations of a vaccine-driven normalization later this year. At the same time, fiscal authorities channelled relief to households and firms through transfers, wage subsidies, and liquidity support. These actions supplemented other aspects of the safety net, such as unemployment insurance and nutrition assistance.

Financial regulators in many countries facilitated continued credit provision with a range of measures which included easing classification guidelines for nonperforming loans, relaxing provisioning requirements for banks, reducing risk weights on loans backed by public guarantees, introducing moratoriums on bankruptcy proceedings, and flexibility regarding bank capital requirements reducing macro prudential buffers, clarifying how breaches of capital buffers would be treated. Financial conditions have been broadly supportive. Exchange rate movements have reflected these shifts in risk sentiment; most emerging market currencies and those of commodity exporters have appreciated, while the US dollar has depreciated since last April. All these developments helped limit amplification of the shock.

Much work remains to achieve a complete recovery. High uncertainty surrounds the global outlook. Beyond the usual set of idiosyncratic shocks that normally beset all forecasting exercises, future developments will depend on the path of the pandemic, policy actions, the evolution of financial conditions and commodity prices, and the capacity of the economy to adjust to health-related impediments to activity. The ebb and flow of these drivers and their interaction with country-specific characteristics will determine the pace of the recovery and the extent of medium-term scarring.

1.2. Indian Economic Overview

The Covid-19 pandemic engendered a once-in-a-century global crisis in 2020, threatening all that was taken for granted—mobility, safety, and a normal life itself. This, in turn, posed the most formidable economic challenge to India and to the world in a century.

Faced with unprecedented uncertainty at the onset of the pandemic, India focused on saving lives and livelihoods by its willingness to take short-term pain for long-term gain. India's response stemmed from the humane principle that while GDP growth will recover from the temporary shock caused by an intense lockdown, human lives that

ANNEXURE VII TO THE DIRECTOR'S REPORT (Contd.)

are lost cannot be brought back. After the September peak, India has been unique in experiencing declining daily cases despite increasing mobility. While the lockdown resulted in a 23.9 per cent contraction in GDP in Q1, the recovery has been a V-shaped one as seen in the 7.5 per cent decline in Q2 and the recovery across all key economic indicators.

Unlike previous crises, the Covid pandemic affects both demand and supply. India was the only country to announce a slew of structural reforms to expand supply in the medium to long term and avoid long-term damage to productive capacities. On the demand side, India's policies have been calibrated to ensure that the accelerator is slowly pushed down only when while the brakes are being removed on economic activities. A public investment programme centred around the National Infrastructure Pipeline is likely to accelerate the demand push and further the recovery. The upturn in the economy while avoiding a second wave of infections makes India a *sui generis* case in strategic policymaking amidst a once-in-a-century pandemic.

During FY 2020-21, while the agricultural sector posted a growth of 3%, the industrial sector contracted by 7.4% and the services sector was hit the hardest with a decline of 8.4%. As a result, consumption expenditure declined 7.1% while Gross Fixed Capital Formation contracted 12.4%. A decline in global commodity prices helped contain inflation, with Consumer Price Index inflation rising 6.18% and Wholesale Price Index inflation rising 1.2% during the year.

A number of policy reforms have been undertaken and carried out by the government to boost infrastructure development. The Earnest Money Deposit (EMD) and performance security on government and public sector lenders has been relaxed for both existing and new contracts from the Centre and PSEs, leading to lower working capital requirements. Funding requirements will also ease due to EMD relaxation for new tenders, thus improving execution capabilities of companies. To boost the liquidity of contractors, their payments have been fast tracked. The sector is highly responsible for propelling India's overall development and enjoys intense focus from Government for initiating policies that would ensure time-bound creation of world class infrastructure in the country. Infrastructure sector includes power, bridges, dams, roads, and urban infrastructure development. Government of India also launched Emergency Credit Line Guarantee Scheme to provide much needed relief to stressed sectors by helping entities sustain employment and meet liabilities.

2. INDIA'S INFRASTRUCTURE SECTOR

The Infrastructure sector is a key driver of the Indian economy and contributes to India's overall development. The sector, accordingly, receives focused attention and resource allocation from both Central and State Governments. FY 2020-21 started with the nationwide lockdown due to the Covid-19 pandemic which had stalled all economic activities during the first quarter of the year. The lockdown took a heavy toll on the economy, with up to two-thirds of activity either shut or working at reduced capacity. Post the lockdown, businesses took various steps to bring back labour and materials to site. Gradually, the operations at sites picked up, and by the second quarter of the year, there was improved labour presence at sites and work progress. Adequate precautions were taken to curtail the spread of the virus by following the social distancing norms, proper sanitisation and by restricting physical movement.

Despite the Covid-19 pandemic, in FY 2020-21, both contract awards and construction activities were robust. Tenders of Rs. 7.8 lakh crore were floated in FY 2020-21, higher by 50% Y-o-Y. The FY 2020-21 saw cumulative awards of Rs. 3.5 lakh crore. Several large-ticket projects were tendered, some of which were also awarded, viz. expressways, metro and defence. The slew of other relief measures undertaken by the Central Government – including relaxation on EMD (Earnest Money Deposit) and performance security, relaxation of bidding eligibility criterion and increased frequency of payments for on-going contracts, relief for contractors/developers under the Atmanirbhar Bharat Scheme – has aided the growth of construction plays.

MoRTH constructed a record total length of 13,394 km of national highway, translating into 37kms/day of highway construction, whereas in FY 2019-20 it had constructed a total length of 10,236 km. The NHAI awarded/opened bids for projects worth Rs. 1.4 lakh crore and spanning 4,800 km during FY 2020-21.

The Government has extended its Rs. 111 lakh crore National Infrastructure Pipeline (NIP) to cover more projects by 2025, in an effort to kick-start the economy. The NIP, which was launched with 6,835 projects, has now expanded to 7,400 projects.

ANNEXURE VII TO THE DIRECTOR'S REPORT

The National Bank for Financing Infrastructure and Development Bill has already been passed by both Houses of the Parliament, paving the way for the creation of a development finance institution (DFI). The proposed DFI is expected to raise low-cost funds for long-term infrastructure financing to the tune of R 5 lakh crore over the next three years, leveraging with an initial equity capital of Rs. 20,000 crore.

The Union Budget 2021 has an unprecedented increase in capital expenditure allocation for FY 2021-22 by 34.5% to Rs. 5.5 lakh crore to push growth through infrastructure investment. Key growth areas like Railways, Highways, Metros, Transmission & Distribution and Water (Jal Jeevan Mission) have witnessed a significant rise in allocations.

The public transportation system has received a lot of focus in the budget, with increased allocation to major ongoing metro projects and proposed plans of deploying two new technologies, i.e. 'MetroLite' and 'MetroNeo' in Tier-2 cities and the peripheral areas of Tier-1 cities.

The Union Budget 2021 allocated Rs. 3.05 lakh crore for a revamped reform scheme for cash-starved power Discoms, to be released over five years. The increase in allocation for infrastructure will boost the power sector overall. It will help in upgrading the country's Transmission & Distribution network and build on grid connectivity to ensure efficient evacuation of solar energy, particularly the ambitious Green Energy Corridor scheme.

For the renewables power sector, the budgetary measures support the ambitious energy transition announced by the Prime Minister, including the renewable energy target of 450 GW by 2030.

Furthermore, the asset monetisation programme was one of the other highlights of the Budget. A National Monetisation Pipeline is proposed to be set up for brownfield infra investment and monetising public infrastructure investments. Several measures have been rolled out in the direction of monetisation. It has been proposed that NHAI and PGCIL sponsor InvIT to attract foreign and domestic investors. There are proposed plans of monetisation of the Dedicated Freight Corridor and other infrastructure assets of the Railways. The privatisation of airports, oil and gas pipelines, warehousing assets under CPSE shall further contribute to the monetisation plan. SPVs shall be set up to monetise the land assets of various PSUs and CPSEs.

4. COMPANY'S BUSINESS OVERVIEW

Pursuant to the order passed by the Hon'ble NCLT, on February 24, 2020, as stated above, a Monitoring Committee has been constituted comprising of seven members- three representatives from the Financial Creditors (as decided by the CoC), three representatives from the Successful Resolution Applicants and the Erstwhile Resolution Professional- to manage the affairs of the Company as a going concern and supervise the implementation of the Approved Resolution Plan until the transfer of control of your Company to the Successful Resolution Applicants.

In terms of the SEBI (Listing Obligation and Disclosure Requirements) (Third Amendment) Regulation, 2018, May 31st, 2018 read with the Resolution Plan as approved by the NCLT Order dated February 24th, 2020, all the roles and responsibilities of the Board of Directors/ Committees shall be fulfilled by the Resolution Professional in accordance with Section 17 and Section 23 of IBC and powers of the Board of Directors/ Committee stands suspended.

The office of the Resolution Professional ceasing to exist since the approval of Resolution Plan on February 24, 2020 of your company is currently being monitored by the above stated Monitoring Committee. Your company started its operations with projects in the railways segment and extended its activities to other infrastructure segments along with production of Ready Mix Concrete (RMC), over a period of few years. Your Company continues to operate in its existing markets whilst exploring avenues and opportunities for further diversification. The outbreak of the Coronavirus (COVID-19) pandemic and subsequent lockdown restrictions weighed on the Company's results last year. Like many other sectors, the construction sector also faced the brunt of the pandemic.

5. QUALITY CONTROL

Your Company maintains a robust quality control system based on the result of the experience of its founders and the priorities placed by the management evolved to meet day-to-day needs as well as, size and operational necessities. Your Company is among the first in India to be accredited with the ISO 9001:2000 from DNV, the Netherlands in 2001, which was further upgraded as ISO 9001:2008 in the year 2010.

6. RISKS AND CONCERNS

Amid COVID-19, the construction industry has been hit hard and is being challenged by many obstacles regarding

ANNEXURE VII TO THE DIRECTOR'S REPORT (Contd.)

contractual obligations, availability of resources, deliverables, health and safety measures, and project delays or cancellations. The perception of change regarding schedule impacts will significantly affect the lodging, international and commercial construction sectors. Owing to the nature of the Industry your Company operates in, it is exposed to a variety of risk factors which are broadly categorized into Financial, Technical, Marketing, Legal and Policy & Political.

Further, with respect to the current Government which has set the ball rolling with several announcements to reform the sector and boost investor sentiments, some challenges remain to be addressed to sustain the growth trajectory.

- The increasing backlog of infrastructure projects, mounting losses due to delays and cost overruns could slow momentum.
- Factors such as delays in land acquisition and environmental clearances, capacity constraints, weak project management, and dependency on human labour need immediate attention.
- In real estate and construction, financing, changes in government regulations, foreign direct investments, approval processes, environment clearances and legal hassles & proceedings affect the execution project, and lead to significant cost overrun.
- In the EPC business, delay in projects execution, stall of projects due to non-payment by developers, steep cost escalation in inputs affect the execution of projects, resulting in significant cost overrun.

7. SWOT ANALYSIS

Strengths

- Geographical spread of operations in India allows proximity to a large and diversified customer base
- Skilled, experienced and diversified workforce with proved credentials
- Well established brand recognition and goodwill owing to innovative marketing strategies.

Weaknesses

- Bureaucracy causing delay in approvals and change in policies
- Low entry barriers in the industry causing several unorganized regional players
- Cautious approach of Banks and low exposure in Infrastructure Sector
- Rising input costs for cement, steel and other construction materials
- Longer working capital cycle
- Delays in obtaining environmental clearances, land acquisitions and rehabilitation
- Stagnant and low construction margins

Opportunities

Basis its strengths and effective Government initiatives towards development of Indian Infrastructure, your Company is realistically optimistic and finds immense opportunity in acquiring new orders for construction of roads, bridges, water treatment system etc.

Threats

- Political Instability
- Wars
- Terrorism
- Multinational conflicts
- Natural disasters
- Fuel shortages and their prices;
- Heavy fluctuation in prices of steel and cement

ANNEXURE VII TO THE DIRECTOR'S REPORT

8. STRATEGY AND OUTLOOK

The Indian Infrastructure Sector has the potential to generate upto US\$5 trillion in annual revenue by 2025, create additional jobs and contribute over to India's GDP. Increased urbanisation is firmly placed in the centre of this progress. As per World Bank study, by 2031, some 600 million people are expected to live in India's cities. Therefore, construction houses are slated to be one of the greatest contributors to this futuristic plan.

A revival of the economy post-demonetization and implementation of GST are putting the country back on track. Your Company is looking to be the major beneficiary for the increased infrastructure spending on roads, airports and expected high GDP. Sustained increase in infrastructure is expected to be one of the crucial factors for sustaining strong growth during the current decade. Significant investment in physical infrastructure will also lead to increased production efficiency, reduction in cost of doing business and improved standard of living. Builders' Association of India, in association with the government as well as private bodies, has taken up training of construction workers. The outlook for the construction sector is very positive with the government ready to mobilize US\$1 trillion investment plan over the next five years.

Government Initiatives

The government of India announced larger outlays for infrastructure development. The government announced Rs. 1.1 Lakh Crore for the Indian Railways to improve infrastructure, Rs. 1.07 Lakh Crore allocated towards capital expenditure, a growth opportunity for the company.

Road Ahead

The rapidly globalizing world is opening up newer avenues for the Infrastructure industry, especially while it makes a shift towards more efficient, safe and reliable modes of operation. Over the next decade, this will lead to newer verticals and opportunities for infrastructure development companies.

TCL-Way Forward

TCL aims to be equipped for adding to the developments in the Infrastructure Industry. Your Company strives to enhance its core business by aligning with the changing times and the demands of its customers, most of them being market leaders in the respective industry segments. Your Company continues to adapt and structure its business in a way so as to be able to capitalise its growth opportunities from other future growth areas, with an aim at diversifying its customer base; ensure efficient conversion of the Order Book into healthy margins through execution, operational excellence and digitalisation initiatives; manage financial resources for the growth of the business and strong financial health to facilitate access to capital markets as and when required; incubate new business to tap future growth opportunities; engage with start-ups to access innovations to enhance capabilities and develop new offerings; focus on businesses contributing to environment sustainability and thrust on opportunities linked to achieving the Sustainable Development Goals, like access to clean water for everyone, reduction in consumption of virgin material in construction, energy efficient solutions, etc.

Your Company has a well laid out plan to meet its goals, which includes:

- Maintaining adequate liquidity on the Balance Sheet to exploit growth opportunities and fund emerging and high growth businesses
- Prudent allocation of resources (Capex and Working Capital) to fund growth in different businesses. Financial resources are monitored and directed at a central level with mandates for control at a local level
- Attracting and retaining a robust and thriving talent pool through employee engagement programmes, monetary and non-monetary incentives, leadership development initiatives, offering professional development opportunities and fostering a conducive organisation climate. Your Company has evolved a series of structured HR policies to enable this resource allocation
- Long-term lasting engagements with labour sub-contractors to ensure a steady augmentation of resources at project sites
- Long-term engagement with vendors of services, materials and equipment to provide adequate resources for business growth in various business verticals

ANNEXURE VII TO THE DIRECTOR'S REPORT (Contd.)

- Maintaining strong financial health to facilitate raising of resources from Capital Markets as and when required
- Ensuring judicious allocation of manpower and monetary resources to company-wide sustainability and growth initiatives such as CSR, Digitalisation and operational excellence programs

CORPORATE GOVERNANCE REPORT FOR THE FINANCIAL YEAR 2020-2021

Corporate governance is a modus operandi of governing a corporate entity which includes a set of systems, procedures and practices which ensure that the Company is managed in the best interest of all corporate stakeholders i.e. shareholders, employees, suppliers, customers and society in general. Fundamentals of Corporate Governance include transparency, accountability, reporting and independence. For accomplishment of the objectives of ensuing fair Corporate Governance, the Government of India has put in place framework based on the stipulations contained under the Companies Act, 2013, SEBI Regulations, Accounting Standards, Secretarial Standards etc.

COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

The Company is at the core of corporate governance practice and oversees how the management serves and protects the long-term interests of all the stakeholders. We believe that an active, well-informed and independent Board is necessary to ensure healthy standards of Corporate Governance. However, a company undergoing insolvency resolution process is exempted from the requirement of, amongst others, composition of board of directors, constitution, meetings and terms of reference of the audit committee, constitution, meetings and terms of reference of the nomination and remuneration committee, constitution, meetings and terms of reference of the stakeholders' relationship committee as required under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as the **"SEBI Listing Regulations"**).

This is to apprise the members that pursuant to an application made by State Bank of India, the Hon'ble National Company Law Tribunal, Kolkata bench (hereinafter referred to as **"Adjudicating Authority"**), vide its order dated March 13, 2019, had ordered the commencement of the corporate insolvency resolution process (hereinafter referred to as **"CIR Process"**) in respect of your company under the provisions of the Insolvency and Bankruptcy Code, 2016 (hereinafter referred to as the **"Code"**). Thereafter, in accordance with Section 17 of the Code, the powers of the Board stood suspended and Mr. Kshitiz Chhawchharia was appointed as Interim Resolution Professional of the Company who was later confirmed as Resolution Professional of your Company by the Committee of Creditors (hereinafter referred to as the **"CoC"**) via e-voting conducted in the first meeting of the CoC, which concluded on April 18, 2019, to carry out the CIR Process for the Company, to manage the affairs of your Company. In compliance with the provisions of Section 134(3) of the Companies Act, 2013, a report containing the details and information as required to be disclosed in the Report on Corporate Governance to the shareholders of your Company is provided hereunder.

On February 24, 2020, the Hon'ble NCLT approved the Resolution Plan (hereinafter referred to as the **"Approved Resolution Plan"**) submitted for your Company by the consortium of EDCL Infrastructure Limited (hereinafter referred to as **"EDCL Infra"**) and Upendra Singh Construction Private Limited (hereinafter referred to as **"USCPL"**) (hereinafter EDCL Infra together with USCPL, is referred to as the **"Consortium"** or the **"Successful Resolution Applicant"** or the **"RA"**).

In terms of the Approved Resolution Plan, a Monitoring Committee (hereinafter referred to as the **"MC"**) has been constituted comprising of seven members- three representatives from the Financial Creditors, three representatives from the Successful Resolution Applicants and the Erstwhile Resolution Professional, to manage the affairs of the Company as a going concern and supervise the implementation of the Approved Resolution Plan until the transfer of control of your Company to the Successful Resolution Applicants.

Members may kindly note that this Monitoring Committee has been in office for the entire period to which this report pertains and that the office of the Resolution Professional ceased to exist since the approval of Resolution Plan, i.e. February 24, 2020.

The Corporate Governance Report prepared by Tantia Constructions Limited ("the Company"), contains details as stipulated in Regulations 17 to 27 and clauses (b) to (i) of regulation 46(2) and para C and D of Schedule V of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended ("the Listing Regulations") ('applicable criteria') with respect to Corporate Governance for the year ended March 31, 2021. This certificate is required by the Company for annual submission to the Stock exchange and to be sent to the shareholders of the Company.

Management's Responsibility

2. The preparation of the Corporate Governance Report is the responsibility of the Management of the Company including the preparation and maintenance of all relevant supporting records and documents. This responsibility also includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the Corporate Governance Report.
3. The Management is also responsible for ensuring that the Company complies with the conditions of Corporate Governance as stipulated in the Listing Regulations, issued by the Securities and Exchange Board of India.

PCS's Responsibility

4. My responsibility is to provide a reasonable assurance that the Company has complied with the conditions of Corporate Governance, as stipulated in the Listing Regulations.
5. The procedures also include examining evidence supporting the particulars in the Corporate Governance Report on a test basis. Further, our scope of work under this report did not involve us performing audit tests for the purposes of expressing an opinion on the fairness or accuracy of any of the financial information or the financial statements of the Company taken as a whole.

Opinion

6. According to the information and explanations given to us, we are of the opinion that the Company has complied with the conditions of Corporate Governance as stipulated in the Listing Regulations, as applicable for the year ended March 31, 2021, referred to in paragraph 1 above, except for the information provided in Para 7.

Other Matters

7. Pursuant to an application made by State Bank of India, the Hon'ble National Company Law Tribunal, Kolkata bench ("Hon'ble NCLT"), vide its order dated March 13, 2019, had ordered the commencement of the Corporate Insolvency Resolution Process ("CIR Process") in respect of the Company under the provisions of the Insolvency and Bankruptcy Code, 2016 ("IBC" / "the Code"). Thereafter in accordance with Section 17 of the Code, the powers of the Board stood suspended and Mr.KshitijChhawchharia was appointed as Interim Resolution Professional of the Company who was later confirmed as the Resolution Professional of the Company on April 18, 2019 to carry out the CIR Process and manage the affairs of the Company.

On February 24, 2020, the Hon'ble NCLT approved the Resolution Plan (hereinafter referred to as the "Approved Resolution Plan") submitted for the Company by the consortium of EDCL Infrastructure Limited (hereinafter referred to as "EDCL Infra") and Upendra Singh Construction Private Limited (hereinafter referred to as "USCPL") (hereinafter EDCL Infra together with USCPL, is referred to as the "Consortium" or the "Successful Resolution Applicants" or the "RA").

In terms of the Approved Resolution Plan, a Monitoring Committee (hereinafter referred to as the "MC") has

ANNEXURE VIII TO THE DIRECTOR'S REPORT (Contd.)

been constituted comprising of seven members-three representatives from the Financial Creditors (as decided by the Committee of Creditors), three representatives from the Successful Resolution Applicants and the Erstwhile Resolution Professional, to manage the affairs of the Company as a going concern and supervise the implementation of the Approved Resolution Plan until the transfer of control of the Company to the Successful Resolution Applicants.

Further, in terms of SEBI (Listing Obligations and Disclosure Requirements) (Third Amendment) Regulations, 2018, a company undergoing CIR process is not required to comply with relevant Regulations of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 dealing with the requirements of, amongst others, composition of board of directors including that of independent director, constitution, meetings and terms of reference of the audit committee, constitution, meetings and terms of reference of the nomination and remuneration committee, constitution, meetings and terms of reference of the stakeholders' relationship committee.

The Company being managed by the above named Monitoring Committee has a Board with their powers suspended. Therefore, as per the management explanation, the provisions related to the Independent directors as per regulation 24, 25, 26 cannot be complied and as clarified by them the compliance of Regulation 24A and Regulation 46(2)(t) is yet to be done. There is delay in compliance of Regulation 27 during the financial year 20-21.

Restriction for Use

8. This Certificate is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.
9. This Certificate is addressed to and provided to the members of the Company solely for the purpose of enabling it to comply with its obligations under the Listing Regulations and should not be used by any other person or for any other purpose. Accordingly, we do not accept or assume any liability or any duty of care or for any other purpose or to any other party to whom it is shown or into whose hands it may come without our prior consent in writing. We have no responsibility to update this Certificate for events and circumstances occurring after the date of this Certificate.

Reports on the Audit of Standalone Ind AS Financial Statements

Qualified Opinion

We have audited the accompanying financial statements of Tantia Constructions Limited (the Company), which comprise the Balance sheet as at 31st March 2021, the statement of Profit and Loss including other comprehensive income), the statement of change in Equity and the statement of Cash Flows for the year then ended, and Notes to the financial statement including a summary of the significant accounting policies other explanatory information (hereinafter referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Ind AS financial statements except for the effects of the matter described in the Basis for Qualified Opinion of our report the aforesaid financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2021, its profit including other comprehensive income , its cash flows and the change in equity for the year ended on that date .

Basis for Qualified Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that audit evidence we had obtained, except with regard to matter set out below in paragraph (a) to (c), is sufficient and appropriate to provide a basis for our qualified opinion.

- (a) Amount receivables and payables including certain balances under cash & cash equivalents, trade receivables/ payables, loans, other financial assets, other assets/ liabilities are subject to balance confirmations and reconciliations thereof, if any required.
- (b) Non-ascertainment and provision for slow/non/obsolete inventory and as such consequent impact thereof on the financial statement of the company, if any, cannot be commented upon by us.
- (c) Non-ascertainment and provision for Investment in non-moving Joint ventures aggregating to Rs.277 lakhs. As such consequent impact thereof on the financial statement of the company, if any, cannot be commented upon by us.

Matter of Emphasis

- a) There is delay in implementation of the Approved Resolution Plan for the reasons mentioned in Note 55 of the financial statements. As per the Resolution Plan approved on 24th Feb 2020 and instructions given thereafter in this matter by the Adjudicating Authority, the affairs of the Company including implementation of same are managed by the Monitoring Committee as a going concern basis.
- b) Trade receivables, and Loans and Advance - Current assets includes Rs. 5670 lakhs, and Rs.890 lakhs, respectively lying outstanding for more than three years. As receivable mainly from government agencies, subsidiary and associate company or pending under arbitration, the same has been considered good and as such no provision has been made there against by the Management.
- c) Certain fixed deposits with banks aggregating Rs. 205.22 lakhs written off last year, were restored at Rs.250.01 lakhs which includes interest earned in earlier years based on communication received from the banks. The same has been included in "Exceptional item" in profit and loss accounts. Further interest income accrued against these deposits amounting to Rs.15.25 lakhs has been included under "Other Income".
- d) Fixed deposit of Rs.1000 lakhs given as performance security to "Committee of Creditors" by Resolution Applicant

Independent Auditor's Report

as per the Approved Resolution Plan, treated as amount received by the Company from the Successful Resolution Applicant and the same has been included in "Other banks balances" by creating corresponding liability to them and shown under "Other Current Liabilities".

Further, interest income of Rs 39.50 lakhs accrued thereon accounted for under other income and corresponding liability accounted as "other financial liabilities".

- e) Rs 350 lakhs received from Resolution Applicant as per approved resolution for payment to employees and other operational creditors. Pending implementation of Resolution Plan, the same has been deposited with bank as short-term deposit and interest accrued thereon of Rs. 4.91 lakhs has been accounted for as interest income.
- f) Advance to suppliers includes Rs. 278.84 lakhs given to different parties during the period of Corporate Insolvency Resolution Process, is still due to be recovered or adjusted and same has been considered as good.
- g) Land allotted to the Company from West Bengal Housing Infrastructure Development Corporation Limited amounting to Rs.372 lakhs is under subjudice and pending before the Hon'ble Calcutta High Court. The same has been under Fixed asset as Freehold land.
- h) Title deeds with respect to certain Lands hold by Company are not available.
- i) Exceptional item includes Rs 1317(Net) Lakhs on account of assets and liabilities written off/back during previous financial year the year has been restored during the current financial year.
- j) Tantia Infrastructure Private Limited (hereinafter referred to as "TIPL"), subsidiary company has in turn made substantial investments in inter-alia in another subsidiary company, Tantia Raxaultollway Private Limited (hereinafter referred to as "TRPL"). TRPL being an SPV entity is currently non-operational and the project is currently under arbitration. Owing to the same status of the operations at the subsidiaries and the stated pending arbitration, advance against material amounting to Rs.4475 lakhs and Advance against Contract amounting to Rs.2031.47 lakhs payable to TRPL by the Company, has been retained; and Measurement and recognition of preference share of Rs.17882 lakhs(at fair value after netting of provision for diminution in value of Rs. 13271 lakhs) in TIPL has been done and as such no further provision has been made by the management.

Our opinion is not qualified in respect of the above paragraph (a) to (j).

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Ind AS financial statements of the current period. These matters were addressed in the context of our audit of the Standalone Ind AS financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matter described below to be key audit matters to be communicated in our report

Independent Auditor's Report

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Management is responsible for the preparation of the other information. The other information comprises the Corporate Information, Management Discussion and analysis and Director Report including Annexure to Director Report, Corporate Governance and Shareholder's information, but does not include Standalone Ind AS financial statements and our auditor's report thereon.

Our opinion on the Standalone Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Standalone Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those in charges with Governance for the Standalone Ind AS Financial Statements

The Company's Management is responsible for the matters stated in section 134(5) of the Companies Act 2013 with respect to the preparation of these Standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance including comprehensive income, change in equity and cash flows of the Company in accordance with the other accounting principles generally accepted in India including India Accounting Standard (Ind AS). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Management are responsible for overseeing the Company's financial reporting process.

The Hon'ble National Company Law Tribunal, Kolkata (NCLT) on 24th February 2020 approved the Resolution Plan (hereinafter referred to as the Approved Resolution Plan) submitted for the Company by the successful Resolution Applicant (RA). In terms of approved Resolution Plan, a Monitoring Committee is constituted to manage the affairs of the Company as a going concern and supervise the implementation of the Approved Resolution Plan.

Auditor Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Standalone Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Standalone Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are

Independent Auditor's Report

appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Standalone Ind AS financial statements, including the disclosures, and whether the Standalone Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Standalone Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Standalone Ind AS financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance we determine those matters that were of most significant in the audit of the Standalone Ind AS financial statements for the financial year ended on 31st March 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulator precludes public disclosure about the matter or when, in extreme rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As Required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the Annexure "A" , a statement on the matters specified in paragraphs 3 and 4 of the Order , to the extent applicable.

Accordingly, the provisions of clause 3(v) of the order are not applicable to the company.
 - 6) We have reviewed the books of accounts maintained by the Company pursuant to the Rule made by the Central Government for maintenance of cost records under section 148 of the Companies Act, 2013 and are of the opinion that, prima facie, the prescribed accounts and records have been maintained. We have, not made a detailed examination of the records with a view to determine whether they are accurate or complete.
 - 7) (a) According to information and explanations given to us and on the basis of our examination of the books of account, and records of the Company, amount deducted/accrued in the books in respect of undisputed statutory dues including Provident Fund, Employee State Insurance, Income Tax, Goods and Service Tax, Duty of Customs, Cess and any other statutory dues have generally not been regularly deposited during the year by the company with the appropriate authorities.
 - (b) As mentioned in note 39 to the Standalone Ind AS financial statements, as per approved Resolution Plan, which inter alia resulted in extinguishment of all contingent liabilities and commitments, claims and obligation, which pertains to the period on or before the effective date (13th March, 2019) pursuant to the implementation of the Resolution Plan. There are no due of Income Tax, Sales tax, Service Tax, duty of custom, duty of Excise, value added tax and good and service tax which not been deposited on account of dispute.
 - 8) The National Company Law Tribunal (NCLT) has approved the terms of the Resolution Plan submitted by Resolution Applicant, pursuant to which loans or borrowing owned by the Company as at the date have been partially extinguished by way of waiver. Accordingly, the Company has not defaulted in repayment of loans or borrowing to any financial institute or a bank during the year.
- There were no loans or borrowing payable to Government or debenture holders.
- 9) Based upon the audit procedures performed and the information and explanations given by the management, the company has not raised moneys by way of initial public offer or further public offer including debt instruments and term Loans. Accordingly, the provisions of clause 3 (ix) of the Order are not applicable to the Company and hence not commented upon.
 - 10) Based upon the audit procedures performed and the information and explanations given by the management, we report that no fraud by the Company or on the company by its officers or employees has been noticed or reported during the year.

"Annexure A" to the Independent Auditors' Report

- 11) Based upon the audit procedures performed and the information and explanations given by the management, no managerial remuneration have been provided by the Company, hence this clause 3(ii) is not applicable to the company
- 12) In our opinion and according to information and explanation given to us , the Company is not a Nidhi Company. Accordingly, the provisions of clause 3(xii) of the Order are not applicable to the Company.
- 13) According to the information and explanation given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with section 177 and 188 of the companies Act, 2013 and the details of such transaction have been disclosed in the financial statements as required by the applicable accounting standards;
- 14) According to information and explanations given by the management, the company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of clause 3 (xiv) of the Order are not applicable to the Company and hence not commented upon.
- 15) According to information and explanations given to us and based on our examination of the records, the company has not entered into any non-cash transactions with directors or persons connected with him. Accordingly, the provisions of clause 3 (xv) of the Order are not applicable to the Company and hence not commented upon.
- 16) According to information and explanations given to us, the company is not required to be registered under section 45 IA of the Reserve Bank of India Act, 1934 and accordingly, the provisions of clause 3 (xvi) of the Order are not applicable to the Company and hence not commented upon.

“Annexure B” to the Independent Auditors’ Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **Tantia Constructions Limited** ('the Company') as of 31st March 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, to the extent applicable to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial control over financial reporting were established and maintained and if such control operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and
- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future

"Annexure B" to the Independent Auditors' Report

periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on our audit, the following material weakness have been identified as at 31 March 2021:

The Company did not have appropriate internal controls for

- **ascertainment and provision for slow/non/obsolete inventory and non-moving joint ventures**
- **reconciliation of balances lying as receivables and payables with third party balance confirmation and as such consequent impact thereof on financial statements of the Company.**

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In my our opinion, the company has, in all material respects, maintained adequate internal financial controls over financial reporting as on 31 March 2021, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by ICAI and except for the effects/possible effects of the material weakness/es described above on the achievement of the objectives of the control criteria, the Company's internal financial controls over financial reporting were operating effectively as of March 31, 2021.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2021 standalone Ind AS financial statements of the Company, and these material weaknesses do affect our opinion on the financial statements of the Company.

Notes to the Standalone financial statements for the period ended 31st March 2021

1 Corporate Information

Tantia Constructions Limited (hereinafter referred to as "**Company**") is one of the most proficient civil infrastructure solutions providers in India. Incorporated as a private limited Company in 1964 which became public limited Company in 1982, the Company is engaged in executing critical infrastructure projects. It began operations in the railways segment and over the years expanded to six other core infrastructure segments namely roads, urban development, infrastructure and industrial fabrication, power, marine and aviation.

Pursuant to an application made by State Bank of India, the Hon'ble National Company Law Tribunal, Kolkata bench (hereinafter referred to as "**Adjudicating Authority**"), vide its order dated 13 March 2019, had ordered the commencement of the corporate insolvency resolution process (hereinafter referred to as "**CIR process**") in respect of the company under the provisions of the Insolvency and Bankruptcy Code, 2016 (hereinafter referred to as "**the Code**").

During the CIR process, expression of interest was sought against which applications were received, out of which a Consortium of EDCL Infrastructure Limited and Upendra Singh Constructions Private Limited were selected as the "Successful Resolution Applicant". Pursuant to its order (hereinafter referred to as "**NCLT Order**") dated 24 February 2020 (hereinafter referred to as the "**effective date**"), the Adjudicating Authority approved the Resolution Plan (hereinafter referred to as the "**Approved Resolution Plan**") submitted by the successful Resolution Applicants (hereinafter referred to as the "**RA**") for the Company under Section 31 of the Code. As per the terms of Section 31 of the Code, the Approved Resolution Plan shall be binding on the Company, its employees, members, creditors, guarantors and other stakeholders involved in the Resolution Plan. As per the Approved Resolution Plan, a Monitoring Committee (hereinafter referred to as the "**MC**") has been formed to oversee its implementation and to manage the affairs of the Company as a going concern until the transfer of control of the Company to the Resolution Applicant. During the implementation of the Approved Resolution Plan, the erstwhile Board of Directors stands retired with their powers suspended and the stated MC in charge of the Company for the relevant period.

Considering the above, the financial statements are being presented on a 'Going Concern' basis.

The financial statements were certified by the Chartered Secretary (Key Managerial Personell of the Company) and members of the MC and taken on record by the MC at the meeting held on 20th December, 2021.

2 Basis of preparation

a) Statement of Compliance

These standalone financial statements have been prepared in accordance with the provisions of the Companies Act, 2013 (hereinafter referred to as the "**Act**") (to the extent notified) and the Indian Accounting Standards (hereinafter referred to as "**Ind AS**") notified under the the Companies (Indian Accounting Standards) Rules, 2015 and amendments thereto issued by Ministry of Corporate Affairs under section 133 of the Act. In addition, the guidance notes/ announcements issued by the Institute of Chartered Accountants of India (ICAI) are also applied except where compliance with other statutory promulgations require a different treatment.

These standalone Financial Statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values.

Accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing standard requires a change in the accounting policy hitherto in use.

b) Functional and presentation currency

The financial statements are presented in Indian Rupees ('Rs') which is Company's presentation currency and amounts have been rounded to the nearest Lakhs, except where otherwise indicated.

c) Basis of preparation

The financial statements have been prepared on historical cost convention on the accrual basis, except for the following items:

- (i) Certain financial assets and financial liabilities measured at fair value;
- (ii) Employee's defined benefit plan as per actuarial valuation.

Notes to the Standalone financial statements for the period ended 31st March 2021

Fair value is the price that would be received on the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using another valuation technique. In determining the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when valuing the asset or liability at the measurement date.

For recognition of Income and Expenses, mercantile system of accounting is followed except in case of insurance claims where on the ground of prudence and as well as uncertainty in realization, the same is accounted for as and when accepted/ received.

d) Use of judgments and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively.

Critical accounting judgements and key sources of estimation uncertainty: Key assumptions -

(i) Useful lives of Property, plant and equipment:

The Company uses its technical expertise along with historical and industry trends for determining the economic life of an asset/ component of an asset. The useful lives are reviewed by management periodically and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of the assets.

(ii) Fair value measurement of financial instruments:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using certain valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

(iii) Defined benefit plans:

The cost of the defined benefit plan includes gratuity and the present value of the gratuity obligation are determined using actuarial valuations using projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iv) Recognition and measurement of provisions and contingencies:

The certain key assumptions about the likelihood and magnitude of an outflow of resources. Provision is towards known contractual obligation, litigation cases and pending assessments in respect of taxes, duties and other levies, if any, in respect of which management believes that there are present obligations and the settlement of such obligations are expected to result in outflow of resources, to the extent provided for.

e) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

The Company has an established control framework with respect to the measurement of fair values.

The management regularly reviews significant unobservable inputs and valuation adjustments.

Notes to the Standalone financial statements for the period ended 31st March 2021

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).]
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3 Significant accounting policies

a) Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 – Presentation of Financial Statements based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

Operating cycle for the business activities of the company covers the duration of the specific project/ contract/ product line/ service including the defect liability period wherever applicable and extends up to the realisation of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business.

b) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

i. Financial Assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Trade receivables are initially measured at transaction price. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Amortised cost
- Fair value through other comprehensive income (FVTOCI)
- Fair value through profit or loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The effective interest rate (EIR) amortisation is included in finance income in the profit or loss.

Notes to the Standalone financial statements for the period ended 31st March 2021

Financial assets at FVTOCI

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

Financial assets at FVTPL

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Financial assets included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit & Loss.

Other equity investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

Investments in Subsidiaries, Associates and Joint-Ventures

The Company has accounted for its equity instruments in Subsidiaries, Associates and Joint-Ventures at cost except where Investments are accounted for at cost shall be accounted in accordance with Ind AS 105, wherein they are classified as assets held for sale.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

ii. Financial liability

Initial recognition and measurement

Financial liabilities are initially recognised at fair value plus any transaction cost that are attributable to the acquisition of the financial liabilities except financial liabilities at fair value through profit or loss which are initially measured at fair value.

Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in following categories:

- Financial liabilities through profit or loss (FVTPL)
- Financial liabilities at amortised cost

Financial liabilities through FVTPL

A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

Financial liabilities at amortised cost

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and any gain or loss on derecognition are recognised in profit or loss.

Interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximates fair value due to the short maturity of these instruments.

Notes to the Standalone financial statements for the period ended 31st March 2021

Derecognition

A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

iii. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

c) Property, Plant and Equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located. Borrowing costs directly attributable to the acquisition or construction of those qualifying property, plant and equipment, which necessarily take a substantial period of time to get ready for their intended use, are capitalised.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate components of property, plant and equipment.

Assets retired from active use and held for disposal are stated at the lower of their net book value and net realisable value and shown under 'Other current assets'.

A fixed asset is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit or loss.

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work - in - Progress.

ii. Subsequent expenditure

Subsequent expenditure is capitalized only when it is probable that the future economic benefits associated with the expenditure will flow to the Company. Ongoing repairs and maintenance are expensed as incurred.

iii. Depreciation and amortisation

Tangible Assets

Depreciation on fixed assets is provided based on useful life of the assets as prescribed in Schedule – II to the Companies Act, 2013.

Intangible Assets

These are amortized over the best estimates of its useful economic life as decided by the management.

d) Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and any accumulated impairment losses. They are amortised over the best estimates of its useful economic life as decided by the management. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal.

e) Inventories

a) Stock of construction materials, stores and spares and fuel (except for those relating to Construction activities) are valued at cost (weighted average basis) or net realizable value whichever is lower.

Notes to the Standalone financial statements for the period ended 31st March 2021

- b) Cost of construction materials, stores, spares and fuel used in construction activities are valued at cost (weighted average basis).
- c) Work-in-progress is valued at cost and reflects the work done but not certified.
- d) The cost of inventories comprises all cost of purchase, cost of conversion and other incidental cost incurred in bringing the inventories to their present location and condition.
- e) Net realizable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and estimated cost necessary to make the sale.

f) Impairment

i. Impairment of financial instruments: financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financial assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

ii. Impairment of non-financial assets

The Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest Company of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs. If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

g) Employee Benefits

i. Short-term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

ii. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which the Company makes specified monthly contributions towards Provident Fund, ESI and Medical. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Notes to the Standalone financial statements for the period ended 31st March 2021

iii. Defined benefit plans

I. Gratuity

Liability on account of Gratuity is:

- Covered through recognized gratuity fund managed by Life Insurance Corporation of India and contributions are charged to revenue; and
- Balance if any, is provided on the basis of valuation of the liability by an independent Actuary as at the year end.

II. Leave Encashment

Liability for leave encashment is treated as a long term liability and is provided on the basis of valuation by an independent Actuary as at the year end.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income.

h) Provisions (other than for employee benefits), Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement and are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent liabilities are disclosed only when there is a possible obligation arising from past events due to occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made. The Company does not recognize a contingent liability but only makes disclosures for the same in the Financial Statements.

Contingent assets where it is probable that future economic benefits will flow to the Company are not recognised but disclosed in the financial statements.

i) Revenue Recognition

On Construction Contracts:

The companies recognizes revenue when the control of the goods and services is transferred to the customer as against the transfer of risk and rewards. As per the Company's current revenue recognition practices, transfer of control happens at the same point as transfer of risk and rewards thus not effecting the revenue recognition. The amount of revenue recognised reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The Company has adopted the modified transitional approach as permitted by the standard under which the comparative financial information is not restated. The accounting changes required by the standard are not having material effect on the Company financial statements and no transitional adjustment is recognised in retained earnings at April 1, 2018, though there would be additional disclosure requirements for the company to comply with.

Contract modifications are accounted for when additions, deletions or changes are approved either to the scope or price or both. Goods/services added that are not distinct are accounted for on a cumulative catch up basis. Goods / services those that are distinct are accounted for prospectively as a separate contract, if the additional goods/services are priced at the standalone selling price else as a termination of the existing contract and creation of a new contract . In cases where the additional work has been approved but the corresponding change in price has not been determined, the recognition of revenue is made for an amount with respect to which it is highly probable that a significant reversal will not occur. If the consideration promised in a contract includes a variable amount, this amount is recognised only to the extent that it is highly probable that a significant reversal in the amount recognised will not occur.

On Sale of Goods:

- In case of sale of goods, the transfer of property in goods results in the transfer of significant risks and rewards of ownership to the buyer and revenue is recognized at the time of transfer of property. Sales are net of taxes, returns, trade discounts etc.

Notes to the Standalone financial statements for the period ended 31st March 2021

j) Recognition of dividend income and interest income

Dividends

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Interest income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the Statement of Profit and Loss.

k) Leases

Lease income from operating leases (excluding amount for services on maintenance, etc. and contingent rentals) where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases and another systematic basis is more representative of the time pattern in which user's benefit derived from the leased asset is diminished. Contingent rent is recognized in the period when earned. The respective leased assets are included in the balance sheet according to the nature of the asset.

l) Income tax

Income tax expense comprises of current and deferred tax. Current tax and deferred tax is recognized in the Statement of Profit or Loss except to the extent that it relates to a business combination, or items recognized directly in equity or in OCI.

i. Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, on the basis of taxable profits computed for the current accounting period in accordance with the Income Tax Act, 1961, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

ii. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

m) Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

n) Foreign currencies transactions

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date. All other foreign currency assets and liabilities are stated at the rates prevailing at the date of transaction other than those covered by forward contracts, which are stated at

Notes to the Standalone financial statements for the period ended 31st March 2021

the contracted rate. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

o) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM").

The board of directors of the Company, which has been identified as being the CODM, generally assesses the financial performance and position of the Company and makes strategic decisions, however as per Approved Resolution Plan the power of Board of Directors remain suspended and in its place the Monitoring Committee is empowered with the power.

p) Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Interest in Joint venture

In respect of its interest as joint venture the company recognise its interest in a joint venture as an investment and accounts for the investment in accordance with Ind AS 28 "Investment in associates and joint ventures".

As per the Approved Resolution Plan trade payable amounting to INR 13,007 Lakhs and INR 172 Lakhs have been derecognized in the previous and current financial year respectively.

Owing to the size of the overdue credit facilities, multiplicity of contractual arrangements and large number of operational creditors, determination of the carrying amount of related liabilities at the date of approval of Resolution Plan was a complex exercise and has been completed on the basis of information, documents etc. available with the Company. Confirmations/ Reconciliations from the concerned creditors are pending and any consequential adjustments required in the books of accounts will be done in the year in which such reconciliations are received.

Further, comprehending the provisions of the Approved Resolution Plan and determining the appropriateness of the accounting treatment thereof, more particularly the accounting treatment of derecognition of liabilities, requires significant judgment and estimates, including consideration of accounting principles to be applied for presentation of difference between carrying amount of novated debt and consideration payable therefore.

39 Contingent liabilities and commitments

Particulars

As per the Approved Resolution Plan, contingent liabilities (which have/ may crystalize) prior to 24 February, 2020 (hereinafter referred to as 'Effective Date') stand extinguished. In terms of the aforesaid plan, the following matters also need the attention of our stakeholders -

The counter-guarantees, also termed as 'corporate guarantees', extended by Tantia Constructions Limited to Consortium Banks on behalf of its subsidiaries, associates and joint ventures, stand extinguished and no further liability exists with respect to the same as at 31st March 2021.

"In respect of the Bank Guarantees of Tantia Constructions Limited, only the active Bank Guarantees as on the effective date, against the ongoing projects, shall continue to remain active. The Resolution Applicant / Corporate Debtor shall be liable to settle any claim arising as a result of invocation / encashment of the Bank Guarantee(s). However, the Resolution Applicant / Corporate Debtor shall not be liable in case of any bank guarantee invocation arising because of the relevant bank(s) refusal for extension of such Active Bank Guarantee(s). The active BG's as at 31st March 2021 is to the tune of INR 8858 Lakhs (As on 31 March 2020 – INR 9927 Lakhs).

In respect of the above bank guarantees, margin money worth INR 664 Lakhs (As on 31 March 2020- INR 89 Lakhs) is being held by banks in the form of Fixed Deposits."

Notes to the Standalone financial statements for the period ended 31st March 2021

“Furthermore, the Approved Resolution Plan, among other matters, provides that except to the extent of the amount payable to the relevant Financial and/or Operational Creditors in accordance with the Approved Resolution Plan, all liabilities of the Company relating in any manner to the period prior to the CIRP commencement date, i.e., 13th March 2019, immediately, irrevocably and unconditionally, stand fully and finally discharged and settled, there being no further claims whatsoever, and all the rights of the Financial and/or Operational Creditors to invoke or enforce the same stands waived off. It is provided that any and all legal proceedings initiated before any forum, by or on behalf of any Financial and/or Operational Creditor (including Statutory Authorities), to enforce any rights or claims against the Company also stands extinguished. Further, in terms of the Approved Resolution Plan, no Statutory/ Governmental Authority has any right or claim against the Company, in respect of the period prior to the CIRP commencement date and/or in respect of the amounts written off, and all legal proceedings initiated before any forum by or on behalf of any Financial and/or Operational Creditor (including Governmental Authorities) or any Other Creditors to enforce any rights or claims against the Company will immediately, irrevocably and unconditionally stand withdrawn, settled and/or extinguished.

The Approved Resolution Plan provides for extinguishment of all liabilities of the Company owed to Financial and/or Operational Creditors, as of the Insolvency Commencement Date i.e. 13 March, 2019 against settlement of amount given under the resolution plan. The implementation of the Approved Resolution Plan, however, does not have any such similar effect over claims or receivables owed to the Company. Accordingly, the Company has concluded that any receivables due to the Company, evaluated based on merits of underlying litigations, from various governmental agencies continue to subsist.”

Contribution to Gratuity

The Company's gratuity benefit scheme for its employees in India is a defined benefit plan (unfunded).

The Company provides for gratuity from employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/ termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of completed service.

Generally the present value of obligation is determined based on the actuarial valuation using the Projected Unit Credit Method as on year end which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The Company's gratuity expense is recognized under the head – “Employee Benefit Expense”. However, as requires under Ind AS 19 no valuation is done for Gratuity since 2017-18 and no valuation is done for Leave Encashment during the current financial year.

Notes to the Standalone financial statements for the period ended 31st March 2021

These defined benefit plans expose the Company to actuarial risks, such as interest rate risk, liquidity risk, salary escalation risk and regulatory risk.

Inherent risk

The plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risk pertaining to the plan. In particular, this exposes the Company, to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to longevity risk.

The following tables analyze present value of defined benefit obligations, expense recognised in statement of Profit and Loss, actuarial assumptions and other information.

Notes to the Standalone financial statements for the period ended 31st March 2021

- 44** A contract awarded to the Company by the Road Construction Department, Bihar State Government, Patna, for development and widening of roads in Patna had been prematurely terminated by the Govt. of Bihar on 30th of April, 2008. Being aggrieved by this action on the part of Government of Bihar, the Company approached the Hon'ble High Court of Calcutta for remedial action. In response, an Arbitrator was appointed in the matter to adjudicate the claim filed by the Company. The Arbitrator had published an award in favour of the Company which is being contested by the Road Construction Department, Bihar State Government. No accounting effect has been considered in the accounts of 2020-2021 basis conservative approach.
- 45** In the year 2011, Tantia Constructions Limited (TCL) had floated a Special Purpose Vehicle (SPV) under the name and caption Tantia Raxaultollways Private Limited (TRPL) for execution of an infrastructure project worth INR 475 crores, against which TCL (The Company) was also the EPC Contractor for the execution of the said work worth INR 373 crores in the Project. During the course of execution of the Project the Company was facing various problems, such as delay in handover of site/land at different stretches, release of Grant from NHAI, non availability of input resources due to uncontrollable factors, heavy interest cost etc. Consequently, the progress of the work slowed down. Considering the aforesaid scenario, TRPL decided not to proceed further with implementation of the aforesaid project and the same was conveyed to appropriate project authorities which led to termination of the project. Accordingly, TRPL had gone in for arbitration proceedings against NHAI in the month of May 2018, thereafter which, TCL had also lodged its claims before TRPL. The matter is currently under arbitration.

Owing to the same status of the operations at the subsidiaries and the stated pending arbitration, advance against material amounting to INR 4475 Lakhs and Advance against Contract amounting to INR 2031.47 Lakhs payable to TRPL by the Company, has been retained; and measurement and recognition of preference share of INR 17882 Lakhs (at fair value after netting of provision for diminution in value of INR 13271 Lakhs) in TIPL has been done and as such no further provision has been made there against.

46 Leases: Company as lessee

The company is engaged in the infrastructure sector. In the course of execution of various infrastructure projects at numerous locations, the company takes /procures, on hiring basis, various items of Machinery and Equipment. Overall, the number of such Machinery and Equipment procured on hiring basis for various project sites are numerous. Hire contracts have a contract period generally varying between 1 to 3 years.

The Company has entered into agreements in the nature of lease/leave and license agreement with different lessors/ licensors for the purpose of establishment of office premises/residential accommodations etc. These are generally in the nature of operating lease/leave and license. Period of agreements are generally up to three years and renewable at the option of the lessee.

Lease rentals charged to expenses grouped under the head Contract Operating Expenses amounting to INR 465 lakhs (Note No 30) and under the head Other Expenses amounting to INR 99 lakhs (Note No 34).

49.2 Fair value measurement

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in forced or liquidation sale.

The Company has established the following fair value hierarchy that categorises the value into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1: The hierarchy uses quoted (adjusted) price or NAV is measured at quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on company specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

The management assessed that trade receivables, cash and cash equivalent, other bank balances, trade payable and other financial assets and liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

50 Financial risk management

Risk management framework

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that derive directly from its operations.

Notes to the Standalone financial statements for the period ended 31st March 2021

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimise potential adverse effects of market risk on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk.

The Company has exposure to the following risks arising from financial instruments:

- (i) Credit risk
- (ii) Liquidity risk
- (iii) Market risk

(i) Credit risk

Credit risk is the risk of financial loss of the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company receivables from customers. Credit arises when a customer or counterparty does not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), including deposits with bank. The Company has no significant concentration of credit risk with any counterparty. The carrying amount of financial assets represent the maximum credit risk exposure.

Trade receivable

A credit policy has been established under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. Counterparty credit risk with respect to these receivables is very low in respect of construction contracts, the Company has receivables from subsidiary companies where the management perceives the risk of recovery to be remote. The risk of recovery in these businesses is reduced to the extent of security deposits already collected and held as collaterals.

Exposure to credit risks

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry. Details of concentration percentage of revenue generated from top customer and top five customers are stated below :

₹ In Lakhs

Particulars	Year ended 31st March 2021		Year ended 31st March 2020	
	%	A mount	%	Amount
Revenue from top customer	54.03%	5,949	59.72%	7,997
Revenue from top five customers	99.53%	10,124	98.59%	13,427

Trade receivables are primarily unsecured and are derived from revenue earned from customers. Credit risk is managed through credit approvals, establishing credit limits and by continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. As per simplified approach, the Company makes provision of expected credit loss on trade receivables using a provision matrix to mitigate the risk of default payments and makes appropriate provisions at each reporting date whenever is for longer period and involves higher risk.

Notes to the Standalone financial statements for the period ended 31st March 2021

(ii) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's finance team is responsible for liquidity, funding as well as settlement management. In addition, Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to liquidity risk

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

(iii) Market risk

Market risk is the risk of loss of future earnings, fair value or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates and other market changes that effect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments, receivables, payables and borrowings.

(a) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company exposure to the risk of changes in market interest rates related primarily to the Company's borrowing with floating interest rates. The Company constantly monitors the credit markets and rebalances its financing strategies to achieve an optimal maturity profile and financing cost.

Exposure to interest rate risk

The interest rate profile of the Company's interest bearing financial instruments at the end of the reporting period are as follows:

(b) Equity price risk

The Company is not exposed to equity risks arising from equity investments. Equity investments are held for strategic rather than trading purposes. The Company does not actively trade these investments.

(c) Currency risk

The Company does not have currency risks since it is not exposed to any foreign currency transaction.

51 Capital management

The Company's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. The management monitors the return on capital, as well as the level of dividends to equity shareholders.

The Company's objective when managing capital are to: (a) to maximise shareholders value and provide benefits to other stakeholders and (b) maintain an optimal capital structure to reduce the cost of capital.

For the purpose of the Company's capital management, capital includes issued equity share capital and other equity reserves attributable to the equity holders.

The Company monitors capital using debt-equity ratio, which is total debt less investments divided by total equity.

53 CIR process and the roadmap of revival of the company in terms of approved Resolution Plan

Pursuant to an application made by State Bank of India, the Hon'ble National Company Law Tribunal, Kolkata bench (hereinafter referred to as 'Adjudicating Authority'), vide its order dated 13 March 2019, had ordered the commencement of the corporate insolvency resolution (CIR) process in respect of the company under the provisions of the Insolvency and Bankruptcy Code, 2016 (hereinafter referred to as 'the Code').

During the CIR process, for resolution plan (hereinafter referred to as 'Resolution Plan') three expression of interest (EOI) were received, out of which resolution plan submitted by the consortium of EDCL Infrastructure Limited and Upendra Singh Constructions Private Limited (hereinafter referred to as 'Resolution Applicants') was approved by the committee of creditors and submitted to the Adjudicating Authority for its approval.. Pursuant to its order (hereinafter referred to as 'NCLT Order') dated 24 February 2020 (hereinafter referred to as 'effective date'), the Adjudicating Authority approved the Resolution Plan (hereinafter referred to as 'Approved Resolution Plan') submitted by the Resolution Applicants (RA) for the Company under Section 31 of the Code. As per the terms of Section 31 of the Code, the Approved Resolution Plan shall be binding on the Company, its employees, members, creditors, guarantors and other stakeholders involved in the Resolution Plan.

As per the terms of the approved Resolution Plan, the creditors of TCL (financial, operational and others) will receive a total consideration of Rs. 176.629 crores (hereinafter referred to as 'Discharge Consideration') on account of their admitted dues amounting to Rs. 1601 crores. The Discharge Consideration will be towards all admitted dues including the CIRP costs, employee dues, liability towards Active Bank Guarantees in case of devolvment/invoction etc.. The RA will infuse funds to finance the Discharge Consideration through a combination of (a) equity subscription and (b) loans over a period of time, as specified in the Approved Resolution Plan.

During the course of the successful implementation of the Approved Resolution Plan, the RA shall be classified as the 'promoter' of TCL, and the share-holding of the existing promoters/promoter group will stand transferred to the RA.

The implementation of the Approved Resolution Plan, inter-alia, entails the following:

- Formation of the Monitoring Committee (MC)

Notes to the Standalone financial statements for the period ended 31st March 2021

- With reference to the infusion of funds and payment on account of CIRP Costs, dues of Employees & Other Operational Creditors and, Financial Creditors, and Transfer of Promoter shareholding in Corporate Debtor the following steps are envisaged:
 - o Payment of the CIRP Costs
 - o Payment of INR 3.50 crores to Employees & Other Operational creditors against their admitted dues of INR 62.29 crores;
 - o Transfer of existing promoter's shares in their custody as well as promoter's shareholding pledged with Bankers.
 - o Payment of INR 71.50 crores to Financial Creditors (prior to deduction of CIRP costs) in three tranches, the first being called the Upfront Payment, against their admitted dues of INR 1526.15 crores (including Active Bank Guarantees of INR 101.629 crores).
 - o Active Bank Guarantees amounting to INR 10162.90 Lakh would be extinguished by way of discharge of client obligations for which the Bank Guarantees have been given. In the event of a default / invocation the RA will take full responsibility to ensure prompt payment of the devolved amount.
- With respect to the taking full control of the company by the Resolution Applicant the following steps are envisaged (after the conclusion of the above steps w.r.t. payment):
 - o Settlement of all the dues of the MC including costs of operations, supervision costs, agency costs etc.
 - o Resignation of existing directors of the Board of Directors of TCL and constitution of the New Board by the RA.
- In the final leg the Approved Resolution Plan envisages the remaining payment to the Financial Creditors in two tranches.
- With respect to the existing share capital the Approved Resolution Plan proposes reduction of the Company's share capital without any payout to the shareholders, by reducing the face value of each issued and outstanding equity share of the Company from INR 10 to INR 1.
- With respect to infusion of funds the Approved Resolution Plan permits the RA to infuse need based funds to discharge the obligations as well as to fund the working capital and other capital needs of the Company. The Approved Resolution Plan permits the RA to infuse funds through a combination of debt and equity – the final Debt to Equity mix will be formalised by the RA basis the decision on the equity structure of the Corporate Debtor as well as other changes, in commercial consideration of the Approved Resolution Plan. The Approved Resolution Plan permits the RA to own up to 95% of the revised equity capital in the Corporate Debtor the same to be taken care of through preferential allotment of equity shares of face value of Rs 1/- per share to the RA within the implementation period of the Approved Resolution Plan.

54 Formation of the Monitoring Committee

Pursuant to Clause 22.1 of the Approved Resolution Plan, a Monitoring Committee ("MC") as specified in the Plan has been constituted on the Effective Date, by virtue of the order of the Hon'ble NCLT approving the Resolution Plan. The monitoring committee formed comprises of 3 representatives from the Financial Creditors (as decided by Committee of Creditors), 3 representatives from the RA, as well as the erstwhile Resolution Professional for supervision of implementation of the Approved Resolution Plan. Thus, for the period between the "effective date" and the Plan Implementation Completion (as defined in the Approved Resolution Plan), the Monitoring Committee has accordingly been formed to supervise the implementation of the Plan and to manage the affairs of the Company as a going concern.

Notes to the Standalone financial statements for the period ended 31st March 2021

55 Current Status of Implementation of the Approved Resolution Plan

During the course of implementation of the Approved Resolution Plan certain anomalies with respect to regulatory procedures etc. have been observed which have delayed the transfer of the existing equity shares of promoters to the RA. The RA has moved the Hon'ble National Company Law Tribunal, Kolkata Bench ("NCLT"), inter alia, praying for speedy transfer of the same. The NCLT has directed the erstwhile Committee of Creditors and the current MC to take steps to ensure completion of the process of transfer of shares. Since there is no stay on the implementation of the Approved Resolution Plan, and all parties concerned have already initiated the process identified in the law for the transfer of shares, the MC has begun implementation of those parts of the Approved Resolution Plan which are not affected by the proceedings at the NCLT. These include inter-alia giving effect to the debt resolution arrived at by the Approved Resolution Plan, dealing with the various regulatory authorities etc.

Information Other than the Financial Statements and Auditor's Report There on

- The Holding Company's Management is responsible for the preparation of the other information. The other information comprises the Corporate Information, Management Discussion and analysis and Director Report including Annexure to Director Report, Corporate Governance and Shareholder's information, but does not include Consolidated Ind AS financial statements and standalone Ind AS Financial and our auditor's report thereon.
- Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.
- In connection with our audit of the Consolidated Ind AS financial statements, our responsibility is to read the other information, compare with the Ind AS financial statements of the subsidiaries and associates audited by the other auditors, to the extent it relates to these entities and in doing so, place reliance on the work of the other auditors and consider whether the other information is materially inconsistent with the consolidated Ind As financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. Other information so far as it relates to subsidiaries and associates is traced from their financial statements audited by the other auditors.
- If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those Charges with Governance for the Consolidated Ind AS Financial Statements

The Holding Company's Management is responsible for the matters stated in section 134(5) of the Companies Act 2013 with respect to the preparation of these Consolidated Ind AS financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated change in equity and consolidated cash flows of the Group including its associates in accordance with the other accounting principles generally accepted in India including India Accounting Standard(Ind AS). This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and it's associates and for preventing and detecting frauds and other irregularities, selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent and design, implementation and maintenance of adequate internal financial control that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated Ind AS financial statements that give a true and fair view and are free from material misstatement whether due to fraud or error.

Independent Auditor's Report

In preparing the Consolidated Ind AS Financial Statements, management is responsible for assessing the respective entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Management of companies included in the group and its associates are also responsible for overseeing the financial reporting process of the group and its associates.

The Hon'ble National Company Law Tribunal, Kolkata (NCLT) on 24th February 2020 approve the Resolution Plan (hereinafter referred to as the Approved Resolution Plan) submitted for the Holding Company by the successful Resolution Applicant (RA). In terms of approved Resolution Plan, a Monitoring Committee is constituted to manage the affairs of the Holding Company as a going concern and supervise the implementation of the Approved Resolution Plan.

Auditor Responsibilities for the Audit of the Consolidated Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Consolidated Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Holding company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on ability of the group and its associates to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the group and its associates to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Consolidated Ind AS financial statements, including the disclosures, and whether the Consolidated Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the Consolidated Ind AS financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Consolidated Ind AS financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the Consolidated Ind AS financial statements.

Independent Auditor's Report

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance we determine those matters that were of most significant in the audit of the Consolidated Ind AS financial statements for the financial year ended on 31st March 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulator precludes public disclosure about the matter or when, in extreme rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public benefits of such communication.

Other Matters

We did not Audit the Ind AS financial statements and other financial information of both the subsidiaries. In respect of the subsidiary, Tantia Infrastructure Private Limited (TIPL) whose financial statements reflects total assets of Rs11817.71 Lacs as at 31 March 2021 , total revenue of Rs Nil and net Cash flow of Rs 0.00 Lacs for the year ended on that date which are considered in the consolidated Ind AS financial statements is based on unaudited financial statement . Whereas in respect of the subsidiary, Tantia Raxaultollway Private Limited (TRPL referred in note 'd' of Qualified Opinion para above) whose financial statements reflect total assets of Rs 54798.09 Lacs as at 31 March 2019 , total revenue of Rs Nil and net Cash flow of Rs 0.02 Lacs for the year ended on that date which are considered in the consolidated Ind AS financial statements. These Ind AS financial statements and certain other adjustments carried out in the consolidated Ind AS financial statements based on unaudited financial statement.

The Consolidated Ind As financial statement also includes the Group share of net loss and total loss of Rs 24 Lacs for the year ended 31st march 2021 as considered in the consolidated Ind AS Financial statement, in respect of one associate based on unaudited financial statements. This financial information is unaudited and have been furnished by the Management and our opinion on the consolidated Ind AS financial statements, in so far as it relates to the amounts and disclosure included in respect of this associate , is based solely on such unaudited financial information.

“Annexure A” to the Independent Auditor’s Report

“Annexure A” to the Independent Auditor’s Report On Even Date On The Consolidated Ind AS Financial Statements of Tantia Constructions Limited

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

In conjunction with our audit of the Consolidated Ind AS financial statements of the Group as of and for the year ended 31 March 2021, We have audited the internal financial controls over financial reporting of **Tantia Constructions Limited** ('the Holding Company') and its subsidiary companies and its associates companies, which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The respective management /Board of Directors of the Holding Companies, its subsidiary companies and its associates companies, which are companies incorporated in India, are responsible for establishing and maintaining internal control based on the internal control over financial reporting criteria established by the respective Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Act to the extent application to an audit of internal financial controls, both issued by ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial control over financial reporting were established and maintained and if such control operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors of the subsidiary Companies and its associates which are companies incorporated in India, in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- 1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- 2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the company; and

"Annexure A" to the Independent Auditor's Report

- 3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

According to the information and explanations given to us and based on consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the following material weakness have been identified as at 31 March 2021:

The Holding Company did not have appropriate internal controls for

- ascertainment and provision for slow/non/obsolete inventory and non-moving joint ventures
- reconciliation of balances lying as receivables and payables with third party balance confirmation and as such consequent impact thereof on the financial statements of the Group and its associate.

With respect to Subsidiary and Associate audit report are not available.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion to the best of our information and explanation given to us and based on the consideration of the reports of the other auditors referred to in the Other Matters paragraph below, the Holding Company, its subsidiary companies and its associate companies, which are companies incorporated in India, have, in all material respects, maintained adequate internal financial controls over financial reporting as on 31 March 2021, based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in Guidance Note on the Audit of Internal Financial Controls Over Financial Reporting issued by ICAI and except for the effects/possible effects of the material weakness/es described above on the achievement of the objectives of the control criteria, the Company's internal financial controls over financial reporting were operating effectively as of March 31, 2021.

We have considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2021 of standalone financial statements of the Holding Company, and these material weaknesses do affect our opinion on the consolidated Ind AS financial statements of the Company.

Other Matters

In case of both subsidiaries and an associate, the audit reports are not available and, accordingly Our aforesaid reports under Section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial control over financial reporting does not cover these subsidiaries and associate.

1 Corporate Information

Tantia Constructions Limited (hereinafter referred to as "**Company**") is one of the most proficient civil infrastructure solutions providers in India. Incorporated as a private limited Company in 1964 which became public limited Company in 1982, the Company is engaged in executing critical infrastructure projects. It began operations in the railways segment and over the years expanded to six other core infrastructure segments namely roads, urban development, infrastructure and industrial fabrication, power, marine and aviation.

Pursuant to an application made by State Bank of India, the Hon'ble National Company Law Tribunal, Kolkata bench (hereinafter referred to as "**Adjudicating Authority**"), vide its order dated 13 March 2019, had ordered the commencement of the corporate insolvency resolution process (hereinafter referred to as "**CIR process**") in respect of the company under the provisions of the Insolvency and Bankruptcy Code, 2016 (hereinafter referred to as "**the Code**").

During the CIR process, expression of interest was sought against which applications were received, out of which a Consortium of EDCL Infrastructure Limited and Upendra Singh Constructions Private Limited were selected as the "Successful Resolution Applicant". Pursuant to its order (hereinafter referred to as "**NCLT Order**") dated 24 February 2020 (hereinafter referred to as the "**effective date**"), the Adjudicating Authority approved the Resolution Plan (hereinafter referred to as the "**Approved Resolution Plan**") submitted by the successful Resolution Applicants (hereinafter referred to as the "**RA**") for the Company under Section 31 of the Code. As per the terms of Section 31 of the Code, the Approved Resolution Plan shall be binding on the Company, its employees, members, creditors, guarantors and other stakeholders involved in the Resolution Plan. As per the Approved Resolution Plan, a Monitoring Committee (hereinafter referred to as the "**MC**") has been formed to oversee its implementation and to manage the affairs of the Company as a going concern until the transfer of control of the Company to the Resolution Applicant. During the implementation of the Approved Resolution Plan, the erstwhile Board of Directors stands retired with their powers suspended and the stated MC in charge of the Company for the relevant period.

Considering the above, the financial statements are being presented on a 'Going Concern' basis.

The financial statements were certified by the Chartered Secretary (Key Managerial Personell of the Company) and members of the MC and taken on record by the MC at the meeting held on 20th December, 2021.

2 Basis of preparation

a) Statement of Compliance

Tantia Constructions Limited consolidates entities which it owns or controls. The consolidated financial statements comprise financial statements of the company, its subsidiaries and associates. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability direct relevant activities, those which significantly affect the entity's returns.

b) Basis of Consolidation

Tantia Constructions Limited consolidates entities which it owns or controls. The consolidated financial statements comprise financial statements of the company, its subsidiaries and associates. Control exists when the parent has power over the entity, is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns by using its power over the entity. Power is demonstrated through existing rights that give the ability direct relevant activities, those which significantly affect the entity's returns.

Investment in Subsidiary

Subsidiaries are consolidated from the date control commences until the date control ceases.

The financial statements of the Group Companies are consolidated on a line by line basis and intra group balances and transactions including unrealized gain/loss from such transactions are eliminated upon consolidation. These financial statements are prepared by applying uniform accounting policies in use at the group. Non-controlling interests, which represents part of the net profit/loss and net asset of subsidiaries that are not, directly or indirectly, owned or controlled by the Company, are excluded.

Notes to the Consolidated financial statements for the period ended 31st March 2021

Investment in Associate

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The results and assets and liabilities of associates are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105 - Non-current Assets Held for Sale and Discontinued Operations. Under the equity method, an investment in an associate is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate. When the Group's share of losses of an associate exceeds the Group's interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

c) Functional and presentation currency

The financial statements are presented in Indian Rupees ('Rs') which is Company's presentation currency and amounts have been rounded to the nearest Lakhs, except where otherwise indicated.

d) Basis of preparation

The financial statements have been prepared on historical cost convention on the accrual basis, except for the following items:

- (i) Certain financial assets and financial liabilities measured at fair value;
- (ii) Employee's defined benefit plan as per actuarial valuation.

Fair value is the price that would be received on the sale of an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions, regardless of whether that price is directly observable or estimated using another valuation technique. In determining the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when valuing the asset or liability at the measurement date.

For recognition of Income and Expenses, mercantile system of accounting is followed except in case of insurance claims where on the ground of prudence and as well as uncertainty in realization, the same is accounted for as and when accepted/ received.

e) Use of judgments and estimates

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized prospectively."

Critical accounting judgements and key sources of estimation uncertainty: Key assumptions -

(i) Useful lives of Property, plant and equipment:

The Company uses its technical expertise along with historical and industry trends for determining the economic life of an asset/ component of an asset. The useful lives are reviewed by management periodically and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the remaining useful life of the assets.

(ii) Fair value measurement of financial instruments:

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be

Notes to the Consolidated financial statements for the period ended 31st March 2021

measured based on quoted prices in active markets, their fair value is measured using certain valuation techniques. The inputs to these models are taken from observable markets where possible, but where this is not feasible, a degree of judgement is required in establishing fair values. Judgements include considerations of inputs such as liquidity risk, credit risk and volatility.

(iii) Defined benefit plans:

The cost of the defined benefit plan includes gratuity and the present value of the gratuity obligation are determined using actuarial valuations using projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

(iv) Recognition and measurement of provisions and contingencies:

The certain key assumptions about the likelihood and magnitude of an outflow of resources. Provision is towards known contractual obligation, litigation cases and pending assessments in respect of taxes, duties and other levies, if any, in respect of which management believes that there are present obligations and the settlement of such obligations are expected to result in outflow of resources, to the extent provided for.

f) Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has an established control framework with respect to the measurement of fair values.

The management regularly reviews significant unobservable inputs and valuation adjustments.

Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows.

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3 Significant accounting policies

a) Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 – Presentation of Financial Statements based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. Operating cycle for the business activities of the company covers the duration of the specific project/ contract/ product line/ service including the defect liability period wherever applicable and extends up to the realisation of receivables (including retention monies) within the agreed credit period normally applicable to the respective lines of business.

b) Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Notes to the Consolidated financial statements for the period ended 31st March 2021

i. Financial Assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Trade receivables are initially measured at transaction price. Regular way purchase and sale of financial assets are accounted for at trade date.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in three categories:

- Amortised cost
- Fair value through other comprehensive income (FVTOCI)
- Fair value through profit or loss (FVTPL)

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

Financial assets at amortised cost

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The effective interest rate (EIR) amortisation is included in finance income in the profit or loss.

Financial assets at FVTOCI

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the other comprehensive income (OCI).

Financial assets at FVTPL

A financial asset which is not classified in any of the above categories are measured at FVTPL.

Financial assets included within the FVTPL category are measured at fair value with all changes recognised in the Statement of Profit & Loss.

Other equity investments

All other equity investments are measured at fair value, with value changes recognised in Statement of Profit and Loss, except for those equity investments for which the Company has elected to present the value changes in 'Other Comprehensive Income'.

Investments in Subsidiaries, Associates and Joint-Ventures

The Company has accounted for its equity instruments in Subsidiaries, Associates and Joint-Ventures at cost except where Investments are accounted for at cost shall be accounted in accordance with Ind AS 105, wherein they are classified as assets held for sale.

Derecognition

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for derecognition under Ind AS 109.

Notes to the Consolidated financial statements for the period ended 31st March 2021

ii. Financial liability

Initial recognition and measurement

Financial liabilities are initially recognised at fair value plus any transaction cost that are attributable to the acquisition of the financial liabilities except financial liabilities at fair value through profit or loss which are initially measured at fair value.

Subsequent measurement

For purposes of subsequent measurement, financial liabilities are classified in following categories:

- Financial liabilities through profit or loss (FVTPL)
- Financial liabilities at amortised cost

Financial liabilities through FVTPL

A financial liability is classified as at FVTPL if it is classified as held-for-trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

Financial liabilities at amortised cost

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and any gain or loss on derecognition are recognised in profit or loss.

Interest bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximates fair value due to the short maturity of these instruments.

Derecognition

A financial liability (or a part of a financial liability) is derecognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

iii. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

c) Property, Plant and Equipment

i. Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalised borrowing costs, less accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located. Borrowing costs directly attributable to the acquisition or construction of those qualifying property, plant and equipment, which necessarily take a substantial period of time to get ready for their intended use, are capitalised.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate components of property, plant and equipment.

Assets retired from active use and held for disposal are stated at the lower of their net book value and net realisable value and shown under 'Other current assets'.

A fixed asset is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Any gain or loss on disposal of an item of property, plant and equipment is recognised in statement of profit or loss.

Notes to the Consolidated financial statements for the period ended 31st March 2021

Expenses incurred relating to project, net of income earned during the project development stage prior to its intended use, are considered as pre - operative expenses and disclosed under Capital Work - in - Progress."

ii. Subsequent expenditure

Subsequent expenditure is capitalized only when it is probable that the future economic benefits associated with the expenditure will flow to the Company. Ongoing repairs and maintenance are expensed as incurred.

iii. Depreciation and amortisation

Tangible

Depreciation on fixed assets is provided based on useful life of the assets as prescribed in Schedule – II to the Companies Act, 2013.

Intangible Assets

These are amortized over the best estimates of its useful economic life as decided by the management.

d) Intangible Assets

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and any accumulated impairment losses. They are amortised over the best estimates of its useful economic life as decided by the management. An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal.

e) Inventories

- a) Stock of construction materials, stores and spares and fuel (except for those relating to Construction activities) are valued at cost (weighted average basis) or net realizable value whichever is lower.
- b) Cost of construction materials, stores, spares and fuel used in construction activities are valued at cost (weighted average basis).
- c) Work-in-progress is valued at cost and reflects the work done but not certified.
- d) The cost of inventories comprises all cost of purchase, cost of conversion and other incidental cost incurred in bringing the inventories to their present location and condition.
- e) Net realizable value is the estimated selling price in the ordinary course of business less the estimated cost of completion and estimated cost necessary to make the sale.

f) Impairment

i. Impairment of financial instruments: financial assets

Expected credit losses are recognized for all financial assets subsequent to initial recognition other than financials assets in FVTPL category.

For financial assets other than trade receivables, as per Ind AS 109, the Company recognises 12 month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. The Company's trade receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall.

The impairment losses and reversals are recognised in Statement of Profit and Loss.

ii. Impairment of non-financial assets

The Company's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest Company of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

Notes to the Consolidated financial statements for the period ended 31st March 2021

If any such indication exists the recoverable amount of an asset or CGU is estimated to determine the extent of impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the CGU to which the asset belongs.

An impairment loss is recognised in the Statement of Profit and Loss to the extent, asset's carrying amount exceeds its recoverable amount. The recoverable amount is higher of an asset's fair value less cost of disposal and value in use. Value in use is based on the estimated future cash flows, discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and risk specific to the assets.

The impairment loss recognised in prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

g) Employee Benefits

i. Short-term employee benefits

The undiscounted amount of short term employee benefits expected to be paid in exchange for the services rendered by employees are recognised as an expense during the period when the employees render the services.

ii. Defined contribution plans

A defined contribution plan is a post-employment benefit plan under which the Company makes specified monthly contributions towards Provident Fund, ESI and Medical. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

iii. Defined benefit plans

I. Gratuity

Liability on account of Gratuity is:

- Covered through recognized gratuity fund managed by Life Insurance Corporation of India and contributions are charged to revenue; and

- Balance if any, is provided on the basis of valuation of the liability by an independent Actuary as at the year end.

II. Leave Encashment

Liability for leave encashment is treated as a long term liability and is provided on the basis of valuation by an independent Actuary as at the year end.

Re-measurement of defined benefit plans in respect of post-employment are charged to the Other Comprehensive Income

h) Provisions (other than for employee benefits), Contingent Liabilities and Contingent Assets

Provisions involving substantial degree of estimation in measurement and are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Contingent liabilities are disclosed only when there is a possible obligation arising from past events due to occurrence or non-occurrence of one or more uncertain events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made. The Company does not recognize a contingent liability but only makes disclosures for the same in the Financial Statements.

Contingent assets where it is probable that future economic benefits will flow to the Company are not recognised but disclosed in the financial statements.

Notes to the Consolidated financial statements for the period ended 31st March 2021

i) Revenue Recognition

On Construction Contracts:

The companies recognizes revenue when the control of the goods and services is transferred to the customer as against the transfer of risk and rewards. As per the Company's current revenue recognition practices, transfer of control happens at the same point as transfer of risk and rewards thus not effecting the revenue recognition. The amount of revenue recognised reflects the consideration to which the company expects to be entitled in exchange for those goods or services. The Company has adopted the modified transitional approach as permitted by the standard under which the comparative financial information is not restated. The accounting changes required by the standard are not having material effect on the Company financial statements and no transitional adjustment is recognised in retained earnings at April 1, 2018, though there would be additional disclosure requirements for the company to comply with.

Contract modifications are accounted for when additions, deletions or changes are approved either to the scope or price or both. Goods/services added that are not distinct are accounted for on a cumulative catch up basis. Goods / services those that are distinct are accounted for prospectively as a separate contract, if the additional goods/services are priced at the consolidated selling price else as a termination of the existing contract and creation of a new contract. In cases where the additional work has been approved but the corresponding change in price has not been determined, the recognition of revenue is made for an amount with respect to which it is highly probable that a significant reversal will not occur. If the consideration promised in a contract includes a variable amount, this amount is recognised only to the extent that it is highly probable that a significant reversal in the amount recognised will not occur.

On Sale of Goods:

- In case of sale of goods, the transfer of property in goods results in the transfer of significant risks and rewards of ownership to the buyer and revenue is recognized at the time of transfer of property. Sales are net of taxes, returns, trade discounts etc.

j) Recognition of dividend income and interest income

Dividends

Dividend income is recognised when the Company's right to receive the payment is established, which is generally when shareholders approve the dividend.

Interest income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses. Interest income is included in finance income in the Statement of Profit and Loss.

k) Leases

Lease income from operating leases (excluding amount for services on maintenance, etc. and contingent rentals) where the Company is a lessor is recognized in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases and another systematic basis is more representative of the time pattern in which user's benefit derived from the leased asset is diminished. Contingent rent is recognized in the period when earned. The respective leased assets are included in the balance sheet according to the nature of the asset.

l) Income tax

Income tax expense comprises of current and deferred tax. Current tax and deferred tax is recognized in the Statement of Profit or Loss except to the extent that it relates to a business combination, or items recognized directly in equity or in OCI.

Notes to the Consolidated financial statements for the period ended 31st March 2021

i. Current tax

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, on the basis of taxable profits computed for the current accounting period in accordance with the Income Tax Act, 1961, based on tax rates and laws that are enacted or substantively enacted at the Balance Sheet date.

ii. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period.

m) Borrowing costs

Borrowing costs are interest and other costs incurred in connection with the borrowing of funds. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalised as part of the cost of that asset. Other borrowing costs are recognised as an expense in the period in which they are incurred.

n) Foreign currencies transactions

Transactions in foreign currencies are recorded at the exchange rate prevailing on the date of transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date. All other foreign currency assets and liabilities are stated at the rates prevailing at the date of transaction other than those covered by forward contracts, which are stated at the contracted rate. Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss.

o) Segment Reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker ("CODM")

The board of directors of the Company, which has been identified as being the CODM, generally assesses the financial performance and position of the Company and makes strategic decisions, however as per Approved Resolution Plan the power of Board of Directors remain suspended and in its place the Monitoring Committee is empowered with the power.

p) Earnings per Share

Basic earnings per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

q) Interest in Joint venture

In respect of its interest as joint venture the company recognise its interest in a joint venture as an investment and accounts for the investment in accordance with Ind AS 28 "Investment in associates and joint ventures".

Notes to the Consolidated financial statements for the period ended 31st March 2021

Owing to the size of the overdue credit facilities, multiplicity of contractual arrangements and large number of operational creditors, determination of the carrying amount of related liabilities at the date of approval of Resolution Plan was a complex exercise and has been completed on the basis of information, documents etc. available with the Company. Confirmations/ Reconciliations from the concerned creditors are pending and any consequential adjustments required in the books of accounts will be done in the year in which such reconciliations are received.

Further, comprehending the provisions of the Approved Resolution Plan and determining the appropriateness of the accounting treatment thereof, more particularly the accounting treatment of derecognition of liabilities, requires significant judgment and estimates, including consideration of accounting principles to be applied for presentation of difference between carrying amount of novated debt and consideration payable therefore.

39 Contingent liabilities and commitments

Particulars

As per the Approved Resolution Plan, contingent liabilities (which have/ may crystalize) prior to 24 February, 2020 (hereinafter referred to as 'Effective Date') stand extinguished. In terms of the aforesaid plan, the following matters also need the attention of our stakeholders -

The counter-guarantees, also termed as 'corporate guarantees', extended by Tantia Constructions Limited to Consortium Banks on behalf of its subsidiaries, associates and joint ventures, stand extinguished and no further liability exists with respect to the same as at 31st March 2021.

"In respect of the Bank Guarantees of Tantia Constructions Limited, only the active Bank Guarantees as on the effective date, against the ongoing projects, shall continue to remain active. The Resolution Applicant / Corporate Debtor shall be liable to settle any claim arising as a result of invocation / encashment of the Bank Guarantee(s). However, the Resolution Applicant / Corporate Debtor shall not be liable in case of any bank guarantee invocation arising because of the relevant bank(s) refusal for extension of such Active Bank Guarantee(s). The active BG's as at 31st March 2021 is to the tune of INR 8858 Lakhs (As on 31 March 2020 – INR 9927 Lakhs).

In respect of the above bank guarantees, margin money worth INR 664 Lakhs (As on 31 March 2020- INR 89 Lakhs) is being held by banks in the form of Fixed Deposits."

"Furthermore, the Approved Resolution Plan, among other matters, provides that except to the extent of the amount payable to the relevant Financial and/or Operational Creditors in accordance with the Approved Resolution Plan, all liabilities of the Company relating in any manner to the period prior to the CIRP commencement date, i.e., 13th March 2019, immediately, irrevocably and unconditionally, stand fully and finally discharged and settled, there being no further claims whatsoever, and all the rights of the Financial and/or Operational Creditors to invoke or enforce the same stands waived off. It is provided that any and all legal proceedings initiated before any forum, by or on behalf of any Financial and/or Operational Creditor (including Statutory Authorities), to enforce any rights or claims against the Company also stands extinguished. Further, in terms of the Approved Resolution Plan, no Statutory/ Governmental Authority has any right or claim against the Company, in respect of the period prior to the CIRP commencement date and/or in respect of the amounts written off, and all legal proceedings initiated before any forum by or on behalf of any Financial and/or Operational Creditor (including Governmental Authorities) or any Other Creditors to enforce any rights or claims against the Company will immediately, irrevocably and unconditionally stand withdrawn, settled and/or extinguished.

The Approved Resolution Plan provides for extinguishment of all liabilities of the Company owed to Financial and/or Operational Creditors, as of the Insolvency Commencement Date i.e. 13 March, 2019 against settlement of amount given under the resolution plan. The implementation of the Approved Resolution Plan, however, does not have any such similar effect over claims or receivables owed to the Company. Accordingly, the Company has concluded that any receivables due to the Company, evaluated based on merits of underlying litigations, from various governmental agencies continue to subsist."

Contribution to Gratuity

The Company's gratuity benefit scheme for its employees in India is a defined benefit plan (unfunded).

The Company provides for gratuity from employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of completed service.

Generally the present value of obligation is determined based on the actuarial valuation using the Projected Unit Credit Method as on year end which recognizes each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The Company's gratuity expense is recognized under the head – "Employee Benefit Expense". However, as requires under Ind AS 19 no valuation is done for Gratuity since 2017-18 and no valuation is done for Leave Encashment during the current financial year.

These defined benefit plans expose the Company to actuarial risks, such as interest rate risk, liquidity risk, salary escalation risk and regulatory risk.

Inherent risk

The plan is defined benefit in nature which is sponsored by the Company and hence it underwrites all the risk pertaining to the plan. In particular, this exposes the Company, to actuarial risk such as adverse salary growth, change in demographic experience, inadequate return on underlying plan assets. This may result in an increase in cost of providing these benefits to employees in future. Since the benefits are lump sum in nature, the plan is not subject to longevity risk.

The following tables analyze present value of defined benefit obligations, expense recognised in statement of Profit and Loss, actuarial assumptions and other information.

42 Disclosure under Regulation Clause 34(3) and 53(f) read with Schedule V of SEBI (LODR) Regulations, 2015 :

The Company has not granted any Loans and Advances in the nature of Loan to its Associates and Subsidiaries, hence disclosure as per the Regulation 34(3) and Regulation 53(f) read with Schedule V of SEBI (LODR) Regulations, 2015, has not been given.

43 Going Concern

In accordance with note 53, 54 and 55, the approved Resolution Plan has been under implementation during the year ended 31 March, 2021. As at 31st March, 2021, the Company has earned a consolidated net profit of INR 1574 lakhs (As on 31 March 2020- INR 30854 Lakh) resulting in an accumulated consolidated profit of INR 13788 lakhs (As on 31 March, 2020- INR 12214 Lakh). The net worth of the Company stands at INR 21,260 lakhs (As on 31 March, 2020- INR 16227 Lakhs) and the Company is reported to be operating as a going-concern.

44 A contract awarded to the Company by the Road Construction Department, Bihar State Government, Patna, for development and widening of roads in Patna had been prematurely terminated by the Govt. of Bihar on 30th of April, 2008. Being aggrieved by this action on the part of Government of Bihar, the Company approached the Hon'ble High Court of Calcutta for remedial action. In response, an Arbitrator was appointed in the matter to adjudicate the claim filed by the Company. The Arbitrator had published an award in favour of the Company which is being contested by the Road Construction Department, Bihar State Government. No accounting effect has been considered in the accounts of 2020-2021 basis conservative approach.

45 In the year 2011, Tantia Constructions Limited (TCL) had floated a Special Purpose Vehicle (SPV) under the name and caption Tantia Raxaultollways Private Limited (TRPL) for execution of an infrastructure project worth INR 475 crores, against which TCL (The Company) was also the EPC Contractor for the execution of the said work worth INR 373 crores in the Project. During the course of execution of the Project the Company was facing various problems, such as delay in handover of site/land at different stretches, release of Grant from NHAI, non availability of input resources due to uncontrollable factors, heavy interest cost etc. Consequently, the progress of the work slowed down. Considering the aforesaid scenario, TRPL decided not to proceed further with implementation of the aforesaid project and the same was conveyed to appropriate project authorities which led to termination of the project. Accordingly, TRPL had gone in for arbitration proceedings against NHAI in the month of May 2018, thereafter which, TCL had also lodged its claims before TRPL. The matter is currently under arbitration.

Owing to the same status of the operations at the subsidiaries and the stated pending arbitration, advance against material amounting to INR 4475 Lakhs and Advance against Contract amounting to INR 2031.47 Lakhs payable to TRPL by the Company, has been retained; and measurement and recognition of preference share of INR 17882 Lakhs (at fair value after netting of provision for diminution in value of INR 13271 Lakhs) in TIPL has been done and as such no further provision has been made there against.

46 Leases: Company as lessee

The company is engaged in the infrastructure sector. In the course of execution of various infrastructure projects at numerous locations, the company takes /procures, on hiring basis, various items of Machinery and Equipment. Overall, the number of such Machinery and Equipment procured on hiring basis for various project sites are numerous. Hire contracts have a contract period generally varying between 1 to 3 years.

The Company has entered into agreements in the nature of lease/leave and license agreement with different lessors/ licensors for the purpose of establishment of office premises/residential accommodations etc. These are generally in the nature of operating lease/leave and license. Period of agreements are generally up to three years and renewable at the option of the lessee.

Lease rentals charged to expenses grouped under the head Contract Operating Expenses amounting to INR 465 lakhs (Note No 30) and under the head Other Expenses amounting to INR 99 lakhs (Note No 34).

49.2 Fair value measurement

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchange in a current transaction between willing parties, other than in forced or liquidation sale.

The Company has established the following fair value hierarchy that categories the value into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Notes to the Consolidated financial statements for the period ended 31st March 2021

Level 1: The hierarchy uses quoted (adjusted) price or NAV is measured at quoted price.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on company specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

The management assessed that trade receivables, cash and cash equivalent, other bank balances, trade payable and other financial assets and liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

50 Financial risk management

Risk management framework

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Company operations. The Company's principal financial assets include loans, trade and other receivables and cash and cash equivalents that derive directly from its operations.

The Company's activities expose it to a variety of financial risks, including market risk, credit risk and liquidity risk. The Company's primary risk management focus is to minimise potential adverse effects of market risk on its financial performance. The Company's exposure to credit risk is influenced mainly by the individual characteristic of each customer and the concentration of risk from the top few customers. The Company's risk management assessment and policies and processes are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities.

This note presents information about the Company's exposure to each of the above risks, the Company's objectives, policies and processes for measuring and managing risk.

The Company has exposure to the following risks arising from financial instruments:

- (i) Credit risk
- (ii) Liquidity risk
- (iii) Market risk

(i) Credit risk

Credit risk is the risk of financial loss of the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company receivables from customers. Credit arises when a customer or counterparty does not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables), including deposits with bank. The Company has no significant concentration of credit risk with any counterparty. The carrying amount of financial assets represent the maximum credit risk exposure.

Trade receivable

A credit policy has been established under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. Counterparty credit risk with respect to these receivables is very low in respect of construction contracts, the Company has receivables from subsidiary companies where the management perceives the risk of recovery to be remote. The risk of recovery in these businesses is reduced to the extent of security deposits already collected and held as collaterals.

Exposure to credit risks

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry. Details of concentration percentage of revenue generated from top customer and top five customers are stated below :

Notes to the Consolidated financial statements for the period ended 31st March 2021

₹ In Lakhs

Particulars	Year ended 31st March 2021		Year ended 31st March 2020	
	%	A mount	%	Amount
Revenue from top customer	54.03%	5,949	59.72%	7,997
Revenue from top five customers	99.53%	10,124	98.59%	13,427

Trade receivables are primarily unsecured and are derived from revenue earned from customers. Credit risk is managed through credit approvals, establishing credit limits and by continuously monitoring the creditworthiness of customers to which the Company grants credit terms in the normal course of business. As per simplified approach, the Company makes provision of expected credit loss on trade receivables using a provision matrix to mitigate the risk of default payments and makes appropriate provisions at each reporting date whenever is for longer period and involves higher risk.

Movement in impairment loss account is as follows:

(ii) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's finance team is responsible for liquidity, funding as well as settlement management. In addition, Processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Exposure to liquidity risk

The table below provides details regarding the remaining contractual maturities of financial liabilities at the reporting date based on contractual undiscounted payments.

committee of creditors and submitted to the Adjudicating Authority for its approval.. Pursuant to its order (hereinafter referred to as 'NCLT Order') dated 24 February 2020 (hereinafter referred to as 'effective date'), the Adjudicating Authority approved the Resolution Plan (hereinafter referred to as 'Approved Resolution Plan') submitted by the Resolution Applicants (RA) for the Company under Section 31 of the Code. As per the terms of Section 31 of the Code, the Approved Resolution Plan shall be binding on the Company, its employees, members, creditors, guarantors and other stakeholders involved in the Resolution Plan.

As per the terms of the approved Resolution Plan, the creditors of TCL (financial, operational and others) will receive a total consideration of Rs. 176.629 crores (hereinafter referred to as 'Discharge Consideration') on account of their admitted dues amounting to Rs. 1601 crores. The Discharge Consideration will be towards all admitted dues including the CIRP costs, employee dues, liability towards Active Bank Guarantees in case of devolvment/invoction etc.. The RA will infuse funds to finance the Discharge Consideration through a combination of (a) equity subscription and (b) loans over a period of time, as specified in the Approved Resolution Plan.

During the course of the successful implementation of the Approved Resolution Plan, the RA shall be classified as the 'promoter' of TCL, and the share-holding of the existing promoters/promoter group will stand transferred to the RA.

The implementation of the Approved Resolution Plan, inter-alia, entails the following:

- Formation of the Monitoring Committee (MC)
- With reference to the infusion of funds and payment on account of CIRP Costs, dues of Employees & Other Operational Creditors and, Financial Creditors, and Transfer of Promoter shareholding in Corporate Debtor the following steps are envisaged:
 - o Payment of the CIRP Costs
 - o Payment of INR 3.50 crores to Employees & Other Operational creditors against their admitted dues of INR 62.29 crores;
 - o Transfer of existing promoter's shares in their custody as well as promoter's shareholding pledged with Bankers.
 - o Payment of INR 71.50 crores to Financial Creditors (prior to deduction of CIRP costs) in three tranches, the first being called the Upfront Payment, against their admitted dues of INR 1526.15 crores (including Active Bank Guarantees of INR 101.629 crores).
 - o Active Bank Guarantees amounting to INR 10162.90 Lakh would be extinguished by way of discharge of client obligations for which the Bank Guarantees have been given. In the event of a default / invocation the RA will take full responsibility to ensure prompt payment of the devolved amount.
- With respect to the taking full control of the company by the Resolution Applicant the following steps are envisaged (after the conclusion of the above steps w.r.t. payment):
 - o Settlement of all the dues of the MC including costs of operations, supervision costs, agency costs etc.
 - o Resignation of existing directors of the Board of Directors of TCL and constitution of the New Board by the RA.
- In the final leg the Approved Resolution Plan envisages the remaining payment to the Financial Creditors in two tranches.
- With respect to the existing share capital the Approved Resolution Plan proposes reduction of the Company's share capital without any payout to the shareholders, by reducing the face value of each issued and outstanding equity share of the Company from INR 10 to INR 1.
- With respect to infusion of funds the Approved Resolution Plan permits the RA to infuse need based funds to discharge the obligations as well as to fund the working capital and other capital needs of the Company. The

Notes to the Consolidated financial statements for the period ended 31st March 2021

Approved Resolution Plan permits the RA to infuse funds through a combination of debt and equity – the final Debt to Equity mix will be formalised by the RA basis the decision on the equity structure of the Corporate Debtor as well as other changes, in commercial consideration of the Approved Resolution Plan. The Approved Resolution Plan permits the RA to own up to 95% of the revised equity capital in the Corporate Debtor the same to be taken care of through preferential allotment of equity shares of face value of Rs 1/- per share to the RA within the implementation period of the Approved Resolution Plan.

54 Formation of the Monitoring Committee

Pursuant to Clause 22.1 of the Approved Resolution Plan, a Monitoring Committee ("MC") as specified in the Plan has been constituted on the Effective Date, by virtue of the order of the Hon'ble NCLT approving the Resolution Plan. The monitoring committee formed comprises of 3 representatives from the Financial Creditors (as decided by Committee of Creditors), 3 representatives from the RA, as well as the erstwhile Resolution Professional for supervision of implementation of the Approved Resolution Plan. Thus, for the period between the "effective date" and the Plan Implementation Completion (as defined in the Approved Resolution Plan), the Monitoring Committee has accordingly been formed to supervise the implementation of the Plan and to manage the affairs of the Company as a going concern.

55 Current Status of Implementation of the Approved Resolution Plan

During the course of implementation of the Approved Resolution Plan certain anomalies with respect to regulatory procedures etc. have been observed which have delayed the transfer of the existing equity shares of promoters to the RA. The RA has moved the Hon'ble National Company Law Tribunal, Kolkata Bench ("NCLT"), inter alia, praying for speedy transfer of the same. The NCLT has directed the erstwhile Committee of Creditors and the current MC to take steps to ensure completion of the process of transfer of shares. Since there is no stay on the implementation of the Approved Resolution Plan, and all parties concerned have already initiated the process identified in the law for the transfer of shares, the MC has begun implementation of those parts of the Approved Resolution Plan which are not affected by the proceedings at the NCLT. These include inter-alia giving effect to the debt resolution arrived at by the Approved Resolution Plan, dealing with the various regulatory authorities etc.
