Chairman Message:

Dear Shareholders,

With great pleasure, I welcome you to the 30th Annual General Meeting of Your Company.

This past year has been incredibly eventful for your Company.

First, we are pleased to state that, with your support and trust, your Company continues to reap the benefits of being an investor in Exela Technologies, Inc. ("Exela"), a global business process automation ("BPA") leader combining industry-specific and industry-agnostic enterprise software and solutions with decades of experience. Exela's BPA suite of solutions are deployed in banking, healthcare, insurance and other industries to support mission critical environments. Exela is a leader in work flow automation, attended and un-attended cognitive automation, digital mail rooms, print communications, and payment processing with deployments across the globe.

Second, we examined all aspects of our environment solutions business, and after considering various factors, in particular the substantial slowdown in the environment business due to budget constraints of various state government maritime boards, it was decided, in the best interest of our stakeholders to exit this business.

Third, we have inducted two new members, Mr. Rohit Jain and Mr. Harjit Singh Anand as independent directors to the Board of your Company. Both Mr. Jain and Mr. Anand bring years of invaluable experience to the Board.

Mr. Jain is the Managing Director and Head of India for Willis Towers Watson (WTW), a leading global advisory, broking and solutions company.

Mr. Anand recently served as Director of Delhi Metro Rail Corporation Ltd. (DMRC), one of the world's largest Metro system.

Finally, I would like to thank all of our Shareholders', Authorities and Regulators and every one of our HOVS family for their continuous dedication and support.

Together we can succeed!

Best regards and thank you all.

Sunil Rajadhyaksha

Chairman & Executive Director

Risks and its mitigation

The risk management is a mechanism to identify risk, if any to business of the Company, which in the opinion of the Management need mitigation. The Management has identified the following key risks considering the operations relating to the businesses of the Company and continuously monitor and review to mitigate the key risks in manner stated herein below:-

- a) Business model related risk: - The revenue of the Company is based on cost plus mark up for contracts with customers. The wage cost is major risks which may not be acceptable to customers due to change in minimum wages requirements. This could expose the Company to risks like price pressure, excessive dependency on select customers. In order to mitigate the risk, Management of the Company in continues endeavour keep appraised its customers about any change in cost factors well in advance.
- b) Foreign currency fluctuation risk: - A substantial part of Revenue accrues in US Dollars and expenditure of the Company are incurred in the Indian Rupees. Therefore, there is risk exposure due to adverse fluctuation of exchange rate between the US Dollar and the Indian Rupees. In order to mitigate the risk the Management tracks foreign currency movements closely.
- c) Financial risk:-The surplus funds of the Company are invested in fixed deposits with banks which is averse to risk related to volatility of interest rate. To mitigate the risk of interest rate the Management closely tracks movement of rate change with banks.
- d) Credit risk: - It is exposed to risk of delay in collection from customers and to mitigate such risk pre-defined credit period is mentioned in contract entered and the same is followed for receiving payments from customers.
- e) Operational risk: - The Company is exposed to risks of operational performance on account of costs. If the performance is lower than expected from the operators, it could have impact on profitability. So to mitigate such risks the Company had proper MIS in place.
- f) Investment risk: - The Company through its wholly owned subsidiary HOVS LLC holds investments in quoted shares. The Company is exposed to the risk of value of investment getting effected due to

performance of the investee company. To mitigate such risk the Management of the Company keeps constant liaison with investee company and the Board of the Company is been kept informed about necessary information on timely basis.

- g) Information Technology risk: - The evolving technologies throw challenges. The business operations are mostly dependent on systems involving computers/ servers which are prone to hacking due to advancement in technology. In order to mitigate the hacking risk, appropriate anti-hacking multi layered systems are installed.
- h) Legal, Compliance risk: - There is a risk on account of dynamic legal environment. Understanding regulations and statutory compliance is vital to mitigate such risk. The Management had created a robust compliance framework and at times takes help from professional firms in order to ensure compliance.
- i) Social Media risk: - Being listed entity, the Company is exposed to risks of any inappropriate disclosure made by any employee in social media. In order to mitigate such risk the employees and Management including board members strictly adheres to the code of "Fair Disclosure Code" of the Company.
- j) Business Continuity and Disaster Recovery risk:- To ensure continued delivery of services to customers irrespective of any disturbances the Company has implemented strong systems and processes across different locations so as to enabling it to take appropriate measures in respect of disaster recovery and business continuity.
- k) Inflation risk: - The rising inflation and salaries along with high attrition among employees is a risk. The impact of this is hard to manage and to the extent possible, the Management uses technology, automation, incentives and good work environment to reduce its impact.
- l) Cyber Security risk:- It possess risk for business in all aspects, right from phishing emails; vulnerable to hacking of IT systems; and clicking on links or downloading documents that turn out to be malware. Key steps to mitigate such risk is educating employees to aware of unwanted mails, implementation of antivirus software and proper patch management along with implementation of a strong IT policy.

Please refer to Note No. 32 & 29 respectively of Consolidated and Standalone financial statements for more detail on risk management and mitigation.

To,

The Members

M/S. HOV SERVICES LIMITED

Sharda Arcade, 3rd Floor,

Pune-Satara Road, Bibwewadi,

Pune 411037

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by HOV SERVICES LIMITED. (Hereinafter called "the Company").

Secretarial Audit was conducted for the year from April 1, 2017 to March 31, 2018, in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances of the Company and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on March 31, 2018 ("Audit Period"), complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and legal compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on March 31, 2018 according to the provisions of the following list of laws and regulations:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') :-
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

INDEPENDENT AUDITORS' REPORT

**To the Members of
HOV Services Limited**

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of **HOV Services Limited** ("the Parent Company") and its subsidiaries (collectively referred to as 'the Group'), which comprise the Consolidated Balance Sheet as at 31st March, 2018, the Consolidated Statement of Profit and Loss (including other comprehensive income), the consolidated statement of changes in equity and the Consolidated Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's Responsibility for the Consolidated Financial Statements

The Parent Company's Board of Directors is responsible with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the preparation of the consolidated financial statements that give a true

and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Parent Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India,

- (i) in the case of the Consolidated Balance Sheet, of the state of affairs of the Group as at 31st March, 2018;
- (ii) in the case of the Consolidated Statement of Profit and Loss, of the profit including other comprehensive income of the Group for the year ended on that date,
- (iii) in the case of the Consolidated Statement of Changes of Equity, of the changes in equity for the year ended on that date, and
- (iv) in the case of the Consolidated Cash Flow Statement, of the cash flows of the Group for the year ended on that date.

Other Matters:

- (a) Opening balances have been considered based on the audited consolidated financial statements prepared under previous Generally Accepted Accounting Practices (Previous GAAP) issued by the other auditors whose un-qualified audit report dated May 29, 2017 have been furnished to us. The differences arising from transition from previous GAAP to Ind AS have been derived from such audited consolidated financial statements.
- (b) We did not audit the financial statements of two subsidiaries, whose financial statements reflect total assets of Rs. 59,682 thousands as at March 31, 2018, total revenues of Rs. 10,541 thousands and net loss of Rs. 24,877 thousands for the year ended March 31, 2018, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-sections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.
- (c) The consolidated financial statements do not include the Group's share of profit or loss for the period from January 1, 2017 to July 12, 2017 (being effective date of transfer on which the Group ceases to have significant influence) in respect of an associate as the same was not prepared in view of the business combination. (Refer note 5.1).

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matter with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

As required by Section 143 (3) of the Act, we report that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- (b) In our opinion, proper books of account as required by law have been kept by the Group so far as it appears from our examination of those books.
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, consolidated statement of changes in Equity and the Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of account.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) As required by Section 143 (3) of the Act with respect to the adequacy of the internal financial controls over financial reporting of the Parent Company and a subsidiary incorporated in India and the operating effectiveness of such controls, we give in 'Annexure A' a separate report on the same.
- (f) On the basis of the written representations received from the directors of the Parent Company and a subsidiary incorporated in India as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Group does not have pending litigations which would impact its consolidated financial position. (Refer Note 37).
 - (ii) The Group did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There has been no delay in transferring amounts, required to be transferred to the Investor Education and Protection Fund by the Parent Company and a subsidiary incorporated in India.

‘Annexure A’**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act**

We have audited the internal financial controls over financial reporting of **HOV Services Limited** (“the Parent Company”) and relied upon other auditors whose audited reports have been furnished to us by the Management for subsidiary incorporated in India (collectively referred to as ‘the Group’) as of March 31, 2018 in conjunction with our audit for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Parent Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matter

Our opinion in respect of adequate internal financial controls system over financial reporting of a subsidiary incorporated in India audited by other auditor is based solely on the reports of the other auditors.

Opinion

In our opinion, the Group has broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1.1 BASIS OF ACCOUNTING

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016 prescribed under section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014.

The financial statements are prepared and presented on accrual basis and under the historical cost convention, except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- Certain financial assets and liabilities are measured at Fair value (refer accounting policy on financial instruments - Refer note 1.8 below)

- Defined Benefit and other Long term Employee Benefits - Refer note 1.9 below

1.2 USE OF ESTIMATES AND JUDGEMENTS

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

All the assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013.

1.3 BASIS OF PREPARATION OF CONSOLIDATION FINANCIAL STATEMENTS

The consolidated financial statements comprise the financial statements of the Parent Company and its subsidiaries and associates. The Parent Company prepares and report its consolidated financial statements in INR.

Subsidiaries:

Subsidiaries are all entities over which the group has control. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has:

- Power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee, and
- The ability to use its power over the investee to affect its returns

The group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of controls. Consolidation of a subsidiary begins when the group obtains control over the subsidiary and ceases when the group loses control of the subsidiary.

Consolidation procedure:

Subsidiary:

- a) Combine, on line by line basis like items of assets, liabilities, equity, income, expenses and cash flows of the parent with those of its subsidiaries. For this purpose, income and expenses of the subsidiary are based on the amounts of the assets and liabilities recognised in the consolidated financial statements at the acquisition date.
- b) Offset (eliminate) the carrying amount of the parent's investment in each subsidiary and the parent's portion of equity of each subsidiary. Business combinations policy explains how to account for any related goodwill.

- c) Eliminate in full intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between entities of the group (profits or losses resulting from intragroup transactions that are recognised in assets, such as inventory and property, plant and equipment, are eliminated in full). Intragroup losses may indicate an impairment that requires recognition in the consolidated financial statements. Ind AS12 Income Taxes applies to temporary differences that arise from the elimination of profits and losses resulting from intragroup transactions.

Profit or loss and each component of other comprehensive income are attributed to the owners of the Group and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Group and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. If a member of the group uses accounting policies other than those adopted in the consolidated financial statements for like transactions and events in similar circumstances, appropriate adjustments are made to that group member's financial statements in preparing the consolidated financial statements to ensure conformity with the group's accounting policies.

The financial statements of all entities used for the purpose of consolidation are drawn up to same reporting date as that of the parent company, i.e., year ended on 31 March. When the end of the reporting period of the parent is different from that of a subsidiary, the subsidiary prepares, for consolidation purposes, additional financial information as of the same date as the financial statements of the parent to enable the parent to consolidate the financial information of the subsidiary, unless it is impracticable to do so.

Investment in Associate

Investment in associate is accounted for using the 'equity method' less accumulated impairment, if any.

Goodwill

Goodwill arising on an acquisition of a business is initially recognized at cost at the date of acquisition. After initial recognition, goodwill is measured at cost less accumulated impairment losses, if any.

1.4 PROPERTY, PLANT AND EQUIPMENT & INTANGIBLE ASSETS

Property, Plant and Equipment

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

Intangible Assets

Costs that are directly associated with identifiable and unique software products controlled by the Group, developed in-house or acquired, and have probable economic benefits exceeding the cost beyond one year are recognized as software products. Other acquired softwares meant for in-house consumption are capitalized at the acquisition price.

Depreciation/amortisation:
Parent and Indian Subsidiaries

- a) Tangible Assets - Depreciation on property, plant and equipment is provided based on useful life and in the manner prescribed in part C of Schedule II of the Companies Act, 2013 or on Management's estimate of useful life of the assets.

Investment in property is amortized over the period of lease.

- b) Intangible Assets – Software product (meant for sale) are amortized over its estimated useful life of 8 years. Other Software products are amortised over its period of license.

Foreign Subsidiaries

Depreciation is provided based on Management's estimate of useful life of the asset which is as under.

Category	Useful Life in years
Plant and Equipment	8–10
Furniture and Fixture	10–16
Office Equipment	3–5
Vehicles	8–10
Computer	2–5
Software Product	3
Goodwill	8

1.5 IMPAIRMENT OF NON FINANCIAL ASSETS

The Group assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Group estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Group considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

1.6 REVENUE RECOGNITION

Revenue is recognized to the extent that it is probable that the economic benefit will flow to the Group and the revenue can be measured reliably.

Rendering of services:

Revenue from sale of services are recognized when the services are rendered.

Other Income

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

1.7 FINANCIAL INSTRUMENTS**Financial assets - Initial recognition**

Financial assets are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost:

A financial asset is measured at amortised cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised to Statement of Profit and Loss.

(b) Measured at fair value through other comprehensive income (FVOCI):

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognised in the OCI, except for interest income which recognised using EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in the OCI is reclassified from the equity to Statement of Profit and Loss.

(c) Measured at fair value through profit or loss (FVTPL):

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity Instruments:

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL.

For all other equity instruments, the Group may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Group makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised in Statement of Profit and Loss unless the Group has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in the OCI. Amounts recognised in Other Comprehensive Income (OCI) are not subsequently transferred to Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in Statement of Profit and Loss.

Impairment

The Group recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

The Group's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Group does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables.

The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Group recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Group reverts to recognizing impairment loss allowance based on 12 months ECL.

The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement for impairment testing.

De-recognition

The Group derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Financial Liabilities:**Initial Recognition and measurement**

Financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Group's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings:

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Group are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Derivative financial instruments & hedge accounting

The Group uses derivative financial instruments, such as forward foreign exchange contracts, interest rate swaps, cross currency interest risk swap to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The Group designates their derivatives as hedges of foreign currency risk associated with the cash flows of highly probable forecast transactions and variable interest rate risks associated with the borrowings.

The Group documents at the inception of hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset cash flow of hedged items. The Group documents its risk management objective and strategy for undertaking various hedge transaction at the inception of each hedge relationship.

Cash flows hedge that qualify for the hedge accounting

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit & loss, except for the effective portion of cash flow hedge which is recognized in other comprehensive income and presented as separate component of equity which is later reclassified to statement of profit & loss when the hedge item affects profit & loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.8 FAIR VALUE MEASUREMENT:

The Group measures financial instruments, such as, derivatives at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ✓ In the principal market for the asset or liability, or
- ✓ In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ✓ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ✓ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ✓ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

1.9 EMPLOYEE BENEFITS

The Group has provides following post-employment plans such as:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Group determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a

significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Group pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined Contribution plan comprise of contributions to the employees' provident fund with the government, superannuation fund and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Group's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

c) Other employee benefits:

- (a) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (b) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.
- d) Expenses incurred towards voluntary retirement scheme are charged to the statement of profit and loss as and when incurred.
- e) Other benefits comprising of discretionary long service awards are recognized as and when determined.

1.10 LEASES

A lease is classified at the inception date as a finance lease or an operating lease. Leases under which the Group assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss

Other leases are treated as operating leases, with payments are recognised as expense in the statement of profit & loss on a straight-line basis over the lease term.

1.11 FOREIGN CURRENCY TRANSACTIONS

a) Initial Recognition

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

b) Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Group are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

c) Foreign currency translation

Assets and liabilities of the entities with functional currency other than the presentation currency have been translated to the presentation currency using exchange rates prevailing on the balance sheet date. The statement of profit and loss has been translated using monthly average exchange rates prevailing during the year. Translation adjustment have been reported as foreign currency translation reserve in the statement of changes in equity.

1.12 TAXES ON INCOME

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Group offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Group will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Group will pay normal income-tax during the specified period.

1.13 PROVISIONS AND CONTINGENCIES

A provision is recognised if, as a result of a past event, the Group has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

1.14 CASH AND CASH EQUIVALENTS

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

1.15 CASH FLOW STATEMENT

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the Group are segregated.

1.16 BORROWING COST

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

1.17 EARNINGS PER SHARE

Basic EPS is arrived at based on net profit after tax available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

1.18 SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Executive Director/Decision Maker evaluates the Group's performance and allocates resources based on an analysis of various performance indicators by business segments.

The Group has identified its Executive Director as CODM which assesses the operational performance and position of the Group and makes strategic decisions.

1.19 EXCEPTIONAL ITEMS

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Group for the year, the nature and amount of such items is disclosed as exceptional items.

Recent Accounting pronouncements**Ind AS 115, Revenue from Contract with Customers**

On March 28, 2018, Ministry of Corporate Affairs (“MCA”) has notified the Ind AS 115, Revenue from Contract with Customers effective from April 1, 2018. The core principle of the new standard is that an entity should recognize revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service (ie an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity’s contracts with customers.

Control of an asset refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset. Control includes the ability to prevent other entities from directing the use of, and obtaining the benefits from, an asset.

Ind AS 21, Foreign currency transactions

On March 28, 2018, Ministry of Corporate Affairs (“MCA”) has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 effective from April 1, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities.

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly.

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

The carrying amounts and fair values of financial instruments by category are as follows:

32 Risk Management
Financial risk management objectives and policies

The Group's financial risk management is an integral part of how to plan and execute its business strategies. The Group's activity expose it to market risk, liquidity risk, commodity risk and credit risk. In order to minimise any adverse effects on the financial performance of the Group, The Group's financial risk management policy is set by the Managing Director and governed by overall direction of Board of Directors of the Group.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

S.No	Risk	Exposure arising from	Measurement	Management
A	Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Ageing analysis Credit ratings	Diversification of bank deposits, credit limits.
B	Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of bank deposits and timely receipt.
C	Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Closely tracks movement of rate changes with the bank.
D	Market risk – foreign exchange	Future commercial transactions recognised financial assets and liabilities not denominated in INR.	Sensitivity analysis	Management tracks foreign currency movements closely
E	Investment risk	Investment in Subsidiaries	Value of investment	Management of the Group keeps constant liaison and necessary information on timely basis.

A. Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Group periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual credit period and limits are set accordingly.

The Group considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Group compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information to decide on this such as:

- i) Actual or expected significant adverse changes in business
- ii) Actual or expected significant changes in the operating results of the counterparty
- iii) Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- iv) Significant increase in credit risk on other financial instruments of the same counterparty.

The Group categorises financial assets based on the assumptions, inputs and factors specific to the class of financial assets into High-quality assets, negligible credit risk; Quality assets, low credit risk; Standard assets, moderate credit risk; Substandard assets, relatively high credit risk; Low quality assets, very high credit risk; Doubtful assets, credit-impaired.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Group. The Group categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than one year past due.

Where loans or receivables have been written off, the Group continues engage in enforcement activity to attempt to recover the receivable due.

Where recoveries are made, these are recognized in profit or loss.

B. Liquidity risk

Liquidity risk is defined as the risk that the Group will not be able to settle or meet its obligations on time, or at a reasonable price. The Group's liquidity, funding as well as settlement management processes policies and such related risk are overseen by management. Management monitors the Group's net liquidity position through rolling forecasts on the basis of expected cash flows.

- B** The Group follows the policy as decided by Board of directors considering financial performance, available resources, other internal and external factors and upon recommendation from Audit Committee for the declaration of dividend.

34 First-time adoption of Ind AS

The Group has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from April 1, 2016, with a transition date of April 1, 2016. The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements for the year ended March 31, 2018, be applied retrospectively and consistently for all financial years presented. However, in preparing these Ind AS financial statements, the Group has availed of certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A. Optional exemptions**a) Deemed cost**

Ind AS 101 permits to measure all its property, plant & equipments at their previous GAAP carrying value i.e. being deemed cost represented by Gross Block reduced by accumulated depreciation on April 1, 2016.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018**b) Investments**

The Group present separate financial statement wherein Ind AS 27 requires it to measure its investment in associate either at cost or in accordance with the Ind AS 109. The Group at first time adoption has measured such investment at cost in accordance with the Ind AS 27, wherein it has option to measure the investments in its separate opening Ind AS balance sheet at cost as determined in accordance with Ind AS 27 or deemed cost. Deemed cost shall be fair value at the entity's date of transition to Ind AS in its separate financial statement or previous GAAP carrying amount as on that date. The Group has adopted deemed cost being previous GAAP carrying amount as on date of transition.

c) Investments property

Ind AS 101 permits to measure all its investment property at their previous GAAP carrying value i.e. being deemed cost represented by Gross Block reduced by accumulated depreciation on April 1, 2016.

B. Mandatory exceptions**a) Estimates**

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies).

Ind AS estimates as at April 1, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP.

The Group made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Investment in equity instruments carried at FVTPL or FVOCI; and
- Impairment of financial assets based on expected credit loss model.

b) Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

c) Transition to Ind AS - reconciliations

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from previous GAAP to Ind AS in accordance with Ind AS 101:

- I. Reconciliation of Balance sheet as at April 1, 2016 and March 31, 2017
- II. Reconciliation of Statement of Profit and Loss for the year ended March 31, 2017
- III. Reconciliation of Equity as at April 1, 2016 and March 31, 2017

The presentation requirements under Previous GAAP differs from Ind AS and hence Previous GAAP information has been regrouped for ease of reconciliation with Ind AS.

The Regrouped Previous GAAP information is derived from the Financial Statements of the Company prepared in accordance with Previous GAAP.

Notes to first time adoption
Note 1: Remeasurements of post employment benefit obligations

Under the previous GAAP, cost relating to post employment benefit obligations including actuarial gain/losses were recognised in Profit & Loss. Under Ind AS, actuarial gain/losses on the net defined benefit liability are recognised in other comprehensive income instead of profit & loss.

Note 2: Security deposit

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of lease term) are recorded at transaction price.

Under Ind AS All financial assets are required to be recognised at fair value. Accordingly, the Group has fair valued the security deposits and the difference between the fair value and transaction value of the security deposit has been recognised as prepaid rent.

NOTES FORMING PART OF CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018
Note 3: Borrowings

Ind AS 109 requires transaction costs incurred towards borrowings to be deducted from the transaction value on initial recognition. These cost are recognised in profit & loss over the tenure of borrowings as a part of the interest expense by applying effective interest rate method.

Note 4: Deferred taxes

Under previous GAAP, deferred taxes were recognised based on Profit & loss approach i.e. tax impact on difference between the accounting income and taxable income. Under Ind AS, deferred tax is recognised by following balance sheet approach i.e. tax impact on temporary difference between the carrying value of asset and liabilities in the books and their respective tax base.

35 Disclosure pursuant to ind as - 19 “employee benefits”

- i) Gratuity: In accordance with the applicable laws, the Group provides for gratuity, a defined benefit retirement plan (“The Gratuity Plan”) covering eligible employees. The gratuity plan provides for a lump sum payment to vested employees on retirement (subject to completion of five years of continuous employment), death, incapacitation or termination of employment that are based on last drawn salary and tenure of employment. Liabilities with regard to the gratuity plan are determined by actuarial valuation on the reporting date and the Group makes annual contribution to the gratuity fund administered by life Insurance companies under their respective group gratuity schemes.

E. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

(Amounts in Thousands)

Impact on defined benefit obligation	Increase / (Decrease) in liability	
	As at March 31, 2018	As at March 31, 2017
Projected benefit obligation on current assumptions	5,573	6,044
+1% Change in rate of discounting	(503)	(668)
-1% Change in rate of discounting	605	802
+1.00% Change in rate of Salary increase	617	755
-1.00% Change in rate of Salary increase	(520)	(691)
+1% Change in Attrition Rate	169	235
-1% Change in Attrition Rate	(197)	(272)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

INDEPENDENT AUDITOR'S REPORT

**To The Members of
HOV Services Limited**

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of **HOV Services Limited** ("the Company"), which comprise the Balance Sheet as at 31st March, 2018, the Statement of Profit and Loss (including other comprehensive income), Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under. We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the standalone financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the standalone financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India,

- (i) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2018;
- (ii) in the case of the Statement of Profit and Loss, of the loss including other comprehensive income of the Company for the year ended on that date,
- (iii) in the case of the Statement of Changes of Equity, of the changes in equity for the year ended on that date, and
- (iv) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Other Matter

Opening balances have been considered based on the audited financial statements prepared under previous Generally Accepted Accounting Practices (Previous GAAP) issued by the other auditors whose unqualified audit report dated May 29, 2017 have been furnished to us. The differences arising from transition from previous GAAP to Ind AS have been derived from such audited financial statements.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the 'Annexure A' a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by Section 143 (3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss, the Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - (e) As required by Section 143 (3) of the Act with respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, we give in 'Annexure B' a separate report on the same

- (f) On the basis of the written representations received from the directors as on 31st March, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2018 from being appointed as a director in terms of Section 164 (2) of the Act.
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company does not have pending litigations which would impact its financial position. (Refer Note 34).
 - (ii) The Company did not have any long-term contracts including derivative contracts for which there are any material foreseeable losses.
 - (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

“Annexure B”**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act**

We have audited the internal financial controls over financial reporting of HOV SERVICES LIMITED (“the Company”) as of March 31, 2018 in conjunction with our audit of standalone financial statement of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that :

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and

- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has broadly, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India

SIGNIFICANT ACCOUNTING POLICIES**1. Company Information:**

The Company was incorporated in 1989 under the Companies Act, 1956 as Codec Communication Pvt. Ltd with registration number 25-14448. The Company commenced its operations on January 10, 1989. In March, 2006 the Company changed its name to HOV Services Limited as a part of its plans to create brand recognition among its customers. The Company is engaged in providing IT and IT Enabled Services such as Data Entry Services, Software Development and Support Services

1.1 BASIS OF ACCOUNTING

These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified under the Companies (Indian Accounting standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendments Rules 2016 prescribed under section 133 of the Companies Act, 2013 read with rule 7 of the Companies (Accounts) Rules, 2014.

The financial statements are prepared and presented on accrual basis and under the historical cost convention, except for the following material items that have been measured at fair value as required by the relevant Ind AS:

- Certain financial assets and liabilities are measured at Fair value (refer accounting policy on financial instruments - Refer note 1.7 below)
- Defined Benefit and other Long term Employee Benefits - Refer note 1.8 below

1.2 USE OF ESTIMATES AND JUDGEMENTS

The preparation of the financial statements requires that the Management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. The recognition, measurement, classification or disclosure of an item or information in the financial statements is made relying on these estimates.

The estimates and judgements used in the preparation of the financial statements are continuously evaluated and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Actual results could differ from those estimates. Any revision to accounting estimates is recognised prospectively in current and future periods.

All the assets and liabilities have been classified as current or non-current as per the company's normal operating cycle of twelve months and other criteria set out in Schedule III to the Companies Act, 2013.

1.3 PROPERTY, PLANT AND EQUIPMENT & INTANGIBLE ASSETS**Property, Plant and Equipment**

Property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. Costs include freight, import duties, non-refundable purchase taxes and other expenses directly attributable to the acquisition of the asset.

Intangible Assets

Costs that are directly associated with identifiable and unique software products controlled by the Company, developed in-house or acquired, and have probable economic benefits exceeding the cost beyond one year are recognized as software products. Other acquired software's meant for in-house consumption are capitalized at the acquisition price:

Depreciation/amortisation:

Tangible Assets - Depreciation on Property, Plant and Equipment is provided based on useful life and in the manner prescribed in part C of Schedule II of the Companies Act, 2013.

Investment property is amortized over the period of lease.

Intangible Assets – Software product (meant for sale) are amortized over its estimated useful life of 8 years. Other Software products are amortized over its period of license.

1.4 IMPAIRMENT OF NON FINANCIAL ASSETS

The Company assesses at each reporting date whether there is any objective evidence that a non-financial asset or a group of non-financial assets are impaired. If any such indication exists, the Company estimates the amount of impairment loss. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the individual asset/cash generating unit is made.

An impairment loss is calculated as the difference between an asset's carrying amount and recoverable amount. Losses are recognised in profit or loss and reflected in an allowance account. When the Company considers that there are no realistic prospects of recovery of the asset, the relevant amounts are written off. If the amount of impairment loss subsequently decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, then the previously recognised impairment loss is reversed through profit or loss.

1.5 REVENUE RECOGNITION

Revenue is recognized to the extent that it is probable that the economic benefit will flow to the Company and the revenue can be measured reliably.

Rendering of services

Revenue from sale of services are recognized when the services are rendered.

Other Income

Interest income is recognized on a time proportionate basis taking into account the amounts invested and the rate of interest. For all financial instruments measured at amortised cost, interest income is recorded using the Effective interest rate method to the net carrying amount of the financial assets.

1.6 FINANCIAL INSTRUMENTS

Financial assets - Initial recognition

Financial assets are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial assets other than trade receivables are initially recognised at fair value plus transaction costs for all financial assets not carried at fair value through profit or loss. Financial assets carried at fair value through profit or loss are initially recognised at fair value, and transaction costs are expensed in the Statement of Profit and Loss.

Subsequent measurement

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income or fair value through profit or loss on the basis of both:

- (a) the entity's business model for managing the financial assets and
- (b) the contractual cash flow characteristics of the financial asset.

(a) Measured at amortised cost:

A financial asset is measured at amortised cost, if it is held under the hold to collect business model i.e. held with an objective of holding the assets to collect contractual cash flows and the contractual cash flows are solely payments of principal and interest on the principal outstanding. Amortised cost is calculated using the effective interest rate ("EIR") method by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, gain or loss, if any, is recognised to Statement of Profit and Loss.

(b) Measured at fair value through other comprehensive income (FVOCI):

A financial asset is measured at FVOCI, if it is held under the hold to collect and sell business model i.e. held with an objective to collect contractual cash flows and selling such financial asset and the contractual cash flows are solely payments of principal and interest on the principal outstanding. It is subsequently measured at fair value with fair value movements recognised in the OCI, except for interest income which recognised using EIR method. The losses arising from impairment are recognised in the Statement of Profit and Loss. On derecognition, cumulative gain or loss previously recognised in the OCI is reclassified from the equity to Statement of Profit and Loss.

(c) Measured at fair value through profit or loss (FVTPL):

Investment in financial asset other than equity instrument, not measured at either amortised cost or FVOCI is measured at FVTPL. Such financial assets are measured at fair value with all changes in fair value, including interest income and dividend income if any, recognised in the Statement of Profit and Loss.

Equity Instruments:

All investments in equity instruments classified under financial assets are subsequently measured at fair value. Equity instruments which are held for trading are measured at FVTPL.

For all other equity instruments, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument shall be recognised in Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognised in the OCI. Amounts recognised in Other Comprehensive Income (OCI) are not subsequently transferred to Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised in Statement of Profit and Loss.

Impairment

The Company recognises a loss allowance for Expected Credit Losses (ECL) on financial assets that are measured at amortised cost and at FVOCI. The credit loss is difference between all contractual cash flows that are due to an entity in accordance with the contract and all the cash flows that the entity expects to receive (i.e. all cash shortfalls), discounted at the original effective interest rate. This is assessed on an individual or collective basis after considering all reasonable and supportable including that which is forward-looking.

The Company's trade receivables or contract revenue receivables do not contain significant financing component and loss allowance on trade receivables is measured at an amount equal to life time expected losses i.e. expected cash shortfall, being simplified approach for recognition of impairment loss allowance.

Under simplified approach, the Company does not track changes in credit risk. Rather it recognizes impairment loss allowance based on the lifetime ECL at each reporting date right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on the portfolio of trade receivables.

The provision matrix is based on its historically observed default rates over the expected life of the trade receivable and is adjusted for forward looking estimates. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed.

For financial assets other than trade receivables, the Company recognises 12-month expected credit losses for all originated or acquired financial assets if at the reporting date the credit risk of the financial asset has not increased significantly since its initial recognition. The expected credit losses are measured as lifetime expected credit losses if the credit risk on financial asset increases

significantly since its initial recognition. If, in a subsequent period, credit quality of the instrument improves such that there is no longer significant increase in credit risks since initial recognition, then the Company reverts to recognizing impairment loss allowance based on 12 months ECL.

The impairment losses and reversals are recognised in Statement of Profit and Loss. For equity instruments and financial assets measured at FVTPL, there is no requirement for impairment testing.

De-recognition

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers rights to receive cash flows from an asset, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Financial Liabilities**Initial Recognition and measurement**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments. Financial liabilities are initially recognised at fair value net of transaction costs for all financial liabilities not carried at fair value through profit or loss.

The Company's financial liabilities includes trade and other payables, loans and borrowings including bank overdrafts and derivative instruments.

Subsequent measurement

Financial liabilities measured at amortised cost are subsequently measured at using EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Loans & Borrowings:

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using EIR method. Gains and losses are recognized in profit & loss when the liabilities are derecognized as well as through EIR amortization process.

Financial Guarantee Contracts

Financial guarantee contracts issued by the Company are those contracts that requires a payment to be made or to reimburse the holder for a loss it incurs because the specified debtors fails to make payment when due in accordance with the term of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee.

Subsequently the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative adjustments.

De-recognition

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Derivative financial instruments & hedge accounting

The Company uses derivative financial instruments, such as forward foreign exchange contracts, interest rate swaps, cross currency interest risk swap to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently remeasured at fair value, with changes in fair value recognised in Statement of Profit and Loss. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

The Company designates their derivatives as hedges of foreign currency risk associated with the cash flows of highly probable forecast transactions and variable interest rate risks associated with the borrowings.

The Company documents at the inception of hedging transaction the economic relationship between hedging instruments and hedged items including whether the hedging instrument is expected to offset cash flow of hedged items. The Company documents its risk management objective and strategy for undertaking various hedge transaction at the inception of each hedge relationship.

Cash flows hedge that qualify for the hedge accounting

Any gains or losses arising from changes in the fair value of derivatives are taken directly to statement of profit & loss, except for the effective portion of cash flow hedge which is recognized in other comprehensive income and presented as separate component of equity which is later reclassified to statement of profit & loss when the hedge item affects profit & loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

1.7 FAIR VALUE MEASUREMENT:

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- ✓ In the principal market for the asset or liability, or
- ✓ In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- ✓ Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- ✓ Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- ✓ Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

1.8 EMPLOYEE BENEFITS

The Company has provides following post-employment plans such as:

- (a) Defined benefit plans such a gratuity and
- (b) Defined contribution plans such as Provident fund etc.

a) Defined-benefit plan:

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of defined benefit obligations at the end of the reporting period less fair value of plan assets. The defined benefit obligations is calculated annually by actuaries through actuarial valuation using the projected unit credit method.

The Company recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- (a) Service costs comprising current service costs, past-service costs, gains and losses on curtailment and non-routine settlements; and
- (b) Net interest expense or income

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and fair value of plan assets. This cost is included in employee benefit expenses in the statement of the profit & loss.

Re-measurement comprising of actuarial gains and losses arising from

- (a) Re-measurement of Actuarial(gains)/losses
- (b) Return on plan assets, excluding amount recognized in effect of asset ceiling
- (c) Re-measurement arising because of change in effect of asset ceiling

are recognised in the period in which they occur directly in Other comprehensive income. Re-measurement are not reclassified to profit or loss in subsequent periods.

Ind AS 19 requires the exercise of judgment in relation to various assumptions including future pay rises, inflation and discount rates and employee and pensioner demographics. The Company determines the assumptions in conjunction with its actuaries, and believes these assumptions to be in line with best practice, but the application of different assumptions could have a significant effect on the amounts reflected in the income statement, other comprehensive income and balance sheet. There may be also interdependency between some of the assumptions.

b) Defined-contribution plan:

Under defined contribution plans, provident fund, the Company pays pre-defined amounts to separate funds and does not have any legal or informal obligation to pay additional sums. Defined

Contribution plan comprise of contributions to the employees' provident fund with the government, and certain state plans like Employees' State Insurance and Employees' Pension Scheme. The Company's payments to the defined contribution plans are recognised as expenses during the period in which the employees perform the services that the payment covers.

c) Other employee benefits:

- (a) Compensated absences which are not expected to occur within twelve months after the end of the period in which the employee renders the related services are recognised as a liability at the present value of the obligation as at the Balance sheet date determined based on an actuarial valuation.
- (b) Undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees are recognised during the period when the employee renders the related services.

1.9 LEASES

A lease is classified at the inception date as a finance lease or an operating lease. Leases under which the Company assumes substantially all the risks and rewards of ownership are classified as finance leases. When acquired, such assets are capitalized at fair value or present value of the minimum lease payments at the inception of the lease, whichever is lower. Lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognised in finance costs in the statement of profit and loss

Other leases are treated as operating leases, with payments are recognised as expense in the statement of profit & loss on a straight-line basis over the lease term.

1.10 FOREIGN CURRENCY TRANSACTIONS

a) Initial Recognition

Transactions in foreign currency are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising on foreign exchange transactions settled during the year are recognized in the Statement of Profit and Loss of the year.

b) Measurement of Foreign Currency Items at the Balance Sheet Date

Foreign currency monetary items of the Company are restated at the closing exchange rates. Non monetary items are recorded at the exchange rate prevailing on the date of the transaction. Exchange differences arising out of these transactions are charged to the Statement of Profit and Loss.

1.11 TAXES ON INCOME

Income tax comprises current and deferred tax. Income tax expense is recognized in the statement of profit and loss except to the extent it relates to items directly recognized in equity or in other comprehensive income.

Current tax is based on taxable profit for the year. Taxable profit is different from accounting profit due to temporary differences between accounting and tax treatments, and due to items that are never taxable or tax deductible. Tax provisions are included in current liabilities. Interest and penalties on tax liabilities are provided for in the tax charge. The Company offsets, the current tax assets and liabilities (on a year on year basis) where it has a legally enforceable right and where it intends to settle such assets and liabilities on a net basis or to realise the assets and liabilities on net basis.

Deferred income tax is recognized using the balance sheet approach. Deferred income tax assets and liabilities are recognized for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount in financial statements. Deferred income tax asset are recognized to the extent that it is probable that taxable profit will be available against

which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized. Deferred tax assets are not recognised where it is more likely than not that the assets will not be realised in the future.

The carrying amount of deferred income tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Minimum Alternative Tax ('MAT') credit is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that Company will pay normal income-tax during the specified period.

1.12 PROVISIONS AND CONTINGENCIES

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation.

Provisions for onerous contracts are recognized when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract.

A disclosure for contingent liabilities is made where there is a possible obligation or a present obligation that may probably not require an outflow of resources or an obligation for which the future outcome cannot be ascertained with reasonable certainty. When there is a possible or a present obligation where the likelihood of outflow of resources is remote, no provision or disclosure is made.

1.13 CASH AND CASH EQUIVALENTS

Cash and Cash equivalents include cash and Cheque in hand, bank balances, demand deposits with banks and other short-term highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value where original maturity is three months or less.

1.14 CASH FLOW STATEMENT

Cash flows are reported using the indirect method where by the profit before tax is adjusted for the effect of the transactions of a non-cash nature, any deferrals or accruals of past and future operating cash receipts or payments and items of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities of the company are segregated.

1.15 BORROWING COST

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of qualifying assets are capitalized as a part of Cost of that assets, during the period till all the activities necessary to prepare the Qualifying assets for its intended use or sale are complete during the period of time that is required to complete and prepare the assets for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are recognized as an expense in the period in which they are incurred.

1.16 EARNINGS PER SHARE

Basic EPS is arrived at based on net profit after tax available to equity shareholders to the weighted average number of equity shares outstanding during the year.

The diluted EPS is calculated on the same basis as basic EPS, after adjusting for the effects of potential dilutive equity shares unless impact is anti-dilutive.

1.17 SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker (CODM).

The Company has identified its Executive Director as CODM which assesses the operational performance and position of the Company and makes strategic decisions.

1.18 EXCEPTIONAL ITEMS

When an item of income or expense within profit or loss from ordinary activity is of such size, nature or incidence that their disclosure is relevant to explain the performance of the Company for the year, the nature and amount of such items is disclosed as exceptional items.

Recent Accounting pronouncements :**Ind AS 115, Revenue from Contract with Customers**

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Ind AS 115, Revenue from Contract with Customers effective from April 1, 2018. The core principle of the new standard is that an entity should recognize revenue when (or as) the entity satisfies a performance obligation by transferring a promised good or service (ie an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset. Further the new standard requires enhanced disclosures about the nature, amount, timing and uncertainty of revenue and cash flows arising from the entity's contracts with customers.

Control of an asset refers to the ability to direct the use of, and obtain substantially all of the remaining benefits from, the asset. Control includes the ability to prevent other entities from directing the use of, and obtaining the benefits from, an asset.

Ind AS 21, Foreign currency transactions

On March 28, 2018, Ministry of Corporate Affairs ("MCA") has notified the Companies (Indian Accounting Standards) Amendment Rules, 2018 effective from April 1, 2018 containing Appendix B to Ind AS 21, Foreign currency transactions and advance consideration which clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

29 Risk Management
Financial risk management objectives and policies

The Company's financial risk management is an integral part of how to plan and execute its business strategies. The company's activity expose it to market risk, liquidity risk, commodity risk and credit risk. In order to minimise any adverse effects on the financial performance of the company, the Company's financial risk management policy is set by the Managing Director and governed by overall direction of Board of Directors of the Company.

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and loans and borrowings.

S.No	Risk	Exposure arising from	Measurement	Management
A	Credit risk	Cash and cash equivalents, trade receivables, financial assets measured at amortised cost.	Ageing analysis Credit ratings	Diversification of bank deposits, credit limits.
B	Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of bank deposits and timely receipt.
C	Market risk – interest rate	Long-term borrowings at variable rates	Sensitivity analysis	Closely tracks movement of rate changes with the bank.
D	Market risk – foreign exchange	Future commercial transactions recognised financial assets and liabilities not denominated in INR.	Sensitivity analysis	Management tracks foreign currency movements closely
E	Investment risk	Investment in Subsidiaries	Value of investment	Management of the company keeps constant liaison and necessary information on timely basis.

A. Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations as agreed. To manage this, the Company periodically assesses financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual credit period and limits are set accordingly.

The Company considers the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis through each reporting period. To assess whether there is a significant increase in credit risk the Company compares the risk of default occurring on asset as at the reporting date with the risk of default as at the date of initial recognition. It considers reasonable and supportive forwarding-looking information to decide on this such as:

- Actual or expected significant adverse changes in business
- Actual or expected significant changes in the operating results of the counterparty
- Financial or economic conditions that are expected to cause a significant change to the counterparty's ability to meet its obligations
- Significant increase in credit risk on other financial instruments of the same counterparty.

NOTES FORMING PART OF FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 2018

The company categorises financial assets based on the assumptions, inputs and factors specific to the class of financial assets into High-quality assets, negligible credit risk; Quality assets, low credit risk; Standard assets, moderate credit risk; Substandard assets, relatively high credit risk; Low quality assets, very high credit risk; Doubtful assets, credit-impaired.

Financial assets are written off when there is no reasonable expectations of recovery, such as a debtor failing to engage in a repayment plan with the Company. The Company categorises a loan or receivable for write off when a debtor fails to make contractual payments greater than one year past due.

Where loans or receivables have been written off, the Company continues engage in enforcement activity to attempt to recover the receivable due.

Where recoveries are made, these are recognized in profit or loss.

31 First-time adoption of Ind AS

The Company has adopted Indian Accounting Standards (Ind AS) as notified by the Ministry of Corporate Affairs with effect from April 1, 2016, with a transition date of April 1, 2016. The adoption of Ind AS has been carried out in accordance with Ind AS 101, First-time Adoption of Indian Accounting Standards. Ind AS 101 requires that all Ind AS standards and interpretations that are issued and effective for the first Ind AS financial statements for the year ended March 31, 2018, be applied retrospectively and consistently for all financial years presented. However, in preparing these Ind AS financial statements, the Company has availed of certain exemptions and exceptions in accordance with Ind AS 101, as explained below. The resulting difference between the carrying values of the assets and liabilities in the financial statements as at the transition date under Ind AS and Previous GAAP have been recognised directly in equity (retained earnings or another appropriate category of equity). Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A. Optional exemptions**a) Deemed cost**

Ind AS 101 permits to measure all its property, plant & equipments at their previous GAAP carrying value i.e. being deemed cost represented by Gross Block reduced by accumulated depreciation on April 1, 2016.

Notes forming part of financial statements for the year ended March 31, 2018**b) Investments in subsidiaries**

The Company present separate financial statement wherein Ind AS 27 requires it to measure its investment in subsidiaries and associate either at cost or in accordance with the Ind AS 109. The Company at first time adoption has measured such investment at cost in accordance with the Ind AS 27, wherein it has option to measure the investments in its separate opening Ind AS balance sheet at cost as determined in accordance with Ind AS 27 or deemed cost. Deemed cost shall be fair value at the entity's date of transition to Ind AS in its separate financial statement or previous GAAP carrying amount as on that date. The Company has adopted deemed cost being previous GAAP carrying amount as on date of transition.

c) Investments in property

Ind AS 101 permits to measure all its investment property at their previous GAAP carrying value i.e. being deemed cost represented by Gross Block reduced by accumulated depreciation on April 1, 2016.

B. Mandatory exceptions**a) Estimates**

An entity's estimates in accordance with Ind AS at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies). Ind AS estimates as at April 1, 2016 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for following items in accordance with Ind AS at the date of transition as these were not required under previous GAAP:

- Investment in equity instruments carried at FVTPL or FVOCI; and
- Impairment of financial assets based on expected credit loss model.

b) Classification and measurement of financial assets

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS.

c) Transition to Ind AS - reconciliations

The following reconciliations provide a quantification of the effect of significant differences arising from the transition from previous GAAP to Ind AS in accordance with Ind AS 101:

- I. Reconciliation of Balance sheet as at April 1, 2016 and March 31, 2017
- II. Reconciliation of Statement of Profit and Loss for the year ended March 31, 2017
- III. Reconciliation of Equity as at April 1, 2016 and March 31, 2017

The presentation requirements under Previous GAAP differs from Ind AS and hence Previous GAAP information has been regrouped for ease of reconciliation with Ind AS.

The Regrouped Previous GAAP information is derived from the Financial Statements of the Company prepared in accordance with Previous GAAP.

Total equity under Ind AS	8,79,028	8,67,419

Notes to first time adoption
Note 1: Remeasurements of post employment benefit obligations

Under the previous GAAP, cost relating to post employment benefit obligations including actuarial gain/losses were recognised in Profit & Loss. Under Ind AS, actuarial gain/losses on the net defined benefit liability are recognised in other comprehensive income instead of profit & loss.

Note 2: Security deposit

Under the previous GAAP, interest free lease security deposits (that are refundable in cash on completion of lease term) are recorded at transaction price. Under Ind AS All financial assets are required to be recognised at fair value. Accordingly, the Company has fair valued the security deposits and the difference between the fair value and transaction value of the security deposit has been recognised as prepaid rent.

Note 3: Borrowings

Ind AS 109 requires transaction costs incurred towards borrowings to be deducted from the transaction value on initial recognition. These cost are recognised in profit & loss over the tenure of borrowings as a part of the interest expense by applying effective interest rate method.

Note 4: Deferred taxes

Under previous GAAP, deferred taxes were recognised based on Profit & loss approach i.e. tax impact on difference between the accounting income and taxable income. Under Ind AS, deferred tax is recognised by following balance sheet approach i.e. tax impact on temporary difference between the carrying value of asset and liabilities in the books and their respective tax base.

D. Assumptions

With the objective of presenting the plan assets and plan liabilities of the defined benefits plans at their fair value on the balance sheet, assumptions under Ind AS 19 are set by reference to market conditions at the valuation date.

The significant actuarial assumptions were as follows:

Particular	As at March 31, 2018	As at March 31, 2017	As at April 1, 2016
Financial Assumptions			
Discount rate	7.86%	8.00%	8.00%
Expected rate of return on plan assets	7.86%	8.00%	8.50%
Salary escalation rate	5.00%	5.00%	5.00%
Attrition rate	8.00%	3.00%	3.00%

Demographic assumptions

Mortality in service : Indian Assured Lives Mortality (2006-08)

E. Sensitivity

The sensitivity of the overall plan liabilities to changes in the weighted key assumptions are:

(Amount in Thousands)

Impact on defined benefit obligation	Increase / (Decrease) in liability	
	As at March 31, 2018	As at March 31, 2017
Projected benefit obligation on current assumptions	5,573	6,044
+1% Change in rate of discounting	(503)	(668)
-1% Change in rate of discounting	605	802
+1.00% Change in rate of Salary increase	617	755
-1.00% Change in rate of Salary increase	(520)	(691)
+1% Change in Attrition Rate	169	235
-1% Change in Attrition Rate	(197)	(272)

The sensitivity analysis have been determined based on reasonably possible changes of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant.

The sensitivity analysis presented above may not be representative of the actual change in the projected benefit obligation as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumptions may be correlated.

Furthermore, in presenting the above sensitivity analysis, the present value of the projected benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same method as applied in calculating the projected benefit obligation as recognised in the balance sheet.

EXPLANATORY STATEMENT**(Pursuant to Section 102 of the Companies Act, 2013)**

Pursuant to the provisions of Section 102 of the Companies Act, 2013 the following explanatory statement sets out all material facts relating to the business mentioned under Item Nos. 3 to 6 of the accompanying Notice of 30th Annual General Meeting:

Item No. 3

Mr. Rohit Jain was appointed as additional director by the Board of Directors of the Company effective September 1, 2017 who shall hold office up to the 30th AGM. The nomination and Remuneration committee in its meeting held on May 29, 2018 had given recommendations to the Board of Directors for the appointment of Mr. Rohit Jain as an Independent Director. Mr. Rohit Jain being eligible and offering his candidature for appointment, is proposed to be appointed as an Independent Director for 1st term of five consecutive years from September 10, 2018 to September 9, 2023. A notice proposing his candidature for appointment for the office of Director of the Company has been received to the Company. In the opinion of the Board, Mr. Rohit Jain fulfills the conditions as specified in the Companies Act, 2013 and rules made thereunder for his appointment as an Independent Director and the Board considered that his association will be of immense benefit to the Company.

Except for Mr. Rohit Jain, being an appointee, none of the directors, except as stated above, Key Managerial Personnel of HOVS and their relatives are concerned or interested, financially or otherwise, in the aforesaid resolutions, except to the extent of their shareholding, if any, in HOVS.

Accordingly, the Board recommends the resolution set forth in Item No. 3 in relation to appointment of Mr. Rohit Jain as an Independent Director, for the approval by the shareholders of the Company.

Item No. 4**Approval of Shareholders for reimbursement of expenses for service of documents**

As per the provisions of sections 20 of the Companies Act, 2013, a document may be served on any member by sending it to him/her by post or by registered post or by speed post or by courier or by delivering to his/her office or address, or by such electronic or other mode as may be prescribed. Any member may request for delivery of any document through a particular mode, for which he or she or corporate member shall pay such fees in advance as may be determined by the Company in its Annual General Meeting.

None of the directors, and Key Managerial Personnel of HOVS and their relatives are concerned or interested, financially or otherwise, in the aforesaid resolutions, except to the extent of their shareholding, if any, in HOVS.

Accordingly, the Board recommends the resolutions set forth in Item No. 4 for approval of the Members in the best interest of the Company.

Item No. 5
