Forward-looking statement

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take informed investment decisions. This report and other statements - written and oral - that we periodically make, contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipates', 'estimates', 'expects', 'projects', 'intends', 'plans', 'believes' and words of similar substance in connection with any discussion of future performance. We cannot guarantee that these forward-looking statements will be realised, although we believe we have been prudent in our assumptions. The achievement of results is subject to risks, uncertainties and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated or projected. Readers should bear this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

The paper used for printing this Annual Report is manufactured by Ruchira Papers.

There is no finish line

At Ruchira Papers, 'There is no finish line' is not just another statement.

It represents the foundation of our business model.

Indicating that in our pursuit of excellence, the journey is indeed endless.

Where improvements are made continuously.

Where the business is sustainably strengthened.

Where more is extracted from less.

The result of this commitment is that the Company has serviced a larger spread of customers, reported a profit for every single year in the last decade, enhanced shareholder value and reinforced its positioning as a responsible corporate citizen.

How we have grown over the years

Revenues (₹ Crores)

Definition
Growth in sales net of taxes.

Why this is measured
It highlights the Company's product acceptance and reach.

Performance
Aggregate sales increased by 10.36% to ₹493.99 Crores in FY18-19.

Value impact
Helped sustain business sustainability and profitability.

Profit after tax (₹ Crores)

Definition
Profit earned during the year after deducting expenses and provisions.

Why this is measured
It unambiguously highlights the strength of the business model.

Performance
The Company reported a 5.84% increase in profit after tax in FY18-19.

Value impact
This ensures that adequate cash is available for reinvestment and business growth.

EBITDA (₹ Crores)

Definition
Earnings before the deduction of interest, depreciation, extraordinary items and tax.

Why this is measured
The parameter showcases the Company's ability to optimise operating costs; it presents an index for comparison with the Company's retrospective average and sectoral peers.

Performance
The Company's EBITDA for FY18-19 stood at ₹82.12 Crores.

Value impact
The cash produced by the operating business, before interest or depreciation provides a perspective on the operating competence of the Company.

EBITDA margin (%)

Definition
EBITDA margin is a profitability index used to measure a company's financial efficiency.

Why this is measured
The measure provides an idea of how much a company earns (before accounting for interest and taxes) on each rupee of sale, expressed as a percentage.

Performance
The Company reported a slight increase in EBITDA margin in FY18-19, enriching its portfolio with superior products and improved efficiency.

Value impact
The measure indicates the buffer in the Company's business, which, when multiplied by scale, has helped enhance the available surplus.

RoCE

(%)

**Definition:**

This financial ratio measures a company's profitability and efficiency in deploying capital.

Why this is measured

RoCE is a useful metric for comparing profitability across companies based on the amount of capital they consume, particularly significant for capital-intensive businesses.

Performance

The measure represents an indication of prudent, yet profitable, investment that generates higher returns.

Value impact

Enhanced RoCE can drive respect and valuation.

Debt-equity ratio

(x)

**Definition**

This is the ratio of debt to net worth (less revaluation reserves).

Why this is measured

It is a measure of financial solvency.

Performance

The Company sustained its gearing at a robust 0.11 in FY18-19.

Value impact

This measures enhanced shareholder value and helped moderate debt cost.

Debt-Cost

(%)

**Definition**

This represents the average cost of the consolidated debt on the Company's books.

Why this is measured

Indicates our ability to convince debt providers of the robustness of our business model, translating into a progressively lower debt cost.

Performance

The Company's debt cost declined 262 bps across the last four years.

Value impact

This strengthened the Company's ability to service debt and enhanced the credit rating (potentially leading to successive declines in debt cost).

Interest cover

(x)

**Definition**

This is derived through EBITDA divided by interest outflow.

Why this is measured

Indicates the Company's comfort in servicing its interest obligation (the higher the measurement, the more comfortable).

Performance

The Company sustained its interest cover at an attractive 12.09 in FY18-19.

Value impact

Strengthened ability to service debt helped enhance shareholder value.

“ Life is a race, and what matters most isn't when a person crosses the finish line, but how strong they've grown along the way.”

The Heart's Journey Home

How we generated more from **our** manufacturing capability

At Ruchira Papers, we are focused on a singular agenda: generating more from less.

This philosophy is not only confined to generating an optimal quantum of the end product from a given raw material resource; it also extends to the Company maximising output from available equipment and infrastructure.

This discipline was showcased at the beginning of the year under review.

A planned month-long shutdown was taken by the Company in the last month of FY17-18 to upgrade

its manufacturing capabilities and enhance throughput.

The result was that the Company improved its production ability in FY18-19.

The Company produced 128831 MT during the year under review, a y-o-y growth of 11.62% over the previous year.

In turn, this translated into a topline growth of 10.36% to ₹493.99 Crores during the year under review.

Enhancing productivity.
Reinforcing sustainability.

“A horse that doesn't set foot on the track is certainly never going to cross the finish line, let alone win the race.”

– Richie Norton

How we enhanced water security in a water-stressed world

At Ruchira Papers, we recognise that in a water-intensive business, water security strengthens business sustainability.

Over the years, the Company strengthened its manufacturing process with the objective to moderate water consumption.

The Company enhanced worker awareness. Made recycling a central figure in quarterly reviews. Increased investments in equipment and processes.

The commitment translated into visible results.

The Company moderated water

consumption related to the manufacture of kraft paper from 12.51 cubic metres/per ton in FY17-18 to 11.57 cubic metres/ton of paper in FY18-19.

The Company rationalised water consumption related to the manufacture of writing & printing paper as well: from 43.86 cubic metre/ton of paper in FY17-18 to 40.58 cubic metre/ton of paper in FY18-19.

**Enhancing manufacturing responsibility.
Strengthening resource security.**

“Perfection is not attainable, but if we chase perfection we can catch excellence.”

– Vince Lombardi

How we produced more with less power

At Ruchira Papers, we believe that the future belongs to companies with a moderate carbon footprint.

Over the years, this awareness enhanced the Company's commitment to reduce electricity consumption.

The Company strengthened processes. Replaced legacy equipment with modern equivalents. Encouraged workers to seek energy-efficient ways of working. Focused on energy waste reduction.

The result began to emerge in the numbers.

The Company successfully reduced

power consumption related to the manufacture of writing & printing paper from 1200 units/ton in FY17-18 to 1155 units/ton in FY18-19.

This reduction was creditable as it was achieved in the face of a higher production of value-added paper varieties, warranting higher power consumption.

The Company is optimistic of moderating power consumption related to the manufacture of kraft paper in FY19-20.

Manufacturing better paper with less power.

Enhancing ecological friendliness.

“Productivity is never an accident. It is always the result of a commitment to excellence, intelligent planning and focused effort.”

– Paul J. Meyer

Strengthening our raw material efficiency

At Ruchira Papers, we believe that in a business where raw materials account for around 50% of the total cost of production, even a moderate improvement in resource mobilisation can have a disproportionately positive impact on profitability.

Over the years, the Company focused on enhancing resource efficiency through various measures.

The Company focused on the consumption of agriculture residues, waste paper and waste products. The Company monitored movements in

realisations for both products with the objective to capitalise on prevailing realities. The Company altered its resource mix with the objective to moderate costs without compromising product quality.

The result is that the Company utilised 65% waste paper and 35% agricultural residues in the manufacture of kraft paper. It utilise 80-82% agriculture residues, 5-7% imported wood pulp and fillers in the manufacture of writing & printing paper.

The Company utilised an interchangeable mix of agricultural

residues like wheat straw, bagasse and sarkanda with the objective to enhance quality and moderate costs. Besides, it stocked enough quantity of bagasse each year with the objective to capitalise on abundant seasonal availability and moderate costs.

The result is that raw material costs as a proportion of the Company's revenues declined from a peak of 55% over the last decade to 48.46% during the year under review, strengthening business sustainability.

Reducing costs.
Enhancing profitability.

“ The management of Ruchira Papers will continue to do what it has always done – focus on generating more from given resources, strengthen the product mix, enhance realisations and reinforce customer relationships on the back of superior product quality.”

OVERVIEW

At Ruchira Papers, we are pleased to present our performance for FY18-19.

There are three principal messages that we wish to communicate.

One, the Company reported record numbers (revenues, output and profit).

Two, the Company reported profitable growth in a challenging economy.

Three, the record numbers were the result of a long-term priority in generating more from less.

These realities indicate the robustness of our business model and our competitiveness in a large and growing sector.

Business imperatives

At Ruchira Papers, the foundation for the record numbers that we reported during the last financial year was laid a number of years ago, reinforced through a number of priorities.

We resolved that we would utilise resources considered waste by conventional industry.

We would maximise the use of every possible resource – infrastructure, equipment, people, processes and finite fuels or resources.

We would keep extending the frontier when it came to quality, product mix or value-addition.

We would fuse our technical knowledge with entrepreneurial capability to grow our Company.

We would enhance our environment-friendliness, moderating our carbon footprint – ahead of the standards of the day.

We are pleased to report that our commitment to these fundamentals resulted in a profit growth every single year across the last decade.

Commitment to growth

In the last annual report, the management had communicated its commitment to build a large greenfield manufacturing facility. The proposed facility to manufacture writing & printing paper at Chamkaur Sahib (Punjab) is expected to cover 185 acres, for which the Company acquired 109 acres during the year under review. In view of the growing difficulty in aggregating land, we consider this contiguous purchase to be an achievement.

The Company intended to acquire balance 75 acres from the local panchayat but that did not transpire due to technical and legal issues. In view of the delay in proceeding with this large greenfield investment, the Company focused on upgrading its existing facility through the use of debt and internal accruals of FY19-20.

MANAGEMENT'S OVERVIEW

Awards

The Company is a respected manufacturer with a number of awards to its credit.

- Udyog Ratna Award by Himachal Pradesh in 2005.
- Forest Stewardship Council certificate from Rain Forest Alliance, New York, USA.
- Appreciation award from Himachal Pradesh Corrugated Box Manufacturers Association in 2009.
- Certificate of Excellence from INC 500 in 2013.

This underlines the management's commitment to grow the business in a sustainable manner.

The result is that the Company will invest around ₹70 Crores in upgradation and modernisation of its existing facilities at Kala Amb.

The capex will be directed at the upgradation of the writing & printing paper machines, replacing the existing Press Part including size press. Following this upgradation, the Company will be empowered to manufacture surface-sized paper of a higher surface strength and stiffness, required by publishers to print in four/five colours on the latest high-speed printing machines. We believe that the manufacture of this variety will enrich the Company's product mix and broad-base operations across a larger portfolio.

The Company also intends to strengthen its competitiveness in the notebook segment. Following the upgradation of the press section, paper dryness in the third press will improve and translate into enhanced manufacturing integrity. The Company also proposes to replace the existing 5.6 MW turbine with a new 6.1 MW equivalent, possessing superior manufacturing efficiency and throughput but utilising the same steam quantity.

Building a responsible company

At Ruchira Papers, our focus is not

just to manufacture a larger quantity of paper but also to enhance our environment responsibility. Today, there is a greater premium on clean manufacturing processes with a moderate carbon footprint than ever before and your Company is playing a deeper role in this area.

The Company achieved the guidelines/conditions specified in the Ministry of Environment & Forest charter ahead of the 31st December 2019 deadline. The Company made proactive investments in line with the desired benchmarks related to water quality and recycling. As a committed corporate citizen, the Company intends to make further reductions in COD/BOD levels and improve the colour of discharged water following modifications and upgradation of the effluent treatment plant using the latest technologies. Besides, the Company shall improve the firing capacity of Black Liquor Solids to 250 TPD in the chemical recovery plant, which will generate additional power and steam from the chemical recovery plant and address increased pulp production.

At Ruchira Papers, we are optimistic of our prospects on account of the increasing government focus on the reduced use of plastic in everyday life. Over the last few years, this growing focus already translated into an enhanced utilisation of paper. As a forward-looking company that would minimise the seasonal nature of kraft

paper, the Company plans to modify its kraft paper machine number one to manufacture cup stock paper, strengthening the topline, bottomline and margins. This modification shall be completed by the fourth quarter of FY19-20, its benefits accruing from the first quarter of FY20-21.

We must assure shareholders that this proposed upgradation and modification of existing facilities will not affect our commitment to the implementation of our proposed greenfield project in Punjab. As soon as we get the panchayat land registered in Company's name, the management will commence activities, including seeking the necessary environmental clearance for the large greenfield project.

Conclusion

The management of Ruchira Papers will continue to do what it has always done – focus on generating more from given resources, strengthen the product mix, enhance realisations and reinforce customer relationships on the back of superior product quality.

Given this commitment, we are optimistic of generating higher output, revenues and profits during the current financial year, strengthening our business sustainability.

Management

Ruchira Papers Limited

OPERATIONAL REVIEW

Q: Was the management pleased with the Company's performance during the year under review?

A: The management was pleased with the performance of the Company during the year under review. The Company reported a 10.36% revenue growth during the year under review to ₹493.99 Crores in FY18-19 from ₹447.60 Crores in FY17-18. The Company's EBITDA grew from ₹74.17 Crores in FY17-18 to ₹82.12 Crores in FY18-19, a growth of 10.72%. This profitable growth was achieved against the background of a sluggish economy where GDP growth declined to 5.8% in the last quarter. This outperformance was the result of a superior product mix, capacity debottlenecking, increased operating efficiencies and a conservative Balance Sheet.

Q: What were some specific reasons behind the profitable growth?

A: During the year under review, the Company reported higher kraft paper production of 77287 MT compared to 67999 MT in the previous year. Besides, the Company produced 51544 MT of writing and printing paper compared to 47425 MT in FY17-18. The increased output made it possible for the Company to amortise fixed costs more effectively, strengthening margins on the one hand and revenues on the other. The Company underlined its competence in manufacturing management, helping sweat the system more effectively and efficiently.

Q: What was the other factor that strengthened the Company's performance?

A: The other factor that strengthened the Company's performance was the product mix. At a macro level, the combination of writing & printing paper served as an effective proxy of the country's educational and economic growth, translating into a larger consumption of paper. Besides, the consumption of kraft paper was largely catalysed by growth in the country's FMCG sector that was, in turn, driven by the sustained national consumption engine. Within these product categories, the Company selected to manufacture superior grades addressing specific downstream requirements.

During the year under review, this focus translated into increased net sales realisations: for writing & printing paper net realisations strengthened from ₹54,326 per MT in FY17-18 to ₹59,012 per MT in FY18-19, while the average realisation for kraft paper declined from ₹28,341 per MT in FY17-18 to ₹25,871 per MT in FY18-19. It is precisely a year like this one that validated the Company's business model, strengthening sustainability.

The Company's writing & printing product mix was marked by an attractive proportion of coloured paper of around 30%, strengthening realisations. Besides, within the kraft segment, the Company produced superior varieties like High Plybond, High BF Paper and Colour Kraft.

Q: How does the Company intend to take its business ahead?

A: As a responsible corporate citizen, Ruchira has planned to upgrade its effluent treatment plant, expected to be completed by the end of FY19-20. This upgradation is expected to improve the colour of discharged water and reduce Chemical Oxygen Demand (COD)/ Biological Oxygen Demand (BOD) levels.

Besides, we expect to increase kraft paper production to 88,000 MT and writing & printing paper to 55,000 MT in the current financial year. We are optimistic that this increase in output

should translate into a 10-12% topline growth coupled with profitable growth.

Q: What is the Company's capex plan?

A: In last year's annual report, the management had stated that it was seriously considering a greenfield expansion across 185 acres of land in Chamkaur Sahib (Punjab) for manufacturing writing and printing paper. We are pleased to report that 109 acres was acquired in FY18-19 and we expect to complete the acquisition of the remaining portion across the foreseeable future.

Owing to the legal issues delaying the greenfield expansion in Punjab, Ruchira meanwhile continued to invest in small capital expenditure. The Company intends to invest ₹70 Crores (approximately) for the modification of existing facilities in Kala Amb; 50% shall be funded through debt and the rest through accruals derived from FY19-20. This capex will modernise our writing & printing paper machine that makes it possible to manufacture surface-sized paper preferred by publishers. We also propose to replace our legacy 5.6 MW turbine with a modern 6.1 MW equivalent that makes it possible to generate more power with the same steam, translating into superior efficiencies.

How we strengthened our business over the last 3 years

Improved production per capital

Production (in MT) per Crore of capital employed (₹)

Ruchira Papers is focused on enhancing return on investment through increased output from every Crore of financial investment.

Business investment commitment

Gross block (₹ / Crore)

Ruchira Papers made progressive investments to increase output across market cycles. On the back of these investments, the Company emerged as one of the largest agro-based paper manufacturers in North India.

Improved output

Production (Tons)

On the back of constant debottlenecking, modernisation and upgradation initiatives, Ruchira Papers improved its production of paper over the years.

Product mix

Proportion of revenues from writing & printing paper (%)

Ruchira Papers has diversified grades of writing and printing paper available in its product mix, which enables the Company to cater to varied demands on the back of an enhanced national literacy rate, coupled with a demand boost in downstream sectors.

Niche value-added

Proportion of writing & printing paper revenues from coloured paper (%)

Ruchira Papers introduced coloured paper as a part of its writing and printing portfolio in 2011. Over the years, revenues from this segment have grown, enabling the Company to generate a premium over the writing & printing average.

Water-efficient

Water consumption (metre cube) per ton of kraft paper

To deepen its compliance with strict environmental norms, the Company has increasingly invested in superior technologies with the objective, to moderate water consumption.

Water consumption (metre cube) per ton of writing/ printing paper

Productivity per person

Per person productivity in ₹ (calculated on Net Sales)

Ruchira Papers has been consistently focused on training and developing its employees, enhancing efficiency per person.

Sectoral context

Population growth

India, the second-most populous country, is adding ~15 million people to its population annually, providing a growing market for the Company's products.

Increasing literacy

India's literacy rate increased 900 bps between 2001 (65%) and 2011 (74%), catalysing the demand for writing & printing paper.

Increased economic growth

Sustained national economic growth (India being the fastest growing global economy) is expected to drive the offtake of writing & printing paper.

Growing income

Rising per capita income in real terms (at FY11-12 prices) during FY18-19 was estimated at ₹91921 compared to ₹86668 in the previous year, strengthening paper consumption.

Consumption growth

India is a vastly under-consumed country that is rapidly correcting this under-penetration. The more India consumes, the greater the likelihood of print media advertising, kraft paper offtake and discretionary spending.

Printing technologies

Printing technologies have become increasingly sophisticated (from 5000 impressions an hour to 20000 impressions an hour over the last few years), reflecting the use of diverse colours, treatments and finishes on product packaging leading to increased attractiveness and offtake. This has accelerated the offtake of kraft paper, boards and enhanced application standards.

Overview

Ruchira Papers manufactures different grades of writing & printing paper and kraft paper using agricultural residues like bagasse and wheat straw as well as waste paper (for kraft paper).

Strengths

- The Company's investment in a 8.1 MW captive power plant at its Kala Amb facility helps source 100% of the power requirement of writing & printing paper from within.
- The Company manufactures paper using agricultural residues, a relatively cheaper and more sustainable raw material.
- The Company is one of the largest manufacturers (using the agricultural residue route) of writing & printing paper and kraft paper in North India.
- The Company strategically increased its inventory (bagasse) stocking days to ensure uninterrupted raw material supply to sustain manufacturing operations.

Highlights, FY18-19

- The Company reported a higher output across both business segments through a prudent utilisation of existing assets, value engineering initiatives, strengthening economies of scale and amortisation of fixed costs.
- The Company produced 77287 MT of kraft paper in FY18-19 compared to 67999 MT in FY17-18; it produced 51544 MT of writing & printing paper in FY18-19 compared to 47425 MT in FY17-18.
- The proportion of value-added coloured paper in the writing & printing paper product mix was relatively stable at around 30%.

Outlook, FY19-20

During the last quarter of FY17-18, the Company undertook modernisation and upgradation programme to enhance its production capabilities. As a result, the Company achieved production of 128831 MT during the year FY18-19. The Company has targeted kraft paper production at 88000 MT and writing & printing paper production at 55000 MT for FY19-20, representing reasonable increases in output without a sizable increase in capital expenditure.

Overview

In a capital-intensive sector like the paper industry, success is driven by the ability to maximise net realisations.

Over the years, Ruchira Papers has focused on achieving the most profitable volume-value mix, while addressing the large popular product segment of writing & printing paper at one end and the niche segment of kraft paper at the other.

In achieving the same, the Company progressively increased the proportion of value-added paper varieties in the product mix – from 12.67% in FY12-13 to 30% in FY18-19. This preference for the manufacture of coloured paper (writing & printing segment) generated realisations higher than the average realisation in the segment.

The writing & printing paper variants were marketed through a widespread network of 45-50 dealers in FY18-19 and the kraft paper variants were marketed through dealers and direct customers.

Strengths

- The Company's brand name is synonymous with superior quality which makes it easier to sell.
- The Company's service is marked by on-time delivery, making it possible for customers to nurse lower inventories.
- The Company sources its raw materials from agricultural residues, which makes procurement easy and cost-effective.
- The Company is one of the biggest manufacturers of agro-based paper in North India.

Overview

In a business with an extended working capital cycle, success is driven by the ability to shrink the cash cycle, which, in turn, enhances liquidity, translating into Balance Sheet integrity.

During the year under review, the Company continued to strengthen financial controls, translating into comfortable liquidity even during challenging phases.

Strengths

- The debt-equity ratio of the Company stood at a robust 0.11x in the year under review with a comfortable interest coverage ratio of 12.09.
- The average cost of working capital mobilised from banks declined from a peak of 11.86% in the last four years to 9.11% in FY18-19.

Highlights, FY18-19

- The Company reported growth – as revenues increased 10.36%, PAT increased 5.84%.
- The Company's credit rating for the year stood at CARE BBB+, enriching access to low cost debt.
- The Company's working capital cycle was 86 days of turnover equivalent in FY18-19 compared with 69 days in the previous financial year owing to increased inventory and closing stock.

Outlook, FY19-20

- The Company will continue to protect the integrity of its Balance Sheet by growing its business around accruals and minimising the use of debt.
- The Company intends to invest ₹70 Crores (approximately) in plant modernisation and upgradation during FY19-20.

The Company expects a double-digit growth in volume and revenue during FY19-20.

Our environment commitment

Overview

At Ruchira Papers, we recognise that the successful paper companies of the future will be those that are completely ethical and responsible.

Over the years, the Company strengthened its environment compliance to underline its responsibility – towards the earth, employees and community.

The Company focused on the use of agricultural residues

and waste paper that would otherwise have to be incinerated or land-filled, transforming waste into wealth.

The Company engaged a specialised external agency to analyse equipment efficiencies and suggest ways to moderate operating costs on the one hand and proactively indicate addressable issues.

The Company focused beyond environmental compliance with prevailing standards towards future-readiness.

Agriculture waste as raw material

The Company strengthened its environment-friendly credentials through the use of agricultural wastes as raw material, providing the agricultural community with the facility of generating revenue from waste on the one hand and enhancing the Company's capability in sustainable resource sourcing. This helped moderate raw material costs, enhance raw material sourcing ease and reduce the carbon footprint.

The Company's manufacturing facility is configured to consume wheat straw, bagasse and sarkanda for the manufacture of writing & printing paper. The Company consumes agricultural residues and waste paper for the production of kraft paper.

Effluent treatment plant

The Company installed a state-of-the-art effluent treatment plant in its manufacturing facility in Kala Amb. To improve the process further the Company installed an automated Oxygen injection System, providing pure oxygen through turboaxal complete total area of aeration basin. The system is patented by Air Liquid France and highly efficient for maintaining high quality MLSS for the reduction of BOD/COD. Going ahead, the Company intends to invest ~₹10-11 Crores in comprehensive effluent management, strengthening its overall commitment.

Chemical recovery plant

The Company installed a chemical recovery plant, which recycles black liquor generated from the pulping process, reducing costs and carbon footprint.

Management discussion and analysis

Global economic overview

Following 3.8% in 2017, the global economy slowed to 3.6% in 2018 following the failure of Brexit negotiations, tightened financial liquidity, geopolitical tensions and higher crude oil costs. Owing to this, the global economic growth in 2018 was estimated at 3.6%.

Crude prices remained volatile since August 2018 as a result of multiple factors including American policy pertaining to Iranian exports and softening of global demand. Oil prices dropped from a four-year peak of USD 81 per barrel in October 2018 to USD 61 per barrel in February 2019.

Global growth is expected to be 3.3% in 2019. The unwinding of the US fiscal stimulus and the fading of the favourable spill-overs from US demand to trading partners could be offset by growth in the emerging markets and developing economies.

Indian economic overview

India retained its position as the sixth-largest economy and retained its position as the fastest-growing trillion-dollar economy through a major part of the year (except in the last quarter of FY18-19). After growing 7.2% in FY17-18, the Indian economy is estimated to have grown 6.8% in FY18-19 as per the Central Statistics Office release, May 2019.

The principal developments during the year under review comprised a sustained increase in per capita income, decline in national inflation, steadying interest rates and weakened consumer sentiment from the second half of the financial year. The weaker sentiment was on account of a large non-banking financial company announcing its inability to address liabilities. This affected credit expansion, financial markets and consumer sentiment, which in turn resulted in slower GDP growth that declined to 5.8% by the fourth quarter of FY18-19, the slowest growth in a single quarter in years.

In 2018, the country attracted ~USD 42 billion in FDI inflows as per the World Investment Report 2019. Driven by strong policy reforms, India witnessed a 23-notch jump to a record 77th position in the World Bank's latest report on the 'Ease of Doing Business' that captured

the performance of 190 countries.

The commencement of the US-China trade war opened new opportunities for India, particularly in the agro sector. Inflation (including food and energy prices) was estimated at 2.6% on an annual basis, one of the lowest in years and well below the Reserve Bank of India's medium-term target of 4%. The rupee rebounded after touching a low of ₹74.45 to a dollar to close the financial year at ₹69.44. During the fiscal under review, the Indian Government continued to invest deeper in digitisation, renewable energy capacity generation and infrastructure building.

Key farm sector initiatives

Increasing MSPs: The Indian Government fixed MSPs for 22 mandated kharif and rabi crops and FRP for sugarcane. The Indian Government committed to provide a 50% return over the cost of production for all mandated crops, strengthening the rural economy.

Pradhan Mantri Kisan Samman Nidhi:

In February 2019, the Indian Government announced in the Pradhan Mantri Kisan Samman Nidhi, a scheme promising an annual assured income of ₹6000 (USD 84.5) for any farmer owning upto 2 hectares of farmland. The budget for the fiscal year 2020 allocated ₹75000 Crores for the scheme, benefiting ~120 million

land-owning farmer households. (Source: PIB)

Direct Benefit Transfer: The Direct Benefit Transfer initiative re-engineered the cash disbursement process in welfare schemes through simpler and faster flow of information/funds to ensure accurate targeting of beneficiaries, de-duplication and reduction of fraud. In FY18-19 alone, this scheme is estimated to have transferred more than ₹300000 Crores and the gains to have accrued since the time of implementation of the scheme (upto March 2019) is estimated at ₹141677.56 Crores. (Source: www.dbtbarat.gov.in)

Key nation building initiatives

Bank recapitalisation scheme: In addition to infusing ₹2.1 Lakh Crores in public sector units, the Indian Government announced a capital infusion of ₹41000 Crores through recapitalisation bonds in FY18-19. The Budget 2019-20 mandated that the Union Government will infuse ₹70000 Crores to strengthen and enhance their lending capacity.

Expanding infrastructure: India's proposed expenditure of ₹5.97 trillion (USD 89.7 billion) towards infrastructural development in the Union Budget 2018-19 is expected to strengthen the national economy. As of November 2018, total

length of road-building projects awarded under Bharatmala Pariyojana (including residual NHDP works) was 6,460 kms for a total cost of ₹1.52 trillion (USD 21.07 billion). The Government has announced an investment of ₹10000000 Crores (USD 1.5 trillion) in infrastructure over the next five years in Budget 2019-20. (Source: IBEF)

The Insolvency and Bankruptcy code (Amendment), Ordinance 2018: Passed in June 2018, the ordinance provides significant relief to home-buyers by recognising their status as financial creditors. The major beneficiary stands to be the MSMEs, as the ordinance empowers the Indian Government to provide the MSMEs with a special dispensation under the code. (Source: PIB)

Outlook

The Indian economy appears to be headed for sustained sluggishness in FY19-20. Even as a new government is expected to remain pro-investment and pro-business resulting in a larger spending on infrastructure build-out, an economic revival appears some quarters away. The long-term outlook of the country appears to be positive

on account of the various economic reforms, increasing aspirations, sustained consumption momentum and a national under-consumption across a range of products appearing to correct itself. (Source: CSO, Fitch, Economic Times, Business Standard, IBEF, Business Today, India Today, Money control)

Global paper industry overview

The global paper and paperboard industry was estimated at ~390 Million Tons (MT) in FY17-18. Globally, the paper industry is one of the largest dominated by North America, Northern Europe and East Asia. It is expected that both India and China will become key players in the industry as Asia is responsible for the bulk of the market accounting for ~50% of the global output and consumption of paper and paperboards. Moreover, increasing disposable income and changing lifestyles have influenced global market growth.

China, India, Japan, and Australia are the major players in the Asia Pacific market. North America is the second-largest market for paper and paperboard packaging. The US accounts for the largest share in North America primarily

because of the large online shopping market. Increasing sustainability focus augmented demand for consumer-friendly products which are lightweight and easily transportable, driving growth of the paper and paperboard packaging market.

Growth in the global paper industry slowed over the last five years due to the emergence of digital media and paperless alternatives across developed economies. The global specialty paper market was estimated at USD 26.18 billion in 2017 and projected to grow to USD 51.08 billion by 2026 (CAGR of 7.7%) riding urbanisation, improving literacy and food & beverage sector development.

Growth in emerging markets, rising population and growing packaged products consumption could drive demand for paper and paperboard products. The widespread adoption of new media, paperless reading and digitalisation have shrunk the demand for writing & printing paper while economic growth and literacy have catalysed consumption of writing & printing paper. (Source: PG Paper, Market Watch, Euler Hermes)

Strengths

- Availability of a wide variety of products.
- Stable demand.
- Key employment provider.
- Expertise in non-wood pulping and applications.
- Large and growing market.

Opportunities

- Immense growth potential.
- Increasing focus on education to increase demand.
- Availability of low-cost labour.
- Growing export demand.

Weaknesses

- Capital-intensive industry.
- Unorganised structure.
- Uncompetitive mills.
- Low skill levels.

Threats

- High raw material and energy costs.
- Increased competition.
- Rising digitisation.

SWOT analysis

Indian paper industry overview

The Indian paper industry accounts for ~3.7% of the global paper production, with a turnover of ~₹60000 Crores. The industry provides employment to ~2 million people in the country. India is the fastest growing major paper market, reporting a CAGR of ~8% between 2011 and 2016 compared to a mere 1% for the global paper industry.

Riding this tailwind, the demand for paper in India grew from 9.3 MT in FY07-08 to ~18.5 MT in FY18-19 and is expected to grow to 20.7 MT by FY19-20. However, India's per capita paper consumption stood at a little above 13 kilograms compared to a global average of 57 kilograms in 2018, indicating a large

headroom for the sector.

The share of writing & printing paper in India's paper sector was estimated at ~30%. The domestic production of writing & printing paper for FY17-18 was 5.1 MT, driven by improving literacy and increasing educational focus by the government comprising initiatives like Sarva Shiksha Abhiyan and mid-day meals coupled with increasing government spending on education.

The share of kraft paper in India's paper market was estimated at 29.50% in FY17-18, corresponding to a production of 5.05 MT in FY17-18. The industry integrated backwards into farm forestry. (Source: IPMA, CARE, CNBC Tv18)

The Indian packaging industry was

valued at about USD 13 billion in 2012, which has grown to ~USD 32 billion. The Indian packaging industry contributes about 4% of the global packaging sector. The packaging paper & board segment caters to tertiary and flexible packaging purposes in industries like FMCG, food, pharma, textiles etc. This segment accounts for ~47% of the domestic paper industry, the fastest growing segment owing to urbanisation, organised retail growth and higher growth in the FMCG and pharmaceutical sectors.

India's import of paper and paperboard declined by 25% to 1.1 MT during the first nine months of FY18-19 from 1.47 MT in the corresponding period during last year due to higher customs tariff of USD 850 a ton to restrict overseas dumping.

Growth drivers

Educational spending: India is a young market with 310 million students, roughly the size of the entire US population. This number has been growing at 1.7% y-o-y. India has one of the largest networks of higher educational institutions in the world; colleges and universities in India were 39050 and 903 respectively, in FY17-18.

Literacy levels: Governmental measures to improve literacy such as the Right to Education Act 2009, Sarva Siksha Abhiyan and the Mid-Day Meal Scheme

have resulted in the percentage of literates rising to 74% in 2011 from 65% in 2001 - a growth of 14% y-o-y. Further, the country has successfully updated its literacy rate over the years to 79% in FY17-18.

Increasing commercialisation: Gross leasing activity in India was pegged at 36.4 million sq ft for the first nine months of 2018, a substantial growth of 26% y-o-y which should translate into higher consumption of writing and printing paper.

Downstream demand: The ever-increasing demand from downstream sectors like FMCG and services sector are driving the use of writing and printing paper across the country. The adverse effects of initiatives targeted towards going paperless leveraging modern technology has been partly offset by increasing demand from the services sector.

Print circulation: Riding on the back of growing print circulation, the demand for printing paper has been growing consistently and is expected to sustain.

Segment breakdown and movement of the Indian paper industry (in MT)

Urbanisation: India is the second largest urban community in the world after China. It has been estimated that by FY19-20, 35% of India's population will be living in urban centres contributing 70 to 75% of India's GDP. Urbanisation is expected to continue and by FY49-50, half of India's total population is expected to live in the urban areas.

E-commerce: The Indian e-commerce market is expected to grow from USD 38.5 billion in 2017 to USD 200 billion by 2026 catalysed by increased smartphone and internet penetration. On the back of this substantial growth in the e-commerce sector, the demand for packaging paper is expected to increase exponentially.

Company's product-wise performance: The Company is engaged in the business

of kraft paper as well as writing & printing paper.

During the year under review, the turnover of kraft paper was ₹190.37 Crores and that of writing & printing paper was ₹303.62 Crores. The EBITDA margins of kraft paper was 6.04% and writing & printing paper was 23.26%.

Financial analysis, FY18-19

Balance Sheet

- Net worth increased to ₹244.34 Crores as on 31st March 2019 compared to ₹191.35 Crores as on 31st March 2018.

Risk management

Demand risk: Digitisation has had an adverse effect on the demand for writing and printing paper. However, digitisation also accelerated economic growth, which in turn has led to enhanced paper and kraft paper consumption. Ruchira has been the fore-runner of writing and printing paper and kraft paper manufacturing in north India, benefiting from demand growth.

Raw material risk: The unavailability of raw materials can disrupt the day-to-day operations of paper mills. To mitigate this challenge, the Company uses bagasse (byproduct

of the sugarcane industry), wheat straw, Sarkanda and long-fibres like indigenous and imported waste paper and a nominal quantity of imported softwood pulp.

Liquidity risk: A liquidity crunch could adversely affect long-term viability. The Companies working capital cycle remains at 86 days during FY18-19, while its debt-equity ratio strengthened from 0.21 to 0.11.

Quality risk: Inability to service the customers with quality products could affect the demand for the Company's products. The Company strives to manufacture quality

products. Ruchira is accredited with ISO 9001:2015, validating its quality management.

People risk: Lack of qualified talented manpower can decelerate growth. The Company's people-centricity strengthened productivity.

Environment risk: Inability to comply with environment norms could attract censure. To address this challenge, the Company invested in a state-of-the-art effluent treatment plant and chemical recovery plant to recycle black liquor generated in the pulping process.

Human resources

In recent times the traditional responsibilities of the HR department have evolved towards equitable benefits and compensation, employee engagement and retention, enhancing diversity and addressing workplace

issues among others.

At Ruchira Papers, we focus on enhancing employee well-being and potential.

The Company provides an invigorating workplace environment, attractive career

growth, fair performance management, compensation and operational transparency.

The Company's employee strength was 1007 as on 31st March 2019.

Internal control systems and their adequacy

The Company believes that safeguarding of assets and business efficiency can be prolonged by exercising adequate internal controls and standardising operational processes. The internal control and risk management system is structured and applied in accordance with

the principles and criteria established in the corporate governance code of the organisation. It is an integral part of the general organisational structure of the Company and Group and involves a range of personnel who act in a coordinated manner while executing their respective

responsibilities. The Board of Directors offers its guidance and strategic supervision to the Executive Directors and management, monitoring and support committees.

Annexure-III to Directors' Report

Nomination and Remuneration Policy of Ruchira Papers Limited

Introduction

In terms of the provisions of the Companies Act, 2013 and SEBI (LODR) Regulations, 2015 (earlier old listing agreement) the Company has formulated "Nomination and Remuneration Policy." This policy on nomination and remuneration of Directors, Key Managerial Personnel and Senior Management has been formulated by the Nomination and Remuneration Committee and approved by the Board of Directors of the Company. This policy shall supersede the earlier "Nomination and Remuneration Policy" as approved by the Board of Directors on 28th May 2014.

I. Definitions

1. "Act" means the Companies Act, 2013 and Rules framed there under, as amended from time to time.
2. "Board" means Board of Directors of the Company.
3. "Company" means Ruchira Papers Limited.
4. "Directors" mean Directors of the Company.
5. "Committee" means Nomination and Remuneration committee of the Company as constituted or re-constituted by the Board, from time to time.
6. "Key Managerial Personnel" means
 - i. Managing Director, or Chief Executive Officer or Manager and in their absence, a Whole Time Director;
 - ii. Chief Financial Officer;
 - iii. Company Secretary; and
 - iv. Such other officer as may be prescribed.
7. "Senior Management" means the personnel of the Company who are members of its core management team excluding Board of Directors comprising all members of management one level below the executive directors, including the functional heads.
8. "Independent Director" is as provided under SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015 and Companies Act, 2013.

II. Objectives

The Key Objectives are:

1. To guide the Board in relation to appointment and removal of Directors, Key Managerial Personnel and Senior Management.
2. Formulate the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy relating to the remuneration of Directors, key managerial personnel and other employees.
3. Formulation of criteria for evaluation of Independent Director and the Board.

4. To evaluate the performance of the members of the Board and provide necessary report to the Board for further evaluation of the Board.
5. To recommend to the Board on Remuneration payable to the Directors, Key Managerial Personnel and Senior Management.
6. To provide to Key Managerial Personnel and Senior Management reward linked directly to their effort, performance, dedication and achievement relating to the Company's operations.
7. To retain, motivate and promote talent and to ensure long term sustainability of talented managerial persons and create competitive advantage.
8. To develop a succession plan for the Board and to regularly review the plan.
9. To assist the Board in fulfilling responsibilities.
10. To implement and monitor policies and processes regarding principles of corporate governance.

III. Constitution of Nomination and Remuneration Committee

The Board of Directors of the Company constituted the committee known as the "Nomination and Remuneration Committee" consisting of three non-executive directors out of which not less than one-half are independent directors. The Chairman of the Committee is an Independent Director.

IV. Policy for appointment and removal of Director, KMP and senior Management

1. Appointment Criteria and Qualification

- a) The Committee shall identify and ascertain the integrity, qualification, expertise and experience of the person for appointment as Director, KMP or at Senior Management level and recommend to the Board of his / her appointment.
- b) A person should possess adequate qualification, expertise and experience for the position he/ she is considered for appointment. The Committee has discretion to decide whether qualification, expertise and experience possessed by a person are sufficient/ satisfactory for the concerned position.
- c) The Company shall not appoint or continue the employment of any person as Whole-time Director who has attained the age of seventy years. Provided that the term of the person holding this position may be extended beyond the age of seventy years with the approval of shareholders by passing a special resolution based on the explanatory statement annexed to the notice for such motion indicating the justification for extension of appointment beyond seventy years.

- d) A whole-time KMP of the Company shall not hold office in more than one Company except in its Subsidiary Company at the same time. However they can be appointed as Director in any Company with the permission of the Board of Directors of the Company.

2. Term/Tenure

a) Managing Director/ Whole Time Director

The Company shall appoint or re-appoint any person as its Executive Chairman, Managing Director or Executive Director for a term not exceeding five years at a time. No re-appointment shall be made earlier than one year before the expiry of term.

b) Independent Director

An Independent Director shall hold office for a term up to five consecutive years on the Board of the Company and will be eligible for re-appointment on passing of a special resolution by the Company and disclosure of such appointment in the Board's report.

No Independent Director shall hold office for more than two consecutive terms of up to maximum of 5 years each, but such Independent Director shall be eligible for appointment after expiry of three years of ceasing to become an Independent Director. Provided that an Independent Director shall not, during the said period of three years, be appointed in or be associated with the Company in any other capacity, either directly or indirectly.

At the time of appointment of Independent Director it should be ensured that number of Boards on which such Independent Director serves is restricted to seven listed companies as an Independent Director and three listed companies as an Independent Director in case such person is serving as a Whole- time Director of a listed company or such other number as may be prescribed under the Act.

Every Independent Director shall at the first meeting of the Board in which he participates as a director and thereafter at the first meeting of the Board in every financial year or whenever there is any change, give a declaration that he meets the criteria of independence.

c) Evaluation

The Committee shall carry out evaluation of performance of every Director including Independent Director, KMP and Senior Management Personnel at regular interval (yearly). Based on the evaluation performance report of the board, it shall be determined whether to extend or continue the term of appointment of the independent Directors

d) Removal

Due to reasons for any disqualification mentioned in the Act or under any other applicable Act, rules and regulations there under, the Committee may recommend, to the Board with reasons recorded in writing, removal of a Director, KMP or Senior Management Personnel subject to the provisions and compliance of the said Act, rules and regulations.

e) Retirement

The Directors, KMP and Senior Management Personnel shall retire as per the applicable provisions of the Act and the prevailing policy of the Company. The Board will have the discretion to retain the Director, KMP, Senior Management Personnel in the same position/ remuneration or otherwise even after attaining the retirement age, for the benefit of the Company.

V. Policy for Remuneration to Directors/ KMP/ Senior Management Personnel

1. Remuneration to Managing Director/ Whole Time/ Executive / KMP and Senior Management Personnel

The Remuneration/ Compensation/ Commission etc. to be paid to Director/ Managing Director etc. shall be governed as per provisions of the Companies Act, 2013 and rules made there under or any other enactment for the time being in force.

Report on Corporate Governance

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE

Corporate Governance is essentially a system by which Companies are governed and controlled by the management under the direction and supervision of the Board in the best interest of all stakeholders. It is not mere compliance of laws, rules and regulations, but also the application of best management practices and adherence to the highest ethical principles in all its dealings, to achieve the objects of the Company, enhance stakeholder value and discharge its social responsibility. Above all, it is a way of life, rather than merely a legal compulsion.

Your Company's philosophy on the Code of Governance is based on the belief that effective Corporate Governance practices constitute a strong foundation on which successful commercial enterprises are built to last. Good Corporate Governance is indispensable to resilient and vibrant capital markets and is, therefore, an important instrument of investor protection. Your Company lays great emphasis on a corporate culture of conscience, integrity, fairness, transparency, accountability and responsibility for efficient and ethical conduct of its business.

The Company has adopted a Code of Conduct for its employees including the Managing Director and Whole Time Directors. The Board of Directors is at the core of our Corporate Governance practice and oversees how the management serves and protects long-term interest of all our stakeholders. We believe that an active, well-informed and independent Board is necessary to ensure the highest standards of corporate governance. It is well recognized that an effective Board is a pre-requisite for strong and effective corporate governance. Our Board exercises its fiduciary responsibilities in widest sense of the term.

Your Company is in compliance with the requirements of Corporate Governance stipulated in the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations').

1. BOARD OF DIRECTORS

In terms of Company's Corporate Policy, all statutory and other significant and material information are placed before the Board to enable it to discharge its responsibilities of supervision, control and direction.

a. Size & Composition of Board of Directors:

The Board has an optimum combination of Executive and Non-Executive Directors. More than 50% of the Directors are Non-Executive Independent Directors. The Company has Three Whole Time Executive Directors and one Managing Director to look after finance, projects, commercial, technical and personnel affairs of the Company. The total number of Directors of the Company is 9(Nine) as on 31st March, 2019 consisting of 4 Executive Directors and 5 Independent Directors. None of the Independent Directors is responsible for the day to day affairs of the Company. The Board periodically evaluates need for change in its composition and size. Profile of the Directors is available on the Company's website <http://www.ruchirapapers.com/investors.html>.

None of the Directors hold office in more than 20 companies and in more than 10 public companies as prescribed under Section 165(1) of the Act. No Director holds Directorships in any other listed companies. Further, none of the Independent Directors ('ID') served as ID in more than 7 listed companies. The Managing Director did not serve as an Independent Director in any listed company.

None of the Directors on the Board is Member of more than ten committees or Chairman of more than five Committees across all the public companies in which he is a Director. Necessary disclosures regarding Committee positions in other public companies as on 31st March 2019 have been made by the Directors.

The Composition of the Board is in conformity with Regulation 17 of the Listing Regulations as well as the Companies Act, 2013.

Every Independent Director, at the first meeting of the Board in which he participates as a Director and thereafter at the first meeting of the Board in every financial year, gives a declaration that he meets the criteria of independence as provided under law.

The Members of
Ruchira Papers Limited

Report on the Audit of the Financial Statements

We have audited the accompanying financial statements of Ruchira Papers Limited ("The Company"), which comprise the Balance Sheet as at 31st March 2019, the Statement of Profit and Loss (including other comprehensive income), the Statement of Changes in Equities and the Statement of Cash Flows for the year ended, and a summary of the significant accounting policies and other explanatory information (herein after referred to as "the financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the Companies Act, 2013, as amended ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015 as amended (Ind AS) and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2019, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Financial Statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Financial Statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Financial Statements for the financial year ended

31st March 2019. We have determined that there are no key audit matters to communicate in our report.

Information other than the Financial Statements and Auditor's Report thereon

The Company's Board of Directors is responsible for the preparation of other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including annexures, Corporate Governance and Shareholders' Information, but does not include the Financial Statements and our auditor's report thereon.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Indian Accounting Standards (Ind AS) and other generally accepted accounting principles in India including the Accounting Standards specified under Section 133 of the Act.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating

effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016, (the order) issued by the Central Government in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, based on our audit, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss including other comprehensive income, the Statement of Changes in Equity and the

Statement of Cash Flows dealt with by this Report are in agreement with the books of accounts.

- (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended.
- (e) On the basis of the written representations received from the directors as on 31st March 2019 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".

Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the internal financial control over financial reporting of those companies, for reasons stated therein.

- (g) In our opinion, the managerial remuneration for the year ended 31st March 2019 has been paid/provided by the company to its directors in

accordance with the provisions of section 197 read with Schedule V of the Act.

- (h) With respect of the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our knowledge and belief and according to the information and explanations given to us:
 - (i) The Company did not have any pending litigation, which may have impact on its financial position in its financial statements.
 - (ii) The Company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses.
 - (iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the Year.

Annexure B to Independent Auditor's Report

Referred to in paragraph 2(f) of the Independent Auditor's Report of even date to the members of Ruchira Papers Limited on the financial statements for the year ended 31st March 2019, we report the following:

Report on the Internal Financial Controls over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Act

We have audited the internal financial controls over financial reporting of Ruchira Paper Limited ("the Company") as at 31st March 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Controls Over Financial Reporting ("the Guidance Note") and the Standards on Auditing, issued by ICAI deemed to be prescribed under section 143 (10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and, both issued by the ICAI. Those standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial control over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (iii) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, Projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial

controls over financial reporting were operating effectively as at 31st March 2019, based on the internal controls over financial reporting criteria established by the Company considering the essential components over internal control stated in the Guidance Note on audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

The equity shares of the company are listed on National Stock Exchange of India Ltd (NSE) and BSE Limited (BSE).

The Financial Statements for the year ended 31st March 2019 were approved by the Board of Directors and authorized for issue on 27th May 2019.

2. Basis for preparation, measurement and significant accounting policies

2.1 Basis for preparation and measurement

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS" as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules, 2015 as amended from time to time under the historical cost convention on the accrual basis.

Accounting Policies have been consistently applied except where a newly issued Accounting Standard is initially adopted or a revision to existing accounting standard requires a change in the accounting policy either to in use.

2.2 Statement of Compliance

The Financial Statements comply with all material aspects with Indian Accounting Standards.

2.3 Functional and Presentation Currency

The functional currency of the Company is the Indian Rupee. These financial statements are presented in Indian Rupees. All amount have been rounded off to the nearest rupees unless otherwise indicated.

2.4 Use of estimates and judgments

The preparation of these financial statements in conformity with recognition and measurement principles of Ind AS requires the management of the Company to make judgments, estimates and assumptions. These estimates, judgments and assumptions effect the application of accounting policy and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. The application of accounting policies that require critical accounting estimates involving complex and subjective judgments and the use of assumptions in these financial statements have been disclosed in notes. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes and estimates are made as the Management becomes aware of the changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their affects are disclosed in the notes to the financial statements.

The areas involving significant estimates and judgement include determination of useful life of property, plant and equipment, measurement of defined benefit obligations, recognition and measurement of provisions and contingencies and recognition of deferred tax assets/liabilities.

3. Critical accounting estimates

a) Revenue recognition

Revenue is recognized to the extent that is probable that the economic benefit will flow to the Company and the revenue can be reliably measured. Sales are recognized when goods are supplied and the significant risks and rewards or ownership of the goods have passed to the buyer. Dividend income is accounted in the year in which it is received. Interest income is recognized on time proportion basis taking into account the amount outstanding and rate applicable.

b) Export Incentives

The revenue in respect of export benefits is recognized on post export basis at the rate at which the entitlements accrue.

c) Insurance and other claims

Insurance and other claims are recognised when there exist no significant uncertainty with regard to the amount to be realized and the ultimate collection thereof.

Notes on Financial Statement for the period ended 31st March 2019

d) Income Taxes

Significant judgments are involved in determining the provisions for income taxes including amount expected to be paid/incurred on uncertain tax positions.

e) Property, plant and equipment

Property, plant and equipment represent a significant proportion of the asset base of the Company. The change in respect of periodic depreciation is derived after determining an estimate of an assets expected useful life and the expected residual value at the end of its life. The useful lives and residual values of the Company's assets determine by the management at the time asset is acquired and reviewed periodically, including at each financial year end. The lives are based on historical experience with similar assets as well as anticipation of future events, which may impact their life, such as change in technology.

4. Significant Accounting Policies

a) Property, plant and equipment:

Property, plant and equipment is stated at acquisition cost net of Input Tax Credit/Cenvat, accumulated depreciation and accumulated impairment losses, if any. The Cost of these assets comprise its purchase price, borrowing cost and any cost directly attributable to bringing the asset to its working condition for its intended use. Subsequent expenditure relating to an item of assets are added to its book value only if they increase the future benefits from the existing assets beyond its previously assessed standard of performance. All other repairs and maintainance cost are charged to the statement of profit and loss during the period in which they are incurred.

Gains/Losses arising on disposal of property, plant and equipment are recognized in the statement of profit and loss as exceptional items.

Property, plant and equipment which are not ready for intended use as on the date of Balance Sheet are disclosed as Capital Work in Progress.

Depreciation on fixed assets other than vehicles and furniture & fixtures is provided on straight line method based on estimated useful life prescribed under Schedule II of the Companies Act, 2013. Depreciation on vehicles and furniture & fixtures has been provided on written down value method under Schedule II of the Companies Act, 2013.

The depreciation on plant and machinery and effluent treatment plant has been provided on the rates applicable to continuous process plant.

Freehold land is not depreciated.

The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at the end of each financial year and adjusted prospectively, if appropriate.

b) Inventories:

Inventories are valued at the lower of cost and net realizable value after providing for obsolescence, if any except in case of by-product which are valued at net realizable value. The cost is computed on First in First out (FIFO) basis. Cost for the purpose of valuation of finished goods and goods in process is computed on the basis of cost of material, labour and other related overheads.

c) Cash and Cash Equivalents:

Cash and Cash Equivalents are short term (3 months or less from the date of acquisition), highly liquid investments that are daily convertible into cash and which are subject to and insignificant risk of changes in value.

d) Trade Receivables:

Trade receivables are recognized at fair value.

e) Impairment of Non Financial Tangible Assets:

Property, plant and equipment with finite life are evaluated for recoverability whenever there is an indication that carrying amounts may not be recoverable. If any such indication exists, the recoverable amount (i.e higher of fair value less cost to sell and the value in use) is determined on an individual asset basis unless the asset does not generate cash flow that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the cash generating unit (CGU) to which the assets belongs.

Notes on Financial Statement for the period ended 31st March 2019

If the recoverable amount of an asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. An impairment loss is recognized in the statement of profit and loss.

f) Cash Flow Statement

The cash flow statement is prepared in accordance with the Indian Accounting Standard (Ind AS)-7 "Statement of Cash Flows" using the Indirect Method for operating activities.

g) Borrowing costs

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalized as a part of cost of such asset. Qualifying asset is one that takes substantial period of time to get ready for its intended use. All other borrowing costs are recognized as expenditure in the period in which these are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

h) Foreign currency transactions

Functional and Presentation currency

The functional currency of the company is Indian rupee. These financial statements are presented in Indian rupees.

Transaction and balances

Transactions in foreign currency are initially recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency at the date of the transaction.

Effective 1st April 2018, the company has adopted Appendix-B to Ind-AS 21 'Foreign currency transaction and advance consideration', which clarifies the date of transaction for the purpose of determining the exchange rate to be used on initial recognition of the related asset, expense or income where an entity has paid or received advance consideration in a foreign currency. The effect on account of adoption of this amendment is insignificant.

Exchange differences arising on the settlement of monetary items or on reporting of monetary items at rates different from rates at which these were recognized on initial recognition during the period or reported in previous financial statements as recognized in the statement of profit or loss in the period in which they arise.

i) Provisions, Contingent Liabilities & Contingent Assets:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be out flow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

j) Expenditure:

Expenses are accounted on accrual basis.

k) Employee Benefits:

Defined benefit plans

For defined benefit plans, the cost of providing benefits is determined using the Projected Unit Credit method, with actuarial valuation being carried out at each Balance Sheet date. Actuarial Gains and losses on funded obligations are recognized in full in other comprehensive income for the period in which they occur.

Defined Contribution Plans

Contributions to defined contribution plans are recognized as expense when employee have rendered services entitling them to such benefits.

l) Income Taxes:

Income Tax expense for the year comprises both current and deferred taxes. Current tax is measured at the amount expected to be paid to the tax authorities, using the applicable tax rates. It is recognized in the statement of profit and loss. Deferred Income Taxes reflect the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of early years. Deferred tax is measured based on

Notes on Financial Statement for the period ended 31st March 2019

the tax rates and the tax laws enacted or substantively enacted at the balance date. Deferred tax assets are recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets are recognized on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty that such deferred tax assets can be realized against future taxable profits. Unrecognized deferred tax assets of earlier years are reassessed and recognized to the extent that it has become reasonably certain that future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and liabilities are measured using the tax rates and tax law that have been enacted or substantively enacted by the Balance Sheet date.

m) Earnings per Share:

Basic Earnings per Share is computed by dividing profit or loss attributable to equity shareholders of the company by the weighted average number of equity share outstanding during the year.

For the purpose of calculating diluted Earnings per share, the net profit for the period attributable to equity shares and the weighted average number of equity share outstanding during the period is adjusted for the effect of all dilutive potential equity shares.

Recent Accounting Pronouncements

a) Ind AS 116- Leases

On 30th March 2019, Ministry of Corporate Affairs has notified Ind AS 116, Leases. The Standard sets out the principles for the recognition, measurement, presentation and disclosure of leases for both parties to a contract i.e., the lessee and the lessor. Ind AS 116 introduces a single lessee accounting model and requires a lessee to recognize assets and liabilities for all leases with a term of more than twelve months, unless the underlying asset is of low value. Currently, operating lease expenses are charged to the statement of Profit and Loss. The Standard also contains enhanced disclosure requirements for lessees. Ind AS 116 substantially carries forward the lessor accounting requirements in Ind AS 17.

The effective date for adoption of Ind AS 116 is annual periods beginning on or after 1st April 2019. The standard permits two possible methods of transition:

Full retrospective- Retrospectively to each prior period presented applying Ind AS 8 Accounting Policies, Changes in Accounting Estimates and Errors

Modified retrospective- Retrospectively, with the cumulative effect of initially applying the Standard recognized at the date of initial application.

Under modified retrospective approach, the lessee records the lease liability as the present value of the remaining lease payments, discounted at the incremental borrowing rate and the right of use asset either as:

Its carrying amount as if the standard had been applied since the commencement date, but discounted at lessee's incremental borrowing rate at the date of initial application or an amount equal to the lease liability, adjusted by the amount of any prepaid or accrued lease payments related to that lease recognized under Ind AS 17 immediately before the date of initial application.

b) Ind AS 12- Appendix C- Uncertainty over Income Tax Treatments

On 30th March 2019, Ministry of Corporate Affairs has notified Ind AS 12 Appendix C, Uncertainty over Income Tax Treatments which is to be applied while performing the determination of taxable profit (or loss), tax bases, unused tax losses, unused tax credits and tax rates, when there is uncertainty over income tax treatments under Ind AS 12. According to the appendix, companies need to determine the probability of the relevant tax authority accepting each tax treatment, or group of tax treatments, that the companies have used or plan to use in their income tax filing which has to be considered to compute the most likely amount or the expected value of the tax treatment when determining taxable profit (tax loss), tax bases, unused tax losses, unused tax credits and tax rates.

Notes on Financial Statement for the period ended 31st March 2019

The standard permits two possible methods of transition.

- i) Full retrospective approach- Under this approach, Appendix C will be applied retrospectively to each prior reporting period presented in accordance with Ind AS 8- Accounting Policies, Changes in Accounting Estimates and Errors, without using hindsight.
- ii) Retrospectively with cumulative effect of initially applying Appendix C recognized by adjusting equity on initial application, without adjusting comparatives.

The effective date for adoption of Ind AS 12 Appendix C is annual periods beginning on or after 1st April 2019.

Amendment to Ind AS 12 - Income taxes

On 30th March 2019, Ministry of Corporate Affairs issued amendments to the guidance in Ind AS 12, 'Income Taxes', in connection with accounting for dividend distribution taxes.

The amendment clarifies that an entity shall recognise the income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events.

Effective date for application of this amendment is annual period beginning on or after 1st April 2019.

c) Amendment to Ind AS 19 - plan amendment, curtailment or settlement

On 30th March 2019, Ministry of Corporate Affairs issued amendments to Ind AS 19, 'Employee Benefits', in connection with accounting for plan amendments, curtailments and settlements.

The amendments require an entity:

- to use updated assumptions to determine current service cost and net interest for the remainder of the period after a plan amendment, curtailment or settlement; and
- to recognise in profit or loss as part of past service cost, or a gain or loss on settlement, any reduction in a surplus, even if that surplus was not previously recognised because of the impact of the asset ceiling.

Effective date of application of this amendment is annual period beginning on or 1st April 2019.

d) Ind AS 109- Prepayment features with Negative Compensation:

The amendments relate to the existing requirements in Ind AS 109 regarding termination rights in order to allow measurement at amortized cost (or, depending on the business model, at fair value through other comprehensive income) even in the case of negative compensation payments. Company does not expect this amendment to have any impact on its financial statements.

e) Ind AS 23- Borrowing costs:

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, the borrowing become part of the funds that an entity borrows generally when calculating the capitalization rate on general borrowings. The company does not expect any significant impact from this amendment.

23.1 As per IND AS 19 "Employee benefits", the disclosures are given below:

Defined Benefit Plan

The employees' gratuity fund scheme managed by trust is a defined benefit plan. The present value of obligation is determined based on Actuarial Valuation using the Projected Unit Credit Method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation for leave encashment is determined based on Actuarial valuation using Projected Unit Credit Method

Save and except the above, none of the other Directors and the Key Managerial Personnel of the Company and their respective relatives are, In any way, concerned or interested in the passing of the above resolution.

The Board recommends Special Resolution set forth at Item No. 5 of the notice for approval by the members.

ITEM NO. 06 to 10:

Mr. Dalbir Singh, Mr. Avtar Singh, Mr. Swatantar Kumar Dewan, Mr. Surinder Kumar Gupta and Mrs. Suhasini Yadav were appointed as Independent Directors of the Company by the members at the 34th Annual General Meeting of the Company held on 25th September 2014 for a period of five consecutive years commencing from 25th September 2014 up to 24th September 2019.

As per Section 149(10) of the Act, an Independent Director shall hold office for a term of up to five consecutive years on the Board of a Company, but shall be eligible for re-appointment on passing a special resolution by the Company for another term of five consecutive years on the Board of a Company.

Based on recommendation of Nomination and Remuneration Committee and in terms of the provisions of Sections 149, 150, 152 read with Schedule IV and any other applicable provisions of the Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board of Directors of the Company at its meeting held on 12th August 2019 recommended for approval of the members, the re-appointment of above Independent Directors for second term of five consecutive

years commencing from 25th September 2019 to 24th September 2024. The above Independent Directors are eligible for re-appointment as an Independent Director and have offered themselves for re-appointment.

The Company has received declaration from them stating that they are not disqualified from being appointed as a director in terms of Section 164 of the Companies Act, 2013 and that they meet the criteria of Independence as prescribed under sub-section (6) of Section 149 of the Companies Act, 2013 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. They have also given their consent to continue to act as Director of the Company, if so appointed by the members.

In the opinion of the Board, all independent Directors fulfill the conditions specified under Section 149 (6) of the Act, the Companies (Appointment and Qualification of Directors) Rules, 2014 and Regulation 16(1)(b) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 for their reappointment as an Independent Non-Executive Director of the Company and is independent of the management. Copy of the draft letter for appointment as an Independent Director setting out terms and conditions would be available for inspection without any fee by the members at the Registered Office of the Company during normal business hours (9:00 am to 5:00 pm) on any working day, except Saturday, upto and including the date of AGM of the Company.

The Board considers that their continued association would be of immense benefit to the Company and it is desirable to continue to avail their services as an Independent Director given their knowledge, experience, performance and contribution to Board by them.

Accordingly, the Board recommends passing of the Special Resolutions at Item Nos. 06 to 10 in relation to re-appointment of Mr. Dalbir Singh, Mr. Avtar Singh, Mr. Swatantar Kumar Dewan, Mr. Surinder Kumar Gupta and

Mrs. Suhasini Yadav as an Independent Director for another term of five consecutive years commencing from 25th September 2019 to 24th September 2024, for the approval by the shareholders of the Company. Further, pursuant to Regulation 17 of the Listing Regulations, 2015, consent of the members by way of Special Resolution is also required for continuation of a Non-Executive Director beyond the age of Seventy Five Years. During the proposed terms of re-appointment, Mr. Swatantar Kumar Dewan will attain the age of Seventy Five Years. Whereas Mr. Dalbir Singh and Mr. Avtar Singh has already attained the age of Seventy Five Years. Thus the Special Resolutions under item nos. 06 to 08, once passed, shall also be deemed as your approval under the Listing Regulations, 2015, for continuation as Independent Directors beyond the age of Seventy Five Years.

Mr. Dalbir Singh, Mr. Avtar Singh, Mr. Swatantar Kumar Dewan, Mr. Surinder Kumar Gupta and Mrs. Suhasini Yadav, and their relatives, are interested in the Special Resolutions relating to their respective re-appointments.

Save and except the above, none of the other Directors or Key Managerial Personnel of the Company and their relatives are, in any way, concerned or interested in these resolutions.

The Board recommends Special Resolution(s) set forth at Item Nos. 6 to 10 of the notice for approval by the members.
